Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels:

Low Growth: Less than 35**Typical Growth: Between 35 and 65****High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Courses, Curriculum, Instruction:

Literacy for grades K-8 utilized the Columbia Readers and Writers workshop model. This was put into place 3 years ago, and we have seen great success. We also utilize the Foundations program for grades k-3. We started an Academic Achievement and Enrichment program for k-5 which includes BSI and gifted education. Our Spanish program includes all grades K-8 and we also offer the APEX program for students who can advance in content areas.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Girls), Soccer (Boys & Girls), Softball (Girls), Tennis (Coed), Wrestling (Boys)

We have a very supportive Boosters Club that supports the athletic teams at the school. Utilizing fundraisers and events- the Boosters provide sports teams with needed uniforms, equipment and award ceremonies. We also offer Saturday Morning Sports for students in grades k-4 throughout the year to cover soccer, basketball, softball and cheerleading.

Clubs and Activities:

Clubs include: Technology club, Anime Club, Law Club, Stock Market Club and homework club. Our Home and School Assoc brings in several programs for students as well (i.e. chess club, science club, garden club and fashion club).

Before and After School Programs:

We offer Academy Classes in the morning for students who require extra help in math or language arts. This is supervised by the content area teachers. We offer a homework club after school twice a week as well as an aftercare program for all students needing to remain in school until 5:30 everyday.

Staff and Professional Learning:

We utilize tri-district articulation meetings that include all 3 elementary schools that send to the high school. Meetings are organized by 6-8 content areas, special areas, special education and then k-2 and 3-5 teachers. This allows for collaboration and sharing of ideas as well as gaining an understanding of other programs/pedagogy. We also had a consultant working with k-5 teachers in the area of Columbia -readers/writers workshop for 2 years to maintain consistency in all classrooms.

Postsecondary Information:

We utilize the APEX online college and career readiness program for our 8th grade students. This gives them an opportunity experience taking an online college course, and in addition to meeting twice a week- they have independent work they complete as well which is monitored by a certified staff member.

Student Supports and Services:

We have a 504/IR&S team that meets to discuss students needs, accommodations and response to intervention. We have a AAE (Academic Achievement and Enrichment) for grades k-5 to offer BSI, gifted and RTI. We offer POR, ICS and para professionals for students with specific academic needs.

Student Health and Wellness:

We have a full time nurse that ensures the health and wellness of students and staff on a daily basis. Our nurse also teaches the human growth and development course in conjunction with the PE/Health teacher. We have several days where we teach students about healthy eating, exercise and overall lifestyle.

Parent and Community Involvement:

Very strong and active Home and School Association that organizes and runs many fundraisers to provide materials and equipment for the school and students. We have School Safety Team that includes a parent and our teachers often invite parents to come in and observe plays, celebrations and classroom activities.

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Teachers

Both students and staff participate in a school climate survey each year created on a google form/survey. Questions range from feeling safe at school, if they feel the teachers care about students, and if they (the students) witness bullying on a daily/weekly/monthly basis. We use the results to refine our anti-bullying program and to get an idea where we need work and what in fact is working. Results are also shared with the Board of Education, and parents/students via the website.

Facilities:

Facilities have gone through many changes the past few years. We completed an addition of a full size gym, two classrooms and a guidance suite. Older classrooms have been completely renovated. Boiler replacement. We have a 5-10 year master plan for both the inside and out side of the school.

School Safety:

We have 2 SRO that are present every day.

Other Information:

The Bay Head School has been serving the academic needs of its students since the early 1900’s. From the original one room wooden schoolhouse to the brick building of today, the same high quality of education has been provided through the years. When comparing Bay Head’s standardized test scores such as the NJASK and PARCC, it is readily apparent that we continue to maintain high academic standards. In both 2013 and 2014, Bay Head School was named a Reward School for superior academic excellence by the New Jersey Department of Education. The school’s philosophy reflects academic achievement and strong family values while keeping pace with technological advancements. With our full wireless internet service, interactive white board technologies, and one to one laptop program, we continue to design ways to bring curriculum learning and technology together to aid in the transfer of knowledge. While incorporating technology into the learning process, our students are encouraged to expand their creativity, foster a greater tolerance for the diversity of our country, and develop an understanding of our ever-shrinking world and its challenges and possibilities. Bay Head School promotes a family atmosphere for all students in its kindergarten through grade eight building and continues to afford opportunities of diversity to its students and teaches tolerance that diversity requires.
