b. The provisions of this section shall apply to the minor children of a mother whose husband shall fail properly to support and maintain such children when by reason thereof they are likely to become a public charge.

c. The provisions of this section shall not apply to any person 55 years of age or over except with regard to his or her spouse, or his or her natural or adopted child under the age of 21 years.
2. R. S. 44:4-101 is amended to read as follows:

Father, mother, children, and husband or wife chargeable.

44:4-101. a. The father, mother, children, and husband or wife, severally and respectively, of a person who applies for and is eligible to receive public assistance, shall, if of sufficient ability, at his or their charge and expense, relieve and maintain the poor person or child in such manner as shall be ordered, after due notice and opportunity to be heard, by any county director of welfare, or by any court of competent jurisdiction upon its own initiative or the information of any person.

b. The provisions of this section shall apply to the minor children of a mother whose husband shall fail properly to support and maintain such minor children when by reason thereof they are likely to become a public charge.

c. The provisions of this section shall not apply to any person 55 years of age or over except with regard to his or her spouse, or his or her natural or adopted child under the age of 21 years.

3. R. S. 30:4-66 is amended to read as follows:

4. This act shall take effect immediately.

Approved January 14, 1975.
CHAPTER 2

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 46:8B-19 Taxes, assessments and charges; valuation of units; exemptions or deductions.

19. Taxes, assessments and charges; valuation of units; exemptions or deductions. All property taxes, special assessments and other charges imposed by any taxing authority shall be separately assessed against and collected on each unit as a single parcel, and not on the condominium property as a whole. Such taxes, assessments and charges shall constitute a lien only upon the unit and upon no other portion of the condominium property. All laws authorizing exemptions from taxation or deductions from tax bills shall be applicable to each individual unit to the same extent they are applicable to other separate property.

2. This act shall take effect immediately.

Approved January 22, 1975.

CHAPTER 3

An Act to amend and supplement the "New Jersey Tort Claims Act," approved June 1, 1972 (P. L. 1972, c. 45).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. N. J. S. 59:9-1 is amended to read as follows:

Manner of trial.

59:9-1. Manner of trial. Tort claims under this act shall be heard by a judge sitting without a jury or a judge and jury where
appropriate demand therefor is made in accordance with the rules governing the courts of the State of New Jersey.

2. N. J. S. 59:9-4 is amended to read as follows:

Comparative negligence.

Contributory negligence shall not bar recovery in an action by any party or his legal representative to recover damages to the extent permitted under this act if such negligence was not greater than the negligence of the party against whom recovery is sought, but any damages sustained shall be diminished by the percentage of negligence attributable to the person recovering.

In all negligence actions in which the question of liability is in dispute, the trier of fact shall make the following as findings of fact:

a. The amount of damages which would be recoverable by the injured party regardless of any consideration of negligence, that is, the full value of the injured party’s damages to the extent permitted under this act.

b. The extent, in the form of a percentage, of each party’s negligence. The percentage of negligence of each party shall be based on 100% and the total of all percentages of negligence of all the parties to a suit shall be 100%.

c. The judge shall mold the judgment from the findings of fact made by the trier of fact in accordance with the provisions of this act.

C. 59:9-7 Right of court to review amount of verdict.

3. Nothing in the act to which this act is a supplement shall affect the right of the court, in accordance with the rules governing the courts, to review the amount of a verdict or judgment on its own initiative or in acting on a motion of a party for a new trial.

4. This act shall take effect immediately and shall apply to claims that accrue on or after its effective date and it shall also apply retroactively to those claims which have accrued since July 1, 1972 and which have not been reduced to judgment.

Approved January 22, 1975.

An Act to validate certain proceedings of school districts and any bonds or other obligations issued or to be issued pursuant to such proceedings.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

Validating act.

1. All proceedings heretofore had or taken by any school district or at any school district election for the authorization or issuance of bonds of the school district, and any bonds or other obligations of the school district issued or to be issued in pursuance of a proposal adopted by the legal voters at such election, are hereby ratified, validated and confirmed, notwithstanding that the supplemental debt statement required by N. J. S. 18A:24-16 was not prepared and filed as required by N. J. S. 18A:24-17, or notwithstanding that the adoption of such proposal authorized the board of education to issue bonds the principal amount of which, added to the amount of all bonds and notes of the school district then issued and outstanding or authorized but unissued less the amount of any sinking funds held for payment of the same, exceeded any limitation or other restriction prescribed by N. J. S. 18A:24-19 and such proposal did not disclose or correctly disclose the effect thereof on the borrowing margin of any municipality comprised within the school district in compliance with the provisions of N. J. S. 18A:24-23 and N. J. S. 18A:24-24; provided however that such supplemental debt statement has heretofore been made, sworn to, and filed in the places required by N. J. S. 18A:24-16 and N. J. S. 18A:24-17; and provided further that no action, suit or other proceedings of any nature to contest the validity of such proceedings has heretofore been instituted prior to the date upon which this act takes effect and within the time fixed therefor by or pursuant to law or rule of court, or when such time has not heretofore expired, is instituted within 30 days after the effective date of this act.

2. This act shall take effect immediately.

Approved January 22, 1975.
CHAPTER 5

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 4 of P. L. 1952, c. 16 (C. 27:12B-4) is amended to read as follows:

C. 27:12B-4 New Jersey Highway Authority; establishment; members; issuance of bonds or fixing of tolls; approval of State officers; approval of actions by Governor.

4. There is hereby established in the State Department of Transportation a body corporate and politic, with corporate succession, to be known as the "New Jersey Highway Authority." The authority is hereby constituted an instrumentality exercising public and essential governmental functions, and the exercise by the authority of the powers conferred by this act in the construction, operation and maintenance of projects shall be deemed and held to be an essential governmental function of the State.

The New Jersey Highway Authority shall consist of seven members, each of whom shall be a resident of the State, who shall have been a qualified elector therein for a period of at least 1 year next preceding his appointment. Each member of the authority shall be appointed by the Governor, with the advice and consent of the Senate, for a term of 5 years and shall serve until his successor is appointed and has qualified. Of the two members first appointed pursuant to this amendatory act, one shall be for a term of 4 years and one for a term of 5 years. Each member of the authority may be removed from office by the Governor, for cause, after a public hearing. Each member of the authority before entering upon his duties shall take and subscribe an oath to perform the duties of his office faithfully, impartially and justly to the best of his ability. A record of such oaths shall be filed in the office of the Secretary of State.

Any vacancies in the membership of the authority occurring other than by expiration of term shall be filled in the same manner as the original appointment, but for the unexpired term only.

The Governor shall designate one of the members of the authority as chairman thereof and another member as vice-chairman thereof. The chairman and vice-chairman of the authority so
designated shall serve as such at the pleasure of the Governor and until their respective successors have been designated. The authority shall elect a secretary and a treasurer who need not be members. At the option of the authority the same person may be elected to serve both as secretary and treasurer. Four members of the authority shall constitute a quorum and the vote of four members shall be necessary for any action taken by the authority. No vacancy in the membership of the authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the authority.

Before the issuance of any bonds or notes under the provisions of this act, each member of the authority shall execute a surety bond in the penal sum of $25,000.00, and the treasurer shall execute a surety bond in the penal sum of $50,000.00, each such surety bond to be conditioned upon the faithful performance of the duties of the office of such member or treasurer, as the case may be, to be executed by a surety company authorized to transact business in the State of New Jersey as surety and to be approved by the Attorney General and filed in the office of the Secretary of State.

No resolution or other action of the authority providing for the issuance of bonds, refunding bonds or other obligations or for the fixing, revising or adjusting of tolls for the use of any highway projects or parts or sections thereof shall be adopted or otherwise made effective by the authority without the prior approval in writing of the Governor and at least one of the following: the State Treasurer and the Comptroller of the Treasury. The powers conferred in this section upon the Governor, the State Treasurer and the Comptroller of the Treasury shall be exercised with due regard for the rights of the holders of bonds of the authority at any time outstanding, and nothing in, or done pursuant to, this section shall in any way limit, restrict or alter the obligation or powers of the authority or any representative or officer of the authority to carry out and perform in every detail each and every covenant, agreement or contract at any time made or entered into by or on behalf of the authority with respect to its bonds or for the benefit, protection or security of the holders thereof.

A true copy of the minutes of every meeting of the authority shall be forthwith delivered by and under the certification of the secretary thereof, to the Governor. No action taken at such meeting by the authority shall have force or effect until 10 days (Saturdays, Sundays and holidays excepted) after such copy of the minutes shall have been delivered or the approval thereof by the Governor.
prior thereto. If, in said 10-day period, the Governor returns such copy of the minutes with veto of any action, except action to negotiate or execute a collective negotiation agreement with a certified public employee organization representing employees of the authority, taken by the authority or any member thereof at such meeting, such action shall be null and of no effect.

The members of the authority shall not receive compensation for their services as members of the authority. Each member shall be reimbursed by the authority for his actual expenses necessarily incurred in the performance of his duties.

2. This act shall take effect 30 days after enactment.

Approved January 22, 1975.

16. a. Each campaign treasurer of a candidate shall make a full report, upon a form prescribed by the Election Law Enforcement Commission, of all moneys, loans, paid personal services or other things of value, contributed to him or to the deputy campaign treasurers of the candidate, and all expenditures paid out of the campaign fund of the candidate, during the period ending with the day preceding the date of the report and beginning on the date the most recent such report was filed, or, in the case of the first such report filed after the appointment of the campaign treasurer, beginning on the date of the appointment of the campaign treasurer. The report shall also contain the name and address of each person or group from whom moneys, loans, paid personal services or other things of value have been contributed and the amount contributed by each person or group. The campaign treasurer and the candidate shall certify the correctness of the report.

b. During the period between the appointment of the campaign treasurer and the election with respect to which contributions are accepted or expenditures made by him, the campaign treasurer shall file his report (1) on the seventh day preceding the election, and (2) on the twenty-fifth day preceding the election; and after the election he shall file his report on the fifteenth day following such election. Concurrent with the report filed on the fifteenth day following an election, or at any time thereafter, the campaign treasurer of a candidate or political committee or committee of a political party or the treasurer of a political information organization may certify to the Election Law Enforcement Commission that the campaign fund of such candidate, political committee or committee of a political party, or the fund of such political information organization, having been instituted for the purposes of the late election, has wound up its business and been dissolved or, in the case of a political committee or a committee of a political party or a political information organization which continues its activities beyond the election, that its business regarding the late election has been wound up; and said certification shall be accompanied by a final accounting of such campaign fund, or of the transactions relating to such election, including the final disposition of any balance remaining in such fund at the time of dissolution or the arrangements which have been made for the discharge of any obligations remaining unpaid at the time of dissolution. Until such certification has been filed, each such treasurer shall continue to file, at the conclusion of each 60-day interval from
the fifteenth day following such election, reports in the form and manner herein prescribed.

c. In the case of a primary, general, municipal, school, or special election of a candidate for an office elected by a municipal or county-wide constituency or a school district a duplicate copy of the campaign treasurer's report, duly certified, shall be filed at the same time with the county clerk of the county in which the candidate resides.

d. There shall be no obligation to file the reports required by this section on behalf of a candidate if such candidate files with the Election Law Enforcement Commission a sworn statement to the effect that the total amount to be expended in behalf of his candidacy by the candidate, by any State, county or municipal committee of a political party, by any political committee, or by any person shall not in the aggregate exceed $1,000.00; provided, that if a candidate who has filed such a sworn statement receives contributions from any one source aggregating more than $100.00 he shall forthwith make report of the same, including the identity of the source and the aggregate total of contributions therefrom, to the Election Law Enforcement Commission.

There shall be no obligation imposed upon a candidate seeking election to a public office of a school district to file either the reports required under section 16 (b) or the sworn statement referred to in subsection d. of this section or to comply with the requirements of sections 9, 11 or 12 of this act, if the total amount expended and to be expended in behalf of his candidacy by the candidate, any political committee, any political party committee or by any person, does not in the aggregate exceed $1,000.00; provided, that if such candidate receives contributions from any one source aggregating more than $100.00 he shall forthwith make a report of the same, including the identity of the source and the aggregate total of contributions therefrom, to the commission.

f. In any report filed pursuant to the provisions of this section, the names and addresses of contributors whose contributions during the period covered by the report did not exceed $100.00 may be excluded; provided, however, that (1) such exclusion is unlawful if any person responsible for the preparation or filing of the report knew that such exclusion was made with respect to any person whose contributions relating to the same election and made to the reporting candidate or to an allied campaign organization or organizations aggregate, in combination with the contribution in respect of which such exclusion is made, more than
$100.00, and (2) any person who knowingly prepares, assists in preparing, files or acquiesces in the filing of any report from which the identity of any contributor has been excluded contrary to the provisions of this section is subject to the provisions of section 21 of this act, but (3) nothing in this proviso shall be construed as requiring any candidate reporting pursuant to this act to report the amounts, dates or other circumstantial data regarding contributions made to any other candidate, political committee or committee of a political party.

g. Any report filed pursuant to the provisions of this section shall include an itemized accounting of all receipts and expenditures relative to any testimonial affair held since the date of the most recent report filed, which accounting shall include the names and addresses of each contributor in excess of $100.00 to such testimonial affair and the amount contributed by each, the expenses incurred, and the disposition of the proceeds of such testimonial affair.

CHAPTER 12

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 5 of P. L. 1961, c. 49 (C. 52:14-17.29) is amended to read as follows:

C. 52:14-17.29 Coverages.

5. (A) The contract or contracts purchased by the commission pursuant to section 4 shall provide separate coverages or policies as follows:

(1) Basic benefits which shall include:
   (a) Hospital benefits, including outpatient;
   (b) Surgical benefits;
   (c) Inpatient medical benefits;
(d) Obstetrical benefits, in the case of family contracts; and
(e) Post-hospital services rendered by an extended care
facility or by a home health agency and for specified medical
care visits by a physician during an eligible period of such
post-hospital services, to the extent and subject to the condi-
tions and limitations agreed to by the commission and the
carrier or carriers.

Basic benefits shall be substantially equivalent to those available
on a group remittance basis to employees of the State and their
dependents under the subscription contracts of the New Jersey
“Blue Cross” and “Blue Shield” Plans. Such basic benefits shall
include benefits for;

(i) Additional days of inpatient medical service;
(ii) Surgery elsewhere than in a hospital;
(iii) X-ray, radioactive isotope therapy and pathology ser-
vice;
(iv) Physical therapy services;
(v) Radium or radon therapy services;

and the extended basic benefits shall be subject to the same con-
ditions and limitations, applicable to such benefits, as are set forth
in “Extended Outpatient Hospital Benefits Rider,” Form 1500,
71 (9-66), and in “Extended Benefit Rider” (as amended), Form
MS 7050J (9-66) issued by the New Jersey “Blue Cross” and
“Blue Shield” Plans, respectively, and as the same may be
amended or superseded, subject to filing by the Commissioner of
Insurance; and

(2) Major medical expense benefits which shall provide benefit
payments for reasonable and necessary eligible medical expenses
for hospitalization, surgery, medical treatment and other related
services and supplies to the extent they are not covered by basic
benefits. The commission may, by regulation, determine what
types of services and supplies shall be included as “eligible medical
services” under the major medical expense benefits coverage as
well as those which shall be excluded from or limited under such
coverage. Benefit payments for major medical expense benefits
shall be equal to a percentage of the reasonable charges for eligible
medical services incurred by a covered employee or an employee’s
covered dependent, during a calendar year as exceed a deductible
for such calendar year of $100.00 subject to the maximums herein-
after provided and to the other terms and conditions authorized by
this act. The percentage shall be 80% of the first $2,000.00 of
charges for eligible medical services incurred subsequent to satisfaction of the deductible and 100% thereafter. There shall be a separate deductible for each calendar year for (a) each enrolled employee and (b) all enrolled dependents of such employee. Not more than $25,000.00 shall be paid for major medical expense benefits with respect to any one person for any 1 calendar year and not more than $100,000.00 shall be paid for such benefits with respect to any one person for the entire period of such person’s coverage under the plan, whether continuous or interrupted except that these maximums may be reapplied to a covered person in amounts not to exceed $2,000.00 a year. Maximums of $10,000.00 per calendar year and $20,000.00 for the entire period of the person’s coverage under the plan shall apply to eligible expenses incurred because of mental illness or functional nervous disorders, and such may be reapplied to a covered person. For retired employees, the maximum lifetime benefit for each person shall be the unused balance of the lifetime maximum remaining while in active service or $20,000.00, whichever is less, with a minimum benefit of $5,000.00. Under the conditions agreed upon by the commission and the carriers as set forth in the contract, the deductible for a calendar year may be satisfied in whole or in part by eligible charges incurred during the last 3 months of the prior calendar year.

Any service determined by regulation of the commission to be an “eligible medical service” under the major medical expense benefits coverage which is performed by a duly licensed practicing psychologist within the lawful scope of his practice shall be recognized for reimbursement under the same conditions as would apply were such service performed by a physician.

(B) Benefits under the contract or contracts purchased as authorized by this act may be subject to such limitations, exclusions, or waiting periods as the commission finds to be necessary or desirable to avoid inequity, unnecessary utilization, duplication of services or benefits otherwise available, including coverage afforded under the laws of the United States, such as the Federal medicare program, or for other reasons.

(C) The rates charged for any contract purchased under the authority of this act shall reasonably and equitably reflect the cost of the benefits provided based on principles which in the judgment of the commission are actuarially sound. The rates charged shall be determined by the carrier on accepted group rating principles with due regard to the experience, both past and contemplated,
under the contract. The commission shall have the right to particularize subgroups for experience purposes and rates. No increase in rates shall be retroactive.

(D) The initial term of any contract purchased by the commission under the authority of this act shall be for such period to which the commission and the carrier may agree, but permission may be made for automatic renewal in the absence of notice of termination by the State. Subsequent terms for which any contract may be renewed as herein provided shall each be limited to a period not to exceed 1 year.

(E) The contract shall contain a provision that if basic benefits of an employee or of an eligible dependent under the contract, after having been in effect for at least 1 month, is terminated, other than by voluntary cancellation of enrollment, there shall be a 31-day period following the effective date of termination during which such employee or dependent may exercise the option to convert, without evidence of good health, to left-group conversion coverage issued by the carrier on a direct payment basis. Such conversion coverage shall include benefits of the type classified as "basic benefits" in subsection (A) hereof. The provision shall further stipulate that the employee or dependent exercising the option to convert shall pay the full periodic charges for the left-group coverage which shall be subject to such terms and conditions as are normally prescribed by the carrier for this type of coverage.

(F) The commission may purchase a contract or contracts to provide drug prescription and other health care benefits or authorize the purchase of a contract or contracts to provide drug prescription and other health care benefits as may be required to implement a duly executed collective negotiations agreement.

2. This act shall take effect immediately.

Approved February 13, 1975.

CHAPTER 17

An Act concerning additional space in the State House for use by the Legislature.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. It is hereby declared that: a. During the past several years, the Senate and General Assembly, separately and jointly, have restructured their organization, rules and procedures to provide
for more deliberate and open consideration of legislative proposals.
b. As part of that restructuring, the 23 standing reference com-
mitees of the two houses have been meeting regularly in open
meetings, and additional full-time staff has been provided to assist
these committees and the leadership in both houses. c. The space
now available in the State House for use by the Senate and General
Assembly, their committees and commissions and their staffs is
severely inadequate and constitutes a serious obstacle to the ef-
factive initiation, review and consideration of legislative proposals.
d. It is essential that adequate space be made available in the
State House for legislative leaders, committees and commissions
and staff engaged in the day-to-day operations of the Legislature
which cannot be effectively conducted in locations remote from the

10. The clerk of any municipality adopting an ordinance pursuant to this act shall, immediately following the adoption of the ordinance or any amendment thereof, forward a copy thereof to the Director of the Division of Local Finance in the Department

C. 3A:15-17.6 Exchange or conversion by banking institution.

C. 3A:15-17.7 Continuance of investment by fiduciary.

CHAPTER 26

An Act to establish guidelines for the management and use of investments held by eleemosynary institutions and funds, and repealing P. L. 1971, c. 256 (C. 15:18-1 et seq.).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In this act:
   a. "Institution" means an incorporated or unincorporated organization organized and operated exclusively for educational, religious, charitable, hospital or other eleemosynary purposes, or a governmental organization to the extent that it holds funds exclusively for any of these purposes;
   b. "Institutional fund" means a fund held by an institution for its exclusive use, benefit, or purposes, but does not include (1) a fund held for an institution by a trustee that is not an institution or (2) a fund in which a beneficiary that is not an institution has an interest; other than possible rights that could arise upon violation or failure of the purposes of the fund;
c. "Endowment fund" means an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument;

d. "Governing board" means the body responsible for the management of an institution or of an institutional fund;

e. "Historic dollar value" means the aggregate fair value in dollars of (1) an endowment fund at the time it became an endowment fund, (2) each subsequent donation to the fund at the time it is made, and (3) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.

f. "Gift instrument" means a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document (including the terms of any institutional solicitations from which an institutional fund resulted) under which property is transferred to or held by an institution as an institutional fund.

C. 15:18-16 Authority of governing board to appropriate from net appreciation.

2. The governing board may appropriate for expenditure for the uses and purposes for which an endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of an endowment fund over the historic dollar value of the fund as is prudent under the standard established by section 6. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

C. 15:18-17 Restriction upon expenditure of net appreciation.

3. Section 2 does not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only "income," "interest," "dividends," or "rents, issues or profits," or "to preserve the principal intact," or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this act.

4. In addition to an investment otherwise authorized by law or by the applicable gift instrument, and without restriction to investments a fiduciary may make, the governing board, subject to any
specific limitations set forth in the applicable gift instrument or in the applicable law other than law relating to investments by a fiduciary, may:

a. Invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, partnerships, or individuals, and obligations of any government or subdivision or instrumentality thereof;

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R. S. 17:10-2 is amended to read as follows:

Loan business to be licensed; scope of chapter.

17:10-2. Loan business to be licensed; scope of chapter. No person, copartnership, association or corporation shall engage in the business of making loans of money, credit, goods, or things in action in the amount of or the value of $2,500.00 or less and charge, contract for, or receive a greater rate of interest, discount, or consideration therefor than the lender would be permitted by law to charge if he were not a licensee hereunder, except as authorized by this chapter and without first obtaining a license from the commissioner.

Any person, copartnership, association or corporation directly or indirectly engaging in the business of soliciting or taking applications for such loans of $2,500.00 or less, or in the business of negotiating or arranging or aiding the borrower or lender in procuring or making such loans of $2,500.00 or less, or in the business of buying, discounting or indorsing notes or of furnishing or procuring guarantee or security for compensation in amounts
of $2,500.00 or less shall be deemed to be engaging in the business
of making loans subject to the provisions of this chapter.

2. R. S. 17:10-13 is amended to read as follows:

Restrictions upon license; contract provisions for payments in installments.

17:10–13. Restrictions upon license; contract provisions for payments in installments. No licensee shall advertise, print, display, publish, distribute, telecast or broadcast, or permit to be advertised, printed, displayed, published, distributed, telecast or broadcast, any statement or representation which refers to the supervision by the State of the business licensed hereunder. No licensee or any other person shall knowingly in any such manner make or permit to be made any statement or representation with regard to the rates, terms, or conditions for making loans in the sum of $2,500.00 or less, which is false, misleading, or deceptive.

No licensee shall make any loan upon security of any assignment of or order for the payment of any salary, wages, commissions or other compensation for services earned, or to be earned, nor shall any such assignment or order be taken by a licensee at any time in connection with any loan, or for the enforcement of repayment thereof, and any such assignment or order hereafter so taken or given to secure any loan made by any licensee under this chapter shall be void and of no effect.

No licensee shall take a lien upon real estate as security for any loan under the provisions of this chapter, except such lien as is created by law upon the recording of a judgment.

No licensee shall conduct the business of making loans under the provisions of this chapter within any office, room, or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, except as may be authorized in writing by the commissioner.

No licensee shall transact such business or make any loan provided for by this chapter under any other name or at any other place of business than that named in the license.

No licensee which is a corporation shall publicly sell or offer for sale within this State any of its capital stock without the written approval of the commissioner first obtained.

Every loan contract shall provide for repayment of principal and interest combined in installments which shall be payable at approximately equal periodic intervals of time and which shall be so arranged that no installment is substantially greater in amount than any preceding installment, except that the repayment schedule
may reduce or omit such installments when necessary because of
the seasonal nature of the borrower's income.

3. R. S. 17:10–14 is amended to read as follows:

Amount of loan; interest; other charges; effect of violations.

17:10–14. Amount of loan; interest; other charges; effect of
violations. Every licensee hereunder may loan any sum of money
not exceeding $2,500.00, repayable in installments, and may charge,
contract for and receive thereon interest at an annual percentage
rate not exceeding 24% on that part of the unpaid principal balance
not exceeding $500.00, and 22% on that part of the unpaid principal
balance in excess of $500.00 but not in excess of $1,500.00, and 18%
on any remainder of such unpaid principal balance.

The interest and periodic payments for loans at these maximum
rates shall be computed from standard tables based on the actuarial
or annuity method which conforms to the so-called "United States
Rule of Partial Payments," which provides that interest shall be
calculated whenever a payment is made and the payment shall be
first applied to the payment of interest and if it exceeds the interest
due, the balance is to be applied to diminish principal. If the pay­
ment is insufficient to pay the entire amount of interest, the balance
of interest due shall not be added to principal, so as to produce
interest thereon.

No interest shall be paid, deducted, or received in advance. In­
terest shall not be compounded and shall be computed only on
unpaid principal balances. For the purpose of computing interest,
whether at the maximum rate or less, a month shall be considered a
calendar month and where a fraction of a month is involved a day
shall be considered one-thirtieth of a month.

No licensee shall induce or permit any person, nor any husband
and wife, jointly or severally, to become obligated, directly or con­
tingently or both, under more than one contract of loan at the same
time for the purpose of obtaining a higher rate of interest than
would otherwise be permitted by this section.

In addition to the interest herein provided for no further or
other charge, or amount whatsoever for any examination, service,
brokerage, commission, expense, fee, or bonus or other thing or
otherwise shall be directly or indirectly charged, contracted for,
or received, except (1) amounts for insurance obtained or provided
by the licensee in accordance with the provisions of this chapter;
and (2) on actual sale of the security in foreclosure proceedings or
upon the entry of judgment. If any interest, consideration or
charges in excess of those permitted by this chapter are charged, contracted for, or received the contract of loan shall be void and the licensee shall have no right to collect or receive any principal, interest, or charges whatsoever, and the borrower shall be entitled to recover from the lender any sums paid or returned to the lender by the borrower on account of or in connection with the loan.

4. R. S. 17:10-16 is amended to read as follows:

Amount of charges limited.

17:10-16. Amount of charges limited. No licensee shall directly or indirectly charge, contract for, or receive any interest, discount, or consideration greater than he would be permitted by law to charge if he were not a licensee hereunder upon the loan, use, or forbearance of money, goods, or things in action, or upon the loan, use, or sale of credit, of the amount or value of more than $2,500.00. The foregoing prohibition shall also apply to any licensee who permits any person, as borrower or as indorser, guarantor, or surety for any borrower, or otherwise, to owe directly or contingently or both under one or more loan contracts to the licensee at any time the sum of more than $2,500.00 for principal.

5. R. S. 17:10-17 is amended to read as follows:

Payment in consideration of assignment.

17:10-17. Payment in consideration of assignment. The payment of $2,500.00 or less in money, credit, goods or things in action, as consideration for any sale, assignment or order for the payment of wages, salary, commissions or other compensation for services, whether earned or to be earned, shall, for the purposes of this chapter, be deemed a loan secured by the assignment. The transaction shall be governed by and subject to the provisions of this chapter and any such sale, assignment or order hereafter made shall, for the purposes of this chapter, be void and of no effect.

6. S. R. 17:10-19 is amended to read as follows:

Payment in certain cases deemed a loan.

17:10-19. Payment in certain cases deemed a loan. The payment of $2,500.00 or less in money, credit, goods or things in action as consideration for any sale of personal property which is made on condition that the property be sold back at a greater price shall, for the purposes of this chapter, be deemed to be a loan secured by the property and the amount by which the repurchase price exceeds the original payment actually paid shall be deemed interest
or charges upon the loan from the date the original payment is made until the date the repurchase price is paid. The transaction shall be governed by and be subject to the provisions of this chapter.

7. R. S. 17:10–20 is amended to read as follows:

Prohibited acts.

17:10–20. Prohibited acts. No person, copartnership, association, or corporation, except as authorized by this chapter, shall directly or indirectly charge, contract for, or receive any interest, discount, or consideration greater than the lender would be permitted by law to charge if he were not a licensee hereunder upon the loan, use, or forbearance of money, goods, or things in action, or upon the loan, use, or sale of credit of the amount or value of $2,500.00 or less.

The foregoing prohibition shall apply to any person, copartnership, association, or corporation who or which, by any device, subterfuge, or pretense, shall charge, contract for, or receive greater interest, consideration, or charges than is authorized by this chapter for the loan, use, or forbearance of money, goods, or things in action or for the loan, use, or sale of credit.

No loans of the amount or value of $2,500.00 or less for which a greater rate of interest, consideration, or charge than is permitted by this chapter has been charged, contracted for, or received, wherever made, shall be enforced in this State and any person, copartnership, association or corporation in anywise participating therein in this State shall be subject to the provisions of this chapter. The foregoing shall not apply to loans legally made in any state which then has in effect a regulatory small loan law similar in principle to this chapter, but an action to enforce any loan made in any such state to a person then residing in this State may be maintained in this State only if the amount of interest, discount, consideration or other charge for such loan, demanded to be paid in such action, does not exceed that permitted to a licensee by this chapter for a loan of the same amount repayable in the same manner.

8. This act shall take effect on the sixtieth day following enactment.

Approved April 3, 1975.

A rebuttable presumption that an action is retaliatory shall arise from any termination, suspension, demotion or taking of adverse action on the part of the crew leader which action occurs within a period of 60 days following any act by a seasonal farm worker to exercise any right secured under the provisions of this act or under the laws and regulations of the State or any agency or political subdivision thereof which establish the rights of persons engaged in farm labor or which establish duties of employers of persons engaged in farm labor.

The commissioner or any agent designated by him for such pur-
poses may administer oaths and affirmations, examine witnesses, and receive evidence.

In addition, the commissioner shall affirmatively monitor and investigate the activities and operations of crew leaders as described in this act without respect to specific complaints, at such frequency and in such a manner as is reasonably necessary to assure the enforcement of the provisions of this act by adopting and implementing a plan to include, as a minimum, (1) the interviewing each month, April through November, of a representative cross section of seasonal farm workers employed by virtue of the services of crew leaders registered with the State, and (2) the making of periodic inspections of records such as those required by subsection a. of section 4 (C. 34:8A-10) of this act hereby supplemented.

C. 34:8A-16 Waiver of rights deemed contrary to public policy.

In the case of public sales, the governing body may by resolution fix a minimum price, or prices, with or without the reservation of the right, to reject all bids where the highest bid is not accepted. Notice of such reservation shall be included in the advertisement of the sale and public notice thereof shall be given at the time of sale. Such resolution may provide, without fixing a minimum price, that upon the completion of the bidding, the highest bid may be accepted or all the bids may be rejected. The invitation to bid may also impose restrictions on the use to be made of such real property, capital improvement or personal property and any conditions of sale as to buildings or structures, or as to the type, size, or other specifications of buildings or structures to be constructed thereon, or as to demolition, repair, or reconstruction of buildings or structures, and the time within which such conditions shall be operative, or any other conditions of sale in like manner and to the same extent as by any other vendor. Such conditions shall be included in the
advertisement, as well as the nature of the interest retained by the county or municipality. Such restrictions or conditions shall be related to a lawful public purpose and encourage and promote fair and competitive bidding of the county or municipality and shall not, in the case of a municipality, be inconsistent with or impose a special or higher standard than any zoning ordinance or building, plumbing, electrical, or similar code or ordinance then in effect in the municipality.

In any case in which a county or municipality intends to retain an estate or interest in any real property, capital improvement or personal property, in the nature of an easement, contingent or reversionary, the invitation to bid and the advertisements required herein shall require each bidder to submit one bid under each Option A and Option B below.

(1) Option A shall be for the real property, capital improvement or personal property subject to the conditions or restrictions imposed, or interest or estate retained, which the county or municipality proposes to retain or impose.

(2) Option B shall be for the real property, capital improvement or personal property to be sold free of all such restrictions, conditions, interests or estates on the part of the county or municipality.

The county or the municipality may elect or reject either or both options and the highest bid for each. Such acceptance or rejection shall be made not later than at the second regular meeting of the governing body following the sale, and, if the governing body shall not so accept such highest bid, or reject all bids, said bids shall be deemed to have been rejected. Any such sale may be adjourned at the time advertised for not more than 1 week without readvertising.

(b) At private sale when authorized by resolution, in the case of a county, or by ordinance, in the case of a municipality, in the following cases:

(1) A sale to any political subdivision, agency, department, commission, board or body corporate and politic of the State of New Jersey or to an interstate agency or body of which the State of New Jersey is a member or to the United States of America or any department or agency thereof.

(2) A sale to a person submitting a bid pursuant to subsection (a) of this section where all bids have been rejected,
provided that the terms and price agreed to shall in no event be less than the highest bid rejected and provided further that the terms and conditions of sale shall remain identical.

(3) A sale by any county or municipality when it has or shall have conveyed its right, title and interest in any real property, capital improvement or personal property not needed for public use, and it was assumed and intended that there should be conveyed a good and sufficient title in fee simple to said real property, capital improvement or personal property, free of all encumbrances and the full consideration has been paid therefor, and it shall thereafter appear that the title conveyed was insufficient or that said county or municipality at the time of said conveyance was not the owner of some estate or interest in said real property, capital improvement or personal property or of some encumbrances thereon and the county or municipality shall thereafter acquire a good and sufficient title in fee simple, free of all encumbrances of said real property, capital improvement or personal property or shall acquire such outstanding estate or interest thereon or outstanding encumbrance thereon and said county or municipality, by resolution of the governing body and without the payment of any additional consideration, has deemed to convey or otherwise transfer to said purchaser, his heirs or assigns, such after-acquired title, or estate or interest in, or encumbrance upon, such real property, capital improvement or personal property to perfect the title or interest previously conveyed.

(4) A sale of an easement upon any real property previously conveyed by any county or municipality may be made when the governing body of any county by resolution, or any municipality, by ordinance, has elected to release the public rights in the nature of easements, in, on, over or under any real property within the county or the municipality, as the case may be, upon such terms as shall be agreed upon with the owner of such lands, if the use of such rights is no longer desirable, necessary or required for public purposes.

(5) A sale to the owner of the real property contiguous to the real property being sold provided that the property being sold is less than the minimum size required for development under the municipal zoning ordinance and is without any capital improvement thereon; except that when there is more than one owner with real property contiguous thereto, said
property shall be sold to the highest bidder from among all such owners. Any such sale shall be for not less than the fair market value of said real property.

In the case of any sale of real property hereafter made pursuant to subsection (b) of this section, in no event shall the price agreed upon with the owner be less than the difference between the highest bid accepted for the real property subject to easements (Option A) and the highest bid rejected for the real property not subject to easements (Option B). After the adoption of the resolution or ordinance, and compliance by the owner of said real property with the terms thereof, said real property shall be free, and entirely discharged of and from such rights of the public and of the county or municipality, as the case may be, but no such release shall affect the right of lawful occupancy or use of any such real property by any municipal or private utility to occupy or use any such real property lawfully occupied or used by it.

A list of the property so authorized to be sold, pursuant to subsection (b) of this section, together with the minimum prices respectively, as determined by the governing body, shall be included in the resolution or ordinance authorizing the sale, and said list shall be posted on the bulletin board or other conspicuous space in the building which the governing body usually holds its regular meetings, and advertisement thereof made in a newspaper circulating in the municipality or municipalities in which the real property, capital improvement or personal property is situated within 5 days following enactment of said resolution or ordinance. Offers for any or all properties so listed may thereafter be made to the governing body or its designee for a period of 20 days following the advertisement herein required, at not less than said minimum prices, by any prospective purchaser, real estate broker, or other authorized representative. In any such case, the governing body may reconsider its resolution or ordinance, not later than 30 days after its enactment, and advertise the real property, capital improvement, or personal property in question for public sale pursuant to subsection (a) of this section.

Any county or municipality selling any real property, capital improvement or personal property pursuant to subsection (b) of this section shall file with the Director of the Division of Local Government Services in the Department of Community Affairs, sworn affidavits verifying the publication of advertisements as required by this subsection.
All sales either public or private may be made for cash or upon credit. A deposit not exceeding 10% of the minimum price or value of the property to be sold may be required of all bidders. When made upon credit, the county or municipality may accept a purchase-money mortgage, upon terms and conditions which shall be fixed by the resolution of the governing body; provided, however, that when such mortgage shall be fully payable within 5 years from the date of the sale and shall bear interest at a rate equal to that authorized under Title 31 of the Revised Statutes, as amended and supplemented, and the regulations issued pursuant thereto, or the rate last paid by the county or municipality upon any issue of notes pursuant to the Local Bond Law (chapter 2 of Title 40A of the New Jersey Statutes), whichever is highest. The governing body may, by resolution, fix the time for closing of title and payment of the consideration.

In all sales made pursuant to this section, the governing body of any county or municipality may provide for the payment of a commission to any real estate broker, or authorized representative other than the purchaser actually consummating such sale, but said commissions shall not exceed, in the aggregate, 5% of the sale price, and be paid, where there has been a public sale, only in the event that the sum of the commission and the highest bid price does not exceed the next highest bid price (exclusive of any realtor’s commission).

C. 40A:12-13.2 Right to prior refusal to purchase.

2. Notwithstanding any provision of law to the contrary, whenever any municipality intends to sell real property which is less than the minimum size required for development under the municipal zoning ordinance and is without any capital improvements thereon, it shall accord the owner or owners of any real property contiguous to such real property the right to prior refusal to purchase such land.

3. This act shall take effect immediately.

Approved May 1, 1975.

An Act to amend “An act concerning banking and banking institutions (Revision of 1948),” approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 35 of P. L. 1948, c. 67 (C. 17:9A–35) is amended to read as follows:

C. 17:9A-35 Trust funds.
35. Trust funds.

A. All moneys, securities and other property held by a qualified bank in fiduciary capacities pursuant to paragraphs (5), (6), (7), (8), (9) and (10) of section 28, shall be kept separate and
apart from the moneys, securities and other property belonging to such bank, and such moneys, securities and other property shall not be liable for the debts or obligations of the bank; except that moneys held by a qualified bank in one or more such fiduciary capacities, awaiting investment or disbursement, may be deposited in a single account or in separate accounts with itself or with any other banking institution or with any bank, trust company or national banking association having its principal office in a contiguous State. Moneys so deposited with itself may be used by the bank in the conduct of its business. Securities held by a qualified bank in fiduciary capacities may also be deposited with any other banking institution, or with any bank, trust company or national banking association having its principal office in a contiguous state. The duties of the depository in respect to securities so deposited with it shall be confined to the safekeeping thereof, the collection of interest thereon for the account of the depositing qualified bank, and the performance of such other clerical or ministerial acts as the depositing qualified bank may from time to time request. Nothing herein contained shall be construed as relieving the depositing qualified bank from the duty to account for all securities deposited as authorized by this subsection.

B. In the event of the insolvency of a qualified bank which has deposited such moneys with itself, such bank in such fiduciary capacities shall have claims against the assets of the bank for moneys so deposited, preferred over claims not otherwise entitled to preference, but subordinate to all other claims which shall be entitled to preference. In the event of the insolvency of any other banking institution or of any bank, trust company or national banking association having its principal office in a contiguous state, in which such moneys shall have been deposited, a qualified bank which shall have made such deposits shall be liable for the amount of such deposits as if such deposits had been made with it, and shall be subrogated to its claims as fiduciary against the insolvent banking institution, bank, trust company or national banking association, in which such deposits shall have been made.

C. Notwithstanding any other provisions of law, any qualified bank holding securities in a trust estate, or any banking institution holding securities as a custodian or managing agent, or as custodian for a fiduciary, is authorized to deposit or arrange for the deposit with the Federal reserve bank in its district, any securities so held the principal and interest of which the United States of America or any department, agency or instrumentality thereof has
agreed to pay, or has guaranteed payment. Securities so deposited shall be credited to one or more accounts on the books of such Federal reserve bank in the name of such qualified bank or such banking institution, to be designated fiduciary or safekeeping accounts, to which other similar securities may be deposited. The records of such qualified bank and the records of a banking institution acting as custodian, as managing agent or as custodian for a fiduciary, shall at all times show the name of the party for whose account the securities are so deposited. Ownership of, and other interests in, such securities may be transferred by bookkeeping entry on the books of such Federal reserve bank without physical delivery of certificates representing such securities. A qualified bank or banking institution depositing securities pursuant to this section shall be subject to such rules and regulations as, in the case of State-chartered institutions the commissioner, and in the case of national banks, the comptroller of the currency, may from time to time issue. A qualified bank or banking institution acting as custodian for a fiduciary shall, on demand by the fiduciary, certify in writing to the fiduciary the securities so deposited by such qualified bank or banking institution with such Federal reserve bank for the account of such fiduciary. A qualified bank shall, on demand by any party to a judicial proceeding for the settlement of such qualified bank's account as fiduciary, or on demand by the attorney for such party, certify in writing to such party the securities deposited by such qualified bank with such Federal reserve bank for its account as fiduciary. This subsection shall apply to any qualified bank or banking institution holding securities in a fiduciary, custodial or management capacity, acting on the effective date of this act or who thereafter may act regardless of the date of the agreement, instrument or court order pursuant to which such qualified bank or banking institution is acting. Nothing contained in this subsection shall be construed as relieving a qualified bank or banking institution depositing securities as authorized by this subsection from the duty to account for all securities so deposited.

2. This act shall take effect immediately.

Approved May 2, 1975.

CHAPTER 82

An Act concerning the dissolution of certain sewerage authorities in certain instances and amending P. L. 1946, c. 123.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P. L. 1946, c. 123 (C. 40:36A-2) is amended to read as follows:

C. 40:36A-2 Name of authority; members; dissolution.

2. Whenever in any such county a sewerage district is established under the provisions of this act a sanitary sewer district authority shall thereby be created for such district. Such sanitary sewer district authority shall be known as and have the corporate name and style of ".................. County Sewer Authority" (inserting the name of the county whose board of chosen freeholders established such district) or, if such board of chosen freeholders shall by resolution so determine, of all or any part of the name designated by the said board to identify the district. If in any such county a sanitary sewer district authority shall have been or be created and be known by and have any other name than ".................. County Sewer Authority" (with the name of the county inserted), the board of chosen freeholders of such county may, by resolution, establish and designate the name and style above quoted as the corporate name and style of such sanitary sewer district authority. Whenever "the county" is hereinafter referred to "the county" shall mean the county whose board of chosen freeholders established the sewerage district. Whenever an "authority" or the "authority" is hereinafter referred to "authority" shall mean a sanitary sewer district authority of a county created as provided by this act.
A sewerage district whenever established shall be deemed to be the district of the authority created by the establishment of the district.

An authority shall consist of seven members (hereinafter sometimes referred to as "commissioners") who shall be appointed by the board of chosen freeholders of the county, subject, however, to reduction to five members in the discretion of the said board of chosen freeholders.

The commissioners first to be appointed shall be appointed at, or immediately following, the time of the adoption of the resolution establishing the sewerage district.

The commissioners first appointed shall hold office, one for 1 year, one for 2 years, three for 3 years, one for 4 years and one for 5 years. Upon the expiration of the term of office of any commissioner, his successor shall be appointed by the board of chosen freeholders of the county for the term of 3 years. Any vacancy occurring by death, resignation or otherwise, shall be filled for the unexpired term only, in the same manner in which the original appointment was made. Where five commissioners were first appointed and thereafter two additional commissioners shall be appointed so as to constitute an authority consisting of seven members instead of five members, each of the two additional commissioners shall be appointed by the said board of chosen freeholders for the term of 3 years. In the event that an authority consisting of seven members shall be reduced to one of five members by action of the board of chosen freeholders, as herein provided, the said board shall provide in its resolution for such reduction which of the terms of the commissioners then in office shall thereupon terminate.

The board of chosen freeholders of any county which has created an authority pursuant to this section may, by resolution duly adopted, dissolve such authority on the conditions set forth in this section. A copy of each resolution for the dissolution of an authority adopted pursuant to this section, duly certified by the clerk of the board of chosen freeholders, shall be filed in the office of the county clerk. The authority referred to in such resolution shall be conclusively deemed to have been lawfully and properly dissolved, and the property of the authority shall be vested in the county either (1) upon proof that such authority had no debts or obligations outstanding at the time of adoption of such resolution, or (2) upon proof that all creditors and other obligees of such authority have consented to the adoption of such resolution, or (3) upon the taking effect of a resolution adopted by such board of
chosen freeholders providing for the assumption by such county of all outstanding debts and obligations of such authority, a copy of which resolution, duly certified by the clerk of the board of chosen freeholders, shall be filed in the office of the county clerk; provided, however, that all creditors and other obligees of the authority in respect of any such debts and obligations of the authority then outstanding and which were outstanding prior to January 1, 1975 shall have consented to such assumption. The board of chosen freeholders of any county which has created an authority pursuant to this section and which has by resolution duly adopted provided for the dissolution of such authority, shall have the power by resolution to assume all such debts and obligations of such authority and to provide for the payment thereof, in whole or in part, by the incurring of indebtedness and issuance of bonds in accordance with the “Local Bond Law” (N. J. S. 40A:2-1 et seq.) or by having provided an appropriation in its annual budget for the purpose, pursuant to the provisions of the “Local Budget Law” (N. J. S. 40A:4-1 et seq.).

2. This act shall take effect immediately.

Approved May 5, 1975.

1. Section 1 of P. L. 1972, c. 154 (C. 40:41A-1) is amended to read as follows:

C. 40:41A-1 Submission of charter study question.

1. Submission of charter study question. Whenever authorized by resolution of the board of freeholders or on petition of the registered voters of any county, an election shall be held in the county upon the question, "Shall a charter study commission be created to study the present governmental structure of ......... county, to consider and make findings concerning the form of county government and to make recommendations thereon?" A petition calling for such an election shall bear the signatures of a number of persons registered to vote in the county equal to or exceeding in number 10% of the persons registered to vote in the county on the fortieth day preceding the most recent previous primary or general election. Whenever such resolution or petition shall be filed with him, the county clerk shall provide for submission of the question at the next general election occurring not less than 60 days after the date of such filing. At the election, the
question shall be submitted in the same manner as other public questions.

When a resolution or petition for the creation of a charter study commission has been duly filed with the county clerk, no other such resolution or petition and no other proceedings for the adoption of any other charter or form of government available to the county may be filed unless the voters shall decide the aforesaid question in the negative or until the charter study commission created by the voters shall have been discharged.

2. Section 2 of P. L. 1972, c. 154 (C. 40:41A-2) is amended to read as follows:

C. 40:41A-2 Election of charter study commission.

2. Election of charter study commission. At the same election as the public question is submitted, seven members of an 11-member charter study commission shall be elected by the county's registered voters. There shall be placed on the ballot the names of charter study commission candidates who shall have been nominated in the same manner as provided by law for candidates nominated by petition for freeholder, except that they shall be listed without party or other designation or slogan. The voting instructions shall state that the voter may vote on the question and that, regardless of how or whether he voted on the charter question, he may vote for seven members of a charter study commission who shall serve if the question is determined in the affirmative.

3. Section 4 of P. L. 1972, c. 154 (C. 40:41A-4) is amended to read as follows:

C. 40:41A-4 Canvass of returns.

4. Canvass of returns. The results of the votes cast for and against the charter study question shall be returned by election officers, and a canvass of such election had, as is provided by law in the case of other public questions put to the voters of a county. The votes cast for members of the charter study commission shall be counted, and the result thereof returned by the election officers, and a canvass of such election had, as is provided by law in the case of the election of members of the board of freeholders. The seven candidates receiving the greatest number of votes shall be elected to the charter study commission, provided that if a majority of those voting on the public question shall vote against the election of a charter study commission, none of the candidates shall be elected. If two or more candidates shall receive the same number of votes, and such number of votes shall qualify both election to the
seventh and last remaining vacancy on the commission, they shall draw lots to determine which one shall be elected.

Prior to the convening of the first meeting of the charter study commission, four additional members shall be appointed to the commission from among the citizens and residents of the county. Of the four appointed members, two shall be appointed by the chairman of the county committee of each of the two political parties whose candidates for Governor received the largest number of votes at the most recent gubernatorial election.

In the event that the vacancy cannot be filled in this manner, the remaining members of the charter study commission shall appoint some other properly qualified citizen. Any vacancy in the office of any of the appointed members to the charter study commission shall be filled in the same manner as the original appointment.

5. Section 8 of P. L. 1972, c. 154 (C. 40:41-8) is amended to read as follows:

C. 40:41A-8 Advisors to the charter study commission.

8. Advisors to the charter study commission. In any county in which a charter study commission has been established under this act, there shall also be established an advisory body to be known as the advisory board whose members shall have the right to participate in the deliberations of the charter study commission, but without the right to vote on commission recommendations or to endorse or dissent from any report of the commission by virtue of their official advisory role, although this in no way shall be deemed to inhibit their right to make comments as individuals after the release to the public of the charter study commission’s report. The advisory board shall consist of the persons who, as of the second Tuesday of January next following the commission’s organization meeting, shall hold the following offices: the director of the county board of freeholders, the county chairman of the two political parties which received the largest vote in the county in three out of four of the most recent gubernatorial elections, the mayor of the
municipality having the largest population in the county and the mayor of the municipality having the smallest population of over 250 in the county, according to the last population estimate published by the New Jersey Department of Labor and Industry, one Senator and one member of the General Assembly, both of whom shall be residents of the county at the time of their election to the advisory body. The Senator and member of the General Assembly shall be elected to the advisory body by a majority vote of the whole number of the county's board of chosen freeholders within 1 week of the approval of the charter study referendum by the county's voters.

Nothing in this act shall be deemed to prohibit the board of chosen freeholders from electing as legislative members of the advisory body any persons who are not at the time of their election to the advisory board incumbent legislators but who will be legislators as of 3 p.m. on the second Tuesday of January following the election of the charter study commission. If there is not at least one Senator and one member of the General Assembly residing in the county as of 7 days after the approval of the charter study referendum by the voters, the board of freeholders shall fill the seat or seats in question by electing one or two mayors of municipalities within the county to membership on the advisory board.

If the advisory board shall include among its members three or four mayors pursuant to the above provisions, no more than two of these mayors shall be of the same political party, unless there are no mayors of another party or without party affiliation in the county who will accept election to the advisory board. The mayor of any municipality operating under a nonpartisan form of government shall be deemed to be a member of the party in whose primary election he last voted. If he shall never have voted in a primary election, he shall be deemed to have no party affiliation.

The membership of the advisory board shall be promulgated by the chairman of the charter study commission not later than 3 p.m. on the second Tuesday of January following the commission's organization meeting. If for any reason any member of the advisory board shall vacate the office by virtue of which he sits on the board, his successor, regardless of such successor's party affiliation, shall also succeed him on the board on the effective date of his assuming his predecessor's office.

6. Section 17 of P. L. 1972, c. 154 (C. 40:41A-17) is amended to read as follows:
C. 40:41A-17  Petition for special charter.

17. Petition for special charter. If the charter study commission shall have proposed a special charter, it shall be the duty of the board of freeholders to petition the Legislature forthwith for a special law or laws, pursuant to the State Constitution and in the manner provided by general enabling legislation thereunder, to carry out the recommendations of the charter study commission. Upon enactment of such enabling legislation, the special charter shall be submitted to the voters of the petitioning county for adoption in a manner provided in sections 15 and 16 of this act, or as may otherwise be appropriate. No special charter shall become operative until approved by a majority of all of the votes cast for and against said adoption.

7. Section 23 of P. L. 1972, c. 154 (C. 40:41A-23) is amended to read as follows:

C. 40:41A-23  After adoption or rejection, no vote on change for 3 years.

23. After adoption or rejection, no vote on change for 3 years. Whenever the question of whether to adopt one of the optional forms of government provided in articles 3, 4, 5 or 6 of this act shall have been placed before the voters of a county in a referendum at a general or special election, no subsequent referendum question to change the form of government shall be submitted to the voters until not less than 3 years shall have elapsed after the effective date of the optional form approved by the voters, or, in the case of a proposed change which was defeated at a referendum election, until 3 years shall have elapsed after the date of the election.

8. Section 26 of P. L. 1972, c. 154 (C. 40:41A-26) is amended to read as follows:

C. 40:41A-26  General law.

26. General law. For the purposes of this act, a "general law" shall be deemed to be such law or part thereof, heretofore or hereafter enacted, that:

c. Is applicable to all counties or to any category or class of counties, and deals with one or more of the following subjects: the administration of the judicial system, education, elections, health, county public authorities, taxation, and finance, and welfare.

Nothing in this act shall be construed to prevent counties from abolishing or consolidating agencies the existence of which has heretofore been mandated by State statute providing that such
abolition or consolidation shall not alter the obligation of the county
to continue providing the services previously provided by such
abolished or consolidated agency.

The intent of this act is to enable a county that has adopted a
charter pursuant to this act to cause any duty that has been man-
dated to it by the Legislature to be performed in the most efficient
and expeditious manner, and, absent a clear legislative declara-
tion to the contrary, without regard to organizational, structural or
personnel provisions contained in the legislation mandating such
duty.

holding offices, positions and employments; and provide for the
manner of their appointment and removal and for their term,

a school district, authority or special district, to perform on
behalf of that unit, any service or function which that unit would be authorized to provide for itself or for any other unit of government; provided, however, that no county shall contract to provide a service or function to any unit in any other county unless the board of freeholders of such other county shall first approve the proposed contract. All contracts under this section shall be specific as to the terms for rendering of services, the level, quality, and scope of the services to be performed, the cost of providing these services, and the duration of the contract. Such contract may provide for binding arbitration or for binding fact-finding procedures to settle disputes or questions arising as to the terms of service and quality and quantity levels thereof to be provided under the contract. All services shall be performed on a cost basis, and no contract shall be for a duration of more than 7 years. Nothing in this section shall be construed to prevent two or more counties from jointly undertaking a contract to provide a service or function to any other unit or group of units. Except that no contracting party shall be liable for any part or share of the cost of constructing or maintaining any capital facility built by the county to provide such service unless such part or share of the cost of such capital facility's construction or maintenance is provided for in the contract between the two parties and the governing bodies of such contracting parties shall have ratified the contract. Nothing in this section shall be construed to prevent the contracting for provision of more than one service or group of services by the county, and the county may become the agent of any other unit of government in the performance of any and all functions which the contracting unit sees fit to employ the county as agent to perform.

However, the administration of municipal civil service may not be contracted to any county under this section.

If at that hearing probable cause for prosecution is found, all evidence shall immediately be forwarded to the county prosecutor for further action.

a. An ordinance shall mean any act or regulation of the board, except an expense budget or capital budget, required to be reduced to writing, published after introduction, and considered for final passage after public hearing at a meeting subsequent to the meeting at which it was introduced;

b. Except as otherwise provided by general law the procedure for the passage of ordinances shall be as follows:

(1) Every ordinance after being introduced and having passed a first reading, which first reading may be by title, shall be published at least once in the manner provided by section 142 of this act, together with a notice of the introduction thereof and the time and place when and where it will be further considered for final passage. If there be only one such publication the same shall be at least 1 week prior to the time fixed for further consideration for final passage. If there be more than one publication, the first shall be at least 1 week prior to the time fixed for further consideration for final passage. A copy of the proposed ordinance shall also be sent by regular mail to the clerk of each municipality in the county not less than 1 week prior to the date of hearing.

(2) At the time and place so stated in such publication, or at any time and place to which the meeting for the further consideration
of the ordinance shall from time to time be adjourned, all persons interested shall be given an opportunity to be heard concerning the ordinance. Final passage thereof shall be at least 10 days from the first reading.

(3) Upon the opening of the hearing, the ordinance shall be given a second reading, which reading may be by title, and thereafter, it may be passed by a majority of the whole number of the board, with or without amendments, or rejected. Prior to the said second reading, a copy of the ordinance shall be posted on the bulletin board or other place upon which public notices are customarily posted in the building in which the board regularly meets, and copies of the ordinance shall be made available to members of the general public who shall request such copies. If any amendment be adopted, altering the ordinance, the ordinance as so amended shall not be finally adopted until at least 1 week thereafter, and the ordinance as amended shall be read at a meeting of the board, which reading may be by title, and shall be published, together with a notice of the introduction, and the time and place when and where the amended ordinance will be further considered for final passage, at least 2 days prior to the time so fixed. At the time and place so fixed, or at any other meeting to which the further consideration of the amended ordinance may be adjourned, the board may proceed to pass the ordinance, as amended, or again amend it in the same manner.

(4) Upon passage, every ordinance, or the title, together with a notice of the date of passage or approval, or both, shall be published at least once in the manner provided by section 142 of this act.

(5) Three certified copies of the full text of every ordinance so adopted shall be filed with the clerk of each municipality within the county not later than 10 days after the date of final passage.

(6) The board may enact, amend or supplement ordinances establishing, amending or supplementing a code or any parts thereof, not inconsistent with law, by reference to such code in any such ordinance and without inclusion of the text thereof in such ordinance if the code to be adopted and any related documents are printed in book form and a copy of such printed code and related documents so marked as to indicate plainly what portion thereof, if less than the whole, is intended to be adopted, is annexed to such ordinance and if such code and related documents or such portion thereof as is intended to be adopted is so described in said ordinance as to identify them and there is indicated in said description the common or trade name, if any, of such code and related
documents and it is stated in the ordinance that three copies of said code and said related documents, similarly marked, have been placed on file in the office of the clerk of said board, upon the introduction of said ordinance and will remain on file there until final action is taken on said ordinance, for the use and examination of the public.

It shall not be necessary to publish any such code or related documents, so to be adopted, as part of any such ordinance notwithstanding that printed copies thereof are annexed thereto, either before or after the final passage of such ordinance, if said printed copies are filed as aforesaid. The board of freeholders however may order the publication of said code or a synopsis in the manner provided by section 142 of this act if it is deemed that such procedure will be in the public interest because of the content and importance of the provisions of the code.

If any such ordinance is adopted, the said copies of said code and related documents shall remain on file in said office, so long as said ordinance is in effect, and three certified copies shall be placed on file and shall remain on file in the office of each clerk of each municipality within the county, for the use and examination of the public so long as said ordinance is in effect and printed copies of said ordinance and said code and related documents shall be made available to citizens on request and for which a reasonable fee may be charged.

For the purpose of proof of any such ordinance or receipt thereof in evidence in all courts and places, such copy of such code and related documents, so marked and annexed to such ordinance, shall be construed to be part of said ordinance, as fully as though it had been set forth at length therein.

(7) The board may prescribe penalties for the violation of ordinances it may have authority to pass, either by imprisonment in the county jail for any term not exceeding 90 days, or by a fine not exceeding $500.00, or both. The court before which any person is convicted of violating any such ordinance shall have power to impose any fine or term of imprisonment not exceeding the maximum fixed in such ordinance.

Any person convicted of the violation of any ordinance may, in the discretion of the court by which he was convicted, and in default of the payment of any fine imposed therefor, be imprisoned in the county jail for any term not exceeding 90 days for such default.

c. No ordinance shall take effect less than 20 days after its final passage by the board and approval by the county executive, or supervisor or board chairman or president, where such approval
is required, unless the board shall adopt a resolution declaring an emergency and at least $\frac{2}{3}$ of all the members of the board vote in favor of such resolution.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 9 of P. L. 1965, c. 59 (C. 30:4-24.1) is amended to read as follows:

C. 30:4-24.1 Fundamental civil rights and care of mentally ill.

   9. Every individual who is mentally ill shall be entitled to fundamental civil rights and to medical care and other professional services in accordance with accepted standards, provided however
that this shall not be construed to require capital construction.

Every individual between the ages of 5 and 20 years shall be entitled to education and training suited to his age and attainments.

Every patient shall have the right to participate in planning for his own treatment to the extent that his condition permits.

2. Section 10 of P. L. 1965, c. 59 (C. 30:4-24.2) is amended to read as follows:

C. 30:4-24.2 Rights of patients.

10. a. Subject to any other provisions of law and the Constitution of New Jersey and the United States, no patient shall be deprived of any civil right solely by reason of his receiving treatment under the provisions of this Title nor shall such treatment modify or vary any legal or civil right of any such patient including but not limited to the right to register for and to vote at elections, or rights relating to the granting, forfeiture, or denial of a license, permit, privilege, or benefit pursuant to any law.

b. Every patient in treatment shall be entitled to all rights set forth in this act and shall retain all rights not specifically denied him under this Title. A notice of the rights set forth in this act shall be given to every patient within 5 days of his admission to treatment. Such notice shall be in writing and in simple understandable language. It shall be in a language the patient understands and if the patient cannot read it shall be read to him. In the case of an adjudicated incompetent patient, such procedure shall be followed for the patient’s guardian. Receipt of this notice shall be acknowledged in writing with a copy placed in the patient’s file. If the patient or guardian refuses to acknowledge receipt of the notice, the person delivering the notice shall state this in writing with a copy placed in the patient’s file.

c. No patient may be presumed to be incompetent because he has been examined or treated for mental illness, regardless of whether such evaluation or treatment was voluntarily or involuntarily received. Any patient who leaves a mental health program following evaluation or treatment for mental illness, regardless of whether that evaluation or treatment was voluntarily or involuntarily received, shall be given a written statement of the substance of this act.

d. Each patient in treatment shall have the following rights, a list of which shall be prominently posted in all facilities providing such services and otherwise brought to his attention by such additional means as the department may designate:
(1) To be free from unnecessary or excessive medication. No medication shall be administered unless at the written order of a physician. Notation of each patient's medication shall be kept in his treatment records. At least weekly, the attending physician shall review the drug regimen of each patient under his care. All physician's orders or prescriptions shall be written with a termination date, which shall not exceed 30 days. Medication shall not be used as punishment, for the convenience of staff, as a substitute for a treatment program, or in quantities that interfere with the patient's treatment program. Voluntarily committed patients shall have the right to refuse medication.

(2) Not to be subjected to experimental research, shock treatment, psychosurgery or sterilization, without the express and informed consent of the patient after consultation with counsel or interested party of the patient's choice. Such consent shall be made in writing, a copy of which shall be placed in the patient's treatment record. If the patient has been adjudicated incompetent a court of competent jurisdiction shall hold a hearing to determine the necessity of such procedure at which the client is physically present, represented by counsel, and provided the right and opportunity to be confronted with and to cross-examine all witnesses alleging the necessity of such procedures. In such proceedings, the burden of proof shall be on the party alleging the necessity of such procedures. In the event that a patient cannot afford counsel, the court shall appoint an attorney not less than 10 days before the hearing. An attorney so appointed shall be entitled to a reasonable fee to be determined by the court and paid by the county from which the patient was admitted. Under no circumstances may a patient in treatment be subjected to experimental research which is not directly related to the specific goals of his treatment program.

(3) To be free from physical restraint and isolation. Except for emergency situations, in which a patient has caused substantial property damage or has attempted to harm himself or others and in which less restrictive means of restraint are not feasible, a patient may be physically restrained or placed in isolation only on a medical director's written order or that of his physicians designee which explains the rationale for such action. The written order may be entered only after the medical director or his physician designee has personally seen the patient concerned, and evaluated whatever episode or situation is said to require restraint or isolation. Emergency use of restraints or isolation shall be for no more than 1 hour, by which time the medical director or his physician
designee shall have been consulted and shall have entered an appropriate order in writing. Such written order shall be effective for no more than 24 hours and shall be renewed if restraint and isolation are continued. While in restraint or isolation, the patient must be bathed every 12 hours and checked by an attendant every 2 hours with a notation in writing of such checks placed in the patient’s treatment record along with the order for restraint or isolation.

(4) To be free from corporal punishment.

e. Each patient receiving treatment pursuant to this Title, shall have the following rights, a list of which shall be prominently posted in all facilities providing such services and otherwise brought to his attention by such additional means as the commissioner may designate:

(1) To privacy and dignity.

(2) To the least restrictive conditions necessary to achieve the purposes of treatment.

(3) To wear his own clothes; to keep and use his personal possessions including his toilet articles; and to keep and be allowed to spend a reasonable sum of his own money for canteen expenses and small purchases.

(4) To have access to individual storage space for his private use.

(5) To see visitors each day.

(6) To have reasonable access to and use of telephones, both to make and receive confidential calls.

(7) To have ready access to letter writing materials, including stamps, and to mail and receive unopened correspondence.

(8) To regular physical exercise several times a week. It shall be the duty of the hospital to provide facilities and equipment for such exercise.

(9) To be outdoors at regular and frequent intervals, in the absence of medical considerations.

(10) To suitable opportunities for interaction with members of the opposite sex, with adequate supervision.

(11) To practice the religion of his choice or abstain from religious practices. Provisions for such worship shall be made available to each person on a nondiscriminatory basis.

(12) To receive prompt and adequate medical treatment for any physical ailment.
f. Rights designated under subsection d. of this section may not be denied under any circumstances.

g. CHAPTER 91

AN ACT concerning motor vehicles, and amending R. S. 39:3-84.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R. S. 39:3-84 is amended to read as follows:

Dimensional restrictions; outside width; height; overall length; weight.

39:3-84. No commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State the outside width of which is more than 96 inches, inclusive of load, or the height of which exceeds 13½ feet, inclusive of load, and no commercial motor vehicle, tractor or trailer shall be operated on any highway in this State the extreme overall length of which exceeds 35 feet either for a two-axle four-wheeled vehicle, inclusive of load, or 35 feet either for a three-axle six-wheeled vehicle, inclusive of load, except that a vehicle or vehicle inclusive of load exceeding the above limitations may be operated when a special permit so to operate is secured in advance from the director. The application for such permit shall be accompanied by a fee fixed by the director. A
special permit issued by the director shall be in the possession of the operator of the vehicle for which such permit was issued. In computing any dimensions of a vehicle, or vehicle and load, for the purposes of this section, there shall not be included in the dimensional limitations safety appliances such as mirrors or lights, or chains or similar fasteners used for the securing of cargo, provided such appliances or fasteners do not exceed the overall limitations established by the director by rule or regulation.

In the case of an omnibus the maximum width and length dimensions shall be such as the Board of Public Utility Commissioners prescribe, but no outside width in excess of 96 inches shall be prescribed with respect to one or more highways specified or otherwise described except upon certifications, (1) of the Division of Motor Vehicles in the Department of Law and Public Safety that the proposed width is not unsafe for use on the highways in this State and (2) of the State Highway Department that the proposed width, if in excess of 96 inches, is not in conflict with the requirements of any agency of the United States having jurisdiction over the National System of Interstate and Defense Highways authorized by law. No outside width so prescribed shall be valid if the allowance of use of the same would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

In the case of farm tractors and traction equipment and farm machinery and implements, the maximum width and length shall be such as the Director of the Division of Motor Vehicles shall prescribe by uniform rules and regulations but the operation of such vehicles shall be subject to the provisions of section 39:3-24 of this Title and any such vehicle shall not be operated on any highway which is part of the National System of Interstate and Defense Highways or on any highway which has been designated a freeway or parkway as provided by law.

In the case of commercial motor vehicles, trailers and semitrailers including farm trucks, while loaded with hay or straw the maximum width of the load shall not exceed 105½ inches.

No commercial motor vehicle drawing or having attached thereto any other such vehicle, nor any combination of vehicles, shall be operated on any highway in this State, in excess of a total overall length, inclusive of load, of 55 feet except a vehicle or a combination of vehicles transporting poles, pilings, structural units or other articles incapable of dismemberment the total over-all length of
which, inclusive of load, shall not exceed 70 feet, but the provisions of this paragraph shall not apply to a vehicle nor to any combination of vehicles, operated by a public utility as defined in R. S. 48:2-13 which vehicle or combination of vehicles is used by such public utility in the construction, reconstruction, repair or maintenance of its property or facilities.

Notwithstanding the above limitations, a combination of vehicles designed, built and used to transport other motor vehicles may carry a load which exceeds the 55 feet overall length, provided, however, the total load overhang shall be limited to 5 feet and may not exceed 3 feet at either the front or rear and that the overhang shall be above the height of the average passenger car.

The gross weight imposed on the highway by the wheels of any one axle of a vehicle shall not exceed 22,400 pounds.

For the purpose of this Title the gross weight imposed on the highway by the wheels of any one axle of a vehicle shall be deemed to mean the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes less than 40 inches apart, extending across the full width of the vehicle.

The combined gross weight imposed on the highway by all wheels of all axles whose centers are on or between two parallel transverse vertical planes spaced 40 inches, but less than 96 inches apart, extending across the full width of the vehicle, shall not exceed 34,000 pounds.

In addition to the other requirements of this section and notwithstanding any other provision of this Title, no commercial motor vehicle, tractor, trailer or semitrailer shall be operated on any highway in this State with a combined weight of vehicle and load, an axle weight or a vehicle dimension the allowance of which would disqualify the State of New Jersey or any department, agency or governmental subdivision thereof for the purpose of receiving Federal highway funds.

2. This act shall take effect 30 days after enactment.

Approved May 8, 1975.
CHAPTER 92

AN ACT concerning commercial motor vehicle sizes and weights and amending P. L. 1950, c. 142 and R. S. 39:3-20.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 5 of P. L. 1950, c. 142 (C. 39:3-84.3) is amended to read as follows:

C. 39:3-84.3 Violations as to weights and measurements of vehicles.

5. Any State Police officer or motor vehicle inspector having reason to believe that the size or weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a measurement or weighing of the same by means of either portable or stationary scales and may require that such vehicle be driven to the nearest public scales in the event such scales are within 2 miles.

Whenever an officer or inspector upon measuring or weighing a vehicle and load, as above provided, determines that the size or weight is unlawful, such officer shall require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the size or gross weight of such vehicle to such limit as permitted under this act, or permitted by the certificate of registration for the vehicle, whichever may be lower. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

No vehicle shall be deemed to be in violation of the overweight provision of this act when, upon examination by an officer or inspector, the vehicle’s dispatch papers show it is proceeding from its last preceding freight pickup point within the State of New Jersey by a reasonably expeditious route to the nearest available scales or to the first available scales in the general direction towards which the vehicle has been dispatched, or is returning from such scales after weighing-in to the last preceding pickup point.

When an officer or inspector determines that a vehicle is in violation of the axle weight limitations of this act but is within the legal gross maximum weight, the driver shall be permitted before proceeding to redistribute the weight of the vehicle’s contents so that no axle is overweight, in which event there is no violation.
When an officer or inspector determines that a vehicle or vehicle and load is in violation of the height, width or length restrictions of R. S. 39:3–84, the driver of such vehicle shall be permitted before proceeding to adjust the vehicle or load so that the vehicle or vehicle and load is within such height, weight or length restrictions, in which event there is no violation.

No arrest shall be made in cases where weight limitations provided in this section are not exceeded by more than 5%, except that arrests may be made where the gross weight of any vehicle or combination of vehicles, including load, exceeds the Federal maximum of 80,000 pounds, or as such may be amended from time to time.

Any person who prepares, presents to an officer or has in his possession false dispatch papers, that is to say, dispatch papers which do not correspond to the cargo carried, shall be subject to a fine not exceeding $100.00.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a measurement or weighing, or who fails or refuses when directed by an officer upon a measurement or weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be subject to a fine not exceeding $100.00.

The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway in violation of the dimensional restrictions of R. S. 39:3–84 shall be fined not less than $150.00 nor more than $500.00. The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway with a gross weight of vehicle and load in excess of the weight limitation permitted by the certificate of registration for the vehicle or in excess of the gross weight limitations imposed by this Title for vehicle and load or an axle weight in excess of the axle weight limitations imposed by this Title, shall be fined an amount equal to $0.02 per pound for each pound of excess weight if the excess does not exceed 10,000 pounds, and $0.03 per pound for each pound of excess weight if the excess weight exceeds 10,000 pounds, but in no event less than $50.00.

The owner, lessee and bailee of a truck, road tractor or truck tractor registered under this act and found on a highway in combination with a trailer or semitrailer duly registered in any other state or Federal district which imposes registration weight fees on such trailers or semitrailers and in violation of the weight limitations of R. S. 39:3–20 shall be fined an amount equal to $0.02
for each pound by which one-half of the combined gross weight of all vehicles in the combination, including load, shall exceed the gross weight registration of the drawing vehicle registered under this act, if the excess is not greater than 10,000 pounds, and $0.03 for each pound of the excess if it is greater than 10,000 pounds, but in no event less than $50.00. Whenever it is found that there is a weight in excess of any two or more of said weight limitations, the fine shall be levied only for the violation involving the greater or greatest excess weight.

2. R. S. 39:3-20 is amended to read as follows:

Trucks, road tractors, and tandem three-axle vehicles for waste disposal; fees; "constructor" registration plates; weight limitations.

39:3-20. An applicant for registration for trucks, road tractors and truck tractors shall pay to the director a fee based on the gross weight of the vehicle and load including the gross weight of all vehicles and load of any combination of vehicles of which the truck, road tractor or truck tractor is the drawing vehicle in such combination of vehicles. The plates to be used for commercial motor vehicles shall display the word "commercial," and the numerals shall be prefixed by the letter "X" or "Z." Trailer plates shall have the letter "T." The fee for trucks, road tractors and truck tractors shall be paid in accordance with the following:

When the gross weight of vehicle and load, including the gross weight of all vehicles and load of any combination of vehicles of which the truck, road tractor or truck tractor is the drawing vehicle in such combination of vehicles, is 5,000 pounds or less, the minimum registration fee shall be $40.00 and where greater than 5,000 pounds, the registration fee shall be $40.00 for the first 5,000 pounds and $7.30 for each additional 1,000 pounds or portion thereof.

An applicant for registration for trailers and semitrailers shall pay to the director a fee of $15.00 for each such vehicle.

In addition to the registrations authorized to be issued pursuant to the aforesaid provisions of this section, the director shall issue registrations for automobile commercial vehicles, trailers, semitrailers, and tractors providing for the gross weight of vehicle and load over 40,000 pounds but not exceeding 70,000 pounds, upon application therefor and proof to the satisfaction of the director that the applicant is actually engaged in construction work or in the business of supplying material, transporting material, or using such registered vehicle for construction work. The license plate so issued shall be marked "constructor" and shall be placed upon the vehicle or vehicles registered under this section. In no event shall
a vehicle or combination of vehicles, operating as a unit, registered under this section and using "constructor" registration plates exceed a maximum gross weight, inclusive of load, of 70,000 pounds.

In addition to the registrations authorized to be issued pursuant to the aforesaid provisions of this section, the director shall issue registrations for tandem three-axle vehicles having a weight and load not exceeding 60,000 pounds, upon application to the director and proof to his satisfaction that the applicant is actually engaged in the performance of solid waste disposal or collection functions and holds a certificate of convenience and necessity therefor issued by the Board of Public Utility Commissioners.

The applicants for "constructor" registration plates and registration plates for vehicles performing solid waste disposal or collection functions authorized herein shall pay therefor on each vehicle at the rate of $16.00 per thousand pounds of gross weight of vehicle and load.

Vehicles registered and using "constructor" registration plates may not be operated at a distance greater than 30 miles from the point established as a headquarters for the particular construction operation and such vehicles, except as hereafter provided, must comply with the speed limitations of Title 39 of the Revised Statutes. Such vehicles when carrying a gross weight of vehicle and load less than 50% of the certificate of registration shall comply with applicable speed laws and shall not move along a highway at a speed greater than 40 miles per hour. When carrying a gross weight of vehicle and load in excess of 50% of the certificate of registration, such vehicle shall comply with applicable speed laws and shall not move along a highway at a speed greater than 30 miles per hour.

Vehicles performing solid waste disposal or collection functions and registered therefor pursuant to the provisions of this section, may not be operated on any highway which is part of the National System of Interstate and Defense Highways or on any highway which has been designated a freeway or parkway as provided by law, and no such vehicle shall be driven over any bridge in this State or over any interstate bridge owned or maintained in whole or in part by this State, upon which or immediately adjacent thereto there is posted in a conspicuous place a sign stating the gross weight the bridge will carry, if the gross weight of any such vehicle and the load is greater than the gross weight stated on the sign.
It shall be unlawful for any vehicle registered under this act having gross weight of load and vehicle including the gross weight of all vehicles and load in any combination of vehicles in excess of the gross weight provided on the registration certificate to be operated on the highways of this State.

In the event that a truck, road tractor or truck tractor registered under this act is found on a highway in combination with a trailer or semitrailer duly registered in any other state or Federal district which imposes registration weight fees on such trailers or semitrailers, the drawing vehicle of the combination registered under this act shall have a gross weight registration equal to at least one-half of the combined gross weight of all the vehicles and load in the combination of vehicles. If it does not, the operation of said combination of vehicles on the highways of this State shall be unlawful.

The 5% allowance provided by section 5 of P. L. 1950, c. 142 (C. 39:3-84.3) shall be applicable as heretofore to all registered weight limitations provided in this section, except that in no event shall the gross weight of any vehicle or combination of vehicles, including load, exceed the Federal maximum of 80,000 pounds or as such may be amended from time to time. In the case of a truck, road tractor or truck tractor registered under this act in combination with a trailer or semitrailer duly registered in any other State or Federal district which imposes registration weight fees on such trailers or semitrailers, known as a mixed combination, the 5% allowance shall be applied by adding to the registered weight of the drawing vehicle registered under this act 5% of said registered weight. If the resulting sum is equal at least to one-half of the combined gross weight of the mixed combination, then the mixed combination shall be in compliance with the registration requirements of this section.

Moneys realized from the increase of the fees for registrations issued pursuant to the provisions of this act shall be paid into the State treasury and credited to the General State Fund and available for general State purposes.

This section shall not be construed to supersede or repeal the provisions of either section 39:3-84 or 39:4-75 of this Title.

3. This act shall take effect immediately.

Approved May 8, 1975.

C. 56:11-3 Billing error; acknowledgment; corrections; credit information.

3. If a creditor, having transmitted to a consumer a statement of the consumer’s account, receives from the consumer at an address designated therefor by the creditor in accordance with section 5 of this act, within 60 days of the mailing of said statement, a written notice, on a document other than a document provided by the creditor to accompany payment, by mail or other delivery setting forth sufficient information to enable the creditor to identify the consumer and the account, the amount and transaction shown in the statement which the consumer in good faith believes to be a billing error, and the facts providing the basis for the consumer’s belief that the statement is in error; the creditor shall:

a. Not later than 30 days after receipt of the notice, mail a written acknowledgment to the consumer; and

b. Not later than 90 days after receipt of the notice and prior to taking any action to collect the amount believed by the consumer to be a billing error, (1) make appropriate corrections in the account of the consumer and mail to the consumer a written notice stating that the amount believed to be in error has been corrected and will be shown on the next statement mailed to the consumer or (2) send a written notice to the consumer setting forth the reasons why the creditor believes the account of the consumer was correctly shown in the statement; and

c. Not communicate unfavorable credit information concerning the consumer to any person, including but not limited to credit bureaus or credit reporting agencies, based upon the consumer’s failure to pay the amount believed by him to be a billing error, until the creditor has complied with this section.

2. Section 6 of P. L. 1974, c. 146 (C. 56:11-6) is amended to read as follows:

C. 56:11-6 Notice.

6. In the case of any account under a consumer credit plan having an outstanding debit or credit balance of more than $1.00 at or after the close of the creditor’s first billing cycle, after October 28, 1975, the procedures to be followed under section 3 of this act (C. 56:11-3) shall be disclosed by the creditor in a notice mailed or delivered to the consumer not later than the time of mailing of the next billing statement. With or before the first billing statement on any consumer credit plan issued or offered to a new
consumer after October 28, 1975 and upon each subsequent renewal of a consumer's account a written notice shall be sent (by any means reasonably assuring the receipt thereof by the consumer) which describes the procedures to be followed under section 3 of this act (C. 56:11-3).

3. Section 8 of P. L. 1974, c. 146 is amended to read as follows:

C. 56:11-1 et seq. Effective date.
8. This act shall take effect on October 28, 1975.

C. 56:11-8 Compliance with federal law.
4. (New section) With respect to any inconsistencies between the provisions of this act and the "Fair Credit Billing Act" (Public Law 93-495, 88 Stat. 1511) comprising Title III of the Federal Truth in Lending Act (Public Law 90-321, 82 Stat. 146, 15 U.S.C. 1601 et seq.) conduct in compliance with said Federal law and regulations shall be deemed and construed to be conduct in compliance with the provisions of this act.

5. (New section) The liability of a creditor under this act is in lieu of, and not in addition to, the creditor's liability under the Federal Fair Credit Billing Act. An action brought by a consumer with respect to a violation of this act may not be maintained pursuant to this act if a final judgment has been rendered for or against that consumer with respect to the same violation pursuant to the Federal Fair Credit Billing Act. An action brought by a consumer with respect to a violation of this act shall be abated upon motion by the creditor if an action, with respect to the same conduct, is pending before any court pursuant to the Federal Fair Credit Billing Act. If a final judgment has been rendered in favor of a consumer pursuant to this act and thereafter a final judgment with respect to the same conduct is rendered in favor of the same consumer pursuant to the Federal Fair Credit Billing Act, a creditor liable under both judgments has a cause of action against the consumer for appropriate relief to the extent necessary to avoid double liability with respect to the same conduct.

6. This act shall take effect immediately.

Approved May 14, 1975.

Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of an authority, and all banks and trust companies are authorized to give such security for such deposits.

L. 1944, c. 27 (C. 17:29A-1 to 17:29A-28), or any amendment or supplement thereof, which is in effect with respect to such policy or contract of insurance.

CHAPTER 104

An Act to provide for exemption from taxation in certain cases, and supplementing chapter 4 of Title 54 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 54:4-3.72 Legislature's findings.
1. The Legislature finds:
   a. Efforts are being made by many of our municipalities as well as by the State and Federal Government to encourage owners, particularly, of residential properties to rehabilitate their properties and thereby curb the extension of blight into once-flourishing residential neighborhoods.
   b. As a result of the incursion of blight into such neighborhoods, many of our municipalities have and are presently engaged in extensive urban renewal and urban redevelopment projects involving vast expenditures of public funds.
   c. The deterioration of neighborhoods into blighted areas making such renewal and redevelopment projects necessary is the result in a large measure of the unwillingness of the owners and investors of residential properties to properly maintain and improve their properties out of fear of the resulting increase in property taxes.
   d. By exempting for a limited period certain home improvements from taxation much of this unwillingness and fear would not only be dissipated but such owners and investors would be encouraged to rehabilitate and improve their properties and, incidentally, their respective neighborhoods and municipalities.
e. The provisions of Article VIII, Section III, of the State Constitution, providing for limited tax abatements in areas subject to blight, can be best utilized at the least economic cost preventively in areas threatened by physical and social deterioration and blight by their application to the improvement, modernization, rehabilitation and renewal of individual residential properties in such areas.

C. 54:4-3.73 Definitions.

2. As used in this act:
   a. "Assessor" means the assessor, board of assessors or any other official or body of a taxing district charged with the duty of assessing real property for the purpose of general taxation.
   b. "Completion" means substantially ready for the use for which it was intended.
   c. "Dwelling" means any building used, to be used or held for use, in whole or part, as the home or residence of one or more families, including accessory buildings located on the same premises, together with the land upon which such building or buildings are erected and which may be necessary for the fair enjoyment thereof.
   d. "Home improvement" means the improvement of a dwelling which neither changes its size nor its permitted use, except that a garage may be enlarged to the extent necessary to accommodate a modern automobile, and shall include the modernization, rehabilitation, renovation, alteration or repair of a dwelling.
   e. "Qualified municipality" means any municipality in which residential neighborhoods have been declared by the county planning board or the Commissioner of the Department of Community Affairs to be endangered by blight, pursuant to section 3 of this act.

