JOURNAL OF THE SENATE

STATE OF NEW JERSEY,

SENATE CHAMBER,

TUESDAY, January 10, 1956.

At 12:00 o'clock noon, being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by the Honorable W. Steelman Mathis, the Senator from Ocean County, who read the following statement:

STATE OF NEW JERSEY,

DEPARTMENT OF STATE.

I, EDWARD J. PATTEN, Secretary of State of the State of New Jersey, DO HEREBY CERTIFY that the following members of the Senate have been duly qualified:

Atlantic County—Frank S. Farley.

Bergen County—Walter H. Jones.

Cumberland County—W. Howard Sharp.

Hudson County—James F. Murray, Jr.

Hunterdon County—Wesley L. Lance.

Mercer County—Sido L. Ridolfi.

Morris County—Thomas J. Hillery.

Ocean County—W. Steelman Mathis.

Passaic County—Frank W. Shershin.

Sussex County—George B. Harper.

and it further appears that at the General Election held on the eighth day of November A. D. 1955, members of the Senate were duly elected as follows:

Burlington County—Albert McCay.

Camden County—Joseph W. Cowgill.

Cape May County—Charles W. Sandman, Jr.

Essex County—Donal C. Fox.

Gloucester County—Harold W. Hannold.

Middlesex County—John A. Lynch.

Monmouth County—Richard R. Stout.

Salem County—John A. Waddington.

Somerset County—Malcolm S. Forbes.

Union County—Kenneth C. Hand.

Warren County—Wayne Dumont, Jr.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my official seal at Trenton, this tenth day of January, A. D. 1956.

EDWARD J. PATTEN,
[SEAL] *Secretary of State.*

Mr. McCay moved that the Senate proceed to the election of a temporary President.

Which was agreed to.

Mr. Hillery nominated Mr. Sharp for the office of temporary President, which nomination was seconded by Mr. Harper. There being no further nominations, the nominations were ordered closed, and Mr. Sharp was declared elected to the office of temporary President.

Mr. Mathis appointed Messrs. Farley, Jones and Murray to escort the temporary President to the rostrum.

Mr. McCay moved that the Senate proceed to the election of a temporary Secretary.

Mr. Mathis nominated Mr. Henry H. Patterson for the office of temporary Secretary.

There being no further nominations, the nominations were ordered closed and the temporary Secretary was directed to call the roll:

In the affirmative were—

Messrs. Cowgill, Dumont, Farley, Forbes, Fox, Hand, Hannold, Harper, Hillery, Jones, Lance, Lynch, Mathis, McCay, Murray, Ridolfi, Sandman, Sharp, Stout, Waddington—20.

In the negative—None.

Mr. Henry H. Patterson was declared elected as temporary Secretary.

Upon presentation of the following Senators-elect, by Mr. Farley, the oath of office was administered to them by temporary President Sharp:

Warren County—Wayne Dumont, Jr.

Burlington County—Albert McCay.

Camden County—Joseph Wm. Cowgill.

Cape May County—Charles W. Sandman, Jr.

Essex County—Donal C. Fox.

Gloucester County—Harold W. Hannold.

Middlesex County—John A. Lynch.

Monmouth County—Richard R. Stout.

Salem County—John A. Waddington.

Somerset County—Malcolm S. Forbes.

Union County—Kenneth C. Hand.

Under the direction of the temporary President, the temporary Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Cowgill, Dumont, Farley, Forbes, Fox, Hand, Hannold, Harper, Hillery, Jones, Lance, Lynch, Mathis, McCay, Murray, Ridolfi, Sandman, Sharp, Shershin, Stout, Waddington—21.

Mr. McCay moved that the Senate proceed to the election of a President *pro tempore.*

Which was agreed to.

Mr. McCay nominated Mr. Hand for the office of President, *pro tempore,* which nomination was seconded by Mr. Murray.

There being no further nominations, the nominations were ordered closed and the temporary Secretary was directed to call the roll.

In the affirmative were—

Messrs. Cowgill, Dumont, Farley, Forbes, Fox, Hannold, Harper, Hillery, Jones, Lynch, Mathis McCay, Murray, Ridolfi, Sandman, Sharp, Stout, Waddington—17.

In the negative—None.

Mr. Hand was declared elected President *pro tempore* for the legislative year.

Messrs. Forbes, Stout and Murray escorted Mr. Hand to the rostrum, whereupon the oath of office as President, *pro tempore,* was administered to him by temporary President Sharp.

Mr. McCay moved that the Senate proceed to the election of a permanent President of the Senate.

Which was agreed to.

Mr. Farley nominated Mr. Dumont for the office of permanent President of the Senate, which nomination was seconded by Mr. Ridolfi.

There being no further nominations, the nominations were ordered closed and the temporary Secretary was directed to call the roll:

In the affirmative were—

Messrs. Cowgill, Farley, Forbes, Fox, Hand, Hannold, Harper, Hillery, Jones, Mathis, McCay, Murray, Ridolfi, Sandman, Stout, Waddington—16.

In the negative—None.

Mr. Dumont was declared elected President of the Senate for the legislative year and was escorted to the rostrum by Messrs. McCay, Ridolfi and Hannold.

President *pro tempore* Hand appointed Messrs. Lance and Sharp to escort the Honorable Arthur T. Vanderbilt, Chief Justice of the Supreme Court, to the rostrum for the purpose of administering the oath of office to President-elect Dumont.

The oath of office as President of the Senate was administered to Mr. Dumont by Chief Justice Vanderbilt.

President Dumont, upon taking the chair, briefly addressed the Senate.

Mr. McCay moved that the Senate proceed to the election of a permanent Secretary of the Senate.

Which was agreed to.

Mr. Stout nominated Henry H. Patterson as permanent Secretary of the Senate for the legislative year, which nomination was seconded by Mr. Ridolfi.

There being no further nominations, the nominations were ordered closed and Mr. George Reeves was directed to call the roll:

In the affirmative were—

Messrs. Cowgill, Dumont (President), Farley, Forbes, Fox, Hand, Hannold, Harper, Hillery, Jones, Lance, Lynch, McCay, Murray, Ridolfi, Sandman, Sharp, Stout, Waddington—19.

In the negative—None.

Mr. Patterson was declared elected Secretary of the Senate for the legislative year.

The oath of office as Secretary of the Senate was administered to Mr. Patterson by President Dumont.

Upon announcement by President Dumont that the Senate has organized and is now ready to proceed to business, the 1956 session was opened with prayer by the Rev. W. Neal Raver.

Under the direction of the President, the Secretary called the Senate, when the following Senators appeared and answered to their names:

Messrs. Cowgill, Dumont (President), Farley, Forbes, Fox, Hand, Hannold, Harper, Hillery, Jones, Lance, Lynch, Mathis, McCay, Murray, Ridolfi, Sandman, Sharp, Stout, Waddington—20.

Upon motion of Mr. McCay, the members of the Senate stood for a moment of silent prayer in memory of the late Oliver F. Van Camp, former Secretary of the Senate, at the conclusion of which Mr. Hand offered a prayer.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That a committee of three be appointed to await upon His Excellency the Governor and inform him that the Senate has organized and elected Honorable Wayne Dumont, Jr., of the County of Warren, President, and Henry H. Patterson, of the County of Monmouth, Secretary, and is now ready to proceed to business and also to receive any communications that he may forward.

Whereupon, the President appointed Messrs. Stout, Hillery and Murray as a committee of 3 to await upon the Governor, and notify him that the Senate has organized.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the Secretary of the Senate be directed to inform the General Assembly that the Senate has organized and elected the Honorable Wayne Dumont, Jr., of the County of Warren, President, and Henry H. Patterson, of the County of Monmouth, Secretary, and has proceeded to business.

Mr. McCay then presented a petition relating to the conduct of the general election held on the 8th day of November, 1955, in the County of Camden, which was ordered received and spread upon the Journal.

PETITION OF PROTEST

To the Honorable President and Members of the Senate of the State of New Jersey:

PETITION OF PROTEST

The petitioner, William G. Rohrer, of 32 East Cuthbert Boulevard, Westmont, Township of Haddon, County of Camden, and State of New Jersey, respectfully shows:

1. Your petitioner was a candidate for the office of State Senator from the County of Camden and State of New Jersey in the General Election held on November 8, 1955. As a result of said election, it was announced by the Camden County Board of Canvassers that Joseph Wm. Cowgill was duly elected as Senator from Camden County by a majority of 309 votes.

2. Whereupon your petitioner applied for and secured an Order directing a recheck and recount of the votes cast in the County of Camden at said election for the office of State Senator from Camden County. As a result of said recheck of the voting machines in the County of Camden it was determined and announced by an Order of the Honorable Frank T. Lloyd, Jr., that the following vote was cast for the respective candidates:

Joseph Wm. Cowgill	54,683
William G. Rohrer	54,393
Net difference	290

3. That notwithstanding the Order of the Honorable Frank T. Lloyd, Jr., Assignment Judge, Superior Court, the County Board of Elections did not recount the absentee and military ballots cast in said election for said office.

4. That as a result of information received by your petitioner, it was determined to file a petition to contest said election and the same was duly filed with the Honorable Frank T. Lloyd, Jr., Assignment Judge, Superior Court, on December 12, 1955. Petitioner was informed and verily believes, upon the advice of his counsel and associate counsel, that said petition for contest could be filed on or before December 12, 1955. Petitioner was informed that a petition

for contest could be filed within that time by reason of the fact that the Order of Judge Lloyd entered December 2, 1955, officially recognized and accepted the results of said recheck of the voting machines made by the Camden County Board of Elections.

5. Petitioner is informed that his counsel and associate counsel were relying upon the decision of Judge Schettino made in a similar case, In re *Smock, New Jersey Superior Court,* 1949, 5 N. J. Super. 495, 68 A. (2d) 508, wherein Judge Schettino held that until the Court has terminated the proceedings, it cannot be said that there has been any "result" of the recount pursuant to the statute. Measured by that time and event, the petitioner's petition of contest was filed within time. No order was ever entered in the recount proceedings abandoning the recount of the absentee and military ballots by your petitioner or his attorneys.

6. Upon a motion for formal judgment made by Joseph Wm. Cowgill in the contest proceedings, which was heard by the Honorable J. Wallace Leyden, *J.S.C.,* the Court gave consideration only to the question of the time within which the petition of contest may be filed and no consideration was given by the Court to any of the meritorious points raised on the motion for summary judgment. By Order entered December 29, 1955, a judgment was entered in favor of Joseph Wm. Cowgill and against the petitioner, William G. Rohrer, dismissing the petition and action in the contest matter because it appeared that the within action was not filed within the time provided by law and for no other reason. Petition was therefore dismissed on technical grounds and the decision in no way reflected upon the merits of the contest action. Petitioner was relying upon the rule defined by Judge Schettino in the Smock case, *supra,* and every effort was made to file the petition within time. An appeal is being taken upon said decision to the Appellate Division of the Superior Court and is presently in the hands of petitioner's counsel with instructions to file the same.

7. Since the filing of the petition on December 12, petitioner has continued a further and most exhaustive investigation into the question of illegal voting and irregularities in the election of November 8, 1955, for the office of State Senator from Camden County and can represent and state without equivocation that the following facts have been reliably and accurately determined:

Of a total of 104 voting districts in the 14 wards of Camden City, 15 districts in 6 wards were checked and investigated and several other scattered districts. A concentrated check and investigation was made of the 5th Ward. The following is a summary of the results obtained and it must be borne in mind that these results were obtained within a short space of two weeks with limited funds and personnel and without the benefit of any official stature in said investigation.

The summary of illegal votes discovered:

Voters living in other wards and districts than the ward and district in which they voted	116
Voters living within a different district in the same ward than from which they voted	26
Voters who do not live in the City but in the County and voted in the City	56
Voters living outside of Camden County and voted in the City	12
Voters living outside of the State of New Jersey and voting in the City of Camden	18
Voters disqualified by reason of conviction of a crime within the Election Laws	3
Multiple voters	3
Dead persons	2
Voters not living at the address from which they voted and who are unknown at that address and within that neighborhood	227
	463

A concentrated effort made within the 5th Ward reveals the following results:

DISTRICTS	1	2	3	4	5	Total
Voters outside of ward..	14	15	12	7	6	54
Voters in another district in same ward	1	2	0	1	0	4
Voters outside of City and in County	3	3	3	5	1	15
Voters in a County other than Camden County..	0	0	1	1	0	2
Voters living outside of the State of New Jersey	3	1	0	0	1	5
Voters convicted of crime	0	0	0	1	0	1
Multiple voters	0	1	0	0	0	1
Unknown in neighborhood	21	16	10	13	31	91
Total	42	38	26	28	39	173
Votes cast in Districts..	380	355	208	366	346	1764

It will be immediately observed from this concentrated investigation of this ward that an average of 10 per cent illegal votes has been discovered and determined. Your petitioner honestly, sincerely and definitely believes that if a full and complete investigation is made, hundreds more of such illegal votes will be discovered in districts and wards which are investigated.

8. The aforesaid investigation clearly reveals that a definite trend has been developed indicating where an exhaustive investigation has been made, that approximately 10 per cent of the total votes cast are illegal votes.

9. In addition to the foregoing, petitioner's investigation discloses that in May of 1955 the Camden County Board of Elections had returned to it 22,815 sample primary ballots which were undeliverable by the Post Office Department. On May 25, 1955, the Camden Board of Elections authorized that recheck cards be sent to all people who had ballots returned, except those who live in large housing buildings. Approximately, 13,000 such cards were sent, of which 10,195

were returned to the Camden County Board of Elections by the Post Office Department as being undeliverable. Whereupon the Camden County Board of Elections did on or about September 15, 1955, at great and substantial expense to the taxpayers of Camden County cause the aforesaid 10,195 names to be advertised in the newspapers in Camden County with notice being given to the aforesaid persons, pursuant to the statute in such case made and provided, in the language of the notice, "In order for any of the above-named citizens to have their registrations and record of voting forms replaced in the active file and be permitted to vote at the forthcoming General Election of November 8, 1955, and any subsequent elections, it will be necessary that they call in person at the office of the Camden County Board of Elections—or at the office of the Borough or Township Clerk in the municipality in which they reside, and submit proof of their identity and residence—this must be done on or before September 29, 1955." Notwithstanding the aforesaid notice, the Camden County Board of Elections permitted the signature registry sheets of said 10,195 persons to remain in the signature registry books and petitioner is informed and verily believes that more than 408 of such persons illegally cast votes at the General Election held on November 8, 1955. In addition thereto the Camden County Board of Elections illegally and wrongfully permitted the balance of said 22,855 signature registry sheets, or an additional 12,660 signature registry sheets to remain in the signature registry books, without investigation or verification that said individuals resided at the respective addresses appearing in the records of the Camden County Board of Elections.

10. Petitioner truly feels and states that this Honorable Body should investigate the election held on November 8, 1955, for the office of State Senator from Camden County and that a full and complete investigation will disclose fraud and illegal acts committed by the Camden County Board of Elections with respect to the 22,855 individuals whose sample ballots were returned by the Post Office Department in May of 1955 as well as with respect to the 10,195 such ballots which were advertised. Such an investigation will disclose a substantial and significant percentage and numbers of illegal votes cast at said election, in addition to the foregoing individuals unqualified to vote because they did not reside in the district in which their polling place was

located pursuant to the statutory requirement. In many such instances, such voters will be found to be a resident outside of the County and even the State of New Jersey.

WHEREFORE, Your petitioner respectfully prays that this Honorable Body will withhold the seating of Joseph Wm. Cowgill as Senator from Camden County and cause a full and complete investigation to be made into the election for said office held on November 8, 1955, to the end that this Honorable Body might preserve the sanctity, dignity and legality of all elections of its members. Your petitioner prays that until such time as the investigation has been completed, a report filed with this Honorable Senate, and action taken thereon by this Honorable Body, that said Joseph Wm. Cowgill be denied a seat as Senator from Camden County.

/s/ WILLIAM G. ROHRER.

STATE OF NEW JERSEY, }

COUNTY OF CAMDEN }

William G. Rohrer of full age, being duly sworn according to law, upon his oath deposes and says:

1. I am the Petitioner in the foregoing petition named and I have read the foregoing petition. The facts, matters, and statements therein contained are true to the best of my knowledge and belief.

/s/ WILLIAM G. ROHRER.

Sworn and subscribed to before me this 9th day of January, 1956.

ETHEL W. ATKINSON,
Notary Public of New Jersey.

My commission expires March 13, 1957.

Mr. McCay offered the following resolution:

WHEREAS, A petition has been presented to the Senate alleging that the general election held on the 8th day of November, 1955, in the county of Camden was tainted with fraud; now, therefore,

Be It Resolved, That the validity and propriety of such election and the return thereof be referred to a committee of 5 members of the Senate to be appointed by the President of the Senate when elected and that said committee inquire

into and investigate the validity and propriety of said election and the return thereof, and that for the conduct of such inquiry and investigation said committee shall have power to employ such counsel, investigators and stenographic, clerical and other assistants as it shall determine to be necessary for the conduct of said investigation; to issue subpœna to compel the attendance of witnesses and the production of papers, records and such other documents as it may deem to be pertinent to the proper conduct of such inquiry and to hold hearings in connection with said inquiry in any part of the State on such days as it shall from time to time determine and that said committee report its findings to the Senate at this Session of the Legislature.

Which was read and adopted by the following vote:

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the number of copies of the Legislative Manual apportioned by law to the State Senate be distributed on the same basis as the session of 1955.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That 1,000 copies of each bill, joint resolution and concurrent resolution be printed for the use of the Senate, and 700 copies of each official copy reprint.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the Committee on Ways and Means be authorized to procure bill files and the necessary stationery and supplies for the use of members and officers of the Senate.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the President of the Senate be hereby directed to instruct the printer to mail to each member of the Senate, at his residence and business address, at least one copy of each bill and resolution, both Senate and General Assembly, as soon as the same is printed.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That 600 copies of the weekly Senate Journal be printed and the printer directed to mail copies to each member of the Senate and General Assembly and to the clerical officers of each body.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the Rules of the Senate for the legislative year 1955 be adopted as the Rules of the Senate for the legislative year 1956 until further order of the Senate.

Mr. McCay offered the following concurrent resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the printer be directed to furnish to the State Library as soon as printed, for the use of the Legislative Department of said State Library and for exchange by said State Library with the State Libraries and Legislative Reference Libraries of other States, 30 copies each of all

bills and joint and concurrent resolutions introduced in the Senate and General Assembly, as well as printed committee substitutes; also 20 copies of each weekly installment of the Journal of the Senate and Minutes of the General Assembly, and 30 copies of each official copy reprint of all bills and joint and concurrent resolutions.

The Secretary was directed by the President to carry said concurrent resolution to the General Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Mr. McCay offered the following concurrent resolution, which was read and adopted:

Be it Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Secretary of the Senate and the Clerk of the General Assembly be designated as requisition officers for the Legislature, their compensation to be $750.00 each, for the legislative year.

The Secretary was directed by the President to carry said concurrent resolution to the General Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Mr. McCay offered the following concurrent resolution, which was read and adopted:

Be it Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the present contract with MacCrellish & Quigley Company for furnishing all legislative printing be continued on the same terms until definite arrangements are made with the Director of the Division of Purchase and Property.

The Secretary was directed by the President to carry said concurrent resolution to the General Assembly and inform that body that the Senate has passed the same, and requests its concurrence therein.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the Governor's Messages be spread in full upon the Journal of the Senate and a sufficient number of copies of same be printed for distribution.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That Earl N. Van Hart, of the County of Burlington, be appointed Clerk to the Majority Leader of the Senate, for the legislative year, at a salary of $500.00.

Mr. Ridolfi offered the following resolution, which was read and adopted:

Resolved, That Simon Falcey, of the County of Mercer, be appointed Clerk to the Minority Leader of the Senate, for the legislative year, at a salary of $500.00.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That Frank X. Hinek, of the County of Warren, be appointed Secretary to the President of the Senate for the legislative year, at a salary of $1,000.00.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That Franklin R. Sickle, of the County of Warren, be appointed Assistant Secretary to the President of the Senate for the legislative year, at a salary of $500.00.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That George Harkins, of the County of Camden, be appointed Sergeant-at-Arms of the Senate for the legislative year, at a salary of $500.00.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That the Reverend W. Neal Raver be appointed as Chaplain of the Senate for the legislative year, at $750.00, to be paid in the same manner as all other legislative employees.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That George Reeves, of the County of Cumberland, be appointed Supervisor of Bills for the legislative year.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That Edward L. O'Brien, of the County of Gloucester, be appointed Assistant Supervisor of Bills for the legislative year, at a salary of $600.00.

Mr. Farley offered the following resolution, which was read and adopted:

Resolved, That Leon Leopardi, of the County of Atlantic be appointed Journal Clerk of the Senate for the legislative year, at a salary of $1,200.00.

Mr. Hannold offered the following resolution, which was read and adopted:

Resolved, That George Kerby, of the County of Gloucester, be appointed Calendar Clerk of the Senate, for the legislative year, at a salary of $700.00.

Mr. McCay offered the following concurrent resolution, which was read and adopted:

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That at 1:30 P. M. both houses of the Legislature meet in joint session for the purpose of receiving the annual message of His Excellency Robert B. Meyner, Governor of the State of New Jersey, which will be delivered in person.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That James W. Deck, of the County of Essex, be appointed Doorkeeper for the legislative year, at a salary of $200.00; and that John J. Scola, of the County of Essex, be appointed Page for the legislative year, at a salary of $200.00.

Mr. McCay offered the following resolution, which was read and adopted:

Resolved, That Chester F. Sikinski, of the County of Hudson, be appointed Clerk to Committee, at a salary of $500.00 for the legislative year.

The President appointed the following Senate committees for the legislative year:

Further Resolved, That in order to carry out said practice and procedure, Charles DeF. Besoré, John W. Ockford and H. Arthur Smith, Jr., be designated as counsel to the Committee on Revision and Amendment of the Laws of the Senate and that the duties of such counsel shall be to conduct said preliminary examination of bills proposed for introduction in the Senate under the general supervision of the chairman of said committee and through the Division of Law Revision and Bill Drafting of the Law Revision and Legislative Services pursuant to law.

Mr. McCay offered the following resolution which was read and adopted:

Senate Resolution No. 1, entitled "A resolution to create an investigating committee consisting of 5 members, to be appointed by the President of the Senate, with power to investigate any public body receiving funds in whole or in part from the State,"

Be It Resolved by the Senate of the State of New Jersey:

1. There is hereby created a committee to be known as the "Senate Investigating Committee" to be composed of 5 Senators to be named by the President of the Senate, who shall constitute a committee for the purpose of investigating the finances, affairs and operations of any and all departments, boards, officers and commissions of the State Government, and all other bodies and political subdivisions of the State who shall be receiving State moneys or public funds of any kind. The committee is authorized to examine into the pay and duties of the employees and the conduct of the work and affairs of all such boards, commissions, officers and departments and other bodies and political subdivisions

of the State who shall be receiving State moneys, for the purpose of recommending ways and means of reducing costs of administration and promoting efficiency.

2. Such committee shall serve without pay, but is authorized to employ counsel and such accounting, investigating, clerical or other assistants as to it may seem necessary.

3. Such committee shall have the power to subpœna and examine witnesses, and any accounts, records or other matter pertaining to the operating of any department or departments of the State Government, of any political subdivision of the State, or of any other body receiving State moneys or public funds of any kind, or of any bi-State commission which may be acting jointly with another State.

4. The committee may appoint a secretary who need not be a member of the committee. Said committee shall meet from time to time, hold hearings and examinations in a manner and in places which to them may seem best and proper.

5. Any agency, board or department of the State Government, any officer or employee of any political subdivision of the State or of any other body receiving State funds, and the officers and employees of any bi-State commission which may be acting jointly with another State, shall furnish to such committee such information, records and data as may be required for a comprehensive analysis of the operation and financial affairs of such agency, board or commission, or other public body, including any bi-State commission, as from time to time such committee shall determine.

6. Investigations and examinations may be made privately or publicly, but it shall be unlawful for any person to divulge the results of any investigation or examination to any person or persons other than such committee, unless a public hearing shall have first been held. Whenever any person shall be examined by such committee or by its duly authorized representative or representatives, under the powers contained in this act, at a public hearing, the officer, department, board, bureau, commission or individual under investigation or scrutiny may through his or its authorized representative or representatives cross-examine any such person on any phase of the matter concerning which he has been examined or questioned, and such officer, department, board, bureau, commission or individual may introduce

other evidence to explain, enlarge upon, or clarify the matter, situation or condition under investigation or scrutiny to the end that the full details of any such matter, situation or condition may be developed and presented at one and the same time.

7. This committee shall remain in effect and force until the opening day of the 1957 Legislature, notwithstanding any *sine die* adjournment.

Mr. McCay offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Senate do now recess and proceed to the Assembly Chamber for the purpose of receiving the Annual Message of the Governor.

GOVERNOR'S MESSAGE

January 10, 1956.

Mr. President, Mr. Speaker and Members of the Senate and General Assembly:

I take pleasure in greeting the members of the 180th Legislature of New Jersey and in reporting to you, in accordance with the Constitution, the condition of the State and the measures which are deemed desirable in the year to come.

