## OVER-THE-COUNTER PERMITS

### I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

### II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

### III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

## MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

All DEP Public Hearings, Administrative Hearings, and DEP  
Events of Public Interest are open to the public.

DEP Events of Public Interest include: public hearings, council meetings, workshops, public information meetings, and exams.

Public Hearings (Quasi - Legislative) - are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide, or of broad general interest.

Administrative Hearings (Quasi - Judicial) - are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

November 10--MONMOUTH SEWAGE REPAIR CONSENT ORDER--DEP's Division of Water Resources issued an administrative consent order to the Northeast Monmouth County Regional Sewerage Authority, which agreed to repair an outfall line in Monmouth Beach, damaged by a storm in February, 1978, by a deadline of March 19, 1982.

\* \* \*

November 10--UPPER ROCKAWAY SUBBASIN MEETING--DEP and the U.S. Army Corps of Engineers called a November 13 meeting in Dover to acquaint municipalities in the Upper Rockaway River Subbasin with data pertaining to flooding and potential corrections along the Passaic River and its tributaries.

\* \* \*

November 12--GLOUCESTER COUNTY WASTE PLAN APPROVED--DEP Commissioner Jerry Fitzgerald English announced approval of the Gloucester County Solid Waste Management Plan. The plan calls for operation of a resource recovery facility by 1985 and a source separation/recycling program for valuable materials from the waste stream. Remaining county solid waste will be used to generate energy in the recovery facility. Modifications to the plan call for interim disposal in Camden County and parts of Pennsylvania pending completion of the systems and more landfill capability.

\* \* \*

November 12--FORESTRY ASSISTANCE AVAILABLE--Commissioner English announced added field assignments in the Bureau of Forest Management to aid the public in such areas as firewood management, controlled burning, Christmas tree management, reforestation and sale of timber. Information can be had by calling the following numbers: Bergen, Essex Hudson and Passaic Counties, (201) 538-1552; Middlesex, Mercer, Burlington, Ocean, and Monmouth Counties, (609) 693-1151; Camden and Gloucester Counties, (609) 692-2350, and Sussex and Warren Counties, (201) 827-6100.

\* \* \*

November 13--NEW STATE MAGNETIC DECLINATION MAP AVAILABLE--Dr. Kemble Widmer, State Geologist, announced availability at \$3 per copy of a 1980 magnetic declination map for New Jersey. Such maps show the difference between true north and the north indicated by a compass, and must be upgraded periodically due to minute ongoing changes in the earth's magnetic field. Such changes must be noted by Civil engineers and others plotting property boundaries. Maps are available from the New Jersey Geological Survey, P.O. Box 1390, Trenton, NJ 08625. The telephone number is (609) 292-2576.

\* \* \*

November 13--BURLINGTON WASTE PLAN APPROVED BY DEP--Commissioner English announced approval of the Burlington County Solid Waste Management Plan, which provides for operation of a resource recovery facility by 1985, along with a system to

(more)

separate recyclables from the waste stream. The resource recovery system will use waste as fuel to make energy. Interim disposal in Mercer County and parts of Pennsylvania will be permitted pending completion of recovery systems and added landfill capacity.

\* \* \*

November 13--SALEM NUCLEAR COOLING TOWERS APPROVED--Commissioner English announced DEP approval for the Public Service Electric and Gas Company for construction of two 512-foot-high natural draft salt water cooling towers at its proposed Hope Creek Nuclear Generating Station at Lower Alloways Creek, Salem County.

\* \* \*

November 14--CAFRA PERMIT FOR PARKWAY WIDENING--DEP's Division of Coastal Resources approved a Coastal Area Facility Review Act (CAFRA) permit for the New Jersey Highway Authority to widen by two lanes the Garden State Parkway in Monmouth and Ocean Counties, from the Asbury Park toll plaza to Interchange 80 in South Toms River. The permit also allows extensions of toll plazas at Asbury Park, Toms River, Barnegat and New Gretna, and construction of a full exit interchange at Lacey Road in Lacey Township, Ocean County.

\* \* \*

November 14--COMMISSIONER HITS CHEMICAL INDUSTRY FOR SUPERFUND TACTICS--Commissioner English sharply criticized the National Chemical Manufacturers' Association for sudden reversal of its avowed support for Superfund legislation pending in Congress, due to an expected better climate for industry in the incoming Congress. "This. . . shows distinctly that the chemical industry cannot be given a blind trust to police their own wastes properly," she said, noting that this lack of good faith is reflected locally by the agreement of Thiokol, Inc., of Newtown, Pa., to pay for cleanup of its admitted dump sites in Plumstead Township, Ocean County, followed by reversal of this decision.

\* \* \*

November 17--PENALTIES FOR WATER QUALITY VIOLATIONS--DEP's Division of Water Resources assessed civil administrative penalties totalling \$6,457 against the Borough of Caldwell, Essex County, and Rollins Environmental Services, Inc., Logan Township, Gloucester County. Caldwell was fined \$5,000 discharge and disposal of sewage sludge behind the Borough's sewage treatment plant. The Rollins firm was fined \$1,457 for exceeding limits of its National Pollution Discharge Elimination System permit, in releasing pollutants.

