

Statement by Governor Sherrill on Status of the Gateway Tunnel Project

Posted on 01/27/2026

“The president’s refusal to fund the Gateway Tunnel project is not only an illegal attack on New Jersey but also shows a reckless disregard for our economy and the livelihoods of working families. New Jersey and New York make up the most powerful economic region in the world, and this is the most urgent and consequential infrastructure project in the country. If the president does not restore funding to this project, which I helped secure while serving in Congress, he will single-handedly kill nearly 100,000 jobs and \$20 billion in economic activity. New Jersey will fight tooth and nail for our hard-earned tax dollars and this essential project that will make commutes easier and improve quality of life for residents in the Garden State.”
