DIVISION OF TAXATION

LETTER OF TRANSMITTAL

Trenton, July 1, 1956.

*To the Hon. Robert B. Meyner, Governor of the State of New Jersey,  
and the Legislature of the State of New Jersey:*

Pursuant to the provisions of R. S. 54:1-13, there is respectfully submitted herewith the 1956 Annual Report of the Division of Taxation in the Department of the Treasury covering the activities of the nine Bureaus of the Division and the Office of the Director of Taxation during the State fiscal year ending June 30, 1956, and setting forth the County and State Abstracts of Ratables for the calendar year 1956.

Major State tax collections for the State's fiscal year ending June 30, 1956, as compared with such collections for the previous fiscal year, are as follows:

	1956	1955
Beverage Taxes .....	\$18,829,836.18	\$17,528,355.33
Boxing-Wrestling Taxes .....	20,077.00	19,492.45
Cigarette Taxes and Licenses .....	23,222,236.25	19,538,292.99
Corporation Taxes .....	39,319,618.19	35,480,166.03
Inheritance-Estate Taxes .....	15,865,183.96	13,828,164.75
Motor Fuels Taxes .....	69,533,445.92	63,152,102.15
Motor Vehicle Fees, etc. ....	53,886,917.00	57,395,401.50
Outdoor Advertising Taxes .....	90,356.04	91,113.31
Pari-Mutuel Taxes .....	22,912,721.00	22,708,501.73
Railroad Taxes .....	18,323,716.21	18,312,335.61
Total Major State Tax Collections*.....	\$262,004,107.75	\$248,053,925.85
State Use .....	\$246,248,329.42	\$231,901,417.83
Local Use .....	14,754,844.44	15,007,786.20
Dedicated .....	1,000,933.89	1,144,721.82

\* Note: These are actual collection figures which vary somewhat from the revenue figures as reported by the Department of the Treasury.

The substantial increase in the total of major state tax collections for 1956 arises principally from tax rate increases in the corporation business tax and the motor fuels tax to provide funds for the payment of increased state school aid under chapter 85, Laws of 1954, and in the cigarette tax to provide funds for increased school building aid under chapter 8, Laws of 1956.

Attention is directed to the fact that enforcement of the laws relating to Boxing and Wrestling fees and taxes, Pari-Mutuel taxes and Motor Vehicle Registration and License Fees is not under the jurisdiction of the Division of Taxation. The revenues from these sources are included for the purpose of showing in one statement the total of major State tax revenues.

The Division for the calendar year 1956 also assessed taxes on public utilities, other than railroads, as follows:

Franchise Taxes .....	\$23,519,507.87
Gross Receipts Taxes .....	28,325,764.25
	\$51,845,272.12

These utility taxes while State-assessed are certified to, collected by and for the sole use of, the several taxing districts of the State in which property of such public utilities is located. Recent legislation established a floor of 5% and a ceiling of 7½% for the average rate of taxation upon which the tax upon gross receipts is imposed (N.J.S.A. 54:31-50).

The Division published a Table of Equalized Valuations for each of the 567 taxing districts of the State on October 1, 1955, pursuant to the requirements of chapter 86, Laws of 1954 (N.J.S.A. 54:1-35.1). This Table established the equalized valuations of land and improvements throughout the State upon the basis of which a substantial part of state aid for schools was apportioned for the school year 1956-1957 under chapter 85, Laws of 1954.

In 1956, the Division published lists of usable and non-usable sales and held meetings, upon notice to all municipalities, designed to afford each municipality an opportunity to express its views regarding the lists. For the most part, it appears that the Final Table to be promulgated on October 1, 1956 will continue the downward trend in ratios but not to the extent of last year since the ratios will be based on a two-year average of sales. This will adversely affect the amount of state school aid to be received by many of the districts for the school year 1957-1958.

County equalization at full true value and on a state-wide basis, with but one exception, took effect for the first time in 1956. And the Legislature, by chapters 93, 94, 95 and 96, Laws of 1956, extended equalization to regional, consolidated and joint school districts.

In *Switz vs. Middletown Township* (40 N. J. Super. 217, May 10, 1956), the Appellate Division of the Superior Court ordered the assessor of the township to assess real property at true value in accordance with the statute. This case is under review by the Supreme Court. This Fall the voters will pass upon a proposed constitutional amendment (ACR 36) which provides that the Legislature may authorize governing bodies of municipalities to establish a proportion of the standard of value at which real property shall be assessed. If approved, it would mean that the Legislature may permit municipalities to assess real property at a fraction of true value.

An important decision was handed down by the Supreme Court in the case of *Gibraltar Corrugated Paper Co. vs. Township of North Bergen*, 20 N. J. 213 (December 5, 1955). The majority opinion held that the dominant principle of assessment is equality of treatment and burden, and that county boards of taxation and the Division of Tax Appeals have the authority and responsibility to hear and determine appeals alleging discriminatory assessment practices and to grant relief in such cases by reducing the objecting taxpayer's assessment to the common ratio employed in levying assessments throughout the same taxing district, even though that common ratio may be below true value.

