Northeast Corridor Project

	Project Lifecycle	Project Name
Buckets	In Construction or Begin Construction by 2024	Gateway: Portal North Bridge [2]
		B&P Tunnel Replacement Program

[1] All costs shown in Millions \$

[2] This project has been previously funded and does not require an allocation.

[3] The Project is seeking funding under multiple U.S. Department of Transportation Programs, including the Federal-State Partnership for Intercity Passenger Rail Program (FSP), Federal Transit Administration's Capital Investment Grants Program (CIG), and Federal Railroad Administration's (FRA) National Intercity Passenger Rail Program (NIPRP). FRA may update this Inventory to include the funding need from the FSP Program, associated allocation, and anticipated obligations.
