

2. Whenever it is required that a progressive controller not housed within the cabinet of a slot machine be opened, the information specified in (j)1 above shall be recorded on a form to be entitled "Progressive Entry Authorization Log." The Progressive Entry Authorization Log shall be maintained in the progressive unit and shall have recorded thereon a sequential number and serial number of the progressive controller.

3. With the exception of the transportation of slot cash storage boxes, pursuant to N.J.A.C. 19:45-1.17(a), whenever it is required that a bill changer, other than a separate slot cash storage box compartment, be opened, certain information shall be recorded on a form to be entitled "Bill Changer Log." The information shall include, at a minimum, the date, time, purpose of opening the bill changer, and the signature of the authorized employee opening the bill changer. The Bill Changer Log shall be maintained in the bill changer and shall have recorded thereon a sequential number and the serial number or asset number of the bill changer. If the bill changer is contained completely within the cabinet of a slot machine and there is no separate access to the bill changer unit, the information may be recorded on the Machine Entry Authorization Log required by (j)1 above, provided that any information that concerns the opening of the bill changer may be distinguished from any other information that concerns the opening of the slot machine or any other device connected thereto.

4. Whenever it is required that a printer for an approved gaming voucher system be accessed, the date, time, purpose of such access, and the signature of the authorized employee shall be recorded in the log required by (j)1 or (j)3 above, or a separate log as approved by the Commission.

Amended by R.1983 d.239, effective June 30, 1983.
See: 14 N.J.R. 1052(a), 15 N.J.R. 1040(b).

Deleted requirements in (d)1, that only slot machines or attendants had to sign the Machine Entry Authorization Log.
Petition for Rulemaking: Slot machine bill changer system.
See: 19 N.J.R. 1110(a).

Amended by R.1988 d.224, effective May 16, 1988.
See: 20 N.J.R. 516(a), 20 N.J.R. 1099(c).

Substantially amended.
Experimental 90-day implementation pursuant to N.J.S.A. 5:12-69(e), (P.L. 1987 c.354), 5:12-70(f) and 5:12-100(e), effective April 11, 1988 (expires July 10, 1988).
See: 20 N.J.R. 769(a).

Amended by: R.1988 d.387, effective August 15, 1988.
See: 20 N.J.R. 765(a), 20 N.J.R. 769(a), 20 N.J.R. 2090(a).

Added bill changers and slot token containers and keys for slot storage box compartments.

Amended by R.1988 d.468, effective October 3, 1988.
See: 20 N.J.R. 1069(a), 20 N.J.R. 2468(a).

Sequentially number "machine entry authorization logs" and require preparation and maintenance of "progressive entry authorization logs".
Amended by R.1991 d.230, effective May 6, 1991.
See: 22 N.J.R. 3325(a), 23 N.J.R. 1461(a).

In (a)2 and (g)1, 3: revised text to read "asset" and "manufacturer's serial" number.
Amended by R.1992 d.359, effective September 21, 1992.
See: 24 N.J.R. 1472(b), 24 N.J.R. 3335(b).

Requirement for separate locked compartment for slot cash storage box eliminated, under specified circumstances.
Amended by R.1993 d.318, effective July 6, 1993 (operative October 15, 1993).

See: 25 N.J.R. 1503(b), 25 N.J.R. 2908(a).

Amended by R.1998 d.163, effective April 6, 1998.
See: 29 N.J.R. 4260(a), 30 N.J.R. 1309(a).

In (a)2, added the last two sentences in the introduction, and added i and ii.

Amended by R.2001 d.401, effective November 5, 2001.
See: 33 N.J.R. 2632(a), 33 N.J.R. 3761(a).

Rewrote (a)3; rewrote (f).
Amended by R.2002 d.60, effective March 4, 2002.
See: 33 N.J.R. 2402(b), 34 N.J.R. 1020(b).

Rewrote (a).
Amended by R.2002 d.4, effective January 6, 2003.
See: 34 N.J.R. 2012(a), 35 N.J.R. 259(a).

In (a), added "Except as provided in N.J.A.C. 19:45-154.a, each"; in (j) added 4.

19:45-1.36A Slot machines; hopper storage areas

(a) A hopper storage area may be used in connection with the operation of a slot machine, for the purpose of temporarily storing coins, prize tokens or slot tokens that are to be deposited only into the slot machine's hopper that corresponds with the coin or type of token stored in the hopper storage area.

(b) A hopper storage area shall be a separate secure compartment located within or adjacent to its corresponding slot machine. Notwithstanding the foregoing, a single hopper storage area may be used to store hopper fills for two or more slot machines. A hopper storage area used to supply two or more slot machines shall:

1. Be located on the casino floor in close proximity to its corresponding slot machines, which location shall be approved by the Commission; and

2. Contain a separate marked compartment for each corresponding slot machine, so that all hopper fills stored in the hopper storage area can be segregated and identified by slot machine.

(c) Each hopper storage area shall:

1. Be constructed so as to provide maximum security for the coins or tokens stored in it;

2. Be secured by two separate locks, the keys to which shall be different from each other. One of the keys, which may be the same as the key which opens the slot machine corresponding to that hopper storage area, shall be maintained and controlled by the slot department. The other key, which shall be different from the key

securing the corresponding slot machine, shall be maintained and controlled by the casino security department, in a secure area within that department, and access to that key may be gained only by a supervisor in that department. Removal of the key from this area may be undertaken only for use and return no later than the end of the shift of the department member to whom the key was issued, and upon the approval of a supervisor of that department, and entry of the following information into a log:

- i. The signature of the department member to whom the key was issued;
- ii. The signature of the supervisor authorizing such issuance;
- iii. The date and time issued; and
- iv. The date and time replaced; and

3. Include a device that indicates when the door of the hopper storage area is open.

(d) Hopper storage areas shall be filled and utilized in accordance with the procedures in N.J.A.C. 19:45-1.41 and a casino licensee's system of internal controls. No hopper storage area and no compartment within a hopper storage area that supplies two or more slot machines shall contain more than triple the hopper inventory level of each of the hoppers in its corresponding slot machine.

