GENERAL ASSEMBLY
OF NEW JERSEY
TRENTON

W. Cary Edwards (Dist. 40)
16-05 Fair Lawn Drive
Fair Lawn, N. J. 07410
January 11, 1981

Mr. John Miller, Clerk
General Assembly of New Jersey

Dear Mr. Miller:

This letter is to inform you that I intend to serve as the Governor's Counsel effective January 19, 1982. As such, under the provisions of the Constitution of the State of New Jersey (Article 4, Section 5, Paragraph 1), I will be unable to perform my duties as Assemblyman from the 40th District for the Two Hundredth Session of the Legislature.

I will therefore not accept the position, nor will I take the oath of office of Assemblyman from the 40th District in the 200th Legislature. Appropriate action should be taken to fill the vacancy which will exist in that office.

In closing, I would like to acknowledge and thank you for the pleasure of serving with you and our colleagues in the Assembly.

Sincerely,

/s/ W. CARY EDWARDS,

cc: Speaker of the General Assembly

cc: Secretary of State

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,	}
EXECUTIVE DEPARTMENT,	
January 18, 1982.	

ASSEMBLY BILL No. 3222 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 3222 (OCR) with my objections.

This bill reorganizes the New Jersey Public Broadcasting Authority as the New Jersey Broadcasting Corporation. The current 15-person New Jersey Public Broadcasting Commission is replaced by an 11-person board, with a reduction in the *ex officio* representation by State Cabinet officers. The bill also replaces the current position of Executive Director by the position of President, and makes certain changes in operating practices.

After discussion with the Governor-Elect, I feel that this significant change in the organization of the New Jersey Public Broad-

casting Authority should be deferred until further study. I have been advised by the Governor-Elect that the new Administration will undertake a review of the Authority and its operations. It, accordingly, would not be appropriate for me to restrict the options for reorganization which might result from this review by signing this bill into law.

Accordingly, I herewith return Assembly Bill No. 3222 (OCR) without my approval.

Respectfully,

/s/ BRENDAN BYRNE.

Governor.

Mr. Doyle moved that the message be spread in full upon the minutes.

Which motion was adopted.

Mr. Doyle moved that the General Assembly recess for 20 minutes.

Engineering Department—Development of the Kapkowski Road Site—Retention of Camp Dresser & McKee—Increase in Total Compensation

It was recalled that the Committee, at its meeting on September 30, 1981, authorized the Executive Director to enter into an agreement with Camp Dresser & McKee (CDM) to provide expert engineering advice, field supervision, report writing and attendance at meetings in connection with possible subsurface contamination of various groundwater aquifers and soils, including compacted municipal solid wastes with polychlorinated biphenyls (PCB's) in a matrix of waste oil at the Port Authority's proposed developments at the Kapkowski Road site in Elizabeth, New Jersey at a total compensation not to exceed \$25,000.

As work progressed on the project, it became evident that CDM's involvement in design of the deep wells, field supervision and meeting attendance was greater than originally anticipated by CDM and staff. The installation of the deep wells and the associated sampling and monitoring program was far more complicated and time consuming than originally anticipated, resulting in field supervision costs of CDM increasing approximately threefold. It is also now projected that CDM's involvement in the development of alternative mitigative measures will be greater than originally anticipated.

It was therefore recommended that the Committee authorize an increase in the total compensation under an agreement with Camp Dresser & McKee which provides for professional engineering services in connection with the Port Authority's proposed developments at the Kapkowski Road site in Elizabeth, New Jersey from \$25,000 to \$55,000.

The Committee has the power to act in this matter under the By-Laws, Article XI, section C, paragraph 2(b).

Whereupon, the following resolution was unanimously adopted:

RESOLVED, that the total compensation authorized to be paid to Camp Dresser & McKee for professional engineering services in connection with the Port Authority's proposed developments at the Kapkowski Road site in Elizabeth, New Jersey be increased from a maximum of \$25,000 to a maximum of \$55,000.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

STATEMENT

Senate Bills Nos. 120, 248, 264, 600, 886, 971, 1108, 1115, 1211, 1308, 1378, 1388, 1440, 1481, 1496, 1532, 1555, 1564, 1626, 3047, 3251, 3252, 3277, 3322, 3345, 3380, 3400, 3401, 3402, 3404, 3405, 3406, 3408, 3409, 3410, 3423, 3427, 3428, 3429, 3455, 3488, 3535, 3536.

Assembly Bills Nos. 10, 304, 692, 1281, 1325, 1414, 1731, 1764, 2162, 2236, 2308, 3032, 3151, 3225, 3298, 3328, 3333, 3345, 3350, 3427, 3428, 3429, 3430, 3431, 3512, 3516, 3540, 3583, 3600, 3628, 3644, 3659, 3667, 3735, 3766, 3782, 3785, 3796.

I am filing the following bills in the State Library without my approval.

Under the provisions of Article V, Section I, Paragraph 14(c) (3) of the Constitution, these bills which were passed within 10 days preceding the expiration of the second legislative year do not become law because they were not signed prior to the expiration of that period. In these circumstances there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign these bills.

This year was the first time that the State has operated under the new constitutional amendment approved by the voters this past November dealing with the Governor's power to approve, veto and conditionally veto legislation. One provision in the amendment requires that any bill passed during the last 10 days of the second legislative year will not become law unless the Governor signs it before the second legislative year expires. This meant that I had until noon, Tuesday, January 12, 1982 to sign all the bills which the Legislature passed this January. The Legislature passed 227 bills in the 10-day period before the end of the session. Of those bills, 119 were passed on January 11 and indeed bills were being passed and delivered to me the morning of January 12.

It is unreasonable to expect a Governor and his staff to analyze and digest this quantity of bills in such a short time. I suggest that the State consider another constitutional amendment to give the Governor additional time to sign bills passed within the last 10 days of the second legislative year.

Set forth below is a list of bills passed within the last 10 days of the second legislative year which have not been enacted. Many of these bills I did not sign because I had substantive questions regarding their provisions which could not be answered within the time allowed. Other bills were not signed because I have significant objections to their provisions. Some were not signed because they needed amendments, which could not be made due to the absence of time.

S-120—(separate statement filed).

S-248—provided that a pension be paid to the widower of any volunteer firemen, first aid, or rescue squad worker who dies in the line of duty.

A-10—increased mileage allowances for witnesses appearing before the Director of the Division of Motor Vehicles.

A-304—set forth a “Refund Policy Disclosure Act.”

A-692—expanded discovery procedures for drivers charged with drunk driving.

A-1281—concerned the discharge of liens.

A-1325—established that an employer would be required to make a minimum annual contribution equal to 8 percent of the employee’s base salary on behalf of each employee enrolled in the alternate benefit retirement program established for faculty and administrative employees of the State’s higher education institutions.

A-1414—compelled State-chartered credit unions to obtain share insurance.

A-1731—allowed certain vehicles used for senior citizens to park in parking spaces reserved for the handicapped.

A-1764—restricted the use of dental radiographs to diagnosis and treatment.

A-2162—concerned loans to bank officers and directors’ compensation.

A-2236—mandated reports on violence and vandalism in the public schools.

A-2308—required medical service corporation contracts to include in-patient radiology services.

A-3032—raised the fine against out-of-state trucks that are being used in New Jersey.

A-3151—concerned manufacture and sale of slot machines.

A-3225—concerned location of solid waste disposal facilities.

A-3298—authorized separate corporate entities to operate auxiliary functions on State college campuses.

A-3328—brought the accounting period of the Aid to Families with Dependent Children program into conformity with that of the County Welfare Per Capita Cost Limitation Act of 1981.

ASSEMBLY BILL No. 601

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 601 without my signature.

This bill provides that all federal funds shall be deposited in the State Treasury and appropriated in the same manner as State funds with the following exceptions:

1. pass-through grants to political subdivisions of the State which provide for no discretion on the part of the State and which require no State matching funds;
2. research grants to the State colleges;
3. grants of less than \$200,000.00;
4. moneys received by N. J. Transit;
5. moneys received by Rutgers, the University of Medicine and Dentistry, and N. J. I. T.

This bill is of questionable legality. Several courts have held that the legislative power to make appropriations relates only to State funds. These courts have viewed federal moneys as custodial funds held in trust, subject to executive administration and disposition. (See, *e.g. McManus v. Love*, 499 P. 2d 609 (Colo. 1972); *Opinion of the Justices to the Senate*, 378 N.E. 2d 433 (Mass. 1978)). Thus, this legislation may very well violate the constitutional notion of the separation of powers between the three branches of government.

Even if it be assumed that this legislation is constitutional, I cannot sign it. In the increasingly complex world in which we live, our system of government has evolved into one where broad policy initiatives are set by legislation, while minute details of administration are determined by executive and administrative action. The Constitution of 1947 recognized the necessity for this division of labor and responsibility by strengthening the powers of the executive branch. Were this system not firmly in place, it is likely that the legislative process would be overwhelmed by the flood of social needs and concerns, resulting in chaos within State government. As federal funds are disbursed with certain conditions attached to them, it makes sense to leave the exact details of their disposition to the executive agencies or department to whom the moneys are targeted. The Congress has set the broad policy goals for this money

as the Legislature has for State money. By retaining the responsibility for the disbursement of federal grants in the executive branch, we can ensure that an expeditious and complete use of the federal funds is achieved. I note that a failure to agree upon the details of how to spend federal money received might result in the loss of that money. Such a result would be intolerable; one the State cannot afford during this period of fiscal austerity.

Accordingly, I herewith return Assembly Bill No. 601 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 602

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 602 without my signature.

This bill requires that the Division of Budget and Accounting submit a number of different types of reports to the Legislative Budget Officer including:

1. A monthly summary report reflecting the accrued revenues compared with appropriated and anticipated revenues;
2. A monthly report on all State revenue collected;
3. An annual report which include balance sheets of and comparisons between accrued revenues, as compared to appropriated and anticipated revenues, for the General Fund, Property Tax Relief Fund, Casino Control and Casino Revenue funds and federal funds;
4. A detailed monthly report for each fund which shall indicate by agency, fund type, program, and object, the status of all appropriations, reappropriations, etc.;
5. A quarterly report providing information about the number of State employees, vacancies, temporary positions, etc.;
6. A monthly statement of anticipated and realized major revenues;
7. Personnel plans for all State agencies, commissions, and institutions of higher education.

All of these reports are currently prepared by the Division of Budget and Accounting. However, only some of these reports are statutorily required. By setting the form of all the reports in a permanent statute, statutory amendments would be required when-

ever circumstances warrant a different form. I believe this to be undesirable.

This bill also requires that advance notice be given to the Legislative Budget Officer whenever there is:

1. An increase in salary of any personnel which requires approval of the director and president of the Civil Service Commission;
2. A proposal to correct the title, text or account number of an appropriation;
3. A proposal to establish a dedicated or revolving fund.

Budget and Accounting currently gives notice to the Legislative Budget Officer of these events, but not advance notice. I believe that requiring advance notice is an unnecessary requirement.

In addition, this bill requires that notice must be given at the time of:

1. payment of any claim not exceeding \$500.00;
2. receipt by the Director of Budget and Accounting from any State agency of an application for any non-State funds;
3. receipt of annual expenditure plans for federal or State funds from each agency.

These requirements are in last year's Appropriation bill. I see no need to make the requirements part of a permanent statute.

Finally, the bill requires that the Director of the Division of Budget and Accounting transmit any information requested by the chairman of either the Senate or Assembly Revenue, Finance and Appropriations Committee. This is clearly unacceptable. I fully intend to be cooperative with the legislative branch and accommodate any reasonable request for information that I receive from the Legislature. This clause, however, would give the Legislature a blank check to demand information of any sort, whether compiled or inchoate, from the executive branch. It is a blatant usurpation of the executive prerogative and is contrary to the long-cherished constitutional principle of the separation of powers. My predecessors have carefully protected the integrity of the executive branch of government against such incursions and I intend to continue in that tradition.

In short, I am vetoing this bill because its provisions are in part, unnecessary, in part, unwise. Notwithstanding my veto, however, I fully intend to cooperate with the Legislature by providing them with all information reasonably necessary in the budgetary process.

Accordingly, I herewith return Assembly Bill No. 602 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 603

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 603 without my signature.

This bill provides that any intra-agency transfer of appropriated funds (1) between a State and line item appropriation and either a capital or direct State services line item appropriation; or (2) that brings to an amount exceeding \$200,000.00 the cumulative transfers to or from any line item appropriation in any year, must be approved by a Subcommittee on Transfers that would be part of the Joint Appropriations Committee. The subcommittee would be made up of two members from each of the RFA committees, one from each party and the chairman of the Joint Committee.

This bill would also give the Legislative Budget Officer authority to transfer funds within the legislative appropriation from one line item to another or to a newly-created line item if necessitated by organizational changes and approved by the Speaker and Senate President.

In addition, it provides that no funds for the rent of any office or building may be disbursed except pursuant to a lease approved by the State Treasurer, Director of the Division of Budget and Accounting, the President of the Senate, and the Speaker of the Assembly.

Finally, it allows the legislative leadership to determine, by rule, the amount of expenditures permitted for district offices.

Provisions similar to these are generally included in each year's Appropriations bill, but with a few differences. This bill would reduce the amount of cumulative transfers needed to trigger the statute from \$400,000.00 to \$200,000.00. In addition, it would prevent any funds from being disbursed for office rent except pursuant to an approved lease. At present, leases must be approved, but temporary payments may be made prior to approval. Finally, the flexibility in regard to legislative offices currently applies to equipment, not personnel. This legislation might be read to apply to both.

