Public/Board Comments:

David Wildstein notified the Board Secretary that he wanted to provide testimony in response to the Chair's Report. He spoke regarding what he called "clear errors on MVC's part" that has led to the disenfranchisement of many voters. He indicated that he has reached out to the MVC Chief Administrator on 63 occasions to address this issue, but has not heard back from her. He indicated that his only avenue left was to come before the MVC Board. He requested that the MVC Board look into this issue and address how it plans to address it.
