Pursuant to Senate Rule 141 adopted June, 1980, the following bills were delivered to the Governor on December 26, 1980:

Senate Nos. 27, 1018, 1076, 1250 and 1560.

The President made the following appointment to the Revenue, Finance and Appropriations Committee:

Mr. Galdieri.

The following veto messages were received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 13, 1981.

SENATE BILL No. 27 (2nd OCR)

To the Senate:

In accordance with Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 27 (2nd OCR) with my recommendations for amendment.
This bill would remove the present statutory age limit that prohibits a member of the Public Employees' Retirement System (PERS) from borrowing against his accumulated deductions after age 60. Under this bill, a member of PERS could borrow against his accumulated deductions at any time prior to his retirement, no matter what his age. If he retires before his loan (plus 4% interest per annum) is repaid, his monthly "gross retirement benefits" would be retained by the Division of Pensions until there has been full repayment. If a retiree dies before his loan is repaid, the remaining balance will be repaid from other benefits payable to the beneficiaries, such as lump sum life insurance provided under the pension program.

I support the intent of this legislation. The financial burdens on our senior citizens are severe. A measure such as this which would permit PERS members between the ages of 60 and 65 to borrow at any time up to retirement should help ease their situation.

Unfortunately, the bill as passed has what I would characterize as a "technical" problem. By directing the Division of Pensions to retain the gross retirement benefit payments of a retiree with an outstanding loan, the bill would cause the involuntary termination of health benefits under the State Health Benefits Program in many cases. The premiums for this insurance program are now deducted from the retirement benefit payments as are anticipated tax payments.

Accordingly, I am returning Senate Bill No. 27 (2nd OCR) and recommend the following amendment:

Page 2, Section 2, Line 3: Delete "gross" and after "payments" insert ", excluding authorized deductions".

Page 2, Section 2, Line 4: Delete "gross".

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1560 (OCR) without my approval.

This bill is substantially the same as Senate Bill No. 1203 which I vetoed on September 22, 1980. Every regulation proposed by a State agency would have to be submitted, during a regular or special session of the Legislature, to the Speaker and Senate President who in turn would refer it to appropriate standing reference committee. Within 45 days of referral the committees could recommend to the full house the extension of the proposed regulation's effective date by 60 days. The Senate and Assembly could then, within 60 days of the initial submission, adopt a concurrent resolution either disapproving the regulation or suspending it for 60 days. If no concurrent resolution were adopted within 60 days of submission, the regulation would take effect.

Prior legislative approval would not be required for regulations adopted to meet emergency situations or federal requirements. Emergency rules would have to be signed by the Governor, however, and would be effective for only 60 days unless the Legislature, by concurrent resolution, extended the period for an additional 60 days. No emergency rule could last for more than 120 days.

The bill would also establish a Joint Legislative Oversight Committee to be organized by joint rule which would have the authority to review existing administrative regulations and recommend to the Speaker and Senate President, by majority vote, their suspension for 60 days. The legislative leaders could then refer the recommendation to committee or the full membership of their respective houses. If both houses ultimately adopted a concurrent resolution, the regulation would be suspended for 60 days.

This bill differs from S-1203 in two respects: (1) the Governor under S-1203 would have similar powers of suspension, and (2) the composition of the Joint Legislative Oversight Committee was specified.
This bill, like Senate Bill No. 1203, is an unconstitutional encroachment by the Legislative Branch upon the Executive. I note that the Ninth Circuit of the U. S. Court of Appeals in a sweeping opinion recently struck down similar Congressional veto provisions and that the President has instructed executive departments to ignore such vetoes.

Chief Justice Weintraub, addressing this question in Brown v. Heymann 62 N. J. 1 (1972), wrote that there is no indication that our State Constitution was intended to depart from the basic concept of distribution of powers of government embodied in the Federal Constitution and that the separation of powers doctrine was designed to provide security against "aggregated power."

This bill represents such an attempt to aggregate power. To put it simply, it is my opinion that all legislative actions other than internal organization of the Legislature, expressions of sentiment, constitutional proposals (N. J. Const. Art. IX), or legislative response to executive reorganization plans (N. J. S. A. 52:14C-1 et seq.) are subject to gubernatorial veto. I am confident the courts will so find.

Accordingly, I am returning Senate Bill No. 1560 (OCR) without my signature.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

 SENATE BILL NO. 1430

To the Senate:

Pursuant to Article V, Section 1, Paragraph 15 of the Constitution, I am appending to Senate Bill No. 1430 at the time of signing it, this statement of the items, or parts thereof, to which I object so that each item, or part thereof, so objected to shall not take effect or shall be modified.
1. Page 2, Section 1, line 20: Omit "$600,000.00" and insert "$500,000.00".

2. Page 2, Section 1, lines 40 to 41: Omit in its entirety.

The bill addresses two budgetary items. It addresses an outstanding deficit in the 1979-1980 Tuition Aid Grant Program by transferring $1.565 million from the Higher Education Assistance Fund. It also provides supplemental funding of $3.4 million to the TAG program in the current year. Included in the $3.4 million is a transfer of no more than $1.4 million from revenues derived from tuition increases at public colleges, a transfer of $100,000 from aid to independent colleges, a transfer of $600,000 primarily from programs centered in the Chancellor's Office. The bill also appropriates $1.3 million from the General Treasury.

I am aware of the budgetary difficulties facing the TAG program. Tuition has risen at public institutions, and, the Chancellor recently reported, the pool of TAG recipients this year is about 10% larger than expected when funds were budgeted for the program. Nonetheless, I cannot approve of the $1.3 million appropriation in view of the current revenue projections. In the original version of the bill, this amount would have been drawn from the income from public tuition increases. That was a preferable approach. Without a new source of revenue, I cannot accept added expenditures from the State Treasury.

A transfer of $600,000 appropriated for programs based in the Chancellor's Office would affect such worthy programs as implementation of the Newman Commission report on teacher education, affirmative action programs for faculty, and pre-dental and pre-medical programs for minority students. Accordingly, I have reduced this amount by $100,000.

I am not completely satisfied that the impact of reduced funding of the TAG program will be borne by the students best able to do so, insulating students of the least fortunate economic circumstances. However, a conditional veto of this legislation, with recommendations for transferring income from other sources, would incur delays in planning and disbursements of grants that can no longer be suffered. I note also that the statutory scheme governing the TAG program—which allows for legislative review and "veto" of award tables and plans for spreading shortfalls in fund-
ing—restricts the flexibility of the Executive and the Government from dealing fairly and timely with the funding problem now facing the TAG program.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Senate No. 27 was given first reading for the purpose of reenactment according to the recommendations of the Governor.

Senate No. 27, as amended, pursuant to the Governor’s recommendation, was taken up, read a second time, and ordered to a third reading.

Senate No. 1299, as amended, pursuant to the Governor’s recommendation, was taken up, read a second time, and ordered to a third reading.

The Labor, Industry and Professions Committee reported the following bill favorably without amendment:

Dear Senator Merlino:

This bill passed the Senate on October 6, 1980 and the Assembly on December 8, 1980. It would unify the Civil Service classification of Court Attendant and Sheriff's Officer.

The recommendations from the various interested State and county agencies are sharply divided because the bill has ramifications involving the cost of training, pension and providing adequate courtroom security. We have been trying to ascertain all the relevant facts and arrive at a consensus before making a final determination. Because doing so may take some time, and because of the importance of this bill, I am hereby requesting that it not be delivered today but that instead it be held by you for 120 days. Of course, should we be ready to make a decision earlier, I will advise you and call for the bill.

Thank you for your anticipated cooperation.

Sincerely,

BRENDAN T. BYRNE
Governor.

The above letter was received and filed.

The following message was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 28, 1981.

SENATE BILL NO. 1512

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1512 with my objections for reconsideration.

This bill would provide permanent civil service status, without open competitive examination, to certain former employees of the Union County Park Commission, a separate governmental entity that was absorbed by the County in July, 1978. The bill would also provide favorable status to employees of the county, appointed to departments superseding the park commission before April 30, 1979, the date upon which the transfer was finally implemented. Police officers of the park commission, or of the county without regard to the park commission transfer, would be granted permanent status, so long as they were appointed before enactment of this bill.

In order to protect the integrity of the Civil Service system, I believe that all employees that would be favorably
treated under this bill should pass a qualifying examination demonstrating that they are minimally qualified to hold permanent civil service status. Also, I propose one technical amendment to clarify that the bill is intended to affect employees of departments that superseded the park commission.

Accordingly, I herewith return Senate Bill No. 1512 for reconsideration and recommend that it be amended as follows:

On page 1, section 1, line 6: Delete "government" and insert "superseding department";

On page 1, section 1, line 9: Delete "without" and insert "after passing a qualifying";

The President announced the receipt of a reorganization plan regarding the Office of Hazard Management.

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
TRENTON
08625

January 22, 1981

To the Senate:

I herewith transmit a reorganization plan (No. 1 of 1981) elevating the Office of Hazard Management in the Department of Environmental Protection to the Division of Hazard Management pursuant to the Executive Reorganization Act of 1969 (P. L. 1969, c. 203).

Respectfully,

BRENDAN BYRNE,
Governor.

REORGANIZATION PLAN OF THE
DIVISION OF HAZARD MANAGEMENT

The Office of Hazardous Substances Control in the Department of Environmental Protection is hereby reorganized as the Division of Hazard Management in the Department of Environmental Protection.

The Division shall assume all the functions, powers and duties of the Office and be responsible for carrying out the spill response and prevention provisions of the Spill Compensation and Control Act (P. L. 1976, c. 141 as amended by P. L. 1979, c. 346). This elevation in status will properly reflect the expanded scope of responsibility under the most recent amendments to the Act, particularly the task of the Department to identify and clean up abandoned chemical dump sites as well as to take mitigative steps when there is an imminent danger of a discharge of hazardous substances.
The Division will be supervised by a Director who will perform such duties as may be prescribed by the Commissioner.