The Third Annual Institute for Assessors and others interested in good assessment practices was conducted by Rutgers University.

Early in 1956 the Local Property Tax Bureau published an assessors' real property appraisal manual and gave instruction in its use to assessors in every county in the State.

Unfortunately the law governing the allowance of veterans' exemptions in so far as the Korean Conflict is concerned still remains unchanged. While cessation of actual hostilities occurred on July 27, 1953, those entering and leaving the military service since that date are entitled to the same exemption benefits as those serving in time of actual armed conflict, although similar treatment is not accorded those servicemen who entered the military service following the date of cessation of actual conflict of World Wars I and II.

Respectfully submitted,

AARON K. NEELD,

*Director, Division of Taxation,  
in the Department of the Treasury.*

## **SUMMARY OF FUNCTIONS OF THE SEVERAL BUREAUS OF THE DIVISION OF TAXATION**

---

### **Office of the Director, Division of Taxation**

---

The Division of Taxation is charged with the levy of the property and franchise taxes on the several railroads operating in the State, and the levy and apportionment—for the benefit of the municipalities—of the franchise and gross receipts taxes on other public utilities operating within the State.

The Division also has the duty of levying and collecting taxes on inheritances and estates, alcoholic beverages, motor fuels, cigarettes, billboard licenses and permits, domestic and foreign corporations, foreign insurance companies other than life, and domestic and foreign life insurance companies. It is also charged with the administration of the Unfair Motor Fuels Practices Acts and the Unfair Cigarette Sales Act.

In addition, the Division is empowered to investigate and equalize local assessments, prepare State equalization tables, determine the average rate of taxation in the State and in general supervise the activities of local tax officials.

Under chapter 86, Laws of 1954, the Division is required to promulgate a Table of Equalized Valuations for use in the apportionment of State School Aid.

## Beverage Tax Bureau

(R. S. 54:41-1 to 54:47-7, as amended and supplemented by chapters 319 and 391, Laws of 1938; chapter 357, Laws of 1939; chapter 168, Laws of 1940; chapters 209, 210 and 327, Laws of 1941; chapter 171, Laws of 1942; chapters 18 and 250, Laws of 1947; chapter 95, Laws of 1949; chapter 203, Laws of 1950; chapter 68, Laws of 1951; and chapter 103, Laws of 1955.)

This Bureau collects taxes on alcoholic beverages sold or delivered in New Jersey and intended for ultimate consumption. Tax rates range from  $3\frac{1}{2}$  cents per gallon on beer to \$1.50 per gallon on liquors, as fixed by statute. Taxes are collected from State licensees, i.e., manufacturers, wholesalers, transporters and warehouses of which there are some 600 who are required to post bonds with the Bureau to secure the payment of taxes and penalties and must file reports each month disclosing all transactions.

The Bureau also processes about 12,500 monthly retail reports. These latter reports are filed by both tavern keepers and package store owners. From these reports we supply a monthly statistical statement listing total purchases by counties and by type of alcoholic beverages.

Exemptions from tax are granted on sales to authorized military organizations and when sold for use by hospitals, doctors and dentists or when used in the manufacture of medicinal, pharmaceutical or toilet preparations, scientific products, flavoring extracts and food products.

At the close of the fiscal year ending June 30, 1956, the personnel of the Bureau consisted of a State Supervisor, an Assistant State Supervisor, 8 Supervising Field Auditors, 38 Field Auditors and 45 Office Auditors and office personnel. Offices for the convenience of the public are maintained in Trenton and Newark.

The Legislature annually appropriates funds for the administration of the Bureau. During the year ended June 30, 1956, expenditures totaled \$416,109.38; of which administrative and supervisory salaries totaled \$79,395.00; field auditors' salaries \$163,441.80; office auditors and personnel, \$127,357.18; travel expense of field staff, \$12,342.66; materials and supplies, \$6,187.13; other operating expense including rents and telephone totaled \$19,691.50. Miscellaneous expense, \$7,694.11. With gross receipts for the year totaling \$18,829,836.18; the total cost of operation was 2.21%.

The following tabulation sets forth the tax rates for various classifications of alcoholic beverages and the revenues from each during the past three years:

### **Cigarette Tax Bureau**

(Chapter 65, P. L. 1948, as amended; chapter 247, P. L. 1952.)

This Bureau, created by chapter 65, P. L. 1948, as amended, came into being on July 1, 1948. It is charged with the administration and collection of the cigarette tax, levied at the rate of two and one-half cents (2½c) per ten cigarettes or fraction thereof, and the enforcement of the Unfair Cigarette Sales Act (chapter 247, P. L. 1952). The tax is collected through the sale of cigarette revenue stamps to duly licensed cigarette distributors, defined by the act as any person who manufactures cigarettes within the State or any person who brings or causes to be brought into the State, unstamped cigarettes which have been acquired from the manufacturers thereof.

Distributors are allowed a discount of three per cent on the purchase of stamps in excess of \$100.00. The only exemptions provided by the Tax Act extend to sales of cigarettes to the United States Government and its agencies, and sales of cigarettes in interstate commerce.

The original Tax Act provided for the licensing of distributors, \$250.00; wholesale dealers, \$100.00; over-the-counter retail dealers, \$5.00, and cigarette vending machines, \$1.00. The new act, effective July 1, 1952, provides license fees for distributors, \$350.00; wholesale dealers, \$200.00; over-the-counter retail dealers, \$5.00, and cigarette vending machines, \$1.00.

The Unfair Cigarette Sales Act prohibits the sale of cigarettes at wholesale or retail at a price less than cost. In the absence of proof of a higher or lower cost, the act provides that the minimum sales price of cigarettes shall be computed in accordance with a formula involving manufacturer's list price less trade discounts, less cash discounts, plus

the face value of revenue stamps attached, plus a 3½% wholesaler's "cost of doing business mark-up" if the cigarettes are not delivered, and a 4¼% mark-up if the cigarettes are delivered, to which must be added an 8% "cost of doing business mark-up" by the retailer in the determination of final retail sales price.

The purpose of the Unfair Cigarette Sales Act is to prevent unfair competition and unfair trade practices in the sale of cigarettes and to protect and stabilize the collection of cigarette taxes and revenue derived from the licensing of persons engaged in the sale of cigarettes.

The receipts of this Bureau for the fiscal year ending June 30, 1956, were:

Stamps and Miscellaneous Revenues .....	\$22,954,320.25
License Revenues .....	265,874.00
Fines and Penalties .....	2,042.00
	Total Receipts .....
	\$23,222,236.25

The stamp and miscellaneous revenue figures indicate the purchase of 13,895,206,120 cigarettes by persons in New Jersey during the fiscal year ended June 30, 1956.

Based on the 1950 population census figure of 4,839,329, the following statistics are disclosed:

1. Cigarettes were consumed at an average of 2,871 cigarettes per person.
2. Per Capita Revenue per 1 cent of tax was \$1.436.
3. Per Capita Revenue was \$4.307.

Functions of the Bureau were performed by a staff of 48 employees divided into the two following categories:

Office Personnel .....	28
Field Personnel .....	20
	Total .....
	48

The operational costs for the Bureau during the fiscal year totaled \$234,053.68, of which \$192,643.87 were for salaries and \$41,409.81 for administrative costs.

The cost figure was 1.01% for each dollar collected.

### HISTORICAL STATEMENT

Franchise taxation of miscellaneous business corporations, presently effected under the Corporation Business Tax Act, dates back to 1884. In that year (P. L. 1884, p. 232), a tax was imposed on all corporations, organized under the laws of New Jersey, for the privilege of doing business in the corporate form. Then, as now, the mere possession of the privilege gave rise to the liability for the tax, it being immaterial to what extent such privilege was exercised or whether such privilege was exercised at all. Under the 1884 law and down to January 1, 1946, the franchise tax was based upon the total amount of capital stock issued by the taxpayer and outstanding as of January 1 in each year.

From 1884 to 1936 there was no franchise tax on foreign corporations qualified to do business or actually doing business in New Jersey. A statutory provision for a retaliatory tax on foreign corporations doing business in this State (Consolidated Statutes 1910, Section 101) was never enforced. In 1936, chapter 264, Laws of 1936, was enacted providing for an annual franchise tax on foreign corporations. This law was superseded and repealed by chapter 25, Laws of 1937, which imposed a tax on foreign corporations measured by such proportion of the total capital stock issued and outstanding as of January 1 in each year as the gross income from the business done in the State bears to the total gross income from its entire business.

In 1945, the then existing corporation franchise taxes were repealed by chapter 162, Laws of 1945, effective January 1, 1945, which enacted a new franchise tax law to be known as the Corporation Business Tax Act. This latter tax is applicable to both domestic and foreign corporations and is measured by allocated net worth. A detailed description of the Corporation Business Tax Act follows below:

#### Tax Applies to:

Every domestic corporation and every foreign corporation authorized or doing business or owning or employing capital or property or maintaining an office in this State, with certain specified exemptions.

#### Nature of Tax:

Franchise tax on corporations for the privilege of having or exercising a corporate charter or doing business or owning or employing capital or property or maintaining an office in this State.