C. 54:4-3.74 Determination of residential neighborhoods endangered by blight.

3. The county planning board may determine that a municipality's residential neighborhoods are endangered by blight. It may make such a determination on its own initiative or in response to a petition by the governing body of the municipality. In the event of the failure of the county planning board to respond favorably to such a petition within 30 days of its receipt, the petitioning municipal governing body may request the Commissioner of the Department of Community Affairs to make such determination instead.

In determining that a municipality's residential neighborhoods are endangered by blight, the following may be considered: existence of areas within the municipality that have previously been
declared blighted; deterioration in housing maintenance; age of housing stock; and arrearage in real property taxes due on residential properties.

C. 54:4-3.75 Determination of value of real property; home improvement exemption.

4. In determining the value of real property for the purposes of taxation, qualified municipalities may regard the first $4,000.00 in assessor's full and true value of home improvements for each dwelling unit primarily and directly affected by a home improvement in any single or multiple-dwelling property more than 20 years old, as not increasing the value of such property for a period of 5 years, notwithstanding that the value of the dwelling to which such improvements are made is increased thereby, provided, however, that during said period, the assessment on such dwelling shall in no case, except that of damage through action of the elements sufficient to warrant a reduction, be less than the assessment thereon existing immediately prior to such home improvements.

C. 54:4-3.76 Deductible amounts.

5. Such amounts may be deducted from the amount determined by the assessor on October 1 of any year following the date of the completion of the improvement to be the true taxable value of the improvement, and may continue to be so treated for each of the 5 tax years subsequent to the original determination by the assessor.

C. 54:4-3.77 Additional improvements; additional deduction privileges.

6. Additional improvements, completed during a period in which the improved property is subject to previously granted exemption privileges in an amount less than the maximum deductions permissible hereunder shall be qualified for additional deduction privileges, under the terms and conditions herein specified; provided, however, that in no tax year shall the total deduction for any single property exceed the maximum amount specified in section 4 hereinafore.

C. 54:4-3.78 Written application; form; filing; approval; recording.

7. No exemption authorized pursuant to the provisions of this act, shall be granted or allowed except upon written application therefor filed with and approved by the assessor of the taxing district wherein the home improvement is made. Every such application shall be on a form prescribed by the Director of the Division of Taxation, Department of the Treasury, and provided for the use of claimants by the governing body of the municipality constituting the taxing district, and shall be filed with the assessor.
within 30 days, including Saturdays and Sundays, following the completion of the improvement. Every application for exemption of one or more improvements which qualify as improvements, within a municipality adopting the provisions of this act, as defined by this act, and which is filed within the time specified, shall be approved and allowed by the assessor. The granting of any such exemption shall be recorded and made a permanent part of the official tax records of the taxing district which record shall contain a notice of the termination date of the exemption and the consequences of transfer of title.

8. This act shall take effect immediately.

Approved May 29, 1975.

10. The department, in accordance with the provisions of Title 11 of the Revised Statutes of New Jersey, shall employ a chief in-
spector and such additional inspectors and other employees as may be necessary to administer and enforce this act.

All carnival-amusement rides shall be inspected before they are originally put into operation for the public's use and thereafter at least once every year, unless authorized to operate on a temporary permit. Annual permits shall be issued for a period commencing July 1 and expiring the following June 30. Carnival-amusement rides may also be required to be inspected by the owner, in accordance with standards promulgated by the department, each time they are disassembled and reassembled.

C. 5:3-44 Hazardous or unsafe ride; temporary cessation of operation.
14. The department may order, in writing, a temporary cessation of operation of a carnival-amusement ride if it has been determined after inspection, in accordance with standards promulgated by the department, to be hazardous or unsafe. Operation shall not resume until such conditions are corrected to the satisfaction of the department.
C. 5:3-45 Construction of act.

15. This act shall not be construed as to prevent the use of any existing carnival-amusement ride found to be in a safe condition and in conformance with the rules and regulations of the department.

C. 5:3-46 Maintenance and inspection records; contents.

16. The owner shall retain at all times up-to-date maintenance and inspection records for each carnival-amusement ride in accordance with such rules and regulations as the department may prescribe. Among other things, such records shall contain information of the date and nature of all inspections, whether by a departmental inspector or a person in the employment of the owner, as well as of any violations and the types of actions taken to rectify the violations. All breakdowns or repairs of any major mechanical part shall be duly noted. The department may also require, by rules and regulations, a full safety inspection of any ride whose operation results in any injury or death before operation of said ride can be resumed.

C. 5:3-47 Report of accidents and resulting injuries or fatalities.

17. The department shall require the immediate reporting, on a form to be provided by the department, of any accidents and resulting injuries or fatalities incurred during the operation of any carnival-amusement ride and may provide for the cessation of operation of any ride whose breakdown or malfunction directly causes serious injury to a rider, subject to rules and regulations promulgated by the department.

C. 5:3-48 Modification of rules, regulations or orders; hearing; findings and recommendations; record.

18. If there are practical difficulties or unnecessary hardships for an owner to comply with any rules and regulations adopted pursuant to this act, or if an owner is aggrieved by any order issued thereto, the department may modify the application of such rules, regulations or order in the spirit of the provisions of this act with regard to public safety. Any owner may, within 10 days after the promulgation of such rules or regulations or the service of such order, apply to the department for a modification of said rules, regulations or order. The request shall be in writing and shall state the grounds for applying for such modification. After such hearing the department shall report in writing its findings and recommendations, which shall include a description of the conditions under which the modifications, if any, are permitted. C. 17:468-7 Financial requirement.
7. Financial requirement:
   a. Every title insurance company shall have a minimum capital, which shall be paid in and maintained, of not less than $500,000.00 and, in addition, paid-in surplus of at least $250,000.00.
   b. Every title insurance company shall, prior to the issuance of any policy of title insurance in this State, have on deposit with the Commissioner of Insurance of the state of its domicile or in segregated funds if permitted by the company’s state of domicile the sum of $100,000.00 as a fund for the security and protection of its policyholders wherever situated, or beneficiaries under such policies. The amount of such deposit shall be increased by the sum of $50,000.00 for each state or territorial subdivision of the
United States, other than the state of its domicile, in which it shall be or become qualified to engage in the business of title insurance, less the amount required by and deposited in such other states or territorial subdivisions. When the aggregate of amounts so deposited in this or such other states or territorial subdivisions has reached the sum of $250,000.00 no further deposit shall be required of such title insurance company as a condition of its qualification to engage in the business of title insurance in this State.

In the event any company is unable to make the deposits herein required in the state of its domicile by reason of a lack of statutory authority for such deposits, then such deposits may be made with the commissioner of this State.

c. The deposit required to be made by subsection b. of this section may be made in lawful money of the United States or in the classes of investments authorized by section 21 of this act for the investment of the capital of title insurance companies.

d. Assets deposited pursuant to subsection b. of this section may, with the approval of the commissioner, be exchanged from time to time for other assets of like value.

e. As long as the capital of the depositing title insurance company remains unimpaired, it shall receive the income, interest and dividends on any assets deposited.

f. Any title insurance company which has deposited assets pursuant to subsection b. of this section may, with the approval of the commissioner, withdraw any part of the assets so deposited; provided, however, that should said title insurance company continue to engage in the business of title insurance, it shall not be permitted to withdraw assets that would reduce the amount of its deposit below the amount required by subsection b. of this section.

g. Deposits made pursuant to subsection b. of this section shall be used solely for the security and protection of the insureds under the policies and contracts of insurance issued or reinsurance assumed by such title insurance company. In the event of insolvency or dissolution of such title insurance company, such deposits shall continue to be retained by the commissioner until such time as all outstanding liabilities created by such policies, contracts, or reinsurance agreements have been discharged by reinsurance or otherwise. Such deposits, or so much thereof as shall be necessary, may be used by or with the written approval of the commissioner in the payment of claims arising under such policies, contracts or reinsurance agreements or to purchase reinsurance thereof. Any
amounts then remaining with the commissioner shall be applied first to the payment of other obligations of such title insurance company, and second shall be distributed to the stockholders of such title insurance company. The actions of the commissioner shall be subject to judicial review as provided in section 58 of this act.

b. If, with respect to any title insurance company as defined in subsection c. of section 1 of this act, this section 7 requires a greater amount of capital or surplus or deposit than required of such title insurance company immediately prior to the effective date of this act, such title insurance company shall have the period ending July 1, 5 years after the effective date of this act within which to comply with any such increase requirement.

C. 17:46B-3 Procedure when capital impaired.
8. Procedure when capital impaired:

a. If, for any reason, the capital of a domestic title insurance company becomes impaired and such impairment shall not be eliminated within 30 days from its inception, the company shall forthwith give written notice thereof to the commissioner. The commissioner, upon receipt of such notice or upon otherwise discovering an impairment of capital, shall determine the amount of such impairment and issue a written requisition to the company to eliminate the impairment within such period as he shall designate not more than 60 days from the service of the requisition. He may also by official order prohibit the company from issuing any policies or contracts of title insurance while such impairment exists.

b. Such title insurance company, with the consent and approval of the commissioner, may authorize new or additional shares of stock, and issue certificates therefor, and dispose of the same at not less than their par value for an amount sufficient, at least, to make up the capital impairment, or the commissioner may, in his discretion permit such company to reduce its capital and the par value of its shares, but the capital shall at no time be reduced to an amount less than that required by law for the organization of any such company, after making due allowance for the number of states or territorial subdivisions of the United States in which said company shall retain its qualification to engage in the business of title insurance. In fixing such reduced capital, not less than $250,000.00 nor more than 33½% of the net assets existing at the time of such capital reduction shall be designated as surplus; nor shall any part of such assets be distributed to stockholders. When the amount of capital prescribed by the commissioner has
been established, such title insurance company shall so notify the
commissioner, who, upon being satisfied that the impairment no
longer exists and is not likely to recur, shall give written approval
authorizing such title insurance company to resume issuance of
policies or contracts of title insurance, in the state of its domicile,
and reinsurance agreements with respect thereto.

c. If the capital of any title insurance company other than a
domestic company authorized to do business in this State is found
so impaired, the commissioner, may after notice and hearing,
revoke its license to transact business in this State.

C. 17:46B-9 Determination of insurability required.

9. Determination of insurability required. No policy or contract
of title insurance shall be written unless and until the title in-
surance company has caused to be conducted a reasonable examina-
tion of the title and has caused to be made a determination of
insurability of title in accordance with sound underwriting practices
for title insurance companies. Evidence thereof shall be preserved
and retained in the files of the title insurance company or its
agent for a period of not less than 15 years after the policy or
contract of title insurance has been issued. In lieu of retaining
the original copy, the title insurance company or the agent of the
title insurance company may, in the regular course of business,
establish a system whereby all or part of these writings are re-
corded, copied or reproduced by any photograhic, photostatic,
microfilm, microcard, miniature photographic, or other process
which accurately reproduces or forms a durable medium for re-
producing the original. On every application for a commitment for
title insurance the name and address of the applicant and the pro-
posed insured shall be set forth in full. Except where the applicant
is an attorney at law of the State of New Jersey representing the
proposed insured, or where the proposed insured is the United
States of America or the State of New Jersey, or any political sub-
division thereof, or other governmental authority, the title company
shall mail a notice, either separate from or as part of the commit-
ment to insure, to the address of the insured, notifying the insured
that there may be conditions, exceptions, and limitations of the in-
surance liability of the title company, contained in the commitment
to insure, and that the proposed insured is entitled to review the
commitment to insure, before transfer of title, with an attorney at
law of the insured's own choosing. Such notice shall be sent at least
5 days before the closing of title. This section shall not apply to a
company assuming no primary liability in a contract of reinsur-

C. 17:46B-11 Prohibition upon guaranteeing mortgages and completion.
11. Prohibition upon guaranteeing mortgages and completion. A title insurance company shall not, in any manner whatsoever, guarantee the payment of the principal or the interest of bonds or other obligations secured by mortgages upon real property; nor shall a title insurance company, in any manner whatsoever guarantee the completion of any building, structure or project.

C. 17:46B-12 Prohibition against transacting other kinds of insurance; prohibition against other kinds of insurance companies transacting title insurance.
12. Prohibition against transacting other kinds of insurance; prohibition against other kinds of insurance companies transacting title insurance. A title insurance company shall not transact, underwrite or issue any kind of insurance other than title insurance; nor shall title insurance be transacted, underwritten or issued by any company transacting any other kinds of insurance.

C. 17:46B-13 Prohibition against the practice of law.
13. Prohibition against the practice of law.
No title insurance company and no title insurance agent shall engage in the practice of law or render legal services, legal advice or legal opinions.
Nothing in this act shall be construed to permit or authorize acts by a title insurance company or title insurance agent which may now or hereafter be prohibited by the Supreme Court of the State of New Jersey.

C. Reserves

C. 17:46B-14 Statutory premium reserve.
a. Every domestic insurance company shall, in addition to other reserves, establish and maintain a reserve to be known as the "statutory premium reserve" for title insurance, which shall, at all times for all purposes, be deemed and shall constitute the
unearned portions of premiums due or received and shall be charged as a reserve liability of such title insurance company in determining its financial condition.

b. The statutory premium reserve shall be retained and held by such title insurance company for the protection of the policyholders' interest until released as prescribed in section 15 f. of this act in policies which have not expired. Except as provided in section 17 of this act, assets equal to the amount of such reserve shall not be subject to distribution among creditors or stockholders of such title insurance company until all claims of policyholders or holders of other title insurance contracts or agreements of such title insurance company have been paid in full and all liability on the policies or other title insurance contracts or agreements, whether contingent or actual, has been discharged or lawfully reinsured.

C. 17:46B-15 Amount of statutory premium reserve; release thereof.

15. Amount of statutory premium reserve; release thereof.

a. The statutory premium reserve of every domestic title insurance company shall consist of:

(1) The amount of the reserve held as of the effective date of this act, pursuant to or under permission granted by P. L. 1938, c. 289, s. 6, as amended by P. L. 1949, c. 180, s. 1 (C. 17:18-13); and

(2) The amount of all additions required to be made to such reserve by this section, less the withdrawals therefrom as required by this section.

b. After the effective date of this act, every domestic title insurance company shall add to its statutory premium reserve, in respect to each policy or reinsurance agreement issued by it, a sum of money out of the fees due or received for such title insurance made by it and deemed to be unearned portions of such fees, a sum equal to $1.50 for each such policy or contract or agreement, plus $0.12½ for each $1,000.00 face amount of net retained liability, as defined in subparagraph k. of section 1, of this act, and shall separately record the aggregate amounts so set aside and reserved in respect to such policies, contracts or agreements written in each calendar year.

c. No such reserves shall be required for a policy or contract that insures a mortgage interest which is excepted in a simultaneously issued owner's policy or contract covering the same estate in land and which does not exceed the insured amount of such owner's policy or contract.
d. The amounts set aside initially to establish the statutory premium reserve as referred to in subparagraph a. (1) of section 15 of this act, and additions to the statutory reserve as referred to in paragraph b. of section 15 of this act shall be deducted in determining net profits of any title insurance company.

e. For the purpose of determining the amounts of the statutory premium reserve that shall be withdrawn pursuant to paragraph f. of this section, and the interest of the policyholders therein under section 17 of this act, all policies, contracts of title insurance or reinsurance agreements of title insurance shall be considered as dated on July 1 of the year of issue.

f. The aggregate of the amounts set aside in statutory premium reserve in any calendar year pursuant to subparagraph b. of this section shall be released from said reserve and restored to net income in years of release pursuant to the following formula:

one-twentieth of such aggregate sum on July 1 of each of the years next succeeding the year of addition to the reserve for a period of 20 years until the entire sum shall have been so released and restored to net profits.

The reserve held at the effective date of this act referred to in subsection a. (1) of this section shall also be released according to the foregoing formula.

g. If substantially the entire outstanding liability under all policies, contracts of title insurance or reinsurance agreements of any title insurance company shall be reinsured, the value of the consideration received by a reinsuring title insurance company authorized to transact the business of title insurance in this State, shall constitute, in its entirety, unearned portions of original premiums and be added to its statutory reserve and deemed, for recovery purposes, to have been provided for liabilities assumed during the year of such reinsurance. The amount of such addition to the statutory premium reserve of such assuming title insurance company shall be equal to the statutory premium reserve required to be maintained by the ceding title insurance company at the time of such reinsurance.

C. 17:46B-16  Maintenance of the statutory premium reserve.

16. Maintenance of the statutory premium reserve. If by reason of any cause, other than depreciation in the market value of investments, the amount of the assets of a title insurance company held as investments of its statutory premium reserve should on any date be less than the amount required to be maintained by law in such reserve, and the deficiency shall not be promptly cured,
such title insurance company shall forthwith give written notice thereof to the commissioner and shall make no further policies, contracts of title insurance or reinsurance agreements of title insurance until the deficiency shall have been eliminated and until it shall have received written approval from the commissioner authorizing it to again issue such policies, contracts of title insurance or agreements.

C. 17:46B-17 Use of the statutory premium reserve on liquidation, dissolution or insolvency.

17. Use of the statutory premium reserve on liquidation, dissolution or insolvency.

a. If a title insurance company becomes insolvent, or is in the process of liquidation or dissolution, or in the possession of the commissioner:

(1) Such amount of the assets of such title insurance company equal to the statutory premium reserve then remaining as is necessary may be used by or with the written approval of the commissioner, to pay for reinsurance of the liability of such title insurance company upon all outstanding policies or contracts or reinsurance agreements of title insurance, as to which claims for losses by the holders are not then pending, the balance, if any, of assets equal to the statutory premium reserve fund then remaining, then to be transferred to the general assets of the title insurance company;

(2) The assets other than the statutory premium reserve shall be available to pay claims for losses sustained by holders of policies then pending or arising up to the time reinsurance is effected. In the event that claims for losses are in excess of such other assets of the title insurance company, such claims, when established, shall be paid pro rata out of the surplus assets attributable to the statutory premium reserve, to the extent of such surplus, if any.

b. In the event that reinsurance is not obtained, the statutory premium reserve and assets constituting minimum capital, or so much as remains thereof after outstanding claims have been paid, shall constitute a trust fund to be held by the commissioner for 20 years, out of which claims of policyholders shall be paid as they arise. The balance, if any, of such fund shall, at expiration of 20 years, revert to the general assets of the title insurance company.

C. 17:46B-18 Reserve for unpaid losses and loss expense.

18. Reserve for unpaid losses and loss expense.
a. Each domestic title insurance company shall at all times establish and maintain, in addition to other reserves, a reserve:

(1) Against unpaid losses, and (2) against loss expense, and shall calculate such reserves by making a careful estimate in each case of the loss and loss expense likely to be incurred, by reason of every claim presented, pursuant to notice from or on behalf of the insured, of a title defect in or lien or adverse claim against the title insured, that may result in a loss or cause expense to be incurred for the proper disposition of the claim. The sums of the items so estimated shall be the total amounts of the reserves against unpaid losses and loss expenses of such title insurance company.

b. The amounts so estimated may be revised from time to time as circumstances warrant, but shall be redetermined at least once each year.

c. The amounts set aside in such reserves in any year shall be deducted in determining the net profits for such year of any title insurance company.

D. LIMIT ON NET RETENTION

C. 17:46B-19 Net retained liability.

19. Net retained liability. The net retained liability of any title insurance company under any single insurance risk as defined in subsections j. and k. of section 1 of this act shall not exceed the net amount remaining after deducting from the sum of its capital, surplus, statutory premium reserve and voluntary reserves, the value, if any, assigned in such summation to its title plants, all as shown in its most recent report on file with the commissioner. The same limitation shall apply to any secondary risk assumed by means of reinsurance or to any policy of excess coinsurance.

Nothing in this section is intended to limit the amount of a single insurance risk, as defined in subsection j. of section 1 of this act, that may be written or assumed by a title insurance company, provided it shall cede to one or more other title insurance companies, on or before the effective date of such writing or assumption, such portion, or portions, of the said risk as shall be sufficient to bring its net retained liability thereunder within the limits hereinafore set forth; and provided, further, that each such cession of risk shall also be within the limits of this section as applied to the sum of the capital, surplus, statutory premium reserve and voluntary reserves, less the value, if any, assigned in such summation to the title plants of the assuming and reinsuring title insurance company, as shown by its most recent report on file with the supervisory agency in the state of its domicile.
E. REINSURANCE

C. 17:46B-20 Power to reinsure.

20. Power to reinsure. Any title insurance company authorized to engage in the business of title insurance in this State may cede reinsurance of all or any part of its liability under one or more of its policies or contracts or reinsurance agreements to any title insurance company authorized to engage in the business of title insurance in this or any other state, if such reinsuring company is and remains of the same standard of solvency and complies with all other requirements fixed by the laws of this State for title insurance companies authorized to insure titles to real estate within the State; provided, however, that no larger amount of reinsurance shall be ceded to any title insurance company on a single policy, or contract of title insurance, or on any single title insurance risk as defined in subsection j. of section 1 of this act, than such title insurance company would be permitted to retain if authorized to engage in the business of title insurance in this State. It may also reinsure policies of title insurance issued by other companies on risks whether located in this State or elsewhere. Issuance of contracts of reinsurance by a title insurance company not authorized to engage in the business of title insurance in this State, but authorized to engage in the business of title insurance in any of the United States, reinsuring a title insurance company authorized to engage in the business of title insurance in this State on real property located in this State, shall not of itself constitute the doing of business in this State for the purpose of this act by such reinsuring company; provided, however, that the issuance of such a contract or reinsurance is equivalent to and shall constitute an appointment by such reinsurer of the Commissioner of Insurance to be its true and lawful agent, upon whom may be served all lawful process and complaints in any actions or proceedings arising out of contracts of reinsurance with a title insurance company authorized to engage in the business of title insurance in this State on real property located in this State, and the issuance of any such reinsurance contract shall be signification of its agreement that such service of process and complaints is of the same legal force and validity as personal service of the same upon the insurer.

F. INVESTMENTS

C. 17:46B-21 Minimum capital.

21. Minimum capital. An amount equivalent to the minimum capital requirements as defined in subsection a. of section 7 shall
be retained as cash on hand or on deposit in banks, or shall be
invested in the following classes of investments; provided, however,
that the aggregate invested at any time in those classes of invest­
ments set forth in subsections g., h., i. and p. of this section shall
not, without written approval of the commissioner, exceed 50%
of the sum of the capital and surplus of such title insurance com­
pany as shown by its most recent statement on file with said
commissioner:

a. Government obligations. Bonds, notes or obligations issued,
assumed or guaranteed by the United States, or by any state,
district or territory of the United States, or the Commonwealth
of Puerto Rico.

b. Governmental subdivisions or public instrumentality obliga­
tions. Valid and legally authorized bonds, notes or obligations
issued, assumed or guaranteed by:

(1) Any city, town, county, borough, township, municipality,
school district, poor district, water, sewer, drainage, road or other
governmental district or division located in the United States or
any state, district or territory thereof and the Commonwealth of
Puerto Rico; or by

(2) Any public instrumentality other than a municipal authority
of one or more of the foregoing, if, by statutory or other legal
requirements applicable thereto, such bonds or other evidences of
indebtedness of such instrumentality are payable, as to principal
and interest, from taxes levied or by law required to be levied,
upon all taxable property or all taxable income within the juris­
diction of the governmental unit or units of which it is an
instrumentality, or from revenue pledged or otherwise appro­
priated or by law required to be provided for the purpose of such
payment;

(3) Any municipal authority issued pursuant to the laws of
the State relating to the creation or operation of municipal
authorities, if the obligations are not in default as to principal or
interest and if the project for which the obligations were issued
is under lease to a school district or school districts or if the
obligations are not in default as to principal or interest and if the
project for which the obligations were issued is under lease
to a municipality or municipalities or subject to a service con­
tract with a municipality or municipalities, pursuant to which
the municipal authority will receive lease rentals or service charges
available for fixed charges on the obligations, which will average
not less than one and one-fifth times the average annual fixed charges of such obligations over the life thereof, or if the obligations are not in default as to principal or interest and if for a period of 5 fiscal years next preceding the date of acquisition, the income of such authority available for fixed charges has averaged not less than one and one-fifth times average annual fixed charges of such obligations over the life of such obligations. As used in this clause, the term "income available for fixed charges" shall mean income after deducting operating and maintenance expenses, and, unless the obligations are payable in serial, annual maturities, or are supported by annual sinking fund payments, depreciation, but excluding extraordinary nonrecurring items of income or expenses; and the term "fixed charges" shall include principal, both maturity and sinking fund, and interest on bonded debt. In computing such income available for fixed charges for the purposes of this section, the income so available of any corporation acquired by any municipal authority may be included, such income to be calculated as though such corporation had been operated by a municipal authority and an equivalent amount of bonded debt were outstanding.

The eligibility for investment purposes of obligations of each project of a municipal authority shall be separately considered hereunder.

c. Public utility obligations. Bonds, notes or obligations issued, assumed or guaranteed by any solvent public utility corporation or public utility business trust, incorporated or existing under the laws of the United States or of any state, district or territory thereof.

d. Other corporate obligations. Bonds, notes or obligations issued, assumed or guaranteed by any other corporation, including railroads, or business trust, incorporated or existing under the laws of the United States, or of any state, district or territory thereof, whose income available for fixed charges for the period of 5 fiscal years next preceding the date of investment shall have averaged not less than one and one-half times its average annual fixed charges applicable to such period. As used in this subsection, the term "income available for fixed charges" shall mean income, after deducting operating and maintenance expenses, depreciation and depletion, and taxes other than Federal or State income taxes, but excluding extraordinary nonrecurring items of income or expense appearing in the regular financial statements of the corporation or business trust, and the term "fixed
"charges" shall include interest on funded or unfunded debt and amortization of debt discount and expense. If income is determined in reliance upon consolidated income statements of parent and subsidiary corporations or business trusts, such income shall be determined after provision for Federal and State income taxes of subsidiaries, and after proper allowance for minority stock interest, if any, and the required coverage of fixed charges, shall be computed on a basis including fixed charges and preferred dividends of subsidiaries, other than those payable by subsidiaries to the parent corporation or business trust, or to any other such subsidiaries. In applying an income test under this section to any issuing, assuming or guaranteeing corporation or business trust, whether or not in legal existence during the whole or the 5-year period next preceding the date of the investment, which has at any time or times after the beginning of such period acquired the assets or the outstanding shares of capital stock of any other corporation or business trust by purchase, merger, consolidation or otherwise, substantially as an entirety, or has been reorganized pursuant to the bankruptcy law, the income of such other predecessor or constituent corporation or business trust or of the corporation or business trust so reorganized, available for interest and dividends for such portion of such period as shall have preceded acquisition or reorganization may be included in the income of such issuing, assuming or guaranteeing corporation or business trust for such portion of such period as may be determined in accordance with adjusted or pro forma consolidated income statements covering such portion of such period, and giving effect to all stock or shares outstanding and all fixed charges existing immediately after acquisition or reorganization.

e. Trustees', receivers' or equipment trust obligations.

(1) Certificates, notes or obligations issued by trustees or receivers of any corporation or business trust created or existing under the laws of the United States or of any state, district or territory thereof which, or the assets of which, are being administered under the direction of any court having jurisdiction, if such obligation is adequately secured as to principal and interest.

Real property shall not be considered to be encumbered within the meaning of this section by reason of the existence of instruments reserving mineral, oil, water or timber rights, rights-of-way, sewer rights, rights in walls or driveways, by reason of liens inferior to the lien securing the loan of the insurance company, or liens for taxes or assessments not yet delinquent, or by reason of building restrictions or other restrictive covenants or by reason of any lease under which rents or profits are reserved to the owner, if, in any event, the security for such loan is a first lien upon such real property, and if there is no condition or right of reentry or forfeiture under which such lien can be cut off, subordinated or otherwise disturbed. No mortgage or trust deed, loan or investment in a seller's equity under a contract for deed made or acquired by the insurance company on any one property shall at the date of investment exceed two-thirds of the value of the real property securing the loan, or subject to such contract; provided that such limitation in respect to value shall not apply to a loan which is:

(1) Insured by, or for which a commitment to insure has been made by, the Federal Housing Administrator or commissioner pursuant to the provisions of the National Housing Act, 12 U.S.C. § 1702 et seq. (1934), as heretofore or hereafter amended;

(3) Insured by the administrator pursuant to the provisions of
the Servicemen's Readjustment Act, c. 288, Title II, 58 Stat. 284, of 1944, as heretofore or hereafter amended;

(4) Upon real estate under lease to a corporation or business trust, incorporated or existing under the laws of the United States or any state, district or territory thereof, whose income available for fixed charges for the period of 5 fiscal years next preceding the date of investment, shall have averaged not less than one and one-half times its average annual fixed charges applicable to such period, if there is pledged and assigned, as additional security for the loan, and for application thereon, sufficient of the rentals payable under the lease to provide for repayment of the loan within the unexpired term of the lease;

(5) Upon such terms that the principal thereof will be amortized by repayments of principal at least once in each year in amounts sufficient to repay the loan within a period of not more than 30 years, and such loan is upon improved real estate, and at the date of investment does not exceed three-fourths of the value of the real estate securing the loan.

h. Purchase money securities. Purchase money mortgages or like securities received by it upon the sale or exchange of real property, acquired pursuant to subsection p. of this section.

(1) Such loan is guaranteed or insured by, or for which a commitment to guarantee or insure such loan has been made by, the Federal Housing Administrator or commissioner, pursuant to the provisions of the Federal National Housing Act, 12 U.S.C. § 1701 et seq. (1934), as heretofore or hereafter amended; or

(2) Such leasehold is of improved real estate and such loan provides for amortization by repayments of principal at least once in each year in amounts sufficient to repay the loan within a period of four-fifths of the unexpired term of the leasehold, but within a period of not more than 30 years, and does not exceed three-fourths of the value of the leasehold at the date of investment; or

(3) Such real estate is under lease to a corporation or business trust, incorporated or existing under the laws of the United States or any state, district or territory thereof, whose income available for the fixed charges for the period of 5 fiscal years next preceding the date of investment shall have averaged not less than one and one-half times its average annual fixed charges applicable to such period, if there is pledged and assigned as additional security for the loan and for application thereon sufficient of the rentals payable under such lease to provide for repayment of the loan within the unexpired term of the lease. Provided further, that the terms of any such loan shall require repayments of principal at least once in each year in amounts sufficient to repay the loan within the term of the leasehold, unexpired at the date of investment, unless a shorter period is required under subparagraph (2).

m. Savings and loan shares. Shares of any Federal savings and loan association, or of any building and loan or savings and loan association, to the extent that the withdrawal or repurchasable value of such shares is insured by the Federal Savings and Loan Insurance Corporation, under the National Housing Act, 12 U.S.C. § 1701 et seq. p. Real estate; right to acquire. It shall be lawful for any title insurance company organized under the laws of this State to purchase, receive, hold and convey real estate or any interest therein:

(1) Required for its convenient accommodation in the transaction of its business with reasonable regard to future needs;
(2) Acquired in connection with a claim under a policy of title insurance;
(3) Acquired in satisfaction or on account of loans, mortgages, liens, judgments or decrees, previously owing to it in the course of its business;
(4) Acquired in part payment of the consideration of the sale of real property owned by it if the transaction shall result in a net reduction in the company's investment in real estate;
(5) Reasonably necessary for the purpose of maintaining or enhancing the sale value of real property previously acquired or held by it under subparagraphs (1), (2), (3), or (4) of this subsection.

Provided, however, that no title insurance company shall continue to hold any real estate acquired by it under subparagraph (2), (3), or (4) for more than 5 years from the date of acquisition thereof, unless it shall obtain the written approval of the commissioner to hold such real estate for a longer period of time.

C. 17:46B-22 Funds in excess of minimum capital, other than statutory premium reserve.

22. Funds in excess of minimum capital, other than statutory premium reserve. Funds over and above minimum capital, other than the statutory premium reserve, may be retained as cash on hand or on deposit in banks, or may be invested in the following classes of investments:

a. Any of the classes of investments authorized in section 21 of this act; provided, however, that the amount invested at any time in those classes of investments set forth in subsections g., h., i. and p. of section 21, when valued at cost, shall not, without written approval of the commissioner, exceed 50% of the sum of the capital and surplus of such title insurance company as shown by its most recent statement on file with said commissioner.

c. Corporate obligations. Bonds, notes or obligations issued, assumed or guaranteed by any solvent corporation or business trust, incorporated or existing under the laws of the United States or any state, district or territory thereof, the Commonwealth of Puerto Rico, or of the Dominion of Canada or any province thereof.

e. Other loans and investments. Loans or investments not qualifying or permitted under the preceding subsections of this section to an amount not exceeding 25% of the amount of the surplus of a title insurance company as shown by its most recent statement on file with the commissioner.

f. Title plant. Provided it shall at all times comply with the minimum capital investment requirements of section 21, a title insurance company may invest in title plants. The title plants shall be considered assets at the fair value thereof. In determining the fair value of a title plant, no value shall be attributed to furniture and fixtures, and the real estate in which the title plant is housed shall be carried as real estate. The value of title abstracts, title briefs, copies of conveyances or other documents, indices and other records comprising the title plant shall be determined by considering the expenses incurred in obtaining them, the age thereof, the cost of replacements, and all other relevant factors. Once the value of a title plant shall have been determined, hereunder, such value may be increased only by the acquisition of another title plant by purchase, consolidation or merger; in no event shall the value of the title plant be increased by additions made thereto as part of the normal course of abstracting and insuring titles to real estate. Subject to the above limitations and with the approval of the commissioner, a title insurance company may enter into agreements with one or more title insurance companies authorized to do business in this State, whereby such companies shall participate in the ownership, management and control of a title plant to service the needs of all such companies.

For the purpose of this section such computation shall refer to the calendar or other fiscal year or years of such solvent corporation and the term “preferred dividend requirements” shall include cumulative and nonecumulative dividends.

C. 17:46B-24 Investment acquired before effective date.

24. Investments acquired before effective date. Any investment of a title insurance company lawfully acquired before the effective date of this act and which but for this section would be considered ineligible as an investment on such effective date shall be disposed of within 5 years from such effective date. The commissioner, upon application and proof that forced sale of any such investment would be contrary to the best interests of the title insurance company and its policyholders, may extend the period for sale or disposal of such investment for a further reasonable time, in no event to exceed 3 years.

G. FOREIGN AND ALIEN COMPANIES

C. 17:46B-25 Requisites for foreign and alien title insurance companies to do business.

25. Requisites for foreign and alien title insurance companies to do business. complies with other requirements fixed by the laws of this State for domestic title insurance companies organized and authorized to transact the business of title insurance pursuant to the laws of this State. No title insurance company shall be admitted and authorized to do business until:

c. It shall, by a duly executed instrument filed in his office, constitute and appoint the commissioner or his successor its true lawful attorney, upon whom all lawful processes in any action, rule, order or legal proceeding against it may be served; and therein shall agree that any lawful process against it which may be served upon him as its said attorney shall be of the same force and validity as if served on the company, and that the authority thereof shall continue in force irrevocably so long as any liability of the company remains outstanding in this State.

C. 17:46B-26 Foreign and alien title insurance companies.

26. Foreign and alien title insurance companies. 27. Mergers and consolidations of title insurance companies.

a. A title insurance company organized and incorporated under the laws of this State may merge, be merged by or consolidate with, one or more title insurance companies whether or not so incorporated, by complying with chapter 27 of Title 17 of the Revised Statutes as amended and supplemented but subject to the following:

(1) No such merger or consolidation shall be effectuated unless in advance thereof, the plans and agreement therefor have been filed with the commissioner. The commissioner shall examine the terms and conditions of such merger or consolidation, and of any exchange of shares or securities pursuant thereto, after holding a hearing at which all persons or parties to whom it is proposed to issue shares or securities in such exchange shall have the right to appear. After such hearing, the commissioner shall either approve or disapprove the fairness of such terms and conditions of exchange. The commissioner shall give such approval within a reasonable time after filing of a plan or agreement unless he finds such plan or agreement:

(a) Is contrary to law; or
(b) Inequitable to the stockholders of such title insurance company; or
(c) Would substantially reduce the security of and services to be rendered to policyholders of the domestic title insurance company in this State or elsewhere.

(2) Where such merger or consolidation involves a parent company absorbing a wholly-owned subsidiary, the commissioner may, in his discretion, dispense with the holding of a hearing.

b. No director, officer, agent or employee of any title insurance company party to such acquisition shall receive any fee, commission, compensation or other valuable consideration whatsoever for in any manner aiding, promoting or assisting therein except as set forth in such plan or agreement.

c. If the commissioner does not approve any such plan or agreement he shall notify the title insurance company in writing specifying in detail his reasons therefor.

28. Corporate acquisitions other than by merger or consolidation.

a. A title insurance company organized and incorporated under
the laws of this State may issue stock in exchange for all or any part of the assets or stock of a domestic or foreign title insurance company, abstract company or title insurance agent if, in advance thereof, a plan or agreement of acquisition shall have been filed with the commissioner. The commissioner shall examine the terms and conditions of such plan or agreement of acquisition, and of any exchange or shares or securities pursuant thereto, after holding a hearing at which all persons or parties to whom it is proposed to issue shares or securities in such exchange shall have the right to appear. After such hearing, the commissioner shall either approve or disapprove the fairness of such terms and conditions of such acquisition and exchange. The commissioner shall give such approval within a reasonable time after filing of a plan or agreement unless he finds such plan or agreement:

(1) Is contrary to law; or
(2) Inequitable to the stockholders or any title insurance or abstract company involved; or
(3) Would substantially reduce the security of and services to be rendered to policyholders of the domestic title insurance company in this State or elsewhere.

b. No director, officer, agent or employee of any title insurance company or abstract company party to such acquisition shall receive any fee, commission, compensation or other valuable consideration whatsoever for in any manner aiding, promoting or assisting therein except as set forth in such plan or agreement.

c. If the commissioner does not approve any such plan or agreement, he shall notify the title insurance company in writing specifying in detail his reasons therefor.

C. 17:46B-29 Purchase or acquisition of controlling stock.

29. Purchase or acquisition of controlling stock.

a. In the event any person or persons, corporation or corporations propose to purchase or acquire the controlling capital stock of any domestic title insurance company, such person or persons, corporation or corporations, shall first make application to the commissioner for approval of such purchase or acquisition. The application shall contain the name and address of the proposed new owner or owners of the controlling stock, and the commissioner shall approve the proposed purchase or acquisition only after he has become satisfied that such purchase or acquisition will not result in violation of the antirebate provisions as defined herein by section 35 of this act, and that the proposed new owner or
owners of the controlling stock are qualified by character, experience and financial responsibility to control and operate the title insurance company in a lawful and proper manner; and that the interest of the title insurance company stockholders and policyholders and the interest of the public generally will not be jeopardized by the proposed change in ownership and management. If the commissioner does not, by affirmative action, approve or disapprove the proposed purchase or acquisition within 30 days after the date on which such application was so filed with him, the proposed purchase or acquisition shall be deemed to be approved at the expiration of such 30-day period.

b. No such purchase or acquisition of a domestic title insurance company shall be effectuated unless approved as provided in subsection a. above.

c. In event the commissioner disapproves the proposed purchase or acquisition, he shall give written notice thereof to the person or persons, corporation or corporations, so applying for approval, setting forth in detail the reasons for disapproval.

(3) Any applicant for a title insurance agent’s license who has had at least 2 years experience as a title insurance agent, prior to the effective date of this act, shall not be required to take an examination for such license if application for the issuance of such license is filed with the commissioner within a period of 6 months immediately following the effective date of this act.

(4) Applicants for a title insurance agent’s license shall not be required to comply with the educational program requirements set forth in P. additional information required by this section. Such temporary license shall continue only until the licensee is afforded an opportunity of taking the examination provided in subsection b. (1) hereof and receiving the results, but not to exceed a period of 6 months. In the event of the failure of the applicant to qualify for a regular title insurance agent's license as provided in this section, no renewal or extension may be granted to any temporary license held by said applicant.

g. No bank, trust company, bank and trust company or other lending institution, mortgage service, mortgage brokerage or mortgage guaranty company or any service company of or for any lending institution or any officer or employee of any of the foregoing shall be licensed as or permitted to act as an agent for a title insurance company. No bank, trust company, bank and trust company, or other lending institution, mortgage service, mortgage brokerage or mortgage guaranty company, or any service company of or for any lending institution shall make the selection of a particular title insurance company or agent a condition precedent to the granting of any mortgage loan.

31. Title insurance agents; books and records.

a. Every title insurance agent shall keep his, her or its books of account and record and vouchers pertaining to the business of title insurance in a bona fide office in this State in such a manner that the commissioner, or his authorized representatives, may readily ascertain from time to time whether the agent has complied with all the provisions of this act.

b. Every title insurance agent shall maintain a separate record of all receipts and disbursements as a depository for funds as permitted in section 13 b. of this act and shall not commingle any such funds with agent's own funds or with funds held by agent in any other capacity.

c. If at any time the commissioner shall determine that an agent has failed to comply with any of the provisions of this section, the commissioner may direct that such agent cease writing new insurance until such provisions are complied with.

C. 17:46B-32 Title insurance agents; replies to inquiries by commissioner.
32. Title insurance agents; replies to inquiries by commissioner. Every title insurance agent shall reply, in writing, promptly, with a copy thereof to each title insurance company for which said agent is acting, to any inquiry of the commissioner relative to the busi-
ness of title insurance. A copy of any inquiry sent by the commissioner to any agent relative to said agent's conduct of the business of title insurance shall also be sent by the commissioner to each title insurance company for which said agent is acting.

C. 17:46B-33 Title insurance agents; certain names prohibited.

33. Title insurance agents; certain names prohibited. After the effective date of this act no agent for a title insurance company shall adopt a firm name containing the words "title," "title company," "title insurance company," "guaranty," "guarantee," "guaranty company," or "guarantee company" or similar combination thereof; except that the word title may be used in combination with the word "agent or agency" in letters of the same size and character.

J. COMMISSIONS AND REBATES

C. 17:46B-34 Commissions; no right to pay.

34. Commissions; no right to pay. No title insurance company and no title insurance agent shall pay, allow or give, or offer to pay, allow or give, directly or indirectly, any commission or part of its fee or charge or any other consideration as an inducement or compensation for the placing or procuring of any order for title insurance; provided, however, that nothing herein contained shall be construed to prohibit the payment of a commission or other compensation to a regular full-time employee of a title insurance company or agent of a title insurance company as part of the regular compensation of such employee or agent.

C. 17:46B-35 Rebates or reduced fees.

35. Rebates or reduced fees. a. No title insurance company and no title insurance agent shall pay, allow or give, or offer to pay, allow or give, directly or indirectly, as an inducement to insure, or after insurance has been affected, any rebate, discount, abatement, credit or reduction of premium or special favor, advantage, or other benefit to accrue thereon or any valuable consideration or inducement whatever, not specified or provided for in the policy, except to the extent provided for in an applicable filing with the commissioner as provided by this act.

b. No title insurance company and no title insurance agent shall quote any fee or make any charge to any person which is less than that currently available to others in a like amount and involving the same factors as set forth in the schedule of fees and charges established pursuant to section 41 of this act, or otherwise make or permit any unfair discrimination in the premium or rates
charged for insurance or in other fees and charges or in other benefits, or in any other of the terms and conditions of the insurance policy, except to the extent provided for in an applicable filing with the commissioner as provided by this act. The amount by which any fee or charge is less than that prescribed by the schedule of fees and charges established pursuant to section 41 of this act is an unlawful rebate.

c. No applicant for insurance, nor any insured, nor any owner, lessee, mortgagee, existing or prospective, of the real property or interest therein which is the subject matter of the application for insurance, nor any person acting as agent, representative, attorney, broker or employee of such applicant, insured, or such owner, lessee or mortgagee, shall knowingly receive or accept, directly or indirectly, any commission, rebate, discount, abatement, credit or reduction of premium, or any special favor or advantage or valuable consideration or inducement prohibited by this act.

C. 17:46B-36 Examination of records.

36. Examination of records. The commissioner, if he has reason to believe that any title insurance agent has violated or is violating any of the provisions of sections 34 and 35 of this act, shall forthwith examine said title insurance agent's books of account and record and vouchers pertaining to the business of title insurance, and any said title insurance agent so examined shall pay to the commissioner the cost of such examination on demand.

C. 17:46B-37 Additional penalty.

37. Additional penalty. Any person who pays, allows or gives, or offers to pay, allow or give, or who receives or offers to receive any commission, rebate, discount, abatement, credit or reduction of premium or any special favor or advantage or valuable consideration or inducement whatever in violation of sections 34 and 35 of this act shall be liable to the State of New Jersey for a penalty not exceeding five times the amount of such commission, or unlawful rebate, discount, abatement, credit or reduction of premium or any special favor or advantage or valuable consideration or inducement whatever in addition to any other penalty imposed by law.

C. 17:46B-38 Permitted division of fees.

38. Permitted division of fees. Nothing in this act prohibits the division of fees and charges between or among two or more title insurance companies or between or among one or more title insurance companies and one or more title insurance agents repre-
senting the same title insurance company, or between or among two or more title insurance agents representing the same title insurance company.

C. 17:46B-39 Personal or controlled insurance.

39. Personal or controlled insurance. If the rates and charges for personal or controlled insurance from any source so issued in any 1 calendar year received by a title insurance company or by a title insurance agent shall exceed 25%, or from all such sources shall exceed 50% of the total rates and charges received by such title insurance company or by such title insurance agent for title insurance issued in the same year, the excess shall be deemed to be unlawful rebate.

C. 17:46B-39A Enforcement.

39A. Enforcement. The commissioner shall have the full authority, and it shall be his duty, to enforce the provisions of sections 34 through 39 of this act and to carry out the full intent thereof through the adoption of appropriate rules and regulations and the issuance of orders.

K. RATES, RATING ORGANIZATIONS AND RATE-MAKING PROCEDURE

C. 17:46B-40 General provisions.

40. General provisions. The purposes of sections 41 to 52, inclusive, of this act are to promote the public welfare by regulating title insurance rates to the end that they shall not be excessive, inadequate or unfairly discriminatory and to authorize cooperative action between or among title insurance companies in rate making and other matters within the scope of said sections. Nothing herein is intended to prohibit or discourage reasonable competition, or to require, prohibit or discourage, except to the extent necessary to accomplish the purposes stated above, uniformity in title insurance rates, rating systems and rating plans and practices. The provisions of sections 41 to 52, inclusive, shall be liberally interpreted to make effective the purposes thereof as outlined in this section.

C. 17:46B-41 Rate filing.

41. Rate filing.

a. Every title insurance company shall file with the commissioner its schedule of fees, every manual of classifications, rules and plans pertaining thereto, and every modification of any of the foregoing which it proposes to use in this State. Every such filing
shall state the proposed effective date thereof, and shall indicate
the character and extent of the coverage contemplated.

b. A title insurance company may satisfy its obligations to make
such filings by becoming a member of, or a subscriber to, a licensed
title insurance rating organization which makes such filings, and
by authorizing the commissioner to accept such filings on its behalf.

c. The commissioner shall make such review of the filing as may
be necessary to carry out the provisions of this act.

d. Beginning 90 days after the effective date of this act, no
title insurance company or agent of a title insurance company shall
charge any fee for any policy or contract of title insurance except
in accordance with filings or rates which are in effect for said title
insurance company as provided in this act.

e. The commissioner shall not require the filing of rates or fees
for reinsurance contracts or agreements, or policies of excess co­
insurance.

C. 17:46B-42 Justification for rates.

42. Justification for rates. A rate filing shall be accompanied
by a statement of the title insurance company or title insurance
rating organization making the filing, setting forth the basis upon
which the rate was fixed and the fees are to be computed. Any filing
may be justified by:

(1) The experience or judgment of the title insurance company
or title insurance rating organization making the filing;

(2) Its interpretation of any statistical data relied upon;

(3) The experience of other title insurance companies or title
insurance rating organizations; or

(4) Any other factors which the title insurance company or title
insurance rating organization or the commissioner deem relevant.

C. 17:46B-43 Proposing of rates.

43. Proposing of rates.

a. Every title insurance company that shall propose its own
rates, and every title insurance rating organization, shall propose
rates that are not excessive nor inadequate for the safety and
soundness of any title insurer, which do not unfairly discriminate
between risks in this State which involve essentially the same ex­
posure to loss and expense elements, and which shall give due con­
sideration to the following matters:

(1) The desirability for stability and responsiveness of rate
structures;
(2) The necessity of assuring the financial solvency of title insurance companies in periods of economic depression;
(3) The necessity for paying dividends on the capital stock of title insurance companies sufficient to induce capital to be invested therein; and
(4) A reasonable level of profit for the insurer.
b. Every title insurance company that shall propose its own rates, and every title insurance rating organization, may adopt basic classifications of policies or contracts of title insurance which shall be used as the basis for rates.

C. 17:46B-44 Approval or disapproval of filings.

44. Approval or disapproval of filings.

a. If the commissioner shall find in his review of rate filings that said filings provide for, result in, or produce rates that are not unreasonably high, and are not inadequate for the safeness and soundness of the insurer, and are not unfairly discriminatory between risks in this State involving essentially the same hazards and expense elements, he shall approve such rates. Prior to such approval the commissioner may conduct a public hearing with respect to a rate filing. An approval shall continue in effect until the commissioner shall issue an order of disapproval pursuant to the requirements and procedure provided for in subsections b. and c. of this section.
b. Upon the review at any time by the commissioner of a rate filing, he shall, before issuing an order of disapproval, hold a hearing upon not less than 10 days' written notice, specifying in reasonable detail the matters to be considered at such hearing, to every title insurance company and title insurance rating organization which made such filing, and if, after such hearing, he finds that such filing or a part thereof does not meet the requirements of this act, he shall issue an order specifying in what respects he finds that it so fails, and stating when, within a reasonable period thereafter, such filing or a part thereof shall be deemed no longer effective. A title insurance company or title insurance rating organization shall have the right at any time to withdraw a filing or a part thereof, subject to the provisions of section 46 of this act in the case of deviation filing. Copies of said order shall be sent to every title insurance company and title insurance rating organization affected. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.
c. Any person or organization aggrieved with respect to any filing which is in effect, may make written application to the commissioner for a hearing thereon. The title insurance company or title insurance rating organization that made the filing shall not be authorized to proceed under this subsection. Such application shall specify in reasonable detail the grounds to be relied upon by the applicant. If the commissioner shall find that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, he shall, within 30 days after receipt of such application, hold a hearing upon not less than 10 days written notice to the applicant and to every title insurance company and title insurance rating organization which made such a filing. If, after such hearing, the commissioner finds that the filing or a part thereof does not meet the requirements of this act, he shall issue an order specifying in what respects he finds that such filing or a part thereof fails to meet the requirements of this act, stating when within a reasonable period thereafter, such filing or a part thereof shall be deemed no longer effective. Copies of said order shall be sent to the applicant and to every such title insurance company and title insurance rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

C. 17:46B-45 Title insurance rating organizations.

45. Title insurance rating organizations.

a. A corporation, an unincorporated association, a partnership or an individual, whether located within or outside this State, may make application to the commissioner for license as a rating organization for title insurance companies, and shall file therewith:

(1) A copy of its constitution, its articles of agreement or association or its certificate of incorporation, and of its bylaws, rules and regulations governing the conduct of its business;

(2) A list of its members and subscribers;

(3) The name and address of a resident of this State upon whom notices or orders of the commissioner or process affecting such rating organization may be served; and

(4) A statement of its qualifications as a title insurance rating organization.

If the commissioner finds that the applicant is competent, trustworthy and otherwise qualified to act as a rating organization, and
that its constitution, articles of agreement or association or certificate of incorporation, and its bylaws, rules and regulations governing the conduct of its business, conform to the requirements of law, he shall issue a license authorizing the applicant to act as a rating organization for title insurance. Licenses issued pursuant to this section shall remain in effect for 3 years unless sooner suspended or revoked by the commissioner or withdrawn by the licensee. The fee for said license shall be $1,500.00. Licenses issued pursuant to this section may be suspended or revoked by the commissioner, after hearing upon notice, in the event the rating organization ceases to meet the requirement of this subsection. Every rating organization shall notify the commissioner promptly of every change in:

(1) Its constitution, its articles of agreement or association or its certificate of incorporation, and its bylaws, rules and regulations governing the conduct of its business;

(2) Its list of members and subscribers; and

(3) The name and address of the resident of this State designated by it upon whom notices or orders of the commissioner or process affecting such rating organization may be served.

b. Subject to rules and regulations which have been approved by the commissioner as reasonable, each title insurance rating organization shall permit any title insurance company not a member to be a subscriber to its rating services. Notices of proposed changes in such rules and regulations shall be given to subscribers. Each such rating organization shall furnish its rating services without discrimination to its members and subscribers. The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any such rating organization to admit a title insurance company as a subscriber, shall at the request of any subscriber or any such title insurance company, be reviewed by the commissioner at a hearing held upon at least 10 days written notice to such rating organization and to such subscriber. If the commissioner finds that such rule or regulation is unreasonable in its application to subscribers, he shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an application of a title insurance company for subscribership within 30 days after it was made, the title insurance company may request a review by the commissioner as if the application had been rejected. If the commissioner finds that the title insurance company has been refused admittance to the title insurance rating organization as a sub-
scriber without justification, he shall order said rating organization to admit the title insurance company as a subscriber. If he finds that the action of the title insurance rating organization was justified, he shall make an order affirming its action.

C. 17:46B-46 Deviations.

46. Deviations. Every member of or subscriber to a title insurance rating organization shall adhere to the filings made on its behalf by such organization, except that any title insurance company which is a member of or subscriber to such a rating organization may file with the commissioner a uniform percentage of decrease or increase to be applied to any or all elements of the fees produced by the rating system so filed for a class of title insurance which is found by the commissioner to be a proper rating unit for the application of such uniform decrease or increase, or to be applied to the rates for a particular area, or otherwise deviate from the rating plans, policy, forms or other matters which are the subject of filings under this act. Such deviation filing shall specify the basis for the modification and shall be accompanied by the data or historical pattern upon which the applicant relies. A copy of the deviation filing and data shall be sent simultaneously to such rating organization. Deviation filings shall be subject to the provisions of section 44 of this act.

C. 17:46B-47 Appeal by minority.

47. Appeal by minority. Any member of or subscriber to a title insurance rating organization may appeal to the commissioner from any action or decision of such rating organization in approving or rejecting any proposed change in or addition to the filings of such rating organization, and the commissioner shall, after a hearing held upon not less than 10 days’ written notice to the appellant and to such rating organization, issue an order approving the action or decision of such rating organization or directing it to give further consideration to such proposal and to take action or make a decision upon it within 30 days. If such appeal is from the action or decision of the title insurance rating organization in rejecting a proposed addition to its filings, he may, in the event he finds that such action or decision was unreasonable, issue an order directing said rating organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with his findings, within a reasonable time after the issuance of such order. If the appeal is from the action of the title insurance rating organization with regard to a rate or a
proposed change in or addition to its filings relating to the
color and extent of coverage, he shall approve the action of
said rating organization or such modification thereof as shall have
been suggested by the appellant if either be made in accordance
with this act.

The failure of a title insurance rating organization to take action
or make a decision within 30 days after submission to it of a
proposal under this section shall constitute a rejection of such
proposal within the meaning of this section. If such appeal is based
upon the failure of said rating organization to make a filing on
behalf of such member of subscriber which is based on a system of
expense allocation which differs from the system of expense allo­
cation included in a filing made by said rating organization, the
commissioner shall, if he grants the appeal, order the rating
organization to make the requested filing for use by the appellant.
In deciding such appeal, the commissioner shall apply the standards
set forth in section 43 of this act.

C. 17: 46B-48 Rate administration; authority and duties of commissioner; rules
and regulations.

48. Rate administration; authority and duties of commissioner;
rules and regulations.

a. The commissioner shall promulgate reasonable rules and
statistical plans, reasonably adapted to each of the rating systems
on file with him, which may be modified from time to time, and
which shall be used thereafter by each title insurance company, in
the recording and reporting of the composition of its business, its
loss and countrywide expense experience and those of its title
insurance underwriters in order that the experience of all title
insurance companies may be made available, at least annually, in
such form and detail as may be necessary to aid him in determining
whether rating systems comply with the standards set forth in this
article. Such rules and plans may also provide for the recording
of expense experience items which are specially applicable to this
State and are not susceptible of determination by a prorating of
countrywide expense experience. In promulgating such rules and
plans, the commissioner shall give due consideration to the rating
systems on file with him, and in order that such rules and plans
may be as uniform as is practicable among the several states, to
the rules and to the form of the plans used for such rating systems
in other states. Such rules and plans shall not place an unreason­
able burden of expense on any title insurance company. No title
insurance company shall be required to record or report its expense
and loss experience on a classification basis that is inconsistent with
the rating system filed by it, nor shall any title insurance company
be required to report its experience to any agency of which it is
not a member or subscriber. The commissioner may designate one
or more rating organizations or other agencies to assist him in
gathering such experience and making compilations thereof, and
such compilations shall be made available, subject to reasonable
rules promulgated by the commissioner, to title insurance com­
panies and rating organizations. The commissioner shall give
preference in such designation to entities organized by and func­
tioning on behalf of title insurance companies operating in this
State. If the commissioner, in his judgment, determines that one
or more of such organizations designated as statistical agent is
unable or unwillingly to perform its statistical functions according
to reasonable requirements established from time to time by him,
he may, after consultation with such statistical agent and upon 20
days notice to any affected companies, designate another person to
act on his behalf in the gathering of statistical experience. The
commissiqner shall in such case establish the fee to be paid to such
designated person by the affected companies in order to pay the
total cost of gathering and compiling such experience. Agencies
designated by the commissioner shall assist him in making com­
pilations of the reported data and such compilations shall be made
available, subject to reasonable rules and regulations promulgated
by the commissioner, to insurers, rating organizations and any
other interested parties.

b. Reasonable rules and plans may be promulgated by the com­
missioner for the interchange of data necessary for the application
of rating plans.

c. In order to further uniform administration of rate regulatory
laws, the commissioner and every title insurance company and
rating organization may exchange information and experience data
with insurance supervisory officials, title insurance companies and
rating organizations in other states, and may consult with them
with respect to rate making and the application of rating systems.

d. In addition to any powers hereinbefore expressly enumerated
in this act, the commissioner shall have full power and authority,
and it shall be his duty, to enforce and carry out by regulations,
orders or otherwise, all and singular the provisions of this article
and the full intent thereof. The commissioner may make such
reasonable rules and regulations not inconsistent with this act, as
may be necessary or proper in the exercise of his powers or for the
performance of his duties under this article.

C. 17:46B-49 False or misleading information.
49. False or misleading information. No title insurance company
or title insurance agent shall willfully withhold information from,
or knowingly give false or misleading information to the commis-
sioner, or to any title insurance rating organization, of which the
title insurance company is a member or subscriber, which will affect
the rates or fees chargeable under this act.

C. 17:46B-50 Penalties.
50. Penalties. The commissioner may, if he finds that any title in-
surance rating organization, title insurance company or title insur-
ance agent has violated any provision of this act, impose a penalty
of not more than $1,000.00 for each such violation, but if he finds
such violation to be willful, he may impose a penalty of not more
than $5,000.00 for each such violation. Such penalties may be in
addition to any other penalty provided by law.

The commissioner may suspend the license of any title insurance
rating organization, title insurance company, or title insurance
agent that fails to comply with an order of the commissioner within
the time limited by such order, or any extension thereof, which
the commissioner may grant. The commissioner shall not suspend
the license of any such rating organization, company or agent for
failure to comply with an order until the time prescribed for an
appeal therefrom has expired, or, if an appeal has been taken, until
such order has been affirmed.

The commissioner may determine when a suspension of license
shall become effective, and it shall remain in effect for the period
fixed by him unless he modifies or rescinds such suspension, or
until the order upon which such suspension is based is modified,
reversed. No penalty shall be imposed and no license shall be
suspended or revoked except upon a written order of the commis-
sioner, stating his findings, made after a hearing held upon not
less than 10 days' written notice to such person or organization,
specifying the alleged violation.

C. 17:46B-51 Hearing procedure.
51. Hearing procedure.

a. Any title insurance company, title insurance rating organiza-
tion or person aggrieved by any action of the commissioner, or by
any rule or regulation adopted and promulgated by the commis-
sioner, shall have the right to file a complaint with the commissioner and to have a hearing thereon before the commissioner. Pending such hearing and the decision thereon, the commissioner may suspend or postpone the effective date of such action, rule or regulation.

b. All hearings provided for in this act shall be conducted, and the decision of the commissioner on the issue or filing involved shall be rendered, in accordance with the provisions of P. L. 1958, c. 68 (C. 17:1-8.5 et seq.).

C. 17:46B-52 Existing filings and hearings continued.

52. Existing filings and hearings continued. All title insurance manuals of classifications, rules and rates, rating plans and modifications thereof filed under any repealed act shall be deemed to have been filed under this act, and all title insurance rating organizations licensed under such repealed act shall be deemed to have been licensed under this act. All hearings and investigations pending under such repealed act shall be deemed to have been initiated under and shall be continued under this act.

L. POLICY FORMS

C. 17:46B-53 Forms of policies and other contracts of title insurance.

53. Forms of policies and other contracts of title insurance. Every title insurance company shall file with the commissioner all forms of title policies and other contracts of title insurance before the same shall be issued. Any such filing may be made by a title insurance rating organization in behalf of all of its members or subscribers; provided, however, that members or subscribers of a rating organization may file specific deviations to forms of policies and other contracts of title insurance in the manner provided in section 46 of this act. In no event shall any title insurance company issue any such form of policy or contract until 30 days after it shall have been filed with the commissioner unless it shall have received earlier approval by the commissioner. Forms subject to filing hereunder shall include preliminary reports of title, binders for insurance and policies of insurance or guaranty, together with all the terms and conditions of insurance coverage or guaranty that relate to title to any interest in real property and which shall be offered by a title insurance company, but shall specifically exclude reinsurance contracts or agreements, all specific defects in title that may be ascertained from an examination of the risk and excepted in such reports, binders or policies, together with any affirmative assurances of the title insurance company with respect
to such defects, and such further exception from coverage by reason of limitations upon the examination of the risk imposed by an applicant for insurance or through failure of an applicant for insurance to provide the data requisite to a judgment of insurability. Nothing herein contained shall authorize a title insurance company to delete or insure over an exception to or exclusion from coverage contained in forms of title policies or other approved contracts of title insurance filed hereunder except by endorsement specifically approved by the commissioner.

M. Annual Statements, Records, Examinations

C. 17:46B-54 Annual statements of title insurance companies; form and contents.

54. Annual statements of title insurance companies; form and contents.

a. Every title insurance company which is authorized to do a title insurance business in this State, shall file in the office of the commissioner annually, on or before March 1, a statement, to be known as its annual statement, executed in duplicate, verified by the oath of at least two of its principal officers, showing its condition on December 31 then next preceding. Such statement shall be in such form and shall contain such matters as the commissioner shall prescribe.

b. The commissioner shall from time to time prescribe the form of such annual statement as shall seem to him best adapted to elicit a true exhibit of the condition of each such title insurer, in respect to every matter which he may deem material. He shall cause to be prepared and furnished to every title insurance company uniform printed forms of the statements and schedules required by him.

C. 17:46B-55 Records.

55. Records. Every domestic title insurance company shall, except as hereinafter provided, keep and maintain at its principal office in this State: a. its charter and bylaws, b. its books of account, c. a record containing the names and addresses of its stockholders, the number and class of shares held by each and the dates when they respectively became the owners of record thereof, and d. the minutes of any meetings of its stockholders, board of directors and committees thereof.

A domestic title insurance company may keep and maintain its books of account without this State if, in accordance with a plan adopted by its board of directors or trustees and approved by the
commissioner, it maintains in this State suitable records in lieu thereof; provided, however, that the commissioner may after notice and hearing direct such title insurance company to return all or any of its books of account to this State if such return is reasonably necessary to protect the interest of the people of this State or to permit their inspection in this State by a director or stockholder who has shown to the satisfaction of the commissioner that he has made an application to such title insurance company for inspection of such books in good faith and for a necessary and legitimate purpose, and that such title insurance company has either declined to permit such inspection or to agree to pay any additional expenses reasonably to be incurred by the applicant, or his agent or attorney, in connection with the inspection of such books as a result of their maintenance without this State. If in the judgment of the commissioner delay in the return of any or all books of account of such title insurance company may be hazardous, or may cause irreparable injury, to the people of this State or to the policyholders of such title insurance company, he may direct the return thereof without notice and hearing.

C. 17:46B-56 Commissioner may require special reports.

56. Commissioner may require special reports. The commissioner may also address to any authorized title insurance company or its officers any inquiry in relation to its transaction or condition or any matter connected therewith. Every corporation or person so addressed shall reply in writing to such inquiry promptly and truthfully, and such reply shall be verified, if required by the commissioner, by such individual, or by such officer or officers of a corporation, as he shall designate.

C. 17:46B-57 Examination of title insurance companies; when authorized or required.

57. Examination of title insurance companies; when authorized or required.

a. The commissioner may make an examination into the affairs of any title insurance company authorized to do a title insurance business in this State as often as he deems it expedient for the protection of the interest of the people of this State.

b. The commissioner shall make an examination into the affairs of every authorized domestic title insurance company at least once in every 3 years and every title insurance rating organization at least once in every 5 years.
N. No Other Provisions

58. Judicial review of commissioner's action. If any title insurance company, title insurance agent, or title insurance rating organization be dissatisfied with any decision, regulation, order, rate, rule, act or administrative ruling adopted by the commissioner, such title insurance company, title insurance agent or title insurance rating organization, may appeal therefrom to the Superior Court, Appellate Division.

C. 17:46B-59 Other sections applicable.

59. Other sections applicable. In addition to the provisions of this act, only the following provisions of the laws governing insurance companies and insurance agents as presently enacted and hereinafter amended, except as they are inconsistent with the provisions of this act, shall apply to the business of title insurance to title insurance companies, which shall be considered as within the class of insurance companies regulated by such provisions solely for the limited purpose of being subject to such provisions:

Application for the exercise of such option shall be made to the commission within 6 months next succeeding the effective date of this amendatory act.

(a) Any such benefit for retirement or otherwise accruing as a result of the increase in the salary or compensation ceiling for more than $12,000.00 shall be on the average annual salary received by such employee member for 1 year preceding his retirement.

(b) The repayment of any contributions shall be made within such period of time as shall be granted by the commission but at no time for a greater period than 3 years.

No pension shall be paid to any minor child or dependent parent of such female employee unless such minor child or dependent parent shall be and shall continue to remain dependent upon the income which such employee was receiving at the time of her death. AN ACT to amend "An act concerning hospital service corporations and regulating the establishment, maintenance and operation of hospital service plans, and supplementing Title 17 of the Revised Statutes by adding thereto a new chapter entitled 'Hospital Service Corporations,'" approved June 14, 1938 (P. L. 1938, c. 366), and P. L. 1964, c. 104.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 6 of P. L. 1938, c. 366 (C. 17:48-6) is amended to read as follows:

C. 17:48-6 Contracts; certificates; contents.

6. Every individual contract made by a corporation subject to the provisions of this chapter to furnish services to a subscriber shall provide for the furnishing of services for a period of 12 months, and no contract shall be made providing for the inception of such services at a date later than 1 year after the actual date of the making of such contract. Any such contract may provide that it shall be automatically renewed from year to year unless there shall have been at least 30 days prior written notice of termination by either the subscriber or the corporation. In the absence of fraud or material misrepresentation in the application for a contract or for reinstatement, no contract with an individual subscriber shall be terminated by the corporation unless all contracts of the same type, in the same group or covering the same classification of persons are terminated under the same conditions.

No contract between any such corporation and a subscriber shall entitle more than one person to services, except that a contract issued as a family contract may provide that services will be furnished to a husband and wife, or husband, wife and their dependent child or children, or the subscriber and his (or her) dependent child or children. Adult dependent(s) of a subscriber may also be included for coverage under the contract of such subscriber.

Family type contracts shall provide that the services applicable for children shall be payable with respect to a newly-born child of the subscriber, or his or her spouse from the moment of birth. The services for newly-born children shall consist of coverage of
injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities. If a subscription payment is required to provide services for a child, the contract may require that notification of birth of a newly-born child and the required payment must be furnished to the service corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period.

Nonfamily type contracts which provide for services to the subscriber but not to family members or dependents of that subscriber, shall also provide services to newly-born children of the subscriber which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities, provided that application therefor and payment of the required subscription amount are made to include in said contract the coverage described in the preceding paragraph of this section within 31 days from the date of birth of a newborn child.

A contract under which coverage of a dependent of a subscriber terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such subscriber for support and maintenance, not so terminate while the contract remains in force and the dependent remains in such condition, if the subscriber has within 31 days of such dependent’s attainment of the termination age submitted proof of such dependent’s incapacity as described herein. The foregoing provisions of this paragraph shall not apply retrospectively or prospectively to require a hospital service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

Every individual contract entered into by any such corporation with any subscriber thereto shall be in writing and a certificate stating the terms and conditions thereof shall be furnished to the subscriber to be kept by him. No such certificate form shall be made, issued or delivered in this State unless it contains the following provisions:
(a) A statement of the contract rate, or amount payable to the corporation by or on behalf of the subscriber for the original quarter-annual period of coverage and of the time or times at which, and the manner in which, such amount is to be paid; and a provision requiring 30 days written notice to the subscriber before any change in the contract, including a change in the amount of subscription rate, shall take effect;

(b) A statement of the nature of the services to be furnished and the period during which they will be furnished; and if there are any services to be excepted, a detailed statement of such exceptions printed as hereinafter specified;

(c) A statement of the terms and conditions, if any, upon which the contract may be amended on approval of the commissioner or canceled or otherwise terminated at the option of either party. Any notice to the subscriber shall be effective if sent by mail to the subscriber's address as shown at the time on the plan's records, except that, in the case of persons for whom payment of the contract is made through a remitting agent, any such notice to the subscriber shall also be effective if a personalized notice is sent to the remitting agent for delivery to the subscriber, in which case it shall be the responsibility of the remitting agent to make such delivery. The notice to the subscriber as herein required shall be sent at least 30 days before the amendment, cancellation or termination of the contract takes effect. Any rider or endorsement accompanying such notice, and amending the rates or other provisions of the contract, shall be deemed to be a part of the contract as of the effective date of such rider or endorsement;

(d) A statement that the contract includes the endorsements thereon and attached papers, if any, and contains the entire contract for services;

(e) A statement that no statement by the subscriber in his application for a contract shall avoid the contract or be used in any legal proceeding thereunder, unless such application or an exact copy thereof is included in or attached to such contract, and that no agent or representative of such corporation, other than an officer or officers designated therein, is authorized to change the contract or waive any of its provisions;

(f) A statement that if the subscriber defaults in making any payment under the contract, the subsequent acceptance of a payment by the corporation or by one of its duly authorized agents shall reinstate the contract, but with respect to sickness and injury may
cover such sickness as may be first manifested more than 10 days after the date of such acceptance;

(g) A statement of the period of grace which will be allowed the subscriber for making any payment due under the contract. Such period shall be not less than 10 days.

In every such contract made, issued or delivered in this State:

(a) All printed portions shall be plainly printed in type of which the face is not smaller than 10 point;

(b) There shall be a brief description of the contract on its first page and on its filing back in type of which the face is not smaller than 14 point;

(c) The exceptions of the contract shall appear with the same prominence as the benefits to which they apply; and

(d) If the contract contains any provision purporting to make any portion of the articles, constitution or bylaws of the corporation a part of the contract, such portion shall be set forth in full.

2. Section 2 of P. L. 1964, c. 104 (C. 17:48-G.1) is amended to read as follows:

C. 17:48-6.1 Group contracts; issuance; description; benefits; employees defined.

2. A hospital service corporation may issue to a policyholder a group contract, covering at least 10 employees or members at the date of issue, if it conforms to the following description:

(a) A contract issued to an employer or to the trustees of a fund established by one or more employers, or issued to a labor union, or issued to an association formed for purposes other than obtaining such contract, or issued to the trustees of a fund established by one or more labor unions, or by one or more employers and one or more labor unions, covering employees and members of associations or labor unions.

(b) A contract issued to cover any other group which the Commissioner of Insurance determines may be covered in accordance with sound underwriting principles.

Benefits may be provided for one or more members of the families or one or more dependents of persons who may be covered under a group contract referred to in (a) or (b) above.

Family type contracts shall provide that the services applicable for children shall be payable with respect to a newly-born child of the subscriber, or his or her spouse from the moment of birth. The services for newly-born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities. If a
subscription payment is required to provide services for a child, the contract may require that notification of birth of a newly-born child and the required payment must be furnished to the service corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period.

Group contracts which provide for services to the subscriber but not to family members or dependents of that subscriber, other than contracts which provide no dependent coverage whatsoever for the subscriber's class, shall also provide services to newly-born children of the subscriber which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities, provided that application therefor and payment of the required subscription amount are made to include in said contract the coverage described in the preceding paragraph of this section within 31 days from the date of birth of a newborn child.

A contract under which coverage of such a dependent terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon the covered employee or member for support and maintenance, not so terminate while the coverage of the employee or member remains in force and the dependent remains in such condition, if the employee or member has within 31 days of such dependent's attainment of the termination age submitted proof of such dependent's incapacity as described herein. The foregoing provisions of this paragraph shall not apply retrospectively or prospectively to require a hospital service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

The contract may provide that the term "employees" shall include as employees of a single employer the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of affiliated corporations, proprietorships and partnerships if the business of the employer and such corpora-
tions, proprietorships or partnerships is under common control through stock ownership, contract or otherwise. The contract may provide that the term "employees" shall include the individual proprietor or partners of an individual proprietorship or a partnership. The contract may provide that the term "employees" shall include retired employees. A contract issued to trustees may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. A contract issued to the trustees of a fund established by the members of an association of employers may provide that the term "employees" shall include the employees of the association.

3. This act shall take effect 120 days following enactment.

Approved June 3, 1975.

5. Every individual contract made by any corporation subject to the provisions of this chapter to provide payment for medical services shall provide for the payment of medical services for a period of 12 months from the date of issue of the subscription certificate. Any such contract may provide that it shall be automatically renewed from year to year unless there shall have been 1 month's prior written notice of termination by either the subscriber or the corporation. In the absence of fraud or material
misrepresentation in the application for a contract or for reinstatement, no contract with an individual subscriber shall be terminated by the corporation unless all contracts of the same type, in the same group or covering the same classification of persons are terminated under the same conditions. No contract between such corporation and subscriber shall allow for the payment for medical services for more than one person, except that a family contract may provide that payment will be made for medical services rendered to a subscriber and any of those dependents defined in section 1 of this act.

Family type contracts shall provide that the services applicable for children shall be payable with respect to a newly-born child of the subscriber, or his or her spouse from the moment of birth. The services for newly-born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities. If a subscription payment is required to provide services for a child, the contract may require that notification of birth of a newly-born child and the required payment must be furnished to the service corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period.

Nonfamily type contracts which provide for services to the subscriber but not to family members or dependents of that subscriber, shall also provide services to newly-born children of the subscriber which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities, provided that application therefor and payment of the required subscription amount are made to include in said contract the coverage described in the preceding paragraph of this section within 31 days from the date of birth of a newborn child.

A contract under which coverage of a dependent of a subscriber terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such subscriber for support and maintenance, not so terminate while the contract remains in force and the dependent remains in such condition, if the subscriber has within 31 days of such dependent's
attainment of the termination age submitted proof of such dependent’s incapacity as described herein. The foregoing provisions of this paragraph shall not apply retrospectively or prospectively to require a medical service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors, required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

2. Section 1 of P. L. 1964, c. 105 (C. 17:48A-7.1) is amended to read as follows:

C. 17:48A-7.1 Group contracts; issuance; description; benefits; employees defined.

1. A medical service corporation may issue to a policyholder a group contract, covering at least 10 employees or members at the date of issue, if it conforms to the following description:

(a) A contract issued to an employer or to the trustees of a fund established by one or more employers, or issued to a labor union, or issued to an association formed for purposes other than obtaining such contract, or issued to the trustees of a fund established by one or more labor unions or by one or more employers and one or more labor unions, covering employees and members of associations or labor unions.

(b) A contract issued to cover any other group which the Commissioner of Insurance (hereinafter called the commissioner) determines may be covered in accordance with sound underwriting principles.

Benefits may be provided for one or more members of the families or one or more dependents of persons who may be covered under a group contract referred to in (a) or (b) above.

Family type contracts shall provide that the services applicable for children shall be payable with respect to a newly-born child of the subscriber, or his or her spouse from the moment of birth. The services for newly-born children shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities. If a subscription payment is required to provide services for a child, the contract may require that notification of birth of a newly-born child and the required payment must be furnished to the service corporation within 31 days after the date of birth in order to have the coverage continue beyond such 31-day period.
Group contracts which provide for services to the subscriber but not to family members or dependents of that subscriber, other than contracts which provide no dependent coverage whatsoever for the subscriber's class, shall also provide services to newly-born children of the subscriber which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and abnormalities, provided that application therefor and payment of the required subscription amount are made to include in said contract the coverage described in the preceding paragraph of this section within 31 days from the date of birth of a newborn child.

A contract under which coverage of such a dependent terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon the covered employee or member for support and maintenance, not so terminate while the coverage of the employee or member remains in force and the dependent remains in such condition, if the employee or member has within 31 days of such dependent's attainment of the termination age submitted proof of such dependent's incapacity as described herein. The foregoing provisions of this paragraph shall apply retrospectively or prospectively to require a medical service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

The contract may provide that the term "employees" shall include as employees of a single employer the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of affiliated corporations, proprietorships and partnerships if the business of the employer and such corporations, proprietorships or partnerships is under common control through stock ownership, contract or otherwise. The contract may provide that the term "employees" shall include the individual proprietor or partners of an individual proprietorship or a partnership. The contract may provide that the term "employees" shall
include retired employees. A contract issued to trustees may provide that the term "employees" shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. A contract issued to the trustees of a fund established by the members of an association of employers may provide that the term "employees" shall include the employees of the association.

3. This act shall take effect 120 days following enactment.

Approved June 3, 1975.

children of the insured which shall commence with the moment of birth of each child and shall consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities, provided application therefor and payment of the required premium are made to the insurer to include in said policy coverage the same or similar to that of the insured, described in (f) (1) above 31 days from the date of a newborn child.

All group health insurance policies which provide coverage on an expense incurred basis for the insured but do not provide coverage for a family member or dependent of the insured on an expense incurred basis, except such group policies as provide no dependent coverage whatsoever for the insured's class, shall nevertheless provide for coverage of newborn children of the insured which shall commence with the moment of birth of each child and shall
consist of coverage of injury or sickness including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities, provided application and payment of the required premium are made to the insurer to include in said policy coverage for a newly-born child as described in the previous paragraph of this section within 31 days from the date of birth of a newborn child.

In any such case the terms of the policy shall apply with regard to the coverage or exclusion from coverage of such dependent.

   (1) Be proved in this State; or
   (2) If ancillary proceedings have been commenced in such reciprocal states, may be proved in those proceedings. In the event a claimant elects to prove his claim in ancillary proceedings, if notice of the claim and opportunity to appear and be heard is afforded the domiciliary receiver of this State, as provided in section 19 of this act with respect to ancillary proceedings in this State, the final allowance of such claim by the courts in the ancillary state shall be accepted in this State as conclusive as to its amount and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within the ancillary state.

C. 17:30C-19 Claims against foreign insurers.

19. Claims against foreign insurers.

   a. In a delinquency proceeding in a reciprocal state against an insurer domiciled in that state, claimants against such insurer who reside within this State may file claims either with the ancillary receiver, if any, appointed in this State, or with the domiciliary receiver. All such claims must be filed on or before the last date fixed for the filing of claims in the domiciliary delinquency proceedings:

   b. Controverted claims belonging to claimants residing in this State may either:
      (1) Be proved in the domiciliary state as provided by the law of that state; or
      (2) If ancillary proceedings have been commenced in this State, be proved in those proceedings. In the event that any such claimant elects to prove his claim in this State, he shall file his claim with the ancillary receiver and shall give notice in writing to the receiver in the domiciliary state, either by registered mail or by personal service at least 40 days prior to the date set for hearing. The notice shall contain a concise statement of the amount of the claim, the facts on which the claim is based, and the priorities asserted, if any. If the domiciliary receiver within 30 days after the giving of such notice shall give notice in writing to the ancillary receiver and to the claimant, either by registered mail or by personal service of his intention to contest such claim, he shall be entitled to appear or to be represented in any proceed-
ing in this State involving adjudication of the claim. The final
allowance of the claim by the courts of this State shall be accepted
as conclusive as to its amount and shall also be accepted as conclu­
sive as to its priority if any, against special deposits or other
security located within this State.

C. 17:30C-20 Form of claim; notice; hearing.

20. Form of claim—notice—hearing.

a. All claims against an insurer against which delinquency pro­
ceedings have been begun shall set forth in reasonable detail the
amount of the claim, or the basis upon which such amount can be
ascertained, the facts upon which the claim is based, and the
priorities asserted, if any. All such claims shall be verified by the
affidavit of the claimant, or someone authorized to act on his behalf
and having knowledge of the facts, and shall be supported by such
documents as may be material thereto.

b. All claims filed in this State shall be filed with the receiver,
whether domiciliary or ancillary, in this State, on or before the
last date for filing as specified in this act.

c. Within 10 days of the receipt of any claim, or within such
further period as the court may fix, the receiver shall report the
claim to the court, specifying in such report his recommendation
with respect to the action to be taken thereon. Upon receipt of
such report, the court shall fix a time for hearing the claim and
shall direct that the claimant or the receiver, as the court shall
specify, shall give such notice as the court shall determine to such
persons as shall appear to the court to be interested therein. All
such notices shall specify the time and place of the hearing and
shall concisely state the amount and nature of the claim, the
priorities asserted, if any, and the recommendation of the receiver
with reference thereto.

d. At the hearing all persons interested shall be entitled to
appear and the court shall enter an order allowing, allowing in
part, or disallowing the claim. Any such order shall be deemed
to be an appealable order.

C. 17:30C-21 Priority of certain claims.

a. In a delinquency proceeding against an insurer domiciled in
this State, claims owing to residents of ancillary states shall be
preferred claims if like claims are preferred under the laws of
this State. All such claims owing to residents or nonresidents
shall be given equal priority of payment from general assets regardless of where such assets are located.

b. In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this State shall be preferred claims if like claims are preferred by the laws of that state.

c. The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from a special deposit.

d. The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general credit, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this act, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amounts shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state.

C. 17:30C-22 Attachment and garnishment of assets.

22. Attachment and garnishment of assets. During the pendency of delinquency proceedings in this or any reciprocal state, no action or proceeding in the nature of an attachment, garnishment or execution shall be commenced or maintained in the courts of this State against the delinquent insurer or its assets. Any lien obtained by any such action or proceeding within 4 months prior to the commencement of any such delinquency proceeding or at any time thereafter shall be void as against any rights arising in such delinquency proceeding.
CHAPTER 113, LAWS OF 1975

C. 17:30C-23 Uniform insurers liquidation act.

23. Uniform insurers liquidation act.

a. Subsections b. through k. of section 1, subsections a. and c. of section 4, together with sections 5 and 15 through 23 constitute and may be referred to as the Uniform Insurers Liquidation Act.

b. The Uniform Insurers Liquidation Act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states that enact it. To the extent that its provisions when applicable conflict with other provisions of this act, the provisions of such act shall control.

C. 17:30C-24 Borrowing on pledge of assets.

24. Borrowing on pledge of assets. For the purpose of facilitating the rehabilitation, liquidations, conservation or dissolution of an insurer pursuant to this act, the commissioner may, subject to the approval of the court, borrow money and execute, acknowledge and deliver notes or other evidences of indebtedness therefor, and secure the payment of the same by the mortgage, pledge, assignment, transfer in trust or hypothecation of any or all of the property of such insurer, whether real, personal or mixed, and the commissioner, subject to the approval of the court, shall have power to take any and all other action necessary and proper to consummate any such loans and to provide for the repayment thereof. The commissioner shall be under no obligation personally or in his official capacity as commissioner to repay any loan made pursuant to this act.