In accordance with the provisions of the Executive Reorganization Act (P. L. 1969, c. 203). I find and declare that this reorganization is necessary:

(1) To promote the better execution of the laws, the more effective management of the Executive Branch and of its agencies and functions, and the expeditious administration of the public business;

(2) To increase the efficiency of the operations of the Executive to the fullest extent practicable; and

(3) To group, coordinate, and consolidate agencies and functions of the Executive, as nearly as may be, according to major purposes.

All transfers directed by this reorganization plan shall be effective pursuant to the “State Agency Transfer Act” (P. L. 1971, c. 375).

All acts and parts of acts inconsistent with any provisions of this reorganization plan are superseded to the extent of such inconsistencies.

Any provisions of this plan which conflict with Federal law are null and void.

BRENDAN BYRNE, Governor.

Date: January 21, 1981.

The following message was received from the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 9, 1981.

SENATE BILL NO. 1429 (2nd OCR)

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1429 (2nd OCR) with my objections.
This bill clarifies the powers of county governing bodies organized under the Optional County Charter Law over county entities. It does so in two major ways. First, it provides that county officers, boards, commissions and authorities may be reorganized, altered or abolished by the county. Secondly, it permits the county administrative code to set forth accounting controls, central purchasing practices, personnel procedures and regulations, and central data processing services to govern the county board of taxation, county board of elections, county jury commissioners, county prosecutor, county clerk, surrogate and sheriff.

The county prosecutors object to being included in the amendment concerning the county administrative code. Such a provision could be construed as giving county officials some authority over the internal procedures of the Prosecutor's office. As a former prosecutor, I understand this concern. I am interested in preserving the integrity of the prosecutors' offices and maintaining the highest standards of law enforcement. In light of these concerns, I recommend that the portion of the bill dealing with the county administrative code be amended to delete reference to the county prosecutor.

Accordingly, I am returning Senate Bill No. 1429 (2nd OCR) with my recommendations for reconsideration and recommend that it be amended as follows:

Page 2, Section 3, Line 17: Delete "county prosecutor,"

Page 2, Section 3, Lines 23 to 23D: Delete "; provided, however, that nothing herein shall be construed to require the county prosecutor to provide any report with respect to a confidential fund subject to audit by the Attorney General pursuant to the provisions of Section 15 of P. L. 1970, c. 74 (C. 52:17B-111)."

Page 3, Section 3, Line 25: Delete "County prosecutor,"
Page 3, Section 3, Line 32: Delete "county prosecutor,"

Respectfully,

/s/ BRENDA N BYRNE,
Governor.

Attest:

/s/ TIMOTHY L. CARDEN,
Cabinet Secretary.

The following message was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 19, 1981.

SENATE BILL NO. 3044

TO THE SENATE:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I am returning Senate Bill No. 3044 without my approval.

This bill is designed to permit urban aid funds received by a municipality pursuant to P. L. 1978, c. 14 (C. 52:27D-178 et seq.) to be treated as an exception to the spending limitations set forth in P. L. 1976, c. 68 (C. 40A:4-45.1 et seq.) without altering the amount upon which the 5% annual increase in the spending limitations is calculated. This legislation was prompted by the municipal budget problems that have arisen due to the Attorney General's Formal Opinion No. 21—1980 holding that past treatment of urban aid funds under P. L. 1976, c. 68 (C. 40A:4-45.1 et seq.) is improper. However, since that problem will be resolved once Assembly Bill No. 3034 is passed with my recommendations and enacted, the need for this legislation disappears.

Accordingly, I herewith return Senate Bill No. 3044 without my approval.

Respectfully,

[s]eal/ s/ BRENDAN BYRNE, Governor.

Attest: /s/ HAROLD L. HODES, Chief of Staff, Secretary.

Senate Bill No. 3041

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3041 with my objections.

This is the latest in a series of "casino ethics" bills which would impose restrictions on the employment of present or former State officials by casinos. Last summer I permitted P. L. 1980, c. 79, to become law without my signature because needed reforms of the Casino Control Commission were conditioned on its enactment. It amended the State Conflicts of Interest Law, N. J. S. A. 52:13D-1 et seq., to prohibit all State officers required to file financial disclosure statements, all Special State officers, and their business associates, from holding an interest in,
representing or being employed by casino licensees or applicants or their holding companies, both during their terms of office and for two years after. One hundred eighty Special State officers, volunteer members of the State’s various boards and commissions, resigned rather than subject themselves and their firms to its strictures. Enforcement of the law was enjoined by the Superior Court in December 1980 on the grounds that the restrictions on State officials with no responsibility for casino matters had no rational basis and were, therefore, unconstitutional. The period for appeal of that decision has been extended pending my action on this bill.

Last fall the Legislature passed and I conditionally vetoed Senate Bill No. 1369. That bill extended the group of State officials affected by the restrictions and included their immediate families but narrowed the nature of those restrictions, particularly on the firms of present or former officials. I continued to be dissatisfied, however, with the restrictions on all Special State officers which would act as a significant deterrent to public service, and I recommended that the affected group of officials be limited to those with responsibility for casino matters. My conditional veto was amended in the Senate but not put up for final passage. In its stead the present bill was introduced.

This bill represents some improvement insofar as the restrictions on former officials are limited to those who had responsibility for casino matters. It does not apply that limitation to serving State officials, however, and in particular it harshly and unnecessarily affects members of interstate agencies representing New Jersey and agencies and boards in the fields of health, education and welfare. This group of officials serves on such key bodies as the Port Authority of New York and New Jersey, the Palisades Interstate Park Commission, the State Board of Education, and the boards of trustees of the various state colleges and mental health institutions, which do not in any way concern themselves with casino matters. I do not wish to discourage public service in these vital positions.

Accordingly, I am returning Senate Bill No. 3041 with the following recommendations for amendment:

Page 3, Section 2, Line 30: After “law” insert “and”.

Page 3, Section 2, Lines 32 and 33: After “branch” delete in their entirety and insert“.”.
After "", delete in their entirety.

Page 6, Section 4, Line 20: Delete "ity,"

Page 6, Section 4, Line 29: After "." insert "No special State officer or employee without responsibility for matters affecting casino activity, excluding those serving in the Departments of Education, Health, Higher Education and Human Services, shall hold, directly or indirectly, an interest in, or hold employment with, or represent, appear for, or negotiate on behalf of, any holder of, or applicant for, a casino license, or any holding or intermediary company with respect thereto, in connection with any cause, application, or matter.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

SENATE BILL NO. 1396 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1396 (OCR) with my objections.

This bill would transfer the responsibility for reviewing the financial reports of legislative lobbyists from the Election Law Enforcement Commission to the Attorney General and impose reporting requirements less extensive than the Commission’s recently enacted regulations.

I have previously expressed my opinion that the Commission’s regulations do go too far in a legal and practical sense, particularly insofar as they require designation of a separate bank account for financial transactions related to lobbying, duplicative reporting by both lobbyist and principal, and reporting of “overhead” expenses. I asked
the Commission to extend its March 15, 1981 deadline for initial reports so that the Legislature might consider amendments to this bill which would continue the Commission’s responsibilities in this sensitive area but would permit the drafting of regulations better tailored to the realities of lobbyist activity. The Commission has extended its initial reporting date to March 30, 1981.

Accordingly, I am returning Senate Bill No. 1396 (OCR) with recommendations for amendment which would (1) continue the Commission’s role in regulating lobbyist activity, (2) reestablish the financial threshold and periodic reporting requirements of the Commission’s regulations but eliminate their unnecessarily onerous aspects and (3) clarify the substantive reporting requirements of the bill so that the expenses of lobbyists on entertainment for legislators, for example, would be reportable although made only in relation to, rather than expressly for, a “direct, express and intentional communication with legislators.”

My recommendations are as follows:

Page 1, Section 1, after Line 18: Add “d. The term “lobbyist” means any person, partnership, committee, association, corporate, labor union, or any other organization that employs, engages or otherwise uses the services of any legislative agent to influence legislation.”.

Any lobbyist required to file a report pursuant to this section may designate a legislative agent in its employ or otherwise engaged or used by it to file a report on its behalf provided such designation is made in writing by the lobbyist, is acknowledged in writing by the designated legislative agent and is filed with the Election Law Enforcement Commission on or before the date on which the report of the lobbyist is due for filing; and further provided that any violation of this act shall subject both the lobbyist and the designated legislative agent to the penalties provided in this act."

SENATE BILL NO. 1659 (SCE)

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(a) of the Constitution, I am returning Senate Bill No. 1659 (Sce) without my approval.

Senate Bill No. 1659, as amended by a Senate Committee Substitute, would prohibit the New Jersey Health Care Facilities Financing Authority from leasing Raritan Valley Hospital for use as an intermediate care facility for the mentally retarded (ICF/MR), would prohibit the Department of Human Services from implementing its plan to convert the building into an ICF/MR facility and would prohibit the Commissioner of Health from issuing a certificate of need for use of the hospital as an ICF/MR.
facility. The rationale for the bill is that because the State has taken over and improved Raritan Valley Hospital and operated it as an acute care facility, the State cannot now convert this facility into an intermediate care facility for the mentally retarded.

It is not clear whether the intent of the bill is to prevent Raritan Valley Hospital from being converted to an intermediate care facility for the mentally retarded or to require a moratorium on any change while an after-the-fact reconsideration of an issue, which has been the subject of substantial public discussion for approximately one year, occurs. Either way, enormous disruption and significant costs to the State will result.

To simply close the hospital would cost $1 million a year for debt service, security and other necessities plus the cost of funding an alternative site for mentally retarded patients and/or the potential loss of $1.5 million of federal revenues for not meeting the federal residency goals and the loss of the federal interest subsidy, for a total annual cost of more than $3 million. To have the College of Medicine and Dentistry of New Jersey continue to operate the hospital as an acute care facility would require $2.6 million plus the alternative costs and/or loss of federal revenue for ICF/MR, for a total annual cost of more than $4 million. In addition, the continued use of RVH as an acute care facility contributes to the excess number of hospital beds in the area and to higher health care costs to all New Jersey payors. Since S-1659 (Scs) includes no appropriation, it cannot achieve any purpose other than the closing of the facility on May 1, 1981 for lack of funds.

