JON S. CORZINE *Governor* 

FOR IMMEDIATE RELEASE CONTACT: Robert Corrales DATE: March 19, 2009 PHONE: 609-777-2600

The *Budget in Brief* publication has been amended to reflect Governor Corzine's restoration of the Property Tax Deduction in the FY 2010 budget proposal as described in the press release below:

# GOVERNOR CORZINE AND LEGISLATIVE LEADERS TO RESTORE PROPERTY TAX DEDUCTION FOR FY2010 BUDGET PROPOSAL

TRENTON – Governor Jon S. Corzine today adjusted his \$29.8 billion budget proposal to include the restoration of the property tax deduction for all New Jersey taxpayers earning up to \$150,000. The original proposal retained the deduction for all senior taxpayers, and this adjustment will restore the deduction for all other taxpayers earning up to \$150,000.

"I've been listening to New Jerseyans and think we need to preserve this deduction to continue our fight to ease the burden of property taxes," Governor Corzine said. "To that end, I will adjust the budget proposal I made to the Legislature by restoring the property tax deduction to nearly 1.5 million working families."

Under the Governor's adjusted budget proposal, 84 percent of New Jersey taxpayers will get a full deduction. For this near-complete restoration, a one-year only increase in the "millionaire's tax" will be implemented. That tax was enacted in 2004 and applies to the wealthiest one percent of New Jerseyans, those who make more than \$500,000 a year.

"Given the circumstances, allowing people to maintain their property tax deduction is the right thing to do and will help ease the pain for those being squeezed the most," Senate President Richard J. Codey said.

"Preserving property tax relief for working families has always been our shared goal," Assembly Speaker Joseph J. Roberts, Jr. said. "The concerns of New Jersey homeowners remain our top priority as we work to craft a budget that meets their needs in these difficult economic times."

(more)

The Governor's FY10 budget proposal will still include:

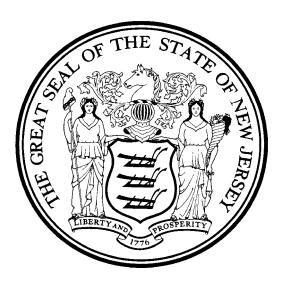

- \$4 billion in baseline spending cuts, with more than 850 line items being cut;
- an increase in education of \$300 million, including \$25 million for pre-K aid;
- sustaining the expanded Senior Freeze;
- funding for food banks, charity care, worker retraining and the job tax credit

"With this adjustment, my administration continues its efforts to assist working families in New Jersey in every way possible, but especially by providing relief from high property taxes," Governor Corzine said. "There are things in the proposed budget that we might not choose to do in normal times but even when the choices are tough, we must choose to do what is right for New Jersey."

# FISCAL YEAR 2010 BUDGET OF JON S. CORZINE GOVERNOR OF NEW JERSEY TRANSMITTED TO THE SECOND ANNUAL SESSION OF THE TWO HUNDRED THIRTEENTH LEGISLATURE

Mr. President, Mr. Speaker, Members of the Legislature:

In accordance with the provisions of C.52:27B-20, I hereby submit my budget recommendations for fiscal year 2009 - 2010.

This document provides a summary of my recommendations, and outlines the key aspects of my overall financial plan for the governmental services to be provided by the State to the citizens of New Jersey.

The budget detail, including information on specific line items of appropriations, will be submitted to the Legislature separately.

Respectfully submitted,

JON S. CORZINE
Governor of New Jersey

Attest:

William J. Castner Jr.
Chief Counsel to the Governor

March 10, 2009

#### The FY 2010 Budget Address

State of New Jersey
Budget Address
March 10, 2009
Governor Jon S. Corzine

Good afternoon, and thank you all for attending today's budget address. Reverend clergy; Senate President Codey; Speaker Roberts; Chief Justice Rabner; Judge Glen Grant; Members of the Legislature; Members of the Cabinet; Former governors Byrne and DiFrancesco; Honored guests and fellow New Jerseyans.

Every day, across New Jersey, across America, millions of people are sitting down at their kitchen tables and sorting out their family budgets. On the backs of envelopes ... with pencils and calculators in hand ... surrounded by stacks of bills and receipts ... families are figuring out how to balance their income and expenses ... And they're doing this amid alarming economic circumstances.

You pick up the newspaper and see the national unemployment rate rising above 8%. You see neighbors losing their jobs, their homes and their health care. People worry they might be next.

The economy may not be "in shambles" as Warren Buffet remarked last week, but it is clear that this is no ordinary recession. And the costs of this economic crisis are exacting a serious, human toll.

People from all walks of life are tightening their belts. Around the kitchen table, every family knows what it means to make tough choices in these tough times. But people also understand the importance of making the right choices. They identify their most important priorities, and they change their spending habits to live within their means.

That's exactly what those of us in this chamber must do in this budget season. I come before you today to speak candidly and directly about our state's finances - not just to you, but also to the people of New Jersey.

Make no mistake: because of where the world is right now, we must move in directions we might not otherwise choose. Tough times require that we make the right choices, and that we do the right thing for the common good. By making the right decisions now, New Jersey can and will emerge from this national economic crisis stronger, sooner, and more prosperous.

To that purpose, the budget I am proposing for FY 2010 totals \$29.8 billion - that's \$1 billion less than the first budget I presented in 2006. Stop and think about it, since 1947, every governor before me has grown spending over their four years.

With this proposal, we will have reduced spending two years in a row and will literally spend less than in the first budget I presented in 2006. This isn't a matter of debate or nuance. It's a fact.

It is also a measure of the times in which we live. It is a demonstration that here in Trenton, we are dealing with the state's finances exactly as every family in New Jersey is dealing with theirs. We are living within our means. We are not spending more than we are taking in. We are making the tough choices to do the right thing. And ... just like the choices that a family makes around the kitchen table about its spending, the decisions I have made in laying out this budget reflect a clear ranking of my priorities and a core values.

These priorities and values are the same ones that have guided my administration since I took office. Those values reflect a lifetime of experience and are informed by the voices of our fellow citizens, not just the loudest voices, but those who too often don't have a voice.

Yes, we are cutting the size of government, but because of our values, we have made it a priority to continue: Nurturing our children, honoring seniors, protecting the most vulnerable among us, and I want to make it clear that we must maintain these priorities at the same time that we work to minimize the tax burden on our citizens.

We've been able to enshrine these values in a leaner budget because, for three years, we governed responsibly. We eliminated the gimmicks and one-shots that past administrations used to paper over the state's debt. We reduced and streamlined state government. We funded state employee pensions and the unemployment trust fund. We were the first state in the nation to respond to the global recession with a comprehensive economic recovery program.

Because we chose to do the right things yesterday, we are able to keep doing the right things today. In FY 2009, declining revenues required cuts of over \$2 billion in state spending, as it turns out, that was just the start.

The global recession took a further toll on our revenues, so we have cut almost \$4 billion in baseline spending from this year's budget. But before we cut, we made a value-based judgment to take some things off the table.

There are certain parts of our government's work that we must sustain. In New Jersey, we recognize the importance of our children, they are our bright hope for the future. To that purpose, in this budget, we have increased, rather than cut, classroom funding for K-12 education. And with the federal government's help, we're giving our children a jump-start on a lifetime of learning.

This budget funds Pre-K education for 50,000 kids - an important down payment on our commitment to universal early childhood education. Our increase in classroom funding allows the state to press ahead with a new formula for school aid that is rooted in educational needs and fairness -- not zip codes. Our formula recognizes that half of all "at-risk" children live outside of Abbott districts. The state's school aid allows communities, rich and poor, urban and suburban, to hire talented educators who fire up our children's minds and imaginations, because here in New Jersey we believe that every child has a right to be inspired and challenged every day in schools that are among the world's best. School aid is just one reflection of the value we have placed on learning.

Today, I want to again congratulate the legislature for passing the \$3.9 billion school construction program that is about to put 15,000 to 20,000 New Jerseyans back to work while modernizing schools for hundreds of thousands of children, Every generation of children has the right to schools that offer a clean, safe, and stimulating environment for learning.

Just as we value our kids' education, we value their health. That's why we've expanded our Family Care program to include a child mandate and enrolled many thousands more kids and their families - particularly mothers seeking pre- and post-natal care.

Providing health care for our children is a priority in this budget, just as it has been in years past. On this point, I have been clear. When the Bush administration tried to cut 10,000 kids out of New Jersey's Family Care program, we said "no." We even went to court and made it a "federal case". Throwing kids off health care is not the way we do business in New Jersey.

Now, with the help of key members of New Jersey's congressional delegation, we can be certain of advancing children's health in partnership with the federal government. And just as with education and health care, we are spending wisely to improve the lives of children who require placement outside of their homes. Our Division of Children and Families has gone from being among the most poorly-rated in the country, to among the very best. Our budget priorities make it clear kids count!

We are also protecting seniors in this budget because we believe that, as a community, we have a responsibility to honor our parents and grandparents. Not only does this budget preserve the senior property tax freeze, it expands it. We have also preserved all homestead rebates for senior homeowners and renters. We want to make sure that our parents have a choice of staying in the homes where they have raised their families. And we want to make sure that our grandparents can live where they're most comfortable and where long-term care is most affordable. Seniors have a right to live in dignity and comfort ...that's why my administration has found ways to increase assistance for home heating and senior health care.

This budget also reflects the view that when people who have played by the rules fall on hard times. When they get sick, or lose their jobs, or stumble into a run of bad luck government will help them get back on their feet - with a hand up, not a hand out.

This budget provides that helping hand by maintaining emergency funds for food banks, avoiding cuts to charity care, investing in worker re-training, expanding the earned income tax credit, funding our groundbreaking efforts to stave off home foreclosures, through mortgage mediation and loan modification, and by preserving funding for the developmentally disabled and community providers.

We must not - and we will not - balance this budget on the backs of people, who through little or no fault of their own, have been caught in the rip-tide of the economic tsunami.

Let me repeat: Even as we cut the cost of government in unprecedented and historic amounts, we are doing so in the right way -- the way that sustains our abiding commitment to those core values...

Again, nurturing our children, honoring our seniors, and protecting the most vulnerable.

These are the basic values I have held for the past decade as I've fought for New Jersey families on the floor of the United States Senate and here in the State House. Throughout those years, I have guided my judgment by doing only what is best for New Jerseyans. Whether the question has been balancing the budget, or sending our soldiers to war, or holding corporations accountable, I may not have always done what was popular in the moment, but you can be damn sure I have always done what I thought was right. But it's not just me. I take great pride in my administration.

Even in the face of this dire financial circumstance, people have stayed true to our core values. From the cabinet members on down, this administration has refused to look for the easy way out. Even so, I don't need to remind you that the current economic crisis has taken a sharp toll on our revenues, as it has in every state across the nation. The difference is New Jersey is weathering the storm with better outcomes than many.

Our unemployment rate is below the national average. And as of January, at least 18 states had higher jobless rates than New Jersey -- often, significantly higher. Our incomes are nearly the highest in the nation, and while our budget gap is among the larger, we are managing that challenge without shuttering government, like California, or missing a payroll, like Kansas, or ignoring the unemployed, like South Carolina.

Now, let's lay out the numbers in basic terms. This fiscal year, which runs through June, the state will take in about \$30 billion - about \$3 billion less than we originally planned. In the coming FY 2010, we're projecting base revenues of only \$28.5 billion.

Even with important help from the federal government -- the declining revenue meant we had to make deep cuts in spending to balance the 2010 budget. With respect to budget cuts, there are two ways to compare the numbers: in absolute terms - as I just outlined - or in terms that reflect baseline growth. In absolute terms, we need to cut \$3 billion to bring this budget into balance. In baseline growth, we need to find a "staggering" \$7 billion in spending and revenue solutions. As you all can appreciate, baseline growth is a more practical measure of the state's budget gap.

Baseline numbers include increases that are mandated by statute, contract, and the courts - contractual wage increases, for instance. A baseline comparison also includes increases in health care and energy costs, supplemental school funding, debt service and court-mandated actions that increase child-welfare expenses.

A family sitting around the kitchen table understands the real pressures in baseline growth. Their health care costs are going up every year their energy costs soared in 2009 and the cost of nearly everything else - from food, to child care, to college tuition - continues to rise. The state budget is no different.

In fact, if we did nothing to curtail growth or adjust our contractual, statutory, and court-mandated obligations, the FY 2010 budget would come in just under \$36 billion. As I noted, that's more than \$7 billion over projected revenues. Fortunately, President Barack Obama understood the pressure on states to meet these shortfalls while still keeping teachers in the classroom and police on the street. The American Recovery and Reinvestment Act provides New Jersey about \$2 billion in aid to be used for current operations on education and health care.

That still leaves a \$5 billion gap in the budget, which we have attacked with \$4 billion in cuts to programs, rebates, pension payments, and state worker salaries, In all, over 850 line items in the budget have been cut. The largest cuts will come from reductions in a scaling back of homestead rebates by \$500 million, and reducing by another \$500 million payments to the pension fund.

I am proposing to save \$400 million in personnel costs through a wage freeze and furloughs for employees. This approach calls for shared sacrifice but I believe it is far better for employees to share in these reductions and continue working than it is for savings to be achieved by the layoff of up to 7,000 workers.

It most certainly is better to keep people at work and insured, than in the unemployment lines and on the Medicaid rolls. I'm sure state workers understand the household principle, just as we do, that when a family's income drops everybody has to tighten their belts.

We all have to share the responsibility of keeping our financial house in order.

Now, let me take a moment to briefly describe some of the options we sought to balance through this budget in hundreds of hours of meetings over the past few months.

In these discussions, we would have preferred not to reduce rebates or pension contributions but we chose to preserve our children's health care and education funding.

We would have preferred not to cut funding for the arts and humanities but we chose in this financial emergency not to close hospitals or eliminate senior prescription drug assistance.

We didn't want to cut funding for tourism advertising and beach replenishment but we chose to maintain safe neighborhoods, safe highways, and homeland security.

During those discussions, even as we cut spending, and cut, and then "cut some more", we also came to a decision that we had to preserve as much property tax relief as possible, given the severe financial pressure middle-class New Jersey homeowners are experiencing.

For instance, this budget has less than a two-percent cut in municipal aid - a small amount in comparison to other line items but one that recognizes that municipalities took a big hit last year. Further, in order to help municipalities balance their budgets and stabilize property taxes, I recommended the much-debated, optional pension deferral. This deferral will provide many communities with enough breathing room to avoid layoffs of police and firefighters.

Following the same reasoning, my budget preserves homestead rebates for over one million moderate and middle-income families earning \$75,000 or less. Protecting rebates as much as possible is consistent with one of the most basic priorities of my administration, providing direct property tax relief on a progressive basis. With this budget, my administration will have provided more direct property tax relief in four years than any other governor in New Jersey's history - nearly \$7 billion put directly into the pockets of homeowners.

