DIVISION OF TAXATION

LETTER OF TRANSMITTAL

Trenton, July 1, 1957.

To the Hon. Robert B. Meyner, Governor of the State of New Jersey,  
and the Legislature of the State of New Jersey:

Pursuant to the provisions of R. S. 54:1-13, there is respectfully submitted herewith the 1957 Annual Report of the Division of Taxation in the Department of the Treasury covering the activities of the nine Bureaus of the Division and the Office of the Director of Taxation during the State fiscal year ending June 30, 1957, and setting forth the County and State Abstracts of Ratables for the calendar year 1957.\*

Major State tax collections for the State's fiscal year ending June 30, 1957, as compared with such collections for the previous fiscal year, were as follows:

	1957	1956
Beverage Taxes .....	\$19,724,796.78	\$18,829,836.18
Boxing-Wrestling Taxes† .....	37,756.49	20,077.00

State Use .....	\$274,223,508.02	\$246,248,329.42
Local Use .....	15,370,789.21	14,754,844.44
Dedicated .....	724,736.06	1,000,933.89

\* It is also proposed, if available at the time of printing of this report, to include the State Table of Equalized Valuations promulgated as of October 1, 1957, pursuant to the requirements of chapter 86, Laws of 1954.

† Enforcement of the laws relating to this tax is not under the jurisdiction of the Division of Taxation. The revenues from this source are included for the purpose of showing in one statement the total of major State tax revenues.

‡ These are actual collection figures which vary somewhat from the revenue figures as reported by the Department of the Treasury.

The substantial increase in the total of major State tax collections for 1957 arises principally from the increase in the cigarette tax rate from 3 cents to 5 cents per pack, effective April 16, 1956, and in motor vehicle revenues which, in 1957, represented a full year's registration fees whereas, in 1956, certain motorists paid registration fees for only a part of the year under the newly instituted mail-in-stagger system.

For the calendar year 1957, the Division also assessed taxes on public utilities, other than railroads, as follows :

Franchise Taxes .....	\$25,832,300
Gross Receipts Taxes .....	31,317,491
	\$57,149,791

These utility taxes, while State-assessed, are certified to, collected by and are for the sole use of the several taxing districts of the State in which property of such public utilities is located.

On October 1, 1956, the Division published a Table of Equalized Valuations for each of the 566 taxing districts of the State, pursuant to the requirements of chapter 86, Laws of 1954 (N. J. S. A. 54:1-35.1). The equalized valuations of land and improvements established in this table form the basis upon which a substantial part of State aid for schools will be apportioned for the school year 1957-1958 under chapter 85, Laws of 1954. The assessment-sales ratios were based upon a two-year average of sales.

County equalization at full true value and on a State-wide basis, with but one exception, continued in 1957, with the result that the basis for apportioning the costs of county governments included equalized valuations of real property in the respective taxing districts as distinguished from mere assessed valuations.

On November 6, 1956, the voters rejected a proposed constitutional amendment (A. C. R. 36) which, if approved, would have permitted the Legislature to authorize the governing body of each municipality to establish the proportion of the standard of value at which all taxable real property therein shall be assessed.

Judicial decisions affecting local property taxation figured prominently in the tax events of the past year. In a decision of national interest, *Switz vs. Middletown Township*, 23 N. J. 580 (1957), the New Jersey Supreme Court, on March 11, 1957, ruled that the assessor

of Middletown Township, under existing law, must assess all taxable property within his district at full true value and not according to a percentage of such value, as has been the State-wide practice for more than one hundred years. However, the Court took cognizance of the difficulties involved in a transition to full true value assessment, especially in advance of a complete revaluation of all the real property in the district, and ruled that the issuance of a mandate requiring full true value assessment should be delayed until 1959 because :

a. Abrupt transition from the long-prevailing practice of ratio assessment to full value assessment raises problems of deep public concern ;

b. A hurried general assessment at full true value would not be conducive to the protection of the rights of individual taxpayers ;

c. The tools are not readily at hand with which to swiftly convert existing assessment rolls from a ratio basis to a full true value basis ;

d. Harsh economic dislocation "may be averted by an orderly and systematic approach to the basic administrative deficiencies in the assessment process, such as are not remediable at one fell swoop but rather by specialized and considered judgment after full inquiry, . . . .";

e. The magnitude of the task of revaluation counsels against abrupt action; and

f. The moratorium would "afford the Legislature the opportunity to take such measures and provide for such administrative procedures as its own inquiry may prove to be essential to the public interest, and to allow the township time needed for the fulfillment of the (revaluation) project."

The Court also urged all taxing districts to undertake complete revaluation projects to accomplish uniformity in assessments. Notwithstanding postponement of the requirement for 100 per cent assessment until 1959, the opinion goes on to say that

" . . . the inquiry as to true value should proceed meanwhile, for, whatever the ratio, the base of real property assessments for taxation is generally its value, and prompt action to this end will not be wasted effort or useless expense."

As matters now stand, local assessments for 1957 are continuing on a variable assessment ratio basis, as heretofore, with the exception of Princeton Township where real property was assessed on the basis of 100 per cent. It must be understood, however, that all local assessors are under a clear warning by the Supreme Court that full true value assessment must be a reality in the tax year 1959, unless the Legislature shall substitute another standard.