**Basis of Tax:**

The tax is based upon taxpayer's net worth, defined in the statute, allocable to New Jersey. In general, in determining "net worth," taxpayer is permitted to deduct from the value of its assets the amount of corporate liabilities. Of the resulting remainder, only such percentage of the net worth is taxable as corresponds to the "allocation percentage" applicable to the taxpayer.

**Allocation Percentage:**

- (a) In the case of a taxpayer which does not maintain a regular place of business outside this State other than a statutory office, the allocation factor shall be 100 per cent.
- (b) In the case of a taxpayer which does maintain a regular place of business outside this State other than a statutory office, the net worth taxable in New Jersey is determined according to the following alternative allocation formulae:

Formula 1: 
$$\frac{\text{Total assets in New Jersey}}{\text{Total assets everywhere}} = \%$$

Formula 2: 
$$\left\{ \begin{array}{l} \frac{\text{Real and tangible personal property in N. J.}}{\text{Real and tangible personal property everywhere}} = \% \\ + \\ \frac{\text{Receipts in New Jersey}}{\text{Receipts everywhere}} = \% \\ + \\ \frac{\text{Wages and salaries in New Jersey}}{\text{Wages and salaries everywhere}} = \% \end{array} \right.$$

The aggregate resulting percentages are divided by three.

The effective allocation percentage to be applied to the net worth is the greater of the two percentages resulting from Formula 1 and Formula 2, respectively.

- (c) Investment companies, as defined in the law, are subject to an allocation factor of 25 per cent.
- (d) Regulated investment companies, as defined in the law, are subject to an allocation factor of 15 per cent.

**Rate of Tax:**

Commencing with the privilege year 1955 and thereafter, the rate of tax is 2 mills per dollar, or \$2.00 per \$1,000.00 on the first \$100,000,000.00 of allocated net worth; 4/10 of a mill per dollar on the second \$100,000,000.00; 3/10 of a mill per dollar on the third \$100,000,000.00; and 2/10 of a mill per dollar on all amounts of allocated net worth in excess of \$300,000,000.00.

For the privilege years 1946 to 1954, both inclusive, the rate was 8/10 of a mill per dollar, or 80 cents per \$1,000.00 on the first \$100,000,000.00 of allocated net worth. The rates on allocated net worth in excess of \$100,000,000.00 were the same as above stated.

**Short Rate Tax Table:**

A short rate tax table is provided for taxpayers whose total assets everywhere amount to less than \$100,000.00. A taxpayer entitled to use this table is required to state only the amount of total assets everywhere and compute its tax by means of table, reproduced below, printed on the Return (Tax Table No. 1 on page 1 of Tax Return Form). No income statement or balance sheet data are required.

## Engineering and Railroad Tax Bureau

(Chapter 40, Laws of 1948, amending and supplementing chapter 291, Laws of 1941, as amended; R. S. 54:29A, superseding R. S. 54:19 to 29, inclusive.)

This Bureau values all property used for railroad purposes, determines the property and franchise taxes, and certifies them to the Director, Division of Budget and Accounting, for collection.

Under the Railroad Tax Law of 1948 there is assessed against each operating railroad or railroad system a property tax and a franchise tax. Property taxes are levied upon the true value of all property used for railroad purposes at the following rates :

Class II property is taxed at the general tax rate of the taxing district in which the property is located.

Classes I and III property are taxed at the rate of 1.20 per cent.

Franchise taxes are levied in the amount of 10 per cent of net railway operating income allocated to New Jersey, or a minimum amount established by law.

Class II property taxes are entirely for local uses. The Director, Division of Budget and Accounting, allots to each taxing district the total amount of tax derived from the Assessment of Class II railroad property within the taxing district.

The entire franchise tax and all property taxes, other than those assessed against Class II property, are for State uses, according to law.

The aggregate amount of property and franchise taxes on any railroad is subject to a limitation which, however, does not reduce or affect the taxes for local uses on Class II property.

But taxes for State uses are reduced where the aggregate amount of taxes on any railroad would otherwise be in excess of a specified amount per mile of track assessed in New Jersey to such railroad.

The limit on total taxes is \$3,000 per mile of track where railway revenues allocated to New Jersey are not in excess of \$1,000,000.00, and \$4,500.00 per mile of track where allocated revenues exceed \$1,000,000.00 in total, but are less than \$50,000.00 per mile of track over which the taxpayer operates in New Jersey.

Railroad taxes levied and payable in 1956 are :

Property tax .....	\$17,338,300.27
Franchise tax .....	1,288,263.40

---

Total property and franchise taxes for 1956.. \$18,626,563.67

For 1956 the apportionment of railroad taxes to State and local use is as follows :

For State use .....	\$4,320,074.44
For local use .....	14,306,489.23
	<hr/>
Total 1956 railroad taxes .....	\$18,626,563.67

Operating costs of this Bureau for the fiscal year ending June 30, 1956 were :

Salaries, \$87,967.18; Materials and Supplies, \$1,854.12; Services Other Than Personal, \$1,484.07; Current Repairs and Maintenance, \$705.68; Total, \$92,011.05.