C. 17:30C-25 Voidable transfers.

25. Voidable transfers.

a. Any transfer of, or lien upon, the property of an insurer which is made or created within 4 months prior to the granting of an order to show cause under this act with the intent of giving to any creditor or of enabling him to obtain a greater percentage of his debt than any other creditor of the same class, and which is accepted by such creditor having reasonable cause to believe that such a preference will occur, shall be voidable.

b. Every director, officer, employee, stockholder, policyholder, and any other person acting on behalf of such insurer who shall be concerned in any such act or deed and every person receiving thereby any property of such insurer or the benefit thereof, shall be personally liable therefor and shall be bound to account to the commissioner.
c. The commissioner, as receiver in any proceeding under this act, may avoid any transfer of, or lien upon the property of an insurer which any creditor, stockholder or policyholder of such insurer might have avoided, and may recover the property so transferred, or its value from the person to whom it was transferred, unless such person was a bona fide holder for value prior to the date of the granting of an order to show cause under this act. Such property or its value may be recovered from anyone who has received it, except a bona fide holder for value as above specified.

C. 17:30C-26 Priority of claims for compensation.

a. Compensation actually owing to employees other than officers of an insurer, for services rendered within 3 months prior to the commencement of a proceeding against the insurer under this act, but not exceeding $1,000.00 for each such employee, shall be paid prior to the payment of any other debt or claim, and in the discretion of the commissioner, may be paid as soon as practicable after the proceeding has been commenced; except, that at all times the commissioner shall reserve such funds as will, in his opinion, be sufficient for the expenses of administration.

b. Such priority shall be in lieu of any other similar priority which may be authorized by law as to the wages or compensation of such employees.

C. 17:30C-27 Offsets.

27. Offsets.

a. In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this act, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in subsection b. below.

b. No offset shall be allowed in favor of any such person where

(1) The obligation of the insurer to such person would not at the date of the entry of any liquidation order, or at such other date determined by the court for fixing the rights and liabilities with respect to the estate of the insurer, have entitled him to share as a claimant in the assets of the insurer; or

(2) The obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as an offset; or
(3) The obligation of such person is to pay a balance upon a subscription to the capital stock of a stock insurer.

C. 17:30C-23 Allowance of certain claims.

28. Allowance of certain claims. a. No contingent claim shall share in a distribution of the assets of an insurer which has been adjudicated to be insolvent by an order made pursuant to section 30 a., except that such claims shall be considered, if properly presented, and may be allowed to share where

(1) Such claim becomes absolute against the insurer on or before the last day fixed for filing of proofs of claim against the assets of such insurer; or

(2) There is a surplus and the liquidation is thereafter conducted upon the basis that such insurer is solvent.

b. Where an insurer has been so adjudicated to be insolvent, any person who has a cause of action against an insured of such insurer, shall have the right to file a claim in the liquidation proceeding, regardless of the fact that such claim may be contingent, and such claim may be allowed

(1) If it may be reasonably inferred from the proof presented upon such claim that such person would be able to obtain a judgment upon such cause of action against such insured; and

(2) If such person shall furnish suitable proof, unless the court, for good cause shown, shall otherwise direct, that no further valid claims against such insurer arising out of his cause of action, other than those already presented, can be made; and

(3) If the total liability of such insurer to all claimants arising out of the same act of its insured shall be no greater than its maximum liability would be, were it not in liquidation.

c. No judgment against such an insured, taken after the date of the entry of the liquidated order, shall be considered in the liquidation proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured taken by default, inquest or by collusion prior to the entry of the liquidation order, shall be considered as conclusive evidence in the liquidation proceeding, either of the liability of such insured to such person upon such cause of action, or of the amount of damage to which such person is therein entitled.

C. 17:30C-29 Allowance of secured claims.

29. Allowance of secured claims. No claim of any secured claimant shall be allowed at a sum greater than the difference between the value of the claim without security and the value of
the security itself as of the date of the entry of the order of liquidation, or such other date set by the court for fixation of rights and liabilities, unless the claimant shall surrender his security to the commissioner, in which event the claim shall be allowed in the full amount for which it is valued.

C. 17:30C-30 Time to file claims.

30. Time to file the claims.

a. If upon the granting of an order of liquidation under this act, or at any time thereafter during the liquidation proceeding, the insurer shall not be clearly solvent, the court shall, after such notice and hearing as it deems proper, make an order declaring the insurer to be insolvent. Thereupon, regardless of any prior notice which may have been given to creditors, the commissioner shall notify all persons who may have claims against such insurer and who have not filed proper proofs thereof, to present the same to him, at a place specified in such notice, within 4 months from the date of the entry of such order, of, if the commissioner shall certify that it is necessary, within such longer time as the court shall prescribe. The last day for the filing of proofs of claims shall be specified in the notice. Such notice shall be given in a manner determined by the court.

b. Proofs of claim may be filed subsequent to the date specified, but no such claim shall share in the distribution of the assets until all allowed claims, proofs of which have been filed before said date, have been paid in full, with interest.

Repealer.

31. Repealer. Chapter 30 of Title 17 of the Revised Statutes is repealed but such repeal shall not affect pending proceedings under such sections.

32. This act shall take effect immediately.

CHAPTER 119

AN ACT concerning health insurance other than group and blanket insurance and amending N. J. S. 17B:26-2.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N. J. S. 17B:26-2 is amended to read as follows:

Form of policy; requirements.

17B:26-2. a. No such policy of insurance shall be delivered or issued for delivery to any person in this State unless:

(1) the entire money and other considerations therefor are expressed therein; and

(2) the time at which the insurance takes effect and terminates is expressed therein; and

(3) it purports to insure only one person, except that a policy may insure, originally or by subsequent amendment, upon the application of an adult member of a family who shall be deemed the policyholder, any two or more eligible members of that family, including husband, wife, dependent children or any children under a specified age which shall not exceed 19 years and any other person dependent upon the policyholder; and
(4) the style, arrangement and over-all appearance of the policy give no undue prominence to any portion of the text, and unless every printed portion of the text of the policy and of any endorsements or attached papers is plainly printed in light-faced type of a style in general use, the size of which shall be uniform and not less than 10-point with a lower-case unspaced alphabet length not less than 120-point (the "text" shall include all printed matter except the name and address of the insurer, name or title of the policy, the brief description if any, and captions and subcaptions); and

(5) the exceptions and reductions of indemnity are set forth in the policy and, except those which are set forth in sections 17B:26-3 to 17B:26-31 inclusive, are printed, at the insurer's option, either included with the benefit provision to which they apply, or under an appropriate caption such as "exceptions," or "exceptions and reductions," provided that if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of such exception or reduction shall be included with the benefit provision to which it applies; and

(6) each such form, including riders and endorsements, shall be identified by a form number in the lower left-hand corner of the first page thereof; and

(7) it contains no provision purporting to make any portion of the charter, rules, constitution, or bylaws of the insurer a part of the policy unless such portion is set forth in full in the policy, except in the case of the incorporation of, or reference to, a statement of rates or classification of risks, or short-rate table filed with the commissioner.

b. A policy under which coverage of a dependent of the policyholder terminates at a specified age shall, with respect to an unmarried child covered by the policy prior to the attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such policyholder for support and maintenance, not so terminate while the policy remains in force and the dependent remains in such condition, if the policyholder has within 31 days of such dependent's attainment of the limiting age submitted proof of such dependent's incapacity as described herein. The foregoing provisions of this paragraph shall not require an insurer to insure a dependent who is a mentally retarded or physically handicapped child where the policy is underwritten on evidence of insurability.
based on health factors set forth in the application or where such dependent does not satisfy the conditions of the policy as to any requirement for evidence of insurability or other provisions of the policy, satisfaction of which is required for coverage thereunder to take effect. In any such case the terms of the policy shall apply with regard to the coverage or exclusion from coverage of such dependent.

c. Notwithstanding any provision of a policy of health insurance, hereafter delivered or issued for delivery in this State, whenever such policy provides for reimbursement for any optometric service which is within the lawful scope of practice of a duly licensed optometrist, the insured under such policy shall be entitled to reimbursement for such service, whether the said service is performed by a physician or duly licensed optometrist.

d. If any policy is issued by an insurer domiciled in this State for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state shall have advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy meet the standards set forth in subsection a. of this section and in sections 17B:26-3 to 17B:26-31 inclusive.

e. Notwithstanding any provision of a policy of health insurance, hereafter delivered or issued for delivery in this State, whenever such policy provides for reimbursement for any service which is within the lawful scope of practice of a duly licensed chiropractor, the insured under such policy or the chiropractor rendering such service shall be entitled to reimbursement for such service, when the said service is performed by a chiropractor. The foregoing provision shall be liberally construed in favor of reimbursement of chiropractors.

2. This act shall take effect immediately.

Approved June 5, 1975.

(2) The improvement on such real estate is a residential building or buildings the principal use of which is residential; but minor use for commercial or business purposes may be included if the primary use is residential.

State Colleges Programs

The amounts appropriated to the various State colleges for Student aides shall constitute the appropriation to carry out the provisions of NJS 18A:64-17; provided, however, that payment for the value of work performed by students may be in cash in lieu of being credited toward the payment of student charges for tuition, room and board.

The unexpended balances as of June 30, 1975 in the Student service charges and Parking fees accounts, and the receipts derived therefrom, at all State Colleges are hereby appropriated.

Funds for the operation of the Extension and public service program are hereby appropriated out of the receipts derived therefrom, and the unexpended balances in these accounts as of June 30, 1975 and all receipts in excess of those anticipated, are hereby appropriated.

Receipts in excess of those anticipated from the operation of cafeterias and boarding halls are hereby appropriated.

So much of the Auxiliary services income realized from the several State colleges which is not pledged for the payment of principal and interest on bonds of this State and which is in excess of the sums required for the operation and maintenance of such Auxiliary service facilities and the unexpended balance as of June 30, 1975 are hereby appropriated as provided by NJS 18A:64-18, as amended.

With respect to the transfer of funds between items of appropriation as provided in C52:27B-28 and section 3 of the annual appropriations act, the program element accounts shall be deemed to be the primary expenditure accounts as provided in NJS 18A:64-6f.
Notwithstanding the provisions of NJS 18A:72A-26, 27 and 27.1, no Board of Trustees of a State College shall enter into an agreement with the Educational Facilities Authority for housing facilities for students without first securing written authorization for such agreement from the Director of the Division of Budget and Accounting.

Receipts in excess of those anticipated from regular tuition are hereby appropriated subject to approval by the Chancellor of Higher Education and the Director of the Division of Budget and Accounting.

In the event that the actual full-time and part-time enrollment at each respective State College, exclusive of enrollments in the Extension and public service program, differs from the "Budget Estimate FY 1976", the Director of the Division of Budget and Accounting shall adjust (increase or decrease) the appropriation to each such State College by transfer to or from the Enrollment Adjustment Revolving Fund established within the appropriation for Department Management and General Support in the Department of Higher Education. All such adjustments shall be made in accordance within the provisions of a formal procedure to be established jointly by the Chancellor of Higher Education and the Director of the Division of Budget and Accounting, which procedure shall conform to and be consistent with the equivalent credit hour system as defined by the Board of Higher Education resolution dated December 15, 1972.

STATEMENT ON SENATE BILL No. 3175

I am returning herewith this statement appended to Senate Bill No. 3175 describing the items, or parts thereof, which must be revised so that each item, or part thereof, so objected to shall not take effect. Pursuant to Article VIII, Section 2, Paragraph 2 of the Constitution, I hereby certify that the anticipated total revenue
and resources available to meet the appropriations indicated in this bill, with my revisions, are as shown in Senate Bill No. 3175 on Page 7, line 35 as modified by this statement and equal $2,441,239,089.

The Senate has been unable to fund this budget. My discussions with Assembly leaders and other legislators gives me little hope that funding will be available prior to July 1. Therefore, to comply with the constitutional mandate, I have employed Article V, Section 1, Paragraph 15 of the Constitution to line-item veto to an extent necessary to achieve a lawful appropriations act.

Though lawful, it is not adequate. I have documented publicly at length those inadequacies. They cry out as loudly today for remedy as when I first mentioned them.

Nothing would be of greater service to the people of New Jersey than for the Legislature to override the line-item vetoes I have made, and provide revenue to meet both the budget and school funding. To do this, painful decisions must be made—more pain than the Senate has yet been able to endure.

I have not given up. We cannot afford to give up. New Jersey is entitled to better.

8. The Attorney General, a county prosecutor or the chairman of the State Commission of Investigation when authorized by a majority of the members of that commission, or a person designated to act for such an official and to perform his duties in and during his actual absence or disability, may authorize, in writing, an ex parte application to a judge designated to receive the same for an order authorizing the interception of a wire or oral communication by the investigative or law enforcement officers or agency having responsibility for an investigation when such interception may provide evidence of the commission of the offense of murder, kidnapping, gambling, robbery, bribery, extortion, loansharking, violations of section 19 of the “New Jersey Controlled Dangerous Substances Act,” P. L. 1970, c. 226 (C. 24:21-19), arson, burglary,

5. Section 9 of P. L. 1968, c. 409 (C. 2A: 156A-9) is amended to read as follows:

a. The authority of the applicant to make such application;

b. The identity and qualifications of the investigative or law enforcement officers or agency for whom the authority to intercept a wire or oral communication is sought and the identity of whoever authorized the application.

c. A particular statement of the facts relied upon by the applicant, including: (1) The identity of the particular person, if known, committing the offense and whose communications are to be intercepted; (2) The details as to the particular offense that has been, is being, or is about to be committed; (3) The particular type of communication to be intercepted; and a showing that there is probable cause to believe that such communication will be communicated on the wire communication facility involved or at the particular place where the oral communication is to be intercepted; (4) The character and location of the particular wire communication facilities involved or the particular place where the oral communication is to be intercepted; (5) A statement of the period of time for which the interception is required to be maintained; if the character of the investigation is such that the authorization for interception should not automatically terminate when the described type of communication has been first obtained, a particular statement of facts establishing probable cause to believe that additional communications of the same type will occur thereafter; (6) A particular statement of facts showing that other normal investigative procedures with respect to the offense have been tried and have failed or reasonably appear to be unlikely to succeed if tried or to be too dangerous to employ;
d. Where the application is for the renewal or extension of an order, a particular statement of facts showing the results thus far obtained from the interception, or a reasonable explanation of the failure to obtain such results;

e. A complete statement of the facts concerning all previous applications, known to the individual authorizing and to the individual making the application, made to any court for authorization to intercept a wire or oral communication involving any of the same facilities or places specified in the application or involving any person whose communication is to be intercepted, and the action taken by the court on each such application; and

f. Such additional testimony or documentary evidence in support of the application as the judge may require.

6. Section 10 of P. L. 1968, c. 409 (C. 2A:156A-10) is amended to read as follows:

C. 2A:156A-10 Grounds for entry of order.

10. Upon consideration of an application, the judge may enter an ex parte order, as requested or as modified, authorizing the interception of a wire or oral communication, if the court determines on the basis of the facts submitted by the applicant that there is or was probable cause for belief that:

a. The person whose communication is to be intercepted is engaging or was engaged over a period of time as a part of a continuing criminal activity or is committing, has or had committed or is about to commit an offense as provided in section 8 of this act;

b. Particular communications concerning such offense may be obtained through such interception;

c. Normal investigative procedures with respect to such offense have been tried and have failed or reasonably appear to be unlikely to succeed if tried or to be too dangerous to employ;

d. The facilities from which, or the place where, the wire or oral communications are to be intercepted, are or have been used, or are about to be used, in connection with the commission of such offense, or are leased to, listed in the name of, or commonly used by, such individual;

e. The investigative or law enforcement officers or agency to be authorized to intercept the wire or oral communication are qualified by training and experience to execute the interception sought; and

f. In the case of an application, other than a renewal or extension, for an order to intercept a communication of a person or on a facility which was the subject of a previous order authorizing inter-
ception, the application is based upon new evidence or information different from and in addition to the evidence or information offered to support the prior order, regardless of whether such evidence was derived from prior interceptions or from other sources.

As part of the consideration of an application in which there is no corroborative evidence offered, the judge shall inquire in camera as to the identity of any informants or any other additional information concerning the basis upon which the investigative or law enforcement officer or agency has applied for the order of authorization which the judge finds relevant in order to determine if there is probable cause pursuant to this section.

7. Section 11 of P. L. 1968, c. 409 (C. 2A:156A-11) is amended to read as follows:

C. 2A:156A-11 Public facilities; additional grounds for issuance of order.

11. If the facilities from which a wire communication is to be intercepted are public, no order shall be issued unless the court, in addition to the matters provided in section 10 above, determines that there is a special need to intercept wire communications over such facilities.

If the facilities from which, or the place where, the wire or oral communications are to be intercepted are being used, or are about to be used, or are leased to, listed in the name of, or commonly used by, a licensed physician, a licensed practicing psychologist, an attorney-at-law, a practicing clergyman, or a newspaperman, or is a place used primarily for habitation by a husband and wife, no order shall be issued unless the court, in addition to the matters provided in section 10 above, determines that there is a special need to intercept wire or oral communications over such facilities or in such places. Special need as used in this section shall require in addition to the matters required by section 10 of this act, a showing that the licensed physician, licensed practicing psychologist, attorney-at-law, practicing clergyman or newspaperman is personally engaging in or was engaged in over a period of time as a part of a continuing criminal activity or is committing, has or had committed or is about to commit an offense as provided in section 8 of the act or that the public facilities are being regularly used by someone who is personally engaging in or was engaged in over a period of time as a part of a continuing criminal activity or is committing, has or had committed or is about to commit such an offense. No otherwise privileged wire or oral communication
intercepted in accordance with, or in violation of, the provisions of this act, shall lose its privileged character.

8. Section 12 of P. L. 1968, c. 409 (C. 2A:156-12) is amended to read as follows:

C. 2A:156A-12 Required statements in order; scope of order; extensions and renewals; progress reports; services of communication common carrier.

12. Each order authorizing the interception of any wire or oral communication shall state:

a. The judge is authorized to issue the order;

b. The identity of, or a particular description of, the person, if known, whose communications are to be intercepted;

c. The character and location of the particular communication facilities as to which, or the particular place of the communication as to which, authority to intercept is granted;

d. A particular description of the type of the communication to be intercepted and a statement of the particular offense to which it relates:

e. The identity of the investigative or law enforcement officers or agency to whom the authority to intercept a wire or oral communication is given and the identity of whoever authorized the application; and

f. The period of time during which such interception is authorized, including a statement as to whether or not the interception shall automatically terminate when the described communication has been first obtained.

No order entered under this section shall authorize the interception of any wire or oral communication for a period of time in excess of that necessary under the circumstances. Every order entered under this section shall require that such interception begin and terminate as soon as practicable and be conducted in such a manner as to minimize or eliminate the interception of such communications not otherwise subject to interception under this act by making reasonable efforts, whenever possible, to reduce the hours of interception authorized by said order. In no case shall an order entered under this section authorize the interception of wire or oral communications for any period exceeding 20 days. Extensions or renewals of such an order may be granted for two additional periods of not more than 10 days. No extension or renewal shall be granted unless an application for it is made in accordance with this section, and the court makes the findings required by sections 10, 11 and this section.
Whenever an order authorizing an interception is entered, the order may require reports to be made to the judge who issued the order showing what progress has been made toward achievement of the authorized objective and the need for continued interception. Such reports shall be made at such intervals as the court may require.

An order authorizing the interception of a wire or oral communication shall, upon request of the applicant, direct that a communication common carrier shall furnish the applicant forthwith all information, facilities and technical assistance necessary to accomplish the interception unobtrusively and with a minimum of interference with the services that such carrier is affording the person whose communications are to be intercepted. Any communication common carrier furnishing such facilities or technical assistance shall be compensated therefor by the applicant at the prevailing rates. Said carrier shall be immune from civil liability for any assistance rendered to the applicant pursuant to this section.

9. Section 17 of P. L. 1968, c. 409 (C. 2A:156A-17) is amended to read as follows:

C. 2A:156A-17 Disclosure or use of contents of wire or oral communications or derivative evidence.

a. Any investigative or law enforcement officer or other person who, by any means authorized by this act, has obtained knowledge of the contents of any wire or oral communication, or evidence derived therefrom, may disclose or use such contents or evidence to investigative or law enforcement officers of this or another state, any of its political subdivisions, or of the United States to the extent that such disclosure or use is appropriate to the proper performance of his official duties.

b. Any person who, by any means authorized by this act, has obtained any information concerning any wire or oral communication or evidence derived therefrom intercepted in accordance with the provisions of this act, may disclose the contents of such communications or derivative evidence while giving testimony under oath or affirmation in any criminal proceeding in any court of this or another state or of the United States or before any Federal or State grand jury; provided, however, that the contents of any wire or oral communication may be initially disclosed solely through the use of the testimony of a witness to such communication or the actual recording of the communication.
c. The contents of any intercepted wire or oral communication, or evidence derived therefrom, may otherwise be disclosed or used only upon a showing of good cause before a court of competent jurisdiction.

10. Section 21 of P. L. 1968, c. 409 (C. 2A:156A-21) is amended to read as follows:

21. Any aggrieved person in any trial, hearing, or proceeding in or before any court or other authority of this State may move to suppress the contents of any intercepted wire or oral communication, or evidence derived therefrom, on the grounds that:
   a. The communication was unlawfully intercepted;
   b. The order of authorization is insufficient on its face;
   c. The interception was not made in conformity with the order of authorization or in accordance with the requirements of section 12.

The motion shall be made at least 10 days before the trial, hearing, or proceeding unless there was no opportunity to make the motion or the moving party was not aware of the grounds for the motion. The court, upon the filing of such motion by the aggrieved person, shall make available to the aggrieved person or his counsel for inspection such portions of the intercepted communication, or evidence derived therefrom, as the court determines to be in the interests of justice. If the motion is granted, the entire contents of all intercepted wire or oral communications obtained during or after any interception which is determined to be in violation of this act under subsections a., b., or c. above, or evidence derived therefrom, shall not be received in evidence in the trial, hearing or proceeding.

In addition to any other right to appeal, the State shall have the right to appeal from an order granting a motion to suppress if the official to whom the order authorizing the intercept was granted shall certify to the court that the appeal is not taken for purposes of delay. The appeal shall be taken within the time specified by the Rules of Court and shall be diligently prosecuted.

11. Section 23, P. L. 1968, c. 409 (C. 2A:156A-23) is amended to read as follows:

The reports by the Attorney General shall contain (1) the number of applications made; (2) the number of orders issued; (3) the effective periods of such orders; (4) the number and duration of any renewals thereof; (5) the crimes in connection with which the conversations were sought; (6) the name of the applicants; (7) the number of indictments resulting from each application; (8) the crime or crimes which each indictment charges; and (9) the disposition of each indictment.

c. In addition to reports and records otherwise required by law, the Attorney General and the county prosecutor shall maintain records of all interceptions authorized by them pursuant to section 4 e., on forms prescribed by the Attorney General. Such records shall include the name of the person requesting the authorization, the reasons for the request, and the results of any authorized interception. The Attorney General shall require that copies of such records maintained by county prosecutors be filed with him periodically and he shall report annually to the Governor and Legislature on the operation of section 4 e.

CHAPTER 155

AN ACT concerning the acquisition and development of lands for recreation and conservation purposes, governing the expenditure of money for such purposes, appropriating $60 million from the State Recreation and Conservation Land Acquisition and Development Fund for such expenditure and supplementing Title 13 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited as the “New Jersey Green Acres Land Acquisition and Recreation Opportunities Act.”

C. 13:8A-36 Legislature’s findings.

2. The Legislature hereby finds that:

a. The provision of lands for public recreation and the conservation of natural resources promotes the public health, prosperity and general welfare and is a proper responsibility of government;

b. Lands now provided for such purposes will not be adequate to meet the needs of an expanding population in years to come;

c. The expansion of population, while increasing the need for such lands, will continually diminish the supply and tend to increase the cost of public acquisition of lands available and appropriate for such purposes;

d. It is necessary to provide funds to assure that lands which have been, or which may hereafter be, acquired for recreation and conservation purposes can be developed to provide public recreation and conservation opportunities and to implement the New Jersey Statewide Comprehensive Outdoor Recreation Plan;

e. The State of New Jersey must act now to acquire and develop as well as to assist local units to acquire and develop substantial quantities of such lands as are now available and appropriate for such purposes so that they may be used and preserved for use for such purposes;

f. Of the approved $200 million “New Jersey Green Acres and Recreation Opportunities Bond Act of 1974,” the sum of $30 million is needed at this time for the acquisition of lands for recreation and conservation purposes to augment the lands acquired for the people of New Jersey;
g. Of the approved $200 million "New Jersey Green Acres and Recreation Opportunities Bond Act of 1974," the sum of $30 million is needed at this time for the development of lands for recreation and conservation purposes and to provide recreation and conservation opportunities to the people of New Jersey; and

h. Such sums will be made available by the sale of bonds authorized by the New Jersey Green Acres and Recreation Opportunities Bond Act of 1974 approved by the people of the State of New Jersey.

3. Except as the context may otherwise require:
   a. "Commissioner" means the Commissioner of Environmental Protection or his designated representative;
   b. "Cost," as used with respect to cost of acquisition or cost of development, shall include, in addition to the usual connotations thereof, the cost of all things deemed necessary or useful and convenient in connection with the acquisition and development of lands by or with the assistance of the State, for recreation and conservation purposes, including expenditures by the State for the cost of issuance of bonds, the cost of engineering, inspection, relocation services, legal, financial, geological, hydrological and other professional services, the cost of organizational, administrative and other work and services of the State, including salaries, supplies, equipment and materials necessary to administer this act, and the cost of reimbursement of any fund or account from which moneys shall have been advanced to the State Recreation and Conservation Land Acquisition and Development Fund;
   c. "Development" means any improvement to land or water areas designed to expand and enhance their utilization for outdoor recreation and conservation purposes, including but not limited to engineering and architectural fees, site preparation, construction of recreation facilities, and equipment necessary to make a facility initially operable. Development may also include, but not be limited to, the following types of ancillary support facilities: roadways, parking, landscaping, fencing, lighting, utilities, and buildings in support of outdoor recreation;
   d. "Land" or "lands" means real property, including improvements thereof or thereon, rights-of-way, water, riparian and other rights, easements, privileges and all other rights or interest of any kind or description in, relating to or connected with real property;
e. "Local unit" means a municipality, county or other political subdivision of this State, or any agency thereof authorized to administer, protect, develop and maintain lands for recreation and conservation purposes;

f. "Recreation and conservation purposes" means use of lands for parks, natural areas, historic areas, forests, camping, fishing, water reserves, wildlife, reservoirs, hunting, boating, winter sports and similar uses for either public outdoor recreation or conservation of natural resources, or both.

4. The commissioner shall use the sums appropriated by this act from the proceeds of the sale of bonds under the New Jersey Green Acres and Recreation Opportunities Bond Act of 1974 and such other sums as may be appropriated from time to time for like purposes, to acquire and develop lands for recreation and conservation purposes and to make grants to assist local units to acquire and develop lands for such purposes, subject to the conditions and limitations prescribed by this act.

5. In acquiring and developing lands and making grants to assist local units to acquire and develop lands the commissioner shall:

a. Seek to achieve a reasonable balance among all areas of the State in consideration of the relative adequacy of area recreation and conservation facilities at the time and the relative anticipated future needs for additional recreation and conservation facilities;

b. Insofar as practicable, limit acquisition to predominantly open and natural land and minimize the cost of acquisition and the subsequent expense necessary to develop such land for recreation and conservation purposes;

c. Wherever possible, select land for acquisition which is suitable for multiple recreation and conservation purposes;

d. Give due consideration to coordination with the plans of other departments of State Government with respect to land use or acquisition;

e. Avoid acquisition of lands actively devoted to agriculture whenever possible and in lieu thereof, whenever feasible, development rights, conservation easements and other interests less than a fee simple shall be acquired;
C. 13:8A-40 Power of acquisition; declaration of taking and deposit; right of condemnor to immediate possession.

Thereafter, upon application of any condemnee, or any other party in interest, and on notice to all parties to the action, and pursuant to section 23 of P. L. 1971, c. 361 (C. 20:3-23), the court may direct that the estimated compensation on deposit, or any part thereof, be withdrawn.

7. The commissioner may prescribe rules and regulations governing the administration, operation and use of lands acquired or developed by the State under this act to effect the purpose of this act.

8. Lands approved by the commissioner for acquisition by a local unit with State assistance shall be acquired by and in the name of the local unit and may be acquired in the manner provided in section 6 hereof or in any other manner authorized by law for the acquisition of lands for such purposes by the local unit.

that the items for which a vehicle was initially rejected have been
adjusted, corrected or repaired by him or under his direction and
that the condition of said items conforms to the standards estab-
lished by law or regulation. Such certification shall be evidenced
by a reinspection approval sticker placed on the vehicle as pre-
scribed by the director.

C. 39:8-15 Validity of license.

7. (New section) Every reinspection center license issued on or
after May 1 in any year shall be valid through June 30 of the
following year, except that any such license issued prior to July 1,
1975 shall be valid through June 30, 1976.

C. 39:8-16 Application or renewal of license; fee; additional qualifications.

8. (New section) An application or renewal for a reinspec-
tion center license shall be in such form and shall contain such informa-
tion as the director may prescribe, and shall be accompanied annually by a nonrefundable $10.00 fee which shall be remitted to the General Treasury. The director shall require a licensee to have in effect at all times liability insurance or such other proof of financial responsibility as he may prescribe, and may require such other qualifications of a licensee and his premises as are necessary.

C. 39:8-17 Reinspection approval sticker; fee; records.
9. (New section) The director shall provide each licensee as many numbered reinspection approval stickers as may be required, and may charge the licensee $0.50 for each sticker. If a sticker expires prior to its use, the $0.50 fee already paid shall be applied toward the future purchase of stickers, and shall not be refunded. Every licensee shall keep such records of reinspections and approval stickers issued as the director may prescribe, shall make such records available to the director upon demand, shall institute such safeguards to secure said stickers from theft, loss or fraudulent use as the director may prescribe, and shall upon request account to the director for all said stickers.

C. 39:8-18 Violation of act; fine.
10. (New section) A licensee or his employee who affixes a reinspection approval sticker to a motor vehicle without having reinspected the specific item for which the vehicle was initially rejected by a motor vehicle inspection station, or without having determined that the condition of the item conforms to standards established by law or regulation, shall be guilty of violating the provisions of this chapter, and shall be fined not less than $50.00 nor more than $200.00 for a first offense or not less than $200.00 nor more than $1,000.00 for a second or subsequent offense. This section shall be enforced pursuant to R. S. 39:8-9.

C. 39:8-19 Denial, suspension or revocation of license; grounds; hearing; status of other business licenses.
11. (New section) a. The director may deny, suspend or revoke a reinspection center license or refuse renewal thereof for cause, including but not limited to one or more of the following:

(1) Violation of any provision of this act or of any regulation adopted thereunder, including a finding of guilt made pursuant to section 10 of this act;

(2) Fraud, or misrepresentation in securing the license or in the conduct of the licensed activity;

(3) Making reinspection service charges in excess of those posted in the licensed premises and filed with the director;
(4) Conviction of a crime involving moral turpitude;
(5) Violation of The Consumer Fraud Act, P. L. 1967, c. 301 (C. 56:8-1 et seq.) or of any regulation adopted thereunder;
(6) Other good cause.

b. The director may suspend a license for such period as he deems fit, pursuant to the Administrative Procedure Act, P. L. 1968, c. 40 (C. 52:14D-1 et seq.) If the director determines that the public interest requires suspension of a license pursuant to this act prior to hearing, the director may do so, provided that the licensee is afforded the opportunity for a hearing within 10 days of the effective date of the suspension, and an administrative adjudication as soon thereafter as possible.

c. The suspension or revocation of a reinspection center license shall not of itself be cause for the denial, suspension or revocation of any other business license held by the reinspection center licensee issued by the State or any of its political subdivisions.

C. 39:8-20 Delivery of certain items to director; failure.

12. (New section) Any licensee who discontinues operation of a reinspection center, or whose license has been suspended or revoked, or whose renewal thereof has been denied, shall forthwith deliver to the director the license, all unused reinspection approval stickers, all reinspection records and other items issued to the licensee or required by the director to be kept in connection with the operation of the reinspection center. Any person who fails to deliver said items to the director is a disorderly person.

C. 39:8-21 Advertisement, display or transfer without license; penalty.

13. (New section) Any person who shall display or cause or permit to be displayed any sign, mark, or advertisement as a reinspection center when a license has not been issued by the director or is not then in effect, or who shall transfer or attempt to transfer a reinspection center license is a disorderly person.

C. 39:8-22 Powers of director.

14. (New section) The director may, subject to existing law, employ such persons and make such expenditures as are necessary to supervise the operation of licensed reinspection centers to insure compliance with the provisions of this act and the regulations adopted pursuant thereto.

1. R. S. 39:8-4 is amended to read as follows:

2. There is hereby appropriated from the proceeds of the Water Conservation Fund to the State Department of Environmental Protection the sum of $15,000,000.00 for the construction of the initial section of the Round Valley Reservoir outlet release pipeline from the North dam to the South branch of Rockaway creek in the vicinity of Whitehouse Station and such department is authorized to undertake the construction.

3. There is hereby appropriated from the proceeds of the Water Conservation Fund to the State Department of Environmental Protection the sum of $1,200,000.00 for the development of a comprehensive State water supply master planning report. This report shall include a contingency plan for managing the State's water supplies during periods of drought and recommend the required water supply transmission network.

4. In order to provide flexibility in administering this act and all prior acts appropriating moneys from the Water Conservation Fund, the Commissioner of Environmental Protection may apply to the Director of the Division of Budget and Accounting for permission to transfer a part of any item to any other item in such appropriations. Upon approval of such application by said Director and by the Executive Director of the Office of Fiscal Affairs, in writing, said director shall make such transfer.

5. Any amounts appropriated by this act or any previous act making appropriations from the Water Conservation Fund may be paid to municipalities and authorities when due without regard to payment limitations contained in this act or previous acts. In addition to the amounts hereinabove appropriated, there are hereby appropriated, subject to transfers approved as prescribed by section 4 of this act, sums received as repayment of loans made to local government units pursuant to the "State Sewerage Facilities Assistance Act of 1965," P. L. 1965, c. 121 (C. 26:2E-1 et seq.).

6. This act shall take effect immediately.

Approved July 17, 1975.

CHAPTER 159

Be it enacted by the Senate and General Assembly of the State of New Jersey:
1. Section 8 of P. L. 1963, c. 144 (C. 17:12B-8) is amended to read as follows:

C. 17:12B-8 Principal office; branch office; auxiliary office; limited facility branch office.

8. (a) "Principal office" shall mean the legally established office of an association for the transaction of its business, other than a branch office, auxiliary office, agency or limited facility branch office of the association.

(b) "Branch office" shall mean a legally established office of an association other than the principal office, an auxiliary office, agency or limited facility branch office of the association, at which such operations as may be authorized by the board not inconsistent with the limitations of this act may be conducted.

(c) "Auxiliary office" shall mean a place of business other than the principal office, a branch office, agency or limited facility branch office of an association wherein operations of an association may be conducted within the limitations set forth in this act relating to auxiliary offices.

(d) "Limited facility branch office" shall mean such other facility as the commissioner may authorize, other than a branch office, auxiliary office or agency, including, but not limited to, an office or offices commonly known as a "satellite office," "mobile branch facility" or "fully automated office."

2. Section 9 of P. L. 1963, c. 144 (C. 17:12B-9) is amended to read as follows:

C. 17:12B-9 Agency.

9. "Agency" shall mean a place of business other than the principal office, a branch office, auxiliary office or limited facility branch office of an association, at which an agent or agents of the association may receive payments on savings accounts, payments on loans or any obligations to the association for the purpose of transmission thereof to the principal office or to a branch office of the association. At such agency, an agent or agents may perform such other duties not inconsistent with the limitations of this act as may be authorized from time to time by the board.

3. Section 24 of P. L. 1963, c. 144 (C. 17:12B-24) is amended to read as follows:

C. 17:12B-24 Branch offices.

24. Branch offices. No State association shall hereafter establish or operate a branch office or offices, or limited facility branch office or offices, other than as provided by the conditions and limitations
of sections 24 through 27 of this act; provided, however, that any association operating an authorized branch office at the effective date of this act may continue to do so.

The provisions of section 25 of this act shall apply only to branch offices authorized as the result of an association meeting the capital, reserve, and other requirements set forth in such section. Such branch offices shall be designated as section 25 branch offices.

The provisions of section 27 of this act shall apply only to branch offices authorized as the result of a merger of two or more associations or the purchase or acquisition of all or a substantial portion of the assets of one association by another association as set forth in Article XIII of this act. Such branch offices shall be designated as section 27 branch offices.

4. Section 25 of P. L. 1963, c. 144 (C. 17:12B-25) is amended to read as follows:

C. 17:12B-25 Mutual and capital stock associations; section 25 branch offices; application for authority to operate; required reserve accounts and undivided profits; guaranty account; limited facility branch office; limitations; rules and regulations.

(1) Any mutual association may make written application to the commissioner for authority to operate one section 25 branch office when the total of its reserve accounts, established under the provisions of section 128 of this act, and undivided profits are at least equal to 4% of its capital or $100,000.00, whichever is less.

(2) Any mutual association operating one or more section 25 or 27 branch offices, may apply to the commissioner for authority to operate additional section 25 branch offices, when the total of its reserve accounts, established under the provisions of section 128 of this act, and undivided profits are at least equal to 4% of its capital, plus an amount equal to $50,000.00 for each existing section 25 branch office the association is operating at the date of its application.

If an applying mutual association’s reserves and undivided profits do not equal or exceed the amounts for reserves and undivided profits hereinabove set forth, the mutual association may nevertheless make such application, provided the mutual association agrees to establish a “guaranty account,” under the same conditions as set forth in section 18 except as modified by the following:

(a) The amount of such guaranty account shall equal the difference between the reserves and undivided profits the applying mutual association requires under the provisions of subsection 2
of this section, and the amount of reserves and undivided profits held by the applying mutual association at the date of such application.

(b) A separate guaranty account may be established for each section 25 branch office applied for.

c) The agreement for the guaranty account shall contain a provision providing for its release to the owners thereof at such time as the reserves, established under section 128 of this act, and undivided profits of the mutual association are equal to 4% of capital, plus $50,000.00 for each section 25 branch office in operation; or at such earlier time as the commissioner may upon application of the association approve, irrespective of the provisions of section 18. Upon release, the amount released shall be transferred to a savings account in the mutual association, in the name of the owner. In the event a mutual association simultaneously applies for authority to operate more than one section 25 branch office, or other applications for section 25 branch offices are pending by such association, the mutual association must comply with the reserve and undivided profits or guaranty account requirements as hereinabove set forth for each section 25 branch office applied for in excess of the first application.

B. Capital Stock Associations.

(1) Any capital stock association may make written application to the commissioner for authority to operate one section 25 branch office when the total of its reserve accounts, required or permitted under the provisions of this act, its stated capital, capital surplus, and earned surplus are at least equal to 4% of its depositors’ accounts, or $100,000.00; whichever is less.

(2) Any capital stock association operating one or more section 25 or 27 branch offices, may apply to the commissioner for authority to operate additional section 25 branch offices when the total of its reserve accounts, required or permitted under the provisions of this act, its stated capital, capital surplus, and earned surplus are at least equal to 4% of its depositors’ accounts, plus the sum of $50,000.00 for each existing section 25 branch office said association is operating at the time of its application.

C. Limited Facility Branch office. (1) In addition to an application or applications for a branch office, a State association may make application for authority to operate one or more limited facility branch offices without regard to the capital and reserve requirements for a branch office. In connection with such application, the applying association may request limitations, as set
forth below, to be imposed by the commissioner; or the commissioner, when considering the application, may make a determination that the application does not satisfy the full requirements for a branch office, including capital and reserve requirements, as set forth in this section for branch offices but that, nevertheless, a limited facility branch office would be in the public interest and of benefit to the area to be served. The commissioner may approve such application as a limited facility branch office subject to one or more of the following limitations:

(a) Number and type of personnel to be utilized in the operation of the proposed office;
(b) Physical size and characteristics of the proposed office;
(c) Amount of capital investment in the limited facility branch office proposed by the applicant;
(d) Type of activities proposed by the applicant; and
(e) The sharing of facilities with other associations where the application is for a fully automated office.

A "limited facility branch office" may be advertised to the public as a "branch office."

(2) Removal of limitations. Limitations imposed by the commissioner in the case of a limited facility branch office may be removed, in whole or in part, from time to time upon application by the State association operating a limited facility branch office. No application for removal of limitations may be filed until a limited facility branch office has been in operation for 2 years. If and when all limitations have been removed by the commissioner, the limited facility branch office will become a branch office to be operated by the association in the same manner as a branch office approved pursuant to this section.

(3) Any operating State association which has been authorized to operate a limited facility branch office or offices may terminate the operation of such facility branch office in its discretion and, if so terminated, may not be reopened except upon a new application to the commissioner. Notice of an application to terminate a limited facility branch office shall be filed with the commissioner at least 2 weeks prior to the termination of operation. The operation of a limited facility branch office may not be changed to a new location except upon application to the commissioner; and the operation of a limited facility branch office shall not be continued for a period of more than 5 years from its initial opening,
or such shorter period as may be specified by the commissioner in
his approval, except upon approval of a new application.

(4) Subject to the "Administrative Procedure Act," (P. L.
1968, c. 410, C. 52:14B-1 et seq.), the commissioner may adopt,
amend, alter or rescind regulations limiting State associations’
powers to operate limited facility branch offices as hereinabove
set forth. The commissioner, when issuing such regulations, shall,
to the extent feasible and after giving consideration to the financial
and economic circumstances and the public welfare, endeavor to
promulgate such rules and regulations in substantial conformity
with similar rules and regulations of the Federal Home Loan
Bank Board as applied to Federal associations.

5. Section 26 of P. L. 1963, c. 144 (C. 17:12B-26) is amended to
read as follows:

C. 17:12B-26 Establishment and operation of section 25 branch offices;
application.

26. 1. Subject to the other limitations of this act, an association
may establish and operate one or more section 25 branch offices
as follows:
(a) In the same municipality in which it operates its principal
office; or
(b) In any municipality where there is no principal office or
branch office of any other association in operation at the time it is
proposed to establish such branch office; or
(c) In any municipality where, at date of application, there is
located a principal office or offices of an association or associa-
tions, and where the population of the municipality is, prior to
January 1, 1974, 50,000 or more; commencing January 1, 1974,
40,000 or more; commencing January 1, 1975, 30,000 or more;
commencing January 1, 1976, 20,000; and, commencing January
1, 1977 and thereafter, 10,000 or more. The commissioner upon
application for good cause shown, may set aside the population
schedule set forth above. The presence of one or more branch
offices of one or more associations in any municipality having
a population of 7,500 or more shall not prevent the establishment
of a section 25 branch office under this subdivision prior to Janu-
ary 1, 1977. Commencing January 1, 1977, and thereafter, the
presence of one or more branch offices of one or more associations
in any municipality shall not prevent the establishment of a sec-
tion 25 branch office under this subdivision; or
(d) In a municipality in which the association is operating a section 25 or 27 branch office where there is no principal office or branch office of another association.

(e) (Deleted by amendment.) P. L. 1973, c. 196.

(f) Nothing in this subsection shall affect the operation of any branch office legally established under prior law.

2. No association shall establish a section 25 branch office or limited facility branch office unless the association shall first file written application with the commissioner for his approval. An application shall be deemed to have been filed at such time as a written application, including such supporting data as may be required by the commissioner, shall have been made in writing by the applying association and delivered by certified mail, return receipt requested, or in person to the commissioner. Before approving such application, the commissioner shall determine that:

(a) The association and the proposed branch meet all of the requirements of sections 25 and 26 of this act; and

(b) The establishment and operation of such branch office is in the public interest and will be of benefit to the area served by such branch office; and that

(c) Such branch office may be established without undue injury to any other association in the area in which it is proposed to locate such branch office; and that

(d) Conditions in the area to be served, afford reasonable promise of successful operation.

Within 10 days after the submission of any such application to the commissioner, the applying State association shall give notice of such application by publication of a notice of such application in a newspaper published within the municipality in which it is proposed to locate the branch office if there be one or, if there be no such newspaper, in a newspaper published in the county and having a substantial circulation in the municipality. The notice shall be in a form approved by the commissioner, and shall include the name of the applying association and the location, as precisely as possible, in the municipality where such branch office is to be located. The commissioner shall conduct such investigation or hearing or both, as he may deem to be advisable. For good cause, the commissioner may dispense with the notice requirements of this section.

No less than 30 days after filing with the commissioner the proof of publication of the aforementioned notice and within 90 days thereafter, the commissioner shall announce his decision upon
such application and file in his office, a written memorandum stating
the reasons therefor, which shall be open to public inspection; and
he shall forthwith thereafter give written notice thereof to the
applicant.

6. Section 34 of P. L. 1963, c. 144 (C. 17:12B-34) is amended to
read as follows:

C. 17:12B-34  Auxiliary office not deemed branch office or limited branch office.

34. An auxiliary office shall not be deemed a branch office or
limited facility branch office within the meaning of section 24 of
this act. Each auxiliary office shall be deemed to be an integral
part of the office to which it is an adjunct, and all business trans­
acted at such auxiliary office shall be deemed to be transacted at
the office to which it is an adjunct.

7. Section 226 of P. L. 1963, c. 144 (C. 17:12B-226) is amended
to read as follows:

C. 17:12B-226  Fees and charges.

226. Fees and charges. A. Every State association shall pay
filing fees as follows:

(1) Annual report or certificates where required, $25.00.
(2) Dissolution proceedings, $150.00.
(3) Any new corporation filing, $250.00; plus an additional fee
of $250.00 to cover the cost of investigation of filing.

8. This act shall take effect immediately.

Approved July 18, 1975.

CHAPTER 160

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 17:13-5.1 Legislature’s findings.

1. (New section) The Legislature hereby finds that national economic conditions have caused the persistence of a critical shortage of adequate housing in this State and a drastic decline in new housing starts; that as a result an increasingly large number of New Jersey residents will be subjected to hardship in finding adequate, safe and sanitary housing unless new housing is constructed and existing housing, where appropriate, rehabilitated or improved; that unless the supply of housing and the availability to residents of this State of residential mortgage, rehabilitation, and improvement financing is increased over present levels, a large number of residents of this State will continue to be compelled to live in unsanitary, overcrowded and unsafe conditions to the detriment of the health, welfare and well-being of these residents and of the whole community of which they are a part; and that an increase in the housing supply of this State will assist in the clearance, replanning, development and redevelopment of blighted areas and will ameliorate the critical shortage of adequate housing.
It is hereby found that existing programs of the New Jersey Mortgage Finance Agency will not be sufficient in the future to meet the demands for available funds to assist in the financing of the new residential mortgage loans and, where appropriate, the rehabilitation or improvement of existing housing which is needed to remedy the continuing housing crisis.

The Legislature hereby determines that in order to more effectively promote the expansion of the supply of funds available for residential mortgage, rehabilitation and improvement loans and thus help alleviate the shortage of adequate housing in this State, the New Jersey Mortgage Finance Agency shall be granted power to raise funds from private investors and make those funds available through mortgage lending institutions and firms in this State for new residential loans through the purchase by the agency of existing mortgages from mortgage lending institutions and firms within the State during periods when there is an inadequate supply of credit otherwise available in the State, any particular area or areas of the State or available to persons or families of the State of low or moderate income for residential loans and that this program will be accomplished by the agency on terms designed to assure the expansion of available funds in the State or any such area or areas or for any such persons or families while protecting against the realization by mortgage lending institutions and firms of any excessive financial return or benefit.

The Legislature further finds and determines that a secondary mortgage market which will be provided by the mortgage purchase program of the agency will be an appropriate and effective means of encouraging investment in New Jersey residential loans, of reducing the volatility of mortgage flows over the business cycle, and of providing greater stability for the economy of the State of New Jersey.

The Legislature further finds and determines that the shortage of adequate housing in the State will be reduced if the present authority of the New Jersey Mortgage Finance Agency to raise funds from private investors and loan such funds to mortgage lending institutions to make residential mortgage loans is extended to permit the agency to loan such funds to mortgage lending institutions to make residential rehabilitation and improvement loans.

2. Section 3 of P. L. 1970, c. 38 (C. 17:1B-6) is amended to read as follows:

C. 17:1B-9 Loans to mortgage lenders.

6. (a) The agency shall from time to time make loans to mortgage lenders so as to furnish, as rapidly as possible, funds to mortgage lenders for new residential loans.

(b) The agency shall from time to time adopt, modify, amend or repeal rules and regulations governing the making of such loans to mortgage lenders and the application of the proceeds thereof, including rules and regulations as to any or all of the following:

(1) Procedures for the submission of requests or the invitation of proposals for loans;

(2) Standards and requirements as to allocations of loans among all or certain of the mortgage lenders or awards of loans and determining the amounts and interest rates thereof;
(3) Limitations or restrictions as to the number of family units, location or other qualifications or characteristics of residences to be financed by new residential loans;

(4) Restrictions as to the maturities and interest rates on new residential loans or the return realized therefrom by mortgage lenders;

(5) Requirements as to commitments by mortgage lenders with respect to new residential loans;

(6) Schedules of any fees and charges necessary to provide for expenses and reserves of the agency; and

(7) Any other matters related to the duties and the exercise of the powers of the agency under this section.

Such rules and regulations shall be designed to effectuate the general purposes of this act and the following specific objectives: (i) the expansion of the supply of funds in the State available for new residential loans; (ii) the provision of the additional housing needed to remedy the shortage of adequate housing in the State and eliminate the existence of a large number of substandard dwellings; and (iii) the effective participation by mortgage lenders in the program authorized by the act and the restriction of the financial return and benefit thereto from such program to that necessary and reasonable to induce such participation.

(e) Loans to mortgage lenders shall be general obligations of the respective mortgage lenders owing the same and shall bear such date or dates, shall mature at such time or times, shall be evidenced by such note, bond or other certificate of indebtedness, shall be subject to prepayment, and shall contain such other provisions consistent with this section, all as the agency shall by resolution determine.

(d) Any other provision of this section to the contrary notwithstanding, the interest rate or rates and other terms of the loans to mortgage lenders made from the proceeds of any issue of bonds of the agency shall be at least sufficient so as to assure the payment of said bonds and the interest thereon as the same become due from the amounts received by the agency in repayment of such loans and interest thereon.

(e) The agency shall require as a condition of each loan to a mortgage lender that such mortgage lender thereafter proceed as promptly as practicable to make and disburse from such loan proceeds, new residential loans in an aggregate principal amount equal to the amount of such loan.
(f) The agency shall require that such loans to mortgage lenders shall be additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security in such amounts as the agency shall by resolution determine to be necessary to assure the payment of such loans and the interest thereon as the same become due. Such collateral security shall consist of (i) direct obligations of, or obligations guaranteed by, the United States of America; (ii) bonds, debentures, notes or other evidences of indebtedness, satisfactory to the agency, issued by any of the following Federal agencies: Bank for Cooperatives, Federal Intermediate Credit Bank, Federal Home Loan Bank System, Export-Import Bank of Washington, Federal Land Banks, the Federal National Mortgage Association or the Government National Mortgage Association; (iii) direct obligations of or obligations guaranteed by the State, obligations of governmental units of this State, including, but not limited to, capital notes, bond anticipation notes, tax anticipation notes and temporary notes or loan bonds, provided the obligations are rated at least A-1 by Moody’s Bond Guide or AA by Standard and Poor’s Bond Record or Survey; (iv) mortgages insured or guaranteed by the United States of America or an instrumentality thereof as to payment of principal and interest; or (v) other mortgages secured by real estate on which there is located a one-to-four family dwelling, the collateral value of which shall be determined by regulations issued from time to time by the agency. The agency may require that such mortgages be insured by a mortgage guaranty insurance company licensed to do business by the State of New Jersey. The agency may require that all collateral required to be maintained shall be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, as the case may be, or with any other banking institution located in the State or a contiguous state which is a member of the Federal Reserve System and has capital funds of not less than $25,000,000.00. Such depository arrangement shall be subject to prior approval by the agency. In the absence of such depository arrangement a mortgage lender shall upon receipt of the loan proceeds from the agency enter into an agreement with the agency containing such provisions as the agency shall deem necessary to adequately identify and maintain such collateral and service the same and shall provide that such mortgage lender shall hold such collateral as an agent for the agency and shall be held accountable as the trustee of an express trust for
the application and disposition thereof and the income therefrom solely to the uses and purposes in accordance with the provisions of such agreement. A copy of each such agreement and any revisions or supplements thereto shall be filed with the Secretary of State and no further filing or other action under Title 12A, Commercial Transactions, of the New Jersey Statutes or any other law of the State shall be required to perfect the security interest of the agency in such collateral or any additions thereto or substitutions therefor, and the lien and trust for the benefit of the agency so created shall be binding from and after the time made against all parties having claims of any kind in tort, contract, or otherwise against such mortgage lender. The agency may also establish such additional requirements as it shall deem necessary with respect to the pledging, assigning, setting aside, or holding of such collateral and the making of substitutions therefor or additions thereto and the disposition of income and receipts therefrom.

(g) The agency shall require the submission to it by each mortgage lender to which the agency has made a loan of evidence satisfactory to the agency of the making of new residential loans as required by this section and prescribed by rules and regulations of the agency and in connection therewith may inspect the books and records of such mortgage lender.

(h) The agency may require as a condition of any loans to mortgage lenders such representations and warranties as it shall determine to be necessary to secure such loans and carry out the purposes of the act.

(i) All new residential loans made as required by this section shall comply with the applicable provisions of the laws of the State, and, where Federal law or the law of another jurisdiction govern the affairs of the mortgage lender, shall comply with applicable provisions of such law.

(j) Compliance by any mortgage lender with the terms of this section and its undertaking to the agency with respect to the making of new residential loans may be enforced by decree of the Superior Court. The agency may require as a condition of any loan to any mortgage lender the consent of such mortgage lender to the jurisdiction of the Superior Court over any such proceeding. The agency may also require agreement by any mortgage lender, as a condition of the loan to such mortgage lender, to the payment of penalties to the agency for violation by the mortgage lender of any provision of this section or its undertaking to the agency with
respect to the making of new residential loans, and such penalties shall be recoverable at the suit of the agency.

(k) If at any time the agency shall determine that an adequate supply of funds exists in regular banking channels for new residential loans, the agency shall discontinue the making of loans to mortgage lenders until such time as the agency may subsequently determine that the supply of funds available for new residential loans is again inadequate.

C. 17:B-9.1 Additional powers of agency.

5. (New section) In addition to the powers granted by section 5 of the act, the agency shall have the further power:

(h) To purchase or otherwise participate in the purchase of, or enter into commitments or other contracts for such purchase or participation, of eligible mortgages to persons and families of low and moderate income and to provide subsidies or other reductions of interest rates with respect to such mortgages.

C. 17:1B-9.2 Purchase of eligible mortgages; procedure.

6. (New section) (a) The agency shall purchase eligible mortgages from mortgage sellers within the State whenever it shall determine that the supply of funds available in the State, any particular area or areas of the State or for persons or families of the State of low or moderate income for residential loans is inadequate and shall require such mortgage sellers to invest the proceeds thereof as rapidly as possible in new residential loans, as provided in the act, unless such eligible mortgages were originated pursuant to a commitment with the agency. The agency shall purchase such eligible mortgages at such prices and upon such terms and conditions as it shall determine.

(b) The agency shall from time to time adopt, modify, amend or repeal rules and regulations governing the purchase of eligible mortgages from mortgage sellers, including, without limitation, rules and regulations as to any or all of the following:

(4) Restrictions as to the maturities and interest rates on such new residential loans or the return realized therefrom by the mortgage sellers;

(5) Any other matters related to the duties and the exercise of the powers of the agency in connection with the purchase of eligible mortgages under the act.

(d) The agency shall require as a condition of each purchase of eligible mortgages from a mortgage seller that such mortgage seller proceed as promptly as practicable to make and disburse from the proceeds thereof new residential loans in an aggregate principal amount equal, as nearly as practicable, to the amount of such proceeds from the purchase by the agency of eligible mortgages therefrom, provided that such requirements shall not apply if the eligible mortgages so purchased were originated pursuant to a commitment or other arrangement with the agency.

(e) The agency shall require the submission to it by each mortgage seller from which the agency has purchased eligible mortgages evidence satisfactory to the agency of the making of new residential loans or the application of the proceeds from the purchase of eligible mortgages in accordance with commitments with
the agency for the origination of such eligible mortgages by the mortgage seller, as may be appropriate and in connection therewith may, through its employees or agents, inspect the books and records of such mortgage seller.

(f) The agency may require as a condition of any purchase of eligible mortgages from mortgage sellers such representations and warranties as it shall determine to be necessary in connection with such purchase and to carry out the purposes of the act.

(g) All new residential loans made as required by this section shall comply as to the applicable provisions of the laws of the State, and, where Federal law or the law of another jurisdiction governs the affairs of the mortgage seller, shall comply with the applicable provisions of such law.

The agency may require as a condition of purchase of eligible mortgages from any mortgage seller the consent of such mortgage seller to the jurisdiction of the Superior Court over any such proceeding. The agency may also require agreement by any mortgage seller, as a condition of the agency’s purchase of eligible mortgages from such mortgage seller, to the payment of penalties to the agency for violation by the mortgage seller of its undertakings to the agency, and such penalties shall be recoverable at the suit of the agency.

Such applicant or licensee shall have the right to be heard in person or through an attorney, and to offer

A duly certified copy of the order of the commissioner issued as a result of such hearing shall be served on the applicant or the licensee by mail personally addressed to him at his last known address, except if such applicant or licensee be a corporation then the order shall be served in the same manner upon any officer or registered agent of the corporation.

If the commissioner shall have reason to believe that a condition exists or has occurred at a laboratory, in violation of the provisions of this act or the rules and regulations promulgated hereunder, which condition poses an imminent threat to the public health, safety or welfare, he may summarily suspend the license of the laboratory without a hearing and may order immediate correction of such violation as a prerequisite of reinstatement of licensure. If a licensee that is subjected to summary suspension shall deny that a violation exists or has occurred, he shall have the right to apply to the commissioner for a hearing. Such hearing shall be held and a decision rendered within 48 hours or receipt of said request. If the commissioner shall rule against the licensee, the licensee shall have the right to apply for injunctive relief against the commissioner's order. 20. If any provision of this act, or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or other provisions of the act, which reasonably can be given effect despite the invalidity. If the report required by section 2A:37-31 contains any item of property which the State Treasurer determines is without sufficient substance or value, he may inform the person reporting that the State will not take said item of property because of its worthless nature.

The payment of the said moneys by the corporation, organization or other person to the State Treasurer pursuant to the provisions of this article shall, as respects such moneys, automatically operate as a full, absolute and unconditional release and discharge of the corporation or other persons from any and all claims, demands or liability to the person whose moneys have been paid to the treasurer, and such payment may be pleaded as an absolute bar to any action brought against such corporation or other person by any person whatsoever. Any right to such moneys which any claimant may have shall thereby be transferred against, and shall become the obligation of, the State.

Any holder who has paid moneys to the State Treasurer pursuant to this article may make payment to any person who appears to such holder to be entitled thereto. For the purpose of determining the tax due with respect to the year in which dissolution or liquidation occurs, the tax year shall be deemed to have closed on the last day of the month in which the taxpayer ceases to do business in this State; and the amount of tax due hereunder shall be such proportion of the tax for a full tax year as the number of months in the tax year so determined is to 12; provided, that in no event shall the last day of doing business be deemed to have occurred more than 30 days prior to the filing of a duly executed tax return and the payment of the tax due as shown therein for the tax year in which such dissolution or liquidation occurs.

Such forms shall provide for the setting forth of such facts as the director may deem necessary for the proper enforcement of this act. He shall cause a supply thereof to be printed and shall furnish appropriate blank forms to each taxpayer upon application or otherwise as he may deem necessary. Failure to receive a form shall not relieve any taxpayer from the obligation to file a return under the provisions of this act. Each such return shall be made upon the oath or affirmation of a partner or proprietor and in the case of a taxpayer in liquidation or in the hands of a receiver or trustee, shall be made on the oath or affirmation of the person responsible for the conduct of the affairs of such taxpayer.

7. Section 4 of P. L. 1945, c. 162 (C. 54:10A-4) is amended to read as follows:

C. 54:10A-4 Definitions.

4. For the purposes of this act, unless the context requires a different meaning:

(a) "Commissioner" shall mean the Director of the Division of Taxation of the State Department of the Treasury.

(b) "Allocation factor" shall mean the proportionate part of a taxpayer's net worth or entire net income used to determine a measure of its tax under this act.

(c) "Corporation" shall mean any corporation, joint-stock company or association and any business conducted by a trustee or trustees wherein interest or ownership is evidenced by a certificate of interest or ownership or similar written instrument.
(d) "Net worth" shall mean the aggregate of the values disclosed by the books of the corporation for (1) issued and outstanding capital stock, (2) paid-in or capital surplus, (3) earned surplus and undivided profits, (4) surplus reserves which can reasonably be expected to accrue to holders or owners of equitable shares, not including reasonable valuation reserves, such as reserves for depreciation or obsolescence or depletion, and (5) the amount of all indebtedness owing directly or indirectly to holders of 10% or more of the aggregate outstanding shares of the taxpayer’s capital stock of all classes, as of the close of a calendar or fiscal year. The foregoing aggregate of values shall be reduced by 50% of the amount disclosed by the books of the corporation for investment in the capital stock of one or more subsidiaries, which investment is defined as ownership (1) of at least 80% of the total combined voting power of all classes of stock of the subsidiary entitled to vote and (2) of at least 80% of each class, if any, of nonvoting stock. In the case of investment in an entity organized under the laws of a foreign country, the foregoing requisite degree of ownership shall effect a like reduction of such investment from net worth of the taxpayer, if the foreign entity is considered a corporation for any purpose under the United States Federal income tax laws, such as (but not by way of sole examples) for the purpose of supplying deemed-paid foreign tax credits or for the purpose of status as a controlled foreign corporation. In calculating the net worth of a taxpayer entitled to reduction for investment in subsidiaries, the amount of liabilities of the taxpayer shall be reduced by such proportion of the liabilities as corresponds to the ratio which the excluded portion of the subsidiary values bears to the total assets of the taxpayer.

If in the opinion of the commissioner, the corporation’s books do not disclose fair valuations the commissioner may make a reasonable determination of the net worth which, in his opinion, would reflect the fair value of the assets, exclusive of subsidiary investments as defined aforesaid, carried on the books of the corporation, in accordance with sound accounting principles, and such determination shall be used as net worth for the purpose of this act.

(e) "Indebtedness owing directly or indirectly" shall include, without limitation thereto, all indebtedness owing to any stockholder or shareholder and to members of his immediate family where a stockholder and members of his immediate family together or in the aggregate own 10% or more of the aggregate outstanding shares of the taxpayer’s capital stock of all classes.
(f) "Investment company" shall mean any corporation whose business during the period covered by its report consisted, to the extent of at least 90% thereof of holding, investing and reinvesting in stocks, bonds, notes, mortgages, debentures, patents, patent rights and other securities for its own account, but this shall not include any corporation which: (1) is a merchant or a dealer of stocks, bonds and other securities, regularly engaged in buying the same and selling the same to customers; or (2) had less than 90% of its average gross assets in New Jersey, at cost, invested in stocks, bonds, debentures, mortgages, notes, patents, patent rights or other securities or consisting of cash on deposit during the period covered by its report or (3) is a banking corporation or a financial business corporation as defined in the Corporation Business Tax Act.

(g) "Regulated investment company" shall mean any corporation which for a period covered by its report is registered and regulated under the Investment Company Act of 1940 (54 Stat. 789), as amended.

(h) "Taxpayer" shall mean any corporation required to report or to pay taxes, interest or penalties under this act.

(i) "Fiscal year" shall mean an accounting period ending on any day other than the last day of December on the basis of which the taxpayer is required to report for Federal income tax purposes.

(j) Except as herein provided, "privilege period" shall mean the calendar or fiscal accounting period for which a tax is payable under this act.

(k) "Entire net income" shall mean total net income from all sources, whether within or without the United States, and shall include the gain derived from the employment of capital or labor, or from both combined, as well as profit gained through a sale or conversion of capital assets. For the purpose of this act, the amount of a taxpayer’s entire net income shall be deemed prima facie to be equal in amount to the taxable income, before net operating loss deduction and special deductions, which the taxpayer is required to report to the United States Treasury Department for the purpose of computing its Federal income tax; provided, however, that in the determination of such entire net income,

(1) Entire net income shall exclude 100% of dividends which were included in computing such taxable income for Federal income tax purposes, paid to the taxpayer by one or more subsidiaries owned by the taxpayer to the extent of the 80% or more ownership of investment described in subsection (d) of this section. With
respect to other dividends, entire net income shall not exclude 50% of the total included in computing such taxable income for Federal income tax purposes;

(2) Entire net income shall be determined without the exclusion, deduction or credit of:

(A) the amount of any specific exemption or credit allowed in any law of the United States imposing any tax on or measured by the income of corporations;

(B) any part of any income from dividends or interest on any kind of stock, securities or indebtedness, except as provided in subsection (k)(l) of this section;

(C) taxes paid or accrued to the United States on or measured by profits or income, or the tax imposed by this act, or any tax paid or accrued with respect to subsidiary dividends excluded from entire net income as provided in subsection (k)(1) of this section;

(D) net operating losses sustained during any year or period other than that covered by the report;

(E) 90% of interest on indebtedness owing directly or indirectly to holders of 10% or more of the aggregate outstanding shares of the taxpayer’s capital stock of all classes; except that such interest may, in any event, be deducted

   (i) up to an amount not exceeding $1,000.00,

   (ii) in full to the extent that it relates to bonds or other evidences of indebtedness issued, with stock, pursuant to a bona fide plan of reorganization, to persons, who, prior to such reorganization, were bona fide creditors of the corporation or its predecessors, but were not stockholders or shareholders thereof;

(3) The commissioner may, whenever necessary to properly reflect the entire net income of any taxpayer, determine the year or period in which any item of income or deduction shall be included, without being limited to the method of accounting employed by the taxpayer.

(1) “Real estate investment trust” shall mean any unincorporated trust or unincorporated association qualifying and electing to be taxed as a real estate investment trust under Federal law.

(m) “Financial business corporation” shall mean any corporate enterprise which is (1) in substantial competition with the business of national banks and which (2) employs moneyed capital with the object of making profit by its use as money, through discounting and negotiating promissory notes, drafts, bills of exchange and other evidences of debt; buying and selling exchange; making of or deal-
ing in secured or unsecured loans and discounts; dealing in securities and shares of corporate stock by purchasing and selling such securities and stock without recourse, solely upon the order and for the account of customers; or investing and reinvesting in marketable obligations evidencing indebtedness of any person, copartnership, association or corporation in the form of bonds, notes or debentures commonly known as investment securities; or dealing in or underwriting obligations of the United States, any State or any political subdivision thereof, or of a corporate instrumentality of any of them. This shall include, without limitation of the foregoing business commonly known as industrial banks, dealers in commercial paper and acceptances, sales finance, personal finance, small loan and mortgage financing businesses, as well as any other enterprise employing moneyed capital coming into competition with the business of national banks; provided, that the holding of bonds, notes, or other evidences of indebtedness by individual persons not employed or engaged in the banking or investment business and representing merely personal investments not made in competition with the business of national banks, shall not be deemed financial business. Nor shall “financial business” include national banks, production credit associations organized under the Farm Credit Act of 1933, stock and mutual insurance companies duly authorized to transact business in this State, security brokers or dealers or investment companies or bankers not employing moneyed capital coming into competition with the business of national banks, real estate investment trusts, or any of the following entities organized under the laws of this State: credit unions, savings banks, savings and loan and building and loan associations, pawnbrokers, and State banks and trust companies.

8. (New section) The aggregate amount of tax, penalty and interest payable by financial business corporations pursuant to this act shall upon payment be distributable among the State, the various taxing districts and counties in which taxpayers hereunder have maintained places of business at any time during the tax year. On or before November 1 in each year the director shall determine from receipts allocations contained in tax returns filed subsequent to June 30 of the previous calendar year and prior to July 1 of the current year the aggregate amount of tax, penalty and interest attributable to places of business located in each of the various taxing districts of this State during the tax year. The tax, penalty and interest collected by the director shall be apportioned one-half
to the State, one-quarter to such county and one-quarter to the
 taxing districts in which the financial business corporation has an
 office or offices. Each county shall be entitled to receive out of the
 one-quarter allocated to the counties that proportion thereof which
 the receipts at all offices of such financial business corporations in
 such county during the taxpayers' fiscal or calendar year accounting
 period bear to the total receipts of all offices of such financial
 business corporations in this State during the taxpayers' fiscal or
 calendar year accounting period. Each taxing district is entitled
 to that proportion of one-quarter of the tax collected by the
director as the receipts at all offices of such financial business
 corporations in such district during the taxpayers' fiscal or calendar
 year accounting period bear to the total receipts of all offices of
 such financial business corporations in such county during the tax-
payers' fiscal or calendar year accounting period. The director
 shall forthwith certify such apportionment to the State Treasurer
 who shall upon proper audit transmit to each county treasurer
 a certificate showing the amounts allocated to the taxing district
 therein and shall on or before November 10 of the year in which
 the taxes are payable draw and transmit his warrant upon the
 State Treasurer in favor of the several county treasurers for the
 amounts allotted to their several counties. Each county treasurer
 shall forthwith and not later than December 15 pay to the collector
 or other proper officer of each taxing district the amount allotted
 thereto deducting, however, the amount due for county taxes from
 the taxing district. The amount thus paid to the county and taxing
 district shall be at the disposal of the proper authorities for public
 purposes.

c. 174 (C. 54:10B-1, et seq.) in the calendar year 1975, or a sum
equal to the total of the taxes payable by such financial business

Repealer.

11. Sections 7 (C. 54:10B-7), 20 (C. 54:10B-20) and 21 (C. 54:10B-21) of P. L. 1946, c. 174 are repealed.

12. This act shall take effect immediately but shall remain inoperative until Assembly Bill No. 1915 now pending before the Legislature is enacted and becomes operative and shall be applicable to all fiscal and calendar accounting periods ending after December 31, 1974.

### C. 54:8B-4 Exemption for senior citizens.

4. Exemption for senior citizens. For each individual taxpayer required to pay the tax imposed under this act, there shall be allowed an exemption of $1,000.00 provided, if such individual has attained the age of 65 years on or before the last day of the taxable year there shall be allowed an additional exemption of $1,000.00 and, provided further, if any individual is blind, there shall be allowed an additional exemption of $1,000.00. On a single return filed for husband and wife jointly, the amount of the exemption taken on such return shall be the sum of the exemptions.

### C. 54:8B-5 Exemption allowed to senior citizens for gain from sale of home.

5. Exemption allowed senior citizens for gain from sale of home. Every husband and wife, and each other person, described as a taxpayer in this act shall, in addition to the exemptions allowed under the provisions of this act, be allowed an exemption and deduction from the amount of gains from the sale or exchange of capital assets for any taxable year which are subject to the tax imposed hereunder in the amount of any gain for such taxable
year included in net gains from the sale or exchange of capital assets for Federal income tax purposes, arising from the sale of a residence in such taxable year, but only if (A) either of such spouses or both, or said other person, had attained the age of 65 years on the date of such sale and had owned and used such residence as principal residence for at least 5 years of the 8 years immediately preceding the date of such sale and (B) said gain is the first such gain for such taxpayer with respect to the sale of such a residence on or after January 1, 1975. If the exemption provided for in this section is availed of by a taxpayer in or for any taxable year, no such exemption shall be allowed with respect to such taxpayer or a spouse thereof in any subsequent taxable year. For the purposes of this section, the word "sale" means a "sale," "exchange," "transaction" or "event" through which the taxpayer is divested of all interest in his residence.

C. 54:8B-6 Sales and exchanges of property.

6. Sales and exchanges of property.

a. No gain or loss shall be recognized in regard to any sale or exchange made in accordance with rules and regulations of the director which shall be consistent with the provisions of sections 121, 1031, 1033, 1034, 1035 and 1036 of the United States Internal Revenue Code of 1954, as amended.

b. A partnership as such shall not be subject to the tax imposed by this act. Persons who are partners shall be liable for said tax only in their individual capacities in the same manner that individuals are liable for partnership income under the Federal Internal Revenue Code as of January 1, 1976.

c. Any pledgee, assignee, receiver, referee, trustee, conservator, guardian or other fiduciary, whether or not court appointed, shall report any funds which are taxable under this act but said funds shall be taxed to the beneficiary or equitable owners thereof, when received or when the right to receipt accrues.

d. The tax imposed by this act shall not be applicable with respect to any sale or exchange of agricultural animals.

C. 54:8B-7 Estates of deceased persons.

7. Estates of deceased persons. The estate of each deceased person who last dwelt in the State shall be subject to the taxes imposed by this act, upon all unearned income, actually or constructively received by such person in the year of his death, upon which taxes are due and have not already been paid under said act.
C. 54:8B-8 Duties of fiduciary.

8. Duties of fiduciary. Any guardian, receiver, referee, trustee, assignee or other fiduciary, or any officer or agent appointed by any court to conduct the business or conserve the assets of any taxpayer, shall be subject to the tax imposed by this act in the same manner and to the same extent as a taxpayer hereunder.

C. 54:8B-9 Tax return.

9. Tax return. On or before April 15 following the close of each calendar year, in the case of persons reporting on the basis of a calendar year, and on or before the fifteenth day of the fourth month following the close of a fiscal year, in the case of persons reporting on the basis of a fiscal year, each person who earns, receives, accrues or has credited to his account any unearned income shall duly execute and file a tax return with the director, in such form and containing such information as he may prescribe, which return shall truly and accurately set forth the amounts received and the taxpayer's liability under this act; and the full amount of the tax shall be due and payable to the director on or before the date prescribed herein for the filing of the return.

C. 54:8B-10 Failure to file, return or pay tax.

10. Failure to file return or pay tax.

a. Any person failing to file his return when due shall be liable for a penalty of $25.00 which penalty shall be payable to, and recoverable by, the director in the same manner as the tax imposed by this act. If any tax is not paid when the same becomes due, as provided under this act, there shall be added to the amount of the tax, a sum equivalent to 10% thereof, as a penalty, and, in addition thereto, interest at the rate of 1% per month or fraction thereof from the date the tax became due until the same is paid. The director, if satisfied beyond a reasonable doubt that the failure to comply with any provision of this section was due to reasonable cause and was not intentional or due to neglect, may abate or remit the whole or part of any penalty.

b. Any taxpayer willfully failing to file a return required by this act, or filing or causing to be filed or making or causing to be made, or giving or causing to be given any return, representation, information, testimony or statement required or authorized by this act, which is willfully violating any other requirement imposed by this act or by any rule or regulation of the director adopted hereunder, shall, in addition to any other penalties herein or elsewhere prescribed, be guilty of a misdemeanor; punishment for which
shall be a fine of not more than $1,000.00 or imprisonment for not more than 1 year, or both such fine or imprisonment.

11. Powers and duties of director. In addition to the powers and duties of the director as set forth generally in Title 54 of the Revised Statutes:

a. The director or his authorized representative may require any taxpayer or other person required to file under this act to submit copies or pertinent extracts of his Federal income tax returns, or of any other tax return made to any agency of the Federal Government, or of this or any other state, or of any statement or registration made pursuant to any State or Federal law pertaining to securities or securities exchange regulations.

b. The director may require all taxpayers to keep such records as he may prescribe, and he may require the production of books, papers, documents and other data, to provide or secure information pertinent to the determination of the tax imposed by this act and the enforcement and collection thereof.

c. The director or any person authorized by him may examine the books, papers, records and equipment of any person liable under the provisions of this act, and may investigate the activities of the person in order to verify the accuracy of any return made, or, if no return is made by the person, to ascertain and determine the amount required to be paid.

C. 54:88-12 Deficiency assessments.

12. Deficiency assessments.

a. After a final return in due form is filed, the director shall cause the same to be examined and may make such further audit or investigation or reaudit as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this act, he shall assess or reassess the additional taxes, penalties and interest due the State, give notice of such assessment or reassessment to the taxpayer, and make demand upon him for payment. There shall be added to the amount of any deficiency assessment or reassessment a sum equivalent to 10% of such assessment or reassessment as a penalty, and, in addition thereto, interest at the rate of 1% for each month or fraction thereof to be calculated from the date the tax was originally due and payable until the date of actual payment. If the director is satisfied that the said deficiency was not deliberate or due to fraud or evasion, he may remit or waive the payment of the penalty provided herein.
(b) Except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than 3 years from the date of the filing of a return or from the original due date of a return, whichever is later; provided, where no return has been filed as provided by law, the tax may be assessed at any time. Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period may be extended, the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing before the expiration of the extended period.

C. 54:8B-13 Collection of tax, penalties and interest.

13. Collection of tax, penalties and interest. The amount of any tax, penalty or interest due and unpaid under the provisions of this act shall be subject to and may be collected under the provisions of the State Tax Uniform Procedure Law (subtitle 9 of Title 54 of the Revised Statutes).

C. 54:8B-14 Abatement of tax.

14. Abatement of tax. When any tax assessed under the provisions of this act has been found to be uncollectible, such tax and penalty or interest assessed in connection therewith may be abated upon the advice and approval of the Attorney General.

C. 54:8B-15 Excess payments.

15. Excess payments. If, within 3 years after the due date of any return, the director, determines that any amount, penalty or interest has been paid more than once or has been erroneously or illegally collected or computed, the director shall credit the excess amount collected or paid against any amounts then due and payable from the person under this act or any other law administered by the director and the balance shall be refunded to the person or his successors, administrators or executors or any other person legally responsible for the conduct of the affairs of said person.

C. 54:8B-16 Refund claims.

16. Refund claims. Any taxpayer who feels that he has overpaid any taxes due under this act may file a claim for refund in writing with the director within 3 years from the due date for which such overpayment was made stating the specific grounds upon which the claim is founded. Failure to file a claim within the time prescribed in this section constitutes a waiver of any demand against
the State on account of overpayment. Within 30 days after disallowing any claim in whole or in part the director shall serve notice of his action on the claimant.

C. 54:8B-17 Forms.

17. Forms. The director shall design a form of return and forms for such additional statements or schedules as he may require to be filed therewith. Such forms shall provide for the setting forth of such facts as the director may deem necessary for the proper enforcement of this act. He shall cause a supply thereof to be printed and shall furnish appropriate blank forms to each taxpayer upon application or otherwise as he may deem necessary. Failure to receive a form shall not relieve any taxpayer from the obligation to file a return under the provisions of this act. Each such return shall be made upon the oath or affirmation of the taxpayer.

C. 54:8B-18 Extension of time for filing return and paying tax.

18. Extension of time for filing return and paying tax. The director may for reasonable cause extend the time for the filing of any return due under this act and the payment of tax due thereon under such rules and regulations as he shall prescribe. The director may require the filing of a tentative return and the payment of an estimated tax. Any additional tax which may be found to be due on the filing of a final return as allowed by such extension shall bear interest at the rate of 1% per month or fraction thereof from the original due date of such tax to the date of actual payment.

C. 54:8B-19 Enforcement.

19. Enforcement. Regulations. The director shall enforce the provisions of this act and may adopt and enforce rules and regulations relating to the administration and enforcement of this act, which except as otherwise specifically provided in this act, shall be consistent with comparable provisions of the Internal Revenue Code and regulations issued thereunder. The director may prescribe the extent to which any ruling or regulation shall be applied with retroactive effect.

C. 54:8B-20 Report by director; confidential information.

20. Report by director. Confidential information. The director shall publish in his annual report data showing the amount of taxes collected under this act, the amount of penalties assessed under the provisions of this act, and such classifications of taxpayers with such other facts as he deems pertinent and valuable. Such published figures shall not disclose the operations of any taxpayer in such manner as to permit the identification of such taxpayer by
those unassociated with his business. The director, his attorney or agent, or any other officer or employee of the State involved in the administration of this act, shall not make known in any manner the amount or source of the taxes collected under this act or any particular thereof set forth or disclosed in any single return, or permit any return or copy thereof or any book containing any abstract or particular thereof to be seen or examined by any person, except so far as is necessary in carrying out the provisions of this act; except that the director, his attorney or agent may disclose such information or any information contained in any return filed under the provisions of this act, in the County Court or the Superior Court in any case therein pending in which said director, or any other department or agency of the State Government, is a party, or to any officer or department of the State Government when required in the course of duty or when there is reasonable cause to believe that there is infraction of any State law and to any proper officer of the United States Treasury Department or of any other State imposing a gross receipt, income or franchise tax reciprocating in this privilege. Any person who violates any provision of this section shall be fined not more than $1,000.00 or imprisoned not more than 1 year or both such fine and imprisonment.

C. 54:8B-21 Appeal to director.

21. Appeal to director. Any person, aggrieved by the action of the director or his authorized agent in fixing the amount of any tax, penalty or interest provided for by this act may apply to the director, in writing, within 30 days after notice of such action is delivered or mailed to him, for a hearing and a correction of the amount of the tax, penalty or interest so fixed, setting forth the reasons why such hearing should be granted and the amount by which such tax, penalty or interest should be reduced. The director shall promptly consider each such application and may grant or deny the hearing requested. If the hearing is denied, the applicant shall be notified thereof forthwith. If it is granted, the director shall notify the applicant of the time and place fixed for such hearing. After such hearing the director may make such order in the premises as appears to him just and lawful and shall furnish a copy of such order to the applicant. The director may, by notice in writing, at any time within 3 years after the date when any return of any person has been due, order a hearing on his own initiative and require the person filing such return or any other individual whom he believes to be in possession of relevant
information concerning the taxpayer or the person filing such return to appear before him or his authorized agent with any specified books of account, papers or other documents, for examination under oath.

C. 54:8B-22 Severability clause.

22. Severability clause. If any provision of this act, or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or other provisions of the act, which reasonably can be given effect despite the invalidity.

23. Where any tax payment pertains to a fiscal accounting period ending after December 31, 1974 and prior to October 1, 1975, the time for such payment is hereby extended to January 15, 1976 and such payment may be made on or before said date without incurring penalty or interest charges. In the event any such payment is not made on or before January 15, 1976, interest and penalties thereon shall be computed without regard to this extension.

24. Appropriations. It is hereby appropriated to the Division of Taxation in the Department of the Treasury the sum of $250,000.00 or so much thereof as shall be required to carry out the provisions of this act from the effective date hereof through the period ending June 30, 1976.

25. This act shall take effect immediately and shall be applicable with respect to unearned income earned, received or constructively accrued or credited to the taxpayer on or after January 1, 1975.

Approved August 4, 1975.

AN ACT to amend and supplement "An act fixing fees to be imposed upon the recording of deeds transferring title to real property and providing penalties for the violations thereof," approved June 3, 1968 (P. L. 1968, c. 49) (C. 46:15-5 et seq.).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P. L. 1968, c. 49 (C. 46:15-5) is amended to read as follows:

C. 46:15-5 Definitions.

1. As used in this act:

(a) "Deed" means a written instrument entitled to be recorded in the office of a county recording officer which purports to convey or transfer title to a freehold interest in any lands, tenements or other realty in this State by way of grant or bargain and sale thereof from the named grantor to the named grantee. A leasehold interest for 99 years or more, shall be treated as a "freehold" for the purpose of this act. Instruments providing for common driveways, for exchanges of easements or rights-of-way, for revocable licenses to use, to adjust or to clear defects of or clouds on title, to provide for utility service lines such as drainage, sewerage, water, electric, telephone or other such service lines, or to quitclaim possible outstanding interests, shall not be "deeds" for the purposes of this act.