In a second decision handed down on the same day, *Delaware, Lackawanna and Western Railroad Company vs. The Director of Taxation*, 23 N. J. 561, the Supreme Court reached a conclusion that at first glance seems to conflict with the Middletown decision. In the D., L. and W. case it was ruled that the Director of Taxation shall, when necessary to avoid discrimination, assess Class II railroad property according to the common level or common ratio of assessment at which other property in the respective taxing districts is assessed and abandon his previous practice of assessing such property at full true value. The seeming conflict between the two rulings can be reconciled by noting that in the Middletown case the plaintiff sought only to require the assessor to comply with the statute by uniformly valuing and assessing all real property in the township, including plaintiff's, at full true value. In the D., L. and W. case, on the other hand, the plaintiff alleged discrimination and sought relief through reduction of its assessment to the common level of assessment on other properties. In ruling that, if necessary to avoid discrimination, the plaintiff's assessment should be reduced below the statutory requirement of 100 per cent of true value, the Court was, in fact, following the principle established in an earlier case, *Gibraltar Corrugated Paper Company, Inc., vs. North Bergen Township*, 20 N. J. 213 (1955). In that case it was held that equality of treatment and burden is the dominant principle of assessment and will prevail over a conflicting statutory provision where strict compliance with the statute would effectuate an inequitable result.

A further aspect of the D., L. and W. case poses a difficult administrative problem. The Court ruled that the average assessment ratios as established by the Director in the annual State Table of Equalized Valuations for School Aid purposes do not represent the common level or common ratio of assessment in the respective taxing districts.

In one of the last acts of the 1956 Legislature, it passed Senate Concurrent Resolution No. 28 which calls upon the New Jersey Com-

mission on State Tax Policy to study the impact of enforced 100 per cent assessment of real and personal property and to make recommendations for temporary, transitional and permanent changes, if any, in the entire State tax structure which may be deemed desirable for the equitable distribution of the total burden of State and local taxes. The resolution further directed the Commission to submit its findings and recommendations by the first week of December 1957.

Again, the Division desires to call attention to the law governing the allowance of veterans' exemptions insofar as the Korean Conflict is concerned. Cessation of actual hostilities occurred on July 27, 1953, but those entering and leaving the military service since that date are receiving the same exemption benefits as those serving in time of actual armed conflict, although similar treatment is not accorded those servicemen who entered and left the military service in the interval following the date of cessation of actual hostilities of World War I and before the commencement of World War II, and in the interval following the cessation of actual hostilities of World War II and prior to commencement of the Korean Conflict.

Respectfully submitted,

WILLIAM KINGSLEY,

*Deputy Director, Division of Taxation,  
in the Department of the Treasury.*

## **SUMMARY OF FUNCTIONS OF THE SEVERAL BUREAUS OF THE DIVISION OF TAXATION**

---

### **Office of the Director, Division of Taxation**

---

The Division of Taxation has the duty of levying and collecting taxes on inheritances and estates, alcoholic beverages, motor fuels, cigarettes, billboard licenses and permits, domestic and foreign corporations, foreign insurance companies other than life, and domestic and foreign life insurance companies. It is also charged with the administration of the Unfair Motor Fuels Practices Acts and the Unfair Cigarette Sales Act.

The Division of Taxation is also charged with the levy of the property and franchise taxes on the several railroads operating in the State, and the levy and apportionment—for the benefit of the municipalities—of the franchise and gross receipts taxes on other public utilities operating within the State.

In addition, the Division is empowered to investigate and equalize local assessments, prepare State equalization tables, determine the average rate of taxation in the State and in general supervise the activities of local tax officials.

Under chapter 86, Laws of 1954, the Division is required to promulgate a Table of Equalized Valuations for use in the apportionment of State School Aid.

## Beverage Tax Bureau

(R. S. 54:41-1 to 54:47-7, as amended and supplemented by chapters 319 and 391, Laws of 1938; chapter 357, Laws of 1939; chapter 168, Laws of 1940; chapters 209, 210 and 327, Laws of 1941; chapter 171, Laws of 1942; chapters 18 and 250, Laws of 1947; chapter 95, Laws of 1949; chapter 203, Laws of 1950; chapter 68, Laws of 1951; Chapter 103, Laws of 1955 and chapter 179, Laws of 1956)

This Bureau collects taxes on alcoholic beverages sold or delivered in New Jersey and intended for ultimate consumption. Tax rates range from  $3\frac{1}{2}$  cents per gallon on beer to \$1.50 per gallon on liquors, as fixed by statute. Taxes are collected from State licensees, i.e., manufacturers, wholesalers, transporters and warehouses of which there are some 600 who are required to post bonds with the Bureau to secure the payment of taxes and penalties and must file reports each month disclosing all transactions.

The Bureau also processes about 12,500 monthly retail reports. These latter reports are filed by both tavern keepers and package store owners. From these reports we supply a monthly statistical statement listing total purchases by counties and by type of alcoholic beverages.

Exemptions from tax are granted on sales to authorized military organizations and when sold for use by hospitals, doctors and dentists or when used in the manufacture of medicinal, pharmaceutical or toilet preparations, scientific products, flavoring extracts and food products.

At the close of the fiscal year ending June 30, 1957, the personnel of the Bureau consisted of a State Supervisor, an Assistant State Supervisor, 8 Supervising Field Auditors, 37 Field Auditors and 44 Office Auditors and office personnel. Offices for the convenience of the public are maintained in Trenton and Newark.

The Legislature annually appropriates funds for the administration of the Bureau. During the year ended June 30, 1957, expenditures totaled \$402,574.42; of which administrative and supervisory salaries totaled \$86,017.38; field auditors' salaries, \$175,226.56; office auditors and personnel, \$110,267.78; travel expense of field staff, \$13,209.57; materials and supplies, \$7,894.12; other operating expense, including rents and telephone, totaled \$9,292.59. Miscellaneous expense, \$666.42. With gross receipts for the year totaling \$19,724,796.78; the total cost of operation was 2.04%.