New Rule, R.1992 d.360, effective September 21, 1992.

See: 24 N.J.R. 2137(a), 24 N.J.R. 3336(a).

Amended by R.1994 d.504, effective October 3, 1994.

See: 26 N.J.R. 2872(a), 26 N.J.R. 3253(a), 26 N.J.R. 4089(a).

Amended by R.1997 d.489, effective November 17, 1997.

See: 29 N.J.R. 1289(a), 29 N.J.R. 4862(b).

Rewrote (b); inserted new (b)1, (b)2 and (c); recodified existing (b)1 through (b)3 as (c)1 through (c)3; recodified existing (c) as (d); and in (d), added the second sentence.

19:45-1.37 Slot machines and bill changers; electronically erasable/ programmable storage media; identifications; signs; meters

(a) Unless otherwise authorized by the Commission, each slot machine in a casino shall have the following identifying features:

1. A manufacturer's serial number affixed to the outside of the slot machine cabinet in a location as approved by the Commission.
2. An asset number that is permanently imprinted, affixed or impressed on the outside of the machine. The asset number must be conspicuous and clearly visible to persons involved in removing or replacing the slot drop bucket or slot drop box in the slot machine and through the casino licensee's closed circuit camera coverage system. The size and location of the asset number are subject to prior approval by the Commission;
3. A display located conspicuously on the front of the slot machine that automatically illuminates when a player has won a jackpot not paid automatically and totally by the slot machine and which advises the player to see an attendant to receive full payment;

4. A display on the front of the slot machine that provides fair notice of the following:

i. The rules of play, character combinations which will award payouts and the related payouts;

ii. If the slot machine offers a payout of merchandise or some other thing of value, a clear description of the merchandise or thing of value, including its cash equivalent value (unless the payout is an annuity jackpot), and the dates that the merchandise or thing of value will be offered if the casino licensee establishes a time limit for offering the merchandise or thing of value as provided in N.J.A.C. 19:45-1.40A (a time limit shall not be permitted for a progressive annuity jackpot); provided, however, that the display need only contain the name or a brief description of the merchandise or thing of value offered if a sign containing all of the information specified in this subparagraph is displayed near the slot machine in a manner and location approved by the Commission;

iii. If the slot machine offers a progressive jackpot, the payout limit, if the casino licensee establishes a payout limit as provided in N.J.A.C. 19:45-1.39; provided, however, that the display need not contain the payout limit if a sign which does contain the payout limit is displayed near the slot machine in a manner and location approved by the Commission;

iv. If the slot machine is equipped with a payout-only hopper, a statement either that:

(1) Any prize tokens that are paid out as a jackpot from that hopper cannot be used to activate play at any slot machine; or

(2) Any coins or slot tokens that are paid out from that hopper cannot be used to activate play at that slot machine;

v. If the slot machine is equipped with multiple hoppers and has the win meter permitted by (b)4ii below and N.J.A.C. 19:46-1.26(c)5, a statement, approved by the Commission, that reasonably explains to patrons the information disclosed by the win meter;

vi. If the slot machine offers an alternative jackpot of either cash or merchandise or some other thing of value pursuant to N.J.A.C. 19:45-1.40A(m), or an annuity jackpot with a cash payout option pursuant to N.J.A.C. 19:45-1.40B, in addition to any other requirement imposed by (a)4i through v above, a clear description of the jackpots and options that are available to a winning patron and all essential terms governing the exercise of any option; provided, however, that the display need only contain a brief description of the jackpots offered if a sign containing all of the information specified in this subparagraph is displayed near the slot machine in a manner and location approved by the Commission;

vii. If the slot machine has an approved gaming voucher feature, a description of whether the patron is paid in coin/tokens and/or gaming vouchers; and

viii. If the slot machine is equipped with tokenization pursuant to N.J.A.C. 19:45-1.37C, a conspicuous notice indicating:

(1) The denomination of the slot machine, and the denomination of the token accepted and paid by the machine;

(2) Whether or not the residual slot credit can be cashed out; and

(3) That any residual slot credit not played or cashed out by a patron shall be deemed abandoned.

5. A mechanical, electrical, or electronic device that automatically precludes a player from operating the slot machine after a jackpot requiring a manual payout and requires an attendant to reactivate the machine;

6. A slot machine tower light that complies with the requirements of N.J.A.C. 19:45-1.37B; and

7. A location number that is affixed to the outside of the machine. The location number must be conspicuous and clearly visible to persons involved in removing or replacing the slot drop bucket or slot drop box in the slot machine and through the casino licensee's closed circuit camera coverage system. The size and location of the location number are subject to prior approval by the Commission.

