ASSEMBLY BILL No. 200

To the General Assembly:

I return Assembly Bill No. 200 without my approval, pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, for the following reasons.

This bill provides every county and municipal free public library in the State a subscription to the Legislative Index at the expense of the State. The intent of this bill is laudable, in that the public has a right to know more about the workings of its Legislature. However, the cost of this bill is \$32,000.00, as there are 376 libraries which would qualify and as an individual subscription costs \$85.00. In view of the Legislature's toll-free telephone number (800-792-8630), by use of which any citizen or librarian can find any of the information contained in the Legislative Index, the public can become better informed without the expenditure entailed by this bill.

Respectfully,

Mr. LeFante moved that the message be spread in full upon the minutes.

Which motion was adopted.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 4, 1975. }

ASSEMBLY BILL No. 1600

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1600, without my approval.

This bill mandates the Delaware River Port Authority to transfer the Chester Ferry Boat to the joint ownership of New Jersey and Pennsylvania without reimbursement from either state.

The bill is deficient for several reasons. First, since no reimbursement is provided to the present owner, the bill violates the constitutional prohibition regarding the taking of property without just compensation. Secondly, title at present does not even lie with the Delaware River Port Authority but rather with the Port Authority Ferry Corpo-

ration. Finally, the bill does not provide an appropriation which would be necessary if either state was to operate the boat in the future.

For all of the above reasons, I herewith return Assembly Bill No. 1600 without my approval.

Respectfully,

[SEAL]

An Assembly Resolution memorializing the Congress of the United States to enact legislation to prevent an increase in the price of food stamps.

WHEREAS, The United States Department of Agriculture has issued an order which will increase the purchase price of food stamps effective March 1, 1975; and

WHEREAS, The law establishing the Federal food stamp program states that the amount to be paid for stamps "shall represent a reasonable investment on the part of a household, but in no event more than thirty per cent of the household's income"; and

WHEREAS, The United States Department of Agriculture order sets the amount to be paid at a flat thirty per cent of income, regardless of family size, although the average amount presently paid is only twenty-three per cent of income; and

TUESDAY, FEBRUARY 4, 1973

WHEREAS, There are more than 500,000 New Jersey food stamp recipients, who will lose an average of \$2.37 in purchasing power per month if the order becomes effective; and

WHEREAS, The resulting reduced purchasing power will cause a monthly loss estimated at \$1,100,000 to the economy of the State of New Jersey; and

WHEREAS, Benefits to approximately 3,800 elderly single recipients of food stamps will be reduced to only one dollar per month if the order becomes effective; and

WHEREAS, Nationwide, an estimated ninety-five per cent of food stamp recipients will be affected by the order; and

WHEREAS, Despite widespread adverse reaction, the executive branch of the Federal Government has acted in a manner clearly contrary to the intent of the food stamp program; and

WHEREAS, Members of both the United States Senate and the United States House of Representatives have introduced legislation to prevent an increase in the price of food stamps to needy persons; and

WHEREAS, There is urgent need for action to be taken to protect citizens of the State of New Jersey; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey:

1. That the Congress of the United States is hereby urged to enact legislation as quickly as possible to prevent the increase in the price of food stamps set forth in the United States Department of Agriculture order.

The Taxation Committee reported the following bill favorably without amendment which bill was given second reading:

Senate No. 1351, with the following Statement.

Senate No. 1351 exempts from the inheritance tax a membership certificate in a cooperative housing corporation which entitles the holder thereof to occupy real estate for dwelling purposes when held by spouses as joint tenants.

This bill merely places such residents of cooperative housing communities on the same basis in regards to the inheritance tax that is now enjoyed in other dwellings.

The Taxation Committee reported the following bill favorably without amendment which bill was given second reading:

Assembly No. 1628 with the following Statement.

The committee has acted favorably on Assembly No. 1628 in that it believes the bill serves to remove an inequitable situation, and further, it is in keeping with the original interpretation of the Sales Tax Act which subsequently was changed.

The substance of the bill exempts a tax on tangible personal property which is serviced and delivered out of the State. For example, if a person in Delaware were to take a television set to a repair shop in Pennsville for service, under the present interpretation of the law the purchaser of that service would be subject to the sales tax.

As noted during the first six or seven years of the life of the act there would have been no sales tax, but several years ago, the interpretation was changed and the tax imposed. In effect, this bill will return the situation to its original status.

This bill permits a mortgagor to prepay in any year one-third of a mortgage loan without penalty. The bill also provides that such a penalty shall be paid on two-thirds of the face value of the loan or the actual balance of the loan, whichever is the lesser.

P. L. 1973, c. 297 reduced the time period in which a penalty could be charged from 5 to 3 years; this brings section 3 of the original act in line with this 1973 amendment

Assembly No. 2239 with statement.

ASSEMBLY BANKING AND INSURANCE
COMMITTEE

STATEMENT TO
ASSEMBLY, No. 2239

with Assembly committee amendments

DATED: FEBRUARY 13, 1975

This bill would require each bank holding unclaimed bank deposits to publish the names of owners of unclaimed deposits, on one day during the second week of October and one day during the second week of November. It further provides that such advertisements be printed in 8-point type in a newspaper or newspapers published in New Jersey which circulates in the counties in which the bank has its principal offices and branch offices.

The existing statute makes provision for publication of such notice only in the municipality where a bank has its principal office; this bill would provide for wider circulation of these advertisements.

The Taxation Committee reported the following bill favorably with committee amendments which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Assembly No. 3080 with statement.

ASSEMBLY TAXATION COMMITTEE

STATEMENT TO
ASSEMBLY, No. 3080

This bill proposes to allow Jersey City to impose a payroll tax on certain employers at a maximum rate of 2%. The authorization provided in Assembly Bill No. 3080 is for calendar year 1975 only. It is the contention of the mayor and other officials in Jersey City that it is the only viable solution to their fiscal problems during this year. They anticipate a \$19 million deficit, and this will provide approximately \$10 million toward meeting that deficit.

This bill in general is similar to that enacted as chapter 326, P. L. 1970, section 14, authorizing the city of Newark to impose a payroll tax. There are differences, however,

the Newark tax is limited to 1% of the employer's payroll, and it applies to any employer having a payroll in excess of \$2,500.00 in any calendar quarter. On the other hand, Assembly Bill No. 3080 places a maximum rate of 2%, but limits it to employers with a payroll in excess of \$10,000.00 in any calendar quarter.

It is the committee's sense that this is a bad tax, and under ordinary circumstances the bill would not be released favorably. However, in view of the exigencies of the fiscal situation in Jersey City, they can present no alternative, and thus release the bill favorably, yet reluctantly.

It is the hope of the committee that there will be no necessity for an extension of this tax beyond 1 year, and that between now and January 1, 1976, a solution will be found for the fiscal problems of Jersey City and many other municipalities.

The Taxation Committee reported the following bill favorably with committee amendments which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Assembly No. 1936 with statement.

ASSEMBLY TAXATION COMMITTEE

STATEMENT TO ASSEMBLY, No. 1936

The proposal made by Assembly Bill No. 1936 was originally introduced as part of a package known as the "Garramone Plan." As released amended, the bill will increase the corporation income tax by 2% and increase the net worth tax on all net worth above \$100 million to a flat .5 of 1%. In addition, the minimum tax will be increased for domestic corporations from \$25.00 to \$100.00, and for foreign corporations from \$50.00 to \$150.00.

The estimated annual yield from the bill as amended is \$68 million. The bill has been further amended to provide a lifetime of 1 year from the increased rates as a commitment by the Taxation Committee that any change in the corporation tax structure should only be considered as part of overall tax reform. However, the committee reluctantly releases the bill favorably as the only alternative to meet the emergency in the transit subsidy program.

The County Government Committee reported the following bill favorably with committee amendments which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Assembly No. 2118 with statement.

ASSEMBLY COUNTY GOVERNMENT COMMITTEE

STATEMENT TO
ASSEMBLY, No. 2118
with committee amendments

This bill allows a county to pay a municipality for the latter's vacation of its rights to lands designated as public streets, where the land in question is part of a tract of more than 500 acres acquired by the county for use as a park or other recreational facility.

The committee has made several technical and clarifying amendments. Because the "Local Lands and Buildings Law" is currently under study for possible broad revision, the prospective supplement is to be added to another equally relevant portion of the law; thus the change in the title of the bill. The amendment on lines 3-4 of the text eliminates the assertion that the land is acquired "by virtue of" vacation. Vacation does not *per se* convey title to property, though it does remove a significant encumbrance.

Since certain counties no longer have the freeholder form of government, the term "governing body" is substituted on line 7. The change on line 8 makes clear that the county may pay the municipality simply for the act of vacation.

The Institutions, Health and Welfare Committee reported the following bills favorably with committee amendments which amendments were adopted on motion of the Chairman and said bills with committee amendments were given second reading:

Assembly Nos. 1583 and 2329 both with statement.

Furthermore, the phrase "receiving health insurance" was clarified with more specific language. Lastly, a provision was added to insure that no health care facility could charge in excess of the demonstrable costs of providing required information and filling required forms.

ASSEMBLY INSTITUTIONS, HEALTH AND
WELFARE COMMITTEE

STATEMENT TO
ASSEMBLY, No. 2329

DATED: FEBRUARY 13, 1975

This bill was amended by the committee to provide for expanded regulatory control of clinical laboratories through the inclusion of facilities "used for the collection, processing and transmission of specimens to another facility." Further amendments allowed licenses to be obtained for one or more laboratory specialty categories and sub-categories, such as, microbiology, serology, hematology and clinical chemistry.

In addition, amendments provided that rules and regulations promulgated by the Public Health Council would, where feasible, equal or exceed standards promulgated by the Federal "Clinical Laboratory Improvement Act," and that such rules and regulations would include standards for education, experience, continuing education, and periodic proficiency testing for different levels of laboratory personnel.

ASSEMBLY TRANSPORTATION AND

STATEMENT TO

ASSEMBLY, No. 1288

with Assembly committee amendments

DATED: FEBRUARY 13, 1975

There has been a tragic increase in the number of collisions between automobiles and bicycles in recent years as more and more children and adults turn to bicycles for recreation as well as for an economical, nonpolluting and healthful means of transportation. The national death toll for bicyclists in 1973 was over 1,100. In New Jersey, 22 bicyclists were killed in 1972 and 30 in 1973.

This bill requires that a bicycle be equipped at the time of sale or rental with front, rear and pedal reflectors and either side reflectors or retroreflective tire sidewalls. Such equipment shall permit recognition and identification of the bicycle under illumination from motor vehicle headlamps. This bill has been amended by the committee so that the requirements for such equipment conform with the standards promulgated by the Federal Consumer Product Safety Commission.