The personnel of the Bureau consists of a State Supervisor, 4 clerical workers, 1 accountant and 9 others engaged in various types of engineering duties.

This Bureau also dispenses information relative to the preparation of tax maps of local taxing districts; examines, suggests revisions where needed, and approves the finished maps; maintains a file of all tax maps approved by the Bureau.

### **Local Property Tax Bureau**

(R. S. 54:1-18 to 38.)

The primary functions of this Bureau are threefold. First, the Bureau carries on a program of assistance to local tax assessors with an immediate view toward improving the quality of tax assessments at the local level and with the ultimate goal of a more equitable distribution of the tax burden among the taxpayers. The second function is that of gathering data and preparing the annual Tables of Equalized Valuations for the Director of Taxation as required by chapter 86, P. L. 1954 for transmittal to the Commissioner of Education for his use in connection with the distribution of State Equalization School Aid funds. Finally, the Bureau is charged with the duties of compiling certain statutory tables and reports for the Director of Taxation, conducting investigations, making special studies, and performing such other functions as the Director may require.

*Assistance to Assessors.*

Field personnel are assigned to confer with tax assessors and county tax board members on matters relative to assessment administration, methods of assessing, tax exemptions, tax map questions and related problems. In addition, personnel of the Bureau appear before numerous meetings of groups of assessors and other municipal officials to speak on the various phases of property assessments and equalization.

During the past year the Bureau furnished assessors with the "Real Property Appraisal Manual for New Jersey Assessors" and conducted a series of county-wide orientation classes in the use of the handbook. The manual is designed to provide assessors with basic standards of value on all types of properties in New Jersey as a guide toward uniform assessments. An "Assessors Law Manual" containing all property tax laws pertinent to the conduct of the assessors office, was published by the Bureau in August, 1954, and furnished to all assessors.

Inquiries and complaints of taxpayers and taxing districts are handled by the Bureau and reports of findings when indicated are furnished to the Director. Special studies and limited research with regard to local property tax matters are carried on as required.

As a part of its assistance program, the Bureau co-sponsors the in-service training courses in Assessing Principles held in strategic locations throughout the State and the four-day Annual Institute for Assessing Officers, both of which are conducted by the Bureau of Government Research of Rutgers University.

"The Local Property Tax Bureau News," which carries items of timely interest on all phases of assessment administration, is published by this Bureau, ten issues annually, and is sent to some 1,800 assessors and municipal officials.

*Assessment Sales Ratio Studies for Tables of Equalized Valuations.*

The Bureau carries on a continuing State-wide assessment-sales-ratio study, the results of which are incorporated in an annual Table of Equalized Valuations. The ratio of assessed valuation to the price received in a bona fide sales transaction is determined for a representative group of sales in different classes of property in all of the 567 taxing districts in the State. It is estimated that nearly 200,000 deed transactions will be processed to arrive at the ratios to be used in the Final Table of Equalized Valuations prepared as of October 1, 1956, by the Director of Taxation under the new State School Aid laws.

This Table which reflects the total property wealth of a taxing district is used by the Commissioner of Education in the overall School Aid formula.

Preliminary listings of all Usable and Non-Usable sales transactions were published during June 1956 and county-wide meetings were held in the several county seats to inform municipal officials of the significance of the listings and to afford them the opportunity to introduce additional factual material having a bearing on the correctness of the selling price and the usability or non-usability of the transaction in the ratio study.

*Compilation of Statutory Tables; Preparation of Reports, etc.*

Compilation of the State Abstract of Ratables and Exemptions and the preparation of the State Equalization Table for certification to the Comptroller by the Director and the publication of the Annual Report of Division of Taxation for the Director are a part of the duties of this Bureau. As a preliminary to these, the Bureau receives and examines the County Abstracts of Ratables and the County Equalization Tables.

*Cost of Operation and Personnel.*

Operating costs of this Bureau for the 1955-56 fiscal year were:

Salaries .....	\$162,271.29
Other .....	43,091.72
	<hr/>
Total .....	\$205,363.01
	<hr/>

Personnel assigned to this Bureau total 43 employees including 23 field representatives.

**Motor Fuels Tax Bureau**

(R. S. 54:39-1 to 75, as amended and supplemented by chapters 166 and 283, Laws of 1938; chapter 209, Laws of 1939; chapter 169, Laws of 1940; chapter 268, Laws of 1941; chapters 169 and 283, Laws of 1948; chapter 144, Laws of 1950; chapter 258, Laws of 1952; chapters 51 and 274, Laws of 1953; chapter 109, Laws of 1954; chapter 90, Laws of 1955; and chapter 106, Laws of 1956.)