(b) Unless otherwise authorized by the Commission, each slot machine in a casino shall be equipped with the following:

1. A mechanical, electrical or electronic device, to be known as an "in-meter" that continuously and automatically counts the number of coins or slot tokens placed by patrons into the machine for the purpose of activating play;

2. A mechanical, electrical or electronic device, to be known as a "drop meter," that continuously and automatically counts the number of coins or slot tokens that are dropped into the machine's slot drop bucket or slot drop box;

3. For each hopper in a slot machine, a separate mechanical, electrical or electronic device, to be known as a "jackpot meter," that continuously and automatically counts, for that hopper only, the number of coins, prize tokens or slot tokens that are automatically paid by the machine from the corresponding hopper and that displays the aggregate number so counted; provided, however, that:

i. In lieu of the jackpot meter for a payout-only hopper displaying the aggregate number of coins, slot tokens or prize tokens paid out from that hopper, each casino licensee that uses a slot machine which is capa-

ble of converting the number of coins, slot tokens or prize tokens paid out from a payout-only hopper into the equivalent number of coins or slot tokens that match the denomination of the coin or slot token which that slot machine is designed to accept in order to activate play (the "machine denomination equivalent"), may, in accordance with internal controls approved by the Commission, set the jackpot meter connected to each payout-only hopper in that slot machine to continuously and automatically count and display the aggregate number of coins, slot tokens or prize tokens paid out from that hopper by its machine denomination equivalent (for example, the jackpot meter on a 25¢ slot machine may display the payout of one \$3.00 prize token as the payout of "12" quarters); and

ii. Each slot machine with multiple hoppers may have a single jackpot meter to count and display the aggregate number of coins, slot tokens or prize tokens paid out from that machine's hoppers provided that:

(1) Each hopper is connected to that meter;

(2) The jackpot meter counts and displays, in accordance with (b)3i above, the aggregate number of coins, slot tokens or prize tokens paid out from a payout-only hopper by its machine denomination equivalent; and

(3) Each payout-only hopper has a separate jackpot meter, to be known as a "payout-only jackpot meter," that counts and displays the aggregate number of coins, slot tokens or prize tokens actually paid out from that hopper only;

4. A mechanical, electrical or electronic device, to be known as a "win meter," visible from the front of the machine, that, upon a player hitting a winning combination, advises the player of the number of coins, prize tokens or slot tokens for that round that have been paid to the player by the machine from the corresponding hopper; provided, however, that multiple win meters, as provided in (b)4i or ii below after approval of the casino licensee's internal controls therefor, shall be used on each multiple hopper slot machine whenever one or more winning combinations that are hit on the same round of play at that machine entitle the winning player to automatically receive coins, slot tokens or prize tokens from both hoppers and each hopper contains a different denomination of coins, slot tokens or prize tokens, as follows:

i. A separate win meter for each hopper that, for the round in which a winning combination is hit, advises the winning player of the actual number of coins, slot tokens or prize tokens won from that hopper only; or

ii. A win meter to which each hopper is connected that advises the winning player of the aggregate number of coins, slot tokens or prize tokens won on that round from both hoppers after first converting the aggregate number of any coins, slot tokens or prize tokens won

that round from a payout-only hopper into its machine denomination equivalent, and a separate win meter, to be known as a "payout-only win meter," connected to each payout-only hopper that advises the player of the number of coins, slot tokens or prize tokens actually won on that round from the corresponding hopper only (for example, a win meter on a multiple hopper 25 cent slot machine may, pursuant to this paragraph, record the payout, on the same round of play, of one \$3.00 prize token and two quarters as the payout of "14" quarters, provided there is a separate payout-only win meter advising the player that one prize token was paid out); and

5. Unless otherwise authorized by the Commission, each slot machine approved to dispense gaming vouchers shall also be equipped with mechanical, electrical or electronic devices as follows:

i. A "numerical voucher out meter" that continuously and automatically counts the number of gaming vouchers dispensed by the machine and that displays the aggregate number so counted; and

ii. A "value voucher out meter" that continuously and automatically counts the value of gaming vouchers dispensed by the machine and that displays the aggregate value so counted.

(c) Unless otherwise authorized by the Commission each slot machine which does not totally and automatically pay the full amount of a jackpot to a patron shall be equipped with a mechanical, electrical or electronic device to be known as a "manual jackpot meter" that continuously and automatically records a pulse(s) for a predetermined number of coins or slot tokens that are to be paid manually.

(d) Unless otherwise authorized by the Commission, each slot machine that accepts currency shall have meters that accomplish the objectives set forth in (b) and (c) above.

(e) Unless otherwise authorized by the Commission, each slot machine that has a bill changer shall also be equipped with mechanical, electrical or electronic devices as follows:

1. A "cash box" meter that continuously and automatically records the total value of all currency accepted by the bill changer or, as an alternative, a connection to a computer system approved by the Commission that determines the total value of all currency accepted by the bill changer from data supplied from the bill meters required by (e)2 below;

2. A number of "bill meters," that continuously, automatically and separately count, for each denomination of currency accepted by the bill changer, the actual number of bills accepted by the bill changer;

3. If the bill changer can accept coupons but does not contain the coupon meters identified in N.J.A.C. 19:45-1.46B:

i. A "numerical coupon meter" that continuously, automatically and separately counts the total number of all coupons accepted by the bill changer; and

ii. A "value coupon meter" that continuously, automatically and separately counts the total value of all coupons accepted by the bill changer; and

4. If the bill changer can accept gaming vouchers:

i. A "numerical voucher in meter" that continuously, automatically and separately counts the total number of all gaming vouchers accepted by the bill changer; and

ii. A "value voucher in meter" that continuously, automatically, and separately counts the total value of all gaming vouchers accepted by the bill changer.

(f) Each casino licensee that operates a slot machine with a bill changer that is controlled by a software program which may be modified without replacing any physical element of the bill changer (for example, by downloading software to the storage medium on which the bill changer control program is stored) shall submit for review and approval internal controls which shall address, at a minimum, the following:

1. The method for detecting authorized and unauthorized software changes;

2. The creation of a daily report from its slot monitoring system which immediately documents the software change;

3. Procedures for the control and installation of the software by the slot department;

4. The creation of a slot software control log by the slot department evidencing all authorized changes to the bill changer software; and

5. The review and comparison of the report and log required in (f)2 and 4 above by either the surveillance, security, casino accounting or management information systems department for any deviations and investigation.

(g) All meters described in this section and in N.J.A.C. 19:46-1.26 shall be placed in a position so that the numbers thereon can be read and recorded without opening the slot machine.

