(h) The Authority may, from time to time and for such period as it deems appropriate, modify or suspend the operation and/or enforcement of any or all of these regulations, in whole or in part. Such modification or suspension may be immediately effective without prior notice. Any modification or suspension order issued by the Authority may be for a definite or indefinite duration, and, notwithstanding the fact that any such order hereinafter issued is specified to be for a definite duration, the Authority may rescind any such order and reinstate any such modified or suspended regulations.

(a) Any material being carried by a vehicle shall be firmly secured and vehicles carrying loose material likely to be discharged that is not otherwise boxed, crated, bagged or packaged, shall be firmly secured on all sides with a tarpaulin completely covering the material, and capable of preventing the escape of said material.

(b) No material shall be discharged on the Parkway or on the property adjacent to the Parkway which may cause an impact on the operations of the Parkway. This prohibition shall apply to any material being carried as cargo in or on a vehicle, by any person or by any contractor or vendor of the Authority, and to any material that is a part of the vehicle or necessary for the operation of the vehicle or any apparatus affixed thereon, but shall not apply to ordinary vehicular emissions anticipated by the original design of the vehicle.

New Rule, R.1994 d.519, effective October 17, 1994.

See: 26 N.J.R. 3249(a), 26 N.J.R. 4211(a).

19:8-2.14 Damage to the Parkway due to discharges

(a) No material shall be discharged on the Parkway or on the property adjacent to the Parkway, that may cause damage to the Parkway, the general public, the environment, the Authority, its agents and employees. For purposes of this section only, "damage" includes any effect which may be injurious to health, safety or welfare, cause the contamination of the environment including soils and ground water, or which may cause financial loss or delay the movement of traffic.

(b) The operator, owner or lessee of any vehicle, lessee of Authority property, or owner or lessee of adjacent property from which a discharge in violation of any provision of this section or N.J.A.C. 19:8-1.12, or 2.13 occurs, regardless of the cause of the discharge, shall cooperate fully with the Authority, its employees, agents, and third parties (authorized to respond to an emergency, discharge or blockage of traffic by the Authority), the State Police and the New Jersey Department of Environmental Protection (NJDEP) and shall take any action deemed necessary by them to restore normal traffic conditions and to remove spilled or otherwise discharged material from the Parkway immediately. The vehicle operated, owned or leased by any person, lessee of Authority property, or the owner or lessee of the adjacent property failing to cooperate or take such action as

deemed necessary by the official in charge of the scene where the discharge occurred is subject to impoundment by the Authority, or its agents and their employees until such time as all penalties, towing and storage fees and costs have been satisfied.

(c) In addition to any penalties prescribed by this chapter or by the laws and regulations of other government entities including, but not limited to, Titles 2C, 13, 27, 39 and 58 of the New Jersey Statutes and Federal law or regulation, any person violating any provision of this section or N.J.A.C. 19:8-1.12, 2.13 or 2.15, shall be liable to the Authority for treble the amount of damages for any and all costs arising out of said violation, including, but not limited to, the costs of:

1. Collecting, testing and properly disposing of the material and any noted contaminated soils or ground water and providing the Authority with all copies of results and documentation of same;
2. Replacing or repairing, in the Authority's sole discretion, any property damaged by reason of said violation.
3. Toll and other revenues lost because of closing of the Parkway, any part thereof, by reason of said violation;
4. Medical care, supervision or other costs relating to personal injury suffered by the general public, the Authority, its agents or employees; and
5. Any other costs arising out of said violation and incurred by the Authority, its Consultants or third parties.

(d) The Authority may recover the costs under (c) above by way of complaint filed in a court of appropriate jurisdiction, by an administrative consent order executed by an authorized representative of the Department of Environmental Protection or by any other lawful means.

New Rule, R.1994 d.519, effective October 17, 1994.

See: 26 N.J.R. 3249(a), 26 N.J.R. 4211(a).

19:8-2.15 Response to a discharge

(a) Any operator, owner or lessee of a vehicle on the Parkway which contains any hazardous or non-hazardous material shall be subject to all provisions and penalties hereunder, in addition to any provisions of the United States Code, the New Jersey Statutes and the New Jersey Administrative Code.

(b) In the event of a discharge of hazardous or non-hazardous material on the Parkway or on adjacent property impacting the Parkway, all remedial efforts shall be conducted in compliance with these rules and under the supervision of the Authority, the State Police, and/or the Department of Environmental Protection.

