TOO MANY ALREADY? I'M YOUR MAN!

Yes, sir, I don't know how many hundred thousand people I have cured of that complaint, but it is quite a few. It's common. It's more common than cold in the head. It's the first thing a man says to me when I tackle him to take the Farm Journal.

"Another farm paper?" says he. "I guess not; I have too many already."

Then I say, "Well, why on earth don't you stop about six of them and take one real GOOD paper? A paper that is practical, concise, boiled-down; cream, not skim-milk. In short, the Farm Journal. You really need ONLY ONE farm paper, if that one is THE BEST ONE."

"How do I know yours is the best?" says he.

"You don't," I reply. "You have got to try it and see. That is just what I want you to do."

And then I go ahead and give him some of these facts:

The Farm Journal was first issued by me in March, 1877, and has been published continuously to the present time. It contains from 32 to 80 pages, according to the month. It is printed on good white paper, in large, clear type, and is fully illustrated.

It is cut to fit the farmers and villagers of America and will fit every one that is the right shape.

It knows what to put in, better still, it knows what to leave out.

It prints no tiresome, long-winded essays, and is no good for insomnia.

It is seasonable, treating topics in season only.

It contains no guessing swindles, no get-rich-quick concerns, no medical advertising, no land shark schemes, no nasty or unclean advertising of any sort whatever.

It has no political ax to grind, and demands only that farmers shall have seats at the First Table. It calls for fair play for every one that works and means well.

It looks on the bright side of things, turning the dark side to the wall; likes a grin better than a groan.

It pleases the women folks all to pieces.

Boys and girls cry for it.

DON'T LET THEM CRY! Send a dollar to-day, and you get this great little paper for FIVE YEARS.

CUMBERLAND COUNTY

"THE VINEYARD OF SOUTH JERSEY"

THE publishers of the FARM JOURNAL maintain that we all need to know more of our own home counties and the neighbors who are right around us.

Did you ever have the experience of going to a great city like Philadelphia or New York and hearing from people there something about the importance of your own county that you never knew before?

This farm directory is published for the people of Cumberland county in the belief that it will reveal to them many things of great interest and value about the farms and farming interests of their own county.

Cumberland county has a total area of 511 square miles, and a population according to the last census, of 55,153, which gives 108 persons to the square mile. Gloucester county has 115 persons to the mile, and Salem only 76.

Of the total land area of about 320,000 acres in the county, 158,553 acres, less than 50 per cent., is in farms.

There are in the county 2,724 farms, the average size being 59 acres.