This Bureau administers the New Jersey Motor Fuels Tax Law and collects, through licensed motor fuel distributors, a tax of four cents

per gallon on motor fuels, as defined by the Law, sold in New Jersey to propel motor vehicles over its highways and motorboats over its waterways. It authorizes payment of claims for refund of the tax on tax-paid motor fuels used for refundable purposes (R. S. 54:39-66) and combats tax evasion by audits, investigations and inspections.

It also administers "An act to regulate the retail sale of motor fuels" (R. S. 56:6-1 to 17 as supplemented by chapter 258, Laws of 1952). By audits, investigations and inspections, it checks retail dealers in motor fuels for display of brand names; use of prizes, lotteries, etc.; substitution of one brand of motor fuel for another and keeping of proper records.

The Bureau utilizes the services of 88 employees. There are 55 in its Field Force, 12 in its Refund Section and 21 in its Administrative Section. The Field Force comprises 43 Tax and Control Investigators and Inspectors, 8 Auditors and 4 Marine Investigators.

During the fiscal year ending June 30, 1956, the Bureau:

- (1) Issued 1 Motor Fuel Distributor License, 2 Special Licenses "A", 313 Special Licenses "B", 720 Wholesale Dealer Licenses, 11,871 Retail Dealer Licenses and 3,770 Motor Fuel Transport Licenses, of which 6 Distributor Licenses, 29 Special Licenses "B", 29 Wholesale Dealer Licenses, 1,601 Retail Dealer Licenses and 60 Transport Licenses were canceled during the year because of change of ownership, going out of business, etc. 32 Motor Fuel Distributor Licenses and 1 Special License "A" continued in effect by virtue of the provisions of chapter 274, P. L. 1953;
- (2) Collected a total of \$73,933,961.02 representing the tax on 1,796,540,318- $\frac{3}{4}$  gallons of gasoline (\$71,861,612.75), 50,106,459- $\frac{3}{4}$  gallons of Special Fuels (Diesel Oil, Propane, etc.) used for highway purposes (\$2,004,258.39), \$68,008.00 in license fees (\$5.00 annual fee for Retail Dealer Licenses \$2.00 annual fee for Wholesale Dealer and Motor Fuel Transport Licenses), \$79.90 Fines and Penalties and \$1.98 Miscellaneous Receipts.

(3) Refunded (\$4,400,515.10) on fuels used for the following purposes :

1. County and Municipal .....	\$545,431.68
2. Auto Buses .....	1,061,672.20
3. Agriculture .....	308,037.68
4. Aircraft .....	1,074,939.80
5. Ambulances .....	1,612.72
6. Rural Free Delivery .....	5,109.40
7. Rails or Tracks .....	18,248.20
8. Private Property .....	81,350.20
9. Fishing .....	33,962.04

13. Stat'y Mach'y & Impl.* .....	728,551.73
14. Heat and Light .....	1,998.76
15. State Departments .....	169,385.68
16. Sea Scout Boats .....	14.80
17. Taxes Paid in Error (R. S. 54:39-29)** .....	137,979.37

\* Includes 2,311 gallons at \$0.03 rate.

\*\* Includes refunds of Retail License fees.

(4) Had a cost of administration of \$449,768.22 in salaries and \$48,487.09 in operating expenses, representing a total expenditure of \$498,255.31, or 67/100 of 1%, of Gross Collections before refunds.

## Outdoor Advertising Tax Bureau

(Chapter 168, P. L. 1942, as amended by chapter 169, P. L. 1947, chapter 403, P. L. 1948, chapter 51 and chapter 76, P. L. 1953.)

Chapter 168, P. L. 1942 (as amended) provides for the collection of license fees and permit fees on billboards and other outdoor advertising matter. A license fee of \$100 must be paid by every person, firm or corporation engaged in the business of outdoor advertising for profit, and a permit fee on each taxable billboard and outboard advertising space according to the following schedule:

These licenses and permit fees are collected for the period from April 1st to March 31st. One-half the regular rate is charged for permits issued after October 1st.

The law empowers the Director to regulate the erection and placing of billboards and other outdoor advertising matter. Prohibits erection of signs at intersections where same will create a traffic hazard or obstruct the visibility of an existing sign for which a permit has been issued.

All collections under the provisions of this act are first used to defray expenses of collection and enforcement. Balances of \$5.00 or more are distributed, after July 1st of each year, among the various municipalities of the State, in the proportion that the amount of the permit fees collected in each municipality bears to the total amount collected.

## Public Utility Tax Bureau

(Chapters 4 and 5, Laws of 1940; as amended by chapters 20, 21, 400 and 401, Laws of 1941; chapter 217, Laws of 1948; chapters 264 and 265, Laws of 1952; and R. S. 54:30-1 to 3.)

This Bureau is charged with the computation of the valuations of each company according to unit rates and the certification of the valuation of each company to the municipalities, and the computation of the Average Rate of Taxation for the entire State.

