Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the statewide assessment (NJSLA for 2018-19 and PARCC for 2016-17 and 2017-18) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA/PARCC or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA/PARCC results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English Language Arts both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for Mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the statewide assessment for Mathematics for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

† 2018-19 results for Algebra I, Geometry, and Algebra II do not include students in grade 11, but 2016-17 and 2017-18 results do include students in grade 11. Therefore, trend data for these assessments may not be comparable.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	3
Weapons	0
Vandalism	3
Substances	0
Harassment, Intimidation, Bullying (HIB)	2
Total Unique Incidents	8
Incidents Per 100 Students Enrolled	2.87

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	1
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	10	3.6%

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School

Typical End Time	3:20 PM
Length of School Day	6 Hrs 40 Mins
Full Time - Instructional Time	6 Hrs 20 Mins
Shared Time - Instructional Time	6 Hrs. 20 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3 through 10 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3 through 10. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Comprehensive Annual Financial Report \(CAFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA).

Every three years (last identification in 2019, next identification in 2022), NJDOE will identify schools in the following three federal categories:

Comprehensive Support and Improvement - Overall Low Performing: Schools with a summative score in the bottom 5% of Title I schools.

Comprehensive Support and Improvement - Low Graduation Rate: High schools with a four-year graduation rate of 67% or less

Targeted Support and Improvement - Low Performing Student Group: Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

ESSA Accountability Status

The table below provides the school's federal school status for the 2020-21 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support.

Status for 2020-21 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA/PARCC or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency, which was first available in 2017-18, shows the percentage of English Learners that demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

ESSA Accountability Indicator	2016-17	2017-18	2018-19
ELA Proficiency	61.5%	59.5%	61.2%
Math Proficiency	54.6%	57.5%	61.7%

Accountability Indicator Scores and Summative Ratings - 2018-19 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement every three years. During the three-year federal status period, schools receive additional resources and support. NJDOE will next identify schools for Comprehensive Support and Improvement in 2022.

This year accountability indicator scores and summative ratings are not used to identify schools for Comprehensive Support and Improvement, so these data are not included in the School Performance Reports. Review the previous two pages to see a school's current status, in the ESSA Accountability Status table, and to monitor a school's school progress on each accountability indicator over the last three years using the new ESSA Accountability Progress table.

Accountability Summary by Student Group - 2018-19 School Year

This table shows whether student groups in this school met annual ESSA accountability targets and standards for each indicator. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16 or the first year data was available. The standard for student growth is a median student growth percentile of 40-59.5. The target for chronic absenteeism is the statewide chronic absenteeism rate based on students enrolled in the grades served by the school. For more details on accountability targets, see these [accountability resources](#).

The accountability system will not be used to identify schools for Targeted Support and Improvement – Low Performing Student Group for 2018-19, so student group summative scores are not included in this table this year.