(h) Each casino licensee shall set each of its slot machine games to have a theoretical payout percentage that complies with N.J.A.C. 19:46-1.28A and shall maintain a record of each slot machine game setting and the theoretical payout percentage for each slot machine game. No cash or gaming voucher issued to a slot machine patron shall result in a deduction from gross revenue unless the patron's entitlement to the payment is determined by the approved program that controls the slot machine and the payment is recorded on the jackpot meter, numerical and value voucher out meters, or manual jackpot meter required by (b)3, (b)5 and (c) above, the progressive jackpot meter required by N.J.A.C. 19:45-1.39(b)2 or in accordance with procedures authorized by N.J.A.C. 19:45-1.40A and 1.40B.

(i) Each slot machine in a casino shall have such test connections as may be specified by the Division and approved by the Commission for the on-site inspection, examination, and testing of such machine.

(j) Each slot machine in a casino shall have devices, equipment, features and capabilities as may be required by the Commission for that particular model of slot machine after the prototype model is tested and examined by the Division.

(k) If the probability of hitting a proposed jackpot is greater than 34 million to one, the jackpot shall not be approved by the Commission unless it is offered on a linked progressive slot machine; provided, however, that this subsection shall not apply to a jackpot with a probability that may exceed 34 million to one during the game cycle due solely to the intervening occurrence of free play awards between the activation of a play and the award of the jackpot.

Amended by R.1987 d.302, effective July 20, 1987.

See: 18 N.J.R. 2005(a), 19 N.J.R. 1321(a).

(a)4 and (f) substantially amended.

Petition for Rulemaking: Slot machine bill changer machine.

In (a)4, added viii.

Case Notes

No implied private cause of action for inadequate or defective signage of slot machine. *Marcangelo v. Boardwalk Regency Corp.*, D.N.J.1994, 847 F.Supp. 1222, on subsequent appeal 47 F.3d 88.

Failure to state claim against casinos for breach of contract for removal of progressive slot machines before jackpots were won. *Decker v. Bally's Grand Hotel Casino*, 280 N.J.Super. 217, 655 A.2d 73 (A.D.1994).

19:45-1.37A Electronic transfer credit systems

(a) A casino licensee may operate an electronic transfer credit system which permits a patron to convert cash compliments accumulated by the patron pursuant to N.J.A.C. 19:45-1.9(f) or received by the patron pursuant to N.J.A.C. 19:45-1.9(g) through (i) into electronic credits and to have those credits transferred directly to a slot machine.

(b) All aspects of an electronic transfer credit system, including all hardware and software utilized therein, shall be subject to review and approval by the Commission prior to the implementation of the system by the casino licensee. The internal control procedures submitted by the casino licensee shall address the integrity, security and control of its electronic transfer credit system and shall, without limitation, include:

1. An overview of the system design;
2. System access restrictions including, at a minimum, copies of all menus;
3. Hardware and software controls;

4. Magnetic tape controls;
5. Override policies and restrictions;
6. Copies of all reports generated related to the use of electronic transfer credits;
7. Backup and recovery procedures and failure analysis;
8. The duties and responsibilities of the MIS, internal audit, slot and casino accounting departments with regard to the electronic transfer credit system;
9. Access controls;
10. Procedures for handling customer disputes;
11. Network security;
12. Audit programs; and
13. The manner in which cash complimentaries in the form of electronic credits shall be issued, and how the recipients of those credits shall be identified.

(c) Each transfer of electronic credits to a slot machine authorized by this section shall be initiated by a patron using an access control approved by the Commission. All access controls shall require the use of a unique access code for each patron, which access code shall be selected by and only available to the patron.

(d) An electronic transfer credit system shall not permit a patron to transfer more than \$400.00 in electronic credits to a slot machine in a single transaction.

(e) A record of each transfer of electronic credits to a slot machine authorized by this section shall be maintained by the casino licensee and shall be identified by, at a minimum, the date, time and the asset number of the slot machine to which the transfer occurred and an identification number assigned to the patron who initiated the transaction. The identification number assigned to each patron for the purposes of this subsection shall be different from the unique access code selected by that patron as part of an access control.

(f) In addition to the requirements of N.J.A.C. 19:45-1.37(b), each slot machine which can be activated through the use of an electronic transfer credit shall be equipped with an "electronic transfer credit meter" that continuously and automatically increments in an amount equal to the value of any cash complimentaries which are converted into electronic credits and transferred to that slot machine by a patron. The electronic transfer credit system shall store this information in machine-readable form and such stored data shall not be susceptible to unauthorized alteration or deletion by any person. On a daily basis, a member of the casino accounting department shall generate a report of the amounts withdrawn from patron accounts and attach a copy of such report to the Slot Win Report in accordance with (h) below.

(g) No slot machine may be connected to, or disconnected from, an electronic transfer credit system without the prior written approval of the Commission.

(h) Each casino licensee shall develop a report or reports which shall be used by a casino accounting department employee to audit the system on a daily basis. Once the audit has been completed, the casino accounting department employee shall sign the report(s) and record the appropriate figures from the report(s) on the Slot Win Report. The report(s) shall be attached to the Slot Win Report for that gaming day. The report(s) required by this subsection and all related audit procedures shall be approved by the Commission.

(i) On at least a monthly basis, each casino licensee using an electronic transfer credit system shall provide a statement to each patron who has participated in the system that month. The statement shall include, at a minimum, the patron's beginning monthly balance, credits earned pursuant to N.J.A.C. 19:45-1.9(f), credits transferred to a slot machine pursuant to this section and the patron's monthly ending balance. In addition, if requested by a patron, the casino licensee shall have the ability to provide a detail account of all electronic transfer credit transactions initiated by that patron.