The Bureau is also charged with the assessment of utility franchise and gross receipts taxes and the apportionment thereof among the

municipalities according to the relative values of utility property located therein.

**Revenue:**

Franchise Tax .....	\$23,519,507.87
Gross Receipts Tax .....	28,325,764.25
Total Tax .....	<hr/> \$51,845,272.12

**Costs of Operation:**

Salaries .....	\$28,440.00
Other Expenses .....	1,511.32
Total Expenditures .....	<hr/> \$29,951.32

**Staff:**

State Supervisor, Senior Engineer, four other employees.

The *franchise tax* assessed pursuant to chapters 4 and 5, Laws of 1940, as amended, on utilities, other than those specifically exempted, having lines or mains located along, in, on or over any street, highway or other public place (e.g., telephone, telegraph, water, sewer, district messenger, street railway and gas and electric companies) is at the rate of five per cent of such proportion of the gross receipts of the taxpayer for the preceding calendar year as the length of its lines or mains in this State, located along, in, on or over any public street, highway, or other public place, exclusive of service connections, bears to the whole length of its lines or mains, exclusive of service connections.

The gross receipts tax assessed pursuant to chapter 5, Laws of 1940, as amended by chapters 264 and 265, Laws of 1952, on street railway, sewer, traction, gas and electric light, heat and power companies using the public streets, highways, roads or other public places (which is in addition to the franchise tax, mentioned in the previous paragraph and in lieu of local taxes on certain of the property of the utilities named), is at the same rate as the average rate of taxation in the State, upon the gross receipts of such taxpayer for the preceding calendar year from its business over, on, in, through or from its lines or mains in the State.

While this Bureau does not collect either the franchise or the gross receipts tax, it is charged with the duty of apportioning both taxes to the municipalities after deducting the expenses incurred by it in the administration of the utility tax laws. The franchise tax is apportioned to the various municipalities in the proportion that the value of the scheduled property of the taxpayer located in, on or over any public street, highway, road, or other public place in each municipality as of

the preceding July first bears to the total value of the scheduled property of the taxpayer located in, on or over any public street, highway, road or other public place in the State. The gross receipts tax is apportioned in the proportion that the value of the scheduled property of the taxpayer located in each municipality as of the preceding July 1st bears to the total value of the scheduled property of the taxpayer in the State.

Both the franchise and gross receipts taxes are payable to the local tax collectors in three installments: one-third within 30 days after certification of the apportionment by the Director; one-third on September 1st; and one-third on December 1st.

Valuations of scheduled property upon which both taxes are apportioned to the municipalities are determined by the Bureau on the basis of the unit values thereof set forth in each act.

*Franchise taxes for the year 1956* were assessed against 140 corporations, 2 municipal electric corporations and 6 individuals. The total tax assessed amounted to \$23,519,507.87. Franchise tax assessments for the year 1956 are classified as follows:

<i>No. of Companies</i>	<i>Classification</i>	<i>Taxable Gross Receipts</i>	<i>Franchise Tax</i>
1	Street Railway .....	\$350,400.25	\$17,520.01

*Gross Receipts Tax.* The excise taxes assessed pursuant to the provisions of section 6 (b) of chapter 5, P. L. 1940, as amended by chapter 264, P. L. 1952, for the year 1956, amounted to \$28,325,764.25. Street railway, traction, sewerage, gas and electric light, heat and power corporations using or occupying public streets, highways, roads or other public places in this State are subject to this tax.

This tax is in addition to the franchise tax and is in lieu of local taxes on certain of the property of the utilities named. The rate used was 7.50%, under chapter 268, P. L. 1955 upon the gross receipts of such taxpayer for the preceding calendar year from its business over, on, in, through or from its lines or mains in the State.

The average rate of taxation of the State for the year 1956 is \$7.888 per \$100 of Valuation.

Assessments were levied against 25 corporations and 2 municipal electric corporations. The total tax is \$28,325,764.25. Assessments for the year 1956 are classified as follows:

<i>No. of Companies</i>	<i>Classification</i>	<i>Gross Receipts</i>	<i>Tax</i>

## Transfer Inheritance Tax Bureau

(R. S. 54:33-1 to 54:38-16, as amended and supplemented by chapter 278, Laws of 1938; chapters 122 and 303, Laws of 1939; chapter 220, Laws of 1940; chapter 422, Laws of 1941; chapters 38, 39 and 165, Laws of 1943; chapter 74, 75 and 220, Laws of 1944; chapter 127, Laws of 1945; chapters 70 and 240, Laws of 1946; chapters 369 and 376, Laws of 1947; chapters 92, 268 and 336, Laws of 1948; chapters 177 and 250, Laws of 1951; chapter 51, Laws of 1953; chapters 78 and 135, Laws of 1955; and chapter 54, Laws of 1956.)

