The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

This table shows information about experience for teachers assigned to this school and across the state.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	72.8	17.5%
Mathematics Proficiency	60.8	17.5%
English Language Arts Growth	81.0	25.0%
Mathematics Growth	93.3	25.0%
Chronic Absenteeism	45.2	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		73.7
Summative Rating: Percentile rank of Summative Score		84.1
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

** Indicator scores are only calculated for inclusion in ESSA accountability if data is available for at least 20 students.

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

 Highlights:	<ul style="list-style-type: none"> • Exemplary, differentiated instruction, through Readers, Writers, & Mathematics Workshop models. • A robust educational technology experience with 1:1 Chromebooks in grades 3-6& iPads at the K-2 level. • A fabulous, hands-on discovery based NJSLS aligned Science program.
 Mission, Vision, Theme:	<p>The Springfield Township School District is committed to collaborating with the local, county and state Board of Education, staff, students, parents, and community in the goal of creating a caring and positive environment that encourages each student to develop his or her potential in academic, physical, social, emotional, cultural, and moral aspects.</p>
 Awards, Recognition, Accomplishments:	<p>Springfield Elementary received a grant from the NJ Agricultural Society to implement a school garden program. The program has provided many cross-curricular opportunities for our students. Our school provides student recognition for academic excellence, including trimester-based awards aligned with grade-level standards and annual awards given by the Board of Education for students achieving high levels of success on the PARCC assessment.</p>

 <p>Courses, Curriculum, Instruction:</p>	<p>Curriculum development and staff development are vitally important to the district. The Board of Education and administration feel that a strong curriculum and ongoing professional development for teachers has a significant impact on enhancing classroom instruction and academic performance of our students. With this in mind, the school district provides an extensive variety of professional development opportunities for the teachers and support staff.</p>
 <p>Clubs and Activities:</p>	<p>Our Home & School Association provides after-school activities that offer opportunities such as athletic-based games, crafts, and visual & performing arts. Students have an opportunity to be elected to our school's Student Council, where they engage in school and community service activities. There is a chorus and band, with recital and concert opportunities as well as a talent show where all K-6 students may audition and perform for their peers and the community.</p>

 Staff and Professional Learning:	<p>Ongoing professional development has a significant impact on enhancing classroom instruction and academic performance of students. The district utilizes instructional coaches to support curricular initiatives, Professional Learning Communities to promote collegiality and self-directed learning, and opportunities for out-of-district workshops so faculty can continue to stay abreast of the most prominent techniques and strategies to support student learning.</p>
 Student Supports and Services:	<p>Our school provides a comprehensive Basic Skills Improvement Program, an after-school Homework Club, a Reading Recovery Program, multiple levels of special education support, an Intervention & Referral Services team, and a behavioral consultant.</p>
 Student Health and Wellness:	<p>Students participate in physical education classes two times per week (each session being a full 45-minute period). Additionally, a 20-minute recess is offered each day following the students' lunch periods. Breakfast and lunch programs are offered, and the district's nutrition policy strongly encourages the offering of healthy snacks for classroom celebrations.</p>
 Parent and Community Involvement:	<p>Our Home & School Association provides financial support, using funds generated through membership dues and fundraising programs, to support activities such as field trips, assemblies, and community outreach (food baskets, toy drives, etc.). A parent portal is utilized and provides access to student academic data, attendance information, and the scheduling of parent-teacher conferences.</p>

<div>A blue icon of a school building with a flag on top.</div> <div>Facilities:</div>	<p>Springfield Elementary School consists of the original building constructed in 1939 with additions built in 1957, 1964, and 1993. A gymnasium, constructed entirely through community fundraising, was added in 1973. Most recently, a construction referendum allowed for upgrades including HVAC, a replacement of the original slate roof on the 1939 portion of the building, security upgrades, and select window replacement.</p>