The general theme of this message is that most of the problems that confront the State are products of our growing population and expanding economy. If we were not enjoying a period of progress, we would not need — as we do — more schools, more highways, more recreational facilities and many other things, nor would we be obliged to increase our present services. Fortunately, New Jersey is not stagnating, but it is forging ahead and, in the process, it is up to you and to me to see that State Government meets the demands that come with the impact of growth and change.

What Nature Abhors

In our classic system of checks and balances, the Executive and the Legislature each acts in its own sphere, but something like anarchy would result if the spheres were to become separate vacuums. If New Jersey is to have an effective democracy, you and I must work together, putting aside selfish motives and narrow sectional considerations in the interest of the State as a whole.

Rivalry between political parties, at its best, is a sound and wholesome thing, because it is an appeal for the moral and intellectual approval of the people. But, at its worst, it descends to the frustration of the democratic process and to the denial of worthy and badly-needed measures.

In an effort to increase cooperation between the Executive and the Legislature, I established a bipartisan Conference. On the morning of every legislative day, I meet with the Senate President and the Assembly Speaker and the majority and minority leaders of the Senate and General Assembly. At these meetings, I outline the measures which in my opinion are needed, at the same time inviting the views of the conferees. I will continue to do my best to assure that these meetings are not a mere matter of form or ceremony, but that they will serve to promote a constructive exchange of ideas and to arrange for cooperative action between the two branches of government.

AN OPEN DOOR POLICY

My office door is open not only to the leaders but to any member of the Legislature who wishes to consult on State matters. And this holds true for the members of the Cabinet, division and bureau chiefs and all other State officials who have facts at their disposal of value to members of the Legislature. I am a firm believer in the sovereign quality of facts as a condition precedent to legislative action, since many of the disputes over measures arise from a lack of knowledge of the underlying problem. The facts as I have them are yours for the asking.

In my two years in office, it has been the practice of the Legislature to remain in continuous session. If this practice is to continue, I merely request that the Senate take prompt action on appointments, either in confirmation or in rejection, in order that the work of the State may proceed in an orderly manner. When an appointment collects dust in a pigeon hole, it often means that important State business is neglected for want of an official to fill the post.

In the past two years, I have vetoed measures that would have cost New Jersey millions of dollars, not only in immediate expenditure but also in annual recurring obligations. Many of these bills were of local and special nature and of no value to the State as a whole. There is no magic possible in the operation of the State Treasury. All funds come out of the taxpayer's pocket. My policy will continue

to be that bills requiring expenditure of public funds must be predicated on the availability of revenue.

A Duty Neglected

Since proper representation is at the root of the democratic process, I urge you as one of your first tasks in this session to remedy a long-neglected situation, namely, reapportionment of the Assembly in accordance with population changes. This is a task enjoined upon you by Article 4, Section 3, of the State Constitution, which provides that "apportionment of the members of the General Assembly shall be made by the Legislature at the first session following the next and every subsequent census . . ."

Though the last census was taken in 1950, five sessions of the Legislature have come and gone without action in this vital matter, in marked contrast to the historical pattern. Looking back to the middle of the nineteenth century, the Assembly was reapportioned every decade until the present one, and except in one case the Legislature acted promptly in the year after the decennial census. Reapportionment involves some painful choices and some difficult judgments. Even so, it cannot justly be longer deferred.

Similarly, it is incumbent on the Legislature to redistrict the State for congressional purposes. Though this also is a duty of the Legislature, it has not been done since 1931, a quarter of a century ago. Meanwhile, there have been wide population shifts, with the result that many of our sections are either over-represented or under-represented in Congress.

The Incredible Seventh

One of the districts—the Seventh—is a graphic example of the gerrymander, that type of districting designed to keep an individual or a party in office without regard for the basic needs of the constituents. This district begins north of Trenton, comprises all of Hunterdon, all of Warren, all of Sussex, and parts of Passaic and Bergen. It starts on the Delaware and ends up in dog-leg fashion on the banks of the Hackensack.

I hope that the 180th Legislature will make itself memorable by Assembly reapportionment and congressional redistricting in accordance with the basic philosophy of American democracy.

While the voting machine system is now established in twelve of our counties, nine are still using the old-fashioned paper ballots. I continue to favor legislation to make the use of voting machines mandatory in all counties as the most accurate, quickest, most convenient and most trusted of all voting methods. The initial cost of the machines is made up in time by economies in the voting process.

THE LIABILITIES OF PROGRESS

We have at this time an increasing and highly mobile population, industrial and residential growth, a minimum of unemployment, large cash incomes and heavy spending.

As I have said, to a large extent the State's problems arise out of these very conditions. When population grows, more schools are needed for the young and more care for the old. When industries and residential areas expand, and when income is high, more cars and trucks congest our highways. The assets of progress are always accompanied by certain liabilities.

THE STATE HIGHWAY PROBLEM

Each year the highway needs of New Jersey grow more critical; indeed, in some sections, we are approaching strangulation. Last year 140,000 new registrations played a part in adding one billion miles of motor vehicle travel within the State—and that figure does not include our expanding interstate traffic. Many of our State highways are already burdened with more than twice their designed capacity.

THE COST

It will cost some two billion dollars, over a ten-year period, to modernize our State highway system, as estimated by the State Highway Department. It will take $600,000,000 to improve the existing interstate system; $300,000,000 for new interstate routes; and more than one billion for new State roads and improvement of existing

roads not in the interstate system. In this estimate, provision is made for freeways—that up-to-date form of limited access thoroughfare so vital to the convenience and economic health of our urban areas.

What We Are Spending Now

Against this two-billion-dollar requirement, we will spend only $34,000,000 on construction during the current fiscal year, and of this $12,500,000 represents federal aid. The State is entitled to an additional $14,000,000 in Federal aid for which no State matching funds have been made available. It is apparent that no real relief of our traffic-choked system is possible unless additional funds are made available.

In the last session of Congress, there was much debate over various proposals for a major national attack upon the nation's traffic congestion. Congress was unable to agree last year on a national highway measure, but the issue is certain to be given due consideration during the 1956 session of Congress. Unless Federal assistance in generous degree is forthcoming, some means must be found to provide needed funds at the state level, perhaps in the form of a bond issue.

Contributions to Safety

Meanwhile, our Highway Department is stretching the construction dollar to the utmost in its effort to provide new roads, as well as to improve existing roads.

It is making contributions to safety by the erection of center island barriers, building creeper lanes for trucks and painting white strips on the outer edges of pavements. These innovations, we believe, have already paid dividends in accident prevention. New life is being breathed into the highway system by dualizing existing two-lane and three-lane roads; construction of more overpasses; closing islands; removal of thousands of encroachments; banking of curves; designating speed and no-passing zones; improving road signs; and other changes.

WHERE GRASS DOES NOT GROW

I think we should approach our highway problem not in a sense of dismay over its cost but in gratitude for the progress which has created it, and in the sense of the old chestnut that grass does not grow on a busy street. Our job is to adapt the highway system to the affluence that has permitted so many more people to own cars and that has created the vast new commerce by truck and trailer. It is a liability of expansion. And that theme, in a far deeper and more meaningful sense, may be applied to our educational needs.

OUR NEEDS IN EDUCATION

Last year, in Harper's Magazine, Peter F. Drucker made this striking statement: "The most important economic event of 1954 went almost unreported in the newspapers. It was the announcement that 4,060,000 babies had been born in this country during the past year — the largest baby crop ever." This figure will be approximated, if not exceeded, for 1955. The baby boom is no new thing. It has been going on since the Second World War, and it means, according to the Census Bureau, that this country, with a present population of about 166,000,000 will increase to 190,000,000 by 1965 and 207,000,000 by 1975.

The increased birth rate has already affected New Jersey schools, and will continue to do so for years to come. It is welcomed as a new mark of national strength and as a source of increased wealth. Since the beginning of the school year 1952-53, enrollments have increased by more than 112,000. It has been necessary to add nearly 5,000 to the teaching staff and in the past two years the citizens of the local school districts have approved the expenditure of $131,000,000 for capital purposes — a sum, as it happens, greater than the total of all such expenditures for the entire decade 1940 to 1950. It is estimated that an additional $100,000,000 will be approved by local districts for school construction during the present school year.

NEW STATE AID

As we all know, and as the State Government has already recognized, the burden of increased educational costs upon local districts has become most difficult. That is why the new State Aid Formula went into effect this current school year, by which $63,500,000 in State funds was distributed to the schools. This is more than twice the sum distributed during the last year of operation under the old formulas. And, as a footnote, about $1 of every $3 collected in taxes by the State goes for educational purposes of all types.

CONSTRUCTION NEEDS

But the flood tide of needs continues to pour in upon us. In spite of the large sums recently spent for school construction, more than 50,000 pupils are on a part-time basis or are housed in temporary or substandard quarters, while many classes are too large. And these conditions will increase in intensity as time goes on. It was this subject which inspired the eighth report of the State Tax Policy Commission, submitted to the Governor and the Legislature in May, 1955.

After an awesome array of facts and figures about school needs and growing school populations, the Commission proposed a school construction aid program. Estimates have been made that the cost to the State could run as high as $15,000,000 for the first year, and increased amounts thereafter as the school population increases. The commission said that adoption of the program will require additional revenue, but it did not recommend a means for raising it. No action has as yet been taken by the Legislature on the proposal of the State Tax Policy Commission, but it continues to hold a high claim on your deliberations.

AT THE UPPER LEVEL

Many of the boys and girls who yesterday, so to speak, entered the elementary and secondary schools in such phenomenal numbers, tomorrow will be seeking admission to colleges.

New Jersey presently sends more than half of its college-bound youth out of the State. Already, institutions in other States, faced with the on-coming wave of applicants for admission, are beginning to sound warnings that future limits will be set on the numbers from New Jersey who can be accommodated.

The State Board of Education has authorized an extensive investigation in this area and, by June, expects to publish a study which will give us some idea of the problem we shall have to face in higher education.

The Board of Trustees of Rutgers has drawn a plan for reorganization of the State University which will doubtless be submitted to you at this session.

As in the case of the highways, the Federal Government last year gave some evidence of awareness of its responsibilities in the field of education. The concrete measure offered by the administration, however, fell so far short of the nation's needs that it gathered little support either in Congress or from the States. It would have benefited New Jersey not at all. But the impetus for Federal aid without impairing State and local control of schools will continue to grow. It was the overwhelming decision of the recent White House Conference on Education in Washington, attended by citizen delegates from all the States, that Federal aid should be granted for school construction.

But Federal aid or no Federal aid, New Jersey cannot shirk what is at once its duty and its opportunity to provide adequately for its children's education. They are the State's true wealth — its greatest resource — whether estimated in sentimental and spiritual values or in stark economic terms as the producers and consumers of tomorrow. Education is the life blood of democracy.

Water Is Still a Problem

In turning to the subject of water, here again is a need brought about by an expanding economy, for if the State were not growing in population and industrially, we would not be too concerned about the assurance of future water supply. Last November, the people rejected at the polls the

proposal of a $100,000,000 bond issue to build a reservoir at Chimney Rock in Somerset County and to provide water storage elsewhere in the State, particularly in South Jersey.

The people's verdict was not against the solution of the water problem. It only ruled out Chimney Rock as a site. The lesson to be learned from the Chimney Rock proposal is that there are human values involved in setting aside land for water storage that cannot be calculated by the slide rule or the mathematics of an engineer. And, while any site that is eventually chosen is bound to affect the lives of some people, the cost in those terms should be fully considered.

A Fresh Approach

It is up to you, the Legislature, and to me, the Governor, to make a new approach to the water problem and to find a solution which will be acceptable to the people. If I may state the situation again in simple terms, it is that New Jersey, with an average rainfall of about 45 inches a year, receives all the water it needs; the only question is storage that it may be used as required. We have the resources. We need only to store them.

It is my conviction that the State should acquire sites for storage of water before development makes their acquisition prohibitive.

If anything were needed to dramatize the situation, it was last year's weather performance. After a protracted drought in the first part of the year, reaching serious proportions in July, we were visited in a little over two months by a series of four floods. One of these was by far the most damaging in the State's history. These floods and the series of droughts since 1949 have proved that the storage of water is essential to the welfare and safety of our people.

Tragedy of Flood Losses

Although insurance of all kinds is almost a fetish with the American people, last year's floods again highlighted a serious hiatus in the insurance picture. Thousands of people suffered tragic losses of property for which there was no possibility of recovery. In many cases, homes were

lost on which mortages must still be paid. I suggested then, and I repeat, that if the private insurance companies cannot work out a plan to indemnify citizens against flood losses, the Federal Government should devise means to do so.

I suggest, too, that the U. S. Weather Bureau should cooperate more closely with state agencies to release flood warnings to the public and to all disaster relief officials.

A study is in the process by the Department of Conservation and Economic Development to determine whether municipalities should be authorized to mark flood areas and to establish a system of flood zoning, so as to discourage building and development in areas subject to overflow.

HOUSING NEEDS

A report released by the Department of Conservation and Economic Development last month revealed a shortage of housing for certain income groups. There are in the State more than 108,000 substandard dwelling units, a term that means a house lacks toilet or bath or has no piped running water. This is a reminder that the slums are still with us, with their festering sores of misery, crime and deliquency. The report estimated that 120,000 dwellings are needed for families of moderate income.

At the close of the last session, I signed into law a resolution to create a special study group to investigate the problem of middle income housing. It is my hope that the special study group will take advantage of the work done by the Department of Conservation and Economic Development and its advisory committee, so that needed legislation can be expedited.

IMPACT OF GROWTH

The face of New Jersey continues to change rapidly with new construction and development everywhere. Outward-thrusting communities, new areas of industrial and commercial enterprise testify to the State's vitality and growth. There are only three States smaller in area than New Jersey, but we rank eighth in population, sixth in per capita income and seventh in manufacturing production. Our

11,000 industrial firms have an annual output valued at five billion dollars. The year 1955 saw much new industry of diversified nature enter the State.

Under the impact of this growth, new problems arise as older formulas for meeting the needs become inadequate, if not obsolete. The need for intelligent planning becomes more and more urgent in order to make full use of our physical resources, to maintain a strong base for our economy and to fulfill demands for housing, education, transportation and recreation.

Need for Planning

The proper use of land cannot be taken for granted and we have revitalized our state planning agency to take a fresh look at this aspect of the State's welfare. The lack of proper planning underlines many of the difficulties encountered in the expansion of our towns and cities. By participating in the Federal program of urban planning assistance, the State will be able for the first time to give technical aid to communities struggling to lay the groundwork for orderly development. The new emphasis on state planning also holds the promise of more efficient use of available physical assets in the operation of State Government.

The State has recently acquired three valuable areas: Island Beach, the Worthington Tract and the Wharton Tract. All of them possess immense possibilities for the health and welfare of the State. It seems to me, what with these new areas plus our system of parks and forests, we should now be concentrating on the development stage. A statement of policy is needed from the Legislature as to the uses to be made of our lands for recreation and other purposes in this most highly urbanized State of the Union.

State Employees

During the past year, I asked several members of my Cabinet to form a Personnel Committee to study the conditions of state employment as compared to employment in similar positions in private business and other organizations. Based on this study, as well as a recognition of

specific needs indicated by our experiences in State Government, I will make specific recommendations in my forthcoming Budget Message.

State Office Buildings

I have repeatedly called attention to the need of more space for State offices. You need only to make a tour of Trenton to find out how badly we are crowded and in how many different and inconvenient places the State's functions are discharged. Some of the quarters would be condemned by our own inspectors if they followed the rules applicable to private buildings. And we are paying more than $1,000,000 in rent in the Trenton area. I have suggested a number of buildings to remedy the condition, but another proposal is for a multi-storied type of building on the State House grounds.

While I have no pride of opinion as to the course to be taken, I think we should be careful to choose the right one. A multi-storied building on West State Street would create difficult traffic and parking problems. As for a building for the Department of Labor and Industry, funds for such a building are already available from fines and penalties under the Unemployment Compensation Act. I am sure the Federal Government, which has a stake in these funds, would contribute liberally to a separate building for the Department, making payments in lieu of rent. I do not know what financial responsibility Washington would assume if the department were housed in a general office building. A relevant factor, also, is the position that Federal defense officials have taken with respect to encouraging dispersal and decentralization policies in urban areas.

To help me in arriving at my own ultimate decision, I have asked some experts in private business, who have had much experience in constructing office buildings, to advise me of their conclusions on cost and location. This information will be made available to the Legislature when it is forthcoming.

THE NEED FOR A POLICE TRAINING PROGRAM

It seems to me unsound to give a man a badge, a club and a gun and send him out for police duty unless he is properly screened and trained.

With increasing population in New Jersey, the burden on local law enforcement officers continues to mount. Modern conditions of travel and improvement in methods of criminal detection make the task of local officers far more complicated than it used to be. Today a criminal can traverse the State from north to south within three hours and from east to west in one hour.

The job of police officer has lost its traditional concept of being local in nature. I recommend that we inaugurate a police training program, similar in nature to that already employed by the State Police and various local training programs, to apply to all municipalities. Such a program would require a potential police officer to receive a thorough course with academic subjects, clinical experience and physical training.

Aside from the State Police Academy, the Newark Police Academy has maintained a fine standard of compulsory training; in Union County, the Chiefs of Police Training Association since 1947 has offered training courses to county agencies; the South Jersey Suburban Police Association, established in 1927, has conducted a series of training courses; the City of Jersey City has a police training school.

What I am proposing is that a movement which has already gained headway and public acceptance be broadened so that all police officers be properly trained before they assume their duties or after they have been appointed for a probationary period and before their appointment becomes permanent. A recent survey shows much sentiment for this action. Of 512 inquiries, 392 were answered. Of these, 128 municipalities said they were participating in a voluntary program, or had too small a staff for training. Two replied that compulsory training was in force. The remaining 262 municipalities replied they would welcome training.

The legislation I request would not be designed to infringe upon local control but is advocated solely to aid the municipality in improving its service to our citizens.

Crime Reporting

I should like to repeat a recommendation made in my first annual message for an adequate system of crime reporting. Intelligent law enforcement requires an ability to review accurately past and present criminal experience so that, at any given time, law officers may measure the results of their efforts. I hope you will establish an adequate system of compulsory crime reporting centering in the State Police.

Statute Revision

There has been no over-all revision of the statutes of New Jersey since 1937, and even in that year much of the work consisted of compilation, rather than thoroughgoing revision. At the time, it was contemplated that the laws would be subjected to a continuing course of revision, year by year, but that expectation has not been fulfilled.

Since 1937, many amendments and exceptions have been made in the laws, which have come to represent a jungle growth rather than an orderly development. As a result, it is often very hard to find out what the law actually is in many areas. A lawyer almost has to be a soothsayer to supply answers to his clients and to prepare his cases.

Among the sections most glaringly in need of revision are Title 40, covering counties and municipalities, and Title 19, covering election laws, though there are many others also in need of attention. A study is being made of Title 19, but no final results have been announced. The Governor and the Legislature should work together to bring about revision of our statutes.

Apart from the difficulties encountered by lawyers and judges, it is easier for laws to be obeyed when their intentions are clear. Evasion and violation are most likely to occur when doubt exists.

We also need an administrative procedures act. It should provide for prompt publication of rules and regulations,

and provide minimum requirements of fairness in the conduct of hearings by State agencies. The Constitution states: "No rule or regulation made by any department . . . shall take effect until it is filed with the Secretary of State . . . The Legislature shall provide for the prompt publication of such rules and regulations." We should proceed to carry out the provisions of the Constitution.

Rapid Transit in Our Metropolitan Areas

A reconstituted Metropolitan Rapid Transit Commission, financed by an $800,000 grant from the Port of New York Authority, is conducting public hearings and making a comprehensive study of traffic conditions in the New York-New Jersey metropolitan area. Its report, I am sure, will give us a fresh look at the intricate problems surrounding rapid transit in that area, and its finding should likewise prove of value in the Camden-Philadelphia area of South Jersey. The railroads claim that competitive transportation conditions compel them to carry commuters at a loss, yet it is perfectly clear that rail, as well as highway transportation, is needed to carry vast numbers of commuters back and forth. Out of the Commission's study should come clear answers to many of the hard questions involved.

The Port of New York Authority Program

You have before you for action legislation authorizing a gigantic construction program to be undertaken by the Port of New York Authority, including the double-decking of George Washington Bridge, and Construction of the Narrows Bridge across New York Bay. Almost a year ago, the New York Legislature approved this program, but it still awaits action by New Jersey. I need hardly describe the benefits that will accrue to the whole metropolitan region from this program, nor do I need to labor the desirability of your prompt action.

THE PROBLEMS OF OLD AGE

The lengthening life span plus the increasing prevalence of public and private pension plans present the nation with a set of problems concerned with making old age pleasant and useful. Numerous organizations are making studies of these problems. The Legislature has established the New Jersey State Old Age Study Commission, which no doubt will make valuable recommendations. The Council of State Governments has issued a most interesting report. There is a veritable ferment of ideas on the subject from one end of the country to the other.

There are in New Jersey some 450,000 persons over 65, comprising nearly a tenth of our entire population. Since economic factors bulk large in any consideration of old age, it is important to point out that 200,000 are receiving private pensions, are self-supporting or are being cared for by their families; some 225,000 are receiving Federal Old Age and Survivors Insurance; only 20,000 are receiving State Old Age Assistance.

A good many old people are committed to State hospitals on the grounds of senility, and I am afraid that some of them are the victims of family neglect and do not belong in institutions. The commitment procedure should be re-examined.

Medical care, of course, is an urgent need of the old and the New Jersey Welfare Council deserves praise for its study of this aspect. The Council asks for the creation of a State commission to consider how to make adequate medical care available on a State-wide basis.

There are many ways in which the State, working cooperatively with private groups, can stimulate interest in life for the aged. For one thing, meeting places can be provided in schools, churches and other structures unused in the evenings. Adult education programs can be enlarged and geared to the needs and desires of the aged. Private business, which in some cases has done a great deal for the physically handicapped, might discover new types of employment which could capitalize on the skill and wisdom of

older people. Facilities in our parks and forests should be increased to provide wholesome outdoor recreation.

Mental Health

I can report to you substantial progress in our fresh attack on mental disease.

With additional staff and with increased use of the so-called wonder drugs, we have intensified our treatment programs. Approximately 3,600 patients have been receiving the new forms of treatment. About 45 per cent of these patients, many of whom seemed destined to remain for long years in our institutions, have been able to leave. The relief of human suffering and the financial saving justify continued efforts.

During the coming year we shall complete the conversion of the Bordentown plant to its new use as a research and training center for the mentally retarded. This will substantially reduce the waiting list and should begin to find new answers to the many unknowns in this important field.

Agriculture

Agriculture remains an important segment of our economy despite the expansion of industry and housing developments in our rural areas.

Improved methods of production and marketing, programs for eliminating infectious plant and animal diseases and harmful insect pests, an adequate milk marketing order, planning for agriculture in terms of our State economy are all the proper concern of our framers and the Agricultural Department. Legislative measures will be submitted to you as the need arises.

Labor and Industry

During the past year labor and industry have shown continued capacity for adjusting differences and reaching agreements with a minimum of disturbance of operations. Generally, the scene has been peaceful and gratifying.

To assist in the maintenance of industrial activity, we should have a State labor relations act. The National Labor Relations Board is increasingly divesting itself of jurisdiction, and this circumstance underscores the necessity for State legislation which will provide adequate means for resolving disputes involving representation and unfair labor practices at the intra-state level.

I again urge that there be adopted a realistic minimum wage law of universal application to all employees in this State who are not subject to federal law. Presently our statute merely authorizes administrative determinations with respect to women and children in specific industries. At its last session, Congress adopted a bill fixing a minimum wage of $1.00 per hour applicable to all employees engaged in interstate commerce. We should not further delay an appropriate State-wide minimum wage.

At the last session, the Legislature increased unemployment compensation and temporary disability benefits from $30.00 to $35.00 per week. That unquestionably was a step in the right direction, but recent studies indicate that the $35.00 figure is inadequate to meet the minimum needs of the unemployed. I urge further study and consideration to the end that a more realistic rate will be adopted.

And since the need of the individual and the public interest in his plight are in no sense related to the number of employees within an establishment, the coverage of these laws should be extended to embrace one or more employees.

So also our existing rates with respect to workmen's compensation benefits are out of line with the needs of an injured employee. There should be a review of the benefit schedules and an appropriate increase in the weekly benefit.

Tax Equalization

There has been progress in the use of equalized real property valuations for apportionment purposes. In 1955, for the first time, the costs of county government were apportioned in five counties after equalization of real property values on substantially a full-true-value basis. State-

wide equalization at the county level is expected in 1956 so that the apportionment of the costs of operating county government, now in excess of $95 million annually, will be made on equalized valuations. However, the operating costs of regional, consolidated and joint school districts are not being apportioned on the basis of equalized valuations. I recommend the enactment of legislation specifically providing that the county boards of taxation shall make such apportionment of these costs.

