DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

July 20--SEWER APPLICATIONS CERTIFIED FOR EPA APPROVAL--DEP Commissioner English announced the approval of three sewer grant applications, totaling \$442,294, to prepare wastewater facilities plans in Burlington County (Bass River Township, \$69,072), Monmouth County (Western Monmouth Utilities Authority, \$51,986); and Salem County (Salem County Board of Freeholders, \$321,236). Each of these approved applications now awaits final approval by the federal Environmental Protection Agency (EPA) Region II and the grant award of 75 percent of the cost of each project.

July 20--CARCINOGENIC AND TOXIC AIR POLLUTANT STUDY UNDERTAKEN--DEP's Office of Cancer and Toxic Substances, during the week of July 6-10, began a six-week summer monitoring program for carcinogenic and toxic air pollutants in New Jersey. Dr. Alden McLellan, DEP's Assistant Commissioner for Science and Research, said "This study represents the first effort by a state or federal agency to initiate a comprehensive project which will investigate the dynamics and distribution of a class of pollutants which have serious impacts on human health."

July 21--COMMISSIONER ENGLISH URGES HASTE ON WANAQUE SOUTH WATER PROJECT--DEP Commissioner English urged officials from involved municipalities to "get moving" on the Wanaque South water project, which will supply areas in northeastern New Jersey with an additional 64 million gallons per day (mgd) of drinking water.

July 21--STATE SUBMITS TOXIC DUMP RANKINGS FOR SUPERFUND GRANTS--DEP Commissioner English announced the rankings of those toxic waste sites in the state that were submitted to the federal Environmental Protection Agency (EPA) in preparation for application and possible granting of "Superfund" monies for cleanup. The "Superfund" results from the U.S. Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and sets a \$1.6 billion federal fund for toxic waste clean-up nationally. According to George Tyler, DEP Assistant Commissioner for Environmental Management and Control, 22 of the state's worst sites, of which there are more than 300 currently known and evaluated by DEP, were ranked by DEP according to EPA categories. The estimated cost to clean up the 22 sites is \$300 million.

July 22--ADMINISTRATIVE ORDER ISSUED FOR ILLEGAL DUMPING OF POULTRY WASTE--DEP's Division of Water Resources issued an Administrative Order against a Millville (Cumberland County) cesspool cleaner and septic wastes hauler for illegally discharging poultry processing wastes onto a field near the Maurice River. The order was issued for illegal discharge of pollutants which might flow or drain into streams or groundwaters of the state.

July 23--WORLD WAR I MEMORIAL NAMED TO STATE REGISTER--DEP Commissioner English announced that Atlantic City's World War I Memorial was added to the New Jersey Register of Historic Places on July 2.

July 28--SENATORS BRADLEY AND WILLIAMS CONGRATULATED FOR PINELANDS COOPERATION--DEP Commissioner English congratulated both U.S. Senators for their help in getting money for the Pinelands approved by the Senate Appropriations Committee and the full House. She said the \$8 million House allocation looks "secure" in the House version of the Interior Department Appropriations Bill. The Senate committee has allocated \$4.1 million for the Pinelands. The Commissioner said, "This is particularly heating for the State, the Department and the Pinelands Commission. At this point we are at the peak of pursuit in our Pinelands property acquisition." The acquisition program is funded 75 percent with federal and 25 percent with state monies.

July 29--CAFRA APPROVAL FOR SENIOR CITIZEN COMPLEX--David N. Kinsey, director of DEP's Division of Coastal Resources, announced the conditional approval of a Coastal Area Facility Review Act (CAFRA) permit allowing United Methodist Homes of Ocean Grove to construct a garden apartment complex for senior citizens of low and moderate income. The complex will be located on a 2.57-acre tract bounded by Bay Avenue and 24th Street in Ocean City (Cape May County).

July 29--CAFRA PERMIT APPROVED OR HOTEL CASINO IN MARINA DISTRICT--DEP's Division of Coastal Resources announced the approval of a CAFRA permit allowing Camelot, Inc., an affiliate of American Leisure Corporation, to construct 990 first class hotel rooms and a 60,000 square-foot casino in the Hotel Casino Marina District of Atlantic City (Atlantic County). This facility represents the fourth hotel casino to receive CAFRA approval within the Marina District.