I do not believe that it is desirable that this boiler-plate be included in the basic statute. The nature of the budget changes frequently and flexibility is required. Enacting this Appropriations boiler-plate in a general statute will lead to a need for a continual stream of amendments to the Act to keep up with conditions.

Moreover, I cannot accept the changes that this bill would make in the current requirements. The revisions are counterproductive and inconsistent. They hamper the flexibility of the executive branch to deal with changed situations and exigencies, while increas-

ing legislative discretion in an area where needs are likely to remain fairly constant.

Finally, I question the fairness of some of the existing Appropriations requirements. In particular, I am troubled by the ability of the Subcommittee to hold transfer requests for unlimited time periods. The voters of New Jersey recently approved a constitutional amendment which requires me to act upon all legislation within 45 days of its passage. I believe that it might be wise to place similar restrictions upon the subcommittee.

Accordingly, I herewith return Assembly Bill No. 603 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 1194

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1194 with my objections and recommendations for amendment.

This bill is designed to provide a way for municipalities to finance payment of large judgments without experiencing an excessive increase in the municipal tax rate.

The bill addresses situations where a municipality would have to increase its municipal purposes levy by more than 40% in order to pay a judgment. To avoid such a dramatic tax increase, the bill would permit the governing body by a $\frac{2}{3}$ vote and with the approval of the Local Finance Board to pay the judgment from surplus funds or by borrowing through notes or other obligations. If notes were issued, they would have to be paid off in five years.

I support the basic purpose of this bill. However, I recommend two changes to take care of some technical concerns.

First, I recommend that the provision dealing with repayment of the notes be amended to clarify that the repayment is to be accomplished within five years.

Secondly, at the suggestion of bond counsel I recommend that language be inserted dealing with the municipality's ability to repay the notes.

Therefore, I herewith return Assembly Bill No. 1194 and recommend that it be amended as follows:

Page 1, Section 2b, line 13: Delete "third" and insert "fifth".

Page 1, Section 3, line 3: insert "4. The power and obligation of a municipality to pay any note or obligation issued pursuant to this act shall be unlimited and the municipality shall have power and be obligated to levy ad valorem taxes upon all the taxable property within the municipality for the payment of such notes or obligations and interest thereon, without limitation of rate or amount."

ASSEMBLY BILL No. 764

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 764 with my objections and recommendations for amendment.

This bill provides for the suspension of driving privileges for a minimum period of three years if a person loses their driving privileges three times within a three-year period. The Director of the Division of Motor Vehicles may impose a longer—but unspecified—period of suspension. If the person is caught driving while on the revoked list, there is a mandatory 30-day jail term. If there is an accident that results in bodily injury, there is a mandatory 45-day jail term.

I am in accord with the purpose of this bill: to crack down on those drivers who fail to get the message when their driving privileges are revoked. At the same time, however, I am opposed to rigid and inflexible approaches to specific problems. I believe that requiring a minimum three-year suspension could work an injustice in some instances. Therefore, my preference is to give the Director of the Division of Motor Vehicles discretion to suspend a license for up to three years and to remove the unspecified authority to suspend it for a greater period of time. Similarly, I am uncomfortable with required jail terms for motor vehicle offenders. There is a serious jail overcrowding problem in this State, and we should not add to the problem by adding motor vehicle offenders. Jail terms should be discretionary.

Lastly, the provision requiring 45 days in jail if the habitual offender has an accident that results in bodily injury could result in the jailing of a motor vehicle offender who only injures himself. To avert such a bizarre situation, I am suggesting a minor change.

Therefore, I herewith return Assembly Bill No. 764 and recommend that it be amended as follows:

Page 1, Section 2, Line 1: Omit “shall” and insert “may”

Page 1, Section 2, Line 1: Omit “fixed minimum” and after “of” insert “no more than”

Page 1, Section 2, Line 7: Omit “3-year” and after “period” insert “of suspension”

Page 2, Section 2, Line 25: Omit “a” and omit “in excess of the 3 year period”

Page 2, Section 2, Lines 29-31: Omit the remainder of the paragraph after “years”

Page 2, Section 3, Line 2: Omit “in excess of” and insert “for”

ASSEMBLY BILL No. 706

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 706 with my objections and recommendations for amendment.

This bill would amend the New Jersey Employer-Employee Relations Act to: (1) require public employees to negotiate in good faith with respect to disciplinary issues and written disciplinary review procedures, and (2) permit negotiation for binding arbitration of disciplinary disputes.

I am advised that in the past employees and employers did negotiate disciplinary procedures which could provide for binding arbitration of disciplinary disputes. Due to a court ruling last year, binding arbitration of disciplinary disputes has come to a halt. I am concerned that, due to this ruling, public employee unions have been unable to negotiate meaningful disciplinary dispute mechanisms for a significant number of public employees.

This bill, however, goes too far in that it would permit, at the option of the employee, the procedures in the collective bargaining agreement to govern employees already protected by existing statutory appeal procedures, such as those under the tenure or civil services statutes. Where a statutory mechanism exists, I believe, in the interest of uniformity, that it should be followed. Employees should not have the option of choosing the contract procedures in place of statutory ones.

The bill also would permit public employees with tenure or civil service protection to negotiate for binding arbitration of those minor disciplinary disputes which are not covered by the tenure or civil service laws. I recommend that changes in the disciplinary procedures involving employees with special statutory protection be done in the context of reviewing those statutes. The concern I would like addressed in this bill is the ability of those public employees who have no special statutory protection to negotiate for meaningful review of disciplinary actions. None of the changes I

propose, however, are intended to prevent negotiation of internal disciplinary procedures which do not result in binding arbitration provided those procedures do not replace any existing statutory mechanism.

Accordingly, I recommend that the bill be amended to provide that contract provisions for binding arbitration will not apply to public employees who already have special statutory protection and to provide that the statutory appeal procedures shall prevail over the contract ones.

In addition, I recommend that language be inserted to clarify that the standards and criteria for employee performance are not subject to negotiation. Rather it is the procedure governing discipline and the resolution of disputes which will be subject to negotiation.

Therefore, I herewith return Assembly Bill No. 706 and recommend that it be amended as follows:

Page 2, Section 1, line 59: After "employment." add "Nothing herein shall be construed as permitting negotiation of the standards or criteria for employee performance."

Page 3, Section 1, line 73: After "disputes." insert "The procedures agreed to by the parties may not replace or be inconsistent with any alternate statutory appeal procedure nor may they provide for binding arbitration of disputes involving the discipline of employees with statutory protection under tenure or civil service laws."

Page 3, Section 1, line 79: After "agreement" insert "." delete "except where an employee elects to utilize an alternative"

Page 3, Section 1, line 80 to 81: Delete.

Mr. Doyle moved that the messages be spread in full upon the minutes.

Which motion was adopted.

Mr. Doyle offered the following resolution, which was read by the Clerk and adopted:

Resolved, That pursuant to paragraph a. of Rule 20:6 the following Assembly Bills, conditionally vetoed by the Governor, be and are hereby given first reading for the purpose of re-enactment:

Assembly Nos. 764, 1194 and 706.

Further Resolved, That they be amended in accordance with the Governor's recommendations and advanced to second reading by special order.

On motion of Mr. Karcher, Assembly No. 764 was taken up and amended in accordance with the recommendations of the Governor.

On motion of Mr. Baer, Assembly No. 1194 was taken up and amended in accordance with the recommendations of the Governor.

On motion of Mr. Paterno, Assembly No. 706 was taken up and amended in accordance with the Governor's recommendations.

The following bills, as amended in accordance with the Governor's recommendations, were given second reading by special order:

Assembly Nos. 764, 1194 and 706.

ASSEMBLY BILL No. 561 Aca

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 561 Aca without my approval.

This bill would amend the Police and Fire Retirement System Act to permit retired former members to serve on the system Board of Trustees.

As written and amended, this bill fails to accomplish any purpose, since it effectively would allow a retired former member to serve on the Board of Trustees only for a term beginning on or before June 1, 1982. Since there are no terms beginning on or before that date, the bill is without purpose.

ASSEMBLY BILL No. 841

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 841 with my objections.

This bill would allow certain county police officers to obtain permanent Civil Service status without taking a competitive Civil Service exam. It has long been the policy of this State to require public officials who seek Civil Service status to sit for a competitive examination. As Governor, I intend to continue and support that policy. I cannot, in all good conscience, enact legislation that would allow a few public employees to avoid legitimate Civil Service requirements.

Therefore, I herewith return Assembly Bill No. 841 without my approval.

ASSEMBLY BILL No. 877 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14, of the Constitution, I herewith return Assembly Bill No. 877 (OCR) without my signature.

This bill would require municipalities to anticipate in their 1982 budgets the projected increase in gross receipts and franchise tax revenues. The State Treasurer would be required to certify to each municipality on or before April 15, 1982, one hundred percent (100%) of the estimated amount of the increase which the municipality might expect in these revenues. The municipality would then be required to include in its 1982 budget that amount as an anticipated revenue. If a municipality did not want to anticipate the revenues, the Director of the Division of Local Government Services could grant a waiver upon a finding that anticipating the revenues would "adversely affect the fiscal stability of the municipality".

The mandatory nature of the legislation takes from each municipality its independent right to decide whether or not to anticipate this year's estimated increases in gross receipts and franchise taxes in its 1982 Budget or to wait until the exact amount of the increase is delivered and is available in surplus for appropriation in its 1983 budget. This had been the procedure until last year when a statute was enacted requiring all municipalities in 1981 only to anticipate the full increase. That statute, which applied to all municipalities, deprived each municipality from having available the 1981 increase in gross receipts and franchise tax revenues in surplus for appropriation this year as had been the practice in prior years.

Finally, this bill would permit municipalities to anticipate a greater portion of these revenues than provided in my proposed budget. If municipalities anticipate these extra revenues and my budget passes giving them a lesser amount, municipalities will experience a potentially significant revenue shortfall and operating deficit. To avoid this result, I have decided not to affix my signature to this bill. Instead, administratively, municipalities have been permitted to anticipate up to 75 percent of the estimated gross receipts and franchise tax revenue increase which I have allocated to them in my FY-83 budget recommendation. Thus, the amount that they

may anticipate will reflect the amount they can reasonably expect to receive.

Accordingly, I herewith return Assembly Bill No. 877 (OCR) without my approval.

ASSEMBLY JOINT RESOLUTION No. 10 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution I herewith return Assembly Joint Resolution No. 10 (OCR) with my objections.

This legislation would provide for the establishment of a special commission to study the closing of the General Motors Plant in Ewing Township. Since that plant is no longer scheduled to close, this bill and its proposed commission would no longer serve a necessary purpose.

Dear Mr. Miller:

Please be advised that, because my wife and I are engaged in the production and sale of organically grown eggs, I intend to abstain from voting on A-153, which would regulate the labeling and advertising of foods as natural or organic.

Even though New Jersey law and the Legislative Code of Ethics would permit me to vote on this measure, I believe that doing so could present the appearance of a conflict of interest.

I would appreciate your entering this statement in the Minutes of the General Assembly.

April 8, 1982

Hon. John J. Miller, Jr.

Clerk of the General Assembly

State of New Jersey

State House

Trenton, New Jersey 08625

Dr. Mr. Miller:

In accordance with the provisions of Chapter 110 of the Laws of New Jersey, 1978, which provided for Port Authority participation in industrial development, I have the honor to transmit herewith a copy of the actions taken by the Port Authority on April 7, 1982 in connection with the purposes of such Chapter.

Sincerely,

Doris E. Landre

Secretary

Governor

State of New Jersey

Industrial Development Program—Advertising and
Promotion Expenditures

It was reported that on August 26, 1981 the Committee on Operations authorized the Industrial Development Department to enter into a one-year agreement with Hicks & Greist, Inc. to provide comprehensive advertising, promotion and related services in support of the Industrial Development program at a fee of \$100,000, plus standard agency fees. At that time it was reported that Hicks & Greist, Inc. would perform services which would lead to the purchase of advertising space and materials and services. The advertising program was discussed with the Board on February 3, 1982 and is well underway. It is necessary to reimburse Hicks & Greist, Inc. for payments made and to be made by them to vendors and publications on behalf of the Port Authority including standard agency fees and for miscellaneous out-of-pocket expenses. The authorization to retain Hicks & Greist, Inc. by the Committee on August 26, 1981 did not include provision for this administrative arrangement. It is estimated that \$650,000 will be required for these costs. This expenditure is primarily for advertisements in print media and other promotion expenses incurred in connection with the Industrial Development Department's marketing program.

It was recommended that the Committee authorize the expenditure of funds as provided above.

The Committee has the power to act in this matter under the By-Laws, Article XI, section D, paragraphs 6 and 8.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to pay Hicks & Greist, Inc. an amount estimated at

\$650,000 for payments made and to be made by them to vendors and publications on behalf of the Port Authority including standard agency fees and for miscellaneous out-of-pocket expenses, said expenditure being primarily for advertisements in print media and other promotion expenses incurred in connection with the Industrial Developments marketing program, and said expenditure to be in addition to all amounts previously authorized.

Industrial Development Program—Retention of Marketing
Advisor for the United Kingdom

It was reported that in 1980 direct investment from the United Kingdom in U. S. manufacturing facilities totaled \$1.3 billion. While the bulk of this investment has been in existing businesses, research has identified a number of industries, and British companies within those industries, to which the region offers significant advantage as a location to establish new manufacturing facilities. To assist the Port Authority's efforts to attract such industrial investment to Port Authority industrial parks, it is deemed desirable for the Port Authority to employ the export services of someone with influence and experience in British and American industrial affairs.