The 1947 Constitution of New Jersey provides that all real property assessed and taxed locally or by the State for allotment to the taxing districts shall be assessed according to the same standard of value and taxed at the general tax rate of the district in which situated. Existing legislation prescribes full true value as the standard for assessment purposes. There is great lack of uniformity in the assessment of such property, resulting in gross inequities in the distribution of the local tax burden. Such property is not uniformly assessed at either full true value or a fixed percentage of true value. Since local property taxes in New Jersey have now passed the half billion dollar mark, it is of utmost importance that this heavy burden be apportioned as equitably as possible. Existing law imposing a duty upon the Division of Taxation to require revaluation of the real property of a taxing district where inequities exist is thought to be vague. I recommend legislation clarifying the procedure in such cases and at the same time authorizing municipalities undergoing revaluation to meet the cost by emergency financing, spread over a five-year period. The legislative needs in this regard should be carefully studied.

Existing laws relating to the taxation of tangible personal property (inventories, machinery, equipment and household goods) are inappropriate under current economic conditions, for the purpose of fairly apportioning the local tax burden. I believe it desirable that the Legislature carefully study this problem in the hope that more suitable legislation for the taxation of this class of property may be devised.

CONCLUSION

I have confined my remarks to the most pressing problems. There are other important matters about which I shall communicate to you or your leadership from time to time.

You will have my full co-operation, as I have given it during my two years in office. The Legislative and Executive branches can make 1956 a notable year in the history of the State of New Jersey.

ROBERT B. MEYNER,
Governor.

A message was received from the Governor by the hands of his Secretary, endorsed "Veto Message".

Under the direction of the President, the seal of the message was broken, and the Secretary read as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 6, 1956.

SENATE BILL No. 1

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 1 for the following reasons:

This bill is identical with Senate Bill No. 401 of the 1955 Session of the Legislature which I returned without approval.

The bill applies to cities governed by the provisions of P. L. 1899, Chapter 52 and supplements thereto. It would supplement that act by providing that where the governing body, by reason of an equally divided vote, is unable to agree with respect to filling a vacancy in any elective or appointive office in the city or to adopt an ordinance or resolution, it shall be the duty of the mayor to vote for the purpose of filling such vacancy or upon the ordinance or resolution.

This supplement would make a basic change in the nature and function of the office of the mayor of a city governed by Chapter 52 of the Laws of 1899. That chapter provides that the mayor "shall be the chief *executive* officer of such city". He is not a member of the city council, does not preside over the council meetings and indeed need not attend them. The mayor's function with regard to legislation is

confined to a veto power similar to that of the chief executive of the State. His functions are those of an executive charged with the enforcement of the laws and ordinances passed by the council.

This bill would not only give the mayor the right to vote but it would force him to vote in stated circumstances and thus would impose a greater legislative duty upon him than upon the councilmen. The councilmen in fact may abstain. The mayor could not.

Apart from the compulsion to vote which the bill would impose upon the mayor, it is fundamentally unsound to vest in the mayor the power both to legislate and to veto legislation. Not only is this confusion of roles inconsistent with the plan of checks and balances incorporated in the basic statute, but additionally the bill would vest a voting power in an official who is not required to participate in the legislative deliberations and hence could act without the benefit of the impact of the exchange of views requisite for intelligent board action. It should be noted that in the Optional Charter Act (Faulkner Act) adopted in 1950 (Chapter 210) after considerable study, it was provided with respect to the various mayor-council plans that the mayor shall have the veto power but shall not have a vote in matters committed to the council except to break a tie on the question of filling a vacancy in the council itself. This single exception is essentially different from the power which this bill would confer on the mayor to vote in legislative matters and with respect to vacancies in all offices.

I am informed that this bill was prompted by a deadlock as to certain matters in the council of the City of Absecon. But the bill would apply as well to such municipalities as the City of Summit in Union County and the City of Englewood in Bergen County. Moreover, since the bill would empower the mayor to vote whenever the governing body is "unable" to fill a vacancy or to adopt an ordinance or resolution "by reason of an equally divided vote", it would apply to situations in which one or more members of the council happen to be absent when the vote results in a tie and in which at another meeting with full attendance the tie might be dissipated. Or if the word "unable" is intended to embrace only a prolonged deadlock then, of course, the word would invite uncertainty and litigation as to the

stage at which it can be said that the members are so "unable" to act.

At any rate, the Legislature should not be called upon to resolve local disputes. The principle of home rule requires that such differences be resolved locally with direct responsibility on the part of the officials to their constituents.

This form of government was adopted by the vote of the citizens of the municipalities concerned. So fundamental a change in their government should not now be thrust upon them by action at State level. If there is some special need for a permanent change of this kind in a given municipality, the appropriate course would be to permit the voters themselves to accept or reject the change and this could be done under the provisions of the Constitution authorizing special, local or private acts (Art. IV, Sec. VII, par. 10), with ultimate acceptance to depend upon a referendum vote.

I am, therefore, returning Senate Bill No. 1 herewith, without my approval.

Respectfully,

ROBERT B. MEYNER,
Governor.

[SEAL]

Attest:

ROBERT J. BURKHARDT,
Secretary to the Governor.

BUDGET MESSAGE

To the Members of the Senate and General Assembly:

This, my third Budget Message to you, presents the fiscal plan for the State for 1956-57. It is geared toward meeting the problems presented to you in my annual message delivered on January 10th. Obviously, with a limited revenue structure, it is not possible to move forward at as rapid a pace as many citizens demand. However, we have balanced this Budget; we will require no new taxes; we will continue our present vital services unabated, and in a few instances, will effect a moderate expansion of them.

Our Fiscal Picture in a Nutshell

After the passage of last year's appropriations bill, we reserved approximately $20,700,000 in surplus for use in balancing subsequent Budgets. The recent devastating floods; the need for Salk vaccine; and the capital requirement to prepare the Bordentown School for use as an institution for the mentally retarded, cut this surplus by $7,700,000, reducing it to $13,000,000. This sum when added to unexpected revenue earnings through next June 30th, including lapses from current appropriations, should produce in our treasury a total sum of $32,928,363 by the end of the current fiscal year. To this surplus can be added anticipated revenues in 1956-57 of $289,539,409, making resources available of $322,467,772. Out of this sum, I am recommending appropriations of $318,765,631, leaving a surplus on June 30, 1957, of $3,702,141.

Departmental Requests

Total requests made by various agencies totaled more than a half billion dollars. A large part of these requests—$196,420,000, were for capital improvements, and the balance—$306,318,000, were for General State Purposes and State Aid Programs. The funds recommended were necessarily allotted, in the main, for recurring costs including State Aid. Funds granted for capital

improvements were for those of the highest priority. Among these was the annual appropriation for the State's share of sorely needed highway improvements.

Of the total requests, $184,057,095 was either disallowed or deferred for future consideration.

The Program in Broad Outline

Of the total sum recommended, $3,313,500 represents deficiencies for either 1955 or 1956, and the balance, or $315,452,000 will provide for our needs in 1956-57. This sum is about $28,800,000 higher than funds appropriated in 1955-56. This increase includes $11,650,000 for improving our employees' salaries and related benefits; $7,800,000 for educational purposes; $4,900,000 for mental health and welfare; and $4,400,000 for other vital needs.

The State as an Employer

The quality and the efficiency of our State Government is to a large extent dependent upon the calibre and the devotion of our 24,000 State employees. If we are to perform the services at a high level, we must be able to recruit and retain qualified men and women. To that end, the State Government must be ever alert to see that it is competing favorably for the best talents. The level of pay and the other benefits of employment must be adjusted to the needs of changing times.

Since early last summer, I have had a special committee of the cabinet working on an intensive review of our personnel situation. It has studied salaries and fringe benefits of other public employers, and it has had the co-operation of 45 major New Jersey business and industrial enterprises which have shared confidential information concerning their practices.

The cabinet committee recognized that, with the exception of regular annual increments within established ranges and a selective revision on a modest basis in 1954, there has not been for some time a major adjustment in our level of compensation. Accordingly, in addition to the $2,032,096 required for normal increments, the committee has recommended that all salary ranges, and hence the salary of each employee whose job is allocated to a

position carrying a range, be adjusted upward by one increment step at minimum and at maximum. This general adjustment will cost $3,750,000. An additional $100,000 is required for adjustments for employees in positions which carry no salary range.

SELECTIVE RANGE REVISION

The committee has recommended and I have included in this request an additional sum of $2,230,000 to accomplish further upward range revision on a selective basis to help solve some of our more pressing problems. To the extent that there may be savings through replacements at entrance levels, we shall be able to provide additional funds to supplement the requested item for selective salary range revision, which we have computed on a net cost basis.

For some time the State has been losing ground in the competition for college-trained men and women at the entrance level in several fields. Recent college graduates have been employed at salaries of $4,000 per annum and in some cases even more than that. The State of New Jersey, meanwhile, has been trying to obtain trained social workers at $3,120, foresters, engineers, accountants and many other professionals for salaries at or near this level. The committee has proposed a starting salary for these jobs at or near the $4,000 level so that we may be in a position to attract new career people. At the same time it has taken into account the necessary related adjustments that must be made to maintain an equitable relationship between the various grades. We must also insure that older employees are properly compensated for their years of service and their supervisory responsibility.

HIGHWAY LABORERS

The selective changes also will apply to our laborers, the largest number of whom are involved in the maintenance of our State highway system. In fairness to these employees and in order to recruit on a competitive basis, $432,000 of this selective adjustment total will be required in the Highway Department for the laborers and related supervisory personnel.

Our State service has undergone a great deal of mechanization in connection with its large-volume clerical operations. Our new

motor vehicle licensing and registration system, the payment of unemployment and disability benefits, the payroll and pension systems, among others, are now large users of modern business machines. A portion of the selective range revision is set aside for improving the State's competitive position in this important field.

To Attract and Hold Good Personnel

The State, particularly in our institutions and in our highway program, requires the skills of men in the various trades and crafts. While our arrangement for annual salaries makes for a more certain annual income than is sometimes the case in private employment, our level of pay needs upward adjustment if we are to attract and hold good men who will protect the State's capital investment.

Our expanded mental health program depends to a large degree on increased personnel in many of the skills related to this important area of our concern. Adjustment in these salaries is contemplated.

The selective range revision will also cover a number of other categories where inequities have developed or where we must act to retain key personnel in the best interest of the State.

As a major employer in New Jersey, we must also be concerned that our minimum level of pay is sufficient to maintain a decent standard.

Hospitalization and Medical-Surgical Plan

In our studies of personnel practices of New Jersey business and industry, we are forced to the conclusion that while the State once held rather substantial leadership with respect to fringe benefits, we have lagged in recent years. In one area particularly—provision for hospitalization and medical-surgical services for employees—many private employers have recognized the importance of providing this measure of security for their workers. We are, therefore, recommending a sum of $900,000 which will provide for the State to assume the cost of hospital and medical-surgical benefits for our State employees. Under the plan which we would hope to effect on July 1, 1956, we would also offer to the employee, on an optional basis, the possibility of enrolling at group rates his or her dependents through payroll deductions.

At the present time, some 12,000 State employees have availed themselves of such protection on a voluntary basis. The proposal would provide a similar level of benefits for all our 24,000 employees and would undoubtedly make it possible as well as desirable for them to enroll their dependents at their expense under favorable group rates.

Health and Safety

This administration has been safety-conscious, seeking to apply to itself the same standards of health, sanitation and safety it insists upon when dealing through its Health and Labor Departments with private employers. We have in previous Budgets provided large sums for remedying fire hazards throughout various department and institution buildings. This Budget includes the sum of $72,630 to implement the recommendations of a qualified fire expert who has studied the State House and related buildings and found conditions which must promptly be corrected for the safety of the men and women in these offices and laboratories.

We also hope, within the limits of this Budget request, to equip and staff a dispensary in the State House similar to that which has been operating so successfully in the State Highway Building at Fernwood. A modest investment there has paid real dividends in better health and better attendance records.

Pensions

This Budget also reflects substantially increased costs for pension and related benefits for State employees. The sum of $1,659,000 is needed to cover Social Security contributions on a deficiency basis, and $1,700,000 for 1956-57. State share of Retirement System costs for State employees will require an additional $1,100,000.

In addition to pension benefits for our State employees, it should be remembered that we also make handsome contributions to pension funds covering employees in local jurisdictions. Throughout this Budget over $30,000,000, or roughly 10% of the total recommendations, is provided for all pension purposes.

SOUND BASIS FOR VETERANS PENSIONS

For the first time we are including an installment toward the liquidation of the tremendous accrued liability for veterans pension benefits caused by legislation enacted subsequent to World Wars I and II. The funding of this debt over the next 30-year period will remove the Damocles sword which has been hanging over our fiscal head.

GROUP INSURANCE

The State presently provides group life insurance protection for State employees who are members of the Public Employees' Retirement System and plans are being developed for a possible supplement to this at employee expense with low group rates.

PRE-RETIREMENT COUNSELING

The legislation providing the mechanics for integration of Social Security with our State pension system has provided a transition which would appear to some eligible employees to make it desirable for a number of them to retire on or before March 31st. We intend to make all the facts available to them so that they can make their own best decision for the future. Both in the Retirement System and in the Civil Service Department, we now have trained personnel to assist those planning retirement to make the necessary adjustments.

APPRENTICE PROGRAM

It is my hope that we can develop in State service an apprentice program in many fields. A beginning has been made in the Highway Department through the recruitment of a group of young engineers and through the development of techniques for rotating their assignments to find their best aptitudes and to seek out their interests.

BI-WEEKLY PAYDAYS

Many other steps are being undertaken to make our State service attractive. The employees have wanted definite, fixed paydays. We have developed a plan for bi-weekly payment to replace the present statutory semi-monthly pay schedule. I hope you will take prompt action to make this possible.

Strengthened Merit Rating

We believe in increases and promotions based on merit. To that end I have instructed the members of my cabinet to pay particular attention and to give their personal time to the improvement of our merit rating program. Training programs will be expanded to develop our employees and to prepare them for increased responsibility.

A Continuing Process

I have asked the special cabinet committee on personnel to continue to function. Many of their recommendations will require a great deal of effort on the part of all departments, and our Civil Service Department can, through this committee, bring to the cabinet more directly its needs and its programs for the betterment of our State Government.

Our expenditures for State purposes are comprised in large part of personnel—with two-thirds allocated for payroll, pensions and related costs. It is sound policy therefore, to see that every effort is made to apply this money equitably and wisely, for the State Government can only be as good as the leadership and the capacity and the performance of its employees.

Education

We should be keenly aware that of the total Budget recommendations more than one-third of the funds (or $1 of every $3 appropriated) will be used in the field of education. No better investment can be made in our way of life than to educate our youth. In this Budget we have provided approximately $4,400,000 in additional State Aid for Education, reflecting recent legislation applying a formula for current rather than past public school enrollment, thereby bringing our direct aid to local districts from $63,400,000 in the current year to $67,800,000 in the 1956-57 fiscal year. Additional sums of $2,800,000 have been recommended for the State's share of the Teachers' Pension and Annuity Fund, including the employer's share of social security. With the integration of social security in our pension benefits to teachers, we have heightened the attractiveness of a teaching career in New Jersey.

In 1956-57 our enrollment at the State University is expected to increase by 700 and at our various teachers colleges by 570. It should be remembered that not all the added costs in our State Teachers Colleges will be imposed on the general taxpayer since revenues at these colleges will increase by approximately $100,000.

No specific recommendations are made in this message for additional State Aid required for capital building costs in the local districts. This matter is now under study by both the Executive and Legislative branches. It is my sincere hope that an avenue will be developed making it possible to raise additional revenue on the State level which, when added to local revenues, will provide the funds for this requirement.

Federal Aid?

The recent White House Conference in Washington demonstrated that the people of this country recognize construction of school facilities as one of their most immediate and pressing national problems. Because of the sentiment expressed at the conference, there is some hope that Federal Aid for school construction may be forthcoming. However, this is far from being assured. Therefore, we may very well conclude that New Jersey should proceed with its own plan as outlined by the State Tax Policy Commission.

I am recommending specifically, as part of the University Program, that funds be earmarked to study the course we should follow in the development of a Nuclear Science Program. Let's be armed with the necessary facts as we advance in the use of atomic energy for peaceful pursuits.

I have recommended in the capital section of the Budget $800,000 for the University to be used to reduce its present capital debt. Future expansion, building-wise, should wait for legislative expression on the Trustees' proposal for the University's reorganization program.

Following our pattern of last year, I am recommending $500,000 for the Newark College of Engineering to provide for the second phase of its building program.

Mental Health and Welfare

Recommendations of $70,352,689 have been included for these purposes, an increase of $4,930,562 over the current year.

One of the largest components of this increase is to lengthen further the giant step already taken this year when $1,600,000 was appropriated to develop and expand the Mental Health Program in our State institutions.

I am proud to be able to report to you that the present $1,600,000 appropriation for the various facets of the Mental Health Program has already been used fruitfully to provide new hope for the mentally ill. Treatment with the new mental health drugs made possible by these funds has resulted in tranquilizing our patients, looking toward earlier recoveries, with improvements in behavior and speedier release to the community. Hospital wards that had heretofore been known as "closed" areas have now been made open; seclusion rooms are becoming empty; destruction of property has been reduced materially; working conditions for staff have improved; ward sanitation is becoming less of a problem; conventional therapeutic treatment can be applied with more effective results. In view of these strides, can we not look forward with hope to the day when our discharge rate in mental hospitals will equal or exceed our rate of admissions?

Family Care

The funds have also been used to increase in some instances, and to start in others, the Family Care Program for those patients who have recovered sufficiently to warrant a trial of placement in the home or community. They have also made possible a more intensive placement program for the older, trainable, mentally retarded persons for assignment away from the institutions with the necessary follow-up supervision and guidance, so as to insure that the patient will not be abused or mis-used.

Although a substantial portion of the current appropriation was to provide for additional ward personnel for only a part of the year, recruitment to the authorized level permitted by such funds has already resulted in a substantial improvement in round-the-clock coverage of all hospital wards and related areas. The effect of the tranquilizing drugs in combination with additional person-

nel may well be likened to a rolling snowball in retaining for longer periods of employment the total complement of personnel in their ward positions.

It may be remembered that my Second Supplementary Budget Message of last year recommended an appropriation of $2,000,000 for the bulk of the Mental Health Program. The Legislature appropriated $1,600,000 on the premise that the program could not be implemented on the effective date of the appropriation.

My recommendation for next year for staffing, drugs, family care, research, community and other services, all comprehended within this year's program, represents an increase of $1,077,709 over the present year's appropriation.

OTHER COSTS

Staff increases necessitated by the appropriation to rehabilitate the Edward R. Johnstone Training and Research Center at Bordentown and the opening of new institutional buildings and facilities made available by the proceeds of bond issues for institutional construction will require $642,535. Other operating needs including food, clothing, fuel, items of household use, equipment replacements, staff and other expenses in the various institutions and agencies caring for 27,397 patients and inmates require an additional $2,023,240.

My recommendations include additional cash funds for patients' food needs in three institutions where, after review and evaluation by our new Commissioner of the Department, with the understanding approval of its Board of Control, it has been determined that the continuation of farms in these areas is no longer wise nor justified, either from the standpoint of economics or of therapeutic value to the patients.

State Aid for welfare requires an additional $1,187,078, the principal beneficiary being the Home Life Assistance Department of the Board of Child Welfare which anticipates an increase in case-load of 5,225 persons to cost $660,978 over that for which funds were currently appropriated. This case-load trend is a graphic illustration of the theme in my recent Annual Message to the Legislature in which I pointed out that many of the problems that confront New Jersey are products of our growing population.

Public Safety

Our immediate and intense attention should be devoted to removing or greatly reducing the long waiting lines at our Motor Vehicle Testing Stations. I am recommending that $2,500,000 be used for that purpose. This represents the second bite of the program.

Eventually, as funds become available, we must add the coordinated services for drivers' clinics, drivers' examinations and licensing and registration. The inspection lanes, however, should be our first concern.

The New Mail-Order System

Extreme labor pains are being experienced in the change-over from the agency to the mail-order system for licensing both drivers and motor vehicles. We have had no experience whatsoever in the new proposed system. The first applications were being processed as this message was prepared. Without background experience it is well-nigh impossible to forecast how much of the cost previously borne at the agency level will be shifted to the central agency.

I am recommending therefore, that the Director of Motor Vehicles transfer from the gross receipts derived from licensing, to his central appropriation accounts, such sums as may be necessary to bear this cost. This power is now vested in the Director pursuant to the provisions of R. S. 39:3. While this section has heretofore applied only to agents, during the interim or change-over period, it should be applied to the central mail-order system as well. After a full year's operation under the new system, we should be in a position to budget specifically for this new function.

In 1956-57 it will be necessary to issue permanent license plates. This will cost an additional $500,000 and represents a major part of the Division's increase.

State Police Barracks

Continuing our program of replacing presently rented facilities for the State Police, I am recommending $255,000 for the construction of three new State Police barracks.

Parks and Recreational Facilities

Last year, we embarked on a program of expanding recreational facilities at our various State Parks. As stated in my annual message, I am of the opinion that we should now direct our attention primarily to developing the sites which we have already acquired. There is recommended herein, the sum of $500,000 for the second phase of the development of our recreational areas. Our parks should be made usable.

Highways

I need not labor the point that our highway problem is acute. In my special capital Budget message of last year, I set out in detail the need for expansion, if we are to avoid complete strangulation and promote traffic safety. The Highway Department could very efficiently and effectively spend many times the $20,000,000 recommended in this message for new roads. Congress will undoubtedly grapple with this program during the current session and what it does will certainly have a direct bearing on the course we must follow.

Voices are being raised in many quarters which may indicate that our people would look favorably on an increase in gas tax to provide more transportation facilities. We should certainly not countenance an increase in the present gas tax for any other purpose. Until the Federal Government speaks in audible tones on this problem, we should adopt a policy of watchful waiting.

If the Federal Program is adopted, we can then determine if the gas tax should be upped and whether any increase in this tax should be earmarked for current expenditures or used to amortize a bond issue for highway purposes. We should speed up our too long delayed program of road building.

New Office Buildings

In my special capital Budget message of last year, I explained the need for new office space for State Departments, now scattered at fifty-two rented sites in the Trenton area. At that time, I also pointed out the alarming cost to the State of these rentals. In this Budget, rentals for office space alone equal more than

$2,500,000, $1,000,000 of which is in the Trenton area, over $500,000 in the Newark area and approximately $1,000,000 in other localities. Of this total sum about $1,500,000 is chargeable to State funds and $1,000,000 to Federal funds received for the administration of Employment Security.

There is considerable doubt as to the best method of solving this vexing problem. It could be solved by erecting a multi-story building in the heart of Trenton or by separate buildings on the periphery of the city. Arguments can be advanced for either plan.

At the request of the Committee on Appropriations, facts are being assembled which will show comparative costs and advantages of each course. Last year I outlined which funds were available for the purpose. These funds are still available, and steps should certainly be taken to get the program rolling. The result will be to save considerable money now being spent in rentals and in addition, relieve the intolerable overcrowding in many State agencies. As I said in my annual message: "Some of the quarters would be condemned by our own inspectors if they followed the rules applicable to private buildings."

Other Services

I have attempted to emphasize those services which will require substantially more funds in 1956-57. Moderately increased funds have been made available for other functions of government. Our Health, Civil Service, Agriculture and other departments have been allotted sufficient funds to meet current needs.

Sums have been recommended to wind up rent control activities at the State level through December 31, 1956, as required by statute. The rent control function, by the same statute, ceases on June 30th next. However, I have requested the Department of Conservation and Economic Development to study the need for continuing this function. Its recommendations when prepared will be forwarded to you.

Recommendations for the Department of Treasury include $200,000 for the cost of real estate appraisals to determine sales ratio data for assessment purposes. This is required to distribute State School Aid in accordance with equalized valuations.

A WORD OF CAUTION

This Budget was prepared with a strict sense of responsibility to the taxpayers of New Jersey. Like most budgets, public and private, in these times, it shows a rise over this year. It has increases which I have been at pains to explain as being vital to our needs. It is tightly constructed. It indulges in no extravagances. After all possible care was exercised, however, we are left with a surplus of only $3,702,141. That is not a comfortable margin when matched against a total budget of $318,765,631. As I have stated repeatedly and as I reiterate now, we should embark on no new spending programs unless revenues are provided to finance them.

With prudence and sound fiscal judgment, we can live within our means.

Finally, as I pointed out in my Second Annual Message, most of the new demands upon the State for increased expenditures, are the direct result of an expanding economy and, therefore, might be called the liabilities of progress. So we can well afford to meet this challenge with courage and confidence.

Respectfully submitted,

ROBERT B. MEYNER,
Governor of New Jersey.

Attest:

ROBERT J. BURKHARDT,
Secretary to the Governor.

