NEW JERSEY  
1980 CENSUS COUNTS OF POPULATION  
BY RACE AND SPANISH ORIGIN

The data in this report represent 1980 census counts of population by race and Spanish origin for the State of New Jersey, its 21 counties, and its 567 municipalities. Five racial categories are detailed: white; black; American Indian, Eskimo, and Aleut; Asian and Pacific Islander; and other. Spanish origin is an ethnic, not racial designation (see definition below). The data are tabulations of questions asked of all persons on the 1980 census questionnaires.

The U.S. Bureau of the Census released these data for New Jersey in early March 1981 in fulfillment of the Census Bureau's requirements under Public Law 94-171. Although the Census Bureau regards the total population figures as final, the population counts for Essex County and each jurisdiction within the county are not final. "The Census Bureau attests that Essex County tabulations of population are those which would have been reported and transmitted as final but for the injunction of the Court in the case of Shapiro vs. Klutznick." In general, however, all the 1980 census figures are subject to change, pending the outcome of other lawsuits dealing with the census counts.

Counts of the population by race as well as Spanish origin in this report are provisional. Final counts for race as well as Spanish origin will be determined after the sample data have been processed.

DEFINITIONS AND 1970/1980 COMPARABILITY

RACE

Counts of the population by race in this report are provisional. Final counts for race will be determined after the sample data have been processed.

Information on race was obtained through self-identification; therefore, the data represent the race with which the persons identified themselves. Population counts in this report are shown for five racial groups: white; black; American Indian, Eskimo, and Aleut; Asian and Pacific Islander; and other.

#### White (WHITE)

The category "white" includes persons who indicated their race as white, as well as persons who did not classify themselves in one of the specific race categories listed on the 1980 census questionnaire but entered a response suggesting European origin such as German, Italian, or Polish.

In the 1980 census, persons who did not classify themselves in one of the specific race categories but reported entries such as Cuban, Puerto Rican, Mexican, or Dominican were included in the "other" races category. In the 1970 census, most of these persons were included in the "white" category.

#### Black (BLACK)

The category "black" includes persons who indicated their race as black or Negro, as well as persons who did not classify themselves in one of the specific race categories listed on the 1980 census questionnaire but reported entries such as Jamician, Black Puerto Rican, West Indian, Haitian, or Nigerian.

#### American Indian, Eskimo, and Aleut (INDIAN)

The category "American Indian, Eskimo, and Aleut" includes persons who classified themselves as such in one of the specific race categories. In addition, persons who did not report themselves in one of the specific race categories but reported the name of an Indian tribe were classified as American Indian.

#### Asian and Pacific Islander (ASIANPI)

The category "Asian and Pacific Islander" includes persons who indicated their race as Japanese, Chinese, Filipino, Korean, Asian Indian, Vietnamese, Hawaiian, Guamanian, or Samoan. Persons who did not classify themselves in one of the specific race categories but reported entries indicating one of the nine categories listed above were classified accordingly. For example, reported entries of Nipponese and Japanese American were classified as Japanese; entries of Taiwanese and Cantonese as Chinese, etc.

Other (OTHER)

The category "other" includes Asian and Pacific Islander groups not identified separately (e.g., Cambodian, Indochinese, Pakistani, Indonesian, Fiji Islander) and other races not included in the specific categories listed on the 1980 census questionnaire. (Asian and Pacific Islander groups in the "other" category in 100 percent tabulations will be included in the category "Asian and Pacific Islander" in sample tabulations.)

SPANISH ORIGIN (SPANISH)

Spanish origin is an ethnic, not racial designation. Counts of the population by Spanish origin in this report are provisional. Final counts for Spanish origin will be determined after the sample data have been processed.

Persons of Spanish origin or descent are those who classified themselves in one of the specific Spanish-origin categories listed on the 1980 census questionnaire--Mexican, Puerto Rican, or Cuban--as well as those who indicated that they were of other Spanish/Hispanic origin. Persons reporting "other Spanish/Hispanic" origin are those whose origins are from Spain or the Spanish-speaking countries of Central or South America or they are Spanish-origin persons identifying themselves generally as Spanish, Spanish American, Hispano, Latino, etc. Origin or descent can be viewed as the ancestry, nationality group, lineage, or country in which the person or person's parents or ancestors were born before their arrival in the United States. Persons of Spanish origin may be of any race.