This substantial commitment recognizes the heavy burden property taxes place on New Jersey families. It also recognizes the power and traditions of home rule. Obviously, no governor can single-handedly fix New Jersey's local property tax problem. Our state's 566 towns and 616 school districts need to rationalize their cost structures and hold spending under the cap. They need to share and consolidate services. Until these actions broadly take hold, the underlying problem will remain.

Simply put, New Jersey has too many layers of government. To the credit of many, the process of restructuring is gaining momentum across the state, and we will continue to promote consolidation and shared services wherever and whenever they make sense. There are incentive dollars in this budget that do just that.

In the meantime, however, rebates remain the primary tool by which the state can ease the property tax burden on individual citizens. That is why we should restore the rebates for higher income families as soon as the recovery of state revenues allows. Make no mistake -- a \$1,000 rebate check is more than meaningful for families who are working out their finances around the kitchen table.

We know that's absolutely true for fixed-income seniors, many of whom could receive as much as \$2,500 -- combining both their senior freeze and homestead rebates. And, as family members lose jobs or see their hourly wages fall, the number of taxpayers making less than \$75,000 grows. For those citizens, rebates count.

To help pay for the rebates, we have proposed eliminating the property tax deduction next year on state income taxes for everyone but seniors. Now, as I commented, New Jersey faces difficult challenges, but from a better position than many states.

One of the reasons is that, together, we've taken serious steps toward fiscal responsibility. As we all understand, for 15 or 20 years, New Jersey budgetary decisions had often gone in another direction - reflecting expediency rather than responsibility.

For many of those years, our government chose to meet its constitutional obligation to balance the budget by using one-shots and gimmicks. Whether it was raiding the unemployment trust fund, borrowing to fill unfunded pension liabilities or securitizing tobacco settlements for current spending. These gimmicks and others undermined the state's long-term financial strength and stability.

At the time, they were easy fixes. They didn't require tough choices about what the state could and could not afford. They were actions that didn't require telling the public the truth. Even worse, they saddled future generations with the cost of that irresponsibility.

With your help, I stopped it.

You can't correct 15 or 20 years of bad decisions in 38 months, but the steps we've taken have put our state's finances on more solid ground. Over the past three years, we've contributed more money to the public pension system than did our predecessors in the preceding 15 years, combined.

Regrettably, in the current crisis we need to temporarily reduce pension funding so that we can sustain our first priorities - our children, seniors, and the most vulnerable. In better times, such an action would be unacceptable. But this is a time of unprecedented economic stress. It is the right choice to make.

Similarly, over the 14 years before I took office, repeated raids of the unemployment trust fund totaling nearly \$5 billion - were used to balance the state's operating budgets. My administration stopped the raids and in fact bolstered the fund by over \$400 million, which avoided sharply higher payroll taxes - over \$650 million to be exact - that would have fallen hardest on small businesses.

The unemployment trust fund is now under even more stress, and it would take as much as \$500 million dollars in additional spending to avoid a dramatic payroll tax increase.

We cannot make that kind of payment while still maintaining our priorities and preserving property tax relief. But we will make a significant payment that will soften the impact on employers. And we will also seek legislation to require a tax decrease when the fund recovers in a growing economy.

In this budget, we continue in our effort to make state government do more with less, and to hold ourselves accountable to the taxpayers.

My administration has reduced the payrolls of the state and its authorities' by almost 7,000 employees. We have eliminated departments. We negotiated with public employees and asked them to contribute toward the cost of their health care. We extended the retirement age to 62 and capped the pensions of new state workers. We recognized that sustainable employee benefit programs require serious restructuring to avoid future breakdowns.

The measures we have taken will save the state and local governments \$6.4 billion over 15 years. Those dollars count in a year like this. This kind of restructuring needs to be adopted across all levels of government in New Jersey.

We have scrubbed departments for inefficiencies - line by line - and implemented consolidations. We've sold cars, cut up state credit cards, and moved out of half-filled, leased warehouse space.

By measures big and small, we have reshaped and resized state government. We have also confronted and put an end to the entrenched ways of doing business in the State House. We ended Christmas tree spending. We approved a constitutional amendment to give voters a voice on state borrowing. And by executive order, I required that recurring expenditures be matched with recurring revenues. Other governors have talked about doing these things. I did them.

This budget continues a 4-year pattern of making the right choices - choices that may not be politically popular today, but which put our state on a stronger footing for tomorrow.

In a time of crisis, we must all share in the responsibility for balancing our finances and that's why I'm asking those who are the most fortunate among us - the one percent of New Jerseyans with incomes of a half-million dollars or more - to carry a little more of the burden.

To this end, I am proposing a one-year, only, rate increase of ¾ of a percent for those earning more than \$500,000. This new revenue, along with small increases in alcohol and cigarette taxes, will allow us to finish closing that \$7 billion gap.

As I've said repeatedly, the unprecedented circumstances of our national economic crisis requires choices we might not otherwise make. Our responsibility requires us to have the courage to meet these challenges, deliberatively, honestly, with compassion and good judgment. And that is precisely what we have done in crafting this budget.

We faced down a \$7 billion shortfall with roughly \$4 billion in spending cuts, \$2 billion in federal aid, and \$1 billion in new revenue.

That left us with \$29.8 billion in which to prioritize our children, our seniors, and those who play by the rules but find themselves in dire straits. I'm asking you all to review the proposed budget.

Offer alternatives where you find them - as long as those alternatives honestly meet the challenges of full funding, meet legal requirements, and fit within the broad priorities laid out.

I welcome ideas from everyone. I only ask that the ideas be real, be specific, and be fiscally responsible. The last thing that New Jersey needs in today's environment is political posturing. Posturing won't save one job, it won't help one family with property taxes, it won't improve a single school or save a single business.

As I close, let me be clear, this budget is one part - only one part - of our responsibility to meet head-on the challenges of the global economic crisis. It is not our first step - and it won't be our last.

Last fall, when the banking and credit sectors collapsed, my administration was ahead of the curve in dealing with the global economic crisis. We were the first state in the nation to pass a comprehensive economic recovery plan. I thank the legislature for your forceful and timely response in passing the nine pieces of legislation that made up that recovery package.

Our mortgage mediation and modification program is stabilizing our state's housing sector, and now, other states - and the federal government - are making similar efforts.

With our Invest New Jersey initiative, we offered a \$3,000 grant for every new job created and sustained for at least a year, along with a sales tax exemption for the purchase of new business equipment. In the ten weeks since that grant program has been in place, we've received over 800 applications representing 20,000 jobs and hundreds of millions of dollars in investment. Each of those 20,000 people represents a New Jerseyan who has the opportunity to wake up every day, knowing that he or she has a job.

We also reformed New Jersey's corporate tax code to make our state more business friendly. We enabled businesses to carry forward tax loss benefits for up to 20 years. We eliminated the Throw-Out and Regular Place of Business Rules that penalized companies headquartered in New Jersey. We enacted permit extension provisions. We created a clean energy fund and put in place incentives for public investments in energy efficiency.

All of these measures have cushioned us against the blow of this global recession. These actions may even produce growing revenues for future state budgets.

Now, I've taken some heat from our neighbors -- particularly up north. Some have accused me of trying to steal their companies. I get accused of a lot of things, but this is one offense I'm willing to cop to. Let's be clear - our economic recovery plan sends a clear and unequivocal message to employers: New Jersey is a great place to do business.

When we move legislation to expand the urban hub tax credits, when we pass the revenue allocation district act, when we move forward on allowing license site professionals to certify brownfield cleanups, we'll lay an extraordinary foundation for New Jersey's strong economic recovery. When the global and national economy rebounds, New Jersey will be in a stronger position than its neighbors and competitors.

We will prosper tomorrow because of the decisions we make today.

Now, I'd like to close by citing President Obama, who reminded us two weeks ago in his address to Congress that we are in the eye of an economic storm, the likes of which we haven't seen since the breadline days of the 1930's.

That said -- with a strong national recovery program, and with a true partner for New Jersey in the White House, we will come through this storm. While today's crisis is challenging and often painful, we will pull together as a community and a nation and build for a more prosperous tomorrow. History is clear - the economy will turn.

With the talent, the work ethic, and the strong character of our people, New Jersey will lead the way. I believe in our common desire to do what is right. I hope and expect to see that spirit reflected in the final budget, a budget that values children, seniors, and the most vulnerable, and asks a little more from the rest of us.

Thank you.

May God bless each of you, and God bless New Jersey.

# FY 2010 Budget Highlights

Despite facing the most severe global economic crisis of our lifetimes, the FY 2010 Budget is based on the underlying principle of "doing the right thing" and not abandoning the principles of providing education and health care for children; maintaining public safety; protecting the most vulnerable; and maintaining the commitment to providing the greatest level of property tax relief to the citizens of New Jersey.

Governor Corzine's FY 2010 \$29.841 billion Budget is over \$3.4 billion, or over 10 percent, below the adjusted appropriation level of the current year and more than \$1 billion below the first budget that he proposed in March 2006.

The Budget is nearly \$6 billion below the projected baseline spending required under current statutes and contractual obligations.

For the second consecutive year, this Governor has submitted a budget that is less than the previous year's budget. No other Governor in New Jersey history has cut budget spending in back to back years.

Over the past two years Governor Corzine has reduced the Budget by \$3.5 billion from the budget he signed in June 2007 (Fiscal Year 2008 budget).

The average annual growth rate of the four budgets presented by Governor Corzine is about 1.6 percent – which represents the smallest increase of any four years in modern history. More than 75 percent of the increase is in property tax relief programs (school aid, Homestead Rebate and Senior Freeze).

The Budget, inclusive of new federal assistance, provides \$15.7 billion in property tax relief – over 50 percent of the entire Budget.

The Budget, with federal stimulus, provides over \$13.5 billion for support of PreK-12 and college education – about 45 percent of the budget.

The Budget reduces the cost of operating government by over \$380 million.

Reductions have been made to approximately 450 of the 2,400 line items in the budget – nearly 20 percent – and another 400 line items will be affected by the allocation of employee savings, increasing the share of reductions to 36 percent.

As New Jersey, other states and the world navigate through what is arguably the most severe and pervasive economic crisis since the Great Depression, Governor Jon S. Corzine has proposed a FY 2010 Budget that is in tune with these difficult times. The Budget is approximately \$3 billion below the FY 2009 budget enacted last June and \$1 billion less than the first Budget (FY 2007) Governor Corzine proposed in March 2006. The FY 2010 Budget totals \$29.84 billion.

Over the last three years, the Budget has re-prioritized spending to the critical areas of educating New Jersey's children; protecting the health and well-being of children; safeguarding New Jersey's most vulnerable citizens; securing public safety; and easing the property tax burden in New Jersey. While the FY 2010 Budget contains by far the largest dollar and percentage decrease in modern New Jersey history, these priorities continue to be shielded from harsh but unavoidable reductions in spending.

Key elements of the FY 2010 Budget include:

- Closure of a projected \$7 billion shortfall through \$4 billion in direct cuts or reductions in baseline growth, \$2 billion in Federal Economic Stimulus assistance and \$1 billion in revenue solutions;
- Reductions in about 850 about 36 percent of the 2,400 line items in the Budget;
- Cuts in the operational costs of State government of more than \$380 million;
- Increased funding for schools and early childhood education programs;
- Near level funding preserved for municipalities, hospitals and higher education;
- More than half of all Budget spending for property tax relief.

#### Defining and Solving the FY 2010 Shortfall Problem

As the last three budgets moved New Jersey closer to true structural balance, in which recurring revenues matched recurring expenses, the FY 2009 Budget projected a succeeding fiscal year shortfall of between \$1.5 billion and \$2 billion. This estimate took into account the largest year-to-year spending reduction in State history, no new costly policies or government programs and revenue assumptions built around a continuing slowdown of the national and regional economy.

The slowdown in the economy, however, quickly evolved into an overwhelming economic crisis of global proportions. As a result, a shortfall of more than \$3 billion opened in New Jersey's FY 2009 Budget, and restoring balance required the implementation of solutions that straddled both the current and new fiscal years.

With a shortfall estimated at \$7 billion, the Corzine Administration relied on multiple approaches to meet the constitutional requirement for a balanced budget.

We closed the shortfall with the use of nearly \$4 billion in cuts or spending restraints. These cuts include the proposed imposition of a wage freeze and a furlough program for State employees. The balance of the shortfall was closed with the application of just over \$2 billion in federal stimulus monies and temporary changes in tax policy, including a one-time increase in the Gross Income Tax rate for about 1% of New Jersey's wealthiest citizens and increases in the taxes on cigarettes and alcohol (excluding beer).

#### Reducing Size and Cost of Government

In order to meet the State's funding priorities in the face of an extraordinary decline in fiscal resources, the FY 2010 Budget includes another major wave of cuts. These reductions are on top of approximately \$3.1 billion in spending cuts and restraints in the original FY 2009 Budget, plus an additional \$1.8 billion in mid-year cuts to keep the budget in balance.

Prominent among the FY 2010 reductions is approximately \$420 million in savings to be achieved through a proposed salary freeze and proposed workforce furlough over the course of the fiscal year. For the third straight year, operational budgets for State departments have been reduced. The FY 2010 Budget assumes more than \$380 million in year-to-year spending reductions on departmental operations. Since January 2006, the Executive Branch workforce has been reduced by close to 4,000 employees. When reductions in State authorities and agencies are taken into account, the total workforce has been reduced by about 7,000 employees. The workforce will continue to shrink in FY 2010 through a continuation of a strict hiring freeze and attrition.

#### Putting Children First

For the second consecutive year, the Budget invests additional resources into New Jersey's school classrooms, increasing direct school aid by \$300 million to \$8.8 billon. This increase includes \$52 million more for existing preschool programs.

Formula aid represents one-half of the \$300 million increase. No school district will receive less than it received in FY 2009, and 171 school districts will receive increases, some up to five percent. The Budget also makes good on Governor Corzine's commitment to phase-in preschool expansion with \$25 million in new funding for newly-created Preschool Incentive Aid. The \$25 million will be available to the "universal" non-Abbott preschool districts for expansion in the 2009-10 school year if they commit their new recovery Title I funds to preschool.

Total school aid is funded at \$11.4 billion, inclusive of federal stimulus funding, which is well over one-third of the \$29.8 billion FY 2010 Budget. Combined, aid to preschool - 12 education and Higher Education represents about 45 percent of the total budget.