While continuation of the existing federal Housing and Urban Development interest subsidy for an intermediate care facility for the mentally retarded has not yet been determined, it is clear that the closing of the facility for an eighteen month period will result in an immediate default on the loan and the loss of the federal interest subsidy.

In its present form, S-1659 is an inappropriate exercise of legislative review which intrudes on the functions of both the executive and judicial branches of government.

The Legislature has established a statutory framework for the granting of certificates of need for the construction
or expansion (including the conversion) of health care facilities, which includes specific criteria for the issuance of a certificate of need (N. J. S. A. 26:2H-8), a review of the area or regional level, by the Statewide Health Coordinating Council, and the Commissioner of Health (N. J. S. A. 26:2H-9) and an opportunity for judicial review (N. J. S. A. 26:H-17).

This process has been followed in the case of converting Raritan Valley Hospital into a facility for the mentally retarded. At its October 1980 meeting the New Jersey Health Care Facilities Financing Authority, the owner of the Hospital, voted to approve the proposal by the Department of Human Services to enter into a five-year lease to use the building as an ICF/MR facility. In November 1980, the Department of Human Services applied for a certificate of need. After local hearings and review at the county, regional and State level, the Commissioner of Health issued a certificate of need on February 2, 1981. The continuing need of the local community for emergency medical services has been satisfied by arrangements with nearby hospitals.

The statutory scheme for health facility planning has been vested in the Executive Branch, as an administrative process for executing the law, with an appeal to the courts, not the legislature. S-1659 (Scs) interferes with and disrupts this process in a pernicious way because there are no procedural constraints on review by the Legislature of its legal and factual conclusions. There is no indication that the Judiciary is incapable of determining that the Commissioner of Health has abused his discretion or applied a statutory standard improperly. In addition to rendering the role of judicial review in determining the procedural or substantive fairness of an administrative action negatory, this legislation trespasses upon central functions of the Executive. Consistency in the execution of laws would be thwarted if legislative interference can be exercised in any given case without a change in the general standards the Legislature has initially decreed. Because the legislative interference articulates no principled basis from which the Executive could determine with specificity the manner in which it erred, the legislative action is both disruptive of and unnecessary to the sound administration of the law.
While it would be appropriate for the Legislature to prospectively change the standards for the issuance of a certificate of need or the leasing of a facility owned by the New Jersey Health Care Facilities Financing Authority through the corrective device of statutory amendment, it is not appropriate for the Legislature to selectively prohibit the temporary conversion of a particular underutilized acute care facility operated by the College of Medicine and Dentistry of New Jersey into a much needed intermediate care facility for the mentally retarded to be operated by the Department of Human Services, when the procedure mandated by federal and State law for making such conversion has been scrupulously followed and includes appellate review by the courts of this State.

Furthermore, in light of the decision in Paul Kimball Hospital, Inc. v. Brick Township Hospital, Inc., which is currently on appeal to the New Jersey Supreme Court, S-1659 (Scs) might be special legislation in violation of Article IV, Section VII, Paragraph 9(8) of the New Jersey Constitution.

For the above reasons, I am returning Senate Bill No. 1659 (Scs) without my approval.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

The Labor, Industry and Professions Committee reported the following bills favorably without amendment and the bills were given second reading:

Assembly Nos. 151S, 232S; Assembly Concurrent Resolution No. 156 and Senate Resolution No. 38.

The County and Municipal Government Committee reported the following bill favorably with amendment and on motion of the chairman the amendments were adopted and the bill, as amended, was given second reading:

Assembly No. 1171.

Assembly Nos. 481, 3253 and Assembly Concurrent Resolution No. 3029 were taken up, read a second time, and ordered to a third reading.

The following messages were received from the Governor:
Senator Bill No. 251 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I am returning Senate Bill No. 251 without my approval.

This bill requires the Division of Motor Vehicles to identify diabetics and epileptics by a card attached to their drivers license. In order to administer such a program, the Division of Motor Vehicles will have to change license and renewal applications as well as its computer programs.

This bill does not advance highway safety. While I understand that this information could be helpful to a rescue squad, I believe that New Jerseyans who have diabetes or epilepsy carry their own identification cards or wear Medic Alert bracelets. I, therefore, do not see the need for such a program.

Accordingly, I herewith return Senate Bill No. 251 without my approval.

Respectfully,

Governor.

Senator Bill No. 322

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I am returning Senate Bill No. 322 without my approval.

This bill would immunize the principal employer of a police officer with respect to his acts or omissions during off duty employment whether in uniform or not, by another public entity or agency.
The entire subject of immunity and liability of public entities is adequately treated in the New Jersey Tort Claims Act. Title 59 was enacted in 1972 after an exhaustive study by the Attorney General's Task Force on Governmental Immunity. There is no reason to alter or supplement the standards there established, or to redistribute liability among public entities without study of its effect on that act.

When an off-duty officer is in uniform, performing a police function, the public recognizes him as a police officer and does not distinguish between off-duty or on-duty status. Often the off-duty officer while employed by another public agency, may be required to act in the service of the principal employer. Both he and the public should be protected by the principal employer's liability insurance. There is after all no guarantee that the other government agency carries sufficient insurance to cover these instances.

One purpose of this bill is to avoid overtime payments for police services at special functions, such as parades and concerts, where extra security is needed. However, if government agencies want to police these functions with uniformed officers they should pay a fair wage, including overtime, if that is the case.

It is not unfair to the municipality to bear the responsibility and cost for an officer's off-duty conduct. While off duty or on, whether in uniform or not, he serves his principal employer's best interests and represents it in keeping public order.

Accordingly, I herewith return Senate Bill No. 322 without my approval.

Respectfully,

[seal]

Governor.

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 879 (2nd OCR) without my approval.

Senate Bill No. 879 (2nd OCR) would permit freeholder boards under the county executive plan of the Optional County Charter Law to appoint their own staff and consultants. To do so, the appointments must be authorized by the county's administrative code as necessary for the legislative and investigative operations of the board. The staff will be in the unclassified service of Civil Service. The bill places limits on the amounts which may be expended annually for such personnel. For nine member boards, the limit is $160,000 and for seven member boards, the limit is $120,000. The bill also provides that the amount expended for personal staff and assistants is to be distributed equally among the freeholders.

Present law requires the freeholder boards to appoint a board clerk and permits them to appoint counsel. In order to have additional staff, arrangements must be made with the county executives. I am not convinced that the present system should be changed. The existing checks and balances should help assure that the counties do not suffer unnecessary growth in bureaucracy.

For these reasons, I am returning Senate Bill No. 879 (2nd OCR) without my approval.

Respectfully,

[seal] /s/ BRENDAN BYRNE, Governor.

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I am returning Senate Bill No. 1212 (OCR) without my approval.

This bill would extend for one year the renewal date for those bond anticipation notes of local government entities which reach their final maturity date during the period from the date of enactment to June 30, 1981. In 1976 I vetoed a much more limited measure to extend the period for bond anticipation notes. What I said then, is equally applicable here, namely that:

"Extending the payment date on certain notes could be viewed by the investment community as a precedent for delaying debt payment obligations. It is essential that we demonstrate to investors that all levels of New Jersey government will continue to adhere to the rigorous protective standards of the existing State financing and budget laws." Governor's veto message for Assembly Bill No. 1617, May 20, 1976.

The 5 years under current law is ample time for local bonding entities to enter the bond market. We do not know what will happen to the interest rates in the bond market next year; those rates could easily go up rather than down. Indeed, the inexorable trend in municipal bond interest rates over the past 25 years has been upward; thus extending a delay in entering the market is not warranted.

Finally, no good reason exists for according this special treatment to those anticipation notes which reach their final maturity day by June 30, 1981 from those reaching final maturity later in the year.

For these reasons, I am returning Senate Bill No. 1212 (OCR) without my approval.

Respectfully,

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1230 (OCR), with my objections for reconsideration.

This bill would repeal the "Public Movers Act," P. L. 1968, c. 375 (N. J. S. A. 48:22-1 et seq.), which authorized the Board of Public Utility Commissioners to regulate public movers of household good and special commodities, and would replace it with the "Public Movers and Warehousemen Licensing Act," which authorizes the Director of the Division of Consumer Affairs to license and regulate public movers and warehousemen. This bill also creates a four member State Advisory Board of Public Movers and Warehousemen to give the Director input from the industry and public.

This legislation is the result of extensive committee deliberations. The committee felt that the Public Movers Act could not simply be repealed as has been suggested. While wanting to foster economic competition, some mechanism was needed to protect the interest of the customer and to regulate the industry. This responsibility will fall to the Director. He shall annually publish a list of the names, addresses and tariffs of all persons licensed under this act; establish professional standards; prescribe a uniform system of accounts, records and reports; and establish reasonable requirements with respect to proper and adequate moving and storage services.

Every person engaging in the business of public moving or storage shall have a license and a permanent place of business in this State. Such license fees shall be charged as may be necessary to defray all proper expenses incurred by the Director and any staff employed to administer this Act.

I support the goal of this bill: deregulation. Unfortunately, this bill fails to specify minimum standards for the issuance of a public movers license.
Accordingly, I herewith return Senate Bill No. 1230 (OCR) for reconsideration and recommend that it be amended as follows:

**Page 6, Section 9, Line 6:** After "oath" insert "by the agent in charge"

**Page 6, Section 9, Line 7:** After "contain" insert "the following information: (1) the name and location of the applicant; (2) description of the applicant’s moving vehicles and storage facilities; (3) identification of the issuer and amount of any insurance or surety bonds maintained by the applicant."

**Page 6, Section 9, Lines 7-9:** Omit "such information and be accompanied by proof of such notice to the interested parties as the *[board]* *[director]* by rule or regulation may require."

**Page 6, Section 9, Lines 12-12A:** Omit "and the lawful requirements, rules and regulations *[of the board]* *[as promulgated by the director]*;"

**Page 6, Section 11, Lines 1-6:** Delete in its entirety.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 27, 1981.

SENATE BILL NO. 1397

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1397 with my objection, for reconsideration.

This bill would amend Title 19 to remove the responsibility for the oversight of lobbying activities from the Election Law Enforcement Commission by deleting all references therein to lobbying activities.

