Coronavirus Updates

New Jersey's Covid-19 Public Health Recommendations for K-12 Schools, Childcare and Youth Camps was updated on July 6, 2022 and available here for download!

The Centers for Disease Control (CDC) released updated guidance for child care settings and an FAQ for overnight summer camps. The information can be found by accessing the following links:

- **Frequently Asked Questions for Directors of Overnight Camps | CDC**
- **Operational Guidance for K-12 Schools and Early Care and Education Programs to Support Safe In-Person Learning | CDC**

The Youth Camp Safety Project is the principal authority on matters relating to health and safety conditions at youth camps within the state. All youth camps must obtain a license issued by the Department prior to operating. Licensed youth camps are subject to pre-operational inspections (conducted by the local health authority) as well as operational inspections (conducted by the Public Health and Food Protection Program) to determine compliance with the Youth Camp Safety Standards rules.

C. Danielle Clemons

Youth Camp Safety Project Coordinator