WHEREAS, A distinct honor has just been bestowed upon the Parker-Kalon Division, General American Transportation Corporation, located in the City of Clifton, by being named one of the 10 most significant manufacturing plants

completed in the United States during 1955 in a nationwide competition sponsored by the McGraw-Hill publication, Factory Management and Maintenance Magazine; and

WHEREAS, The award cites Parker-Kalon Division, a leading manufacturer of fasteners, for having in its new plant unsurpassed utilities and services, construction features that speed production, and new highs in plant protection and employee comfort; and

WHEREAS, This fine company, a pioneer in its field, having recently moved its general offices and plant from New York City, where it was located for 43 years, to Clifton, as well as relocating most of its executives and employees as permanent residents of our State, has erected an exceptional plant which exemplifies the high industrial standards desired and advocated by our State; and

WHEREAS, The Parker-Kalon Division, having been selected as "one of the Top Ten Plants" out of an original list of 600 candidates nominated by leading United States architects and engineers, regional and State development commissions and readers of Factory Magazine, has brought a new honor and distinction to the State of New Jersey, it being the only plant in New Jersey to win this award; therefore,

Be It Resolved, That the Senate of the State of New Jersey congratulates the Parker-Kalon Division, General American Transportation Corporation, and extends its sincere wishes to this organization for its continued success; and

Be It Further Resolved, That a copy of this resolution, signed by the President of the Senate and attested by its Secretary, be forwarded to the Parker-Kalon Division, General American Transportation Corporation.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
May 21, 1956.

SENATE BILL NO. 70

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning Senate Bill No. 70 herewith, with my objections, for reconsideration.

This bill would create in the Legislative Branch of State government a permanent commission to study the organization and operation of the executive and administrative offices, departments and instrumentalities of the State government and of the principal departments of the Executive Branch for the purpose of ascertaining whether improvements can be made with respect to their functions.

I heartily approve of the basic purpose to study the operations of government. My experience as Chief Executive has satisfied me that such study is warranted and if properly pursued should be productive of distinct advantages to the citizens of this State both from the standpoint of efficiency in the rendition of public service and in the accomplishment of further economy in the operation of State government.

However, the provisions of the bill with reference to the size of the commission and manner of appointment thereto are not conducive to achievement of the purpose of the bill. The bill provides for membership of 17, which I believe to be too unwieldly. Moreover, the bill provides for 3 appointments to be made by the Governor, 7 by the President of the Senate, 2 of whom shall be members of the Senate, and 7 by the Speaker of the General Assembly, 2 of whom shall be members of the General Assembly. There is no provision for bi-partisan representation, and this I believe to be a shortcoming, since, if the commission should be politically unbalanced, that circumstance would militate against the acceptance of its recommendations. Objectivity in the work and confidence in the result are best assured by a bi-partisan approach.

As noted above, the Governor would make but 3 of the 17 appointments and the Legislature the remaining 14. The Legislature, of course, is free to undertake this study by a legislative commission created by concurrent resolution which would not require the approval of the Chief Executive. If the Legislature desires to undertake this project through a commission created by act of legislation requiring the approval of the Chief Executive and wishes as well to place responsibility upon the Chief Executive through the medium of providing for appointments to the commission by him, the representation of the Executive Branch should not be so disproportionate.

The bill recites the report made by the commission, appointed pursuant to Joint Resolution No. 8 of the 1954 session of the Legislature, which recommended that a permanent commission be established by law to continue the study initiated by that commission. Senate Bill No. 70, however, departs dramatically from recommendations made in that report as to the membership of the permanent body. In that report it was recommended:

"That it (the permanent commission) shall consist of nine members; three of whom shall be appointed by the Governor, not more than two of whom shall be members of the same political party; three shall be appointed by the President of the Senate, one of whom shall not be a member of the Senate, and not more than two of whom shall be members of the same political party; three shall be appointed by the Speaker of the General Assembly, one of whom shall not be a member of the General Assembly, and not more than two of whom shall be members of the same political party."

This was the unanimous recommendation in a report signed by the sponsor of this bill as well as by all of the other members of the Legislature who were members of that commission. I am willing to accept that recommendation.

Section 6 of the bill provides that the commission "shall be entitled to call to its assistance and avail itself of the services of such employees of any State department, board, bureau, commission or agency as it may require." There should, of course, be full opportunity to receive the assistance of State employees in connection with the study, but the commission should not have the authority to requisition employees without the concurrence of the heads of the departments, instrumentalities or agencies concerned, whose capacity to discharge their respective duties might be impaired if the demand of the commission must, in all events, be honored. I, of course, assure that the fullest cooperation will be given and every facility of the Executive Branch will be available, but as a matter of legislative prescriptions the provision should not go beyond an authorization to the commission to request and to accept the services of executive employees.

I note also that no provision is made for the filling of vacancies in the commission. The bill provides for a 5-year term and also provides that the act shall become ineffective at the expiration of the 5-year period. To avoid any question as to the authority to fill and the manner of filling vacancies, an express provision should be incorporated.

Accordingly, I am returning Senate Bill No. 70 for reconsideration and with the recommendation that the bill be amended in the following respects:

On pages 1 and 2, section 1, delete in line 2 everything after the word "of" and delete lines 3, 4, 5 and 6 and substitute in lieu thereof the following: "9 members; 3 of whom shall be appointed by the Governor, not more than 2 of whom shall be members of the same political party; 3 shall be appointed by the President of the Senate, 1 of whom shall not be a member of the Senate, and not more than 2 of whom shall be members of the same political party; 3 shall be appointed by the Speaker of the General Assembly, one of whom shall not be a member of the General Assembly, and not more than 2 of whom shall be members of the same political party.".

On page 2, section 2, line 4, after the word "house." add the following sentence: "Vacancies for any cause shall be filled in the same manner as in the case of original appointments but for the unexpired portion of the term only.".

On page 3, section 6, lines 1 and 2, after the words "entitled to" delete "call to its assistance and avail itself of" and insert in lieu thereof "request and accept".

On page 3, section 6, line 2, delete the word "such".

On page 3, section 6, line 3, delete the words "as it may require" and insert in lieu thereof "with the approval thereof".

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:
ROBERT J. BURKHARDT,
Secretary to the Governor.

A Senate Resolution expressing its appreciation and thanks to the State departments, officials, committees and others who assisted at the 48th Annual Governors' Conference held in Atlantic City on June 24, 25, 26 and 27, 1956.

Be It Resolved by the Senate of the State of New Jersey:

1. The Senate of the State of New Jersey hereby expresses its appreciation and thanks to the State Police, the several State departments, and the State officials, and to the committees and to the officials of the City of Atlantic City who assisted at the 48th Annual Governors' Conference held in Atlantic City on June 24, 25, 26 and 27, 1956.

2. Included therein with special reference are Governor Robert B. Meyner, who was the host, Mrs. Gustave H. Meyner, who was the hostess, and Mr. Carrol M. Shanks, who was the Host Committee Chairman, and special recognition is also given to the Governors' Conference office staff and the New Jersey State office staff, Mr. Robert J. Burkhardt, Coordinator, and Miss Dorothy T. Clark, Assistant Coordinator, all of whom assisted in the most suc-

cessfully conducted Governors' Conference so held in Atlantic City.

Special recognition is also given to the many persons who greatly aided and assisted as representatives of the Press, the Television and Broadcasting Stations, the Atlantic City Hotels and the many industries of the State.

3. The Senate also especially expresses its appreciation and thanks to General Alfred M. Gruenther for his inspiring address at the Annual State Dinner held in connection with the Governors' Conference.

4. Special recognition is also given to the Atlantic City Country Club and the Seaview Country Club for the extension of the privileges of their golf courses to all Conference guests.

5. The Senate wishes that it could include in this resolution the names of all the persons who participated in and aided in the Governors' Conference but, as this is impossible, the Senate nevertheless wishes that all those persons are to be considered as included although not specifically named herein.

6. The Secretary of the Senate is directed to prepare copies of this resolution and distribute them to the persons specifically mentioned herein with the assistants of the Host Committee and the Coordinator.

Mr. Farley offered the following resolution, which was read and adopted:

A Senate Resolution to congratulate Brigadier James Henderson of the Salvation Army and Mrs. James Henderson on the occasion of the completion of 45 years of service with the Salvation Army by James Henderson.

WHEREAS, Brigadier James Henderson of the Salvation Army has just completed 45 years of service as a Salvation Army officer and his wife has completed 33 years of service with the Salvation Army; and

WHEREAS, It has been truly stated that their success is measured not in gold or fame but by the influence they have had upon countless boys and girls and men and women they have helped; and

WHEREAS, Their children and grandchildren have been or are preparing to follow in their footsteps by serving with the Salvation Army; and

WHEREAS, The Hendersons have been long serving the people of Atlantic City, in this State, as officers of the Salvation Army; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. The Senate of the State of New Jersey congratulates Brigadier James Henderson and Mrs. James Henderson of the Salvation Army upon the occasion of the completion of 45 years of service with the Salvation Army by Brigadier James Henderson.

2. The Secretary of the Senate is hereby directed to transmit a certified copy of this resolution to Brigadier James Henderson and Mrs. James Henderson of the Salvation Army.

SENATE BILL NO. 73

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 73 for the following reasons:

R. S. 40:87–17 permits any borough not governed by the commission form of government, to abolish, by the procedure therein provided, the office of assessor and to substitute therefor a board of assessors to be appointed by the mayor with the consent of the council. The section requires for the accomplishment of that purpose the adoption of an ordinance by the governing body of the borough and, in addition, in cases where the assessor is an elective office, the approval of the ordinance by a referendum to be held on the day of a general election. If the referendum ap-

proves the ordinance, the change is effective from and after June 30th next following the election.

Senate Bill No. 73 would permit the ordinance to be submitted to a referendum at either a general election or a special election, which special election may be held at the same time and in the same places in the borough as a primary election.

I can find no valid reason for a change in this provision of the borough law which has existed for many years. The existing statutory scheme realistically and properly recognizes that ordinarily more voters vote at a general election than at a special election and that, if a change from a single assessor to a board is authorized, that the period between the general election and June 30th following should be provided for an orderly turn-over of the affairs of the office from the assessor to the board of assessors.

I am informed that the bill apparently is aimed at a particular assessor of a single borough. If there is dissatisfaction with that assessor, the remedy lies with the people of the borough who elected him. At a general election they may refuse to re-elect him, or, if the governing body has adopted, pursuant to R. S. 40:87–17, an ordinance providing for a board of assessors, they may vote to approve that ordinance.

I am, therefore, returning herewith Senate Bill No. 73 without my approval.

Respectfully,

ROBERT B. MEYNER,
Governor.

SENATE BILL No. 131

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 131 for the following reasons:

This bill would authorize the Director of the Division of Motor Vehicles to issue special license plates for antique motor vehicles for which the license fee would be $3.00 per annum. This bill is identical with Senate Bill No. 150 of the 1954 legislative session, which I returned to the Senate, without my approval, on August 2, 1954.

The difficulty with this proposal is that it provides for special license plates for a particular group or class. The basic purpose for requiring automobiles to have license plates affixed is to insure ease of identification. The more special categories of license plates that exist, the more that primary objective and law enforcement generally are impaired.

I refused to approve Assembly Bill No. 184 of the 1955 session which would have provided special license plates for amateur radio operators consisting of the radio call letters and numbers in place of the usual letters and numbers.

If special license plates are approved for a special group or interest, many other groups with equal claim to similar recognition will come forward and request other special categories. The Division of Motor Vehicles and all law enforcement officers would thereby find the efficient performance of their duties rendered much more difficult.

It should also be noted that the State would lose revenue to an appreciable extent by reason of this bill. The license fee would be $3.00 instead of $10.00, $15.00 or $25.00 as the case may be.

For these reasons, I feel obliged to return Senate Bill No. 131 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 169

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 169 for the following reasons:

This bill would amend section 14 of "The New Jersey Highway Authority Act," P. L. 1952, c. 16, so as to prohibit the Authority from the erection or use of any building or structure designed "for use by the general public as a hotel, motel, lodging house, or boarding house" on the Garden State Parkway.

The purpose of the bill is to prevent the construction of hotels and motels on the Garden State Parkway. The

General Attorney for the Authority and its bond counsel have concluded that the Authority now has power to construct both hotels and motels under section 14 of the act. That section specifically authorizes the construction of hotels and this bill would eliminate that power in violation of the existing covenant of the State with the bondholders of the New Jersey Highway Authority. That covenant is contained in section 11 of the New Jersey Highway Authority Act which provides as follows:

> "The State of New Jersey does pledge to and agree with the holders of the bonds or notes issued pursuant to authority contained in this act, that the State will not limit or restrict the rights hereby vested in the Authority to maintain, acquire, construct, reconstruct and operate any project as defined in this act or to establish and collect such tolls or other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of maintenance and operation thereof and to fulfill the terms of any agreements made with the holders of bonds or notes authorized by this act or in any way impair the rights or remedies of the holders of such bonds or notes until the bonds and notes, together with interest thereon, are fully paid and discharged."

If the Authority also has the power to construct motels, then Senate Bill No. 169 would similarly limit or restrict that right heretofore vested in the Authority and accordingly would, in violation of section 11, impair the existing contractual obligation of the State with the bondholders.

For these reasons, I am returning herewith, without my approval, Senate Bill No. 169.

Respectfully,
ROBERT B. MEYNER,
Governor.

SENATE BILL No. 184

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 184 for the following reasons:

This bill is similar to Senate Bill No. 207 passed by the Legislature in 1954. That bill would have validated a final

decree of the former Court of Chancery as to a proceeding to foreclose a tax sale certificate in which the complainant was a tenant in common with one or more defendants. The present bill would validate a similar judgment of the Superior Court, notwithstanding that the plaintiff and one or more defendants became tenants in common by operation of law. At the time I returned Senate Bill No. 207 without my approval, I said:

"Senate Bill No. 207 seeks to validate a decree in a foreclosure of a tax sale certificate by one tenant in common to the same effect as if his co-tenants, who were made parties defendant, had separate rather than common interests.

"It has been settled law in this State at least since *Roll* v. *Everett,* 73 N. J. Eq. 697 (E. & A. 1908), that a tenant in common who acquires a tax title holds in part for the benefit of his co-tenants, subject to his right of reimbursement from them. Three reasons are assigned for this principle: (1) that a tenant in common should not profit through his own default in payment of taxes; (2) that his tax title cannot be superior to, and is merged in, his interest as a tenant in common; and (3) the confidential relationship existing between co-tenants.

"This bill therefore would have the extraordinary consequence of reposing legal and equitable title in the present holder of bare legal title, after expiration of a mere three-month period of limitations for the institution of an action by a co-tenant. Such a consequence is in my opinion in conflict with basic legal doctrine. A co-tenant who has relied on the existing law that his co-tenant foreclosed the tax sale certificate for his benefit should not have his equitable interest cut off by a newly enacted three-month statute of limitations, when no period of limitations existed when the equitable interest vested."

The reasons stated for my objections to Senate Bill No. 207 are equally applicable to Senate Bill No. 184.

I am, therefore, returning Senate Bill No. 184 herewith without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

Attest:

ROBERT J. BURKHARDT,
Secretary to the Governor.

The said communications were read by the Secretary and ordered to be entered at large on the Senate Journal.

The following communications and Senate bills were received from the Governor with conditional vetoes:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 28, 1956.

SENATE BILL No. 14

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning Senate Bill No. 14 herewith, with my objections, for reconsideration.

This bill would establish a permanent State Mosquito Control Commission consisting of 7 members, 2 appointed by the Governor, 2 by the President of the Senate and 2 by the Speaker of the General Assembly; the seventh member being the Director of the New Jersey State Agricultural Experiment Station, ex-officio. The appointed members of the Commission would all have 4-year terms without any provision for staggered terms.

The duties and functions of the Commission would be: (1) to carry on a continuous study of mosquito control and extermination in the State; (2) to recommend to the Governor and the Legislature necessary or desirable changes in legislation; (3) to recommend to the Legislature the amount of money necessary and desirable to be appropriated by the State each year for mosquito control purposes; (4) to allocate funds appropriated for State aid to counties for such work among the counties through the New Jersey State Agricultural Experiment Station; (5) to act in an advisory capacity and co-operate with other State and Federal agencies in all matters relating to mosquito control and extermination; and (6) in addition, the Commission would have power to call to the attention of the Director of the New Jersey State Agricultural Experiment Station any mosquito breeding places in the State and to order the Director to take such measures as will cause abatement of mosquito breeding places and compliance with his recommendations.

A permanent State Mosquito Control Commission was recommended in the report of the Mosquito Control Study Commission created by Senate Concurrent Resolution No. 26 of the 1955 legislative session. That recommendation was incorporated substantially in Senate Bill No. 14, as originally introduced, which provided for the creation of such a Commission consisting of 7 members, 3 members appointed by the Governor from a list of five names recom-

mended by the New Jersey State Mosquito Extermination Association and 3 appointed by the Governor from the State at large, all with the advice and consent of the Senate, the seventh member being the Director of the New Jersey State Agricultural Experiment Station.

I am in entire accord with the objective of this bill because of the obvious necessity for further action with respect to mosquito control and extermination in the State. I cannot, however, approve of the creation of a permanent commission in which some of the members are appointed by the legislative branch but which exercises powers and functions properly within the province of the executive branch. Specifically, the powers referred to above as items 4, 5 and 6 are clearly executive functions which cannot be appropriately exercised by a legislative commission of the type proposed by Senate Bill No. 14.

If the Legislature wishes to establish a permanent mosquito control study commission, I would have no objection provided the executive powers were deleted. It appears, however, that the Study Commission contemplated a permanent commission exercising executive functions. I assume that it was the intent of the sponsor to implement that objective.

Accordingly, I am returning Senate Bill No. 14 for reconsideration and with the recommendation that it be amended to provide for the establishment of a permanent commission with the State Department of Conservation and Economic Development and that the members of the commission be appointed by the Governor with the advice and consent of the Senate. The recommended amendments are as follows:

On page 1, section 1, line 1, after the word "created" insert the words " in the Department of Conservation and Economic Development".

On page 1, section 1, lines 9, 10, 11, 12, 13, 14, 15 and 16, delete lines 9, 10, 11, 12, 13, 14, 15 and 16 in their entirety, and insert in lieu thereof the following:

"bers, 6 of whom shall be appointed by the Governor with the advice and consent of the Senate and the seventh member shall be the Director of the New Jersey State Agricultural Experiment Station ex officio.".

On page 2, section 2, line 2, after the word "years" delete the period.

On page 2, section 2, lines 4 and 5, delete the sentence beginning with the words "The terms of" and insert in lieu thereof the following:

", except that of the first appointed members of the commission 1 shall be appointed for a term of 1 year, 1 for a term of 2 years, and 2 for terms of 3 years.".

SENATE BILL No. 36

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning herewith for reconsideration and with my objections, Senate Bill No. 36.

Under section 5, of P. L. 1950, c. 142 which deals with the weights and measurement limits on commercial motor vehicles, the owner of any commercial vehicle, tractor, trailer, or semi-trailer whose vehicle shall be found on a highway in violation of that act is subject to a fine as therein provided. In addition, the registration of the motor vehicle involved may be revoked and the vehicle, but not its contents, may be retained until the owner submits to the jurisdiction of the court and pays the fine.

Senate Bill No. 36 would amend this section so as to provide that the lessee, bailee or rentee, as well as the owner may be fined, but that the right to revoke the registration of the vehicle and the right to detain the vehicle, exclusive of its contents, should exist only if the fine is against the owner. The bill expressly provides that if the owner is found not to be responsible for the violation the vehicle shall be released to the owner when claimed by him.

The mischief sought to be remedied by the provisions of the present act prohibiting overloading of commercial vehicles, is to prevent damage to the highways of this State and to prevent owners from registering trucks at lower load limits in order to pay lesser registration fees. Since its original enactment, the sections of the motor vehicle law dealing with overloading of commercial vehicles have provided for the fine to be levied against the owner of the vehicle involved regardless of who might be the operator

or driver. This makes for ease of enforcement and insures collection of any penalty levied by reason of such violation.

Although it is desirable to include the lessee or bailee of a motor vehicle in addition to the owner as the person who may be liable for a violation of this section, the State should not be burdened with the obligations of proving the terms of the lease or bailment arrangement applicable to the vehicle. The matter of fault as between the owner and the lessee or bailee and the matter of the ultimate liability for any penalty imposed should rest between the owner and lessee or bailee based on the terms of lease or bailment agreement.

Further, to permit the vehicle to be released unless the State affirmatively establishes that the owner himself was at fault will hamper enforcement of this section of the act.

Therefore, I am returning Senate Bill No. 36 herewith for reconsideration and with the recommendation that it be amended as follows:

On page 2, section 1, line 25, delete the comma after the word "lessee" and insert in lieu thereof the word "and".

On page 2, section 1, line 25, delete the words "or rentee".

On page 2, section 1, line 29, delete the comma after the word "lessee" and insert in lieu thereof the word "and".

On page 2, section 1, line 30, delete the words "or rentee".

On page 2, section 1, line 37, delete the words "In the".

On page 2, section 1, delete lines 38 through 44 inclusive in their entirety and insert in lieu thereof the following:

"The vehicle involved, but not its contents, may be detained until the person charged with the violation submits to the jurisdiction of the court and posts a bond sufficient in amount to insure payment of the maximum fine which may be imposed in the event of a conviction, or, if there is a conviction, pays the fine which is imposed or posts a proper bond required for an appeal from such conviction. If the owner is found to be responsible for the violation then, in addition to the penalties herein contained, the registration of the

motor vehicle involved may be revoked by the Director of the Division of Motor Vehicles.''.

Attest: *Governor.*

SENATE BILL No. 58

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning herewith Senate Bill No. 58, with my objections, for reconsideration.

Senate Bill No. 58 supplements chapter 18 of Title 38 of the Revised Statutes which provides for payment of a sum of $500.00 annually in monthly installments to a soldier who as the result of his service in certain designated wars has sustained a total loss of sight, provided that he was a resident of New Jersey at the time he entered military service and continues as a resident of this State. Section 1 of Senate Bill No. 58 would enable blind veterans receiving such compensation who were required by reasons of health or employment to move out of the State, to continue to receive such compensation notwithstanding such non-residence.

Section 1 of Senate Bill No. 58 has my approval since it would grant such blind veterans substantially the same rights as were given to veterans suffering from paraplegia by P. L. 1954, c. 213. However, section 2 of the bill extends benefits to veterans who have never established their qualifications for them in New Jersey. The act dealing with paraplegics does not contain such provision.

Administrative difficulties in attempting to investigate and pass upon the applications of out-of-State veterans are apparent, especially since we have no procedure for interstate co-operation or reciprocity in this area. The cost of such a program cannot be estimated because there are no statistics available as to the number of out-of-State veterans who might claim benefits.

Therefore, I am returning Senate Bill No. 58 herewith for reconsideration and with the recommendation that it be amended as follows:

On page 1, section 2, delete lines 1 through 7 inclusive in their entirety.

Respectfully,

SENATE BILL No. 171

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning Senate Bill No. 171 herewith, with my objections, for reconsideration.

Senate Bill No. 171 would amend section 19:6–19 of the Revised Statutes which provides the method for filling vacancies arising in any county board of elections for any cause other than expiration of term. The proposed amendment would require the secretary of the county board, within 5 days after such vacancy, to notify the Governor, the county committee chairman, the county committee vice-chairlady, the State chairman, the State committeeman and the State committeewoman of such vacancy. In the event the secretary failed to so notify, any member of the county board could make such notification. The nominating committee would be required to act within 10 days after receipt of the notice by the county committee chairman.

The provisions of the election law as they relate to the appointment of the members of the county election board are not models of clarity. The two bills which were enacted last year notwithstanding the objections expressed in my messages to the Senate concerning those bills further confused the situation.

At that time I pointed out that there was no procedure for causing the notice of vacancy to be given to the various affected officials. Senate Bill No. 171 is an attempt to correct that deficiency. This bill, however, while clarifying certain ambiguities in the existing law creates others. In an attempt to eliminate as many ambiguities as possible,

I am returning Senate Bill No. 171 herewith with the recommendation that the bill be amended as follows:

On page 1, section 1, line 5, after the word "shall" insert "in writing".

On page 1, section 1, line 6, delete the word "respective" and insert in lieu thereof the word "appropriate".

On page 1, section 1, line 8, after the word "vacancy," insert "and within the same time notify the Governor in writing the date on which such notice was received by the county committee chairman.".

On page 1, section 1, line 8, delete the words "or, in the event" and insert in lieu thereof the word "If".

On page 1, section 1, line 9-10, after the word "notifications" delete ", and" and insert in lieu thereof a period.

On page 1, section 1, line 9-10, the word "within" should be spelled with an upper case "W".

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 300

To the Senate:

Pursuant to Article V, Section I, paragraph 15 of the Constitution, I appended to Senate Bill No. 300, at the time of signing it, a statement of certain items, or parts thereof, to which I objected, so that such items, or parts thereof, should not take effect.

The items, or parts thereof, to which I objected were: (1) $25,000.00 for the Commission to Study the Services, Activities and Functions of the Executive Branch of State Government; (2) $100,000.00 for the Legislative Commissions Fund; (3) $2,500.00 for legal expenses for counsel fees in defense of the suit instituted by the Attorney General against the Director of the Office of Rent Control; and (4) $2,000.00 from the account for other officers and employees of the judiciary.

My objection to the $25,000.00 item for the Commission to Study the Executive Branch of the State Government is directed to the fact that the commission which was established under Joint Resolution No. 8 of the Laws of 1954 submitted, in accordance with section 7 of that resolution, its report to the Legislature on January 10, 1956. The submission of that report terminated that commission and consequently there is at the present time no commission to which such sum could be appropriated. On May 21, 1956, I returned Senate Bill No. 70 which would have established a permanent commission within the legislative branch to study the services, activities and functions of the executive branch of the State government, with recommendations that it be amended to conform to the recommendations of the report of the Study Commission. If and when a new commission is established to perform the functions indicated, an appropriation of the necessary funds can be considered at that time.