#### Preserving and Continuing Property Tax Relief

The FY 2010 Budget includes \$15.7 billion in property tax relief, more than one-half of all spending, with more than \$1.1 billion being directed to the Homestead Rebate Program. All funding for direct relief programs in FY 2010, including all rebates, the Senior Freeze and direct payments, brings total spending over all Corzine Administration budgets to nearly \$7 billion, which is significantly higher than the cumulative total of any previous administration.

Despite the unprecedented strains on State finances, rebates for all senior homeowners have been preserved at last year's levels, averaging over \$1,200. This aid helps to ensure that seniors on fixed income can remain in their homes.

In addition, the Budget continues rebates for non-senior households with incomes below \$75,000. Non-senior homeowners with incomes between \$50,000 and \$75,000 will receive checks averaging about \$700, while those non-seniors with incomes below \$50,000 will receive rebate checks averaging \$900. More than one million New Jersey homeowners will receive in excess of \$1 billion in rebates, averaging more than \$1,000. Two-thirds of homeowners who received rebates last year will continue to receive rebates. The FY 2010 program preserves rebates for both senior and non-senior tenants.

The FY 2010 Budget also funds the Senior Property Tax Freeze program. Spending rises by \$3.5 million to \$172.5 million. Senior Freeze checks averaged in excess of \$1,000 last year. The Governor and Legislature also enacted legislation last year that raised the income eligibility for Senior Freeze benefits.

#### Conclusion

The \$29.8 billion Budget proposed by Governor Corzine is an austere budget, proportionate to these difficult economic times, yet responsive to the core needs of educating and protecting our children, protecting New Jersey's health care safety net and easing the property tax burden shouldered by all citizens.

If the FY 2010 Budget is adopted at \$29.8 billion, the total spending level since Governor Codey's FY 2006 Budget will have increased by \$1.9 billion, or at an annual rate of 1.6%. Approximately \$1.5 billion, or 75 percent of this increase in spending is directly attributable to property tax relief programs, including school aid, the Homestead Rebate and the Senior Freeze Program. Providing health care for children and families and protection for children under the care of the Department of Children and Families accounts for another \$600 million of this increase.

# CHAPTER 2: AN ECONOMIC CHALLENGE ENGULFS THE NATION

No budget is proposed in a vacuum. A budget reflects the economic health of the State. It relies on the amount of revenue that is generated by citizens and businesses, which declines during economic slowdowns. The budget also responds to the needs of residents. As the jobless rate increases, New Jersey families turn to the State for help in securing unemployment benefits; in obtaining Medicaid health care; in helping them keep their homes and not succumb to foreclosure. During any economic downturn, it is difficult to balance falling revenues with rising needs.

This Budget, however, is proposed at a truly historic juncture—New Jersey joins its fellow states in facing an international economic challenge, a slowdown larger than any this nation has faced since the Great Depression. The U.S. officially entered recession in the final quarter of 2007, but the downturn intensified dramatically in the third quarter of 2008. The nation's Gross Domestic Product plummeted in the fourth quarter of 2008 to a level not seen in the post-World War II era. The national unemployment rate has increased by more than 50% since the beginning of 2008. Forty-six states are struggling to fill budget gaps, which, when combined, are estimated to reach \$350 billion or more by fiscal year 2011. We truly face a once-in-a-generation fiscal emergency.

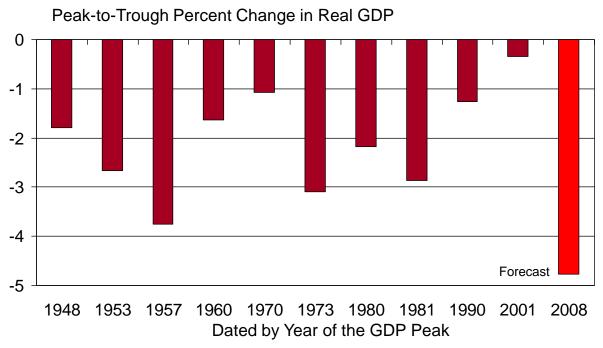

Last year's Budget began to prepare New Jersey for the possibility of an economic downturn. Governor Corzine had the foresight to reduce the Fiscal 2009 Budget by \$600 million below that of fiscal 2008. When combined with the reductions recommended for fiscal 2010, the total savings over that two-year period exceeds the total State appropriation provided for the entire State Budget in 1978. State government has become leaner; our State workers are working harder with fewer resources to provide the citizens with the services they need. Due in part to such actions, the deficit that New Jersey faces is not as deep as some of the other states. We are thankful that the State's unemployment rate continues to be below the national average. Nevertheless, there is no question that we as a State have been hit terribly hard by this downturn. The State's base revenues have dropped by over 12% the last two fiscal years. The Proposed Budget is now at a lower level than Governor Corzine's first proposed budget, even as the needs of our citizens have increased.

The following charts help illustrate the international economic downturn that shapes the Governor's *Proposed Budget* for Fiscal 2010, and help explain the excruciatingly difficult decisions that this Administration made in preparing this document.

## The Nation Faces the Greatest Economic Crisis since the Great Depression

• The nation is dealing with a historic economic slowdown, which has already resulted in the largest yearly decline in U.S. Gross Domestic Product in the post-war era

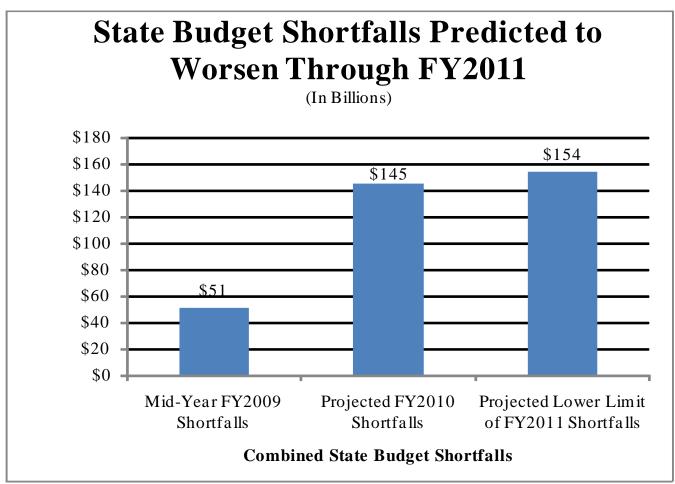

## The U.S. 2008 GDP Decline is the Worst in Post-War History

Source: IHS Global Insight (March 2009)

# Almost All States Are Facing Crippling Budget Shortfalls, Estimated to Total a Combined \$350 Billion by Fiscal Year 2011

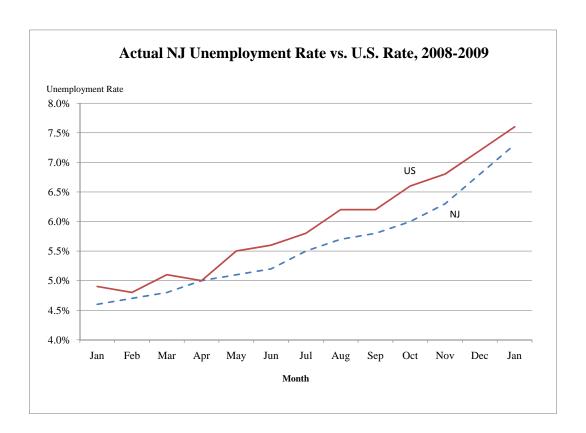

- 46 states are facing fiscal stress in their current and upcoming fiscal years, according to the Center on Budget & Policy Priorities
- The shortfalls are expected to become worse over the next two years
- When combined, these shortfalls are estimated to total \$350 billion to \$370 billion by fiscal year 2011

Source: Center on Budget & Policy Priorities, 2/10/09

# The Unemployment Rate Has Risen in New Jersey over the Course of This Economic Crisis, but It Remains Below the National Unemployment Rate

- The U.S. unemployment rate has increased by more than 50% since the beginning of 2008, to 7.6% in January 2009
- New Jersey's unemployment rate has risen from 4.6% to 7.3%, but remains below the national unemployment rate

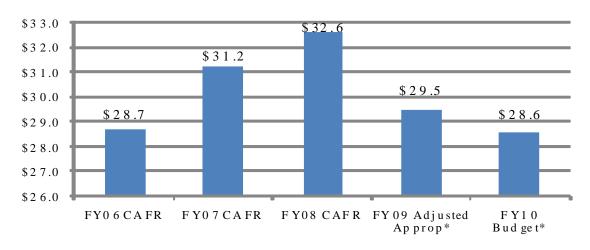

### NJ's Fiscal Challenge—Revenues Have Dropped 12% Over Two Years

- New Jersey's base revenues are down 12% since fiscal 2008
- In fiscal 2009, revised revenues have decreased in all three major categories of taxes:
  - o Corporate revenue is down 12.0%
  - Sales tax revenue is down 7.6%
  - o Income tax revenue is down 11.4%
- Revenues are now below the level they were when Governor Corzine assumed office in 2006, even as inflation and citizens' need for services have increased

# CHAPTER 3: GOVERNOR'S CORE FISCAL Principles

The road ahead will be difficult, but this *Governor's Budget* is a roadmap for how the State will navigate the current economic crisis. Although the crisis leaves New Jersey no choice but to make do with billions of dollars less in financial resources to meet its priorities, this Budget meets core needs without overburdening taxpayers and positions the State for a return to prosperity for all its citizens. In the interim, this Administration continues to follow a set of core fiscal principles, not just in preparing this Budget, but in all its policies and actions. These core principles are:

#### Restoring Fiscal Solvency

From his first day in office, Governor Corzine has committed his Administration to helping the State overcome the structural deficit he inherited. Moody's downgraded the State's bond ratings three times from 1992 until the Governor assumed office. In response, and for the first time in State history, the Governor proposed two consecutive budgets that cut spending from the previous year. His Fiscal 2008 and 2009 Budgets assumed no new taxes, while reducing the tax burden for working families and New Jersey businesses. This year's Budget continues to make the hard decisions necessary to achieve balance while maintaining core services.

#### A Commitment to Transparency

The Governor issued Executive Order 103, which commits his Administration, whenever possible, to pay for recurring costs through recurring revenues, while publicly reporting on his Administration's success in doing so. Due to the current economic situation, the Governor has been forced to suspend this executive order so he can limit tax increases for one year. Working with the Legislature, he signed new budget reforms requiring that all changes to the *Governor's Budget* be made public before being voted on. Moreover, the Governor has pledged that citizens have access to information about every dollar of federal stimulus funding that the State will receive.

#### Spending Your Tax Dollars Wisely

Governor Corzine's budgets have increased at an annual rate of 1.6% over the past four years. This increase is well below the average annual rate of inflation (3.3% between 2006 and 2008) and the growth rate of administrations since 1951 (11.6%), even as the cost of services has increased. Governor Corzine has done so, in part, by making sure that State Government is leaner and more efficient. He has reduced staffing levels by a total of nearly 4,000, and cut spending on government's direct costs. To reduce the property tax burden, he has strengthened the 4% caps on local governments to slow the costs of local government. Like residents and businesses throughout this State, New Jersey government is tightening its belt to deliver the best services possible at the lowest price.

#### Focusing on Key Services

The State faces a drop in base revenue of over 12% since fiscal year 2008. However, the Governor has committed his Administration to maintaining the key services that citizens expect from their government. Thus, this Budget maintains the State's commitment to funding the Governor's new Education Formula, which ensures that all disadvantaged children are supported, no matter where they live. The Governor has, whenever possible, supported the State's pension obligations, paying more into the pension funds over his Administration than other administrations had done for defined benefit plans over the previous fifteen years combined. He continues to fund property tax refunds to help as many residents as possible to offset this burden. His Administration has provided more in property tax refunds than any previous administration. Moreover, even during this fiscal emergency, his proposed Budget maintains State aid to municipalities and counties.

#### Shared Sacrifice

The current economic crisis is deep, and no one is under any illusions that it will be short. The Governor believes that, to weather this crisis, all stakeholders in the budget must share some responsibility to keep New Jersey's fiscal house in order. State workers are paying a higher percentage of their wages for pension and health-care costs, just like so many of their private sector counterparts.

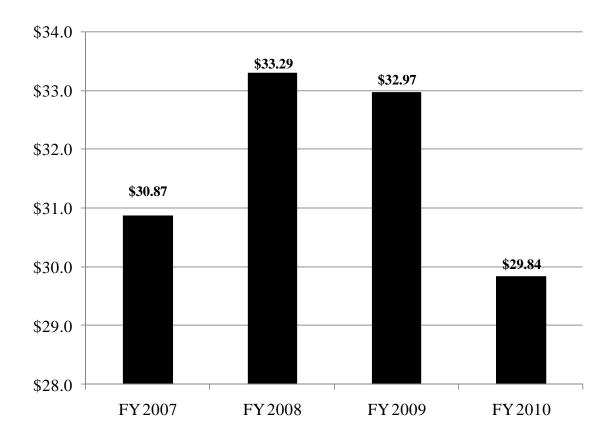

#### Making the Right Choices

The Governor is now calling on State workers to help even more by agreeing to furloughs and wage freezes through the end of fiscal 2010. In his last two budgets, the Governor proposed to reduce spending below the prior year amount, something that has never happened in New Jersey's history. While he did not rely on tax increases in his Fiscal 2008 and 2009 Budgets, he is asking for all citizens and businesses to shoulder some of the burden through targeted and temporary revenue increases. By working together to move the State in the right direction, we can collectively navigate through this difficult period and emerge stronger and more prosperous.

The following charts help illustrate the types of actions that this Administration has taken, and will continue to take, to help guide New Jersey to a more fiscally sound future.