(b) The terms "county recording officer" and "office of the county recording officer" mean the register of deeds and mortgages in counties having such an officer and office, and the county clerk and his office in the other counties.

(c) "Consideration" means in the case of any deed, the actual amount of money and the monetary value of any other thing of value constituting the entire compensation paid or to be paid for the transfer of title to the lands, tenements or other realty, including the remaining amount of any prior mortgage to which the transfer is subject or which is to be assumed and agreed to be paid by the grantee and any other lien or encumbrance thereon not paid, satisfied or removed in connection with the transfer of title. The amount of liens for real property taxes, water or sewerage charges for the current or any subsequent year, or by
way of added assessment or other adjustment, as well as of other like liens or encumbrances of a current and continuing nature ordinarily adjusted between the parties according to the period of ownership shall be excluded as an element in determining the consideration, notwithstanding that such amount is to be paid by the grantee.

In the case of a leasehold interest as defined in paragraph (a) of this section, the consideration shall be in the amount of the assessed value of the property at the date of the transaction for the purpose of levying local real property taxes adjusted to reflect the true value in accordance with the county percentage level established for the current year.

(d) "Blind person" means a person whose vision in his better eye with proper correction does not exceed 20/200 as measured by the Snellen chart or a person who has a field defect in his better eye with proper correction in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance no greater than 20°.

(e) "Disabled person" means any resident of this State who is permanently and totally disabled, unable to engage in gainful employment, and receiving disability benefits or any other compensation under any Federal or State law.

(f) "Senior citizen" means any resident of this State of the age of 62 years or over.

(g) "New construction" means any conveyance or transfer of property upon which there is an entirely new improvement not previously occupied or used for any purpose.

2. Section 3 of P. L. 1968, c. 49 (C. 46:15-7) is amended to read as follows:

C. 46:15-7 Additional recording fees.

3. In addition to the recording fees imposed by P. L. 1965, c. 123, s. 2 (C. 22A:4-4.1) a fee is imposed upon grantors, at the rate of $1.75 for each $500.00 of consideration or fractional part thereof recited in the deed, which fee shall be collected by the county recording officer at the time the deed is offered for recording.

Every deed subject to the additional fee required by this act, which is in fact recorded, shall be conclusively deemed to have been entitled to recording, notwithstanding that the amount of the consideration shall have been incorrectly stated, or that the correct amount of such additional fee, if any, shall not have been paid, and no such defect shall in any way affect or impair the validity of the title conveyed or render the same unmarketable;
but the person or persons required to pay said additional fee at the time of recording shall be and remain liable to the county recording officer for the payment of the proper amount thereof.

3. Section 4 of P. L. 1968, c. 49 (C. 46:15–8) is amended to read as follows:

C. 46:15-3 Disposition of proceeds.

4. The proceeds of the fees collected by the county recording officer, as authorized by this act, shall be accounted for and remitted to the county treasurer. An amount equal to 28.6% of the proceeds so collected shall be retained by the county treasurer for the use of the county and the balance shall be paid to the State Treasurer for the use of the State. Payments shall be made to the State Treasurer on the tenth day of each month following the month of collection.

C. 46:15-10.1 Certain title transfers exempt from fee.

4. (New section) The following transfers of title to real property shall be exempt from payment of $1.25 of the $1.75 fee imposed upon grantors by this act:

(a) The sale of any one- or two-family residential premises which are owned and occupied by a senior citizen, blind person, or disabled person who is the seller in such transaction; provided, however, that except in the instance of a husband and wife no exemption shall be allowed if the property being sold is jointly owned and one or more of the owners is not a senior citizen, blind person, or disabled person.

(b) The sale of property upon which there is new construction. The director shall promulgate rules, regulations and forms of certification or otherwise necessary to carry out the provisions of this section. Any fee collected on any such transfer pursuant to this act shall be remitted to the county treasurer for the use of the county.

5. This act shall take effect on September 1, 1975.

Approved August 4, 1975.
CHAPTER 177

Interest on delinquent taxes.

54:49-3. Any taxpayer who shall fail to pay any State tax on or before the day when the same shall be required by law to be paid shall pay in addition to the tax, unless otherwise provided in the law imposing such tax, interest on said tax at the rate of 1½% for each month or fraction thereof that the same remains unpaid, to be calculated from the date the tax was originally due until the date of actual payment. In addition thereto, if the director is empowered by the law imposing such tax to grant an extension of time in which the tax shall be paid, the taxpayer shall be liable for the payment of interest on the unpaid tax at the rate of 9% per annum from the date that such tax was originally due to the date of actual payment; provided that if such unpaid tax is not paid within the time fixed under the extension, the interest on such unpaid tax shall be computed at the rate of 1½% per month or fraction thereof from the date the tax was originally due to the date of payment.

2. R. S. 54:49-4 is amended to read as follows:

Late filing penalties additional.

54:49-4. In addition thereto any taxpayer failing to file a return with the director within the time prescribed under the act imposing such tax shall be liable to a late filing penalty of $2.00 for each day that such return is delinquent, plus a penalty of 5% per month or fraction thereof of the total tax liability not to exceed 25% of such tax liability. If any tax be not paid within the time prescribed under the act imposing such tax, there shall be added to the amount of the tax a sum equivalent to 5% thereof, as a penalty.

3. R. S. 54:49-6 is amended to read as follows:
Deficiency assessment.

54:49-6. After a report is filed under the provisions of any State tax law, the commissioner shall cause the same to be examined and may make such further audit or investigation as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under such law, he shall assess the additional taxes, penalties of 5% of the tax, and interest at the rate of 1½% per month or fraction thereof from the date the tax was originally due to the date of payment, due the State from such taxpayer, give notice of such assessment to the taxpayer, and make demand upon him for payment.

4. R. S. 54:49-8 is amended to read as follows:

54:49-8. All taxes, penalties and interest assessed pursuant to the provisions of sections 54:49-5 and 54:49-7 of this Title, unless earlier payment is provided by law, shall be paid within 15 days after notice and demand shall have been mailed to the taxpayer by the commissioner.

5. R. S. 54:49-9 is amended to read as follows:

Penalty for nonpayment of assessments.

54:49-9. If such taxes, penalties and interest so assessed pursuant to sections 54:49-5 and 54:49-7 of this Title shall not be paid within the said 15 days, there shall be added to the amount of assessment, in addition to interest as already provided and any other penalties provided by law, a sum equivalent to 5% of the tax.

6. R. S. 54:49-11 is amended to read as follows:

Waiver of penalty and interest.

54:49-11. If the failure to pay any such tax when due is explained to the satisfaction of the commissioner, he may remit or waive the payment of the whole or any part of any penalty, and may remit or waive the payment of any interest charge in excess of the rate of 3¼ of 1% per month.

7. Section 53 of P. L. 1961, c. 32 (C. 54:8A-53) is amended to read as follows:

C. 54:8A-53 Penalties; abatement or remission of penalty and interest.

53. Any taxpayer who shall fail to file his return when due or to pay any tax when the same becomes due, as herein provided, shall be subject to such penalties and interest as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. If the Division of Taxation determines that the failure to comply with any provision of this act was excusable under the
circumstances, it may abate or remit such part or all of the penalty as shall be appropriate under such circumstances.

With respect to taxes paid not later than October 1, 1962, the Division of Taxation may also abate or remit such part or all of the interest as shall be appropriate under such circumstances.

8. Section 48 of P. L. 1971, c. 222 (C. 54:8A-105) is amended to read as follows:

C. 54:8A-105 Penalties; interest; abatement or remission.

48. Penalties; interest; abatement or remission. Any taxpayer who shall fail to file his return when due or to pay any tax when the same becomes due, as herein provided, shall be subject to such penalties and interest as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. If the Division of Taxation determines that the failure to comply with any provision of this act was excusable under the circumstances, it may abate or remit such part or all of the penalty as shall be appropriate under such circumstances.

9. Section 17 of P. L. 1945, c. 162 (C. 54:10A-17) is amended to read as follows:

C. 54:10A-17 Period other than covered by report to federal treasury department or less than 12 calendar months; failure to file or make payment; penalties.

17. (a) If the period covered by the report under this act is other than the period covered by the report to the United States Treasury Department or is a period of less than 12 calendar months, the commissioner may, under regulations prescribed by him, determine the entire net worth and entire net income of the taxpayer in such manner as shall properly reflect its entire net worth and entire net income for the period covered by its report under this act.

(b) Any taxpayer which shall fail to file its return when due or to pay any tax when the same becomes due, as herein provided, shall be subject to such penalties and interest as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. The commissioner, if satisfied that the failure to comply with any provision of this act was excusable, may abate or remit the whole or part of any penalty.

10. Section 19 of P. L. 1945, c. 162 (C. 54:10A-19) is amended to read as follows:

C. 54:10A-19 Extension of time; interest.

19. The commissioner may grant a reasonable extension of time for the filing of returns or the payment of tax or both, under such rules and regulations as he shall prescribe, which rules and regula-
tions may require the filing of a tentative return and the payment of an estimated tax. If the time for filing the return shall be extended, the payment of the portion of the tax remaining to be paid, if any, shall be postponed to the date fixed by the extension of the time for the filing of the return, but in every such case the corporation shall pay, in addition to the unpaid portion of the tax, interest thereon at the rate as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes, from the time when the return originally was required to be filed to the date of actual payment under the extension; provided, that if such unpaid portion of the tax is not paid within the time fixed under the extension, the interest on such unpaid portion shall be computed at the rate as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes, from the date the tax was originally due to the date of actual payment.

11. Section 10 of P. L. 1947, c. 50 (C. 54:10A-19.1) is amended to read as follows:

C. 54:10A-19.1 Deficiency assessment or reassessment; interest; limitations; extension of period; liability agreements.

10. (a) After a final return in due form is filed, the commissioner shall cause the same to be examined and may make such further audit or investigation or reaudit as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this act, he shall assess or reassess the additional taxes, penalties and interest due to the State, give notice of such assessment or reassessment to the taxpayer, and make demand upon him for payment. There shall be added to the amount of any deficiency assessment or reassessment interest at the rate as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. If the commissioner is satisfied that the said deficiency was not due to fraud or evasion, he may remit or waive the payment of any interest charge as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes.

(b) Except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than 5 years from the date of the filing of a return; provided, that where no return has been filed as provided by law, the tax may be assessed at any time. Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period may be extended, the amount of such
additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing made before the expiration of the extended period.

(c) The director is authorized to enter into a written agreement with any taxpayer relating to the liability of such taxpayer in respect of any tax, fee, penalty or interest heretofore or hereafter imposed by this act, which agreement shall be final and conclusive, and except upon a showing of fraud, malfeasance, or misrepresentation of a material fact:

(a) the case shall not be reopened as to the matters agreed upon or the agreement modified, by any officer, employee, or agent of this State, and

(b) in any suit, action, or proceeding, such agreement, or any determination, assessment, collection, payment, cancellation, refund or credit made in accordance therewith, shall not be annulled, modified, set aside or disregarded.

All penalties and interest assessed pursuant to the provisions of this subsection (b) shall be payable forthwith after notice and demand shall be mailed by the director to the person concerned. Every licensed manufacturer shall file with the director on or before the twentieth day of each month, a report in such form as the director shall prescribe, which report shall disclose the number of cigarettes sold, subject to the cigarette tax, for the calendar month immediately preceding the month in which such report is required; together with any other information for the report period that the director shall prescribe.

35. R. S. 54:44–1 is hereby amended to read as follows:

When tax due and payable; penalties; exception.

54:44–1. The taxes imposed by this subtitle shall be due and payable at the time of the first sale or delivery, as the case may be, in this State. In case the tax so imposed has not been paid or secured by the person making the sale or delivery, or causing the delivery to be made, the purchaser or the person accepting delivery shall also be liable to the tax and the payment thereof. The commissioner, upon such terms and conditions as he may prescribe, may permit a postponement of payment until a subsequent resale thereof and in any case may permit a postponement to a date not later than the fifteenth day of the month next following the month
in which the sales or resales or deliveries so taxed were made. If any tax be not paid when the same becomes payable as herein provided, there shall be added to the amount of the tax a sum equivalent to the penalties and interest as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. Nothing herein contained shall be construed to relieve any subsequent seller of liability to pay the tax upon any sale or delivery should payment thereof not have been made. When alcoholic beverages are delivered into a United States Customs or United States Internal Revenue warehouse under Federal bond the commissioner may further postpone and by rule and regulation fix the time and method of payment of the tax. The commissioner, if satisfied that the failure to comply with any provisions of this section was excusable, may remit the whole or part of any penalty as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes.

36. R. S. 54:45-1 is amended to read as follows:

Reports to director; payment of tax; penalty for failure to file.

54:45-1. Every person who, within this State, shall manufacture, distribute, transport, store, warehouse, import, offer for sale or sell any alcoholic beverages or who shall purchase, transfer, sell or agree to sell warehouse receipts, receipts, certificates, contracts or other documents given upon the storage of alcoholic beverages, or who is the holder of a license permitting the doing of any such acts shall file with the director a report on such form as the director shall prescribe. Any such report shall be verified by oath whenever the director shall so require. Every such report shall accurately and truthfully disclose the amount of alcoholic beverages manufactured, distributed, transported, stored, warehoused, withdrawn from storage, imported, purchased and sold, and the number and kind of warehouse receipts, receipts, certificates, contracts or other documents given upon the storage of alcoholic beverages purchased, transferred, sold and agreed to be sold by such person during the preceding 2 months, and such other information as the director may require. Such report shall be filed on or before the fifteenth day following each 2-month period. Holders of plenary retail consumption licenses, seasonal retail consumption licenses, plenary retail distribution licenses, limited retail distribution licenses and club licenses, issued pursuant to the provisions of Title 33 of the Revised Statutes or any other relative law of this State and the holders of permits, issued pursuant to the provisions of Title 33 of...
the Revised Statutes, authorizing the manufacture of wine for personal consumption only, shall not be required to file a report. Every such person shall pay to the director upon the filing of such report the amount of tax which shall be due from such person by reason of sales or deliveries of alcoholic beverages, unless previously paid.

Any such person who shall fail to file any such report on the day when it shall be due shall forfeit as a penalty an amount as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. Such penalty shall not continue to accrue after the suspension or revocation of the license of any such person. Any such person who shall fail to pay any such tax on the day when it shall be due shall forfeit as a penalty an amount as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes.

The director, if satisfied that the failure to comply with any provision of this section was excusable, may remit the whole or any part of any penalty herein imposed.

37. R. S. 54:45-5 is amended to read as follows:

Arbitrary assessment; deficiency assessment; payment; penalties; protest; hearing.

54:45-5. a. If any taxpayer shall fail to make a report as herein required, the commissioner may make an estimate of the taxable liability of such taxpayer from any information he may obtain and, according to such estimate so made by him, assess the taxes, penalties and interest due the State from such taxpayer, give notice of such assessment to the taxpayer, and make demand upon him for payment.

b. After a report is filed under the provisions of this subtitle, the commissioner shall cause the same to be examined and may make such further audit or investigation as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this subtitle, he shall assess the additional taxes, penalties and interest due the State from such taxpayer, give notice of such assessment to the taxpayer, and make demand upon him for payment.

c. All taxes, penalties and interest assessed by the commissioner pursuant to the provisions of paragraphs “a” and “b” of this section shall be paid within 15 days after notice and demand shall have been mailed to the taxpayer by the commissioner. If such taxes, penalties and interest, so assessed, shall not be paid within the 15 days, there shall be added to the amount of the assessment
a sum equivalent to the penalties as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. All such additional penalties shall be payable to and recoverable by the commissioner in the same manner as if the penalties were taxes imposed by this subtitle. If the failure to pay the taxes, penalties and interest so assessed when required to be paid is explained to the satisfaction of the commissioner, he may remit or waive the payment of the whole or any part of any such additional penalty.

d. If the commissioner finds that a taxpayer designs quickly to depart from this State or to remove his property therefrom, or to conceal himself or his property, or to discontinue business, or to do any other act tending to prejudice or render wholly or partly ineffectual proceedings to assess or collect such tax, unless such proceedings be brought without delay, the commissioner may immediately make an arbitrary assessment as hereinbefore provided in paragraph "a" of this section, whether or not any report is then due by law, and may proceed under such arbitrary assessment to collect the tax, or compel the posting of security for the payment of the same, and thereafter he shall cause notice of such finding to be given to such taxpayer, together with a demand for an immediate report and immediate payment of such tax. All taxes, assessed pursuant to the provisions of this paragraph "d," shall be payable forthwith after notice and demand shall have been mailed to the taxpayer by the commissioner. If such payment be not made within 15 days thereafter, there shall be added to the amount of the tax so assessed a sum equivalent to the penalties and interest as provided in the State Tax Uniform Procedure Law, subtitle 9 of Title 54 of the Revised Statutes. All such penalties and interest shall be payable to, and recoverable by, the commissioner in the same manner as if the penalty or interest were a tax imposed by this subtitle. If failure to pay the taxes, penalties and interest so assessed when required to be paid is explained to the satisfaction of the commissioner, he may remit or waive the payment of the whole or any part of any penalty or of any interest herein imposed.

e. If any taxpayer shall be aggrieved by any finding or assessment of the commissioner, he may, within 30 days of receipt of the notice of assessment or finding, file a protest in writing signed by himself or his duly authorized agent, which shall be under oath, and shall set forth the reason therefor, and may request a hearing. Thereafter the commissioner shall grant a hearing to the taxpayer, if the same shall be requested. He may make an order confirming,
modifying or vacating any such finding or assessment. The filing of any such protest shall not abate penalties for nonpayment, nor shall it stay the right of the commissioner to collect the tax in any manner herein provided, unless the taxpayer shall furnish security of the kind and in the amount satisfactory to the commissioner.

38. This act shall take effect immediately and shall be applicable to returns and taxes due on and after October 1, 1975 or the first day of the calendar quarter following enactment, whichever is later.

Approved August 4, 1975.

One dollar of each fee herein, shall be the inspection fee fixed in section 39:8-2 of this Title, and payment of the fees herein provided shall constitute payment of the said inspection fee.

The director may also license private utility and house type semitrailers and trailers with a gross load not in excess of 2,000 pounds at a fee of $5.00 per annum and all other such utility and house type semitrailers and trailers at $10.00 per annum. The permit shall be sufficient license for the person to operate an automobile or motorcycle in this State during the period specified, while in the company of and under the control of a licensed automobile driver or licensed motorcycle driver, as the case may be, of this State. The plates to be used for commercial motor vehicles shall display the word "commercial," and the numerals shall be prefixed by the letter "X" or "Z." Trailer plates shall have the letter "T." The fee for trucks, road tractors and truck tractors shall be paid in accordance with the following:

When the gross weight of vehicle and load, including the gross weight of all vehicles and load of any combination of vehicles of which the truck, road tractor or truck tractor is the drawing vehicle in such combination of vehicles, is 5,000 pounds or less, the minimum registration fee shall be $50.00 and where greater than 5,000 pounds, the registration fee shall be $50.00 for the first 5,000 pounds and $8.50 for each additional 1,000 pounds or portion thereof.

An applicant for registration for trailers and semitrailers shall pay to the director a fee of $18.00 for each such vehicle.

In the event that the applicant for registration exercises the 4-year option, a fee of $64.00 for each such vehicle shall be paid to the director in advance.

If any trailer registered for a 4-year period is sold or withdrawn from use on the highways, the director may, upon surrender of the vehicle registration and plate, refund $16.00 for each full year of unused prepaid registration.
In addition to the registrations authorized to be issued pursuant to the aforesaid provisions of this section, the director shall issue registrations for automobile commercial vehicles, trailers, semitrailers, and tractors providing for the gross weight of vehicle and load over 40,000 pounds but not exceeding 70,000 pounds, upon application therefor and proof to the satisfaction of the director that the applicant is actually engaged in construction work or in the business of supplying material, transporting material, or using such registered vehicle for construction work. The license plate so issued shall be marked “constructor” and shall be placed upon the vehicle or vehicles registered under this section. In no event shall a vehicle or combination of vehicles, operating as a unit, registered under this section and using “constructor” registration plates exceed a maximum gross weight, inclusive of load, of 70,000 pounds.

In addition to the registrations authorized to be issued pursuant to the aforesaid provisions of this section, the director shall issue registrations for tandem three-axle vehicles having a weight and load not exceeding 60,000 pounds, upon application to the director and proof to his satisfaction that the applicant is actually engaged in the performance of solid waste disposal or collection functions and holds a certificate of convenience and necessity therefor issued by the Board of Public Utility Commissioners.

Vehicles registered and using “constructor” registration plates may not be operated at a distance greater than 30 miles from the point established as a headquarters for the particular construction operation and such vehicles, except as hereafter provided, must comply with the speed limitations of Title 39 of the Revised Statutes. Such vehicles when carrying a gross weight of vehicle and load less than 50% of the certificate of registration shall comply with applicable speed laws and shall not move along a highway at a speed greater than 40 miles per hour. When carrying a gross weight of vehicle and load in excess of 50% of the certificate of registration, such vehicle shall comply with applicable speed laws and shall not move along a highway at a speed greater than 30 miles per hour.
Vehicles performing solid waste disposal or collection functions and registered therefor pursuant to the provisions of this section, may not be operated on any highway which is part of the National System of Interstate and Defense Highways or on any highway which has been designated a freeway or parkway as provided by law, and no such vehicle shall be driven over any bridge in this State or over any interstate bridge owned or maintained in whole or in part by this State, upon which or immediately adjacent thereto there is posted in a conspicuous place a sign stating the gross weight the bridge will carry, if the gross weight of any such vehicle and the load is greater than the gross weight stated on the sign.

It shall be unlawful for any vehicle registered under this act having gross weight of load and vehicle including the gross weight of all vehicles and load in any combination of vehicles in excess of the gross weight provided on the registration certificate to be operated on the highways of this State.

In the event that a truck, road tractor or truck tractor registered under this act is found on a highway in combination with a trailer or semitrailer duly registered in any other state or Federal district which imposes registration weight fees on such trailers or semitrailers, the drawing vehicle of the combination registered under this act shall have a gross weight registration equal to at least one-half of the combined gross weight of all the vehicles and load in the combination of vehicles. If it does not, the operation of said vehicles on the highways of this State shall be unlawful.

The 5% allowance provided by section 5 of P. L. 1950, c. 142 (C. 39:3-84.3) shall be applicable as heretofore to all registered weight limitations provided in this section, except that in no event shall the gross weight of any vehicle or combination of vehicles, including load, exceed the Federal maximum of 80,000 pounds or as such may be amended from time to time. In the case of a truck, road tractor or truck tractor registered under this act in combination with a trailer or semitrailer duly registered in any other State or Federal district which imposes registration weight fees on such trailers or semitrailers, known as a mixed combination, the 5% allowance shall be applied by adding to the registered weight of the drawing vehicle registered under this act 5% of said registered weight. If the resulting sum is equal at least to one-half the combined weight of the mixed combined gross weight of the mixed combination, then the mixed combination shall be in compliance with the registration requirements of this section.
Moneys realized from the increase of the fees for registrations issued pursuant to the provisions of this act shall be paid into the State Treasury and credited to the General State Fund and available for general State purposes.

This section shall not be construed to supersede or repeal the provisions of either section 39:3-84 or 39:4-75 of this Title.

8. R. S. 39:3-28 is amended to read as follows:

Licenses and registrations indexed; certified copies of applications as evidence; destruction of applications and copies.

39:3-28. The director shall cause all applications for registration and drivers' licenses to be alphabetically indexed, and any original application or copy thereof, whether made by photography, micrograph or otherwise, certified to be a true copy under the hand of the director shall be received as evidence in any court to prove the facts contained therein. For each certified copy so issued the director shall collect a fee of $5.00.

The director may destroy all records of registration certificates or drivers' licenses and their alphabetical indices when such registrations or drivers' licenses applicable thereto have expired, after having made copies of such records by means of photography, micrograph or otherwise. Such copies made by photography, micrograph or otherwise may be destroyed when they have been on file in the office of the director for a period of 3 years, or more.

9. Section 2 of P. L. 1959, c. 56 (C. 39:3-33.4) is amended to read as follows:

A trailer or semitrailer, having a width in excess of 96 but not

CHAPTER 180, LAWS OF 1975

39:10-11. The purchaser of a motor vehicle in this State shall, within 10 days after its purchase, submit to the director evidence of the purchase. Upon presentation to the director of the certificate of origin, or certificate of ownership, or bill of sale issued prior to October 1, 1946, with proper assignment and certification of the seller, a record of the transaction shall be made and filed. A certificate of ownership shall be issued by the director and delivered to the buyer, in case of a sale not subject to a security interest, and the director shall collect a fee of $4.00 for the issuance and filing thereof.

B. In the case of a sale subject to a security interest, a certificate of ownership, with the name and address of the holder of the encumbrance or secured party or his assignee recorded thereon, shall be delivered to the holder of the encumbrance or secured party or his assignee and a copy thereof shall be delivered to the buyer. The director shall collect a fee of $4.00 for his services in issuing a certificate and copy thereof, and for making a record of and filing the record of the transaction pursuant to this subsection.

C. Except as hereinafter in this section otherwise expressly provided, whenever a security interest is created in a motor vehicle, other than a security interest which is required to be noted on the certificate of origin or the certificate of ownership as provided in sections 39:10-8 and 39:10-9 of this Title, there shall be filed with the director, the certificate of ownership of the motor vehicle, together with a financing statement on a form prescribed by the director. The director shall make and file a record of the transaction and shall issue a certificate of ownership recording the name and address of the secured party or his assignee thereon, and shall deliver it to the secured party or his assignee. A copy of the certificate of ownership so issued shall be delivered to the buyer. The director shall collect a fee of $4.00 for his services in issuing a certificate and copy thereof and for making a record of and filing the record of the transaction pursuant to this subsection.

D. The financing statement required to be filed pursuant to subsection C. hereof shall be signed only by the buyer, shall not be required to be acknowledged or proved, and shall show, in addition to such matters as the director may require for the proper identification of the motor vehicle affected, the date of the security agreement, and the names and addresses of the parties thereto. Nothing in this section 39:10-11 contained shall be construed as requiring that the security agreement or a copy thereof, or any
proof of execution thereof other than that contained in the financing statement, shall be presented to the director. When the buyer is a corporation, it shall be sufficient if the financing statement is signed by any officer thereof, or by any agent designated by the corporation for that purpose, and it shall not be necessary that the financing statement recite the authorization of the agent. When there is more than one buyer, it shall be sufficient if the financing statement is signed by any one of them.

E. Nothing in subsections C. and D. of this section shall apply to security interests in motor vehicles which constitute inventory held for sale, but such interests shall be subject to chapter 9 of Title 12A of the New Jersey Statutes, nor shall anything in the said subsections apply to interests in personal property subject to chapter 28 of the Title, Property (46:28-4 et seq.).

F. In addition to the fees elsewhere in this section provided for, there shall be paid to the director a fee of $1.00 for notice of satisfaction of the lien or encumbrance of the record or abstract, or of the termination of the security interest where the motor vehicle is subject to a lien or encumbrance or a security interest as provided in section 39:10-14 of this Title.

G. Notwithstanding any other provision in this section contained, when any dealer licensed under the provisions of section 39:10-19 of this Title is the purchaser of a motor vehicle in this State, he shall, within 10 days after its purchase, submit to the director the evidence of purchase. Upon presentation of the certificate of ownership with proper assignment and certification of the seller to the director, a record of the transaction shall be made and filed. A certificate of ownership shall be issued by the director and delivered to such purchaser and the director shall collect a fee of $2.00 for the issuing and filing thereof.

H. Any purchaser of a motor vehicle who fails to comply with the provisions of this section shall pay to the director a penalty of $10.00 plus the issuing and filing fee.

I. The failure of any person to comply with the requirements of this section shall not constitute a misdemeanor within the provisions of section 39:10-24 of this Title, nor shall such failure affect the validity of any instrument creating or reserving a security interest in a motor vehicle, as between the parties to such instrument.

J. The notation of the name and business or residence address of a secured party or his assignee, on the certificate of origin or on the certificate of ownership, as provided in sections 39:10-8 and 39:10-9 of this Title, and the presentation to the director in
accordance with section 39:10-11 of this Title, of the certificate of
origin or certificate of ownership so noted, and the compliance with
the requirements of subsections C. and D. of section 39:10-11 of
this Title, shall be in lieu of all filing requirements imposed by
chapter 9 of Title 12A of the New Jersey Statutes and shall consti-
tute the perfection of a security interest in the motor vehicle, and
the rights and remedies of the debtors and the secured parties in
respect to such security interest shall, except as otherwise expressly
provided in this chapter, be subject to and governed by chapter 9
of Title 12A of the New Jersey Statutes.

the director may, upon proof of certification or otherwise in the
manner required by him and if satisfied of the bona fides of the
application, prepare a certificate of ownership, certify it and
authorize its use in place of the original, with the same effect as
the original. The director shall collect a fee of $4.00 for this dupli-
cate certificate.

A person who falsely states, in any application to the director
for a duplicate certificate of ownership, that a certificate of own-
ership, or title papers, are lost, shall be subject to a fine of not less
than $200.00 nor more than $500.00 or imprisonment for a term
not exceeding 30 days or both.

17. R. S. 39:10-14 is amended to read as follows:

records.

39:10-14. A. The director shall, on the record or abstract of
every motor vehicle registered with him, which is subject to a
security interest of which notice is required to be filed with him,
make a notation of the existence of such security interest and shall
index the same under the name of the owner of record of the vehicle
so long as the security interest remains unterminated of record.

B. Upon request from any person, the director shall issue a
certificate showing names and addresses of the parties to any
contract of conditional sale or chattel mortgage or other instru-
ment, or to any financing statement, the name and address of
the holder of the lien or liens under such contract, chattel mort-
gage or other instrument or of the secured party, the date thereof
or of the financing statement, the date of filing, the make, model,
identification number or numbers of the motor vehicle, and, if the
condition in the contract of conditional sale, or chattel mortgage
has been performed or the security interest has been terminated, a statement to that effect, for which he shall be entitled to a fee of $2.00.

C. For a full certified copy of any instrument showing a lien on or a security interest in a motor vehicle the director shall be entitled to a fee of $5.00 for the certificate plus $0.50 for each copy of any paper certified.

D. When evidence of satisfaction of any contract of conditional sale or chattel mortgage or other instrument, or evidence of the termination of a security interest, as aforesaid, shall be presented to the director, he shall make a notation thereof on the record of the sale of such motor vehicle showing that the condition in the contract of conditional sale or chattel mortgage has been performed or the security interest has been terminated; provided, however, that the evidence of satisfaction of a chattel mortgage on a motor vehicle executed after September 1, 1951 shall be submitted by the county recording officer on a form prescribed by the director, unless the chattel mortgage is one that is not required, under the provisions of this section R. S. 39:10-11, to be presented to and recorded by the director.

E. The director, his agents, and employees of the Division of Motor Vehicles shall not incur any personal liability in carrying out the provisions of this section or furnishing any information provided herein from the records of the Division of Motor Vehicles.

39:10-16. If the title papers or certificate of ownership are defective or improper, or if the motor vehicle was purchased and its sale consummated in another State or country, in accordance with the laws of such State or country regulating the sale of motor vehicles, and not made for the purpose of evading the provisions of this chapter, the bona fide owner of the motor vehicle may apply to the director to correct the defects, or permit the title papers to be received.

The director shall, upon such proof as he requires showing that it is just and equitable that the defects be corrected or that the title papers or certificate of ownership be received, with or without hearing, determine the truth and merits of the application and whether the holder appears to be the bona fide owner of the motor vehicle, and may issue his certificate correcting the defects or permitting the title papers or certificate of ownership
to be so recorded and filed. The person submitting the papers shall pay to the director a fee of $4.00 for the issuing and filing of the certificate.

Before issuing the certificate the director may, in his discretion, require the person to advertise in a newspaper having a general circulation in the county where he resides, for the space of 2 weeks, at least once a week, making three insertions in all, a notice briefly stating that the person has applied to the director to correct defects in the motor vehicle title papers or to receive the title papers out of time, or as the case may be, giving a description of the motor vehicle as provided in section 39:10-8 of this Title, and that if anyone desires to be heard in opposition thereto he may do so by appearing before the director on a date and at a place named, or communicating with him prior thereto. He shall also serve like notice on local police, State Police and any other person or agency, as prescribed by the director personally or by registered mail. Proofs of the publication and service shall be submitted to the director. The director, his agent or inspector may have the notice advertised or served at the cost and expense of that person.

a. Revenue derived from the collection of taxes as provided by the “Sales and Use Tax Act” (P. L. 1966, c. 30) as amended and supplemented, or so much thereof as may be required; and

b. If in any year or at any time funds, as hereinabove appropriated, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and
collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in the event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from the tax specified in subsection a. of this section shall thereon be considered and treated as part of the General State Fund, available for general purposes.

21. Should the State Treasurer, by December 31 of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.
22. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1975 be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected.

The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in the event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from the tax specified in subsection b. of this section shall thereon be considered and treated as part of the General State Fund, available for general purposes.

22. Should the State Treasurer, by December 31 of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the
year in which the tax is assessed and levied. The Comptroller of
the Treasury shall certify said amount to the county board of taxa-
tion and the county treasurer of each county. The said county
board of taxation shall include the proper amount in the current
tax levy of the several taxing districts of the county in proportion
to the ratables as ascertained for the current year.

23. For the purpose of complying with the provisions of the
State Constitution this act shall, at the general election to be held
in the month of November, 1975 be submitted to the people. In
order to inform the people of the contents of this act it shall be
the duty of the Secretary of State, after this section shall take
effect, and at least 15 days prior to the said election, to cause this
act to be published in at least 10 newspapers published in the State
and to notify the clerk of each county of this State of the passage
of this act, and the said clerks respectively, in accordance with the
instructions of the Secretary of State, shall cause to be printed
on each of the said ballots, the following:

If you approve the act entitled below, make a cross (×), plus
(+), or check (\checkmark) mark in the square opposite the word "Yes."

If you disapprove the act entitled below, make a cross (×), plus
(+), or check (\checkmark) mark in the square opposite the word "No."

If voting machines are used, a vote of "Yes" or "No" shall be
equivalent to such markings respectively.

CHAPTER 207

An Act authorizing the creation of debt of the State of New Jersey by the issuance of bonds of the State in the sum of $100 million to provide money for mortgage assistance and to spur construction and rehabilitation of housing; to enable such housing to be occupied by senior citizens and families of low and moderate income; to provide the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and to provide for the submission of this act to the people at a general election.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited as the "New Jersey Housing Assistance Bond Act of 1975."

2. The Legislature hereby finds that:
   a. Despite the existence of numerous Federal programs designed to provide housing for senior citizens and families of low and moderate income, construction and rehabilitation of such housing units has not proceeded at a pace sufficient to provide for the housing need of the State.
   b. The need for such new and rehabilitated housing is great and continues to increase, with growing numbers of New Jersey citizens unable to obtain safe and sound dwelling places.
   c. A significant portion of the State's existing housing stock is threatened with decay and eventual loss because insufficient private capital is made available for rehabilitation of housing in the neighborhoods in which this housing is situated.
   d. The State, through the investment of a relatively modest sum of money, can cause the production of such new and rehabilitated housing to be increased and can assist in preventing existing housing and neighborhoods from falling into disrepair and eventual abandonment; in conjunction with Federal, other State and local programs acting in concert, such State money can encourage the increased investment of private funds in housing on a multiplier basis far exceeding the initial expenditure of these State funds.
e. The actual cost of providing new and rehabilitated housing units of decent quality and size generally places such units beyond the means of senior citizens and families of low and moderate income. In order to enable such senior citizens and families to occupy such units, some additional form of assistance is necessary. This assistance can and should take many forms, because of the large number of housing programs presently available. By providing conditions that will accelerate housing production under various housing programs, the maximum potential for a rapid increase in housing production is achieved.

f. At this time of serious unemployment in New Jersey, particularly in the housing and construction industries, there is an urgent need for the public sector to stimulate increased economic activity to create expanded employment opportunities for New Jersey's workers.

g. The Legislature also finds and declares that the expenditure of public funds toward these ends is for a public purpose and in the public interest.

3. Except as the context may otherwise require:

a. "Department" means the Department of Community Affairs.

b. "Commissioner" means the Commissioner of the Department of Community Affairs.

c. "Act" means this act, and any amendments and supplements thereto, and any rules and regulations promulgated thereunder.

d. "Housing assistance fund" or "fund" shall mean the fund created by section 4b. of this act.

e. "Low income," and "moderate income" shall be determined by the commissioner pursuant to regulations promulgated under this act, provided however, that the commissioner, in his determination, shall consider the Federal standards for low and moderate income for the various communities within the State of New Jersey.

f. "Qualified mortgagor" means any nonprofit or limited dividend housing sponsor, owner entity or individual, or any municipality, county or public authority, constructing, rehabilitating or operating housing in New Jersey under a Federal or low or moderate income housing program, the New Jersey Housing Finance Agency program, or other programs for low or moderate income occupancy.

g. "Qualified housing development" means any housing project built or rehabilitated or to be built or rehabilitated and operated by a qualified mortgagor.
h. "Senior citizen" means a person of low or moderate income, 62 years of age or older, or families of low or moderate income which consist of two or more persons and the head of which, or his spouse, is 62 years of age or older.

4. a. Bonds of the State of New Jersey in the sum of $100 million are hereby authorized to obtain funds to meet the cost of providing housing assistance as set forth herein.

b. There is hereby created and established in the department a "housing assistance fund" which shall consist of:

   (1) All moneys derived from the proceeds of any bonds which may be authorized by this act;

   (2) Any moneys which the department shall receive in repayment of loans or advances from the fund, notwithstanding the provisions of any other act or part thereof;

   (3) All moneys received from the investment or deposit of the proceeds of any bonds which may be authorized by this act;

   (4) Any other moneys made available to the department from any source or sources which the commissioner shall allocate to the fund for the purposes authorized by this act.

c. The commissioner shall submit with the department's annual budget request a plan for the expenditure of housing assistance funds for the upcoming fiscal year. This plan shall include, but not be limited to, the following information: a performance evaluation of the expenditures made from the fund to date; a description of the subsidy programs planned for utilization during the upcoming fiscal year; a copy of the regulations in force governing the operation of programs that are financed, in part or in whole, by housing assistance funds; and an estimate of expenditures for the upcoming fiscal year. This information shall be used to assist the Legislature in determining the amount to appropriate from the fund.

5. The commissioner is authorized to utilize moneys from the housing assistance fund for the following purposes and programs:

a. Interest rate subsidy. The commissioner may enter into contracts and agreements with qualified mortgagors, or with mortgagees thereof, pursuant to which the commissioner may make direct payments to such mortgagors or mortgagees to assist in paying mortgage interest charges on qualified housing developments, where such direct payments will be applied to decrease rental or carrying charges to low and moderate income occupants of such housing.
b. Assistance to qualified housing developments. The commissioner is authorized to enter into contracts or other agreements pursuant to which financial assistance will be provided for qualified housing developments, including but not limited to those constructed, financed, or rehabilitated under Federal, other State, or locally aided low and moderate income programs, where such assistance is necessary to provide financial feasibility and enable the developments to be completed. Without limiting the generality of the foregoing, such assistance may include: a direct loan to a qualified housing mortgagor, subordinated to the Federal or other State mortgage loan, with repayment of principal, and interest, if any, referred until such time as such Federal or other State loan is paid or otherwise discharged or released; and grants or loans to municipalities for urban homesteading, code enforcement, or rehabilitation and direct sale of properties acquired either through tax foreclosure or from the United States Department of Housing and Urban Development.

6. The commissioner shall issue and promulgate such rules and regulations as are necessary and appropriate to carry out the provisions of this act.

7. The bonds provided for herein shall be serial bonds and known as "State Housing Assistance Bonds" and, as to each series, the last installment thereof (subject to redemption prior to maturity) shall mature and be paid not later than 35 years from the date of its issuance.

8. Said bonds shall be issued from time to time as the issuing officials herein named shall determine.

9. The Governor, State Treasurer and Comptroller of the Treasury, or any two such officials (hereinafter referred to as the "issuing officials") are hereby authorized to carry out the provisions of this act relating to the issuance of said bonds, and shall determine all matters in connection therewith subject to provisions hereof. In case any of said officials shall be absent from the State or incapable of acting for any reason, his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place as a State official.

10. Bonds, issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State are pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds
shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

11. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the Great Seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwithstanding that any of the official signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

12. a. Such bonds shall recite that they are issued for the purpose set forth in section 5 of this act and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, 1975, and that it was approved by a majority of the legally qualified voters of the State voting thereon at such election. Such recitals in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

b. Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, and with or without such provisions for interchangeability thereof, as may be determined by the issuing officials.

13. When the bonds are issued from time to time, the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest as may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

14. Said bonds shall be issued and sold at such price not less than the par value thereof and accrued interest thereon, and under such terms, conditions and regulations, as the issuing officials may prescribe, after notice of said sale, published at least once in at least three newspapers published in the State of New Jersey, and at
least once in a publication carrying municipal bond notices and
devoted primarily to financial news, published in the city of New
York or in New Jersey, the first notice to be at least 5 days prior
to the day of bidding. The said notice of sale may contain a pro-
vision to the effect that any or all bids made in pursuance thereof
may be rejected. In the event of such rejection or of failure to
receive any acceptable bid, the issuing officials, at any time within
60 days from the date of such advertised sale, may sell such bonds
at private sale at such price not less than the par value thereof and
accrued interest thereon and in such terms and conditions as the
issuing officials may prescribe. The issuing officials may sell all or
part of the bonds of any series as issued to any State fund or to the
Federal Government or any agency thereof, at private sale, without
advertisement.

15. Until permanent bonds can be prepared, the issuing officials
may, in their discretion, issue in lieu of such permanent bonds,
temporary bonds in such form and with such privileges as to
registration and exchange for permanent bonds as may be deter-
mined by the issuing officials.

16. The proceeds from the sale of bonds shall be paid to the State
Treasurer and be held by him for the housing assistance fund in a
separate account, to be deposited in such depositories as may be
selected by him to the credit of the fund, which fund shall be known
as the housing assistance fund.

17. a. The moneys in said fund are hereby specifically dedicated
and shall be applied to the cost of the purposes set forth in section
5 of this act, and all of such moneys are hereby appropriated for
such purpose, and no such moneys shall be expended for such
purpose (except as otherwise hereinbelow authorized) without the
specific appropriation thereof by the Legislature, but bonds may be
issued as herein provided notwithstanding that the Legislature
shall not have then adopted an act making specific appropriation
of any of said moneys.

b. At any time prior to the issuance and sale of bonds under this
act, the State Treasurer is hereby authorized to transfer from any
available money in the treasury of the State to the credit of such
fund, such sums as he may deem necessary for the purposes of this
act; said sum so transferred shall be returned to the treasury of
this State by the treasurer thereof from the proceeds of the sale
of the first issue of bonds.

c. Pending their application to the purposes provided in this act,
moneys in the housing assistance fund may be invested and rein-
vested as other trust funds in the custody of the State Treasurer in the manner provided by law. All earnings received from the investment or deposit of such funds shall be paid into the housing assistance fund.

18. In case any coupon bonds and coupons thereunto appertaining or any registered bond shall become lost, mutilated or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such loss, mutilation or destruction and also such security and indemnity and reimbursement for expenses as the issuing officials may require.

19. Accrued interest received upon the sale of said bonds shall be applied to the discharge of a like amount of interest upon said bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of said bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

20. Bonds of each series issued hereunder shall mature in annual installments commencing not later than the tenth year and ending not later than the thirty-fifth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, but the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem all or any of such bonds prior to maturity at such price or prices and upon such terms and conditions as may be provided in such bonds.

21. The issuing officials may at any time and from time to time issue refunding bonds for the purpose of refunding in whole or in part an equal principal amount of the bonds of any series issued and outstanding hereunder, which by their terms are subject to redemption prior to maturity, providing such refunding bonds shall mature at any time or times not later than the latest maturity date of such series, and the aggregate amount of interest to be paid on the refunding bonds, plus the premium, if any, to be paid on the bonds refunded, shall not exceed the aggregate amount of interest that would be paid on the bonds to be refunded if such bonds were not so refunded. Refunding bonds shall constitute
direct obligations of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the principal thereof and the interest thereon. The proceeds received from the sale of refunding bonds shall be held in trust and applied to the payment of the bonds refunded thereby. Refunding bonds shall be entitled to all the benefits of this act and subject to all its limitations except as to the maturities thereof and to the extent herein otherwise expressly provided.

22. To provide funds to meet the interest and principal payments required for the bonds issued in this act and outstanding, there is hereby appropriated in the order following:

a. Revenue derived from the tax collected under and by virtue of the Sales and Use Tax Act (P. L. 1966, c. 30), or so much thereof as may be required; and

b. If in any year or at any time funds as hereinabove appropriated, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in that event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal
and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from the fees, charges and taxes specified in subsection a. of this section shall thereon be considered and treated as part of the General State Fund, available for general purposes.

23. Should the State Treasurer by December 31 of any year deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case, the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

24. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1975, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

If you approve the act entitled below, make a cross (X), plus (+) or check (√) mark in the square opposite the word "Yes."
If you disapprove the act entitled below, make a cross (X), plus
(+), or check (\(\checkmark\)) mark in the square opposite the word "No." If voting machines are used, a vote of "Yes" or "No" shall be equivalent to such markings respectively.

CHAPTER 209

An Act authorizing the creation of a debt of the State of New Jersey by issuance of bonds of the State in the sum of $600,000,000.00 for the purpose of improving the public transportation system of the State, including the improvement of mass and rail freight transportation facilities and of highways; providing the ways and means to pay and discharge the principal thereof and interest thereon; and providing for the submission of this act to the people at a general election.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the "New Jersey Transportation Bond Act of 1975."

2. The Legislature hereby finds and determines that:
   a. Since 1966 the State of New Jersey has recognized the interrelationship between various modes of transportation by creation of a Department of Transportation responsible for the development of a comprehensive, balanced, and coordinated transportation program; and
   b. A State Transportation Fund, which was established in 1968, in the amount of $640,000,000.00 to finance the simultaneous improvement of the State's mass transportation and highway facilities has now been either completely committed or exhausted; and
   c. The Governor's Commission to Evaluate the Capital Needs of New Jersey has concluded that there continues to be a vital and immediate need for a comprehensive State transportation plan, which combines further improvements in the mass transportation system with completion of certain highway projects, rehabilitation of highways, and safety improvement and traveling efficiency for the motoring public; and
   d. There exist county and municipal road conditions throughout the State still requiring capital improvements to remove, remedy, and alleviate potential hazards to pedestrian and vehicular traffic; and
   e. The Federal Regional Rail Reorganization Act of 1973 may result in the reorganization and restructuring of railroad services in New Jersey and thereby threaten certain railroad rights-of-way
with abandonment and certain rail services with discontinuances or curtailments; and

f. The impact of the aforementioned abandonments, discontinuances, and curtailments would be harmful to the welfare of the State of New Jersey; and

g. The Federal Regional Rail Reorganization Act of 1973 provides for the acquisition of rail properties and the continuation of rail services with Federal support and assistance to states with adequate available funds; and

h. The environmental and energy programs of the State require increased reliance on efficient and nonpolluting means of transportation.

3. Except as the context may otherwise require:

a. "Commissioner" shall mean the Commissioner of the Department of Transportation.

b. "Cost" shall mean but shall not be limited to costs and expenses in the acquisition of facilities and equipment and all other property, real and personal, tangible and intangible; costs and expenses incurred in the study, planning, research and development of methods, facilities or equipment for improving the State's public transportation system; costs and expenses incurred in the preparation of plans, the design, the construction or improvement of State highways and mass and rail freight transportation facilities.

c. "Department of Transportation" shall mean the Department of Transportation established by the Transportation Act of 1966 or any agency or department successor to its powers and responsibilities.

d. "Improvement of mass and rail freight transportation facilities" shall mean, but shall not be limited to, the development, acquisition by purchase, lease or otherwise, construction, reconstruction, improvement, rebuilding, relocation, renewal, establishment or rehabilitation of mass and rail freight transportation facilities and shall include the acquisition of all property, rights-of-way, easements, and interests, including, but not limited to, stocks, bonds, and other securities, as shall be necessary for the improvement of mass and rail freight transportation facilities.

e. "Improvement of highways" shall mean but shall not be limited to the construction, reconstruction, improvement or rebuilding of highways, including all necessary bridges, tunnels, overpasses, interchanges, express bus roadways, traffic circles,
grade separations, traffic control devices and the elimination of railroad crossings of said highways at road grade, or the improvement of any existing grade separated railroad crossings, and shall include the acquisition of all property, rights-of-way, easements and interests therein as shall be necessary for improvement and maintenance of said highways. Maintenance facilities and highway maintenance equipment necessary and incidental to the repair and maintenance of highways shall also, for purposes of this act, be considered an "improvement of highways," as shall any highway or road system providing immediate access to and from mass transportation facilities.

f. "Public transportation system" shall mean and include highways, mass and rail freight transportation facilities, and all other methods of ground or surface transportation for the movement of people or goods on rights-of-way available to the public.

g. "Mass transportation facilities" shall mean all facilities and equipment necessary now or reasonably expected to be required in this State or in other states adjacent thereto for the mass transportation of New Jersey citizens by public means, or by means exclusively for the use of the elderly and handicapped, whether by rail, motor bus, motor vehicle, high speed ground or surface transportation systems, or portions thereof, including, but not limited to rights-of-way, roadbeds, trackage, rails, bridges, grade crossings, signal systems, power systems, fuel, communication systems, ventilation systems, stations, automobile parking facilities, shelters, track connections and interfaces between transportation modes, transportation centers, terminals, storage yards or buildings, repair, maintenance, development and testing shops or facilities, yards, equipment and parts, offices and other incidental real estate or personalty used or held for, or incidental to, the operation, rehabilitation or improvement of any railroad, bus operation or other mass transportation system, including any established exclusively for the use of senior citizens and handicapped persons; all necessary equipment, including, but not limited to, railroad and subway passenger cars, locomotives, motor buses, motor vehicles and air cushion vehicles and improvement of said equipment.

h. "Rail freight transportation facilities" shall mean all facilities and equipment necessary now or reasonably expected to be required in this State or other state adjacent thereto for the transportation of freight by rail common carriers, including but not limited to rights-of-way, roadbeds, trackage, rails, bridges, grade
crossings, signal systems, power systems, fuel, communication systems, ventilation systems, stations, track connections, interfaces between transportation modes, terminals, storage yards, repair, maintenance, development and testing shops or facilities, yards, equipment and parts, offices and other incidental real estate or personalty used or held for or incidental to the operation, rehabilitation or improvement of any rail freight transportation service; all necessary equipment, including but not limited to, railroad freight cars and locomotives and improvements of such necessary equipment.

i. “Highways” shall mean and include any public highway, road, street, expressway, freeway, parkway or motorway constructed or maintained in whole or in part, with funds appropriated by the State.

j. “State Transportation Fund of 1975” or “fund” shall mean the fund established by section 14 of this act.

4. Bonds of the State of New Jersey in the sum of $600,000,000.00 are hereby authorized for the purpose of providing an improved public transportation system for the State.

a. $300,000,000.00 of these bonds shall be reserved for the improvement of mass and rail freight transportation facilities; provided, however that none of this authorized amount shall be expended for the cost of operating any mass or rail freight transportation services or for operating subsidies to any carrier providing such services;

b. $200,000,000.00 of these bonds shall be reserved for highway safety and improvement and are to be used as follows:

(1) The sum of $10,000,000.00 to be distributed for the improvement of existing highway traffic circles and intersections that have been deemed by the commissioner to be hazards to the safety of the traveling public; and

(2) The sum of $10,000,000.00 for miscellaneous road safety projects of the Department of Transportation.

The balance of these bonds authorized but not specifically reserved in subsections b. (1) or (2) shall be used generally for the improvement of highways.

c. $100,000,000.00 to be distributed for aid to counties and municipalities upon application therefor in furtherance of programs undertaken by such counties and municipalities for the improvement of mass and rail freight transportation facilities and of highways, which shall share in these funds pursuant to a formula based
on the total of their road mileage, density of population, and motor vehicle registration to the total of those for the State as a whole.

5. The commissioner is authorized to promulgate rules and regulations in order to effectuate the purposes of this act.

6. The Governor, State Treasurer and Comptroller of the Treasury or any two of such officials (hereinafter referred to as "the issuing officials") are hereby authorized to carry out the provisions of this act relating to the issuance of said bonds, and shall determine all matters in connection therewith subject to provisions of this act. In case any of said officials shall be absent from the State or incapable of acting for any reason, his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place.

7. Said bonds shall be serial bonds and be known as "1975 State Transportation Bonds" and shall be issued from time to time as the issuing officials herein named shall determine. The last annual installment of each series of bonds (subject to redemption prior to maturity) shall mature and be paid not later than 35 years from the date of its issuance, but any series of bonds may be issued in whole or in part for a shorter term.

8. Bonds issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State are pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

9. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the Great Seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall have ceased to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

10. a. Said bonds shall recite that they are issued for the purpose set forth in section 4 of this act and that they are issued in pursuance of this act and that this act was submitted to the
people of the State at the general election held in the month of November, 1975, and that it was approved by a majority of the legally qualified voters of the State voting thereon at such election. Such recital in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed as fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

b. Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, and with or without such provisions for interchange-ability thereof, as may be determined by the issuing officials.

11. When the bonds are issued from time to time the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest as from time to time may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

12. Said bonds shall be issued and sold at such price, not less than the par value thereof and accrued interest thereon, and under such terms, conditions and regulations, as the issuing officials may prescribe, after notice of said sale, published at least once in at least three newspapers published in the State of New Jersey, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New York or in New Jersey, the first notice to be at least 5 days prior to the day of bidding. The said notice of sale may contain a provision to the effect that any or all bids in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials, at any time within 60 days from the date of such advertised sale, may sell such bonds at private sale at such price not less than the par value thereof and accrued interest thereon and under such terms and conditions as the issuing officials may prescribe. The issuing officials may sell all or part of the bonds of any series as issued to any State fund or to the Federal Government or any agency thereof, at private sale, without advertisement.
13. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

14. The proceeds from the sale of the bonds shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the "State Transportation Fund of 1975."

15. a. The moneys in the said State Transportation Fund of 1975 are hereby specifically dedicated and shall be applied to the cost of the transportation purposes set forth in section 4 of this act and all of such moneys are hereby appropriated to the Department of Transportation for such purpose, but no such moneys shall be expended for such purposes (except as otherwise hereinbelow authorized) without the specific appropriation thereof by the Legislature. Bonds may be issued as herein provided notwithstanding that the Legislature shall not have then adopted an act making specific appropriation of any of said moneys.

b. At any time prior to the issuance and sale of bonds under this act, the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of the State Transportation Fund of 1975 such sum as he may deem necessary for the purposes of this act; said sum so transferred shall be returned to the treasury of this State by the State Treasurer from the proceeds of the sale of the first issue of bonds.

c. Pending their application to the purposes provided in this act, moneys in the State Transportation Fund of 1975 may be invested and reinvested as other trust funds in the custody of the State Treasurer in the manner provided by law. Net earnings received from the investment or deposit of such moneys shall be paid into the general treasury and become a part of the General State Fund.

16. In case any coupon bonds or coupons thereunto appertaining or any registered bond shall become lost, mutilated or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such loss, mutilation or destruction, proof of ownership and such security and indemnity and reimbursement for expenses as the issuing officials may require.
17. Accrued interest received upon the sale of said bonds shall be applied to the discharge of a like amount of interest upon said bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of said bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

18. Bonds of each series issued hereunder shall mature in annual installments commencing not later than the tenth year and ending not later than the thirty-fifth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, and the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem all or any of such bonds prior to maturity at such price or prices and upon such terms and conditions as may be provided in such bonds.

19. The issuing officials may at any time and from time to time issue refunding bonds for the purpose of refunding in whole or in part an equal principal amount of the bonds of any series issued and outstanding hereunder, which by their terms are subject to redemption prior to maturity, provided such refunding bonds shall mature at any time or times not later than the latest maturity date of such series, and the aggregate amount of interest to be paid on the refunding bonds, plus the premium, if any, to be paid on the bonds refunded, shall not exceed the aggregate amount of interest which would be paid on the bonds refunded if such bonds were not so refunded. Refunding bonds shall constitute direct obligations of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the principal thereof and the interest thereon. The proceeds received from the sale of refunding bonds shall be held in trust and applied to the payment of the bonds refunded thereby. Refunding bonds shall be entitled to all the benefits of this act and subject to all its limitations except as to the maturities thereof and to the extent herein otherwise expressly provided.

20. To provide funds to meet the interest and principal payment requirements for the bonds issued under this act and outstanding, there is hereby appropriated in the order following:

a. Revenues derived from the tax collected upon the sale of motor fuels under and by virtue of the Motor Fuel Tax Act (Title
54, chapter 39 of the Revised Statutes as amended and supple-mented), or so much thereof as may be required; and

b. If in any year or at any time funds, as hereinabove appropriation, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest due and to become due within 1 year on all outstanding bonds issued hereunder and on such bonds as are proposed to be issued under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, or on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in that event issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other source of payment of said principal and interest provided for in this section shall not then be available, and receipts for said year from the taxes specified in subsection a. of this section shall thereupon be considered and treated as part of the General State Fund, available for general purposes.

21. Should the State Treasurer, by December 31 of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the
Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

22. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1975, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

CHAPTER 212, LAWS OF 1975

CHAPTER 212

An Act providing for a thorough and efficient system of free public schools, a State aid program implementing such system, revising parts of the statutory law and supplementing Title 18A of the New Jersey Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

ARTICLE I. SHORT TITLE; LEGISLATIVE FINDINGS; DEFINITIONS

1. This act shall be known and may be cited as the ‘‘Public School Education Act of 1975.’’

C. 18A:7A-2 Legislative findings and declaration.

2. a. The Legislature finds and declares that:

(1) The New Jersey Constitution provides that the maintenance and support of a thorough and efficient system of free public schools for the instruction of all the children in the State between the ages of 5 and 18 years is a legislative responsibility;

(2) It has been determined by the Supreme Court of New Jersey that the constitutional requirement has not been met and that action must be taken to correct any deficiencies;

(3) Extensive efforts have been made by the Executive and Legislative branches of State Government and others since the Supreme Court’s decision to determine the content of a thorough and efficient system of education and how it may be assured;

(4) Because the sufficiency of education is a growing and evolving concept, the definition of a thorough and efficient system of education and the delineation of all the factors necessary to be included therein, depend upon the economic, historical, social and cultural context in which that education is delivered. The Legislature must, nevertheless, make explicit provision for the design of State and local systems by which such education is delivered, and should, therefore, explicitly provide after 4 years from the effective date of this act for a major and comprehensive evaluation of both the State and local systems, and the sufficiency of education provided thereby;
(5) In order to encourage citizen involvement in educational matters, New Jersey should provide for free public schools in a manner which guarantees and encourages local participation consistent with the goal of a thorough and efficient system serving all of the children of the State;

(6) A thorough and efficient system of education includes local school districts in which decisions pertaining to the hiring and dismissal of personnel, the curriculum of the schools, the establishment of district budgets, and other essentially local questions are made democratically with a maximum of citizen involvement and self-determination and are consistent with Statewide goals, guidelines and standards; and

(7) Such a system should be in part locally funded to encourage involvement of and assure the financial supervision by the residents of the local unit, and in part State funded, to equalize Statewide the tax effort required for a thorough and efficient system of free public schools.

b. The Legislature, therefore, hereby accepts the responsibility:

(1) To define the overall goal of a thorough and efficient system of free public schools in New Jersey;

(2) To establish guidelines within which such a system shall operate;

(3) To delegate to appropriate State and local agencies the authority:
   (a) to establish goals and objectives consistent with legislative guidelines, and
   (b) to define standards of performance necessary to indicate achievement of the goals and objectives;

(4) To establish a funding structure which will ensure that adequate financial resources shall be available to enable a system of free public schools to operate throughout the State; and

Such a system shall be based in part on annual testing for achievement in basic skill areas, and in part on such other means as the commissioner deems proper in order to (a) determine pupil status and needs, (b) ensure pupil progress, and (c) assess the degree to which the educational objectives have been achieved.

C. 18A:7A-11 Annual report of local school district; contents; annual report of commissioner to Governor and Legislature.

If he determines that such corrective actions
are insufficient, he shall have the power to recommend to the State board that it take appropriate action. The State board, on determining that the school district is not providing a thorough and efficient education, notwithstanding any other provision of law to the contrary, shall have the power to issue an administrative order specifying a remedial plan to the local board of education, which plan may include budgetary changes or other measures the State board determines to be appropriate. Nothing herein shall limit the right of any party to appeal the administrative order to the Superior Court.

ARTICLE III. STATE SCHOOL AID

C. 18A:7A-17 Annual report of local board of number of pupils enrolled and on information on special education services.

17. Annually, on or before October 5, the secretary of the board of education, with the approval of the superintendent of schools, or if there be no superintendent of schools, with the approval of the county superintendent of schools, shall file with the commissioner a report stating the number of pupils enrolled by grade and the number of these pupils in approved programs of (a) special education classes, (b) compensatory education, (c) bilingual education and (d) local vocational education on the last school day of September. In addition, districts shall file annual reports providing such information as the commissioner may require for pupils receiving special education services.

18. Equalization support for current expenses of all school districts shall be paid in accordance with the following calculations:
   a. Divide the district equalized valuation per pupil by the guaranteed valuation per pupil and subtract the quotient from 1.0000 to obtain the district's State support ratio.
   b. Multiply the district's State support ratio by the smaller of (1) the net current expense budget for the prebudget year or (2) the product of the resident enrollment and the State support limit. The amount obtained is the current expense equalization support.
C. Notwithstanding any other provision of this section, no district shall receive less in current expense equalization support than 10% of the State support limit.

19. State support for debt service and budgeted capital outlay shall equal the total of the net debt service and budgeted capital outlay budgets for the pre-budget year multiplied by the district’s current expense State support ratio obtained in section 18 of this act. If the product is less than zero, no support shall be paid. Budgeted capital outlay used for the calculation of State support shall be the smaller of (1) the budgeted capital outlay for the pre-budget year, or (2) 1½% of the sum of the current expense and budgeted capital outlay for the pre-budget year.

20. In addition to the equalization support authorized in section 18 of this act, categorical program support for 1975-76 and 1976-77 shall be paid in accordance with the following calculations:

a. The number of categorical aid units shall be determined by adding the products obtained by multiplying the pupils in each category by the following additional cost factors:

b. The number of categorical aid units for home instruction shall be determined by multiplying the number of hours of instruction actually provided in the prior school year by 0.006.

c. For the purposes of this section, aid shall be paid to districts in which the pupils reside except in the case of home, supplementary or speech instruction where aid shall be paid to the district providing the service. No tuition may be charged for such home, supplementary or speech instruction for costs covered by State support as provided in this section.

d. Categorical program support shall equal the number of units of additional cost multiplied by the State average net current expense budget per pupil for the prebudget year.

C. 18A:7A-21 Schedule of additional cost factors; annual recommendation to Legislature for revision; rejection by concurrent resolution.

21. On or before April 1, 1977, and on or before April 1 of each subsequent year, the Governor, after consultation with the Department of Education, shall recommend to the Legislature any revision in the schedule of additional cost factors which is deemed proper, together with appropriate supporting information, and such revised additional cost factors shall be deemed approved for the fiscal year beginning 1 year from the subsequent July 1 at the end of 60 calendar days after the date on which they are transmitted to the Senate and General Assembly, or if the Legislature is not in session on the sixtieth day, then on the next succeeding day on which it shall be meeting in the course of a regular or special session, unless between the date of transmittal and the end of the above period, the Legislature passes a concurrent resolution stating that the Legislature does not favor the revised schedule of additional cost factors, in which case the additional cost factors then in effect shall continue in effect.

22. There is hereby established a compensatory education research and development fund. For the 1976-77 fiscal year and
annually thereafter, there shall be appropriated to the fund an amount equal to 3% of the amount calculated for State aid for compensatory education pursuant to section 20 of this act. The fund shall be used to support pilot and demonstration projects which are designed to improve the education of compensatory education pupils.

23. The commissioner is authorized to make grants to school districts for the establishment of pilot and demonstration projects for compensatory education pupils, to provide for the establishment of appropriate evaluation procedures, and take any other action necessary to insure the implementation of such projects.

C. 18A:7A-24 County vocational school districts; State aid.

24. State support for county vocational school districts shall be paid in accordance with the following calculations:

a. Divide the county equalized valuations per pupil by the guaranteed valuation per pupil and subtract the quotient from 1.0000 to obtain the county vocational school’s State support ratio.

b. Multiply the State support ratio by the smaller of (1) the net current expense budget for the prebudget year or (2) the product of the resident enrollment multiplied by 175% of the State-wide sixty-fifth percentile net current budget per pupil for the prebudget year when all district figures are ranked from low to high. The amount obtained is the current expense equalization support. If the State support ratio is zero or less than zero, no support shall be paid.

c. Debt service and budgeted capital outlay support for county vocational schools shall be calculated in accordance with section 19 of this act.

C. 18A:7A-25 Net current expense budget per pupil; increase by local district; certification.

25. A district which has a net current expense budget per pupil in the prebudget year of less than the State average net current expense budget per pupil may increase its net current expense budget per pupil in the following year by no more than an amount found by multiplying three-fourths of the latest annual percentage increase in the total State equalized valuation by the State average net current expense budget per pupil for the prebudget year, and multiplying the product by the quotient resulting from dividing the State average net current expense budget per pupil by the school district net current expense budget per pupil for the
prebudget year; provided, however, that in no event shall the figure used for the latest annual percentage increase in the total State equalized valuation be less than the average of such percentage increases for the latest 3 years. Any other district may increase its net current expense budget per pupil by no more than an amount found by multiplying three-fourths of the latest annual percentage increase in the total State equalized valuation by the school district's net current expense budget per pupil for the prebudget year, and multiplying the product by the quotient resulting from dividing the State average net current expense budget per pupil by the school district net current expense budget per pupil for the prebudget year. For the purpose of these calculations, the enrollment of a district shall be assumed to remain constant between the prebudget year and the year during which the budget will be implemented.

Annually, on or before November 15, the commissioner shall certify to each local board of education the amount by which the school district may increase its budget for the next year without exceeding the permissible rate of increase.

The commissioner may approve the request of a local board of education for a greater increase, having judged that (1) a reallocation of resources or any other action taken within the permissible level of spending would be insufficient to meet the goals, objectives and standards established pursuant to this act, or (2) an increased enrollment may reasonably be anticipated in the district.

C. 18A:7A-26 Payments to local school districts; requests for early payment and debt service and budgeted capital outlay payments.

26. The amounts payable to each school district pursuant to this act shall be paid by the State Treasurer upon the certification of the commissioner and warrant of the Director of Budget and Accounting. Ten percent of the appropriation for current expense equalization and categorical program support shall be paid on the first of each month from September through June. If a local board of education requires funds prior to the first payment, the board shall file a written request with the Commissioner of Education stating the need for such funds. The commissioner shall review each request and forward those for which need has been demonstrated to the appropriate officials for payment.

Debt service funds shall be paid as required to meet due dates for payment of principal and interest, and budgeted capital outlay funds shall be paid as requested by the local district.
Each school district shall file an annual written request for debt service and budgeted capital outlay payments to the commissioner 30 days prior to the beginning of the fiscal year for which the appropriation is made. Such request shall include the amount of interest bearing school debt, if any, of the municipality or district then remaining unpaid, together with the rate of interest payable thereon, the date or dates on which the bonds or other evidences of indebtedness were issued, and the date or dates upon which they fall due. In the case of Type I school districts, the board secretary shall secure such schedule of outstanding obligations from the clerk of the municipality.

C. 18A:7A-27 Annual determination of appropriation by State and amounts payable to each county and district.

27. On or before November 1 of each year, the commissioner shall determine the amount necessary to be appropriated by the State to carry out the provisions of this act for the succeeding school year and shall determine for local budget purposes the amounts payable to each of the counties and districts under this act for such succeeding year.

C. 18A:7A-28 Proposed budgets for next school year of local boards; annual submission; review of commissioner.

28. Annually, on or before December 1, local boards of education shall submit to the commissioner a copy of their proposed budgets for the next school year. The commissioner shall review each item of appropriation within the current expense and budgeted capital outlay budgets and shall determine the adequacy of the budgets with regard to the annual reports submitted pursuant to section 11 of this act.

18A:13-23. The annual or special appropriations for regional districts, including the amounts to be raised for interest upon, and the redemption of, bonds payable by the district, shall be apportioned among the municipalities included within the regional district upon the basis of the portion of each municipality's equalized valuation allocated to the regional district, calculated as described in the definition of equalized valuation in section 3 of this 1974 amendatory and supplementary act.

a. When the regional district is located wholly within one county, said amounts shall be certified to the county board of taxation of the county and shall be apportioned by it among such municipalities in the manner, and upon the basis, prescribed in this article; or

b. When the regional district is located in more than one county, said amount shall be certified to the county board of taxation of the county in which the largest number of regional district pupils are resident, and said amounts shall be apportioned by said county board of taxation, among such municipalities in the manner, and upon the basis, prescribed in this article.

The share of the amount to be raised by taxation in each municipality included in a regional district shall be certified to the appropriate county board of taxation by the Commissioner of Education.

The amounts apportioned to each such included municipality shall be assessed, levied and collected in the same manner and at the same time as other school taxes are assessed, levied and collected therein and shall be paid upon requisition as in other Type II school districts.

Such audit shall also include a determination of the extent to which the school board has used contracts entered into by the State Division of Purchase and Property pursuant to P. L. 1969, c. 104 (C. 52:25-16.1 et seq.) in the purchase of materials, supplies or equipment for the school district.

The commissioner annually shall publish a summary of such recommendations as made for each school district and the steps which have been taken in each district for their implementation.

33. N. J. S. 18A:39-15 is amended to read as follows:

State aid for joint transportation.

18A:39-15. If the county superintendent of the county in which the districts are situate shall approve the necessity, the cost, and the method of providing such joint transportation and the agreement whereby the same is to be provided, each such board of education providing joint transportation shall be entitled to State aid in an amount equal to 100% of its proportionate share of the cost of such transportation pursuant to the terms of such agreement.

The school district shall be entitled to State aid for such daily transportation in the amount of 100% of the cost to the district of furnishing such transportation to a program approved under this chapter in New Jersey when the necessity for such transportation and the cost and method thereof have been approved by the county superintendent of the county in which the district paying the cost of such transportation is situated.

35. N. J. S. 18A:58-7 is amended to read as follows:

Transportation.

18A:58-7. Each district shall also be paid 100% of the cost to the district of transportation of pupils to a school when the necessity for such transportation and the cost and method thereof have
been approved by the county superintendent of the county in which the district paying the cost of such transportation is situate. Such aid shall be paid for elementary pupils who live beyond 2 miles from their school of attendance and secondary pupils who live 2½ miles from their school of attendance.

36. N. J. S. 18A:58-25 is amended to read as follows:

**Capital reserve funds.**

18A:58-25. The State Treasurer shall maintain a school building aid capital reserve fund for each school district having funds on deposit as of the effective date of this act.

The Director of the Division of Investment shall invest and reinvest such capital reserve funds in the same manner and subject to the same requirements as are prescribed for the investment of State funds generally. Income received upon the investment of the capital reserve funds shall be credited pro rata to the capital reserve funds of the respective school districts, semiannually on November 1 and May 1.

In the event that a school district or municipality anticipates that it will be unable to meet the payment of principal or interest of any bonds hereafter issued for school purposes, it shall certify such inability to the Commissioner of Education and the Director of the Division of Local Government Services at least 10 days prior to the date such payment is due. The State Treasurer, upon certification of such inability by said commissioner and director or, in the event any such district or municipality fails to certify its anticipated inability to meet any such payments, upon notice and verification of such inability, shall withhold from the sums then or thereafter available to said district as State building aid a sum sufficient to pay the principal of and interest on such bonds. 38. R. S. 54:4–49 is amended to read as follows:

Apportionment valuation; amount to be apportioned among taxing districts; debits and credits.

54:4–49. (a) Except as to any State tax at a fixed rate provided for in sections 54:4–50 and 54:4–51 of this Title, each county board of taxation, after having received the tax lists and duplicates of the assessors and having revised and corrected the same and having equalized the aggregate valuations of all the real property in the respective taxing districts, as required by R. S. 54:3–17 to 54:3–19, shall, after making adjustments for the debits and credits herein-after mentioned, apportion the amount to be raised in the respective taxing districts for State, State school, county and free county library purposes and for purposes of consolidated school districts and school districts comprising two or more taxing districts, on the basis of the total valuation so ascertained for each taxing district. The total valuation for each taxing district, so ascertained, shall be known as the “apportionment valuation.”

(b) The amount to be apportioned among the respective taxing districts shall be the amount to be raised for the purposes specified in subsection (a), plus or minus the difference between the total debits and total credits of the taxing districts affected, determined as provided in subsection (c). The net amounts respectively to be raised, after making allowance to the affected districts for the debits and credits, shall be equivalent to the amount required for each of the purposes specified in subsection (a).

(c) The net debit or credit of each taxing district shall be the amount by which the taxing district has overpaid or underpaid its share of the specific tax or taxes for the purposes specified in subsection (a) for the preceding year or years because of increases or decreases in the amount of the assessments of the district subsequent to the apportionment in the preceding year or years by reason of final judgments on appeals, complaints and applications, the correction of clerical errors under R. S. 54:4–53 and the allowance of additional veterans’ exemptions or deductions during the prior tax year by the collector pursuant to law. When an
assessment has been reduced or added to, or increased, on appeal, complaint or other application, and the judgment on that appeal, complaint or other application has been further appealed, no deduction or increase as herein provided for shall be made with respect to the appealed assessment until the further appeal has been finally determined.

(d) So that there shall be uniformity of application and treatment under this section in all of the counties, the Director, Division of Taxation, shall issue regulations for the guidance of the county boards of taxation in the determination of the apportionment valuations, the amounts to be apportioned and the amounts of the debits and credits.

A board of education is not required to provide any further educational program for children who have been admitted to the Marie H. Katzenbach School for the Deaf but shall be required to furnish necessary daily transportation Monday through Friday to and from the school for nonboarding pupils when such transportation is approved by the county superintendent of schools in accordance with such rules and regulations as the State board shall promulgate for such transportation. 45. N. J. S. 18A:58–11 is amended to read as follows:

Emergency aid.

18A:58–11. There shall be appropriated annually the sum of $500,000.00 to be distributed by the commissioner, upon the approval of the State board, to meet unforeseeable conditions, including substantial increases in enrollments, in any school district. (a) The governing body of any municipality may, by ordinance duly adopted, create a public body corporate and politic under the name and style of "solid waste management authority" with all or any significant part of the name of such municipality inserted. Said body shall consist of the five members thereof, who shall be appointed by resolution of the governing body as hereinafter in this section provided, and it shall constitute the solid waste management authority contemplated and provided for in this act and an agency and instrumentality of said municipality. After the taking effect of such ordinance and the filing of a certified copy thereof as in subsection (c) of this section provided, five persons shall be appointed as the members of the solid waste management authority. The members first appointed shall, by the resolution of appointment, be designated to serve for terms respectively expiring on the first days of the first, second, third, fourth and fifth Februarys next ensuing after the date of their appointment. On or after January 1 in each year after such first appointments, one person shall be appointed as a member of the solid waste management authority to serve for a term commencing on February 1 in such year and

(b) The governing bodies of any two or more municipalities, whether or not the areas of such municipalities comprise an integral body of territory, may enter into an agreement and, by parallel ordinances duly adopted by each of such governing bodies within any single calendar year, create a public body corporate and politic under the name and style of 'the solid waste management authority' with all or any significant part of the name of each such municipality or some identifying geographical phrase inserted. The governing body of each municipality which is a party to such agreement shall appoint one member of the solid waste management authority. Said ordinance may provide for the appointment of an alternate representative to serve in the event of the absence or inability to act of the representative. The terms of the representative and such alternate of the respective municipalities shall be 3 years. Nothing herein shall prevent such ordinances and agreement from providing for staggered terms. In the event a vacancy occurs at any time in the office of representative of any one of the municipalities, the governing body of such municipality shall forthwith, by resolution, appoint a successor representative to fill the said vacancy and serve out the said unexpired term. Until the appointment and qualification of such successor representative, however, the alternate representative of such municipality shall serve as the representative of such municipality to the authority. In the event a vacancy occurs at any time in the office of alternate representative of any one of the municipalities, the governing body of such municipality shall forthwith, by resolution, appoint a successor alternate representative to fill such vacancy and serve out the said unexpired term.

Upon proof of such filing of a certified copy of the ordinance or of certified copies of the parallel ordinances for the creation of a solid waste management authority as aforesaid, the solid waste management authority therein referred to shall, in any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract or obligation or act of the solid waste management authority, be conclusively deemed to have been lawfully and properly created and established and authorized to transact business and exercise its powers under this act. (d) A copy of each resolution appointing any member of a solid waste management authority adopted pursuant to this action, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. A copy of such certified resolution, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding and, except in a suit, action or proceeding directly questioning such appointment, shall be conclusive evidence of the due and proper appointment of the members named therein.

(e) No governing body which may create or join in the creation of any solid waste management authority pursuant to this section shall thereafter create or join in the creation of any other solid waste management authority. No governing body of any municipality within a district shall create or join in the creation of any solid waste management authority except upon the written consent of the solid waste management authority and in accordance with the terms and conditions of such consent. This subsection shall not be applicable where the previously established solid waste management authority shall have been formally dissolved.

C. 40:66A-64 Dissolution.

2. (New section) The governing body of any local unit which has created a solid waste management authority or the governing bodies of any two or more local units which have joined in the formation of such an authority, by ordinance, or parallel ordinances, as the case may be, may dissolve such authority upon the condition that a, the members of the authority have not been appointed, the authority, by resolution duly adopted consents to such dissolution or the governing body desires to join in the creation of another authority under this or another law and b. the solid waste manage-

C. 52:27D-122 Legislative findings.

4. Legislative findings. It is hereby found and declared:

a. That a multiplicity of construction codes currently exists in this State and some of these codes contain needless restrictions which limit the use of certain materials, techniques or products without any benefits to the public. Moreover, the variation of construction standards caused by the multiplicity of codes slows the process of construction and increases the costs of construction.

b. That the way to insure uniform, modern construction standards and regulations throughout the State of New Jersey which will lower the cost of housing and other construction without any detriment to the public health, safety and welfare is to adopt a uniform State construction code.

c. That the need of new construction in the State can be met in part by the use of premanufactured systems which are fabricated in the geographical region of the United States of which New Jersey is a part and that a uniform construction code should include standards to permit the use of such systems.

d. That the model codes of the Building Officials and Code Administrators International, Inc., the National Electrical Code and the National Standard Plumbing Code, or modification thereof, are construction codes which have been widely adopted in this State and in the geographical region of the United States of which New Jersey is a part and adoption of these nationally recognized codes pursuant to this act will insure that the State has a uniform, modern construction code which will insure health, safe, and sanitary construction but also less expensive construction for the citizens of this State.

C. 52:27D-123 Adoption of a State Uniform Construction Code.

5. Adoption of a State Uniform Construction Code.

a. The commissioner shall after public hearing pursuant to section 4 of the "Administrative Procedure Act." P. Prior to the adoption of said code, the commissioner shall consult with the code advisory board and other departments, divisions, bureaus, boards,
councils, or other agencies of State Government heretofore authorized to establish or administer construction regulations. Such prior consultations with departments, divisions, bureaus, boards, councils, or other agencies of State Government shall include but not be limited to consultation with the Commissioner of Health and the Public Health Council prior to adoption of a plumbing subcode pursuant to paragraph b. of this section. Said code shall include any code, rule or regulation incorporated therein by reference.

b. The code shall be divided into subcodes which may be adopted individually by the commissioner as he may from time to time consider appropriate. Said subcodes shall include but not be limited to a building code, a plumbing code, an electrical code, an energy code, a fire prevention code, a mobile home code and mechanical code.

These subcodes shall be adoptions of the model codes of the Building Officials and Code Administrators International, Inc., the National Electrical Code, and the National Standard Plumbing Code, provided that for good reasons, the commissioner may adopt as a subcode a model code of some other nationally recognized organization upon a finding that such model code promotes the purposes of this act. The initial adoption of a model code as a subcode shall constitute adoption of any subsequent revisions or amendments thereto.

The commissioner shall be authorized to adopt a barrier free subcode or to supplement or revise any model code adopted hereunder, for the purpose of insuring that adequate and sufficient features are available in buildings or structures so as to make them accessible to and usable by the physically handicapped.

c. The Department of Education shall annually update its rules and regulations concerning public school facilities for the purpose of, insofar as appropriate for such facilities making them conform with the State Uniform Construction Code. Such updating shall be undertaken in consultation with the commissioner. Within 3 years from the effective date of this act, the Department of Education and commissioner shall submit to the Legislature reports on the extent to which the Department of Education's rules and regulations have been brought into conformity with the code, and identifying problems still outstanding for purposes of applying the provisions of the code to all public school facilities.

6. Powers of the commissioner. The commissioner shall have all the powers necessary or convenient to effectuate the purposes of this act, including, but not limited to, the following powers in addition to all others granted by this act:

a. To adopt, amend and repeal, after consultation with the code advisory board, rules: (1) relating to the administration and enforcement of this act and (2) the qualifications or licensing, or both, of all persons employed by enforcing agencies of the State to enforce this act or the code, except that, plumbing inspectors shall be subject to the rules adopted by the commissioner only insofar as such rules are compatible with such rules and regulations, regarding health and plumbing for public and private buildings, as may be promulgated by the Public Health Council in accordance with Title 26 of the Revised Statutes.

b. To enter into agreements with Federal and State of New Jersey agencies, after consultation with the code advisory board, to provide insofar as practicable (1) single-agency review of construction plans and inspection of construction and (2) intergovernmental acceptance of such review and inspection to avoid unnecessary duplication of effort and fees. The commissioner shall have the power to enter into such agreements although the Federal standards are not identical with State standards: provided that the same basic objectives are met. The commissioner shall have the power through such agreements to bind the State of New Jersey and all governmental entities deriving authority therefrom.

c. To take testimony and hold hearings relating to any aspect of or matter relating to the administration or enforcement of this act, including but not limited to prospective interpretation of the code so as to resolve inconsistent or conflicting code interpretations, and, in connection therewith, issue subpenas to compel the attendance of witnesses and the production of evidence. The commissioner may designate one or more hearing examiners to hold public hearings and report on such hearings to the commissioner.

d. To encourage, support or conduct, after consultation with the code advisory board, educational and training programs for employees, agents and inspectors of enforcing agencies, either through the Department of Community Affairs or in cooperation with other departments of State Government, enforcing agencies, educational institutions, or associations of code officials.

e. To study the effect of this act and the code to ascertain their effect upon the cost of building construction and maintenance, and
the effectiveness of their provisions for insuring the health, safety, and welfare of the people of the State of New Jersey.

f. To make, establish and amend, after consultation with the code advisory board, such rules as may be necessary, desirable or proper to carry out his powers and duties under this act.

a. To assist and advise the commissioner in the administration of this act there is hereby created in the Department of Community Affairs a code advisory board to consist of 13 citizens to be appointed by the commissioner for a term of 4 years. The board shall consist of: one architect registered in the State of New Jersey; two professional engineers licensed by the State of New Jersey, one of whom shall be a mechanical engineer and one of whom shall be a structural engineer; one municipal building official; one member of the building industry in the State of New Jersey; one public health official in the State of New Jersey; one licensed plumbing inspector in the State of New Jersey; one licensed electrical inspector in the State of New Jersey; one fire prevention inspector in the State of New Jersey and four members of the public, two of whom shall be experienced in representing consumers. Of the members first appointed the commissioner shall designate the appointees’ terms so that three shall be appointed for terms of 1 year, three for terms of 2 years, three for terms of 3 years and four for terms of 4 years. Their successors shall be appointed for terms of 4 years.

b. Code advisory board members shall serve without compensation but shall be entitled to reimbursement for expenses incurred in performance of their duties. Vacancies on the advisory board shall be filled for the unexpired term. Members may be removed by the commissioner for cause.

c. The code advisory board shall appoint a committee for each subcode and, should a subcode therefore not be adopted, for supplements to or revisions of the barrier free design provisions of any model code adopted pursuant to section 5 of this act. Each such committee shall consist of one member of the code advisory board, who shall be chairman, and four citizens who are experienced and knowledgeable in matters related to the particular subcode. Each committee shall advise and assist the code advisory board in the performance of its responsibilities under this act for the subcode in question. Committee members shall serve without compensation and at the pleasure of the code advisory board.
CHAPTER 217, LAWS OF 1975

C. 52:27D-126 Administration and enforcement.

8. Administration and enforcement.

a. The appointing authority of any municipality shall appoint a construction official and any necessary subcode officials to administer and enforce the code and a construction board of appeals to hear and decide appeals from decisions made by said construction official and subcode officials, in the administration and enforcement of the code. Nothing herein, however, shall prevent a municipality from accepting inspections as to compliance with the code or any subcode thereof made by an inspection authority approved by the State of New Jersey pursuant to law.

b. A municipal construction official and any subcode official shall be appointed for a term of 4 years, provided, however, that tenure shall continue for (1) any construction official or subcode official who is serving under tenure as otherwise provided by law on the effective date of this act or within 1 year thereafter, or (2) any person certified pursuant to subsection c. of this section and who subsequently gains such tenure. Nothing in this section shall affect the civil service status of any construction or subcode official who at the effective date of this act or subsequently comes under the provisions of Title 11 of the Revised Statutes.