With respect to the $100,000.00 item, designated "Legislative Commissions Fund", for transfer to legislative commissions for administrative expenses, when resolutions of either or both houses of the Legislature, as the case may be, provide therefor, I do not believe that this would establish a desirable precedent. No such general fund available merely by resolution of the Legislature or of either house has existed in the past. It has been the practice to request and appropriate specific amounts for specific commissions. There is no reason which would warrant deviation from the established salutary budget practice.

The third item deleted from the appropriations bill was $2,500.00 for legal expenses on behalf of the Director of the Office of Rent Control. It does not appear to be appropriate for the State to establish another precedent of assuming the obligations to pay the counsel fees of a defendant in an action which seeks to oust a person improperly holding office. A defendant in such litigation is joined as a party in an individual capacity and not by reason of his official status. Accordingly, it would be improper to expect the public of this State to bear the expenses involved in defending such action.

Finally, I objected to the $2,000.00 appropriation which was a part of the account for officers and employees of the judiciary. This item was intended to effect an increase in the salary of the clerk of the Superior Court. I considered this item in preparing my budget but after weighing all factors relating to the duties and responsibilities of this

office and comparing it with other State offices with equal or greater duties and responsibilities, I concluded that an increase in salary for this position was not warranted at this time. I have reviewed that conclusion but find nothing which would warrant any change in my prior position.

While I regret that the Legislature did not see fit to appropriate funds for the construction of State office buildings, for the hospital and medical-surgical coverage of State employees and for a general issue of new license plates, I believe that this budget, which was prepared after long and careful consideration by both the Executive and the Joint Appropriations Committee, will furnish the means to provide the services necessary to the citizens of the State of New Jersey during the coming fiscal year.

For these reasons, I objected to the items, or parts thereof, noted above in Senate Bill No. 300 and I am attaching hereto a copy of my statement in connection therewith.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Attest: *Governor.*

"6. Section 34:15–40 of the Revised Statutes is amended to read as follows:

34:15–40. Where a third person [or corporation] is liable to the employee or his dependents for an injury or death, the existence of a right of compensation from the employer or insurance carrier under this statute shall not operate as a bar to the action of the employee or his dependents, nor be regarded as establishing a measure of damage therein. In the event that the employee or his dependents shall recover and be paid from the said third person [or corporation] *or his insurance carrier*, any sum in release or in judgment on account of his or its liability to the injured employee *or his dependents*, the liability of the employer under this statute thereupon shall be only such as is hereinafter in this section provided.

(a) The obligation of the employer or his insurance carrier under this statute to make compensation payments shall continue until the payment, if any, by such third person [or corporation] *or his insurance carrier* is made.

(b) If the sum recovered by the employee *or his dependents* from the third person [or corporation] *or his insurance carrier* is equivalent to or greater than the liability of the employer or his insurance carrier under this statute, the employer or his insurance carrier shall be released from such liability and shall be entitled to be reimbursed, as hereinafter provided, for the medical expenses incurred and compensation payments theretofore paid to the injured employee or his dependents less employee's expenses of suit and attorney's fee as hereinafter defined.

(c) If the sum recovered by the employee *or his dependents* as aforesaid is less than the liability of the employer or his insurance carrier under this statute, the employer or his insurance carrier shall be liable for the difference, plus the employee's expenses of suit and attorney's fee as hereinafter defined, and shall be entitled to be reimbursed, as hereinafter provided for so much of the medical expenses incurred and compensation payments theretofore paid to the injured employee or his dependents as exceeds the amount of such difference plus such employee's expenses of suit and attorney's fee.

(d) If at any time prior to the payment by the third person [or corporation] *or his insurance carrier* to the injured employee or his dependents, the employer or his insurance carrier shall serve notice, as hereinafter provided, upon such third person [or corporation] *or his insurance carrier* that compensation has been applied for by the injured employee or his dependents it shall thereupon become the duty of such third person [or corporation] *or his insurance carrier*, before making any payment to the injured employee or his dependents, to inquire from such employer or his insurance carrier the amount of medical expenses incurred and compensation theretofore paid to the injured employee or to his dependents. Where such notice shall have been served, it shall further become the duty of such third person [or corporation] *or his insurance carrier*, before making any payment as aforesaid, to inquire from such injured employee or his dependents the amount of the expenses of suit and attorney's fee, or either of them in the action or

settlement of the claim against such third person [or corporation] *or his insurance carrier*. Thereafter, out of that part of any amount about to be paid in release or in judgment by such third person [or corporation] *or his insurance carrier* on account of his or its liability to the injured employee *or his dependents*, the employer or his insurance carrier shall be entitled to receive from such third person [or corporation] *or his insurance carrier* so much thereof as may be due the employer or insurance carrier pursuant to sub-paragraph (b) or (c) of this section. Such sum shall be deducted by such third person [or corporation] *or his insurance carrier* from the sum to be paid in release or in judgment to the injured employee or his dependents and shall be paid by such third [party or corporation] *person or his insurance carrier* to the employer or his insurance carrier. Service of notice, hereinbefore required to be made by the employer or his insurance carrier upon such third person [or corporation] *or his insurance carrier*, shall be by registered mail, return receipt and in [the] cases [of a corporation] *other than individual* shall be mailed to the registered office of such [corporation] *other third person or his insurance carrier.*

(e) As used in this section, "expenses of suit" shall mean such expenses, but not in excess of $200.00, and "attorney's fee" shall mean such fee, but not in excess of 33⅓% of that part of the sum paid in release or in judgment to the injured employee or his dependents by such third [party or corporation] *person or his insurance carrier* to which the employer or his insurance carrier shall be entitled in reimbursement under the provisions of this section, but on all sums in excess thereof, this percentage shall not be binding.

(f) When an injured employee or his dependents fail within 1 year of the accident to either effect a settlement with *the third person or his insurance carrier* or institute proceedings for recovery of damages for his injuries and loss against the third person [or corporation], the employer or his insurance carrier, 10 days after a written demand on the injured employee or his dependents, can either effect a settlement with *the third person or his insurance carrier* or institute proceedings against the third person [or corporation] for the recovery of damages for the injuries and loss sustained by such injured employee or his dependents and any settlement made *with the third person*

or his insurance carrier or proceedings had and taken by such employer or his insurance carrier against such third person [or corporation], and such right of action shall be only for such right of action that the injured employee or his dependents would have had against the third person [or corporation], and shall constitute a bar to any further claim or action by the injured employee or his dependents against the third person [or corporation]. If a settlement is effected between the employer or his insurance carrier and the third person [or corporation] *or his insurance carrier*, or a judgment is recovered by the employer or his insurance carrier against the third person [or corporation] for the injuries and loss sustained by the employee *or his dependents* and if the amount secured or obtained by the employer or his insurance carrier is in excess of the employer's obligation to the employee *or his dependents* and the expense of suit, such excess shall be paid to the employee or his dependents. The legal action contemplated hereinabove shall be a civil action at law in the name of the injured employee or by the employer or insurance carrier in the name of the employee to the use of the employer or insurance carrier, or by the proper party for the benefit of the next of kin of the employee. Where an injured employee or his dependents have instituted proceedings for recovery of damages for his injuries and loss against a third person [or corporation] and such proceedings are dismissed for lack of prosecution, the employer or insurance carrier shall, upon application made within 90 days thereafter, be entitled to have such dismissal set aside, and to continue the prosecution of such proceedings in the name of the injured employee or dependents in accordance with the provisions of this section.

(g) If such employee or his dependents effect a settlement with *the third person or his insurance carrier* or institute proceedings against the third person [or corporation] prior to the service of notice *upon the third person or his insurance carrier* of the compensation obligation of the employer or his insurance carrier or prior to the institution of any proceedings against the third person [or corporation] by the employer or his insurance carrier for the injuries and loss sustained by such employee or his dependents, such employer or his insurance carrier is barred from instituting any action or proceedings against the third person [or corporation] for the injuries and loss sustained by such employee or his dependents.

The words "third person" as used in this section include corporations, companies, associations, societies, firms, partnerships and joint stock companies as well as individuals."

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
July 16, 1956.

Mr. President:

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following concurrent resolution:

A Concurrent Resolution deploring the brutal inhumanity of the massacre at Poznan and expressing the sympathy of the New Jersey Legislature with the people of Poland in their effort to obtain freedom.

WHEREAS, The entire civilized world has been greatly shocked by the massacre of Polish workers at Poznan whose effort was directed toward obtaining sufficient bread to sustain life under great privation; and

WHEREAS, These events bear witness again to the fact that although often promised free elections and the benefits of truly democratic institutions, Poland is not free but is a land of misery, hunger, violence and terrorism; and

WHEREAS, The New Jersey Legislature, mindful of the great contributions of Pulaski and Kozciusko and of many American citizens of Polish descent to the cause of freedom, desires to express its full sympathy with the people of Poznan and of Poland in their efforts to obtain the inestimable benefits of freedom; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey (the Senate concurring):

1. The New Jersey Legislature does hereby deplore the brutal inhumanity of the massacre of Poznan and expresses its admiration of the heroism of its citizens in demonstrating publicly against their brutal totalitarian rulers and does hereby extend its condolences to the Americans of Polish descent whose relatives and friends have perished in this massacre and does hereby express its full sympathy with the people of Poland in their efforts to obtain freedom and the advantages of democratic institutions and does hereby pledge its moral support to them in this effort.

In which the concurrence of the Senate is requested.

WILLIAM J. KOHM,

WHEREAS, The Honorable Ransford J. Abbott, former New Jersey State Highway Commissioner, departed this life on July 19, 1956; and

WHEREAS, Ransford J. Abbott served his native State of New Jersey with great distinction as State Highway Commissioner and in many other capacities including the offices of Deputy Highway Commissioner, Deputy to the State Alcoholic Beverage Commissioner, Executive Secretary to Governor Driscoll, and first chairman of the New Jersey Highway Authority, which built and operated the Garden State Parkway; and

WHEREAS, Ransford J. Abbott served his country in World War II, rising to the rank of Commander, U. S. Navy; and

WHEREAS, Only recently Mr. Abbott's great talents and faithful devotion to public duty, whenever called upon to serve the State and his reputation as a prodigious worker and public servant, were again recognized by his appointment as Legislative Adviser on Highways; and

WHEREAS, In his public and private life he made countless friends in every walk of life and his qualities of loyalty, courage and a desire at all times to be helpful to others endeared him to literally hundreds of his fellow citizens; and

WHEREAS, He is remembered as an outstanding alumnus of Rutgers University, and as a coach of one of its football teams; and

WHEREAS, In Naval circles he is remembered for his active service in the Southwest Pacific, and as Assistant to the Chief of Staff, on the Flagship of the Seventh Fleet; and

WHEREAS, His memory will ever be an example of high manhood, character and integrity; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That the Senate of the State of New Jersey does record its deep sorrow at the death of Ransford J. Abbott and expresses its profound condolences to his bereaved family and friends; and

Be It Further Resolved, That this resolution be spread in full on the Journal of the Senate; and

Be It Further Resolved, That a copt of this resolution, signed by the President and attested by the Secretary, be sent to his family.

Mr. Farley offered the following resolution, which was read:

Upon a *viva voce* vote being taken, the President declared the resolution adopted.

WHEREAS, Deputy Attorney-General Robert Peacock, died on July 18, 1956; and

WHEREAS, Mr. Peacock has faithfully and competently served the State of New Jersey, as one of its Deputy Attorneys-General, for upwards of twenty years; and

WHEREAS, His undoubted qualifications as an Attorney and Counsellor-at-law, and his special knowledge of the law in its applicability to the State Government, resulted in his retention as a Deputy Attorney-General by each succeeding Attorney-General during the last two decades; and

WHEREAS, During his service to the State, Mr. Peacock participated in many homicide cases, and had charge of the

litigation involving the important subjects of Commerce and Navigation and of Water Supply; and

WHEREAS, The State has suffered a great loss in the death of this valued and able lawyer; and

WHEREAS, Besides being an Attorney and Counsellor of high standing at the Bar he had been an outstanding citizen and one ever mindful of civic responsibility; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. That the Senate of the State of New Jersey expresses its profound regret at the death of Robert Peacock, Deputy Attorney-General of this State, and extends to his family and friends its sincerest sympathy; and

Be It Further Resolved, That this resolution be spread in full on the Senate Journal and that a copy, signed by the President and attested by the Secretary be sent to his family.

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 3 for the following reasons:

Senate Bill No. 3, in its preamble, recites that the Commission on State Tax Policy in its Eighth Report, had proposed the establishment of a State fund from which school districts can borrow for capital needs at interest rates of 1% in excess of the rates at which the State can borrow; that the commission has found a limited need for such assistance; and that the commission has proposed a temporary loan program with lending authority limited in duration to 1960 with total authorized loans outstanding at any one time limited in amount to $15,000,000.00. The preamble further recites that there exists a fund known as the fund for the support of public schools dealt with in Article VIII, Section IV, paragraph 2 of the State Constitution.

The first section of the bill provides that, until June 30, 1960, the trustees for the support of public schools shall be authorized "to purchase bonds and other obligations of any school district upon original issue, at an average price for the issue to yield 1% more than the going rate of interest paid by the State upon its obligations, provided, that the district cannot borrow publicly at or below such price".

Section 2 provides that the State Treasurer is to calculate and certify to the trustees "the going rate of interest on State obligations of not less than 20 years maturity" on or before January 1st and July 1st of each year.

Under section 3, a school district is to be eligible for loans under the bill only after it has offered its bonds for sale in the manner provided by law and has failed to receive a bid of an average price "which is not in excess of the State's going rate plus 1%".

It is evident that the proponents of this bill conceive that they have found, in the fund for the support of public schools, the State fund which the Commission on State Tax Policy suggested should be established as a source from which school districts can borrow for capital needs. Such conception ignores the constitutionally dedicated character of the fund for the support of the public school and the prohibition against the use of that fund by the Legislature for any purpose other than that specified in the Constitution.

The fund is not part of the general State funds which may be set aside, established or dealt with at will by the Legislature. It is a trust fund held and to be used for the specific purposes provided in the Constitution.

So, Article VIII, Section IV, paragraph 2 of the Constitution provides:

> "The fund for the support of free public schools, and all money, stock and other property, which may hereafter be appropriated for that purpose, or received into the treasury under the provision of any law heretofore passed to augment the said fund, *shall be securely invested, and remain a perpetual* fund; and the income thereof, except so much as it may be judged expedient to apply to an increase of the capital, shall be annually appropriated to the support of free public schools, for the equal benefit of all the people of the State; and *it shall not be competent for the Legislature to borrow, appropriate or use the said fund or any part thereof for any other purpose, under any pretense whatever.*"
> (Emphasis supplied.)

The Constitution requires that the moneys and other property in this fund be securely invested and remain a perpetual fund; a trust fund dedicated to one purpose, the annual appropriation of its income to the support of free public schools for the equal benefit of *all* the people of the State. Neither those moneys or property nor the riparian lands which have been appropriated by statute for the benefit of that fund can be used for any other State purpose. (See *State* v. *Owen*, 23 N. J. Misc. 123 (Sup. Ct., 1945); *In Re Camden*, 1 N. J. Misc. 623 (Sup. Ct., 1923)).

It is true that the bill does not compel the trustees for support of public schools to purchase school district bonds. It purports to give them power to do so in the case of particular school districts at an interest rate limited by the bill, irrespective of whether the investment otherwise might be deemed desirable or secure.

In so doing, this bill would reverse the salutary policy which led to the establishment of the State Investment Council. This council manages the investment of this fund, and now has the power to purchase school bonds for investment if it deems a particular school bond issue to be a secure and desirable investment.

In this connection, the reasons for the establishment of the State Investment Council and the fine record established by that council are significant. A legislative commission studying the investment of all State funds concluded there was considerable mismanagement, inefficiency and investments based upon political considerations which resulted in substantial loss to the State and to the trust funds involved. As a result of that study, the State Investment Council was established (P. L. 1950, c. 270). This council, which has been operating only 6 years, has made tremendous strides in achieving order out of chaos in the investment of all State funds. The book value of the securities in the public school fund alone has increased from $14,650,745.00 on June 30, 1950 to $16,510,259.00 on June 30, 1956.

This bill would be the first inroad in the efficient management of State funds by the Council which is now obligated to obtain the best possible revenue for the trust funds which they manage. It would authorize the purchase of such school district bonds at an artificial price without any relation whatsoever to actual market conditions or the merit of the securities. Thus, while interest and principal might be met on such bonds by the school districts affected, nonetheless there might well be substantial loss if, for any reason, the fund found it necessary to sell those bonds prior to maturity.

Further, virtually all the moneys of the fund are now invested; some in long term securities acquired prior to the establishment of the State Investment Council in 1950. If the fund were to purchase any substantial amount of school district bonds pursuant to Senate Bill No. 3, liquidation of its present investments would be required to make cash

available for that purpose. Liquidation would result in substantial losses under present market conditions.

The State Investment Council has studied this bill in both its original and amended form and has reached the conclusion, as stated in their Minutes, that the bill's

> "intent and purpose would result in unsound investment practices as it related to the fund known as the 'Trustees for the Support of Public Schools' since the income and assets of this fund could be used, in whole or in part, to purchase securities without due regard to their investment merit. Thus, the duties and responsibilities of maintaining the investment integrity of this fund would be breached insofar as the jurisdiction of the Council and the Division of Investment is concerned."

The bill also has several provisions which render it unworkable. It provides that the average price of school district bonds shall be such as to yield 1% more than "the going rate of interest on State obligations of not less than 20 years maturity". The "going rate" is to be determined by the State Treasurer on the basis of actual issues during the preceding 6 months, or "by market prices and other evidence of the condition of the financial market during such period". Absent an actual issue of State bonds, which issues are infrequent, the State Treasurer would find it extremely difficult, if not impossible, to calculate the going rate of State obligations of not less than 20 years maturity. The rate of interest will vary depending upon the terms of the issue; maturity dates of the issue are but one of the terms of the issue which will affect the rate. The provision freezing the rate certified by the Treasurer for a 6-month period is unrealistic, in view of rapidly changing market conditions.

Further, the standard of eligibility of school districts set forth in the bill is insufficient. Under this proposal, any school district which has offered its obligations for sale as provided by law and has failed to receive a bid of an average price which is not in excess of the State's going rate plus 1% is eligible for a loan under the bill. The timing and handling of the offer by the school district may well affect eligibility. Thus, if both a municipality and a school district comprise the same territory and wish to raise funds through bond issues, the available price for the school dis-

trict bond issue may be less than the eligibility standard if issued before, but higher if issued after, the municipal issue. In short, this bill does not fix an adequate standard to limit its application to those districts which, in fact, are in need of funds for school construction and cannot raise such funds at a reasonable interest rate.

There are comparatively few school districts which find themselves unable to market their bonds except at an interest rate much higher than that required to be paid by most municipalities or school districts. The reasons for this condition in the affected districts vary and depend upon the ratables within the district, the size of both the municipality and the school district obligations outstanding against the same ratables, the size of the issue, the population of the community and the general credit rating of the district. The problems of these particular districts may warrant special consideration, but for the reasons herein set forth, Senate Bill No. 3 is not an appropriate solution.

If additional aid for capital construction is to be given to particular school districts which are in distress, this should be done in a straightforward, direct approach. Any bill providing such relief should contain an appropriation and provision for raising the necessary funds. Such program should include standards for determining the need of the school districts and the order of priority among those districts by some agency, which would most appropriately be the State Department of Education.

Accordingly, I am returning herewith, without my approval, Senate Bill No. 3.

Respectfully,

SENATE BILL No. 11

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 11 for the following reasons:

This bill would direct the Commissioner of Education or one of the assistant commissioners to hold a hearing for any person who served as a helping teacher for not less than 15 years and who failed to be reappointed, if such person alleges in an application made in writing to the Commissioner that the failure to be reappointed was due to "inadvertence, mistake or misunderstanding." If it is determined at such hearing that the failure to reappoint such person was due to "inadvertence, mistake or misunderstanding", the Commissioner would be required to recommend that the applicant be compensated for the services which would have been rendered had such "inadvertence, mistake or misunderstanding" not occurred, provided the applicant was ready, willing and able to perform the services of the helping teacher during the period following such failure to be reappointed, not exceeding 6 years. The recommended amount of such compensation would be certified to the Legislature for inclusion in any general or supplemental appropriation bill.

The authority for the appointment of helping teachers is contained in Section 18:13–21 of the Revised Statutes, which provides:

> "Whenever the commissioner deems it advisable, he may appoint a helping teacher to aid and direct the teachers in the schools of two or more districts, but no appointment shall be effective until it is approved by the State Board of Education. The commissioner, with the approval of the State board, shall fix the salary of a helping teacher, and shall fix an allowance for his traveling expenses, which allowance shall not exceed five hundred dollars a year."

The statute leaves the question of whether or not a helping teasher should be appointed to the discretion of the Commissioner of Education. Such appointments are made for a 1-year term; the appointee gets no tenure of office, no matter how often reappointed.

Senate Bill No. 11, although couched in general terms, is actually designed to deal with the case of one helping teacher whose last employment terminated on June 30, 1947, and who was not reappointed by the then Commissioner of Education, Dr. John H. Bosshart. What this bill seeks to accomplish is to have the present Commissioner of Education determine, 9 years later, whether or not Commissioner Bosshart erred when, in the exercise of his administrative discretion, he, on or about July 1, 1947, determined that he did not "deem it advisable" to reappoint the helping teacher concerned. The discretionary determination by Commissioner Bosshart was not reviewable by the courts when made; I see no justification for providing for a review of that purely discretionary action at this late date by the present Commissioner.

If Senate Bill No. 11 were enacted into law, it would establish a precedent which would require a hearing when any helping teacher was not reappointed even though as heretofore noted, R. S. 18:13–21 authorizes the Commissioner of Education to make such appointments when he deems it advisable and such appointments are made on an annual basis and carry no tenure of office. Persons in public employment not having tenure or a fixed term of office are not entitled to a hearing upon either dismissal or failure to reappoint. If it should be deemed advisable to grant tenure to helping teachers, then the statute should be amended to so provide. If, however, tenure is not granted to helping teachers, no useful purpose would be served by affording to such teachers a hearing of the nature sanctioned by this proposal.

This bill, if it became law, would substantially increase the administrative problems of the Department of Education. Further, if the Commissioner should determine that such failure to reappoint was due to "inadvertence, mistake or misunderstanding" on the part of a prior Commissioner of Education, the cost to the State for services not rendered to the State would be several thousands of dollars.

For these reasons, I am returning Senate Bill No. 11 herewith without my approval.

Respectfully,

ROBERT B. MEYNER,
Governor.

SENATE BILL No. 26

To the Senate:

I am returning herewith Senate Bill No. 26, without my approval, for the following reasons:

Senate Bill No. 26 would amend chapter 257 of the Public Laws of 1952. The present law requires every telegraph company, the principal business of which is the operation of a telegraph system and furnishing ticker or teleprinter serivce within this State, to register all of its tickers or teleprinters with the Board of Public Utility Commissioners except those that are connected to facilities available for general telegraphic service. The law also requires the Board of Public Utiltiy Commissioners, which has adopted appropriate rules and regulations, to make available to the Attorney General, the county prosecutors and municipal police departments the information contained in the registrations.

Senate Bill No. 26 would exempt stock and commodity tickers from the operation of the 1952 act.

The impetus for the enactment of the 1952 act was the investigation made by law enforcement officials which disclosed that large scale bookmakers were using tickers in the conduct of their operations.

In recommending that Governor Driscoll approve the bill, former Attorney General Parsons stated that "the registering of tickers and teleprinters will assist law enforcement authorities in detecting use of such facilities for illegal, i.e., gambling purposes. Several States already have similar legislation".

I recognize that a requirement for registration of tickers by a telegraph company imposes some burden on the telegraph company. However, the burden is slight and is but an instance of the settled policy which requires, in certain spheres, that equipment normally used for legitimate operations be subjected to reasonable regulation in order to avoid abuses by those who would use that equipment for unlawful activities.

In considering the desirability of any particular regulation, it is necessary to weigh the benefit derived by the public generally against the burden imposed upon the regulated actiivities.

In the case of the subject matter of this measure, the burden upon telegraph companies is negligible when weighed against the ultimate objective of the law strengthening the hands of law enforcement officials. In view of the obvious salutary purposes of the present law, I cannot approve of any erosion of that law.

For the foregoing reasons, I am returning Senate Bill No. 26 herewith without my approval.

Respectfully,

]SEAL[ROBERT B. MEYNER,

SENATE BILL No. 55

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 55 for the following reasons:

This bill was apparently intended to permit any member of the Public Employees' Retirement System who was a member of the former State Employees' Retirement System to elect to make additional contributions and receive both full Social Security benefits and a full State retirement allowance. A member making such an election would not be entitled to any of the "insurance benefits" provided by the act establishing the Public Employees' Retirement System (P. L. 1954, c. 84). The bill would also permit any member of the retirement system who has retired since January 1, 1956 to be "reinstated" and to make the same election with regard to benefits. Members electing to receive the greater combined retirement allowances would make additional contributions from January 1, 1956.

