The Division of Disability Services

“The first place to call for disability-related information.”

Toll-free: [1-888-285-3036](tel:1-888-285-3036)

Within the Department of Human Services, the Division of Disability Services (DDS) serves as the single point of entry for people seeking disability-related information in New Jersey. As the lead state agency charged with representing individuals with disabilities, the Division focuses on enhancing health, education, employment, recreation opportunities and social engagement. DDS aims to build meaningful relationships with other state and local organizations, have a seat at every table, ensure representation in policy and decision-making while working for greater access, equity and inclusion for all New Jersey residents with disabilities.

Through the administration of programs like the Traumatic Brain Injury Fund and the Personal Assistance Services Program, DDS promotes maximum independence and the full participation of people with disabilities within all aspects of community life.

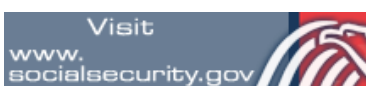

DDS Publishes the *New Jersey Guide to Accessible Parking* and *New Jersey Resources*. *New Jersey Resources*, updated annually, is a comprehensive guide detailing the programs and services the New Jersey Department of Human Services offers residents, caregivers, advocates, and individuals with disabilities, statewide. Both publications are available in English and Spanish and in both print and digital formats. To request printed copies of our publications, email us at: dds.publications@dhs.nj.gov. To access digital copies, see the related links on the top right of this page.

DDS offers the following services and programs:

- ▶ Information and Referral Services (I & R)
- ▶ The Traumatic Brain Injury Fund (TBI FUND)
- ▶ The Personal Assistance Services Program (PASP)
- ▶ Managed Long Term Services and Supports (MLTSS) enrollment assistance for children, 20 years old and younger
- ▶ Disability Health and Wellness Initiatives
- ▶ NJ ABLE and NJ WorkAbility information and technical assistance