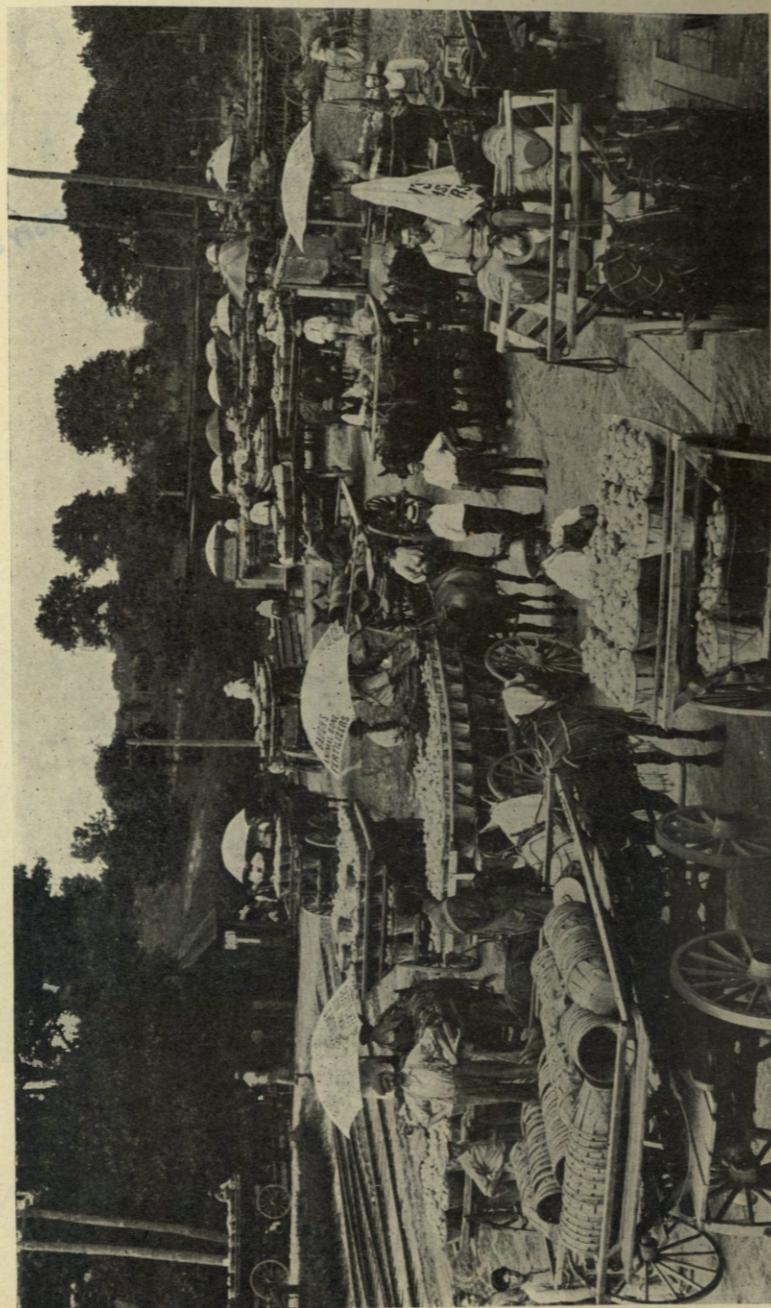

According to the census of 1910, the value of all farm property in the county, including land, buildings, implements, domestic animals, poultry, etc., is \$11,443,596. This gives an average of \$4,200 per farm.

Of the men operating these 2,724 farms, 1,923, or 70 per cent., are native Americans, and 705, or 26 per cent., are foreign born; 96 are colored.

Of the 2,724 farms in the county, 2,142, or 79 per cent., are operated by their owners, and 520, or 19 per cent., by tenants. Of the tenant farmers, 23 per cent. pay cash rent and 65 per cent. work on shares.

Of the 2,142 farms operated by their owners, 886, or 42 per cent., are reported as free from mortgage debt, and 1,187, or 44 per cent., bearing mortgages.

The chief crops of Cumberland county are corn and potatoes. The latest census report gives the crop of corn for one year as 657,515

Shipping potatoes at Shiloh Crossing. Sometimes two hundred loaded wagons gather at this station at one time.

bushels, of white potatoes as 647,515 bushels, and of sweet potatoes as 411,611 bushels.

While Cumberland county does not stand quite so high in the value of farms and farm products as Salem and Gloucester, it is decidedly progressive in farming methods, and as a natural result is one of the most prosperous farming counties of south Jersey. One evidence of this is the fact that the FARM JOURNAL has a circulation in the county of over 2,600, which is nearly one subscriber to every farm in the county. This we believe exceeds the circulation here of any other paper published.

There is no better index of the intelligence of farmers than the extent to which the standard agricultural papers are read by them.

The prosperity of Cumberland county farmers is further shown by the character of their houses, buildings and farm equipment. The pictures in this book show this in the most graphic way, and will be found of deep interest to readers both within and without the county.

This is the greatest thing on the market today for you who do your own butchering. This is made with ratchet at lever and the hog may be turned or kept in any desired position. Now is the time to place your order so as to have it ready for the fall butchering.

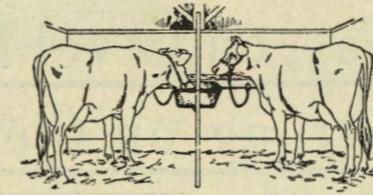

Lawn Swing

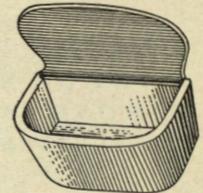

Many imitations come and go, but the above is the first and original STEEL SWING built in this country, stands firm as a rock, and has well-known protected patented points that you cannot get in any other. Write for our circular as now is the time to place your order and avoid the rush.

TROUGHS. We manufacture all kinds of troughs of any size desired. We can make either plain or galvanized troughs and we guarantee them not to break in shipping or freezing. We tap all troughs in the bottom unless otherwise ordered.

IRON AGE FARM, GARDEN and ORCHARD TOOLS

have been made in Gloucester Co., New Jersey, for more than three-fourths of a century, by men who have also been practical farmers and gardeners. At the present time, the Vice-President and the General Manager each own large farms on which they use modern machinery of all kinds, including Iron Age tools, many of which are developed in that way. They are trade-marked tools and widely advertised in all parts of the world—they are known as "standard" in their line—to be depended on for the work claimed for them. Are not these the kind that you aim to use? Don't go away from home to buy good machines—the makers are handy to get at when you want a new machine quick or some needed repairs and they are always here.

CRAMER & ROGERS BRIDGETON AND MILLVILLE

Madam Housekeeper:

Did you ever take the time to figure out how much you spend on groceries in a year? If you have, you were probably amazed to find how important an item it was in the budget of household expenses. If you could save a little here, and a little there, on practically everything in the grocery line, wouldn't it go a long, long way toward keeping Down Your Cost of Living?