Assembly Bill No. 1723 was reported out of the Education Committee on February 10, 1975 and the following is the accompanying statement:

ASSEMBLY EDUCATION COMMITTEE

STATEMENT TO ASSEMBLY No. 1723

DATED: FEBRUARY 10, 1975

From a standpoint of sound educational policy the Assembly Education Committee does not advocate the mandating of curriculum and usually has opposed such legislative proposals in the past. The committee's support of Assembly No. 1723 as an exception to such a rule is based upon two considerations:

1. The past exclusion of the role of women in the analysis of American history is part and parcel of their exclusion as a social group from many aspects of American life. In the past the Legislature has taken affirmative action in the area of curriculum and has supported a mandated curriculum (Black History) when it has appeared that a particular social group has been excluded.

2. The Assembly Education Committee believes that its action with respect to Assembly No. 1723 is a measured

response in comparison to past legislative mandates. It does not require, as many legislative proposals have in the past, that a particular segment of the 2-year course in American history be reserved for a particular unit of study. The language of this bill clearly does not mandate a curriculum unit as such.

There are two major reasons which, in the committee's best judgment, make the provisions of the bill itself praiseworthy. First, it clearly directs the commissioner to take full responsibility in the development of the materials and the delivery of technical assistance to the school districts. In order to insure Statewide dissemination this provision is necessary. Secondly, while requiring the schools to include materials and instruction, it clearly reserves the right for the local school district to make curricular and instructional decisions with respect to where and how such instruction will most appropriately fit into the fabric of the history courses currently being given.

On motion of Mr. Hamilton, Assembly No. 2258 was recommitted to the Education Committee for the purpose of amendment.

The Education Committee reported the following bill favorably with committee amendments which amendments were adopted on motion of the Chairman and said bill with committee amendments was given second reading:

Assembly No. 2258 with statement.

STATEMENT TO ASSEMBLY, No. 2258

DATED: FEBRUARY 10, 1975

This bill provides an appropriation of \$595,000 to the New Brunswick school system to make up for a revenue shortfall created when, on August 15, 1974, the Commissioner of Education ordered the transfer of 565 tuition-paying students out of the New Brunswick schools and ordered the retention of all teachers from the previous year.

Prior to August 15, the Commissioner of Education had recommended that the New Brunswick school system plan and set schedules as if the 565 tuition-paying students would be attending the New Brunswick school system for the 1974-75 school year. When, on August 15, 2 weeks before

the opening of school, the order was received to transfer 565 pupils and to retain all teachers, it was too late to restructure the school system and revise the class scheduling in a manner that would adequately reflect a 565 student population decrease. As a result, only a \$284,300 reduction in cost of education was achieved for the 1974-75 school year. This left a net loss in revenue amounting to \$677,895.

Subsequent to the order of August 15, 1974, two events took place that affected the revenue side of the ledger and reduced the above deficit to \$595,000. First, the commissioner conducted a hearing on the New Brunswick budget and recommended the County Board of Taxation to raise an additional \$265,004 for the school budget. The audit projected a revenue requirement of \$595,000 over and above the sum of \$265,004 recommended by the hearing examiner to be raised by local taxes. Second, the commissioner ordered a sum of \$69,000 from the emergency fund to support new teachers who had been hired in anticipation of the full complement of tuition-paying students for the 1974-75 school year.

An appropriation of \$677,895 was the amount included in the original bill. As a consequence of the Commissioner of Education's review of the New Brunswick school budget and the hearing examiner's recommendation, the Assembly Education Committee amended the original bill reducing the appropriation from \$677,895 to \$595,000.

STATEMENT TO
ASSEMBLY, No. 3008

Assembly Bill No. 3008 would permit counties and municipalities to enter into contracts or agreements with nonprofit associations, corporations or organizations for the provision of ambulance services for a contract period between 1 and 3 years without being subject to the provisions of the "Local Public Contracts Law," P. L. 1971, c. 198 (C. 40A:11-1 et seq.).

Presently, the "Local Public Contracts Law" requires advertising and bidding of local governments prior to entering into a contract or agreement for an amount in excess of \$2,500 for the performance of any work or the furnishing

of any materials the cost of which is to be paid from public funds. However, in recognition that certain contracts or agreement do not lend themselves to the provisions of the "Local Public Contracts Law" due to their often unique nature, section 5 of the noted law (C. 40A:11-5) provides for a number of exceptions to the provisions noted herein. As such, contracts for the provision of certain professional services and for the purchase of certain items are excluded. It is in this same vein that the provisions of Assembly Bill No. 3008 are viewed.

ASSEMBLY, No. 2373

with Assembly committee amendment

DATED: FEBRUARY 20, 1975

This bill would establish a Rahway River Flood Control Authority and a Rahway River Local Government Com-

mittee to deal with the problem of flood control in the Raritan River Basin. The authority would consist of nine members to be appointed by the Governor and would be empowered to prepare and implement, in consultation with the Department of Environmental Protection, a comprehensive flood control plan for the subbasin area. The committee, to be made up of a representative of each constituent governing body and the county planning boards, would review proposed actions of the authority. A majority of this committee could reject or modify such proposed actions.

The area to be encompassed within the jurisdiction of the authority and the specific municipalities and counties to be represented on the committee are delineated in this act. Also included are provisions for the financing of the operations of the authority through means of annual local services charges to constituent governing bodies, which would be apportioned according to any basis which is agreeable to the members of the authority. In apportioning such service charges, the authority would consider previous expenditures for flood control purposes which have already been made by constituent municipalities or counties.

ASSEMBLY MUNICIPAL GOVERNMENT COMMITTEE

STATEMENT TO ASSEMBLY, No. 1439

The sponsor's statement adequately expresses the purposes of the bill. The committee amendments limit the application of its provisions to volunteer and paid members of volunteer, noncommercial ambulance services.

ASSEMBLY MUNICIPAL GOVERNMENT COMMITTEE

STATEMENT TO ASSEMBLY, No. 2130

Assembly Bill 2130 would permit municipalities to charge a fee for the inspections of certain buildings and to transfer the revenues generated from such fees to volunteer fire companies.

As provided in the bill as amended by the committee, any municipality with an incorporated volunteer fire department which is limited to raising in any one year a definite fund for the department and which has an ordinance requiring

the inspection of certain buildings for fire ordinance and code violations, may charge a fee for the inspection of such buildings and may transfer the proceeds generated by the fee to any volunteer fire company conducting the inspections. The fee would be initially paid to the municipality by the owners of the buildings inspected. No fees, however, would be charged for inspections of buildings owned by the Federal, State or local government or nonprofit organizations. Lastly, any moneys received by the volunteer fire companies would in addition to the limit established on the fund it can raise as provided in N. J. S. 40A:14-34.

The Transportation and Communications Committee reported the following bills favorably with committee amendments which amendments were adopted on motion of the Chairman and said bills with committee amendments were given second reading:

Assembly Nos. 2265, 2367 and 2294, all with statements.

ASSEMBLY TRANSPORTATION AND
COMMUNICATIONS COMMITTEE

STATEMENT TO
ASSEMBLY, No. 2265

DATED: FEBRUARY 20, 1975

Traffic flow at intersections must be improved. This bill, as amended, permits right turns at intersections controlled by a traffic signal after a complete stop of the vehicle, which would result in a more expeditious flow of vehicles. The experience in states such as California demonstrates the practicality of this proposal.

ASSEMBLY TRANSPORTATION AND
COMMUNICATIONS COMMITTEE

STATEMENT TO
ASSEMBLY, No. 2367

DATED: FEBRUARY 20, 1975

This proposed legislation will standardize pedestrian rights throughout the State. Presently many motorists ignore the rights of the pedestrian simply because rights-of-way are not spelled out in current statutes. This legislation, as amended, provides that persons violating certain provisions of the bill shall be subject to a fine of not more than \$50.00 for each violation.

The proposed legislation will also create a situation requiring drivers to be more alert and pay attention to the rules of the road. Safety results in states such as California with similar legislation have been most startling.

ASSEMBLY TRANSPORTATION AND
COMMUNICATIONS COMMITTEE

STATEMENT TO
ASSEMBLY, No. 2294

DATED: FEBRUARY 20, 1975

The bill enables a driver to avoid traveling over an interstate bridge not suited for the weight carried by the vehicle. Presently most bridge signs are located at, or affixed to, the bridge itself. Upon noticing that his vehicle cannot pass over, the driver is forced to back up or turn around thereby stalling traffic and creating a traffic hazard. This bill provides that signs be posted at the last detour before each interstate bridge indicating the gross weight capacity of the bridge; the commission, body or authority having control of each such bridge shall be responsible for such posting and for the inspection of the bridge. In addition, the bill, as amended, provides that this act shall take effect 6 months after enactment.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 27, 1975. }

ASSEMBLY BILL No. 501 (Third Official Copy Reprint)

To the General Assembly:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I return herewith Assembly Bill No. 501 (3rd OCR), with my objections, for reconsideration.

This bill is intended to oblige a mortgagee to record the cancellation of a mortgagee within 45 days after it has been satisfied. Although I agree with that goal, I am convinced that a technical deficiency in the bill obstructs its accomplishment. Pursuant to this bill, the 45-day period begins to run only after the mortgagee has notified the mortgagor that he can demand that the mortgagee effect cancellation. As a result, simply by deferring that original notice, a mortgagee can circumvent the 45-day time requirement which the bill purports to impose. Thus, in order to ensure full compliance, there should be injected a ten-day time requirement which would attach to that initial notice.

Accordingly, I herewith return Assembly Bill No. 501 (3rd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 4: After "shall", insert "within ten days".

Respectfully,

[SEAL]

Attest: /s/ BRENDAN T. BYRNE,
Governor.

/s/ DONALD LAN,
Executive Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 7, 1975. }

ASSEMBLY BILL No. 448 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 448 (OCR), without my approval.

Assembly Bill No. 448 (OCR) would prohibit landlords of residential property from demanding or receiving additional rent for pets except to cover the cost of special facilities provided for the pet. The bill would preserve the right of the landlord to ban pets entirely from the rental premises.

I do not believe that the laws or courts of this State should be burdened with trivial prohibitions and complex distinctions such as those made in this bill. Our laws should define and protect a person's basic rights and responsibilities, not impose artificial, unimportant and confusing requirements which will laden the already overburdened judicial system with further litigation. The matter of a rental fee or other charge for pets is one that is properly a subject of discussion and contractual agreement between a landlord and tenant and not a matter which should be committed to a statute.