Sir Gordon Booth was British Consul General in New York between 1975 and 1980 and served as Director General of British Trade Development in America. Currently, he is an advisor on overseas trade and investment, a member of the British Overseas Trade Board and active in several British commercial and industrial activities. A close acquaintance with British industrial and commercial corporations and their overseas operations, Sir Gordon Booth has working contacts with many corporate leaders in the United Kingdom. This experience and these contacts would provide the Port Authority entree to British manufacturing corporations and serve as a valuable resource in determining methods for attracting British corporations to Port Authority industrial parks.

Sir Gordon will recommend to the Port Authority those British firms most likely to be attracted to the Industrial Development program and the strategies best employed to attract them. He will arrange meetings between the principals of British manufacturing firms and Port Authority industrial development staff; follow-up with principals and staff as necessary; arrange and participate in seminars, receptions, visits and other group meetings of those important to the industrial development program, and assist the industrial development program's advertising and promotion consultant, Hicks & Greist, Inc., and other agencies retained by the Port Authority in the overall promotion of the industrial development program in the United Kingdom. It is expected that Sir Gordon will have numerous contacts with the Port Authority's Development Office staff in London on matters relating to the program thus ensuring continuous flow of information assistance on related activities.

In order to employ Sir Gordon's services in immediate activities of the Industrial Development Department, his retention was authorized by the Executive Director. The estimated compensation of \$50,000, including expenses, for Sir Gordon's services, is inclusive of services rendered pursuant to said authorization.

It was recommended that the Committee authorize the retention of Sir Gordon Booth as outlined above.

The Committee has the power to act in this matter under the By-Laws, Article XI, section D, paragraph 8.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to enter into an agreement with Sir Gordon Booth to assist the Port Authority's industrial development marketing effort in the United Kingdom at an estimated cost of \$50,000, including expenses, for a period of approximately one year; the agreement to be subject to approval as to form by General Counsel or his authorized representative.

The Speaker made the following committee appointments:

Assemblyman Joseph Palaia to replace Assemblyman Anthony Villane on the Fire Safety Commission.

Messrs. Kosco, Thompson, Lesniak and Kelly offered the following resolution which was read by the Clerk and adopted by the following vote:

WHEREAS, Today, May 17, 1982, the Department of Insurance announced that it will hold a public hearing on May 21 to consider an application by the Government Employees Insurance Company (GEICO) for approval of its proposed purchase of the Garden State Life Insurance Company of Newark, a subsidiary of the Motor Club of America Insurance;

WHEREAS, The Commissioner of Insurance of New Jersey must approve the purchase of the Garden State Life Insurance Company before the purchase-merger with GEICO can be effectuated;

WHEREAS, In 1976, GEICO surrendered its certificate of authority to do future business in this State, in disregard of the adverse impact that this departure from New Jersey would have on its policyholders in this State;

WHEREAS, The New Jersey Supreme Court in the *Nationwide* decision (1979) held that an insurance carrier writing automobile insurance and other insurance lines in this State should not selectively drop particular lines of insurance;

WHEREAS, The Commissioner of Insurance's approval of the GEICO application would be tantamount to a backdoor reentry of GEICO into the New Jersey market, whereby GEICO will be free to choose the lines of insurance it will offer contrary to the spirit of the *Nationwide* decision; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

1. That it is the unanimous sentiment of the Assembly Banking and Insurance Committee that no action be taken by the Commissioner of Insurance on the Government Employees Insurance Company application for a proposed purchase of the Garden State Life Insurance Company of Newark until the Assembly Banking and Insurance Committee has been apprised of all of the facts surrounding the application.

2. That a copy of this resolution, signed by the Speaker, and attested by the Clerk of the General Assembly, be sent to the State Commissioner of Insurance.

MONDAY, JUNE 28, 1982

409

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY

EXECUTIVE DEPARTMENT

June 28, 1982.

ASSEMBLY BILL No. 890

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 890 without my signature.

This bill would extend by five days the one-year period within which a State Lottery prize may be claimed. The purpose of this bill is to deal with a special situation wherein the holder of a winning ticket waited for one year and three days before turning in his ticket to collect the prize money. This bill is similar to S-1481 of 1981 which was pocket vetoed by former Governor Byrne. The New Jersey Superior Court also rejected this individual's claim to the money, in a May 1981 decision.

The present statute concerning unclaimed State Lottery prize money provides that the Director of the State Lottery shall retain the money for the holder of the winning ticket for a period of one year. If no claim is made for the prize money within that one-year period, the prize money is allocated for the same purposes as our other Lottery revenues—to State institutions and to State aid to education.

While it is difficult to be unsympathetic to the frustration of the individual for whom this bill is specially drawn, it is clear that enactment of this bill could set a very bad precedent, which would be difficult to distinguish from future claims of this sort. The Division of the State Lottery points out that every state which has a State Lottery has a one-year retention limit for unclaimed prize money with the exception of the State of Maryland, which has only a six-month retention limit for unclaimed prize money.

Three and one half million dollars in Lottery prize money was unclaimed in 1980 and allocated to State institutions and State aid to education. The precedent established by this bill could open us up to future claims for prize money to be paid to holders of winning tickets who might perhaps wait one year and ten days or one year and fifteen days or one year and twenty days before turning in their tickets. This is simply a case of a line which must be drawn somewhere; the Legislature has decreed that the line should be drawn at the period of one year. This is consistent with every other state which holds a Lottery. If that rule is to have any significance whatsoever it must be respected.

Accordingly, I herewith return Assembly Bill No. 890 without my approval.

Respectfully,

s/s THOMAS H. KEAN,

Governor.

THOMAS H. KEAN,
Governor.

Reorganization Plan of the Department of Labor:

The Department of Labor, formerly known as the Department of Labor and Industry, is presently organized and administered pursuant to the provisions of the Reorganization Plan of the Department of Labor and Industry, which took effect in July 1972. Significant portions of the 1972 Plan have been superseded or obsoleted by the Department of Commerce and Economic Development Act, L. 1981, c. 122, N. J. S. A. 52:27H-1 *et seq.* That law among other things gave the Department of Labor its present name and transferred certain divisions, offices, commissions, authorities and public corporations to the newly created Department of Commerce and Economic Development from the Department of Labor and Industry. The provisions of the 1972 Plan do not fulfill the present needs of the Department of Labor for an organizational

structure facilitating efficient operational and fiscal management. These needs, and proposals for meeting them, have been identified and recommended by various bodies that have had occasion in recent years to review the operations of this department. The principal recommendations made by these reviewers, and incorporated in this Plan, are creation of the position of Deputy Commissioner to serve as the department's chief operating officer, and establishment of the title of Assistant Commissioner for Finance and Controller to administer the department's fiscal, business and tax functions. The creation of these positions, as well as the other provisions of this Plan, are deemed necessary to accomplish the purposes set forth in section 2 of the Executive Reorganization Act of 1969, P. L. 1969, c. 203, N. J. S. A. 52:14C-2.

1. The executive and administrative head of the Department of Labor is the Commissioner. His administrative and executive powers shall be those set forth in L. 1948, c. 446, § 3, N. J. S. A. 34:1A-3, as these powers may be modified or supplemented by law.

2. There is hereby created an office of the Deputy Commissioner, who, under the direction and supervision of the commissioner, shall be responsible for day-to-day operations of the department, for long-term planning, budgeting and policy implementation, and for monitoring and evaluation of department programs.

3. There is hereby created an office of Assistant Commissioner for Finance and Controller, who, under the supervision of the Deputy Commissioner, shall implement and administer the department's fiscal, tax and budget operations.

4. There is hereby created an office of Assistant Commissioner for Administrative Services, who, under the supervision of the Deputy Commissioner, shall develop and implement policies and procedures governing the organization, administration and management of the department except for financial affairs.

5. There is hereby created an office of Assistant Commissioner for Human Resources, who, under the supervision of the Deputy Commissioner, shall implement and administer all employment, training and rehabilitation programs operated by the department.

6. There is hereby created an office of Assistant Commissioner for Labor Relations and Workplace Standards, who, under the supervision of the Deputy Commissioner, shall implement and administer all wage and hour and workplace health and safety programs operated by the department.

7. There is hereby created an office of Assistant Commissioner for Income Security, who, under the supervision of the Deputy Commissioner, shall implement and administer unemployment insurance, disability insurance and workers' compensation programs operated by the department.

8. The Deputy Commissioner and the Assistant Commissioners shall be appointed by the Commissioner to serve at his pleasure. The Commissioner shall delegate to the Assistant Commissioners

responsibility for specific programs or functions operated or performed by the department.

9. The Commissioner shall have authority to delegate responsibility for the employment service program and the unemployment insurance program to the same Assistant Commissioner if he shall deem this necessary to improve administrative efficiency of these programs in light of a recent similar consolidation of responsibility at the federal level by the United States Department of Labor.

10. All divisions, offices, bureaus, commissions, councils, boards, services and committees that shall be in, or in but not of, the Department of Labor at the time this Plan takes effect, whether created or continued by the 1972 Reorganization Plan of the Department of Labor and Industry or by administrative order, shall, consistent with law and the provisions of this Plan, continue in existence under this Plan as provided in the 1972 Plan or in such administrative order; provided that the Commissioner, pursuant to authority granted him by L. 1948, c. 446, § 3, N. J. S. A. 34:1A-3, shall have power, consistent with law and the provisions of this Plan, to administer such divisions, offices, bureaus, commissions, councils, boards, services and committees, and to modify or rescind such administrative orders, as he may deem necessary or appropriate.

11. The 1972 Reorganization Plan of the Department of Labor and Industry is hereby abolished.

12. All acts and parts of acts inconsistent with any of the provisions of this Reorganization Plan are superseded to the extent of such inconsistencies.

13. Any provisions of this Plan that conflict with federal law shall be null and void, and shall be severable from the rest of the Plan.

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1373 (2nd OCR) without my approval.

Assembly Bill No. 1373 would expand the scope of collective bargaining for public employees on disciplinary procedures in the following ways: (1) the parties would have a duty to negotiate in good faith disciplinary disputes but not standards or criteria for employee performance; (2) public employers would have a mandatory duty to negotiate written policies for disciplinary review procedures, and (3) disciplinary review procedures could include provisions for binding arbitration of disputes. However, contract disciplinary procedures could not be inconsistent or replace statutory procedures relating to the removal of public employees with Civil Service protection and public school employees with tenure. If grievance and disciplinary review procedures were utilized, Civil Service and tenure laws could not be invoked.

The scope of collective bargaining with respect to disciplinary procedures has recently been addressed in Assembly Bill No. 706. In my conditional veto of that bill I supported the duty of the parties to negotiate in good faith disciplinary disputes and to negotiate written policies for disciplinary review procedures. However, with respect to disciplinary review procedures including binding arbitration I recommended that in the interest of uniformity statutory procedures for resolving disciplinary disputes should not be supplanted by contract provisions. This bill is inconsistent with those recommendations since it would permit contract disciplinary review procedures including binding arbitration to replace all statutory procedures except those relating to the removal of Civil Service and tenured public school employees.

I am aware that the statutory procedures for resolving disciplinary disputes are often cumbersome, time consuming and expensive. These problems should be addressed directly. My conditional veto of Assembly Bill No. 706 addresses the most grievous situation—those public employees who have no statutory procedures for resolving disciplinary disputes—by permitting those employees to negotiate for disciplinary review procedures including binding arbitration. The ability of other public employees to engage in

similar negotiations should be addressed in the context of reviewing their specific statutory protections. For these reasons, I continue to support the recommendations I made regarding Assembly Bill No. 706.

Accordingly, I herewith return Assembly Bill No. 1373 (2nd OCR) without my approval.

Respectfully,

[SEAL]

STATE OF NEW JERSEY,

EXECUTIVE DEPARTMENT,

ASSEMBLY BILL No. 1657

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1657 with my objections for reconsideration.

This bill would delay for six months transfer of operations of the Atlantic City Convention Center from the city to the convention authority, and make certain technical changes in the timing of the formula for handling of luxury tax revenues.

Working with local legislators and municipal officials, our overall goal has been to get the Convention Center built while at the same time maintaining this Administration's commitment to housing in Atlantic City.

The action taken in this conditional veto corrects certain technical legal concerns which might have jeopardized the \$11.5 million issue of notes in support of low and middle income housing in Atlantic City. It also ensures that the regressive room tax as imposed by the original legislation will not take effect. This tax was especially burdensome on small business hotel operators in Atlantic City.

After consulting with everyone involved, I will be supporting a revised luxury tax formula which is unique in that it protects the small business tourist industry in Atlantic City. This approach will ensure that we can all move forward together in support of the promising future of Atlantic City by removing unnecessary regressive burdens upon the small restaurants, small bars and small businesses which play so significant a role in the tourist industry in the Atlantic City area.

Accordingly, I recommend the following amendments for concurrence by the Legislature:

Page 1, Section 1, Lines 1-24: Delete entirely.

Page 2, Section 1, Lines 25-34: Delete entirely.

Page 2, Section 2, Line 1: Omit "2.", insert "1."

Page 2, Section 3, Line 1: Omit "3.", insert "2."

Respectfully,

[SEAL]

/s/ W. CARY EDWARDS,

Chief Counsel to the Governor.

/s/ THOMAS H. KEAN,

Governor.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT
July 8, 1982.

ASSEMBLY BILL No. 1257

Corrected Copy

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1257 (Corrected Copy) with my objections and recommendations for amendment.

Assembly Bill No. 1257 (Corrected Copy) would establish a Marine Academy of Science and Technology under the auspices of a local area vocational school for funding purposes. A program of this nature for high school students is unique, and I fully endorse and support the concept of such legislation. However, it is apparent that the State has the opportunity to maximize federal matching funds by developing a formal relationship between the Marine Academy of Science and Technology programs and the Marine Sciences Consortium.