(j) No adjustment to the amount of any electronic transfer credit shall be made by a casino licensee without the approval of the Commission.

New Rule, R.1996 d.486, effective October 21, 1996.

See: 27 N.J.R. 4992(a), 28 N.J.R. 4601(a).

Amended by R.1997 d.248, effective June 16, 1997.

See: 29 N.J.R. 541(a), 29 N.J.R. 2674(c).

In (a), amended N.J.A.C. reference; and added (b)13.

19:45-1.37B Slot machine tower light

(a) Each slot machine shall be connected to a slot machine tower light located on top of the slot machine cabinet. The slot machine tower light shall be used to identify the slot machine's denomination and the operational status of the slot machine and any device connected thereto that may affect the operation of the slot machine. The slot machine tower light shall be visible to the surveillance department closed circuit camera system from all sides of the slot machine cabinet, unless the slot machine cabinet is against a wall or is in another location approved by the Commission that results in the partial obstruction of the light.

(b) A slot machine tower light shall be approved by the Division and Commission pursuant to N.J.A.C. 19:46-1.20 and 1.28 and shall consist of two separate lights, one on top of the other, that function in accordance with the requirements of this section.

1. At any given point in time, each of the two lights may be in one of five states as follows:

- i. "Off" means the light is off;

1. The value of the coupon is 100.00 or less;
2. The coupon is redeemed by a general cashier, dealer at a gaming table, slot attendant, changeperson, chipperson or slot cashier;
3. The general cashier, dealer, slot attendant, changeperson, chipperson or slot cashier verifies the expiration date contained on the coupon and confirms the coupon has not expired;
4. The coupon is physically canceled in some manner and physically segregated and secured until verified and electronically canceled; and
5. The coupon is verified in the computer system, pursuant to (q)1 and 5 above, and electronically canceled in the system within eight hours of acceptance; provided, however, that a coupon accepted by a dealer at a gaming table and deposited into that table's drop box may be verified and canceled when the drop box is removed from the table and taken to the count room.

(t) A casino licensee may, through its MIS department or any other department as approved by the Commission, internally manufacture or print coupons that are governed by (a) above provided that internal controls governing the production and subsequent reconciliation of such coupons are submitted to and approved by the Commission.

Amended by R.1982 d.170, effective June 7, 1982 (operative July 15, 1982).

See: 14 N.J.R. 203(a), 14 N.J.R. 582(b).

Amended by R.1982 d.293, effective September 7, 1982.

See: 14 N.J.R. 559(a), 14 N.J.R. 983(b).

Added new (b).

Amended by R.1984 d.623, effective January 21, 1985.

See: 16 N.J.R. 2075(b), 17 N.J.R. 211(b).

(i) substantially amended.

Petition for Rulemaking: To provide limitations on the extent of complimentary reporting required for promotional prizes and awards.

See: 19 N.J.R. 1578(c).

Amended by R.1988 d.209, effective May 16, 1988.

See: 19 N.J.R. 1975(b), 20 N.J.R. 1102(a).

Substantially amended.

Petition for Rulemaking: To allow the use of coupon cashing machines for the redemption of complimentary cash or slot tokens.

See: 21 N.J.R. 1750(b).

Experimental 90-day implementation pursuant to N.J.S.A. 5:12-69(e), (P.L. 1987 c.354), 5:12-70(f) and 5:12-100(e), effective August 27, 1990 (expires November 25, 1990).

See: 22 N.J.R. 2542(a).

Temporary Amendment of accounting and internal controls pursuant to the automated coupon redemption machine experiment. Also affects New Rule N.J.A.C. 19:45-1.46A.

See: 22 N.J.R. 3638(c).

Amended by R.1991 d.152, effective March 18, 1991.

See: 22 N.J.R. 3708(b), 23 N.J.R. 885(a).

In (i), added automated coupon redemption machine provision.

Amended by R.1992 d.501, effective December 21, 1992.

See: 24 N.J.R. 3254(a), 24 N.J.R. 4575(a).

In (l)1: specified filing of a quarterly report.

In (l)2: specified preparation of a monthly report. Added text that report shall be available upon request by the Commission or Division.

In (n): deleted "monthly" describing report.

Amended by R.1993 d.37, effective January 19, 1993.

See: 24 N.J.R. 3695(a), 25 N.J.R. 348(b).

Simulcast provisions added.

Amended by R.1993 d.75, effective February 16, 1993.

See: 24 N.J.R. 2536(a), 24 N.J.R. 4243(a), 25 N.J.R. 717(a).

In (a), added gaming chips and other complimentary distribution programs. Added (i).

Recodified (i)-(n) as (j)-(o).

Amended by R.1993 d.144, effective April 5, 1993.

See 24 N.J.R. 2692(b), 25 N.J.R. 1520(a).

In (a) and (b): added text regarding complimentary distribution program.

In (n): revised N.J.A.C. citation.

Amended by R.1993 d.145, effective April 5, 1993.

See 24 N.J.R. 4505(a), 25 N.J.R. 1521(a).

In (l)2: increased dollar amount to \$500.00 from \$100.00.

Amended by R.1993 d.319, effective July 6, 1993.

See: 25 N.J.R. 1673(a), 25 N.J.R. 2911(a).

See: 28 N.J.R. 3900(a), 28 N.J.R. 5082(a).

Amended by R.1997 d.111, effective March 3, 1997.

See: 28 N.J.R. 5064(a), 29 N.J.R. 793(a).

Changed requirements for coupon serial numbers and procedures for redeeming coupons; and added (q) through (t).

Amended by R.1997 d.423, effective October 6, 1997.

See: 28 N.J.R. 4181(b), 29 N.J.R. 4304(b).

In (j)4, inserted reference to the roulette wagers.

Amended by R.1997 d.426, effective October 6, 1997.