Moreover, the need for this legislation is not apparent. No one has brought to my attention any evidence of abuse by landlords with respect to rental charges for pets. If there are widespread abuses which can be demonstrated, legislation of this nature can be reintroduced.

I am, therefore, returning Assembly Bill No. 448 (OCR) without my approval.

ASSEMBLY BILL No. 505 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 505 (OCR) without my approval.

Assembly Bill No. 505 (OCR) establishes a seven member U.S.S. New Jersey Battleship Commission. The purpose of the commission would be to establish, operate and maintain a State memorial park in Atlantic City to honor the men who served on the battleship. The commission would be empowered to issue bonds to finance the acquisition, transportation and operation of the U.S.S. New Jersey. Assembly Bill No. 505 (OCR) provides for an initial State appropriation of \$5,000 and authorizes the city of Atlantic City to spend a sum not exceeding \$500,000 for the project.

The State of New Jersey has a special interest concerning the future of the U.S.S. New Jersey and its final home should be here. In 1901 the Legislature created a commission to consider the proper form of State testimonial gift to be presented to the first battleship "New Jersey." The commission recommended that a silver service be presented to the ship and the sum of \$10,000 was appropriated for this purpose. Pieces from this service are now on display in the State Museum.

The second battleship New Jersey was commissioned in 1943 and was involved in World War II, the Korean and Viet Nam conflicts. The battleship is currently being held in reserve status at Bremerton, Washington. A significant campaign has been undertaken by private citizens to encourage the federal government to return the ship to the State for the establishment of a museum and memorial honoring those who served their country in time of need. I applaud these efforts.

The Navy Department has not indicated at this time a willingness to release the battleship. It therefore does not appear to be timely to approve Assembly Bill No. 505 (OCR). A more desirable approach at this time would be the establishment of a commission which would be responsible for developing a program for obtaining and operating the battleship as a suitable museum. The commission should also develop criteria for the selection of an appropriate site for the ship.

Accordingly, I herewith return Assembly Bill No. 505 (OCR) without my approval.

ASSEMBLY BILL No. 522 Acs

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 522 Acs without my approval.

This bill provides that no employee shall be required or permitted to erect, maintain, repair, construct or install high voltage lines with a voltage differential in excess of 13,200 volts unless conductors are deenergized before work is commenced or unless work is done through methods permitted by regulation. The bill specifically prohibits the handling of these high voltage lines with gloves.

While I am deeply concerned over the safety of electrical workers and other employees who are intended beneficiaries of this bill, I must take account of the fact that my signature

on this bill would represent a meaningless act. The United States Department of Labor has recently informed my administration that, pursuant to the Federal Occupational Safety and Health Act of 1970, New Jersey has now been preempted from exercising any statutory or regulatory authority in the area of occupational safety and health. Provisions such as those set forth in the subject bill therefore are no longer enforceable by our Department of Labor and Industry.

Accordingly, I herewith return Assembly Bill No. 522 Acs without my approval.

ASSEMBLY BILL No. 1078

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1078, without my approval.

The bill provides that any educational institution or training establishment which is State supported in whole or in part shall grant to veterans upon their request, a sixty day deferment of the deadline for payment of tuition and fees. The deferment shall be given if the individual signs and acknowledges a non-interest bearing promissory note. A further extension of time may be granted if, after sixty days, a veteran has not received his education and training assistance allowance from the Veterans' Administration.

The purpose of this bill is to protect veterans from the considerable and apparently traditional delay in receiving their educational benefits from the Veterans' Administration. Many veterans are unable to pay tuition and fees without such assistance. Thus, when the aid is not received in timely fashion and institutional deadlines for paying tuition and other fees pass, these veterans must drop out of school. To insure that veterans will not suffer because of the tardiness of the Veterans' Bureau, this bill would require educational institutions to extend the time for payment of tuition and fees by such veterans.

I am in agreement with the purpose of this bill. No veteran should be denied an educational opportunity because aid that he is entitled to and dependent upon is not distributed efficiently. However, I do not support legislation which would establish internal operating procedures of educational institutions as the proper approach for curing this problem. The educational institutions should be mindful of this problem and flexible enough in their administrative practices to overcome it. Indeed, they would be abdicating their responsibility to veterans if they did not establish procedures which would allow veterans to obtain an advanced education notwithstanding a delay in payment of tuition and fees. It is my opinion, therefore, that the proper means to solve this problem is for the educational institutions to adopt administrative procedures that would assure a veteran of his educational opportunity when federal assistance to him is forthcoming but tardy. I am advised by the Chancellor of Higher Education that many of New Jersey's colleges now provide deferrals for veterans. However, to make certain that this will be done by all the institutions, the Board of Higher Education has given notice under the Administrative Procedures Act, P. L. 1968, c. 410, that it intends to adopt a regulation requiring that such deferrals be granted. This is preferable to enacting legislation on the subject.

I am, therefore, returning Assembly Bill No. 1078, without my approval.

ASSEMBLY BILL No. 1082 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1082, without my approval.

Assembly Bill No. 1082 clarifies the "New Jersey Wiretapping and Electronic Surveillance Control Act," P. L. 1968, c. 409. That statute established a "special need" category for the interception of communications involving licensed physicians, attorneys at law and practicing clergymen. However, the term "special need" was not defined, although the special need requirements were intended to be more stringent than the normally stringent requirements which had to be met in order to secure a wiretap authorization. This bill would define "special need" so as to require a showing that the physician, attorney or clergyman is, or was, engaged in criminal activity. In addition, this bill imposes upon the Administrative Director of the Courts, and upon the Attorney General, certain reporting requirements in addition to those already existing, so as to ensure compliance with special need criteria, and so as to assess the efficacy of wiretap authorizations.

Whereas this bill has merit, it is a piecemeal approach to revision of the Wiretapping and Electronic Surveillance Control Act. The Attorney General, in a lengthy report submitted to the Legislature, detailed over five years' operation under the act, and recommended substantial modification so as to make the act more effective and so as to protect citizens and the right to privacy even better than they are currently protected. The Attorney General's recommendations, in the form of Senate Bill No. 1417 introduced by Senator Fay, is currently undergoing public hearing and close legislative scrutiny. I urge prompt reenactment of the Wiretapping and Electronic Surveillance Control Act with

the amendments suggested by the Attorney General, for another six-year period, because that act has proved an invaluable and irreplaceable tool in the continuing struggle to ferret out and prosecute successfully organized criminal activity.

It should be noted that Senate Bill No. 1417 incorporates the statutory modifications incorporated in Assembly Bill No. 1082. I eagerly await being able to sign Senate Bill No. 1417, and will approve no other legislation affecting the Wiretapping and Electronic Surveillance Control Act until that time.

Accordingly, I am returning Assembly Bill No. 1082 (OCR) without my approval.

ASSEMBLY BILL No. 1338

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1338, without my approval.

Assembly Bill No. 1338 would amend N. J. S. A. 40:55-32 which provides that municipal zoning regulations must be in accordance with a comprehensive plan and designed for certain enumerated purposes. This proposed legislation provides that nothing in this statute would prevent the adoption of regulations from designating residential land use classifications limited to senior citizens or to persons 52 years of age or over and persons under that age who are members of a family where the head of the family is 52 years of age or over.

While recognizing the special housing problems which senior citizens face, I believe that Assembly Bill No. 1338 is apparently unconstitutional and technically deficient.

Two lower courts in this State have recently found municipal zoning ordinances which limited occupancy to persons over 52 years of age to be an unconstitutional discrimination. [Taxpayers Assn., Weymouth Tp. v. Weymouth Tp., 125 N.J. Super. 376 (App. Div. 1973); Shepard v. Woodland Tp. Comm., 128 N.J. Super. 379 (Ch. Div. 1974)] This issue is currently before the New Jersey Supreme Court. It would therefore appear appropriate to await a judicial determination before legislative action was undertaken.

In addition, the bill does not provide adequate safeguards to prevent fiscal zoning. This could occur where a municipality zones a large area for senior citizens, not intending to fulfill an existing need for this type of housing, but rather as a device to exclude families with school age children. If land use regulations which limit occupancy to persons of a certain age are desirable and could be constitutionally designed, it is clear that the enabling legislation will have to include a mechanism, absent from this bill, which would control abuse.

Finally, the language of Assembly Bill No. 1338 may not effectively change the existing law. The existing zoning statutes permit municipalities to regulate the physical use of land, but there is no authorization for regulations which limit the age of residents in a particular zoning district. This bill merely provides that nothing shall prevent age classifications. If the intent is to authorize such classifications, express language may be more appropriate.

Accordingly, I herewith return Assembly Bill No. 1338 without my approval.

ASSEMBLY BILL No. 2158

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 2158, without my approval.

This bill would extend the present exemption permitting unlicensed physicians to practice medicine and surgery in State and county institutions to those physicians employed in municipal institutions.

The exemption was originally instituted in 1963 to enable the State and county institutions to overcome a serious shortage of doctors. While necessary to remedy the crisis situation then confronting those institutions, the exemption is no longer necessary. There is no longer a shortage of trained physicians and, since the licensure requirements are designed to protect the public by ensuring a high quality of medical training and achievement, there should be no blanket exemption from those requirements. This is particularly so where the exemption itself is inequitable. Those patients in State and county or municipal institutions are no less entitled to assurances of quality care than those in private institutions. Accordingly, I shall submit to you legislation which will repeal the exemption in its entirety.

I am, therefore, returning Assembly Bill No. 2158 without my approval.

ASSEMBLY BILL No. 1077 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1077 (OCR), with my objections, for reconsideration.

This bill is intended to extend to children of New Jersey residents who were killed in action or died from other causes while a member of the Armed Forces of the United States during the Viet Nam Conflict or are officially listed as persons missing in action during that Conflict, the same educational benefits that are now afforded to children of New Jersey residents who died during or from diseases or disabilities resulting from service in the Armed Forces of the United States in World War I, World War II, and the Korean Conflict. I am in full agreement with the purpose of this bill. The families of those men and women who have given their life or remain missing as the result of serving the United States during the Viet Nam Conflict have and will continue to suffer emotional and financial hardship. Financial aid to the children of these families so they may seek and obtain an education beyond high school is one way for the State to relieve the financial hardship that they incur.