# Corzine Budget Recommendations

(In Billions)

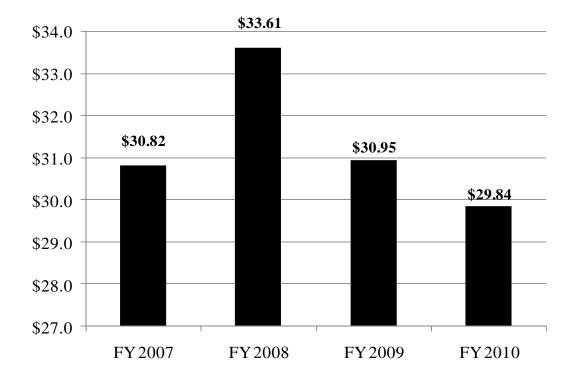

#### A. Restoring Fiscal Solvency

# In Preparation, Governor Corzine Began Cutting the Budget Last Year, Before the Economic Slowdown Was Evident

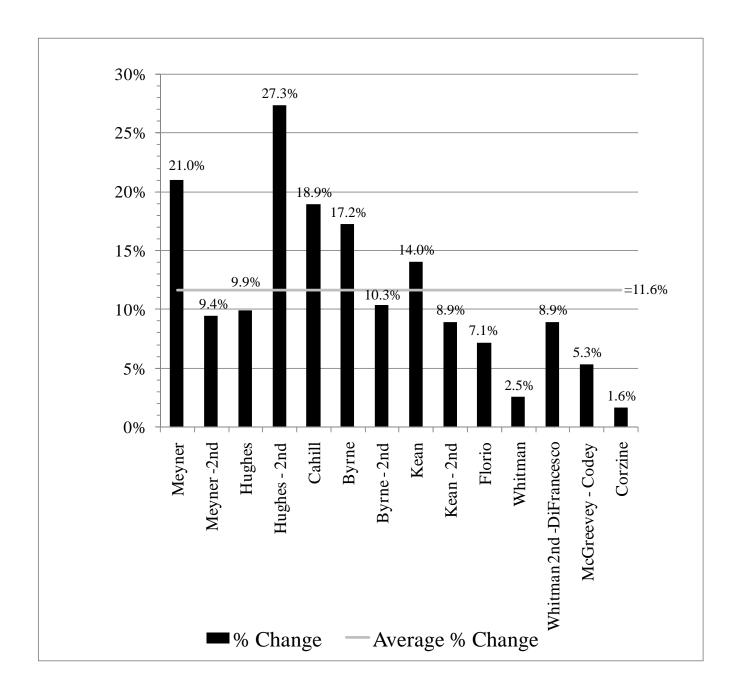

• For the first time ever in State history, this Administration has proposed two consecutive Budgets that decrease spending from the previous year

# Corzine Administration Spending

(In Billions)

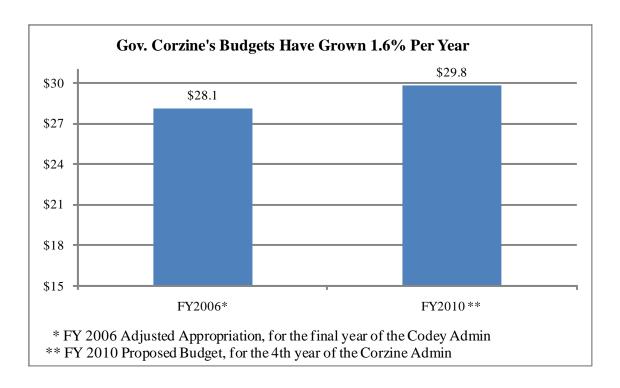

# Corzine Administration has Lowest Average Percent Change in Adjusted Appropriations

# Governor Corzine Has Held the Growth in His State Budgets to Less Than Half the Rate of Inflation

• Governor Corzine's Budgets have grown at an average annual rate of 1.6%, less than half the rate of inflation since 2006 (3.3%)

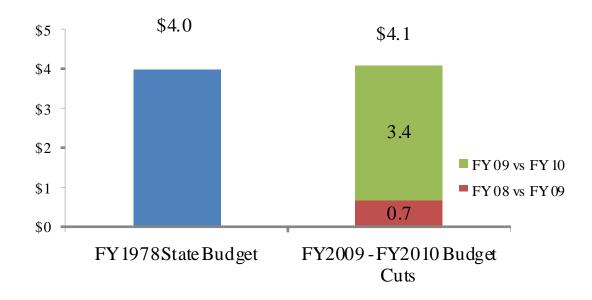

# Combined Reductions over the Last Two Budgets Exceed the Entire 1978 State Budget

• The combined amount of reductions in the Fiscal 2009 Budget and proposed reductions in the Fiscal 2010 Budget (\$4.1 billion), exceeds the ENTIRE fiscal 1978 State Budget (\$4.0 billion)

# Total FY 2009/FY 2010 Budget Reductions Exceed FY 1978 State Budget

(\$ in Billions)

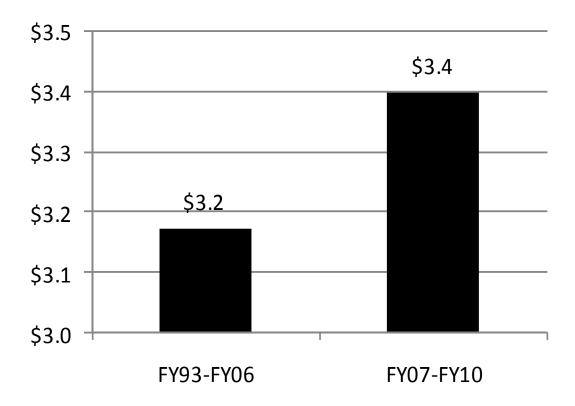

#### **Comparison of State Pension Contributions Prior to the Corzine Administration**

- Despite the constraints in the economy, even with reduced pension contributions in fiscal 2009 and fiscal 2010, this Administration has provided more funding for all pension systems than the State's total combined contributions from fiscal 1993 through fiscal 2006.
- When considering the contributions for only the defined benefit plans, the State will have contributed more in the past three years than the amount contributed in the preceding 15 years, combined.

# Comparison of State Pension Contributions Prior to the Corzine Administration

(In Billions)

# Projected FY 2008 – FY 2022 Savings from the Pension and Health Benefit Reforms Effective July 1, 2007

(In Millions)

	State		Local		Total

#### General Fund Contributions to UI Fund

\$0 - Previous Administrations

\$410 million - Corzine Administration

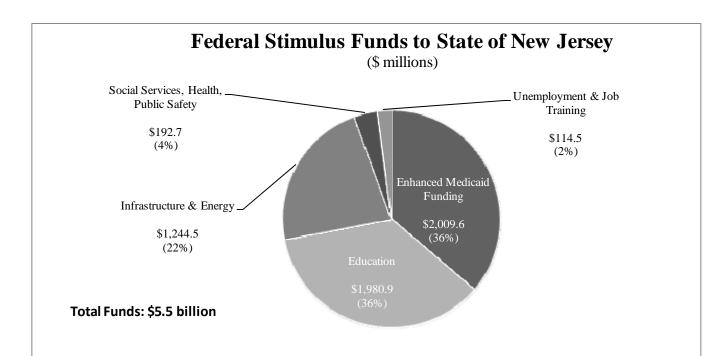

\$260 million in FY08

\$150 million in FY09

Resulted in avoiding \$670 million of employer taxes

#### **B.** Commitment to Transparency

- Working with the Legislature, the Governor reformed the budget process. For example, any changes to the Governor's Budget now must be publicized before they can be considered by the Legislature, so that everyone knows who requested every additional taxpayer dollar.
- Under Executive Order No. 103, the Governor publicly certifies the amount of recurring revenue, with a goal of only relying on such revenue to fund day-to-day State spending. Due to the current economic situation, the Governor has been forced to suspend this executive order so he can limit tax increases for one year.
- Once the Budget is approved, the Governor publishes a new *Citizens' Guide to the Budget*, to give citizens a clear, concise understanding of how much the State will be spending, and for what purposes.
- The Governor has launched a new website, so each citizen can monitor how the State distributes and uses every dollar of the federal stimulus funds. These funds will be overseen by a new NJ Recovery Accountability Task Force. The website can be accessed at: <a href="https://www.recover.nj.gov">www.recover.nj.gov</a>

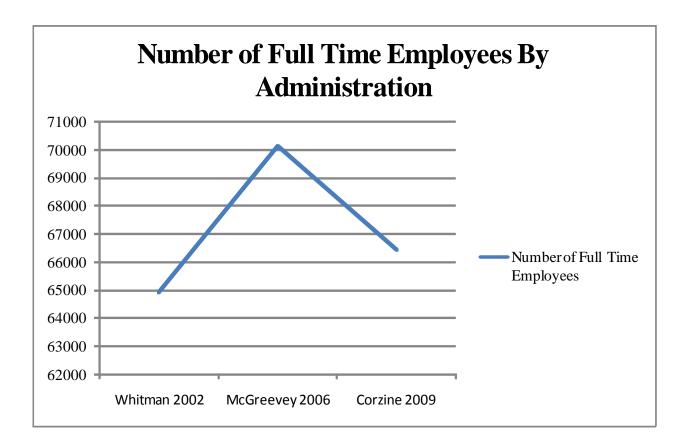

72% will go towards Medicaid and Education.

Of the federal stimulus funds received by the State of New Jersey between fiscal 2009-2011, approximately

#### C. Spending Your Tax Dollars Wisely

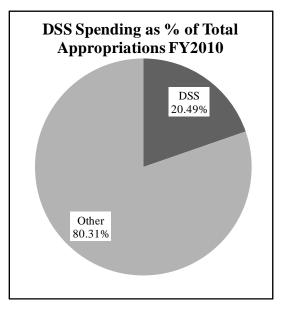

• This Administration has reduced the number of Executive Branch State workers by almost 5.5% during its time in office

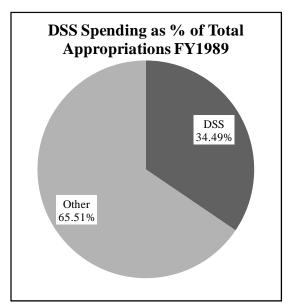

#### **Working to Make State Government More Efficient**

- In next year's proposed Budget, Direct State Services Spending is about 20% of total appropriations
- In contrast, in fiscal 1989, Direct State Services Spending made up almost 35% of total appropriations

FY 2010 Direct State Services (DSS) Reduced by Nearly Half in 20 Years

FY 2010

# Where Does the Money Go? State Aid and Grants Represent Nearly Three Quarters of the Budget

(In Billions)

#### Total Budget is \$29.8 Billion

#### Nearly three quarters of every dollar goes to Property Tax Relief and Grants-in-Aid

State Aid: includes Education Aid programs, Municipal Aid, Property Tax Relief programs, General Assistance, and Aid to County Colleges.

*Grant-In-Aid:* includes Property Tax Relief programs, Medicaid, Pharmaceutical Assistance for the Aged and Disabled, Nursing Home and long-term care alternative programs, and support for Higher Education.

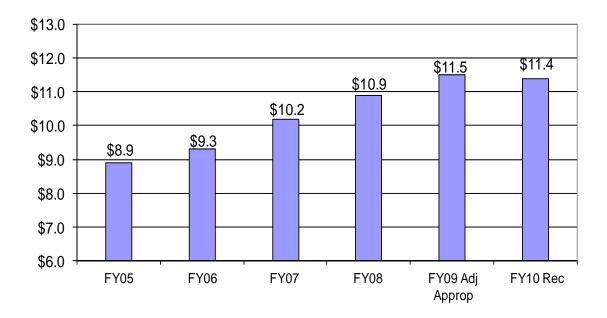

*Operations Executive:* includes funding for adult prisons and juvenile facilities, State Police and other law enforcement programs, Human Services institutions, veterans homes, Children and Families and the Public Advocate Departments.

(1) Total Debt Service is \$2.5 billion; School Construction Debt is reflected in State Aid.

#### **D.** Focusing on Key Services

# State Aid for Education (Includes Pension Contributions)

(In Billions)

State Aid for Education has increased 28% since 2005.

FY 10 includes \$1.05 billion in federal stimulus funding.

#### School Aid

#### **Education Remains Governor Corzine's Top Priority**

Governor Corzine fought to fund the new school funding formula for the Fiscal 2010 Budget as well as make other strategic investments in education. In total, direct school aid will increase by about \$300 million in fiscal 2010, which translates into a real increase in funding reaching the classroom. This is notable in light of current economic circumstances, particularly considering the decreases in school aid that other states have been forced to make.

#### **Supporting the New School Funding Formula (SFRA)**

The new school funding formula distributes aid to all school districts on a more equitable and predictable basis than the prior funding formulas or other methods used by the State prior to the School Funding Reform Act (SFRA).

For the 2009-10 school year, the caps on increases in aid for districts above and below adequacy have been adjusted, due to the extraordinary fiscal circumstances the State is facing. Increases will be capped at 5% for districts with budgets below the adequacy budget benchmark. All districts currently spending above the adequacy benchmark will not receive an increase in state aid under the formula.

The total increase in formula aid is about \$151 million with 171 districts receiving increases.

#### **Expanding Preschool: The Right Decision in Difficult Times**

Governor Corzine has also kept his commitment to a phase-in of the preschool expansion with a \$25 million increase in the FY 2010 Budget for the newly-created Preschool Incentive Aid. This is in addition to \$596 million invested in existing preschool programs, the vast majority of which is spent on the Abbott preschool programs. This is an extraordinary investment and commitment in light of the current economic circumstances. It is based on the Governor's longstanding recognition of the need for high quality early childhood education to help close the achievement gap for students before they reach kindergarten and his recognition of the need to replicate Abbott preschool opportunities for students in Non-Abbott districts.

The new \$25 million in Preschool Incentive Aid will be available to the "universal" Non-Abbott preschool districts for preschool expansion for the 2009-2010 school year. The "universal districts" are those in District Factor Group A and B, as well as districts with 40% or more at-risk students among District Factor Group C and D. These districts are not required to provide preschool in the 2009-10 school year. However, Preschool Incentive Aid is being provided to leverage new federal funds to begin phase-in of the preschool expansion set forth in the School Funding Reform Act (SFRA). Eligible districts must meet specified criteria to access these funds for preschool expansion: first, the districts must provide full-day kindergarten and second, the districts must use their new Title I funds made available under the federal recovery act, the American Recovery and Reinvestment Act (ARRA), for preschool. Additional criteria and information will be specified by the NJ Department of Education.

Given constraints on state resources, state funds are not available for FY 2010 for the "targeted" districts (districts that are only required to serve at-risk students) for preschool expansion. As a result, "targeted" districts will not be required to begin offering preschool to at-risk students in the fall of 2009. However, the Governor strongly encourages the "targeted" districts to use their new Title I funds provided by the ARRA to support preschool. Additional guidance forthcoming from the U.S. Department of Education should help districts determine the best way to use their Title I dollars to support preschool expansion.

#### **School Aid**

- For the second consecutive year, the Budget invests additional resources into New Jersey's school classrooms, increasing direct school aid by over \$300 million to \$8.8 billion.
- The Administration continues its commitment to early childhood education by including \$52 million more for existing preschool programs.
- The Budget also includes \$25 million in funding for newly created Preschool Incentive Aid. These funds will be available to non-Abbott districts with high concentrations of poverty for expansion in the 2009-2010 school years if they commit their new recovery Title 1 funds to preschool.

# School Aid \$ 304 Million Increase in Funding for Classrooms School Aid Represents 35% of Total Budget

Total School Aid	\$	11,479.5	\$	11,385.5	\$	(94.0)

st Includes \$1,057 million in federal stimulus funding.