With the passage of Assembly Bill No. 1735, it is my opinion that there would be sufficient coordination between the new Marine Academy of Science and Technology and the existing New Jersey Marine Sciences Consortium to satisfy the federal government of New Jersey's commitment to the Marine Sciences Consortium, thereby enabling the Consortium to leverage federal resources.

I have also recommended deletion of section 6 of the bill because any surplus moneys for 1982 have already been returned to the Department of the Treasury.

Therefore, I herewith return Assembly Bill No. 1257 (Corrected Copy) and recommend that it be amended as follows:

Page 2, Section 6, Lines 1 and 2: Delete in its entirety.

Page 2, Section 7, Line 1: Delete "7" and insert "6".

Page 2, Section 8, Line 1: Delete "8" and insert "7".

Page 2, Section 9, Line 1: Delete "9" and insert "8".

Page 2, New Section 8, Line 1: Delete "immediately", and in lieu thereof after "effect", insert "upon the passage of A-1235".

Respectfully,

[SEAL]

/s/ THOMAS H. KEAN,

Attest:

Governor.

/s/ W. CARY EDWARDS,
Chief Counsel.

Mr. Doyle moved that the message be spread in full upon the minutes.

Which motion was adopted.

Mr. Doyle offered the following resolution, which was read by the Clerk and adopted:

Resolved, That pursuant to paragraph a. of Rule 20:6 the following Assembly bill, conditionally vetoed by the Governor, be and is hereby given first reading for the purpose of reenactment:

ASSEMBLY BILL NO. 658

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 658 without my approval.

This bill would make a supplemental appropriation in Fiscal Year 1982 of \$40,000 for administration of the program for the inclusion of art in public buildings pursuant to the provisions of P. L. 1978, c. 117. I see no pressing need to make this supplemental appropriation at the end of the fiscal year. The requirements of this program have been considered in light of the State's other

needs and limited resources in preparing the States budget for Fiscal Year 1983 and have to be met in the context of that budget.

Accordingly, I herewith return Assembly Bill No. 658 without my approval.

Respectfully,

Governor.

ASSEMBLY BILL No. 1600

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1600 with my objections.

This bill would make permanent the appointment of a certain individual as Chief of Police of a certain municipality.

At first reading the bill seems to seek relief from the State law that requires no person shall be appointed as a member of a police department who is over 35 years of age. However, the actual relief sought is also from two other State laws that require promotions in a police department to be from *within* the department and only after three years of service within that police department.

As Governor I cannot support a special interest bill that seeks to circumvent three State laws so that one individual may become a Chief of Police in a particular municipality. I believe the Appellate Division is currently reviewing the three State laws involved and until they act I feel compelled to follow those laws as they currently exist.

Therefore, I herewith return Assembly Bill No. 1600 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 666

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 666 without my approval.

This bill transfers \$3.2 million from the Fiscal Year 1982 Medicaid account to the Fiscal Year 1982 Public Welfare account to retroactively add to the State supplement in the Supplemental Security Income (SSI) program.

The bill arose from the Federal district court decision in *Acevido v. Harris and Klein*. In that case, it was held that different state benefit levels in two of the SSI classifications were not justified and should be made equal. The two categories affected were (1) recipients who own their own home or are responsible for rent ("B" recipients), and (2) recipients who live with others and either have no ownership or rental responsibility or share equally with other household members ("F" recipients). The "B" recipients received \$20 per month more than "F" recipients. The "B" received \$300.50 per month (\$264.70—federal share \$35.80—state share), the "F" \$280.50 per month (\$264.70—federal share \$15.80—state share).

In order to comply with the court order and not increase State expenditures, then—Commissioner Carden ordered in November 1981 that the "B" category monthly state supplement be lowered by \$10.80 and that the "F" category be raised by \$9.20 as of February 1, 1982. This bill would restore the "B" category state benefit to its original level of \$35.80 and raise the "F" category to \$35.80.

This action by Human Services had two effects.

1. It reduced the monthly SSI allowance of about 45,000 people by \$10.80 per month. Benefits to this class of SSI recipients, however, increased by almost \$20 per month as of July 1 because of a cost-of-living increase. Thus, benefit levels are now higher than they were before *Acevido*.

2. The benefit change disqualified almost 2,000 people in the "B" category from receiving Medicaid benefits. This is because eligibility for Medicaid is determined by eligibility for SSI in the case of SSI recipients. When SSI levels are decreased, the income ceiling for Medicaid is also decreased.

Many of those who were disqualified had just become eligible for Medicaid because of the addition of Lifeline to the income ceiling last July. In essence, for these people, the implementation of *Acevido* simply restored the pre-July 1981 status quo.

However, a group of people (721 out of the approximately 2000 affected) who receive Social Security benefits were disqualified because the State's decrease cancelled out a Federal statute which

MINUTES OF THE GENERAL ASSEMBLY

enabled them to obtain Medicaid benefits despite being over the Medicaid eligibility level. More specifically, 42 U. S. C. section 1382 (g) is, in essence, a hold harmless clause for those recipients, previously eligible, who have exceeded the income ceiling and become technically ineligible only because of Federal cost-of-living increases in their Social Security benefits. Under this clause, unless these people receive income from another source, thereby independently pushing them over the income ceiling, they will continue to collect Medicaid benefits ad infinitum no matter how far above the income ceiling their Social Security benefits would place them. According to a preliminary opinion of the federal Department of Health and Human Services (HHS), this guarantee was destroyed when the State raised the Medicaid ceiling last July, then lowered it after *Acevido*. HHS has chosen to classify these people as having lost eligibility for some reason other than cost-of-living increases and on that basis has terminated their hold harmless coverage. Thus, if this opinion becomes final, they have lost their Medicaid because of the State's improper classification.

If the State's budget permitted, I would sign this bill. Given the failure of the Legislature to address the fiscal needs of this State, however, the \$7 million price tag of this legislation—the \$3.2 million appropriated, plus the additional funds needed to continue the increase in the current fiscal year—precludes its enactment.

Nonetheless, I am very disturbed by the inequitable impact of the implementation of the *Acevido* decision upon those Social Security recipients who have lost their hold harmless status vis-a-vis Medicaid. Accordingly, I have directed my staff to intercede with Health and Human Services on behalf of these recipients. Moreover, I have today introduced a bill that would create a Special State Medical program for these individuals, in lieu of Medicaid, that would take care of the medical expenditures of these individuals should our appeals to the federal government fail to bear fruit.

I therefore return Assembly Bill No. 666 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL NO. 141

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 141 without my signature.

This bill would provide that the investment revenues derived from moneys collected under the gross income tax be deposited into the Property Tax Relief Fund. The calculation of such interest would be based upon the average daily balance of cash in the Property Tax Relief Fund along with the average interest rate on the State's General Fund investments.

The problem with this legislation is that gross income tax revenues actually lag behind the rate of expenditures from the Property Tax Relief Fund. Accordingly, the average daily balance of cash in the Property Tax Relief Fund tends to always remain in the negative. Given this negative cash flow situation, this bill actually would result in no interest accruing to the Property Tax Relief Fund, and in fact would probably enable the Treasurer to be able to charge that fund based on the advance of cash from the General Fund to enable necessary authorized payments to be made in accordance with the appropriations act. The Director of the Division of Budget and Accounting has advised that the expected effect would be a transfer each year of approximately \$14 million out of the Property Tax Relief Fund and into the General Fund.

Apparently the implicit reasoning behind this legislation is some notion or suspicion that there currently exists an unfair situation whereby the State is turning over to the Property Tax Relief Fund only the principal amount of the gross income tax collected, while keeping for General Fund use the investment revenue realized on the income tax receipts. The actual situation is, however, entirely the opposite. Actually, throughout the course of the year, gross income tax receipts lag behind disbursements for property tax relief, so that throughout the year we are effectively extending interest-free loans from the General Fund to the Property Tax Relief Fund.

In actuality, the General Fund is not gaining any money by investing gross income tax revenues, but to the contrary is "losing" investment revenue to the tune of \$14 million per year, due to its subsidizing the Property Tax Relief Fund most of the year until Gross Income Tax Receipts come in.

Of course, the mere shifting of interest earnings from one fund to another does not, and cannot, generate any increased or decreased funds for State aid programs as a whole, but would only generate additional paperwork and represent unnecessary book-keeping information. Thus, this legislation creates an impractical situation since expenditures in the Property Tax Relief Fund and the General Fund both go for a variety of State aid programs.

If we truly decided to charge one fund or the other for interest charges on moneys advanced from the alternate fund, it would be the General Fund which should receive additional revenues from the Property Tax Fund, and not the reverse, as this legislation apparently anticipated. Since it is currently General Fund investment revenues which are subsidizing Property Tax Relief Fund disbursements and not the other way around, this bill would cause

no increased cash flow to the property tax fund, and could even be used to justify a negative cash flow as the General Fund is reimbursed for lost investment revenues. As a result, depending on the interpretation, this legislation would either be meaningless and moot, or could possibly have an effect counterproductive to its original intent.

Accordingly, I herewith return Assembly Bill No. 141 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 1166

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1166 without my approval.

Assembly Bill No. 1166 appropriates \$1,190,290 in Fiscal Year 1982 for the purchase of a tax sale certificate pursuant to P. L. 1981, c. 194 (C. 54:5-34.1 et seq.). The statute, P. L. 1981, c. 194, directs the State to purchase a tax sale certificate when (1) there are no other purchasers at the tax sale, and (2) the uncollected taxes were 15% or more of the total property taxes collected by the municipality the preceding year. If the tax sale certificate is not redeemed within a period of two years, the municipality is to buy the certificate back over a three year period.

This legislation provides a mechanism for loaning funds to Weehawken whose major taxpayer has defaulted on property taxes. Weehawken has been placed under the law governing municipalities in unsound financial condition, P. L. 1981, c. 211, and I am advised that it may be necessary for the State to lend Weehawken some funds this year.

After the passage of Assembly Bill No. 1166 by both Houses of the Legislature, language was inserted in the appropriations bill for Fiscal Year 1983 authorizing up to \$1.8 million to be lent to a municipality subject to c. 211, P. L. 1981. The amount lent will be determined by the Director of the Division of Local Government Services with the approval of the Director of the Division of Budget and Accounting. I am advised that it is preferable to lend the funds to Weehawken through the budget language rather than by purchasing the tax sale certificate, thereby potentially embroiling the State

into the Seatrain litigation. The budget language permits more flexibility in the amount (\$1.19 million vs. \$1.8 million) and timing of the loan.

In addition, Assembly Bill No. 1166 presents a technical problem in that the amount the bill appropriates is less than the full amount needed to purchase the tax sale certificate.

Accordingly, I herewith return Assembly Bill No. 1166 without my approval.

Respectfully,

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

ASSEMBLY BILL No. 940

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitu-

tion, I herewith return Assembly Bill No. 940 with my objections and recommendations for amendment.

This bill would permit Newark special policemen who also reside in Newark to carry firearms while off duty within the city limits of Newark. Recently the New Jersey Supreme Court decided the case of *P. B. A. v. Bellmawr*. In that decision the Court stated that New Jersey Statute 2C:39-6a.(7) specifically exempted special policemen while engaged in the actual performance of his official duties from the provisions of New Jersey Statute 2C:39-5. This means that special policemen who are appointed by the governing body of a municipality may carry firearms while on duty.

The Supreme Court did not authorize special police to carry firearms while off duty. I have several concerns regarding allowing special police to carry firearms while off duty. First, since the municipality has the responsibility to train special police regarding firearms, if any mishap occurs involving a special policeman and his firearm, the municipality might be held pecuniarily liable under the doctrine of respondent superior. Also, I am concerned about the level of training special police receive regarding firearms. Regular police are required to undergo an intense training course and are placed in stress situations. They are specifically trained and tested to see how they will use a firearm under stress. If special police are allowed to carry firearms while off duty, there will be a greater chance that an innocent civilian might be shot.

Assembly Bill No. 940 is intended to afford greater protection to the citizens of certain urban areas by permitting special police who live in those areas to carry weapons while off duty.

In order to meet the salutary objective of this bill and yet safeguard urban residents from mishaps to the fullest extent possible, I am recommending insertion of language that will make clear that no special police officer will be permitted to carry a weapon while off duty until he has completed the training courses referenced in this bill.

Therefore, I herewith return Assembly Bill No. 940 and recommend that it be amended as follows:

Page 6, Section 2, Line 45: Insert after "duty" the following:

"No such permit shall be issued until the special police officer has successfully completed all training courses required under this section."

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

Chief Counsel to the Governor.

Mr. Doyle moved that the message be spread in full upon the minutes.

Which motion was adopted.

Mr. Doyle offered the following resolution which was read by the Clerk and adopted.

Resolved, That pursuant to paragraph a. of Rule 20:6 the following Assembly bill, conditionally vetoed by the Governor, be and is hereby given first reading for the purpose of reenactment:

Assembly No. 940.

Further Resolved, That it be amended in accordance with the Governor's recommendations and advanced to second reading by special order.

Which was read by the Clerk and adopted.

On motion of Mr. Thompson, Assembly No. 940 was amended, in accordance with the Governor's recommendations.

The following bill, as amended, pursuant to the Governor's recommendations, was given second reading by special order:

Assembly No. 940.

