AN ACT concerning leave of absence and supplementing Title 18 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Any person employed by a public educational system or institution in a position which requires a certificate issued by the State Board of Examiners or employed in a professional educational capacity by a school, college, or university which is either tax-supported or operated under contract with the State Board of Education, who is a member of the Senate or General Assembly of the State of New Jersey shall be entitled to time off from his duties as such employee, without loss of pay, during the periods of his attendance at regular or special sessions of the Legislature, and hearings or meetings of any legislative committee or commission.

2. This act shall take effect immediately.

Approved January 26, 1966.
CHAPTER 2

An Act to amend and supplement "An act to provide for a constitutional convention to consider proposals to revise and amend the provisions of the present State Constitution relating to the representation of the people in a Legislature to comply with the requirements of the United States Constitution applicable thereto and upon agreeing thereon to submit its proposal to the people and making an appropriation therefor," approved May 11, 1965 (P. L. 1965, c. 43).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 5 of the act to which this act is amendatory is amended to read as follows:

5. (a) A special election to elect delegates to the constitutional convention shall be held on March 1, 1966 during the same hours, at the same places, using the same records and facilities and by the officers and employees who would usually conduct the general election; provided, however, that in any county in which the total number of delegates nominated does not exceed the total number to be elected, the county board of elections, for the purposes of this special election only, may reduce the number of polling places normally used for elections in the county to such lesser number as shall be consistent with the anticipated voter participation in the county in the special election, but there shall be at least one polling place located in each municipality within the county.

(b) Any county board of elections which reduces the number of polling places in the county, pursuant to the authorization set forth in subsection (a) hereof, may authorize the election officials and personnel to permit persons to vote in the special
election without reference to the permanent registration binder and voting record and the signature comparison record and without requiring the voter to sign the signature comparison record. If a county board intends to dispense with the use of the permanent registration binder and voting record and the signature comparison record at the polling places in this special election, the board shall so notify the Secretary of State on or before February 17, 1966.

(c) The Secretary of State shall establish a uniform procedure to be followed by the election officials and personnel in any county in which the county board of elections has determined to dispense with the use of the permanent registration binder and voting record and the signature comparison record at the polling places. Such a procedure shall provide for a method whereby the county board of elections or any other appropriate election officials can determine whether any voter has voted improperly or fraudulently. The Secretary of State shall distribute copies of this uniform procedure to every county board of elections that has notified him pursuant to the provisions of subsection (b) hereof.

2. Section 14 of the act to which this act is amendatory is amended to read as follows:

14. The county clerk shall prepare and deliver to the printer complete copy for the ballots required for the election on or before January 31, 1966 and shall cause to be mailed the sample ballots, the military service ballots and the civilian absentee ballots as soon after February 7, 1966 as shall be practicable; provided, however, that the sample ballots for the special election shall not contain the provision set forth in section 19:14-23 of the Revised Statutes which requires the return of the sample ballot in cases of non-delivery.

3. The county clerk in any county not using voting machines may petition the Secretary of State, in such form as the Secretary of State may
require, for permission to print a lesser amount of official ballots for this special election than is required by the provisions of section 19:14–18 of the Revised Statutes. Upon receipt of such a petition, the Secretary of State may authorize the county clerk to have prepared such number of official ballots as he shall determine shall be necessary to insure the participation of all persons desiring to vote in the county at such special election.

4. The provisions of section 5(a) of the act to which this act is amendatory, authorizing the reduction in the number of polling places, shall not be applicable to any municipality which shall conduct an election on March 1, 1966 to fill any elective public office other than delegate to the constitutional convention or to vote on any public question. In such a municipality, the selection of polling places shall be subject to the provisions of chapter 8, Title 19 of the Revised Statutes.

5. The provisions of this act and the act to which this act is a supplement shall supersede the provisions of Title 19 to the extent that such provisions are inconsistent herewith and the provisions of these acts shall be liberally construed to carry out their purposes.