I have heretofore conditionally vetoed a companion measure, Senate Bill No. 1396, which assigns that responsibility
specifically to the Office of the Attorney General suggesting a revised statutory format for reporting of legislative lobbyist activities. Enactment of this legislation without the companion legislation would eliminate all requirements for financial reports of legislative lobbyists.

Accordingly, I am returning Senate Bill No. 1397 with recommendation that it be amended to coordinate its passage with that of Senate Bill No. 1396. My recommendation is as follows:

Page 8, Section 7, Line 1: delete “immediately” and insert “when Senate Bill No. 1396 is enacted into law”.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Chief of Staff, Secretary.

Senate Nos. 1230 and 1397 were given first reading.

The following letter was received from the Governor.

To the President and Members of the New Jersey Senate:

Sincerely,

/s/ BRENDAN BYRNE,
Governor.

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
April 27, 1981.

To the Senate and General Assembly of the State of New Jersey:

I hereby respectively submit to you a plan of reorganization for the Bureau of Financial Regulation and Assistance pursuant to the Executive Reorganization Act, Chapter 203, Laws of 1969. This reorganization plan transfers the Bureau of Financial Regulation and Assistance in the Department of Treasury to the Department of Community Affairs.
The organization plan hereby transmitted reflects the existing close relationships between the Bureau of Financial Regulation and Assistance and the Division of Local Government Services at the Department of Community Affairs. The Bureau is an integral part of the regulation of local government budgets and finances, a function that is one of the major responsibilities of the Division of Local Government Services. For example, the Bureau reviews and certifies all municipal budgets. Local government audits are filed with the Bureau and are subject to its review. The Bureau serves as staff for the Local Finance Board which is part of the Department of Community Affairs and administers the rules promulgated by that Board. Emergency budget resolutions which must be approved by the Director of Local Government Services are reviewed by the Bureau. The Director of Local Government Services is the Bureau’s supervising official. In light of these factors, the transfer of the Bureau to the Division of Local Government Services will promote more effective management, greater efficiency and fuller coordination of the Bureau’s activities with those of the Division of Local Government Services.

Sincerely,

/s/ BRENDAN BYRNE,
Governor.

REORGANIZATION PLAN FOR THE BUREAU OF FINANCIAL REGULATION AND ASSISTANCE

The Bureau of Financial Regulation and Assistance in the Department of the Treasury, together with all its functions, powers and duties, is hereby transferred to the Division of Local Government Services in the Department of Community Affairs. All powers exercised by officials in the Department of Treasury in direct supervision of the Bureau of Financial Regulation and Assistance are hereby transferred to the Department of Community Affairs and shall be exercised by officials in the Department of Community Affairs.

The Bureau of Financial Regulation and Assistance, as presently organized, reviews and certifies all municipal budgets, is responsible for post-audit review of municipal and county government, and provides financial guidance to local governments. The Division of Local Government
Services in the Department of Community Affairs provides technical assistance to counties and municipalities in the areas of management, financial operations, purchasing, personnel, electronic data processing, debt management, inter-local services and State and Federal grants. The Division also administers the urban aid, safe and clean neighborhoods and depressed rural centers aid programs. The Department of Community Affairs is predominantly involved in local government programs and services. A closer organizational relationship between the Bureau and the other units of the Division and the Department is logical, efficient and will permit these agencies to better serve local governments and the public. This reorganization is consistent with local government budget laws which have assigned responsibilities to the Director of the Division of Local Government Services and the Local Finance Board in the Department of Community Affairs.

In accordance with the provisions of the Executive Reorganization Act of 1969, c. 203 (C. 52:14C-2), I find and declare that this transfer and reorganization is necessary:

1. To promote the more efficient management of the Executive Branch;
2. To reduce expenditures and promote economy to the fullest extent practicable;
3. To increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;
4. To group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as practicable, according to major purposes;
5. To eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. All transfers directed by this reorganization plan shall be effective pursuant to the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D-1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.
The following was received from Albert Porroni, Assistant Legislative Counsel:

Pursuant to P. L. 1981, c. 27 and the Joint Rules of the Senate and General Assembly, enclosed is a list of the proposed administrative rules received since the last meeting of the Senate with committee references and dates of receipt and reference. SENATE BILL NO. 1189 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1189 (2nd OCR) with my objections.

This bill would extend the right to cast absentee ballots to all registered voters 65 years of age or older regardless of their health. Under current law, N. J. S. A. 19:57-2, a voter must expect to be absent from the State or ill, physically disabled, observing a religious holiday, attending school or working during polling hours to be eligible for an absentee ballot.

Supporters of this bill argue that it will increase senior citizen participation in the election process but I question the need for this incentive.

Senior citizens already vote in higher percentages than other age groups. Even if the administration-sponsored Assembly No. 669 (Baer) passes and imposes tighter restrictions on the absentee ballot procedure (e.g. authorized messengers, clear warnings against voter fraud and limitation of assistance to family members unless the voter is incapacitated), the potential for undue influence is obvious. Many, if not most, of the absentee ballot irregularities in recent years have occurred in connection with senior citizens ballots.

Senior citizens who are physically restricted can now get an absentee ballot. The arguments for extending that right to all senior citizens regardless of health or employment are outweighed by the potential for its abuse.
Accordingly, I am returning Senate Bill No. 1189 (2nd OCR) without my signature.

Respectfully,

/s/ BRENDAN BYRNE, Governor.

SENATE BILL NO. 1319 (OCR)

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1319 (OCR) with my objections for reconsideration.

This bill amends existing law to permit more flexibility in the requirement that funds of local units be deposited in interest bearing accounts. While I support the substantive provisions in the bill, I am concerned with the oversight provision in section 2 and operation of the effective date in section 3.

Since the date this bill was introduced, laws and regulations have been implemented in New Jersey which require that regulations be filed with the Legislature. The provisions in this bill are inconsistent with the existing law. I find no rational for imposing a different procedure on regulations pursuant to this bill and other regulations. Hence, I recommend that those provisions be eliminated from the bill. I also recommend that the language on the effective date of the act be reworded to be consistent with the above change and that the bill provide that the act is effective immediately upon enactment.

Accordingly, I am returning Senate Bill No. 1319 (OCR) for reconsideration and recommend that it be amended as follows:

Page 2, Section 2: Delete entire section.
Page 2, Section 3: Delete entire section and insert "2. This act shall take effect immediately."

The following message was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT, May 4, 1981.

SENATE BILL NO. 416 (OCR/SCS)

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 416 (OCR/SCS) with my objections, for reconsideration.

Senate Bill No. 416 (OCR/SCS) would create an Office of Small Business Assistance in the Division of Economic Development in the Department of Labor and Industry. The office would, in essence, be an advocate for small business within the State Government. The office would monitor rule-making affecting small business, and offer technical assistance to business operators. Creation of this office will, I believe, provide needed support to the small business that constitute the backbone of our State’s economy.

However, this bill must be viewed in conjunction with legislation creating a new Department of Commerce and Economic Development. I have stated that the next Administration should undertake the task of organizing and staffing this new department to which the Office of Small Business Assistance would be allocated. The creation of the new Office of Small Business Assistance would, consequently, be postponed until January, 1982. Various technical amendments to Senate Bill No. 416 (OCR/SCS) also
should be adopted. As the new office would not become operational until well into the next fiscal year, I also recommend the deletion of the appropriation.

Accordingly, I herewith return Senate Bill No. 416 (OCR/SCS) for reconsideration and recommend that it be amended as follows:

Page 1, title, lines 2 and 3: After "of" delete balance of line 2 and line 3 and insert "Commerce and Economic Development."

Page 1, section 2, line 3: Delete "office" and insert "the Commissioner of the Department of Commerce and Economic Development."

Page 1, section 2, line 3: Delete "establish" and insert "promulgate by rule."

Page 2, section 2, line 36: Delete "Labor and Industry" and insert "the Department of Commerce and Economic Development."

Page 2, section 3, line 2: Delete "Labor and Industry" and insert "Commerce and Economic Development."

Page 2, section 3, line 5: Delete "Labor and Industry" and insert "the Department of Commerce and Economic Development."

Page 3, section 4, line 14A: After "regional" insert "office of the United States."

Page 4, section 7, lines 1 to 3: Delete in their entirety.

Page 4, section 8, line 1: Delete "8." insert "7." and delete "immediately" and insert "January 19, 1982."

Mr. Perskie moved that Senate No. 3041 be delivered forthwith to the Governor.

The following Veto message was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE NO. 1650

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 (b) of the Constitution, I am returning Senate Bill No. 1650, with my objections, for reconsideration.

This bill would allow the Department of Environmental Protection to confiscate any conveyance—i.e., aircraft, vessel, vehicle, equipment or other container—used in the illegal discharge of hazardous substances.

I am convinced that the Department of Environmental Protection should have the power to seize conveyances used in the illegal discharge of harmful substances. However, this bill contains language which might limit existing forfeiture provisions, N. J. S. A. 2C:64-1, and may limit the
law enforcement agencies that may seize conveyances used in the illegal discharge of harmful substances.

For instance, the bill limits seizures to conveyances used in the illegal discharge of "hazardous substances"; the Criminal Code broadly applies to any conveyances containing any "harmful or destructive substance," which includes hazardous and toxic pollutants. See N. J. S. A. 2C:17-2; N. J. S. A. 2C:64-1. Moreover, the bill, which only extends seizure power to the Department of Environmental Protection, may be read to exclude other enforcement agencies from such seizures.

Accordingly, I am returning Senate Bill 1650 for reconsideration and recommend that it be amended as follows:

On Page 1, line 2, section 1: Delete "hazardous substances" and insert "harmful or destructive substances".

On Page 1, line 1, section 2: Add "When in the presence of a law enforcement officer, a department official shall seize and secure any such conveyance. . ."

Respectfully,

Governor.

Honorable Joseph P. Merlino
President, New Jersey Senate
State House
Trenton, New Jersey 08625

Dear Mr. President:

I hereby tender my resignation as a member of the Commission on Sex Discrimination in the Statutes.