The original legislation creating the State Employees' Retirement System was enacted in 1921. That system was a companion to the Teachers' Pension and Annuity Fund which had been established a short time earlier. Both plans were the result of years of study by a State legislative commission. They were forerunners in the establishment of actuarially sound public employee retirement systems throughout the country. Among those prominent in these developments was Mr. George B. Buck, who has served as the actuary of the two systems ever since they were created.

Over the years, the benefits of the State Employees' Retirement System were liberalized, e.g. the provision permitting retirement at age 60 on half-salary after 30 years, rather than 35 years of service. However, a study made in 1953 revealed that while the system compared favorably with industrial retirement plans in the amount of allowance paid to long-term service employees, it was deficient in its provisions relating to benefits payable in the event of death and the retirement allowances payable to short-term service employees. To eliminate these weaknesses and to resolve part of the problem of funding benefits payable under the free public employee veterans' pension act, a complete revision of the retirement system structure was effected by the enactment of Chapter 84, P. L. 1954.

That act repealed the former retirement system, extended Federal Social Security coverage to members of the former system, and established the new Public Employees' Retirement System.

The new system contains substantial death benefit protection. In the event of a non-service connected death, there is paid to a member's beneficiary an amount equal to 1½ times the salary received by the member in the last year of employment plus the amount of the member's contributions to the system. Further, Social Security benefits are payable to widows who are 65 years of age or who have dependent children. In the case of a male employee earning $4,200.00 who has two children under age 18, this means an initial Social Security payment to his widow of $2,400.00 a year. If the death were service-connected, the initial income of the widow, aside from workmen's compensation benefits, would be at least $4,500.00 a year, which is greater than the member himself was earning.

The new system also increased the retirement allowances of short-term employees through Social Security coverage. It increased the total retirement income of many employees having wives or dependent husbands, age 65 or over, who would receive Social Security payments in addition to any payments received by the member from the retirement system without considering the effect of recently enacted Federal amendments to the Social Security Act. Many other benefits were added, including lump-sum death benefit protection after retirement in addition to Social Security benefits; a vesting of the members' interest in the employer's contributions after 20 years of membership; and improved allowance in the event of retirement after 25 years of service. Of no small matter also is the funding by the State and local governments of the free credits given to the war veteran employee for their public service prior to January 2, 1955.

Basic to the entire structure of the new system is the provision that members would continue to contribute at the rates prevailing under the former system. These rates included the amount of the Social Security contribution, so that there was no immediate increase in contribution rates. In return, the retirement allowance payable to the member when he attained age 65 would be reduced by the value of Social Security benefits obtained through public employment.

This "Social Security offset" was specifically limited to credits obtained in public employment in order not to deprive the older employees of Social Security credits which they might have obtained in private employment. As a result, a "wind-fall" situation has resulted for those older employees who retire without becoming eligible for Social Security benefits through public employment alone and who become eligible for such benefits through additional private employment coverage. These persons will receive both full Social Security retirement benefits and full State retirement benefits. It should be noted, however, that the number of persons taking advantage of this situation is very small and that the employer's cost which has been certified to the State and local governments includes this special limited group.

For a period of 15 months prior to January 1955, when Chapter 84, P. L. 1954 became effective, wide publicity was given to the full details of the new program, including the

"Social Security offset". Explanatory articles were run continuously in the public employee publications. Meetings were held throughout the State at which the entire program was explained. One hundred thousand copies of an explanatory pamphlet were distributed to State and local employees. Articles were printed in the leading newspapers of the State. There can be no doubt that the basic concept of the "Social Security offset" was well understood by the Legislature and by the public employees affected.

In the process of its enactment, support was given to Chapter 84 by every leading public employee and employer organization. Indicative of this favorable response is the fact that similar legislation to extend the same system of benefits to teachers and school custodians of the State was introduced in 1955 by twelve co-sponsoring senators.

As a result of a large amount of planning and the complete revision of our pension laws, there are approximately 85,000 public employees covered in the two pension systems by one set of retirement and death benefits. Of these, 17,000 are State employees. However, the State also contributes the employer's costs for all future service of the 45,000 members in the Teachers' Pension and Annuity Fund. Since any liberalization of the benefits of the Public Employees' Retirement System will undoubtedly call for similar treatment for the members of the teachers' fund, a bill such as Senate Bill No. 55 must be viewed in light of its over-all effect.

Senate Bll No. 55 would permit those employees who so desire to increase their contributions in order to avoid having their State retirement allowances diminished by Social Security benefits. At the same time, they would waive insurance protection.

As I pointed out above, the retirement allowances now provided by the Public Employees' Retirement System compare very favorably with those of private industry, and are in fact, more liberal than most private plans. However, Senate Bill No. 55 would permit a member earning $4,200.00 and having 30 years of service to retire at age 65 with a total annual retirement income of $3,400.00. If this member has a wife or dependent husband age 65, the total retirement annual income would be $4,050.00. This does not take into account the reduced income tax liability of a retired person who is 65 or more years of age. It should be noted

that in the case of a war veteran the same benefit would apply at age 65 after 20 years of public service and that the total income would be even greater when any member had more than 30 years of service.

The element of cost cannot be ignored in dealing with any pension proposal. Approximately one-tenth of the annual expenditures of the State government are mandatory pension payments. In the current appropriation act (P. L. 1956, c. 100) the State has set aside over $30,000,000.00 for contributions to public employee retirement systems. This large sum will undoubtedly increase in subsequent years solely as a result of growing membership and improvement in mortality experience. The problem is not one confronting the State alone. Every local government is also concerned with its expenditures for employees' pensions.

It is impossible to place an exact cost figure on Senate Bill No. 55, primarily because of the election afforded to each member of the retirement system. The total cost would depend upon the number, age, sex and salary characteristics of those who elected to receive the larger allowance. However, the actuary for the system, Mr. George B. Buck, who undoubtedly is the person most familiar with the operation of the retirement system states:

> "My opinion is that this bill is a dangerous one in that it would probably prove to be very costly to the employers since, except in the case of death, no reduction in benefits payable from the system would be made in the case of any employee who was a member of the former State Employees' Retirement System who elected to make Social Security contributions in addition to those now required under Section 25 of Chapter 84, P. L. 1954. In all probability, most employees would so elect since the cost to them of obtaining the additional benefit payable under Social Security is relatively small.
>
> "Furthermore, the bill provides that members already retired may apply for reinstatement and make the election. This would result in increased costs to the employers since not only would the employers be required to pay Social Security taxes on their account but they would also be required to make further contributions to the system to provide the increased retirement benefits which would be payable upon their subsequent retirement.

"My opinion is that the adoption of this bill would to a large extent destroy the integrated plan to which so much time and thought have been given."

There are actually two separate additional employer costs in the bill. First, the bill makes no provision for additional employee contributions to the retirement system for the calendar year 1955. Therefore, for each State employee selecting the increased benefit plan, the State would have to contribute both the employer and employee contributions for 1955, or 4% of salary up to $4,200.00. On the basis of the average salary of State employee members, $3,800.00, this would mean an added cost of $152.00 for each such member. If 10,000 State members made this choice, the cost would exceed a lump sum payment of $1,500,000.00. On the same proportionate basis, the cost to local governments would exceed $2,000,000.00.

The second, and heavier cost, would arise from the additional contributions needed for future service. The value of the present "Social Security offset" far exceeds the Social Security taxes now being paid by the State, and accordingly the elimination of the "offset" would mean that the State would have to contribute much more than an additional 2% of payroll to the retirement system. On the other hand, although the number of persons covered by death benefits would greatly decrease, the cost of these benefits would not diminish greatly, since it would be those persons most likely to need insurance who would choose to retain the death benefit protection. The Division of Pensions has estimated that the net increase in cost may be as high as 2% of payroll up to $4,200.00. Thus, if 10,000 State employee members chose the greater benefit the annual cost to the State could exceed $750,000.00. Proportionately, the cost to the local governments could exceed $1,000,000.00 per year. The figures do not include the effect of increases in membership or of possible increases in the level of salaries.

Similar legislation affecting the Teachers' Fund would mean a tripling of the above costs.

In addition to the cost consideration pointed out above, the bill would cause a person already retired to be "reinstated" upon his own application "so as to enable him to . . . obtain the benefits therefrom in the same manner and to the same extent as though he had not retired. . . ." If the word "reinstate" means that the person shall take the position from which he retired, the bill gives no details as

to how this would be accomplished. Changes in personnel and positions have taken place both at the State level and local government level since January 1, 1956. As a result of recent retirements certain employees have received substantial promotions while in other cases economies have been effected through the elimination of positions. At the State level I have directed that a comprehensive recruitment program of college-trained personnel be conducted in order to fill some of the vacancies recently created. If Senate Bill No. 55 were enacted, the effect would be one of "turning back the clock" with consequent heavy upheaval in personnel administration at every governmental level. Without going into greater detail, this phase alone would make the enactment of Senate Bill No. 55 extremely unwise.

Past experience indicates that it would be imprudent to give the members of a retirement system the option of giving up present death benefit protection for potentially greater benefits at retirement. Many of the persons making such an election would die before retirement; their beneficiaries would thus be deprived of the life insurance benefits which they now would receive. There is no doubt but that such a situation would cause the introduction of legislation directing the payment of death benefits to such beneficiaries as though the member had not waived them. Each one of these situations would be deemed to be, with good reason, a "hardship" case. It has been part of the over-all advance made in the field of pensions within the past years to eliminate this prospect of special hardship situations in the future.

From the language of the bill it is not at all clear what the member who wishes the larger retirement allowance actually waives by way of death benefit protection. Under Senate Bill No. 55 he would waive the "insurance benefits". This phrase is not used anywhere in Chapter 84, P. L. 1954 and could be construed to mean non-service connected death benefits, service connected death benefits and even the death benefit protection available under the optional settlements at retirement.

The optional settlements in particular are an important item of family protection. An employee retiring at age sixty on an allowance of $2,100.00 can by taking a reduction in his retirement allowance provide for an initial death benefit reserve of over $21,000.00. If a broad interpretation is given to the undefined phrase "insurance benefit", it could

very well mean that this important benefit of the Retirement System would also be lost to the employees concerned.

There are a number of other important objections to Senate Bill No. 55. For example, since it affects only a person who belonged to the former State Employees' Retirement System and then became a member of the Public Employees' Retirement System, it is special legislation. There are many employees who became members of the Public Employees' Retirement System without having been members of its predecessor.

Confusion would also result because the bill contains contradictions with regard to its effective date. Section 5 states: "This act shall be deemed to be in effect as of January 1, 1956, and any such election by any of the said members may be made within 6 calendar months of the effective date of this act." However, Section 6 reads: "This act shall take effect immediately and shall be operative retroactively to January 1, 1956." Meanwhile, Section 2 speaks of persons who were members of the Public Employees' Retirement System on January 1, 1956 "and who thereafter and prior to the effective date of this act retired from the said system. . . ". If the effective date of the act is January 1, 1956, then it would not apply to persons who retired after that date, Section 2 notwithstanding. If the effective date is actually the date upon which this bill became law, then the retroactivity to January 1, 1956 would make no sense.

Finally, although the bill provides that members may make Social Security contributions in addition to contributions to be paid to the Retirement System, the real intention apparently is that members shall make greater contributions to the Retirement System in order to increase the amount which they would receive from the State plan.

In view of the careful study and consideration that went into the adoption of the programs contained in Chapter 84, P. L. 1954, and its companion legislation affecting teachers, Chapter 37, P. L. 1955, I cannot approve of what in effect would be the destruction of these programs by two pages of ambiguous, ill-conceived legislation.

For these reasons, I am returning Senate Bill No. 55 herewith, without my approval.

Respectfully,

ROBERT B. MEYNER,

SENATE BILL No. 110

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 110, for the following reasons:

This bill would authorize the board of chosen freeholders in counties having less than 35,000 inhabitants to fix, by resolution, the annual salaries of surrogates, sheriffs and county clerks at an amount not less than $4,500.00 nor more than $7,000.00. The only county to which this bill can apply is Sussex county with a population, according to the 1950 census, of 34,423.

This bill is similar to Senate Bill No. 163 passed by the Legislature in 1955 which provided a mandatory, annual salary of $7,500.00 for surrogates, sheriffs, county clerks and prosecutors in such counties. It may be noted that Senate Bill No. 110 omits the office of prosecutor, which, by coincidence, is now filled in Sussex county by a Democrat.

In returning Senate Bill No. 163 without my approval, I said:

> "If Senate Bill No. 163 became law, it would make the salaries of the four officers in the smallest county of the State greater than in the two larger counties in the fourth class as well as one county in the third class. The duties and workload of these four officers in Sussex county do not appear to warrant larger salaries than in the case of the same officers in counties having more inhabitants. * * *
>
> "It is significant to note that the salary of the Sussex county clerk is now covered by two existing statutes: R. S. 40:38–5, which fixes the salary in counties having a population of less than 48,000 at $3,500.00, and Chapter 197 of the Laws of 1946 which fixes the salaries in counties, not bordering on the Atlantic Ocean, having a population of between 20,000 to 40,000, at $5,000.00. Similarly, surrogates are covered, pursuant to N. J. S. 2A:5–3, by three statutes: R. S. 2:7–19, in counties, not bordering on the Atlantic Ocean, with a population of less than 48,000 at $3,500.00; P. L. 1946, Chapter 195,

counties not bordering on the Atlantic Ocean, with a population of 20,000 to 40,000 at $4,250.00; and P. L. 1948, Chapter 301, fourth class counties, up to $5,000.00. The two acts dealing with the 20,000 to 40,000 range apply only to Sussex county. Senate Bill No. 163 would add another act which would be applicable exclusively to Sussex county.

"I do not intend to indicate either approval or disapproval of the proposition that the four officers involved, by reason of their duties, are entitled to receive compensation in the amount of $7,000.00 annually. In the light of the existing statutes, however, the singular treatment of these officers cannot be justified.

"I also wish to urge that Title 40 concerning municipalities and counties be revised promptly, as well as other statutes, particularly Title 2A, dealing with related salary classifications. Senate Bill No. 163 serves to emphasize the critical need for such revision and the inappropriateness of piecemeal treatment of the subject."

The reasons stated for my objections to Senate Bill No. 163 are equally applicable to Senate Bill No. 110.

Accordingly, I am constrained to return this bill without my approval.

Respectfully,

SENATE BILL NO. 120

To the Senate:

I am returning herewith, Senate Bill No. 120, without my approval, for the following reasons:

Senate Bill No. 120 would amend section 32:9–1 of the Revised Statutes so as to alter the method of appointment

of the New Jersey members of the Delaware River Joint Toll Bridge Commission. Under the present law the 5 New Jersey commissioners are appointed by the Governor for terms of 3 years with 2 terms expiring in one year, 2 in the next year and 1 in the third year.

Under this bill the method of appointment would be as follows:

> "The commission shall consist of 5 members, 4 of whom shall be appointed by the Governor with the advice and consent of the Senate for terms of 3 years and 1 shall be the State Highway Commissioner, ex officio, or the State Highway Engineer, ex officio, as designated by the Governor."

Section 2 of the bill preserves the existing terms of the incumbent New Jersey members of the Commission.

The section which would be amended was originally enacted in 1912 (P. L. 1912, Chapter 297). It established a New Jersey commission to operate in conjunction with a similar Pennsylvania commission for the purposes of acquiring, on behalf of the two States, toll bridges across the Delaware River. This section was incorporated in the Interstate Compact creating the Delaware River Joint Toll Bridge Commission, the successor to the 2 prior State commissions, pursuant to P. L. 1934, Chapter 215, Article I, which provided:

> "There is hereby created a body corporate and politic, to be known as the Delaware River Joint Toll Bridge Commission (hereinafter in this agreement called the 'Commission'), which shall consist of the commissioners on behalf of the State of New Jersey, provided for by the act approved the first day of April, one thousand nine hundred and twelve (chapter two hundred and ninety seven), and its supplements and amendments, for the acquisition of toll bridges over the Delaware river and of the commissioners on behalf of the Commonwealth of Pennsylvania, provided for by the act approved the eighth day of May, one thousand nine hundred and nineteen (pamphlet laws one hundred forty-eight), and its supplements and amendments, for the acquisition of toll bridges over the Delaware river, which said commissions have heretofore been acting as a joint commission by virtue of reciprocal legislation. * * *"

In 1952 legislation was adopted by the State of New Jersey (P. L. 1952, Chapter 333) to amend the Compact. Similar legislation was adopted in Pennsylvania. Pursuant thereto a supplemental compact was entered into on July 16, 1953. It amended the quoted paragraph only as to form, not as to content. This later compact has not been approved as yet by the Congress of the United States.

The basic effect of Senate Bill No. 120 would be to restrict the power of the Governor by requiring Senate confirmation of 4 members and limiting the selection of the fifth to the State Highway Commissioner or the State Highway Engineer.

The proper functioning of the Delaware River Joint Toll Bridge Commission is too important to be jeopardized by requiring confirmation by the Senate of the members where there is no provision that the members hold over after their 3-year term until successors are appointed and qualified. Consequently, inaction by the Senate could paralyze the Commission.

Unfortunately, action or inaction on the part of the Senate with respect to many nominations submitted by me has been based solely upon partisan consideration. In one instance, I have been unable to obtain confirmation of my appointees to an interstate authority where the incumbent members have held over after the expiration of their terms for over 2 years. This is scarcely responsive or responsible government.

My objection is directed primarily to the construction which has been placed by the Senate upon the term "the advice and consent of the Senate". At present this phrase has been distorted to mean that an executive nomination is to be made only after the advice and consent of a single Senator has been obtained by the Governor.

In passing, it should be noted that the reforms and substantial savings which have been effected in the operation of the Delaware River Joint Toll Bridge Commission were possible only after I was able to appoint a majority of the New Jersey members. The disclosures which resulted from the investigation of the Commission apparently prompted the introduction of this measure.

In addition the method of appointment of the members of the Commission proposed by this measure would destroy the

existing scheme of staggered terms for the members of the Commission. As noted above, the terms of 2 commissioners expire in one year, 2 in the next year and one in the third year. Under Senate Bill No. 120, each commissioner would receive a term of 3 years from the date of his confirmation. Thus, it would be possible to have the terms of all 4 appointed members expire in one year. This is contrary to the salutary purpose evidenced in the existing law as well as in the laws applicable to many other similar commissions. Provision for staggered terms is desirable as it preserves continuity and insures that at no time will the administration of the Commission be in entirely inexperienced hands. This change together with the absence of any provision for holding over after expiration of term might well jeopardize the operation of the Commission.

For these reasons, I am returning herewith, without my approval, Senate Bill No. 120.

Respectfully,

]SEAL[ROBERT B. MEYNER,

COMMITTEE SUBSTITUTE FOR SENATE BILL No. 137

To the Senate:

I am returning herewith Committe Substitute for Senate Bill No. 137, without my approval, for the following reasons:

This bill provides that a person maintaining more than one place of residence may apply to the County Board of Elections of any county wherein he maintains one of said residences and wherein he claims his vote, to determine his right to vote in such county, if otherwise qualified so to do. Each application is to be heard by the County Board at a public hearing on not less than 10 days notice to the applicant, no provision being made for notice to anyone else. The board may call witnesses on its own motion.

The bill further provides that the determination by the County Board

> "shall be made according to the facts and the board shall give weight to the circumstances of such places of residence and to the applicant's intention to choose and choice of domicile as between the said 2 or more places of residence where the facts are such as to reasonably permit the making of a choice."

If the applicant is held to be qualified to vote within the county, the board is to issue a certificate to such effect including a designation of the district wherein the applicant is authorized to vote. If the applicant is not already registered, the board is required to register the applicant. No such registration is to be made within 40 days preceding an election nor is a determination of the right to vote to be made within 20 days prior to any election.

Provision is also made in the bill for preparation by the Secretary of State of forms of application and rules and regulations for the administration of the bill, and for appeals, within 30 days of the County Board's determination by an election official of the district designated in the certificate if the application is denied or if he is dissatisfied with the determination. The appeal is to be heard by the County Court in a summary manner as in the case of other reviews by that court in election matters and "judgments entered therein shall be conclusive and binding upon the question of the applicant's voting rights".

Further, the bill provides that unless a court of competent jurisdiction sets aside the determination of the County Board that the applicant is qualified to vote within the county,

> "such determination shall be deemed to conclusively establish the applicant's voting residence within this State and such right to vote shall not be questioned in any manner or by any other action or proceeding in any court and as long as said determination remains in full force and effect it shall be unlawful for the applicant to vote or attempt to vote in any other place."

Our Constitution requires that before a citizen may vote he must have been a resident of this State for one year and of the county of which he claims his vote 5 months next before the election and this constitutional provision is, of course, recognized in our Election Law.

It has long been held in this State that the residence requirements of the Constitution and the Election Law mean that a voter must be *domiciled* in this State and in the district wherein he seeks to vote (*State* v. *Benny*, 20 N. J. 238 (1955)). It is likewise settled that a person can have only one true domicile, which our Supreme Court has described in the cited case as the

> "place where a person 'has his true, fixed, permanent home, and principal establishment, and to which, whenever he is absent, he has the intention of returning,' Story, Conflict of Laws (8th ed.), § 41, p. 40, or 'the habitation fixed in any place, without any present intention of removing therefrom,' *Putnam* v. *Johnson*, 10 Mass. 488, 501 (Sup. Jud. Ct., 1813),"

And, as the Supreme Court said in the *Benny* case,

> "Significantly, the framers of the Constitution of 1844 were even then concerned with the possiblity of people from other States coming over into New Jersey to vote in elections in which they had no legitimate interest in order to attempt to exercise some control over the result of elections in this State. Only true domicile begets kinship with the people of the community and their problems and results in the serious consideration of them, which is necessary to the existence of effective government."

The merits of Committee Substitute for Senate Bill No. 137 must be viewed on the background of the constitutional requirement which limits the right to vote to persons domiciled, for the period required by the Constitution, in this State and in the voting district.

The vague standards set out in the bill on the basis of which the County Boards are to make their determinations of the applicant's right to vote are contrary to the constitutional mandate and the decisions interpreting it and the legal test of domicile. This bill would have serious detrimental effects upon our election procedures and open the door to abuses.

The measure has several other objectional features. The vesting of the power to determine voting residence in 21 separate County Boards of Elections is not desirable or conducive to uniformity. If provision is to be made for a

declaratory judgment as to domicile by some administrative agency, it should be by a State-wide administrative agency uniformly applying one set of rules and criteria.

The provision that the determination by the County Board is to be deemed to establish conclusively the applicant's voting residence which would be binding upon all authorities until set aside by order of the court, may well lead to inequities and abuses. Until such a court order is obtained a person who has had his voting rights so determined must vote, if at all, in the district to which his certificate is applicable. It would be unlawful for him to vote elsewhere. Further, under the literal language of the statute, a County Board of Elections or commissioner of registration, charged by statute with the duty of purging registry lists (R. S. 19:21–15), could not remove such person's name from the list without a court order even though he no longer maintained a residence in the district where registered. Individuals who knowingly voted in the districts where they no longer reside would be protected from prosecution under the criminal provisions of the election laws if they held a certificate to vote in that district. The constitutionality of this feature of the bill is, to say the least, doubtful; its unacceptability is clear.

As noted above, while provision is made for notice to the applicant of the hearing before the County Board, no provision is made for notice to anyone else who might be interested in contesting the application.

Finally, in many cases the procedure provided by the bill would be completely ineffective if the County Board of Elections, made up of 4 members, split two to two in its voting, as such boards often do. In addition, no provision is made in the bill for an appeal by the applicant. All that is provided for is an appeal by an election official of the district designated in the applicant's certificate.

It is evident that this bill would but add to the confusion in our existing election laws. If the problem sought to be dealt with in this bill is to be met by legislation, that legislation should be part of the comprehensive revision of our election laws, the need for which I have often called to your attention.

I am, therefore, returning Committee Substitute for Senate Bill No. 137 herewith, without my approval.

Respectfully,

SENATE BILL No. 185

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 185 for the following reasons:

Senate Bill No. 185 deals with police training schools. To properly evaluate it requires a consideration of the events leading up to its introduction as well as the provisions of Senate Bill No. 178 for which Senate Bill No. 185 is, in effect, offered as a substitute.

In my Second Annual Message to the Legislature delivered on January 10, 1956, I urged the adoption in this State of a police training program and stated, in part:

> "It seems to me unsound to give a man a badge, a club and a gun and send him out for police duty unless he is properly screened and trained.
>
> "With increasing population in New Jersey, the burden on local law enforcement officers continues to mount. Modern conditions of travel and improvement in methods of criminal detection make the task of local officers far more complicated than it used to be. Today a criminal can traverse the State from north to south within three hours and from east to west in one hour.
>
> "The job of police officer has lost its traditional concept of being local in nature. I recommend that we inaugurate a police training program, similar in nature to that already employed by the State Police and various local training programs, to apply to all municipali-

ties. Such a program would require a potential police officer to receive a thorough course with academic subjects, clinical experience and physical training. * * *

"What I am proposing is that a movement which has already gained headway and public acceptance be broadened so that all police officers be properly trained before they assume their duties or after they have been appointed for a probationary period and before their appointment becomes permanent. * * *

"The legislation I request would not be designed to infringe upon local control but is advocated solely to aid the municipality in improving its service to our citizens."