6. This act shall take effect immediately.
Approved February 8, 1966.

(b) On or before June 1, 1966 every insurance company subject to the provisions of subsection (a) hereof shall pay to the Director of the Division of Taxation an amount equal to $\frac{1}{4}$ of the tax payable under subsection (a) hereof on the company's business done during the preceding calendar year. On or before June 1, 1967 and on or before June 1 of each year thereafter, every such insurance company shall pay to the director an amount equal to $\frac{1}{2}$ of the tax payable under subsection (a) hereof on the company's business done during the preceding calendar year. Each such payment shall be in addition to the tax payable under subsection (a) hereof and shall be considered as a partial payment of the tax which will become due under subsection (a) hereof, upon the following June 1. Nothing in this subsection requiring a partial payment of tax shall be deemed to apply to premiums for fire insurance risks on properties in this State paid to an insurer which is not organized under the laws of this State or to premiums for marine insurance risks.

In the calculation of the tax due in accordance with subsection (a) hereof in the year 1967 and each year thereafter, every insurance company shall be entitled to a credit in the amount of the tax paid under this subsection as a partial payment in the preceding calendar year and shall be entitled to the return of any amount so paid which
shall be found to be in excess of the total amount payable in accordance with this section.
2. This act shall take effect immediately.

CHAPTER 8

An Act to supplement and amend "An act to facilitate vehicular traffic in the State of New Jersey by providing for the construction, maintenance, repair and operation of turnpike projects; creating the New Jersey Turnpike Authority and defining its powers and duties; providing for financing such projects by the issuance of turnpike revenue bonds of the authority, payable solely from the tolls, other revenues and proceeds of such bonds; and providing for the collection of tolls and other revenues to pay the cost of construction, maintenance, repair and operation of such projects and to pay such bonds and the interest thereon," approved October 27, 1948 (P. L. 1948, c. 454), as said title was amended by P. L. 1950, chapter 1.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The New Jersey Turnpike Authority shall have, in addition to the powers heretofore granted to it, power to pay or make any advance or contribution to the United States Government or the State of New Jersey or any agency thereof for the purpose of paying the State's share or any portion thereof under the Federal aid highway laws of the cost of construction of any highway improvement determined by the authority to be a major improvement necessary to restore or prevent physical damage to the turnpike project, for the safe or efficient operation of such project, or to prevent loss of revenues therefrom.

2. Section 7 of chapter 454 of the laws of 1948 is amended to read as follows:
7. The authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of bonds of the authority for any of its corporate purposes, including the refunding of its bonds. The principal of and the interest on any issue of such bonds shall be payable solely from and may be secured by a pledge of tolls and other revenues of all or any part of the turnpike project financed in whole or in part with the proceeds of such issue or with the proceeds of bonds refunded or to be refunded by such issue; provided, that the proceeds of any such bonds may be used or pledged for the payment or security of the principal of or interest on bonds and for the establishment of any or all reserves for such payment or security or for other corporate purposes as the authority may authorize in the resolution authorizing the issuance of bonds or in the trust agreement securing the same. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form of the bonds including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the State. The bonds shall be signed by the chairman of the authority or shall bear his facsimile signature and the official seal of the authority or a facsimile thereof shall be impressed, imprinted, engraved or otherwise reproduced thereon. The official seal or facsimile thereof shall be attested by the secretary and treasurer of the authority, or by such other officer or agent as the authority shall appoint and authorize and any coupons attached to such bonds shall bear the facsimile sig-
nature of the chairman of the authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the State. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds in such manner and for such price, as it may determine to be for the best interests of the authority. Neither the members of the authority nor any person executing the bonds shall be personally liable on the bonds or be accountable by reason of the issuance thereof in accordance with the provisions of this act.

The proceeds of the bonds of each issue shall be disbursed in such manner and under such restrictions, if any, as the authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same.

Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of
CHAPITERS 8 & 9, LAWS OF 1966

this act without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

The State of New Jersey does pledge to and agree with the holders of the bonds issued pursuant to authority contained in this act, that the State will not limit or restrict the rights hereby vested in the authority to maintain, construct, reconstruct, and operate any projects as defined in this act, or to establish and collect such charges and tolls as may be convenient or necessary to produce sufficient revenue to meet the expenses of maintenance and operation thereof and to fulfill the terms of any agreements made with the holders of bonds authorized by this act or in any way impair the rights or remedies of the holders of such bonds until, the bonds, together with interest thereon, are fully paid and discharged.