The following tabulation sets forth the tax rates for various classifications of alcoholic beverages and the revenues from each during the past three years :

### Cigarette Tax Bureau

(Chapter 65, P. L. 1948, as amended; chapter 247, P. L. 1952.)

This Bureau, created by chapter 65, P. L. 1948, as amended, came into being on July 1, 1948. It is charged with the administration and collection of the cigarette tax, levied at the rate of two and one-half cents (2 $\frac{1}{2}$ c) per ten cigarettes or fraction thereof, and the enforcement of the Unfair Cigarette Sales Act (chapter 247, P. L. 1952). The tax is collected through the sale of cigarette revenue stamps to duly licensed cigarette distributors, defined by the act as any person who manufactures cigarettes within the State or any person who brings or causes to be brought into the State, unstamped cigarettes which have been acquired from the manufacturers thereof.

Distributors are allowed a discount of three per cent on the purchase of stamps in excess of \$100.00. The only exemptions provided by the Tax Act extend to sales of cigarettes to the United States Government and its agencies, and sales of cigarettes in interstate commerce.

The original Tax Act provided for the licensing of distributors, \$250.00; wholesale dealers, \$100.00; over-the-counter retail dealers, \$5.00, and cigarette vending machines, \$1.00. The new act, effective July 1, 1952, provides license fees for distributors, \$350.00; wholesale dealers, \$200.00; over-the-counter retail dealers, \$5.00, and cigarette vending machines, \$1.00.

The Unfair Cigarette Sales Act prohibits the sale of cigarettes at wholesale or retail at a price less than cost. In the absence of proof of a higher or lower cost, the act provides that the minimum sales price of cigarettes shall be computed in accordance with a formula involving manufacturer's list price less trade discounts, less cash discounts, plus the face value of revenue stamps attached, plus a 3 $\frac{1}{2}$ % wholesaler's "cost of doing business mark-up" if the cigarettes are not delivered, and a 4 $\frac{1}{4}$ % mark-up if the cigarettes are delivered, to which must be added an 8% "cost of doing business mark-up" by the retailer in the determination of final retail sales price.

The purpose of the Unfair Cigarette Sales Act is to prevent unfair competition and unfair trade practices in the sale of cigarettes and to protect and stabilize the collection of cigarette taxes and revenue derived from the licensing of persons engaged in the sale of cigarettes.

The receipts of this Bureau for the fiscal year ending June 30, 1957, were:

Stamps and Miscellaneous Revenues .....	\$33,477,381.60
License Revenues .....	255,695.50
Fines and Penalties .....	958.00
	<hr/>
Total Receipts .....	\$33,734,035.10

The stamp and miscellaneous revenue figures indicate the purchase of 13,390,952,640 cigarettes by persons in New Jersey during the fiscal year ended June 30, 1957.

Based on the 1955 estimated population census figure of 5,420,800, the following statistics are disclosed:

1. Cigarettes were consumed at an average of 2,470.2 cigarettes per person.
2. Per Capita Revenue per 1 cent of tax was \$1.244.
3. Per Capita Revenue was \$6.223.

Functions of the Bureau were performed by a staff of 48 employees divided into the two following categories:

Office Personnel .....	27
Field Personnel .....	21
	<hr/>
Total .....	48

The operational costs for the Bureau during the fiscal year totaled \$242,170.05, of which \$206,959.71 were for salaries and \$35,210.34 for administrative costs.

The cost figure was 0.72% for each dollar collected.

S. 54:48-1 to R. S. 54:52-4, inclusive.)

#### Functions:

This Bureau administers and collects the following taxes:

- Corporation business tax
- Financial business tax
- Insurance premiums tax

and performs the following miscellaneous services:

Issuance of tax lien certificates

Issuance of tax clearance certificates

Issuance of releases of corporation franchise tax liens

Allocation to the State Police Retirement and Benevolent Fund of its share of taxes collected from insurance companies of other States and foreign countries on premiums of insurance against automobile insurance risks in this State

Determination and certification of franchise tax payable by domestic life insurance companies under chapter 101, Laws of 1950

Determination and certification of franchise tax payable by domestic insurance companies, other than life insurance companies, under chapter 227, Laws of 1952

Determination and allocation of proceeds of financial business tax to counties and municipalities entitled thereto

Collection of cost of administration of the Motor Vehicle Security-Responsibility Law (chapter 176, Laws of 1952).

#### **Disposition of Revenues:**

All revenues are paid over monthly to the State Treasurer. These are for use of the General State Fund, with the following exceptions:

- (a) Insurance premiums taxes collected from fire insurance companies of other States and foreign countries on premiums of insurance against fire insurance risks in this State are allocated for distribution to the New Jersey Firemen's Home and the New Jersey State Firemen's Association. (R. S. 54:17-4.)
- (b) One-eighth of the insurance premiums taxes collected from insurance companies of other States and foreign countries on premiums of insurance against automobile insurance risks in this State is allocated for distribution to the State Police Retirement and Benevolent Fund. (R. S. 53:5-6b.)

#### **Dedicated Funds:**

In addition to the distributions already indicated, the following funds are dedicated by law:

- (a) Out of the revenues collected under the corporation business tax act, the sum of \$4,000,000.00 is appropriated for school purposes. (R. S. 54:10A-24.)

- (b) All proceeds of the financial business tax are dedicated for distribution, on an equal share basis, to the municipality and county in which the taxpayer's place of business is located. (R. S. 54:10B-24.)