In implementation of my recommendation, there was delivered to the legislative leaders at the legislative conference of March 19, 1956 a draft of a proposed bill which has been prepared by the Attorney General with the assistance of a committee representing civic, police and governmental organizations interested in achieving a unform system of mandatory police training throughout the State. That bill, which was introduced by Senator Ridolfi as Senate Bill No. 178, represented more than a year of solid effort by a dedicated group of persons vitally interested in better law anforcement. The plan provided for therein received widespread approval not only with this State but also from qualified experts outside the State.

Senate Bill No. 178 provides for the creation of a Police Training Commission composed of the Attorney General, the Superintendent of State Police, the Commissioner of Education, the Special Agent in Charge of the State of New Jersey for the Federal Bureau of Investigation, a representative of the New Jersey State Association of Chiefs of Police, a representative of the New Jersey State Patrolmen's Benevolent Association, a representative of the New Jersey State Lodge, Fraternal Order of Police, a representative of the New Jersey State Superior Officers' Association, a representative of the New Jersey State League of Municipalities and 3 citizens of the State appointed by the Governor with the advice and consent of the Senate. It authorizes the Police Training Commission to administer and supervise a program of police training by providing uniform and approved standards for police training schools and their curriculum. Before a man could be given perma-

nent appointment as a policeman, he would first have to be appointed as a probationer for a period not exceeding 6 months, during which he would be required to undergo a course of training in an approved police training school. The basic purpose of that bill is to insure that before a police officer is permanently appointed, he has received a course of training in a training school which meets standards to be uniformly applied throughout the State. Senate Bill No. 178 does not violate the principle of home rule; control of local police forces is left in the local governing body.

The Legislature has taken no action on Senate Bill No. 178. Instead it has passed Senate Bill No. 185 which was obviously introduced as an alternate proposal to Senate Bill No. 178.

Senate Bill No. 185 would require each county board of chosen freeholders, on or before January 31st of each year, beginning January 31, 1957, to compile a list of police training schools which are available for police training for probationary members of the police departments of the county. The bill provides that the board of chosen freeholders shall approve of such schools according to the convenience of their location and upon the board being satisfied that each such police training school furnishes courses in police training upon a regular schedule of terms and hours in the subjects of the law and techniques of law enforcement by policemen. It also provides that after January 21, 1957 (sic) no policeman should be appointed as a permanent member of a county or municipal police force unless he shall have completed a police training course at a police training school approved by the board of chosen freeholders of the county.

Senate Bill No. 185, although paying lip service to the necessity for adequate training of policemen before permanent appointment, would destroy any effective implementation of that purpose. The statement annexed to the bill reads, in part, that "It holds to the principle of home rule by retaining in the county the right of approval for training schools". The alleged preservation of the principle of "home rule" is but a smoke screen. Senate Bill No. 185 would, in effect, provide 21 different standards for police training in this State, standards adopted by 21 separate boards of chosen freeholders made up of laymen having little or no knowledge of law enforcement techniques and the requirements of proper police training. Approval of

particular training schools would become the subject of political maneuvering with the respective boards of chosen freeholders.

Effective law enforcement requires that standards for police training schools be established by persons expert in the field and that such standards be uniform throughout the State. There is no logical reason for providing different standards for the several counties. There is no correlation between law enforcement techniques and police training and the geographical borders of the counties; proper techniques and training do not vary from county to county.

Adoption of Senate Bill No. 185 would be a serious setback to the realization of an effective police training program.

For the foregoing reasons I am returning Senate Bill No. 185 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 206

To the Senate:

I am returning herewith Senate Bill No. 206, without my approval, for the following reasons:

Senate Bill No. 206 concerns persons holding public offices or positions who have been suspended therefrom. It has as its objective to provide, under particular circumstances, for the reinstatement of such officers or employees, with provision for the recovery of rights, emoluments and salary lost as the result of the suspension.

Under the law of this State as outlined in the recent cases of *DeMarco* v. *Board of Chosen Freeholders County of Bergen*, 21 N. J. 136 (1956) and *Winne* v. *Bergen Co.*, 21

N. J. 311 (1956), a wrongfully discharged or suspended officer or employee cannot recover the salary he has lost during the periods of discharge or suspension unless there is specific legislative authorization therefor.

Such specific legislative authority now exists in several limited instances. So, under R. S. 11:15–6, where a State employee in the classified civil service takes an appeal to the Civil Service Commission from an order of suspension or removal, the Commission, if the facts warrant it, may restore the employee to his position without loss of pay. Rule 59 of the Civil Service Commission authorizes such restoration without loss of pay in the case of all classified civil service employees whether employees of the State or some other public body to which the civil service law is applicable.

So, too, R. S. 40:46–34 provides that whenever a municipal officer or employee, including any policeman or fireman, has been or shall be illegally dismissed from his office or employment and such dismissal has been or shall be judicially declared illegal, he shall be entitled to recover the salary of his office or employment for the period covered by the illegal dismissal or suspension provided application is made therefore within the time limited by the provisions of that section, as amended.

Senate Bill No. 206 apparently seeks to encompass all public employees within its protective features. For that purpose it repeals R. S. 40:46–34, supra, and repeals N. J. S. 2A:135–9 which now provides for the forfeiture of office or position of any person holding an office or position, elective or appointive, under the government of this State or of any subdivision thereof, who is convicted of a crime touching the administration of his office or position or which involves moral turpitude, with a proviso that if the conviction is later reversed the officer shall be restored to his office with all the rights and emoluments from the date of the forfeiture. Such rights and emoluments have been held not to include lost salary (*DeMarco* v. *Bergen Co.*, supra). Further it provides:

(1) For forfeiture of the office or position, elective or appointive, under the government of this State or of any county or municipality or of any agency of the State or of any county or municipality, of any person who is found guilty of a crime touching the administration of his office or position or which involves moral turpitude;

(2) Restoration to office or position of a person charged with such offense if he has been suspended therefrom, if he is acquitted or the indictment, accusation or complaint is withdrawn or dismissed and of a person convicted of such offense if the conviction is reversed on appeal, with a right in such officer or employee in such instance to recover the salary of his office during the period of such suspension and removal;

(3) Restoration to office or position of any person charged with misconduct in connection with the duties of his office or position and who is found not guilty by the body having authority to hear such charges or by a court reviewing such charges or if such charges are withdrawn or not prosecuted to a conclusion with a right in such person to recover the salary of his office or position during the period of suspension;

(4) Any application to recover such salary, rights and emoluments is to be made within 90 days from the time that the right thereto should accrue.

The need for legislative relief of the general character which this bill seeks to provide has been recognized by our Supreme Court. However, for the reasons hereinafter set forth, I cannot approve of this bill. In addition to the specific defects hereinafter noted, the bill does not adequately cover or deal with the problem presented. The problem should be given more intensive study and the views of interested employee groups obtained so that a bill may be prepared which will give adequate and proper relief to any employee who has been wrongfully suspended, discharged, laid off, dismissed or demoted or whose position has been wrongfully abolished or who has otherwise wrongfully suffered financial penalty, while at the same time protecting the rights and interest of the public.

The bill should also avoid the defects and deficiencies which are apparent in Senate Bill No. 206. So, for example, Justice Jacobs' opinion in the *DeMarco* case suggested that in drafting corrective legislation consideration should be given to the incorporation of appropriate "provisions which would safeguard the public against a claim for an undoubtedly long period of suspension where the officer or employee has failed to make reasonable efforts to obtain expeditious determination of the charges against him and against excessive compensation where he has had fair opportunity to

engage in gainful private employment during the period of his suspension". The two suggestions made are manifestly desirable, yet the bill deals with neither.

Further, Senate Bill No. 206 would require the repayment of back salaries under circumstances where such repayment might not be justified. Thus, payment of such salary would be required forthwith upon the reversal of a conviction. But a reversal may not be dispositive of the charges, a new trial may be required.

Again, repayment is required upon acquittal or withdrawal of criminal prosecution, which may not be dispositive of the merit of the charges. Such termination of criminal prosecution may only mean that guilt cannot be proven beyond a reasonable doubt. Despite such termination of criminal proceedings an employee may be subject to removal or suspension on departmental charges in which case proof as to guilt need be only by a preponderance of the evidence. (See *Borough of Park Ridge* v. *Salimone*, 21 N. J. 28 (1956)). A person whose conduct has been detrimental to the public service to such degree that his discharge is warranted should not be entitled to recover salary during the period of his suspension merely because criminal proceedings against him have been terminated.

It may also be noted that the bill does not apply consistent language when referring to the offices and positions covered. In certain places, for example, line 1, section 1, it refers to persons holding "offices or positions". In other places, such as section 1, line 12, it refers to "offices or employment". On occasion, the courts of New Jersey have drawn a distinction between the term "position" and the term "employment". See *Wilentz* v. *Stanger*, 129 N. J. L. 606 (E. & A., 1943). In order to assure full and uniform coverage of employees, it would be best to be consistent and use the phrase "offices, positions or employment" throughout the bill.

For these reasons, I am returning Senate Bill No. 206 herewith, without my approval.

Respectfully,

ROBERT B. MEYNER,
Governor.

SENATE BILL No. 222

To the Senate:

I am returning herewith, without my approval, Senate Bill No. 222 for the following reasons:

This bill would authorize the City of Clifton to grant and pay to a named individual, in monthly installments, a pension not exceeding one-half of his former salary. The bill recites that this individual was employed by the City of Clifton for 14 years and is now disabled. The bill further recites that the City of Clifton does not have in force and effect any pension that would inure to the benefit of that individual.

I am advised that the City of Clifton has joined the Public Employees' Retirement System and that its employees are members of that system. The individual here affected is a veteran and did not waive membership in the Public Employees' Retirement System within 30 days after January 2, 1955. Accordingly, he is a member of that system and has the same rights toward retirement as any other member. Further, he has been covered under the Federal Social Security program as a public employee and is eligible for benefits under that program. To increase this individual's benefits as provided in the bill would discriminate against the other members of the Public Employees' Retirement System. Special exception to that system cannot be sanctioned without destroying the integrated program.

The objective of recent pension legislation has been to eliminate the need for special or private pension bills. Practically all of the public employees in this State are now covered by some contributory pension system. For the few who are not so covered, the General Non-Contributory Pension Act (P. L. 1955, c. 263) was adopted.

In any event, whether the individual here affected is eligible under a contributory pension system or under the Non-Contributory Act, the bill would afford preferential treatment not available to others in similar circumstances. Such special legislation is contrary to the recommendations contained in the First Report of the Commission to Study

Non-Contributory Pensions (March 1955), and would undermine the present sound pension program in this State.

For these reasons, I am returning Senate Bill No. 222 herewith, without my approval.

Respectfully,

SENATE BILL No. 297

To the Senate:

I am returning herewith Senate Bill No. 297, without my approval, for the following reasons:

Although the Home Rule Act provides in R. S. 40:46–26, as amended, that the salary or other compensation to be paid the members of the governing body of the municipality shall be fixed and determined by referendum of the legal voters of the municipality, exceptions to that general provision are made both by the cited section and other acts. Among such other acts is P. L. 1955, c. 176, which provides that in any municipality in counties of the fifth class operating under "An act relating to and providing for the government of cities of this State containing a population of less than 12,000 inhabitants" (P. L. 1897, c. 30) in which the legal voters have not fixed the salary of the mayor and the governing body, the governing body may by ordinance fix the salary of the mayor in an amount not to exceed $4,500.00 per year and the salary of the members of the governing body in an amount not to exceed $1,500.00 per year. Such ordinance may be subjected to a referendum if requested by petition of 15% of the voters.

Senate Bill No. 297 would make the provisions of the 1955 act (P. L. 1955, c. 176) applicable in any such municipality where the legal voters have not fixed such salaries "since January 1, 1953". The present law in effect permits in-

creases where the voters have never exercised the right given them by the Home Rule Act to fix the salaries of the members of the governing body. This bill would eliminate the necessity for action by the voters of the municipality where they have not acted upon the matter recently, to wit, since January 1, 1953.

On August 8, 1955, I returned, without my approval, a bill to accomplish a similar objective for cities of the second class with a population in excess of 20,000, Assembly Bill No. 551 (1955), stating as follows:

> "The effect of this bill would be to override the decision of the voters as thus clearly expressed. The citizens having thus spoken, the authority to reverse the decision should remain with them. I do not think it fitting that the State should interfere so pointedly with a local determination.
>
> "This bill brings up again a matter to which I have referred on prior occasions. The bill focuses attention upon the hodge-podge condition of our laws governing municipalities, a condition which not only is necessarily confusing and unsound, but which inevitably invites miscellaneous legislation which in reality is of special effect despite apparent generality of terms.
>
> "It may well be that in many situations compensation for members of governing bodies is inadequate. The change in value of the dollar within the last decade has been dramatic. Public officials should be justly compensated. The approach, however, should not be piecemeal, but rather should be comprehensive, to the the end that there be a uniform treatment for all municipalities similarly situated."

These reasons are equally applicable to the bill now under consideration and I am, therefore, returning Senate Bill No. 297 herewith without my approval.

Respectfully,

ROBERT B. MEYNER,
Governor.

SENATE BILL No. 317

To the Senate:

I am returning herewith Senate Bill No. 317, without my approval, for the following reasons:

This bill would provide an annual pension of $2,400.00, to be paid by the State, to the widow of Oliver F. Van Camp, who was Secretary to the Senate of the State of New Jersey.

Mr. Van Camp, a veteran, did not affirmatively reject membership, and hence automatically became a member of the Public Employees' Retirement System. However, he did not file for the necessary credits and consequently made no contributions to the retirement system as his rate of contribution could not be determined. Nevertheless, because of his automatic membership, his widow did receive a payment of $15,057.74 which was the insurance equal to 1½ times his last annual salary.

If this bill became law, it would establish a precedent for similar special non-contributory pension acts in all cases where an annual pension is not paid or is inadequate, even though a substantial insurance benefit is paid.

I fully appreciate the long and distinguished service performed by Oliver F. Van Camp as Secretary to the State Senate. I do not wish to detract in the slightest from a fine record of service and my action on this proposal is not intended to have such effect. I feel obliged, however, to maintain the policy underlying the enactment of the Public Employees' Retirement System (Chapter 84, P. L. 1954), the Teachers' Pension and Annuity System (Chapter 37, P. L. 1955), and the Uniform Non-Contributory Pension Act (Chapter 263, P. L. 1955).

For these reasons, I am constrained to return herewith Senate Bill No. 317 without my approval.

Respectfully,

SENATE BILL No. 324

To the Senate:

I am returning herewith Senate Bill No. 324, without my approval, for the following reasons:

This bill, which would increase the annual salary of the county court judge in sixth-class counties to $10,000.00, would apply only to Cape May County.

I have examined carefully the report prepared by the Administrative Director of the Courts showing the compensation received by the 7 part-time county court judges during the last court year for salaries as county court judge, salaries as district court judge and per diem fees. On the basis of the information shown by that report, there appears to be no warrant for the increased salary which would be authorized for the county court of Cape May County by this bill.

It is significant to note that this bill would provide a substantially larger salary for the county court judge in Cape May than for the county court judges in the larger counties of Salem and Hunterdon, and the county judge in Sussex which has substantially the same population as Cape May. In those 3 counties the compensation for the county court judge is $7,500.00 per year.

Accordingly, I feel constrained to return Senate Bill No. 324 herewith, without my approval.

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 15

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning Senate Bill No. 15 herewith, with my objections, for reconsideration.

This bill would amend several sections of chapter 9 of Title 26 of the Revised Statutes in order to improve the abatement of the mosquito problem in the State. This measure would grant to county mosquito commissions the right to enter upon public and private lands to ascertain whether breeding places for mosquitoes exist thereon and to abate such nuisances at State expense if the owner fails to do so. It would also render discretionary certain map making functions of the director of the State experiment station that presently are mandatory and take cognizance of the recently established State Mosquito Control Commission.

In my message returning Senate Bill No. 14 with recommendations for amendment, I expressed my agreement with the program seeking to improve mosquito control and extermination because of the obvious necessity for further action in this area. The confusion, however, that would occur as a result of the enactment of Senate Bill No. 15 because of certain technical defects would more than nullify any salutary effects it might produce.

Section 26:9–9 of the Revised Statutes provides that where a landowner has failed to comply with an order to abate a nuisance, the local board or county commission shall do so in the manner provided in Article 3 of chapter 3 of Title 26. It is therein provided that the expenses incurred as a result of the abatement can be recovered from the landowner, R. S. 26:3–54. Neither of these provisions are amended or repealed by this bill. It does provide, however, that the expenses incidental to the abatement of a nuisance undertaken by a local board or a commission shall be borne by the State. The present law is based upon the theory that each landowner should abate those nuisances found upon his land or they will be eliminated for him at his expense. Aside from the obvious problem in interpretation created

by this provision, no reason is apparent for reversing this approach.

Further, the bill provides in section 5 that the commission shall have all the powers of a local board "or county mosquito extermination commission". Commission is presently defined to mean county mosquito extermination commission, R. S. 26:9–1. The addition of the above quoted words is unnecessary and misleading. The amendment also gives the commission authority to enter upon and inspect any land in the State. Since the commission referred to is the county commission, that power should be limited to those areas within its jurisdiction.

Therefore, I am returning Senate Bill No. 15 herewith for reconsideration and with the recommendation that it be amended as follows:

On page 2, section 5, lines 3 and 4, delete the words "or county mosquito extermination commission".

On page 2, section 5, line 8, delete the words "the State" and insert in lieu thereof the words "its jurisdiction".

On page 2, section 5, line 9, delete the word "neither".

On page 3, section 5, line 10, delete the words "takes action" and insert in lieu thereof the word "fails".

On page 3, section 5, lines 13 to 21 inclusive, delete beginning with the word "occasioned" in line 13 through and including the word "appropriations." in line 21 and insert in lieu thereof the following:

", in the manner provided in Article 3 of chapter 3 of this Title (§ 26:3–45 et seq.).".

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 129

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning herewith Senate Bill No. 129, with my objections, for reconsideration.

This bill seeks to amend sections 40:20–72, 40:20–73 and 40:20–74 of the Revised Statutes which set forth the salaries to be paid members of boards of chosen freeholders.

Section 40:20–72 deals with the salaries to be paid freeholders of counties governed by small boards of chosen freeholders and presently provides: a salary range of $2,500.00 to $5,000.00 per year in counties bordering on the Atlantic Ocean and having a population of not more than 100,000; an annual salary range of $3,500.00 to $5,000.00 in counties not bordering on the Atlantic Ocean and having a population of less than 47,000, with the director of the board receiving an additional $500.00; a salary range of $4,000.00 to $6,000.00 in counties having a population of more than 47,000 but not more than 500,000, with the director of the board receiving an additional $500.00; and a salary range of $6,000.00 to $8,000.00 in counties having a population of more than 500,000. In addition, the section provides for an additional payment of $500.00 per year to the director of the board in counties where the board consists of 9 members.

Senate Bill No. 129 would amend section 40:20–72 by simplifying the presently existing classifications—a very desirable objective—and by increasing the permissible salary ranges. It would authorize a salary range of $5,000.00 to $7,500.00 in counties having a population of not more than 100,000; a salary range of $6,000.00 to $9,000.00 in counties having a population of more than 100,000 and not more than 600,000; and a salary range of $8,000.00 to $12,000.00 in counties having a population of more than 600,000. In all classes the director may be paid an additional salary of $500.00 per annum.

The effect of this amendment of section 40:20–72 of the Revised Statutes would be to authorize increases in the permissible maximum salaries of county freeholders as follows:

Essex and Hudson from $8,000.00 to $12,000.00; Bergen from $8,000.00 to $9,000.00; Union, Passaic, Camden, Middlesex, Mercer, Morris, Burlington and Monmouth from $6,000.00 to $9,000.00; Somerset and Warren from $6,000.00 to $7,500.00; and Hunterdon, Sussex, Ocean and Cape May from $5,000.00 to $7,500.00.

Section 40:20–73 of the Revised Statutes presently provides a salary range of between $10.00 and $15.00 per day in counties where the boards of chosen freeholders are not paid an annual salary and a range for the director of the board of $15.00 to $20.00 per day. Senate Bill No. 129 would amend this section to increase the authorized range for freeholders to between $15.00 and $30.00 per day and for the director to between $20.00 and $40.00 per day. The section applies to Cumberland, Gloucester and Salem Counties.

Section 40:20–74 of the Revised Statutes provides a range for boards of chosen freeholders not covered by either of the prior two mentioned sections of between $750.00 and $1,000.00 per year, with the director's range being from $1,000.00 to $1,500.00. This bill would increase the salary range of such freeholders to between $1,000.00 and $2,000.00 and the range of the director to between $1,500.00 and $3,000.00. This section applies only to Atlantic County.

Senate Bill No. 129 would also repeal a 1953 act (P. L. 1953, c. 281) which provided special treatment for counties of the fifth class having a population of 100,000. No county now fits that description.

I approve the simplification of the salary classification contained in Senate Bill No. 129. A combination of a broad classification based upon population and a reasonably wide salary range allows for the adjustment of salaries at the county level so as to meet local conditions.

However, in view of the substantial increase in the permissible maximum salaries authorized by this bill, the citizens of each county involved should have the opportunity to pass upon proposals to increase the salaries of their chosen freeholders. The residents of the county are in a position to determine how much time and effort the freeholders are required to devote to the county government, how much time they sacrifice from private employment or business and what the community feels should be paid for those services. Such a decision should be made by submit-

ting a proposed increased salary to the people of the county at a referendum.

I am, therefore, returning Senate Bill No. 129 herewith for reconsideration and with the recommendation that the bill be amended as follows:

On page 4, section 5, delete line 1 in its entirety, and insert in lieu thereof:

"5. No resolution of any board of chosen freeholders increasing the salaries of either the members of the said board or the director thereof shall take effect until approved by a majority of the legally qualified voters of the county voting for or against the same at a general election.".

On page 4, after section 5 above, insert the following:

"6. This act shall take effect immediately.".

Respectfully,

[SEAL] ROBERT B. MEYNER,
Governor.

SENATE BILL No. 168

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning Senate Bill No. 168 herewith, with my objections, for reconsideration.

Senate Bill No. 168 would authorize the governing body of any city having a population of less than 25,000 to lease, without advertising and without bidding, any part of its buildings and other property bordering upon, adjacent to or situated upon the Atlantic Ocean, in the following cases: (a) where such premises do not include a building and the lease is to a religious, charitable, fraternal or civic organization and is for a term not exceeding 1 year; and (b) where

the premises are to be used for amusement, entertainment, convention, sport or exhibition purposes and the term of the lease does not exceed 2 weeks. The lease is required to be in writing and authorized by resolution adopted at an open meeting of the governing body.

This bill would apply to several of the smaller shore cities, including Asbury Park. In *Asbury Park Press* v. *City of Asbury Park*, 19 N. J. 183, the Supreme Court has recently held that under the applicable statutes, the city was required, before entering into a lease of its property, to advertise for bids and award the lease to the highest responsible bidder. The theory behind Senate Bill No. 168 is that in situations such as are dealt with in that bill, public bidding is not practicable.

Although there appears to be merit in the argument so advanced, provision should be made to insure that the purpose of the general bidding statute will not be evaded by extensions of the 2-week leases provided for in subsection (b) of section 1 of the bill. The subsection should be modified to limit the total period of the term of any lease granted thereunder and of any direct or indirect renewal or extension thereof to not more than 2 weeks.

Further, provision should be made to insure that the public has notice of the intention of the governing body of the city to grant a lease, without public bidding, pursuant to the authority contained in the bill.

Accordingly, I am returning herewith Senate Bill No. 168 for reconsideration and with the recommendation that it be amended as follows:

On page 1, section 1, line 10, delete the words "Where the term of the lease" and substitute in lieu thereof the words "Where the total period of the term of the lease and of any renewal or extension thereof, however accomplished,".

On page 1, section 1, line 14, after the word "body" insert the following:

"; provided, however, that in the case of a lease or tenancy granted pursuant to the authority of subsection (b) hereof, public notice of intention to adopt a resolution authorizing such lease or tenancy shall be published at least once in a newspaper published and cir-

culating in the municipality, if there be one, and if not, in a newspaper printed in the county and circulated in the municipality, together with a notice of the time and place when and where said resolution will be considered for final passage. Said publication shall be at least one week and not more than two weeks prior to the time fixed for the consideration of such resolution by the governing body. At the meeting at which such resolution is considered all persons interested shall be given an opportunity to be heard concerning the same".

Respectfully,

Attest: *Governor.*

SENATE BILL No. 285

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning herewith Senate Bill No. 285, with my objections, for reconsideration.

This bill would permit the township committee of a township having a population in excess of 9,000 and not in excess of 14,000 to fix, by ordinance, the annual salary to be received by the members of the township committee with a proviso that "the aggregate annual salary of each member shall not exceed $2,000.00".