1. Where practicable, but not contrary to the rules of the NJDEP, and not contrary to the safety of the operator, the general public or the Authority, the operator, owner or lessee of the vehicle, lessee of Authority property or owner or lessee of adjacent property may be afforded the opportunity to contain and remove discharged material using personnel, materials and equipment:

i. Aboard the vehicle or on the property from which the discharge occurred;

ii. Aboard another vehicle owned or leased by the operator, owner or lessee of the vehicle or of the property from which the discharge occurred;

iii. By a specialized response team operated by the manufacturer or distributor of the hazardous or non-hazardous material that has been discharged; or

iv. By third parties contracted to contain, clean up, and/or dispose of the discharge (hereafter "emergency response contractors") by the operator, owner or lessee of the vehicle or of the property specifically for the purpose of remediating hazardous or non-hazardous materials discharged from the operator's, owner's, or lessee's vehicle or property.

2. No emergency response services may be provided pursuant to (b)1i through iv above unless all the entities undertaking such services have provided to the Authority proof of adequate insurance, registration with the NJDEP (as per N.J.A.C. 7:E1-4.2) and other such information as may be required by the Department of Operations.

3. The Authority shall make available to any operator, owner or lessee of a vehicle or property so requesting a list of emergency response contractors as compiled by the NJDEP. The operator, owner or lessee of a vehicle or property shall arrange and pay for emergency response services to be performed by such contractors. Approval of such contractors pursuant to (b)2 above is not to be considered a warranty or assurance by the Authority of such contractors' ability to perform emergency response services.

4. Whenever the operator, owner or lessee of a vehicle or property from which a discharge occurred refuses to arrange for an emergency response contractor, or whenever dangerous circumstances or the risk posed by the discharge to the general public, the environment or the Authority's agents or employees is too great to await the arrival of the emergency response contractor(s) arranged by the operator, owner or lessee in the opinion of the Department of Operations or its designee, the Department or its designee may arrange for emergency response services and long-term remedial efforts to be provided by a third party of the Authority's choice. Emergency response and long term remedial services may be performed by or through the NJDEP or its agents, including any county environmental health department, or by private organizations engaged by the Authority. The cost of services pursuant to this paragraph shall be based on the schedule of rates normally charged for emergency response or long-term remedial services, and shall be borne by the operator, owner or lessee of the vehicle or property from which a discharge occurred.

i. If, at the time the emergency response contractor arrives at the scene of the discharge, the operator, owner or lessee of the vehicle or property from which a discharge occurred refuses to agree to pay or complete any documents necessary to engage the contractor for such services, the Authority may impound the vehicle and any cargo or contents thereof until such time as the costs of remedial services are satisfied. If such costs are not satisfied within 14 days, the Authority shall have the right to sell the vehicle, its cargo and contents at public auction and/or to recover treble the amount of damages for any unsatisfied costs by filing a civil action in a court of appropriate jurisdiction over such action.

ii. If the emergency response contractor refuses to contract with the operator, owner or lessee of the vehicle or property from which a discharge occurred because of a bona fide concern about the operator's, owner's or lessee's ability or willingness to pay for such services, the Department or the Department's designee may authorize such services to be performed at the Authority's expense, and the Authority may thereafter recover treble the costs thereof from the operator, owner or lessee from which a discharge occurred by filing a civil action in a court of appropriate jurisdiction over such action. The emergency response contractor's concern shall be deemed bona fide if the operator's, owner's or lessee's credit record indicates a history of refusal or failure to pay commercial debts.

5. Access to Authority property for the purposes of investigating or remediating contamination caused by the discharge or release of any material will be granted only after compliance with (b)2 above and only after notification to the Chief Engineer of the Authority. Such access will not be unreasonably withheld. All investigatory data, including but not limited to, soil investigations, soil boring logs, ground water monitoring well logs, laboratory analytical data, correspondence with regulatory agencies, and all reports and submissions generated as a result of work on Authority property shall be made available for inspection by the Authority or its agents, and copies of all such information and data shall be produced for the Authority or its agents upon request.

New Rule, R.1994 d.519, effective October 17, 1994.
See: 26 N.J.R. 3249(a), 26 N.J.R. 4211(a).

