How we help

Source

We work with private and public schools to identify students for on-the-job training and placement with our earn as you learn programs

Align

We match students with employers in a community-based setting for not only a career but a life path

Develop

Our program is synergistic with high school curricula. It supplements existing course structure and does not replace it.

Through on-the-job training, students earn a nationally-recognized credential which puts them on a sustainable career and life path

Our facilities

Private high schools

Private high schools that are state-approved and not-for-profit serving children living with autism spectrum disorders, mood disorders, anxiety disorders, attention issues and other developmental disabilities

Public high schools