Under the present law, the salary which may be paid to township committeemen varies depending on the population of the particular township. Where the members of the township committee are not paid annual salaries, they receive between $5.00 and $10.00 per day, as fixed by ordinance, for each day actually necessarily employed in discharging the duties of their office; or the township committee may, by ordinance, fix an annual salary; but the aggregate annual compensation of each member is not to exceed

$1,000.00 (R. S. 40:146–14). Townships in counties of the 6th class bordering on the Atlantic Ocean may fix, by ordinance, the annual salary of members of the township committee at not less than $500.00 nor more than $1,000.00. (P. L. 1946, c. 201).

By section 40:146–15 of the Revised Statutes, which this bill would amend, members of the township committee in townships having a population in excess of 9,000 and not in excess of 14,000 now receive an annual salary of $1,000.00.

In townships having a population in excess of 14,000 the annual salary to be received by members of the township committee may be fixed, by ordinance, at an amount not in excess of $2,500.00 per annum, the applicable statute (section 40:146–16 of the Revised Statutes) providing that the ordinance fixing such salary shall become operative 10 days after its publication after final passage unless, within that 10-day period, a petition signed by the electors of the township equal in number to at least 15% of the entire vote cast in the last preceding general election protesting against the passage of the ordinance is presented, in which case the ordinance remains inoperative until it is approved at a referendum of the voters to be held at the next general election.

It may be noted that in the one case where the law permits the adoption of an ordinance fixing the salary of township committeemen at an amount in excess of $1,000.00, provision is made so that the ordinance may be subjected to a referendum.

Since Senate Bill No. 285 would permit an increase in the annual salary of members of the township committee in townships having a population of between 9,000 and 14,000 from $1,000.00 to $2,000.00, it seems to me that the referendum procedure now provided in case of townships with a population over 14,000 should be incorporated in Senate Bill No. 285.

For the foregoing reasons, I am returning herewith Senate Bill No. 285 for reconsideration and with the recommendation that the bill be amended as follows:

> On page 1, section 1, lines 6 and 7, delete the words "fix an annual salary to be received by the members, but the aggregate annual salary of each member shall not exceed $2,000.00." and insert in lieu thereof the following:

"fix an annual salary to be received by the members in excess of $1,000.00 but not in excess of $2,000.00. Any such ordinance shall become operative in 10 days after the publication thereof after its final passage, unless within said 10 days, a petition, signed by the electors of such township equal in number to at least 15% of the entire vote cast in the last preceding general election, protesting against the passage of such ordinance, be presented to the township committee, in which case such ordinance shall remain inoperative unless and until a proposition for the ratification thereof shall be adopted at the next general election by a majority of the qualified voters voting on said proposition. Each member of the township committee in such townships shall continue to receive the annual salary heretofore fixed by law until such salary is changed as hereinabove provided.".

Respectfully,

Attest: *Governor.*

SENATE BILL No. 299

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning herewith Senate Bill No. 299, with my objections, for reconsideration.

Senate Bill No. 299 would authorize a municipality which has entered into a contract for the purchase of a water supply or sewer system, or both, to abrogate the contract with the consent of the other party to the contract, before it is completely performed, if the governing body of the municipality determines by resolution that it is for the best interest of the municipality that the contract should be so abrogated. The resolution would be required to set forth the agreed terms and conditions upon which the contract is to

be abrogated and would authorize the execution of the recision agreement and other required documents by the appropriate officers of the municipality. Further, the bill would permit the municipality, with the approval of the Division of Local Government, to make such changes in the municipal budget for the then current year and for the succeeding years as may be required by reason of the cancellation of the contract.

The existing statutory provisions for the sale or lease by a municipality of a sewer or water plant or system which it owns require a referendum of the voters before such sale or lease may be consummated (R. S. 40:63–31; R. S. 40:62–3). Neither of the cited statutory provisions deal specifically with a situation where a municipality has contracted to purchase a sewer or water supply system under a contract requiring the purchase price to be paid in installments and then, before the contract is fully performed, determines that it is advisable to cancel the contract.

I am advised that this bill was introduced at the request of a municipality which had contracted to purchase a water and sewer plant at a housing development in the municipality and has now determined that it was not financially advisable to consummate the purchase. In view of the limited number of instances to which this bill might apply, it might have been better to have this legislation take the form of a special bill applicable only to the municipality where the problem has arisen.

Since the bill was drawn as a general law applicable to all municipalities similarly situated, it seems to me that the public interest requires two modifications in the procedure provided by the bill. The bill would authorize the cancellaton of the contract to be accomplished by a resolution of the governing body. Because of the importance of such cancellation to the people of the community, it should be accomplished by ordinance, which would require public notice of its introduction and final passage.

Further, it should be noted that the statutory provisions which authorize the purchase by a municipality of water works and water supply, or sewer systems or works (R. S. 40:62–49(d); R. S. 40:63–23 to 29) permit, but do not require, the governing body to submit the question of whether or not the purchase should be made to a referendum of the voters of the municipality. In cases where the purchase

contract was authorized by referendum, any proposed cancellation of the contract should also be authorized by referendum.

Accordingly, I am returning herewith Senate Bill No. 299 for reconsideration and with the recommendation that the bill be amended as follows:

On page 1, section 1, line 5, delete the word "resolution" and insert in lieu thereof the word "ordinance".

On page 1, section 1, line 9, delete the word "resolution" and insert in lieu thereof the word "ordinance".

On page 2, section 1, line 26, delete the word "resolution" and insert in lieu thereof the word "ordinance".

On page 2, section 1, line 27, delete the word "resolution" and insert in lieu thereof the word "ordinance".

On page 2, after section 1, line 29, insert a new section as follows:

"2. If the question of making the purchase provided for by the contract to be abrogated had been submitted to the voters of the municipality for approval or ratification then, and in that event, the ordinance providing for the abrogation of said contract shall not be effective unless and until such abrogation has been authorized by the legal voters of the municipality at a special or general election in said municipality held in accordance with the procedure provided for in sections 40:62–3 to 40:62–5 of the Revised Statutes.".

On page 2, section 2, line 1, delete the figure "2." insert the figure "3.".

SENATE CONCURRENT RESOLUTION No. 25

WHEREAS, Princeton University, New Jersey's oldest and one of its most distinguished institutions of higher learning, is about to celebrate the 200th anniversary of the occupancy of one of the oldest college buildings in the United States, the venerable Nassau Hall; and

WHEREAS, This celebration is of particular interest to the citizens of New Jersey in that it was within the walls of this ancient edifice that a republican form of government for the State was first established by the organization therein, on August 27, 1776, of the State's first Legislature and the election by it on August 28, 1776, of the State's first Governor; now, therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Legislature of the State of New Jersey hereby salutes Nassau Hall, its birthplace and the birthplace of democratic government in the State, and hereby extends its felicitations and congratulations to Princeton University upon the 200th anniversary of the completion of this magnificent building; and

Be It Further Resolved, That an engrossed copy of this resolution, authenticated by the signatures of the President of the Senate and the Speaker of the General Assembly and

attested by the signatures of the Secretary of the Senate and the Clerk of the General Assembly, be forwarded to Dr. Harold W. Dodds, President of Princeton University, for presentation at said celebration.

WHEREAS, Arnold E. Martin, known to his many friends in the Legislature as "Jake" Martin, died suddenly while on a major news assignment in Chicago, Illinois, on August 20, 1956; and

WHEREAS, He began his impressive newspaper career with the Atlantic City Press following his high school graduation in Pleasantville, his native community; and

WHEREAS, He later worked for the wire service of the Associated Press Bureau in Trenton; and

WHEREAS, After joining the Newark News on March 25, 1944, he served in the respective positions of member of the city staff, member of the Trenton Bureau, Chief of the Trenton Bureau, and Chief State Political Correspondent; and

WHEREAS, He was highly respected and distinguished for his broad knowledge of government and politics, for his unerring judgment of what constituted a news story and how to write it, for his unique ability to assemble facts, and for his capable, clear, impartial, and accurate reporting; and

WHEREAS, His advice was frequently sought and highly valued by leaders in State government, as well as by nearly every young newspaperman assigned to cover the State House; and

WHEREAS, He was formerly President of the New Jersey Legislative Correspondents' Club and for years a member of its Board of Trustees; and

WHEREAS, He was a devoted and beloved husband, father, and son; and

WHEREAS, The members of this Senate mourn the death of a good friend and recognize the loss suffered by all who were privileged to know him; now, therefore,

Be It Resolved, That the Senate does hereby express its profound sorrow and heartfelt sympathy at the passing of Arnold E. (Jake) Martin; and

Be It Further Resolved, That copies of this resolution, signed by the President of the Senate and attested by its Secretary, be forwarded to the members of his bereaved family, to the management and staff of the Newark News, and to the New Jersey Legislative Correspondents' Club.

WHEREAS, The Honorable Walter E. Edge, former Governor of the State of New Jersey, departed this life on the 29th day of October, 1956; and

WHEREAS, Governor Edge served his State and the Nation with great distinction during his two terms as Governor, as United States Senator and as Ambassador to France; and

WHEREAS, He served as the Chief Executive of this State during World War I and World War II, and guided the public affairs of this State during each of those critical periods; and

WHEREAS, During the interval between World War I and World War II, Governor Edge represented this State in the Congress of the United States as United States Senator from 1919 to 1929, and represented the United States as Ambassador to France from 1929 to 1933; and

WHEREAS, In his public and private life, he exhibited his great talent for effective service and a rare combination for a practical and realistic approach to the problems of leadership with the added asset of a statesman-like vision; and

WHEREAS, Many of the advances in the efficiency of the State Government and of progress toward the best advances resulting from progressive enlightenment are attributable to the foresight, wisdom, political skill and determination of Governor Edge; and

WHEREAS, Such projects as the State Highway System, Holland Tunnel and the Delaware River bridge had their origin in Governor Edge's sponsorship; and

WHEREAS, Governor Edge's ability to inspire and obtain the loyality and co-operation of those about him throws a strong light upon his character, sincerity and integrity in both his public and private life; and

WHEREAS, The death of Governor Edge leaves a great void in the minds and hearts of the people of our State but his example will continue to be a safe guide for the present generation and for many generations to come; now, therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Legislature of the State of New Jersey does record its deep sorrow upon the death of Walter E. Edge and expresses its profound condolences to his bereaved family and to his legion of friends; and

Be It Further Resolved, That this resolution be spread in full on the Journals of the Senate and the General Assembly; and

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
Mr. President: November 19, 1956.

I am directed by the General Assembly to inform the Senate that the General Asembly has concurred in the following concurrent resolution:

WHEREAS, The Honorable Walter E. Edge, former Governor of the State of New Jersey, departed this life on the 29th day of October, 1956; and

WHEREAS, Governor Edge served his State and the Nation with great distinction during his two terms as Governor, as United States Senator and as Ambassador to France; and

WHEREAS, He served as the Chief Executive of this State during World War I and World War II, and guided the public affairs of this State during each of these critical periods; and

WHEREAS, During the interval between World War I and World War II, Governor Edge represented this State in the Congress of the United States as United States Senator from 1919 to 1929, and represented the United States as Ambassador to France from 1929 to 1933; and

WHEREAS, In his public and private life, he exhibited his great talent for effective service and a rare combination for a practical and realistic approach to the problems of leadership with the added asset of a statesman-like vision; and

WHEREAS, Many of the advances in the efficiency of the State Government and of progress toward the best advances resulting from progresive enlightenment are attributable to the foresight, wisdom, political skill and determination of Governor Edge; and

WHEREAS, Such projects as the State Highway System, Holland Tunnel and the Delaware River Bridge had their origin in Governor Edge's sponsorship; and

WHEREAS, Governor Edge's ability to inspire and obtain the loyalty and cooperation of those about him throws a strong light upon his character, sincerity and integrity in both his public and private life; and

WHEREAS, The death of Governor Edge leaves a great void in the minds and hearts of the people of our State but his example will continue to be a safe guide for the present generation and for many generations to come; now, therefore,

Be It Resolved by the Senate of the State of New Jersey (the General Assembly concurring):

That the Legislature of the State of New Jersey does record its deep sorrow upon the death of Walter E. Edge and expresses its profound condolences to his bereaved family and to his legion of friends; and

Be It Further Resolved, That this resolution be spread in full on the Journals of the Senate and the General Assembly; and

STATE OF NEW JERSEY,
GENERAL ASSEMBLY CHAMBER,
November 29, 1956.

Mr. President:

I am directed by the General Assembly to inform the Senate that the General Assembly has passed the following Concurrent Resolution:

A Concurrent Resolution commending the courageous efforts of the freedom-seeking people of Hungary and urging support in assisting refugees from Communist tyranny.

WHEREAS, During the next few weeks thousands of freedom-loving people driven from their homes in Hungary by communist terrorism are arriving at Camp Kilmer on the first step to a new life in America; and

WHEREAS, Other thousands of equally destitute and friendless Hungarians will be taking similar steps to estab-

lishing a new life in Austria and other countries of western Europe who are extending the hand of welcome and friendship to these brave people; and

WHEREAS, It is fitting that we, the members of the Legislature, as the elected representatives of the citizens of New Jersey, recognize the valiant fight being made by the people of Hungary under insuperable odds, and that we recognize the true implication of this valiant struggle for freedom; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey (the Senate concurring):

1. The valor, courage and devotion to the cause of freedom demonstrated by the people of Hungary is commended to the citizens of New Jersey and freedom-loving peoples everywhere.

2. The current efforts by the Hungarian relief agencies operating in co-ordination with civic, church, charitable and patriotic organizations to meet the immediate and long range needs of refugees arriving in the United States and other free countries are endorsed and highly recommended for support by the citizens of New Jersey and all freedom-loving peoples.

3. The Legislature calls upon the people of the State to support with funds and gifts of clothing and other personal necessaries, including children's toys, the collections being made for refugees at Camp Kilmer and likewise the collections being made for distribution by the Red Cross to refugees in Austria and elsewhere.

4. The Legislature commends to the people of the State the opportunity afforded to extend the long range helping hand to these valiant refugees by assisting them in finding sponsors, homes and jobs and assisting them in the founding of new lives in a land of freedom; and

Be It Further Resolved, That copies of this Concurrent Resolution signed by the President of the Senate and the Speaker of the General Assembly and attested by the Secretary of the Senate and the Clerk of the General Assembly be forwarded to Mrs. Monsko, Chairman of the Hungarian Relief Society of Elizabeth.

In which the concurrence of the Senate is requested.

The following committee amendments to Senate Bill No. 61 were read, and, upon the motion of Mr. Farley, the committee amendments were adopted:

Amend page 1, line 1 of title, after "amend" insert "and supplement".

Amend page 2, section 1, lines 13 and 14, after "unmarried" delete "equal to ½ of the average salary of her deceased husband but not to exceed the sum of $1,500.00' insert "in the sum of $1,200.00".

Amend page 2, section 1, lines 30 and 31, after "unmarried," delete "equal to ½ of the average salary of her deceased husband, but not to exceed the sum of $1,500.00" insert "in the sum of $1,200.00'.

Amend page 3, section 1, line 53, delete "$1,500.00" insert "$1,200.00".

Insert new section 2. to read as follows:

"2. Section 43:16–4 of the Revised Statutes is amended to read as follows:

43:16–4. The widow of any member of such police or paid or part-paid fire department, who shall have paid into the fund the full amount of his annual assessment or contributions and shall have lost his life while on duty, shall, if she married her husband before he reached 50 years of age, receive a pension, for so long as she remains unmarried, in the sum of $1,500.00 annually. If there be a widow and children of the member, the pension shall be paid to the widow for the use of herself and such children. If there be such children and no widow, or if the widow dies, the pension which the widow would have received had she survived, shall be paid to those children who have not reached 18 years of age, in equal shares, if there be 3 or more children; if there be 2 children, they shall be paid $40.00 each monthly; if there be but one child, he shall be paid $50.00 monthly; but in no event shall the pensions paid to the children exceed in the aggregate, the sum of $1,500.00 annually. If there be no widow and no such children under 18 years of age, the pension shall be paid to the dependent parent or parents of the deceased member; but in no event shall any pension paid to a dependent parent exceed $500.00 per annum if there be 1, or exceed $375.00 per annum each if there be 2. No widow shall be entitled to a pension who

shall have married the member after he shall have reached 50 years of age, or after the date of his retirement, or while he was suffering from the last illness which resulted in his death, and no children of both such widow and member, whether natural or adopted, shall be entitled to a pension. If a widow entitled to a pension remarries, the pension shall cease and shall not be paid to the widow or her children.

The increased pension benefits payable under this act shall apply only to cases where such policeman or fireman lost his life while on duty on or after June 1, 1948, and shall not affect pensions paid or to be paid as result of deaths occurring prior to said date *except that no such pension shall be less than $1,200.00 annually.*''

Insert new section 3. to read as follows:

''3. The State of New Jersey shall contribute annually such amount as is necessary to provide for the increase of pensions, presently payable, as provided in this amendatory act. The amount of such annual contributions by the State shall be certified to the State Treasurer by the actuary of the Consolidated Police and Firemen's Pension Fund Commission at the time required for other State departmental budgetary certifications. All funds necessary to meet such annual contributions shall be included in the annual State budget and appropriated by the Legislature.''

Amend page 3, section 2, line 1, delete ''2.'' insert ''4.''

On motion of Mr. McCay,

Senate Bill No. 61, entitled ''An act to amend 'An act providing for the retirement of policemen and firemen of the police and fire departments in municipalities of this State, including members of the fire departments of any fire district located in any township, and including all police officers having supervision or regulation of traffic upon county roads, and providing a pension for such retired policemen and firemen and members of the police and fire departments, and the widows, children and sole dependent parents of deceased members of said departments, and supplementing Title 43, and amending sections 43:16–1, 43:16–2, 43:16–3, 43:16–4, 43:16–5, 43:16–6, 43:16–7, and repealing 43:16–11 of the Revised Statutes,' approved May 23, 1944 (P. WHEREAS, In the death of Daniel A. Spair, the State of New Jersey has suffered the loss of a valued and capable official who has long served the State in important offices and it is most fitting that recognition be given to him and sympathy be extended to his family; and

WHEREAS, After graduating from Temple University and practicing his profession of the law, Mr. Spair was elected to the State Legislature and ably represented his constituents as a member of the General Assembly from Mercer County; and

WHEREAS, Mr. Spair served as Secretary of the Mercer County Board of Taxation and as Secretary of the State Association of Tax Board Secretaries; and

WHEREAS, Mr. Spair also served as President of the Trenton Board of Education and was a Deputy Commissioner of Labor and then for many years, he directed the affairs of the Division of Workmen's Compensation in the Department of Labor and Industry; and

WHEREAS, In this field of workmen's compensation in this State, Mr. Spair was largely responsible for the splendid organization and efficient administration of this State Division of Workmen's Compensation and in so doing he attracted national recognition in this field and was a recognized authority on the law and practice of workmen's compensation; and

WHEREAS, Notwithstanding his manifold public duties, Mr. Spair always found time to engage in and support his church in serving as its trustee and in being an active member of its Holy Name Society, his local bar association, including a term as its president, his chapter of the American Legion, including service as its Commander and, also, as an active member of many other civic and fraternal organizations; and

WHEREAS, In leadership in all of these services, Mr. Spair became an unusual and outstanding exponent of the best in official and civic circles by exhibiting at all times to the thousands with whom he came in contact an unfailing willingness to be helpful, great patience and an attitude of always being able to find the time to aid those needing the service of his department and of his organizations; and

WHEREAS, He numbered among his host of friends, persons in all stations of life, including high ranking State officials, city officials, the clergy, judges and members of the Bar and innumerable persons from every walk of life; now, therefore,

Be It Resolved, By the Senate of the State of New Jersey that this body does hereby express its profound sorrow on the death of Daniel A. Spair and does hereby extend to his bereaved family its condolences and sympathy.

Be It Further Resolved, That a copy of this resolution be spread upon the Journal of the Senate and that a copy, signed by the President and Secretary of the Senate, be sent to the family of Mr. Spair.

WHEREAS, Retired Superior Court Judge Thomas Brown, of Locust, died on January 2nd; and

WHEREAS, Prior to his judicial service to the State, he was State Senator from Middlesex county from 1919 to 1921, and Counsel to the Public Utilities Commission during one of its early periods of great activity; and

WHEREAS, From 1930 to 1948, Judge Brown was an efficient and able member of the distinguished bench of the Circuit Court of New Jersey, becoming a member of the Superior Court upon the going into effect of the Judicial Article of the new State Constitution; and

WHEREAS, Although Judge Brown withdrew as a delegate-elect to the Constitutional Convention of 1947, he is remembered for his contribution to the Constitutional Convention in the form of a memorandum on the Preamble to the Constitution, calling the delegates' attention to the solemnity of the occasion and the necessity for giving consideration to the basic concepts of government to be given expression in the Preamble to the new Constitution; and

WHEREAS, In his public and private life Judge Brown always held steadfast to the principles of religion and morality to which he earnestly and sincerely adhered; and

WHEREAS, Judge Brown's beautiful estate at Locust typified his love and devotion to that which gave dignity to man in harmony with the environment in which he lived; and

WHEREAS, The career and achievements of Judge Brown will long be an inspiration to the present and future generations, particularly in the possibility of accomplishment notwithstanding the hardships incident to humble beginnings; now, therefore,

Be It Resolved by the Senate of the State of New Jersey, That this body hereby gives expression to its deep regard for the memory of Judge Brown and extends to his family its sympathy in their bereavement.

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and a copy signed by the President and attested by the Secretary of the Senate, be sent to the family of Judge Brown.

Messrs. Farley, Sandman and Sharp offered the following resolution, which was read and adopted:

WHEREAS, Almighty God in His infinite wisdom, has called from this earth the Honorable T. Millet Hand, Member of Congress and Representative therein from the Second District of New Jersey in the House of Representatives; and

WHEREAS, Mr. Hand was a distinguished native and resident of Cape May, New Jersey, a man of absolute integrity and outstanding ability, a man of courage, renowned for his loyalty to principle and to his host of friends, and a man of great warmth of character; and

WHEREAS, Mr. Hand was admitted to the New Jersey Bar in February, 1924, after graduating from Dickinson College

with the degree of LL.B., and thereafter attained high distinction as an attorney and counsellor-at-law of this State; and

WHEREAS, Mr. Hand was active in city and county municipal affairs, serving in the several capacities of Clerk to the Board of Chosen Freeholders, Prosecuting Attorney and Mayor of Cape May; and

WHEREAS, Mr. Hand's outstanding characteristics were publicly recognized in the fact that he was a potential candidate for Governor in 1957; and

WHEREAS, Notwithstanding his manifold public duties, he found time to also serve in fraternal circles and in many civic undertakings; and

WHEREAS, In November last, Mr. Hand was elected to his seventh term as a Member of the House of Representatives in the Congress and, but for his untimely death would undoubtedly have been elevated to higher positions in the State and Nation; and

WHEREAS, As a Congressman, Mr. Hand distinguished himself and became an authority on the subject of coastal protection and the Federal operation of inland waterways; and

WHEREAS, In the passing of T. Millet Hand, the State of New Jersey, and particularly the 2nd Congressional District of New Jersey, have suffered a very great loss; now, therefore,

Be It Resolved by the Senate of the State of New Jersey, That this body does hereby express its profound sorrow on the passing of T. Millet Hand and does hereby extend to his bereaved family its condolences and sympathy; and

Be It Further Resolved, That this resolution be spread upon the Journal of the Senate and that a copy, signed by the President of the Senate and attested by its Secretary, be sent to the family of Mr. Hand.

Messrs. Fox and Dumont offered the following resolution, which was read and adopted:

WHEREAS, The Senate has learned with extreme regret of the untimely passing of Augustus C. Studer, Jr., on Friday, January 4, 1957; and

WHEREAS, Mr. Studer was a prominent member of the bar of the State of New Jersey, and during his long career as a lawyer he displayed in abundance the qualities of great learning and advocacy, having been a former President of the New Jersey State Bar Association, a member of the Essex County, the State and the American Bar Associations, and a former member of the Judicial Council seeking court reforms in the State; and

WHEREAS, Mr. Studer served his State with great distinction as head of a Citizens Committee probe of State investment practices, which resulted in the revision of such practices and in the establishment of the State Investment Council, and also served as counsel to the Joint Legislative Committee to investigate and report to the Legislature on law enforcement in New Jersey; and

WHEREAS, Mr. Studer won the respect and admiration of the public for the impartial and efficient manner in which he conducted the State investigations to which he was assigned; and

WHEREAS, The Senate recognizes the great loss that his State, his community and the legal profession have sustained in the passing of a man of high integrity and competence; now, therefore,

Be It Resolved, That the Senate does hereby express its profound sorrow and extends its sincere condolences to his family in their bereavement; and

Be It Further Resolved, That this resolution be spread in full upon the Journal of the Senate and that a copy, signed by the President of the Senate and attested by its Secretary, be sent to his family.

Mr. Dumont offered the following resolution, which was read and adopted:

WHEREAS, Former Senator C. Wesley Armstrong, Jr., of Mercer county, has announced his retirement from public and political life after 27 years of public service; and

WHEREAS, It is but fitting that an expression of appreciation of his outstanding services to the public should be made; and

WHEREAS, During his terms of service as State Senator, Mr. Armstrong effectively sponsored many important leg-