SUBCHAPTER 5. CENTRAL PURCHASING

19:8-5.1 Purpose and objective

(a) The purpose of these regulations is to establish and prescribe uniform general rules and procedures which are the minimum standards to be observed by, and binding upon all departments and divisions of the New Jersey Highway Authority in purchasing or hiring equipment, goods, materials, supplies or services. No purchase shall be made unless accomplished in accordance with the regulations contained herein.

(b) The objective of these regulations is to enable the authority to accomplish its procurements equitably and expeditiously at the least possible cost.

19:8-5.2 Departmental responsibility

(a) The Division of Central Purchasing shall have jurisdiction over all acquisitions, with the exception of the following:

1. The Engineering Department, which shall have jurisdiction over acquisitions involving construction, reconstruction, repair and installation work performed by contractors in situations where the department, or any engineer(s) or engineering firm retained under its supervision, provides the specifications and drafts the applicable contract.

2. Acquisitions by emergency purchase orders shall be the responsibility of the acquiring units in accordance with section 6 of this subchapter, however, the Division of Central Purchasing will process emergency purchase orders, and will have the responsibility of determining the propriety of such procurements under these regulations.

3. Acquisitions by limited purchase orders shall be the responsibility of the acquiring units. Such procurements shall be processed by the Finance Department under procedures promulgated by the comptroller.

(b) Forms and procedures supplementing and consistent with these regulations may be issued by the Division of Central Purchasing, Engineering Department and Finance Department relative to their particular procurement activities.

19:8-5.3 Purchases involving \$7,500 and over (excluding professional services)

(a) All purchases of personal property or services, where the aggregate cost, contract price or amount involved is \$7,500 or over, as anticipated by the Director of Central Purchasing, shall be made only after public advertisement for competitive bids, unless the Authority specifically waives the requirement of public advertising as to a particular transaction.

(b) Advertisements for competitive bids shall be placed in appropriate newspaper(s) or journal(s) having a large circulation in the State. Such advertisements shall be published not less than seven calendar days preceding the date upon which the proposals are to be received and opened. All advertisements must contain:

1. A brief description of the supplies, materials, equipment or services to be furnished or performed;
2. Notice of the place where quotation forms, specifications, terms and conditions may be obtained;
3. The place, date and time when the sealed bids shall be publicly opened.

(c) All advertisements shall be approved by the chairman, or his designee, and the general attorney.

(d) In addition to advertising, bids shall be solicited from all known interested parties by mail. Such solicitations shall provide prospective bidders with at least the same information contained in the public advertisement.

(e) In the event that amendment of any pertinent information supplied prospective bidders becomes necessary, no-

tice of the change(s) shall be given to all prospective bidders at least three days prior to the opening of the bids. If such notice is given orally, it shall be timely confirmed in writing by the Director of Central Purchasing.

(f) Where the authority has waived advertisement, the purchase shall be made in the manner directed by the authority.

(g) When the requisitioning unit specifies either the source or the brand name (or names) of personal property or services of a value of \$7,500 or more to be acquired, the department or staff division head¹ of the requisitioning unit shall file with the Division of Central Purchasing a memorandum with a copy to the Comptroller, stating the basis and reasons for the particular selection. Such acquisition shall be made only upon the concurring recommendation of the Director of Central Purchasing and the approval of the Chairman, or his designee. Upon such concurrence and approval the source or brand name designation shall apply to all succeeding purchases until changed by appropriate action, or until a period of two years has elapsed from the memorandum date, whichever first occurs.

(h) Awards involving acquisitions where the aggregate cost, contract price or amount involved is equal to or exceeds \$25,000 shall be made only after written recommendation by the Director of Central Purchasing and approved by the Authority.

(i) Awards involving \$7,500 or more, may be made to other than the lowest bidder for valid reason. Action of this nature shall be taken only on receipt by, and acceptable to, the Director of Central Purchasing, a written recommendation from the head of the acquiring Department or Division, approved by the Chairman, or his designee, with copies directed to the General Attorney and the Comptroller.

As amended, R.1984 d.544, eff. December 17, 1984.

¹ Whenever in these regulations the term "division head" is used, the same shall be understood to mean a division head who reports directly to the Executive Director.

19:8-5.4 Purchase under \$7,500

(a) In the case of purchases where the aggregate cost, contract price or amount involved is equal to or exceeds, \$2,500 but is less than \$7,500, written bids shall be solicited by mail from all known interested vendors. Where only one vendor is available, such fact shall be indicated on the related purchase order. Bids shall be solicited on the proper quotation form before the time fixed for the public opening.