A construction or subcode official, to be eligible for appointment, shall be certified by the State of New Jersey in accordance with subsection c. of this section and shall have had at least 3 years experience in construction, design or supervision as a licensed engineer or registered architect; or 5 years experience in construction design, or supervision as an architect or engineer with a bachelor’s degree from an accredited institution of higher education; or 10 years experience in construction, design or supervision as a journeyman in a trade or as a contractor. A subcode official shall, pursuant to any subcode which he administers, pass upon:

(1) matters relative to the mode, manner of construction or materials to be used in the erection or alteration of buildings or structures, except as to any such matter foreclosed by State approval pursuant to this act, and (2) actual execution of the approved plans and the installation of the materials approved by the State. The construction official in each municipality shall be the chief administrator of the "enforcing agency." He shall have the power to overrule a determination of a subcode official based on an interpretation of a substantive provision of the subcode which such subcode official administers only if the construction official is qualified to act pursuant to this act as a subcode official for such
subcode. He may serve as subcode official for any subcode which he is qualified under this act to administer. A subcode official or municipal engineer may serve as a construction official if otherwise qualified under the provisions of this act. The municipal enforcing agency shall require compliance with the provisions of the code, of all rules lawfully adopted and promulgated thereunder and of laws relating to the construction, alteration, repair, removal, demolition and integral equipment and location, occupancy and maintenance of buildings and structures, except as may be otherwise provided for.

Two or more municipalities may provide by ordinance, subject to regulations established by the commissioner, for the joint appointment of a construction official and subcode official for the purpose of enforcing the provisions of the code in the same manner.

c. No person shall act as a construction official or subcode official for any municipality unless the commissioner determines that said person is so qualified except for the following: (1) a municipal construction official or subcode official holding office under permanent civil service status, or tenure as otherwise provided by law on the effective date of this act or within 1 year thereafter and (2) a municipal construction official or subcode official holding office without such permanent civil service status or tenure on the effective date of this act or within 1 year thereafter; provided said construction official or subcode official not having such permanent civil service status or tenure shall be certified in accordance with this act within 4 years of the effective date thereof provided further that a person holding on the effective date of this act a valid plumbing inspector’s license from the Department of Health pursuant to Title 26 of the Revised Statutes may serve as a plumbing subcode official and a person holding on the effective date of this act a valid electrical inspector’s license from the Board of Public Utility Commissioners pursuant to Title 48 of the Revised Statutes may serve as an electrical subcode official. The commissioner, after consultation with the code advisory board, may authorize the preparation and conducting of oral, written and practical examinations to determine if a person is qualified by this act to be eligible to be a construction official or subcode official or, in the alternative, may accept successful completion of programs of training as proof of qualification within the meaning of this act. Upon a determination of qualification the commissioner shall issue or cause to be issued a certificate to the construction official or subcode official or trainee stating that he is so certified. The commissioner, after con-
consultation with the code advisory board, may establish classes of certification that will recognize the varying complexities of code enforcement in the municipalities within the State. The commissioner shall after consultation with the code advisory board, provide for educational programs designed to train and assist construction officials and subcode officials in carrying out their responsibilities.

Whenever the commissioner is required by the terms of this subsection to consult with the code advisory board and the matter in question concerns plumbing subcode officials, the commissioner shall also consult with the Public Health Council and Commissioner of Health.

d. The commissioner, after consultation with the code advisory board, may periodically require that each construction official and subcode official demonstrate a working knowledge of innovations in construction technology and materials, recent changes in and additions to the relevant portions of the State Uniform Construction Code, and current standards of professional ethics and legal responsibility; or, in the alternative, the commissioner, after consultation with the code advisory board, may accept successful completion of appropriate programs of training as proof of such working knowledge.

a. There shall be a construction board of appeals for each county to hear appeals from decisions by the enforcing agency provided that any municipality may establish its own construction board of appeals to hear appeals from decisions by the enforcing agency and further provided that where two or more municipalities have combined to appoint a construction official and subcode officials such combined municipalities may establish a joint construction board of appeals. Any such municipal or joint board shall hear appeals from the decisions of the municipal or joint enforcing agency, as the case may be, instead of the county board.

Every construction board of appeals shall consist of five members. Each member of the board shall be qualified by experience or training to perform the duties of members of the construction board of appeals. Board members shall be appointed for a term of 4 years by the appointing authority of the county or municipality in question or, in the case of a joint municipal board, by means mutually determined by the governing bodies of such municipalities.
For the members first appointed, the appointing authority shall designate the appointees' terms so that one shall be appointed for a term of 1 year, one for a term of 2 years, one for a term of 3 years, and two for a term of 4 years. Vacancies on the board shall be filled for the unexpired term. Members may be removed by the authority appointing them for cause. A person may serve on more than one construction board of appeals.

b. When an enforcing agency refuses to grant an application or refuses to act upon application for a construction permit, or when the enforcing agency makes any other decision, pursuant or related to this act or the code, an owner, or his authorized agent, may appeal in writing to the county or municipal or joint board, whichever is appropriate. The board shall hear the appeal, render a decision thereon and file its decision with a statement of the reasons therefor with the enforcing agency from which the appeal has been taken not later than 10 business days following the submission of the appeal, unless such period of time has been extended with the consent of the applicant. Such decision may affirm, reverse or modify the decision of the enforcing agency or remand the matter to the enforcing agency for further action. A copy of the decision shall be forwarded by certified or registered mail to the party taking the appeal. Failure by the board to hear an appeal and render and file a decision thereon within the time limits prescribed in this subsection shall be deemed a denial of the appeal for purposes of a complaint, application or appeal to a court of competent jurisdiction. A record of all decisions made by the board, properly indexed, shall be kept by the enforcing agency and shall be subject to public inspection during business hours. The board shall provide rules for its procedure in accordance with this act and regulations established by the commissioner.

C. 52:27D-128 Substitute administration and enforcement.

10. Substitute administration and enforcement. Whenever a municipality or several municipalities decide not to administer and enforce the code and request the commissioner to assume that task, the commissioner shall by regulation provide for the enforcement of the code and this act in said municipality or municipalities and for payment to the State of fees necessary to defray the expenses in furtherance of that end and the commissioner shall have all the powers conferred by this act upon any municipal governing body, chief executive, or enforcing agency and all other powers necessary and convenient to that end, provided that the
commissioneer shall provide a departmental appeal in lieu of an appeal to a municipal or joint construction board of appeals.

The commissioner shall hold hearings pursuant to section 6 c. of this act in order to establish regulations defining the operation of this section.

C. 52:27D-129 State buildings and buildings of interstate agencies.

11. State buildings and buildings of interstate agencies. a. Notwithstanding any other provision of this act, the Division of Buildings and Construction in the Department of the Treasury shall have exclusive authority to administer and enforce the code in regard to buildings and structures owned by the State, and any of its departments, divisions, bureaus, boards, councils, authorities or other agencies provided that the division shall enforce the code with persons certified by the commissioner pursuant to this act. Prior to approval of plans and specifications for a structure or building costing in excess of $50,000.00, the Division of Buildings and Construction in the Department of the Treasury shall hold a public hearing in the county in which the building is to be located.

b. Construction, alteration, renovation, rehabilitation, repair, removal or demolition of any building or structure situated wholly within New Jersey by or for an agency created by an interstate compact to which the State of New Jersey is a party shall be subject to the provisions of the code; provided that such interstate agency shall have exclusive authority to administer and enforce the code in regard to such buildings and structures.

C. 52:27D-130 Permit required for construction or alteration of buildings and structures; application therefor; required contents of application; issuance; effect and duration of permits; public school facilities.

12. Permit required for construction or alteration of buildings and structures; application therefor; required contents of application; issuance, effect and duration of permits; public school facilities. Except as otherwise provided by this act or in the code, before construction or alteration of any building or structure, the owner, or his agent, engineer or architect, shall submit an application in writing, including signed and sealed drawings and specifications, to the enforcing agency as defined in this act. The application shall be in accordance with regulations established by the commissioner and on a form prescribed by the commissioner and shall be accompanied by payment of the fee to be established by the municipal governing body by ordinance in accordance with standards established by the commissioner. The application for a
construction permit shall be filed with the enforcing agency and shall be a public record; and no application for a construction permit shall be removed from the custody of the enforcing agency after a construction permit has been issued. Nothing contained in this paragraph shall be interpreted as preventing the imposition of requirements in the code, for additional permits for particular kinds of work, including but not limited to plumbing, electrical, elevator, fire prevention equipment or boiler installation or repair work, or in other defined situations.

When final plans for the construction or alteration of a public school facility are submitted to the Department of Education, for approval, such plans shall also be filed with the enforcing agency of the municipality in which the public school facility is located. The enforcing agency shall have the right to inspect any construction or alteration of a public school facility for the purpose of advising the board of education of the school district in which the public school facility is being constructed and the Commissioner of Education of any violations of the school house guide, adopted pursuant to Title 18A of the New Jersey Statutes, or practices detrimental to the health and safety of the community. The advice of the enforcing agency shall be binding upon the district board of education, except that an appeal to the Department of Education shall be available to the district board of education. When changes in the plans for construction or alteration of a public school facility are submitted to the Department of Education, for approval, said plans shall also be submitted to the enforcing agency of the municipality in which the public school facility is or shall be located.

C. 52:27D-131 Examination and approval of application for permits; expiration or cancellation of permits.

13. Examination and approval of applications for permits; expiration or cancellation of permits.

a. The enforcing agency shall examine each application for a construction permit. If the application conforms with this act, the code, and the requirements of other applicable laws and ordinances, the enforcing agency shall approve the application and shall issue a construction permit to the applicant. Every application for a construction permit shall be granted, in whole or in part, or denied within 20 business days. If application is denied in whole or in part, the enforcing agency shall set forth the reasons therefor in writing. If an enforcing agency fails to grant, in whole or in part, or deny an application for a construction permit within the period of time
prescribed herein, such failure shall be deemed a denial of the application for purposes of an appeal to the construction board of appeals unless such period of time has been extended with the consent of the applicant. The enforcing agency may approve changes in plans and specifications previously approved by it, if the plans and specifications when so changed remain in conformity with law. Except as otherwise provided in this act or the code, the construction or alteration of a building or structure shall not be commenced until a construction permit has been issued. The construction of a building or structure shall be in compliance with the approved application for a construction permit; and the enforcing agency shall insure such compliance in the manner set forth in section 14 of this act.

The commissioner, after consultation with the code advisory board, may, for certain classes or types of occupancy posing special or unusual hazards to public safety, establish regulations designating the department as the enforcing agency for purposes of approving plans and specifications. A municipal enforcing agency shall not grant an occupancy permit for any such class or type of construction unless the applicant submits appropriate plans and specifications certified or approved by the department. Upon submission by an applicant of such certified approved plans and specifications, the enforcing agency shall recognize the approval when deciding whether to approve the application for a construction permit.

b. A construction permit, issued in accordance with the foregoing provisions, pursuant to which no construction has been undertaken above the foundation walls within 1 year from the time of issuance, shall expire. The enforcing agency may suspend, revoke or cancel a construction permit in case of neglect or failure to comply with the provisions of this act or the code, or upon a finding by it that a false statement or representation has been made in the application for the construction permit.

C. 52:27D-132 Inspection of construction by enforcing agency; right of entry; stop construction orders.

14. Inspection of construction by enforcing agency; right of entry; stop construction orders.

a. The enforcing agency shall periodically inspect all construction undertaken pursuant to a construction permit issued by it to insure that the construction or alteration is performed in accordance with the conditions of the construction permit and consistent
with the requirements of the code and any ordinance implementing said code.

b. The owner of any premises upon which a building or structure is being constructed shall be deemed to have consented to the inspection by the enforcing agency and the department, of the entire premises and of any and all construction being performed on it until a certificate of occupancy has been issued. An inspector, or team of inspectors, on presentation of proper credentials, shall have the right to enter and inspect such premises, and any and all construction thereon, for purposes of ensuring compliance with the provisions of the applicable construction permit, the code, and other applicable laws and regulations. All inspection pursuant to this act shall be between the hours of 9 a.m. and 5 p.m. on business days, or when construction is actually being undertaken, provided, however, that inspections may be conducted at other times if the enforcing agency has reasonable cause to believe that an immediate danger to life, limb or property exists, or if permission is given by an owner, or his agent, architect, engineer or builder. No person shall accompany an inspector or team of inspectors on any inspection pursuant to this act, unless his presence is necessary for the enforcement of this act, or the code, or unless consent is given by an owner or his agent, architect, engineer or builder.

c. If the construction of a structure or building is being undertaken contrary to the provisions of a construction permit, this act, the code, or other applicable laws or ordinances, the enforcing agency may issue a stop construction order in writing which shall state the conditions upon which construction may be resumed and which shall be given to the owner or the holder of the construction permit or to the person performing the construction. If the person doing the construction is not known, or cannot be located with reasonable effort, the notice may be delivered to the person in charge of, or apparently in charge of, the construction. No person shall continue, or cause or allow to be continued, the construction of a building or structure in violation of a stop construction order, except with the permission of the enforcing agency to abate a dangerous condition or remove a violation, or except by court order. If an order to stop construction is not obeyed, the enforcing agency may apply to the appropriate court as otherwise established by law for an order enjoining the violation of the stop construction order. The remedy for violation of such an order provided in this subsection shall be in addition to, and not in limitation of, any other remedies provided by law or ordinance.
C. 52:27D-133  Certificates of occupancy.

15. Certificates of occupancy. No building or structure hereafter constructed shall be used or occupied in whole or in part until a certificate of occupancy shall have been issued by the enforcing agency. No building or structure hereafter altered, in whole or in part, shall be used or occupied until such a certificate has been issued, except that any use or occupancy in an already existing building or structure that was not discontinued during its alteration may be continued in the preexisting structure for 30 days after the completion of the alteration without the issuance of a certificate of occupancy. A certificate of occupancy shall be issued by the enforcing agency when all of the work covered by a construction permit shall have been completed in accordance with the permit, the code, and other applicable laws and ordinances. On request of a holder of a construction permit, the appropriate enforcing agency may issue a temporary certificate of occupancy for a building or structure, or part thereof, before the entire work covered by the construction permit has been completed, if the part or parts of the building or structure to be covered by the certificate may be occupied prior to completion of all work in accordance with the permit, the code, and other applicable laws and ordinances, without endangering the health and safety of the occupants or users. When a building or structure is entitled thereto, the enforcing agency shall issue a certificate of occupancy within 10 business days after receipt of a written application therefor in accordance with regulations established by the commissioner on a form prescribed by the commissioner accompanied by payment of a fee to be established by the municipal governing body by ordinance in accordance with standards established by the commissioner. The certificate of occupancy shall certify that the building or structure has been constructed in accordance with the provisions of the construction permit, the code, and other applicable laws and ordinances.

C. 52:27D-134  Stay of proceedings.

16. Stay of proceedings. Neither an appeal to a county, municipal or joint construction board of appeals nor a departmental appeal nor an appeal to a court of competent jurisdiction shall automatically stay any order to stop construction issued pursuant to this act or prevent the seeking of an order in a court of competent jurisdiction to enjoin the violation of a stop construction order.

C. 52:27D-135  Premanufactured systems.

17. Premanufactured systems. The commissioner shall by rules promulgated hereunder establish a procedure whereby premanu-
factured systems intended for use in the State may, if entitled thereto, be issued a certificate of acceptability by the department at its place of manufacture. The procedure shall include a requirement that the manufacturer submit to the department detailed plans and specifications for the premanufactured system for approval in compliance with the requirements of the code.

It may also include a requirement that the manufacturer submit to the department test results on the premanufactured system, or its components, or any other material or information that the department considers relevant, or one or more of the premanufactured systems for testing and evaluation. The procedure shall require that premanufactured systems be inspected by the department or a qualified person selected by it, to determine that the premanufactured systems have been manufactured in accordance with the code and with the plans and specifications submitted to the department. Alternatively, the commissioner, after consultation with the code advisory board, may require that each premanufactured system bear the approved label of a qualified body selected by the commissioner. Said body shall have such follow-up inspection services as are satisfactory to the commissioner and shall certify that the premanufactured system complies with the code and with the plans and specifications submitted to the department. If an application for a construction permit specifying the use of a premanufactured system with a certificate of acceptability is submitted to an enforcing agency, and if the application complies in all respects with this act, the code and other applicable laws and ordinances, then the enforcing agency shall issue the construction permit within the time specified in section 13 hereof. At the time of installation, a premanufactured system with a certificate of acceptability shall be subject only to such nondestructive tests approved by the department as may be necessary to determine that it has not been damaged in transit or installation, and that it has been installed in accordance with the applicable construction permit and the code. The fees established and charged by an enforcing agency in connection with the granting of a construction permit on the basis of an application therefor specifying the use of a premanufactured system with a certificate of acceptability, or in connection with the inspection of the installation of such systems, shall bear a reasonable relationship to the costs incurred by the enforcing agency in performing such acts.

18. Extension of reciprocity.
a. The commissioner, after consultation with the code advisory board, is empowered to extend to and accept from any state, group of states, or the United States of America, reciprocal recognition, certification or approval as enumerated in subsection b. of this section, provided such action is otherwise consistent with the basic purposes of this act and the code.

b. The commissioner, after consultation with the code advisory board, is authorized to accept the findings of any other state, the Federal Government, or nationally recognized organizations, in matters involving or related to the certification of premanufactured systems, assemblies, subsystems, subassemblies and related materials; and the findings of any state or states, the United States, or nationally recognized organizations in the matters of the approval of products, plans, modes and techniques of construction and testing. The commissioner shall certify that such findings are in compliance with the code and this act.

C. 52:27D-137 Review of plans and specifications and inspection of construction by the department.

19. Review of plans and specifications and inspection of construction by the department. At the request of an enforcing agency, the department or an agency approved by the commissioner may assist an enforcing agency in the inspection of any construction of buildings or structures, provided that the enforcing agency has submitted the plans and specifications for such construction to the department or such agency, as the case may be, for review as to compliance with the code and this act. In such cases the commissioner shall provide by regulation for fees to the department to cover the cost of providing such services, to be borne ultimately by applicants for construction permits. The commissioner shall also provide for the readjustment of municipal fees in accordance with the cost of services performed.

C. 52:27D-138 Penalties.

20. Penalties.

a. Any person or corporation, including an officer, director or employee of a corporation, who:

(1) Violates any of the provisions of this act or rules promulgated hereunder;

(2) Constructs a structure or building in violation of a condition of a building permit;

(3) Fails to comply with any order issued by an enforcing agency or the department;
(4) Makes a false or misleading written statement, or omits any required information or statement in any application or request for approval to an enforcing agency or the department.

Shall be subject to a penalty of not more than $500.00.

b. Anyone who knowingly refuses entry or access to an inspector lawfully authorized to inspect any premises, building or structure pursuant to this act or who unreasonably interferes with such an inspection, shall be subject to a fine of not more than $250.00.

c. With respect to subsection a. (3) of this section, a person shall be guilty of a separate offense for each day that he fails to comply with a stop construction order validly issued by an enforcing agency or the department and for each week that he fails to comply with any other order validly issued by an enforcing agency or the department. With respect to subsections a. (1) and a. (4) of this section, a person shall be guilty of a separate offense for each violation of any provision of this act or rules promulgated hereunder and for each false or misleading written statement or omission of required information or statement made in any application or request for approval to an enforcing agency or the department. With respect to subsection a. (2) of the section, a person shall be guilty of a separate offense for each violation of the conditions of a construction permit.

d. The penalties pursuant to this section may be collected in a summary proceeding pursuant to the “Penalty Enforcement Law” (N. J. S. 2A:58-1 et seq.). Jurisdiction to enforce such penalties is hereby conferred upon judges of the municipal court in addition to the courts specified by N. J. S. 2A:58-2. Suit may be brought by a municipality or the State of New Jersey. Payment of a money judgment pursuant hereto shall be remitted in the case of a suit brought by a municipality to the municipal treasurer and in the case of a suit brought by the State of New Jersey to the State Treasurer.

C. 52:27D-139 Effect of the promulgation of the code.

21. Effect of the promulgation of the code. All construction regulations incorporated in any act of the State of New Jersey, or of any municipality presently in effect, or validly promulgated or enacted by any board, department, commission or agency thereof shall continue in effect until such time as any such regulation is superseded by appropriate regulations promulgated pursuant to this act, at which time they shall be deemed repealed and superseded, and of no further force and effect. A construction permit issued under valid construction regulations prior to the promulga-
tion of the code shall remain valid, and the construction of any building or structure may be completed pursuant to and in accordance with said permit. The construction of any building or structure started before the promulgation of the code that did not as of the date of the beginning of the construction require a construction permit may be completed without a construction permit. Nothing contained in this act or the code shall be deemed to affect, repeal or invalidate local zoning ordinances or the regulation or licensing of any trade or profession engaged in construction work.

C. 52:27D-140 Partial invalidity; severability.
22. Partial invalidity; severability. If any clause, sentence, subdivision, paragraph, subsection or section of this act be adjudged unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, subsection or section thereof directly involved in the controversy in which said judgment shall have been rendered.

C. 52:27D-141 Interpretation of powers.
23. Interpretation of powers. The powers enumerated in this act shall be interpreted broadly to effectuate the purposes thereof.

24. Effective date. This act shall take effect 120 days from the date of approval thereof.

Approved October 7, 1975.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 34:4A-1 Short title.
1. This act shall be known and may be cited as the "Ski Lift Safety Act."

C. 34:4A-2 Public policy.
2. It shall be the policy of the State of New Jersey to protect its citizens and visitors from unnecessary mechanical hazards in the operation of ski tows, lifts and tramways, to ensure that proper design and construction are used, that accepted safety devices and sufficient personnel are provided for, and that periodic inspections and adjustments are made which are deemed essential to the safe operation of ski tows, ski lifts and tramways. The primary responsibility for design, construction, maintenance and inspection rests with the operators of such passenger tramway devices. The State, through the Department of Labor and Industry, as hereinafter provided, shall register all ski lift devices, establish reasonable standards of design and operational practices and make such independent inspections as may be necessary in carrying out this policy.

C. 34:4A-3 Definitions.
3. As used in this act, except where otherwise clearly required by the context,
a. "Passenger tramway" means a device used to transport passengers uphill, on skis or in cars on tracks or suspended in the air, by the use of steel cables, chains or belts or by ropes, and usually supported by trestles or towers with one or more spans, and includes

b. "Operator" means a person who owns, manages or directs the operation of a passenger tramway, and includes the State or any political subdivision or instrumentality thereof;

c. "Commissioner" means the Commissioner of the Department of Labor and Industry, or any officer or employee of the department assigned by him to carry out any of the functions, duties and powers conferred or imposed upon him by this act.

C. 34:4A-4 Rules; regulations and codes; publication; furnishing to registered operators.

4. The commissioner may adopt and from time to time supplement, alter or repeal reasonable rules, regulations and codes relating to public safety in the construction, operation and maintenance of passenger tramways. Such rules, regulations and codes shall conform as nearly as practicable to established standards,
if any, and shall not be discriminatory in their application to operators of passenger tramways. The procedures regarding such adoption, supplement, alteration or repeal shall conform to the applicable provisions of the "Administrative Procedure Act" (P. L. 1968, c. 410; C. 52:14B-1 et seq.). The commissioner shall cause the text of such rules, regulations and codes and of any changes therein resulting from supplement, alteration or repeal from time to time to be published in pamphlet form and a copy thereof furnished without charge to each registered operator. Rules, regulations or codes adopted by the commissioner shall in no way reduce or diminish the standard of care imposed upon passenger tramway operators under existing law.

C. 34:4A-5 Passenger tramway; registration; application; issuance; inspections; supplemental application; expiration; display.

5. a. A passenger tramway shall not be operated in this State unless it has been registered by the commissioner, in the manner provided in this section.

b. On or before October 1 in 1974 and each year thereafter, every operator of a passenger tramway shall apply to the commissioner, on forms supplied by him, for registration of the passenger tramway or tramways which such operator owns or manages or the operation of which he directs. The application shall contain such information as the commissioner may reasonably require in order for him to determine whether the passenger tramways sought to be registered comply with the intent of this act and the rules, regulations and codes adopted pursuant to this act.

c. The commissioner shall issue to the applying operator without delay registration certificates for each passenger tramway for which such registration is sought when he is satisfied.

(1) that the facts in the application are sufficient to enable him to fulfill his duties under this act; and

(2) that each such passenger tramway sought to be registered complies with the rules and regulations adopted pursuant to this act.

d. In order to satisfy himself that the conditions described in paragraphs (1) and (2) of subsection c. of this section have been fulfilled, the commissioner may cause to be made such inspections described in section 7 of this act as he may reasonably deem necessary.

e. When an operator installs a passenger tramway subsequent to October 1 of any year, such operator shall file a supplemental application for registration of such passenger tramway. Upon
receipt of such supplemental application the commissioner shall proceed immediately to initiate proceedings leading to the registration or rejection of registration of such passenger tramway pursuant to the provisions of this act.

f. Each registration shall expire on September 30 next following the day of issue.

g. Each operator shall cause the registration certificate for each passenger tramway thus registered to be displayed prominently at the place where passengers are loaded thereon.

C. 34:4A-6 Construction of new or alteration of passenger tramway; submission of plans and specifications.

6. Before constructing a new or altering an existing passenger tramway the operator or prospective operator shall submit plans and specifications to the commissioner. The commissioner may make recommendations relative to the safety of the layout and equipment, but such recommendations shall not relieve the operator or prospective operator of his primary responsibility as set forth in section 2 of this act.

C. 34:4A-7 Inspection by commissioner or certification of compliance by qualified inspector.

7. The commissioner may cause to be made such inspection of the construction, operation and maintenance of passenger tramways as he may reasonably require for the purpose of assuring compliance with the codes, rules and regulations adopted pursuant to this act. Certification of compliance by a qualified inspector who has been approved by the commissioner may be accepted instead of other inspection. In any legal proceedings, a certificate of compliance issued pursuant to this section shall be competent evidence only for the purpose of establishing the fact of issuance of said certificate, and for no other purpose.

C. 34:4A-8 Violation of rules, regulations or code; report; complaint by any person; forwarding to operator; investigation; order; service; emergency order to stop operation.

8. a. If as a result of an inspection it is found that there exists any violation of the rules, regulations or codes, adopted under this act, or that there exists a condition in passenger tramway construction, operation or maintenance endangering the safety of the public, an immediate report shall be made to the commissioner for appropriate investigation and order.

b. Any person may make written complaint to the commissioner setting forth any thing or act claimed to be done or omitted to be done by any registered operator which is alleged to be in violation of any rule, regulation or code adopted under this act, or setting
forth any condition in passenger tramway construction, operation or maintenance which is alleged to endanger the safety of the public. Thereupon the commissioner shall cause a copy of said complaint to be forwarded to the registered operator complained of, which may be accompanied by an order requiring that the matters complained of be answered in writing within a time to be specified by the commissioner. The commissioner may investigate the matter complained of if it shall appear that there are reasonable grounds therefor.

c. If after investigation the commissioner finds that such a violation of rules, regulations or codes exists, or that there is a condition in passenger tramway construction, operation or maintenance endangering the safety of the public, he shall forthwith issue a written order setting forth his findings, the corrective action to be taken, and fixing a reasonable time for compliance therewith. Such order shall be served upon the operator involved by registered mail, and shall become final, unless the operator shall apply to the commissioner for a hearing in the manner provided in this section.

d. When facts are presented to the commissioner tending to show that an unreasonable hazard exists in the continued operation of a tramway, he may, after such verification of the facts as is practical under the circumstances and consistent with the public safety, issue an emergency order requiring the operator of said tramway forthwith to cease using the same for the transportation of passengers. Such emergency order shall be in writing and notice thereof may be served by any person upon the operator or his agent immediately in control of said tramway by a true and attested copy of such order, the return of such service to be shown by an affidavit on the back thereof. Such emergency order shall be effective for a period not to exceed 48 hours from the time of service. Immediately after the issuance of an emergency order hereunder, the commissioner shall conduct an investigation into the facts of the case as contemplated in subsection c. of this section and shall take such action under subsection c. as may be appropriate.

C. 34:4A-9 Operator aggrieved by order; application for review; hearing; decision; appeal.

9. a. Any operator who is aggrieved by an order issued pursuant to subsection c. of section 9 of this act may, within 10 days after the service of such order, apply to the commissioner for a review of such order. It shall be the duty of the commissioner to provide such hearing at the earliest convenient day. At such hearing the
operator shall have the right to be heard personally or by counsel, to cross-examine witnesses appearing against him and to produce evidence in his own behalf. After such hearing the commissioner shall report his findings in writing and make such order as the facts may require. Such hearing and decision shall conform to the applicable provisions of the "Administrative Procedure Act" (P. L. 1968, c. 410; C. 52:14B-1 et seq.).

b. Any operator aggrieved by a decision of the commissioner after such hearing may, within 45 days after the effective date thereof, appeal therefrom to the Superior Court. No such appeal shall suspend the operation of an order made by the commissioner; but the court may suspend such order pending determination of the appeal whenever in the opinion of the court justice may require such suspension. The Superior Court shall hear the appeal at the earliest convenient day and shall make such decree as justice may require.

C. 34:4A-10 Illegal operation; penalty.

10. Any operator who operates a passenger tramway which has not been registered by the commissioner as provided in this act, or after its registration has been suspended or its operation forbidden by a lawful order of the commissioner under this act, is a disorderly person and shall be subject to a fine of not more than $50.00 or imprisonment for not more than 10 days, or both; and each day during which such illegal operation of a passenger tramway continues shall constitute a separate offense.

C. 34:4A-11 Failure of operator to comply with order; order for cessation of operation.

11. If any operator fails to comply with a lawful order issued by the commissioner pursuant to the provisions of this act, the commissioner may order the operator to cease operations for such time as the commissioner considers necessary for the protection of the safety of the public.

C. 34:4A-12 Injunction to compel compliance.

12. The commissioner shall have the power to bring injunctive proceedings in any court of competent jurisdiction to compel compliance with any lawful order made by him pursuant to the provisions of this act.

C. 34:4A-13 Discharge or discrimination against employee due to actions to help enforce this act; penalties.

13. Any operator who discharges or in any other manner discriminates against any employee because such employee has made
any complaint to the commissioner regarding a violation of this act or any rule or regulation promulgated hereunder, or because such employee has caused to be instituted or is about to cause to be instituted any proceeding under or related to this act or any rule or regulation promulgated hereunder, or because such employee has testified or is about to testify in any such proceeding, shall be guilty of a misdemeanor and shall, upon conviction therefor, be fined not less than $50.00 nor more than $200.00. Such operator shall be required, as a condition of such judgment of conviction, to offer reinstatement in employment to any such discharged employee and to correct any such discriminatory action, and also to pay to any such employee, in full, all wages lost as a result of such discharge or discriminatory action.

C. 34:4A-14 Violations; penalty.
14. In addition to any other sanctions herein or otherwise provided by law, the commissioner, upon notice and hearing, may impose a penalty not exceeding $500.00 for any violation of this act or of any rule or regulation promulgated hereunder. Unsatisfied penalties shall be recovered by and in the name of the commissioner in a civil action by a summary proceeding under the Penalty Enforcement Law (N. J. S. 2A:58-1). Where any violation of this act or of any rule or regulation promulgated hereunder is of a continuing nature, each day during which such violation continues after the date fixed by the commissioner in any order or notice for the correction or termination of such violation, shall constitute an additional, separate, and distinct offense.

C. 34:4A-15 Fees.
15. The commissioner shall charge operators a reasonable fee for conducting inspections, processing applications, and meeting all other responsibilities under this act.

16. This act shall take effect immediately and shall apply to the operation of all passenger tramways in this State after September 30, 1974. Passenger tramways in existence and actually operated during 1974 prior to September 30, 1974, may continue to operate without registration until final action is taken by the commissioner upon the initial application for registration thereof pursuant to section 5 of this act.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P. L. 1948, c. 310 (C. 43:10-18.50) is amended to read as follows:

C. 43:10-18.50 Definitions.

1. As used in this act:

"Service" shall always, unless otherwise stated, be considered as continuous or in the aggregate.

"Salary" or "compensation" when used solely for the purpose of fixing benefits under this act means the average annual salary or compensation earned by a member during his or her 3 years of service, or during his or her entire length of service if such service totaled less than 3 years as a county employee immediately preceding death or retirement; provided, however, that no benefit paid to a surviving spouse shall exceed 25% of the final compensation of said member, but in no instance shall be less than $2,500.00; provided, however, that as to any employee who, at the time of the adoption of this act, is a member of any retirement system in operation in the county under and by virtue of articles 1, 2, 5, 6 and 9 of chapter 10 and chapter 9 of Title 43 of the Revised Statutes and of R.S. 40:37-157 to 40:37-174, inclusive, and of "An act providing for the retirement of persons employed in the department of weights and measures of any county in this State, and providing a pension for such persons so retired," filed June 21, 1938 (P. "State" shall, unless otherwise stated, mean the State of New Jersey.
"His" shall be construed to mean both sexes.

The pension commission shall determine whether or not the employment of an employee is permanent within the meaning of this act. Notwithstanding the provisions of any other statute of this State, any person hereafter accepting any employment in the county under the age of 40 years shall be eligible to join as a "county employee" or "employee" as hereinabove defined, and except as herein otherwise provided, any such person of the age of 40 years or over shall be ineligible to join; provided, however, that any employee who, at the time of the adoption of this act, is a member of any retirement system in operation in such county under and by virtue of articles 1, 2, 5, 6 and 9 of chapter 10 and chapter 9 of Title 43 of the Revised Statutes, and of R. 2. Section 10 of P. L. 1948, c. 310 (C. 43:10-18.59) is amended to read as follows:

C. 43:10-18.59 Disabled persons employed 1 year or more; pension; amount.
10. Subject to the other provisions of this act, any county employee who shall have served or who shall hereafter have served in the employ of such county continuously or in the aggregate for a period of 1 year and shall become permanently and totally disabled as the result of injury or illness not arising out of and in the course of his employment shall, upon his application, be retired on pension equal to 2½% of his salary, and for each additional year of service more than 1 year the amount of said pension shall be increased to the extent of 2½% of said salary, not exceeding, except as provided pursuant to section 5 of this amendatory and supplementary act, 50% of said salary.

Upon and after the death of such employee while on such pension the said pension shall be paid to the surviving widow, so long as she remains unmarried, surviving widower, so long as he remains unmarried, or minor children up to 18 years of age, as the case may be.

The pension commission shall determine as provided in section 11 whether or not such employee has become permanently and totally disabled.

3. Section 13 of P. L. 1948, c. 310 (C. 43:10-18.62) is amended to read as follows:

C. 43:10-18.62 Death of employee after 1 year of employment; benefits to survivors.
13. Subject to the other provisions of this act, upon and after the death of any county employee who shall have served or who shall hereafter have served in the employ of the county con-
continuously or in the aggregate for a period of 1 year, there shall be paid to the surviving widow, so long as she remains unmarried, surviving widower, so long as he remains unmarried, or minor children up to the age of 18 years, as the case may be, 2½% of the salary of such employee, and for each additional year of service more than 1 year, the amount of said pension shall be increased to the extent of 2½% of said salary, not exceeding in any event 25% of the final compensation but not less than $2,500.00.

4. Any employee who, on the effective date of this amendatory and supplementary act, is a member of this retirement system shall make payments on and shall receive credit for pension purposes for the total amount of his said annual salary, upon written application to the pension commission within 90 days from the said effective date of this amendatory and supplementary act, and upon payment into this retirement system a sum equal to the total amount which said employee would have theretofore paid for service or would have had deducted from his salary, had there been no maximum salary limitation for pension purposes in effect during the entire time of such employee's membership in this retirement system, less the amount already paid for service or the amount already deducted from his salary for pension purposes under the act to which this act is amendatory and supplementary. Such payment shall be made either by lump sum or by deductions from salary, at the election of the employee, in which event interest at the rate of 3% per annum shall be charged on the unpaid balances, but in no case shall such payments be spread over a period of more than 5 years.

5. Any employee retiring after the effective date of this act who has 25 years of service and who has attained 55 years of age, shall be entitled, in addition to a pension at 50% of final salary, to an added 1% of his average salary for each year in excess of 25 years of service rendered prior to his reaching age 65.

6. This act shall take effect immediately.

CHAPTER 231

AN ACT concerning meetings of certain public bodies and repealing P. L. 1960, c. 173.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 10:4-6 Short title.
1. This act shall be known and may be cited as the "Open Public Meetings Act."

C. 10:4-7 Declaration of policy.
2. The Legislature finds and declares that the right of the public to be present at all meetings of public bodies, and to witness in full detail all phases of the deliberation, policy formulation, and decision making of public bodies, is vital to the enhancement and proper functioning of the democratic process; that secrecy in public affairs undermines the faith of the public in government and the public's effectiveness in fulfilling its role in a democratic society, and hereby declares it to be the public policy of this State to insure the right of its citizens to have adequate advance notice of and the right to attend all meetings of public bodies at which any business affecting the public is discussed or acted upon in any way except only in those circumstances where otherwise the public interest would be clearly endangered or the personal privacy or guaranteed rights of individuals would be clearly in danger of unwarranted invasion.

The Legislature further declares it to be the public policy of this State to insure that the aforesaid rights are implemented pursuant to the provisions of this act so that no confusions, misconstructions or misinterpretations may thwart the purposes hereof.

The Legislature, therefore, declares that it is the understanding and the intention of the Legislature that in order to be covered by the provisions of this act a public body must be organized by law and be collectively empowered as a multi-member voting body to spend public funds or affect persons' rights; that, therefore, informal or purely advisory bodies with no effective authority are not covered, nor are groupings composed of a public official with subordinates or advisors, who are not empowered to act by vote such as a mayor or the Governor meeting with department heads.
or cabinet members, that specific exemptions are provided for the
Judiciary, parole bodies, the State Commission of Investigation,
and political party organizations; that to be covered by the pro-
visions of this act a meeting must be open to all the public body’s
members, and the members present must intend to discuss or act
on the public body’s business; and therefore, typical partisan
caucus meetings and chance encounters of members of public bodies
are neither covered by the provisions of this act, nor are they
intended to be so covered.

C. 10:4-8 Definitions.

3. As used in this act:

a. “Public body” means a commission, authority, board, council,
committee or any other group of two or more persons organized
under the laws of this State, and collectively empowered as a voting
body to perform a public governmental function affecting the rights,
duties, obligations, privileges, benefits, or other legal relations of
any person, or collectively authorized to spend public funds in-
cluding the Legislature, but does not mean or include the judicial
branch of the government, any grand or petit jury, any parole
board or any agency or body acting in a parole capacity, the State
Commission of Investigation or any political party committee
organized under Title 19 of the Revised Statutes.

b. “Meeting” means and includes any gathering whether
corporeal or by means of communication equipment, which is
attended by, or open to, all of the members of a public body, held
with the intent, on the part of the members of the body present,
to discuss or act as a unit upon the specific public business of that
body. Meeting does not mean or include any such gathering (1)
attended by less than an effective majority of the members of a
public body, or (2) attended by or open to all the members of three
or more similar public bodies at a convention or similar gathering.

c. “Public business” means and includes all matters which relate
in any way, directly or indirectly, to the performance of the public
body’s functions or the conduct of its business.

d. “Adequate notice” means written advance notice of at least
48 hours, giving the time, date, location and, to the extent known,
the agenda of any regular, special, or rescheduled meeting, which
notice shall accurately state whether formal action may or may
not be taken and which shall be (1) prominently posted in at least
one public place reserved for such or similar announcements, (2)
mailed, telephoned, telegraphed, or hand delivered to at least two
newspapers which newspapers shall be designated by the public body to receive such notices because they have the greatest likelihood of informing the public within the area of jurisdiction of the public body of such meetings, one of which shall be the official newspaper, where any such has been designated by the public body or if the public body has failed to so designate, where any has been designated by the governing body of the political subdivision whose geographic boundaries are coextensive with that of the public body and (3) filed with the clerk of the municipality when the public body’s geographic boundaries are coextensive with that of a single municipality, with the clerk of the county when the public body’s geographic boundaries are coextensive with that of a single county, and with the Secretary of State if the public body has Statewide jurisdiction. For any other public body the filing shall be with the clerk or chief administrative officer of such other public body and each municipal or county clerk of each municipality or county encompassed within the jurisdiction of such public body. Where annual notice or revisions thereof in compliance with section 13 of this act sets forth the location of any meeting, no further notice shall be required for such meeting.

C. 10:4-9 Notice of meetings; exceptions.

a. Except as provided by subsection b. of this section, or for any meeting limited only to consideration of items listed in section 7, b. no public body shall hold a meeting unless adequate notice thereof has been provided to the public.

b. Upon the affirmative vote of three-quarters of the members present a public body may hold a meeting notwithstanding the failure to provide adequate notice if:

(1) such meeting is required in order to deal with matters of such urgency and importance that a delay for the purpose of providing adequate notice would be likely to result in substantial harm to the public interest; and

(2) the meeting is limited to discussion of and acting with respect to such matters of urgency and importance; and

(3) notice of such meeting is provided as soon as possible following the calling of such meeting by posting written notice of the same in the public place described in section 3. d. above, and also by notifying the two newspapers described in section 3. d. by telephone, telegram, or by delivering a written notice of same to such newspapers; and
(4) either (a) the public body could not reasonably have foreseen the need for such meeting at a time when adequate notice could have been provided; or (b) although the public body could reasonably have foreseen the need for such meeting at a time when adequate notice could have been provided, it nevertheless failed to do so.

C. 10:4-10 Announcement at opening of meetings.

5. At the commencement of every meeting of a public body the person presiding shall announce publicly, and shall cause to be entered in the minutes of the meeting, an accurate statement to the effect:

a. that adequate notice of the meeting has been provided, specifying the time, place, and manner in which such notice was provided; or

b. that adequate notice was not provided, in which case such announcement shall state (1) the nature of the urgency and importance referred to in subsection 4. b. (1) and the nature of the substantial harm to the public interest likely to result from a delay in the holding of the meeting; (2) that the meeting will be limited to discussion of and acting with respect to such matters of urgency and importance; (3) the time, place, and manner in which notice of the meeting was provided; and (4) either (a) that the need for such meeting could not reasonably have been foreseen at a time when adequate notice could have been provided, in which event, such announcement shall specify the reason why such need could not reasonably have been foreseen; or (b) that such need could reasonably have been foreseen at a time when adequate notice could have been provided, but such notice was not provided, in which event the announcement shall specify the reason why adequate notice was not provided.

C. 10:4-11 Exclusion of members from meeting notice.

6. No person or public body shall fail to invite a portion of its members to a meeting for the purpose of circumventing the provisions of this act.

C. 10:4-12 Open and closed meetings.

7. a. Except as provided by subsection b. of this section all meetings of public bodies shall be open to the public at all times. Nothing in this act shall be construed to limit the discretion of a public body to permit, prohibit or regulate the active participation of the public at any meeting.
b. A public body may exclude the public only from that portion of a meeting at which the public body discusses:

(1) Any matter which, by express provision of Federal law or State statute or rule of court shall be rendered confidential or excluded from the provisions of subsection a. of this section.

(2) Any matter in which the release of information would impair a right to receive funds from the Government of the United States.

(3) Any material the disclosure of which constitutes an unwarranted invasion of individual privacy such as any records, data, reports, recommendations, or other personal material of any educational, training, social service, medical, health, custodial, child protection, rehabilitation, legal defense, welfare, housing, relocation, insurance and similar program or institution operated by a public body pertaining to any specific individual admitted to or served by such institution or program, including but not limited to information relative to the individual's personal and family circumstances, and any material pertaining to admission, discharge, treatment, progress or condition of any individual, unless the individual concerned (or, in the case of a minor or incompetent, his guardian) shall request in writing that the same be disclosed publicly.

(4) Any collective bargaining agreement, or the terms and conditions which are proposed for inclusion in any collective bargaining agreement, including the negotiation of the terms and conditions thereof with employees or representatives of employees of the public body.

(5) Any matter involving the purchase, lease or acquisition of real property with public funds, the setting of banking rates or investment of public funds, where it could adversely affect the public interest if discussion of such matters were disclosed.

(6) Any tactics and techniques utilized in protecting the safety and property of the public, provided that their disclosure could impair such protection. Any investigations of violations or possible violations of the law.

(7) Any pending or anticipated litigation or contract negotiation other than in subsection b. (4) herein in which the public body is, or may become a party. Any matters falling within the attorney-client privilege, to the extent that confidentiality is required in order for the attorney to exercise his ethical duties as a lawyer.
(8) Any matter involving the employment, appointment, termination of employment, terms and conditions of employment, evaluation of the performance of, promotion or disciplining of any specific prospective public officer or employee or current public officer or employee employed or appointed by the public body, unless all the individual employees or appointees whose rights could be adversely affected request in writing that such matter or matters be discussed at a public meeting.

(9) Any deliberations of a public body occurring after a public hearing that may result in the imposition of a specific civil penalty upon the responding party or the suspension or loss of a license or permit belonging to the responding party as a result of an act or omission for which the responding party bears responsibility.

C. 10:4-13 Closed meetings; resolution to conduct.
8. No public body shall exclude the public from any meeting to discuss any matter described in subsection 7. b. until the public body shall first adopt a resolution, at a meeting to which the public shall be admitted:
   a. Stating the general nature of the subject to be discussed; and
   b. Stating as precisely as possible, the time when the circumstances under which the discussion conducted in closed session of the public body can be disclosed to the public.

C. 10:4-14 Minutes of meetings.
9. CHAPTER 248

AN ACT establishing a program of financial assistance for the preservation of threatened but still viable neighborhoods.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 52:27D-142 Short title.

1. This act shall be known and may be cited as the "Maintenance of Viable Neighborhoods Act."

C. 52:27D-143 Legislature's findings and declarations.

2. The Legislature hereby finds and declares that there are neighborhoods in this State which are beginning to decline but which can be rehabilitated and restored; that a large proportion of the State's housing stock is situated in these neighborhoods and is in danger of succumbing to dilapidation, deterioration or obsolescence; that blighting conditions have substantially reduced incentive for private reinvestment in these neighborhoods; that these neighborhoods will continue to decline unless the State provides financial and other assistance; that the restoration of these
neighborhoods is vital to reinvigorating the declining social, economic and physical environments of communities and to the health, safety, morals and general welfare of the citizens of those neighborhoods and communities and of the State.

The Legislature further finds and declares that rehabilitation and preservation of threatened but still viable neighborhoods to the maximum extent possible is best accomplished by the reconstruction, remodeling, improvement, restoration, or repair of residential housing to sound condition in conjunction with provision of expanded and improved community services and public improvements. Conservation of the State's housing stock in order to provide a decent home is a worthy goal, but unless the services and facilities which are necessary to a complete and continuing satisfactory living environment are also provided, slums, blight and deterioration will not be arrested and neighborhoods will continue to decline. Restoration and maintenance of viable neighborhoods will be attained only if the housing resources and community services and public improvements, principally those for persons and families of low and moderate income, are attended to and simultaneously provided.

C. 52:27D-144 Declaration of policy.
3. The Legislature hereby declares it to be the policy of the State to promote the health, safety, morals and welfare of the citizens thereof through the prevention and elimination of blighting influences and the restoration of neighborhoods threatened with or undergoing deterioration and decline. For this purpose, powers are granted by this act to the Department of Community Affairs to make grants to political subdivisions of the State so that they may undertake measures, including but not limited to housing rehabilitation, code enforcement, demolition, and the expansion and improvement of public services and public facilities, which will arrest the deterioration and preserve the threatened but still viable neighborhoods of the State. The enactment of the provisions hereinafter set forth is in the public interest and is hereby so declared to be such as a matter of express legislative determination.

4. The following terms whenever used or referred to in this act shall have the following meanings, unless a different meaning clearly appears from the context:
   a. "Commissioner" means the Commissioner of the Department of Community Affairs;
b. "Political subdivision" means any unit or agency of government deriving its authority directly or indirectly from the State of New Jersey.

C. 52:27D-146 Authorization to make grants; financing of activities to promote restoration and rehabilitation of certain neighborhoods.

5. The commissioner is authorized to make grants to political subdivisions to help finance activities, approved by the commissioner in accordance with this act, which will promote the restoration and rehabilitation of threatened but still viable neighborhoods. Activities to be assisted under this act may include but shall not be limited to:

b. Financial assistance in respect to rehabilitation of privately owned properties pursuant to "The Neighborhood Preservation Housing Rehabilitation Loan and Grant Act of 1975," now pending before the Legislature as Assembly Bill No. 3295;

c. Rehabilitation or clearance, demolition and removal of buildings and improvements where appropriate to the preservation of neighborhoods;

d. Provision of public services of a type or quality not otherwise available in areas where other activities assisted under this act are being carried out in a concentrated manner, if such services are determined to be necessary or appropriate to support such other activities;

e. Acquisition of real property or any interest therein which property exerts a blighting influence on a stable but threatened neighborhood or is appropriate for rehabilitation or conservation activities or is to be used for the provision of public works, facilities, improvements or recreational opportunities;

f. Acquisition, construction, reconstruction or installation of public works, facilities, and site or other improvements;

g. Disposition (through sale, lease, donation or otherwise) of any real property acquired pursuant to this act or its retention for public purposes;

h. Planning of neighborhood programs intended to be implemented by means eligible for a grant pursuant to this act; and

i. Administration of activities implementation of which is assisted, or is eligible for assistance, pursuant to this act.
All activities assisted under this act shall be implemented as otherwise provided by law.

C. 52:27D-147 Participation of citizens; hearings.

6. No grant may be made pursuant to this act unless the political subdivision provides satisfactory assurances that prior to submission of its application:
   a. Citizens of the neighborhoods to be affected by the program have been provided an adequate opportunity to participate in the development of the activities for which the grant is requested; and
   b. Public hearings have been held to obtain the views of citizens to be affected by the activities for which the grant is requested.

C. 52:27D-148 Review and evaluation of applications; priorities; approval.

7. The commissioner shall review and evaluate all applications submitted pursuant to this act and shall establish such priorities for making grants pursuant thereto as shall give due regard to maximizing the beneficial impact of the resources available pursuant to this act and other resources; provided that no such application shall be approved unless the commissioner finds that the neighborhood or neighborhoods in question are threatened but still viable.

C. 52:27D-149 Commissioner's powers.

8. The commissioner is hereby granted and may exercise the following powers:

force governing the various programs in operation as authorized by this act; and an estimate of planned expenditures as authorized by this act. This information shall be used to assist the Legislature in determining the amount of money to be appropriated to support programs operated under the authority of this act.

10. This act shall be construed liberally to effectuate the legislative intent and the purposes of this act, and all powers herein granted shall be broadly interpreted to effectuate such intent and purposes and not as a limitation of powers.

11. This act shall take effect immediately.

Approved October 30, 1975.

CHAPTER 249

AN ACT enabling municipalities and the Department of Community Affairs to make housing rehabilitation loans and grants for the purpose of preserving viable neighborhoods.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 52:27D-152 Short title.
1. This act shall be known and may be cited as "The Neighborhood Preservation Housing Rehabilitation Loan and Grant Act of 1975."

C. 52:27D-153 Legislature’s findings; declaration of policy.
2. The Legislature hereby finds and determines that there exists in many municipalities of this State areas which are in varying stages of decline, but which have not as yet reached the point of irreversible decline; that these areas are a matter of serious concern, and represent an expanding problem which threatens the public health, safety, morals and welfare; that the neglect of these areas at the present time will necessitate excessive and disproportionate expenditures of public funds for the reconstruction and revitalization of these areas at a future date; that to permit the continued decline of such areas into a state of decay would ignore the lessons of decades of urban renewal activities, would impair the
sound growth of our municipalities, would lay waste to essential housing resources and would result in an economic, environmental, and social liability which the State can no longer tolerate.

The Legislature further finds that these problems can best be addressed through the conjunctive and cooperative efforts of private enterprise, State Government, its political subdivisions, and other public, quasi-public, and nonprofit bodies acting pursuant to neighborhood preservation plans conceived and prepared in accordance with the purposes of this act and through its direction.

The Legislature further finds that the responsibilities of State and local governments with respect to the preservation of our municipalities and neighborhoods have been altered and magnified by actions of the Federal Government, which now permits states and localities to undertake directly a broader range of housing rehabilitation activities than previously possible under former Federal assistance programs; and that in order that the people of this State shall derive the maximum feasible benefit from this shift in Federal policy, it is necessary and appropriate to expand the power of municipal government and the administrative authority of the Department of Community Affairs.

The Legislature hereby declares it to be the policy of the State to promote the health, safety, and welfare of the citizens thereof through the preservation of existing neighborhoods and the maintenance of neighborhood viability. This policy is best effectuated by the reconstruction, remodeling, improvement, restoration, or repair of existing residential housing to sound condition. For this purpose, powers are hereby granted to municipalities and the Department of Community Affairs to offer financial assistance through loans or grants or both to agencies, public, quasi-public, or private nonprofit, which will finance rehabilitation of housing through a program of loans and grants in an area determined by the municipal governing body to be substandard, deteriorating, or in the process of falling into a cycle of disrepair. It is hereby declared that the undertaking of such housing rehabilitation is a public purpose for which monies may be expended, advanced, loaned or granted and the enactment of the provisions hereinafter set forth is in the public interest.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited and referred to as the "Soil Erosion and Sediment Control Act."

C. 4:24-40 Legislature's findings.
2. The Legislature finds that sediment is a source of pollution and that soil erosion continues to be a serious problem throughout the State, and that rapid shifts in land use from agricultural and rural to nonagricultural and urbanizing uses, construction of housing, industrial and commercial developments, and other land disturbing activities have accelerated the process of soil erosion and sediment deposition resulting in pollution of the waters of the State and damage to domestic, agricultural, industrial, recreational, fish and wildlife, and other resource uses. It is, therefore, declared to be the policy of the State to strengthen and extend the present erosion and sediment control activities and programs of this State for both rural and urban lands, and to establish and implement, through the State Soil Conservation Committee and the Soil Conservation Districts, in cooperation with the counties, the municipalities and the Department of Environmental Protection, a Statewide comprehensive and coordinated erosion and sediment control program to reduce the danger from storm water runoff, to retard nonpoint pollution from sediment and to conserve and protect the land, water, air, and other environmental resources of the State.

C. 4:24-41 Definitions.

g. "Project" means the disturbance of more than 5,000 square feet of the surface area of land for the accommodation of construction for which the Standard Building Code of the State of New Jersey would require a building permit, except that the construction of a single-family dwelling unit shall not be deemed a "project" under this act unless such unit is part of a proposed subdivision, site plan, special exception, zoning variance, planned unit development or building permit application involving two or more such single-family dwelling units.

h. "Sediment" means solid material, mineral or organic, that is in suspension, is being transported, or has been moved from its site of origin by air, water or gravity as a product of erosion.

land use, soils, slope, hydrology, geology, size of land area being disturbed, proximate water bodies and their characteristics.

b. Such standards shall include criteria, techniques and methods for the control of erosion and sedimentation resulting from land disturbing activities for various categories of soils, slopes and land uses.

C. 4:24-43 Application for development of project; certification of plan.

C. 4:24-44 Certification of plan; written notice.

C. 4:24-49 Issuance of certificate of occupancy for project.

11. No certificate of occupancy for a project shall be issued by a municipality unless there has been compliance with the provisions of a certified plan for permanent measures to control soil erosion and sedimentation.

C. 4:24-50 County planning board to act as agent for district; guidelines.

12. In those counties where the district does not maintain its central office, the board of freeholders may, by resolution, direct the county planning board to act as an agent of the district within that county and to administer the powers granted to the district pursuant to this act, until such time as a district is established within that county. CHAPTER 253

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P. L. 1974, c. 80 (C. 34:1B-2) is amended to read as follows:

C. 34:1B-2 Legislature's findings and determinations.

The Legislature hereby finds and determines that:

a. Department of Labor and Industry statistics of recent years indicate a continuing decline in manufacturing employment within the State which is a contributing factor to the drastic unemployment existing within the State, which far exceeds the national average, thus adversely affecting the economy of the State and the prosperity, safety, health and general welfare of its inhabitants and their standard of living; that there is an urgent need to protect and enhance the quality of the natural environment and to reduce, abate and prevent environmental pollution derived from the operation of industry, utilities and commerce within the State; and that the availability of financial assistance and suitable facilities are important inducements to new and varied employment promoting enterprises to locate in the State, to existing enterprises to remain and expand in the State, and to industry, utilities and commerce to reduce, abate and prevent environmental pollution.

b. The provision of buildings, structures and other facilities to increase opportunity for employment in manufacturing, industrial, commercial, recreational, retail and service enterprises in the State is in the public interest and it is a public purpose for the State to induce and to accelerate opportunity for employment in such enterprises.

c. In order to aid in supplying these needs and to assist in the immediate reduction of unemployment and to provide sufficient employment for the citizens of the State in the future, it is necessary and in the public interest to aid and encourage the immediate commencement of new construction projects of all types, to induce and facilitate the acquisition and installation at an accelerated rate
of such devices, equipment and facilities as may be required to reduce, abate and prevent environmental pollution by industry, utilities and commerce.

d. The availability of financial assistance by the State will reduce present unemployment and improve future employment opportunities by encouraging and inducing the undertaking of such construction projects, the location, retaining or expanding of employment promoting enterprises within the State, and the accelerated acquisition and installation of pollution control devices, equipment and facilities.

The Legislature further determines that in order to aid in remedying the aforesaid conditions and to further and implement the purposes of this act, that there shall be created a body politic and corporate having the powers, duties and functions provided in this act and that the authority and powers conferred under this act and the expenditure of moneys pursuant thereto constitutes a serving of a valid public purpose and that the enactment of the provisions hereinafter set forth is in the public interest and for the public benefit and good and is hereby so declared to be as a matter of express legislative determination.

If two-thirds of the full membership of the board, upon reconsideration of the measure, shall vote for it, the supervisor's veto shall be overridden and the ordinance shall become law without the supervisor's signature in accordance with the provisions of law.

CHAPTER 258

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 181 of P. L. 1948, c. 67 (C. 17:9A-181) is amended to read as follows:
C. 17:9A-181 Mortgage loans.

181. Mortgage loans.

A. 1. A savings bank may make or invest in mortgage loans in the manner and subject to the limitations prescribed by this section. For the purposes of this section, "mortgage loan" shall include every indebtedness secured by mortgage on real property, or on a lease of the fee of real property (in any case in which such lease is lawful security for such mortgage loan), except as otherwise provided by subsection Q of this section, and a savings bank shall be deemed to have made a mortgage loan when

(a) It lends or participates in lending money to a borrower upon the security of real property; or

(b) It acquires, by purchase or otherwise, a mortgage loan or any share or part of or interest in a mortgage loan which is not subordinate to any share or part thereof or interest therein held by any other person.

A savings bank may sell, assign or otherwise dispose of a share or part of or interest in a mortgage loan held by it to any other person.

A. 2. For all purposes of compliance with the applicable provisions and restrictions of subsections D, E, F and G of this section as to the percentage of the mortgage loan to the appraised value of the mortgaged property, and the term of and rate of amortization of such loan, the date of the acquisition by a savings bank of a mortgage loan or a share or part thereof or interest therein shall, as respects such savings bank, be deemed to be the date as of which the mortgage loan was made and the unpaid amount of the principal then due shall be deemed to be the amount of such mortgage loan.

B. No savings bank shall make a mortgage loan at any time when the total cost of acquisition by the savings bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the savings bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceeds, or by the making of such loan will exceed, 80% of its deposits. For the purposes of this subsection, principal balances owing on mortgage loans made pursuant to subsection Q (1) of this section shall, only to the extent of the unguaranteed portion of such balances, and loans made pursuant to subsection Q (2) of this section shall, only to the extent of 50% of such balances, be included in the total of all principal balances owing to the savings bank on mortgage loans; and for the purposes
of this subsection, principal balances owing on mortgage loans made by the use of funds received by the bank pursuant to the provisions of the "New Jersey Mortgage Finance Agency Law," (P. L. 1970, c. 38, C. 17:1B-4 et seq.), shall, only to the extent of 50% of such balances, be included in the total of all principal balances, owing to the savings bank on mortgage loans.

C. Every mortgage loan shall be evidenced by a note or bond, and shall be secured by a mortgage on the fee of real property located within this State, or, if outside this State, upon the fee of real property located within 50 miles of the border of this State. Every mortgage shall be certified to be a first lien by an attorney at law of the state in which the real property is located, or certified or guaranteed to be a first lien by a corporation authorized to guarantee titles to land in such state. For the purposes of this section, a mortgage shall be deemed to be a first lien, notwithstanding the existence of a prior mortgage or mortgages held by the savings bank, or a lien for current taxes or assessments not due or payable at the time the loan is made, and notwithstanding the existence of leases, building restrictions, easements, encroachments, or covenants which, in the opinion of an officer of the savings bank designated for that purpose by the board of managers, do not materially lessen the value of the real property to be mortgaged.

D. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is one or more one-family dwellings including appropriate garages or other outbuildings, if any, or upon which such dwelling or dwellings, garages or outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed (a) 75% of the appraised value of the real property, or 2% of the deposits of the savings bank, whichever is lesser; or (b) 80% of the appraised value of the real property, or $35,000.00, whichever is lesser; or (c) 90% of the appraised value of the real property, or $25,000.00, whichever is lesser, provided that the dwelling or dwellings are not more than 10 years old.

E. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is one or more two-, three-, or four-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling or dwellings and appropriate garages or other outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed 80% of the first $30,000.00 of the appraised
value of the real property, plus 50% of the excess, if any, of such appraised value over $30,000.00.

F. The instrument evidencing a mortgage loan made pursuant to either subsection D or subsection E of this section shall require that

(1) interest shall be paid on such loan monthly, and that equal monthly payments be made in reduction of such loan of an annual rate equal to at least 3½% of the original amount of such loan; or

(2) that a constant sum be paid monthly in an amount sufficient for current interest and for the payment of the loan in full in not more than 40 years and 1 month from the making of such loan.

G. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a building or buildings other than dwellings of the nature described in subsections D and E of this section, or upon which such other buildings are in the course of construction or are to be constructed, or when such land is paved for parking lot purposes, the amount of the mortgage loan shall not exceed 75% of appraised value of such real property. The instrument evidencing a mortgage loan made pursuant to this subsection shall require that the loan be repaid in full in not more than 25 years and 1 month from the date it is made; and (a) if the amount of such loan, when made, exceeds 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 1% of the original amount of such loan; or (b) if the amount of such loan, when made, does not exceed 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least ½% of the original amount of such loan. When, however, the amount of such loan does not, when made, exceed 50% of the appraised value of such real property, and the instrument evidencing such loan requires that it be paid in full in not more than 5 years and 1 month from the date it is made, the instrument need not require that any payment be made in reduction of such loan prior to its maturity date. Notwithstanding the limitations prescribed by subsections D and E and hereinabove in this section, a savings bank may make a mortgage loan secured by a lot of land or two or more lots of land, contiguous or not, upon each of which there is a building or buildings, or upon each of which a building or buildings are in the course of construction or are to be constructed. The limitations of this section governing the term of the loan, rate of amortization, and the percentage of the mortgage loan to the appraised value of each type
of building, including land, shall apply. No loan shall be made under subsections D, E, F or G hereof to any one person or on any one property if the loan shall exceed 15% of the surplus and reserves of the savings bank, or $50,000.00, whichever is greater.

H. When the real property offered as security for a mortgage loan is of the nature described in subsection D or E of this section, and the amount of the loan does not exceed 66⅔% of the appraised value of such real property, the instrument evidencing such loan shall be sufficient if it conforms to the requirements of either subsection F or subsection G of this section.

I. A mortgage loan may be made for the purpose of enabling a borrower to construct a building or buildings upon real property owned by him, and, in such a case, the appraised value of the real property shall include the value of the building or buildings to be constructed, but at no time shall a greater sum be advanced on account of such loan than, in the opinion of (1) the appraisers hereinafter provided for, or (2) one of such appraisers and an officer of the savings bank designated for that purpose by the board of managers, is warranted by the state of completion of the buildings in process of construction. For the purposes of compliance with the applicable requirements of subsection F or G of this section as to the term of and the rate of amortization of a loan made pursuant to this section, such loans shall be deemed to have been made when the final advance shall be made to the borrower on such loan, or 18 months from the date of the mortgage securing such loan, whichever is earlier.

J. When the real property offered as security for a mortgage loan consists of unimproved land, and the proceeds of such loan are not to be used to construct a building on such land, the amount of such loan shall not exceed 40% of the appraised value of such real property. When the real property offered as security for a mortgage loan consists of unimproved land, and the proceeds of such loan are to be used for improvements to the land, the amount of such loan shall not exceed 75% of the appraised value of such real property. The instrument evidencing a loan made pursuant to this subsection shall require that such loan be paid in full in not more than 10 years and 1 month from the date it is made. No loan made pursuant to this subsection shall exceed $10,000.00, or ¼ of 1% of the deposits of the savings bank, whichever is greater; nor shall any loan be made at any time when the total of all such loans exceeds, or if the making of such loan would cause such total to exceed 1% of the deposits of the savings bank.
K. No mortgage loan shall be made except upon a written certification signed by at least two persons, each of whom shall be either a manager of the bank or an appraiser appointed by its board of managers. In the case of a mortgage loan secured by a mortgage upon real property, such certification shall state the opinion of such persons as to the value of the land and the improvements thereon or to be erected thereon and the character of such improvements. In the case of a mortgage loan secured by a mortgage upon a lease of the fee of real property, such certification shall state the opinion of such persons as to the value of the leasehold interest to be subject to the mortgage, including the leasehold interest in the improvements erected or to be erected upon the leased property and the character of such improvements. Such certification shall be filed with the records of the bank, and shall be preserved until the savings bank has no interest, as mortgagee or otherwise, in the real property.

L. Purchase money mortgage loans made by a savings bank on the sale of real property owned by it shall not be subject to the preceding subsections or to subsection P of this section, except that such loans shall be included in determining whether the total amount of mortgage loans held by a savings bank exceeds 80% of its deposits.

M. No savings bank shall make a mortgage loan secured by a mortgage upon a lease of the fee of real property unless

1) the leased property is located within this State or, if outside this State, the leased property is located within 50 miles of the border of this State;

2) the leased property shall consist of improved real property, including farm lands, or unimproved real property if the proceeds of such loan shall be used for the purpose of erecting improvements thereon;

3) the mortgage securing such loan shall constitute a first lien on a lease of the fee of real property, which fee is not subject to any prior lien; the fee shall be deemed not subject to any prior lien notwithstanding the existence of liens of taxes which are not delinquent, building restrictions or other restrictive covenants or conditions, joint driveways, sewer rights, rights in walls, rights-of-way or other easements, or encroachments, which the persons signing the certificate provided for in subsection K of this section report in their opinion do not materially affect the security for the mortgage loan. Every mortgage shall be certified to be such a first lien by an attorney at law of the state in which the real property is
located, or certified or guaranteed to be such a first lien by a corporation authorized to guarantee titles to land in such state;

(4) such loan shall not exceed 66\% of the appraised value of the leasehold interest subject to the mortgage, including the leasehold interest in the improvements erected upon the mortgaged property, or to be erected thereon wholly or partly with the proceeds of the mortgage loan; and

(5) the instrument evidencing the loan shall require that payment be made on account of the principal amount of such loan at an annual rate sufficient to repay such loan not later than 1 year prior to the expiration of the lease.

N. The instrument evidencing a mortgage loan may be in such form, and may contain such provisions, not inconsistent with law, as the savings bank may choose to insert for the protection of its lien and the preservation of its interest in the real property mortgaged to it.

O. Notwithstanding the limitations prescribed by the preceding subsections or by subsection P of this section, a savings bank may

(1) for the purposes of preventing or mitigating loss, or of preserving the lien of its mortgage, or of conserving the value of the real property affected by its mortgage, (a) extend the time for the payment of principal or interest, (b) modify or waive any of the terms or conditions of the instrument evidencing a mortgage loan, (c) settle or compromise all or part of the amount due or to grow due on a mortgage loan, (d) sell or assign the mortgage loan, or a share or part thereof or interest therein, for such consideration as it shall deem proper, and (e) advance funds for the payment of any tax, lien, charge or claim whatsoever; and

(2) make a loan in addition to an existing mortgage loan or loans held by it, upon the security of the same real property and secured by the existing mortgage or mortgages, in an amount not to exceed the difference between the balance due on the existing mortgage or mortgages and the original amount thereof, or the sum of $10,000.00, whichever is less; provided, however, that no such additional loan shall be made which shall increase the total amount due upon such mortgages over the amount which could be loaned upon the security of such real property. Such additional loan shall be repaid in equal monthly installments, beginning within 1 year from the date of such loan, with the payments adjusted so that the additional loan shall be repaid in full either before or at the maturity of the existing mortgage. If the unexpired term of such mortgage or mortgages shall have been reduced to 10 years or less
such term may be extended for an additional period of not more than 10 years. Adjustment of payments and extension of mortgage terms pursuant to this section shall comply with the provisions of subsection F, G or H of this section. If so provided in the original mortgage or a supplement or amendment thereto, persons who acquire any rights in or liens upon the mortgaged real property subsequent to the recording of the original mortgage or such supplement or amendment, as the case may be, shall hold such rights and liens subject to the prior lien of the original mortgage and such supplement or amendment, if any, as security for such additional loan; and in such case, no title certificate or insurance under subsection C of this section shall be required with respect to such additional loan.

P. Except as otherwise provided by this section, no savings bank shall make a mortgage loan if the making of such loan would cause the total of all unpaid balances of such loans held by the savings bank upon the security of the same real property or leasehold, to exceed the limitations imposed by this section upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.

Q. A savings bank may invest in

(1) (a) veterans’ loans, wherever located, made pursuant to Title III of the Act of Congress of June 22, 1944, known as the “Servicemen’s Readjustment Act of 1944,” as amended, supplemented, revised, or recodified from time to time, which the Administrator of Veterans’ Affairs or other officer or agency which succeeds to his powers and functions under said act has insured or guaranteed or has made a commitment to insure or guarantee, to the extent and in the manner provided in said act or the regulations made thereunder; and

(b) veterans’ loans, wherever located, made and insured or guaranteed in part as provided in paragraph (1) (a) of this subsection of this section, and, as to the balance thereof, insured or guaranteed by an insurer or guarantor named or described in paragraph (2) of this subsection of this section.

(c) the provisions and restrictions contained in this section, except those relating to the percentage of the mortgage loan to the appraised value of the real property, the location of the real property, the term of the loan and the rate of amortization, shall apply to investments made pursuant to paragraph (1) of this subsection of this section, provided however that said loans and investments shall not be subject to the provisions of any law of this State pre-
scribed or limiting the interest which may be taken upon such loans or investments.

(2) (a) mortgages or deeds of trust or other securities of the character of mortgages which are first liens on the fee of real property or a lease of the fee of real property, wherever located, which (i) the United States, or (ii) the Federal Housing Commissioner under the Act of Congress of June 27, 1934, known as the “National Housing Act,” as amended, supplemented, revised or recodified from time to time, or other officer or agency which succeeds to his powers and functions, or (iii) the State of New Jersey or an officer or agency thereof, or (iv) any other officer or agency of the United States or of this State which the commissioner shall have approved for the purposes of this section as an insurer or guarantor, has fully insured or guaranteed or made a commitment to fully insure or guarantee.

(b) mortgages or deeds of trust or other securities made pursuant to paragraph 2 (a) of this subsection of this section shall not be subject to the provisions and restrictions of this section, except that they shall be included in determining whether total mortgage investments are within the limitation prescribed by subsection B of this section, provided, however, that said mortgages or deeds of trust or other securities shall be not subject to the provisions of any law of this State prescribing or limiting the interest which may be taken upon such loans or investments.

R. The commissioner may, from time to time, with the concurrence of the banking advisory board, make, alter and rescind regulations:

(1) authorizing savings banks to make mortgage loans or specified types or classes of mortgage loans (a) which exceed the specified percentages of the appraised value of the mortgaged property; (b) which mature later than the specified periods from their date; (c) which require smaller annual payments on account of the principal amounts thereof than those specified in this section; and (d) which provide for equal monthly payments each applicable to principal and interest in amounts sufficient to pay current interest on and to repay the amount of the loan in such number of years more than 40, but not more than 45, as the regulation may specify;

(2) increasing the percentage of deposits of savings banks which savings banks may invest in mortgage loans;

(3) increasing the percentage of principal balances owing on mortgage loans referred to in subsection Q, which shall not be
included in the total of all principal balances owing on mortgage loans for the purpose of subsection B, or

(4) eliminating entirely the principal balances owing on such mortgage loans from such total of all principal balances.

2. This act shall take effect immediately.

Approved December 10, 1975.

CHAPTER 259

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 69 of P. L. 1948, c. 67 (C. 17:9A-69) is amended to read as follows:

C. 17:9A-69 Limitations on mortgage loans.

69. Limitations on mortgage loans.

A. No bank shall make a mortgage loan when the total cost of acquisition by the bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of a paragraph (5) of section 24, and the total of all principal balances owing to the bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceed, or by the making of such loan will exceed, an amount established by the Commissioner of Banking, pursuant to rule or regulation, which amount shall not be less than 70% nor exceed 80% of the time deposits of the bank or 100% of the aggregate of its capital funds, whichever is the greater. For the purposes of this subsection, principal balances owing to the bank on mortgage loans which are subject to the provisions of subsection A of section 68, other than mortgage loans upon one-family, two-family, three-family and four-family dwellings, the payment of which is fully insured by the Federal Housing Commissioner, shall only to the extent of 662/3% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans, and principal balances owing
to the bank on mortgage loans made by the use of funds received by the bank pursuant to the provisions of the "New Jersey Mortgage Finance Agency Law," (P. L. 1970, c. 38, C. 17:1B-4 et seq.), and principal balances owing to the bank on mortgage loans upon one-family, two-family, three-family and four-family dwellings the payment of which is fully insured by the Federal Housing Commissioner shall, only to the extent of 50% of such balances owing to the bank, be included in the total of all principal balances owing to the bank on mortgage loans. This subsection shall not, however, prevent the renewal or extension of the time for payment of a mortgage loan for the amount due thereon at the time of such renewal or extension.

B. Except as in this article otherwise provided, no bank shall, as sole lender or as a co-lender, make a loan secured by mortgage on real property or by mortgage on a lease of the fee of real property, nor shall any bank purchase the entire interest or a part interest in any such mortgage, if the making of such loan or the purchase of such interest would cause the total of all unpaid balances secured by a mortgage or mortgages held by the bank as sole owner or as co-owner upon such real property or such leasehold, to exceed the limitations imposed by this article upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.

C. The granting of mortgage loans to any person shall be without regard to race, creed, color, national origin or ancestry. The granting of such loans shall be without discrimination of any nature including, but not limited to, interest rates, terms and duration, because of race, creed, color, national origin or ancestry.

D. When a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing one or more industrial or commercial buildings on the mortgaged property, and such loan has a maturity of not more than 18 months, and a financially responsible lender has entered into a valid and binding agreement to repay to the bank the full amount of the bank's loan upon the completion of such industrial or commercial building or buildings; or when a bank makes a mortgage loan the proceeds of which are to be used to pay, in whole or in part, the cost of constructing a farm or residential building on the mortgaged property, and such loan has a maturity of not more than 18 months, the bank may, at its option to be exercised from time to time, treat any such loan either as a mortgage loan for all purposes of this article, or as an unsecured commercial loan.
bank elects to treat any such loan as an unsecured commercial loan, the loan shall be subject to all limitations and requirements applicable to unsecured commercial loans otherwise made, and the principal balance owing to the bank on any such loan shall not be included in the total of all principal balances owing to the bank on mortgage loans for the purpose of determining the limitations imposed by subsection A of this section. No bank shall treat any such loan as a commercial loan as in this subsection provided at any time when the principal balances owing to the bank on all such loans so treated exceed 100% of the bank’s capital funds, or if the making of any such loan so treated would cause the principal balances owing to the bank on all such loans so treated to exceed 100% of the bank’s capital funds.

E. For the purposes of this section, “capital funds” of a bank means the aggregate of the unimpaired capital stock, surplus and undivided profits of the bank.

2. This act shall take effect immediately.

Approved December 10, 1975.

CHAPTER 260

A voter who votes in a primary election of a political party or who signs and files with the municipal clerk or the county board of elections a declaration that he desires to vote in the primary election of a political party shall be deemed to be a member of that party until he signs and files a declaration that he desires to vote in the primary election of another political party at which time he shall be deemed to be a member of such other political party.
No voter, except a newly registered voter at the first primary at which he is eligible to vote, may vote in a primary election of a political party unless he was deemed to be a member of that party on the fiftieth day next preceding such primary election.

A member of the county committee of a political party and a public official or public employee holding any office or public employment to which he has been elected or appointed as a member of a political party shall be deemed a member of such political party.

The name of each person summoned and returned by a sheriff or other proper officer as a petit juror shall be written or printed on separate pieces of paper of as nearly as possible uniform size, color and shape. An Act to amend the title of "An act authorizing the Commissioner of Transportation to establish a program to provide motor bus transportation services to senior citizens at reduced fares, and making an appropriation therefor," approved May 10, 1973 (P. L. 1973, c. 126), so that the same shall read "An act authorizing the Commissioner of Transportation to establish a program to provide intrastate and interstate motor bus and rail transportation services to senior citizens and handicapped citizens at reduced fares, and making an appropriation therefor," and to amend the body of said act.

WHEREAS, The Legislature has found that it is a valid public purpose and in the best interest of the people of the State to provide for reduced bus fares for senior citizens at State expense; and

WHEREAS, Pursuant to P. L. 1973, c. 126, the Commissioner of Transportation established a program for State subsidization of half-fares for senior citizen rides on intrastate regular route motor bus passenger service during off-peak hours; and

WHEREAS, Section 103(a) of the National Mass Transportation Assistance Act of 1974 (Public Law 93-503) requires that before approving any operating assistance grants the Secretary of Transportation must be assured that any carrier, whose services are to be assisted by Federal funds, directly or indirectly, will not charge fares to elderly persons and handicapped persons during nonpeak hours which would exceed one-half of the regular adult fare; and

WHEREAS, It is necessary to amend the present senior citizen legislation by providing for reduced fares for the handicapped, as well as the elderly, on interstate, as well as intrastate, for rail, as well as motor bus, passenger service in order to ensure that the State will qualify for operating assistance under the National Mass Transportation Assistance Act of 1974; now, therefore,
1. Section 1 of P. L. 1973, c. 126 (C. 27:1A-64) is amended to read as follows:

C. 27:1A-64 Legislature's findings.
   1. The Legislature hereby finds and declares that:
      a. Many senior citizens and handicapped citizens of this State must depend on public transportation facilities to obtain the necessities of life, such as food, clothing and medical services, and to visit their families and friends; ready access to transportation services is thus essential to their health, safety and welfare.
      b. Many senior citizens and handicapped citizens live on fixed or limited incomes, and the high cost of transportation services thus makes it difficult for them to take advantage of such services.
      c. The need for transportation services for senior citizens and handicapped citizens can largely be satisfied by providing reduced fare service during offpeak times, when many public transportation services are operating below capacity.
      d. A reduced fare program for senior citizens and handicapped citizens will increase riding during offpeak times, thus helping to insure the continued viability of regular public transportation service during those hours.
      e. It is therefore a valid public purpose, and in the best interest of all the people of this State, to provide for reduced bus and rail fares for senior citizens and handicapped citizens at State expense.

2. Section 2 of P. L. 1973, c. 126 (C. 27:1A-65) is amended to read as follows:

C. 27:1A-65 Definitions.
   2. For the purposes of this act, unless the context clearly indicates otherwise:
      a. "Commissioner" means the Commissioner of Transportation; provided, however, that he may delegate any of his powers or duties under this act to any subordinate division, agency or employee of the Department of Transportation.
      b. "Carrier" means any individual, copartnership, association, corporation, joint stock company, public agency, trustee or receiver operating motor buses or rail passenger service on established routes within this State or between points in this State and points in adjacent states.
      c. "Motor bus" means "autobus" as defined in R. S. 48:4-1, and includes those autobuses, commonly called jitneys, as defined in R. S. 48:16-23.
d. "Offpeak times" means the hours from 9:30 a.m. to 4 p.m. and from 7 p.m. to 6 a.m. during the weekdays, and all day on Saturdays, Sundays and holidays.

e. "Senior citizen" means any individual 62 years of age or over.

f. "Handicapped citizen" means any individual who, by reason of illness, injury, age, congenital malfunction, or other permanent or temporary incapacity or disability, is unable without special facilities or special planning or design to utilize mass transportation facilities and services as effectively as persons who are not so affected.

3. Section 3 of P. L. 1973, c. 126 (C. 27:IA-66) is amended to read as follows:

C. 27:IA-66 Bus and rail passenger service for senior and handicapped citizens during offpeak times; reduced rates; implementation of program.

3. The Commissioner of Transportation is hereby authorized and directed to establish and implement within 120 days of the effective date of this amendatory act a program to provide motor bus and rail passenger service for senior citizens and handicapped citizens during offpeak times on regular routes of carriers within the State or between points in this State and points in adjacent states at one-half of the regular adult rates of fare as set forth in the tariffs of carriers filed with the Interstate Commerce Commission, Board of Public Utility Commissioners or the Commuter Operating Agency. AN ACT pertaining to educational loans made by banking institutions and supplementing "The Banking Act of 1948," approved April 29, 1948 (P. L. 1948, c. 67).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 17:9A-53.2 Definitions.
1. As used in this act:
   a. "Banking institution" includes State-chartered banks, Federally-chartered banks, and mutual savings banks;
   b. "Educational loan" means a loan which is represented by the borrower to the banking institution to be made for either or both the following purposes: (1) defraying the cost of attendance at a college or university of one or more students; and (2) defraying the cost of attendance of one or more pupils at an elementary or secondary school. An educational loan may consist of a single advance or of two or more advances made pursuant to an agreement governing, or a commitment to make, such loan;
   c. "College or university" includes, but is not limited to, any qualified institution of collegiate grade, located in this State or elsewhere which is approved by any regional accrediting association recognized by the National Commission on Accrediting, or approved by the Board of Higher Education of New Jersey; and also includes any "other eligible institution," and "any post-secondary nondegree institution of higher education" as defined in the "Higher Education Assistance Authority Law," chapter 72 of Title 18A of the New Jersey Statutes.