3. This act shall take effect immediately.
Approved February 16, 1966.

CHAPTER 9

AN ACT to validate certain proceedings at meetings or elections of school districts, and any bonds or other obligations issued or to be issued pursuant to such proceedings.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. All proceedings heretofore had or taken by any school district or at any school district meeting
or election for the authorization or issuance of bonds of the school district, and any bonds or other obligations of the school district issued or to be issued in pursuance of a proposal adopted by the legal voters at such meeting or election, are hereby ratified, validated and confirmed, notwithstanding that notices posted and published in accordance with the provisions of section 18:7-15 of the Revised Statutes contained a proposal which incorrectly stated the effect of the issuance of such bonds on the borrowing margin of any municipality comprised within the school district as required by the provisions of section 18:5-86 of the Revised Statutes; provided, however, that the consents of the State Commissioner of Education and of the Local Government Board provided for in said section 18:5-86 shall have been indorsed upon a copy of a proposal correctly disclosing the effect of the issuance of said bonds on the borrowing margin of any municipality comprised within the school district in compliance with the provisions of section 18:5-86 of the Revised Statutes prior to the date of such school district meeting or election; and provided further, that said proposal adopted by the legal voters at such meeting or election correctly disclosed the effect of the adoption thereof on the borrowing margin of any municipality comprised within the school district in compliance with the provisions of section 18:5-86 of the Revised Statutes; and provided further, that no action, suit or other proceedings of any nature to contest the validity of such meeting or election has heretofore been instituted prior to the date on which this act takes effect and within the time fixed therefor by or pursuant to law or rule of court, or, when such time has not theretofore expired, is instituted within 30 days after the effective date of this act.

2. This act shall take effect immediately.

Approved February 28, 1966.
CHAPTER 10

AN ACT concerning real estate brokers and salesmen and amending section 45:15-9 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 45:15-9 of the Revised Statutes is amended to read as follows:

45:15-9. All persons desiring to become real estate brokers or real estate salesmen shall apply to the commission for a license under the provisions of this article. Every applicant for a license as a broker shall be of the age of 21 years or over and a citizen of the United States, and in the case of an association or a corporation the directors thereof shall be of the age of 21 years or over and citizens of the United States. Application for a license, whether as a real estate broker or a real estate salesman, shall be made to the commission upon forms prescribed by it and shall be accompanied by a fee of $10.00 which shall not be refundable. Every applicant for a license as a broker shall have the equivalent of a high school education and every applicant for a license as a real estate salesman shall have the equivalent of an eighth grade school education. The applicant shall furnish evidence of good moral character, and in the case of an association or corporation, the directors thereof shall furnish evidence of good moral character. Every such application shall be on file with the commission at least 10 days prior to the granting of a license. Every applicant for a license as a broker shall have first served an apprenticeship of 2 full years as a duly licensed real estate salesman in this State immediately preceding the date of application. No license as broker shall be granted to a corporation unless at least one of the officers of
said corporation qualifies as a broker, to transact business in the name and on behalf of said corporation; the license of said corporation shall cease if at least one officer does not hold a license as a broker at all times; and no person shall transact business in the name and behalf of a corporation duly licensed as a broker unless he shall hold a license as a broker or salesman which permits him to act for such corporation. In event that any person to whom a broker’s license has been or shall have been issued shall fail to renew such license or obtain a new license for a period of 3 consecutive years or more after the expiration of such license, the commission may require such person to serve the same apprenticeship and to pass an examination and comply with the same conditions on application for a broker’s license as if he had never had such a license issued to him.

2. This act shall take effect immediately.
   Approved April 1, 1966.

CHAPTER 11

An Act concerning real estate brokers and salesmen and amending sections 45:15-12, 45:15-13, 45:15-14, 45:15-15 and 45:15-17 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 45:15-12 of the Revised Statutes is amended to read as follows:

45:15-12. Every real estate broker shall maintain a place of business in this State except such nonresident brokers who qualify for licenses under the reciprocal provisions of section 45:15-20 of
CHAPTER 11, LAWS OF 1966

this article. A real estate broker’s maintained place of business shall have prominently displayed therein the license certificate of the broker and all licensed persons in his employ. In case a real estate broker maintains more than one place of business within this State, a duplicate license shall be issued to such broker for each branch office so maintained; provided, however, that the said branch office or offices are under the direct supervision of a competent licensee. Such duplicate license or licenses shall be issued upon the payment of a fee of $10.00 for each license so issued. A real estate broker’s maintained places of business shall have conspicuously displayed on the exterior thereof the broker’s name and the words Licensed Real Estate Broker.