See: 29 N.J.R. 3209(a), 29 N.J.R. 4307(a).

In (s)2 and 3, inserted "slot attendant, changeperson".

Amended by R.1997 d.448, effective October 20, 1997.

See: 29 N.J.R. 3202(a), 29 N.J.R. 4561(a).

In (m)2, in the first sentence, deleted "equal to or" preceding "greater than \$1,000".

Amended by R.1998 d.81, effective February 2, 1998.

See: 29 N.J.R. 5058(b), 30 N.J.R. 566(b).

In (s)1, substituted "100.00 or less" for "less than \$100.00"; in (s)2, added "dealer at a gaming table"; in (s)3, added "dealer"; and in (s)5, added language regarding time limit of verifying and canceling a coupon accepted by a dealer.

Amended by R.1998 d.525, effective November 2, 1998.

See: 30 N.J.R. 2613(a), 30 N.J.R. 3972(a).

In (s)5, substituted "eight hours" for "four hours" following "in the system within".

Amended by R.1999 d.379, effective November 1, 1999.

See: 30 N.J.R. 4147(b), 31 N.J.R. 3527(a).

In (j), rewrote 3; and in (s), inserted references to chippersons in 2 and 3.

Amended by R.2001 d.4, effective January 2, 2001.

See: 32 N.J.R. 3215(a), 33 N.J.R. 62(b).

Rewrote (j)1.

Administrative correction.

See: 34 N.J.R. 2802(a).

**19:45-1.46A Procedures and requirements for the use of
an automated coupon redemption machine**

(a) All coupons utilized with or accepted by an automated coupon redemption machine shall be accounted for and controlled pursuant to N.J.A.C. 19:45-1.46 unless otherwise authorized by the Commission.

(b) All coupons accepted by an automated coupon redemption machine shall have encoded thereon, in addition to the requirements of N.J.A.C. 19:45-1.46(d), a bar code which contains the dollar value of the coupon and a unique code or other security measure as approved by the Commission, that is readable only by the automated coupon redemption machine to ensure that the coupon is valid.

(c) Each automated coupon redemption machine shall have the capability of establishing the validity of the coupon by comparing the unique code programmed into the machine to the bar code on the coupon referenced in (b) above. Each automated coupon redemption machine shall also have the capability to read the dollar value of the bar coded coupon.

(d) The method or methods utilized to comply with the requirements referenced in (c) above shall be submitted to and approved by the Commission.

(e) Each automated coupon redemption machine shall, at a minimum, accumulate the following data on a meter or a computer generated tape:

1. The total amount of coin or slot tokens dispensed by the automated coupon redemption machine; and
2. The total dollar amount of coupons accepted by the automated coupon redemption machine.

(f) Automated coupon redemption machines may be located on or immediately adjacent to the casino floor, provided that closed circuit television coverage of all automated coupon redemption machines is provided, pursuant to N.J.A.C. 19:45-1.10 and 1.11. Each automated coupon redemption machine shall have imprinted, affixed or impressed on the outside of the machine a unique asset identification number. Each automated coupon redemption machine shall contain a lockable coupon storage box which retains the coupons accepted by the machine. Each coupon storage box located inside the machine shall also have imprinted, affixed or impressed thereon the asset identification number of the corresponding machine.

(g) Each automated coupon redemption machine shall have, at a minimum, the following:

1. One lock securing the compartment housing the coupon storage box and one lock securing the coupon storage box within the compartment, the keys to which shall be different from each other. Such keys shall be controlled by two separate departments;
2. Two separate locks securing the compartment housing the coin storage container, the keys to which shall be different from each other. Such keys shall be controlled by two separate departments; and
3. One lock securing the contents of the coupon storage box, the key to which shall be different from the keys referenced in (g)1 and 2 above. Such key shall be controlled by a department independent of the two departments controlling the keys referenced in (g)1 and 2 above.

(h) At the end of each gaming day, a slot cashier, accompanied by a security department representative, shall remove the coupons accepted by the automated coupon redemption machine. Any coin or slot tokens removed from the automated coupon redemption machine during the removal of coupons or during any other time shall be placed in a secured container, as approved by the Commission, with the automated coupon redemption machine asset identification number attached or recorded thereon. Upon removal of the coupons and/or coins or slot tokens from the automated coupon redemption machine, a serially prenumbered three-part form, at a minimum, shall be prepared by the slot

cashier. Each series of forms shall be used in sequential order, and the series numbers of all forms received by a casino shall be accounted for by employees with no incompatible functions. All original, duplicate and triplicate void forms shall be marked "VOID" and shall require the signature of the preparer. The following copies shall contain, at a minimum, the following information:

1. The original and the duplicate and triplicate copies of the form shall contain, at a minimum, the following information:

- i. The date and time of preparation;
- ii. The denomination of the automated coupon redemption machine;
- iii. The automated coupon redemption machine asset identification number;
- iv. The total number of coin or slot tokens appearing on the meter or computer generated tape as dispensed by the automated coupon redemption machine;
- v. The total dollar amount of coupons or the converted value of coupons appearing on the meter or computer generated tape as accepted by the automated coupon redemption machine;
- vi. The signature of the slot cashier who removed the coupons and/or coin or slot tokens from the automated coupon redemption machine; and
- vii. The signature of the security department representative who witnessed the removal of coupons and/or coin or slot tokens and who escorted the coupons and/or coin or slot tokens to the slot booth or master coin bank.

2. The original form shall contain the following information in addition to the information in (h)1 above:

- i. The total dollar amount of coupons received from the security representative referenced in (h)1vii above and counted by a master coin bank cashier or a slot cashier, other than the slot cashier who removed the coupons from the machine;
- ii. The total dollar amount of coin or slot tokens received from the security department representative referenced in (h)1vii above and counted by a master coin bank cashier or a slot cashier, other than the slot cashier who removed the coins from the machine;
- iii. Any additional information as may be required by the Commission to reconcile the coupons removed from the automated coupon redemption machine; and
- iv. The signature of the master coin bank cashier or slot cashier who received and counted the coupons and/or coin or slot tokens.