The following report was received and read:

REPORT OF ASSEMBLY JUDICIARY, LAW, PUBLIC SAFETY
AND DEFENSE COMMITTEE
ON

ASSEMBLY CONCURRENT RESOLUTION NO. 119

In accordance with Rule 17:4 of the New Jersey General Assembly, a Public Hearing on Assembly Concurrent Resolution No. 119 entitled "A Concurrent Resolution proposing to amend Article I, Paragraph II of the Constitution of the State of New Jersey," was held in Room 316, State House Annex, Trenton, New Jersey under date of June 28, 1982, before the Assembly Judiciary, Law, Public Safety and Defense Committee.

The following members of the committee were present:

Assemblyman Martin A. Herman, Chairman

Assemblyman Eugene H. Thompson

Assemblyman Walter M. D. Kern, Jr.

Assemblyman Thomas J. Shusted

As a result of the testimony adduced at the Public Hearing, it is the recommendation of the Assembly Judiciary, Law, Public Safety and Defense Committee that Assembly Concurrent Resolution No. 119 be reported favorably and that it be considered on third reading for final passage.

The Clerk is hereby directed to enter this report upon the Minutes of the General Assembly.

THE PORT AUTHORITY OF NY & NJ

July 9, 1982.

Hon. John J. Miller, Jr.
Clerk of the General Assembly
State of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

In accordance with the provisions of Chapter 110 of the Laws of New Jersey, 1978, which provided for Port Authority participation in industrial development, I have the honor to transmit herewith a copy of the action taken by the Port Authority on July 8, 1982 in connection with the purposes of such Chapter.

Sincerely,

DORIS E. LANDRE,
Secretary.

State of New Jersey.

INDUSTRIAL DEVELOPMENT PROGRAM — ESSEX COUNTY RESOURCE
RECOVERY FACILITY — PREPARATION OF ENVIRONMENTAL
PERMITS — RETENTION OF CONSULTANT

It was reported that at the request of Essex County, New Jersey, Port Authority staff is working with the County, the City of Newark, the New Jersey Department of Environmental Protection, and the Public Service Electric & Gas Company (PSE&G) to develop a project for the construction of a 2,000 ton-per-day resource recovery facility in Newark. The facility would be in the Blanchard Street area of Newark, adjacent to a PSE&G plant which would purchase the power generated by the resource recovery facility.

The Board, at its meeting on October 13, 1981, directed the Executive Director to undertake all necessary planning for the resource recovery facility, including, among other things, arranging for the necessary environmental reviews and reaching agreements with regulatory agencies as to appropriate facility design and operating characteristics. It was reported that, from time to time, the Board would be presented with specific recommendations in connection with engineering evaluations, environmental analysis, title searches, appraisals and other actions needed.

The Board, at its meeting on September 10, 1981, authorized the Executive Director to enter into an agreement with Ruetter, Anderson, and Schoor Associates (RAS) to provide professional services in connection with an Environmental Impact Statement (EIS) and various permits in connection with the development of a resource recovery plant in Newark, New Jersey, at an estimated total

price of \$54,000. At that time, it was reported that RAS was the consultant to Combustion Equipment Associates (CEA), with whom the City of Newark anticipated an arrangement for resource recovery facility at the Blanchard Street site, but that CEA had filed for protection under bankruptcy laws. CEA and RAS, as consultant to CEA, had previously prepared an EIS and several applications for permits for construction of the plan. Port Authority staff felt that RAS could revise and update certain of these permits and portions of the EIS to reflect project modifications that had occurred since they were submitted by CEA because RAS possessed a significant amount of information and data required. Subsequent to Board authorization, Port Authority staff requested RAS to provide either a release from CEA for this information and data, or to indemnify the Port Authority against any claims from CEA for its use. As of this date, CEA has not released the information and data and RAS is unwilling to indemnify the Port Authority and thus, no contract has been executed. It was therefore the opinion of staff that preparation of the permit applications and the EIS now be undertaken by Port Authority staff with assistance from a consultant in the areas of document preparation, noise, air quality, vegetation and water quality analyses.

Requests for proposals in connection with the provision of this assistance were sought from 11 firms. Eight firms responded to this request: Dames and Moore; Fred C. Hart Associates; H₂M Corp.; KAIB Technologies, Inc.; Malcolm Pirnie/Cosulich; Princeton Aqua Sciences; Weston; and Woodward-Clyde Consultants. Staff evaluated the proposals received, taking into account technical qualifications as well as price. On the basis of the evaluations, the firm of Woodward-Clyde Consultants, whose proposal contained a price of \$75,000, was deemed best qualified.

Woodward-Clyde will be required to prepare in 1982 the EIS information, the New Jersey Pollution Discharge Elimination System Permit Application and the Water Quality Certificate Application at an estimated price of \$57,000. Further, upon submission of the above information, Woodward-Clyde will assist Port Authority staff at any meetings with various New Jersey agencies and at necessary public hearings and make any necessary revisions to said information as a result of the above hearings or meetings, at an estimated price of \$5,500. In addition the Port Authority may require Woodward-Clyde to perform extra work at an estimated price of \$12,500.

Woodward-Clyde Consultants has prepared environmental assessments related to resource recovery facilities and has obtained permits for clients from the New Jersey Department of Environmental Protection. Included among the projects that Woodward-Clyde has undertaken are the EIS for the proposed San Francisco Resource Recovery Facility; hydrological surveys of the Passaic River at the Essex County Generating Station, which is adjacent

to the resource recovery site in Newark; and an assessment of contaminated groundwater for Monsanto at a site in New Jersey.

It was therefore recommended that the Committee authorize the Executive Director to enter into an agreement with Woodward-Clyde Consultants to provide professional services for the preparation of an environmental impact statement and various environmental permits in connection with the development of a resource recovery facility in Newark, New Jersey, at an estimated total price of \$75,000.

The Committee has the power to act in this matter under the By-Laws, Article XI, section D, paragraph 8.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to enter into an agreement with Woodward-Clyde Consultants to provide professional services for the preparation of an environmental impact statement and various environmental permits in connection with the development of a resource recovery facility in Newark, New Jersey, at an estimated total price of \$75,000; and it is further

Resolved, That the form of said agreement be subject to the approval of General Counsel or his authorized representative.

The following bills were delivered to the Governor:

On July 9, Assembly No. 636.

On July 23, Assembly Nos. 706, 885, 974, 1112, 1113, 1400, 1401, 1513, 1514, 1516, 1657, 1686, 1698, 1755, 1756, 1758 and Assembly Joint Resolution No. 12.

On July 19, Assembly Nos. 589, 813, ACS 889, 1168, 1204, 1338, 1600, 1660, 1663, 1710, 1724, 1728 and 1761.

On motion made and adopted cosponsors were named to bills as follows:

Mr. Pelly, Assembly No. 290.

Messrs. Kosco, Schuber, Felice, Kern, Hardwick, Bishop, Ms. Muhler, Messrs. Palaia, Wolf, Markert, Hendrickson, Muziani, Meyer, Gill and Deverin, Assembly No. 1754.

On motion of Ms. Kalik, Assembly No. 501 was withdrawn from the files.

On motion of Mr. Rod, Assembly No. 1727 was withdrawn from the files.

On motion of Mr. Bennett, Assembly Concurrent Resolution No. 85 was withdrawn from the files.

On motion of Mr. Hendrickson his name was withdrawn as cosponsor of Assembly No. 1007.

Mr. Doyle moved that when the General Assembly adjourns it be to meet on Saturday, August 7 at 10 a.m. and that when it then adjourn it be to meet at a time to be announced.

Which motion was adopted.

Mr. Doyle moved that the General Assembly adjourn.

Which motion was adopted.

The Speaker declared the General Assembly adjourned.

SATURDAY, August 7, 1982.

September 16, 1982.

Honorable Alan J. Karcher, Speaker
General Assembly
State House
Trenton, New Jersey 08625

Dear Alan:

On September 7, 1982, I was elected by the voters of the Second Legislative District to fill the vacancy caused by the resignation of Judge Steven P. Perskie. I, therefore, herewith submit my resignation as a member of the General Assembly effective 12:00, noon, September 16, 1982.

I would like to thank you for the many courtesies which you have extended to me. I wish all my colleagues well in the performance of their legislative duties. Let me assure you that I leave the General Assembly with considerable sadness and regret.

Sincerely,

WILLIAM L. GORMLEY.

The following writ of election was read by the Clerk and adopted.

WHEREAS, A vacancy exists in the office of the member of the General Assembly for District 2 by reason of the election to the New Jersey Senate and acceptance of that office by William L. Gormley, who was duly elected to the General Assembly at the election in November, 1981; therefore,

Be It Resolved, That a writ of election and proclamation issue, under the hand of the Speaker of the General Assembly, attested by the Clerk of the General Assembly, directing that an election be held according to the laws of the State of New Jersey in Assembly District 2, on Tuesday, November 2, 1982, for the purpose of electing a member of the General Assembly for said district to fill the vacancy in the office of William L. ASSEMBLY BILL No. 8 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 8 (2nd OCR) without my approval.

This bill provides for the regulation and licensure of respiratory therapists by the State Medical Board with the advice of a newly created respiratory therapy advisory committee. For the most part, respiratory therapists are skilled health care technicians employed by hospitals. Working under the supervision of a doctor, they treat and care for cardiorespiratory problems in hospital patients.

I believe that all New Jersey's citizens are entitled to first rate medical care. At the same time, those of us in government must recognize areas of concern that may not be appropriate for governmental oversight. Respiratory therapists work under a doctor's supervision; they are generally staff technicians at a hospital. I recognize that there are isolated instances where a non-hospitalized patient employs a respiratory therapist. However, in these instances the therapist is acting under the supervising physician's instructions and the licensure of the therapist would not increase the protection of the patient's health and welfare. The Manual of Standards for Hospital Facilities, N.J.A.C. 8:43B-7.2(c)10ii, provides that a physician's respiratory therapy order only can be carried out by a licensed professional nurse and/or a respiratory therapist eligible for certification by the National Board of Respiratory Therapists (NBRT). Only graduates of AMA accredited respiratory therapist education programs are eligible for certification. An exception to this eligibility standard is made for individuals who hold the Certification for Respiratory Therapist Technician credential and also meet certain educational and experience requirements defined by the NBRT's Board of Trustees. Because a respiratory therapist must satisfy the above-stated standard, any regulation by the State is duplicative and would not advance or further protect the health and well being of our citizens.

Accordingly, I herewith return Assembly Bill No. 8 (2nd OCR) without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 656 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 656 (OCR) without my approval.

This bill would require the State before it sells or leases surplus property to notify the county and municipality wherein the property is located and property owners within 200 feet of the State property of its intent to sell or lease. The notice must be given 90 days before the State intends to act. The municipality and county are to have "first opportunity to buy or lease the property." The municipality has the first 45 days in which to respond. If it does not do so, the county has the next 15 days to do so. The bill also requires the State to publish notices of its intent to sell or lease in two newspapers of general circulation in the county at least 45 days prior to the date set to act on the sale or lease. The sale or lease is to be upon terms and conditions in the best interest of the State and by public auction to the highest bidder.

While I would like to facilitate the ability of county and municipal governments to purchase surplus State property, this bill does not offer a viable mechanism to do so. The bill does not clarify how the terms and conditions of the sale, including price, would be set. The approach taken in this bill could deprive the State of receiving the optimum price for its property through competitive auction.

Accordingly, I herewith return Assembly Bill No. 656 (OCR) without my approval.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 1710

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1710 without my approval.

Assembly Bill No. 1710 would impose a 180-day moratorium on the issuance of permits by the Department of Environmental Protection for the operation of any new hazardous waste facility. This bill defines "new hazardous waste facility" to be any facility for the disposal or destruction of hazardous waste except one which is a major hazardous waste facilities as defined in the "Hazardous Waste Facilities Siting Act", a facility which is owned or operated by a public utility or governmental entity, and some other specific

types of hazardous waste facilities. Also, the bill provides that exemptions may be granted to this moratorium for demonstrated hardship, at the discretion of the Department of Environmental Protection.

The problem of hazardous waste is a critical one for New Jersey. Our State is one of the leaders in the nation in the production of industrial chemicals and, for this reason, it is essential that new initiatives be encouraged to develop technology for the safe disposal of the hazardous waste by-products of this industry. We in New Jersey are all too familiar with the threat posed by the illegal discharge of hazardous substances and the costs involved in cleaning up sites where dangerous chemicals have been deposited in the past without regard to the environmental consequences of the disposal. It is imperative, therefore, that no unreasonable obstacles should be placed in the paths of those who are willing to make an investment in New Jersey regarding the development and establishment of essential hazardous waste disposal technologies and facilities.

However, the passage of Assembly Bill No. 1710 by the Legislature demonstrates the need for comprehensive siting criteria for hazardous waste facilities which are not governed as major facilities pursuant to the "Hazardous Waste Facilities Siting Act." It is important both for the residents of New Jersey who may face the prospect of a hazardous waste facility being located in proximity to their homes, and for those who plan to invest in the establishment of such facilities, that a mechanism be developed for the rational siting of non-major facilities. Homeowners must be assured that their economic and health interests are adequately protected, and potential investors must be confident that a complete administrative framework exists for expeditiously processing any application for siting such a facility. However, Assembly Bill No. 1710 is clearly an inappropriate vehicle for attaining the goal of establishing adequate siting criteria for non-major hazardous waste facilities.

In recognition of the need for such siting criteria, I am directing the Department of Environmental Protection, in cooperation with the Hazardous Waste Advisory Council, to establish siting criteria for non-major hazardous waste facilities. Although the Department currently applies established criteria for water quality, air quality and solid waste to any application for the operation of a non-major hazardous waste facility, a consolidated set of criteria like that being developed by the Hazardous Waste Facilities Siting Commission for major facilities is clearly needed. The Department will develop these criteria as rapidly as possible with public participation.

