That in the Opinion of your Committee the Provisions contained in the above mentioned Act are sufficiently competent, to answer the Purposes set forth, in the Prayer of the said Petition, and that it would be highly improper for the Legislature to interfere further with the Rights of Orphan Children, or to pass a Law to dispose of the Property of the Children under Age in the present Case.

That your Committee, in contemplating the Propriety of the Claims of the said Petitioners, have thought it necessary, to examine the several Ordinances, Resolutions, and Acts of the late, as well as the present Congress of the United States, in Order to ascertain how far this State can have Credit for the same in their Settlement with the United States, which they beg Leave to state to the House, and are as follows:

1. An Ordinance of the late Congress, of the 7th May, 1787, for the settling the Accounts between the United States and individual States, by which Commissioners were appointed to receive of the States all their Accounts and Vouchers, for Payments made, on Account of Bounties, Pay, and Depreciation of Pay, to the late Army of the United States; and for Advances to the Militia, called out under the Authority of the United States, and actually in their Service, and to give descriptive Acknowledgments thereof, which Accounts and Vouchers were ordered to be forwarded to the Commissioner of Army Accounts, whose Duty it was to examine and pass such, as are authorized by the Resolves of Congress, and supported by proper Vouchers, and state such as may not fall under the above Description, together with such Remarks, as may tend to elucidate the Nature of those Claims; that the said Commissioners were also to receive in like Manner the Accounts and Vouchers, for Monies paid, and Supplies furnished, on the Requisitions of Congress, made previously to October, 1781, and to forward the same to the Office of the Comptroller of the Treasury; that the said Commissioners were also to receive and examine all the Claims of the States, to which they are appointed, against the United States, for Advances, or Disbursements by them made, for the Use of the late Commissary, Quarter-Master, Cloathing, Marine, and Hospital Departments, or under any other Description whatsoever, to pass upon all such as are authorized by the Resolves of Congress, and supported by proper Vouchers, so far as it respects the Evidence offered in Support of the said Claims, and to state such as are not thus warranted, or supported, together with such Remarks, as may explain the Nature of those Accounts, and the Reasons offered for the Deficiency of Vouchers.

It is further ordained, that the several States be limited to the Space of Six Months, for exhibiting to the proper Commissioner their Claims against the United States, of what Nature the same may be; and that such States as may neglect to exhibit the same within that Period of Time, after the Commissioner notified the Supreme Executive, that he was ready to proceed on the Business of his Commission, should be precluded from any future Allowance, but should nevertheless stand chargeable with all Advances of Money in other Articles, which may have been made to them respectively by the United States, and with whatever Balances may be yet due on their several Quotas of the general Requisitions.

2. That on the 24th *June*, 1788, a Resolution of Congress was passed, allowing to the State Three Months, in Addition to the Time limited, by the afore-going Ordinance, for exhibiting to the District Commissioners their respective Accounts against the United States, and also Leave to transmit further additional Vouchers, or other Testimony, in Support of Claims which had been exhibited.

3. That an Act was passed by the present Congress, on the 5th *August*, 1790, appointing Commissioners to receive and examine all Claims, which shall be exhibited to them before the 1st *July*, 1791, and determine on such as shall have accrued for the general or particular Defence, during the war, and on the Evidence thereof, according to the Principles of general Equity, (although such Claims may not be sanctioned by the Resolves of Congress, or supported by regular Vouchers) so as to provide for the final Settlement of all Accounts between the United States and the States individually, but no Evidence of a Claim heretofore admitted by a Commissioner of the United States, for any State or District, shall be subject to such Examination; nor shall any Claim of any Citizen be admitted as a Charge against the United States, in the Account of any State, unless the same was allowed by such State, before the 24th Day of *September*, 1788.

Your Committee beg Leave to observe, that the Congress of the United States appear to have been disposed to receive every just and reasonable Claim against them, as charged by the individual States, and that the Claims above referred to your Committee, would have with Propriety been chargeable against the United States, had they been allowed by this State, before the 24th *September*, 1788, but that at this Time they would submit to the Consideration of the House the following Resolution, *to wit*:
