Select Appropriations Freed From Executive Order Issued to Attain Common Sense Health Plan Savings

Trenton, NJ – Governor Chris Christie today ordered the immediate release of over \$8.4 million in appropriations that were temporarily reserved under Executive Order No. 209 to ensure the maintenance of a fiscally responsible, balanced Fiscal Year 2017 State Budget. Last month, Governor Christie directed the release of more than \$33 million in select appropriations that were placed in reserve.

State employee health care benefits cost state taxpayers over \$3.25 billion annually. Executive Order No. 209 was issued in July in direct response to the Legislature's failure to responsibly budget for the State's existing health care costs and highlight the need for common sense, reasonable health benefit reforms.

Until additional savings are enacted, the balance of previously reserved appropriations added by the Legislature will remain in reserve.

A chart of the programs covered by the appropriations released is below.
