The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

**Navigating through the reports:**

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

**Other Resources:**

- Review the [Parent Summary Report](#) or the [district-level report](#) for this school.

Enrollment Trends by Student Group

Enrollment by Racial and Ethnic Group

This table shows the number of students enrolled by grade for the past three school years. Ungraded students are students who are "on roll" but are educated in ungraded classrooms.

This table shows the percentage of students by student group for the past three school years. Data for some student groups was not available before 2016-17.

This table shows the percentage of students by racial and ethnic group.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Performance by Grade: Grade 5

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

**Chronic Absenteeism**

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

Per-Pupil Expenditures (District Level)

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

**Faculty:** All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Full-Time Equivalent:** In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	89.9	17.5%
Mathematics Proficiency	87.6	17.5%
English Language Arts Growth	14.1	25.0%
Mathematics Growth	68.6	25.0%
Chronic Absenteeism	99.8	15.0%

<b>Summative Score:</b> Sum of all indicator scores multiplied by indicator weights		66.7
<b>Summative Rating:</b> Percentile rank of Summative Score		75.6
<b>Requires Comprehensive Support:</b> Summative Rating is less than or equal to 5th percentile		No

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p><b>Staff and Professional Learning:</b></p>	<p>The teachers and administrators are engaged in professional learning and development. Opportunities focus on highlighting best practices along with essential concepts to increase student achievement and support effective teachers and administrators.</p>
 <p><b>Student Supports and Services:</b></p>	<p>Pace Charter School of Hamilton uses Response to Intervention to support all students. All students are screened on a periodic basis to establish an academic and behavioral baseline and to identify struggling learners who need additional support. Students identified as being “at risk” receive supplemental instruction through our academic express. Students identified needing an IEP receive services as outlined.</p>
 <p><b>Student Health and Wellness:</b></p>	<p>Teaching children to be responsible for their own health and care of their bodies is fostered throughout the school year. Age appropriate programs and materials are presented through community partners to help develop a child’s academic as well as physical health. Pace has a book borrowing program for upper school students to start the conversation about body changes of puberty while sixth graders have a class presented by ‘HiTops’ about these changes.</p>
 <p><b>Parent and Community Involvement:</b></p>	<p>We believe our students learn best in a supportive, encouraging and diverse community, and that the excitement and motivation for school success begins at home. Our staff are motivated and responsible for building strong partnerships between home and school community. Throughout the year we hold whole school activities for the purpose of participating in community-building activities, celebrating our successes and each other</p>