However, a technical deficiency exists in the bill which would prevent it from achieving its laudable purpose. The definition of "in time of emergency" is amended to mean and include "any time after December 21, 1960, and prior to the termination of the existence of such *national emergency* by appropriate action of the President or Congress of the United States." (Emphasis added) The Viet Nam Conflict was never proclaimed by the President or Congress as a state of national emergency and, accordingly, never terminated as a national emergency by either. Hence, the bill is defective since it mistakenly assumes and relies upon the Viet Nam Conflict having been declared a "national emergency." To successfully extend the benefits of R. S. 38:20-1, et seq., to children of persons who died or are missing in action as the result of service in the Viet Nam

Conflict, a definition of that period of hostility or armed conflict which makes no reference to a national emergency must be used.

Accordingly, I herewith return Assembly Bill No. 1077 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 23—After “time” insert “of armed hostility or conflict with a foreign adversary”

Page 1, Section 1, Line 24—Delete “national emergency” and insert in lieu thereof “such armed hostility or conflict with a foreign adversary”

ASSEMBLY BILL No. 1222

To the General Assembly:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1222, with my objections, for reconsideration.

This bill, entitled the “Ski Lift Safety Act”, gives to the Commissioner of Labor and Industry the authority to regulate the design, construction, operation and maintenance of ski tows, lifts, and tramways within the State of New Jersey. Our ski industry is an important asset for the State. The increasing popularity of skiing requires that we make certain that the health and safety of our people are properly protected when engaging in this sport. Therefore, I agree with the objective of granting the Commissioner of Labor and Industry the authority to meet this responsibility.

While I support this concept, the bill itself raises technical questions in its present form. First, adequate enforcement of this law and its regulations can be assured if the Commissioner were given the authority to impose civil penalties through the administrative hearing process. Such an amendment would insure swift prosecution of violators in many cases and eliminate the need for adding a large number of cases to the work load of county prosecutors who must concern themselves with more serious criminal offenses. Second, the bill does not contain any protection for employees who bring violations to the attention of the Commissioner and are then subject to retaliation because of their action. Most of our existing labor and public safety laws already contain such a provision and I find no valid reason for an exception in this case. Third, it is impractical to set forth in legislation specific monetary amounts which the Commissioner of Labor and Industry can charge for processing registration applications or for conducting inspections. The Commissioner should be granted the authority to impose reasonable fees. His department will then be able to raise revenues which equal the costs of regulation without having to return to the Legislature each time to increase fees. Finally, while Supreme Court rules give a party 45 days within which to appeal the final action of a State administrative agency, this bill provides 30 days. I see no justification for different treatment in this area.

For all of the foregoing reasons, I herewith return Assembly Bill No. 1222 for reconsideration with the recommendation that it be amended as follows:

1. *Page 4, Section 6(h), lines 38-45:* Delete from "h." to "\$100.00".

2. *Page 4, Section 7(b), lines 11-17:* Delete from "b." to "inspection".

3. *Page 6, Section 9(b), line 14:* Delete "30" and insert "45".

4. *Page 6, Section 12, line 4:* After "act" insert the following:

"13. Any operator who discharges or in any other manner discriminates against any employee because such employee has made any complaint to the Commissioner regarding a violation of this act or any rule or regulation promulgated hereunder, or because such employee has

caused to be instituted or is about to cause to be instituted any proceeding under or related to this act or any rule or regulation promulgated hereunder, or because such employee has testified or is about to testify in any such proceeding, shall be guilty of a misdemeanor and shall, upon conviction therefor, be fined not less than \$50 nor more than \$200. Such operator shall be required, as a condition of such judgment of conviction, to offer reinstatement in employment to any such discharged employee and to correct any such discriminatory action, and also to pay to any such employee, in full, all wages lost as a result of such discharge or discriminatory action.

"14. In addition to any other sanctions herein or otherwise provided by law, the Commissioner, upon notice and hearing, may impose a penalty not exceeding \$500 for any violation of this act or of any rule or regulation promulgated hereunder. Unsatisfied penalties shall be recovered by and in the name of the Commissioner in a civil action by a summary proceeding under the Penalty Enforcement Law (N. J. S. 2A:58-1). Where any violation of this act or of any rule or regulation promulgated hereunder is of a continuing nature, each day during which such violation continues after the date fixed by the Commissioner in any order or notice for the correction or termination of such violation, shall constitute an additional, separate, and distinct offense.

"15. The Commissioner shall charge operators a reasonable fee for conducting inspections, processing applications, and meeting all other responsibilities under this act."

5. *Page 6, Section 13, line 1:* Delete "13" and insert "16".

ASSEMBLY BILL No. 1365

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1365, with my objections, for reconsideration.

Assembly Bill No. 1365 would amend the law concerning the Newark City Employees' Retirement System to increase the pension payable to those members whose salaries are in excess of the current maximum salary base of \$12,000, and are as much as \$16,000, the new salary base stipulated by the amendment. It would also provide early retirement benefits after 30 years of service at any age. This last provision is more generous than the benefits normally provided public employees. The early retirement benefits provisions for most public employees permit retirement as early as age 55, as does the present statute governing the Newark Retirement System, but after 25 years of service. The benefits would be reduced for each year that the member lacks of being age 55. A comparable benefit should be available to the members of the Newark Retirement System, but not a superior benefit.

In addition, at a time when the public is acutely aware of the cost implications of private and public pensions, it is vital that the financial condition of each retirement program be affirmed. In the case of the Newark City Employees' Retirement System, the benefit formula has been liberalized on many occasions without any true appreciation of the actual cost implications which will confront the current and future generations of taxpayers. No State agency has available to it an actuarial valuation of the system needed to determine the true cost implications of this proposal to the people of Newark, or the costs generated by previous benefit liberalizations. I suggest that an annual actuarial report be filed with the State Division of Pensions.

Accordingly, I herewith return Assembly Bill No. 1365 for reconsideration and recommend that it be amended as follows:

Page 1, Title, Line 1: After "amend" insert "and supplement"

Page 4, Section 2, Line 6: Before ",", insert "and who shall have attained the age of 55 years"

Page 4, Section 2, Line 7: After "and" insert "who" and after "have" insert "or have not"

Page 4, Section 2, Line 8: Delete "55" and insert "60"

Page 4, Section 2, Line 13: After "however," insert "that the pension shall be reduced by $\frac{1}{4}$ of 1% for each month that the member lacks of being age 55, and"

Page 7, after Section 6, add new section as follows:

"7. Each year the actuary of the Newark City Employees Retirement System shall make an actuarial investigation into the mortality service, and compensation or salary experience of the members and beneficiaries and shall make a valuation of the assets and liabilities of the funds created by this act. The actuary's valuation shall be accompanied by projections of income and disbursements for a 10-year period including an estimate of any possible deficiency in meeting the obligations of the fund. A copy of the actuarial report shall be filed with the New Jersey Division of Pensions."

An Assembly Resolution declaring the sense of the General Assembly that the Port Authority of New York and New Jersey has not set forth adequate justification for its proposed toll adjustments announced to take effect May 5, 1975, and that no toll increases of the proposed magnitude should be permitted to take effect without ample demonstration of their necessity, authorizing and directing an investigation into the said proposed toll adjustments by the Committee on Transportation and Public Utilities, with the assistance of the Office of Fiscal Affairs, and requesting the Governor to prevent, through his veto, the taking effect of said toll adjustments until such time as the results of the said investigation are available.

WHEREAS, The Port Authority of New York and New Jersey has announced a general bridge and tunnel toll adjustment, effective May 5, 1975, raising auto tolls from \$1.00 to \$1.50, providing also a general 50% increase in truck tolls, increasing by 100% the cost of short-term

(30-days, 20-trip) commuter discounts and introducing a new long-term (6-month, 60-trip) discount ticket book which will be available only to carpools of three or more persons in one vehicle and will be invalid for use on weekends and certain holidays; and

WHEREAS, The stated justification for the proposed increase, which is aggravated by the discriminatory effect of the longer term and restricted use of the new discount book for commuters (who will now be required to pay full fare on weekends and holidays even if they work on those days), is that the increased revenue will enable the Port Authority to finance vital improvements in mass transit and will at the same time discourage unnecessary use of private automobiles; and

WHEREAS, While proposing this one-third increase in tolls, the Port Authority has not set forth with similar definiteness or detail what improvements in mass transit it will undertake with the increased revenue, not has it correlated the anticipated revenue increase with any accounting of estimated costs of such improvements; and

WHEREAS, The proposed increase of truck tolls in approximately the same proportion as for autos is inconsistent with the aim of discouraging unnecessary auto usage, inasmuch as it will increase the expense of freight haulage (which will be reflected in increased commodity prices to all consumers) without any prospect of inspiring the same sort of decrease in traffic as may be accomplished by carpooling in the case of commuter traffic; now, therefore,

BE IT RESOLVED *by the General Assembly of the State of New Jersey*:

1. It is the sense of this House that no adequate justification has to this date been set forth by the Port Authority of New York and New Jersey for the proposed toll adjustments which have been announced to take effect May 5, 1975, and that no toll increases of the magnitude proposed should be permitted without ample demonstration of their necessity for the stated purpose of financing mass transit improvements.

2. The Committee on Transportation and Public Utilities is hereby authorized and directed to undertake an investiga-

tion into the proposed increases in tolls and adjustment of the toll structure by the Port Authority, and to report to the General Assembly upon the necessity, utility, wisdom and propriety of the said proposals, including (a) the relationship, if any can be discerned, between the proposed increase in Port Authority revenues and any specific mass transit improvement projects now planned or being planned by the Port Authority, and (b) the extent to which, and the amounts in which, additional revenues are, in fact, needed to finance any such projects.

3. The Office of Fiscal Affairs is hereby authorized and directed to provide the Committee on Transportation and Public Utilities with such assistance in the way of financial accounting, auditing, analysis and evaluation as the Committee may require in order to carry out its duties under this resolution.

4. For the purposes of carrying out the terms of this resolution, the Committees on Transportation and Public Utilities shall have all the powers granted pursuant to Chapter 13 of Title 52 of the Revised Statutes.

5. The Governor is hereby respectfully requested to prevent, through his veto pursuant to the applicable statute, the taking effect of the proposed toll adjustments until such time as the investigation directed by this resolution has been concluded and the results thereof made available for the proper evaluation of the said proposed toll adjustment.

6. The Legislature of the State of New York is hereby respectfully requested to undertake on behalf of the people of New York State an investigation similar to that directed by this resolution on behalf of the people of New Jersey.

7. The Clerk of the General Assembly shall forthwith cause duly authenticated copies of this resolution to be transmitted to The Hon. Brendan T. Byrne, Governor of the State of New Jersey; The Hon. Frank J. Dodd, President of the New Jersey Senate, and to the presiding officers of the Senate and Assembly of the State of New York.