2. Section 45:15-13 of the Revised Statutes is amended to read as follows:

45:15-13. All licenses shall be issued by the commission in such form as it shall prescribe. Each license shall show the name and address of the licensee and shall have imprinted thereon the seal of the commission. Notice in writing shall be given to the commission by each licensed broker of any change of business location, whereupon the commission shall issue a new license for the unexpired period, upon payment of a fee of $5.00 for each new license certificate so issued. A change of business location without notification to the commission, and without the issuance of a new broker’s license, shall automatically cancel the license theretofore issued.

3. Section 45:15-14 of the Revised Statutes is amended to read as follows:

45:15-14. All licenses issued to real estate salesmen shall be kept by the broker by whom such real estate salesman is employed, and the pocket card accompanying the same shall be delivered to the licensee. When any real estate salesman is discharged, or terminates his employment with the real estate broker by whom he was employed at
Chapter 11, Laws of 1966

The time of the issuing of such license to him, such employer shall immediately deliver, or send by registered mail, to the commission, such real estate salesman’s license. Such employer shall, at the same time address a communication to such real estate salesman at his last known residence, advising him that his license has been delivered or mailed to the commission, and a copy of such communication to the real estate salesman shall accompany the license when mailed or delivered to the commission. No real estate salesman shall perform any of the acts contemplated by this article, either directly or indirectly, under the authority of such salesman’s license, from and after the date of receipt of said license by the commission. A new license may be issued to such salesman, upon the payment of a fee of $5.00, upon satisfactory proof that he has obtained employment with another licensed broker. A salesman must be licensed under a broker; he cannot be licensed with more than one broker at the same time.

4. Section 45:15–15 of the Revised Statutes is amended to read as follows:

45:15–15. The annual fee for each real estate broker’s license shall be $30.00, and the annual fee for each real estate salesman’s license shall be $15.00. The annual fee for a branch office license shall be $10.00. Each license granted under this article shall entitle the licensee to perform all of the acts contemplated herein during the period for which the license is issued, as prescribed by this article. If a licensee fails to apply for a renewal of his license prior to the date of expiration of such license, the commission may refuse to issue a renewal license except upon the payment of a late renewal fee in the amount of $5.00 for a salesman and $10.00 for a broker; provided, however, the commission may, in its discretion, refuse to renew any license upon sufficient cause being shown. New licenses may be granted for each ensuing year upon request of licensees and the payment of the annual fee therefor as herein required, but the
commission, may, in its discretion, refuse to grant any new license upon sufficient cause being shown. The revocation or suspension of a broker's license shall automatically suspend every real estate salesman's license granted to employees of the broker whose license has been revoked or suspended, pending a change of employer and the issuance of a new license. The new license shall be issued without additional charge, if the same is granted during the year in which the original license was granted.

5. Section 45:15-17 of the Revised Statutes is amended to read as follows:

45:15-17. The commission may, upon its own motion, and shall, upon the verified complaint in writing of any person, investigate the actions of any real estate broker or real estate salesman, or any person who assumes to act in either such capacity within this State; and the commission may suspend for a period less than the unexpired portion of the license period, or may revoke any license issued under the provisions of this article, or may impose, as an alternative to such revocation or suspension, a penalty of not more than $200.00 for the first violation, a penalty of not more than $500.00 for a second violation, and for any subsequent violation a penalty of $500.00, which penalty shall be sued for and recovered by and in the name of the commission and shall be collected and enforced by summary proceedings pursuant to the Penalty Enforcement Law (N. J. S. 2A:58-1 et seq.), where the licensee or any person, in performing or attempting to perform any of the acts mentioned herein, is deemed to be guilty of:

a. Making any false promises or any substantial misrepresentation; or
b. Acting for more than one party in a transaction without the knowledge of all parties thereto; or

c. Pursuing a flagrant and continued course of misrepresentation or making of false promises through agents, salesmen, advertisements or otherwise; or
any of said drugs for any unlawful purpose, is
guilty of a high misdemeanor.
2. A person who is not addicted to the use of
morphine, cocaine, heroin, opium or any derivative
thereof, or marihuana, and who hires, employs or
uses any child under the age of 18 years to trans­
port, carry, sell, prepare for sale or offer for sale
any of such drugs for any unlawful purpose, is
guilty of a high misdemeanor and shall be punished
by imprisonment for not more than 30 years except

Prior to the commencement of any period of time established by the commission pursuant to this section, the commission shall establish for such period the minimum number of days of work required and the distribution of such days during such period and shall also determine whether or not application for employment as a longshoreman shall be counted as constituting actual work as a longshoreman. The commission may classify longshoremen according to length of service as a longshoreman and such other criteria as may be reasonable and necessary to carry out the provisions of this act. The commission shall have the power to vary the requirements of this section with respect to their application to the various classifications of longshoremen. In administering this section the commission shall observe the standards set forth in section 5-p of this act. Nothing in this section shall be construed to modify, limit or restrict in any way any of the rights protected by article 15 of this act.