This Bureau has supervision over the administration of all transfer inheritance tax laws and the collection of all taxes assessed pursuant thereto. The tax is levied upon the transfer of property, real or personal, or of any interest therein or income therefrom, in trust or otherwise, to persons or corporations when such transfer is by will or intestate law, by deed, grant, bargain, sale or gift made in contemplation of or to take effect at or after death, and by survivorship in certain cases. (R. S. 54:33-1 to R. S. 54:36-7.)

As to estates of resident decedents, the law applies to real property and tangible personal property (goods, wares, merchandise, etc.) located in New Jersey and to intangible personal property (stock, bonds, mortgages, bank accounts, etc.) wherever located.

As to estates of nonresident decedents, the law applies only to real property and tangible personal property located in New Jersey.

The tax rates range from one to sixteen per cent according to the value of the transfer and the relationship of the beneficiary to the deceased. Transfers to collateral relatives and nonrelatives, if under \$500.00, are exempt; if \$500.00 or over, are taxable at the rate of eight per cent, and upward. An exemption of \$5,000.00 each is granted to those of a close degree of relationship, such as husband, wife, children, mutually acknowledged children, stepchildren, father, mother, and grandparents; the rate of tax on the excess being graduated from one per cent upward. An exemption of \$5,000.00 is also granted to charitable, religious and benevolent organizations, the excess being taxed at the rate of five per cent. Transfers to the State and its political subdivisions are wholly exempt, as well as transfers to nonprofit educational institutions.

Taxes are payable within the year following death of decedent, and if not paid bear interest at the rate of ten per cent per annum from one

year following death until paid. The inheritance tax report must be filed as promptly after death as the circumstances of the case permit.

This Bureau also assesses and collects New Jersey estate taxes pursuant to R. S. 54:38-1 to 16. The amount of the tax is the difference between the credit allowed against Federal estate taxes and the total amount of inheritance taxes paid this and other States.

Preparation of the five per cent refund to the counties of inheritance taxes collected from resident decedents (pursuant to R. S. 54:33-10) is also supervised by this Bureau.

Transfer inheritance and estate tax receipts, all of which (except five per cent of resident inheritance taxes returned to the counties) are available for general State uses, are set forth in the attached table.

Receipts for the fiscal year ending June 30, 1956, were:

Inheritance taxes (resident decedents) .....	\$15,448,950.99
Inheritance taxes (foreign decedents) .....	201,086.77
	<hr/>
Estate taxes (resident decedents) .....	\$15,650,037.76
	215,146.20
	<hr/>
Total receipts .....	\$15,865,183.96

Operating costs of the Bureau for the fiscal year ending June 30, 1956, were:

Salaries .....	\$584,953.25
Operating expenses .....	16,247.04
	<hr/>
Total .....	\$601,200.29

The cost of collection was therefore \$0.037894.

The Bureau's staff consists of 115 employees. The personnel in the home office includes a State Supervisor, 62 Examiners and 22 clerical assistants. The 25 field offices are staffed by 21 district supervisors (one in each county) and 4 regional special investigators. Five clerical assistants are supplied to the district supervisors in the three largest counties (Bergen, Essex and Hudson); the other supervisors and investigators supply their own clerical help.

The five per cent refund to counties of inheritance taxes collected from resident decedents was \$617,592.96.

The number of inheritance tax proceedings processed was 28,300, of which 13,389 were taxable and 14,911 were exempt.

Note: The tax on fertilizer and feeding stuffs was formerly collected by this Division. Collection thereof after 1937 was transferred to the Agricultural Experiment Station by Chapters 73 and 74, Laws of 1938.

The Workmen's Compensation Tax, also formerly collected by this Division, was transferred to the Commissioner of Labor by Chapter 198, Laws of 1938.

Chapter 268, P. L. 1934 imposed a sales tax effective July 1, 1935. However, the law was repealed by Chapter 329, P. L. 1935, effective October 25, 1935. While the law was in force, there was collected by this Division \$7,093,150.20.

\* For figures for years 1931 to 1939, inclusive, see Annual Report of year 1955.

\*\* Tax Increase effective April 16, 1956 from 3 cents to 5 cents per package of 20 cigarettes.

Calendar Year.

<sup>1</sup>For calendar years 1941 through 1947 classification was changed to "property tax" and "franchise tax" under Chapter 291, Laws of 1941.

Under this act the property tax on the main stem was retained by the State, the property tax on second-class was for local use, and the franchise tax was divided equally between State use and local use.

Chapter 40, Laws of 1948, amending Chapter 291, Laws of 1941, continued the "property tax" and the "franchise tax," but the tax rates and the distribution of franchise taxes were changed. After 1947 the property tax on second-class was levied at local tax rates for local use. Other property taxes and all franchise taxes were for State use.
