Executive Director

MESSAGE FROM THE CHAIR

The Pinelands Development Credit Bank ("PDC Bank") is proud to play a key role in protecting environmentally sensitive areas while working with property owners to promote desirable economic development. The PDC Bank's staff works hard to help landowners and developers benefit from a transferable development rights program (or TDR) that has served as a worldwide model. A visit to the beautiful Pinelands today is proof that the program is working well.

Since it began in 1985, this agency has assisted Pinelands property owners who wish to harvest (or "sever") the credits for their land and preserve it in perpetuity. Also, developers are using Pinelands Development Credits (PDCs) to increase building densities in the designated regional growth areas, thus achieving efficient use of land and preventing sprawl. Even during times of reduced real estate market activity, residential construction with the use of PDCs flourishes in the Pinelands growth areas, and land values have held better than in other parts of the State. In 1998 resale values of Pinelands homes were 20% lower than homes in other parts of NJ, but from 2005 to the present, they have been actually *higher* than the rest of the State.

As a result of the PDC program, 50,000 acres of environmentally sensitive forest and farmland in the Pinelands are now permanently protected. I am pleased that the Pinelands Development Credit Bank plays a pivotal role in this truly innovative, world class program.

Please visit our web site at www.njdobi.org/pinelandsbank.htm for more information, or call the PDC Bank at (609) 984-0569.

Terry K. McEwen

Chair, Pinelands Development Credit Bank

Director of Banking, New Jersey Department of Banking and Insurance