2. The act of which this act is amendatory is amended by adding to said act a new section, to follow section 5-o (N. J. S. A. 32:23-109), to be section 5-p, to read as follows:

5-p 1. The commission shall suspend the acceptance of application for inclusion in the longshoremen's register for a period of 60 days after the effective date of this act. Upon the termination of such 60 day period the commission shall thereafter have the power to make determinations to suspend the acceptance of application for inclusion in the longshoremen's register for such periods of time as the commission may from time to time establish and, after any such period of suspension, the commission shall have the power to make determinations to accept applications, which shall be processed in the order in which they are filed with the
commission, for such period of time as the commission may establish or in such number as the commission may determine, or both. Such determinations to suspend or accept applications shall be made by the commission on its own initiative or upon the joint recommendation in writing of stevedores and other employers of longshoremen in the Port of New York District, acting through their representative for the purposes of collective bargaining with a labor organization representing such longshoremen in such district and such labor organization, which joint recommendation the commission shall have the power to accept or reject.

2. In administering the provisions of this section, the commission shall observe the following standards:

(a) To encourage as far as practicable the regularization of the employment of longshoremen;

(b) To bring the number of eligible longshoremen into balance with the demand for longshoremen's services within the Port of New York District without reducing the number of eligible longshoremen below that necessary to meet the requirements of longshoremen in the Port of New York District;

(c) To encourage the mobility and full utilization of the existing work force of longshoremen;

(d) To protect the job security of the existing work force of longshoremen;

(e) To eliminate oppressive and evil hiring practices injurious to waterfront labor and waterborne commerce in the Port of New York District, including, but not limited to, those oppressive and evil hiring practices that may result from either a surplus or shortage of waterfront labor;

(f) To consider the effect of technological change and automation and such other economic data and facts as are relevant to a proper determination.

In observing the foregoing standards and before determining to suspend or accept applications for inclusion in the longshoremen's register, the com-
mission shall consult with and consider the views of, including any statistical data or other factual information concerning the size of the longshoremen's register submitted by, carriers of freight by water, stevedores, waterfront terminal owners and operators, any labor organization representing employees registered by the commission, and any other person whose interests may be affected by the size of the longshoremen's register.

3. Any determination by the commission pursuant to this section to suspend or accept applications for inclusion in the longshoremen's register shall be made upon a record, shall not become effective until 5 days after notice thereof to the collective bargaining representative of stevedores and other employers of longshoremen in the Port of New York District and to the labor organization representing such longshoremen and shall be subject to judicial review for being arbitrary, capricious, and an abuse of discretion in a proceeding jointly instituted by such representative and such labor organization. Such judicial review proceeding may be instituted in either State in the manner provided by the law of such State for review of the final decision or action of administrative agencies of such State, provided, however, that such proceeding shall be decided directly by the appellate division as the court of first instance (to which the proceeding shall be transferred by order of transfer by the Supreme Court in the State of New York or in the State of New Jersey by notice of appeal from the commission's determination) and provided further that notwithstanding any other provision of law in either State no court shall have power to stay the commission's determination prior to final judicial decision for more than 15 days. In the event that the court enters a final order setting aside the determination by the commission to accept applications for inclusion in the longshoremen's register, the registration of any longshoremen included in the longshoremen's register as a result of such determination by the commission shall be canceled.
CHAPTER 18, LAWS OF 1966

This section shall apply, notwithstanding any other provision of this act, provided, however, such section shall not in any way limit or restrict the provision of section 5 of article IX of this act empowering the commission to register longshoremen on a temporary basis to meet special or emergency needs or the provisions of section 4 of article IX of this act relating to the immediate reinstatement of persons removed from the longshoremen's register pursuant to article IX of this act. Nothing in this section shall be construed to modify, limit or restrict in any way any of the rights protected by article 15 of this act.