(b) Where the acquisition involves less than \$2,500, bids may be solicited by telephone. Whenever feasible, at least three sources of supply shall be so contacted, and a record of all such telephone solicitations shall be maintained. Additionally, to the extent possible, written confirmation of all such bids shall be obtained.

(c) When the requisitioning unit specifies:

1. Initially the source or brand name (or names) of personal property of a value of from \$2,500 to \$7,500 to be acquired, the department or division head of the requisitioning unit shall file with the Division of Central Purchasing a memorandum, with a copy to the Comptroller, stating the basis and reasons for the particular selection. Such memorandum must bear the concurring recommendation of the Director of Central Purchasing and the approval of the Chairman, or his designee. Upon such concurrence and approval the source or brand name designation shall apply to all succeeding purchases until changed by appropriate action, or until a period of two years has elapsed from the memorandum date, whichever first occurs. The date of such memorandum shall be stated on the related purchase order, excluding vendor's copies. A memorandum shall not be required when attachments, parts, or supplies are requested for a unit of equipment which can be supplied by only one vendor.

2. The preferred source of services of a value of from \$2,500 to \$7,500 to be acquired, a memorandum as described in this Section, shall be required for the initial and succeeding purchases, if any.

(d) In the event that amendment of any pertinent information supplied prospective bidders becomes necessary, notice of the change(s) shall be given to all prospective bidders at least three days prior to the opening of the bids. If such notice is given orally, it shall be timely confirmed in writing by the Director of Central Purchasing.

(e) Awards involving \$2,500 to \$7,500 may be made to other than the lowest bidder for valid reason. Action of this nature shall be taken only on receipt by and acceptable to the Director of Central Purchasing, a written recommendation from the head of the acquiring Department or Division approved by the Chairman, or his designee, with copies directed to the General Attorney and the Comptroller.

19:8-5.5 Repeat purchases

In the case of personal property which is procured repeatedly, awards may be made at various times to the successful bidder (whose bid was secured in accordance with these regulations) at the same prices as those in the original award for a period of six months from the date of the bid opening, or until \$7,500 of such personal property shall be acquired from such bidder, whichever event shall first occur. If the prices charged by the successful bidder differ from those in the original award, such acquisitions shall be in accordance with these regulations.

As amended, R.1984 d.544, eff. December 17, 1984.
See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).

Personal property acquired changed from "\$2,500" to "7,500".

19:8-5.6 Emergency purchases

(a) Whenever an emergency occurs of a nature requiring the immediate acquisition of personal property or services, the rules and procedures otherwise applicable, which are inconsistent with those contained in this section, shall not apply. In such cases the unit requiring the procurement shall immediately notify the Division of Central Purchasing of the situation, giving a complete description of the required acquisition. Upon determining that a true emergency exists on the basis of the reported facts, the Division of Central Purchasing shall forthwith by telephone solicitation of known sources obtain whatever is necessary to meet the emergency on the most advantageous terms possible in the circumstances. If, at the time of the emergency, the services of the Division of Central Purchasing are unavailable, the acquiring unit may accomplish the procurement on its own initiative from the best source available to it.

(b) Immediately following the emergency purchase, documentation will be prepared and processed in a manner similar to other acquisitions.

(c) Relative to any emergency purchase involving an expenditure of \$2,500 or more, the department or division head of the acquiring unit shall direct to the Division of Central Purchasing a confirming memorandum certifying the existence and cause of the emergency and advancing the reasons the immediate acquisition was necessary, with a copy to the Comptroller. Such memorandum shall bear the approval of the Chairman, or his designee. If the expenditure is \$7,500 or over, the purchase shall be submitted by the Director of Central Purchasing to the Commissioners for ratification at the next regularly scheduled Authority meeting.

(d) When an emergency purchase involves less than \$2,500, but more than \$1,000, the department or division head of the acquiring unit shall direct to the Division of Central Purchasing a confirming memorandum certifying the existence and cause of the emergency and advancing the reasons the immediate acquisition was necessary, with a copy to the Comptroller.

(e) Instances of lack of compliance with the provisions of this section shall be promptly reported in writing by the Director of Central Purchasing to the persons concerned with a copy directed to the comptroller. Persistent violations shall be reported in a memorandum by the Director of Central Purchasing to the chairman, or his designee, with a copy directed to the comptroller.

