O = Other

REG = HMDC/Pinelands Exemption

---

## Permit Descriptions

---

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Coastal Permit: A permit or an authorization issued under this chapter pursuant to CAFRA, the Wetlands Act of 1970, N.J.S.A. 13:9A-1 et seq., or the Waterfront Development Law, N.J.S.A. 12:5-3.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway, floodplain or riparian zone in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules. Highlands Applicability Determinations verifies certain exemptions allowed by the regulations.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

## General Information

---

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

## Appeals on Applications

---

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs  
Attn: Adjudicatory Hearing Requests  
Department of Environmental Protection  
PO Box 402  
Trenton, NJ 08625-0402

NOTICE OF A PUBLIC COMMENT PERIOD ON  
RENEWAL OF A SOLID AND HAZARDOUS WASTE FACILITY PART B PERMIT  
UNDER RESOURCE CONSERVATION AND RECOVERY ACT (RCRA)

The New Jersey Department of Environmental Protection, Division of Sustainable Waste Management (Department) hereby gives notice that it has tentatively approved a Solid and Hazardous Waste Facility Renewal application with changes submitted by Veolia ES Technical Solutions, LLC to include the operation of a paint can shredder unit at their solid and hazardous waste facility located in Middlesex Borough, Middlesex County. This permit covers ongoing solid and hazardous waste activities that are regulated by the Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) and the Resource Conservation and Recovery Act (RCRA).

Veolia ES Technical Solutions, L.L.C. (Veolia) operates as a commercial solid and hazardous waste facility by accepting for storage, treatment and transfer to authorized facilities, solid and hazardous waste generated by a variety of commercial and industrial generators (its clients). Activities at the facility include processing of spent organic solvents and other hazardous waste to reclaim solvent products, fuel blending, treatment of wastewater, and storage and transfer of hazardous and solid waste. Waste storage activities include storage in containers (330,000 gallons), tank wagons (72,000 gallons), and rail cars (210,000 gallons) for a total of 612,000 gallons. Storage, processing and treatment of hazardous waste are conducted in forty-five (45) aboveground tanks with a total capacity of 717,200 gallons. The addition of the paint can shredder unit is needed due to an increase in the quantities of flammable paints and paint-related material collected from household hazardous waste events and drop-off locations. The unit allows for the safe and efficient removal of the liquids from these containers so the contents can be fuel-blended and sent for energy recovery.

The public comment period on this tentative approval begins with the publication of this notice and will close forty-five (45) days thereafter. During this period, any interested person may submit written comments concerning the tentatively approved permit to:

Dana Lawson, Chief  
Bureau of Recycling & Hazardous Waste Management  
Division of Sustainable Waste Management  
New Jersey Department of Environmental Protection  
401 E. State Street  
P.O. Box 420, Mail Code 401-02C  
Trenton, New Jersey 08625-0420  
Tel: (609) 984-3438 Fax: 609-777-1951

The Department will respond to all relevant comments submitted during the public comment period. These comments and the Department's response will be set forth in a response document which shall become part of the administrative record upon which the Department shall base its final decision. Any person who has submitted relevant written comments will receive notification of the Department's final decision. Upon the written request of any interested party which, in the opinion of the Department, raises significant issues relevant to the proposed permit issuance during the public comment period, a public hearing will be scheduled regarding the proposed permit issuance.

Copies of the draft permit and supporting permit application are available for inspection at the office of the Department's Division of Sustainable Waste Management listed above. Anyone wishing to obtain a copy of a

fact sheet on the facility, the draft permit, and/or further information, or to arrange to review the administrative record should first contact Ms. Dana Lawson at the above listed address or telephone number.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF RECEIPT OF AN APPLICATION FOR A  
WATERFRONT DEVELOPMENT INDIVIDUAL IN-WATER PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has received an application (DLRP File# 0000-22-0021.1 LUP220001) for the above referenced permit from NextEra Energy Transmission MidAtlantic Holdings, LLC (NEETMA) to conduct geotechnical investigations in Raritan Bay, Absecon Bay, Great Egg Harbor Bay, and the Atlantic Ocean to inform the design of potential cable route options for potential offshore wind farms off the coast of New Jersey. The geotechnical investigations will consist of 87 vibrocore sediment samples ranging in depths from 2 meters to 6 meters.

The application can be reviewed by appointment at the Department's Trenton Office or by requesting an electronic copy of the application by contacting <https://www.nj.gov/dep/opra/opraform.html> as part of an OPRA request submitted to the Department's Trenton Office.

Project information is available to review at: [www.nj.gov/dep/offshorewind/outreach.html#comment](http://www.nj.gov/dep/offshorewind/outreach.html#comment)

The Department of Environmental Protection welcomes comments and any information that you may provide concerning the proposed project. During the COVID-19 pandemic and the remote work environment, the Department encourages the submission of written comments electronically at [www.nj.gov/dep/offshorewind/comments.html](http://www.nj.gov/dep/offshorewind/comments.html)

However, comments may also be submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection, P.O. Box 420, Code 501-02A, Trenton, New Jersey 08625, attn: Janet Stewart, Bureau Chief

There is no need for duplicate electronic and hard copy submissions. All comments submitted will be maintained by the Department.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION REQUEST TO RELEASE  
CONSERVATION RESTRICTION  
PUBLIC HEARING

**TAKE NOTICE** that, in accordance with the New Jersey Conservation Restriction and Historic Preservation Restriction Act, N.J.S.A. 13:8B-5, the New Jersey Department of Environmental Protection, Division of Land Resource Protection (the "Department") has received an application for a partial release of a Conservation Restriction by Eric Thorton, dated June 1, 2022, on the property identified as Block 41, Lot 8.01. The lot is shown on the official tax map of Chester Township in Morris County, New Jersey, and is partially developed with a single-family dwelling.

A portion of the property was deed restricted as part of a Transition Area Waiver Averaging Plan (File #1407-99-0010.1), approved by the Department on November 8, 1999, for the construction of additions to both an existing single-family dwelling and an associated garage. The applicant proposes to remove and replace an existing detached garage and expand a portion of the existing gravel drive, which will result in the additional disturbance of 0.029 acres of deed restricted transition area.

To offset the proposed disturbance to deed restricted areas, the applicant has proposed to remove and reseed 0.050 acres existing impervious surface, and plant 0.085 acres of trees in existing lawn transition area.

APPLICANT: Eric Thorton  
FILE NUMBER: 1407-22-0003.1 CRR220001  
PROJECT DESCRIPTION: Construction of detached garage and expansion of existing driveway in deed restricted areas - partial deed lifting  
MUNICIPALITY: Chester Township  
COUNTY: Morris County PROJECT ADDRESS: 135 Hillside Road  
Block 41, Lot 8.01  
Chester Township, Morris County  
HEARING DATE: August 29, 2022  
HEARING TIME: 10:00 AM

The Division of Land Resource Protection invites the public to attend the Public Hearing via Microsoft Teams. To access the meeting, please use the following link and look for a specific link to the hearing:

<https://www.nj.gov/dep/landuse/news.html>

You can also join via phone at 1-856-338-7074

Conference ID: 753 553 877#

Lastly, the public may email written comments within fifteen (15) days following the Public Hearing to: Robert Helsel, Project Manager at [Robert.Helsel@dep.nj.gov](mailto:Robert.Helsel@dep.nj.gov).

1429-02-0001.2 - LUP - 220001	3 CAMPUS DR	One Campus Associates, LLC c/o Veris Residential Inc. (Applicant), is proposing to perform maintenance on an existing retention basin constructed circa 2001. The project involves the removal of vegetation within the basin, and in some areas, around the basin for access. Vegetation has accumulated to the point that it is blocking an outlet structure and raising the water surface elevation of the basin. Morris County Soil Conservation District has ordered the applicant to remove the vegetation.	VERIS RESIDNETIAL INC	Robert Helsel