3. If any part or provision of this act or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this act or the application thereof to other persons or circumstances and the 2 States hereby declare that they would have entered into this act or the remainder thereof had the invalidity of such provision or application thereof been apparent.

4. This act constitutes an agreement between the States of New York and New Jersey, supplementary to the waterfront commission compact and amendatory thereof, and shall be liberally construed to effectuate the purposes of said compact and the powers vested in the waterfront commission hereby shall be construed to be in aid of and supplemental to and not in limitation of or in derogation of any of the powers heretofore conferred upon or delegated to the waterfront commission.

5. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with this act, but if the State of New York shall have already enacted legislation then it shall take effect immediately.

For any person having the permanent use or possession of a box or seat or a lease or a license, other than a season ticket, for the use of a box or seat at a place of amusement, the tax shall be upon the amount for which a similar box or seat is sold for each performance or exhibition at which the box or seat is used or reserved by the holder, licensee or lessee, and shall be paid by the holder, licensee or lessee.

(2) The amount paid as charges of a roof garden, cabaret or other similar place in this State, to the extent that a tax upon such charges has not been paid pursuant to subsection (c) hereof.

4. Tax bracket schedule.—For the purpose of adding and collecting the tax imposed by this act, or an amount equal as nearly as possible or practicable to the average equivalent thereof, to be reimbursed to the vendor by the purchaser, the following formula shall be in force and effect as follows:

<table>
<thead>
<tr>
<th>Amount of Sale</th>
<th>Amount of Tax</th>

<td>No tax</td>

<td>1¢</td>
</tr>
<tr>
<td>0.41 to 0.70</td>
<td>2¢</td>

In addition to a tax of $0.03 on each full dollar, a tax shall be collected on each part of a dollar in excess of a full dollar in accordance with the above formula.

5. Transitional provisions.—(a) The taxes imposed under subsections (a), (b) and (c) of section 3 shall be paid upon all sales made and services
rendered on or after July 1, 1966 although made
on or rendered under a prior contract, except that
a delivery or transfer of possession of tangible
personal property made after said date pursuant to
an agreement for the sale of said property made
before the effective date of this act shall not be
subject to tax if; (1) such agreement for the sale
of said property was made in writing, (2) the par­
ticular item or items of property so sold or agreed
to be sold were segregated, before the effective date
of this act, from any other similar property in the
possession of the vendor and identified as having
been appropriated to such sale or agreement of sale,
and (3) the purchaser, before July 1, 1966 shall
have paid to the vendor not less than 10% of the
sale price of said property.

(b) The tax imposed under subsection (d) of
section 3 shall be paid upon any occupancy on and
after July 1, 1966, although such occupancy is pur­
suant to a prior contract, lease or other arrange­
ment. Where rent is paid on a weekly, monthly or
other term basis, the rent shall be subject to the
tax imposed under such subsection (d) to the ex­
tent that it covers any period on and after July 1,
1966 and such rent shall be apportioned on the basis
of the ratio of the number of days falling within
said period to the total number of days covered
thereby.

(c) Except as otherwise hereinafter provided,
the tax imposed under subsection (e) of section 3
shall be applicable to any admission to or the use
of facilities of a place of amusement occurring on
or after July 1, 1966, whether or not the admission
charge has been paid prior to such date unless the
tickets were actually sold and delivered (other than
for resale) prior to July 1, 1966.

6. Imposition of compensating use tax.—Unless
property or services have already been or will be
subject to the sales tax under this act, there is
hereby imposed on every person a use tax for the
use within this State on and after July 1, 1966, ex­
cept as otherwise exempted under this act, (A) of
any tangible personal property purchased at retail, 
(B) of any tangible personal property manufactured, processed or assembled by the user, if items of the same kind of tangible personal property are offered for sale by him in the regular course of business, and (C) of any tangible personal property, however acquired, where not acquired for purposes of resale, upon which any taxable services described in subsections (c)(1) and (c)(2) of section 3 have been performed. For purposes of clause (A) of this section, the tax shall be at the rate of 3% of the consideration given or contracted to be given for such property or for the use of such property, but excluding any credit for property of the same kind accepted in part payment and intended for resale, plus the cost of transportation except where such cost is separately stated in the written contract, if any, and on the bill rendered to the purchaser. For the purposes of clause (B) of this section, the tax shall be at the rate of 3% of the price at which items of the same kind of tangible personal property are offered for sale by the user, and the mere storage, keeping, retention or withdrawal from storage of tangible personal property by the person who manufactured, processed or assembled such property shall not be deemed a taxable use by him. For purposes of clause (C) of this section, the tax shall be at the rate of 3% of the consideration given or contracted to be given for the service, including the consideration for any tangible personal property transferred in conjunction with the performance of the service, plus the cost of transportation except where such cost is separately stated in the written contract, if any, and on the bill rendered to the purchaser.