## **Providing Services for Our Children and Young Adults**

#### **School Aid**

• The School Funding Reform Act has provided a total of over \$665 million in increased formula aid in FY 2009 and FY 2010. Direct aid increased by \$795 million in that same period.

#### **Maintaining Support for Higher Education**

- Overall support for Higher Education increases by 2%.
- The largest area of percentage growth is in student financial assistance, which is expected to grow rapidly as more people turn to higher education in response to shrinking employment opportunities due to the recession.
- Debt service costs are declining, as higher education facilities bonds mature and are paid off.
- Major growth is funded for UMDNJ-Stabilization support, institutional fringe benefits, and Student Assistance (Tuition Aid Grants).
- Tuition Aid Grants growth is supported in Fiscal 2010 by federal Fiscal Stabilization Funds from the stimulus bill.
- Operating support for institutions (all sectors) is reduced by 5% but implementation of furlough days by public colleges and universities in fiscal 2010 could yield savings to more than offset reductions in operating support.

Note: Implementation of furlough days by public colleges and universities in FY 2010 could yield savings to more than offset reductions in operating support.

<sup>(</sup>b) Includes funding from Federal Fiscal Stabilization of \$34.08 million in FY 2010.

 $<sup>^{\</sup>rm (c)}$  Includes use of off-budget fund balances totaling \$1 million in FY 2009.

#### **Protecting the Most Vulnerable of Our Population**

#### Department of Children and Family Growth

• Growth in the Department of Children and Families of \$368 million represents an increase of over 50% during the Corzine Administration, largely for the requirements of the Modified Settlement Agreement (which mandates DCF to meet specific requirements agreed to by both parties).

#### NJ FamilyCare /KidCare

• Between fiscal 2006 and fiscal 2009, enrollment was re-opened to parents with incomes between 100% and 200% of federal poverty level. Beginning January 2006, the Governor's initiative to promote health insurance to children has increased their enrollment.

#### Divisions of Developmental Disabilities and Mental Health Services

- Between fiscal 2006 and 2009, growth was provided in community-based services to address the U.S. Supreme Court's *Olmstead* decision, to provide services for developmentally disabled clients on the Community Services Waiting List, and to provide prior year cost of living increases to community providers.
- Additionally, growth was provided to state institutions for salary increases for employees at the five state psychiatric hospitals and seven state developmental centers, and increased support for the six county psychiatric hospitals.
- Finally, savings also were achieved from maximizing federal and dedicated revenues, management efficiencies, overtime reductions, and shifts of several programs to other departments and divisions within Human Services.

Mental Health / Developmental Disabilities	113
NJ Transit	23
Other Increases and Decreases	(659)
Total	\$ 1,921

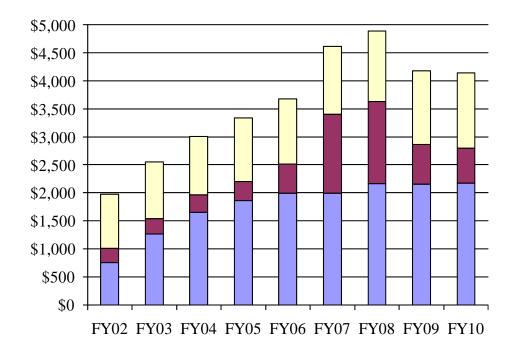

\*State Employees & Higher Education Employees only

#### **Employee Benefit costs**

- The costs for employee benefits continue to represent a significant dedication of state resources
- Growth has been contained in fiscal 2010 through a temporary reduction in funding for pensions. The lower contributions are necessary to sustain the Administrations's first priorities—nurturing our children, honoring seniors, and protecting the most vulnerable.

## Employee Benefit Costs

(In Millions)

■ Health Benefits/PRM ■ Pensions/Debt Service □ Employer Taxes

Footnote: FY09 reflects the revised proposed spending for pensions.

# CHAPTER 4: FISCAL YEAR 2010 BUDGET SOLUTIONS

The Fiscal 2010 Budget achieves balance through the largest reduction in modern state history.

Faced with the worst economic crisis in seven decades, the Corzine Administration undertook a painstaking, line-by-line review of state spending. If the budget is adopted intact, about 850 of the 2,400 line items - nearly 40% - will be trimmed or eliminated.

The result: A budget that makes the right choices, after many painful decisions, to close a \$7 billion projected shortfall. State workers, taxpayers, mayors, hospital administrators, college and universities all are being asked to play a small part in helping their government manage through this unprecedented crisis.

Despite the size of the overall reduction, the budget succeeds in dedicating precious public resources to our children, our elderly, the jobless, the poor, and other vulnerable residents. The safety of our citizens remains a top priority.

In comparison to the current year adjusted appropriation, the proposed Fiscal 2010 Budget slashes total spending by \$3.4 billion to \$29.8 billion. The budget is \$1 billion smaller than the first one recommended by Governor Corzine four years ago. It is the second year in a row the Governor has sought a budget that is less than the one he signed the year before.

The budget would have been \$6 billion higher if growth had gone unchecked. This increase was offset by nearly \$4 billion in cuts or growth deferrals and \$2.2 billion in federal stimulus funds. The Fiscal 2010 Budget reduces the cost of State Operations by \$380 million. A proposed salary freeze and a proposed workforce furlough will result in \$420 million in savings.

With federal stimulus, the Budget still provides \$15.7 billion in property tax relief, more than half the budget. This includes \$11.4 billion in support for preschool-12 education. Direct school aid will rise by \$304 million - one of the few increases in the budget, and the largest.

The Fiscal 2010 Budget maintains Homestead Rebates for nearly 1.9 million households, including senior citizens who earn \$150,000 or less as well as non-seniors who earn \$75,000 or less. More than 1 million homeowners will receive an average check of more than \$1,000.

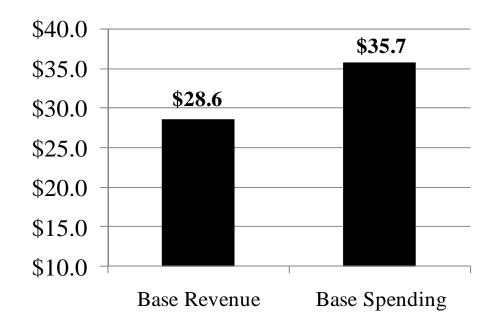

It sets aside a \$500 million reserve as a buffer against further unexpected downturns.

Despite the harsh fiscal climate, the Fiscal 2010 Budget contributes \$400 million into the state pension funds. Over the four-year term, the Corzine Administration has contributed more than \$3.4 billion into the retirement systems. That exceeds combined state payments from fiscal 1993 through fiscal 2006. For these same four years, this Administration will have contributed more to the defined benefit plans than the combined prior 15 years.

To help offset a historically large falloff in revenues, it requires some temporary, limited tax increases, including a one-year increase in the income tax rate for those earning more than \$500,000. Only 1% of all taxpayers must pay the higher rate.

# FY 2010 Base Revenue vs. Base Spending

(In Billions)

FY 2010 projected base spending exceeded base revenues by \$7.2 billion or 25% before solutions.

Comparing Approp Act to Approp Act

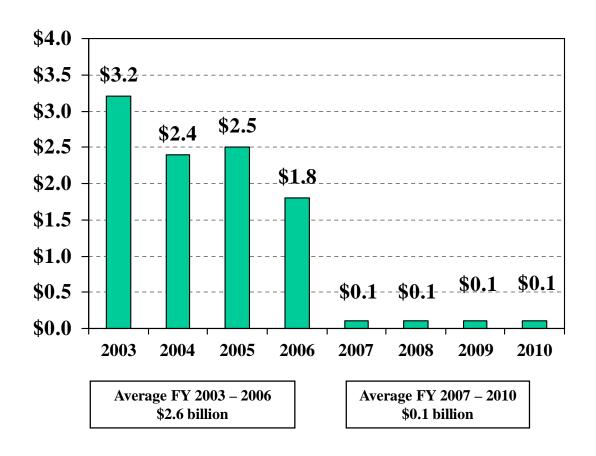

\* FY 2008 Budget assumed federal funding shortfall which did not materialize.

\*\* Of the FY 2007 amount, \$650 million was related to Sales Tax Revenue deferred for Property Tax Relief purposes.

\*\*\* Certain actions reflected on past versions of this chart were removed if the diversion was maintained for at least three years and is expected to continue.

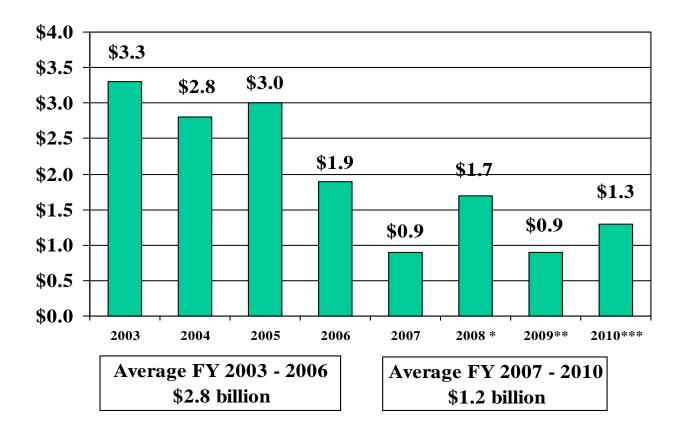

# Average Annual Diversions from Dedicated Funds Down by 96% Compared to FY 2003 – FY 2006

(In Billions)

# Diversions from Dedicated Funds, Federal Stimulus and Prior Year Surpluses

(In Billions)

<sup>\*</sup> Includes \$650 million of deferred Sales Tax revenue.

<sup>\*\*</sup> FY09 includes \$250 million in federal stimulus-stabilization funds.

<sup>\*\*\*</sup> FY10 includes \$1.1 billion in federal stimulus-stabilization funds.

Governor Corzine has taken important steps to alleviate the property tax burden, which, to many, is New Jersey's most pressing problem.

In 2007, in conjunction with the Legislature, he enacted a new law requiring local officials to limit annual increases in property tax levies. The goal was 4 percent, with several exceptions that would permit higher levies. The so-called "levy cap" law took full effect in 2008.

In the five years before the new limits were put in place, the total levy rose by an annual average of 6.6 percent. In 2008, the school levy - by far the largest part of most local property tax bills - rose by just 3 percent. The growth of the total levy - including municipal and county taxes - was limited to 4.9 percent. While higher than the desired goal of 4 percent, it was the lowest rate of growth in a decade. Had the 2008 levy instead risen by the 6.6 percent five-year average, local taxpayers would have paid nearly \$378 million more in property taxes.

The stabilizing effect of the Governor's policies is also reflected in average tax bills, where growth in 2008 was limited to 3.7 percent. In the previous five years, the average annual increase was 6.5 percent. At that rate, last year's statewide average tax bill would have been \$193 higher.

Looking at another measure, in 2005, average bills increased by 10 percent or more in 82 municipalities. As further evidence that 2007 property tax reforms are taking hold, that number fell to 20 last year. In 2005, average bills rose 4 percent or less in just 114 municipalities. Last year, the number jumped to 266. That's nearly half of all New Jersey municipalities.

The proposed Fiscal 2010 Budget furthers the Governor's commitment to try to ease the property tax burden.

With federal assistance, more than half the budget - \$15.7 billion - is dedicated to programs that reduce the burden on property taxpayers.

This includes \$11.4 billion in support for preschool - 12 education. Direct school aid will rise by \$304 million - one of the few increases in the budget, and the largest.

The current global recession will force temporary reductions in direct property tax relief payments to state residents in the 2010 budget year. Even so, no previous administration will have provided more direct relief to property taxpayers. Counting payments planned for the new budget year, taxpayers will have received a record \$6.9 billion during Governor Corzine's administration.

The Fiscal 2010 Budget allots nearly \$1.7 billion for property tax relief through direct cash payments or credits to State residents.

The largest of the state's direct property tax relief programs is the Homestead Property Tax Credit/Rebate program for homeowners and tenants. Despite severe budget constraints, this Budget still allocates \$1.174 billion for fiscal 2010.

The homeowner's portion of the Fiscal 2010 Homestead Credits/Rebates for Homeowners program is recommended at \$1.044 billion.

In excess of one million homeowners will receive rebates at an overall average of more than \$1,000 per homeowner. An estimated 500,000 seniors will receive average checks of \$1,250, while more than 500,000 non-seniors will receive average rebate checks of \$800. Overall, nearly 782,000 homeowners will receive the same rebate levels that they received in fiscal 2009.

Funding for Homestead Property Tax Rebates for Tenants totals \$129 million. More than 800,000 tenants will also continue to receive direct property tax relief in the form of rebates from the Homestead Rebates for Tenants program.

The Fiscal 2010 Budget also funds the Senior Property Tax Freeze program. Spending rises by \$3.5 million to \$172.5 million. Senior Freeze checks averaged in excess of \$1,000 last year. The Governor and Legislature also enacted legislation last year that raised the income eligibility.

While many other states have reduced aid support for public education during these difficult economic times, Governor Corzine's budget increases direct aid by approximately \$300 million. This increase will provide vitally important resources for the classroom. No district will receive less than it received in FY 2009, and 171 school districts will receive increases. This aid will help ease the local burden for funding educational programs through the property tax.

Also in the Fiscal 2010 Budget, municipal aid has been held essentially flat at \$1.803 billion. Governor Corzine and the Legislature also adopted several other reforms that will have a lasting impact on property taxes.

The efforts of the State Comptroller will have a strong deterrent effect on wasteful spending, and will continue rooting out mismanagement at all levels of government. This will save taxpayer dollars.

Last September, Governor Corzine enacted legislation that mandates sweeping pension and health benefit reforms at both the State and local levels of government. Local savings alone will exceed \$1.6 billion through 2022.

Governor Corzine also has proposed legislation that would give municipalities, towns, counties and school boards a temporary break from their full pension contributions at a time when local budgets are under the financial strain of a global recession. It would protect property taxpayers from having to shoulder an additional \$500 million in budgetary costs to local governments at a time when many households and businesses are experiencing severe fiscal stress.

Since its initial meeting last summer, the Local Unit Alignment, Reorganization and Consolidation Commission have worked hard to identify service areas ripe for municipal cost-sharing. Those areas include health, courts and emergency management. During the Corzine Administration, municipalities have received 104 grants totaling nearly \$7.6 million through the Sharing Available Resources Efficiently (SHARE) program.

