

They Said It!

Walter Timpone "is an outstanding lawyer with a sterling record as a public servant and practitioner of high integrity, broad experience and commitment to the law."

Michael Chertoff, Former U.S. Secretary Of Homeland Security : "Walter Timpone is an outstanding lawyer with a sterling record as a public servant and practitioner of high integrity, broad experience and commitment to the law. If confirmed, he will be a distinguished addition to the Supreme Court."

John Farmer, Former New Jersey Attorney General: "I have known Wally Timpone for over twenty-five years. As a colleague, I benefited from his counsel -- and his knowledge of the best restaurants in Newark -- in the US Attorney's office."

- "As Attorney General, I had no hesitation in turning to Wally to lead an internal investigation of the situation at the Division of Motor Vehicles and to serve as an independent election monitor in Passaic County. "
- "He will bring to the Court not just the legal acumen acquired over more than thirty years of practice, but also the kind of collegial approach to consensus-building that has been a hallmark of the Court's outstanding reputation since the adoption of the 1947 Constitution."

Miles S. Winder III, President Of The New Jersey Bar Association: "We applaud our elected leaders for putting aside politics to preserve the independence of our Judiciary, a co-equal branch of government and the crown jewel of our democracy." (Press Release, 4/11/16)

- "The compromise also averts what in a few short weeks would have been a true judicial emergency. With an existing 44 vacancies on the Superior Court bench and the threat that an additional 23 judges up for tenure would have been held up as a result of the impasse over the Supreme Court nomination, litigants across New Jersey would have found the courthouse doors closed."
- On behalf of the legal community in New Jersey and our state's citizens, we urge the Senate to expeditiously hold hearings in order to provide the necessary advice and consent for the nomination

of Walter Timpone to the Supreme Court and for all judges who are nominated for reappointment.”

Essex County Bar Association: “As a long time member of the Essex County Bar Association, we know well the talent and experience Mr. Timpone brings to any task. His professionalism, integrity and scholarship will benefit the people of New Jersey immeasurably if he is elevated to our highest court.”