As you know, you recently appointed me as a member of the Legislative Oversight Committee as one of the representatives of the New Jersey Senate, and in looking forward to my duties on that Committee, I feel that it is necessary that I resign from the Sex Discrimination Commission.

I have enjoyed and learned much from my activities on the Sex Discrimination Commission, and I appreciate the opportunity you gave me in being one of the members.
Kindest and best personal regards, and thank you for your consideration of this letter.

Sincerely,

/s/ S. THOMAS GAGLIANO,
Senator.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

June 8, 1981.

SENATE BILL NO. 1514 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1514 (OCR) without my approval.
Senate Bill No. 1514 (OCR) would establish age eligibility requirements for Sheriff's Officers. Any Sheriff's Officer appointed after January 1, 1981 in a Civil Service County would have to be between the ages of 18-35.

Supporters of this legislation argue that Sheriff's Officers perform an essentially police function and upon appointment should be subject to the same age limitations as police officers. Under existing Civil Service job descriptions Sheriff's Officers functions include serving court processes, ballistics, criminal investigations and the apprehension and investigation of violators of the law. In several counties however court attendant positions are filled with sheriff's officers. No one has yet demonstrated a need that sheriff's officers working as court attendants be between the ages of 18-35.

The Subcommittee on Sheriffs of the Committee on Efficiency in the Operation of the Courts, appointed by Chief Justice Wilentz has studied in depth the problem of attending the courts and providing adequate security for them. The subcommittee found that in many counties the job distinctions between court attendant and sheriff's officer are often blurred and sometimes non-existent.

Consequently I find that the uncertainty engendered by these confused county practices, makes any uniform statewide legislation premature.

The subject of this legislation should be fully reconsidered after the final recommendations of the Committee on Efficiency have been digested.

Accordingly, I herewith return Senate Bill No. 1514 (OCR) without my approval.

Respectfully,

[seal] /s/ BRENDAN BYRNE, Governor.

Attest: /s/ HAROLD L. HODES, Chief of Staff, Secretary.
To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 1389 (OCR) without my approval.

Senate Bill No. 1389 (OCR) is intended ultimately to abolish the position of court attendant, and to include the duties of court attendant among the duties of sheriff's officers. Under existing statutes and Civil Service job descriptions, a court attendant attends court, makes proclamations, swears in witnesses and jurors, serves papers issued from the court, maintains order and security, and performs other functions. A sheriff's officer is responsible for the care, custody and security of prisoners while being transported to various locations. He investigates crimes, serves process and engages in other activities.

In order to accomplish the desired unification of the two positions, current court attendants would have the option to become sheriff's officers upon meeting the applicable requirements, which include completion of police training. Court attendants who opt for the transfer would receive the higher salary of a sheriff's officer. If under 35 years of age, they would also enter the Police and Firemen's Retirement System, which offers more generous benefits than does the Public Employees' Retirement System, in which most court attendants are now enrolled. The positions of those who do not choose to transfer would be phased out through attrition.

The proponents of this bill, including the Department of Civil Service and the Sheriff's Association of New Jersey, maintain that unifying the two positions would promote administrative and economic efficiency. In several, but apparently not all counties, there has been a failure to distinguish between the two positions. Court attendants are performing the duties of sheriff's officers in some counties, and in others, sheriff's officers are performing the duties of court attendants. Unification would obviate the need to distinguish between the two sets of responsibilities and to appoint different persons to perform them.
The Civil Service Commission had attempted administratively to allow sheriff's officers to perform court attendants' duties. However, the Commission was reversed upon judicial review on the ground that it was not empowered to abolish a legislatively established position. See Clark v. Civil Service Dept., Docket No. A-2322-75 (App. Div., Aug. 1, 1977) (unpublished); N. J. S. 2A:11-32. Indeed, the courts have on other occasions attempted, with neither unanimity nor exceptional clarity, to delineate the duties of court attendants and other related officers. See, e.g., Caldarro v. Ferber, 39 N.J. 314 (1963) (plurality opinion), rev'd 74 N.J. Super. 128 (App. Div. 1962); Clark v. Hudson Cty. Bd. of Freeholders, 125 N.J. Super. 340 (App. Div. 1973).

I am not convinced that Senate Bill No. 1389 (OCR) would promote efficiency in securing and attending to the courts. Nor am I persuaded that any uncertainty in defining the duties of the respective positions is best addressed through this legislation. By elevating court attendants to the position of sheriff's officer, counties will incur added costs for training, salaries and pensions. The skills of a trained sheriff's officer may often be wasted in cases in which the demands for security are not substantial.

The Subcommittee on Sheriffs of the Committee on Efficiency in the Operation of the Court, appointed by Chief Justice Wilentz, has given considerable thought to the problem of how best to ensure court security and to attend to the courts. The subcommittee has proposed to the full committee, contrary to Senate Bill No. 1389 (OCR), that the two positions should remain discrete, and that court attendants should fall under the aegis of the court, and not the sheriff.

The issues raised by Senate Bill No. 1389 (OCR) ought to be reconsidered in the light of the final report and recommendations of the Committee on Efficiency, which I understand will be released later this month.

Accordingly, I herewith return Senate Bill No. 1389 (OCR) without my approval.

Respectfully,

[seal] /s/ BRENDAN BYRNE, Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL No. 876 (Official Copy Reprint)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 876 (OCR) without my approval.

Senate Bill No. 876 represents another attempt on behalf of business to "reform" the regulatory process. It is intended to ensure that regulations are efficient and responsive to the varied circumstances of businesses to be regulated. In attempting to achieve these two goals, the bill imposes several new steps in the rule-making process, and grants a continuing role to the Office of Business Advocacy (OBA).

Under the bill, an agency prior to promulgation of a rule or regulation, must conduct an analysis of the "importance" of the policy to be achieved as compared to the costs of enforcement and compliance by the State and the regulated parties. Then, the agency must determine whether the rule "should apply at all or in the same manner" to entities of different size, scope or resources. These analyses must be forwarded to OBA which may, within 90 days, issue its own
analysis of the rule’s probable direct and indirect impact on businesses.

Only where both the rule-making agency and OBA agree that it is desirable and feasible to tailor rules to the varied circumstances of businesses must the rule-making agency issue “flexible” rules. In all other cases, the analyses are merely informative. Within 5 years, every agency must also conduct the described analyses on all existing rules. The bill also allows businesses to seek exemptions from rules. The agency may grant such exemption only if the public health, safety and welfare is protected. Failure to respond within 60 days renders the request approved.

I agree that rules should be efficient. They should further legislated or executive policy goals with the least cost. This may entail responding to the varied situations of parties to be regulated. For example, it is considered administratively efficient to permit use of a “short form” personal tax return for persons earning below a certain amount of income, while requiring more detailed statements by high income earners. Moreover, forcing agencies to expressly consider the costs of compliance may lead agencies to find less burdensome means of fulfilling their delegated responsibilities.

However, I find that S–876 encumbers and delays the rule-making process with little prospect for improving the final product. Since the bill mandates flexible rules only where both OBA and rule-maker agree, the role of OBA is duplicative and expensive. It is also likely that some parties would attempt to stymie any regulation by seeking judicial review of the sufficiency of the various analyses required by the bill. This would compound delay and expense without addressing the merits of the regulation itself. (Sometimes dilatory challenges of the adequacy of federal environmental impact statements provide an historical precedent for this maneuver.) To some extent, S–876 overlaps S–1560, which the Legislature recently enacted. P. L. 1981, c. 27. Under this law, agencies prior to rule-making must already set forth the “expected socioeconomic impact of the rule.” P. L. 1981, c. 27, sec. 11. Also, permitting any business to seek an exemption from a regulation and requiring agencies to respond within 60 days, would oblige agencies to repeatedly reconsider regulations without any control or plan. The rule-making process should account for objections ahead of time. Also, under P. L. 1981,
c. 27, a person may petition for rule-making, obviating the need for an exemption procedure.

Lastly, I would observe that the express purpose of S-876 is to reform the regulatory process for businesses. Of course, individuals, and nonprofit organizations like colleges, churches, and charities are also subject to various rules and regulations—issued to implement and enforce duly adopted legislated or executive policies. To the extent there is a need for regulatory reform, it should benefit everyone.

For these reasons, I hereby return Senate Bill No. 876 (OCR) without my approval.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

The following message was received from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
April 27, 1981

SENATE BILL NO. 1230 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1230 (OCR), with my objections for reconsideration.

This bill would repeal the "Public Movers Act," P. L. 1968, c. 375 (N.J.S.A. 48:22-1 et seq.), which authorized the Board of Public Utility Commissioners to regulate public movers of household goods and special commodities, and would replace it with the "Public Movers and Warehousemen Licensing Act," which authorizes the Director of the Division of Consumer Affairs to license and regulate public movers and warehousemen. This bill also creates a four member State Advisory Board of Public Movers and Warehousemen to give the Director input from the industry and public.

This legislation is the result of extensive committee deliberations. The committee felt that the Public Movers Act could not simply be repealed as has been suggested. While wanting to foster economic competition, some mechanism was needed to protect the interest of the customer and to regulate the industry. This responsibility will fall to the Director. He shall annually publish a list of the names, addresses and tariffs of all persons licensed under this Act; establish professional standards; prescribe a uniform system of accounts, records and reports; and establish reasonable requirements with respect to proper and adequate moving and storage services.

Every person engaging in the business of public moving or storage shall have a license and a permanent place of business in this State. Such license fees shall be charged as may be necessary to defray all proper expenses incurred
by the Director and any staff employed to administer this Act.

I support the goal of this bill: deregulation. Unfortunately, this bill fails to specify minimum standards for the issuance of a public movers license.

Accordingly, I herewith return Senate Bill No. 1230 (OCR) for reconsideration and recommend that it be amended as follows:

Page 6, Section 9, Line 6: After "oath" insert "by the agent in charge."

Page 6, Section 9, Line 7: After "contain" insert "the following information: (1) the name and location of the applicant; (2) description of the applicant's moving vehicles and storage facilities; (3) identification of the issuer and amount of any insurance or surety bonds maintained by the applicant."