WHEREAS, Mr. De Korte rendered to the State of New Jersey high and distinguished public service, including membership in the General Assembly from 1968 to 1973, one year as assistant majority leader and two years as Republican floor leader; and

WHEREAS, His accomplishments as a member of this body and in fulfilling the heavy responsibilities of the appointive offices he held have left a lasting imprint upon the State and its people; and

WHEREAS, His legacy to the State includes:

Creation of the New Jersey Sports and Exposition Authority,
Establishment of Ramapo State College,
Creation of the Office of Fiscal Affairs,
An updated and realistic divorce statute; and

WHEREAS, His deep and continuing concern with strengthening the Legislature led to improvements in space and professional staffing for the legislative branch; and

WHEREAS, Under his leadership in 1972, the Legislature produced one of the finest records of accomplishments in the State's history, writing into law such programs as a conflict of interest code, the Optional County Charter Act, campaign financing disclosure, flood plains and coastal protection regulations, the equal rights for women amendment, increased aid to public schools, an increase in the minimum wage, and the creation of a no-fault insurance system; and

WHEREAS, Mr. De Korte played a central role in gaining legislative approval of these programs; and

WHEREAS, His untiring efforts in behalf of the report and recommendations of the State Tax Policy Commission are remembered vividly by those of us who served with him; and

WHEREAS, He served as counsel to former Governor Cahill in 1973; and

WHEREAS, In 1974, was named the first director of the New Jersey State Energy Office and, in this capacity, directed and administered the successful odd-even gasoline rationing system which saw the State successfully through the energy crisis; and

WHEREAS, Prior to his election to the General Assembly, he served as mayor of his home town of Franklin Lakes; and

MONDAY, JUNE 3, 1975

WHEREAS, Mr. De Korte was a man of exceptional ability whose wise counsel was sought by many of his colleagues in the Legislature; and

WHEREAS, His eloquence and commitment to the rightness and justice of his cause drew support for that cause; and

WHEREAS, His compassion and understanding coupled with his refusal to bow to the expedient made him one of the most respected figures in New Jersey public life; and

WHEREAS, His service to his fellow man brought honor and prestige to politics and government and will stand as proof that public service can, indeed, be an honorable profession; now, therefore

Be It Resolved, and the Same is Hereby Resolved, by the General Assembly of the State of New Jersey, that we extend our sincerest condolences to the family of Richard W. De Korte; and

Be It Resolved by the General Assembly of the State of New Jersey:

1. The State of New Jersey, its Legislature, its Governor and its citizens face an immediate and unprecedented fiscal and constitutional crisis.

2. The crisis results from a threefold need (1) to provide a new method for financing public education consistent with the decision in *Robinson v. Cahill*, (2) to balance the State's budget either by cutting some 400 million dollars in expenditures or by raising an equal amount in new revenues and (3) to provide relief to the local property taxpayer from the burden imposed by the present regressive and onerous tax structure of the State.

3. The General Assembly, over eleven months ago, passed a revenue measure, Assembly No. 1875, to provide the cornerstone for solving the school financing and tax reform aspects of the present crisis.

4. The General Assembly is ready to consider other revenue measures, as complements to a progressive personal income tax, which will avoid a business tax "windfall,"

reform the business tax structure to promote economic recovery and provide the funds needed to balance the budget for the fiscal year beginning July 1, 1975.

5. The General Assembly regrets the action of the Senate in approving a State budget and a bill for the governance of education which collectively require the expenditure of more than 700 million dollars in excess of State revenues and at the same time failing to give its assent to any revenue measure to pay even a part of that cost.

6. The General Assembly, in addition to having responsibly addressed the issues of school finance and tax reform, has also considered the proposed State budget.

The General Assembly has approved a budget which in light of current inflation rates actually reflects an effective 10% budget decrease from spending in this fiscal year.

7. The General Assembly is unable to reduce the proposed State general operations budget in a responsible manner and cannot cut the State aid portion of the budget without drastically increasing the already onerous burden of local property taxes on all our citizens, most especially the elderly, the handicapped and the unemployed.

8. The General Assembly believes it has acted as responsibly as is possible and pledges to continue to do so. However, the revenue measure passed by the General Assembly has never been voted on by the Senate in its original form or in any substantially similar form.

9. The General Assembly and, more importantly, the people of New Jersey, are entitled to a vote by the Senate on a progressive personal income tax similar to the bill approved by the General Assembly in July, 1974 and at a level adequate to provide both for the financing of public education and for property tax relief.

10. The General Assembly directs that a copy of this resolution be delivered to the Senate and to the Governor and that the Senate be advised that the General Assembly awaits a vote by the Senate consistent with this resolution.

Mr. Schuck offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, The 5th Legislative District has had a vacant Assembly seat since the resignation of James J. Florio, who assumed the office of Representative in Congress in January of 1974; and,

WHEREAS, The voters of the 5th Legislative District held a special election to fill this unexpired term, in conjunction with the recent General Election; and,

WHEREAS, The voters elected Ronald J. Casella by an overwhelming majority to fill this unexpired term; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

That the members of the General Assembly welcome Assemblyman Casella, who was sworn into office on November 14 by Speaker Woodson in Camden County, and wish him every success; and,

Be It Further Resolved, That duly authenticated copies of this resolution, signed by the Speaker and attested to by the Clerk, be transmitted to the Camden County Board of Chosen Freeholders and to Assemblyman Casella's parents.

Mr. Casella addressed the General Assembly briefly.

All of the members of the General Assembly offered the following resolution, which was read by the Clerk and adopted:

WHEREAS, On November 10, 1975 the General Assembly of the United Nations did resolve, by a vote of 72 to 35, with 32 abstentions, to condemn Zionism as "a form of racism and racial discrimination"; and,

WHEREAS, The said resolution, false in its factual premises, constitutes a cynical and hypocritical attempt to arouse the ugly impulses of anti-semitism and enlist them in the vicious assaults currently being made upon the freedom, independence and very existence of the Israeli nation and its people; and,

WHEREAS, The true character of Zionism resides in its objective of providing for the Jewish people a refuge from centuries of persecution, discrimination and intolerance, through their ingathering into the restored nation of their historic homeland; and,

MONDAY, NOVEMBER 24, 1975

WHEREAS, The noble objectives of Zionism and just aspirations of the Jewish people were recognized and endorsed by the United Nations in 1947, when it authorized the establishment of the State of Israel; and,

WHEREAS, In its 27 years of freedom Israel has become a living example of justice, economic growth and social concern, which are the hallmarks of a free, industrious and responsible society; and,

WHEREAS, So far is the present state of Israel from evincing any of the "racism" or "intolerance" alleged by the United Nations General Assembly resolution, hereinbefore cited, to characterize Zionism, that it has distinguished itself for its equitable and compassionate treatment of minorities, and has accorded to its non-Jewish citizens full equality of political, social and economic rights and privileges; and,

WHEREAS, The said resolution, instigated by Arab nations as part of their long-standing campaign to undermine and destroy the state of Israel, has been supported or acquiesced in by various other notions through motives of cowardly expediency or cynical political opportunism; and,

WHEREAS, The outrageously hypocritical and disingenuous political manipulation of the United Nations General Assembly has struck a serious blow at the standing and reputation of the United Nations among discerning and impartial observers; and,

WHEREAS, The President of the United States and both Houses of Congress have decisively rejected, repudiated and condemned the said action of the United Nations General Assembly; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

That this House hereby deplores, condemns and denounces the United Nations General Assembly resolution of November 20, 1975, as hereinabove cited, as being false in fact, malicious in intent and vicious in tendency; and,

Be It Further Resolved, That this House expresses its confidence that, in the eyes of unprejudiced observers of all nations and creeds, the character, conduct and achievements of the state of Israel amply refute the imputations of the said resolution; and,

Be It Further Resolved, That this House views with alarm this striking instance of the cynical manipulation of the United Nations General Assembly for partisan ends as an unwholesome precedent with regard to the future value of the United Nations as an organ of international conciliation and order; and,

Be It Further Resolved, That duly authenticated copies of this resolution, signed by the Speaker and attested to by the Clerk, be transmitted to the President of the United States, to the Vice President of the United States and the Speaker of the United States House of Representatives, and to each of the members of Congress from this State.

ASSEMBLY BILL No. 1253 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1253 (OCR) without my approval.

The bill would supplement the Consumer Fraud Act by making it an unlawful practice to display merchandise in an assembled condition when it will be sold unassembled, unless a notice that it is to be sold unassembled is prominently displayed. While the purpose of this bill, to provide full information to the purchaser, is laudatory, I do not think that the bill is necessary. Section I of P. L. 1971, c. 247 provides that the omission or suppression of any material fact with intent that others rely upon such omission or suppression in connection with the sale of any merchandise is an unlawful practice. I believe that this provision encompasses the sale of goods in an unassembled condition when they are displayed in an assembled condition without notice of sale unassembled. There is thus no need for Assembly Bill No. 1253 (OCR).

Accordingly, I am returning Assembly Bill No. 1253 (OCR), without my approval.

ASSEMBLY BILL No. 2179

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 2179 without my approval.

This bill would provide special pension benefits for members of the Consolidated Police and Firemen's Pension Fund who were awarded either the Congressional Medal

of Honor, the Distinguished Service Cross, the Air Cross, the Navy Cross or the Silver Star and who have 35 or more years of service. Any such person would receive an annual retirement pension equal to three-quarters of his average salary. The money for this additional benefit shall be appropriated by the State.

I am opposed to this bill for several reasons. Our present pension laws provide generous benefits to the veterans of the Armed Forces of the United States. This is an appropriate acknowledgment of and repayment for their commitment and service to the country. This bill, however, would award extraordinary retirement benefits to certain veterans, those who have been decorated with specific medals. While I respect the unusual distinction with which these persons have served the country, I do not believe that it is appropriate or justifiable for the State to provide them with pension benefits which are superior to those given to other veterans, some of whom served the country for more years and earned other notable decorations, i.e. the Purple Heart, not included in this bill. Indeed, I believe it is the responsibility of the Federal government not the State or local government to reward distinguished service in the Armed Forces.

Further, I am compelled to veto Assembly Bill No. 2179 because it unfairly singles out the Consolidated Police and Firemen's Retirement Pension Fund. Veterans with similar records or qualifications who are members of the other State pensions systems would not receive the same benefits. There is no justification for dissimilar treatment of such veterans.