C. 17:9A-53.3 Educational loans.
2. In addition to such other loans which banking institutions are authorized by law to make, such institutions may make educational loans upon the terms and conditions prescribed by this act.

3. A banking institution may make educational loans and may charge and collect interest thereon at a rate not in excess of 1% per month on the first $10,000.00 of the principal sum owing on all such loans for the payment of which a person is liable to the banking institution in any capacity, and ¼ of 1% on the excess over $10,000.00 owing on all such loans for the payment of which a
person is so liable to the banking institution. Interest shall be calculated according to the actuarial method, pursuant to which payments made on the loan are applied first to accumulated interest on the principal amount of the loan and the remainder applied to the unpaid principal balance of the loan in reduction thereof. All payments shall be applied no later than the next day, other than a Sunday or a public holiday, after the date of receipt, and a day shall be counted as one-three hundred sixty-fifth of a year.

C. 17:9A-53.5 Limitations on amount of educational loans.
4. No banking institution shall make an educational loan or an advance on an educational loan for the payment of which any person shall be liable to the banking institution in any capacity, if the amount of such loan or advance, and the amounts owing on all other educational loans for the payment of which such person is so liable to such banking institution, will, in the aggregate exceed $20,000.00; provided that not more than $7,500.00 shall be advanced on any educational loan in any 12-month period.

C. 17:9A-53.6 Limitation on duration of educational loan.
5. No banking institution shall make an educational loan, or an advance on an educational loan which is disbursed in more than one advance, which is repayable in more than 7 years. For the purposes of this section an educational loan shall be deemed to be made each time an advance is made thereon.

C. 17:9A-53.7 Security; endorsers or guarantors of loan.
6. No security shall be taken for an educational loan, but this prohibition shall not preclude a banking institution from requiring one or more endorsers or guarantors of such loan.

C. 17:9A-53.8 Disbursement.
7. When pursuant to an agreement between a banking institution and a borrower, an educational loan will be disbursed in more than one advance, the principal amount immediately following an advance shall be the amount owing on such loan immediately before such advance is made, plus the principal amount of the advance then being made.

C. 17:9A-53.9 Terms and conditions of repayment.
8. Educational loans shall be repaid in such manner and shall be subject to such terms and conditions not inconsistent with this act as the parties thereto may agree upon; except that no banking institution shall make any further interest or charge or demand in connection with such loan, other than those expressly authorized by
subsections A (3) and B (3) of section 55 of P. L. 1948, c. 67 (C. 17:9A-55).

C. 17:9A-53.10 Insurance.

9. When a person liable for the payment of an educational loan consents in writing thereto, the banking institution may obtain or provide either or both credit life insurance and credit health insurance on such person, pursuant to chapter 29 of subtitle 3 of Title 17B of the New Jersey Statutes, and may deduct and retain from the proceeds of such loan an amount equal to the premium lawfully charged by the insurer issuing such insurance. If there is more than one person who is liable for the payment of such loan, insurance may be obtained as herein authorized only upon one of such persons. Nothing in any law of this State shall prohibit a banking institution or any employee thereof from collecting the premium or identifiable charge for such insurance, or prevent a banking institution from receiving or retaining any dividend or other gain or advantage resulting from such insurance.

C. 17:9A-53.11 Loans or extension of credit not subject to act.

10. Nothing in this act shall be construed to apply to any loan or extension of credit which a banking institution may make pursuant to any other law of this State or any regulation promulgated pursuant to such law, nor shall this act be construed as prescribing an exclusive method for the making of loans for educational purposes.

11. This act shall take effect immediately.

Approved January 12, 1976.

C. 40:55D-21 Tolling of running of period of approval.
12. Tolling of running of period of approval. In the event that,
during the period of approval heretofore or hereafter granted to
an application for development, the developer is barred or pre-
vented, directly or indirectly, from proceeding with the develop-
ment otherwise permitted under such approval by a legal action
instituted by any State agency, political subdivision or other party
to protect the public health and welfare or by a directive or order

proval of such governmental agency; provided that the municipal­
ity shall make a decision on any application for development within

C. 40:55D-23 Planning board membership.
14. Planning board membership. a. The governing body may,
by ordinance, create a planning board of seven or nine members.
The membership shall consist of, for convenience in designating
the manner of appointment, the four following classes:
Class I—the mayor or, in the case of the council-manager form
of government pursuant to the "Optional Municipal Charter Law,"
CHAPTER 291, LAWS OF 1975

P. L. 1950, c. 210 (C. 40:69A-1 et seq.) or "The Municipal Manager Form of Government Law" (Subtitle 5 of Title 40 of the Revised Statutes), the manager, if so provided by the aforesaid ordinance.

Class II—one of the officials of the municipality other than a member of the governing body, to be appointed by the mayor; provided that if there be an environmental commission, the member of the environmental commission who is also a member of the planning board as required by section 1 of P. L. 1968, c. 245 (C. 40:56A-1), shall be deemed to be the Class II planning board member for purposes of this act in the event that there be among the Class IV member of the planning board both a member of the zoning board of adjustment and a member of the board of education.

Class III—a member of the governing body to be appointed by it, except that no member for Class III shall be appointed to the planning board if the governing body consists of only three members.

Class IV—other citizens of the municipality, to be appointed by the mayor or, in the case of the council-manager form of government pursuant to the "Optional Municipal Charter Law," P. L. 1950, c. 210 (C. 40:69A-1 et seq.) or "The Municipal Manager Form of Government Law" (Subtitle 5 of Title 40 of the Revised Statutes), by the council, if so provided by the aforesaid ordinance.

The members of Class IV shall hold no other municipal office, except that in the case of nine-member boards, one such member may be a member of the zoning board of adjustment. No member of the board of education may be a Class IV member of the planning board, except that in the case of a nine-member board, one Class IV member may be a member of the board of education. If there be a municipal environmental commission, the member of the environmental commission who is also a member of the planning board, as required by section 1 of P. L. 1968, c. 245 (C. 40:56A-1), shall be a Class IV planning board member, unless there be among the Class IV members of the planning board both a member of the zoning board of adjustment and a member of the board of education, in which case the member common to the planning board and municipal environmental commission shall be deemed a Class II member of the planning board.

b. The term of the member composing Class I shall correspond to his official tenure. The terms of the members composing Class
II and Class III shall be for 1 year or terminate at the completion of their respective terms of office, whichever occurs first except for a Class II member who is also a member of the environmental commission. The term of a Class II or Class IV member who is also a member of the environmental commission shall be for 3 years or terminate at the completion of his term of office as a member of the environmental commission, whichever occurs first. The term of a Class IV member who is also a member of the board of adjustment, or board of education shall terminate whenever he is no longer a member of such other body or at the completion of his Class IV term, whichever occurs first. The terms of all Class IV members first appointed under this act shall be so determined that to the greatest practicable extent the expiration of such terms shall be distributed evenly over the first 4 years after their appointment; provided that the initial Class IV term of no member shall exceed 4 years. Thereafter, the Class IV term of each such member shall be 4 years. If a vacancy in any class shall occur otherwise than by expiration of the planning board term, it shall be filled by appointment, as above provided, for the unexpired term. No member of the planning board shall be permitted to act on any matter in which he has, either directly or indirectly, any personal or financial interest. Any member other than a Class I member, after a public hearing if he requests one, may be removed by the governing body for cause.

c. When any hearing before a planning board shall carry over two or more meetings, a member of the board who was absent for one or more of the meetings, shall be eligible to vote on the matter upon which the hearing was conducted, notwithstanding his absence from one or more of the meetings; provided, however, that such board member has available to him a transcript or recording of the meeting from which he was absent, and certifies in writing to the board that he has read such transcript or listened to such recording.

Prior to the adoption of a development regulation, revision, or amendment thereto, the planning board shall make and transmit to the governing body, within 35 days after referral a report including recommendations concerning the proposed development regulation, revision or amendment. The governing body, when considering the adoption of a development regulation, revision or amendment thereto, shall review the report of the planning board and may disapprove or change any recommendation by a vote of majority of its full authorized membership and shall record in its minutes the reasons for not following
such recommendations. Failure of the planning board to transmit its report within the 35-day period provided herein shall relieve the governing body from the requirements of this subsection in regard to the proposed development regulation, revision or amendment thereto referred to the planning board.

b. The governing body may by ordinance provide for the reference of any matter or class of matters to the planning board before final action thereon by a municipal body or municipal officer having final authority thereon. Such reference shall not extend the time for action by the referring body, whether or not the planning board has submitted its report. Whenever the planning board shall have made a recommendation regarding a matter authorized by this act to another municipal body, such recommendation may be rejected only by a majority of the full authorized membership of such other body.

Such person or persons shall serve at the pleasure of the mayor.

b. Whenever the environmental commission has prepared and submitted to the planning board an index of the natural resources of the municipality, the planning board shall make available to the environmental commission an informational copy of every application for development submitted to the planning board. CAPITAL IMPROVEMENTS PROGRAM AND PROJECT REVIEW

C. 40:55D-29 Preparation of capital improvement program.
20. Preparation of capital improvement program. a. The governing body may authorize the planning board from time to time to prepare a program of municipal capital improvement projects projected over a term of at least 6 years, and amendments thereto. Such program may encompass major projects being currently undertaken or future projects to be undertaken, with Federal, State, county and other public funds or under Federal, State or county supervision. The first year of such program shall, upon adoption by the governing body, constitute the capital budget of the municipality as required by N. J. S. 40A:4-43 et seq. The program shall classify projects in regard to the urgency and need for realization, and shall recommend a time sequence for their implementation. The program may also contain the estimated cost of each project and indicate probable operating and maintenance costs and probable revenues, if any, as well as existing sources of funds or the need for additional sources of funds for the implementation and operation of each project. The program shall, as far as possible, be based on existing information in the possession of the departments and agencies of the municipality and shall take into account public facility needs indicated by the prospective
development shown in the master plan of the municipality or as permitted by other municipal land use controls.

In preparing the program, the planning board shall confer, in a manner deemed appropriate by the board, with the mayor, the chief fiscal officer, other municipal officials and agencies, and the school board or boards.

Any such program shall include an estimate of the displacement of persons and establishments caused by each recommended project.

b. In addition to any of the requirements in subsection a. of this section, whenever the planning board is authorized and directed to prepare a capital improvements program, every municipal department, authority or agency shall, upon request of the planning board, transmit to said board a statement of all capital projects proposed to be undertaken by such municipal department, authority or agency, during the term of the program, for study, advice and recommendation by the planning board.

THE OFFICIAL MAP

C. 40:55D-32 Establish an official map.
23. Establish an official map. The governing body may by ordinance adopt or amend an official map of the municipality, which shall reflect the appropriate provisions of any municipal master plan; provided that the governing body may adopt an official map or an amendment or revision thereto which, in whole or in part, is inconsistent with the appropriate designations in the subplan elements of the master plan, but only by the affirmative vote of a majority of its full authorized membership with the reasons for so acting recorded in the minutes when adopting the official map. Prior to the hearing on the adoption of any official map or any amendment thereto, the governing body shall refer the proposed official map or amendment to the planning board pursuant to subsection 17 a. of this act.

The official map shall be deemed conclusive with respect to the location and width of streets and public drainage ways and the location and extent of flood control basins and public areas, whether or not such streets, ways, basins or areas are improved or unimproved or are in actual physical existence. Upon receiving an application for development, the municipality may reserve for future public use, the aforesaid streets, ways, basins, and areas in the manner provided in section 32.

C. 40:55D-33 Change or addition to map.
24. Change or addition to map. The approval by the municipality by ordinance under the provisions of any law other than as contained in this article of the layout, widening, changing the course of or closing of any street, or the widening or changing the course of any public drainage way or changing the boundaries of a flood control basin or public area, shall be subject to relevant provisions of this act.

C. 40:55D-34 Issuance of permits for buildings or structures.
25. Issuance of permits for buildings or structures. For purpose of preserving the integrity of the official map of a municipality no permit shall be issued for any building or structure in the bed
on any street or public drainage way, flood control basin or public area reserved pursuant to section 23 hereof as shown on the official map, or shown on a plat filed pursuant to this act before adoption of the official map, except as herein provided. Whenever one or more parcels of land, upon which is located the bed of such a mapped street or public drainage way, flood control basin or public area reserved pursuant to section 23 hereof, cannot yield a reasonable return to the owner unless a building permit is granted, the board of adjustment, in any municipality which has established such a board, may, in a specific case, by an affirmative vote of a majority of the full authorized membership of the board, direct the issuance of a permit for a building or structure in the bed of such mapped street or public drainage way or flood control basin or public area reserved pursuant to section 23 hereof, which will as little as practicable increase the cost of opening such street, or tend to cause a minimum change of the official map and the board shall impose reasonable requirements as a condition of granting the permit so as to promote the health, morals, safety and general welfare of the public. Sections 59 through 62 of this act shall apply to applications or appeals pursuant to this section. In any municipality in which there is no board of adjustment, the planning board shall have the same powers and be subject to the same restrictions as provided in this section.

C. 40:55D-35 Building lot to abut street.

Such street shall have been duly placed on the official map or shall be (1) an existing State, county or municipal street or highway, or (2) a street shown upon a plat approved by the planning board, or (3) a street on a plat duly filed in the office of the county recording officer prior to the passage of an ordinance under this act or any prior law which required prior approval of plats by the governing body or other authorized body. Before any such permit shall be issued, such street shall have been certified to be suitably improved to the satisfaction of the governing body, or such suitable improvement shall have been assured by means of a performance guarantee, in accordance with standards and specifications for road improvements approved by the governing body, as adequate in
respect to the public health, safety and general welfare of the special circumstance of the particular street.

C. 40:55D-36 Appeals.
27. Appeals. Where the enforcement of section 26 hereof would entail practical difficulty or unnecessary hardship, or where the circumstances of the case do not require the building or structure to be related to a street, the board of adjustment may upon application or appeal, vary the application of section 26 of this act and direct the issuance of a permit subject to conditions that will provide adequate access for firefighting equipment, ambulances and other emergency vehicles necessary for the protection of health and safety and that will protect any future street layout shown on the official map or on a general circulation plan element of the municipal master plan pursuant to paragraph (4) of subsection 19 b.

Sections 59 through 62 of this act shall apply to applications or appeals pursuant to this section. In any municipality in which there is no board of adjustment, the planning board shall have the same powers and be subject to the same restrictions as provided in this section.

The governing body may by ordinance require approval of subdivision plats by resolution of the planning board as a condition for the filing of such plats with the county recording officer and approval of site plans by resolution of the planning board as a condition for the issuance of a permit for any development, except that subdivision or individual lot applications for detached one or two dwelling-unit buildings shall be exempt from such site plan review and approval; provided that the resolution of the board of adjustment shall substitute for that of the planning board whenever the board of adjustment has jurisdiction over a subdivision or site plan pursuant to subsection 63 b. of this act.
b. Prior to the hearing on adoption of an ordinance providing for planning board approval of either subdivisions or site plans or both or any amendment thereto, the governing body shall refer any such proposed ordinance or amendment thereto to the planning board pursuant to subsection 17 a. of this act.

b. Provisions ensuring:

(1) Consistency of the layout or arrangement of the subdivision or land development with the requirements of the zoning ordinance;

(2) Streets in the subdivision or land development of sufficient width and suitable grade and suitably located to accommodate prospective traffic and to provide access for firefighting and emergency equipment to buildings and coordinated so as to compose a convenient system consistent with the official map, if any, and the circulation element of the master plan, if any; provided that no street of a width greater than 50 feet within the right-of-way lines shall be required unless said street constitutes an extension of an existing street of the greater width or already has been shown on the master plan at the greater
width, or already has been shown in greater width on the official map;

(3) Adequate water supply, drainage, shade trees, sewerage facilities and other utilities necessary for essential services to residents and occupants;

d. Provisions ensuring that when a municipal zoning ordinance is in effect, a subdivision or site plan shall conform to the applicable provisions of the zoning ordinance, and where there is no zoning ordinance, appropriate standards shall be specified in an ordinance pursuant to this article; and

e. Provisions ensuring performance in substantial accordance with the final development plan; provided that the planning board may permit a deviation from the final plan if caused by change of conditions beyond the control of the developer since the date of final approval, and the deviation would not substantially alter the character of the development or substantially impair the intent and purpose of the master plan and zoning ordinance.

29.1. Discretionary contents of ordinance. An ordinance requiring approval by the planning board of either subdivisions or site plans or both may include the following:

a. Provisions for off-tract water, sewer, drainage, and street improvements which are necessitated by a subdivision or land development, subject to the provisions of section 30;

(5) Setting forth any requirement that the approval by the planning board of a greater concentration of density or intensity of land use for any section to be developed be offset by a smaller concentration in any completed prior stage or by an appropriate reservation of common open space on the remaining land by grant of easement or by covenant in favor of the municipality; provided that such reservation shall, as far as practicable, defer the precise location of common open space until an application for final approval is filed, so that flexibility of development can be maintained;
(6) Setting forth any requirements for timing of development among the various types of uses and subgroups thereunder and, in the case of planned unit development and planned unit residential development, whether some nonresidential uses are required to be built before, after or at the same time as the residential uses.

d. Provisions ensuring in the case of a development which proposes construction over a period of years, the protection of the interests of the public and of the residents, occupants and owners of the proposed development in the total completion of the development.

a. Provisions for minor subdivision approval pursuant to section 35 of this act; and

b. Standards encouraging and promoting flexibility, economy and environmental soundness in layout and design in accordance with which the planning board may approve the varying, within a conventional subdivision, of lot areas and dimensions, and yards and setbacks otherwise required by municipal development regulations in such a way that the average lot areas and dimensions, yards and setbacks within the subdivision conform to the conventional norms of the municipal development regulations; provided that such standards shall be appropriate to the type of development permitted.

C. 40:55D-41 Contents of site plan ordinance.

29.3. Contents of site plan ordinance. An ordinance requiring site plan review and approval pursuant to this article shall include and shall be limited to, except as provided in sections 29 and 29.1 of this act standards and requirements relating to:
a. Preservation of existing natural resources on the site;
b. Safe and efficient vehicular and pedestrian circulation, parking and loading;
c. Screening, landscaping and location of structures; and
d. Exterior lighting needed for safety reasons in addition to any requirements for street lighting.

30. Contribution for off-tract water, sewer, drainage, and street improvements. The governing body may by ordinance adopt regulations requiring a developer, as a condition for approval of a subdivision or site plan, to pay his pro-rata share of the cost of providing only reasonable and necessary street improvements and water, sewerage and drainage facilities, and easements therefor, located outside the property limits of the subdivision or development but necessitated or required by construction or improvements within such subdivision or development. Such regulations shall be based on circulation and comprehensive utility service plans pursuant to subsections 19 b. (4) and 19 b. (5) of this act, respectively, and shall establish fair and reasonable standards to determine the proportionate or pro-rata amount of the cost of such facilities that shall be borne by each developer or owner within a related and common area, which standards shall not be altered subsequent to preliminary approval. Where a developer pays the amount determined as his pro-rata share under protest he shall institute legal action within 1 year of such payment in order to preserve the right to a judicial determination as to the fairness and reasonableness of such amount.

C. 40:55D-43 Standards for the establishment of open space organization.

31. Standards for the establishment of open space organization. a. An ordinance pursuant to this article permitting planned unit development, planned unit residential development or residential cluster may provide that the municipality or other governmental agency may, at any time and from time to time, accept the dedication of land or any interest therein for public use and maintenance,
1146 CHAPTER 291, LAWS OF 1975

but the ordinance shall not require, as a condition of the approval of a planned development, that land proposed to be set aside for common open space be dedicated or made available to public use.

An ordinance pursuant to this article providing for planned unit development, planned unit residential development, or residential cluster shall require that the developer provide for an organization for the ownership and maintenance of any open space for the benefit of owners or residents of the development, if said open space is not dedicated to the municipality or other governmental agency. Such organization shall not be dissolved and shall not dispose of any open space, by sale or otherwise, except to an organization conceived and established to own and maintain the open space for the benefit of such development, and thereafter such organization shall not be dissolved or dispose of any of its open space without first offering to dedicate the same to the municipality or municipalities wherein the land is located.

b. In the event that such organization shall fail to maintain the open space in reasonable order and condition, the municipal body or officer designated by ordinance to administer this subsection may serve written notice upon such organization or upon the owners of the development setting forth the manner in which the organization has failed to maintain the open space in reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be cured within 35 days thereof, and shall state the date and place of a hearing thereon which shall be held within 15 days of the notice. At such hearing, the designated municipal body or officer, as the case may be, may modify the terms of the original notice as to deficiencies and may give a reasonable extension of time not to exceed 65 days within which they shall be cured. If the deficiencies set forth in the original notice or in the modification thereof shall not be cured within said 35 days or any permitted extension thereof, the municipality, in order to preserve the open space and maintain the same for a period of 1 year may enter upon and maintain such land. Said entry and maintenance shall not vest in the public any rights to use the open space except when the same is voluntarily dedicated to the public by the owners. Before the expiration of said year, the designated municipal body or officer, as the case may be, shall, upon its initiative or upon the request of the organization theretofore responsible for the maintenance of the open space, call a public hearing upon 15 days written notice to such organization and to the owners of the development, to be held by such municipal
body or officer, at which hearing such organization and the owners of the development shall show cause why such maintenance by the municipality shall not, at the election of the municipality, continue for a succeeding year. If the designated municipal body or officer, as the case may be, shall determine that such organization is ready and able to maintain said open space in reasonable condition, the municipality shall cease to maintain said open space at the end of said year. If the municipal body or officer, as the case may be, shall determine such organization is not ready and able to maintain said open space in a reasonable condition, the municipality may, in its discretion, continue to maintain said open space during the next succeeding year, subject to a similar hearing and determination, in each year thereafter. The decision of the municipal body or officer in any such case shall constitute a final administrative decision subject to judicial review.

If a municipal body or officer is not designated by ordinance to administer this subsection, the governing body shall have the same powers and be subject to the same restrictions as provided in this subsection.

c. The cost of such maintenance by the municipality shall be assessed pro rata against the properties within the development that have a right of enjoyment of the open space in accordance with assessed value at the time of imposition of the lien, and shall become a lien and tax on said properties and be added to and be a part of the taxes to be levied and assessed thereon, and enforced and collected with interest by the same officers and in the same manner as other taxes.

C. 40:55D-44 Reservation of public areas.

32. Reservation of public areas. If the master plan or the official map provides for the reservation of designated streets, public drainageways, flood control basins, or public areas within the proposed development, before approving a subdivision or site plan, the planning board may further require that such streets, ways, basins or areas be shown on the plat in locations and sizes suitable to their intended uses. The planning board may reserve the location and extent of such streets, ways, basins or areas shown on the plat for a period of 1 year after the approval of the final plat or within such further time as may be agreed to by the developer. Unless during such period or extension thereof the municipality shall have entered into a contract to purchase or institute condemnation proceedings according to law for the fee
or a lesser interest in the land comprising such streets, ways, basins or areas, the developer shall not be bound by such reservations shown on the plat and may proceed to use such land for private use in accordance with applicable development regulations. The provisions of this section shall not apply to streets and roads, flood control basins or public drainageways necessitated by the subdivision or land development and required for final approval.

The developer shall be entitled to just compensation for actual loss found to be caused by such temporary reservation and deprivation of use. In such instance, unless a lesser amount has previously been mutually agreed upon, just compensation shall be deemed to be the fair market value of an option to purchase the land reserved for the period of reservation; provided that determination of such fair market value shall include, but not be limited to, consideration of the real property taxes apportioned to the land reserved and prorated for the period of reservation. The developer shall be compensated for the reasonable increased cost of legal, engineering, or other professional services incurred in connection with obtaining subdivision approval or site plan approval, as the case may be, caused by the reservation. The municipality shall provide by ordinance for a procedure for the payment of all compensation payable under this section.

C. 40:55D-45 Findings for planned developments.

33. Findings for planned developments. Every ordinance pursuant to this article that provides for planned developments shall require that prior to approval of such planned developments the planning board shall find the following facts and conclusions:

a. That departures by the proposed development from zoning regulations otherwise applicable to the subject property conform to the zoning ordinance standards pursuant to subsection 52 c. of this act;

b. That the proposals for maintenance and conservation of the common open space are reliable, and the amount, location and purpose of the common open space are adequate;

c. That provision through the physical design of the proposed development for public services, control over vehicular and pedestrian traffic, and the amenities of light and air, recreation and visual enjoyment are adequate;
d. That the proposed planned development will not have an unreasonably adverse impact upon the area in which it is proposed to be established;

e. In the case of a proposed development which contemplates construction over a period of years, that the terms and conditions intended to protect the interests of the public and of the residents, occupants and owners of the proposed development in the total completion of the development are adequate.

C. 40:55D-46 Procedure for preliminary site plan approval.

34. Procedure for preliminary site plan approval. a. An ordinance requiring site plan review and approval shall require that the developer submit to the administrative officer a site plan and such other information as is reasonably necessary to make an informed decision as to whether the requirements necessary for preliminary site plan approval have been met. The site plan and any engineering documents to be submitted shall be required in tentative form for discussion purposes for preliminary approval. If any architectural plans are required to be submitted for site plan approval, the preliminary plans and elevations shall be sufficient. If an application for development is found to be incomplete, the developer shall be notified thereof within 45 days of the submission of such application or it shall be deemed to be properly submitted.

b. If the planning board required any substantial amendment in the layout of improvements proposed by the developer that have been the subject of a hearing, an amended application for development shall be submitted and proceeded upon, as in the case of the original application for development. The planning board shall, if the proposed development complies with the ordinance and this act, grant preliminary site plan approval.

c. Upon the submission to the administrative officer of a complete application for a site plan for 10 acres of land or less, the planning board shall grant or deny preliminary approval within 45 days of the date of such submission or within such further time as may be consented to by the developer. Upon the submission of a complete application for a site plan of more than 10 acres, the planning board shall grant or deny preliminary approval within 95 days of the date of such submission or within such further time as may be consented to by the developer. Otherwise, the
planning board shall be deemed to have granted preliminary approval of the site plan.

35. Minor subdivision. An ordinance requiring approval of subdivisions by the planning board may authorize the planning board to waive notice and public hearing for an application for development if the planning board or subdivision committee of the board appointed by the chairman find that the application for development conforms to the definition of "minor subdivision" in section 3.2 of this act. Minor subdivision approval shall be deemed to be final approval of the subdivision by the board; provided that the board or said subcommittee may condition such approval on terms ensuring the provision of improvements pursuant to sections 29 and 41 of this act.

Minor subdivision approval shall be granted or denied within 45 days of the date of submission of a complete application to the administrative officer, or within such further time as may be consented to by the applicant. Failure of the planning board to act within the period prescribed shall constitute minor subdivision approval and a certificate of the administrative officer as to the failure of the planning board to act shall be issued on request of the applicant; and it shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and shall be so accepted by the county recording officer for purposes of filing subdivision plats.

Whenever review or approval of the application by the county planning board is required by section 5 of P. L. 1968, c. 285 (C. 40:27-6.3), the municipal planning board shall condition any approval that it grants upon timely receipt of a favorable report on the application by the county planning board or approval by the county planning board by its failure to report thereon within the required time period.

Approval of a minor subdivision shall expire 190 days from the date of municipal approval unless within such period a plat in conformity with such approval and the provisions of the "Map Filing Law," P. L. 1960, c. 141 (C. 46:23-9.9 et seq.), or a deed clearly describing the approved minor subdivision is filed by the developer with the county recording officer, the municipal engineer and the municipal tax assessor. Any such plat or deed accepted
CHAPTER 291, LAWS OF 1975 1151

for such filing shall have been signed by the chairman and secretary of the planning board. In reviewing the application for development for a proposed minor subdivision the planning board may be permitted by ordinance to accept a plat not in conformity with the "Map Filing Act," P. L. 1960, c. 141 (C. 46:23-9.9 et seq.); provided that if the developer chooses to file the minor subdivision as provided herein by plat rather than deed such plat shall conform with the provisions of said act.

The zoning requirements and general terms and conditions, whether conditional or otherwise, upon which minor subdivision approval was granted, shall not be changed for a period of 2 years after the date of minor subdivision approval; provided that the approved minor subdivision shall have been duly recorded as provided in this section.

36. Procedure for preliminary major subdivision approval. a. An ordinance requiring subdivision approval by the planning board shall require that the developer submit to the administrative officer a plat and such other information as is reasonably necessary to make an informed decision as to whether the requirements necessary for preliminary approval have been met; provided that minor subdivisions pursuant to section 35 of this act shall not be subject to this section. The plat and any other engineering documents to be submitted shall be required in tentative form for discussion purposes for preliminary approval. If the application for development is found to be incomplete, the developer shall be notified thereof within 45 days of submission of such application or it shall be deemed to be properly submitted.

b. If the planning board required any substantial amendment in the layout of improvements proposed by the developer that have been the subject of a hearing, an amended application shall be submitted and proceeded upon, as in the case of the original application for development. The planning board shall, if the proposed subdivision complies with the ordinance and this act, grant preliminary approval to the subdivision.

c. Upon the submission to the administrative officer of a complete application for a subdivision of 10 or fewer lots, the planning board shall grant or deny preliminary approval within 45 days of the date of such submission or within such further time as may be consented to by the developer. Upon the submission of a complete
application for a subdivision of more than 10 lots, the planning board shall grant or deny preliminary approval within 95 days of the date of such submission or within such further time as may be consented to by the developer. Otherwise, the planning board shall be deemed to have granted preliminary approval to the subdivision.

C. 40:55D-49 Effect of preliminary approval.

37. Effect of preliminary approval. Preliminary approval of a major subdivision pursuant to section 36 of this act or of a site plan pursuant to section 34 of this act shall, except as provided in subsection d. of this section, confer upon the applicant the following rights for a 3-year period from the date of the preliminary approval:

a. That the general terms and conditions on which preliminary approval was granted shall not be changed, including but not limited to use requirements; layout and design standards for streets, curbs and sidewalks; lot size; yard dimensions and off-tract improvements; and, in the case of a site plan, any requirements peculiar to site plan approval pursuant to subsection 29.3 of this act; except that nothing herein shall be construed to prevent the municipality from modifying by ordinance such general terms and conditions of preliminary approval as relate to public health and safety;

b. That the applicant may submit for final approval on or before the expiration date of preliminary approval the whole or a section or sections of the preliminary subdivision plat or site plan, as the case may be; and

c. That the applicant may apply for and the planning board may grant extensions on such preliminary approval for additional periods of at least 1 year but not to exceed a total extension of 2 years, provided that if the design standards have been revised by ordinance, such revised standards may govern.

d. In the case of a subdivision of or site plan for an area of 50 acres or more, the planning board may grant the rights referred to in subsections a., b., and c. above for such period of time, longer than 3 years, as shall be determined by the planning board to be reasonable taking into consideration (1) the number of dwelling units and nonresidential floor area permissible under preliminary approval, (2) economic conditions, and (3) the comprehensiveness of the development. The applicant may apply for thereafter and
CHAPTER 291, LAWS OF 1975

the planning board may thereafter grant an extension to preliminary approval for such additional period of time as shall be determined by the planning board to be reasonable taking into consideration (1) the number of dwelling units and nonresidential floor area permissible under preliminary approval, and (2) the potential number of dwelling units and nonresidential floor area of the section or sections awaiting final approval, (3) economic conditions and (4) the comprehensiveness of the development; provided that if the design standards have been revised, such revised standards may govern.

C. 40:55D-50 Final approval of site plans and major subdivisions.

38. Final approval of site plans and major subdivisions. a. The planning board shall grant final approval if the detailed drawings, specifications and estimates of the application for final approval conform to the standards established by ordinance for final approval, the conditions of preliminary approval and, in the case of a major subdivision, the standards prescribed by the "Map Filing Law," P. L. 1960, c. 141 (C. 46:23-9.9 et seq.); provided that in the case of a planned unit development, planned unit residential development or residential cluster, the planning board may permit minimal deviations from the conditions of preliminary approval necessitated by change of conditions beyond the control of the developer since the date of preliminary approval without the developer being required to submit another application for development for preliminary approval.

b. Final approval shall be granted or denied within 45 days after submission of a complete application to the administrative officer, or within such further time as may be consented to by the applicant. Failure of the planning board to act within the period prescribed shall constitute final approval and a certificate of the administrative officer as to the failure of the planning board to act shall be issued on request of the applicant, and it shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and shall be so accepted by the county recording officer for purposes of filing subdivision plats.

Whenever review or approval of the application by the county planning board is required by section 5 of P. L. 1968, c. 285 (C. 40:27-6.3), in the case of a subdivision, or section 8 of P. L. 1968, c. 285 (C. 40:27-6.6), in the case of a site plan, the municipal planning board shall condition any approval that it grants upon
timely receipt of a favorable report on the application by the county planning board or approval by the county planning board by its failure to report thereon within the required time period. Source: C. 40:55-1.18 (1953, c. 433, s. 18 as amended); C. 40:55-57 (f) (1967, c. 61, s. 3 (f) as amended); C. 40:55-61 (1967, c. 61, s. 7).

C. 40:55D-51 Exception in application of subdivision or site plan regulation; simultaneous review and approval.

39. Exception in application of subdivision or site plan regulation; simultaneous review and approval. a. The planning board when acting upon applications for preliminary or minor subdivision approval shall have the power to grant such exceptions from the requirements for subdivision approval as may be reasonable and within the general purpose and intent of the provisions for subdivision review and approval of an ordinance adopted pursuant to this article, if the literal enforcement of one or more provisions of the ordinance is impracticable or will exact undue hardship because of peculiar conditions pertaining to the land in question.

b. The planning board when acting upon applications for preliminary site plan approval shall have the power to grant such exceptions from the requirements for site plan approval as may be reasonable and within the general purpose and intent of the provisions for site plan review and approval of an ordinance adopted pursuant to this article, if the literal enforcement of one or more provisions of the ordinance is impracticable or will exact undue hardship because of peculiar conditions pertaining to the land in question.

c. The planning board shall have the power to review and approve or deny conditional uses or site plans simultaneously with review for subdivision approval without the developer being required to make further application to the planning board, or the planning board being required to hold further hearings. The longest time period for action by the planning board, whether it be for subdivision, conditional use or site plan approval, shall apply. Whenever approval of a conditional use is requested by the developer pursuant to this subsection, notice of the hearing on the plat shall include reference to the request for such conditional use.

C. 40:55D-52 Effect of final approval of a site plan or major subdivision.

40. Effect of final approval of a site plan or major subdivision.

a. The zoning requirements applicable to the preliminary approval
first granted and all other rights conferred upon the developer pursuant to section 37 of this act, whether conditionally or otherwise, shall not be changed for a period of 2 years after the date of final approval; provided that in the case of major subdivision the rights conferred by this section shall expire if the plat has not been duly recorded within the time period provided in section 42 of this act. If the developer has followed the standards prescribed for final approval, and, in the case of a subdivision, has duly recorded the plat as required in section 42 of this act, the planning board may extend such period of protection for extensions of 1 year but not to exceed three extensions. Notwithstanding any other provisions of this act, the granting of final approval terminates the time period of preliminary approval pursuant to section 37 of this act for the section granted final approval.

b. In the case of a subdivision or site plan for a planned unit development or planned unit residential development or residential cluster of 50 acres or more or conventional subdivision or site plan for 150 acres or more, the planning board may grant the rights referred to in subsection a. of this section for such period of time, longer than 2 years, as shall be determined by the planning board to be reasonable taking into consideration (1) the number of dwelling units and nonresidential floor area permissible under final approval, (2) economic conditions and (3) the comprehensiveness of the development. The developer may apply for thereafter, and the planning board may thereafter grant, an extension of final approval for such additional period of time as shall be determined by the planning board to be reasonable taking into consideration (1) the number of dwelling units and nonresidential floor area permissible under final approval, (2) the number of dwelling units and nonresidential floor area remaining to be developed, (3) economic conditions and (4) the comprehensiveness of the development.

C. 40:55D-53  Guarantees required; surety; release.

41. Guarantees required; surety; release. a. Before recording of final subdivision plats or as a condition of final site plan approval or as a condition to the issuance of a zoning permit pursuant to subsection 52 d. of this act, the approving authority may require and shall accept in accordance with the standards adopted by ordinance for the purpose of assuring the installation and maintenance of on-tract improvements:
(1) The furnishing of a performance guarantee in favor of the municipality in an amount not to exceed 120% of the cost of installation for improvements it may deem necessary or appropriate including: streets, grading, pavement, gutters, curbs, sidewalks, street lighting, shade trees, surveyor’s monuments, as shown on the final map and required by the “Map Filing Law,” P. L. 1960, c. 141 (C. 46:23-9.9 et seq.), water mains, culverts, storm sewers, sanitary sewers or other means of sewage disposal, drainage structures, erosion control and sedimentation control devices, public improvements of open space and, in the case of site plans only, other on-site improvements and landscaping.

(2) Provision for a maintenance guarantee to be posted with the governing body for a period not to exceed 2 years after final acceptance of the improvement, in an amount not to exceed 15% of the cost of the improvement. In the event that other governmental agencies or public utilities automatically will own the utilities to be installed or the improvements are covered by a performance or maintenance guarantee to another governmental agency, no performance or maintenance guarantee, as the case may be, shall be required by the municipality for such utilities or improvements.

b. The amount of any performance guarantee may be reduced by the governing body, by resolution, when portions of the improvements have been certified by the municipal engineer to have been completed. The time allowed for installation of the improvements for which the performance guarantee has been provided may be extended by said body by resolution.

c. If the required improvements are not completed or corrected in accordance with the performance guarantee, the obligor and surety, if any, shall be liable thereon to the municipality for the reasonable cost of the improvements not completed or corrected and the municipality may either prior to or after the receipt of the proceeds thereof complete such improvements.

d. When all of the required improvements have been completed, the obligor shall notify the governing body in writing, by certified mail addressed in care of the municipal clerk of the completion of said improvements and shall send a copy thereof to the municipal engineer. Thereupon the municipal engineer shall inspect all of the improvements and shall file a detailed report, in writing, with the governing body, indicating either approval, partial approval or rejection of the improvements with a statement of reasons for any rejection. If partial approval is indicated, the cost of the improvements rejected shall be set forth.
e. The governing body shall either approve, partially approve or reject the improvements, on the basis of the report of the municipal engineer and shall notify the obligor in writing, by certified mail, of the contents of said report and the action of said approving authority with relation thereto, not later than 65 days after receipt of the notice from the obligor of the completion of the improvements. Where partial approval is granted, the obligor shall be released from all liability pursuant to its performance guarantee, except for that portion adequately sufficient to secure provision of the improvements not yet approved. Failure of the governing body to send or provide such notification to the obligor within 65 days shall be deemed to constitute approval of the improvements and the obligor and surety, if any, shall be released from all liability, pursuant to such performance guarantee.

f. If any portion of the required improvements are rejected, the approving authority may require the obligor to complete such improvements and, upon completion, the same procedure of notification, as set forth in this section shall be followed.

g. Nothing herein, however, shall be construed to limit the right of the obligor to contest by legal proceedings any determination of the governing body or the municipal engineer.

h. The obligor shall reimburse the municipality for all reasonable inspection fees paid to the municipal engineer for the foregoing inspection of improvements.

C. 40:55D-54 Recording of final approval of major subdivision; filing of all subdivision plats.

42. Recording of final approval of major subdivision; filing of all subdivision plats. a. Final approval of a major subdivision shall expire 95 days from the date of signing of the plat unless within such period the plat shall have been duly filed by the developer with the county recording officer. The planning board may for good cause shown extend the period for recording for an additional period not to exceed 190 days from the date of signing of the plat.

b. No subdivision plat shall be accepted for filing by the county recording officer until it has been approved by the planning board as indicated on the instrument by the signature of the chairman and secretary of the planning board or a certificate has been issued pursuant to sections 35, 38, 44, 48, 54 or 63 of this act. The signatures of the chairman and secretary of the planning board shall not be affixed until the developer has posted the guarantees required
pursuant to section 41 of this act. If the county recording officer records any plat without such approval, such recording shall be deemed null and void, and upon request of the municipality, the plat shall be expunged from the official records.

c. It shall be the duty of the county recording officer to notify the planning board in writing within 7 days of the filing of any plat, identifying such instrument by its title, date of filing, and official number.

C. 40:55D-55 Selling before approval; penalty; suits by municipalities.

43. Selling before approval; penalty; suits by municipalities. If, before final subdivision approval has been granted, any person transfers or sells or agrees to transfer or sell, except pursuant to an agreement expressly conditioned on final subdivision approval, as owner or agent, any land which forms a part of a subdivision for which municipal approval is required by ordinance pursuant to this act, such person shall be subject to a penalty not to exceed $1,000.00, and each lot disposition so made may be deemed a separate violation.

In addition to the foregoing, the municipality may institute and maintain a civil action:

a. For injunctive relief; and

b. To set aside and invalidate any conveyance made pursuant to such a contract of sale if a certificate of compliance has not been issued in accordance with section 44 of this act, but only if the municipality (1) has a planning board and (2) has adopted by ordinance standards and procedures in accordance with section 29 of this act.

In any such action, the transferee, purchaser or grantee shall be entitled to a lien upon the portion of the land, from which the subdivision was made that remains in the possession of the developer or his assigns or successors, to secure the return of any deposits made or purchase price paid, and also, a reasonable search fee, survey expense and title closing expense, if any. Any such action must be brought within 2 years after the date of the recording of the instrument of transfer, sale or conveyance of said land or within 6 years, if unrecorded.

C. 40:55D-56 Certificates showing approval; contents.

44. Certificates showing approval; contents. The prospective purchaser, prospective mortgagee, or any other person interested
in any land which forms part of a subdivision, or which formed part of such a subdivision 3 years preceding the effective date of this act, may apply in writing to the administrative officer of the municipality, for the issuance of a certificate certifying whether or not such subdivision has been approved by the planning board. Such application shall contain a diagram showing the location and dimension of the land to be covered by the certificate and the name of the owner thereof.

The administrative officer shall make and issue such certificate within 15 days after the receipt of such written application and the fees therefor. Said officer shall keep a duplicate copy of each certificate, consecutively numbered, including a statement of the fee charged, in a binder as a permanent record of his office.

Each such certificate shall be designated a "certificate as to approval of subdivision of land," and shall certify:

a. Whether there exists in said municipality a duly established planning board and whether there is an ordinance controlling subdivision of land adopted under the authority of this act.

**ARTICLE 8**

**ZONING**

**C. 40:55D-62 Power to zone.**

49. Power to zone. a. The governing body may adopt or amend a zoning ordinance relating to the nature and extent of the uses of land and of buildings and structures thereon. Such ordinance shall be adopted after the planning board has adopted the land use plan element of a master plan and all of the provisions of such zoning ordinance or any amendment or revision thereto shall either be substantially consistent with the land use plan element of the master plan or designed to effectuate such plan element; provided that the governing body may adopt a zoning ordinance or amendment or revision thereto which in whole or part is inconsistent with or not designed to effectuate the land use plan element, but only by affirmative vote of a majority of the full authorized membership of the governing body with the reasons of the governing body for so acting recorded in its minutes when adopting such a zoning ordinance; and provided further that, notwithstanding anything aforesaid, the governing body may adopt an interim zoning ordinance pursuant to subsection 77 h. of this act.

The zoning ordinance shall be drawn with reasonable consideration to the character of each district and its peculiar suitability for particular uses and to encourage the most appropriate use of land. The regulations in the zoning ordinance shall be uniform throughout each district for each class or kind of buildings or other structures or uses of land, including planned unit development, planned unit residential development and residential cluster, but the regulations in one district may differ from those in other districts.

b. No zoning ordinance and no amendment or revision to any zoning ordinance shall be submitted to or adopted by initiative or referendum.

C. 40:55D-63 Protest.

50. Protest. A protest against any proposed amendment or revision of a zoning ordinance may be filed with the municipal clerk, signed by the owners of 20% or more either of the area of the lots or land included in such proposed change, or of the lots or land extending 200 feet in all directions therefrom inclusive of street space, whether within or without the municipality. Such amendment or revision shall not become effective following the filing of such protest except by the favorable vote of two-thirds of all the members of the governing body of the municipality.

C. 40:55D-64 Referral to planning board.

51. Referral to planning board. Prior to the hearing on adoption of a zoning ordinance, or any amendments thereto, the governing body shall refer any such proposed ordinance or amendment thereto to the planning board pursuant to subsection 17 a. of this act.

C. 40:55D-65 Contents of zoning ordinance.

52. Contents of zoning ordinance. A zoning ordinance may:

a. Limit and restrict buildings and structures to specified districts and regulate buildings and structures according to their type and the nature and extent of their use, and regulate the nature and extent of the use of land for trade, industry, residence, open space or other purposes.

b. Regulate the bulk, height, number of stories, and size of buildings and the other structures; the percentage of lot or development area that may be occupied by structures; lot sizes and dimensions; and for these purposes may specify floor area ratios and other ratios and regulatory techniques governing the intensity of land use and the provision of adequate light and air.

c. Provide districts for planned developments; provided that an ordinance providing for approval of subdivisions and site plans by the planning board has been adopted and incorporates therein the provisions for such planned developments in a manner consistent with article 6 of this act. The zoning ordinance shall establish standards governing the type and density, or intensity of land use, in a planned development. Said standards shall take into account that the density, or intensity of land use, otherwise allowable may not be appropriate for a planned development. The standards may vary the type and density, or intensity of land use, otherwise applicable to the land within a planned development in considera-
tion of the amount, location and proposed use of common open space; the location and physical characteristics of the site of the proposed planned development; and the location, design and type of dwelling units and other uses. Such standards may, in order to encourage the flexibility of housing density, design and type, authorize a deviation in various residential clusters from the density, or intensity of use, established for an entire planned development. The standards and criteria by which the design, bulk and location of buildings are to be evaluated, shall be set forth in the zoning ordinance and all standards and criteria for any feature of a planned development shall be set forth in such ordinance with sufficient certainty to provide reasonable criteria by which specific proposals for a planned development can be evaluated.

d. Establish, for particular uses or classes of uses, reasonable standards of performance and standards for the provision of adequate physical improvements including, but not limited to, off-street parking and loading areas, marginal access roads and roadways, other circulation facilities and water, sewerage and drainage facilities; provided that section 41 of this act shall apply to such improvements.

e. Designate and regulate areas subject to flooding (1) pursuant to P. L. 1972, c. 185 (C. 58:16A-55 et seq.) or (2) as otherwise necessary in the absence of appropriate flood hazard area designations pursuant to P. L. 1962, c. 19 (C. 58:16A-50 et seq.) or floodway regulations pursuant to P. L. 1972, c. 185 or minimum standards for local flood fringe area regulation pursuant to P. L. 1972, c. 185.

f. Provide for conditional uses pursuant to section 54 of this act.

g. Provide for senior citizen community housing consistent with provisions permitting other residential uses of a similar density in the same zoning district.

h. Require that as a condition for any approval by the zoning board of adjustment that no taxes or assessments for local improvements are due or delinquent on the property for which any application is made.

C. 40:55D-66 Miscellaneous provisions; model homes; public and private day schools; placement of foster children in single family dwellings.

53. Miscellaneous provisions; model homes; public and private day schools; placement of foster children in single family dwellings.
a. For purposes of this act, model homes or sales offices within a subdivision and only during the period necessary for the sale of new homes within such subdivision shall not be considered a business use.

b. No zoning ordinance governing the use of land by or for schools shall, by any of its provisions or by any regulation adopted in accordance therewith, discriminate between public and private nonprofit day schools of elementary or high school grade accredited by the State Department of Education.

c. No zoning ordinance shall, by any of its provisions or by any regulation adopted in accordance therewith, discriminate between children who are members of families by reason of their relationship by blood, marriage or adoption, and foster children placed with such families in a dwelling by the Division of Youth and Family Services in the Department of Institutions and Agencies or a duly incorporated child care agency and children placed pursuant to law in single family dwellings known as group homes. As used in this section, the term “group home” means and includes any single family dwelling used in the placement of children pursuant to law recognized as a group home by the Department of Institutions and Agencies in accordance with rules and regulations adopted by the Commissioner of Institutions and Agencies provided, however, that no group home shall contain more than 12 children.

C. 40:55D-67 Conditional uses; site plan review.

54. Conditional uses; site plan review. a. A zoning ordinance may provide for conditional uses to be granted by the planning board according to definite specifications and standards which shall be clearly set forth with sufficient certainty and definiteness to enable the developer to know their limit and extent. The planning board shall grant or deny an application for a conditional use within 95 days of submission of a complete application by a developer to the administrative officer, or within such further time as may be consented to by the applicant.

b. The review by the planning board of a conditional use shall include any required site plan review pursuant to article 6 of this act. The time period for action by the planning board on conditional uses pursuant to subsection a. of this section shall apply to such site plan review. Failure of the planning board to act within the period prescribed shall constitute approval of the application
and a certificate of the administrative officer as to the failure of the planning board to act shall be issued on request of the applicant, and it shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and shall be so accepted by the county recording officer for purposes of filing subdivision plats.

Whenever review or approval of the application by the county planning board is required by section 5 of P. L. 1968, c. 285 (C. 40:27-6.3), in the case of a subdivision, or section 8 of P. L. 1968, c. 285 (C. 40:27-6.6), in the case of a site plan, the municipal planning board shall condition any approval that it grants upon timely receipt of a favorable report on the application by the county planning board or approval by the county planning board by its failure to report thereon within the required time period.

C. 40:55D-68 Nonconforming structures and uses.

55. Nonconforming structures and uses. Any nonconforming use or structure existing at the time of the passage of an ordinance may be continued upon the lot or in the structure so occupied and any such structure may be restored or repaired in the event of partial destruction thereof.

ARTICLE 9
ZONING BOARD OF ADJUSTMENT

56. Zoning board of adjustment. Upon the adoption of a zoning ordinance, the governing body shall create, by ordinance, a zoning board of adjustment which shall consist of seven members. Notwithstanding the provisions of any other law or charter heretofore adopted, such ordinance shall provide the method of appointment of such members. The terms of the members first appointed under this act shall be so determined that to the greatest practicable extent, the expiration of such terms shall be distributed evenly over the first 4 years after their appointment; provided the initial term of no member shall exceed 4 years. Thereafter, the term of each such member shall be 4 years. No member may hold any elective office or position under the municipality. No member of the board of adjustment shall be permitted to act on any matter in which he has, either directly or indirectly, any personal or financial interest. such ordinance, requests for interpretation of the zoning map or
ordinance or for decisions upon other special questions upon which
such board is authorized to pass by any zoning or official map ordi-

c. Where by reason of exceptional narrowness, shallowness or
shape of a specific piece of property, or by reason of exceptional
topographic conditions, or by reason of other extraordinary and
exceptional situation or condition of such piece of property the
strict application of any regulation pursuant to article 8 of this
act would result in peculiar and exceptional practical difficulties to,
or exceptional and undue hardship upon the developer of such
property, grant, upon an application or an appeal relating to such
property, a variance from such strict application of such regulation
so as to relieve such difficulties or hardship; provided, however,
that no variance shall be granted under this subsection to allow a
structure or use in a district restricted against such structure or
use; and provided further that the proposed development does not
require approval by the planning board of a subdivision, site plan
or conditional use in conjunction with which the planning board
shall review a request for a variance pursuant to subsection 47 a.
of this act.

d. Grant a variance to allow a structure or use in a district
restricted against such structure or use in particular cases and for
special reasons, but only by affirmative vote of at least two-thirds
of the full authorized membership of the board.

No variance or other relief may be granted under the terms of
this section unless such variance or other relief can be granted
without substantial detriment to the public good and will not sub­stantially impair the intent and purpose of the zone plan and zoning ordinance. An application under this section may be referred to any appropriate person or agency, including the planning board pursuant to section 17 of this act, for its report; provided that such reference shall not extend the period of time within which the zoning board of adjustment shall act.

b. Failure of the board to render a decision within such 120-day period or within such further time as may be consented to by the applicant, shall constitute a decision favorable to the applicant.

C. 40:55D-74 Modification on appeal.
61. Modification on appeal. The board of adjustment may reverse or affirm, wholly or in part, or may modify the action, order, requirement, decision, interpretation or determination appealed from and to that end have all the powers of the administrative officer from whom the appeal is taken.

C. 40:55D-75 Stay of proceedings by appeal; exception.
62. Stay of proceedings by appeal; exception. An appeal to the board of adjustment shall stay all proceedings in furtherance of the action in respect to which the decision appealed from was made unless the officer from whose action the appeal is taken certifies to the board of adjustment, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed other than by an order of the Superior Court upon notice to the officer from whom the appeal is taken and on due cause shown.

shall grant or deny approval of the application within 120 days after submission by a developer of a complete application to the administrative officer or within such further time as may be consented to by the applicant. 6. Within 30 days after the effective date of this act, the commissioner shall call an organization meeting of the association for the purpose of constituting a temporary board of directors. 7. a. Within such time as shall be prescribed by the commissioner in written notice to the board, the directors shall submit to the commissioner, for his review and approval, a proposed plan of operation. In his review of the proposed plan the commissioner may, in his discretion, consult with the directors and other members of the association and any other individual or organization. If the commissioner approves the proposed plan he shall certify such approval to the directors and said plan shall take effect 10 days after such certification. If the commissioner disapproves all
or any part of the proposed plan of operation he shall return same to the directors with a statement, in writing, of the reasons for his disapproval and any recommendations he may wish to make. The directors may accept the commissioner's recommendations, or may propose a new plan, which accepted recommendations or a new plan shall be submitted to the commissioner within 30 days after the return of a disapproved plan to the directors. If the directors do not submit a proposed plan of operation within the time prescribed by the commissioner, or a new plan which is acceptable to the commissioner, or accept the recommendations of the commissioner within 30 days after the disapproval of a proposed plan, the commissioner shall promulgate a plan of operation and certify same to the directors. Any such plan promulgated by the commissioner shall take effect 10 days after certification to the directors.

c. The directors of the association may, on their own initiative, amend the plan of operation at any time, subject to the approval by the commissioner.

d. The commissioner may review the plan of operation whenever he deems expedient, and shall review same at least once a year, and may amend said plan after consultation with the directors and upon certification to the directors of such amendment.

C. 17:30D-8 Activation of facility; designation of coverage provider; acceptance of risks; noninterference with agents.

8. On and after the date that reinsurance is available from the association:

b. Upon such activation, the board shall issue an invitation to each member of the association which has written during the 24 months preceding the date of such activation medical malpractice liability insurance of the type for which the association was activated anywhere in the United States of America, to become a qualified provider of such coverage in this State. If the board qualifies no company as a provider or if the commissioner determines, after a review of the company or companies qualified by the board, that the company or companies were not properly qualified, the commissioner shall designate as providers of such coverage one or more companies from among the companies that have written, in descending order, the largest volumes of such coverage.

c. No member of the association qualified or designated as a provider in accordance with this section shall refuse to issue to any eligible risk a policy of insurance of the type normally afforded by such insurer to the public, utilizing the rates, rating plans, rules and classification systems then in effect for such insurer; provided, however, that the coverages and coverage limits to be afforded may be ceded to the association; and provided further that nothing herein contained shall require and insurer to accept any risk if such insurer's policy forms or rates do not apply to such risk;

d. No duly licensed insurance agent of a qualified or designated provider broker or solicitor shall refuse to furnish to any eligible risk quotations of premiums for such provider with whom such agent, broker or solicitor regularly places medical malpractice liability insurance policies, or shall fail to submit any eligible risk to such provided;

e. No company shall terminate any agent or restrict the authority of any agent, directly or indirectly, or in any manner whatsoever, solely by reason of the volume of such agent's business it cedes to the association or the experience produced by such ceded business. Neither shall any company make any distinction in remuneration to the agent between business retained and business ceded, or use any promise of reward or threat of penalty, present or future, or any device whatever, related to certain classes of risks or other classes of business, which would tend to induce the agent to avoid certain classes or types of risks.

C. 17:30D-9 New Jersey Medical Malpractice Reinsurance Recovery Fund; creation; purpose; contents; administration.

Such provisions may vary by category or subcategory of risk in reasonable relationship to the loss experience both past and prospective of the association and its members attributable to such category or subcategory.

C. 17:30D-11 Fund separate and apart; custodian; disbursements; investment and reinvestment.
11. The fund created by this act shall be separate and apart from any other fund and from all other State moneys. The State Treasurer shall be custodian of the fund and all disbursements from said fund shall be made by the treasurer upon vouchers signed by the commissioner. The moneys in the fund shall be invested and reinvested by the Director of the Division of Investment as other trust funds in the custody of the State Treasurer in the manner provided by law.

C. 17:30D-12 Rules and regulations; suspension or revocation of certificate of authority.
12. The commissioner may promulgate reasonable rules and regulations to carry out the purposes of this act, and may suspend or revoke, after reasonable notice and a hearing, the certificate of authority to transact insurance in this State of any insurer which fails to comply with the provisions of this act, rules or regulations promulgated thereunder or any plan of operation.

C. 17:30D-13 Emergency powers of commissioner; termination.
13. Upon finding that immediate activation of the association for any category or subcategory of insureds is required because medical malpractice liability insurance is or will be unavailable for such category or subcategory, the commissioner shall have the following emergency powers:

a. To appoint a temporary board of directors or operate the association without such board.

b. To adopt a temporary plan of operation to meet the immediate needs of the association.

These emergency powers shall terminate 60 days after the effective date of this act.

C. 17:30D-14 Severability.

14. If any provisions of this act or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and for this purpose the provisions of this act are declared to be severable.

C. 17:30D-15 Construction of act.

15. This act shall be liberally construed to effectuate its purposes, and all laws or parts of laws of this State inconsistent with this act are hereby superseded to the extent of such inconsistency.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 4 of P. L. 1973, c. 156 (C. 43:16A-63) is amended to read as follows:

C. 43:16A-63 Transfer from or continuation in public employee's retirement system or county pension fund; membership of new employees.

4. a. An eligible officer who is a member of the Public Employees' Retirement System or of a county pension fund created under P. L. 1943, c. 160 (C. 43:10-18.1 et seq.), or P. L. 1948, c. 310 (C. 43:10-18.50 et seq.) or article 2 of chapter 10 of Title 43 of the Revised Statutes (R. S. 43:10-19 et seq.), hereinafter referred to as a "county pension fund" shall be permitted to transfer his membership in said fund to the Police and Firemen's Retirement System of New Jersey by waiving all rights and benefits which would otherwise be provided by the Public Employees' Retirement System or a county pension fund. Any such officer will likewise be permitted to continue his membership in the Public Employees' Retirement System or a county pension fund by waiving all rights and benefits which would otherwise be provided by the Police and Firemen's Retirement System. Such waivers shall be accomplished by filing forms satisfactory to the New Jersey Division of Pensions, which is responsible for the administration of the Police and Firemen's Retirement System, within 90 days of the effective date of this 1975 amendatory and supplementary act. In the absence of the filing of a timely waiver by any eligible officer his pension status shall remain unchanged and his membership shall not be transferred to the Police and Firemen's Retirement System.

b. Each new officer who begins employment following the effective date of this 1975 amendatory and supplementary act, shall be required to enroll in the Police and Firemen's Retirement System of New Jersey as a condition of employment, provided he is otherwise eligible for membership by meeting the appointment,
age, and health prescriptions required of all members. As of the effective date of this 1975 amendatory and supplementary act, the eligibility of membership for such new officers in the Public Employees’ Retirement System or a county pension fund named in paragraph a. above shall be terminated and the membership requirements of such other fund will be deemed satisfied by the enrollment of such employees in the Police and Firemen’s Retirement System.

2. Section 5 of P. L. 1973, c. 156 (C. 43:16A-64) is amended to read as follows:

C. 43:16A-64 Transfer of funds and credits from public employees’ retirement system or county pension fund.

5. Within 120 days following the effective date of this 1975 amendatory and supplementary act the Public Employees’ Retirement System or a county pension fund shall remit to the Police and Firemen’s Retirement System of New Jersey all accumulated deductions standing to the credit of each transferred employee as members of such funds, and within 180 days following the effective date of this 1975 amendatory and supplementary act remit the pro rata part of the reserve fund constituting the employer’s obligations under the former system applicable to such employee’s account, and the Police and Firemen’s Retirement System shall then enter the respective sums so remitted to it to the credit of such employee in the Annuity Savings Fund and to the credit of the employer in the Pension Accumulation Fund of the Police and Firemen’s Retirement System of New Jersey.

3. Section 6 of P. L. 1973, c. 156 (C. 43:16A-65) is amended to read as follows:

C. 43:16A-65 Deductions; contributions; credits.

6. The transferred employees thereby affected shall be members of the Police and Firemen’s Retirement System and deductions from their salaries and contributions on their behalf shall thereafter be made as required by the act creating such system for members thereof. Such transferred employees shall have the same contribution obligation and enjoy the same rights and benefits of all other members of the system except as provided by this 1975 amendatory and supplementary act. Any credit for public service which had been established in the Public Employees’ Retirement System or a county pension fund by the transferred employee shall be established in the Police and Firemen’s Retirement System.
Upon the transfer of membership to the Police and Firemen's Retirement System under the provisions of this 1975 amendatory and supplementary act, the rate of contribution of such member shall be determined by the rates payable by other members, except that the number of years of credited service in the former pension fund shall be deducted from the member's current age in order to fix the age upon which the rate of contribution is based.

All outstanding obligations such as loans, purchases, and other arrearages shall be met by the transferred employees as previously scheduled for payment to the Public Employees' Retirement System or a county pension fund.

4. Section 7 of P. L. 1973, c. 156 (C. 43:16A-66) is amended to read as follows:

7. a. Any person becoming a member of the Police and Firemen's Retirement System pursuant to the provisions of this 1975 amendatory and supplementary act shall not be allowed any of the group life insurance benefits if on the date he files an application for enrollment he is 55 or more years of age, unless he furnishes satisfactory evidence of insurability and on the effective date of membership is actively at work and performing all his regular duties at his customary place of employment. The effective date of coverage for such benefits shall be the first day of the month which immediately follows the date when such evidence is determined to be satisfactory.

b. Such evidence of insurability will not be required of any person becoming a member upon transfer from the Public Employees' Retirement System or a county pension fund, if the transferring employee was covered by such benefits in the latter system at the time of the transfer. If such transferring employee was not covered by such benefits at the time of the transfer, he may be allowed the benefits under the group life insurance policy or policies subject to the provisions of subsection a. of this section; provided, however, that any such employee must furnish satisfactory evidence of insurability under the provisions of subsection a. of this section, if he had been unable or failed to give such evidence as a member of the Public Employees' Retirement System or a county pension fund.

5. The actuary of the Police and Firemen's Retirement System shall calculate, and the employer of employees transferring into the system pursuant to this 1975 amendatory and supplementary
act shall be liable, in the manner provided in section 8 of P. L. 1973, c. 156 (C. 43:16A-67), for the difference between the amounts remitted into the system and the amounts required by the system. The chief fiscal officer of the employer shall transmit such information as shall be required by the New Jersey Division of Pensions to comply with the provisions of this 1975 amendatory and supplementary act.

6. This act shall take effect immediately.

Approved February 2, 1976.

CHAPTER 304

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N. J. S. 18A:6-11 is amended to read as follows:

Written charges against employee; written statement of evidence, filing; statement of position by employee; certification of determination; notice.

18A:6-11. Any charge made against any employee of a board of education under tenure during good behavior and efficiency shall be filed with the secretary of the board in writing, and a written statement of evidence under oath to support such charge shall be presented to the board. The board of education shall forthwith provide such employee with a copy of the charge, a copy of the statement of the evidence and an opportunity to submit a written statement of position and a written statement of evidence under oath with respect thereto. After consideration of the charge, statement of position and statements of evidence presented to it, the board shall determine by a majority vote of its full membership whether there is probable cause to credit the evidence in support of the charge and whether such charge, if credited, is sufficient to warrant a dismissal or reduction of salary. The board of education shall forthwith notify the employee against whom the charge has been made of its determination, personally or by certified mail directed to his last known address. In the event the board finds that such probable cause exists and that the charge, if credited,
is sufficient to warrant a dismissal or reduction of salary, then it shall forward such written charge to the commissioner for a hearing pursuant to N. J. S. 18A:6-16, together with a certificate of such determination. Provided, however, that if the charge is inefficiency, prior to making its determination as to certification, the board shall provide the employee with written notice of the alleged inefficiency, specifying the nature thereto, and allow at least 90 days in which to correct and overcome the inefficiency. The consideration and actions of the board as to any charge shall not take place at a public meeting.

All appropriate resources, particularly community mental health centers, shall whenever possible be utilized in and coordinated with the program.

Services delivered by the department pursuant to this act may be administered on the premises of institutions operated in whole or in part by the department of institutions and agencies. Such services shall be administered as such services are administered in the other facilities of the department and shall in all respects be therapeutic in nature rather than penal or correctional.

The department shall prepare and publish annually a list of all services operating in accordance with this act and shall make the list available upon request to members of the public. The department shall notify all law enforcement agencies and judges in the State of the location and capacity of intoxication treatment centers and other services operating in accordance with this act situated in or near their jurisdictions.

e. Solicit and accept for use in relation to the purposes of this act any gift of money or property made by will or otherwise, and any grant or loan of money services or property from the Federal
Government, the State or any political subdivision thereof, or any private source, and do all things necessary to cooperate with the Federal Government or any of its agencies in connection with the application for any such grant or loan; provided, however, that any money received under this subsection shall be deposited with the State Treasurer to be kept in a separate fund in the treasury for expenditure by the department in accordance with the conditions of the gift, loan or grant without specific appropriation.

f. Develop, encourage and foster Statewide, regional and local plans and programs for the prevention, detection, and treatment of alcoholism in cooperation with interested public agencies and private organizations and individuals and provide technical assistance and consultation services for these purposes;

m. Organize and foster training programs for professional and para-professional workers in the treatment of intoxicated persons and alcoholics;

n. Approve and license public and private facilities in accordance with section 8;

o. Promulgate rules and regulations for the exercise of its powers and the performance of its duties under this act;

p. Do all other acts and things necessary or convenient to carry out the powers expressly granted in this act.
C. 26:2B-14 License; rules and regulations; standards and requirements; filing of information; grounds for suspension, revocation, limitation or restriction of license; hearing; violations; penalties; inspection; admission of patients.

8. The department shall issue for a term of 2 years, and may renew for like terms, a license, subject to revocation by it for cause, to any person, partnership, corporation, society, association or other agency or entity of any kind, other than a licensed general hospital, a department, agency, or institution of the Federal Government, the State or any political subdivision thereof, deemed by it to be responsible and suitable to establish and maintain a facility and to meet applicable licensure standards and requirements. In the case of a department, agency or institution of the State or any political subdivision thereof, the department shall grant approval to establish and maintain a facility for a term of 2 years, and may renew such approval for like terms, subject to revocation by it for cause.

The department shall in the cases of public facilities, private facilities which contract on a fee-for-service basis with the State, and private facilities which accept for treatment persons assisted pursuant to section 10, promulgate rules and regulations establishing licensure and approval standards and requirements including, but not limited to:

a. the need for a facility in the community;
b. the financial and other qualifications of the applicant;
c. the proper operation of facilities;
d. the health and safety standards to be met by a facility;
e. the quality and nature of the treatment to be afforded patients at a facility;
f. licensing fees, and procedures for making and approving license and approval applications.

In the case of private facilities that neither contract on a fee-for-service basis with the State nor accept for treatment persons assisted by police officers pursuant to section 10, the department shall promulgate rules and regulations establishing licensure standards and requirements but such standards and requirements shall concern only:

a. the health and safety standards to be met by a facility;
b. misrepresentations as to the treatment to be afforded patients at a facility;
c. licensing fees, and

d. procedures for making and approving license applications.
All facilities shall be individually licensed or approved. Different kinds of licenses or approvals may be granted for different kinds of facilities.

Each facility shall file with the department from time to time, on request, such data, statistics, schedules or information as the department may reasonably require for the purposes of this section, and any licensee or other person operating a private facility who fails to furnish any such data, statistics, schedules or information as requested, or who files fraudulent returns thereof, shall be punished by a fine of not more than $500.00.

The department, after holding a hearing, may refuse to grant, suspend, revoke, limit or restrict the applicability of or refuse to renew any license or approval for any failure to meet the requirements of its rules and regulations or standards concerning such facilities. However, in the case of private facilities which neither contract on a fee-for-service basis with the State nor accept for treatment persons assisted by police officers pursuant to section 10, the department, after holding a hearing may refuse to grant, suspend, revoke, limit or restrict the applicability of or refuse to renew any license for the following reasons only:

a. for failure to meet the requirements of its rules and regulations concerning the health and safety standards of such facilities or

b. if there is a reasonable basis for the department to conclude that there is a discrepancy between representations by a facility as to the treatment services to be afforded patients and the treatment services actually rendered or to be rendered.

The department may temporarily suspend a license or approval in an emergency without holding a prior hearing; provided, however, that upon request of an aggrieved party, a hearing shall be held as soon after the license or approval is suspended as possible. Any party aggrieved by a final decision of the department pursuant to this section may petition for judicial review thereof.

No person, partnership, corporation, society, association, or other agency or entity of any kind, other than a licensed general hospital, a department, agency or institution of the Federal Government, the State or any political subdivision thereof, shall operate a facility without a license and no department, agency or institution of the State or any political subdivision thereof shall operate a facility without approval from the department pursuant to this section. The Superior Court shall have jurisdiction in equity upon
petition of the department to restrain any violation of the provisions of this section and to take such other action as equity and justice may require to enforce its provisions. Whoever knowingly establishes or maintains a private facility without a license granted pursuant to this section shall, for a first offense, be punished by a fine of not more than $500.00 and for each subsequent offense by a fine of not more than $1,000.00 or imprisonment for not more than 2 years, or both.

Each facility shall be subject to visitation and inspection by the department and the department shall inspect each facility prior to granting or renewing a license or approval. The department may examine the books and accounts of any facility if it deems such examination necessary for the purposes of this section. The department is hereby authorized to make a complaint to a judge of any court of record, who may thereupon issue a warrant to any officers or employees of the department authorizing them to enter and inspect at reasonable times, and to examine the books and accounts of, any private facility refusing to consent to such inspection or examination by the department which the department has reason to believe is operating in violation of the provisions of this act. Refusal by the operator or owner to allow such entry and inspection pursuant to such a warrant shall for a first offense be punishable by a fine of not more than $100.00 and for each subsequent offense by a fine of not more than $1,000.00 or imprisonment for not more than 2 years, or both.

The director may require public facilities, private facilities which contract on a fee-for-service basis with the State, and private facilities which accept for treatment persons assisted pursuant to section 10 to admit as an inpatient or outpatient any person to be afforded treatment pursuant to this act. The department shall promulgate rules and regulations governing the extent to which the department may require other private facilities to admit as an inpatient or outpatient any person to be afforded treatment pursuant to this act; provided, however, that no licensed general hospital shall refuse treatment for intoxication or alcoholism.

C. 26:2B-15 Treatment at intoxication center or other facility; duration; notice to family.

9. Any person who is intoxicated and who voluntarily applies for treatment or is brought to a facility by a police officer or other authorized person in accordance with section 10 may be afforded treatment at an intoxication treatment center or other facility. Any person who is an alcoholic and who voluntarily applies for
treatment may be afforded treatment at an intoxication center or other facility.

As soon as possible after the admission of any person, the administrator of the facility shall cause such person to be examined by a physician or by a medically competent individual designated by the department and under the supervision of a physician. If, upon examination, a determination is made that the person is intoxicated or is an alcoholic, and adequate and appropriate treatment is available, he shall be admitted. If any person is not admitted for the reason that adequate and appropriate treatment is not available at the facility, the administrator of the facility, acting whenever possible with the assistance of the director, shall refer the person to a facility at which adequate and appropriate treatment is available. In the event that a person is not admitted to a facility, and has no funds, the administrator shall arrange for the person to be assisted to his residence, or, if he has no residence, to a place where shelter will be provided him.

Any person admitted to a facility may receive treatment at the facility for as long as he wishes to remain at the facility or until the administrator determines that treatment will no longer benefit him; provided, however, that any person who at the time of admission is intoxicated and is incapacitated, shall remain at the facility until he is no longer incapacitated, but in no event shall he be required to remain for a period greater than 48 hours.

When a person is admitted to a facility, his family shall be notified as soon thereafter as possible. If a patient who is not incapacitated requests that notification not be given, his request shall be respected except if a person is a juvenile in which case his family or legal guardian shall be notified.

The manner in which any person is transported either from one facility to another or from a facility to his residence and the financing thereof shall be determined by the director in accordance with rules and regulations promulgated by the department.

Upon discharge from or upon leaving a facility, the patient shall be encouraged to consent to appropriate outpatient or residential aftercare treatment.

C. 26:28-16 Person intoxicated in public place; assistance.

10. Any person who is intoxicated in a public place may be assisted to his residence or to an intoxication treatment center or other facility by a police officer or other authorized person. To determine whether or not such person is intoxicated, the police officer may request the person to submit to any reasonable test, in-
eluding, but not limited to, tests of his coordination, coherency of speech, and breath.

Any person who is intoxicated in a public place and who a police officer has reason to believe is incapacitated shall be assisted by the police officer to an intoxication treatment center or other facility.

A police officer acting in accordance with the provisions of this section may use such force, other than that which is likely to inflict physical injury, as is reasonably necessary to carry out his authorized responsibilities. If the police officer reasonably believes that his safety or the safety of other persons present so requires, he may search such person and his immediate surroundings, but only to the extent necessary to discover and seize any dangerous weapon which may on that occasion be used against the officer or other person present.

All persons acting under the provisions of this section shall be considered as acting in the conduct of their official duties and shall not be held criminally or civilly liable for such acts.

Any person assisted by a police officer to a facility pursuant to the provisions of this section shall receive treatment in accordance with section 9. In any event, if such person is determined upon examination to be intoxicated, the examining physician or other medically competent individual shall so certify and a duplicate copy of the certification shall be made available to the police officer.

A person assisted to a facility pursuant to the provisions of this section, shall not be considered to have been arrested and no entry or other record shall be made to indicate that he has been arrested.

C. 26: 2B-17 Person arrested for violation of municipal ordinance or disorderly conduct; detention at facility; request for examination; stay of criminal proceeding; commitment; discharge; report to court; sentence; credits.

11. Any person who is arrested for a violation of a municipal ordinance, or for a disorderly persons offense, and who is not also arrested for a misdemeanor, and who the arresting police officer has reasonable cause to believe is intoxicated, may be taken by a police officer directly to an intoxication treatment center or other appropriate facility. To determine whether or not such person is intoxicated, the police officer may request the person to submit to any reasonable test, including, but not limited to, tests of his coordination, coherency of speech, and breath.

The administrator of any intoxication treatment center, or of any other facility, shall cause any such person to be examined by a physician or by a medically competent individual designated by
the department and under the supervision of a physician. If the physician or any other medically competent individual designated by the department determines upon examination that such person is intoxicated, and the administrator determines that adequate and appropriate treatment is available, the person shall be admitted. Any such person may be detained at the center or other facility until he is no longer intoxicated, but in any event, not longer than 48 hours from the date of admission. At such time as the person is to be discharged from the facility, he shall be informed by the administrator that if he is an alcoholic who would benefit by treatment he may, in the discretion of the court, be afforded treatment in lieu of prosecution, and that if he so chooses he may be examined at the facility for the purpose of determining whether he is an alcoholic who would benefit by treatment. If the person requests an examination, he shall be examined by a physician at the facility during a period of time not to exceed 48 hours. The police shall maintain such security conditions as may be necessary. Prior to releasing the person from the center or other facility, the administrator shall notify the police who shall transport him therefrom for proceedings in the case.

When a person who is arrested for a violation of a municipal ordinance, or disorderly persons offense, and who is not also arrested for a misdemeanor, is brought before the court on such charge, the court shall inform him that he is entitled to request a medical examination to determine whether or not he is an alcoholic if he has been admitted to a facility pursuant to the provisions of the preceding paragraph and has not received a medical examination by a physician. The court shall further inform the defendant of the consequences which follow a determination by a physician that he is an alcoholic who would benefit by treatment. Any request for an examination shall be in writing. If the person makes such request, the proceedings shall be stayed for the period during which the request is under consideration by the court. If the defendant requests an examination, the court shall appoint a physician to conduct the examination at an appropriate location designated by it.

In no event shall a request for an examination, any statement made by the defendant during the course of an examination or any finding of a physician pursuant to the provisions of this section be admissible against the defendant in any proceeding.

A physician who conducts an examination pursuant to the provisions of this section, shall determine whether or not the defendant
is an alcoholic who would benefit by treatment. The physician shall report his findings to the court together with the facts upon which the findings are based and the reasons therefor as soon as possible but in any event not longer than 3 days after the completion of the examination.

If the physician reports that the defendant is an alcoholic who would benefit by treatment, the court shall inform the defendant that he may request commitment to the division and advise him of the consequences of the commitment.

If the defendant requests commitment, and if the court finds that the defendant is an alcoholic who would benefit by treatment, the court may stay the criminal proceeding and commit the defendant to the division as an inpatient or as an outpatient, whichever the court deems appropriate, for a specified period. The term of inpatient treatment shall not exceed 30 days, the term of outpatient treatment shall not exceed 60 days, and the total combined period of commitment, including both inpatient and outpatient treatment, if both are ordered, shall not exceed 90 days. The court shall inform the defendant that if he is committed the proceeding will be stayed for the term of the commitment.

In determining whether or not to grant the request for commitment, the court shall consider the report of the physician, the nature of the offense with which the defendant is charged, the past criminal record, if any, of the defendant, and any other relevant evidence.

If the court decides that the defendant’s request for commitment should be granted, the court shall commit the defendant to the division if the division reports that adequate and appropriate treatment is available at a facility; provided, however, that if the court determines that commitment should be granted and the defendant is charged with a first offense, the proceedings shall be stayed until adequate and appropriate treatment is available at a facility.

In cases where the defendant is not charged with a first offense and the division reports that adequate and appropriate treatment is not available, the court may, in its discretion, order that the stay of the proceeding remain outstanding until such time as adequate and appropriate treatment is available.

As a condition to the issuance of any commitment order by the court pursuant to the provisions of this section, the defendant shall consent in writing to the terms of the commitment.

If the physician reports that the defendant is not an alcoholic who would benefit by treatment, the defendant shall be entitled to request a hearing to determine whether he is an alcoholic who would
benefit by treatment. Thereupon the court may, of its own motion, or shall upon the request of the defendant or his counsel, appoint an independent physician to examine the defendant and to testify at the hearing. If the court determines that the defendant is an alcoholic who would benefit by treatment, the procedures and standards applicable to a defendant who is determined by the court, following the report of the first examining physician to be an alcoholic who would benefit by treatment, shall apply to the defendant.

If the court does not order that the defendant shall be afforded treatment in lieu of prosecution pursuant to the provisions of this section, the stay of the proceedings shall be vacated.

At any time during the term of commitment, the administrator may transfer any inpatient to an outpatient program if he finds that the patient is a proper subject for outpatient treatment; provided, however, that the administrator may retransfer the patient to an inpatient program if he finds that the person is not suitable for outpatient treatment.

Any patient committed to the division pursuant to this section shall be discharged from the facility to which the division has caused him to be admitted if at any time the administrator determines that treatment will no longer benefit him; provided, however, that such patient shall in any event be discharged at the termination of the period of commitment specified in the court order.

At the end of the commitment period, when the patient is discharged, or when the patient terminates treatment at the facility, whichever first occurs, the director shall report to the court on whether or not the defendant successfully completed the treatment program, together with a statement of the reasons for his conclusion. In reaching his determination of whether or not the defendant successfully completed the treatment program, the director shall consider, but shall not be limited to, whether the defendant cooperated with the administrator and complied with the terms and conditions imposed on him during his commitment. If the report states that the defendant successfully completed the treatment program, the court shall dismiss the charges pending against the defendant. If the report does not so state, or if the defendant has not completed the term of commitment ordered by the court, then, based on the report and any other relevant evidence, the court may take such action as it deems appropriate, including the dismissal of the charges or the revocation of the stay of the proceedings. In the event that the court convicts a defendant who has been committed in lieu of prosecution pursuant to the provi-
sions of this section and sentences him to a term of incarceration, the court shall reduce the term of incarceration by the period during which the defendant was afforded treatment in lieu of prosecution pursuant to this section.

The State, municipal and local police shall, in cooperation with the department, provide temporary security at facilities to which persons are taken pursuant to this section, where it is necessary that such security be provided for the person arrested.

C. 26:2B-18 Supervisory powers of administrator.

12. Each person who receives treatment at a facility shall be subject to the supervisory powers of the administrator exercised in accordance with rules and regulations of the department.

C. 26:2B-19 Rights of juveniles.

13. All rights afforded any person under this act shall apply to juveniles as may be consistent with present statutory law applying to minors.

C. 26:2B-20 Record of treatment; rights of patients.

14. a. The administrator of each facility shall keep a record of the treatment afforded each patient, which shall be confidential and shall be made available only upon proper judicial order, whether in connection with pending judicial proceedings or otherwise.

b. Any patient shall have the right to have a physician retained by him examine him, consult privately with his attorney, receive visitors, and send and receive communications by mail, telephone and telegraph. Such communications shall not be censored or read without the consent of such patient. The foregoing shall not limit the right of the administrator, subject to reasonable rules and regulations of the department, to prescribe reasonable rules governing visiting hours and the use of telephone and telegraph facilities.

c. No patient may be detained at any facility pursuant to the provisions of this act, without his consent except in accordance with the provision of section 9.

d. Insofar as is practicable a written, comprehensive, individualized treatment plan shall be kept by the administrator for each patient.

e. Each patient shall be entitled to receive adequate and appropriate treatment.

No patient shall be denied the right to vote while he is afforded treatment at a facility.
C. 26:2B-21 Rights of persons who received treatment at facility.
15. No person who has received treatment at a facility in accordance with the provisions of this act or person who is an alcoholic shall be denied any right or privilege under the Constitution of the United States or of the State for the reason that he has received treatment at a facility or that he is an alcoholic.

C. 26:2B-22 Services forces; assistance to police.
16. The State, the several counties and municipalities may establish services forces to assist the police in accordance with the provisions of section 9 of this act. Such service forces may be a part of police department, or may be a separate unit. Members of the force shall be trained to carry out certain responsibilities of the police, as these are set out in section 10, particularly with respect to the administration of first aid to intoxicated persons in need of medical assistance.

C. 26:2B-23 Program of education; services provided by division.
17. The division shall establish and maintain, in cooperation with the office of the Attorney General, the State, municipal and local police, the courts, the department of correction, the department of public welfare, and other public and private agencies, a program for the education of police officers, prosecuting attorneys, court personnel, judges of the county and superior courts, probation and parole officers, correctional personnel, other law enforcement personnel, and State welfare and vocational rehabilitation personnel, with respect to the causes, effects, and treatment of intoxication and alcoholism.

The division shall serve in a consulting capacity to such public and private agencies and shall foster and coordinate a full range of services which will be available for diagnosis, counseling and treatment for alcoholism.

C. 26:2B-24 Tests for alcohol in drivers and pedestrians in traffic accidents; collection and publication of data; review of laws and regulations; report to legislature.
18. The division shall, in cooperation with the State, municipal and local police, and the Division of Motor Vehicles, conduct tests for alcohol in the bodies of automobile drivers and pedestrians who die as a result of and within 4 hours of a traffic accident, and in automobile drivers who survive traffic accidents fatal to others. The division shall promulgate a written manual to govern the conducting of tests made pursuant to this section, which shall specify the qualifications of personnel to conduct such tests, the methods and related details of specimen selection, collection,
preservation and analysis, and the methods of tabulation and report of this test data.

If a test conducted pursuant to this section discloses alcohol, the division shall, insofar as is practicable, make a determination whether or not alcoholism was a probable factor in the drinking of the tested individual.

Test data collected and determinations made pursuant to this section shall be tabulated, compiled, and published by the division at least semiannually.