Page 6, Section 9, Lines 7-9: Omit "such information and be accompanied by proof of such notice to the interested parties as the *[board]* *director* by rule or regulation may require.

Page 6, Section 9, Lines 12-12A: Omit "and the lawful requirements, rules and regulations *[of the board]* *as promulgated by the director*;"

Page 6, Section 11, Lines 1-6: Delete in its entirety.

Respectfully,

Governor.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

June 18, 1981

SENATE BILL NO. 3067

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3067 with my objection for reconsideration.

Senate Bill No. 3067 would permit Essex County—identified as a first class county with a population of over 900,000—to appoint to permanent county police officer positions certain former municipal police officers who are provisional county officers at the time of enactment of this bill. In order to qualify, a provisional county police officer must possess minimum qualifications. He must have received satisfactory ratings as a provisional officer, and he must not have been separated for cause, misconduct or delinquency from the municipal force.

This bill enables Essex County to appoint qualified persons without imposing additional unnecessary costs upon the County which has shouldered particularly burdensome fiscal responsibilities. This legislation should save the County the expense of selecting and perhaps training County police officers to replace the provisionals now employed.

Since this bill addresses a unique situation that now exists in Essex County, the bill should be of limited duration.

Accordingly, I herewith return Senate Bill No. 3067 for reconsideration and recommend that it be amended as follows:

Page 1, Section 2, Line 1: After “immediately” insert “and shall expire and be of no effect 90 days after enactment.”

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Attest:

/s/ HAROLD L. HODES,

The following message was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 19, 1981.

SENATE BILL NO. 231 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Senate Bill No. 231 (OCR) without my approval.

This bill would amend the "Criminal Injuries Compensation Act of 1971" to provide an increase in the maximum compensation from $10,000 to $25,000 and to create a victim counseling service.

While I find the purpose of this bill to be quite laudable, I am not convinced at this time that the funds necessary to pay for this measure are available. There is a large backlog in claims pending before the Violent Crimes Compensation Board. This is due to insufficient funds to pay the large number of claims submitted. While the penalty money from violent criminals has helped pay for some of the backlogged claims, it will be several years before the board clears its backlog and is able to definitively estimate the money brought in from this source.

Accordingly, I herewith return Senate Bill No. 231 (OCR) without my approval.

Respectfully,

[SEAL]
/s/ BRENDAN BYRNE,
Governor.

Attest:
/s/ HAROLD L. HODES,
Chief of Staff, Secretary.

The message was ordered spread in full in the Senate Journal.

On motion of Mr. Zane, Mr. Foran was added as cosponsor of Senate No. 3233.

On motion of Mr. Orechico, Mr. J. Russo was added as cosponsor of Senate No. 3073.
The Revenue Finance and Appropriations Committee reported the following bill favorably with amendment, and on motion of the Chairman the amendments were adopted:

Senate Concurrent Resolution No. 3022.

Senate Concurrent Resolution No. 3022, as amended, was taken up, read a second time, and ordered to a third reading.

Mr. Orechio offered the following resolution which was read and adopted:

Resolved, That pursuant to Rule 164 a public hearing is ordered to be held on Senate Concurrent Resolution No. 3022 OCR proposing an amendment to the Constitution, before the Senate Revenue, Finance and Appropriations Committee; and that the public hearing to be held in the Senate Majority Conference Room, State House, Trenton, on Monday, June 29, 1981 at 10:00 a.m. and that said committee make a written report thereof to the Senate.

Mr. Orechio offered the following resolution which was read and adopted:

Resolved: 1. That printed copies of Senate Concurrent Resolution No. 3022 OCR be placed upon the desks of the members of the Senate forthwith, and that a record of such action be made in the Journal of the Senate; and

2. That the Secretary of the Senate forward 80 copies of Senate Concurrent Resolution No. 3022 OCR, to the General Assembly with the request that the same be placed upon the desks of each member thereof in open meeting forthwith.

The Secretary then caused to be placed upon the desk of each member a copy of Senate Concurrent Resolution No. 3022 OCR, and the placing thereof is hereby noted in the Journal.

The Secretary announced:

In accordance with Senate Rule 141 requiring the delivery of passed bills to the Governor, the following bill was to be delivered on April 20, 1981 but withheld at the Senate President's direction after receiving the Governor's April 20th request that delivery be deferred until June 20, 1981. Senate Bill No. 1183 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1183 (OCR) with my objections for reconsideration.

This bill clarifies the intent of P. L. 1975, c. 341 which declared that an owner of land under farmland tax assessment need not pay assessments for local improvements that he did not use, until he subdivided his land or obtained a permit to build on his land. The bill states that a municipality may not charge interest on the deferred assessment. The Superior Court, in a case involving Branchburg Township, has ruled that interest must be accumulated and paid upon the termination of the deferral.

Charging interest upon the deferred assessment would in general defeat the purpose of P. L. 1975, c. 341. The law discourages municipalities from authorizing construction in farming areas of local improvements that enhance development and ultimately force out farming. If interest could be recouped, the municipality would not be discouraged from allowing the local improvement. Also, the law is intended to make it affordable for a farmer to continue to work his land, even after the improvement is built. For example, an assessment for sewers that a farmer does not use might be prohibitive for the farmer, but quite manageable if the land were developed and put to a more profitable use. If interest
were allowed to accrue upon the deferred assessment, the debt might mount so high that it would impair the value of the land, forcing the farmer to sell out.

Nonetheless, charging interest would be justified in certain cases. P. L. 1975, c. 341 mandated the deferral of assessments in projects already authorized by municipalities but was silent on the question of interest. Some municipalities assumed that interest could be charged. If prohibited from charging interest, such municipalities will incur unforeseen costs that will have to be shared by other taxpayers. Indeed, in many cases deferred assessments benefit developers who enjoy farmland tax assessment by temporarily leasing their land to farmers. Although it is desirable to promote the continued farming of such lands, some of these same developers had originally encouraged the installation of the local improvement. If not charged interest, they will enjoy an undeserved windfall as they wait for an opportune time to build on their land. Consequently, with respect to local improvements approved by a municipality before the date of enactment of this bill, interest should be chargeable, except to landowners who reside on the affected farm. A residency exception should spare most family farmers from interest charges which, in fairness, should be borne by landowners who plan ultimately to develop their land and utilize the local improvements.

I note that the bill also changes when the deferral of the assessment will terminate. The law now provides that the deferral expires upon the issuance of a subdivision plan or a building permit for residential, commercial or industrial structures. The bill would remove the obtaining of a building permit as a trigger for ending the deferral. The apparent intent was to allow farmers to build another home on their land without losing the deferred assessment. However, the change in the law would provide a windfall, retroactive to 1976, to landowners who developed their land without securing subdivision plans. A more appropriate change in the law would be to terminate deferrals when the land is no longer actively put to agricultural or horticultural use. This would permit farmers to build farmhouses, barns or roadside fruit and vegetable stands without losing the deferral. Of course, the deferral would terminate upon the construction of an office building or warehouse and the cessation of farming.
Accordingly, I herewith return Senate Bill No. 1183 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, section 1, line 3: After "2." insert "a."

Page 1, section 1, line 8: Delete "approval" and insert "the land is no longer actively devoted to agricultural or horticultural use as defined by the Farmland Assessment Act of 1964, P. L. 1964, c. 48, sec. 5 (C. 54:4–23.5)"

Page 1, section 1, lines 9 and 10: Delete balance of lines

Page 1, section 1, line 12: Delete "purposes is granted" and after "," insert "b. With respect to local improvements authorized by the municipality on or after the date of enactment of this bill, interest" and delete "Interest"

Page 1, section 1, line 14: After "deferment." add "With respect to local improvements authorized by the municipality before the date of enactment of this bill, interest may be charged on any assessments so deferred, except where the owner, or in the case of a corporate owner, the principal stockholder, makes his principal residence on the lands against which the deferred assessment is charged, on adjacent land, or on other farmland or other open space. Interest shall not exceed the rate that may be charged on installments pursuant to R. S. 40:56–35 and shall be due and payable upon the termination of the deferment."

SENATE BILL No. 1081 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1081 (2nd OCR), with my objections for reconsideration.
This bill requires a photograph to appear on all drivers’ licenses as well as extending the duration of the license and doubling the renewal fee. It becomes effective immediately.

I have great misgivings about this measure. Those individuals who wish to acquire a photo license as a means of identification may do so beginning January 2, 1982. Younger drivers are required to have photo licenses in order to curb the improper use of drivers’ licenses as proof for underage alcohol purchases. I am concerned that requiring photo licenses for everyone, however, may cause inconvenience for the driving public and burden the Division of Motor Vehicles. On the other hand, the Legislature overwhelmingly approved the bill.

In the final analysis, I believe the new Governor and Legislature should have an opportunity to reconsider the wisdom of this program. By postponing the effective date of this program, I am giving them the opportunity to do so.

Accordingly, I herewith return Senate Bill No. 1081 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 10: Omit “January 2, 1981” and insert “May 1, 1982”

Page 1, Section 1, Line 16: Omit “1/4” and insert “1/2”

SENATE BILL NO. 1533 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 1533 (OCR) with my objections for reconsideration.
The expressed purpose of Senate Bill No. 1533 (OCR) was to allow the Division of Rate Counsel in the Public Advocate to assess utilities, businesses and industries with annual gross revenues of $1,500,000.00 or less between $500.00 and $1500.00 for each rate change application. If an assessment exceeds $500.00 an itemized statement was to be required from the director of the Division of Rate Counsel.

I find however, that the actual language of this bill does not achieve its sought for result. It would place a $500.00 limit on the assessment to small utilities.

To correct these technical deficiencies I herewith return Senate Bill No. 1533 (OCR) with my recommendations for reconsideration and recommend that it be amended as follows:

Page 2, Section 1, Lines 24g and 24h: Delete “up to 1/10 of 1% of those revenues or $500.00, whichever is greater” and insert “up to $1500.00 but not less than $500.00”

Respectfully,

SENATE BILL NO. 3347

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3347 with my objections.

