I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. RIPARIAN (609) - 292 - 2613

DEP has a one-day processing service for minor Riparian projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact Riparian Lands Management, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

PRESS RELEASE

STANDARD APPLICATION FORM (CP #1)

Effective July 1, 1979

The Department of Environmental Protection has been implementing a new "standard application form" for permits on construction related projects. The new application form replaces more than twenty different forms previously used, and should enable DEP to provide the public with more efficient and timely service.

The Standard Application Form has been designed, in the spirit of "Executive Order #57," through the efforts of the "Governor's Cabinet Committee on Permit Coordination" to simplify permit application forms and processing procedures. Eventually DEP plans to use one application form and one permit form for all of its Divisions.

In order to assist applicants through the permit maze, DEP began implementing the CP #1 application on July 1 for the Division of Water Resources and the Division of Coastal Resources.

The CP #1 form is available in a booklet which includes for specific permits the following information: legal citations, contact phone numbers, lists of requirements for "complete applications", endorsements, and general background information on permitting.

Applicants will use this one form for the general information of their projects, but some highly technical permits will require technical addenda forms.

For further information call:

Division of Coastal Resources (609) 292 - 0060

(Recent press releases in capsule form)

August 6--The New Jersey Senate today confirmed Jerry Fitzgerald English as commissioner of the Department of Environmental Protection. Mrs. English was nominated by Governor Byrne on August 2 to replace Daniel J. O'Hern, recently appointed as counsel to the governor.

August 8--RAW SEWAGE DISCHARGE BRINGS FINE--DEP fined the New Jersey Water Company \$1,250 for discharging about 150,000 gallons of raw sewage into the North Branch of the Metedeconk River in Lakewood Township. The discharge was June 25 due to malfunction of both pumps in the Candlewood pumping station there. The company has been ordered to make repairs and to install an alarm system to prevent similar occurrences.

August 8--SEA CLAM HARVEST REGULATIONS--Proposed 1979-80 sea clam harvesting regulations will be explained August 22 at 7:30 p.m. at Stockton State College, Pomona. A limit of 250,000 bushels of sea clams per season has existed for the past three years to protect breeding stock. The season lasts from December 1 to April 30, or until the harvest limit has been reached. Harvesting is limited to licensed New Jersey clambers. Further information is available from Gale Critchlow, shellfisheries administrator, at (609) 292-2083.
