## Permit Descriptions

---

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Coastal Permit: A permit or an authorization issued under this chapter pursuant to CAFRA, the Wetlands Act of 1970, N.J.S.A. 13:9A-1 et seq., or the Waterfront Development Law, N.J.S.A. 12:5-3.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway, floodplain or riparian zone in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules. Highlands Applicability Determinations verifies certain exemptions allowed by the regulations.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF SETTLEMENT**

**CAFRA INDIVIDUAL PERMIT**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has issued a Coastal Area Facility Review Act (CAFRA) Individual Permit (Authorization) that resolves the appeal of CAFRA Individual permit #1325-16-0007.1, LUP210001. Said Authorization permits the construction of a high-rise building consisting of 8 residential floors and 109 residential units and 234 garage parking spaces. The Authorization was issued pursuant to the Coastal Zone Management Rules (N.J.A.C. 7:7-1.1 et seq.). The Project is as shown on plans in eighteen (18) sheets collectively entitled “Preliminary & Final Major Site Plan For 290 Ocean Avenue Block 216, Lots 11, 12 & 24 Tax Map Sheet #24 290 Ocean Avenue, City of Long Branch, Monmouth County, NJ” dated December 11, 2020, last revised November 11, 2022, and prepared by InSite Engineering, LLC.

IN THE MATTER OF:        290 Ocean, LLC  
                                      File No. 1325-16-0007.1 APL210001  
                                      Block: 216 Lot: 11, 12 & 24  
                                      City of Long Branch, Monmouth County

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO AUTHORIZE**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has reconsidered an application of the substantive standards pursuant to N.J.A.C. 7:7-19.2 of the Coastal Zone Management Rules and provides a 30-day comment period as required per N.J.A.C. 7:7-19.2(j). Reconsideration of the application of substantive standards was initiated for:

John Herlihy  
NJDEP FILE #1510-02-0002.2 APL080001  
(formerly Lot 2.07 & a portion of Lot 2.08)  
Borough of Island Heights, Ocean County

Block 37, Lot 2.13

On November 5, 2008, the Division denied a CAFRA Individual Permit for the proposed construction of a new single-family dwelling and associated amenities. The Department has reassessed the strict application of the Coastal Zone Management Rules at N.J.A.C. 7:7-1.1 et seq. and has determined that the construction of the dwelling may occur in accordance with the amelioration rules at N.J.A.C. 7:7-19.2.

A 30-day public comment period shall commence upon the publication of this notice in the September 20, 2023 DEP Bulletin. Comments may be sent to:

Janet Stewart, Bureau Chief  
Division of Land Resource Protection  
Bureau of Coastal Permitting  
NJDEP, Mail Code 501-02A, PO Box 420  
Trenton, NJ 08625-0420  
By email care of [janet.stewart@dep.nj.gov](mailto:janet.stewart@dep.nj.gov)  
The office may be reached by telephone: (609) 633-2289

A final analysis of the reconsideration of application of substantive standards may be obtained by contacting the above.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF RECEIPT OF AN APPLICATION FOR A  
COASTAL ZONE MANAGEMENT GENERAL PERMIT NO. 23**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has received an application (DLRP File No. 1344-03-0001.3 LUP230001) for the above referenced permit from Attentive Energy, LLC to conduct geotechnical investigations in the Atlantic Ocean, approximately 0.22 nautical miles off the coast of Sea Girt, to evaluate the suitability of the substrate for an electric export cable. The geotechnical investigations will consist of up to ten (10) sediment samples advanced via vibracoring methods to a depth of 6 meters, and ten (10) cone penetration tests to a depth of 6 meters.

The application can be reviewed by appointment at the Department's Trenton Office or by requesting an electronic copy of the application by contacting <https://www.nj.gov/dep/opra/opraform.html> as part of an OPRA request submitted to the Department's Trenton Office.

Project information is available to review at: [www.nj.gov/dep/offshorewind/outreach.html#comment](http://www.nj.gov/dep/offshorewind/outreach.html#comment)

The Department of Environmental Protection welcomes comments and any information that you may provide concerning the proposed project. The Department encourages the submission of written comments electronically at [www.nj.gov/dep/offshorewind/comments.html](http://www.nj.gov/dep/offshorewind/comments.html)

However, comments may also be submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection, P.O. Box 420, Code 501-02A, Trenton, New Jersey 08625, attn: Janet Stewart, Bureau Chief.

There is no need for duplicate electronic and hard copy submissions. All comments submitted will be maintained by the Department.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF PUBLIC COMMENT PERIOD  
FEDERAL CONSISTENCY CERTIFICATION**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** is reviewing a request for a Federal Consistency Certification from Atlantic Shores Offshore Wind, LLC to develop a commercial-scale, offshore wind energy facility within Lease Area OCS-A 0499 off the coast of New Jersey.

The project consists of the development of two offshore wind energy generation projects (Projects 1 and 2), including up to 200 wind turbine generators that will be located in federal offshore waters approximately 8.7 miles from the New Jersey shoreline within Bureau of Ocean Energy Management (“BOEM”) Lease Area OCS-A 0499 (“Lease Area”) as well as accompanying electric transmission cables from the Lease Area to two landfall points in Atlantic and Monmouth counties, respectively.