As amended, R.1984 d.544, eff. December 17, 1984.
See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).
Section substantially amended.

19:8-5.7 Purchases on limited purchase orders

Purchases of materials, supplies or services of a value not exceeding \$75.00 may be made on limited purchase orders directly by employees so authorized in writing by the Chairman, or his designee, under procedures promulgated by the Comptroller. The limited purchase order is to be used to expedite the procurement of required minor items, and shall not be used to evade or avoid other Sections of these regulations, or to procure equipment. Also, except in extraordinary circumstances, materials and supplies stocked at central stores shall not be procured on limited purchase orders. To assure that such minor items are obtained advantageously, the Director of Central Purchasing shall furnish such guidance with respect to sources of supply and possible quantity purchases of repeat items as is necessary.

As amended, R.1984 d.544, eff. December 17, 1984.

See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).

Purchases changed from "\$35.00" to "\$75.00."

19:8-5.8 Purchases pursuant to price agreements

(a) The Director of Central Purchasing is authorized to make purchases pursuant to written price agreements entered into with vendors with reference to materials, supplies and services which are regularly required in undeterminable quantities. Such price agreements shall fix unit prices for a specified period of time.

(b) The procedures to be followed in obtaining bids for price agreements shall be the same as for other acquisitions under these regulations depending and determined by the estimated total expenditures to be made under the agreement. In estimating expenditures, due consideration will be given to past experience, the current price level, and/or the opinion of the head of the acquiring department, if requested. Price agreements shall not be invalidated by reason of the fact that actual expenditures exceeded estimated expenditures to such an extent as would have required other procedures in obtaining bids.

(c) Price agreements involving estimated expenditures of \$25,000 or over shall be approved by and executed in the manner specified by the Authority. In the absence of any specific direction by the Authority, the Chairman, or his designee, will execute all price agreements involving estimated expenditures of less than \$25,000, except that the Director of Central Purchasing may execute all price agreements involving estimated expenditures of less than \$7,500.

As amended, R.1984 d.544, eff. December 17, 1984.

See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).

Expenditures changed from "\$15,000" to "\$25,000."

19:8-5.9 Receipt and opening of bids

(a) All bids solicited by advertising or by mail must be submitted in sealed envelopes on the appropriately signed quotation forms before the time fixed for the public opening.

(b) The bidder, item description, applicable purchase request or contract number if any, bid opening date and time shall be designated on the face of each sealed envelope submitted.

(c) The Division of Central Purchasing shall maintain locked boxes for the purpose of receiving bids.

(d) The chairman, or his designee, shall designate a responsible party, who is not a member of the Division of Central Purchasing, to retain custody of the keys to all the unit's locked boxes. In turn, the party so designated shall make suitable provision during periods of absence for the proper custody of the keys.

(e) The chairman, or his designee, shall designate responsible parties, who are not members of the Division of Central Purchasing, to witness the opening of bids.

(f) When sealed envelopes containing bids are received in the office of the Division of Central Purchasing, they shall be dated, time-stamped and deposited (unopened) in the appropriate locked boxes.

(g) On the appropriate date and at the appropriate time and place, a representative of the Division of Central Purchasing shall open and publicly read the bids. Following the opening and reading of the bids, each bid page shall be signed by the party opening and reading same.

(h) For valid reason in the interests of the authority, the party responsible for conducting the particular purchase may at any time prior to the scheduled public opening postpone the receipt and opening of bids for a reasonable period. Appropriate notice of such postponement shall be given to all prospective bidders, and, if possible, the prior approval of the chairman or his designee, shall be obtained. (The provisions of sections 3 and 4 of this subchapter shall not apply to bid opening postponements.)

(i) Simultaneously with the public reading of the bids, a member of the Division of Central Purchasing shall prepare a summary of all bids timely submitted on a bid summary form. The original bid summary form shall be signed by the preparer, and the bid opener. A photocopy of the original bid summary shall be given to the Internal Audit Division at the conclusion of the bid opening. The required final copies of the bid summary form shall be signed and certified to by the Director of Central Purchasing.

(j) The bid summary form shall record all bids timely received whether complying with all formalities or not. Due note shall be made on the bid summary form with respect to any bid which did not comply with formalities.