**HISTORICAL STATEMENT**

Franchise taxation of miscellaneous business corporations, presently effected under the Corporation Business Tax Act, dates back to 1884. In that year (P. L. 1884, p. 232), a tax was imposed on all corporations, organized under the laws of New Jersey, for the privilege of doing business in the corporate form. Then, as now, the mere possession of the privilege gave rise to the liability for the tax, it being immaterial to what extent such privilege was exercised or whether such privilege was exercised at all. Under the 1884 law and down to January 1, 1946, the franchise tax was based upon the total amount of capital stock issued by the taxpayer and outstanding as of January 1 in each year.

From 1884 to 1936 there was no franchise tax on foreign corporations qualified to do business or actually doing business in New Jersey. A statutory provision for a retaliatory tax on foreign corporations doing business in this State (Consolidated Statutes 1910, Section 101) was never enforced. In 1936, chapter 264, Laws of 1936, was enacted providing for an annual franchise tax on foreign corporations. This law was superseded and repealed by chapter 25, Laws of 1937, which imposed a tax on foreign corporations measured by such proportion of the total capital stock issued and outstanding as of January 1 in each year as

the gross income from the business done in the State bears to the total gross income from its entire business.

In 1945, the then existing corporation franchise taxes were repealed by chapter 162, Laws of 1945, effective January 1, 1945, which enacted a new franchise tax law to be known as the Corporation Business Tax Act. This latter tax is applicable to both domestic and foreign corporations and is measured by allocated net worth. A detailed description of the Corporation Business Tax Act follows below:

**Tax Applies to:**

Every domestic corporation and every foreign corporation authorized or doing business or owning or employing capital or property or maintaining an office in this State, with certain specified exemptions.

**Nature of Tax:**

Franchise tax on corporations for the privilege of having or exercising a corporate charter or doing business or owning or employing capital or property or maintaining an office in this State.

**Basis of Tax:**

The tax is based upon taxpayer's net worth, defined in the statute, allocable to New Jersey. In general, in determining "net worth," taxpayer is permitted to deduct from the value of its assets the amount of corporate liabilities. Of the resulting remainder, only such percentage of the net worth is taxable as corresponds to the "allocation percentage" applicable to the taxpayer.

**Allocation Percentage:**

- (a) In the case of a taxpayer which does not maintain a regular place of business outside this State other than a statutory office, the allocation factor shall be 100 per cent.
- (b) In the case of a taxpayer which does maintain a regular place of business outside this State other than a statutory office, the net worth taxable in New Jersey is determined according to the following alternative allocation formulae:

Formula 1: 
$$\frac{\text{Total assets in New Jersey}}{\text{Total assets everywhere}} = \%$$

Formula 2: 
$$\left\{ \begin{array}{l} \frac{\text{Real and tangible personal property in N. J.}}{\text{Real and tangible personal property everywhere}} = \% \\ + \\ \frac{\text{Receipts in New Jersey}}{\text{Receipts everywhere}} = \% \\ + \\ \frac{\text{Wages and salaries in New Jersey}}{\text{Wages and salaries everywhere}} = \% \end{array} \right.$$

The aggregate resulting percentages are divided by three.

The effective allocation percentage to be applied to the net worth is the greater of the two percentages resulting from Formula 1 and Formula 2, respectively.

- (c) Investment companies, as defined in the law, are subject to an allocation factor of 25 per cent.
- (d) Regulated investment companies, as defined in the law, are subject to an allocation factor of 15 per cent.

**Rate of Tax:**

Commencing with the privilege year 1955 and thereafter, the rate of tax is 2 mills per dollar, or \$2.00 per \$1,000.00 on the first \$100,000,000.00 of allocated net worth; 4/10 of a mill per dollar on the second \$100,000,000.00; 3/10 of a mill per dollar on the third \$100,000,000.00; and 2/10 of a mill per dollar on all amounts of allocated net worth in excess of \$300,000,000.00.

For the privilege years 1946 to 1954, both inclusive, the rate was 8/10 of a mill per dollar, or 80 cents per \$1,000.00 on the first \$100,000,000.00 of allocated net worth. The rates on allocated net worth in excess of \$100,000,000.00 were the same as above stated.

**Short Rate Tax Table:**

A short rate tax table is provided for taxpayers whose total assets everywhere amount to less than \$100,000.00. A taxpayer entitled to use this table is required to state only the amount of total assets everywhere and compute its tax by means of table, reproduced below, printed on the Return (Tax Table No. 1 on page 1 of Tax Return Form). No income statement or balance sheet data are required.

## Engineering and Railroad Tax Bureau

(Chapter 40, Laws of 1948, amending and supplementing chapter 291, Laws of 1941, as amended; R. S. 54:29A, superseding R. S. 54:19 to 29, inclusive.)

This Bureau values all property used for railroad purposes, determines the property and franchise taxes, and certifies them to the Director, Division of Budget and Accounting, for collection.

Under the Railroad Tax Law of 1948 there is assessed against each operating railroad or railroad system a property tax and a franchise tax. Property taxes are levied upon the true value of all property used for railroad purposes at the following rates :

Class II property is taxed at the general tax rate of the taxing district in which the property is located.

Classes I and III property are taxed at the rate of 1.20 per cent.

Franchise taxes are levied in the amount of 10 per cent of net railway operating income allocated to New Jersey, or a minimum amount established by law.

Class II property taxes are entirely for local uses. The Director, Division of Budget and Accounting, allots to each taxing district the total amount of tax derived from the Assessment of Class II railroad property within the taxing district.

The entire franchise tax and all property taxes, other than those assessed against Class II property, are for State uses, according to law.

