MEDICAID COMMUNICATION NO. 97-25

DATE: December 26, 1997

TO: County Welfare Agency Directors
ISS Area Supervisors

SUBJECT: January 1, 1998 Income and Resource Standards for Medicaid Only

REFERENCE: Medicaid Only Manual, N.J.A.C. 10:71-4.8, 5.4, 5.5, 5.6 and 5.9

Attached, in Office of Administrative Law format, are revisions to the Medicaid Only Manual relating to the new eligibility standards and deeming computation amounts. These changes reflect the 2.1 percent federal cost-of-living adjustment to the SSI eligibility standards. In anticipation of their adoption, we are sharing these new figures with you to be used in eligibility determinations effective January 1, 1998. Upon adoption of these revisions, replacement pages of the Manual will be issued.

Also, you will note at N.J.A.C. 10:71-4.8, the resource standards for determining how much of a couple's resources are to be protected for the community spouse have been increased effective January 1, 1998.

Questions should be referred to the field service staff assigned to your county.

Sincerely,

Karen I. Squarrell

10:71-4.8 Institutional eligibility; resources of a couple

- (a) In the determination of resource eligibility for an individual requiring long term care, the county welfare agency shall establish the combined countable resources of a couple as of the first period of continuous institutionalization beginning on or after September 30, 1989. This determination shall be made upon a request for a resource assessment in accordance with N.J.A.C. 10:71-4.9 or at the time of application for Medicaid benefits. The total countable resources of the couple shall include all resources owned by either member of the couple individually or together. The CWA shall establish a share of the resources to be attributed to the community spouse in accordance with this section. The community spouse's share of the couple's combined countable resources is based on the couple's countable resources as of the first moment of the first day of the month of the current period of institutionalization beginning on or after September 30, 1989 and shall not exceed \$[79,020] 80,760 unless authorized in 4 or 5 below.