(k) Any bids received after the bidding has been closed shall be rejected and processed by a member of the Division of Central Purchasing as follows:

1. Time and date stamp the late bid envelope and note the time and date of receipt on the original bid summary form;

2. Open and photocopy the contents of the late received bid and retain the photocopies in the pertinent bid file;

3. Return the late bid to the concerned bidder.

(l) A copy of the bid summary shall be forwarded to the requisitioning unit before award is made where the acquisition involves \$7,500 or more, and a copy shall accompany the related purchase documents when forwarded for processing.

As amended, R.1984 d.544, eff. December 17, 1984.

See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).

New (k); old (k) recodified to (l).

19:8-5.10 Tie bids

(a) In the event that bid prices submitted by two or more low responsible bidders are identical, the Director of Central Purchasing may award the contract at issue on a relative comparison of one or more of the following factors:

1. Delivery advantage, considering time; distance; convenience and facilities of the bidders;

2. If practical, provide for contract award by splitting the award, with the concurrence of the tie bidders;

3. If several items have already been awarded by actual low bids, the tie-bid items may be awarded in a manner that will grant equitable balance to the overall bid award;

4. The fact that one of the low responsible tie bidders is a New Jersey based vendor, where the others are not;

5. When none of the above distinguishable characteristics are available, or pertinent, the tie low bids shall be broken by either the toss of a coin or a drawing held in the presence of a member of the Internal Audit Division. If practical, the interested bidders may be invited to the Office of Central Purchasing to participate in the coin tossing or drawing. Such tie-breaking shall be noted on the bid summary.

New Rule.

19:8-5.11 Rejection of bids

(a) When in the best interests of the Authority, any or all bids relative to an acquisition may be rejected in the following manner:

1. Where the expenditure involved is \$25,000 or more, the Authority on the written recommendation of the Director of Central Purchasing may reject bids.

2. Where the expenditure involved is \$7,500 but less than \$25,000, the Chairman may reject bids. In such case a memorandum acceptable to the Director of Central Purchasing shall be filed, authorizing the rejection and signed by the Chairman, or his designee.

3. Where the expenditure involved is less than \$7,500, the Chairman, or his designee, may reject bids. In such case a memorandum acceptable to the Director of Central Purchasing shall be filed, authorizing the rejection and signed by the Chairman, or his designee.

(b) In situations where bids obviously do not comply with specifications, the Director of Central Purchasing (or the party conducting the particular acquisition) may summarily reject them. Where, however, some doubt exists as to whether specifications have been met, such rejection may be made only upon receipt by the Director of Central Purchasing of a written advice and consent from the head of the acquiring department or staff division, acceptable to the Director of Central Purchasing and approved by the chairman, or his designee, with copies directed to the general attorney and the comptroller.

(c) When in the best interests of the authority, minor irregularities in bids or in the required formalities may be waived by the chairman, or his designee. Such action is to be accomplished by memorandum of the Director of Central Purchasing bearing the approval of the chairman, or his designee, with copies thereof to the general attorney and the comptroller.

As amended, R.1984 d.544, eff. December 17, 1984.

See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).

Recodified from 5.10. Expenditure changed from "\$15,000" to "\$25,000" and "\$2,500" to "\$7,500".

19:8-5.12 Bid guarantees

(a) All bids submitted relative to acquisitions involving expenditures of \$7,500 or more may be required to provide security amounting to not less than either ten per cent of the total bid price or any fixed amount which may be established by the Director of Central Purchasing. At the discretion of the Director of Central Purchasing, guarantees may be required for bids amounting to less than \$7,500. The guarantee shall be submitted in the form of a certified check payable to the Authority, but cashier's checks, money orders, surety corporation bid bonds or other good and valuable security may also be accepted. Failure to submit a bid guarantee when required shall result in rejection of the bid.

(b) In the event any bidder fails to accept an award in accordance with his bid, the guarantee submitted shall be immediately forfeited.

(c) All bid guarantees shall be returned to bidders as soon as possible after the opening of bids. The guarantees furnished by successful bidders shall be returned after the delivery of the property, the performance of the services or the furnishing of a performance bond. The guarantees furnished by unsuccessful bidders shall be returned after determining that the bids do not warrant awards.

As amended, R.1984 d.544, eff. December 17, 1984.
See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).
Recodified from 5.11.

19:8-5.13 Terms and conditions applicable to submission of bids

(a) All bids are to be submitted in sealed envelopes on quotation forms provided in accordance with applicable instructions on or before the time fixed for the public opening.