This bill would authorize the Board of Public Utilities, in its discretion, to allow any public or private water company ordered by the board and the Department of Environmental Protection to acquire and takeover a small water company pursuant to law, to charge and collect a differential rate from the customers of the former service area of the small water company.

This bill is intended to facilitate takeovers ordered under Senate Bill No. 1614 which is now awaiting final action by the General Assembly. That bill is a key element in the...
Administration's water supply program designed to prevent a reoccurrence of the water supply shortages we have experienced recently. Senate Bill No. 1614 is the sole remaining legislative proposal of that program as yet unenacted. This bill is inextricably linked to it.

Accordingly, I am returning Senate Bill No. 3347 with the following recommendation for amendment:

Page 1, Section 2, Line 1: Delete "immediately" and insert "upon enactment of P. L. 1981, c. . . . (now pending before the General Assembly as Senate Bill No. 1614)"

Respectfully,

SENATE BILL NO. 3090 (OCR)

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3090 with my objections, for reconsideration.

The bill establishes a specialty license for bioanalytical laboratory directors. Under existing law only general licenses are issued, and these licenses have proved unfairly difficult for a certified specialist to obtain. This bill would allow a certified specialist to obtain a license in his area of expertise, and not require him to pass an examination covering six varied areas of biological analysis.

While I agree with its purpose I find that this bill passed the Legislature with certain flaws, mostly technical, which need to be corrected. Principal among my substantive objections is the requirement that a general licensee possess a doctorate degree. This is not required under current law and I have recommended its deletion from the bill as passed. I have also recommended that the general license be renamed a plenary license.
Accordingly, I herewith return Senate Bill No. 3090 (OCR) for reconsideration and recommend that it be amended as follows:

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I return Senate Bill No. 3152 (OCR) with my objections, for reconsideration.

This bill amends the law governing the relocation assistance accorded tenants in Atlantic City. Under existing law, (N. J. S. 2A:18–61.15), a landlord seeking to remove a tenant must offer the tenant comparable housing or allow him to remain in the unit rent free for 5 months following the expiration of the notice period or pay him a sum equal to 5 months rent immediately upon notice of conversion.

This bill expands the definition of comparable housing to require that two comparable units must be offered by the landlord to the tenant in order to meet the requirements of the relocation assistance act. This legislation would also allow a landlord to fulfill his obligation to a tenant for whom he could not find comparable housing by paying the required sum of 5 months rent at some time during the 5 months following notice of conversion. Current law requires that the payment be made immediately following the 6 month notice. The delay in payment permitted by the bill defeats much of the purpose of the relocation assistance payment, which is to help tenants obtain another rental unit prior to the expiration of the 6 month relocation period. The relocation assistance payment can be used to meet rental deposit requirements which often present a serious problem for lower income tenants looking for new residences. The portion of the bill extending the landlords' time to make relocation payments unnecessarily deprives the tenants of money they may need in their quest for new housing. For these reasons, I feel that this section of the bill extending the landlords' time to make relocation payments to tenants should be deleted.

Accordingly, I herewith return Senate Bill No. 3152 (OCR) for reconsideration and recommend that it be amended as follows:

Page 2, Section 2, line 17: delete "be made within".
Page 2, Section 2, line 18: delete and insert "accompany the notice."

Page 2, Section 3, lines 17, 18 and 19: delete and insert "payment to the tenant of the specified amount shall accompany the notice."

SENATE BILL NO. 1447

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1447 with my objection, for reconsideration.

This bill establishes an advisory board to the Marie H. Katzenbach School for the Deaf, consisting of 7 to 15 members representing professional and lay interests. Members of the board would be appointed biannually by the Commissioner of the Department of Education with the approval of the State Board of Education.

I believe that such appointments should be subject to some gubernatorial control. I, therefore, recommend that the bill be amended to provide that the appointments be made by the State Board of Education with the approval of the Governor.

Accordingly, I herewith return Senate Bill No. 1447 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 1: Delete "Commissioner of the Department of Education" and insert "State Board of Education".

SENATE BILL NO. 1417 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 1417 (2nd OCR), with my objections for reconsideration.

This bill revises the definition of criminal homicide caused by driving a vehicle. A driver is guilty when his or her conduct is shown to be reckless, as that term is defined by the Criminal Code, or negligent, with “willful or wanton disregard of the rights and safety of others.”

My objection to the bill in its present form concerns the ability of negligence, under certain circumstances, to sustain a criminal conviction. In my view, to require proof of “willful or wanton disregard” creates an inherent contradiction in the definition of negligence. To require a different, extreme version of negligence would only duplicate the standard of recklessness already provided for by this bill.

Accordingly, I herewith return Senate Bill No. 1417 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Lines 6A-6C: After “recklessly” omit “or negligently in a willful or wanton disregard of the rights and safety of others”.

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 517 (OCR) with my objections for reconsideration.

Senate Bill No. 517 (OCR) would place in the classified Civil Service local public health nurses who have served provisionally for 2 years and have taken the appropriate examination.

I understand that the bill is intended to allow certain nurses to qualify for Civil Service without the prerequisite bachelor's degree. The affected nurses, who hold associate's degrees, were provisional employees when the educational requirements were upgraded to a bachelor's.

I do not object to a limited grandfather provision to do equity to individuals who had prepared for the exam before the upgrading. Accordingly, the bill should be limited to those persons holding provisional positions on the effective date of the act, and should not have continuing effect. Also, certain technical changes are necessary to satisfy the intent of the sponsor. As drafted, the bill does not clearly state that the affected nurses would be eligible to compete for the positions, notwithstanding their failure to meet the current educational requirements.

Accordingly, I herewith return Senate Bill No. 517 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, sec. 1, line 1: After "regulation" insert "relating to the qualifications required for appointment to any permanent position in accordance with the provisions of Title 11 (Civil Service) of the Revised Statutes".

Page 1, sec. 1, line 4: After "nurse" insert "and is holding such position on the effective date of this act".

Page 1, sec. 1, lines 7 & 8: Delete "in the classified service of the civil service and shall be appointed to hold his position" and insert "eligible to compete in the appropriate examination for this position".
Page 1, sec. 1, lines 9 & 10: Delete ", after taking the appropriate examination".

SENATE BILL NO. 219 (3rd OCR)

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 219 (3rd OCR) with my objections for reconsideration.

This bill revises various aspects of the governance of county colleges and the formula by which State aid is allocated. The bill is based on the work of the Commission to Study the Mission, Financing and Governance of the County Colleges. The bill provides for a State presence on County College governing bodies and moves the colleges away from an enrollment-driven budget formula to one which is based on academic quality. I have endorsed these changes and believe that their adoption will improve the quality of education offered by our County Colleges.

However, I am returning this bill because I believe that the selection of State representatives to a County College Board, Commission or Coordinating Agency, delegated to the State Board of Higher Education, should be subject to the review and approval of the Governor. A similar procedure, whereby the State Board makes appointments to State College Boards of Trustees, subject to the Governor’s approval, has been in place for several years.

Accordingly, I herewith return Senate Bill No. 219 (3rd OCR) for reconsideration and recommend that it be amended as follows:

Page 3, section 2, line 10: After “Education,” insert “subject to the approval of the Governor,”.

Page 9, section 7, line 22: After “Education” insert “, subject to the approval of the Governor,”.
Page 11, section 9, line 26: After “Education” insert “, subject to the approval of the Governor,”.

SENATE COMMITTEE SUBSTITUTE FOR
ASSEMBLY, No. 1376

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Committee Substitute For Assembly, No. 1376 for reconsideration.

This bill would allow victims of any crime to have their views presented to sentencing courts. It would do this by requiring the Probation Department to inform victims that they can make a statement, which would become part of the pre-sentence report presented to the judge. The statement could include the nature and extent of any physical, emotional or psychological harm, any property or income losses, and general effect of the crime on the victim’s family.

I believe the objectives of the bill are worthwhile. However, I believe that the bill's scope should be limited to victims of violent crimes, not to all victims of crime. I am convinced that the judge's need for this type of statement is more critical in the case of the victim of a violent crime than in the case of crimes against property. Also allowing statements to be made by all crime victims would strain resources now committed to the Probation Department and the judiciary. The definition to “victim” already established under the Violent Crimes Compensation Act would serve to effect this limitation in scope.

I also believe that there should be a time limit for the victim to make a statement. We can ill-afford to have sentences delayed indefinitely while waiting for a victim’s statement. A period of 20 days after notification by the Probation Department is reasonable.
Accordingly, I am returning Senate Committee Substitute For Assembly, No. 1376 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 22: after “desires” add “Any such statement shall be made within 20 days of notification by the probation department.”

The following letters were received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
November 12, 1981.

SENATE BILL NO. 71 (OCR)

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 71 (OCR), with my objections, for reconsideration.
This bill provides a corporation tax credit to tool and die trade shops equal to ten percent of the wages of qualified apprentices employed by the shops. The bill would be applicable to the tax year beginning January 1, 1981.

The act is intended to address a shortage in skilled tool and die tradesmen by encouraging shops to employ apprentices that they otherwise would not employ. In its current form, however, the bill would provide a retroactive tax credit, as many corporations have already filed tax returns for part of the tax year beginning January 1, 1981. Thus, the bill would reward corporations that presumably would have employed qualified apprentices absent the credit. The bill should be prospective in effect.

Accordingly, I herewith return Senate Bill No. 71 (OCR) for reconsideration and recommend that it be amended as follows:

*Page 2, section 5, line 2: Delete “1981” and insert “1982”.*

Respectfully,

SENATE BILL NO. 3055

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Senate Bill No. 3055 with my objections for reconsideration.

This bill would require municipalities to provide relocation assistance to tenants who are displaced by fire or other emergency which renders their dwellings uninhabitable. In these times of fiscal constraints I am concerned that this bill will place a heavy burden upon many municipalities. Accordingly, I recommend that the bill be amended to permit municipalities to offer such relocation assistance without mandating that they do so. I also suggest that the bill be clarified to assure that State relocation assistance continue
to be used in situations where the assistance is mandatory, not optional.

Therefore, I am returning Senate Bill No. 3055 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, line 1: Delete in its entirety and insert "A municipality may provide by resolution that."