Although I recognize and am sympathetic with the concern of residents who live in proximity to a non-major facility which has already been sited and which may be put into limited operation, it is essential to the economy of New Jersey and to the environmental health of the State that the development of these facilities continue to be encouraged. However, in view of this concern, I am directing

that the Department apply draft criteria which have been developed by the Hazardous Waste Facilities Siting Commission for major hazardous waste facilities to the maximum extent possible to the evaluation of any application for the siting or operation of a non-major facility during the interim period before comprehensive criteria for these facilities are established. Furthermore, I am directing that the Department only allow the operation of these facilities, particularly for testing purposes, under the most stringent environmental controls and limited conditions. Representatives of the Department will be on hand during any testing of a facility to monitor the operation and to ensure that environmental safeguards are adequate.

Accordingly, I herewith return Assembly Bill No. 1710 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 364 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 364 (2nd OCR) with my objections and recommendations for amendment.

This bill requires the Department of Education to negotiate a contract for tuition with the appropriate federal agencies for children who reside on specified federal property and attend the local public schools.

The State of New Jersey recognizes its obligation to educate children residing on this specified federal property, accordingly, pursuant to our statutory formula contributes to the cost of educating *all* public school children in the State including those children residing on federal property.

The federal government has also recognized its obligation to educate children residing on federal property by compensating school districts for the cost of educating children whose parents reside on federal property that does not generate property taxes.

This bill allows the State Department of Education to negotiate with the appropriate federal agencies for tuition for these children when the federal contribution is less than the average cost per student. Yet, federal compensation never equalled average cost per pupil as represented in paragraphs 1 and 2 of the bill. Rather, the federal contribution equalled the average cost per pupil less any State aid received and less any aid provided under Pub. L. 81-874,

20 U. S. C. section 23 *et seq.* as set forth in paragraph 3 of the bill.

Therefore, I herewith return Assembly Bill No. 364 (2nd OCR) and recommend that it be amended as follows:

Page 1, Section 1, Line 8: After "district" add "less any State aid received and less the aid provided under Pub. L. 81-874, 20 U. S. C., section 236 *et seq.*"

ASSEMBLY BILL No. 589 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 589 (OCR) with my objections and recommendation for amendment.

Assembly Bill No. 589 (OCR) changes the annual expiration date of municipal licenses for dogs, kennels, pet shops, shelters and pounds from January 31 to June 30. While the object of the bill is desirable, its effect would be to deprive the Department of Health of valuable revenue for the five month extension period which would be granted to license holders under Section 4.

Accordingly, I recommend the following amendments:

Page 3, Section 4, line 6: After line 6, insert the following:

"Upon renewal of the annual licenses on June 30 of the calendar year next following issuance, the municipality may assess a fee, in addition to the annual fee, which reflects a pro-rated portion of the annual fee for the period January 31 to June 30 preceding renewal."

Page 3, Section 4, line 11: After line 11 insert the following:

"Upon renewal of the 3-year licenses on June 30 of the calendar year next following issuance, the municipality may assess a fee, in addition to the annual fee, which reflects a pro-rated portion of the 3-year fee for the period January 31 to June 30 preceding renewal."

ASSEMBLY BILL No. 1114 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1114 (OCR) with my objections and recommendations for amendment.

This bill eliminates the residency requirements for all township officers including the following: township physician, treasurer, assessor, clerk, collector of taxes, and poundkeepers. Since these officers fill positions requiring special expertise and do not serve in a representative capacity, eliminating the residency requirement is not improper.

The bill also requires the township committee to appoint and employ an assessor, tax collector, municipal clerk and construction official. Requiring the township committee to "employ" these officials may have the unintended effect of depriving a township of the option to provide for these services in other ways currently permitted by law. For example, the Uniform Construction Code permits municipalities to contract for a code official, establish a regional enforcement agency or have the Department of Community Affairs serve as the enforcing agency. I recommend that the bill be amended in order to allow townships the flexibility in providing these services which other municipalities now enjoy.

Therefore, I herewith return Assembly Bill No. 1114 (OCR) and recommend that it be amended as follows:

Page 1, Section 1, line 9: After "shall" delete "appoint and employ" and insert "provide for".

ASSEMBLY BILL No. 636 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 636 (2nd OCR) with my objections and recommendations for amendment.

This bill creates a three-person arbitration committee that will provide a forum for disputes that may arise between motor vehicle franchisors and franchisees concerning the establishment of new motor vehicle dealerships within a certain geographical area. The Committee, to be known as the "Motor Vehicle Franchise Committee," will consist of the Director of the Division of Motor

Vehicles, the Commissioner of Commerce and the Director of Consumer Affairs.

Under the bill, an existing motor vehicle franchisee who is located within 8 miles of a new franchise may object to the Motor Vehicle Franchise Committee. The Committee—either directly or through the Office of Administrative Law—must then resolve the dispute by conducting a hearing within sixty days after the filing of the protest. Although the measure requires the hearing to start within sixty days, it provides no period of time for the completion of the protest. While the hearings are underway, the proposed franchisee is prohibited from conducting any business. Once the hearing is completed, the Committee may award reasonable attorney's fees and costs to the prevailing party.

New Jersey has long been in the forefront of legislation concerning franchises. I believe that our Franchise Practices Act is one of the fairest and most reasonable legislative reactions to the franchising boom. Nevertheless, it is clear to me that the protections afforded by that Act can be eroded if a motor vehicle franchisor unfairly attempts to insert a new dealership in close proximity to another dealership, thereby evading the reach of our Franchise Practices Act. At the same time, however, I believe that this bill does not take into account the financial considerations and human commitment that must be made to establish a motor vehicle franchise. For example, this bill provides for the commencement of a hearing within sixty days but provides for no date by which the proceedings must be completed. Prolonged hearings will place undue economic pressure on the new dealer who must sit idly by and await the outcome of the hearing. Accordingly, I recommend that the bill be amended to require that the proceeding be completed within 120 days after the filing of the protest unless extended for good cause shown.

This bill does not require a franchisee to set forth reasons for objecting to establishment of a new franchise nor must he make a preliminary showing that he will prevail. It is only fundamentally fair for the franchisor and the proposed new franchisee to know why the business venture is being blocked. An objecting franchisee should be required to set forth reasons for the protest supported by affidavits. This requirement will serve to expedite the hearing process and narrow the issues to be decided by the Motor Vehicle Franchise Committee. In addition, the objecting franchise should be required to make a prima facie case that he will prevail on the merits in order for the protest to halt the franchisor's activity during the proceedings.

Accordingly, I recommend the following amendments for concurrence by the Legislature:

Page 3, Section 4, line 11: After "later." insert "A protest shall set forth all reasons for objecting to the granting, reopening, or reactivation of a franchise and shall be accompanied by a concise

MINUTES OF THE GENERAL ASSEMBLY

statement of the facts and supporting affidavits for all issues raised in the protest."

Page 3, Section 6, lines 4-5: After "C. 52:14-F-1 et seq.)" insert "." and delete "and shall begin not later than 60". Insert "The Committee shall make its final determination within 120".

Page 3, Section 6, line 6: After "extended" insert "by the Committee".

Page 4, Section 7, line 1: After "act," insert "the franchisee may move for a determination by the Committee that a prima facie case has been made that the final determination will be in favor of the franchisee. If such a finding is made,".

/s/ THOMAS H. KEAN,

Governor.

ASSEMBLY BILL No. 664 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 664 (2nd OCR) with my recommendations for reconsideration.

This bill, to be known as the "Food Bank Good Samaritan Act", provides immunity from liability to any donor or gatherer of prepared or perishable food who gives it to a non-profit organization. The immunity applies to any civil action or criminal prosecution for injury or death due to the condition of the food, unless the injury or death is the direct result of the gross negligence, recklessness, or knowing misconduct of the donor or gatherer. The immunity will apply as long as the food appeared to be fit for human consumption at the time it was donated to the non-profit organization. Immunity will also be given to a non-profit organization or its agent which in good faith receives and distributes the food, and to the owner of agricultural land who gives permission to someone to enter onto his land for the purpose of harvesting donated food for distribution. The purpose of this immunity is to encourage the distribution of food to the poor by non-profit organizations—the belief being that fear of culpability, should an accident occur, might discourage such charitable ventures.

In addition, the bill provides that all food banks must be licensed and regulated by the Department of Health. This is to ensure that the food distributed by these non-profit organizations is suitable for human consumption.

I agree wholeheartedly with the general purpose of this bill. There is a technical flaw in the bill, however, and parts of the bill that might be misunderstood. I believe that these mistakes and ambiguities should be corrected and clarified.

MONDAY, SEPTEMBER 20, 1982

507

First of all, this bill, as presently drafted, sets up two standards of immunity for donors of prepared or perishable food on the one hand and the non-profit organization itself on the other. If the bill be read literally, the non-profit organization and its agents are not immune from suit if this culpability has arisen because of non-cognitive misconduct, where as immunity would not attach to the others covered by the act only if the injury is a result of knowing misconduct, gross negligence or recklessness. These divergent standards appear to be inadvertent. To waive immunity in the case of simple misconduct would destroy much of the efficacy of the bill, and I have suggested deleting this language.

In addition, the bill might be read to require the licensure of local non-profit organizations distributing food directly to the needy. I do not believe this to be the intent of the bill. The Department of Health does not now license for profit retailers, only wholesalers. Retailers are subject to the oversight of local health departments instead. Similarly, it makes sense for the Department to license large non-profit food clearinghouses to ensure the public health and safety, but the monitoring of small local distributors is better left to localities. I have recommended amendments clarifying this dichotomy of responsibility.

Finally, some fear has been expressed that excessive licensure fees will discourage food banks. Thus, I have suggested language making it clear that such fees will remain minimal.

Accordingly, I herewith return Assembly Bill No. 664 (2nd OCR) and recommend that it be amended as follows:

Page 2, Section 2, After Line 23: Insert new section g. as follows:

“g. ‘Food bank’ means a nonprofit food clearinghouse that solicits, stores, and distributes donations of edible but unmarketable surplus food. The food is distributed to nonprofit organizations that feed the needy.”

Page 2, Section 3, Lines 9-10: Delete “nonprofit organization or its agent which or who in good faith receives and distributes” insert “food bank, nonprofit organization, or their agents which or who in good faith receive and distribute”

Page 2, Section 3, Line 15: After “misconduct” delete “or misconduct”

Page 2, Section 4, Line 4: After “.” insert “The fee for licensure shall be equal to the lowest fee charged to food, drug, or cosmetic establishments regulated by the Department pursuant to P. L. 1971, c. 158 (C. 24:15-13 *et seq.*).”

Respectfully,

THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 1025 (2nd OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1025 (2nd OCR) with my objections for reconsideration.

This bill would prohibit the destruction of animals through the use of decompression chambers, gas chambers, or any other similar devices. The bill would also prohibit the destruction of any animal except by a method of euthanasia used by the New Jersey veterinary medical profession. Any violator of these prohibitions would be subject to a fine of \$25 for the first offense and \$50 for each subsequent offense.

I have been informed by the State Department of Health that chloroform boxes and other techniques for the administration of inhalant anesthetics are essential tools which are used by the Department as well as by county and municipal animal shelters for the destruction of animals which are unmanageable or unhandleable because of rabies or some other reason. These devices are considered by experts to be humane and painless. The Department is concerned that, under the present wording of this bill, chloroform boxes would also be outlawed along with more objectionable and frequently abused devices, such as carbon monoxide gas chambers. The action taken in this conditional veto seeks to exclude from the prohibition of gas chambers the use of chloroform boxes and other techniques for the administration of inhalant anesthetics.

It is also clear that prohibiting the destruction of any animal except by a method of euthanasia used by the New Jersey veterinary medical profession does not provide sufficiently concise guidelines for application by law enforcement officials and by the courts. Therefore, this conditional veto also seeks to combine the prohibition of the use of gas chambers and decompression devices with a requirement that only those methods be used which are accepted by the veterinary medical profession as being reliable, appropriate to the types of animals upon which they are to be employed, and capable of producing loss of consciousness and death as rapidly and painlessly as possible for such animals. In addition, the conditional veto extends these prohibitions to kennels, pet shops, shelters and pounds as defined and licensed pursuant to the statutes relating to dogs and other domestic animals.

Finally, the conditional veto eliminates the first section of this bill, which is redundant and unnecessary in view of an extant reference in the statute amended by that section to the statute regarding cruelty to animals which is amended in the second section of the bill, and adds a section amending the definition of "humane disposal" for the purposes of the statutes concerning the veterinary

medical profession to exclude hypoxia induced by decompression and the use of certain gas chambers.

Accordingly, I recommend the following amendments for concurrence by the Legislature:

Pages 1-2, Section 1, Lines 1-50: Delete entirely, insert the following:

"1. Section 2 of P. L. 1979, c. 354 (C. 45:16-14) is amended to read as follows:

2. As used in this act:

"Unretrieved animal" means an animal placed for confined treatment or boarding by its owner or an agent thereof in the care and custody of a veterinarian or boarding kennel, which animal is not retrieved by the owner or agent thereof from the veterinarian within 72 hours of being notified in any manner that the confined treatment is completed or from the boarding kennel within 72 hours of the last day the animal was to be boarded.

"Humane disposal" means euthanasia by or under the direct supervision of a veterinarian or placement in a suitable home or animal shelter which shall not include any gas chamber or similar device except one which is used for the administration of an inhalent anesthetic".

ASSEMBLY BILL No. 1400 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Assembly Bill No. 1400 (OCR) with my objections for reconsideration.