(b) All bids must be properly signed and executed.

(c) Any correction of an entry made on the quotation form should be initialed by the party signing the bid.

(d) Bidders may withdraw, or withdraw and resubmit, bids at any time prior to the public opening, but not thereafter. Bids may be withdrawn only on written request received prior to the public opening and signed by a duly authorized representative of the bidding firm. Bids so withdrawn shall be returned to the bidder unopened.

(e) With respect to bids submitted, the Authority retains the right to reject any or all of them, to waive informalities and minor irregularities and to make awards at any time within 45 calendar days of the public opening. If an award is not made within 45 calendar days of a public opening, written extensions of time should be obtained from bidders whose bids remain under consideration.

(f) In the case of inconsistencies or errors in unit prices, extensions and totals the authority shall have sole discretion to make determinations with regard to same.

(g) Unless contrary to the nature of the procurement, or unless otherwise instructed, bidders shall be permitted to submit partial bids. The authority reserves the right to accept any item or group of items of any kind.

As amended, R.1984 d.544, eff. December 17, 1984.
See: 16 N.J.R. 2761(a), 16 N.J.R. 3481(b).
Recodified and amended from 5.12.

19:8-5.14 Bid errors

(a) If an error is discovered after bid opening but before the purchase of personal property or services is awarded, the vendor may request that his bid be withdrawn. The decision to permit withdrawal of bid shall be based on the following essential conditions:

1. Evidence of vendor good faith;
2. The mistake is of so great a consequence that to enforce the purchase of personal property or services as actually made would be unconscionable;
3. That the matter as to which the mistake was made relates to a material feature of the purchase of personal property or services;

4. That the mistake occurred notwithstanding the exercise of reasonable care by the party making the mistake;

5. The vendor can get relief by way of cancellation without serious prejudice to the Authority.

(b) If during the evaluation of bids received, an obvious error made by a potential low bidder has been found, the Director of Central Purchasing shall notify the vendor, in writing, of that fact. Copies of that letter will be sent to all other vendors. The vendor will have five days after receipt of that letter to request withdrawal of his bid, but in no instance shall there be a bid modification. If the vendor fails to request withdrawal of his bid within the time frames noted above, he will waive his right to have the bid withdrawn.

(f) When sealed envelopes containing bids are received in the office of the Division of Central Purchasing, they shall be dated, time-stamped and deposited in the appropriate locked boxes. Such bid envelope shall be signed by the person who stamped and deposited the envelope in the bid box.

(g) On the appropriate date and at the appropriate time and place, the Division of Central Purchasing shall open and publicly read the bids. Following the opening and reading of the bids, each page of the quotation form and the invitation to bid form shall be signed and dated by the party opening and reading same.

(h) For valid reason in the interest of the authority, the Director of Central Purchasing may, with the written approval of the chairman, or his designee, at any time prior to the scheduled public opening, postpone the receipt and opening of bids. Appropriate and timely notice of such postponements shall be given to all prospective bidders, if possible.

However, at the discretion of the Director of Central Purchasing, deposits may be required for gross bids amounting to less than \$2,500. When required, such deposit shall be submitted in the form of a certified check payable to the Authority; however, cashier's checks, money orders or cash may also be accepted. Failure to comply with this provision shall result in rejection of the bid unless specifically waived in writing by the Chairman, or his designee.

(b) All bid deposits of unsuccessful bidders shall be returned to them promptly by certified mail, return receipt requested. The deposits furnished by successful bidders shall be retained and applied toward payment of the total bid price.

(c) The balance of the bid price is due within ten calendar days after the award. If such balance is in the amount

of \$100.00 or more, payment shall be by certified check or cash unless specifically waived in writing by the chairman, or his designee. Failure to pay such balance or to pick up the awarded property within the ten-day period shall entitle the authority to retain the bid deposit as liquidated damages and not as a penalty. Under such circumstances, with the approval of the chairman, or his designee, the Director of Central Purchasing may make the award to the next highest bidder. This action is to be accomplished by a memorandum of the Director of Central Purchasing bearing approval of the chairman, or his designee, with copies to the general attorney and the comptroller.

(g) Qualified bids or any portion thereof may be summarily rejected in writing by the chairman, or his designee, with copies thereof directed to the general attorney and the comptroller where such qualification adversely affects the authority's best interest.