\* \* \*

November 17--CAFRA APPROVAL FOR HOUSING IN ATLANTIC COUNTY--DEP's Division of Coastal Resources approved a CAFRA permit to construct 268 dwelling units. The project is proposed by Concord Development Corporation of Absecon, for a site along U.S. Route 30 in Galloway Township, Atlantic County.

\* \* \*

November 18--WATER VIOLATION PENALTIES IN BERGEN HUDSON COUNTIES--DEP's Division of Water Resources assessed an Administrative Penalty of \$5,000 against the New Jersey Sports and Exposition Authority for building and installing sewer extensions to serve the Meadowlands Arena in East Rutherford without DEP approval, and \$1,147 against Spector Freight System, Inc., of Secaucus for spilling a water soluble red dye from a truck in Secaucus.

(more)

November 19--CAFRA PERMITS APPROVED, DENIED--DEP's Division of Coastal Resources approved two CAFRA permits and denied a third. Approved were a permit for a high rise condominium with 292 dwelling units, proposed by Philip Tannenbaum of Atlantic City, at North Carolina and Pacific avenues there, and a single family subdivision at Route 9 in Dennis Township, Cape May County, proposed by Richard Pedroni. It would have 76 units on 113 acres. The permit denial was against "Ocean Reef," a 298-unit, 30-story condominium proposed beside and above Absecon Inlet in Atlantic City by Delaware Valley Small Business Investment Co. of Philadelphia. It would be on the site of the former Hackney's Restaurant. Denial was based primarily on flooding and wave hazards in a zone of high erosion rates, and also because it would block the views of present and future residents of the area.

\* \* \*

November 20--BEGIN PLANNING FOR NEW WATER SUPPLY IMPROVEMENTS--Commissioner English announced a meeting November 21 at Drumthwacket, in Princeton, to begin planning a campaign to muster public support for critically needed water supply improvements in New Jersey.

#### PUBLIC NOTICE

#### NOTICE: STATE CERTIFICATION OF DRAFT NPDES PERMITS

Notice is hereby given that the applicants, as listed on the following table, have applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 et seq. (the Act), for a National Pollutant Discharge Elimination System (NPDES) permit to discharge pollutants from facilities, located as shown on the table, into navigable waters of the United States.

The New Jersey Department of Environmental Protection (NJDEP) has certified the draft permit in accordance with the provisions of §401 of the Act. A description of each proposed discharge and the receiving body of water is given.

The United States Environmental Protection Agency has tentatively decided to issue a NPDES permit to the applicants. The State of New Jersey Department of Environmental Protection (NJDEP) has issued certifications of the draft NPDES permit subject to certain effluent limitations, standards, prohibitions, and other conditions, necessary to carry out the provisions of the Act and the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 et seq. The certification formulated by DEP is based upon the administrative record.

Each administrative record is on file at the offices of the NJDEP Division of Water Resources, located on 1474 Prospect Street in the Township of Ewing, Mercer County, N.J., and may be inspected and for a fee copied between 8:30 a.m. and 4:00 p.m., Monday through Friday. A copy of each state certification, and other available information may be obtained by writing to the address which appears at the top of this notice.

*New Jersey Is An Equal Opportunity Employer*

Interested persons may submit written comments on the state certification and administrative record to the Assistant Director, Water Quality Management at the above address cited. A copy of the comments should be sent to the Chief, Permits Administration Branch, Region II, U.S.E.P.A., 26 Federal Plaza, New York, New York 10007. All comments shall be submitted within 30 days of the date, of this public notice.

In lieu of, or in addition to, the submission of comments as above provided, any interested person may request that the Commissioner of NJDEP hold a hearing regarding the certification of the proposed discharge. Such request shall indicate the proposed issues to be considered at the hearing.

Any request for a public hearing regarding NJDEP's certification of the proposed discharge should be in writing and submitted to the Assistant Director, Water Quality Management, at the above address with a copy of the request to the Chief, Permits Administration Branch, EPA, Region II. Such request shall be submitted within 30 days of the date of this public notice.

If NJDEP orders that a public hearing be held regarding its certification, and the Enforcement Division Director of EPA, Region II, has also decided to hold a public hearing, the hearings will be held jointly by NJDEP and EPA. If the Enforcement Division Director of EPA, Region II, has decided not to hold a public hearing, NJDEP may itself hold a public hearing regarding its certification.

If NJDEP does not hold a public hearing or reopen the comment period, NJDEP will consider the issuance of the certification to be final within 30 days of the date of this public notice. All comments timely submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by NJDEP will be considered with respect to this certification for a permit.

NJDEP's decision on the issue of whether to hold any hearing, the administration of any hearing and the rights and obligations of participants are governed by NPDES regulations (40 CFR 124) and the "Administrative Procedures Act" N.J.S.A. 52:14B-1 et seq.
