## General Application Milestone Codes

---

Application Approved	F = Complete for Filing	M = Permit Modification
Application Denied	H = Public Hearing Date	P = Permit Decision Date
Application Withdrawal	I = Additional Information Requested	R = Complete for Review
C = Cancelled	L = Legal Appeal of Permit Decision	T = Additional Information Received

## Specific Decision Application Codes

---

AVE PLAN = Averaging Plan	PA/SOW = Presence/Absence/State Open Waters Only
FP/A = Footprint/Absence of Wet., Waters & Transition Area	PA/T = Presence/Absence/Transition Area Only
F/F = Farming/Forestry/Silviculture Exemption	R = Reductions
FP/P = Footprint/Wetlands Present	REG = HMDC/Pinelands Exemption
FP/SOW = Footprint/State Open Waters Present Only	SPEC ACTIVITY = Special Activity (Linear Dev. & Stormwater Mgmt.)
FP/T = Footprint/Transition Area Present Only	SA/GP = Special Activity for Statewide Gen. Permit Activity
NW = ACOE Nationwide Permit Exemptions	SA/R = Special Activity for Redevelopment
O = Other	SD = Municipal Subdivision Approval
PA/A = Presence-Absence/Absence of Wet., Waters & Trans. Area	SP = Municipal Site Plan Approval
PA/P = Presence-Absence/Wetlands Present	VERIFIED = Verified Line

## Permit Descriptions

---

**CAFRA** - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

**Federal Consistency Activity:** Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

**Freshwater Wetlands:** A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Stream Encroachment Permit, a U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

**General Groundwater Petroleum Products Cleanup:** This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

**Solid Waste Facility:** A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

**Stream Encroachment:** Under the Flood Control Act DEP is empowered to require a permit to control construction within and proximate to flood hazard areas to reduce flood damage to and from new development and to protect the flood storage capacity and ecology of flood plains.

**Tidal Wetlands:** A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

**Treatment Works Approval:** A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**Waterfront Development:** A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

**NJPDES Surface Water-Industrial:** A permit is required for any discharge of "pollutants" from any "point source" into surface waters of the state.

## **General Information**

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Stream Encroachment (SE) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed does not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed inside the back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## **Appeals on Applications**

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
 Attn: Adjudicatory Hearing Requests  
 Department of Environmental Protection  
 PO Box 402  
 Trenton, N.J. 08625-0402

## **DEP SUBSCRIPTION INFORMATION**

Copies of this publication are found in all municipal clerks offices and county planning board offices. Individuals may obtain an annual subscription of 24 issues for a fee of \$50 which is the estimated cost of producing and mailing each issue to subscribers. If you desire a new subscription, please send a check for \$50. Payable to the Treasurer, State of New Jersey and mail it to the NJDEP, Bureau of Revenue, PO Box 417, Trenton, NJ 08625-0417.

Printing and circulation of the DEP Bulletin is handled through the Department's Distribution Center. Persons desiring to be included on the mailing list may call: (609) 777-4398 or write to this office. Please use the form below to make any changes in your subscription.

**PUBLIC NOTICE**

Notice is hereby given that the N.J. Department of Environmental Protection (NJDEP) proposes to modify the existing New Jersey Pollutant Discharge Elimination System (NJPDES) General Permit for the General Non-Contact Cooling Water (NCCW) Permit NJ0070203, in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq.

On February 5, 1996, the New Jersey Department of Environmental Protection proposed to amend N.J.A.C. 7:14A-1 et seq. These regulations were adopted and effective on May 5, 1997. The regulatory citations in the NCCW Permit, requirements of the category "CG" permit, and authorization to discharge previously issued under this permit are being modified to reflect these new regulations. This will effect about 57 previously issued authorizations. These changes are based on the administrative record filed at NJDEP, 401 East State Street, Trenton. Copies of the draft modification are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-4860. Specific information regarding the draft document may be obtained from Ben Manhas of the Bureau of Point Source Permitting - Region 1 at (609) 633-3869. In accordance with N.J.A.C. 7:14A-15.14(b) comments pertaining to this permit modification shall be limited to the significant legal and/or factual issues that caused the original document to be revised. Please note that there is no change in the effluent limitations table or monitoring requirements.

Comments on the draft modification or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below during the public comment period, which closes 30 calendar days after publication of this notice. All persons, including applicant, who believe that any condition of the draft document or NJDEP's tentative decision to issue this permit action is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The applicant, and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, deny or redraft the document.

Jeffrey Reading, Chief  
Bureau of Point Source Permitting - Region 1

## **FACT SHEET**

### **HARDSHIP GRANTS FOR RURAL COMMUNITIES**

The New Jersey Department of Environmental Protection is soliciting interest from project sponsors that may qualify for a new grants program to provide wastewater services to rural communities that are not currently served either by a sewage collection or by a wastewater treatment system and are severely economically disadvantaged. New Jersey's allotment for this program is \$415,900. The new program, entitled "Hardship Grants Program for Rural Communities," was established by federal law and requires that eligible communities: (1) have a total population of 3,000 or less, (2) a per capita income of less than \$17,357 and (3) the local unemployment rate (on a municipality or county basis) exceeds the national average by one percent or more at the time of grant application. While the Department has targetted certain municipalities which may be eligible for these grants based on information from the State Data Center, other municipalities may also qualify provided an acceptable source of data is used to satisfy the population, income and unemployment criteria noted above. Project sponsors will be asked to confirm that they satisfy the eligibility requirements at the time of application.

Hardship grant funding will be available for projects starting with the FFY98/SFY99 funding cycle (i.e., November 1998 awards) and will be combined with low-interest loan funding from the Wastewater Treatment Financing Program to make the project more affordable. Grant assistance will be provided to an eligible project sponsor in an amount of \$100,000 (for no more than 85 percent of the allowable project cost) or 30 percent of the allowable project cost, whichever is greater. Sponsors of eligible projects should complete a Project Status/Cost Update Form to place the project on the Priority List and forward a commitment letter to submit planning and design documents by February 2, 1998. Please note that if all the available Hardship Grants funds are not awarded in the FFY98/SFY99 funding cycle, grants will also be made in the FFY99/SFY2000 funding cycle (i.e., November 1999 awards). Therefore, potential sponsors who are unable to satisfy the February 2, 1998 deadline for planning and design can submit a commitment letter for the FFY99/SFY2000 funding cycle. The FFY99/SFY2000 deadlines require the sponsor to send a commitment letter by February 2, 1998, submit planning by April 24, 1998 and design by November 2, 1998, for a grant/loan award in November 1999.

Please note that additional information regarding the Hardship Grants Program for Rural Communities will be included in the Proposed FFY99 Priority System document. For more information on projects in the north, please contact Stanley V. Cach, Jr., Chief, P.E., P.P., Bureau of Engineering North at (609) 292-6894. Projects in the south should contact Gautam Patel, Chief, Bureau of Engineering South at (609) 984-6840. General questions regarding priority list placement should be directed to Theresa Fenton, Chief, Bureau of Program Development and Technical Services at (609) 292-3859.