Finally, I find that I am unable to approve this bill because of the cost that imposes on the State. Although the amount of money in question is not great, the State is faced with serious financial problems and is not able to assume the additional fiscal obligations imposed by this bill. Also, the bill would have the State bear the total amount of this additional liability. This is inconsistent with the regular financing of the program where the State assumes only one-third of the cost and local governments the remaining two-thirds for individuals who are county and municipal employees. All members of the Fund are county or municipal employees. Therefore, the State should not be bearing the entire cost of the additional benefits.

ASSEMBLY BILL No. 3057 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 3057 (OCR), without my approval.

This bill would have extended the time for municipalities to adopt their budgets and for county boards of taxation to prepare the table of aggregates for the year 1975. The municipal budgets and table of aggregates for 1975 have been completed. Therefore, this bill is unnecessary.

ASSEMBLY BILL No. 3624

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 3624 without my approval, for the following reasons:

This bill directs that all funds appropriated to the Department of Institutions and Agencies to operate the Diagnostic Center at Menlo Park for the fiscal year ending June 30, 1976 be used to continue the normal operation of the unit through December 31, 1975. In addition, the bill directs the Commissioner of that department to evaluate the operation of the two Menlo Park units, to report thereon to the Legislature by November 15, 1975, and to specify alternative plans should she elect to recommend discontinuance of either unit.

The practical effect of this bill would be to require the termination of all services at the Menlo Park Diagnostic Center on December 31, 1975. I originally recommended an appropriation of \$2,932,805 for the operation of the Children's Diagnostic Program and the Sex Offender's Program at Menlo Park over the entire 1976 fiscal year. The amount ultimately appropriated was \$1,432,805. By phasing out the children's unit and continuing the adult diagnostic services and treatment at the new center scheduled for occupancy on November 1 at Rahway, the Department can live within that appropriation. On the other hand, full operation of both units at Menlo Park, as this bill requires, would exhaust that appropriation by December 31, 1975 and result in the termination of both existing units and the new adult diagnostic and treatment center.

For some time, the Department of Institutions and Agencies has had serious questions about the continuation of the inpatient children's unit at Menlo Park. In the context of the fiscal constraints under which all State agencies are

currently operating, they are questions which would have required resolution during this fiscal year. Moreover, they are questions which have already been studied. In 1966 a study committee headed by Senator Stephen B. Wiley recommended that the unit be decentralized and its services provided by community facilities. When the Children's Diagnostic program was initiated twenty-five years ago, it represented virtually the only diagnostic unit for children in New Jersey. Since that time, scores of clinics providing essentially the same service have been established throughout the State. Although there are areas in which such clinical services are not as readily available as I would like, this is a period which requires hard choices of us all. In the face of an appropriation reduced by 50%, the decision can be deferred no longer however much we might have wished for a longer period to study the question.

Moreover, the existing facilities at Menlo Park were not constructed for children. Rather, as the attached photographs indicate, it is essentially a penal institution. The confinement of children there for periods of up to 90 days can be a traumatic experience for those involved. And, in light of clinic facilities now available, it is for the most part unnecessary. To spend at the normal rate, as the bill requires, would exhaust all funds by December 31, 1975 forcing termination of all services at Menlo Park, not just those the need for which is being questioned. The wiser course is for us to phase out the program of questionable value.

Accordingly, I am returning Assembly Bill No. 3624 without my approval.

ASSEMBLY BILL No. 914

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 914, with my objections, for reconsideration.

This bill permits sentences of imprisonment of up to 90 days to be served during weekends, in the discretion of the sentencing municipal court. The intent of the bill is laudable in that an individual serving a sentence pursuant to this bill would no longer face the likelihood of losing a job by virtue of being incarcerated. Such an individual could pay his debt to society, without becoming a charge to the State in the form of an unemployed, and without forcing the State to bear the expense of his incarceration. Under existing law, only sentences of 30 days or less may be served during weekends.

Unfortunately, two technical aspects of the bill should be remedied to eliminate the possibility of ambiguity. Sentences are meted out in some cases in the form of "3 months" instead of the form of "90 days", and "judge" is a more appropriate term than "magistrate".

Accordingly, I herewith return Assembly Bill No. 914 for reconsideration and recommend that it be amended as follows:

On page 1, section 1, line 5: Delete "90" and insert "3 months".

On page 1, section 1, line 5: Delete "magistrate" and insert "judge".

ASSEMBLY BILL No. 1579 (Senate Reprint)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1579, with my objections, for reconsideration.

Assembly Bill No. 1579 seeks to amend the New Jersey Conflicts of Interest Law, N. J. S. A. 13D-12 *et seq.*, to clarify an ambiguity relating to the treatment of professional service corporations. The bill properly recognizes that these corporations should be treated as partnerships, and not as regular corporations.

At the time this bill was amended in the State Government and Federal and Interstate Relations Committee, it appeared that the bill would accomplish its purpose: to clarify the existing ambiguity in the law. Since that time, however, the Executive Commission on Ethical Standards rendered Opinion No. 31. In that Opinion, the Commission held that as an "employee" of a law firm, an associate did not and should not automatically cause the law firm to be barred from certain conduct. That Opinion recognized that the status of an employee or associate is different from that of a partner in a partnership or of a shareholder in a professional service corporation and that the bar upon the partnership or the corporation should be correspondingly different. By treating shareholders and professional employees of professional service corporations identically, Assembly Bill No. 1579 would place more stringent prohibitions on the professional service corporation than would exist on the professional partnership under the Executive Commission's Opinion No. 31.

I have proposed a major revision and extension of the Conflicts Law, A-3052, introduced by Assemblyperson Wilson. This bill makes clear that the section of existing law amended by Assembly Bill No. 1579 is in need of other more substantial amendments in order to strengthen the Conflicts Law. For this reason, among many, the Legislature should enact A-3052 during its current session.

Accordingly, I herewith return Assembly Bill No. 1579 with the following recommendations:

Page 2, Section 2, Line 37: After “corporation;” insert “for a Member of the Legislature”.

Page 2, Section 2, Line 39: After “corporation” insert “; for a State officer or employee or special State officer or employee, the holder of an ‘interest’ in a professional service corporation means a shareholder, and any associate or professional employee of such a corporation who would have an interest if the corporation were a partnership”.

Respectfully,

ASSEMBLY BILL No. 1060 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1060 (2nd OCR) with my objections for reconsideration.

This bill directs the Department of Community Affairs to prepare annually a document explaining the rights and responsibilities of residential tenants and landlords. Each landlord would be required to distribute these documents to tenants and prominently post a current document. This process will inform tenants of their rights so that they are better able to protect their own interests, and it will provide helpful guidance for landlords.

This bill also authorizes the Department of Community Affairs to conduct non-binding reviews of lease provisions submitted by tenants and landlords. In addition the bill provides that a tenant would have the right on his own to terminate a lease, after 30 days notice, if the lease in-

cludes a provision of the type contained in the Department of Community Affairs legal rights document, and it subjects a landlord to a summary judicial imposition of a fine of up to \$100.00 for each violation of the provisions of the act.

Through these deterrent provisions, the bill would thrust the Department of Community Affairs into a quasi-judicial role affecting the resolution of landlord-tenants disputes. I question whether that is a proper role for the Department.

I believe the more sensible approach is to limit the role of the Department of Community Affairs to the preparation of an annual landlord-tenant informational document. To deter the use of unfair and illegal lease provisions, courts of appropriate jurisdiction should be authorized to impose penalties of up to \$100.00 for each inclusion of an illegal lease provision and to terminate a lease containing an illegal provision.

Accordingly, I herewith return Assembly Bill No. 1060 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 2, Section 3, line 12: Delete “(1)”

The statement shall serve as an informational document, and nothing therein shall be construed as binding on or affecting a judicial determination under section 6 of this act of what constitutes a lease provision which violates clearly established legal rights of tenants or responsibilities of landlords.”

ASSEMBLY BILL No. 1288 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I hereby return Assembly Bill No. 1288 (2nd OCF), with my objections, for reconsideration.

Assembly Bill No. 1288 (2nd OCR) requires that bicycles sold or rented in this State by any person regularly engaged in the business of selling or renting bicycles must carry specified types of safety equipment, including front, rear and pedal reflectors and either side reflectors or retro-reflective tire sidewalls. Regulatory and enforcement authority is conferred on the Director of the Division of Consumer Affairs.

I am in complete agreement with the intent of this legislation. At a time when more and more of our citizens are using bicycles for both transportation and recreation, we must provide for their safety and easy visibility. There

has been recognition of this need on the federal level and the Consumer Product Safety Committee has promulgated extensive regulations governing safety equipment on bicycles intended for use by children. Assembly Bill No. 1288 (2nd OCR) specifically provides that the regulations promulgated by the Director of the Division of Consumer Affairs shall be in accord with these regulations.

However, Assembly Bill No. 1288 (2nd OCR) would also enact those sections of the federal regulations which deal with the color and mounting of front, rear, side and pedal reflectors as laws of the State of New Jersey. This does not permit the degree of flexibility which I feel is necessary to accommodate new bicycle designs and models and new, developing safety techniques. Enactment of the specific standards governing reflectors as regulations would protect the important public interest involved and enable the enforcing agency to respond quickly and efficiently to new technology.

Accordingly, I herewith return Assembly Bill No. 1288 (2nd OCR) without my approval and recommend the following changes:

Page 2, Section 1, Lines 31-32: Delete "the following specifications:" insert "regulations promulgated by the Director of the Division of Consumer Affairs."

Pages 2-3, Section 1, Lines 33-69: Delete entirely.

Page 3, Section 4, Line 4: After "therefor" insert ", including the color and mounting thereof,".

ASSEMBLY BILL No. 3530

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 3530, with my objections, for reconsideration.

This bill would increase the maximum annual salary for mayors and commissioners of certain fourth class cities.

Municipal governments should be able to set the salaries of governing officials through the democratic process without legislative oversight. Elected local officials should have to answer only to their constituents for their pay, not to the Legislature.

Accordingly, I herewith return Assembly Bill No. 3530 for reconsideration and recommend that it be amended to allow all municipalities to fix the salary of mayors and commissioners. The bill should be changed as follows:

Title: Delete from "An Act" to "(P. L. 1950, c. 319)." and insert "An Act concerning the compensation of the commissioners and mayors of municipalities and supplementing subtitle 4 of Title 40 of the Revised Statutes."

Page 1, Section 1, Lines 1-2: Delete "1. Section 1 of P. L. 1950, c. 319 (C. 40:72-24.1) is amended to read as follows:".

Page 1, Section 1, Line 3: After "in" insert "all municipalities" and delete "cities of the".