# Funding for Property Tax Relief More Than Half of Budget Funds Property Tax Relief

#### (In Millions)

<u>Programs</u>	FY 2009 Adjusted Approp.	FY 2010 Budget	\$ Change			
School Aid	\$ 11,479.5	\$ 11,385.5 *	\$ (94.0)			
Municipal Aid	1,834.3	1,803.1	(31.2)			
Other Local Aid	888.4	810.5	(77.9)			
Direct Taxpayer Relief	2,439.5	1,726.1	(713.4)			
Total Direct Aid	\$ 16,641.8	\$ 15,725.2	\$ (916.5)			

<sup>\*</sup> Includes \$1,057 million in federal stimulus funding.

- Funding for Property Tax Relief still makes up more than half of the State Budget.
- There is an increase of \$304 million in Formula Aid, \$93 million in school building aid, and \$74 million in other aid. The net decrease in School Aid primarily reflects the deferral of pension contributions.
- Last year's growth in average residential property tax bills was limited to 3.7% compared to an average increase of 6.5% over the preceding five years.

# Direct Property Tax Relief Is Preserved for Senior Citizens and Those with Incomes under \$75,000

- The reduction in Direct Property Tax Relief exclusively affects non-senior residents of the state while preserving and even increasing direct tax relief for senior citizens. Eligibility for the Senior Tax Freeze program is expanded to include 20,000 more seniors.
- In fiscal 2010, homestead rebates for seniors and mid-income non-seniors remain at this year's level, providing a rebate of 20% of the property tax bill for seniors under \$100,000 in income and non-seniors under \$50,000 in income. Higher income seniors (over \$100,000) will continue to receive rebates at 10% and, for one year, non-seniors up to \$75,000 will be reduced to two-thirds of what they received this year.
- Temporary cuts in homestead rebates affect non-seniors over \$50,000 in income, with rebates for non-seniors over \$75,000 in income temporarily eliminated.
- The property tax deduction on the State's income tax is preserved for all seniors and for non-seniors with incomes less than \$150,000.

### Direct Property Tax Relief

(In Millions)

	FY 2009 Adjusted Approp.		FY 2010 Budget		\$ Change	
Homestead Property Tax Credits/Rebates for Homeowners	\$	1,583.5	\$	1,044.4	\$	(539.1)
Homestead Rebates for Tenants		124.0		129.2		5.2
Senior/Disabled Citizens Property Tax Freeze		169.0		172.5		3.5
Property Tax Deduction Act		471.0		291.0		(180.0)
Municipal Reimbursement - Veterans' Tax Deductions		71.5		69.5		(2.0)
Municipal Reimbursement - Senior/Disabled Citizens' Tax Deductions		20.5		19.5		(1.0)
Total Direct Property Tax Relief	\$	2,439.5	\$	1,726.1	\$	(713.4)

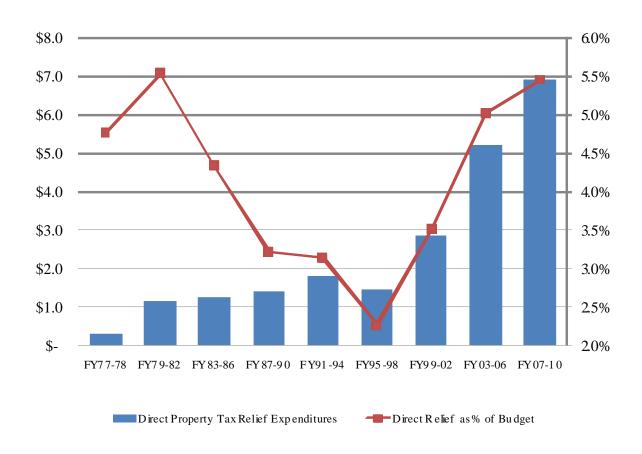

#### **Governor Corzine Increased Funding for Direct Property Tax Relief**

- During Governor Corzine's Administration, spending on direct property tax relief programs has increased by approximately 33% to nearly \$7 billion, from the previous four year period total spending of \$5 billion.
- This comprises 5.5% of the four-year total State budget the highest percentage for any administration since Governor Byrne (FY 1979-1982).

#### Direct Property Tax Relief Expenditures FY 1977 – FY 2010

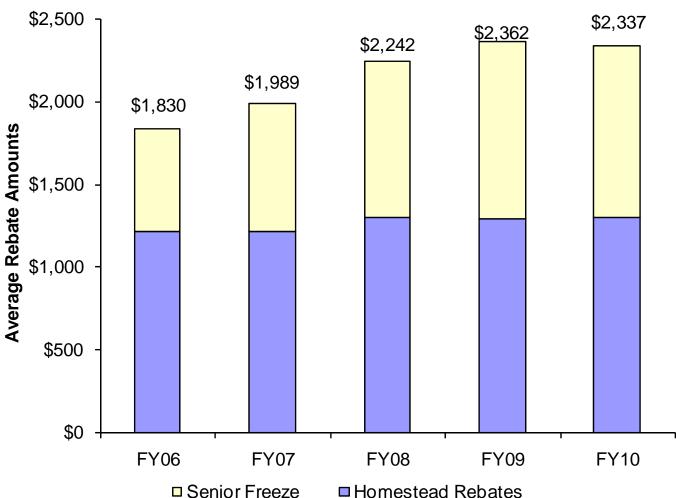

Corzine Administration Provided Nearly \$7 Billion in Direct Property Tax Relief

(In Billions)

Programs Included: Homestead Rebates for Homeowners, Homestead Rebates for Tenants, Senior Tax Freeze, NJSAVER, Senior and Disabled Citizens' Property Tax Deduction and Veterans' Property Tax Deduction.

# Substantial Property Tax Relief for Senior Homeowners Continues

- The average combined reimbursement for property taxes to senior homeowners eligible for both the Homestead Rebate and Senior Property Tax Freeze program will be over \$2,300 in fiscal 2010.
- The Senior Freeze program is expanded to include seniors with incomes up to \$70,000 in fiscal 2010, an estimated increase of 20,000 seniors, with the average benefit for all 166,000 program recipients estimated at over \$1,000.
- The Fiscal 2010 Homestead Rebate program will provide the same benefit level to seniors as in fiscal 2009, with average checks of \$1,300 for those with incomes up to \$70,000.

# FY 2010 Property Tax Relief Benefit Levels

Homeowner Income (Seniors)	Projected Recipients	Percent of Property Taxes	Average Benefit	
\$0-100,000	468,000	20%	\$1,295	
\$100,001-150,000	36,000	10%	\$763	

Homeowner Income (Non-Seniors)	Projected Recipients	Percent of Property Taxes	Average Benefit	
\$0-50,000	278,000	20%	\$890	
\$50,001-75,000	232,000	13.34%	\$670	

Tenant Income (Seniors)	Projected Recipients	Maximum Benefit	
\$0-100,000	108,000	\$860	

Tenant Income (Non-Seniors)	Projected Recipients	Maximum Benefit
\$0-50,000	622,000	\$80
\$50,001-75,000	117,000	\$54

Senior Freeze	<b>Projected Recipients</b>	Average Check
First Time Recipients	40,000	\$225
Repeat Recipients	126,000	\$1,298

- In fiscal 2010, homestead rebates for seniors and mid-income non-seniors remain at this year's level, providing a rebate of 20% of the property tax bill for seniors under \$100,000 in income and non-seniors under \$50,000 in income. Higher income seniors (over \$100,000) will continue to receive rebates at 10% and, for one year, non-seniors up to \$75,000 will be reduced to two-thirds of what they received this year.
- Rebates for tenants are unchanged for seniors, temporarily reduced to two-thirds for non-seniors with incomes between \$50,000 and \$75,000, and temporarily eliminated for non-seniors with incomes over \$75,000.

### Municipal Aid

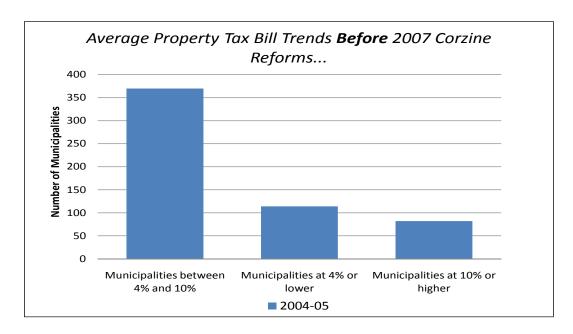

(In Millions)

	FY 2009 Adjusted Approp.	FY 2010 Budget	\$ (	Change
Consolidated Municipal Property Tax Relief Aid (CMPTRA) / Energy Tax Receipts	\$ 1,597.4	\$ 1,565.3	\$	(32.1)
Special Municipal Aid	145.4	142.4		(2.9)
Trenton Capital City Aid	35.6	34.9		(0.7)
Extraordinary Aid	25.0	24.5		(0.5)
Consolidation Fund / SHARE	3.0	8.0		5.0
Highlands Protection Fund Aid	12.0	12.0		-
Open Space - Payment In Lieu of Taxes (PILOT)	10.0	10.0		-
Regional Efficiency Aid Program (REAP)	6.0	 6.0		
Total Direct Municipal Aid	\$ 1,834.3	\$ 1,803.1	\$	(31.2)

- The largest pot of municipal funding \$1.6 billion available from Consolidated Municipal Property Tax Relief Aid and Energy Tax Receipts is being reduced by 2 percent. The reduction is being allocated using principles also used to allot most education aid. Municipalities with low tax rates and high incomes will receive 95 percent of their funding, while those with high tax rates and low incomes will receive 100 percent.
- The recommended municipal aid reduction can be offset by local pension deferral savings and federal stimulus funds from the Community Oriented Police Services (COPS) program.
- The total municipal aid reduction represents less than 0.5% of total spending by municipalities last year.
- The median impact on average residential tax bills due to the reduction in Consolidated Municipal Property Tax Relief Aid (CMPTRA) and Energy Tax Receipts aid will be only about \$8.

#### **Impact of 4% Local Spending Cap**

- In 2005, average property tax bills increased by 4% or less in only 114 municipalities. That number jumped to 266 municipalities last year (nearly half of all New Jersey municipalities).
- In 2005, average property tax bill increased by 10% or more in 82 municipalities. That number dropped to only 20 municipalities last year.

#### **School Aid**

- For the second consecutive year, the Budget invests additional resources into New Jersey's school classrooms, increasing direct school aid by over \$300 million to \$8.8 billion.
- The Administration continues its commitment to early childhood education by including \$52 million more for existing preschool programs.
- The Budget also includes \$25 million in funding for newly created Preschool Incentive Aid. These funds will be available to non-Abbott districts with high concentrations of poverty for expansion in the 2009-2010 school years if they commit their new recovery Title 1 funds to preschool.

# School Aid \$ 304 Million Increase in Funding for Classrooms School Aid Represents 35% of Total Budget

(In Millions)

			FY 2010 Budget*	\$ Change		
Formula Aid	\$	7,795.4	\$	7,946.4	\$	151.0
Preschool Programs	Ψ	543.8	Ψ	596.1	Ψ	52.3

Total School Aid	\$	11,479.5	\$	11,385.5	\$	(94.0)

<sup>\*</sup> Includes \$1,057 million in federal stimulus funding.

Whether in good or bad economic times, government must apply constant pressure to improve operational efficiency, both to ensure the wisest use of tax dollars and to achieve the standard of best practices. Given today's extraordinary fiscal challenges, this Administration has intensified these efforts. Every dollar saved and stretched helps to preserve a critical service or function.

Most prominently, Governor Corzine has dramatically reduced the size of the State workforce. In the first half of Fiscal 2009 alone, the total number of staff has declined by 1,900 or nearly 3%. Since the start of this Administration in Fiscal 2007, head count has been reduced by a total of nearly 4,000 in the Executive Branch, representing an annualized savings of approximately \$312 million in salary and fringe benefits across all fund sources. In order to meet the continuing demands to spend less on the operations of State Government, the Fiscal 2010 Budget assumes additional workforce-centered reductions through \$420 million in savings from a proposed salary freeze and proposed workforce furlough. For the third straight year, operational budgets for State departments have been reduced. The Fiscal 2010 Budget assumes more than \$380 million in year-to-year spending reductions on departmental operations.

The Fiscal 2010 Budget continues the \$25 million procurement savings program initiated in the current year and adds a new, centrally-budgeted \$40 million savings target for management efficiencies across all State departments. In addition, agencies have been individually challenged to identify new ways to accomplish their mission at less cost. Some of their more innovative responses are highlighted below and on the pages that follow.

The Fiscal 2009 Appropriation Act reduced the Interdepartmental Rent Budget by \$25 million and directed departments to implement "smarter procurement" initiatives to reduce operational costs. As noted in the chart entitled "FY2009 Procurement Efficiencies", that goal was successfully attained through a mixture of strategies, including office rent savings, contract reform, and demand reduction. Notable initiatives included:

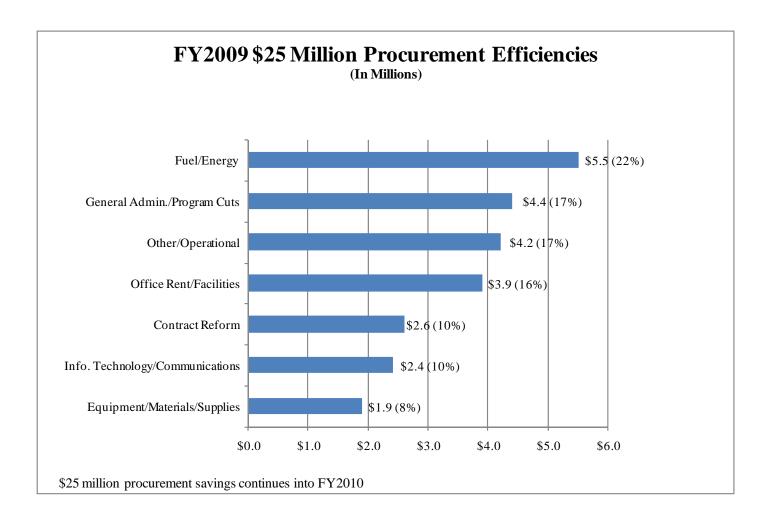

- Treasury's renegotiation of long-term office leases will net \$2.3 million in rent abatements;
- Reform of Human Services' unit dose drug contract at various institutions will save \$450,000 by
  adjusting pharmacy staffing at the Division of Development Disabilities and Mental Health
  residential facilities and moving to 30-day prescriptions that maximize reimbursements from
  Medicare and third-party insurance;
- The Office of Information Technology's (OIT) restructuring of mainframe maintenance contracts with top suppliers will save \$600,000;
- Elimination of 450 parking spots due to statewide staff attrition will save \$700,000, half of which is from State funds; and
- Treasury's Office of Energy Savings will use a new system to comprehensively monitor all utility costs, saving an estimated \$2.7 million by targeting conservation measures at high-use State facilities.