The division in cooperation with the office of the Attorney General and other interested State departments and agencies shall undertake a detailed and comprehensive review of State and local laws and regulations governing driving under the influence of alcohol. This review shall include, but need not be limited to, consideration of the relation of these laws and regulations to the legislative policies and purposes of this act, and what programs and punishments are appropriate for individuals convicted of drunk driving.

Within 1 year from the date of enactment of this act, the division shall transmit to the Legislature a report on this review. This report shall include specific recommendations for any changes in the present laws and regulations the division deems appropriate.

C. 26:28-25 Review of laws and regulations governing manufacture, sale and consumption of alcoholic beverages; report to legislature.

19. The division, in cooperation with the office of the Attorney General and other interested State departments and agencies, shall undertake a broad review of State and local, criminal and civil, laws and regulations governing the manufacture, sale and consumption of alcoholic beverages. This review shall include, but need not be limited to, consideration of the relation of these laws and regulations both to the legislative policies and purposes of this act and to the public policy objective of permitting the temperate use of alcoholic beverages and preventing the abuse of such beverages. Within 2 years from the date of enactment of this act the division shall transmit to the Legislature a report on this review, which shall include specific recommendations for any changes in the present laws and regulations that the division deems appropriate.

20. No county, municipality, or other political subdivision of the State shall adopt any law, ordinance, bylaw, resolution or regulation having the force of law a. rendering public intoxication or
being found in any place in an intoxicated condition an offense, a
violation or the subject of criminal or civil penalties or sanctions
of any kind; b. inconsistent with the provisions and policies of
this act.

Nothing herein contained shall affect any laws, ordinances,
bylaws, resolutions or regulations against driving after drinking
alcohol, driving under the influence of alcohol, or other similar

other hazardous equipment.

C. 26:28-27 Department of Health; responsibility for treatment; compliance

such lease in existence on the effective date of this act. Without
limiting the generality of the foregoing, all approvals of plans, proj­

granted shall remain in full force and effect; provided, however,
that nothing in this section shall prevent said division from with-

Nothing in this section shall be construed to confer upon an officer or employee any rights not held prior to the transfer or to prohibit any subsequent reduction in compensation or salary grade not prohibited prior to the transfer.

The statement shall serve as an informational document, and nothing therein shall be construed as binding on or affecting a judicial determination under section 6 of this act of what constitutes a lease provision which violates clearly established legal rights of tenants or responsibilities of landlords.
   b. Where practical considerations make it necessary for the department to limit the extent of the statement items to be included shall be selected on the basis of the importance of their inclusion in protecting the rights of the public.
CHAPTER 310, LAWS OF 1975

C. 46:8-46 Posting and distribution of statement by landlord.

4. Every landlord shall distribute one copy of the statement prepared and made available pursuant to the provisions of this act to each of their tenants within 30 days after it has been made available by the department and shall thereafter provide a copy of the current statement to each new tenant at or prior to the time he assumes occupancy of the dwelling. A tenant shall have the right to petition a court of competent jurisdiction to terminate a lease containing any such provision. Nothing contained herein shall limit any rights or remedies a tenant may have under a lease.

No landlord shall be liable to any penalty under section 5 of this act nor any lease termination by a tenant under section 6 of this act, for any lease provision in violation of section 6 of this act where the proposal to include such lease provision originated from the tenant and not such landlord.

C. 46:8-49 Landlord's responsibilities not altered by waiver or refusal of tenant to accept statement.

7. No waiver or refusal by a tenant of his right to receive a copy of the statement as provided herein shall alter the responsibilities of the landlord under any provision of this act.
8. This act shall take effect 6 months after enactment, except that section 3, and steps necessary for its implementation, shall take effect immediately.

Approved February 19, 1976.

(1) "Property improvement loan" means a loan, secured or unsecured, the purpose of which, as represented to the association by the borrower, is to enable the borrower to pay the cost in whole or in part of repairing, altering, improving, modernizing, equipping or rehabilitating real estate used wholly or partially for dwelling purposes and in connection with which the borrower files with the association, at the time when the loan is made, a statement, that the proceeds of the loan will be used to pay the cost, in whole or in part, of modernizing, rehabilitating, altering, repairing, equipping or improving such real property, as the case may be.

(2) (Deleted by amendment)

(3) "Net proceeds" means the difference between the face amount of the note evidencing such loan and that part of such face amount which represents precomputed interest.

(4) "Loan for equipping" means a loan, the proceeds of which are used to finance those items usually and customarily used in connection with a residential dwelling, whether or not affixed to the realty. The Commissioner of Banking shall have the power, in relation to a "loan for equipping," to adopt, amend, alter or rescind regulations, the requirements of which, in his judgment, are
necessary to establish appropriate safeguards. The commissioner, when issuing such regulations, shall, to the extent feasible and after giving consideration to the financial and economic circumstances and the public welfare, endeavor to promulgate such rules and regulations in substantial conformity with similar rules and regulations of the Federal Home Loan Bank Board as applied to Federal associations.

4. Section 159 of P. L. 1963, c. 144 (C. 17:12B-159) is amended to read as follows:

C. 17:12B-159 Limitations on such loans.

159. Limitations on such loans.

(1) The net proceeds of any loan as defined in section 158 of P. L. 1963, c. 144 (C. 17:12B-158) shall not exceed $15,000.00 nor shall the aggregate of such net proceeds, taken together with the amount of the unpaid balances owing on all other loans as defined in section 158 of P. L. 1963, c. 144 (C. 17:12B-158) and which are outstanding with respect to the same person or real property, exceed $15,000.00.

(2) Each such loan shall be evidenced by one or more notes, bonds or other written evidence of indebtedness, and no security other than an interest in tangible personal property, or a mortgage upon the real property shall be taken directly or indirectly
to secure the same prior to default. An interest in real property taken as security for a property improvement loan shall not be deemed to be a mortgage loan within the meaning of Article X of this act and shall not be subject to the provisions of that article.

(3) No association shall make any such loan at any time the aggregate amount of such loans outstanding exceeds an amount equal to 10% of its total assets.

(4) Each loan as defined in section 158 of this act (C. 17:12B-158) shall be repayable in regular monthly installments over a period not exceeding 15 years and 32 days subsequent to the making of such loan. The amount of any installment shall not be greater or less than any other installment, except that the last installment may be not more than $1.00 more or less than any previous installment. An association which makes a loan as defined in section 158 of P.L. 1963, c. 144 (C. 17:12B-158) shall not require that more than one installment be payable in any one payment period, except that the last two installments may be payable in the same payment period. Every such loan shall provide for payment periods of equal duration measured in terms of weeks or months, except that the period scheduled to elapse between the making of the loan and the date when the first installment is scheduled to be paid, hereinafter in this paragraph referred to as “the initial payment period” may be longer than any other payment period, but may not exceed 60 days. Any such loan may provide for the omission of installments during any period not exceeding 93 days in any one 12-month period. When the period during which installments are so omitted falls within or coincides with the initial payment period as hereinabove defined, the initial payment period may be longer than any other payment period, but may not exceed 93 days. Except as herein otherwise expressly provided, no payment period shall be shorter than 1 week or longer than 1 month.

(5) Nothing in this section shall prevent an association from making a loan as defined in section 158 of P.L. 1963, c. 144 (C. 17:12B-158), the proceeds of which will be applied in whole or in part to the repayment at or before final maturity of a loan theretofore made under the provisions of this section.

(6) An association which makes a loan as defined in section 158 of P.L. 1963, c. 144 (C. 17:12B-158) may,

(a) When the payment of such loan is secured, and provision is made by law for the filing or recording of the instrument of security or notice or abstract thereof, require compliance with such provision and retain the cost of such recording or filing out of the
proceeds of the loan but shall make no other charges in connection with the preparation of such mortgage or other security instruments; and

(b) When the maturity of the unpaid balance of the loan is accelerated, in accordance with the terms of the instrument evidencing the obligation, charge interest at a rate not exceeding the rate charged on the loan, from the date such acceleration takes place, upon the difference between the amount of the unpaid principal balance of the loan, and the amount of credit given pursuant to section 163 (C. 17:12B-163);

No association shall make any further interest or charge or demand, in connection with such loan, other than those expressly authorized by sections 159 through 164 (C. 17:12B-159 through C. 17:12B-164) of this act, except an association may charge interest at a rate not exceeding the rate charged on the loan upon each installment in arrears for the period from the date that default in the payment of such installment occurs to the date that payment of such installment is made; or, if the maturity of the unpaid balance of the loan is accelerated, as provided in this section, to the date upon which such acceleration takes place. In lieu of providing for interest pursuant to this paragraph (b), such instrument may provide that on any installment in arrears for more than 15 days, the association may make a late charge which shall not exceed 5% of such installment, or $5.00 whichever is the lesser; provided that only one such late charge shall be made on any one installment and that no such late charge shall be made upon any installment scheduled, by the terms of such instrument, to fall due upon a date subsequent to the date upon which the maturity of the unpaid balance of the loan is accelerated as provided by this section.

(c) No person who is a party to the instrument evidencing the loan shall be released or discharged from liability to the association by reason of the association's extending the time for the payment of an installment or installments owing or due upon such loan, or by reason of the association's waiver of any term or condition of the instrument evidencing such loan, or of the instrument intended to secure payment thereof.

(d) All parties to the instrument evidencing the loan may waive presentation for payment, demand for payment, protest and notice of protest, nonpayment, dishonor, and the association's election to accelerate the maturity of the unpaid balance of the loan.
For the purposes of this section,

(i) "unpaid principal balance" of a loan means the face amount of the note evidencing such loan, less the aggregate of all installments paid thereon, plus the cost of any insurance paid for by the association pursuant to paragraph (f) of subsection (6) of this section, after crediting against such cost the amount of the return premium, if any, received by the association on cancellation of prior insurance paid for by the borrower or the cost of which was retained out of the proceeds of the loan;

(ii) "unpaid balance" of a loan means the unpaid principal balance of such loan, plus unpaid interest and late charges, if any.

(e) Require one or more comakers or endorsers of the instrument evidencing a loan, or one or more guarantors of payment of the loan;

(f) When the payment of such loan is secured, require that such security be insured for the benefit of the association against such loss or damage as the association may require, and may retain out of the proceeds of such loan the premium for such insurance. If such insurance expires, lapses, or is canceled and other insurance by insurers and in amounts satisfactory to the association is not furnished to the association without lapse of coverage, the association may, but shall be under no duty to, obtain insurance upon such security, and the cost thereof, less the amount of the return premium, if any, received by the association or cancellation of prior insurance paid for by the borrower, or the cost of which was retained out of the proceeds of the loan, shall be added to and become part of the principal of such loan, payable upon demand with interest at the legal rate; and, in default of such payment within 30 days after such demand, the entire unpaid balance of the loan shall, at the election of the association become immediately due and payable;

(g) Upon institution of a suit for the collection of a loan in default, charge a collection fee, in addition to court costs allowable by law, equal to 10% of the unpaid balance of the loan, but in no case shall such collection fee exceed $100.00;

(h) Extend the scheduled due date of any loan and defer the scheduled due date of any or all installment payments, or reduce the amount of any or all installments and may, as a consideration therefor, make a total additional charge not to exceed the amount ascertained under the provisions of section 160 (C. 17:12B-160).
5. Section 160 of P. L. 1963, c. 144 (C. 17:12B-160) is amended to read as follows:

C. 17:12B-160 Charges on such loans.

160. Charges on such loans.

(1) The maximum charge which an association may contract for and receive on loans as defined in section 158 of P. L. 1963, c. 144 (C. 17:12B-158) shall not exceed an amount calculated according to the actuarial method at a rate not exceeding 12% per annum on the unpaid balance of the principal; provided, however, that the Commissioner of Banking, with the advice of the special advisory board created pursuant to P. L. 1970, c. 205, s. 11 (C. 17:11A-44), may, by regulation adopted, amended and rescinded from time to time, provide that the rate of interest which may be contracted for and received on any such loan may be more than the rate above set forth but not more than 15% per annum, as shall be established by such regulation. For the purpose of establishing rates as provided by this subsection, the commissioner may, with the advice of the special advisory board referred to above and within the limits prescribed by this subsection, establish the rate applicable to such loans. In adopting, amending and rescinding regulations pursuant to this subsection, the commissioner and the special advisory board shall consider the general state of the economy, the discount rates prescribed by the Federal Reserve Bank of New York and the Federal Reserve Bank of Philadelphia, the advance rate as prescribed by the Federal Home Loan Bank of New York, the availability of funds for loans, studies and statistics published by the Federal Home Loan Bank Board and other agencies of the United States and of this State, and such other factors and bases for determination as the commissioner and the board may deem pertinent. The rate established by any such regulation shall reasonably reflect prevailing market conditions, regionally and nationally, based upon the studies, statistics and factors considered, and shall remain in force until such time as such regulation is rescinded or such rate is increased or decreased by a subsequent regulation. Any such regulation shall have prospective effect only. In the case of a precomputed loan, the interest may be computed on the assumption that all scheduled payments will be made when due, and all scheduled installment payments made on a precomputed loan may be applied as if they were received on their scheduled due dates. In the case of nonprecomputed loans, all installment payments shall be applied no later than the next day,
other than a public holiday, after the date of receipt, and a day shall be counted as one-three-hundred-sixty-fifth of a year.

6. Section 162 of P. L. 1963, c. 144 (C. 17:12B-162) is amended to read as follows:

C. 17:12B-162 Schedules of charges.

162. Schedules of charges.

The Commissioner of Banking may prepare and distribute to such associations as shall make a request therefor, a schedule or schedules to be used in ascertaining precomputed interest, or he may approve a subsisting schedule or schedules, and interest taken pursuant to such schedule or schedules shall constitute a complete compliance with the provisions of section 160 of P. L. 1963, c. 144 (C. 17:12B-160). A copy of such schedule or schedules, certified by the commissioner, shall be evidence in all courts and places.

7. Section 163 of P. L. 1963, c. 144 (C. 17:12B-163) is amended to read as follows:

C. 17:12B-163 Rebates on prepayment.

163. Rebates on prepayment.

When the unpaid balance owing upon a loan as defined in section 158 of P. L. 1963, c. 144 (C. 17:12B-158) is repaid in full or the maturity of the unpaid loan is accelerated before the date scheduled for the payment of the final installment, the association shall allow a credit on account of the precomputed interest, the amount of which shall not be less than the amount determined by the application of the formula

\[ C = \frac{AN}{D} \]

in which

- "C" represents the amount of the credit to be given;
- "A" represents the amount of precomputed interest;
- "D" is determined by ascribing to each payment period included in the period for which interest was precomputed, reckoning from the day upon which the loan was made, the cardinal number descriptive of the number of payment periods scheduled, by the terms of the loan, to elapse from the beginning of each such payment period, to the date to which interest was precomputed, and the total of all the cardinal numbers so ascribed constitutes the quantity "D";
- "N" represents the difference between the quantity "D" and the total of all the cardinal numbers ascribed to the payment periods which have elapsed, in whole or in part, from the making of the loan, to the day
upon which such repayment is made, or to the day upon which the
maturity of the unpaid balance of such loan is accelerated, as the
case may be.

The commissioner may prepare and distribute to such associa-
tions as shall make a request therefor, a schedule or schedules
based upon the formula specified in this section for use in deter-
mining the credit to be allowed pursuant to this section, and allow-
ance of interest made as provided in such schedule shall constitute
a complete compliance with this section. A copy of such schedule,
duly certified by the commissioner, shall be evidenced in all courts
and places.

This section shall not apply where the amount of the credit to be
allowed is less than $1.00. The unpaid balance of a nonprecomputed
loan may be paid in whole or in part at any time.

If an association knowingly violates any provision of sections
159 through 164 of this act (C.17:12B-159 through C. 17:12B-164),
the association shall forfeit the entire interest which the note or
other evidence of debt carries with it, or which has been agreed to
be paid thereon, and the borrower, or his legal representatives,
may recover back, in an action against the association, twice the
amount of interest received by the association on such loan, pro-
vided such action is commenced within 2 years from the date such
violation occurred. The amount of any interest credit allowed
pursuant to section 163 of this act, shall not be deemed to be in-
terest received by the association for the purposes of this section.

8. Section 161 of P. L. 1963, c. 144 (C. 17:12B-161) is repealed.

C. 17:12B-161 Repealed.
9. This act shall take effect immediately.

Approved February 19, 1976.

CHAPTER 316

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. R. S. 19:4–5 is amended to read as follows:

Number of voters in district and for each electronic voting device; use of polling place.

Subject to the provisions of section 19:4–6 of this title as to redistricting and of subsection b. of this section as to districts in which electronic voting systems are to be used, no election district shall contain more than 600 voters, except (1) an election district wherein there may be located a home or institution wherein persons entitled to vote may reside, and in any such district the number of voters shall be as near 600 as possible; and (2) election districts in counties having a population of less than 60,000 inhabitants may contain 700 voters.

b. Election districts in which electronic voting systems are used shall contain as near as may be between 600 and 1,200 registered voters. One voting device for each 150 registered voters, or part thereof, shall be used in each election district.

c. Except as provided in subsection b. of this section, every municipality in a county having a population of less than 60,000 inhabitants, containing more than 700 voters and less than 1,200 voters, shall be divided into two election districts, each district having as nearly as possible the same number of voters.
The county board or the governing body of the municipality, as the case may be, having regard for the convenience of the voters of such municipality, shall select a building for use as a polling place in the municipality, which building may be used by the voters of each election district, even though the building be located within one election district.

2. R. S. 19:4-6 is amended to read as follows:

Readjustment of boundaries of election districts on account of number of voters.

19:4-6. a. (1) When in any two consecutive general elections in any election district over 600 or less than 250 votes shall have been cast, the county board in counties of the first class and the governing body of the municipalities in counties other than counties of the first class, except as hereinafter provided, wherein such election district shall lie, may readjust the boundary lines of such election district and other election districts necessary to effect the change so that none of the election districts affected shall have more than 550 or less than 350 registered voters, and for this purpose shall have power to consolidate any number of districts and subdivide the same.

(2) In redistricting the election districts in counties having a population of less than 60,000 which under section 19:4-5 of this Title may contain voters, a like procedure may be followed.

(3) In redistricting the election districts in which voting machines are to be used, which under section 19:51-1 of this Title may contain 750 registered voters where one machine is to be used, or 1,000 registered voters where two machines are to be used, or 1,500 registered voters where three machines are to be used, a like procedure may be followed, provided that where any county, other than counties of the first class, may provide for the use of voting machines purchased by it, the governing body of any municipality in such county shall, upon notice from the county board, redistrict the election districts in which voting machines are to be used.

b. Notwithstanding the provisions of subsection a. of this section, election districts in which electronic voting systems are to be used may be altered, divided or combined by the county board of elections at any time, except as restricted by subsection d. of this section, so as to conform to the provisions of subsection b. of R. S. 19:4-5.

c. In every division, change or readjustment the geographical compactness of each district shall be maintained as nearly rectangular as possible and the lines of such district shall not extend beyond the boundary lines of the ward, or of the municipality, as the case may be, in which the district is located.
d. No such board or governing body shall make division of an election district between March 1 and the day of the general election in any year.

e. The preparation of the signature copy registers, registers of the voters and the party primary poll books of the preceding primary election and the polling books of the preceding general election if made necessary for any purpose by reason of redistricting of the election districts shall be done by the commissioner in municipalities having permanent registration and by the municipal clerk in all other municipalities.

The district boards in each election district shall consist of four members, except that where electronic voting systems are in use any election district in which there are more than 900 registered voters the district board shall consist of six members. The members shall be appointed by the county board of the county in which such election district is located, in the manner hereinafter provided.

In election districts in which the primary language of 10% or more of the registered voters is Spanish, the county board shall appoint two additional members who shall be of Hispanic origin and fluent in Spanish.

4. Section 5 of P. L. 1973, c. 82 (C. 19:53A-5) is amended to read as follows:

C. 19:53A-5 Ballots; labels; form; samples; write-ins.

5. a. Ballot labels shall be printed in plain clear type in black ink, of such size and arrangement as to fit the construction of the voting device; they shall be printed on clear white material or on material of different colors to identify different ballots or parts of the ballot, and in primary elections to identify each political party.

b. The titles of offices and the names of candidates may be arranged in vertical columns or in a series of separate pages. The office title with a statement of the number of candidates to be voted for shall be printed above or at the side of the names of the candidates for that office. The names of candidates shall be printed in the order provided by law, and in general elections the party designation of each candidate, which may be abbreviated, and a slogan not to exceed six words may be printed following his name. In case there are more candidates for an office than can be printed in one column or on one ballot page, the ballot label
shall be clearly marked that the list of candidates is continued on the following column or page, and so far as possible, the same number of names shall be printed on each column or page. Arrows may be used to indicate the place to vote for each candidate and on each measure.

c. The different parts of the ballot, such as partisan, nonpartisan, and measures, shall be prominently indicated on the ballot labels, and, if practicable, each part shall be placed on a separate page or pages. In the event that two or more elections are held on the same day, the ballot labels shall be clearly marked to indicate the ballot for each election, and, if practical, the ballot labels for each election shall be placed upon separate pages, and labels of a different color or tint may be used for each election.

d. Sample ballots, which shall be facsimile copies of the official ballot or ballot labels, shall be provided as required by law. At least three copies shall be posted in each polling place on election day. Sample ballots may be printed on a single sheet or on a number of pages stapled together.

e. In elections in which voters are authorized to vote for persons whose names do not appear on the ballot, at the discretion of the county board of elections either (1) a separate write-in ballot, which may be in the form of a paper ballot, card or envelope in which the voter places his ballot card after voting, shall be provided to permit voters to write in the title of the office and the name of the person or persons for whom he wishes to vote, or to attach a sticker of suitable size on which is printed the title of the office and the name of the person or persons for whom he wishes to vote; or (2) provision shall be made for the voter to write the name of the person or persons for whom he wishes to vote on the ballot card in the location designated and to punch the ballot card in the location provided.

5. Section 7 of P. L. 1973, c. 82 (C. 19:53A-7) is amended to read as follows:

C. 19:53A-7 Conduct of election.

7. a. Thirty minutes before the opening of the polls the local district election officers shall arrive at the polling place, place the voting devices in position for voting, and examine them to see that they have the correct ballot labels by comparing them with the sample ballots, and are in proper working order. They shall open and check the ballot cards, supplies, records and forms, and post the sample ballots and instructions to voters.
b. Each voter requesting assistance shall be instructed how to operate the voting device before he enters the voting booth. If he needs additional instruction after entering the voting booth and requests assistance, two members of the district board of opposite political parties, may if necessary enter the booth and give him additional instructions.

c. The district election official attending the voting machine shall inspect the face of the machine and the ballot at least once per hour to see that the face of the machine and the ballot are in their proper place and that neither has been mutilated, defaced, tampered with or changed and that the machine has not been changed.

d. After the voter has marked his ballot cards, he shall place the ballot card inside the envelope provided for this purpose and return it to the election officer, who shall remove the stub, place it on a file string, and deposit the envelope with the ballot card inside in the ballot box. No ballot card from which the stub has been detached shall be accepted by the election official in charge of the ballot box, but it shall be marked “Spoiled” and placed with the spoiled ballot cards.

e. Any voter who spoils his ballot card may return it enclosed in the envelope and secure another. The word “Spoiled” shall be written across the face of the envelope, which shall be placed on the same string with the stubs.

f. As soon as the polls have been closed and the last qualified voter has voted, all unused ballot cards shall be placed in a container and sealed for return to the board of elections. The ballot box shall be opened and any write-in votes counted, unless these votes are to be counted by duly appointed bipartisan tabulating teams at the counting center. Before write-in votes are counted they shall be compared with votes cast on the ballot card for the same office. If the voter has cast more votes for an office than he is entitled to vote for, the vote for that office shall be declared null and void and that vote shall not be counted for that office. Votes cast for duly nominated candidates on the ballot card will not be voided because of an invalid write-in vote, but if otherwise valid shall be counted. The voted ballot cards shall next be placed in the ballot card container for delivery to the counting center, and the voting devices shall be placed in their containers for returning to the county board of elections.

g. The district board election officers shall prepare a report of the number of voters who have voted, as indicated by the poll list, the number of write-in votes and any other votes counted by the
district board and the number of spoiled ballots, and shall place the original copy of this report in the ballot card container for delivery to the counting center, which thereupon shall be sealed so that no additional ballot cards may be deposited or removed. Such container shall be durably constructed so as to be resistant to fire, water and tampering. The duplicate copy of said report shall be returned to the county election board with other records. Two district election board officers one of each opposite political party as in this act defined shall forthwith deliver the ballot card container to the counting center or other place designated by the county board. The county board may, in its discretion, direct that ballots be delivered to one or more collection points from which points the ballots shall be transported collectively to the counting center by two duly appointed deputies of opposite political parties. The district board shall receive a receipt before releasing the ballots to said deputies.

6. Section 8 of P. L. 1973, c. 82 (C. 19:53A-8) is amended to read as follows:

C. 19:53A-8 Count of ballots; test of automatic tabulating equipment; return; manual count.

8. a. Prior to the start of the count of the ballots, each county board of elections shall have the automatic tabulating equipment tested to ascertain that it will accurately count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication once in three or more daily or weekly newspapers published in the county or jurisdiction where such equipment is used, if a newspaper is published therein, otherwise in a newspaper of general circulation therein; said newspapers shall be selected so as to give the widest possible notice to the voters of said county and one of said newspapers shall be the newspaper or one of the newspapers in which legal notices of the county are required to be published. The test shall be conducted by processing a preaudited group of ballot cards so punched as to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. In such test a different number of valid votes shall be assigned to each candidate for an office, and for and against each measure. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made and certified to by the county board
of elections before the count is started. The tabulating equipment shall pass the same test at the conclusion of the count before the election returns are approved as official. On completion of the count, the programs, test materials, and ballot cards arranged by districts shall be sealed and retained as provided for paper ballots.

b. All proceedings at the counting center shall be under the direction of the county board of elections or persons designated by it; there shall always be two persons in charge, one from each opposite political party as in this act defined; and all proceedings shall be conducted under the observation of the public, but no persons except those authorized for the purpose shall touch any ballot card or return. All persons who are engaged in processing and counting of the ballots shall be deputized and take an oath that they will faithfully perform their assigned duties. If any ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made and substituted for the damaged ballot card. All duplicate ballot cards shall be clearly labeled “duplicate,” and shall bear a serial number which shall be recorded on the damaged or defective ballot card. The damaged or defective ballot card as well as the “duplicate” shall be preserved with the other ballot cards. During the count the election officer or board in charge may from time to time release unofficial returns. Upon completion of the count the official returns shall be open to the public.

c. The return of the automatic tabulating equipment, to which have been added the write-in and absentee votes, shall, after being duly certified by the county board of elections, constitute the official return of each election district.

d. If for any reason it becomes impracticable to count all or a part of the ballot cards with tabulating equipment, the county board of elections may direct that they be counted manually, following as far as practicable the provisions governing the counting of paper ballots contained in Title 19 of the Revised Statutes.

7. (New section) Notwithstanding any provisions of law to the contrary, in the year in which this act takes effect any county board may before May 1 alter, combine or divide election districts in which electronic voting systems are to be used so as to conform to the provisions of subsection b. of R. S. 19:4-5, and may appoint such new or additional members of such district election boards as may be authorized under R. S. 19:6-1.

8. This act shall take effect immediately.

34:15-27. An agreement for compensation may be modified at any time by a subsequent agreement. A formal award, determination and rule for judgment or order approving settlement may be reviewed within 2 years from the date when the injured person last received a payment upon the application of either party on the ground that the incapacity of the injured employee has subsequently increased. If any party entitled to a review under this section shall become insane within the aforesaid 2-year period, his insanity shall constitute grounds for tolling the unexpired balance of the 2-year period, which shall only begin to run again after his coming to or being of sane mind. An award, determination and rule for judgment or order approving settlement may be reviewed at any time on the ground that the disability has diminished. In such case the provisions of section 34:15-19 of this Title with reference to medical examination shall apply.

2. This act shall take effect immediately.

CHAPTER 320

AN ACT to amend the "Sewerage Authorities Law," approved April 23, 1946 (P. L. 1946, c. 138).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 8 of P. L. 1946, c. 138 (C. 40:14A-8) is amended to read as follows:

C. 40:14A-8 Rates and service charges.

8. (a) Every sewerage authority is hereby authorized to charge and collect rents, rates, fees or other charges (in this act sometimes referred to as "service charges") for direct or indirect connection with, or the use or services of, the sewerage system. Such service charges may be charged to and collected from any person contracting for such connection or use or services or from the owner or occupant, or both of them, of any real property which directly or indirectly is or has been connected with the system or from or on which originates or has originated sewage or other wastes which directly or indirectly have entered or may enter the sewerage system, and the owner of any such real property shall be liable for and shall pay such service charges to the sewerage authority at the time when and place where such service charges are due and payable.

(b) Rents, rates, fees and charges, which may be payable periodically, being in the nature of use or service charges, shall as nearly as the sewerage authority shall deem practicable and equitable be uniform throughout the district for the same type, class and amount of use or service of the sewerage system, and may be based or computed either on the consumption of water on or in connection with the real property, making due allowance for commercial use of water, or on the number and kind of water outlets on or in connection with the real property, or on the number and kind of plumbing or sewerage fixtures or facilities on or in connection with the real property, or on the number of persons residing or working on or otherwise connected or identified with the real property, or on the capacity of the improvements on or connected with the real property, or on any other factors determining the type, class and amount of use or service of the sewerage system, or on any combination of any such factors, and may give
weight to the characteristics of the sewage and other wastes and any other special matter affecting the cost of treatment and disposal thereof, including chlorine demand, biochemical oxygen demand, concentration of solids and chemical composition. In addition to any such periodic service charges, a separate charge in the nature of a connection fee or tapping fee, in respect of each connection of any property with the sewerage system may be imposed upon the person making such connection or upon the owner or occupant of the property so connected. Such connection charges shall be uniform within each class of users but the amount thereof shall otherwise be entirely within the discretion of the authority in order that the combination of such connection fee or tapping fee and the aforesaid periodic service charges shall meet the requirements of subsection (c) hereof; provided, however, that in assessing any such connection charges, the sewerage authority shall give credit in every instance to the owner or occupant of any property wherein or whereon any action or improvement has been taken or effectuated, in accordance with such reasonable specifications as may be prescribed by the sewerage authority, which results in a reduction of the costs actually incurred by the sewerage authority in making such connection below such costs actually incurred in making such connections to property wherein or whereon no such action or improvement has been taken or effectuated. The amount of any such credit shall be equal to the percentage difference between the costs actually incurred by the sewerage authority in making such connection to a property wherein or whereon such an action or improvement has been taken or effectuated, and the average during the immediately preceding year of such costs actually incurred by the sewerage authority in making such connections to property wherein or whereon no such action or improvement has been taken or effectuated.

(c) The sewerage authority shall prescribe and from time to time when necessary revise a schedule of such service charges, which shall comply with the terms of any contract of the sewerage authority and in any event shall be such that the revenues of the sewerage authority will at all times be adequate to pay all expenses of operation and maintenance of the sewerage system, including reserves, insurance, extensions, and replacements, and to pay punctually the principal of and interest on any bonds and to maintain such reserves or sinking funds therefor as may be required by the terms of any contract of the sewerage authority or as may be deemed necessary or desirable by the sewerage authority. Said
schedule shall thus be prescribed and from time to time revised by the sewerage authority after public hearing thereon which shall be held by the sewerage authority at least 7 days after such published notice as the sewerage authority may determine to be reasonable. The sewerage authority shall likewise fix and determine the time or times when and the place or places where such service charges shall be due and payable and may require that such service charges shall be paid in advance for periods of not more than 1 year. A copy of such schedule of service charges in effect shall at all times be kept on file at the principal office of the sewerage authority and shall at all reasonable times be open to public inspection.

(d) Any county sewerage authority may establish sewerage regions in portions of the district. Rent, rates, fees and charges which may be payable periodically, being in the nature of use or service charges, shall as nearly as the sewerage authority shall deem practical and equitable, be uniform throughout the district for the same type, class and amount of use or service of the sewage systems and shall meet all other requirements of subsection (b) hereof.

2. This act shall take effect immediately.

Approved February 20, 1976.

C. 17:9A-29 Appointment of qualified bank as fiduciary by court or officer.

A. A court or officer with power to appoint a fiduciary, may appoint a qualified bank.

B. When a qualified bank, named in a fiduciary capacity in any instrument, shall, before its appointment and qualification as such fiduciary, have been succeeded by another qualified bank as a result of a merger, consolidation, conversion or other corporate reorganization, or when a successor fiduciary to such qualified bank has been appointed as provided in subsection F. of this section, the court or officer having jurisdiction shall, except for good cause shown, upon proper application therefor, appoint the successor bank or such successor fiduciary, as the case may be, to act in such fiduciary capacity.

C. A qualified bank may be appointed, upon the application of any party in interest or upon the application of any person or corporation acting or entitled to act in a fiduciary capacity, to act in
the place and stead of such person or corporation so acting or entitled to act, or jointly with such person or corporation. Such appointment shall be made upon such notice as the court or officer shall direct.

D. Except as may in this act be otherwise expressly provided, a qualified bank acting in a fiduciary capacity shall have all powers, and shall be subject to all liabilities, duties, and obligations as if such bank were an individual.

CHAPTER 326

An Act to amend the title of "An act concerning solid waste management; creating an Advisory Council on Solid Waste Management in the State Department of Environmental Protection, and relating to the department's functions, power and duties," approved May 6, 1970 (P. L. 1970, c. 39, C. 13:1E-1 et seq.), so that the same shall read "An act concerning solid waste management and resource recovery; designating solid waste management districts within the State and regulating solid waste collection and disposal therein; creating an Advisory Council on Solid Waste Management in the State Department of Environmental Protection, and relating to the department's functions, power and duties"; to amend and supplement the body of said act; to amend the "Local Public Contracts Law, approved June 9, 1971 (P. L. 1971, c. 198) and the "Solid Waste Utility Control Act of 1970," approved May 6, 1970 (P. L. 1970, c. 40); to supplement the "Hackensack Meadowlands Reclamation and Development Act" approved January 13, 1969 (P. L. 1968, c. 404); repealing sections 1 and 2 of P. L. 1971, c. 461, and authorizing an appropriation therefor.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

Title amended.

1. The title of P. L. 1970, c. 39 is amended to read as follows: An act concerning solid waste management and resource recovery; designating solid waste management districts within the State and regulating solid waste collection and disposal therein; creating an Advisory Council on Solid Waste Management in the State Department of Environmental Protection, and relating to the department's functions, power and duties.

2. Section 1 of P. L. 1970, c. 39 (C. 13:1E-1) is amended to read as follows:

C. 13:1E-1 Short title.

1. This act shall be known, and may be cited, as the "Solid Waste Management Act."
3. Section 2 of P. L. 1970, c. 39 (C. 13:1E-2) is amended to read as follows:

C. 13:1E-2 Legislature's findings; declaration of policy.

2. a. The Legislature finds that the collection, disposal and utilization of solid waste is a matter of grave concern to all citizens and is an activity thoroughly affected with the public interest; that the health, safety and welfare of the people of this State require efficient and reasonable solid waste collection and disposal service or efficient utilization of such waste; that the management of solid waste in New Jersey consists largely of piecemeal, uncoordinated activities developed to meet the immediate needs of local governments with little, if any, regard for regional planning and coordination; that local units of government acting on their own, despite the most dedicated and sincere efforts, lack the financial resources, scope of alternatives and expertise to plan, develop and implement efficient and effective solutions to their solid waste problems; and that, for the most part, the solid waste planning and management process is adversely affected by the absence of area-wide structures, the limitations of local initiative, the general inadequacy of State technical assistance, the paucity of State grants for solid waste experimentation, the failure of the State to establish guidelines for the preparation of county and intercounty plans, and the failure to implement county and intercounty solid waste collection, disposal and utilization operations.

b. The Legislature, therefore, declares that it is the policy of this State to

1. Establish a statutory framework within which all solid waste collection, disposal and utilization activity in this State may be coordinated;

2. Designate each county in this State and the Hackensack Meadowlands District as a Solid Waste Management District, and provide each county and the Hackensack Meadowlands Development Commission with the power, singly or jointly with one or more other districts, to develop and implement a comprehensive solid waste management plan which meets the needs of every municipality within each such county and within the Hackensack Meadowlands District;

3. Provide citizens and municipalities with opportunities to contribute to the development and implementation of solid waste management plans by requiring public hearings prior to their adoption and by the creation of advisory solid waste councils;
(4) Protect the bondholders of the several incinerator authorities, solid waste management authorities, municipal public utility authorities, county improvement authorities, and other public authorities concerned with solid waste management functions and facilities, while coordinating their activities under solid waste management plans;

(5) Expand and strengthen the existing relationships between the solid waste industry, representing the free enterprise system and the public sector, including the State and municipal governments and the districts established by this act, in order that both may most effectively contribute to an efficient and economical solution to the problem of solid waste management and to take into account the long term financial commitments entered into by solid waste facilities and to recognize, through the Public Utilities Commission the added cost of compliance with environmental standards by the provision of equitable rate increases;

(6) Establish a meaningful and responsible role for the State in the solution of solid waste problems by granting the Department of Environmental Protection and the Solid Waste Advisory Council the power, not only to regulate and supervise all solid waste collection and disposal facilities and operations and to register all persons engaged in the collection or disposal of solid waste in this State, but also to develop through a Statewide solid waste management plan objectives, criteria and procedures to assure the orderly preparation and evaluation of the solid waste management plans developed by every solid waste management district, and to approve, modify, or reject such solid waste management plans on the basis of their conformity with such objectives, criteria and procedures, to develop and implement such a plan where none is approved or forthcoming from any solid waste management district, to arbitrate disputes between solid waste management districts in the development and implementation of solid waste management plans, to utilize the funds received by the department from registration fees and such other funds as may be from time to time appropriated to it to support and undertake experimental projects and programs of research and development to determine the most efficient, sanitary and economical ways of collecting, disposing, limiting and utilizing solid waste, to grant funds to the districts for the formulation and development of solid waste management plans, and to take such other actions in accordance with the policies set forth in this act, all in the manner and extent hereinafter provided;
(7) Encourage resource recovery through the development of systems to collect, separate, recycle and recover metals, glass, paper and other materials of value for reuse or for energy production.

c. The Legislature recognizes that solid waste and recycling facilities will be financed through long term borrowing which requires the negotiation of long term contracts with municipalities and other solid waste collectors to guarantee the flow of solid waste to such facilities. The Legislature, however, does not intend to encourage or permit the public entity, or its designees, that holds these contracts to establish or charge rates to municipalities or other solid waste collectors within its jurisdiction which discriminate on the basis of the cost of disposal at a particular facility which has been designated as the place of disposal for the solid waste of such municipality or other solid waste collector pursuant to an approved solid waste management plan for that district.

4. Section 3 of P. L. 1970, c. 39 (C. 13:1E-3) is amended to read as follows:

C. 13:1E-3 Definitions.

3. For purposes of this act, unless the context clearly requires a different meaning:

a. “Solid waste” means garbage, refuse, and other discarded materials resulting from industrial, commercial and agricultural operations, and from domestic and community activities, and shall include all other waste materials including liquids except for liquids which are treated in public sewage treatment plants and except for solid animal and vegetable wastes collected by swine producers licensed by the State Department of Agriculture to collect, prepare and feed such wastes to swine on their own farms.

b. “Solid waste collection” means the activity related to pick-up and transportation of solid waste from its source or location to a disposal site or to a resource recovery facility.

c. “Solid waste disposal” means the storage, treatment, utilization, processing, resource recovery or final disposal of solid waste.

d. “Solid waste management” includes all activities related to the collection and disposal of solid wastes by any person engaging in such process.

e. “Council” means the Advisory Council on Solid Waste Management.

f. “Department” means the State Department of Environmental Protection.
g. "Commissioner" means the Commissioner of Environmental Protection in the State Department of Environmental Protection.

h. "Solid waste facilities" mean and include the plants, structures and other real and personal property acquired, constructed or operated or to be acquired, constructed or operated by any person pursuant to the provisions of this or any other act, including transfer stations, incinerators, resource recovery facilities, sanitary landfill facilities or other plants for the disposal of solid waste and all vehicles, equipment and other real and personal property and rights thereon and appurtenances necessary or useful and convenient for the collection or disposal of solid waste in a sanitary manner.

j. "Hackensack Meadowlands District" means the area within the jurisdiction of the Hackensack Meadowlands Development Commission created pursuant to the provisions of the "Hackensack Meadowlands Reclamation and Development Act," P. L. 1968, c. 404 (C. 13:17-1 et seq.).

l. "Existing solid waste facility" means that portion of an active solid waste facility which, on the effective date of this act, possesses a valid approved registration from the department.

m. "New solid waste facility" means any solid waste facility or portion thereof which does not qualify as an existing solid waste facility.

n. "Public sewage treatment plant" means any structure or structures required to be approved by the department pursuant to R. S. 58:11-10 or R. S. 58:12-3 by means of which domestic

o. "Resource recovery" means the collection, separation, recycling and recovery of metals, glass, paper and other materials for reuse or for energy production.

p. "Recycling facility" means any solid waste facility utilized to separate or process solid waste into marketable materials.

5. Section 4 of P. L. 1970, c. 39 (C. 13:1E-4) is amended to read as follows:

C. 13:1E-4 Supervision of solid waste collection and disposal facilities or operations.

4. a. The department shall have power to supervise solid waste collection and disposal facilities or operations, and shall in the exercise of such supervision require the registration of new and existing solid waste collection and disposal facilities and operations; and may exempt from the requirement of registration any class of solid waste collection or disposal facility or operation.

b. The department in reviewing the registration statement for a new solid waste collection operation or solid waste disposal facility or operation and in determining the conditions under which it may be approved, shall not approve the registration of any new operation or facility that does not conform to the solid waste management plan of the solid waste management district in which such operation or facility is to be located, as such plan shall have been approved by the department as hereinafter provided. Prior to the approval by the department of the solid waste management plan of any solid waste management district, the department may grant approval to any new solid waste collection or disposal operation or facility planned to be located in any such district and that district shall include said operation or facility in its plan.

6. Section 5 of P. L. 1970, c. 39 (C. 13:1E-5) is amended to read as follows:

C. 13:1E-5 Registration statement and engineering design; approval.

5. a. Unless exempted by the department, no person shall hereafter engage or continue to engage in the collection or disposal of solid waste in this State without first filing a registration statement
and obtaining approval thereof from the department. A person
engaging in solid waste disposal shall file a separate registration
statement and an engineering design for each disposal facility
which he operates. The registration statement and engineering
design for each disposal facility and approval of same shall be
for the duration of the plan.

b. The registration statement and the engineering design shall
be made on forms provided by the department and shall contain
such information as may be prescribed by the department. The State
and any of its political subdivisions, public agencies and public
authorities shall be deemed a person within the meaning of this act.

c. No registration shall be approved by the department when in
the opinion of the department such solid waste collection or disposal
facility or operation will not meet the standards or criteria set forth
in this amendatory and supplementary act or in regulations as may
be promulgated under authority of this act or this amendatory
and supplementary act. The department may require the amend­
ment of an approved registration when, in its opinion, continued
operation of a solid waste facility in accordance with its approved
registration would not meet the standards, criteria or regulations
described herein.

7. Section 6 of P. L. 1970, c. 39 (C. 13:1E-6) is amended to read
as follows:

C. 13:1E-6 Additional powers of department.

6. a. The department shall, in addition to such other powers as
it may possess by law:

(1) Undertake a program of research and development for the
purpose of determining the most efficient, sanitary and economical
way of collecting, disposing and utilizing solid waste.

(2) Formulate and promulgate, amend and repeal codes, rules
and regulations concerning solid waste collection and solid waste
disposal activities. Such codes, rules and regulations shall establish
the procedures relating to the preparation and submission of
environmental impact statements prior to the construction, acquisi­
tion, or operation of any solid waste facility, and shall establish
standards for the construction and operation of solid waste facili­
ties, which standards shall include, but not be limited to, provisions
requiring: the maintenance of ground water quality monitoring
wells to check water pollution; periodic monitoring of water quality
by chemical analysis; measures to monitor methane gas production
at sanitary landfills; plans for erosion control; revegetation pro-
 procedures and plans for the maintenance, upkeep, and reuse of any sanitary landfill site; adequate cover material; safety measures; rodent, insect, bird, dust, fire and odor control programs; and such other measures as shall be deemed necessary to protect the public health and safety and the natural environment.

All codes, rules and regulations heretofore adopted by the Public Health Council relating to refuse disposal shall continue in full force and effect and be enforceable by the department, subject to its power as herein provided to amend or repeal the same.

(3) Develop, formulate, promulgate and review for the purpose of revising or updating not less than once every 2 years, a Statewide solid waste management plan which shall encourage the maximum practicable use of resource recovery procedures and which shall provide the objectives, criteria and standards for the evaluation of solid waste management plans prepared pursuant to the provisions of this amendatory and supplementary act for solid waste management districts in this State; and to the extent practicable, encourage and assist in the development and formulation of such solid waste management plans and guidelines to implement such plans. Such objectives, criteria and standards shall be promulgated within 180 days of the effective date of this act; provided, however, that general guidelines sufficient to initiate the solid waste management planning process by solid waste management districts in this State shall be promulgated within 30 days of the effective date of this act. In the development and formulation of the Statewide solid waste management plan the department shall consult with relevant agencies and instrumentalities of the Federal Government, and the aforesaid objectives, criteria and standards provided by said Statewide solid waste management plan shall conform, to the extent practicable, or as may be required, to the provisions of any Federal law concerning such objectives, criteria and standards.

(4) Make an annual report to the Governor and the Legislature evaluating the operation of this amendatory and supplementary act, including any recommendations deemed necessary by the department to better effectuate the purposes hereof.

b. The department may, in addition:

(1) Order any district, pursuant to the Statewide solid waste management plan, the objectives criteria and standards contained therein, the environmental and economic studies conducted by the department therefor and in a manner designed to enhance the environment within the concerned districts, (a) to plan for the construction of resource recovery facilities, (b) to specify what
processes should be utilized therein, (e) to develop a joint program with one or more adjacent districts for providing resource recovery facilities, and (d) for those districts affected by the guarantee provided in P. L. 1968, c. 404, s. 9.1 (C. 13:17-10), to cooperate on a continuing basis with the department and with the other districts so affected in the development of a combined approach to solid waste management in northeastern New Jersey and make the final determination in the event of any overlap or conflict between the Hackensack Commission and any board of chosen freeholders pursuant to their respective responsibilities under this amendatory and supplementary act or pursuant to the Hackensack Commission’s responsibilities under P. L. 1968, c. 404 (C. 13:17-1 et seq.).

(2) Acquire, by purchase, grant, contract or condemnation, title to real property, for the purpose of demonstrating new methods and techniques for the collection, disposal and utilization of solid waste;

(3) Purchase, operate and maintain, pursuant to the provisions of this act, any facility, site, laboratory equipment or machinery necessary to the performance of its duties pursuant to this act;

(4) Apply for, receive and expend funds from any public or private source;

(5) Contract with any other public agency, including county and municipal boards of health, or corporation incorporated under the laws of this or any other state for the performance of any function under this act. Any such contract with a county or municipal board of health may provide for the inspection and monitoring of solid waste facilities; the enforcement of the department’s standards therefor; and the training of county or municipal health officers engaged in such inspection, monitoring or enforcement;

(6) Make grants to assist in experimenting with new methods of solid waste collection, disposal, or utilization, pursuant to the provisions of sections 21 through 25 of this amendatory and supplementary act;

(7) Construct and operate, on an experimental basis, incinerators or other facilities for the disposal or utilization of solid waste, to provide the various municipalities and counties of this State, the Board of Public Utility Commissioners, the Hackensack Commission, and the Division of Local Government Services in the Department of Community Affairs with statistical data on costs and methods of solid waste collection and disposal;
(8) Make annual and such other reports as it may deem proper to the Governor and the Legislature evaluating the demonstrations and experiments conducted during each calendar year.

7.1. Section 7 of P. L. 1970, c. 39 (C. 13:1E-7) is amended to read as follows:

C. 13:1E-7 Advisory Council on Solid Waste Management created; membership; appointment; officers; terms; vacancies; compensation.

7. a. There is hereby created in the department an Advisory Council on Solid Waste Management which shall consist of 11 members, four of whom shall be the President of the Board of Public Utility Commissioners, the Commissioner of Community Affairs, the Secretary of Agriculture and the Commissioner of Health, or their designees, who shall serve ex officio, and seven citizens of the State, three of whom shall be actively engaged in the management of either solid waste collection or solid waste disposal, or both, and four of whom shall be representing the general public to be appointed by the Governor, with the advice and consent of the Senate. The Governor shall designate a chairman and vice chairman of the council from the public members who shall serve at the will of the Governor.

b. Of the seven members first to be appointed three shall be appointed for terms of 2 years, two for terms of 3 years and two for terms of 4 years. Thereafter all appointments shall be made for terms of 4 years. All appointed members shall serve after the expiration of their terms until their respective successors are appointed and shall qualify, and any vacancy occurring in the appointed membership of the council by expiration of term or otherwise, shall be filled in the same manner as the original appointment for the unexpired term only, notwithstanding that the previous incumbent may have held over and continued in office as aforesaid.

c. Members of the council shall serve without compensation but shall be reimbursed for expenses actually incurred in attending meetings of the council and in performance of their duties as members thereof.

8. Section 8 of P. L. 1970, c. 39 (C. 13:1E-8) is amended to read as follows:

C. 13:1E-8 Council's powers.

8. The Advisory Council on Solid Waste Management is empowered to:
a. Request from the commissioner such information concerning solid waste programs and solid waste management plans as it may deem necessary;

b. Consider any matter relating to the preservation and improvement of solid waste programs and solid waste management plans, and advise the commissioner thereon;

c. From time to time submit to the commissioner any recommendations which it deems necessary for the proper conduct and improvement of solid waste programs and solid waste management plans;

d. Study solid waste programs and the solid waste management plans submitted by the commissioner, and make its recommendations thereon to the commissioner;

e. Study any regulations promulgated by the department and the Public Health Council in regard to solid waste and make its recommendations for their improvement to the commissioner;

f. Study and investigate the state of the art and the technical capabilities and limitations of regulations concerning solid waste and report their finding and recommendations thereon to the commissioner;

g. Study and investigate the need for programs for the long range technical support of solid waste programs and solid waste management plans, and report their findings and recommendations thereon to the commissioner;

h. Hold public hearings annually or more frequently in regard to existing solid waste statutes and regulations and upon the state of the art and technical capabilities and limitations in solid waste and report its recommendations thereon to the commissioner.

9. Section 11 of P. L. 1970, c. 39 (C. 13:1E-11) is amended to read as follows:

C. 13:1E-11 Temporary approval of registrations.

11. During the first registration year of each applicant, or the year following any violation of this act resulting in a revocation of registration, the department is authorized to give temporary approval of registrations conditioned upon the applicant effecting specified additions, changes or improvements in methods of operation and equipment within such time and manner as may be required by the department. The fee for such temporary approval shall be the appropriate fee established pursuant to section 3 of P. L. 1971, c. 461 (C. 13:1E-18), notwithstanding the length of time for which it is given.
CHAPTER 326, LAWS OF 1975

10. Every county in the State of New Jersey and the Hackensack Meadowlands District is hereby designated a solid waste management district.

C. 13:1E-20 Development and formulation of solid waste management plan; adoption; advisory solid waste council.

11. a. (1) Within 360 days after the effective date of this amendatory and supplementary act, the respective boards of chosen freeholders, in the case of counties, and the Hackensack Commission, in the case of the Hackensack Meadowlands District, shall develop and formulate, pursuant to the procedures herein contained, a solid waste management plan for each respective solid waste management district; provided, however, that the commissioner may extend such period for a maximum of 45 additional days upon the certification of the board of chosen freeholders or the Hackensack Commission, as the case may be, of the causes of the delay in developing and formulating a plan, and upon the commissioner’s determination that an extension will permit the development and formulation of a solid waste management plan as required herein. Within 90 days of the effective date of this act, each district shall make the necessary personnel, financial and legal arrangements to assure the development and formulation of the plan within 360 days of the effective date of this act. Every such solid waste management plan shall be developed and formulated to be in force and effect for a period of 10 years, upon the expiration of which a new plan shall be developed and formulated pursuant to the procedures herein contained; provided, however, that every such plan shall contain provisions for automatic review thereof not less than once every 2 years following the approval thereof by the department, which review shall be undertaken by the board of chosen freeholders or the Hackensack Commission, as the case may be; and, provided further, however, that every such plan may be reviewed at any time by the department. Upon such review, if the board of chosen freeholders, the Hackensack Commission, or the department, as the case may be, determines that any solid waste management plan, or any part thereof, is inadequate for the purposes for which it was intended, such board of chosen freeholders or the Hackensack Commission, as the case may be, shall develop and formulate a new solid waste management plan, or any part thereof, and such new plan, or part thereof, shall be adopted thereby pursuant to the procedures contained in section 14 of this amendatory and supplementary act.
Nothing herein contained shall be construed as to prevent any board of chosen freeholders or the Hackensack Commission from readopting a solid waste management plan upon the expiration of same in a solid waste management district; provided, however, that any such readoption shall be pursuant to the provisions of section 14 of this amendatory and supplementary act.

(2) Any two or more districts may formulate and adopt a single solid waste management plan which shall meet all the requirements of this act for the combined area of the cooperating solid waste management districts.

b. (1) To assist each board of chosen freeholders in the development and formulation of the solid waste management plans required herein, an advisory solid waste council shall be constituted in every county and shall include municipal mayors or their designees, persons engaged in the collection or disposal of solid waste and environmentalists. The respective size, composition and membership of each such council shall be designated by the respective boards of chosen freeholders. In the Hackensack Meadowlands District, the Hackensack meadowlands municipal committee, established pursuant to article 4 of P. L. 1968, c. 404 (C. 13:17-7 and 13:17-8), is hereby designated an advisory solid waste council for the purposes of this amendatory and supplementary act; provided, however, that nothing herein contained shall be construed as in any way altering the powers, duties and responsibilities of the Hackensack meadowlands municipal committee except as herein specifically provided. The respective boards of chosen freeholders and the Hackensack Commission shall consult with the relevant advisory solid waste council at such stages in the development and formulation of the solid waste management plan as each such board of chosen freeholders or the Hackensack Commission, as the case may be, shall determine; provided, however, that a solid waste management plan shall be adopted as hereinafter provided only after consultation with the relevant advisory solid waste council.

(2) In the development and formulation of a solid waste management plan for any solid waste management district, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall:

(a) Consult with the county or municipal government agencies concerned with, or responsible for, water pollution control, water policy, water supply, or zoning or land use within the solid waste management district;
(b) Review such plans for solid waste collection and disposal proposed by, or in force in, any municipality or municipalities within the solid waste management district, to determine the suitability of any such plan, or any part thereof, for inclusion within the solid waste management plan of the solid waste management district; and

(c) Consult with persons engaged in solid waste collection and disposal in the solid waste management district.

C. 13:1E-21 Solid waste management plan; report; contents.

12. a. Every solid waste management plan shall be based upon and shall be accompanied by a report containing:

(1) An inventory of the sources, composition, and quantity of solid waste generated within the solid waste management district in the year in which the report is prepared;

(2) Projections of the amounts and composition of solid waste to be generated within the district in each of the 10 years following the year in which the report is prepared; provided, however, that in the formulation of its solid waste management plan every board of chosen freeholders may deduct from the actual amount of solid waste generated within the solid waste management district in the year in which the report is prepared, and projected for each of the 10 years following said year, the total solid waste tonnage treated and disposed on a daily basis in the Hackensack Meadowlands District by every municipality within said solid waste management district as of July 1, 1968, which deduction shall be pursuant to the guarantee provided in P. L. 1968, c. 404, section 9.1 (C. 13:17-10);

(3) An inventory and appraisal, including the identity, location, and life expectancy, of all solid waste facilities within the solid waste management district, including such facilities operated by any person, and the identity of every person engaging in solid waste collection or disposal within the district; and

(4) An analysis of existing solid waste collection systems and transportation routes within the solid waste management district.

b. Every solid waste management plan shall include:

(1) The designation of a department, unit or committee of the county government, in the case of counties, or of the Hackensack Commission, in the case of the Hackensack Meadowlands District, to supervise the implementation of the solid waste management plan and to report thereon at such times as may be required by the board of chosen freeholders or the Hackensack Commission, as the case may be;
(2) A statement of the solid waste disposal strategy to be applied in the solid waste management district, which strategy shall include the maximum practicable use of resource recovery procedures; and a plan for using terminated landfill disposal sites, if any, in the solid waste management district;

(3) A site plan, which shall include all existing solid waste facilities located within the solid waste management district, provided that they are operated and maintained in accordance with all applicable health and environmental standards, and sufficient additional available suitable sites to provide solid waste facilities to treat and dispose of the actual and projected amounts of solid waste contained in the report accompanying the plan.

Upon a certification to the commissioner by the board of chosen freeholders or the Hackensack Commission, as the case may be, of the absence of sufficient existing or available suitable sites for such solid waste facilities within the solid waste management district, the site plan shall identify sufficient additional existing or available suitable sites for such facilities located in another solid waste management district; provided, however, that such certification shall be accompanied by a copy of the contract or agreement entered into by the concerned boards of chosen freeholders or the Hackensack Commission, as the case may be, authorizing the use by a solid waste management district of solid waste facilities located in another solid waste management district, and providing for the acquisition of such lands and rights and interests therein as may be required within the solid waste management district in which the solid waste facilities are to be located. Notwithstanding the above, however, a board of chosen freeholders may enter into an agreement with any person engaged in solid waste disposal in an adjacent solid waste management district with the approval of said adjacent district, which shall be reflected in the plans for said adjacent districts, to treat and dispose of the amount of solid waste from their district that said person treats and disposes of in that adjacent district on the effective date of this act. Upon the failure for any reason of the concerned boards of chosen freeholders or the Hackensack Commission, as the case may be, to make such a contract or to reach such an agreement, the board of chosen freeholders or the Hackensack Commission, as the case may be, seeking to locate said solid waste facilities in another solid waste management district shall certify such failure to the commissioner.
Upon the receipt of any such certification of failure, the commissioner shall cause a study to be made by the department to determine the suitable location of solid waste facilities for the use of the solid waste management district for which such certification was made. In such study, the commissioner may request the submission of any specifications or other information he deems necessary from any solid waste management district, and the board of chosen freeholders or the Hackensack Commission, as the case may be, shall submit all such material so requested. In determining the suitable location of solid waste facilities, the commissioner shall weigh the relative feasibility of alternative locations in terms of such factors as environmental impact, transportation patterns and their comparative costs, compatibility with the current land use policies in the immediate area of the alternative locations, as well as with the Statewide solid waste management plan and such other master plans and planning policies as may exist at the municipal, county, regional or State levels, and such other criteria as the commissioner deems relevant.

Upon the completion of said study the commissioner shall:

(a) Require the certifying board of chosen freeholders or the Hackensack Commission, as the case may be, to locate the required solid waste facilities within its own solid waste management district and as part of the solid waste management plan therefor; or

(b) Require any other board of chosen freeholders or the Hackensack Commission, as the case may be, to provide solid waste facilities, or parts thereof, within its solid waste management district and as part of the solid waste management plan therefor, for the use of the certifying solid waste management district; provided, however, that the full cost of any such solid waste facilities, or of any part thereof to the extent of use thereof, shall be borne by the solid waste management district making use of same.

In the adoption of any solid waste management plan pursuant to the provisions of section 14 of this amendatory and supplementary act, no board of chosen freeholders nor the Hackensack Commission, as the case may be, shall alter any part required by a determination made by the commissioner as herein provided concerning the location of any solid waste facilities.

Notwithstanding the provisions of section 11 of this amendatory and supplementary act, the time taken by the commissioner from the receipt of any certification of failure pursuant to this section to the completion of the study required herein concerning such certification of failure, shall be in addition to, and shall not count
towards, the 360 days permitted in said section 11 for the development and formulation of a solid waste management plan.

(4) A survey of proposed collection districts and transportation routes, with projected transportation costs from collection districts to existing and available suitable sites for solid waste facilities;

(5) The procedures for coordinating all activities related to the collection and disposal of solid waste by every person engaging in such process within the solid waste management district, which procedures shall include the agreements entered into as provided herein between the board of chosen freeholders or the Hackensack Commission, as the case may be, and every such person; and the procedures for furnishing the solid waste facilities contained in the solid waste management plan; and

(6) The method or methods of financing solid waste management in the solid waste management district pursuant to the solid waste management plan.

c. Any existing joint meeting formed for the construction or operation of solid waste facilities pursuant to the “consolidated municipal services act” (P. L. 1952, c. 72 (C. 40:48B-1 et seq.); or any existing authority composed of two or more municipalities formed pursuant to the “solid waste management authorities law” (P. L. 1968, c. 249 (C. 40:66A-32 et seq.) may request the commissioner to review its solid waste management plan. The commissioner may direct the concerned solid waste management district to incorporate all or part of said plan into the solid waste management plan of that district.

C. 13:1E-22 Competition with facilities of public authority; prohibition; agreements or contracts; authorization.

13. In order to preserve and maintain the State’s pledges and covenants with the holders of any bonds issued by any public authority, no solid waste management plan shall include provisions for establishing any solid waste facility in competition with such facilities operated, or for which bonds have been issued, by any such public authority; provided, however, that every board of chosen freeholders and the Hackensack Commission is hereby authorized and empowered in the development and formulation of a solid waste management plan to enter into any contract or agreement with any public authority within any solid waste management district providing for or relating to solid waste collection and solid waste disposal. Any such contract or agreement may provide for the furnishing of solid waste facilities either by or to the solid waste management district, or the joint construction or operation
of solid waste facilities. Every such contract or agreement shall conform to all the requirements of law for contracts or agreements made by any public authority, and may include such provisions for rates and charges, and for the furnishing of solid waste facilities, as the board of chosen freeholders or the Hackensack Commission, as the case may be, deems necessary in the development and formulation of a solid waste management plan to coordinate all activities relating to solid waste collection and solid waste disposal within the solid waste management district, and for the furnishing of adequate and suitable solid waste facilities therein. Every board of chosen freeholders and the Hackensack Commission, as the case may be, is hereby further authorized and empowered to purchase the bonds of any public authority, and to purchase any solid waste facilities of any public authority upon a contract or agreement therewith for any such solid waste facility purchase.

C. 13:1E-23 Adoption of solid waste management plan; procedure; review.

14. a. Pursuant to the procedures herein contained, the respective boards of chosen freeholders, in the case of counties, and the Hackensack Commission, in the case of the Hackensack Meadowlands District, shall have the power, after consultation with the relevant advisory solid waste council, to adopt a solid waste management plan for the relevant solid waste management district; provided, however, that if in any solid waste management district the procedures contained in this section are not commenced within 361 days after the effective date of this amendatory and supplementary act, unless the commissioner shall have extended the time for the development and formulation of a solid waste management plan pursuant to section 11 of this amendatory and supplementary act, and unless a certification of failure shall have been received by the commissioner pursuant to 12 b. (3) of this amendatory and supplementary act, the department shall have the power to develop, formulate and, pursuant to the procedures herein contained, adopt and promulgate a solid waste management plan for any such solid waste management district.

b. Upon the development and formulation of a solid waste management plan, and after consultation with the relevant advisory solid waste council, the relevant board of chosen freeholders, in the case of counties, or the Hackensack Commission, in the case of the Hackensack Meadowlands District, shall prepare a map showing the boundaries of the solid waste management district and the location of all existing and proposed solid waste
facilities. In the event such solid waste management plan proposes to locate solid waste facilities in another solid waste management district, a map of such other district, showing the location of the proposed facilities, shall be prepared. Said map shall be appended to a copy of the district’s solid waste management plan, to which shall also be appended a copy of the report accompanying said plan. Said map, plan and report shall be sent by mail to the mayor of each municipality within the county, in the case of counties, and in the case of the Hackensack Meadowlands District, said map, plan and report shall be maintained at the main office of the Hackensack Commission.

c. The board of chosen freeholders, or the Hackensack Commission, as the case may be, shall thereupon cause a hearing to be held at an appointed time and place for the purpose of hearing persons interested in, or who would be affected by, the adoption of the solid waste management plan for the relevant solid waste management district, and who are in favor of or are opposed to such adoption.

d. A notice of such hearing shall be given setting forth the purpose thereof and stating that a map, plan and report have been prepared and can be inspected at the offices of every municipality within the county, or at the main office of the Hackensack Commission, as the case may be. A copy of such notice shall be published in a newspaper of general circulation in the solid waste management district once each week for 2 consecutive weeks, and the last publication shall be not less than 10 days prior to the date set for the hearing. A copy of the notice shall be mailed at least 10 days prior to the date set for the hearing to the last owner, if any, of each parcel of property within or without the district on which it is proposed to locate any solid waste facilities pursuant to the district’s solid waste management plan. Such mailing shall be according to the assessment records of the municipality where such parcel is located and shall be sent to the last known postal address of such owners. A notice shall also be sent to any and all persons at his, or their, last known address, if any, whose names are noted on said assessment records as claimants of an interest in any such parcel. The assessor of such municipality shall make a notation upon the said records when requested so to do by any person claiming to have an interest in any parcel of property in such municipality. Failure to mail any such notice shall not invalidate the adoption of any solid waste management plan.

e. At the hearing, which may be adjourned from time to time, the board of chosen freeholders, or the Hackensack Commission, as the
case may be, shall hear all persons interested in the solid waste management plan and shall consider any, and all, written objections that may be filed and any evidence which may be introduced in support of the objections, or any opposition to the adoption of the solid waste management plan for the solid waste management district. After the hearing the board of chosen freeholders, or the Hackensack Commission, as the case may be, shall, by resolution, adopt or reject, in whole or in part, the solid waste management plan for the solid waste management district. The adoption of all or a part of a solid waste management plan, if supported by substantial evidence, shall be binding and conclusive upon all persons affected by the adoption. If all or any part of the solid waste management plan is adopted, the board of chosen freeholders, or the Hackensack Commission, as the case may be, within 10 days after such adoption, shall cause to be served a copy of the resolution of adoption upon each person who filed a written objection at or prior to the hearing; provided, the address of the objector was stated in, or upon, the written objection.

Such service may be made (1) by delivering a copy of the resolution personally to the objector, (2) by mailing such copy addressed to the objector according to his said stated address, or (3) leaving such copy at said stated address for the objector with a person of suitable age and discretion.

f. Any person who shall have filed such a written objection with the board of chosen freeholders, or the Hackensack Commission, as the case may be, may have the adoption of a solid waste management plan reviewed by the Superior Court of New Jersey by procedure in lieu of prerogative writs. An action for such review shall be commenced within 30 days after the adoption by the board of chosen freeholders, or by the Hackensack Commission, as the case may be. In any such action, the said court may make any incidental order that shall be deemed by the court to be proper.

g. Upon the adoption of a solid waste management plan in its entirety, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall forthwith submit such plan, and a copy of the transcript of every public hearing held thereon, and a complete record of the dates and results of all consultation with governmental agencies and the relevant advisory solid waste council, to the commissioner. Upon the adoption of a part or parts of a solid waste management plan, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall certify the fact of such partial adoption to the commissioner, and such
board of chosen freeholders or the Hackensack Commission, as the case may be, shall, notwithstanding any previous extension granted pursuant to any of the provisions of this amendatory and supplementary act, have an additional 45 days from the date of such certification to adopt a solid waste management plan in its entirety, which adoption shall be pursuant to all the procedures contained herein for the adoption of solid waste management plans.

h. Every board of chosen freeholders and the Hackensack Commission shall adopt a solid waste management plan in its entirety and submit same to the commissioner, with a copy of the transcript of every public hearing held thereon, and a complete record of the dates and results of all consultation with governmental agencies and the relevant advisory solid waste council, within 450 days after the effective date of this amendatory and supplementary act; provided, however that if the commissioner shall have granted an extension of time for the development and formulation of such plan pursuant to section 11 of this amendatory and supplementary act, or an extension of time for the adoption of any such plan in its entirety pursuant to this section, or both, the time for adoption and submission to the commissioner as required herein shall be increased to a maximum of 495 days in the case of either such extension, or 540 days in the case of both such extensions; and, provided further, however, that if the commissioner shall have received a certification of failure pursuant to section 12 b. of this amendatory and supplementary act, the time for adoption and submission to the commissioner, notwithstanding any other increase authorized in this amendatory and supplementary act, shall be increased by the number of days taken by the commissioner from the date of such receipt to the completion of his study concerning such certification of failure.

i. Upon the failure of any board of chosen freeholders or the Hackensack Commission, as the case may be, to adopt a solid waste management plan in its entirety and to submit same to the commissioner, with a copy of the transcript of every public hearing held thereon, and a complete record of the dates and results of all consultation with governmental agencies and the relevant advisory solid waste council, within the time prescribed in subsection h. of this section, the department shall have the power to develop and formulate a solid waste management plan in its entirety for any such solid waste management district, either including therein or excluding therefrom any part or parts of such plan as may have
been adopted by the board of chosen freeholders or the Hackensack Commission, as the case may be. Following the holding of a public hearing pursuant to the procedures contained herein, the department shall have the power to adopt and promulgate such solid waste management plan in its entirety for any such solid waste management district. Any solid waste management plan so adopted and promulgated by the department for any solid waste management district shall be subject to the same review by the Superior Court as solid waste management plans otherwise adopted pursuant to this section.

C. 13:1E-24 Study and review of plan by commissioner; approval, modification or rejection; certification; adoption or modification by district; filing.

15. a. Upon receipt by the commissioner of a solid waste management plan adopted in its entirety, and a copy of the transcript of every public hearing held thereon, as required pursuant to section 14 of this amendatory and supplementary act, he shall:

(1) Study and review the solid waste management plan according to the objectives, criteria and standards developed in the Statewide solid waste management plan developed and formulated by the department pursuant to the provisions of section 6 of the act to which this act is amendatory and supplementary;

(2) Submit a copy of said plan for review and recommendations to the Advisory Council on Solid Waste Management in the department, and to the agencies, bureaus and divisions within the department concerned with, or responsible for, environmental quality, including, but not limited to, the Bureau of Solid Waste Management, Bureau of Air Pollution Control, Bureau of Geology, and the Bureau of Water Pollution Control, or their successors; and

(3) Submit a copy of said plan to the Board of Public Utility Commissioners for review and recommendations on the economic aspect of the plan.

b. After completing his study and review of the solid waste management plan, and upon receipt of the recommendations thereon provided for in subsection a. (2) of this section, if any, but in no event later than 150 days after his receipt of said plan, the commissioner shall determine whether to approve, modify, or reject any such solid waste management plan, and shall certify such determination to the board of chosen freeholders or to the Hackensack Commission, as the case may be, which submitted such plan.

c. If the commissioner determines to approve any solid waste management plan, or if the commissioner has made no determina-
tion within 150 days after his receipt of any such plan, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall proceed, pursuant to the requirements of this amendatory and supplementary act, to implement such solid waste management plan in the relevant solid waste management district.

d. If the commissioner determines to modify or reject any solid waste management plan, or any part thereof, the certification required of him herein shall be accompanied by a detailed statement prepared by the commissioner indicating the reasons for any modification or rejection, and outlining the action to be taken thereon. In outlining such action the commissioner shall direct the board of chosen freeholders or the Hackensack Commission, as the case may be, to make any modification in, or replace any rejected part of, a solid waste management plan, either with or without holding another public hearing in the solid waste management district. Such direction shall be based upon the commissioner's determination, in his discretion, that such modification, or the part rejected, is or is not minor, and that such modification or replacement may or may not be made without substantially modifying or altering other aspects of the solid waste management plan; provided, however, that a public hearing shall be required upon a rejection by the commissioner of any solid waste management plan in its entirety.

e. (1) If the commissioner directs the holding of another public hearing in the solid waste management district, such hearing shall be held within 45 days after such direction and shall be conducted pursuant to the procedures contained in section 14 of this amendatory and supplementary act for the conduct of public hearings held prior to the adoption of solid waste management plans. Following any such public hearing on any modification to, or replacement of, any solid waste management plan, or any part thereof, the board of chosen freeholders or the Hackensack Commission, as the case may be, holding same shall formally adopt a modification to, or replacement of, the solid waste management plan, or any part thereof, and shall submit same to the commissioner within the time limit set by the commissioner in the public hearing order.

(2) If the commissioner directs that the modification or replacement may be made without the holding of another public hearing, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall have 45 days after such direction within which to adopt any such modification or replacement, and to submit same to the commissioner.
f. The commissioner shall have 30 days from the date of receipt of any submission under subsection e. herein to approve such modification or replacement or to reject same, and he shall certify such approval or rejection to the board of chosen freeholders or the Hackensack Commission, as the case may be, which submitted same. If the commissioner approves such modification or replacement, or if the commissioner has made no such certification within 30 days after his receipt thereof, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall proceed, pursuant to the requirements of this amendatory and supplementary act, to implement the solid waste management plan in the relevant solid waste management district. Upon a rejection of any modification or replacement submitted to him pursuant to this section, or upon the failure of a board of chosen freeholders or the Hackensack Commission, as the case may be, to submit any modification or replacement as required herein, the commissioner shall have the power to adopt and promulgate any modification or replacement he deems necessary with respect to the solid waste management plan, and upon the certification of the commissioner, the board of chosen freeholders or the Hackensack Commission, as the case may be, shall proceed, pursuant to the requirements of this amendatory and supplementary act, to implement the solid waste management plan in the relevant solid waste management district with the modifications or replacements adopted by the commissioner.

g. The commissioner shall maintain on file in the department a copy of every solid waste management plan adopted and approved pursuant to this amendatory and supplementary act, and a copy of the Statewide solid waste management plan developed and formulated by the department. Such plans are hereby declared to be public records and shall be subject to all the provisions of P. L. 1963, c. 73 (C. 47:1A-1 et seq.) concerning such public records.

C. 13:1E-25 Payment of costs; adoption of County Solid Waste Disposal Financing Law.

16. a. Every action taken pursuant to the provisions of this amendatory and supplementary act by any county is hereby declared to be a county purpose and the costs thereof may be paid out of the general funds of the county and from the proceeds of any grants for this purpose from the State, Federal Government or any agency thereof.

b. In the performance of any responsibilities or requirements pursuant to this amendatory and supplementary act, any county may adopt and come under the "County Solid Waste Disposal
Financing Law," P. L. 1970, c. 242 (C. 40:66A-31.1 et seq.); provided, however, that after the effective date of this amendatory and supplementary act every action taken by any county under the aforesaid "County Solid Waste Disposal Financing Law" shall be pursuant to the adopted and approved solid waste management plan of the solid waste management district constituting said county.

C. 13:IE-26 Approval by commissioner prior to construction, acquisition, or operation of facility.

17. Prior to the construction, acquisition, or operation of any solid waste management facility in any solid waste management district pursuant to the adopted and approved or promulgated solid waste management plan therefor, the person proposing such construction, acquisition, or operation, in addition to preparing an environmental impact statement on such facility in such form as shall be required by the commissioner pursuant to the provisions of section 6 of the act to which this act is amendatory and supplementary, shall make or cause to be made such preliminary surveys, investigations, studies, borings, maps, plans, drawings, and estimates of costs and of revenues as the commissioner may deem necessary relating to the type of such solid waste facility.

The results of such environmental impact statements, surveys, investigations, studies, borings, maps, plans, drawings, and estimates required by the commissioner shall be submitted to the commissioner for approval. No person may proceed to construct, acquire, or operate any solid waste facility without having first obtained the approval of the commissioner. Such approval shall be granted only if the commissioner determines that:

a. The proposed construction, acquisition, or operation is consistent with the adopted and approved or promulgated solid waste management plan of the solid waste management district within which the solid waste facility is to be located; and

b. Any such proposed solid waste facility will be constructed or acquired, and operated, pursuant to the standards adopted and promulgated therefor by the department pursuant to the provisions of section 6 of the act to which this act is amendatory and supplementary.

18. Any solid waste facility constructed, acquired or operated pursuant to the provisions of this amendatory and supplementary act shall be deemed a public utility and shall be subject to such rules and regulations as may be adopted by the Board of Public Utility Commissioners in accordance with the provisions of the

C. 13:1E-28 Benefits to municipality.

19. Subject to such terms as agreed upon by a board of chosen freeholders or the Hackensack Commission, as the case may be, any municipality within which any solid waste facility is located pursuant to an adopted and approved solid waste management plan, shall be entitled to any or all of the following benefits in consideration for the use of land within its municipal boundaries as the location of such solid waste facility:

a. The receipt of annual sums of money in lieu of taxes on such property in such amount as may be agreed upon between the board of chosen freeholders or the Hackensack Commission, as the case may be, and the municipality, and each such board of chosen freeholders and the Hackensack Commission is empowered to make such payments and each such municipality is empowered to accept such payments and to apply them in the manner in which taxes may be applied in such municipality; provided, however, that no such annual payment with respect to any parcel of such property shall exceed the amount of taxes paid thereon for the taxable year immediately prior to the time of its use as the location of such solid waste facility;

b. Preferential rates charged for the services provided by the solid waste management district for any solid waste disposed of at a solid waste facility within said municipality, which rate discounts shall be subject to the approval of the Board of Public Utility Commissioners and shall not be in excess of 25%;

c. The right to reacquire any real or personal property used by the solid waste management district in connection with the operation of any solid waste facility upon the termination of the uses for which such property was originally acquired, unless prior to such expiration or termination the board of chosen freeholders or the Hackensack Commission, as the case may be, entered into a new agreement for the continued use of such property.

Any real property reacquired by a municipality in accordance with paragraph c. of this section, shall be repaired and, as nearly as practicable, restored to its original condition, including, in the case of a sanitary landfill, adequate landscaping of the final earth covering to conform with the immediately surrounding terrain, by and at the expense of the board of chosen freeholders or the Hackensack Commission, as the case may be, or adequate compensation made
therefore by said board of chosen freeholders or the Hackensack Commission, as the case may be.

In the event that any municipality and any board of chosen freeholders or the Hackensack Commission, as the case may be, fail to reach an agreement on the benefits authorized herein in consideration for the use of land within municipal boundaries as the location of a solid waste facility, the commissioner, after consultation with the relevant board of chosen freeholders or the Hackensack Commission, as the case may be, with the mayor of the relevant municipality, and with the relevant advisory municipal council, shall fix such terms and establish such benefits as he shall deem appropriate.

C. 13:1E-29 Issuance of bonds, modification or renewal of contracts after effective date of act.

20. a. The provisions of any other law to the contrary notwithstanding, no public authority, county or municipality shall issue any bonds or other obligations for the erection, construction, operation or maintenance of any solid waste facility after the effective date of this amendatory and supplementary act unless such erection, construction, operation, or maintenance shall have been approved by the commissioner pursuant to the provisions of section 17 of this amendatory and supplementary act; provided, however, that nothing in this act shall be construed as to limit or alter the rights vested by law in any public authority, county or municipality to fulfill the terms of any agreement made with the holders of any bonds or other obligations issued by the public authority prior to the effective date of this amendatory and supplementary act, or as to in any way impair the rights or remedies of the holders of such bonds.

b. Nothing herein contained shall be construed as to interfere with, or in any way modify, the provisions of any contract for solid waste collection or solid waste disposal in force in any solid waste management district upon the effective date of this act; provided, however, that no renewal of any such contract upon the expiration or termination of the original term thereof, and no new contract for solid waste collection or solid waste disposal, shall be entered into after the effective date of this act, unless such renewal or such new contract shall conform with the applicable provisions of the approved solid waste management plan of the relevant solid waste management district or unless such contract is approved by the commissioner. In the event that no solid waste management plan has been approved for a solid waste management district, no contract renewal or new contract for solid waste collection or solid waste disposal shall be entered into for a period in excess
of 1 year from the date of such contract renewal or new contract in such solid waste management district unless such a contract contains a provision for its renegotiation to bring it into conformity with an approved solid waste management plan for that solid waste management district upon the approval of said plan or unless such contract is approved by the commissioner.

C. 13:1E-30 State grant for experimental projects; application; evaluation.

21. a. The commissioner may make, or contract to make, a State grant to any person engaged in solid waste collection, disposal or utilization activities, to assist said person in experimenting with new methods of solid waste collection, disposal or utilization, including but not limited to, material recycling and energy recovery demonstration projects, intermunicipal waste collection and disposal systems projects, and coordinated multiusage of terminated sanitary landfill disposal sites projects. Any person engaged in solid waste collection, disposal or utilization activities may apply to the commissioner for a State grant; provided, however, that the application has been approved by the board of chosen freeholders, or the Hackensack Commission, as the case may be, as in conformity with the adopted and approved solid waste management plan of the solid waste management district within which the experimental project is to be undertaken. The applicant shall submit a copy of the plan for any solid waste collection, disposal or utilization experimental project for which a State grant is sought and such other detailed information concerning the project, including maps, data, plans, estimated costs, and method of financing, as the commissioner may require by rules and regulations promulgated hereunder. At the request of the commissioner, the Board of Public Utility Commissioners may exempt any demonstration project from the provisions of P. L. 1970, c. 40 (C. 4:13A-1 et seq.).

b. The commissioner shall review and evaluate all applications submitted to him pursuant to subsection a. of this section, and shall establish such priorities for making grants pursuant to this amendatory and supplementary act as shall give due regard to the degree to which the experimental project for which a State grant is sought will have a beneficial and long term effect on solid waste collection, disposal and utilization methods in this State.

C. 13:1E-51 Commitments or contracts to make grants; approval; commissioner's findings.

22. The commissioner may issue commitments for, and may make or contract to make, grants pursuant to section 21 of this amen-
tory and supplementary act, upon his approval of any application submitted to him therefor and the finding that:

a. The proposed plan for the solid waste collection, disposal or utilization project is consistent with the adopted and approved solid waste management plan of the solid waste management district within which the project is to be undertaken and is in conformity with the objectives, criteria and standards contained in the Statewide solid waste management plan;

b. The estimated funds available to the applicant for the experimental project, including loans and grants from any department or agency of the United States, local grants-in-aid, and the proposed State grant, will be sufficient to meet all the probable costs of the experimental project and assure its completion; and

c. There is no legal impediment or bar to the implementation and completion of the experimental project.

C. 13:1E-32 Written approval for change in experimental project.

23. Any commitment issued by the commissioner and any contract based thereon shall, in addition to such other terms, covenants and conditions as the commissioner may require, provide that no change may be made in any experimental project assisted with a State grant without the prior written approval of the commissioner.

C. 13:1E-33 Inspections.

24. The commissioner shall be entitled to make such inspections of any project, and lands, buildings, improvements or facilities thereon; to request and secure the submission of certifications, data, maps, documents and other information by the applicant; to audit and examine any books and records of the applicant; and to require such periodic reports as shall be necessary to ascertain the progress of any experimental project assisted with a State grant pursuant to this amendatory and supplementary act and the extent of compliance with the contract for the grant.

C. 13:1E-34 Solid Waste Management Research and Development Fund; creation.

25. a. There is hereby created in the Department of the Treasury a special fund which shall be known as the Solid Waste Management Research and Development Fund. There shall be included in said fund all moneys appropriated by the Legislature for inclusion therein. The State Treasurer, with the advice of the commissioner, may invest and reinvest any moneys in said fund, or any portion thereof, in legal obligations, of this State or any political subdivision thereof or the United States. Any income or interest on,
or increment to, moneys so invested or reinvested shall be included in said fund.

b. Upon the approval by the commissioner of any application for a State grant pursuant to this amendatory and supplementary act, the commissioner may requisition and warrant, and the State Treasurer shall pay over, the moneys in said fund, or any portion thereof, to the contracting person in accordance with commitments made and contracts entered into pursuant to this amendatory and supplementary act.

c. Nothing herein shall be construed as requiring the commissioner to approve any application for any State grant or to expend the moneys in the aforesaid Solid Waste Management Research and Development Fund solely for the purposes of making such State grants, and the commissioner is hereby authorized and empowered, in his discretion, to requisition and warrant the moneys in said fund, or any portion thereof, and the State Treasurer shall pay such moneys over to the department, for any experimentation with, or demonstration of, new methods and techniques for the collection, disposal and utilization of solid waste, including the acquisition of real property, the purchase of any facility, site, laboratory, equipment or machinery as authorized pursuant to section 6 of the act to which this act is amendatory and supplementary.