The aggregate amount of property and franchise taxes on any railroad is subject to a limitation which, however, does not reduce or affect the taxes for local uses on Class II property.

But taxes for State uses are reduced where the aggregate amount of taxes on any railroad would otherwise be in excess of a specified amount per mile of track assessed in New Jersey to such railroad.

The limit on total taxes is \$3,000 per mile of track where railway revenues allocated to New Jersey are not in excess of \$1,000,000.00, and \$4,500.00 per mile of track where allocated revenues exceed \$1,000,000.00 in total, but are less than \$50,000.00 per mile of track over which the taxpayer operates in New Jersey.

Railroad taxes levied and payable in 1957 are:

Property tax .....	\$17,278,948.86
Franchise tax .....	1,385,776.00

Total property and franchise taxes for 1957 ..	\$18,664,724.86
--	-----------------

For 1957 the apportionment of railroad taxes to State and local use is as follows:

For State use .....	\$4,150,897.20
For local use .....	14,513,827.66

Total 1957 railroad taxes ..... \$18,664,724.86

Operating costs of this Bureau for the fiscal year ending June 30, 1957 were:

Salaries, \$82,505.11; Materials and Supplies, \$3,097.21; Services Other Than Personal, \$1,471.72; Current Repairs and Maintenance, \$760.72; Additions and Betterments, \$67.00; Total, \$87,901.76.

The personnel of the Bureau consists of a State Supervisor, 4 clerical workers, 1 accountant and 9 others engaged in various types of engineering duties.

This Bureau also dispenses information relative to the preparation of tax maps of local taxing districts; examines, suggests revisions where needed, and approves the finished maps; maintains a file of all tax maps approved by the Bureau.

### **Local Property Tax Bureau**

(R. S. 54:1-18 to 38.)

The primary functions of this Bureau are threefold. The Bureau's original and continuing function is to carry on a program of assistance to local tax assessors with an immediate view toward improving the quality of tax assessments at the local level and with the ultimate goal of a more equitable distribution of the tax burden among the taxpayers. The second function is that of gathering data and preparing the annual Table of Equalized Valuations for the Director of Taxation as required by chapter 86, P. L. 1954, for certification to the Commissioner of Education for his use in connection with the distribution of State Equalization School Aid funds. Finally, the Bureau is charged with the duties of compiling certain statutory tables and reports for the Director of Taxation, conducting investigations, making special studies, and performing such other functions as the Director may require.

#### *Assistance to Assessors*

Field personnel are assigned to confer with tax assessors and county tax board members on matters relative to assessment administration, methods of assessing, tax exemptions, professional revaluation programs, tax map questions and related problems. In addition, personnel

of the Bureau appear before numerous meetings of groups of assessors, municipal officials and civic groups to speak on the various phases of property assessments and methods of equalization.

During 1956 the Bureau furnished assessors with the "Real Property Appraisal Manual for New Jersey Assessors" and conducted a series of county-wide orientation classes in the use of the handbook. The manual is designed to provide assessors with basic standards of value on all types of properties in New Jersey as a guide toward uniform assessments. An "Assessors Law Manual" containing all property tax laws pertinent to the conduct of the assessors' office, was published by the Bureau in August, 1954, and furnished to all assessors.

Inquiries and complaints of taxpayers and taxing districts are handled by the Bureau and reports of findings when indicated are furnished to the Director of Taxation. Special studies and research with regard to local property tax matters and particularly as to the quality of assessments in a taxing district are carried on within the limits of available personnel.

As a part of its assistance program, the Bureau co-sponsors the in-service training courses in Assessing Principles held in strategic locations throughout the State and the four-day Annual Institute for Assessing Officers, both of which are conducted by the Bureau of Government Research of Rutgers University.

"The Local Property Tax Bureau News," which carries items of educational value and of timely interest on all phases of assessment administration, is published by this Bureau, ten issues annually, and is sent to some 2,300 assessors and municipal officials. A cumulative index is furnished annually.

#### *Assessment Sales Ratio Studies for the Table of Equalized Valuations*

The Bureau carries on a continuing State-wide assessment-sales-ratio study of every deed transaction recorded in each of the twenty-one counties, the results of which are incorporated in an annual Table of Equalized Valuations. The ratio of assessed valuation to the price received in a bona fide sales transaction is determined for the sales in all classes of property in all of the 567 taxing districts in the State. It is estimated that about 350,000 deed transactions will have been processed to arrive at the ratios to be used in the Table of Equalized Valuations promulgated as of October 1, 1957, by the Director of Taxation under the new State School Aid laws. This table which

reflects the total property wealth of a taxing district is used by the Commissioner of Education as a significant factor in the over-all School Aid formula for the distribution of some \$72,000,000 of State funds. The table is also used as a prime factor in the apportionment of some \$115,000,000 of the costs of county government and of some \$9,000,000 of the costs of the Regional, Consolidated, and Joint School Districts.

The utmost accuracy is sought through the use of 55,000 questionnaires sent to one or both parties of the deed transactions and through approximately 18,500 investigations made by the field staff of the Bureau. Furthermore, preliminary lists of all Usable and Non-Usable sales transactions were published during June, 1957, and forwarded to assessors to afford them the opportunity to introduce additional factual material having a bearing on the correctness of the selling price and the usability or non-usability of the transactions in the ratio study.

When appeals are filed with the Division of Tax Appeals following the promulgation of the Table on October 1, the Bureau informs municipal officials they may submit their complaints informally for review. This is done in the interest of economy of time for all parties which would be involved in a formal hearing. The evaluation of the complaints may lead to obvious corrections or adjustments and hence to stipulations or otherwise to denials. The grounds for the latter has led in the past to numerous appeals being withdrawn, thus the number of formal hearings has been kept very low.