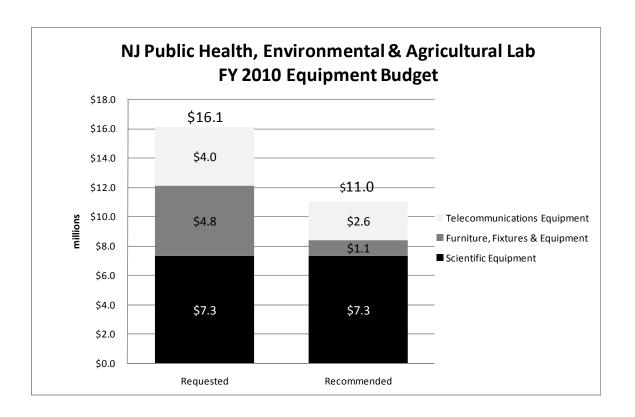

To expand this procurement efficiency effort in Fiscal 2010, the Office of the Treasurer has arranged cross-agency teams to examine unique savings opportunities that span multiple departments in areas such as food purchasing, courier and mail services, hardware maintenance, and consolidation of printing and forms. Though these services are typically low-profile in nature, they contain untapped opportunities for savings by eliminating redundancy, reforming contracts, and purchasing cooperatively. The food group alone identified savings totaling \$500,000 in Fiscal 2009 by consolidating across institutional programs (e.g., Corrections, Human Services), substituting less expensive products, and controlling food portions. Each team reports periodically to a Senior Governance Council staffed with high level officials from the Treasurer's Office, Governor's Office and the Office of Management and Budget (OMB), thus maintaining momentum and an ongoing expectation of innovation, creativity, and accomplishment.

Mirroring similar efforts by private business and other states, the Office of the Treasurer plans to engage vendors who do business with the State in a dialogue designed to produce deeper discounts on a variety of products and services. This initiative will include forums, some of which will be arranged by industry sector, to identify management changes that the State could implement to reduce the current cost of doing business. Those savings will be passed along to the State in the form of pricing adjustments. In addition, a special renegotiation effort will focus on high-volume vendors.

In addition, the ongoing moratorium on the purchase of furniture and personal computers was expanded to include all equipment as well as materials and supplies, information technology and professional services. Approval of OMB, the Treasurer's Office, and in some cases OIT is now required, and agencies are regularly asked to rethink such purchases, justifying their importance and whether they could be addressed in a less expensive manner.

The remainder of this section provides prime examples of agency-inspired efficiencies, all of which yielded significant budget savings or cost avoidance in Fiscal 2010. Several of these initiatives -- including the reduction of State staff, a planned reduction of State cars, and program audits to reduce fraud -- address issues that were prominently mentioned by citizens who forwarded budget savings ideas to the website (http://www.state.nj.us/governor/home/index.shtml) established by the Governor's Office for that purpose.

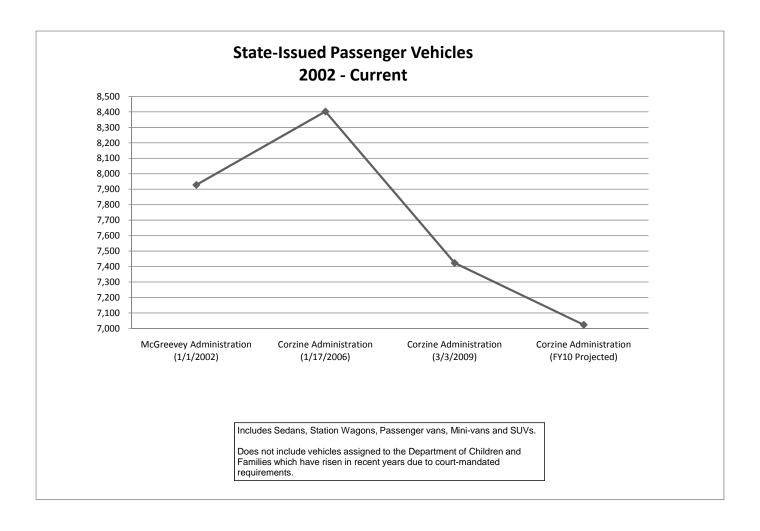

#### New Health and Agriculture Lab – Equipment

- Total FY2010 request reduced by \$5.1m (32%), from \$16.1m to \$11.0m:
  - \$7.3m scientific equipment fully approved by Capital Commission
  - \$1.1m furniture, fixtures and equipment, 77% less than original request (\$4.8m)
  - \$2.6m telecommunications equipment, 35% less than original request (\$4m)

#### Efficiencies:

- Substituted used furniture from surplus property, Health/Agriculture administration building and Sierra Park Lab;
- Reduced requested quantities to minimal amounts;
- Life cycle of existing computers and telecommunications equipment was lengthened;
- Requested equipment for a full service cafeteria was removed.
- Funding via a line of credit with a debt service payment of \$1.6 million in fiscal 2010 in DHSS budget;
- Joint effort by the Division of Property Management and Construction, the Office of Management and Budget, the Departments of Health and Senior Services and Agriculture, and the Office of Information Technology.

#### **State-Issued Passenger Vehicles**

The Fiscal 2010 Budget includes a reduction of an estimated 400 cars which, together with previous recalls under this Administration, will shrink the total fleet by nearly 1400 cars (17%) from 8,400 to 7,000.

- From the start of this Administration through fiscal 2009, a reduction of 980 vehicles (12%) was implemented.
- The 400 vehicles to be eliminated in fiscal 2010 represent an additional cut of 5%, representing vehicles that are aged, underutilized, or recalled from certain administrative assignments.
- The salvage value of the 400 cars to be withdrawn in fiscal 2009 is estimated at \$600,000.

#### **Department of Treasury – Other Efficiencies**

#### **Elimination of Commercial Gasoline Credit Cards**

• State-issued credit cards used by State employees to purchase motor fuel at commercial gas stations have been eliminated, generating savings of \$240,000 in fiscal 2010. Instead, the 1,100 State employees who use these cards must now refuel at one of the 72 State-operated filling stations to take full advantage of bulk-pricing discounts of about 77 cents per gallon. This savings initiative was identified by a cross agency team designed to develop procurement efficiencies.

#### Printing and Postage Savings through Elimination of Certain Tax Forms

• The Divisions of Taxation and Revenue within the Department of Treasury continue to take advantage of paperless filing technologies, saving over \$300,000 in fiscal year 2010 printing and postage costs by eliminating the mailing of various printed forms, including the Corporation Business Tax Booklet, the Income Tax Withholding Table Booklet, and the Quarterly Employers Report package. Also eliminated are the Income Tax Return Form NJ-1040, the Tenant Homestead Rebate Application Form TR-1040, and Partnership Return Booklets to electronic filers.

#### **Department of Human Services**

#### **Institutional Non-Salary Savings**

Total savings of \$1.8 million is projected in energy and other operating costs at three Human Services institutions, including:

- \$1 million from moving from the 130-year old Greystone Park Psychiatric Hospital to a more consolidated campus with modern climate control and security systems that will reduce utility costs and enhance patient safety.
- \$800,000 in utility and maintenance savings from contracted professional services improvements at Ancora and Hagedorn facilities.

Psychiatric Hospital Non-Salary Savings by Institution (\$000's)					
<u>Hospital</u>	<u>Savings</u>	<u>Reason</u>			
Greystone Park	\$1,000	Move to new, modern, consolidated, energy efficient campus			
Ancora	\$200	Energy and contracted professional services savings			
Hagedorn	\$600	Energy, maintenance, and contracted professional services savings			
Total	\$1,800				

#### **Developmental Center Cottage Closures**

- Based on the decrease in patients from FY2006 2009 at the seven state developmental centers, five residential cottages at these centers will be closed in FY2009, generating \$1.3 million in overtime savings in FY2010.
- Affected staff will either move to other cottages at the same campus or will assist clients in the Division of Developmental Disabilities' community programs.

Developmental Center Census, FY2006 - 2009								
Greenbrook Vineland North Jersey Woodbine New Lisbon Woodbridge Hunterdon Total								
FY2006	99	478	398	506	513	477	591	3,061
FY2007	103	472	394	508	499	461	589	3,027
FY2008	100	465	394	504	476	435	578	2,950
FY2009 (Proj.)	95	474	383	485	403	405	571	2,816

#### **Department of Human Services – Other Efficiencies**

#### **Reduce Human Services' Community Provider Ceilings**

• Fiscal 2010 appropriations to third party providers serving Department of Human Services' clients were reduced by \$8.2 million in the Divisions of Developmentally Disabled (\$7 million) and Mental Health (\$1.2 million) if historical spending (e.g., Fiscal 2008) was less than the projected Fiscal 2010 contracted amount. This pro-active approach replaces the current practice of recovering under-spending after the end of the fiscal year and not reducing future year appropriations.

#### **General Assistance Compliance Review**

• To ensure that only those who are eligible are receiving benefits, the Division of Family Development will review case management practices at county welfare agencies to verify client eligibility and the accuracy of cash benefits and emergency assistance payments, saving an estimated \$3.6 million.

#### **Federally Qualified Health Centers Efficiencies**

• Enhanced audits of community health centers will ensure that federally- mandated Medicaid add-on payments made to these facilities are being properly calculated, yielding savings of \$1.3 million.

#### **Medicaid Client Eligibility Efficiencies**

• New requirements will ensure that individuals receiving services from the State enroll in the federally-funded Medicare program if they are eligible. This will save \$6 million in State funds by shifting costs for health care and prescription drugs to the federal government.

#### **Other Efficiencies**

#### **Space Utilization Initiatives**

- Treasury's Division of Property and Management and Construction identified \$4.3 million in total rent consolidation savings in fiscal 2010, including:
- Elimination or consolidation of 14 leases will generate savings of \$3.3 million, most prominently in the Departments of Health and Senior Services (\$950,000) and Law and Public Safety (\$400,000).
- Fiscal 2010 annualized savings from 11 lease eliminations completed in fiscal 2009 total another \$980,000.

#### State Health Benefits Program (SHBP) Dependent Audit

• Consistent with practices used in the private sector, recent Benefits Reform Legislation (P.L. 2008, c.89) called for a Dependent Eligibility Verification Audit of the State Health Benefit Program to ensure that only eligible employees, retirees, and their dependents, are receiving health care coverage under the program. It is expected that coverage for as many as 10,000 to 15,000 ineligible dependents will be terminated as a result of this audit. The Budget assumes \$9 million will be saved in fiscal 2010 from this initiative.

# CHAPTER 7: REVENUE FORECASTS & PROPOSED REVENUE ENHANCEMENTS

Total revenues for fiscal 2010 are expected to be \$29.6 billion, which is \$339 million or approximately 1.1% below the revised fiscal 2009 anticipated levels. Base revenues are expected to remain weak in fiscal 2010. Most economic indicators for the nation and New Jersey are projected to remain weak in 2009 as compared to what they were in 2008, but show some improvement in 2010.

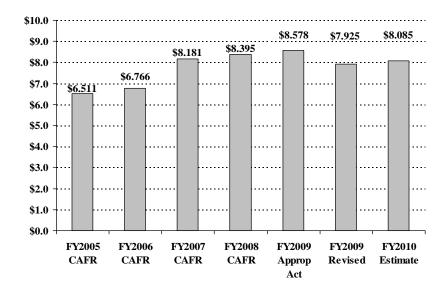

#### **Sales Tax**

The forecast of \$8.1 billion in Sales Tax revenue for fiscal 2010 is an increase of \$160 million over the revised fiscal 2009 level. The basic underlying growth rate of 2.0% reflects the anticipated improvements in the economy and consumer spending in fiscal 2010 in part due to the federal economic stimulus package.

If fiscal 2010 sales tax did not include the changes enacted in fiscal 2007, the fiscal 2010 sales tax estimate would be approximately \$6.5 billion. This is below the actual fiscal 2006 sales tax revenue of \$6.8 billion.

#### Sales Tax

(In Billions)

FY2007 had a change in tax policy.

- increase in Sales Tax rate from 6% to 7%
- broadened Sales Tax base

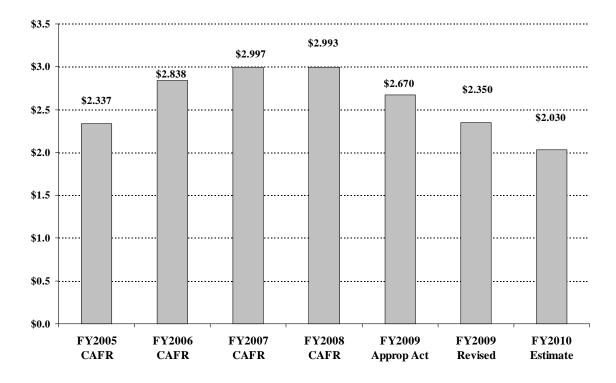

Sales Tax excludes the tax on energy CAFR – Comprehensive Annual Financial Report

#### **Corporation Business Tax**

The fiscal 2010 Corporation Business Tax (CBT) revenue forecast of \$2.0 billion represents a decrease of \$320 million (-13.6%), compared with the revised fiscal 2009 level. It includes \$80 million for the extension of the 4% surcharge, which was due to expire June 30, 2009. It also assumes slower growth in payments for calendar year 2009 associated with the anticipated slowdown in corporate pre-tax profit growth. Pre-tax profit is projected to decrease 14.5% in 2008, followed by another 15% decline in 2009. In addition there has been a significant increase in CBT refunds in the current fiscal year, which is running over \$300 million for fiscal 2009 compared to a year ago. The baseline growth, excluding the impact of the extension of the 4% surcharge of \$80 million, is a negative 17% over a year ago.

## Corporation Business Tax

(In Billions)

Corporation Business Tax excludes the tax on energy CAFR – Comprehensive Annual Financial Report

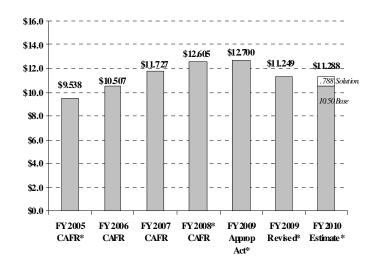

#### **Gross Income Tax**

The fiscal 2010 forecast of \$11.3 billion is an increase of \$39 million over the revised fiscal 2009 level. This forecast includes additional revenues of approximately \$788 million from the following sources: \$620 million from increasing the top tax rate to 10.25% for one year; \$160 million for the one year suspension of the property tax deduction for non-seniors with incomes greater than \$150,000; and \$8 million for taxing lottery winnings greater than \$10,000. This forecast includes a \$55 million decline, to take into account the expansion of the New Jersey Earned Income Tax Credit (EITC). The basic underlying growth rate of negative 6.7% over the revised fiscal 2009 level reflects the weakening income growth trends and the probability of a weak financial market. New Jersey Total Income, which is the tax base, increased by 7.3% and 10.2% in tax years 2006 and 2007, respectively. The tax base is projected to moderate at a negative 0.8% in tax year 2008 and decline at approximately a 7% rate in tax year 2009, reflecting the recessionary outlook for personal income anticipated by a number of independent economic forecasting services. Households reporting over \$100,000 in total income account for almost 86% of the income tax revenue. Growth in income for these households is expected to decrease by approximately 1.7% in tax year 2008; followed by a steeper decline of around 10.2% in tax year 2009 before improving to an increase of around 9.9% in tax year 2010. These trends are significantly below the double-digit average annual growth rate of 13% experienced in the 2004-2007 expansionary period, following the last economic recession.