- (i) The slot cashier shall:

1. Prepare the form referenced in (h) above by recording the information in (h)1i through v above;
2. Sign the form;
3. Obtain the signature of the security department representative who witnessed the removal of coupons and/or coin or slot tokens;
4. Place the triplicate copy of the form in the automated coupon redemption machine for subsequent forwarding, at the end of the gaming day, to accounting;
5. Transport the coupons, coin or slot tokens removed from the automated coupon redemption machine, and the original and duplicate copy of the form referenced in (h) above, directly to a slot booth or master coin bank, in the presence of the security department representative; and
6. Present the duplicate copy of the form referenced in (h) above to the security department representative.

(j) The security department representative shall accompany the slot cashier to the slot booth or master coin bank, and shall immediately deposit the duplicate copy of the form into a locked accounting box maintained at the security podium.

(k) A master coin bank cashier or a slot cashier, other than the slot cashier who removed the coupons and any coin or slot tokens from the automated coupon redemption machine, shall:

1. Count the coupons and coin or slot tokens and record such amounts on the original copy of the form;
2. Reconcile the amount(s) counted to the amount(s) recorded in accordance with (h)1iv and v above;
3. Sign the original form attesting to the reconciliation; and
4. Retain the original copy of the form for subsequent forwarding to accounting at the end of the gaming day.

(l) Any coupon accepted by an automated coupon redemption machine shall be cancelled by the machine immediately upon exchange, in a manner approved by the Commission, so that the coupon is not redeemable in accordance with N.J.A.C. 19:45-1.34(a) or acceptable by another automated coupon redemption machine or a bill changer.

(m) Whenever coins or slot tokens are distributed to an automated coupon redemption machine, a serially prenumbered three-part form, at a minimum shall be prepared by a slot cashier. Each series of forms shall be used in sequential order, and the series numbers of all slips received by a casino shall be accounted for by employees with no incompatible functions. All original, and duplicate and triplicate copies of void forms shall be marked "VOID" and shall require the signature of the preparer. The slot cashier shall:

1. Record the following information on the original and all copies of the form:
 - i. The date and time of preparation;
 - ii. The automated coupon redemption machine asset identification number;
 - iii. The number of bags and the dollar amount of each bag to be distributed; and
 - iv. The total dollar amount of the fill.
2. Present the original and all copies of the form to the master coin bank cashier;
3. Obtain the signature of the master coin bank cashier who prepared the coins or slot tokens for distribution to the automated coupon redemption machine;
4. Present the original copy of the form to the master coin bank cashier;
5. Transport the duplicate and triplicate copies of the form, along with the funds, to the automated coupon redemption machine, in the presence of the security department representative;
6. Sign the duplicate and triplicate copies of the form and obtain the signature of the security department representative on such copies;

7. Present the duplicate copy of the form to the security department representative; and

8. Place the triplicate copy of the form in the automated coupon redemption machine until forwarded to accounting at the end of the gaming day.

(n) A security department representative shall:

1. Escort the slot cashier to the automated coupon redemption machine and observe the filling of the machine;

2. After meeting the signature requirements in (m)6 above, immediately place the duplicate copy of the form into a locked accounting box at the security podium.

(o) At the end of each gaming day, at a minimum, the original, duplicate and triplicate copies of the forms referenced in (h), (i), (j), (k), (m) and (n) above shall be forwarded to the accounting department for agreement and shall be used to reconcile each automated coupon redemption machine in a manner as approved by the Commission.

(p) Notwithstanding this section, in addition to accepting coupons, an automated coupon redemption machine may accept currency provided the procedures governing the control and reconciliation of coupons and currency removed from the machine are submitted to the Commission for approval.

(q) Prize tokens shall not be dispensed from automated coupon redemption machines.

New Rule, R.1991 d.152, effective March 18, 1991.

19:45-1.46B Procedures and requirements for a bill changer which can accept coupons

(a) Each bill changer which can accept coupons shall be able to establish the dollar value and validity of each coupon inserted therein by interpreting the coded information which must be contained on the coupon pursuant to (b) below.

(b) In addition to complying with the requirements of N.J.A.C. 19:45-1.46, each coupon which can be accepted by a bill changer shall contain encoded data that identifies the dollar value of the coupon and such other information as the Commission may require. Each coupon shall also contain a unique code or other security measure, which can be interpreted only by the bill changer, to ensure that the coupon is valid.

(c) The methods by which a bill changer and each coupon which can be accepted therein will comply with the requirements of (a) and (b) above shall be submitted to and approved by the Commission before any such bill changer or coupon may be used by a casino licensee.

(d) Unless the slot machine to which the bill changer is attached contains the coupon meters identified in N.J.A.C. 19:45-1.37(e)3 and 19:46-1.26(d), a bill changer which can accept coupons shall be equipped with mechanical, electrical or electronic devices as follows:

1. A "numerical coupon meter" that continuously, automatically and separately counts the total number of all coupons accepted by the bill changer; and
2. A "value coupon meter" that continuously, automatically and separately counts the total dollar value of all coupons accepted by the bill changer.

(e) Each coupon accepted by a bill changer shall be deposited and stored in the bill changer's slot cash storage box. Each such coupon shall be counted as part of the slot cash storage box drop in accordance with the count procedures in N.J.A.C. 19:45-1.33.