 <p>Student Supports and Services:</p>	<p>The Intervention and Referral Services addresses academic and behavioral concerns. As a result, a plan including classroom strategies is generated. To support students with social skills, coping skills, relational aggression, secondary schooling transition and character education the School Counselor provided lessons and group sessions. The school provided the following programs for classified students: In-class support, pull-out replacement, and supplementary support. BCBA, Speech, O.T., and P.T. services were provided to students. Social Work services including counseling and case management were utilized. During the 2018-2019 school year FTS prepared for a Multiple Disability Classroom which has been implemented for the 2019-2020 school year. This classroom utilizes the Unique Learning System and is a standards based classroom ready system that meets the individual needs of diverse learners. The core curriculum is implemented and ideal pacing is ensured.</p>
 <p>Student Health and Wellness:</p>	<p>The comprehensive Health and PE curriculum continued to remain focused on providing students with experiences that highlight the benefits of a healthy lifestyle. Additionally, students also participated in our expansive athletics program. The school has used the NJ PE exemplary Program Guidelines as the foundation for the curriculum. Students in grades K-8 participated in recess on a daily basis for approximately twenty minutes. During this time, students had the opportunity to use the run, walk, jog trail. Various field trips were offered throughout the year and included, but were not limited to, bike trips, track and field trips, and a trip to Camp Bernie. In regards to students' mental health and wellness, Advisory classes are held with the school counselor for students in grades 6-8. The school counselor offers lunch bunches and morning meetings. During these times, the school counselor is able to focus on specific topics and/or assist the students in building certain skills</p>
 <p>Parent and Community Involvement:</p>	<p>Parents and community members serve on many school committees including the SciP and DEAC committees. FTS enjoys a close knit, supportive Parent/Teacher Association. PTA events included Book Fairs, Holiday Workshops, School Stores, Tricky Trays, dances, Fun Fair, and homeroom parents who coordinated classroom parties and activities. Collections were held for: the Food Pantry, childhood cancer, and Hurricane Relief. The United Way donated school supplies. Holiday presents and food baskets were distributed to needy families. The Quakertown Fire Company provided instruction to preschool and kindergarten students. It also held a contest for the 8th grade class and provided the students with a citizenship writing prompt. Selected students read their essay during its Memorial Day ceremony. Parents have access to student records and grades through a parent portal using Genesis. Franklin Township recreational programs, as well as local organizations, use the school facilities.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers A school climate survey adopted by the NJDOE, in collaboration with the Bloustein Center for Survey Research at Rutgers was developed and disseminated by the New Jersey School Climate Survey. Three different school climate surveys were presented and distributed to parents, students, and staff members. Results revealed that teachers had close working relationships and built strong relationships with their students. Elementary and middle school students completed the survey. Elementary students felt their family wants them to do well in school. In addition, the students indicated that they tried their best in their school work. In middle school, students did not think bullying occurs often and did not believe Harassment, Intimidation, and Bullying was a pervasive problem. Parents indicated the school provides a clean environment and they are comfortable talking with the teachers.</p>
 <p>Facilities:</p>	<p>Our district is comprised of one building constructed in 1934 with additions/renovations in 1970 and 2010 totaling 71,296 square feet. Our building is fully air-conditioned and includes a Library/Media Center, Science and STEM Labs, Art Room, Computer Lab, Gymnasium, Cafeteria, and Theater. Our building sits on approximately 30 acres of land which also includes several equipped playgrounds, a walking track, soccer field, baseball and softball fields, a basketball court, and over an acre of solar panels which help to supply electricity to the building. The original one-room school house built in 1837, has been preserved and has been maintained by Rural Awareness since 2008. It is furnished with historically authentic desks and benches and sits adjacent to the current school building. The Maker Space was added into the school library and promotes 21st Century learning.</p>
 <p>School Safety:</p>	<p>Franklin Township School continues to review safety protocols for our district. Safety has been a priority for many years. We continually review and update our safety procedures, training, and equipment. The following measures have been taken to protect students and staff: All doors are locked and visitors can only enter through one door, through a buzzer system. All visitors are required to wear visitor badges. The local police departments have schematics of our building plans and aerial views of our building and grounds to help coordinate police efforts during an emergency. Additional cameras have been installed. We provide our school building for use for active shooter training for police in Franklin Township during the summer. Safety drills are practiced regularly with staff and students at all grade levels.</p>

 Technology and STEM:	<p>The school district provides a one-to-one technology setup: grades PK-4 use ipads, grades 5-8 use chromebooks. Google Classroom is utilized for instruction. Students use online computer-based programs that promote student learning. Within the Special Education and Elementary classrooms, promethean boards and document cameras are used. In other classrooms, smartboard and interactive boards are used. A STEM class was offered once a week for students in grades PK-8. In middle school, students learn about robotics using items such as Bee Bots, Lego Mindstorm kits, and the Nao robot. Students also learn how to create 3D designs and are able to print their designs using a 3D printer. Furthermore, the computer room holds laptops and ipads that are used by the students.</p>
 Early Childhood Education:	<p>During the 2018-2019 school year, an integrated preschool program was again offered for three and four year olds. The program provided support and services for students referred for early intervention and who were able to become eligible for special education and related services. The preschool program implemented the Tools of the Mind Curriculum. The preschool program is tuition funded. Parents and Guardians have the flexibility to choose the different days during the week they would like to attend, as well as part or full time.</p>
