**MEDICAID COMMUNICATION NO: 90-6**

**DATE: January 23, 1990**

**TO: County Welfare Agency/Board of Social Services Directors**

**SUBJECT: Computer Matching and Privacy Act 1988/IEVS Terminations**

In response to mandates imposed by the Computer Matching and Privacy Act of 1988 (P.L. 100-503), the Medicaid program is required to modify the adverse action period for individuals who are being terminated due to information received through the Income Eligibility and Verification System (IEVS). As a result, the Division has modified the adverse action period for individuals who are being terminated due to information received through Social Security Administration (SSA) and Internal Revenue Service (IRS) matches of the Income Eligibility Verification System (IEVS), from the existing ten-day adverse action period to a 30-day period.

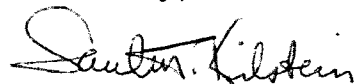

Effective immediately, individuals who are being terminated as a result of information received through the SSA wage and IRS matches of IEVS shall be provided notice at least 30 days prior to the termination of benefits. Additionally, in order to remain consistent with current policy which provides 20 days to request a fair hearing, IEVS related cases will be provided 40 days. The adverse action notice to request a fair hearing should be modified to read:

"You have the right to request a fair hearing on this action. You must request a fair hearing within 40 days of the date of this letter..."

Attached is a revised prototype of the fair hearing notice. You should continue to use the same methodology and 20 day fair hearing parameter for non IEVS related Medicaid actions.

Questions concerning this communication should be referred to field service staff assigned to your county.

Sincerely,

A handwritten signature in cursive script that reads "Saul M. Kilstein".