C. 13:1E-35 Construction of act; partial invalidity.

26. The object and design of this amendatory and supplementary act being the protection and preservation of public health, safety and welfare, and the creation of solid waste management districts based upon the counties of this State and the Hackensack Meadowlands District, through which the management of solid waste in New Jersey may be undertaken in a comprehensive manner, this amendatory and supplementary act shall be liberally construed and the powers granted and the duties imposed by this amendatory and supplementary act shall be construed to be independent and severable. If any one or more sections, clauses, sentences or parts of this amendatory and supplementary act shall for any reason be questioned in any court, and shall be adjudged unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provisions so held unconstitutional or invalid.

27. Section 9 of P. L. 1970, c. 39 (C. 13:1E-9) is amended to read as follows:
C. 13:1E-9  Codes, rules and regulations; injunctive relief; penalties.

9. a. All codes, rules and regulations adopted by the department related to solid waste collection and disposal shall have the force and effect of law. Such codes, rules and regulations shall be observed throughout the State and shall be enforced by the department and every local board of health.

b. The commissioner may institute an action or proceeding in the Superior Court for injunctive and other relief, including the appointment of a receiver for any solid waste collection or disposal facility or operation, which is established or operated in violation of this act, or of any code, rule or regulation promulgated pursuant to this act and said court may proceed in the action in a summary manner. In any such proceeding the court may grant temporary or interlocutory relief notwithstanding the provisions of R. S. 48:2-24.

c. Any person who violates the provisions of this act or any code, rule or regulation promulgated pursuant to this act shall be liable to a penalty of not more than $3,000.00 per day to be collected in a civil action commenced by a local board of health or the commissioner by a summary proceeding under The Penalty Enforcement Law (N. J. S. 2A:58-1 et seq.) in the Superior Court, County Court, county district court, or a municipal court, all of which shall have jurisdiction to enforce said Penalty Enforcement Law in connection with this act. If the violation is of a continuing nature, each day during which it continues after the date given by which the violation must be eliminated in accordance with the order of the department shall constitute an additional, separate and distinct offense.

d. The department is hereby authorized and empowered to compromise and settle any claim for a penalty under this section in such amount in the discretion of the department as may appear appropriate and equitable under all of the circumstances, including a rebate of any such penalty paid up to 90% thereof where such person satisfies the department within 1 year or such other period as the department may deem reasonable that such violation has been eliminated or removed or that such order or injunction has been met or satisfied, as the case may be.

28. Section 10 of P. L. 1970, c. 39 (C. 13:1E-10) is amended to read as follows:

C. 13:1E-10  Order to correct violations; failure to comply.

10. If a person shall violate, directly or indirectly through his officers or employees, any of the provisions of this act, or regula-
tions promulgated thereunder, the commissioner may order the correction of the violation within such reasonable period of time as the commissioner may prescribe. Such an order shall be in writing, shall state the violation to be corrected and the period of time within which such violation shall be corrected. The order shall be delivered in person or by certified mail to the person.

If the commissioner's order is not complied with within the period specified therein, or within any extension thereof, the person shall be subject to the penalties prescribed in section 9 of this act.

The department may, however, prosecute directly any violation of this act or of any rate or regulation promulgated pursuant to this act, without the necessity of first issuing an order.

C. 13: IE-36 Exemption of construction and operation of planned disposal facility from act.

29. Any board of chosen freeholders which has prepared a solid waste management plan, purchased land therefore, contracted for the purchase and installation of processing or recycling machinery or equipment, and received an approved registration for a solid waste disposal facility from the department prior to the effective date of this act, shall be exempt from any provision of this act which would delay the construction and operation of such a planned disposal facility.

C. 13: IE-37 Authorization to make grants; procedure.

30. The commissioner is authorized to make grants to any board of chosen freeholders and to the Hackensack Commission, subject to the availability of funds appropriated therefor, for the formulation and development of a solid waste management plan. The commissioner shall prescribe procedures for applying for the grant and terms and conditions for receiving the grant. The State's contribution toward the financing of the plan shall not exceed 50% of its total cost. The Hackensack Commission or any board of chosen freeholders may be reimbursed for work previously completed which meets the terms and conditions for receiving a grant pursuant to this section.

31. Section 6 of P. L. 1970, c. 40 (C. 48:13A-5) is amended to read as follows:

C. 48:13A-5 Franchise areas.

6. The Board of Public Utility Commissioners shall, after hearing, by order in writing, when it finds that the public interest requires, designate any municipality as a franchise area to be served by one or more persons engaged in solid waste collection
and any solid waste management district as a franchise area to be served by one or more persons engaged in solid waste disposal at rates and charges published in tariffs or contracts accepted for filing by the board; provided, however, that the proposed franchise area for solid waste collection or for solid waste disposal conforms to the solid waste management plan of the solid waste management district in which such franchise area is to be located, as such plan shall have been approved by the Department of Environmental Protection.

The board shall encourage the consolidation of all accounts, customers, routes and facilities by persons engaged in solid waste collection or solid waste disposal within such franchise areas.

Nothing in section 11 of this act (C. 48:13A-10) shall be interpreted to prevent the implementation of this section by the Board of Public Utility Commissioners.

32. Section 10 of P. L. 1970, c. 40 (C. 48:13A-9) is amended to read as follows:

C. 48:13A-9 Revocation or suspension of certificate.

10. The board, on its own initiative or upon complaint by the State Department of Environmental Protection shall revoke, suspend or grant a temporary continuance for up to 1 year of the certificate of public convenience and necessity issued to any person engaged in the solid waste collection business or the solid waste disposal business upon the finding that such person:

a. Has violated any provision of this act or any rule, regulation or administrative order promulgated hereunder; or

b. Has violated any provision of any laws related to pollution of the air, water or lands of this State; or

c. Has refused or failed to comply with any lawful order of the board; or

d. Has had its registration revoked by the State Department of Environmental Protection.

33. Section 15 of P. L. 1971, c. 198 (C. 40A:11-15) is amended to read as follows:

C. 40A:11-15 Contracts for fuel or oil, removal of snow and ice, collection and disposal of garbage, recycling of solid waste; duration.

15. Any contracting unit may enter into a contract for the

(1) Supplying of:

(a) Fuel for heating purposes, for any term not exceeding in the aggregate, 2 years, or
(b) Fuel or oil for use of airplanes, for any term not exceeding in the aggregate, 3 years, or
(2) The plowing and removal of snow and ice from highways and public places, for any term not exceeding in the aggregate, 1 year, or
(3) The collection and disposal of garbage and refuse, for any term not exceeding in the aggregate, 5 years, or
(4) The recycling of solid waste, for any term not exceeding in the aggregate 25 years, when such contract is in conformance with the approved plan for that solid waste management district, and with the approval of the Division of Local Government Services and the Department of Environmental Protection, notwithstanding such terms exceed the fiscal year.

34. The commissioner shall designate every solid waste management district as a member of one of three groups of districts. The reference to the effective date of this act contained in section 11 and other sections of this amendatory and supplementary act as it applies to the respective boards of chosen freeholders, in the case of counties, and the Hackensack Commission, in the case of the Hackensack Meadowlands Development Commission, shall mean the effective date of this amendatory and supplementary act for the first such designated group of districts; it shall mean 183 days from the effective date of this amendatory and supplementary act for the second such designated group of districts; and it shall mean 365 days from the effective date of this amendatory and supplementary act for the third such designated group of districts.

C. 13:17-10.1 Disposition of surplus moneys.

35. In the event that surplus moneys become available from the operation of solid waste disposal facilities by the Hackensack Commission, which are not required by any contract with the holders of any bonds, notes or other obligations of the commission to be retained in any fund or account established by any such contract for the security of the commission's bonds, notes or other obligations, then 75% of that surplus shall be used by the Hackensack Commission for any lawful purpose and 25% of that surplus shall be apportioned among the municipalities in the Hackensack Meadowlands District in the same ratio as the number of acres within the district of each such municipality bears to the total number of acres in the district.

Repealer.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 36 of P. L. 1948, c. 67 (C. 17:9A–36) is amended to read as follows:

36. Definitions.

As used in this article, and except as the context otherwise requires,
(1) "common trust fund" means a fund established and maintained by a bank exclusively for the collective investment and reinvestment of moneys contributed thereto by the bank in any fiduciary capacity specified in paragraphs (5), (6), (9) and (10) of section 28;

(2) "bank" means a qualified bank which is empowered to invest moneys entrusted to it in any capacity specified in paragraphs (5), (6), (9) and (10) of section 28;

(3) "cofiduciary" means one or more individuals or corporations, or both, lawfully acting or entitled to act jointly with a bank in the exercise of the powers referred to in the next preceding paragraph;

(4) "trust instrument" means the will, deed, agreement, court order or other instrument pursuant to which money or other property is entrusted to a bank as sole fiduciary or jointly with a cofiduciary;

(5) "trust estate" means money or other property entrusted to a bank solely or jointly with a cofiduciary pursuant to a trust instrument;

(6) "participation" means the undivided share in a common trust fund which accrues to a trust estate as the result of a bank's investment of funds of such trust estate in such common trust fund.

2. Section 38 of P. L. 1948, c. 67 (C. 17:9A-38) is amended to read as follows:

C. 17:9A-38 Effect of trust instruments.

38. Effect of trust instruments.

A. Except as otherwise provided by subsection B of this section, where the trust instrument defines, limits, or specifies the investments which may be made of a trust estate, any common trust fund in which all or any part of such trust estate is invested shall consist only of the investments defined, limited, or specified in such trust instrument.

B. Where the trust instrument makes no provision governing the investments which may be made of a trust estate, or where the trust instrument directs that an estate be invested in "legal investments" or in "investments in which a fiduciary may by law invest" or in "legal investments for trustees," or uses words of similar import, investment of such trust estate may be made, in whole or in part, in a common trust fund, consisting of property of every nature, real, personal, and mixed, tangible and intangible, and further including, solely by way of description and not by way of limitation, bonds, debentures, and other corporate obligations,
capital stocks, common stocks, preferred stocks, investments as authorized by article 1 of chapter 15 of Title 3A of the New Jersey Statutes, and shares of any open-end or closed-end management type investment company or investment trust registered pursuant to the Federal Investment Company Act of 1940, as from time to time amended.

C. (Deleted by amendment.)

D. In making investments as provided in this section a bank shall exercise care and judgment under the circumstances then prevailing, which persons of ordinary prudence and reasonable discretion exercise in the management of and dealing with the property and affairs of another, considering the probable income as well as the probable safety of capital, and, if the bank has special skills or is named as the fiduciary on the basis of representations of special skills or expertise, it is under a duty to exercise those skills.

3. Section 39 of P. L. 1948, c. 67 (C. 17:9A-39) is amended to read as follows:

   A. (Deleted by amendment.)
   B. (Deleted by amendment.)
   C. Any common trust fund may consist in part of uninvested cash balances awaiting investment or held for the purpose of meeting cash requirements.

4. Section 40 of P. L. 1948, c. 67 (C. 17:9A-40) is amended to read as follows:

C. 17:9A-40  Participations; valuation; general provisions.

40. Participations; valuation; general provisions.
   A. If so provided in the plan pursuant to which a common trust fund is established and maintained, the bank may divide the common trust fund into as many units as it may deem advisable, and it may increase or decrease the number of such units from time to time. Each unit shall at all times have the same value as every other unit of the same common trust fund. Such plan may also provide that a participation shall consist of a whole unit or a number of whole units, and may provide that withdrawals be made only of a whole unit or a number of whole units.
   B. In determining the value of the property and investments of a common trust fund,
(1) an investment which is listed upon a stock, securities or investment exchange, shall be valued at the last recorded sales price in the ten-day period next preceding the date as of which the valuation is made, unless, within the said ten-day period, and subsequent to the date of the last recorded sales price, there have been recorded bid and asked prices, in which case the mean of the latest of such bid and asked prices shall be taken to be the value of such investment. An investment which is not listed upon a stock, securities or investment exchange, but which has an over-the-counter market, shall be valued at the mean of the last recorded bid and asked prices in the ten-day period next preceding the date as of which such valuation is made. If within the said ten-day period, there have been no recorded sales and no recorded bid and asked prices, the investment shall be valued at the mean of the last bid and asked prices as of a date not earlier than thirty days prior to the date as of which such valuation is made, as supplied by two stock or securities brokers deemed by the bank to be reliable. For the purposes of this paragraph, recorded sales prices, and recorded bid and asked prices shall be those which appear in a newspaper of general circulation, or in a financial, statistical, investment, rating or other publication or service, published for the use of and accepted as reliable by investors in like investments, or in the records of a stock, securities, or investment exchange;

(2) obligations of the United States which are not transferable or negotiable shall be valued at the issue price thereof;

(3) an investment about to be made, and an investment made and awaiting delivery against payment, shall be valued at the cost of acquisition thereof, and the cash account of the common trust fund shall be adjusted to reflect such cost of acquisition;

(4) an investment sold but not delivered pending receipt of the proceeds of sale shall be valued at the net sale price thereof;

(5) uninvested funds of a common trust fund shall be included in the aggregate value of all the property of a common trust fund to the extent that such funds constitute principal.

C. No person having an interest in a trust estate which has been invested in whole or in part in a common trust fund shall
have any ownership in any asset included in such common trust fund. The bank shall have exclusive control of every common trust fund established and maintained by it.

D. The bank shall not amortize premiums paid upon the purchase of an investment for a common trust fund, nor shall it accumulate discount in respect of investments purchased at less than face or par value, notwithstanding that the trust instrument may require amortization of premiums or accumulation of discount.

E. Money or other property paid by the bank as income from a common trust fund to itself in its capacity as the fiduciary administering and managing a trust estate shall, for the purpose of apportioning such income among the beneficiaries of the trust estate, be deemed to be income to the trust estate as of the date of such payment, regardless of the time when such income may have accrued, been earned, or accumulated.

F. For the purposes of this article, an investment made pursuant to a commitment therefor shall be deemed to be made on the date when the commitment was made.

5. This act shall take effect immediately, and shall apply to and govern trust estates heretofore and hereafter created, common trust funds heretofore and hereafter established, and trust instruments heretofore and hereafter made.

CHAPTER 339

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 13 of P. L. 1971, c. 199 (C. 40A:12-13) is amended to read as follows:

C. 40A:12-13 Sales of real property, capital improvements or personal property; exceptions; procedure.

13. Sales of real property, capital improvements or personal property; exceptions; procedure. Any county or municipality may sell any real property, capital improvements or personal property,
or interests therein, not needed for public use, as set forth in the
resolution or ordinance authorizing the sale, other than county or
municipal lands, real property otherwise dedicated or restricted
pursuant to law, and, except as otherwise provided by law, all such
sales shall be made by one of the following methods:

(a) By public sale to the highest bidder after advertisement
thereof in a newspaper circulating in the municipality or munici-
palities in which the lands are situated by two insertions at least
once a week during 2 consecutive weeks, the last publication to be
not earlier than 7 days prior to such sale. In the case of public
sales, the governing body may by resolution fix a minimum price,
or prices, with or without the reservation of the right, to reject
all bids where the highest bid is not accepted. Notice of such
reservation shall be included in the advertisement of the sale
and public notice thereof shall be given at the time of sale. Such
resolution may provide, without fixing a minimum price, that upon
the completion of the bidding, the highest bid may be accepted or
all the bids may be rejected. The invitation to bid may also
impose restrictions on the use to be made of such real property,
capital improvement or personal property and any conditions of
sale as to buildings or structures, or as to the type, size, or other
specifications of buildings or structures to be constructed thereon,
or as to demolition, repair, or reconstruction of buildings or struc-
tures, and the time within which such conditions shall be operative,
or any other conditions of sale in like manner and to the same extent
as by any other vendor. Such conditions shall be included in the
advertisement, as well as the nature of the interest retained by the
county or municipality. Such restrictions or conditions shall be
related to a lawful public purpose and encourage and promote fair
and competitive bidding of the county or municipality and shall
not, in the case of a municipality, be inconsistent with or impose
a special or higher standard than any zoning ordinance or building,
plumbing, electrical, or similar code or ordinance then in effect in
the municipality.

In any case in which a county or municipality intends to retain
an estate or interest in any real property, capital improvement or
personal property, in the nature of an easement, contingent or
reversionary, the invitation to bid and the advertisements required
herein shall require each bidder to submit one bid under each
Option A and Option B below.

(1) Option A shall be for the real property, capital improvement
or personal property subject to the conditions or restrictions im-
posed, or interest or estate retained, which the county or municipality proposes to retain or impose.

(2) Option B shall be for the real property, capital improvement or personal property to be sold free of all such restrictions, conditions, interests or estates on the part of the county or municipality.

The county or the municipality may elect or reject either or both options and the highest bid for each. Such acceptance or rejection shall be made not later than at the second regular meeting of the governing body following the sale, and, if the governing body shall not so accept such highest bid, or reject all bids, said bids shall be deemed to have been rejected. Any such sale may be adjourned at the time advertised for not more than 1 week without readvertising.

(b) At private sale when authorized by resolution, in the case of a county, or by ordinance, in the case of a municipality, in the following cases:

(1) A sale to any political subdivision, agency, department, commission, board or body corporate and politic of the State of New Jersey or to an interstate agency or body of which the State of New Jersey is a member or to the United States of America or any department or agency thereof.

(2) A sale to a person submitting a bid pursuant to subsection (a) of this section where all bids have been rejected, provided that the terms and price agreed to shall in no event be less than the highest bid rejected and provided further that the terms and conditions of sale shall remain identical.

(3) A sale by any county or municipality when it has or shall have conveyed its right, title and interest in any real property, capital improvement or personal property not needed for public use, and it was assumed and intended that there should be conveyed a good and sufficient title in fee simple to said real property, capital improvement or personal property, free of all encumbrances and the full consideration has been paid therefor, and it shall thereafter appear that the title conveyed was insufficient or that said county or municipality at the time of said conveyance was not the owner of some estate or interest in said real property, capital improvement or personal property or of some encumbrances thereon and the county or municipality shall thereafter acquire a good and sufficient title in fee simple, free of all encumbrances of said real property, capital improvement or personal property or shall acquire such outstanding estate or interest thereon or outstanding
encumbrance thereon and said county or municipality, by
resolution of the governing body and without the payment of
any additional consideration, has deemed to convey or other­
wise transfer to said purchaser, his heirs or assigns, such after­
aquired title, or estate or interest in, or encumbrance upon,
such real property, capital improvement or personal property
to perfect the title or interest previously conveyed.

(4) A sale of an easement upon any real property previously
conveyed by any county or municipality may be made when the
governing body of any county by resolution, or any munici­
pality, by ordinance, has elected to release the public rights in
the nature of easements, in on, over or under any real property
within the county or the municipality, as the case may be, upon
such terms as shall be agreed upon with the owner of such
lands, if the use of such rights is no longer desirable, necessary
or required for public purposes.

In the case of any sale of real property hereafter made pur­
suant to subsection (b) of this section, in no event shall the
price agreed upon with the owner be less than the difference
between the highest bid accepted for the real property subject
to easements (Option A) and the highest bid rejected for the
real property not subject to easements (Option B). After the
adoption of the resolution or ordinance, and compliance by the
owner of said real property with the terms thereof said real
property shall be free, and entirely discharged of and from
such rights of the public and of the county or municipality,
as the case may be, but no such release shall affect the right
of lawful occupancy or use of any such real property by any
municipal or private utility to occupy or use any such real
property lawfully occupied or used by it.

A list of the property so authorized to be sold, pursuant to
subsection (b) of this section, together with the minimum prices
respectively, as determined by the governing body, shall be included
in the resolution or ordinance authorizing the sale, and said list
shall be posted on the bulletin board or other conspicuous space in
the building in which the governing body usually holds its regular
meetings, and advertisement thereof made in a newspaper circu­
lating in the municipality or municipalities in which the real
property, capital improvement or personal property is situated
within 5 days following enactment of said resolution or ordinance.
Offers for any or all properties so listed may thereafter be made to
the governing body or its designee for a period of 20 days following
the advertisement herein required, at not less than said minimum prices, by any prospective purchaser, real estate broker, or other authorized representative. In any such case, the governing body may reconsider its resolution or ordinance, not later than 30 days after its enactment, and advertise the real property, capital improvement, or personal property in question for public sale pursuant to subsection (a) of this section.

Any county or municipality selling any real property, capital improvement or personal property pursuant to subsection (b) of this section shall file with the Director of the Division of Local Government Services in the Department of Community Affairs, sworn affidavits verifying the publication of advertisements as required by this subsection.

All sales either public or private may be made for cash or upon credit. A deposit not exceeding 1% of the minimum price or value of the property to be sold may be required of all bidders. When made upon credit, the county or municipality may accept a purchase-money mortgage, upon terms and conditions which shall be fixed by the resolution of the governing body; provided, however, that when such mortgage shall be fully payable within 5 years from the date of the sale and shall bear interest at a rate equal to that authorized under Title 31 of the Revised Statutes, as amended and supplemented, and the regulations issued pursuant thereto, or the rate last paid by the county or municipality upon any issue of notes pursuant to the Local Bond Law (chapter 2 of Title 40A of the New Jersey Statutes), whichever is highest. The governing body may, by resolution, fix the time for closing of title and payment of the consideration.

In all sales made pursuant to this section, the governing body of any county or municipality may provide for the payment of a commission to any real estate broker, or authorized representative other than the purchaser actually consummating such sale; provided, however, that no commission shall be paid unless notice of the governing body’s intention to pay such a commission shall have been included in the advertisement of sale and the recipient thereof shall have filed an affidavit with the governing body stating that said recipient is not the purchaser. Said commissions shall not exceed, in the aggregate, 5% of the sale price, and be paid, where there has been a public sale, only in the event that the sum of the commission and the highest bid price does not exceed the next highest bid price (exclusive of any relator’s commission). As used in this section, “purchaser” shall mean and include any person,
corporation, company, association, society, firm, partnership, or other business entity owning or controlling, directly or indirectly, more than 10% of the purchasing entity.

2. This act shall take effect immediately.

CHAPTER 359

An Act creating a commission to recommend improvements in programs for income maintenance for the injured and disabled.

WHEREAS, It is an appropriate social goal to minimize the losses that people suffer because of injury or disability; and

WHEREAS, Our current methods of providing income maintenance to the injured and disabled are fragmented and often duplicative, resulting in administrative costs that almost equal benefits paid in such programs as workmen's compensation; and

WHEREAS, Many people suffer because of delays in payments due to conflicts between the several programs; and

WHEREAS, The desire of most people is to have enough income to carry them through their hardship; and

WHEREAS, The possible benefits of combining several income maintenance programs include increases in efficiency, extending coverage to all injured and disabled persons needing help, and overall improvement in the quality of program operations; and

WHEREAS, A comprehensive income maintenance system would enable the public to identify the true costs of its various assistance programs through consolidation and computerization of records; and
WHEREAS, A unified system would be able to deliver assistance promptly to the injured and disabled and at the same time make the government more accountable for its disbursement of funds in these programs; now, therefore

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. There is hereby created a bipartisan commission to be known as the Commission on Income Maintenance consisting of 12 members, four to be appointed by the Speaker of the General Assembly, two of whom shall be members of the General Assembly, four to be appointed by the President of the Senate, two of whom shall be members of the Senate, four to be appointed by the Governor from the citizenry of the State at large, at least two of whom shall be disabled persons. No more than two of the appointees in any group shall be of the same political party. Vacancies in the membership of the commission shall be filled in the same manner as the original appointments were made.

2. The commission shall organize as soon as may be after the appointment of its members and shall select a chairman and vice-chairman from among its members and a secretary who need not be a member of the commission.

3. It shall be the duty of the commission:

   a. To review all existing income maintenance programs in the State, including but not limited to workmen's compensation, disability insurance programs, aid for the permanently and totally disabled victims of violent crimes, no fault insurance, unemployment compensation, income insurance, welfare and other public assistance programs which contribute to the support of the injured and disabled;

   b. To review all proposals for combining two or more of these programs in a single administrative system; and

   c. To evaluate all feasible merger proposals for these income maintenance programs and recommendations for improving the existing systems of financial support.

4. The commission shall be entitled to call to its assistance and avail itself of the services of such employees of any State, county or municipal department, board, bureau, commission or agency as it may require and as may be available to it for said purpose, and to employ such stenographic, clerical, technical and expert assistance and incur such traveling and other miscellaneous
expenses as it may deem necessary, in order to perform its duties and as may be within the limits of funds appropriated or otherwise made available to it for said purposes.

5. The commission may meet and hold hearings at such place or places as it shall designate during the sessions or recesses of the Legislature and shall report its findings and recommendations to the Governor and the Legislature, as soon as may be, accompanying the same with any legislative bills which it may desire to recommend for adoption by the Legislature.

6. The commission is authorized to apply for and to receive any Federal funds or grants or any grants from foundations or other sources that may be available for carrying out the purposes of this act.

7. This act shall take effect immediately.

CHAPTER 360

An Act concerning education, authorizing and providing a procedure for withdrawal from a limited purpose regional school district and supplementing Title 18A of the New Jersey Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

C. 18A:13-51 Investigation as to advisability of withdrawal; application.

1. The board of education of any local school district constituting part of a limited purpose regional school district or the governing body of the municipality constituting a constituent district may, by resolution, apply to the county superintendent of schools to make an investigation as to the advisability of withdrawal of such local district from the regional district.

2. The county superintendent shall, within 30 days after such request, file with the governing bodies of the municipalities constituting the regional district and the boards of education of all of the constituent school districts and the board of education of the regional school district a report containing a statement of the current assets and operating expenses of the regional district
for the then current year and such financial, educational and other information as he may deem necessary to enable said governing bodies and local boards of education and regional board of education to form an intelligent judgment as to the advisability of the proposed withdrawal and the effect thereof upon the educational and financial condition of the withdrawing district and the regional district and setting forth the amount of indebtedness, if any, to be assumed by the withdrawing and the regional districts, calculated as hereinafter provided.

C. 18A:13-53 Calculation of amount of indebtedness to be assumed; basis.

3. The county superintendent shall calculate the amount of indebtedness so to be assumed on the basis of the proportion which the replacement cost of the buildings, grounds, furnishings, equipment, and additions thereto of the regional district situated in the withdrawing district bears to the replacement cost of the buildings, grounds, furnishings, equipment and additions thereto situated in the entire regional district. Said replacement cost shall be determined according to rules prescribed by the commissioner with the approval of the State board and in accordance with recognized accounting practices. The amount of indebtedness to be assumed shall be calculated in the same manner as is provided in article 4 of chapter 8 of Title 18 of the New Jersey Statutes.

C. 18A:13-54 Petition for permission to submit to voters for approval of withdrawal; proof of service.

4. The municipal governing body or the board of education of the withdrawing district may, within 30 days after the filing of the report by the county superintendent, petition the commissioner for permission to submit to the legal voters of the withdrawing district and the remaining districts within the regional district the question whether or not it shall so withdraw, and in such petition the board may request any specific reduction or increase in the amount of indebtedness to be assumed as set forth in the county superintendent's report. Proof of the service of a copy of the petition upon the municipal governing body and the board of education of each constituent district, the board of education of the regional district, and the county superintendent, prior to the filing of the petition, shall accompany the petition.

C. 18A:13-55 Answer by governing body; contents; filing.

5. The governing body of any municipality constituting a constituent district or the board of education of any such constituent district and the board of education of the regional district shall,
within 15 days after service of a copy of the petition upon it, file an
answer thereto with the commissioner and serve a copy of such
answer upon the board of education of every other constituent
district and of the regional district and the county superintendent.
The answer shall set forth matters similar to those described in
section 6 of this act.

C. 18A:13-56 Submission of petition and answers to board of review; findings and
determination of board.

6. Within 15 days after the filing of the answers to the petition,
the Commissioner of Education shall submit the petition and
answers to a board of review consisting of the commissioner him­
self, as chairman, the State Treasurer or his designee and the
Director of the Division of Local Government Services in the De­
partment of Community Affairs, for a determination as to whether
or not the petition should be granted, and if so, the amount of in­
debtedness, if any, to be assumed by the remaining and the new
district upon approval of the legal voters of the withdrawing
district and the remaining districts at a special school election. The
board of review shall consider the effect of the proposed with­
drawal upon the educational and financial condition of the with­
drawing and the remaining districts and shall schedule and hold a
public hearing on the petition upon the application of any interested
party. In considering the effect of the proposed withdrawal upon
the educational and financial condition of the withdrawing and
remaining districts the board of review shall:

a. Consent to the granting of the application; or
b. Oppose the same because, if the same be granted—
   1. An excessive debt burden will be imposed upon the re­
the remaining districts, or the withdrawing district;
   2. An efficient school system cannot be maintained in the
the remaining districts or the withdrawing district without ex­
cessive costs;
   3. Insufficient pupils will be left in the remaining districts
to maintain a properly graded school system; or
   4. Any other reason, which it may deem to be sufficient; or
c. Request that if the petition be granted, the amount of debt
which the remaining districts would be required to assume, cal­
culated as hereinbefore provided, be reduced for the reason that—
   1. Such amount of indebtedness, together with all other
indebtedness of the municipalities or school districts would
be excessive;
2. The amount of expenditure for debt service which would be required would be so great that sufficient funds would not be available for current expenses without excessive taxation; or

3. Such amount of indebtedness is inequitable in relation to the value of the property to be acquired by the remaining districts and would materially impair the credit of the municipalities or such districts and the ability to pay punctually the principal and interest of their debt and to supply such essential educational facilities and public improvements and services as might reasonably be anticipated would be required of them.

The board of review shall make its findings and determination, by the recorded vote of at least two of the three members of the board, within 60 days of the receipt of the petition and answers.

7. If the application be granted, the county superintendent shall, within 30 days thereafter, fix a day between April 1 next ensuing and December 1 next occurring after said April 1, and a time on said day for holding a special school election, at which time the question whether or not the withdrawing school district shall withdraw from the regional district shall be submitted to the legal voters of the withdrawing district and to the legal voters within the remainder of the regional district.

C. 18A:13-58 Statement of indebtedness to be assumed in notices and advertisements; conduct of election; certification of results.

8. The amount of indebtedness to be assumed by the withdrawing district and the effect of such indebtedness upon the borrowing margin of the municipality, the withdrawing district the remaining districts, and the remaining municipalities within the regional district shall be stated in the notices and advertisements of the special school election and in the ballots to be used therein, and said election shall be conducted and the results thereof determined in the manner prescribed by law for special school elections in type II districts. The result shall be certified within 5 days after the holding of the election to the county superintendent and to the boards of education of the withdrawing district, the regional district and the constituent districts within the regional district.

9. If the question is adopted at said elections, the withdrawal of the district shall become effective upon July 1 of the next ensuing school year.
C. 18A:13-60 Members of board of education of regional district; continuance in office until effective date; expiration of terms; reapportionment of vacancies.

10. The members of the board of education of the regional district shall continue in office until the withdrawal of the district has become effective. When such withdrawal has taken effect, the terms of those members of the regional board who reside in the withdrawing district shall thereupon expire, and the vacancies so occurring shall be reapportioned among the remaining districts and filled by appointment by the county superintendent to serve until the next annual school election of the regional district, at which time their successors shall be elected in accordance with such reapportionment.

C. 18A:13-61 Taking title to and control of grounds, buildings, furnishings and equipment by districts; assumption of indebtedness.

11. The withdrawing district and the remaining districts shall take title to and control of all school grounds and buildings, and the furnishings and equipment therein, other than those which had been rotated or shared among the regional schools, situated in their respective districts when the commissioner shall certify to each board that suitable facilities and accommodations have been made available for the instruction of the pupils in each district. However, the districts shall not take title and control of grounds, buildings furnishings and equipment before July 1 of the calendar year next following the date of the special election, except by agreement of the districts and with the approval of the commissioner. The county superintendent shall allot a fair proportion of the shared or rotated furnishings and equipment to the withdrawing district.

Upon the assumption of title, each board shall also assume such amount of the indebtedness of the original regional school district as shall have been determined by the board of review. The withdrawing district shall pay to the regional board of education, at least 5 days before it becomes due, the amount of the principal and interest of the assumed indebtedness; such principal and interest shall be paid by the regional board, together with such amount due on its assumed indebtedness, at and when it becomes due and payable.

C. 18A:13-62 Division of assets and liabilities between withdrawing district and regional district.

12. The county superintendent in a written report filed by him at the end of the school year preceding that in which the withdrawal becomes effective shall make a division of the assets and liabilities
between the withdrawing district and the regional district in the same manner as provided in N. J. S. 18A:8-24.

C. 18A:13-63 Dissolution of limited purpose regional school district; withdrawal of local districts.

13. If as a result of the foregoing procedures a limited purpose regional school district shall be left with only one constituent local school district, such regional school district shall be dissolved upon the effective date of the withdrawal of the other constituent school districts, and such remaining constituent municipality shall henceforth be constituted a separate local school district and governed by the laws applicable thereto. If all of the local districts withdraw from the regional district, such regional district shall be dissolved upon the effective date of the last withdrawal, and its assets and liabilities shall devolve upon the respective withdrawing districts in accordance with the division made by the county superintendent as provided in section 12 hereof.

14. All employees of the regional district shall continue in their respective positions in the withdrawing district and all of their rights of tenure, seniority, pension, leave of absence and other similar benefits shall be recognized and preserved and any periods of prior employment in the regional district shall count toward the acquisition of tenure to the same extent as if all such employment had been under the withdrawing district. Any tenured employee in a school located in the withdrawing district who desires to remain in the employ of the regional district, and whose seniority under existing tenure laws so permits, may apply for and shall be granted a transfer to a position with the regional district for which he is certified which is vacant, held by a tenured employee with less seniority or by an employee without tenure; applications for such transfers shall be made within 45 days of the date of the special school election at which the withdrawal was approved.

15. Nothing contained herein shall in any way effect the rights of holders of any bonds issued by any school district or municipality effected pursuant to this act.

16. This act shall take effect immediately.

C. 54:3-27.2 Refund of excess taxes with interest.

AN ACT to establish and administer a Natural Areas System within the State of New Jersey in order to protect and preserve natural and ecological resources for present and future generations and supplementing P. L. 1961, c. 51 (C. 13:1B-15.4 et seq.).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C. 13:1B-15.12a Short title.

1. This act shall be known as, and may be cited as, the “Natural Areas System Act.”

C. 13:1B-15.12a1 Natural areas; standards for inclusion within system.

2. For inclusion in the system, it is not necessary that an area be wholly unmarked by man, but that the impact of man be not permanent, not seriously destructive of the area’s potential for developing natural values, and not obtrusively apparent to the casual observer, and is of such character that the lessening of human impact will allow the land or water to recover natural values of interest. Notwithstanding the above definition and criteria, lands subject to the noise of vehicular traffic and of commercial and industrial operations, and subject to air and water pollution as the result of the activities of man, may nevertheless be designated as parts of the system if they lie on the perimeters of primary natural areas within the system, and if the purpose of their inclusion within the system is to protect or buffer the primary natural areas.

C. 13:1B-15.12a2 Planning for natural areas; review and update.

3. The Department of Environmental Protection shall within 2 years of the effective date of this act review and update the planning for natural areas as part of the New Jersey Statewide
Comprehensive Outdoor Recreation Plan and shall recommend certain areas for inclusion within a New Jersey Natural Areas System, hereininafter referred to as "the system."

C. 13:1B-15.12a3 Authority to establish system; additional areas.

4. The department shall have the authority to establish the system initially by declaring those areas designated as natural areas as of January 1, 1975 and, after suitable studies and public hearings, up to 5,000 additional acres of State parklands, State forests, hunting and fishing preserves, or other State lands within the jurisdiction of the department to be within the system.

C. 13:1B-15.12a4 Study of State lands; inclusion in system; recommendations to Governor.

5. The department shall as rapidly as possible study all remaining State lands that may have the required potential for natural values, and after a public hearing as to each such area of land being considered for inclusion in the system, make periodic recommendations to the Governor concerning additional lands to be included within the system.

6. The department shall also, as rapidly as possible study lands that are not State-owned lands to determine their natural values and potential for inclusion with the system.

7. The department shall, in keeping with the findings of the studies conducted pursuant to sections 5 and 6 of this act, maintain a registry of all lands, public and private, which are suitable for inclusion within the system under the provisions of this act and the act to which this act is a supplement.

C. 13:1B-15.12a7 Limitations on use of land in system; exception.

8. No land in the system may be leased, sold or exchanged or be taken by any corporation, public or private, nor shall the timber thereon be sold, removed or destroyed, nor minerals extracted, except by authorizing special legislation.

C. 13:1B-15.12a8 Authority to acquire land by purchase, gift or otherwise.

9. The department is authorized to acquire by purchase, gift, or otherwise any land or any interest therein that will serve to further the purposes of this act and the act to which this act is a supplement.
C. 13:1B-15.12a9 Designation and regulation of classifications and uses of lands within system.

10. The department shall designate and regulate those classifications and uses of lands within the system as it shall deem proper to effectuate the purposes of this act and the act to which this act is a supplement, such that the New Jersey Natural Areas System shall include:

a. Areas of limited public access which are dedicated and restricted to ecological research and study, wherein the only permissible development shall be that of temporary, unobtrusive structures erected for scientific purposes and later removed;

b. Areas which provide opportunities for public interpretation of the natural processes, flora and fauna of this State, wherein the development of nature trails and educational facilities shall be permitted;

c. Areas of minimal interference by man wherein those recreational activities at those levels, to be determined by the department, which will not have serious or long-term effects on natural values and processes shall be permitted.

C. 13:1B-15.12a10 Permission for certain recreational activities.

11. Swimming, canoeing, rowboating, fishing and hunting may be permitted in designated sections of the system at the discretion of the department, but only at levels of activity that will not have serious or long-term effects on the natural values of areas within the system. Hiking may also be permitted in lands of the system, but only to the extent of minimal impact on natural values. Camping may be permitted but shall be restricted to occasional overnight camping along trails and shall not include day-long camping or camping at established campgrounds. Auto campgrounds are excluded from all natural areas. Overnight trailside shelters of the type called lean-tos are permitted, but there may not be two such shelters within 3 miles of each other, and such shelters may not be used for day-long camping or for more extended stays. Nothing may be brought into a natural area and left there except upon specific approval of the department. Nonburnable camping trash shall be removed for disposal elsewhere.

12. This act shall take effect immediately.

—

4. Said body shall consist of the five members thereof, who shall be appointed by resolution of the governing body as hereinafter in this section provided, together with the additional members thereof, if any, appointed as hereinafter in subsection (i) of this section provided, and it shall constitute the sewerage authority contemplated and provided for in this act and an agency and instrumentality of said county. After the taking effect of the resolution for the creation of said body and the filing of a certified copy thereof as in subsection (d) of this section provided, five persons shall be appointed as the members of the sewerage authority. The members first appointed shall, by the resolution of appointment, be designated to serve for terms respectively expiring on the first days of the first, second, third, fourth and fifth Februarys next ensuing after the date of their appointment. On or after January 1 in each year after such first appointments, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term.

(b) The governing body of any municipality may, by ordinance duly adopted, create a public body corporate and politic under the name and style of "the .................................. sewerage authority," with all or any significant part of the name of such municipality inserted. Said body shall consist of five members thereof, who shall be appointed by resolution of the governing body as hereinafter in this section provided, and it shall constitute the sewerage authority contemplated and provided for in this act and an agency and instrumentality of said municipality. After the taking effect of such ordinance and the filing of a certified copy thereof as in subsection (d) of this section provided, five persons shall be appointed as the members of the sewerage authority. The members first appointed shall, by the resolution of appointment, be designated to serve for terms respectively expiring on the first days of the first, second, third, fourth and fifth Februarys
next ensuing after the date of their appointment. On or after January 1 in each year after such first appointments, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term.

(c) The governing bodies of any two or more municipalities or any two or more counties, the areas of which together comprise an integral body of territory, may, by parallel ordinances or in the case of counties by parallel resolutions, duly adopted by each of such governing bodies within any single calendar year, create a public body corporate and politic under the name and style of "the ......................... sewerage authority," with all or any significant part of the name of each such municipality or county or some identifying geographical phrase inserted. After the taking effect of the said ordinances or resolutions of all such municipalities or counties and after the filing of certified copies thereof as in subsection (d) of this section provided, the appropriate number of persons shall be appointed as members of the sewerage authority by the governing body of each municipality or county. In the case of municipalities or counties which by ordinance or resolution are entitled to appoint only one member of the authority, the total number of members, if five or more, shall be divided into five classes as nearly equal as possible, except that if there are less than five members each member shall constitute a class. The members initially appointed shall be appointed for such terms that the terms of one class shall expire on the first day of each of the first, second, third, fourth and fifth February next ensuing the date of appointment. In the event the
several municipalities or counties cannot agree on the terms of the respective representatives, such terms shall be determined by lot.

On or after January 1 in each year after such appointments, the expiring terms shall be filled by the appointment for terms commencing February 1 in such year and expiring on the first day of the fifth February next ensuing.

Upon the expiration of the terms of office of members, in office on July 1, 1970, of sewerage authorities created by two or more municipalities or counties where only one member is appointed by any participating municipality or county, their immediate successors, except for appointments to fill vacancies, shall be appointed for designated terms of 1, 2, 3, 4 or 5 years in the same manner as in this subsection (c) provided as to initial appointees.

In municipalities or counties entitled to appoint three members, the appointing authority shall designate one of the initial appointees to serve for a term of 3 years, one for 4 years and one for 5 years. In municipalities or counties entitled to appoint two members, the appointing authority shall designate one of the initial appointees to serve for a term of 5 years and one for 4 years. On or after January 1 in the year in which expire the terms of the said members first appointed and in every fifth year thereafter, the appropriate number of persons shall be appointed as members of the sewerage authority by the governing body of each municipality or county, to serve for terms commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during the unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term by the governing body which made the original appointment for such unexpired term.

Upon the expiration of the terms of office of members, in office on July 1, 1967, of sewerage authorities created by two or more municipalities or counties where more than one member is appointed by any participating municipality or county, their immediate successors, except for appointments to fill vacancies, shall be appointed for designated terms of 3, 4 or 5 years in the same manner as in this subsection (c) provided as to initial appointees.

(d) A copy of each resolution or ordinance for the creation of a sewerage authority adopted pursuant to this section, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. Upon proof of such filing of a certified copy of the resolution or ordinance or of certified copies
of the parallel ordinances for the creation of a sewerage authority as aforesaid, the sewerage authority therein referred to shall, in any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract or obligation or act of the sewerage authority, be conclusively deemed to have been lawfully and properly created and established and authorized to transact business and exercise its powers under this act. A copy of any such certified resolution or ordinance, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding.

(e) A copy of each resolution appointing any member of a sewerage authority adopted pursuant to this section, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. A copy of such certified resolution, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding and, except in a suit, action or proceeding directly questioning such appointment, shall be conclusive evidence of the due and proper appointment of the member or members named therein.

(f) The governing body of a county which may create or join in the creation of any sewerage authority pursuant to this section shall not thereafter create or join in the creation of any other sewerage authority. No governing body of any municipality constituting the whole or any part of a district shall create or join in the creation of any sewerage authority except upon the written consent of the sewerage authority and in accordance with the terms and conditions of such consent, and in the event such consent be given and a sewerage authority be created pursuant thereto, the terms and conditions of such consent shall thereafter be in all respects binding upon such municipality and the sewerage authority so created and any system of sewers or sewage disposal plants constructed or maintained in conformity with the terms and conditions of such consent by the sewerage authority so created shall be deemed not to be competitive with the sewerage systems of the sewerage authority giving such consent. In the event that prior to the creation of a sewerage authority of a county the governing body of any municipality located in said county shall have created or joined in the creation of a sewerage authority, the area within the territorial limits of such municipality shall not be part of the district of the sewerage authority of said county.

(g) Within 10 days after the filing in the office of the Secretary of State of a certified copy of a resolution for the creation of a
sewerage authority adopted by the governing body of any county pursuant to this section, a copy of such resolution, duly certified by the appropriate officer of the county, shall be filed in the office of the clerk of each municipality within the county. In the event that the governing body of any such municipality shall, within 60 days after such filing in the office of the Secretary of State, adopt a resolution determining that such municipality shall not be a part of the district of such sewerage authority and file a copy thereof duly certified by its clerk, in the office of the Secretary of State, the area within the territorial limits of such municipality shall not thereafter be part of such district, but at any time after the adoption of such resolution, the governing body of such municipality may, by ordinance duly adopted, determine that such area shall again be a part of such district and if thereafter a copy of such ordinance duly certified by the appropriate officer of such municipality, together with a certified copy of a resolution of such sewerage authority approving such ordinance, shall be filed in the office of the Secretary of State, then from and after such filing the area within the territorial limits of such municipality shall forever be part of such district.

(h) The governing body of any local unit which has created a sewerage authority pursuant to subsection (a) or subsection (b) of this section may, in the case of a county by resolution duly adopted or in the case of a municipality by ordinance duly adopted, dissolve such sewerage authority on the conditions set forth in this subsection. The governing bodies of two or more local units which have created a sewerage authority pursuant to subsection (c) of this section may, by parallel ordinances duly adopted by each of such governing bodies within any single calendar year, dissolve such sewerage authority on the conditions set forth in this subsection. Such a sewerage authority may be dissolved on condition that (1) either the members of such authority have not been appointed or the sewerage authority, by resolution duly adopted, consents to such dissolution, and (2) the sewerage authority has no debts or obligations outstanding. Upon the dissolution of any sewerage authority in the manner provided in this subsection, the governing body or bodies dissolving such sewerage authority shall be deemed never to have created or joined in the creation of a sewerage authority. A copy of each resolution or ordinance for the dissolution of a sewerage authority adopted pursuant to this subsection, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State.
Upon proof of such filing of a certified copy of the resolution or ordinance or of certified copies of the parallel ordinances for the dissolution of a sewerage authority as aforesaid and upon proof that such sewerage authority had no debts or obligations outstanding at the time of the adoption of such resolution, ordinance or ordinances, the sewerage authority therein referred to shall be conclusively deemed to have been lawfully and properly dissolved and the property of the sewerage authority shall be vested in the local unit or units. A copy of any such certified resolution or ordinance, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding.

(i) Whenever the sewerage authority of any county shall certify to the governing body of any county that it has entered into a contract pursuant to section 23 of this act with one or more municipalities situate within any other county, one additional member of the sewerage authority for each such other county shall be appointed by resolution of the governing body of such other county as in this section provided. The additional member so appointed for any such other county, and his successors shall be a resident of one of said municipalities situate within such other county. The additional member first appointed or to be first appointed for any such other county shall serve for a term expiring on the first day of the fifth February next ensuing after the date of such appointment, and on or after January 1 in the year in which expires the term of the said additional member first appointed and in every fifth year thereafter, one person shall be appointed by said governing body as a member of the sewerage authority as successor to said additional member, to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. If after such appointment of an additional member for any such other county the sewerage authority shall certify to said governing body of such other county that it is no longer a party to a contract entered into pursuant to section 23 of this act with any municipality situate within such other county, the term of office of such additional member shall thereupon cease and expire and no additional member for such other county shall thereafter be appointed.

(j) If a municipality, the governing body of which has created a sewerage authority pursuant to subsection (b) of this section, has been or shall be consolidated with another municipality, the governing body of the new consolidated municipality may, by ordinance duly adopted, provide that the members of the sewerage
authority shall thereafter be appointed by the governing body of such new consolidated municipality, which shall make appointment of members of the sewerage authority by resolution as hereinafter in this subsection provided. On or after the taking effect of such ordinance, one person shall be appointed as a member of the sewerage authority for a term commencing on February 1 in each year, if any, after the date of consolidation, in which has or shall have expired the term of a member of the sewerage authority theretofore appointed by the governing body of the municipality which has been or shall be so consolidated, and expiring on February 1 in the fifth year after such year. Thereafter, on or after January 1 in each year, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term. Each member of the sewerage authority appointed by the governing body of a municipality which has been or shall be so consolidated shall continue in office until his successor has been appointed as in this subsection provided and has qualified.

(k) If a municipality, the governing body of which has created a sewerage authority pursuant to subsection (b) of this section, has been or shall be consolidated with another municipality, the governing body of the new consolidated municipality, subject to the rights of the holders, if any, of bonds issued by the sewerage authority, and upon receipt of the sewerage authority’s written consent thereto, may provide, by ordinance duly adopted, that the area within the territorial boundaries of the new consolidated municipality shall constitute the district of the sewerage authority, and upon the taking effect of such ordinance, such area shall constitute the district of the sewerage authority. Until the taking effect of such ordinance, the district of the sewerage authority shall be the area within the territorial boundaries, as they existed at the date of the consolidation, of the municipality the governing body of which created the sewerage authority.

(l) Whenever, with the approval of any sewerage authority created by the governing bodies of two or more municipalities, any other municipality not constituting part of the district shall convey to the sewerage authority all or any part of a system of main, lateral or other sewers or other sewerage facilities located within the
district and theretofore owned and operated by such other municipality, then, if so provided in the instruments of such conveyance, one additional member of the sewerage authority for such other municipality shall be appointed by resolution of its governing body as in this section provided. The additional member so appointed for such municipality, and his successors, shall be residents of such municipality. The additional member first appointed or to be first appointed for such municipality shall serve for a term expiring on the first day of the fifth February next ensuing after the date of such appointment, and on or after January 1 in the year in which expires the term of the said additional member first appointed and in every fifth year thereafter, one person shall be appointed by said governing body as a member of the sewerage authority as successor to said additional member, to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. If at any time after such conveyance of sewers or sewerage facilities by a municipality its governing body shall adopt a resolution determining not thereafter to be represented in the membership of the sewerage authority and shall file a copy thereof duly certified by its clerk in the office of the sewerage authority, the term of office of any such additional member theretofore appointed for such municipality shall thereupon cease and expire and no additional member for such municipality shall thereafter be appointed.

(m) (i) The governing body of any municipality which is contiguous to the district of a sewerage authority created by the governing bodies of two or more other municipalities may at any time, by ordinance duly adopted, propose that the whole or any part of the area herein referred to as "service area" within the territorial limits of such municipality shall be a part of said contiguous district. Such ordinance shall (1) state the number of members of the sewerage authority, not less than one nor more than three, thereafter to be appointed for full terms of office by the governing body of such municipality, and (2) determine that, after the filing of a certified copy thereof and of a resolution of the sewerage authority in accordance with this subsection, such service area shall be a part of said contiguous district. If thereafter a copy of such ordinance duly certified by the appropriate officer of such municipality, together with a certified copy of a resolution of said sewerage authority approving such ordinance, shall be filed in the office of the Secretary of State, then from and after such filing the service area shall forever be part of said contiguous district and said sewerage authority shall consist of the members thereof acting
or appointed as in this section provided and constitute an agency and instrumentality of such municipality as well as such other municipalities. The governing body of the said municipality so becoming part of said contiguous district shall thereupon appoint members of the sewerage authority in the number stated in such ordinance, for periods and in the manner provided for the first appointment of members of a sewerage authority under subsection (c) of this section.

(ii) If the service area of such municipality shall then be part of the district of any other sewerage authority or municipal authority, such other authority shall by resolution adopted not more than 1 year prior to the adoption of such ordinance, consent to the inclusion of the service area in the district of said contiguous district, and the service area shall become part of said contiguous district as aforesaid and shall no longer be part of the district of such other authority for sewerage purposes. If only part of the area within the territorial limits of such municipality shall constitute the service area to become part of said contiguous district, the service area shall be that so designated or shown on a map thereof bearing legend or reference to this section and filed in the office of the clerk of such municipality and in the office of the secretary of each authority referred to in this section, and such map shall be incorporated by a reference thereto in such ordinance and resolutions as or for a description of the service area. For all the purposes of this act such sewerage authority shall be deemed to have been created by the governing body of such municipality jointly with the other municipalities (the territorial areas of which constitute the district of such contiguous authority), and such municipality shall have all powers, duties, rights and obligations provided for by this act or any other law for or with respect to such sewerage authority or any other sewerage authority or municipal authority, notwithstanding that only a part of the area within the territorial limits of such municipality shall become part of said contiguous district.

2. This act shall take effect immediately.

1. It shall be a valid ground for the refusal to grant, revocation or suspension of a license to practice a health care profession, subject to regulation in this State, including the practice of pharmacy, or for the refusal to admit to an examination a candidate for licensure, that the licensee has prescribed or dispensed a controlled dangerous substance or substances, as defined by the "New Jersey Controlled Dangerous Substances Act" (P. CHAPTER 383

AN ACT concerning expunging the record of certain criminal convictions and amending N. J. S. 2A:164-28.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. N. J. S. 2A:164-28 is amended to read as follows:

Criminal conviction; expunging from record after 10 years; hearing; order; service; order of expungement; removal of disabilities; exceptions; fees.

2A:164-28. In all cases wherein a criminal conviction has been entered against any person, and no subsequent conviction has been
entered against such person, it shall be lawful after the lapse of 10 years from the date of such conviction or 10 years after the date such person completed his term of imprisonment or was released from parole, whichever is later, for the person so convicted to present a duly verified petition to the court wherein such conviction was entered, setting forth all the facts in the matter and praying for the relief provided for in this section.

Upon reading and filing such petition such court may by order fix a time, not less than 10 nor more than 30 days thereafter, for the hearing of the matter, a copy of which order shall be served in the usual manner upon the prosecutor of the county wherein such court is located, and upon the chief of police or other executive head of the police department of the municipality wherein said offense was committed, and upon the Diagnostic Center at Menlo Park if such person was committed to that institution before sentencing, within 5 days from the date of such order, and at the time so appointed the court shall hear the matter and if no material objection is made and no reason appears to the contrary, an order may be granted directing the clerk of such court to expunge from the records all evidence of said conviction and that the person against whom such conviction was entered shall be forthwith thereafter relieved from such disabilities as may have heretofore existed by reason thereof, excepting convictions involving the following crimes: treason, misprision of treason, anarchy, all homicides other than death by driving a vehicle under N. J. S. 2A:113-9, assault on a head of state, as defined in N. J. S. 2A:148-6, kidnapping, rape, arson or robbery, and further excepting that the court may continue the hearing for 30 days and order an evaluation of such person by the Diagnostic Center if he was committed to such center before sentencing.

For services performed under this section same fees shall be taxed as are usual for like services in other matters, which fees shall be payable by the petitioner.

2. This act shall take effect immediately.

CHAPTER 384

Private act.

1. Pursuant to the provisions of P. L. 1948, c. 199 (C. 1:6-10 et seq.), under which a petition for a special law has been filed with the Legislature, the township of Hardyston, in the county of Sussex is authorized to make permanent the appointment of James Richard Parrish to the police department of the township of Hardyston notwithstanding his age is greater than the maximum age limit for appointment thereto set forth in N. 2. The board of trustees of the Police and Firemen’s Retirement System of New Jersey shall accept as a member of the retirement system any policeman, otherwise eligible for membership, appointed pursuant to this act provided there is paid into the retirement system, in such manner as the board shall prescribe, the contribution deemed due and payable from the date of original appointment.

3. This act shall take effect upon due adoption of an ordinance of the township of Hardyston for the purpose of adopting same.

CHAPTER 385

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. R. S. 43:21-6 is amended to read as follows:
Claim for benefits.

(a) Filing. Claims for benefits shall be made in accordance with such regulations as the Director of the Division of Unemployment and Temporary Disability Insurance of the Department of Labor and Industry of the State of New Jersey may approve. Each employer shall post and maintain on his premises printed notices of his subject status, of such design, in such numbers and at such place as the director of the division may determine to be necessary to give notice thereof to persons in the employer's service. Each employer shall give to each individual at the time he becomes unemployed a printed copy of benefit instructions. Both the aforesaid notices and instructions shall be supplied by the division to employers without cost to them.

(b) (1) Procedure for making initial determinations with respect to benefit years commencing on or after January 1, 1953.

A representative or representatives designated by the director of the division and hereafter referred to as a "deputy" shall promptly examine the claim, and shall notify the most recent employing unit and, successively as necessary, each employer in inverse chronological order during the base year. Such notification shall require said employing unit and employer to furnish such information to the deputy as may be necessary to determine the claimant's eligibility and his benefit rights with respect to the employer in question and such notification shall also provide the most recent chargeable employer in the base year with the name and address of the most recent employing unit of the claimant.

In his discretion, the director may appoint special deputies to make initial or subsequent determinations under subsections 4 (f) and 5 (d) of this chapter.

If any employer or employing unit fails to respond to the request for information within 7 days after the mailing of such request, the deputy shall rely entirely on information from other sources, including an affidavit to the best of the knowledge and belief of the claimant with respect to his wages and time worked. Except in the event of fraud, if it is determined that any information in such affidavit is erroneous, no penalty shall be imposed on the claimant.

The deputy shall promptly make an initial determination based upon the available information. The initial determination shall show the weekly benefit amount payable, the maximum duration of benefits with respect to the employer to whom the determina-
tion relates, and also shall show whether the claimant is ineligible or disqualified for benefits under the initial determination. The claimant and the employer whose account may be charged for benefits payable pursuant to said determination shall be promptly notified thereof.

Whenever an initial determination is based upon information other than that supplied by an employer because such employer failed to respond to the deputy's request for information, such initial determination and any subsequent determination thereunder shall be incontestable by the noncomplying employer, as to any charges to his employer's account because of benefits paid prior to the close of the calendar week following the receipt of his reply. Such initial determination shall be altered if necessary upon receipt of information from the employer, and any benefits paid or payable with respect to weeks occurring subsequent to the close of the calendar week following the receipt of the employer's reply shall be paid in accordance with such altered initial determination.

The deputy shall issue a separate initial benefit determination with respect to each of the claimant's base year employers, starting with the most recent employer and continuing as necessary in the inverse chronological order of the claimant's last date of employment with each such employer. If an appeal is taken from an initial determination as hereinafter provided by any employer other than the first chargeable base-year employer, then such appeal shall be limited in scope to include only one or more of the following matters:

(A) The correctness of the benefit payments authorized to be made under the determination;

(B) Fraud in connection with the claim pursuant to which the initial determination is issued; or

(C) The refusal of suitable work offered by the chargeable employer filing the appeal.

The amount of benefits payable under an initial determination may be reduced or canceled if necessary to avoid payment of benefits for a number of weeks in excess of the maximum specified in subsection (d) of section 43:21-3 of this Title.

Unless the claimant or any interested party within 7 calendar days after delivery of notification of an initial determination or within 10 calendar days after such notification was mailed to his or their last-known address and addresses, files an appeal from such decision, such decision shall be final and benefits shall be paid
or denied in accordance therewith, except for such determinations as may be altered in benefit amounts or duration as provided in this paragraph. If an appeal is duly filed, benefits with respect to the period covered by the appeal shall be payable only after a determination of entitlement by the appellate tribunal; benefits payable for periods pending an appeal and not in dispute shall be paid as such benefits accrue; provided, that insofar as any such appeal is or may be an appeal from a determination to the effect that the claimant is disqualified under the provisions of R.S. 43:21-5 or any amendments thereof or supplements thereto, benefits pending determination of the appeal shall be withheld only for the period of disqualification as provided for in said section, and notwithstanding such appeal the benefits otherwise provided by this act shall be paid for the period subsequent to such period of disqualification; and provided, also, that if there are two determinations of entitlement, benefits for the period covered by such determinations shall be paid regardless of any appeal which may thereafter be taken, but no employer's account shall be charged with benefits so paid if the decision is finally reversed.

(2) Procedure for making initial determinations in certain cases of concurrent employment, with respect to benefit years commencing on or after January 1, 1953.

Notwithstanding any other provisions of this Title, if an individual shows to the satisfaction of the deputy that there were at least 13 weeks in his base period in each of which he earned wages from two or more employers totaling $30.00 or more but in each of which there was no single employer from whom he earned as much as $100.00, then such individual's claim shall be determined in accordance with the special provisions of this paragraph. In such case, the deputy shall determine the individual's eligibility for benefits, his average weekly wage, weekly benefit rate and maximum total benefits as if all his base year employers were a single employer. Such determination shall apportion the liability for benefit charges thereunder to the individual's several base year employers so that each employer's maximum liability for charges thereunder bears approximately the same relation to the maximum total benefits allowed as the wages earned by the individual from each employer during the base year bears to his total wages earned from all employers during the base year. Such initial determination shall also specify the individual's last date of employment within the base year with respect to each base year employer, and such employers shall be charged for
benefits paid under said initial determination in the inverse chronological order of such last dates of employment.

(3) Procedure for making subsequent determinations with respect to benefit years commencing on or after January 1, 1953. The deputy shall make determinations with respect to claims for benefits thereafter in the course of the benefit year in accordance with any initial determination allowing benefits, and under which benefits have not been exhausted, and each notification of a benefit payment shall be a notification of an affirmative subsequent determination. The allowance of benefits by the deputy on any such determination, or the denial of benefits by the deputy on any such determination, shall be appealable in the same manner and under the same limitations as is provided in the case of initial determinations.

(c) Appeals. Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and the determination. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the board of review, unless within 10 days after the date of notification or mailing of such decision, further appeal is initiated pursuant to subsection (e) of this section.

(d) Appeal tribunals. To hear and decide disputed benefit claims, including appeals from determinations with respect to demands for refunds of benefits under section 43:21-16(d) of this chapter (R. S. 43:21-1 et seq.), the director with the approval of the Commissioner of Labor and Industry shall establish one or more impartial appeal tribunals consisting in each case of either a salaried examiner or a body, consisting of three members, one of whom shall be a salaried examiner, who shall serve as chairman, one of whom shall be a representative of employers and the other of whom shall be a representative of employees; each of the latter two members shall serve at the pleasure of the commissioner and be paid a fee of not more than $20.00 per day of active service on such tribunal plus necessary expenses. No person shall participate on behalf of the division in any case in which he is an interested party. The director may designate alternates to serve in the absence or disqualification of any member of an appeal tribunal. The chairman shall act alone in the absence or disqualification of any other member and his alternates. In no case shall the hearings proceed unless the chairman of the appeal tribunal is present.
(e) Board of review. The board of review may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The board of review shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and from any determination which has been overruled or modified by any appeal tribunal. The board of review may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the board of review shall be heard by a quorum thereof in accordance with the requirements of subsection (c) of this section. The board of review shall promptly notify the interested parties of its findings and decision.

(f) Procedure. The manner in which disputed benefit claims, and appeals from determinations with respect to (1) claims for benefits and (2) demands for refunds of benefits under section 43:21-16 (d) of this chapter (R.S. 43:21-1 et seq.) shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the board of review for determining the rights of the parties, whether or not such rules conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness fees. Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the director. Such fees and all expenses of proceedings involving disputed claims shall be deemed a part of the expense of administering this chapter (R.S. 43:21-1 et seq.).

(h) Court review. Any decision of the board of review shall become final as to any party upon the mailing of a copy thereof to such party or to his attorney, or upon the mailing of a copy thereof to such party at his last-known address. The Division of Unemployment and Disability Insurance and any party to a proceeding before the board of review may secure judicial review of the final decision of the board of review. Any party not joining in the appeal shall be made a defendant; the board of review shall be deemed to be a party to any judicial action involving the review
of, or appeal from, any of its decisions, and may be represented in any such judicial action by any qualified attorney who may be a regular salaried employee of the board of review or has been designated by it for that purpose, or, at the board of review's request, by the Attorney General.

(i) Failure to give notice. The failure of any public officer or employee at any time heretofore or hereafter to give notice of determination or decision required in subsections (b), (c) and (e) of this section, as originally passed or amended, shall not relieve any employer's account of any charge by reason of any benefits paid unless and until that employer can show to the satisfaction of the director of the division that the said benefits, in whole or in part, would not have been charged or chargeable to his account had such notice been given. Any determination hereunder by the director shall be subject to court review.

2. This act shall take effect immediately.

3. This act shall take effect upon due adoption of an ordinance of the borough of Tenafly for the purpose of adopting same.

CHAPTER 387

AN ACT to establish the authority of the Director of the Division of Taxation to enter into closing agreements and compromises with taxpayers within certain limitations, supplementing Title 54 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

ARTICLE I

Closing agreements

C. 54:53-1 Authorization to enter into agreements.

1. The Director of the Division of Taxation is authorized to enter into a written agreement with any person relating to the liability of such person, or of the person or estate for whom he acts, in respect of any State tax for any taxable period ending prior or subsequent to the date of such agreement. A closing agreement may be entered into in any case in which there appears to be an advantage in having the case permanently and conclusively closed, or if good and sufficient reasons are shown by the taxpayer for desiring a closing agreement and it is determined by the director that the State will sustain no disadvantage through consumation of such an agreement.

C. 54:53-2 Execution.

2. A closing agreement may be executed even though under the agreement the taxpayer is not liable for any tax for the period to which the agreement relates. There may be a series of closing agreements relating to the tax liability for a single period.
C. 54:53-3 Relation to total tax liability or to one or more separate items.
   3. a. Closing agreements with respect to taxable periods ended prior to the date of the agreement may relate to the total tax liability of the taxpayer or to one or more separate items affecting the tax liability of the taxpayer.
   
b. Closing agreements with respect to taxable periods ending subsequent to the date of the agreement may relate to one or more separate items affecting the tax liability of the taxpayer.

C. 54:53-4 Agreement final and conclusive.
   4. A closing agreement which is approved within such time as may be stated in such agreement, or later agreed to, shall be final and conclusive, and, except upon a showing of fraud or malfeasance, or misrepresentation of fact:
   
a. The case shall not be reopened as to the matters agreed upon or the agreement modified by any officer, employee or agent of the State of New Jersey, and;
   
b. In any suit, action or proceeding, such agreement, abatement, refund or credit made in accordance therewith, shall not be annulled, modified, set aside or disregarded; provided, however, a closing agreement with respect to a taxable period ending subsequent to the date of the agreement is subject to any change in, or modification of the law enacted subsequent to the date of such agreement and made applicable to such taxable period, and each closing agreement shall so state.

C. 54:53-5 Request for closing agreement; submission; forms; procedure.
   5. A request for a closing agreement which relates to a prior taxable period may be submitted at any time before a case with respect to the tax liability involved is filed with the Division of Tax Appeals. All requests for closing agreements shall be submitted on forms prescribed by the Director of the Division of Taxation. The procedure, with respect to applications, for entering into closing agreements shall be pursuant to such rules as may be promulgated from time to time by the Director of the Division of Taxation in accordance with the provisions of this act.

C. 54:53-6 Assessment and collection of tax or deficiency; credit or refund of overpayment.
   6. Any tax or deficiency in tax determined pursuant to a closing agreement shall be assessed and collected, and any overpayment determined pursuant thereto shall be credited or refunded, in accordance with the applicable provisions of law.
Compromises

C. 54:53-7 Liabilities arising under tax laws prior to reference of case to attorney general; grounds.

7. The Director of the Division of Taxation may compromise criminal liabilities and any civil liability arising under the tax laws of the State prior to reference of a case involving such liability to the Attorney General for prosecution or defense. Any such liability may be compromised only upon one or both of the following grounds:

a. Doubt as to liability; or
b. Doubt as to collectability.

No such liability shall be compromised if the liability has been established by a court of competent jurisdiction or is certain, and there is no reasonable doubt as to the ability of the State to collect the amounts owing with respect to such liability.

C. 54:53-8 Compromise as to penalties and liabilities.

8. A compromise agreement may relate to a civil or criminal liability for taxes, interest, ad valorem penalties or specific penalties. A criminal liability may be compromised only if it involves a violation of a regulatory provision or a related statute in Title 54 or Title 56 of the Revised Statutes, and then only if such violation was not deliberately committed with intent to defraud.

C. 54:53-9 Relation to entire liability of taxpayer; separate compromise on specific penalties; exceptions.

9. A compromise agreement shall relate to the entire liability of the taxpayer (including taxes, ad valorem penalties and interest) with respect to which the offer in compromise is submitted and all questions of such liability are conclusively settled thereby. Specific penalties, however, shall be compromised separately and not in connection with taxes, interest or ad valorem penalties. Neither the taxpayer nor the State shall, upon the acceptance of an offer in compromise, be permitted to reopen the case except by reason of the following:

a. Falsification or concealment of assets by the taxpayer; or
b. Mutual mistake of a material fact sufficient to cause a contract to be set aside.

However, acceptance of an offer in compromise of a civil liability shall not operate to remit a criminal liability, nor shall acceptance of a compromise of a criminal liability operate to remit a civil liability.
C. 54:53-10 Offers in compromise; submission; forms; remittance or deposit.
10. Offers in compromise shall be submitted on forms prescribed by the Director of the Division of Taxation and shall be accompanied by a remittance representing the amount of the compromise offer, or a deposit if the offer provides for future installment payments. If the final payment on an accepted offer is contingent upon the immediate or simultaneous release of a tax lien in whole or in part, such payment must be in cash, or in the form of a certified, cashier’s or treasurer’s check drawn on any bank or trust company incorporated under the laws of the United States or any State, Territory or possession of the United States, or by a United States postal, bank, express or telegraph money order.

C. 54:53-11 Stay of collection; interests of State.
11. The submission of an offer in compromise shall not operate automatically to stay the collection of any tax liability; however, enforcement of collection may be deferred only if the interests of the State shall not be jeopardized thereby.

C. 54:53-12 Offer in compromise; acceptance; notification; conditions.
12. An offer in compromise shall be considered accepted only when the proponent thereof is so notified in writing. As a condition to accepting an offer in compromise, the taxpayer may be required to enter into any collateral agreement or to post any security which is deemed necessary for the protection of the State.

C. 54:53-13 Withdrawal or rejection of offer.
13. An offer in compromise may be withdrawn by the proponent at any time prior to its acceptance. In the event an offer is rejected, the proponent shall be notified promptly in writing. Frivolous offers or offers submitted for the purpose of delaying the collection of tax liabilities shall be rejected immediately. If an offer is withdrawn or rejected, the amount tendered with the offer, including all installments paid, shall be refunded without interest, unless the taxpayer has stated or agreed that the amount tendered may be applied to the liability with respect to which the offer was submitted.

C. 54:53-14 Opinion of attorney general; filing; contents; exceptions.
14. Except as otherwise provided in this section, before an offer in compromise is accepted, there shall be placed on file in the office of the director the opinion of the Attorney General or his designee with respect to such compromise, with his reasons therefor, and including a statement of:
a. The amount of tax assessed
b. The amount of interest, additional amount, addition to the
tax, or assessable penalty, imposed by law on the person against
whom the tax is assessed, and
c. The amount actually paid in accordance with the terms of the
compromise;
provided, however, no such opinion shall be required with respect
to the compromise of any civil case in which the unpaid amount of
tax assessed, including any interest, additional amount, addition
to the tax or assessable penalty, is less than $5,000.00.

C. 54:53-15 Statute of limitations; waiver by taxpayer.
15. No offer in compromise shall be accepted unless the taxpayer
waives the running of the statutory period of limitations on both
assessment or collection of the tax liability involved for the period
during which the offer is pending, or the period during which any
installment remains unpaid, and for one year thereafter.

Effective date
16. This act shall take effect immediately.

that temporary service as a policeman or fireman may also be considered as creditable service if it results, without interruption, in a valid permanent or probational appointment as a policeman or fireman and the member agrees during his first year of membership in the retirement system, or within 1 year after the effective date of this 1975 amendatory act, to make contributions covering such temporary service on the basis of rates established by the actuary.

2. This act shall take effect immediately.

and providing for the submission of this act to the legal voters
of the State for their approval or rejection before the same shall
become operative within this State,'" to amend and supplement
the body of said act, and to provide for the submission of this
act to the legal voters of the State for their approval or rejection
before the same shall become operative within this State.

Be it enacted by the Senate and General Assembly of the State
of New Jersey:

1. The title of P. L. 1959, c. 109 is amended to read as follows:

Title amended.

An act authorizing the conducting, operating and playing of
certain amusement games, whether of chance or skill, or both,
where the prizes or awards to be given shall be of merchandise only,
of a retail value not in excess of $100.00, and the charge for the
privilege of playing shall not exceed $0.50; providing for the
licensing, regulation and control by a commissioner, of the conduct­
ning and operating of such games; providing restrictions as to the

in any municipality when so determined by referendum vote

voters of the State for their approval or rejection before the same
shall become operative within this State.

2. Section 4 of P. L. 1959, c. 109 (C. 5-8-103) is amended to read
as follows:

C. 5-8-103 Investigation of applicant; license; fees; application for removal of
disqualification; change in facts; notice.

4. The governing body of the municipality shall make an investi­
gation of the qualifications of each applicant and the merits of each
application, with due expedition after the filing of the application,
and if it shall determine that the applicant is duly qualified to hold,
operate and conduct amusement games under the provisions of this
act governing the issuance of licenses to hold, operate and conduct
amusement games and the rules and regulations governing the
holding, operation and conduct thereof in the municipality; that the
individual applicant and the officers, directors and stockholders of
any corporation holding 5% or more of the capital stock of any
corporate applicant, as well as the partners or members, as the case
may be, of any partnership, association or organization applicant,
are persons of good moral character and have never been convicted
of a crime or that such a disqualification has been removed by the
commissioner; that such amusement games are to be held, operated
and conducted in accordance with the provisions of this act and in
accordance with the rules and regulations governing the holding,
operation and conduct thereof and if the governing body is satisfied
that the prize or prizes to be offered and given in any single game
shall be of merchandise only of a retail value not in excess of
$100.00 and that no such prize or prizes will be redeemable, directly
or indirectly, for money, it shall issue a license to the applicant for
the holding, operation and conduct of said amusement games
applied for, accordingly, upon payment of a license fee or fees to be
fixed by the governing body by ordinance taking into consideration
the number of days or period upon or during which the licensee shall
be authorized to operate or conduct the games, the number of units
employed therein, the number of places, the number of specific kinds
of games to be conducted and the number of persons who may become
players of the games at any one time, but in no case less than $10.00 for
any one license for a period of 1 year or for a lesser term.

Any person who would be disqualified from holding a license
under this act by reason of a conviction for a crime may apply to
the commissioner for removal of the disqualification. Such
application may be made upon the expiration of a period of 5 years
from the date of conviction or, if the applicant had been confined under
sentence imposed as a result of the conviction, from the date of
unrevoked release from that confinement. If the commissioner shall
find that the applicant has conducted himself in a law abiding
manner since his conviction or release from confinement and that

If this act shall have become operative in any municipality by reason of a referendum vote therein, as herein provided, and a further referendum is authorized to determine the question of whether this act shall become inoperative notwithstanding such previous approval by the voters, then the word "inoperative" should be inserted in the above blank space.

"Total Supplemental Appropriation ... $205,853"

This item is reduced to $195,620.00.

Senate Bill No. 3174 (Corrected Copy) is a supplemental appropriations bill. Authorizations for the payment of certain claims filed against the State of New Jersey are included in the bill. I have decided, for the reasons stated below, to delete entirely or reduce the following claims.

The award of $2,221 to Mr. Tony Canale includes $330 as interest. Statutory tax refunds are normally made without interest and therefore an award of interest in this matter would be contrary to existing practice. Accordingly, I have reduced the Canale award by $330.

The supplemental appropriations bill process is not the best method for dealing with the Sandyston Township claim. The annual Appropriations Act "P. L. 1975, c. 128" contains sufficient authority to pay Sandyston Township in-lieu-of tax payments calculated in accordance with N. J. S. A. 54:4-2.1. Sandyston Township should now provide the Department of Environmental Protection with the specific data necessary to support its request for in-lieu-of tax payments under the provisions of the aforementioned law.
The Gilberto Senior matter involves a negligence claim based on injuries sustained by the claimant while a visitor at the recreational facilities at Lake Hopatcong. While this incident occurred before the Tort Claims Act became effective, I have used the act's principles of liability as a standard against which to measure this claim. As a result, I find no evidence of negligence which could be actionable.

The record before me indicates that Senior tripped over a concrete wall, which was approximately six inches above the ground and thirty feet wide and fell to the bed of the Morris Canal. The Department of Environmental Protection had no record or notice of prior injuries of this type. Furthermore, the area where he fell was not on any path nor a part of the recreational area that is normally used by the public. Accordingly, I must conclude that the State neither knew nor should have known of any dangerous condition and therefore should not be held accountable.

The Borough of Netcong matter involves a claim that is based on proposed costs which would be incurred by the Borough in upgrading storm drains at Helen Way and between Helen Way and Route 46. The Borough contends that the Department of Transportation caused flooding in the area when constructing Route 80.

The record before me only indicates that the construction of Route 80 was one of a series of contributing factors and indeed a very insignificant factor, since the Route 80 area covers only 6-7% of the watershed. Indeed, both the drainage engineer for the Department of Transportation and the Borough's engineer agree that the flooding problem can only be corrected by beginning the upgrading of the draining facility at Lake Musconetcong and working back to Helen Way. This will be an extremely expensive project and will need far more consultation between the State, the Borough of Netcong, Morris County, a railroad, and the acquisition of right-of-way from private land owners. The Borough's claim clearly will not alleviate the situation.

Royal Rack Service Company, Inc. seeks the appropriation of funds from the Trust Fund of the Transportation Benefit Tax Act to permit the Department of Transportation to acquire its property through condemnation.

Last year the Legislature appropriated $346,700 to be deposited into court to allow the Department of Transportation to proceed with condemnation. However, I vetoed that appropriation pri-
marily on the grounds that "... the provisions of the Supplemental Appropriations Act are an inappropriate means for the State to determine what property to condemn for public purposes or how much to pay for it."

Subsequent to my veto, the Department of Transportation informed the property owner that it would still acquire the property, that it had sufficient funds available for the acquisition, and that it would be agreeable to a reinstatement of the condemnation action which had been dismissed on motion by counsel for the claimant. The claimant now demands that the Department file a new complaint with a 1975 date of valuation as opposed to the reinstatement of the 1972 complaint.

The claimant should not be allowed to take advantage of the present situation by obtaining compensation at 1975 prices. Moreover, the claimant has an adequate remedy in the courts in that, after the old complaint has been reinstated, the claimant can move pursuant to N. J. S. A. 20:3-5 for a determination by the court as to the proper date for valuation of the property. Claimant's attempt to utilize the supplemental appropriations process to set the date of valuation runs contrary to positions previously expressed by me that these matters should be determined by the courts and therefore I must veto this claim.

The Township of Warren seeks an award to cover the cost of a road overlay which was accomplished during 1963. This road was destroyed in 1964 by heavy construction equipment used in the building of Route 78.

The Township had sought and received funds for the preparation of a smaller section of the road prior to overlay from the Department of Transportation. However, the Department was not contacted prior to the overlay by the Township of the larger portion of the road. The overlay, as it was accomplished, was completely substandard; more specifically, it was substandard in width, quality of material, safety, and in the lack of drainage. It is quite apparent that the Township made no attempt to meet minimum Department standards for such construction as required by N. J. S. A. 27:13-10 to 17. Moreover, the Township made no attempt to follow the procedure for obtaining State funds for such reconstruction projects as outlined by the aforementioned statutes. These statutes provide the only authorization for departmental participation in such projects.
The Morris County claim for $7,491 would be paid from funds heretofore appropriated to the Judiciary for court operations. I vetoed this same claim last year and find no new justification which persuades me to alter that position. It is still my view that the expense of providing security through the Sheriff's Office in a particular county is not an appropriate expense for the Judiciary in the first instance. The mere fact that a case is transferred from one county to another is not justification for modifying this sound principle.

Respectfully,

[seal]

BRENDAN T. BYRNE,  
Governor.

Attest:  
JOHN J. DEGNAN,  
Executive Secretary to the Governor.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of P. L. 1950, c. 310 (C. 50:2-6.1) is amended to read as follows:

C. 50:2-6.1 Taking, harvesting or dredging of sea clams; license; permit for research.

1. No person or vessel shall take, harvest or dredge for sea clams (mactra solidissima) also known as spisula solidissima from any waters of this State without first obtaining a license from the Division of Fish, Game and Shell Fisheries in the Department of Environmental Protection. The Division of Fish, Game and Shell Fisheries may license every vessel engaged in the harvesting of sea clams within the waters of this State. Such license shall be issued on an annual basis.
Such licenses shall grant the privilege of gathering sea clams by dredging, but only in the Atlantic ocean, but not in the Delaware bay northerly of a line from Cape May Point lighthouse tower to Brandywine lighthouse or in the Sandy Hook bay west of a line from the west point of Sandy Hook to Roamer Shoal lighthouse. No boat or vessel shall be licensed under this act unless its bona fide owner is a citizen and actual resident of this State and shall have been such for 12 months next preceding the issuance of such license.

The division may adopt regulations regarding the issuance procedures of such licenses.

The Division of Fish, Game and Shell Fisheries may issue permits for sea clam research, inventory and educational projects. Nothing in this section shall be construed to limit the activities of such projects.

2. Section 2 of P. L. 1950, c. 310 (C. 50:2-6.2) is amended to read as follows:

C. 50:2-6.2 Limitations on licensed dredging.

2. Any such licensed dredging operation shall be limited to the use of a single dredge at a time in any one boat, and such dredge shall not exceed 60 inches in length of cutting bar as measured from the inside of the upright frames. Notwithstanding any other provision of law, the commissioner may adopt regulations fixing the hours during which dredging will be permitted. No such dredging operation shall be permitted at any time between June 1 and September 30 in each year, within 1 mile of the ocean front mean low watermark, unless changed by emergency order or regulation. Unless otherwise provided by regulation, all surf clams harvested within the waters of New Jersey (3 nautical miles) shall not be taken into another state or the waters thereof until said clams have been first landed in New Jersey. It shall be prima facie evidence of a violation of this section if a harvest vessel is observed by radar or other means leaving the waters of New Jersey and entering the waters of another state any time prior to landing.

3. Section 3 of P. L. 1950, c. 310 (C. 50:2-6.3) is amended to read as follows:

C. 50:2-6.3 Regulations; license fees.

The Commissioner of the Department of Environmental Protection with the advice of the Shell Fisheries Councils shall adopt regulations and amend or repeal such regulations from time to time as required for the conservation, protection, management, and
improvement of the sea clam resource and industry. Emergency regulations may be adopted where immediate danger exists to the resource.

The license fee shall be $5.00 per gross ton of a harvesting vessel documented or registered by a bona fide New Jersey resident; minimum fee shall be $35.00 per boat.

4. Section 4 of P. L. 1950, c. 310 (C. 50:2-6.4) is amended to read as follows:

C. 50:2-6.4 Violation of act; penalty.

4. Any person violating any of the provisions of this act, or of said rules and regulations to be made and promulgated hereunder, shall be liable to a mandatory penalty of not less than $500.00 for the first offense, and of not less than $1,000.00 for any subsequent offense, and the license shall be revoked for a period of 1 year, for any such subsequent offense. Any penalty imposed by this act shall be collected or enforced in a summary manner, without a jury, in any court of competent jurisdiction, according to the procedure provided by "The Penalty Enforcement Law," being chapter 58 of Title 2A of the New Jersey Statutes.

The captain or owner of the harvesting vessel and the owner or manager of the processing plant shall be individually and jointly liable under this act.

5. R. S. 50:2-11 is amended to read as follows:

Dredging shell fish after sunset, before sunrise or on Sunday.

50:2-11. No person shall dredge upon, or throw, cast or drag an oyster dredge or any other instrument or appliance used for catching clams or oysters, or assist in so doing, or tread for clams, upon any of the lands lying under the tidal waters of this State before sunrise or after sunset, or at any time on Sunday.

C. 50:2-6.5 Construction of act.

6. This act and the regulations adopted or continued hereunder shall be construed liberally to permit the Division of Fish, Game and Shell Fisheries and the Department of Environmental Protection to adequately protect and enhance the sea clam resource.

7. All acts or parts of the acts inconsistent with this act are hereby repealed.
