The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the ESSA accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school’s technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school’s LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	35.7	17.5%
Mathematics Proficiency	38.6	17.5%
English Language Arts Growth	46.1	25.0%
Mathematics Growth	31.0	25.0%
Chronic Absenteeism	90.3	15.0%

Summative Score: Sum of all indicator scores multiplied by indicator weights		45.8
Summative Rating: Percentile rank of Summative Score		43.0

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Highlights:</p>	<ul style="list-style-type: none"> • Recent facility upgrades provide an engaging environment for the children of our community to thrive and grow in. • Arts Infused Education Grants allow our students the opportunity to have STEAM enhanced educational experiences. • Our PTA is the BEST! They make sure the children get all the “extras” like field trips, assemblies and this year a play!
 <p>Mission, Vision, Theme:</p>	<p>The BOE will provide the opportunity for faculty, staff, parents, alumni and all community members to develop a sense of ownership, spirit, and pride in our school. Our students will realize that learning is a life-long commitment supported by dedicated staff, concerned parents and the community at large. It is the whole community that will put the idea of ‘Education First’ into action and ensure that our students are responsible and respectful citizens.</p>
 <p>Awards, Recognition, Accomplishments:</p>	<p>We are proud that our community came together for the children and passed our referendum. Thanks to our community, the children are having healthy meals in a state of the art cafeteria. The simple comforts of a warm building in the winter and a cool building in the summer can be enjoyed by all. Students can expand their minds, their creativity and their horizons in new classrooms that were built for STEAM! Students who need special assistance can enjoy learning in our new specialized classrooms.</p>

Courses, Curriculum, Instruction:

The curriculum at Eagleswood Elementary School is unique. The major goal is to engage students in a creative process which connects the arts to other content areas. It is a student-centered approach to teaching that involves deep connections between an arts and non-arts area. We want our students to develop a deeper understanding of their learning. Classroom teachers are paired with special area experts to allow them to take the risks necessary to make this type of learning occur.

 <p>Staff and Professional Learning:</p>	<p>Our district had the experience to attend the summer institute with Educational Leaders as Scholars in Princeton the past three summers. All of our teachers were trained this summer at Appel Farm in arts infused education. All of this training was at no cost to the district and was funded through grants. Teachers have common planning time, participate in professional learning communities and edcamps to share their expertise to ensure the highest quality of education for our students.</p>
 <p>Student Supports and Services:</p>	<p>We work collaboratively with neighboring districts to provide services for ELL students and special education/related services. Shared contracts allow us to provide services and be fiscally responsible. We have a continuum of services ranging from pre-referral committees such as Intervention and Referral Services, interventions in general education as well as full services for special needs students. All services are based on the individual needs of our students.</p>
 <p>Student Health and Wellness:</p>	<p>Students participate in 150 minutes of Physical Education and Health each week. Recess is provided thirty minutes daily. Breakfast and lunch is served daily.</p>
 <p>Parent and Community Involvement:</p>	<p>Our parent and community support is the foundation of our school! We have a strong PTA that provides extracurricular activities and events for our students. Partnerships exist with local businesses such as the Tuckerton Seaport to teach about the community in which we live. Parents have access to our portal, which allows them to view student grades and communicate with the teachers. Parents are encouraged to use our website as a valuable tool to keep informed about the school.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Parents</p> <p>Our district conducts a school climate survey every year. We send the results home to our school families. Highlights of the survey included our staff and the high quality education the students receive. Comments included, “The teachers go up and above to work with my child and challenge her.” “The children’s education and well-being are at the top of the priority list.”</p>
 <p>Facilities:</p>	<p>The original part of our building was built in 1968 and then an addition was added in 1988. We had a referendum in 2007 to replace the roof and then again in 2017 to add another small addition and numerous facility upgrades. We have a state of the art art/music classroom, library, and technology lab. We have air conditioning throughout the building and an updated kitchen facility. We also have ample space to provide services to all of the special education students in our district.</p>

We often say our school is a "hidden gem". The number one reason our little school district is as great as it is, is because we work together as a team. You see, a school community is not just about teachers and students. It's about parents, teachers, administrators, residents, businesses and local leaders joining together with a common vision – educating our children to become leaders in their own right. In Eagleswood, we do that every single day. Our teachers teach, challenge, enlighten and nurture. Our parents are active advocates for their sons and daughters, as well as their friends and classmates. Our school board and administration work to clear pathways and establish an environment that is safe, engaging and top of the line! And the rest of our town – our neighbors, businesses and local leaders all stand behind us and take up our causes.
