Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:

- The Maurice River Township School District offers a full day preschool program for three and four year old students. Using Creative Curriculum, students learn by exploring the world around them.
- The MRT offers a variety of after school clubs for students in grades Kindergarten through 8th including interscholastic sports. Students may participate in programs that teach skills in technology.
- Middle school students at MRT may choose up to three elective courses including, but not limited to: robotics, stress management, music appreciation, genealogy, theater, cosmetology, and Cyberpatriot.

Mission, Vision, Theme:

The mission of the Maurice River Township School District is twofold. First, we are committed to helping each child to learn and to achieve success. Second, we strive to provide significant opportunities for learning suited to the age and abilities of the student by way of a challenging curriculum. The goals of our mission are to create an environment where all children are made to feel unique and special and where staff believes that all children can learn. This environment is promoted by high expectations of the staff for all pupils in a goal-oriented atmosphere with students' success as its end. Our philosophy is that "Everybody is special. We believe it and we live it." The students and staff are told just how special they are every day. We provide a safe, caring, and nurturing environment for our students to learn and grow.

Awards, Recognition, Accomplishments:

The students and staff members of MRT have been recognized by various organizations for their accomplishments. Most notably, in June of 2018, an 8th grade student was the recipient of a full tuition, room, and board four-year college scholarship through the Give Back Foundation. Other students have qualified for elite programs such as the Tech Trek at Stockton University and the First Star Academy at Rowan University. Faculty and staff have also been recognized by the 12th of Never Foundation and through the Governor's Educator of the Year program.

Courses, Curriculum,
Instruction:

Our standards based instructional programs are integrated with authentic learning experiences that include hydroponics, robotics, gardening explorations, astronomy, mock trials, and field experiences within our local community organizations such as the Bayshore Center. Additionally, we offer school-wide Response to Intervention and enrichment opportunities allowing us to personalize learning. Gifted and Talented Art, advanced math, and Algebra are among the course selections. The curriculum is supported using Envision Math 2.0, Mystery Science, Glencoe Science, Pearson Social Studies, Foundations, Making Meaning, and Being a Writer.

Sports and Athletics:

Sports Offered: Basketball (Coed), Cheerleading (Coed), Soccer (Coed)

Clubs and Activities:

The Maurice River Township School offers a dynamic music and drama program. The choir and band have performed at a variety of venues including the Wells Fargo Center for the Philadelphia 76ers and the Philadelphia Phantoms as well as Six Flags Great Adventure. The drama team has performed musicals such as the Little Mermaid, Jr. and the show for 2019 will be Shrek, Jr.

Before and After
School Programs:

The Maurice River Education Foundation provides before-care and after-care services (Eagles Nest) for students of Maurice River Township School. This service is designed to provide a safe haven for students of families with special circumstances requiring students to be at school prior to the opening bell and after dismissal. The foundation hires qualified caretakers to monitor students while attending the program. Eagles Nest is open to all students in grades preschool through 8th grade.

Staff and Professional
Learning:

The faculty and staff of MRT are committed to lifelong learning as evidenced by their participation in professional development opportunities and professional learning communities. Teachers attend state and national conferences offered by their various associations as well as the NJEA teachers convention. Teachers also participate in workshops relevant to their content specialty. While in professional learning communities teachers collaboratively plan lessons, develop authentic assessments, and share best practices in the industry. Many of the faculty members at MRT have advanced degrees and continue to pursue graduate work at local colleges and universities.

Student Supports and Services:

MRT has adopted a Response to Intervention (RtI) philosophy. All students in grades K-8 are benchmarked three times each year to identify areas of strength and areas in need of improvement. Students performing below grade level are offered additional support through an interventionist utilizing data to provide targeted interventions. Classroom teachers work collaboratively with interventionists to provide foundational skills to students in need. Other student services provided to students with differing abilities include occupational therapy, physical therapy, speech therapy, and counseling.

Student Health and Wellness:

Student health and wellness is a major concern for our district. MRT offers a full-time school nurse who provides daily care to students in need, regular health screenings, and training to staff. The school nurse coordinates services such as the Tooth Mobile, the annual coat drive, and food drives throughout the year. Students are offered breakfast and lunch daily through the food services department and students in all grades have at least 20 minutes of recess daily as well as 150 of physical education weekly.

Parent and Community Involvement:

Community involvement is essential to student success. The parents, caregivers, and community members of MRT are heavily involved in the life of the school. The PTA contributes greatly to the life of MRT by raising funds, hosting a variety of events and activities for students and families, and by sharing information with the community. The PTA coordinates community events such as Read Across America, holiday dances, and the Scholastic Book Fair. The Municipal Alliance plays a meaningful role at MRT by providing opportunities for students to hear about the dangers of drug and alcohol use. They have provided financial resources, sound equipment, and purchased recess equipment for all grade levels. MRT has also secured a partnership with the Family Strengthening Network to offer monthly family activities covering topics such as financial literacy, internet safety, and the Family Day of Service.

Technology and
STEM:

Meeting the needs of the 21st Century Learning requires access to the latest technology. All students in grades 3rd through 8th have access to Google Classroom through their ChromeBooks as MRT prepares to embark on a 1:1 initiative in the near future. Students in grades preschool through 2nd have access to desktop computers in the classroom as well as access to the computer lab for specials. MRT also has a MacBook lab thanks to the generous contributions of the MRT Education Foundation. Our school library also features desktop computers and a green screen for television recording. Students are given the opportunity to participate in STEAM courses through their elective period including classes such as robotics, engineering, and gardening.

Early Childhood
Education:

The New Jersey Department of Education provides MRT with the necessary funding (Preschool Education Aid) to offer a free full day preschool program for students who are three and four years of age. Utilizing Creative Curriculum, students learn through exploration and play. Teaching Strategies Gold provides a digital platform to capture special moments in students' learning. Class sizes are limited to 15 students per class and instructional aids provide support to the classroom teacher. Registration for our preschool program begins in late March.