(f) Each coupon accepted by a bill changer shall be cancelled in a manner approved by the Commission which shall prevent the acceptance of the cancelled coupon by any bill changer, any automated coupon redemption machine or any other form of authorized redemption. The coupon shall be cancelled by the bill changer immediately upon accep-

tance or, pursuant to N.J.A.C. 19:45-1.33(h), in the count room prior to the conclusion of the count.

(g) Unless otherwise authorized by the Commission, any coupon which can be accepted by a bill changer shall be accounted for and controlled pursuant to N.J.A.C. 19:45-1.46.

New Rule, R.1994 d.69, effective February 7, 1994.

See: 34 N.J.R. 2012(a), 35 N.J.R. 259(a).

In (f), changed N.J.A.C. reference.

19:45-1.47 Keno booths; satellite keno booths; keno lockers; roving keno work stations

(a) Keno gaming operations shall only be conducted in a separate and distinct area approved by the Commission, although a casino licensee may conduct the same keno game or different keno games in separate approved areas. Any area designated for keno gaming activity shall be located:

1. On the casino floor;
2. In a casino simulcasting facility; or
3. In a public keno area in accordance with the provisions of N.J.A.C. 19:45-1.47B.

(b) Any area designated for keno may contain a physical structure known as a keno booth to house the keno writers and to serve as the central location for the following:

1. The custody of the keno booth inventory, including currency, coin, coupons, gaming chips, slot tokens, and forms and documents normally associated with the operation of a keno booth;
2. The exchange by patrons of coupons for currency, coin or keno tickets in conformity with N.J.A.C. 19:45-1.46(j);
3. The receipt of currency, coin, gaming chips, coupons and slot tokens for wagering at the game of keno;
4. The issuance of cash to patrons upon the presentation of a recognized credit or debit card in accordance with N.J.A.C. 19:45-1.25(i);
5. The payment of winning wagers at the game of keno; and
6. Such other functions normally associated with the operation of a keno booth.

(c) The keno booth shall be designed and constructed to provide maximum security for the materials housed therein and the activities performed therein, and shall include the following:

1. Separate work stations which shall include:

i. Manually triggered silent alarm systems connected directly to the monitoring rooms of the closed circuit television system, the security department office and the on-site office of the Division;

ii. A computer terminal which shall be used to issue keno tickets and calculate payouts for winning keno tickets; and

iii. An area for the storage of a keno drawer.

2. A segregated area for the storage of the keno computer equipment. The location and security of the keno computer equipment shall be approved by the Commission. Nothing herein shall preclude a casino licensee from storing its keno computer equipment in another segregated and secure area of the casino hotel facility, provided that the location of and the security measures for such area have been approved by the Commission.

(d) In addition to the requirements in (c) above, a keno booth may contain the following:

1. A segregated and secure area for the storage of locked keno drawers pursuant to N.J.A.C. 19:45-1.48; and

2. A segregated and secure area, maintained on an imprest basis by the keno supervisor, which may be used to establish opening keno inventories and complete keno fills and keno credits pursuant to the requirements of this chapter.

i. The casino licensee shall submit for review and approval procedures governing how this area will be maintained on an imprest basis. In addition, each keno supervisor shall prepare a count sheet to record the opening and closing balance for their shift which shall be signed by both the incoming and outgoing keno supervisor.

(e) If a keno booth is designed so as to be immediately adjacent to the cashiers' cage or a satellite cage and access to the keno booth is through the cashiers' cage or satellite cage, the casino security department escort otherwise required by N.J.A.C. 19:45-1.48, 1.49 and 1.50 for the transportation of keno drawers and keno fills and credits shall not be required.

(f) A casino licensee may, in its discretion, operate one or more satellite keno booths. All the provisions of this subchapter governing the operation of a keno booth shall apply to a satellite keno booth with the exception of the following:

1. The keno games for which wagers are accepted at a satellite keno booth must be the same keno games for which wagers are accepted at the keno booth;

2. The only keno computer equipment which may be located at a satellite keno booth shall be the computer terminals used by the keno writers to issue keno tickets and calculate payouts of winning keno tickets;

3. A satellite keno booth may not contain a separate area for the storage of currency and coin pursuant to (d) above; and

4. A satellite keno booth may operate without the presence of a keno supervisor; however, a keno writer at a satellite keno booth may not redeem a winning keno ticket for \$1,500 or more unless the payment is authorized by obtaining the signature of a keno supervisor or a supervisor thereof in accordance with N.J.A.C. 19:47-15.6(b).

(g) A casino licensee may, in its discretion, permit a keno runner to generate and redeem keno tickets from a keno locker located on the casino floor or in the casino simulcasting facility. Each keno locker shall be a fully enclosed structure and shall contain one keno work station. A keno locker shall be closed and locked whenever it is unattended by a keno runner. A keno work station in a keno locker shall include:

1. A manually triggered silent alarm system connected directly to the monitoring rooms of the closed circuit television system, the casino security department office and the on-site office of the Division;

2. A computer terminal which shall be used to issue keno tickets and calculate payouts for winning keno tickets;

3. An area for the storage of one or more keno drawers, which area shall only be used by a keno runner selling or redeeming keno tickets from that keno locker; and

4. A light that is located above the work station and is visible from outside the keno locker, which light shall automatically illuminate whenever the door to the keno locker is open.

(h) A casino licensee may, in its discretion, operate roving keno work stations which contain a keno terminal and a keno drawer. The roving keno work station shall be:

1. Operated by a keno writer in accordance with the rules of this Chapter and N.J.A.C. 19:47; and

2. Operated on the casino floor, in the casino simulcasting facility or in a public keno area in accordance with the provisions of N.J.A.C. 19:45-1.47B; provided, however, if a roving keno work station shall be operated in a public keno area, the keno writer shall receive and return his or her imprest funds and perform all fills and credits in a restricted casino area approved by the Commission for such activity.

New Rule, R.1995 d.285, effective June 5, 1995.