The project would contribute to New Jersey’s goal of 11 gigawatts (GW) of offshore wind energy generation by 2040 as outlined in New Jersey Governor’s EO No. 307, issued on September 22, 2022. Further, Project 1 would fulfill the New Jersey Board of Public Utilities (BPU) September 10, 2020 solicitation, and subsequent June 30, 2021 award to Atlantic Shores for 1,510 MW of offshore wind capacity (BPU Docket No. QO21050824).

The Federal Consistency Certification documents can be reviewed by appointment at the Department’s Trenton Office or by requesting an electronic copy of the application by contacting <https://www.nj.gov/dep/opra/opraform.html> or (609) 341-3121 as part of an OPRA request submitted to the Department’s Trenton Office.

Project information is available to review at: [www.nj.gov/dep/offshorewind/outreach.html#comment](http://www.nj.gov/dep/offshorewind/outreach.html#comment)

The DEP held an initial public comment period upon submission of the Federal Consistency Certification request, from October 20, 2021 to December 18, 2021. Upon publication of the Draft Environmental Impact Statement (“DEIS”) by BOEM, DEP held a second public comment period from June 1, 2023 through June 30, 2023. Because DEP inadvertently omitted notice of the comment periods from the GovDelivery service, an additional opportunity to comment is being provided from September 20 through October 19, 2023. Comments may be submitted on the DEP’s offshore wind website: <https://dep.nj.gov/offshorewind/comments/>. Under the “Choose Application” drop down, please select “Atlantic Shores Offshore Wind Federal Consistency Certification.”

Comments may also be submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection, P.O. Box 420, Code 501-02A, Trenton, New Jersey 08625, attn: Janet Stewart, Manager, Bureau of Coastal Permitting.

There is no need for duplicate electronic and hard copy submissions. All comments submitted will be maintained by the Department.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF RECEIPT  
PERMIT APPLICATION**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** has received a permit application from Ocean Wind LLC for a major technical modification of the CAFRA Individual Permit issued under file number 0000-21-0008.2 LUP220001 for components of the Ocean Wind 1 offshore wind project. The CAFRA modification application proposes modifications to the onshore export cable installation method from traditional open cut and cover installation to jack and bore construction under the rail lines on the approach to the B.L. England substation at two locations. Additionally, along the Oyster Creek cable route, the modification application proposes the addition of a temporary laydown area east of Route 9, the addition of two (2) temporary laydown areas adjacent to the interconnection cable from the Oyster Creek substation to the point of interconnection with the existing grid, and a minor shift in the cable alignment. The application is administratively complete as of August 3, 2023. The Department's file number for the application is 0000-21-0008.2 CAF230001.

The application can be reviewed by prior scheduled appointment at the Department's Trenton Office or by requesting an electronic copy of the application by contacting <https://www.nj.gov/dep/opra/opraform.html> as part of an OPRA request submitted to the Department's Trenton Office.

Project information is available to review at: [www.nj.gov/dep/offshorewind/outreach.html#comment](http://www.nj.gov/dep/offshorewind/outreach.html#comment)

The Department of Environmental Protection welcomes comments and any information that you may provide. The Department encourages the submission of written comments electronically at [www.nj.gov/dep/offshorewind/comments.html](http://www.nj.gov/dep/offshorewind/comments.html)

However, comments may also be submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection, P.O. Box 420, Code 501-02A, Trenton, New Jersey 08625, attn: Janet Stewart, Manager.

There is no need for duplicate electronic and hard copy submissions. All comments submitted will be maintained by the Department.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF PUBLIC COMMENT  
HIGHLANDS APPLICABILITY DETERMINATION APPLICATION**

**TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION** is soliciting public comment on a Highlands Applicability Determination Application on Block 4601, Lot 17 in West Milford Township, Passaic County, New Jersey, #1615-17-0004.2 (APD200001). The Division of Land Resource Protection issued a Highlands Applicability Determination for the property on June 23, 2021 that determined that the construction of a natural gas compressor station was consistent with Highlands Act Exemption #11. In an August 31, 2023 Opinion Docket No. A-3616-20, the New Jersey Appellate Division of Superior Court remanded the matter to the Department for further proceedings not inconsistent with the Court's Opinion.

Notice of the final decision will appear in the DEP Bulletin under the section entitled "Division of Land Resource Protection."

IN THE MATTER OF: Tennessee Gas Pipeline, LLC  
File No.: 1615-17-0004.2 (APD200001)  
Block: 4601 Lot: 17  
960 Burnt Meadow Road  
West Milford Township, Passaic County

Comments regarding this application or requests for information regarding this action should be sent by email to [TGP327compressorcomments@dep.nj.gov](mailto:TGP327compressorcomments@dep.nj.gov). Comments must be received within 30 days of this publication, or by October 20, 2023.

0505-09-0025.2 - LUP - 230001	692 SUNSET BOULEVARD	The project proposes to install an elevated, ADA-compliant boardwalk with 4 overlooks and 1 bird blind that will cross through freshwater wetlands, a channel, and transition areas. Also, within transition areas, the existing gravel parking lot would be improved by creating paved parking spaces that meet ADA-standards. Normal property maintenance within transition areas would be conducted by resurfacing portions of existing trails to meet ADA standards. The site is located within the CAFRA area.
