

1. Holiday pay shall be paid at the end of a bi-weekly pay period and shall be calculated by dividing the number of hours the employee was in regular pay status in that pay period by the number of hours which a full-time employee would work during that pay period, and then multiplying that amount by the number of holiday hours for that pay period.

2. An intermittent employee who has resigned, been removed or been laid off prior to the last day of the pay period shall not receive holiday pay for that pay period.