The eligibility requirements for the New Jersey EITC have changed-- beginning with tax year 2007 the benefits are available to all taxpayers who are eligible for the federal credit. The percentage used to calculate the expanded NJEITC program was increased from 20% in tax year 2007 to 22.5% of the applicant's federal earned income tax credit for tax year 2008. The Corzine Administration understands how important this program is in these difficult economic times. The Governor has proposed EITC be increased further to 25% of the federal earned income credit for tax year 2009 and beyond.

#### Base Income Tax Revenue Below Actual FY 2006 Collections

(In Billions)

<sup>\*</sup>These revenues include changes in tax policy.

FY 2005 - Tax rate increase on incomes of \$500,000 or greater

FY 2008 - ETTC Expansion (AA - \$36 million; Revised - \$40 million)

FY 2009 - EITC Expansion (\$60 million)

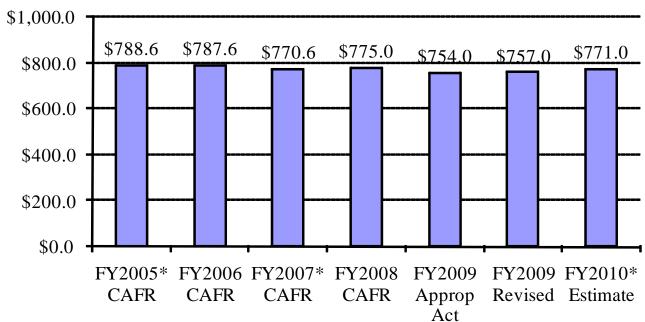

FY 2010 – EITC Expansion (\$55 million), one-year rate increase on income over \$500k (\$620m); one-year suspension of property tax deduction for non-seniors with incomes greater than \$150,000 (\$160m).

#### **Cigarette Tax**

For fiscal 2010, the gross cigarette tax collections are estimated to be \$771 million. This estimate assumes a decline in consumption and an increase in the tax rate of 12.5 cents to a rate of \$2.70 per pack. From the fiscal 2010 gross collections, \$370 million is dedicated to the Health Care Subsidy Fund to assist hospitals with charity care and other uncompensated care disproportionate share payments. Also, \$145.7 million has been pledged to bondholders with the issuance of the Cigarette Tax Revenue Bonds, Series 2004. The remaining funds of \$255.3 million are available to support the General Fund.

#### CIGARETTE TAX GROSS COLLECTIONS

(In Millions)

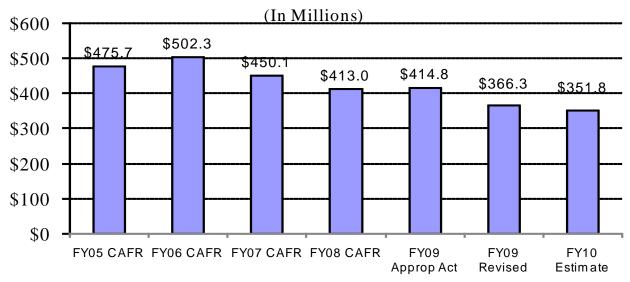

\*Includes change in tax rate.

CAFR - Comprehensive Annual Financial Report

#### **Casino Revenue**

The fiscal 2010 Casino Revenue forecast of \$351.8 million represents a decrease of \$14.5 million from the revised fiscal 2009 level, and includes \$4 million of revenue from unclaimed slot machine vouchers. The decline in casino revenue for fiscal 2010 is primarily due to the continuation of difficult economic conditions, increased regional slot machine competition, the anticipation of a full smoking ban effective October 2009, and a statutory reduction in the Comp Tax.

#### **Revenue Initiatives**

As a global recession batters the economy, Governor Corzine remains focused on long-term fiscal stability while he confronts this short-term crisis. The fallout from the downturn came swiftly and harshly, creating a \$7 billion shortfall in a budget that would have already been austere under any other conditions.

To address this shortfall, Governor Corzine's Fiscal 2010 Budget relies on a mixture of solutions, with the largest offset coming from \$4 billion in cuts and restraints in government spending. The Fiscal 2010 Budget also benefits from more than \$2 billion in federal stimulus funding to meet critical health care and educational needs.

The imposition of deep cuts, along with additional federal aid, however, fell short of bringing full balance to the Budget. In order to avert even deeper spending reductions, and their damaging effects on education, the health care safety net, public safety and the most vulnerable, the solutions to the Fiscal 2010 Budget shortfall include additional revenues. The revenues are largely temporary, to enable the State to bridge the gap between revenues and expenditures, and to provide a path from these extraordinarily difficult times to a return of stability in the global economy.

#### **Tax Policy Changes**

#### **Gross Income Tax**

1) One-year Rate Increase for Incomes over \$500,000 (\$620 million)

A one-year tax rate increase to 10.25% is proposed for incomes greater than \$500,000 and is estimated to generate \$620 million. Only 1% of the nearly 3.9 million filers and taxpayers not required to file state income tax returns will be impacted by this change.

2) One-year Suspension of Property Tax Deduction (\$160 million)

The one-year elimination of the property tax deduction for the 325,000 non-senior recipients above \$150,000 is estimated to generate \$160 million. Nearly 1.5 million non-senior recipients below \$150,000 in income will continue to receive the deduction as will the nearly 340,000 senior citizens.

Wealthier taxpayers will realize a larger portion of the loss of the deduction. For instance, taxpayers with an income of \$500,000 and up, who are subject to the top income tax rate, will no longer receive a tax deduction worth \$897.

3) Tax Lottery Winnings (\$8 million)

\$8 million is expected to be generated by taxing lottery winnings in excess of \$10,000.

#### **Corporation Business Tax (\$80 million)**

The Fiscal 2010 Budget assumes that a 4% surcharge, which was effective July 1, 2006 through June 30, 2009, is extended.

#### Cigarette Tax (\$26 million)

The Fiscal 2010 Budget assumes additional revenue from increasing the cigarette tax from \$2.575 per pack of 20 cigarettes to \$2.70 per pack. This proposed increase assumes an effective date of July 1, 2009.

#### Alcoholic Beverage Excise (\$22 million)

The Fiscal 2010 Budget assumes additional revenue from increasing the alcoholic beverage excise tax by 25%, excluding beer. This proposed increase assumes an effective date of July 1, 2009.

#### **Alternate Use of Other Funds**

The Fiscal 2010 Budget assumes the alternate use of \$116 million of other funds:

\$20 million Motor Vehicle Fees

Receipts derived from the proposed increase in various motor vehicle fees will be diverted in fiscal 2010 from the Motor Vehicle Commission to the General Fund. The fees are comprised of transactions, processes and services including: vehicle and boat titles, motorcycle registrations, commercial driver's license permits, driver improvement programs, and abstracts.

\$14 million Enterprise Zone Assistance Fund

The Enterprise Zone Assistance Fund has not contributed its share of the constitutionally dedicated sales tax to the Property Tax Relief Fund since this dedication began in July 2006. Instead, the General Fund has made the contribution on the zones' behalf. The \$14 million to be transferred to the General Fund represents the Enterprise Zone Assistance Fund share of the sales tax dedication for fiscal 2010.

For the following funds, balances are available for transfer to the General Fund:

\$50 million State Disability Benefit Fund

\$20 million Workers' Compensation Security Fund

\$10 million New Home Warranty Security Fund

\$2 million Unemployment Compensation Auxiliary Fund

#### Other

#### **Mental Health Hospital County Share (\$5 million)**

This increase in revenue is the result of an increase in the share of costs that county psychiatric hospitals pay for patients at both county and State institutions from 12.5% to 15% beginning January 1, 2010.

#### Casino Revenue Fund (\$4 million)

The Fiscal 2010 Budget assumes additional revenue of \$4 million from unclaimed slot machine vouchers. Any obligation owed to a patron by a casino as a result of a gaming transaction would expire in one year, with 25% distributed to the Casino Revenue Fund and 75% to the casino licensee.

#### Lottery (\$40 million)

An increase of \$40 million was included in the Fiscal 2010 Budget, which is based on the Lottery joining the Powerball multi-state game effective October 1, 2009.

#### SUMMARY OF APPROPRIATIONS MAJOR INCREASES AND DECREASES

This table summarizes the major increases and decreases in the Fiscal 2010 Budget and is organized by category.

Categories of recommended appropriations are defined as follows:

**State Operations** consists of programs and services operated directly by the State government. The largest single component is for the salary and benefits of State employees. This portion of the Budget is subject to the spending limitations imposed by the Cap Law.

**Grants-in-Aid** appropriations are for programs and services provided to the public on behalf of the State by a third party provider, or grants made directly to individuals based on assorted program eligibility criteria. The Medicaid program, Tuition Aid Grant Program, Homestead Rebates, payments for State inmates housed in county jails, and funding for New Jersey Transit and State colleges and universities fall into this category.

**State Aid** consists of payments to or on behalf of counties, municipalities, and school districts to assist them in carrying out their local responsibilities. In addition to school aid, this category of expenditure includes the Consolidated Municipal Property Tax Relief Aid program and other forms of municipal aid. It also includes funding for county colleges, local public assistance and county psychiatric hospital costs.

Capital Construction represents pay-as-you-go allocations for construction and other infrastructure items.

**Debt Service** payments represent the interest and principal on capital projects funded through the sale of general obligation bonds.

# APPROPRIATIONS MAJOR INCREASES AND DECREASES (\$ In Millions)

More than one year ago, while the Fiscal 2009 Budget was first being developed, the Corzine Administration recognized weaknesses in the nation's economy, and prudently built a budget around assumptions that New Jersey's revenue stream would feel the effects of this slowdown. Unlike many other state governments that increased spending and created new programs, New Jersey took an austere approach and enacted a budget for Fiscal 2009 that contained the largest year-to-year spending reduction in State history. The State also created a \$650 million reserve to help New Jersey reduce debt service, which is one of the recurring expenses at the core of the Budget's structural imbalance.

After the first quarter of the new fiscal year, the national economy slipped quickly, and deeply, into recession. While revenues mirrored conservative projections over much of this quarter, major tax collections soon began missing targets, and then virtually every revenue source to the Budget underperformed. Six months into the new fiscal year, as economic fundamentals showed signs of collapse, New Jersey measured a current year shortfall of about \$2.0 billion, including \$1.7 million in revenue and more than \$275 million in new required spending.

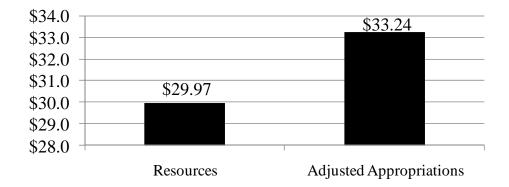

In order to address the constitutional obligation for a balanced budget, the Corzine Administration addressed the shortfall by undertaking a forensic, line-by-line review of all budgetary spending, combing through fiscal accounts of every size, government-wide to halt spending and cut appropriations in the current year. By early January, this scrubbing of the Budget yielded \$812 million in reductions, which was unprecedented for a mid-year budget adjustment. These reductions cut deeply into government operations, and included a wage freeze for managerial and rank-and-file employees. Still, the spending cuts and restraints covered a little more than one-third of the FY 2009 problem. The remainder of the shortfall was closed with the use of \$275 million of State surplus, \$365 million from the Long -Term Debt Reduction Fund, \$300 million in anticipated funds from the federal stimulus and the use of \$208 million in funds made available by a painstaking and aggressive close-out of the FY 2008 Budget.

With the economy slipping deeper into recession, monthly revenue collections continued a downward spiral, necessitating a revision of the current year shortfall in February. With Gross Income, Sales and Corporation Business Taxes all falling below estimates and significantly under collections recorded over the same periods one year ago, the current year shortfall was revised to \$3.4 billion. These collection figures were recorded in the materially significant holiday period, and traditionally are used as a baseline for the next fiscal year budget. Thus, the eroding fiscal status of the Budget required deeper current year reductions and solutions, and cast the die for the Fiscal 2010 spending plan.

An additional \$500 million of spending solutions were developed, including savings from a mandatory State employee furlough for two days in May and June. Rebalancing also was predicated on an added infusion of federal stimulus resources, redirection of available balances in a limited number of dedicated funds and the enactment of a tax amnesty program.

#### Fiscal Year 2009 Problem \$3.27 Billion

(In Billions)

Due to the recession's negative impact on revenues, FY 2009 adjusted appropriations exceeded available resources by 11%.

### Summary of Problems

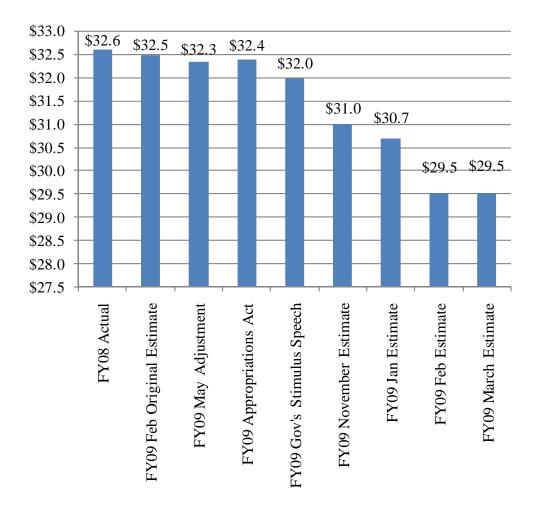

(In Thousands)

	Jan 2nd	Added Feb 17	Added Mar 10		Total
Revenue Shortfall Added Spending Needs Payment to UI Fund	\$ 1,683,000 276,308	\$ 1,146,189 42,282 270,000	\$ 66,117 (92,744) (120,000)	\$ \$	2,895,306 225,846 150,000
Total	\$ 1,959,308	\$ 1,458,471	\$(146,627)	\$	3,271,152

Revenue shortfall accounts for nearly 90% of the \$3.3 billion shortfall in FY 2009.