The Bureau prepares data for the Director of Taxation for the cases to be tried, and members of the Bureau staff serve at hearings to submit testimony concerning the statistical and processing methods used. Similar assistance, so far as time will permit, is afforded county boards of taxation which have adopted the Director's assessment ratio for their county equalization table.

A State-wide appraisal program which has been in progress during the past year under a special appropriation by the Legislature will provide data to supplement inadequate sales data in many districts for farm and commercial-industrial properties infrequently involved in clear-cut sales of the real estate.

*Compilation of Statutory Tables; Preparation of Reports, etc.*

Compilation of the State Abstract of Ratables and Exemptions, an abstract to Added and Omitted Assessments, and the preparation of the State Equalization Table for certification to the Comptroller by the

Director, and the publication of the Annual Report of the Division of Taxation for the Director are a part of the duties of this Bureau. As a preliminary to these, the Bureau receives and examines the County Abstracts of Ratables and the County Equalization Tables.

*Cost of Operation and Personnel*

Operating costs of this Bureau for the 1956-1957 fiscal year were:

Salaries .....	\$203,816.86
Other .....	52,700.78
Appraisal Project .....	119,630.00
	<hr/>
	\$376,147.64

**Motor Fuels Tax Bureau**

(R. S. 54:39-1 to 75, as amended and supplemented by chapters 166 and 283, Laws of 1938; chapter 209, Laws of 1939; chapter 169, Laws of 1940; chapter 268, Laws of 1941; chapters 169 and 215, Laws of 1948; chapter 144, Laws of 1950; chapters 51 and 274, Laws of 1953; chapter 109, Laws of 1954; chapter 90, Laws of 1955; chapter 106, Laws of 1956; and chapter 101, Laws of 1957.)

This Bureau administers the New Jersey Motor Fuels Tax Law and collects, through licensed motor fuel distributors, a tax of four cents per gallon on motor fuels, as defined by the Law, sold in New Jersey to propel motor vehicles over its highways and motorboats over its waterways. It authorizes payment of claims for refund of the tax on tax-paid motor fuels used for refundable purposes (R. S. 54:39-66) and combats tax evasion by audits, investigations and inspections.

It also administers "An act to regulate the retail sale of motor fuels" (R. S. 56:6-1 to 17 as supplemented by chapter 258, Laws of 1952). By audits, investigations and inspections, it checks retail dealers in motor fuels for display of brand names; use of prizes, lotteries, etc.; substitution of one brand of motor fuel for another and keeping of proper records.

It also administers the "Unfair Motor Fuels Practices Act" (chapter 413, Laws of 1953). By inspection, audit and investigation, it checks distributors, refiners, wholesalers and suppliers for the giving, with intent to injure competitors, or destroy or substantially lessen competition, of rebates, concessions, allowances, discounts or benefits in connection with the sale or distribution of motor fuel or other products marketed by such persons. The law also prohibits such persons from making any lease or contract on condition, promise or agreement that the lessee or purchaser thereof shall not use or deal in merchandise, supplies, or other commodities of a competitor, and from

discriminating in tank wagon price between different retail dealers purchasing the same grade, quality, or quantity, of branded motor fuel, except to meet competition.

The Bureau utilizes the services of 83 employees. There are 50 in its Field Force, 12 in its Refund Section and 21 in its Administrative Section. The Field Force comprises 39 Tax and Control Investigators and Inspectors, 7 Auditors and 4 Marine Investigators.

During the fiscal year ending June 30, 1957, the Bureau :

- (1) Issued 1 Motor Fuel Distributor License, 1 Special License "A", 344 Special Licenses "B", 720 Wholesale Dealer Licenses, 11,988 Retail Dealer Licenses and 4,009 Motor Fuel Transport Licenses, of which 1 Distributor License, 21 Special Licenses "B", 45 Wholesale Dealer Licenses, 1,467 Retail Dealer Licenses and 88 Transport Licenses were canceled during the year because of change of ownership, going out of business, etc. 30 Motor Fuel Distributor Licenses and 3 Special Licenses "A" continued in effect by virtue of the provisions of chapter 274, P. L. 1953;
- (2) Collected a total of \$75,304,760.97 representing the tax on 1,825,102,098½ gallons of gasoline (\$73,009,087.95), 55,667,-875½ gallons of Special Fuels (Diesel Oil, Propane, etc.) used for highway purposes (\$2,226,715.02), \$68,957.00 in license fees (\$5.00 annual fee for Retail Dealer Licenses, \$2.00 annual fee for Wholesale Dealer and Motor Fuel Transport Licenses), and \$1.00 Miscellaneous Receipts.

### Outdoor Advertising Tax Bureau

(Chapter 168, P. L. 1942, as amended by chapter 169, P. L. 1947, chapter 403, P. L. 1948, chapter 51 and chapter 76, P. L. 1953.)

Chapter 168, P. L. 1942 (as amended) provides for the collection of license fees and permit fees on billboards and other outdoor advertising matter. A license fee of \$100 must be paid by every person, firm or corporation engaged in the business of outdoor advertising for profit, and a permit fee on each taxable billboard and outboard advertising space according to the following schedule:

(a) for a space not exceeding 50 square feet in area .....	\$ .80
(b) for a space exceeding 50 square feet in area but not exceeding 100 square feet in area .....	1.50
(c) for a space exceeding 100 square feet in area but not exceeding 250 square feet in area .....	3.00
(d) for a space exceeding 250 square feet in area but not exceeding 500 square feet in area .....	6.00
(e) for a space exceeding 500 square feet in area but not exceeding 800 square feet in area .....	8.00
(f) for a space exceeding 800 square feet in area .....	25.00

These licenses and permit fees are collected for the period from April 1st to March 31st. One-half the regular rate is charged for permits issued after October 1st.

The law empowers the Director to regulate the erection and placing of billboards and other outdoor advertising matter. Prohibits erection of signs at intersections where same will create a traffic hazard or obstruct the visibility of an existing sign for which a permit has been issued.

All collections under the provisions of this act are first used to defray expenses of collection and enforcement. Balances of \$5.00 or more are distributed, after July 1st of each year, among the various municipalities of the State, in the proportion that the amount of the permit fees collected in each municipality bears to the total amount collected.

(Chapters 4 and 5, Laws of 1940; as amended by chapters 20, 21, 400 and 401, Laws of 1941; chapter 217, Laws of 1948; chapters 264 and 265, Laws of 1952; and R. S. 54:30-1 to 3.)

This Bureau is charged with the computation of the valuations of each company according to unit rates and the certification of the valuation of each company to the municipalities, and the computation of the Average Rate of Taxation for the entire State.

The Bureau is also charged with the assessment of utility franchise and gross receipts taxes and the apportionment thereof among the municipalities according to the relative values of utility property located therein.

The *franchise tax* assessed pursuant to chapters 4 and 5, Laws of 1940, as amended, on utilities, other than those specifically exempted, having lines or mains located along, in, on or over any street, highway or other public place (e.g., telephone, telegraph, water, sewer, district messenger, street railway and gas and electric companies) is at the rate of five per cent of such proportion of the gross receipts of the taxpayer for the preceding calendar year as the length of its lines or mains in this State, located along, in, on or over any public street, highway, or other public place, exclusive of service connections, bears to the whole length of its lines or mains, exclusive of service connections.

The gross receipts tax assessed pursuant to chapter 5, Laws of 1940, as amended by chapters 264 and 265, Laws of 1952, on street railway, sewer, traction, gas and electric light, heat and power companies using the public streets, highways, roads or other public places

(which is in addition to the franchise tax, mentioned in the previous paragraph and in lieu of local taxes on certain of the property of the utilities named), is at the same rate as the average rate of taxation in the State, upon the gross receipts of such taxpayer for the preceding calendar year from its business over, on, in, through or from its lines or mains in the State.

While this Bureau does not collect either the franchise or the gross receipts tax, it is charged with the duty of apportioning both taxes to the municipalities after deducting the expenses incurred by it in the administration of the utility tax laws. The franchise tax is apportioned to the various municipalities in the proportion that the value of the scheduled property of the taxpayer located in, on or over any public street, highway, road, or other public place in each municipality as of the preceding July first bears to the total value of the scheduled property of the taxpayer located in, on or over any public street, highway, road or other public place in the State. The gross receipts tax is apportioned in the proportion that the value of the scheduled property of the taxpayer located in each municipality as of the preceding July 1st bears to the total value of the scheduled property of the taxpayer in the State.

Both the franchise and gross receipts taxes are payable to the local tax collectors in three installments: one-third within 30 days after certification of the apportionment by the Director; one-third on September 1st; and one-third on December 1st.

Valuations of scheduled property upon which both taxes are apportioned to the municipalities are determined by the Bureau on the basis of the unit values thereof set forth in each act.

*Franchise taxes for the year 1957* were assessed against 150 corporations, 2 municipal electric corporations and 6 individuals. The total tax assessed amounted to \$25,832,049.88. Franchise tax assessments for the year 1957 are classified as follows:

<i>No. of Companies</i>	<i>Classification</i>	<i>Taxable Gross Receipts</i>	<i>Franchise Tax</i>
1	Street Railway .....	\$416,078.80	\$20,803.94
15	Gas and Electric .....	361,670,115.38	18,082,676.60

158		\$517,192,672.45	\$25,832,049.88

*Gross Receipts Tax.* The excise taxes assessed pursuant to the provisions of section 6 (b) of chapter 5, P. L. 1940, as amended by chapter 264, P. L. 1952, for the year 1956, amounted to \$28,325,764.25. Street railway, traction, sewerage, gas and electric light, heat and power corporations using or occupying public streets, highways, roads or other public places in this State are subject to this tax.

This tax is in addition to the franchise tax and is in lieu of local taxes on certain of the property of the utilities named. The rate used was 7.50%, under chapter 268, P. L. 1955 upon the gross receipts of such taxpayer for the preceding calendar year from its business over, on, in, through or from its lines or mains in the State.

The average rate of taxation of the State for the year 1957 is \$8.308 per \$100 of Valuation.

Assessments were levied against 33 corporations and 2 municipal electric corporations. The total tax is \$31,334,674.16. Assessments for the year 1957 are classified as follows:

<i>No. of Companies</i>	<i>Classification</i>	<i>Gross Receipts</i>	<i>Tax</i>

**Transfer Inheritance Tax Bureau**

(R. S. 54:33-1 to 54:38-16, as amended and supplemented by chapter 278, Laws of 1938; chapters 122 and 303, Laws of 1939; chapter 220, Laws of 1940; chapter 422, Laws of 1941; chapters 38, 39 and 165, Laws of 1943; chapter 74, 75 and 220, Laws of 1944; chapter 127, Laws of 1945; chapters 70 and 240, Laws of 1946; chapters 369 and 376, Laws of 1947; chapters 92, 268 and 336, Laws of 1948; chapters 177 and 250, Laws of 1951; chapter 51, Laws of 1953; chapters 78 and 135, Laws of 1955; and chapter 54, Laws of 1956.)

This Bureau has supervision over the administration of all transfer inheritance tax laws and the collection of all taxes assessed pursuant thereto. The tax is levied upon the transfer of property, real or personal, or of any interest therein or income therefrom, in trust or otherwise, to persons or corporations when such transfer is by will or intestate law, by deed, grant, bargain, sale or gift made in contemplation of or to take effect at or after death, and by survivorship in certain cases. (R. S. 54:33-1 to R. S. 54:36-7.)

As to estates of resident decedents, the law applies to real property and tangible personal property (goods, wares, merchandise, etc.) located in New Jersey and to intangible personal property (stock, bonds, mortgages, bank accounts, etc.) wherever located.

As to estates of nonresident decedents, the law applies only to real property and tangible personal property located in New Jersey.

The tax rates range from one to sixteen per cent according to the value of the transfer and the relationship of the beneficiary to the deceased. Transfers to collateral relatives and nonrelatives, if under \$500.00, are exempt; if \$500.00 or over, are taxable at the rate of eight per cent, and upward. An exemption of \$5,000.00 each is granted to those of a close degree of relationship, such as husband, wife, children, mutually acknowledged children, stepchildren, father, mother, and grandparents; the rate of tax on the excess being graduated from one per cent upward. An exemption of \$5,000.00 is also granted to charitable, religious and benevolent organizations, the excess being taxed at the rate of five per cent. Transfers to the State and its political

subdivisions are wholly exempt, as well as transfers to nonprofit educational institutions.

Taxes are payable within the year following death of decedent, and if not paid bear interest at the rate of ten per cent per annum from one year following death until paid. The inheritance tax report must be filed as promptly after death as the circumstances of the case permit.

This Bureau also assesses and collects New Jersey estate taxes pursuant to R. S. 54:38-1 to 16. The amount of the tax is the difference between the credit allowed against Federal estate taxes and the total amount of inheritance taxes paid this and other States.

Preparation of the five per cent refund to the counties of inheritance taxes collected from resident decedents (pursuant to R. S. 54:33-10) is also supervised by this Bureau.

Transfer inheritance and estate tax receipts, all of which (except five per cent of resident inheritance taxes returned to the counties) are available for general State uses, are set forth in the attached table.

Receipts for the fiscal year ending June 30, 1957, were:

Inheritance taxes (resident decedents) .....	\$18,216,348.86
Inheritance taxes (foreign decedents) .....	118,986.11
	<hr/>
Estate taxes (resident decedents) .....	\$18,335,334.97
	287,075.83
	<hr/>
Total receipts .....	\$18,622,410.80

Operating costs of the Bureau for the fiscal year ending June 30, 1957, were:

Salaries .....	\$629,093.56
Operating expenses .....	22,818.84
	<hr/>
Total .....	\$651,912.40

The cost of collection was therefore \$0.035006.

The Bureau's staff consists of 118 employees. The personnel in the home office includes a State Supervisor, 62 Examiners and 23 clerical assistants. The 25 field offices are staffed by 21 district supervisors (one in each county) and 4 regional special investigators. Seven clerical assistants are supplied to the district supervisors in the three largest counties (Bergen, Essex and Hudson); the other supervisors and investigators supply their own clerical help.

The five per cent refund to counties of inheritance taxes collected from resident decedents was \$797,946.47.

The number of inheritance tax proceedings processed was 29,600, of which 14,392 were taxable and 15,208 were exempt.

$$\frac{\$645,869,442.33}{\$7,773,656,386.00} = \$8.308$$

Based on the above Computation I hereby determine "The Average Rate of Taxation" for the year 1957 to be \$8.308. This rate shall be entered on the records of the Division of Taxation, Department of the Treasury as of July 11, 1957.

For Assessment of the 1957 Excise Tax under chapter 5, P. L. 1940, as amended by chapter 268, P. L. 1955, the rate used was \$7.50.

(Signed) WILLIAM KINGSLEY,

*Deputy Director, Division of Taxation,*  
*Department of the Treasury.*

*Note:* The tax on fertilizer and feeding stuffs was formerly collected by this Division. Collection thereof after 1937 was transferred to the Agricultural Experiment Station by Chapters 73 and 74, Laws of 1938.

The Workmen's Compensation Tax, also formerly collected by this Division, was transferred to the Commissioner of Labor by Chapter 198, Laws of 1938.

Chapter 268, P. L. 1934 imposed a sales tax effective July 1, 1935. However, the law was repealed by Chapter 329, P. L. 1935, effective October 25, 1935. While the law was in force, there was collected by this Division \$7,093,150.20.

\* For figures for years 1931 to 1939, inclusive, see Annual Report of year 1955.

\*\* Tax Increase effective April 16, 1956 from 3 cents to 5 cents per package of 20 cigarettes.

<sup>1</sup> Calendar Year.

For calendar years 1941 through 1947 classification was changed to "property tax" and "franchise tax" under Chapter 291, Laws of 1941.

Under this act the property tax on the main stem was retained by the State, the property tax on second-class was for local use, and the franchise tax was divided equally between State use and local use.

Chapter 40, Laws of 1948, amending Chapter 291, Laws of 1941, continued the "property tax" and the "franchise tax," but the tax rates and the distribution of franchise taxes were changed. After 1947 the property tax on second-class was levied at local tax rates for local use. Other property taxes and all franchise taxes were for State use.

\* For figures for years 1931 to 1939, inclusive, see Annual Report of year 1955.