Page 1, Section 1, line 10: Add "State appropriations of relocation assistance shall not be used for this purpose unless specifically permitted by language in the appropriations act."

Respectfully,

[Seal]                  /s/ BRENDAN BYRNE,  
Attest:                   Governor.

On motion of Mr. Orechion pursuant to Senate Rule 88, Assembly No. 1760 was referred to the Revenue, Finance and Appropriations Committee.

The following message was received from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
December 13, 1981.

SENATE BILL NO. 3161 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Senate Bill No. 3161 (OCR) with my objections, for reconsideration.
This bill would unify the Law and Chancery Division procedures for obtaining liens against real property in cases where money judgments have been awarded. At present, money judgments obtained in the Law Division automatically act as liens, whereas in the Chancery Division, attorneys must request that judgments be docketed before they can act as liens. This bill would make the current Law Division procedures applicable to Chancery as well.

Establishing a uniform lien procedure for our unitary court system prospectively is justified by concerns of simplicity and consistency. It would be wasteful, unnecessary, and disruptive, however, to apply the new procedures to Chancery judgments awarded in the past. This would require the classification of 20 years of judgments, as Chancery judgments remain subject to a request for docketing for that period of time. As this bill is unclear as to the extent of its application, I recommend amendments to clarify that the bill is prospective in nature only.

Moreover, it is estimated that implementation of the automatic lien procedure will require that additional personnel be hired and trained by the office of the clerk of the Superior Court. I have therefore recommended that the effective date of this legislation be delayed six months.

Finally, there is a concern that the application of the automatic lien procedure to cases involving awards in the form of incremental payments based upon some formula, rather than a fixed dollar amount, will cloud the title of a significant amount of real property, thereby substantially increasing the amount of uncertainty in the real estate market. Such non-specific judgments rarely occur in the Law Division, but are frequently awarded in Chancery litigation, particularly in matrimonial disputes. To forestall problems of this sort, I recommend that it be made clear that a money judgment, subject to an automatic lien, is one in which the award has been reduced to a specific dollar amount.

Accordingly, I herewith return Senate Bill No. 3161 (OCR) for reconsideration and recommend that it be amended as follows:

*Page 1, Section 2, Line 21: After "." INSERT "A judgment or order for the payment of money is one which has been reduced to a fixed dollar amount."*
Page 2, Section 5, Line 1: DELETE "immediately" INSERT "the first day of the sixth month following its enactment and shall apply only to judgments or orders for the payment of money entered by notation thereof upon the civil docket subsequent to the effective date of this legislation."

Respectfully,

[seal] /s/ BRENDAN BYRNE, Governor
Attest:
/s/ HAROLD L. HODES,
Chief of Staff, Secretary.

The following message was received from the Governor:

State of New Jersey,
Executive Department,
December 17, 1981.

Senate Bill No. 1660 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 1660 (OCR) with my objections and recommendations for amendment.

This bill would prohibit the appointment of a person as a notary public if he has been convicted of an offense involving dishonesty or a crime of the second degree or above, or an equivalent offense in another jurisdiction.

I note that the Criminal Code already provides that a person holding public office—as does a notary, Comm'l Union Ins. Co. v. Burt Thomas-Aitken Constr. Co., 49 N.J. 389, 392-393 (1967)—must forfeit his office if convicted of an offense involving dishonesty or a crime of the third degree or higher. N.J.S. 2C:51-2(b). The Code also provides that if the public officer's offense involved or touched on his public office, then he shall be forever disqualified from hold-
ing public office in the future. N.J.S. 2C:51-2(c). This bill would add a pre-appointment disqualification of applicants for the position of notary public.

Although potential notaries should be subject to a standard of trustworthiness, the law should not unnecessarily bar rehabilitated offenders. The Rehabilitated Convicted Offenders Act prohibits discrimination against “any applicant for a license or certificate of authority or disqualification to engage in the practice of a profession or business” unless the case is covered by N.J.S. 2A:93-5, the predecessor of the Criminal Code provision dealing with forfeiture of public office, or unless the conviction relates adversely to the occupation for which the license or certificate is sought. N.J.S.A. 2A:168A-1 and -2. Senate Bill No. 1660 (OCR) should not be construed impliedly to repeal the Rehabilitated Convicted Offenders Act.

Accordingly, I herewith return Senate Bill No. 1660 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, section 1, line 6: After “crime[*]” insert “, but nothing in this section shall be deemed to supersede P.L. 1968, c. 282 (C. 2A:168A-1 et seq.)”.

Page 1, section 2, line 4: After “above” insert “, but nothing in this section shall be deemed to supersede P.L. 1968, c. 282 (C. 2A:168A-1 et seq.)”.

Page 1, after section 2, after line 4: Insert new sections as follows:

“3. Section 1 of P.L. 1968, c. 282 (C. 2A:168A-1) is amended to read as follows:

1. The Legislature finds and declares that it is in the public interest to assist the rehabilitation of convicted offenders by removing impediments and restrictions upon their ability to obtain employment or to participate in vocational or educational rehabilitation programs based solely upon the existence of a criminal record.

Therefore, the Legislature finds and declares that notwithstanding the contrary provisions of any law or rule or
regulation issued pursuant to law, a person shall not be disqualified or discriminated against by any licensing authority because of any conviction for a crime, unless [N.J.S. 2A:93-5] N.J.S. 2C:51-2 is applicable or unless the conviction relates adversely to the occupation, trade, vocation, profession or business for which the license or certificate is sought."

"4. Section 2 of P. L. 1968, c. 282 (C. 2A:168-2) is amended to read as follows:

2. Notwithstanding the contrary provisions of any law or rule or regulation issued pursuant to law, no State, county or municipal department, board, officer or agency, hereinafter referred to as "licensing authority" authorized to pass upon the qualifications of any applicant for a license or certificate of authority or qualification to engage in the practice of a profession or business or for admission to an examination to qualify for such a license or certificate may disqualify or discriminate against an applicant for a license or certificate or an application for admission to a qualifying examination on the grounds that the applicant has been convicted of a crime, or adjudged a disorderly person, except that a licensing authority may disqualify or discriminate against an applicant for a license or certificate if [N.J.S. 2A:93-5] N.J.S. 2C:51-2 is applicable or if a conviction for a crime relates adversely to the occupation, trade, vocation, profession or business for which the license or certificate is sought. In determining that a conviction for a crime relates adversely to the occupation, trade, vocation, profession or business, the licensing authority shall explain in writing how the following factors, or any other factors, relate to the license or certificate sought:

a. The nature and duties of the occupation, trade, vocation, profession or business, a license or certificate for which the person is applying;

b. Nature and seriousness of the crime;

c. Circumstances under which the crime occurred;

d. Date of the crime;

e. Age of the person when the crime was committed;

f. Whether the crime was an isolated or repeated incident;

g. Social conditions which may have contributed to the crime;
h. Any evidence of rehabilitation, including good conduct in prison or in the community, counseling or psychiatric treatment received, acquisition of additional academic or vocational schooling, successful participation in correctional work-release programs, or the recommendation of persons who have or have had the applicant under their supervision."

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

SENATE BILL NO. 1484 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 1484 (OCR) with my objections and recommendations for amendment.

This bill makes certain changes in our law concerning stock ownership of New Jersey banks by permitting foreign banks and holding companies to purchase up to 49 percent of newly issued stock or stock held by the bank. The Commissioner of Banking would have to receive advance notice of the purchase and approve it.

These changes will provide a new source of capital for the State's banks. Unfortunately, the bill contains several clerical errors that would subvert the bill's intent.

Therefore, I herewith return Senate Bill No. 1484 (OCR) and recommend that it be amended as follows:

Page 3, Section 2, Line 5: Delete "outside" and insert "inside"
Page 3, Section 2, Line 6: Delete "outside" and insert "inside"
Page 3, Section 2, Line 9: Delete "outside" and insert "inside"
Page 6, Section 4, Line 59: Insert "except as provided in subsection b of this section"

Respectfully,

/s/ BRENDAH BYRNE, Governor.

Attest:

/s/ HAROLD L. HODES,
Chief of Staff, Secretary.

SENATE BILL No. 3304 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 3304 (OCR) with my objections.

This bill would allow county freeholders to remove a sheriff from control of the county jail only if he is convicted of a crime, found incompetent by a court or requests removal in writing. At present the Board of Freeholders may remove a sheriff and assume custody and control upon a two-thirds vote of the Board. The Board must then file a certificate with the Secretary of State.

Eight counties have already taken control of the jail from the sheriff. This bill, however, is retroactive to June 1, 1981 and enactment would reserve the decision of the Freeholders in Union and Burlington Counties. Control of the jails there would be restored to the sheriff.

The operation of the county jail is one of the major responsibilities of county government and enactment of this legislation could greatly impede its executive functions. It will be extremely difficult to remove a sheriff who is simply not doing the job. A sheriff can be incompetent and not guilty of a crime. Furthermore, I know of no procedure in the law which would permit a judicial determination of incompetency on the part of a sheriff short of one which would also oust him from office.

This is not to say that most sheriffs have not performed admirably as heads of the county jails. I can also sympathize with their dependence upon the favor of the Board of Freeholders. But this is a problem-ridden and potentially explosive area. Waiting for a criminal conviction or judicial determination of incompetency could invite disaster.
Therefore, I herewith return Senate Bill No. 3304 (OCR) without my approval.

Respectfully,

SENATE BILL NO. 3518

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 3518 with my objections and recommendations for amendment.

This bill would create districts for the election of members from New Jersey to the House of Representatives of the United States of America for the next decade. The process of congressional redistricting has received considerable publicity within the past several weeks with various elements of both political parties expressing criticism of each attempt to delineate district boundaries.

I am convinced that this bill satisfies the constitutional criteria of population equality among districts and the protection of minority group influence on the election of Congressmen. I do not believe, however, that it adequately compromises competing political interests.

Accordingly, I am conditionally vetoing this bill in such a manner as to comport with the constitutional criteria but also to accommodate those interests.

Therefore, I herewith return Senate Bill No. 3518 and recommend that it be amended as follows:
