# Thinking outside the box for safer workplaces

This year, **Safe + Sound Week** expanded in new directions and reached more workers.

**Support Safety as a Core Value**

“ Promotes workplace safety and health, raises awareness about the importance of creating safe work environments, and encourages collaboration among employers, employees, and organizations.

**Engage Spanish-Speaking Workers**

“ Being a bilingual activity is a plus, since most of our manufacturing jobs, across the USA, are done by Latino workers.

**Focus on Mental Health and Wellbeing**

“ Gave us the opportunity to candidly talk about mental health issues in our industry, as well as resources available to our workers.