Assembly Bill No. 1400 amends the law governing the dissolution of municipal port authorities. The bill authorizes a municipal governing body to dissolve its municipal port authority provided that: 1) the municipality discharges all outstanding debts of the authority other than outstanding bonds, and 2) either the authority has no outstanding bonds or the bondholders have consented to the dissolution. These amendments represent a significant departure from existing law. The current statute permits a municipal port authority to be dissolved only where either its members have not been appointed or they consent to the dissolution and the authority has no debts or obligations outstanding. This bill permits a municipal governing body to dissolve the authority without the authority's

consent and permits dissolution despite outstanding debts (subject to the provisions noted above).

Amendments in the bill also require that a copy of the ordinance for dissolution be transmitted to the Director of the Division of Local Government Services.

The bill raises a fundamental policy question of whether the governing body of a municipality should be able to unilaterally dissolve its municipal port authority. Since the municipality has the power to create a port authority, logically the municipality should also have the power to dissolve its port authority, even if the authority does not consent. The electorate and the governing body should not be saddled with an independent authority that was created by and for them, and yet may no longer reflect their policies and interests. However, due to their long term planning functions we also want to protect municipal port authorities from the vagaries of short term political pressures. For this reason, I believe that a two-thirds vote rather than a mere majority vote should be required to pass a resolution dissolving a municipal port authority.

Accordingly, I herewith return Assembly Bill No. 1400 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, line 4: After "ordinance" insert "adopted by the recorded affirmative votes of at least two-thirds of the full membership of the governing body"

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
November 15, 1982. }

ASSEMBLY JOINT RESOLUTION No. 60

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Joint Resolution No. 60 with my objection and recommendation for amendment.

This bill is designed to declare the week of October 17th through October 23, 1982 as "Business Women's Week" in the State of New

Jersey. This would allow the citizens of our State to join with the Federation of Business and Professional Women's Clubs in honoring the many fine contributions women have made to all aspects of community life within New Jersey.

I was placed in the unusual position of receiving the bill from the Legislature on October 25, 1982, two days after the designated week had passed. I support wholeheartedly the general purpose of this bill, but find no rationale for signing a piece of legislation which would be without force or effect. I would gladly support a bill which would designate this same week in 1983 as "Business Women's Week" in New Jersey.

Accordingly, I herewith return Assembly Joint Resolution No. 60 and recommend that it be amended as follows:

Page 1, Title, Line 2: Omit "October 23, through October 27, 1982" and insert "October 24 through October 28, 1983".

Page 1, Section 1, Line 1: Omit "October 23, through October 27, 1982" and insert "October 24 through October 28, 1983".

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

ASSEMBLY BILL No. 285

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 285 with my objections and recommendations for amendment.

This bill concerns the identification, ranking, clean up and removal of hazardous discharges. It requires the Department of Environmental Protection to prepare a master list of all known sites where discharges of hazardous substances have occurred or are in danger of occurring. It also requires the Department to reimburse the governing body of any municipality which cleans up a hazardous discharge site after submitting a plan and a cost estimate for the clean up to the Department.

Although I find no fault with the purpose of the bill, I would recommend that several technical changes be made to the bill in the interests of consistency with other laws concerning hazardous discharges and the need to give the Department adequate flexibility to make use of all appropriate funding sources to reimburse municipalities for their clean up efforts.

Therefore, I herewith return Assembly Bill No. 285 and recommend the following amendments for concurrence by the Legislature.

Page 1, Section 1, Lines 4-20: Delete entirely and insert "b. "Hazardous discharge" means a discharge of hazardous substances as defined in P. L. 1976, c. 141 (C. 58:10-23.11b) or a hazardous discharge as defined in P. L. 1981, c. 275."

Page 2, Section 2, Lines 8-20: Following the words "established by the", delete entirely and insert "department pursuant to P. L. 198 , c. (C.) (now pending before the Legislature as Assembly Bill No. 1255 of 1982), of the sites in the order in which the department intends to clean up the sites. The department shall review the master list at least once every six months and modify it as necessary."

Page 2, Section 4, Line 5: After "reimbursed" delete "by the department" and insert "from appropriate funding sources".

Page 3, Section 4, Lines 9-10: After "available", delete "pursuant to P. L. 1981, c. 406 or when" and insert "and,".

Page 3, Section 4, Lines 12-13: After "discharge", delete "whichever is sooner" and insert "."

Page 3, Section 5, Line 3: After "department a", insert "plan for the clean up and removal which shall include a".

Page 3, Section 5, Line 6: Delete entirely and insert "plan approve, modify or disapprove the plan."

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 834 (3rd OCR)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 834 with my objections and recommendations for amendment.

This bill requires persons arrested for shoplifting or convicted of a nonindictable offense where the identity of the person charged is in question to be fingerprinted and photographed. The bill was amended to provide that if a person is acquitted of shoplifting, that the record of any fingerprints or photographs taken pursuant to this act shall be destroyed.

Presently there is no requirement placed upon law enforcement agencies or the State Bureau of Identification to destroy fingerprint records of persons charged with disorderly persons or petty disorderly persons complaints. This amendment causes grave concern as to the liability placed upon the State Bureau of Identification and the Division of State Police. The State Bureau of Identification collects final dispositions from municipal courts through the court disposition reporting system. Past experience in collecting dispositions has indicated a general delinquency in reporting disorderly dispositions. During this period, the Bureau and the State Police would continue to disseminate the arrest information hence the concern regarding liability. The monitoring and destruction of the records after acquittal would also create a tremendous administrative problem for the Bureau and the State Police. If a person is acquitted of shoplifting, the records of the arrest and fingerprints may be expunged by the court. As such, there will be no record of the arrest or fingerprints if the person is acquitted and he makes application to the court for expungement.

Therefore, I herewith return Assembly Bill No. 834 and recommend that it be amended as follows:

Page 1, Section 1, Line 15E: Omit line.

Page 2, Section 1, Lines 15F and 15G: Omit the remainder of the paragraph.

Respectfully,

/s/ THOMAS H. KEAN,

ASSEMBLY BILL NO. 855

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution. I hereby return Assembly Bill No. 855 with my objections and recommendations for amendment.

Assembly Bill No. 855 provides that a newly constructed single family dwelling shall not be added to the assessment lists and be subject to taxation until a certificate of occupancy has been issued

and the structure is actually occupied and used. However, the omission from the assessment lists can not be for more than two consecutive assessment lists.

I support the purpose of this bill and am returning it for technical corrections.

This bill implements one of the recommendations in the Housing Emergency Action Team report, dated June, 1981, and is designed to reduce the cost to build and hence the cost of housing. Since little burden is placed upon municipal services by new unoccupied residential construction, no unfairness results to municipalities and the other taxpayers by a delay in placing this property on the tax rolls.

The bill is intended to keep the new unoccupied residential construction off the assessment lists for a period of two years. However, the language used "two consecutive assessment lists" would not necessarily achieve this result. Since "added" and "omitted" assessment lists as well as the regular assessment list may be issued in a calendar year, the tax benefit could last considerably less than two years. I recommend that the language in the bill be modified in order to assure that the benefit lasts for a two year period. I have also added language which clarifies that no property should be removed from the assessment lists, even though it would otherwise meet the requirements of this act.

Accordingly, I herewith return Assembly Bill No. 855 and recommend that it be amended as follows:

Page 1, Section 1, Line 9: After "however" delete "that no such building or structure"

Page 1, Section 1, Line 10: Delete entire line and insert "that such building or structure shall be omitted from taxation for a period not to exceed twenty-four months. At the termination of the twenty-four month period or following the granting of a certificate of occupancy or temporary certificate of occupancy and the occupation and use of the building for residential purposes, the building or structure shall be assessed and taxed as of the first day of the month following the date of such use for the proportionate part of said year then remaining.

Page 1, Section 1, Line 13: After "structure." insert "Nothing in this act shall be construed to omit from taxation any building or structure or portion of a building or structure subject to taxation prior to the effective date of this act."

Respectfully,

ASSEMBLY BILL No. 1457

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1457 with my recommendations for reconsideration.

The purpose of this bill is to amend the Public College Auxiliary Organization Act to include county colleges under its provisions. The Public College Auxiliary Organization Act provides the statutory authorization for the establishment and operation of auxiliary organizations such as food services, book stores, and athletic activities at our State colleges. This bill does nothing more but extend that auxiliary operation to the county colleges.

Our State colleges are subject to civil service, and as such, the Public College Auxiliary Organization Act requires that the auxiliary organization may appoint employees who must be within the unclassified service of civil service. The county colleges, on the other hand, are not subject nor have they ever been subject to civil service. To maintain this longstanding policy, but also to allow the county colleges to enjoy the statutory authorization for the establishment and operation of auxiliary organizations at the State colleges do, I herewith return Assembly Bill No. 1457 and recommend that it be amended as follows:

Page 1, section 1, After Line 8: Insert new section as follows:

"2. Section 13 of P. L. 1982, c. 16 (C. 18A:64-38) is amended to read as follows:

13. As may be necessary for its operation, an auxiliary organization may appoint, retain and employ officers, agents, employees and experts, who shall be within the unclassified service of the Civil Service; *except that, officers, agents, employees and experts of an auxiliary organization established by a county college shall not be subject to the provisions of Title 11 of the Revised Statutes."*

ASSEMBLY BILL No. 1064

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1064 without my signature.

This bill requires New Jersey public schools to conduct a one-minute moment of silence at the beginning of each school day to be used solely at the discretion of the individual student for quiet and private contemplation or introspection.

I am concerned that this bill violates the Establishment Clause of the First Amendment of the United States Constitution which provides:

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof.

The Fourteenth Amendment applies this proscription to the states.

On October 7, 1982, Federal District Judge Morton of the Middle District of Tennessee struck down a Tennessee statute which provided "a period of silence not to exceed one minute of duration . . . [to] be observed for meditation or prayer or personal beliefs." In using the three-prong test set forth by the United States Supreme Court in determining whether State action violates the Establish-

ment Clause, Judge Morton found "that a moment of silence in and of itself is nondiscriminatory and may serve a secular purpose in aid of the education function." Yet, in analyzing the constitutional question, the Federal Judge found that while meditation and reflection can be viewed as carrying meanings that do not touch upon religion, individual terms within a statute cannot be construed in an abstract sense or in a vacuum. He reviewed all the terms together (including prayer) and concluded that the legislative purpose was advancement of religious exercises. Judge Morton did not stop at this point and he went on to say at best the statute was ambiguous, and as such the court had to consider the underlying legislative history.

All courts faced with these types of statutes look to the legislative history in determining their constitutionality. Judge Morton looked with great diligence to the record of debate upon the statute in the Tennessee Houses. He found that the overwhelming intent among the legislators supporting the bill, including the sponsor, was to establish prayer as a daily fixture in the public schoolrooms of Tennessee. Even if that was said to be passed off as political rhetoric, Judge Morton found it was rhetoric clearly inconsistent with standards set in place by the Constitution, and therefore, reflected upon an inappropriate secular purpose.

Public statements of New Jersey Legislators likewise reveal a constitutionally impermissible motive. Legislative discussion in the Senate revealed that the bill's adoption would mean "bringing prayer back into the schools through the front door." One proponent of the bill said that restoration of prayer in the schools would result in fewer problems in classrooms and that the bill would not harm any school-age child, but rather, it would restore the child's faith in his creator.

Putting the constitutional issue aside, the necessity for this type of State-imposed mandate must be addressed. The bill in essence is a mandatory/voluntary minute of silence. New Jersey public school teachers do not need a legislative mandate of one minute of silence in order to maintain order in their classrooms. Rather, teachers already have the discretion to silence their classes for one minute, five minutes or twenty minutes as they in their wisdom choose. I prefer to leave it to the discretion of individual teachers to decide *if* their students need quiet time for contemplation and introspection and *when* their students may participate in such sessions.

The voluntary aspect of the State-imposed mandate also bothers me for I am not sure what children who voluntarily choose *not* to participate in this moment of silence are able to do. Are the children permitted to make noise or leave the room? Guidelines are not set up in the bill.

I respect the sponsor's zeal and conviction in obtaining passage of A-1064, but I nonetheless must return it without my approval. It is unlikely that the bill could pass constitutional muster, and

teachers currently have the authority to call for moments of silence for introspection if such a period is deemed necessary.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

THE PORT AUTHORITY OF N. Y. AND N. J.

December 10, 1982

Hon. John J. Miller, Jr.
Clerk of the General Assembly
State of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

In accordance with the provisions of Chapter 110 of the Laws of New Jersey, 1978, which provided for Port Authority participation in industrial development, I have the honor to transmit herewith a copy of the action taken by the Port Authority on December 9, 1982 in connection with the purposes of such Chapter.

Sincerely,

DORIS E. LANDRE

Secretary

cc: Hon. Thomas H. Kean
Governor
State of New Jersey

Industrial Development Program—Agreements with the New York City Public Development Corporation to construct Site Improvements at the Bathgate Industrial Park.

It was reported that the Board, at its meeting on November 12, 1981, authorized the Executive Director to enter into an agreement with the New York City Public Development Corporation ("PDC") under which the Port Authority, utilizing an existing Federal Economic Development Administration grant (the "EDA grant") administered by PDC, would prepare, advertise, award and administer a site improvement contract utilizing the technique of dynamic compaction for Block 2915 at the Bathgate Industrial Park, and would be reimbursed by PDC, up to a stated maximum, for construction costs and a designated portion of engineering costs incurred in connection with the contract. The agreement was executed on February 11, 1982 and the work was completed in April 1982. Subsequently, the committee, at its meeting on June 10, 1982, authorized the Executive Director to enter into an agreement with PDC under which the Port Authority would dynamically compact Blocks 2914 and 2921 and would be reimbursed by PDC from the EDA grant, up to a stated maximum, for construction costs and a designated portion of engineering costs. The latter agreement was executed on August 9, 1982, the contract for the work was awarded on November 4, 1982 and work is presently underway. EDA grant funds of up to \$600,000 are available for reimbursement by PDC of Port Authority costs incurred under these two agreements.

