Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

Mission, Vision, Theme:

Deerfield Township Elementary School is a community of students, parents, and staff dedicated to the development of every individual's desire to learn and achieve. Collectively, we provide a safe, supportive environment that promotes curiosity and a life-long passion for learning. Our school is committed to cultivating and maintaining a positive school climate and culture in order to promote academic growth and student development.

Awards, Recognition, Accomplishments:

We are proud of the following accomplishments: In Spring 2017, our school was selected by the state of New Jersey as a “Showcase School” for PBSIS; Our school exited Focus Status due to high student growth on state assessments in English Language Arts and Mathematics; and Staff members have been awarded grants for technology, field trips and innovative programs for students.

<div>  <div> Courses, Curriculum, Instruction: </div> </div>	<p>Our district is part of the CRHS Curriculum Consortium to insure our students are prepared for high school. The consortium attempts to align curricula when possible to ensure that students are “on track” with the sending districts to reduce instructional gaps for students that transfer from school to school within the consortium. We use Journeys and Holt McDougal for ELA and Go Math and Big Ideas for Mathematics. We offer Accelerated Math for grade 7 as well as Algebra I. in grade 8. In addition to the core academic areas, students receive instruction in the following special areas: Art, Computers, Health/PE, Library, Music and Spanish. We also have a full day Pre-K program that services all township students including in-district pre-school disabled students.</p>
<div>  <div> Clubs and Activities: </div> </div>	<p>Our school offers Choir, Academic Lab, Yearbook Club, instrument lessons, Drama Club, Safety Patrol, NJHS, Student Council, Fun Zone, softball, basketball and more.</p>

<div>  <div>Staff and Professional Learning:</div> </div>	<p>As a form of job-embedded professional development, teachers work collaboratively in PLCs to build capacity and increase student achievement. We have an instructional coach and Supervisor of Curriculum and Instruction as a resource to all staff. The instructional coach, Supervisor, and teachers with expertise in particular instructional strategies provide professional development to other staff members. Our district collaborates with the CRHS Consortium to broaden the PD available and offer teachers the opportunity to collaborate with teachers from other districts. We are proud of the fact that more than a third of our teaching staff members have Master's degrees.</p>

Student Supports and Services:

Our I&RS Team and CST support students who are having academic, behavioral or social difficulties. We also have a behavior specialist to assist students in the acquisition and development of social skills. Our behaviorist provides classroom based character education/health lessons to most grades. New this year is the addition of a part time Guidance Counselor. Additional services are provided in the areas of behavioral support, speech, OT, PT and SAC. The Sonday System is used in our early childhood BSI program to support students in ELA. Our Academic Lab offers targeted, small group instruction for gr. 1-8 to help students meet/exceed grade level expectations.

Student Health and Wellness:

A breakfast program is offered to all students. Our Health and Wellness Committee works to help encourage healthy eating and maintaining an active lifestyle. We have a Life Skills Curriculum which is delivered to all students in grades K-8. Our school offers an after school "Fun Zone" club to promote health and exercise in gr. K-3.

Parent and Community Involvement:

PTO provides activities for our students and their families including, but not limited to: Trunk-or-Treat, school dances, family fun nights, movie night, family paint night, and field day. Our PTO also holds a Winter Gift Shop and a Spring Book Fair in an effort to raise funds and provide students and parents the convenience and opportunity to purchase low cost holiday gifts and books. The Community Fundraising Committee and PTO purchase technology for our school. Our parents attend special school functions such as concerts, STEAM Night and orientation programs. We also offer opportunities for parent involvement on committees and advisory groups (i.e. Special Ed. Parent Advisory Group).

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers

NJDOE Climate and Culture Surveys are administered to parents, students and staff. We also administer the QSAC survey. The survey data is used for developing our Annual School Plan and Professional Development Plan.

Facilities:

The school has a computer lab, science lab, library, gymnasium and art room. There are also playgrounds and baseball and soccer fields. Substantial improvements in technology over the past five years include the installation of building wide wireless internet access and the infusion of over 240 chromebooks, 30 tablets, 8 Promethean Boards, and 2 Active Panels into classrooms. Central air conditioning in all areas of the school allows for a more conducive learning environment. A hallways painting project was completed during the past two summers. VCT tiles were replaced as needed in hallways and in the cafeteria. Additional summer projects included the repainting of four student lavatories and the installation of new partitions. New fencing was constructed outside to enclose all air conditioning units and upgrade older fencing. Window tinting was completed on round windows in the cafeteria and staff lounge so that there is no viewing

School Safety:

Security cameras have been installed in locations both inside and outside of the building to enhance safety and security measures. A multi-year plan for the purchase of additional cameras has been developed. The district's website continues to have much value as a source of updated information for parents, staff, and students. New visitor procedures were adopted to increase security levels within the building. Changes to the district's student drop off and pick up procedures were implemented at the start of this school year that allow for a more structured routine which prevents students from entering busy traffic areas, increases staff visibility, and improves the overall timeliness of the process.