July 30--SUMMER PROGRAMS AT STATE PARKS AND FORESTS--DEP Commissioner English announced the summer season at state parks and forests is in full swing and there is a large array of activities and programs available to the public in addition to the traditional summertime activities of swimming and picnicking. At selected state parks and forests, DEP and the NJ Council of the Arts are presenting free performances of mime, theater, music, dance, puppetry, crafts festivals and visual art shows.

PUBLIC MEETINGS

New Jersey DEP/EPA AGREEMENT FY82

The New Jersey Department of Environmental Protection (NJDEP) and the U.S. Environmental Protection Agency (USEPA) would like to announce a series of public meetings on September 14, 15 and 16 to discuss the FY'82 State/EPA Agreement (SEA). These meetings are specifically designed to allow us to receive your comments on the Agreement currently being developed by NJDEP and USEPA. The SEA is a multimedia document which will guide the allocation of public funds on key environmental concerns in the State of New Jersey. It will discuss the development of goals and objectives and the application of funds to the control of water pollution, air pollution, and solid and hazardous waste.

A key aspect of the Agreement is the opportunity it provides for public involvement in shaping environmental protection activities in the State. By participating in the development process and contributing your thoughts on both the basic philosophies and the implementation plans for the coming year, your concerns can be incorporated in the formative stages of the FY'82 programs.

The public meetings we have planned are scheduled as follows:

Notice is hereby given that the applicants, as listed on the following table, have applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 et seq. (the Act), for a National Pollutant Discharge Elimination System (NPDES) permit to discharge pollutants from facilities, located as shown on the table, into navigable waters of the United States.

The New Jersey Department of Environmental Protection (NJDEP) has certified the draft permit in accordance with the provisions of Section 401 of the Act. A description of each proposed discharge and the receiving body of water is given.

The United States Environmental Protection Agency has tentatively decided to issue a NPDES permit to the applicants. The State of New Jersey Department of Environmental Protection (NJDEP) has issued certifications of the draft NPDES permit subject to certain effluent limitations, standards, prohibitions, and other conditions, necessary to carry out the provisions of the Act and the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 et seq. The certification formulated by DEP is based upon the administrative record.

Each administrative record is on file at the offices of the NJDEP Division of Water Resources, located on 1474 Prospect Street in the Township of Ewing, Mercer County, N.J., and may be inspected and for a fee copied between 8:30 a.m. and 4:00 p.m., Monday through Friday. A copy of each state certification, and other available information may be obtained by writing to the address which appears at the top of this notice.

Interested persons may submit written comments on the state certification and administrative record to the Assistant Director, Water Quality Management at the above address cited. A copy of the comments should be sent to the Chief, 5ermits Administration Branch, Region II, U.S.E.P.A., 26 Federal Plaza, New York, New York 10007. All comments shall be submitted within 30 days of the date, of this public notice.

In lieu of, or in addition to, the submission of comments as above provided, any interested person may request that the Commissioner of NJDEP hold a hearing regarding the certification of the proposed discharge. Such request shall indicate the proposed issues to be considered at the hearing.

Any request for a public hearing regarding NJDEP's certification of the proposed discharge should be in writing and submitted to the Assistant Director, Water Quality Management, at the above address with a copy of the request to the Chief, Permits Administration Branch, EPA, Region II. Such request shall be submitted within 30 days of the date of this public notice.

If NJDEP orders that a public hearing be held regarding its certification, and the Enforcement Division Director of EPA, Region II, has also decided to hold a public hearing, the hearings will be held jointly by NJDEP and EPA. If the Enforcement Division Director of EPA, Region II, has decided not to hold a public hearing, NJDEP may itself hold a public hearing regarding its certification.

If NJDEP does not hold a public hearing or reopen the comment period, NJDEP will consider the issuance of the certification to be final within 30 days of the date of this public notice. All comments timely submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by NJDEP will be considered with respect to this certification for a permit.

NJDEP's decision on the issue of whether to hold any hearing, the administration of any hearing and the rights and obligations of participants are governed by NPDES regulations (40 CFR 124) and the "Administrative Procedures Act" N.J.S.A. 52:14B-1 et seq.
