Statement from Governor Murphy on the Launch of the Gateway Program Development Corporation's Virtual Data Room

02/5/2019

"By developing the Virtual Data Room prior to the formal procurement process on the Hudson Tunnel Project, the Gateway Program Development Corporation has established an innovative solution to knowledge sharing and engagement with the private sector. These forward thinking methods of doing business can help bring the program that much closer to fruition."

"The Gateway program is the most urgent infrastructure program in the country. Completing the program with federal investment is a sound, and critically necessary way to keep both our travelers and our regional economy moving in the right direction."
