

HIGH-SPEED INTERNET FOR ALL

We're bringing high-speed internet to everyone in America. Because everyone needs a connection to stay connected.

A Whole-Of-Nation Approach to High-Speed Internet

States and territories across the nation have Signed On to the Internet For All Initiative and committed to connecting their communities to reliable high-speed Internet for less through the Broadband Equity Access and Deployment and State Digital Equity Planning Grant Programs. These programs will provide more than \$48 billion for infrastructure deployment, skills training and access to technologies essential for Americans to connect with their communities, their democracy, and one another.

IMPROVING EDUCATION

A world's worth of information rests at our fingertips. With high-speed Internet, everyone can get access to the education and training that they deserve.

POWERING THE ECONOMY

High-speed Internet lets us buy and sell goods globally, work from anywhere, and compete everywhere.

STRENGTHENING HEALTH

With a strong Internet connection, patients can get the health care they need, from anywhere and at any time.

GRANT PROGRAMS

President Biden's Bipartisan Infrastructure Law provides \$65 billion in funding to expand high-speed Internet access. These grant programs aim to make high-speed Internet affordable for all. They fund planning, infrastructure, and adoption efforts that promote digital equity and inclusion. Our goal is for everyone to have the access and skills they need to get connected.

BROADBAND EQUITY, ACCESS, AND DEPLOYMENT (BEAD) PROGRAM

Builds high-speed Internet infrastructure where needed, supports job training, provides the equipment needed, and drives partnerships to get everyone online.

DIGITAL EQUITY ACT PROGRAMS

The Digital Equity Act provides \$2.75 billion to establish **three grant programs** that promote digital equity and inclusion. They aim to ensure that all people and communities have the skills, technology, and capacity needed to reap the full benefits of our digital economy.