Broad or Atlantic Street cars to the Farm

CUMBERLAND County's Headquarters for Horses and Cattle. More horses change owners here than elsewhere in the county. There's a reason. The fair treatment we give our customers tells the story. Many of our customers were our first ones when we started in business. They come back and bring their friends with them. You do not need Farm Journal "Horse Secrets" if you deal here. I have spent my life in the business, made a close study of it and the customer gets the benefit of my experience. To the farmer making a sale, did it ever occur to you that most any one could sell your small stuff and implements, but a man who knows can easily make you a few hundred on your stock, where most of your money is, by having the practical experience? ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

The "Tea-Burners' Monument" at Greenwich. The inscription reads:—

IN MEMORY OF THE
 PATRIOTS OF CUMBERLAND CO., N. J.,
 WHO ON THE EVENING OF
 DECEMBER 22, 1774,
 BURNED BRITISH TEA NEAR
 THIS SITE.

GREENWICH TOWNSHIP

ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

LAWRENCE TOWNSHIP

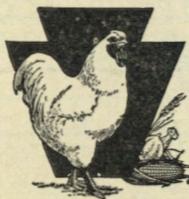

ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

MILLVILLE TOWNSHIP.

MILLVILLE TOWNSHIP

ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

MAURICE RIVER TOWNSHIP

ABBREVIATIONS.—a, means acres; bds., boards; B. tel., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown too. Many have tried, but all have to quit one or the other.

Three Good Ideas to Every Ten Words

I BEGAN editing the Farm Journal 36 years ago on the theory that time was almighty scarce. That what people needed was a paper that told when they needed to know, and was quick about it.

That's the kind of paper I edited then, and I edit it now the same way, only more so.

Honestly, you have no idea what can be done in the way of boiling down, shortening, condensing and getting to the heart of the matter, if you have not read my Farm Journal; 35 years of it have taught me something. My smallest issue, 32 pages, has a lot more in than 132 pages of some papers I have read. Why, I believe some editors will not average more than one idea to 1,000 words (and not much of an idea at that sometimes.) My aim is three good ideas to every 10 words, and four if I can make it! We don't hit it always, but—well, the average is pretty fair; pretty fair.

I do not know how many read my paper, but I have to fight to keep it until I read it myself. I have seen the Farm Journal in eight or ten more houses in my neighborhood, with my name on the title page. One family numbers fifteen and they all read the Farm Journal. C. W. H. Cedro, Wash.

We think your little paper is all right, because it has no tobacco, liquor or quack medicine advertisements in its columns. Its pages are so clean that we are not afraid to let the children read them, and wish all papers were as clean. (I receive thousands of such letters) Mrs. G. H. Becket, Ridgeway, Wis.

YOU ARE MISSING SOMETHING

if you are not reading the Farm Journal. You can live without it, of course, but you can't live so MUCH; you can make nearly as much money, perhaps, but YOU WON'T BE SO HAPPY.

WILMER ATKINSON, Editor Farm Journal
WASHINGTON SQUARE, PHILADELPHIA

I LOSE \$50,000 A YEAR

I could have it as easy as not. Would hardly have to lift a finger to get it. Yet, I let it go elsewhere.

Dozens of shady advertisers and quack medicines would pay almost any price for space in my Farm Journal if I would sell it. \$50,000 is a small estimate of the amount I could get in a year.

But they will never get a line. And, of course, I don't really lose that money. I make more than I lose, because by taking only the best advertisements and protecting my subscribers I gain at both ends.

YOU ARE MISSING SOMETHING

If you are not reading the Farm Journal. You can live without it, of course, but you can't live so MUCH; you can make nearly as much money, perhaps, but YOU WON'T BE SO HAPPY. Were I asked what I consider the real reason of the success of the Farm Journal, I would answer:

"It is a home builder and a home preserver; while it takes due interest in all the brute animals of the farm, advocating the best and kindest care, its heart is more with the human kind for whose comfort, happiness and contentment it ever strives; the men and women, the boys and girls, the tots; father and mother, husband and wife, son and daughter, brother and sister—all the dear farm-home folks—before the cattle, sheep and poultry, the pumpkins, oats and potatoes; its keynote beautiful, happy, prosperous and contented rural homes, not fat hogs. Fat hogs are all right, but they do not come first.

All is clear, concise and boiled down, with sparkles of wit here and there, and such a cheerful, happy, sunny spirit throughout, that each page is an inspiration. You would hardly believe that a farm paper could be made so entertaining and readable. It is unlike any other periodical in the world.

Send me ONE DOLLAR to-day, and get this famous little paper for FIVE YEARS