Page 1 Section 1, Lines 4-20: Delete "fourth" to "\$7,000" and insert "the governing body thereof shall, by ordinance, fix the annual salary of the mayor and commissioners at any amount it determines is appropriate. The salaries of the mayor and commissioners shall be payable in installments in the same manner as in the case of other officials of the municipality. Any ordinance passed pursuant to this act shall become operative in ten days after the publication thereof after its final passage, unless within said days a petition, signed by the electors of such munic-

ipality equal in number to at least 15% of the entire vote cast at the last preceding general election, protesting against the passage of such ordinance, be presented to the governing body, in which case such ordinance shall remain inoperative until a proposition for the ratification thereof shall be adopted at the next general or municipal election.”

ASSEMBLY BILL No. 3731

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 3731, with my objections for reconsideration.

The bill is intended to expand the State's authority to regulate the taking of sea clams within New Jersey's coastal

MONDAY, DECEMBER 15, 1975

waters. In recent weeks, there have been reports that several boats formerly dredging clams off the Virginia coast have shifted their operations to New Jersey's waters. This shift has been caused by the depletion of the sea clam beds off Virginia through excessive dredging; decisive action must be taken by New Jersey to prevent similar destruction of our coastal sea clam industry. New Jersey's efforts to protect this vital coastal resource will benefit our coastal industry and all those who consume and enjoy sea clams.

While the Legislature's prompt action in introducing and passing this measure in a single day is commendable, the understandable haste of the legislative review has led to a potential problem which I do not believe was foreseen by the Legislature. Since the bill's passage, my office has been advised of an objection to the bill by one of the smaller companies in the sea clam industry. The company claims that the bill's blanket prohibition against dredging between the hours from 5 p.m. through 7 a.m. will jeopardize the survival of its business because of the limited number of boats available to it for dredging during the daytime hours. I do not know whether the company's claims are justified; there may be alternative sources of supply which could be utilized.

Nevertheless, I believe that it is a mistake to fix the hours of dredging through legislation. This matter requires flexibility to respond to changing data concerning the population of the clam beds. If our various regulatory efforts succeed, it may be possible to expand the hours available for dredging; conversely, if the population of the beds continues to decline despite this legislation, more restricted hours and other stringent regulatory efforts may be necessary. In any case, the problem requires continuing review and response which is more susceptible to administrative than legislative action. I accordingly recommend that the Commissioner of Environmental Protection be authorized to fix the hours of dredging through the following changes to this bill:

Page 2, section 2, lines 6-8: Delete "Dredging shall be permitted only between the hours of 7 a.m. through 5 p.m., prevailing time, unless changed by emergency order." Insert "Notwithstanding any other provision of law, the

Commissioner may adopt regulations fixing the hours during which dredging will be permitted."

ASSEMBLY BILL No. 1106

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1106, without my approval.

This bill authorizes the Pension Commission of the municipal pension systems of any city of the first class to deduct membership dues payable to any designated retirement employee association from the pension of any retired member of said system. The retired employee must first consent to such deductions and designate the association to which payment should be made. The pensioner could withdraw his consent at any time by the filing of a written notice of withdrawal with the Pension Commission.

This bill would amend an older law that related to pensions for cities of the first class. In recent years, new laws which apply specifically to Newark and Jersey City have been enacted and contain different contribution formulas than that set forth in the subject bill. Indeed, both of the new laws contain provisions which provide that the new pension systems supersede those created by the law which the subject bill attempts to amend. Therefore, this bill would not succeed in achieving its purpose.

Accordingly, I herewith return Assembly Bill No. 1106, without my approval.

Respectfully,

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I hereby return Assembly Bill No. 1091 (OCR), with my objections, for reconsideration.

This bill makes it illegal to manufacture, sell or keep for sale any weapon known as a “Saturday Night Special.” The bill defines such cheap weapons in terms of a melting point of less than 800° Fahrenheit.

Although it may sometimes prove difficult to determine the melting point of weapons, the intent manifested by this bill is laudatory. Cheap handguns are dangerous to their users and to law abiding citizens. They are too easily available. Sportsmen and gun enthusiasts have little use for them.

However, I must veto this bill conditionally. Section 1 of the bill is the key section, and prohibits the manufacture, sale, keeping for sale or transfer of weapons which melt at less than 800° Fahrenheit. Section 2 is unnecessary, as it prohibits possession of such weapons. N.J.S. 2A:151-41(a), already prohibits possession of “a pistol or revolver without first having obtained a permit to carry the same.” A “Saturday Night Special” is “a pistol or revolver.” If a gun permit is issued, then possession should be legal; if a gun permit is not issued, then possession is already illegal. Either way, section 2 of the bill is unnecessary.

Accordingly, I herewith return Assembly Bill No. 1091 (OCR) for reconsideration and recommend that it be amended as follows:

Pages 1-2, Section 2, Lines 1-25: Delete it in its entirety.
Page 2, Section 3, Line 1: Delete "3" insert "2".

Respectfully,

[SEAL]

/s/ BRENDAN BYRNE,
Governor.

ASSEMBLY BILL No. 95 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I hereby return Assembly Bill No. 95 (2nd OCR), with my objections, for reconsideration.

Assembly Bill No. 95 (2nd OCR) prohibits a physician or professional service corporation engaged in the practice of medicine and surgery from charging an extra fee for completing a medical claim form pursuant to a health insurance policy. Violations would be subject to a fine of \$100.00 per offense. Fines would be collected pursuant to the Penalty Enforcement Act upon complaint by the Attorney General or any other person.

I am in accord with the purpose and intent of this bill. However, the State Board of Medical Examiners is the governmental entity charged with overseeing and maintaining professional discipline for physicians and surgeons engaged in the practice of medicine and surgery. It is, therefore, most appropriate that this body have jurisdiction to investigate claims, issue complaints and collect fines for violations of this billing prohibition.

Accordingly, I herewith return Assembly Bill No. 95 (2nd OCR) for reconsideration and recommend that it be amended as follows:

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I hereby return Assembly Bill No. 1343 (2nd OCR), with my objections, for reconsideration.

Assembly Bill 1343 (2nd OCR) prohibits a dentist or professional service corporation practicing dentistry from charging an extra fee for completing a dental claim form under a health insurance policy. Violators would be subject to a fine of \$100.00 per offense. Fines would be collected pursuant to the Penalty Enforcement Act upon complaint by the Attorney General or any other person.

I am in accord with the purpose and intent of this bill. However, the New Jersey State Board of Dentistry is the governmental entity charged with overseeing and maintaining professional discipline for dentists, dental clinics and professional service corporations practicing dentistry. ASSEMBLY BILL No. 1551 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I hereby return Assembly Bill No. 1551 (2nd OCR), with my objections, for reconsideration.

Assembly Bill No. 1551 (2nd OCR) would prohibit a podiatrist, optometrist or psychologist, or professional service corporation engaged in the practice of podiatry, optometry or psychology from charging an extra fee for completing a medical claim form pursuant to a health insurance policy. Violators would be subject to a fine of \$100.00 per offense. Fines would be collected pursuant to the Penalty Enforcement Act upon complaint by the Attorney General or any other person.

I am in accord with the purpose and intent of this bill. However, the State Board of Medical Examiners has been charged with responsibility for overseeing and maintaining the professional discipline for podiatrists, the New Jersey

State Board of Optometry oversees optometrists, and the State Board of Psychological Examiners oversees psychologists. It would, therefore, seem most appropriate to confer jurisdiction on the appropriate professional board with respect to investigating claims, filing complaints and collecting fines for violations of this billing prohibition.

Accordingly, I herewith return Assembly Bill No. 1551 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 16: Delete “Attorney General or any other person”, insert “State Board of Medical Examiners with respect to podiatrists, the New Jersey State Board of Optometry for optometrists or the State Board of Psychological Examiners for psychologists.”

ASSEMBLY BILL No. 606

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 606, with my objections, for reconsideration.

Assembly Bill No. 606 amends the statutes governing physicians and surgeons, podiatrists, dentists, and veterinarians to provide that the prescribing or dispensing of a controlled dangerous substance in an indiscriminate manner, without good cause, or under circumstances in which the prescriber or dispenser knows or should have known that it would be used for illicit consumption or distribution is a ground for license suspension or revocation. Also amended is the statute governing pharmacists to make the appropriation or distribution of a controlled dangerous substance under the above enumerated circumstances a ground for suspension or revocation of the registration certificate. The statute governing nurses is similarly amended to make appropriation of a controlled dangerous substance under the above enumerated circumstances a ground for suspension or revocation of the registration certificate. The statute governing nurses is similarly amended to make appropriation of a controlled dangerous substance a ground for revocation or suspension of license.

I am in wholehearted agreement with the purpose of the bill. The availability of controlled dangerous substances must be limited to prevent abuse. The unwarranted dissemination of such substances by those entrusted with access to them is a breach of professional ethics so serious as to warrant suspension or revocation of the right to practice. However, I feel that the bill is unnecessarily convoluted. A general omnibus provision, governing all those

professionals with access to controlled dangerous substances, would clearly suffice.

Accordingly, I herewith return Assembly Bill No. 606 for reconsideration and recommend that it be amended as follows:

Pages 1-2, Sections 1-6: Delete entirely and insert "1. It shall be a valid ground for the refusal to grant, revocation or suspension of a license to practice a health care profession, subject to regulation in this State, including the practice of pharmacy, or for the refusal to admit to an examination a candidate for licensure, that the licensee has prescribed or dispensed a controlled dangerous substance or substances, as defined by the "New Jersey Controlled Dangerous Substances Act," (P. L. 1970, c. 226) (C. 24:21-1 *et seq.*), in an indiscriminate manner, or not in good faith, or without good cause, or where the licensee reasonably knows or should have known that the substance or substances prescribed are to be used for unauthorized or illicit consumption or distribution or that a substance or substances previously prescribed or dispensed were used by the patient for unauthorized or illicit consumption or distribution."

ASSEMBLY BILL No. 2177 (SECOND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 2177 (Second OCR), with my objections, for reconsideration.

This bill would provide for the disposition of unclaimed monies and tangible personal property which come into a municipal police department by finding or recovery. All monies and personal property discovered by a private citizen and turned over to the police department shall be returned to the private citizen when unclaimed for a certain period of time. Whenever monies and personal property are found by a police officer on duty and go unclaimed for a certain period of time, said monies and the proceeds from the sale of the personal property shall be given to the municipal treasury.

I agree with the purpose of the bill. However, there is an ambiguity which must be clarified. The Senate County and Municipal Government Committee's statement to the bill indicates that whenever personal property found by an on duty police officer is sold at public auction, the proceeds therefrom must be held for claim by the owner of the personal property for six months. I do not agree with this construction of the bill. The terms of the bill (Section 1, page 1, line 16) seem to provide that the proceeds of the sale may be immediately given to the municipal treasury. Moreover, there is no valid reason to require the proceeds of the sale of such property to be held for six months for further claim. Such a requirement would distinguish the disposal time period for such property from the disposal time period for monies found by a police officer and monies and personal property found by a private citizen. This is unwarranted. Therefore, the bill should have deleted any language which might be construed to require such a distinction.

Accordingly, I herewith return Assembly Bill No. 2177 (Second OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, lines 15-16: After "property" delete "if unclaimed by a person entitled thereto within said 6-month period."

ASSEMBLY BILL No. 888

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 888 without my approval, for the following reasons:

This bill authorizes the New Jersey Turnpike Authority to construct, maintain, repair, and operate an addition to the Turnpike through Hudson County from the Holland Tunnel to the Lincoln Tunnel.

The Turnpike Authority reports that the undertaking is infeasibly expensive. Construction would cost more than \$130 million and operating expenses would run more than \$15 million per year. Because of that expense, the toll

charged for this relatively short distance would have to be very high and would, in all probability, discourage use. Therefore, as a matter of simple economics, I cannot now encourage the project proposed by this bill.

ASSEMBLY BILL No. 1000 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1000 (2nd OCR) without my approval.

This bill, the "Economic Impact Disclosure Act of 1975," would authorize the Governor, certain officers of the Legislature, and groups of Legislators to request the Office of Economic Policy to prepare economic impact statements on any legislative bill or administrative regulation concerning taxation or environmental protection.

We need balance in our environmental programs, and we need to consider economic factors in designing new tax programs. In the environmental area, I have previously recognized the need for such balance by my support of legislation, L. 1975, c. 232, requiring that the Department of Environmental Protection complete its review of vitally needed construction projects within 90 days after submission. Achieving this balance is at the heart of the democratic political process.

The primary purpose of this bill is to achieve a balance between environmental goals and some of the economic ends we wish to achieve. This purpose is worthwhile. In fact, the comparatively recent emphasis on environmental protection was an attempt to bring about a balanced consideration of programs and projects which affect the human and natural environment. It arose out of the awareness by

many in the State that the single-minded pursuit of economic goals, of uninhibited growth, had degraded the quality of our air, of our water, of our landscape and of the quality of our lives.

Unfortunately, there are those who would attempt to use our critical *economic* circumstances as a justification for achieving their own narrow ends by reversing the State's proud *environmental* accomplishments in cleaning the air, the water, and in increasing the quality of the lives of all our citizens. While this bill has been significantly improved through amendment, I still believe the motivation for this measure is based on a false link between our employment problems and the steps we have taken to improve the quality of the environment. Analysis of proposed legislative or administrative actions should not be limited to "environmental" or "tax" measures, and should not be restricted to review of "economic" impacts alone; rather, such analysis should cover a broad range of measures and provide comprehensive review of all impacts, including environmental and social effects.

This type of comprehensive analysis will cost money. The money now authorized by this bill is only a small fraction of the amount which has been estimated to be required to do the job mandated by the legislation. It is thus apparent that the bill raises false expectations that the analysis possible at this low level of funding can be an effective aid to the governmental process.

Until the State's fiscal situation improves, this type of measure is a luxury which we must do without.

When the State's resources permit, I intend to direct the State departments to provide comprehensive analysis of the impacts of proposed actions. In the interim, I believe that the existing services of the Office of Economic Policy, the Office of Fiscal Affairs and the legislative staffs should be utilized to meet the needs identified in this bill.

Accordingly, I herewith return Assembly Bill No. 1000 (2nd OCR) without my approval.

Respectfully,

ASSEMBLY BILL No. 1068 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1068 (OCR), without my approval.

This bill would vest the chief or other superior officer of any municipal fire department, whether said department is paid or part paid or volunteer, with sole authority at the scene of any fire for all operations relating to the protection of lives and property endangered by the fire. The fire officer's authority shall supersede the authority of any municipal police official or elected official.

Present law (N. J. S. 40A:14-54) vests members and officers of paid and part paid fire departments with police authority while going to, attending and returning from a fire. Municipal police officers, of course, also have police authority at the scene of a fire. The law does not provide which agency—police or fire—is the prevailing authority at the scene of a fire. This bill is intended to resolve that question.

I am not convinced that Assembly Bill 1068 (OCR) effectively and properly will resolve jurisdictional disputes between police and fire authorities. The exact extent of the "scene of a fire" and "operations" relating to the protection of lives and property endangered by a fire will always be questionable and jurisdictional disputes will likely continue. Moreover, jurisdictional problems may actually be compounded by this bill. If a fire or fires are an integral part of a large scale riot or other civil disturbance, prevailing authority, even at the scene of the fire or fires, should be vested in police and elected officials. Finally, the bill extends police authority to volunteer fire officers. Such persons frequently do not have the experience or training necessary to assume such authority, particularly superceding authority over police officials.

Therefore, I herewith return Assembly Bill 1068 (OCR) without my approval.

ASSEMBLY BILL No. 1124

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1124 without my approval.

This bill would require municipal governing bodies and all municipal boards, commissions, agencies and authorities to schedule at least every other regular meeting during the evening hours. It is a companion bill to Assembly Bill No. 1197 and Assembly Bill No. 1130 which would establish similar requirements for county boards of chosen freeholders, other county public bodies, and school boards and which I am returning to the Legislature today without my approval for reconsideration.

I support the general purpose of Assembly Bills 1197, 1124 and 1130, which is to make certain that the operation of local government is available to the public at hours convenient to the majority of citizens, but I believe that the mandatory nature is too restrictive. An appropriate alternative to these bills, however, has been provided by the new Open Public Meetings Act.

The Open Public Meetings Act P. L. 1975, c. 231, which was signed into law on October 21, 1975, should assure that a substantial share of public meetings are scheduled during evening hours. It requires adequate advance notice, and agenda and minutes for public meetings in addition to broad public access to meetings. These features of P. L. 1975, c. 231 will encourage public bodies to schedule meetings at times convenient for the general public. At the same time, the Open Public Meetings Act leaves municipalities

ASSEMBLY BILL No. 1130

To the General Assembly:

Pursuant to Article V, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1130 without my approval.

This bill would require school boards to schedule at least every other regular meeting for an evening hour. Assembly Bill No. 1197 and Assembly Bill No. 1124, which I am also returning today to the Legislature for reconsideration, are companion measures to this bill and would impose similar requirements upon county boards of chosen freeholders, municipal governing bodies, and all other county and municipal boards, commissions, agencies and authorities.

The reasons set forth in my message to the Legislature with regard to Assembly Bill No. 1124 are equally applicable to this bill. The new Open Public Meetings Law should assure the scheduling of a substantial number of public meetings during convenient evening hours while leaving municipalities with adequate flexibility for scheduling daytime meetings when necessary.

Accordingly, I herewith return Assembly Bill No. 1130 without my approval.

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1197 without my approval.

This bill would require county boards of chosen freeholders and all other county boards, commissions, agencies, and authorities to schedule at least every other regular meeting for an evening hour. Assembly Bill No. 1130 and Assembly Bill No. 1124, which I am also returning today to the Legislature for reconsideration, are companion measures to this bill and would impose similar requirements upon municipal governing bodies, all other municipal boards, commissions, agencies and authorities, and school boards.

The reasons set forth in my message to the Legislature with regard to Assembly Bill No. 1124 are equally applicable to this bill. The new Open Public Meetings Law should assure the scheduling of a substantial number of meetings during convenient evening hours while leaving municipalities with adequate flexibility for scheduling day-time meetings when necessary.

Accordingly, I herewith return Assembly Bill No. 1197 without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,

ASSEMBLY BILL No. 1566 (2ND OCR)
(Worthington)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1566, without my approval.

MONDAY, JANUARY 5, 1976

This bill would amend the Governmental Unit Deposit Protection Act (N. J. S. A. 17:9-41 et seq.) to disqualify any financial institution which does not "annually participate in the student loan program as set forth in the 'Higher Education Assistance Authority Law'" from the right to receive or hold public funds.

Although the intent of this bill—to ensure banking participation in a lending program designed to support the escalating costs of education—is commendable, I am advised by the Department of Banking that there is now adequate participation in these loans by commercial banks, savings banks and savings and loan associations. In addition, many of those institutions which do not participate are either new or smaller institutions which should not be penalized for nonparticipation. Finally, the attachment of such requirements as qualifications for the deposit of public funds cuts against the policy of this Administration to ensure that such deposits are predicated on judgments relating solely to the return to the State from such deposits.

Accordingly, I am returning Assembly Bill No. 1566, without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Attest: Governor.

To the General Assembly:

The objective of this bill is now the law of New Jersey. See N. J. S. A. 1:1-2.

Respectfully,

ASSEMBLY BILL No. 3146 (OCR)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 3146 (OCR) without my approval.

Assembly Bill No. 3146 (OCR) would amend Section 6 (N. J. S. A. 48:13A-5) of the Solid Waste Utility Control Act of 1970 by prohibiting the Board of Public Utility Commissioners (hereafter PUC) from establishing a franchise area for solid waste collection or solid waste disposal where a collecting or disposing operator, who has either a PUC certificate of convenience and necessity or Department of Environmental Protection approval pursuant to the Solid Waste Management Act of 1970 (N. J. S. A. 13:1E-1 *et seq.*), is already engaging in the proposed franchise area.

This bill was designed to solve a particular municipal problem. But I question the propriety of a bill which would preclude action by the executive agency best equipped to review and resolve such problems. Existing law provides the PUC with the flexibility needed to make decisions in this area.

This bill could impede a rational and cost effective plan for solid waste collection and disposal and for resource recovery facilities. It would grandfather into any regional planning area, which could be implemented through franchises, any and all collecting and disposing operators currently functioning within the area. A far more effective approach is set forth in Senate Bill No. 624, which has already passed the Senate and which would limit franchise areas to those which are recommended by the Department of Environmental Protection. In this manner, environmental and economic considerations could be considered and cost effective franchise areas could be established. This is especially timely where resource recovery facilities and other advance technologies are available to dispose of large amounts of solid waste in a manner which can recycle materials, conserve and even create energy, and minimize landfilling and its related environmental problems.

Accordingly, I herewith return Assembly Bill No. 3146 (OCR) without my approval.