Under the authorization sought herein, staff would shortly recommend to the Executive Director the execution of an agreement with PDC, similar to the two agreements mentioned above, under which the Port Authority would prepare, advertise, award and administer construction contracts providing for high-mast lighting and landscaping for Blocks 2914, 2915 and 2921. Staff also anticipates that additional site improvements may be made on these and other blocks at the Bathgate Industrial Park. Such additional site work might include the installation of fencing, sidewalks and curbs for Blocks 2914, 2915 and 2921, as well as dynamic compaction, high-mast lighting, landscaping, fencing, sidewalks and curbs for the remaining four park blocks the Port Authority may choose to develop pursuant to the agreement for the development of the Bathgate Industrial Park dated February 22, 1982.

In implementing the performance of the additional site work for which authorization is sought herein, the same approach would be taken as was previously taken with respect to the two agreements with PDC involving dynamic compaction of blocks 2914, 2915 and 2921 described above, that is, the Port Authority would arrange for performance of the work and would be reimbursed either partially or fully by PDC under the EDA grant.

It was therefore recommended that the Committee authorize the Executive Director to enter into a series of agreements with PDC under which the Port Authority would prepare, advertise, award and administer Federally-funded site improvements at the Bathgate Industrial Park, such agreements to provide for partial or full

reimbursement to the Port Authority for construction and engineering costs incurred in connection with these contracts.

The Committee has the power to act in this matter under the By-Laws, Article XI, section C, paragraph 4.

Whereupon, the following resolution was unanimously adopted:

RESOLVED, that the Executive Director be and he hereby is authorized to enter into a series of agreements with PDC under which the Port Authority will prepare, advertise, award and administer Federally-funded site improvement contracts at the Bathgate Industrial Park, such agreements to provide for partial or full reimbursement to the Port Authority for construction and engineering costs incurred in connection with these contracts.

2. That the Clerk of the General Assembly forward 40 copies of said Assembly Concurrent Resolution No. 175 to the Senate with the request that the same be placed upon the desks of each Senator in open meeting forthwith.

The Clerk then caused to be placed on the desk of each member a copy of Assembly Concurrent Resolution No. 175 and the placing thereof was noted in the minutes accordingly.

Mr. Janiszewski offered the following resolution, which was read by the Clerk and adopted:

Resolved, That pursuant to Rule 17:3 a public hearing is ordered to be held on Assembly Concurrent Resolution No. 175 proposing an amendment to the Constitution, before the Assembly Revenue, Finance and Appropriations Committee; and that the public hearing be held at a time and place to be announced and that said committee make a written report thereof to the General Assembly.

The following message was received from the Senate:

Mr. Speaker: I am directed by the Senate to inform the General Assembly that a printed copy of Assembly Concurrent Resolution No. 175 entitled "A Concurrent Resolution proposing to amend

Article VIII, Section I, of the Constitution of the State of New Jersey by adding a new paragraph 8 thereto," has this day been placed upon the desk of each member of the Senate while the same was in open meeting.

Notice of and the calendar for this session of the General Assembly having been sent to the members of the General Assembly, the Secretary of State and the State House Press and posted in accordance with the open public meetings law, I declare the General Assembly to be in session.

The Clerk began to read the minutes of the previous meeting. Mr. Doyle moved that the reading of the minutes be dispensed with, which motion was adopted.

The Clerk then read and the General Assembly passed resolutions of welcome, condolences, commendation and recognition.

A motion was made by Mr. Doyle, seconded by Mr. Jackman, that pursuant to Rule No. 13:4g, the General Assembly go into a committee of the whole, to discuss the following four items as recommended by Governor Kean:

Which motion was adopted.

1. The State needs additional revenues in order to avoid severe cuts in the State's FY '83 budget which are scheduled to go into effect on January 1, 1983. I urge the Legislature to address this problem by working with me to pass reasonable legislation which will raise revenues without costing the State jobs or otherwise harm its economy. At that time I will return Assembly No. 1983 with my veto message.

2. The local spending limitations ("cap") law expires automatically the end of this year. The Assembly has passed and delivered to me legislation which would amend the current "cap" law and make that law permanent. However, this legislation had passed the Senate earlier this year, before the two "cap" Commissions

issued their recommendations. Since these bills arrived on my desk, the Senate has passed legislation extending the law for one month and legislation implementing many of the recommendations of the Commissions. That legislation is now pending in the Assembly. In this way, the Senate has indicated its dissatisfaction with the bills awaiting my signature. In order to assure a consensus in the Legislature on this important issue, I will be returning the bills with veto and conditional veto messages as appropriate to the Legislature for reconsideration of this issue before the end of this calendar year.

3. Under federal law, the State has until the end of this calendar year to adjust its method of collecting gross receipts and franchise taxes in order to prevent a reallocation in federal revenue sharing funds. The Legislature has failed to address this issue and hundreds of municipalities in the State will be irrevocably and adversely affected if no action is taken by December 31. I have had introduced legislation which would accomplish this and urge its passage or a compromise in time to meet the federal deadline.

4. The moratorium on revaluations in Newark expires the end of this year. The Legislature has presented me with a bill which would extend the moratorium until tax year 1985. An extension until 1985 is an unacceptably long period of time. I will return the bill with recommendations on Monday in order to enable the Legislature to address this issue before the end of the year.

Speaker Karcher appointed Mr. Jackman and Ms. Muhler to meet with and wait upon the Governor with reference to the foregoing items.

The Committee of the Whole recessed for 15 minutes.

The Committee of the Whole reconvened at 12:10 p.m.

Speaker Karcher appointed Mr. Herman to act as Chairman of the Committee of the Whole.

A discussion was held by Mr. Doyle and Mr. D. Gallo on revenue raising bills.

A motion was made by Mr. Hardwick to rescind the motion for the General Assembly to meet as a Committee of the Whole.

Which motion was lost by the following vote:

In the affirmative were—

Albohn, Bennett, Bishop, L. Brown, Chinnici, Cooper, Felice, Franks, D. Gallo, Gill, Haines, Hardwick, Haytaian, Hendrickson, Kavanaugh, Kelly, Kern, Kosco, Littell, Markert, Meyer, Miller, Muhler, Ogden, Palaia, Rocco, Schuber, Shusted, Smith, Wolf, Wright, Zimmer—32.

In the negative were—

Bocchini, Bryant, Costa, Cowan, Deverin, Doria, Doyle, T. Gallo, Garvin, Girgenti, Herman, Hollenbeck, Jackman, Janiszewski, Kalik, Karcher (Speaker), Lesniak, Marsella, Matthews, Mazur, McEnroe, Naples, Pankok, Paterniti,

Patero, Pellecchia, Pelly, Schwartz, Thompson, Van-
Wagner, Visotcky, Watson, Zangari—33.

A motion was made by Mr. Jackman to recess the Committee of the Whole.

Chairman Herman ruled the previous motion out of order.

Mr. Jackman withdrew his motion.

A motion was made by Mr. Doyle, seconded by Mr. D. Gallo, that the Committee of the Whole rise and report that all four points on the Governor's agenda have been addressed by that body and that there are no other solutions forthcoming on item no. 1 and that they had not reached points 2, 3 and 4.

Which motion was adopted by voice vote.

The Clerk read the following messages from the Governor:

ASSEMBLY BILL No. 1983

To the General Assembly:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1983 without my signature.

I return this bill without my signature because it not only fails to address or solve the State's fiscal difficulties, but misleads the public as well. Using the State's income tax as a stopgap measure is exceptionally poor public policy. Nowhere is there a commitment to reduce spending or to bring existing revenues and formulas into line with the State's income. This approach guarantees future fiscal crises and more pressure for stopgap taxes.

This legislation does not contain a single incentive to create jobs. Indeed, it does the opposite. It would drive private sector investment and the jobs such investment generates to our neighboring states, severely hampering all our efforts to pull ourselves out of this recession.

I fully recognize the political attractiveness of this legislation. If political considerations were paramount, it would be an easy bill to sign. However, the people of New Jersey demand more of their leaders. I cannot believe that even those who support this tax on political grounds do not recognize that its enactment in this time of high unemployment and deepening recession would be irresponsible.

I have never opposed—and I do not now oppose—taxation based on the ability to pay, including taxes on incomes over \$50,000. However, the legislation sent to my desk amounts to piecemeal tinkering, not equitable graduation of the tax rates. In addition, when coupled as this bill is to new legislative spending of \$78 million, the \$120 million raised for the last six months of this fiscal year would not

MINUTES OF THE GENERAL ASSEMBLY

even address this year's budget gap. In other words, if I sign this bill, the State would still have to close a gap of at least \$70 million between now and next July.

Reputable economists in this State, including our own independent nonpartisan State Economic Policy Council, have concluded that this legislation, if enacted, would cost the State thousands of jobs. Any economist knows that in time of recession, you do not reduce incentives for further economic growth by imposing what is essentially a higher tax on productivity, prosperity and economic development.

This bill would make New Jersey's income tax among the highest in the nation. New Jersey's tax is applied to gross income while other high-tax-rate states base their tax on net income after permitting multiple deductions.

The Economic Policy Council conducted a study of the impact of various personal income tax rates on economic growth in other states. The conclusions of that study indicated that increasing the gross income tax will have a negative effect on New Jersey's growth rate, both immediate and long-term. The council concluded that the negative effects of a higher income tax clearly outweighed any positive impact of additional expenditures, so that on balance, increased income tax rates reduced personal income growth across the board.

It is well known that a state's income tax level is a major consideration when decisions are reached by businesses—large and small—on location or expansion of new headquarters, plants and manufacturing facilities. For every decision made by a company not to move to or expand its operations in New Jersey due to an increased income tax, more jobs will be lost for our citizens.

Accordingly, I herewith return Assembly Bill No. 1983 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 1088

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 1088 without my signature.

This bill would allow municipalities to receive cash grants from State matching fund programs without being required to put up cash for their own matching portion; under this legislation that

matching portion could be met by so-called "in-kind" contributions instead.

I return this bill without my signature because I feel that it would not be fiscally prudent at this time. There are several problems with this legislation relating to proper financial management. We all know that when a municipality is required to contribute actual cash as its matching portion, it will be especially careful and diligent in managing its funds to discourage waste, improper use of funds, and careless management of its programs. While permitting an in-kind match such as the use of facilities and equipment has a certain amount of equitable appeal to it, there is a danger here that municipalities will not be as careful in their programs as they would when being required to contribute actual cash dollars. Furthermore, the provision of a cash match provides more resources for the affected programs, thereby increasing the purchasing power of State funds, and stretching their usefulness. If by permitting in-kind matches of this kind we reduce the effectiveness of State funds, we could face increasing demands for a higher State cash funding level for these programs in the future.

It must also be noted that in-kind contributions do not generate more dollars for police protection or neighborhood improvements, and accordingly this legislation would eventually leave the affected programs with fewer police officers or investment in capital equipment. The Department of Community Affairs has estimated that the impact on the Safe and Clean Neighborhoods Program of permitting this in-kind match approach would be approximately a 50% reduction in the number of police officers funded through the program and a substantial decrease in the number of public works personnel, equipment items, and projects.

There is also a philosophical problem with this legislation, in that it goes contrary to the implicit agreement inherent in many of the State's matching fund programs. Generally, a local community's dollar-for-dollar match indicates a local effort and support directly equal to the State's contributions, where the responsibility is shared between the State and local government. To now provide for an in-kind match in lieu of matching dollar funds would be inconsistent with the cooperative spirit originally intended for the matching funds programs.

Accordingly, I herewith return Assembly Bill No. 1088 without my signature.

Respectfully,
/s/ THOMAS H. KEAN,
Governor.

ASSEMBLY BILL No. 469 (2ND OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Assembly Bill No. 469 with my objections and recommendations for amendment.

The purpose of this bill is to make it a crime for a person to smuggle any weapon, tool, instrument, document or other thing which may be useful for escape into a mental health facility or detention facility. If a weapon is smuggled into the facility, the crime is defined as a crime of the third degree punishable by a minimum term of imprisonment of three years, and if the crime is that of involving anything but a weapon, then the crime is of the fourth degree.

Presently, under N. J. S. 2C:29-6, a person who introduces any weapon into an institution or detention facility or any inmate who procures a weapon commits a crime of the second degree. The introduction or procurement of an implement for escape, other than a weapon is a crime of the third degree.

If enacted as written, this bill will reduce the severity of this offense. Smuggling a weapon into a prison to facilitate an attempted escape is a serious offense. I cannot, and I will not, sign legislation which will reduce the severity of this offense. The smuggling of a weapon into an institution is a direct threat to the safety of the correction officers and other inmates. If weapons are smuggled into institutions many lives could be placed in danger during an attempted escape or if hostages are taken.

Therefore, I herewith return Assembly Bill No. 469 and recommend that it be amended as follows:

Page 1, Section 1, Line 8: Omit "third" insert "second".

Page 1, Section 1, Line 9D: Omit "fourth" insert "third".

Page 1, Section 1, Line 10: After "inmate" insert "of an institution or facility defined by paragraph (1) of subsection (a) of this section".

Page 1, Section 1, Line 15: Omit "third" insert "second".

Page 2, Section 1, Line 15D: Omit "fourth" insert "third".

Respectfully,

/s/ THOMAS H. KEAN,