7. Special rules for computing receipts and consideration.—(a) The retail sales tax imposed under subsection (a) of section 3 and the compensating use tax imposed under section 6, when computed in respect to tangible personal property wherever manufactured, processed or assembled and used by such manufacturer, processor or assembler in the
regular course of business within this State, shall
be based on the price at which items of the same
kind of tangible personal property are offered for
sale by him. (b) Tangible personal property, which
has been purchased by a resident of the State of
New Jersey outside of this State for use outside of
this State and subsequently becomes subject to the
compensating use tax imposed under this act, shall
be taxed on the basis of the purchase price of such
property, provided, however:

1. That where a taxpayer affirmatively shows
that the property was used outside such State by
him for more than 6 months prior to its use within
this State, such property shall be taxed on the basis
of current market value of the property at the time
of its first use within this State. The value of such
property, for compensating use tax purposes, may
not exceed its cost.

2. That the compensating use tax on such tangi­
ble personal property brought into this State (other
than for complete consumption or for incorporation
into real property located in this State) and used
in the performance of a contract or subcontract
within this State by a purchaser or user for a pe­
riod of less than 6 months may be based, at the
option of the taxpayer, on the fair rental value of
such property for the period of use within this
State.

under subsection (a) of section 3 and the use tax
imposed under section 6:

Articles of clothing customarily sold in combination such as, but not limited to, a suit of men’s clothing consisting of a coat and trousers shall, for the purpose of determining the dollar limitation herein, be treated as a single sale. activities of which is carrying on propaganda, or
otherwise attempting to influence legislation, and
which does not participate in, or intervene in (in-
cluding the publishing or distributing of state-

candidate for public office.
(e) Nothing in this section shall exempt the sale of a motor vehicle by an organization described in subsection (b) (1) of this section or retail sales of tangible personal property by any shop or store operated by such organization from the taxes imposed hereunder, unless the purchaser is an organization exempt under this section.

10. Certain sales of motor vehicles.—(a) Receipts from any sale of a motor vehicle shall not be subject to the retail sales tax imposed under subsection (a) of section 3, despite the taking of physical possession by the purchaser within this State, provided that the purchaser, at the time of taking delivery:

(1) is a nonresident of this State,
(2) has no permanent place of abode in this State,
(3) is not engaged in carrying on in this State any employment, trade, business or profession in which the motor vehicle will be used in this State, and
(4) prior to taking delivery, furnishes to the vendor: any affidavit, statement or additional evidence, documentary or otherwise, which the director may require to assure proper administration of the tax imposed upon subsection (a) of section 3.

(b) A vendor shall not be liable for failure to collect tax on receipts from any sale of a motor vehicle provided that the vendor prior to making delivery obtains and keeps available for inspection by the director any affidavit, statement or additional evidence, documentary or otherwise, as may be required to be furnished under subsection (a) above; provided, that such affidavit, statement or additional evidence is not known by the vendor, prior to making physical delivery of the motor vehicle, to be false.

11. Exemptions from use tax.—The following uses of property shall not be subject to the compensating use tax imposed under this act:

(1) In respect to the use of property used by the purchaser in this State prior to July 1, 1966.

(2) In respect to the use of property purchased by the user while a nonresident of this State, except in the case of tangible personal property which the user, in the performance of a contract, incorpo-
rates into real property located in this State. A person while engaged in any manner in carrying on in this State any employment, trade, business or profession, shall not be deemed a nonresident with respect to the use in this State of property in such employment, trade, business or profession.

(3) In respect to the use of property or services upon the sale of which the purchaser would be expressly exempt from the taxes imposed under subsection (a) or (b) of section 3.

(4) In respect to the use of property which is converted into or becomes a component part of a product produced for sale by the purchaser.

(5) In respect to the use of paper in the publication of newspapers and periodicals.

(6) In respect to the use of property or service to the extent that a retail sales or use tax was legally due and paid thereon, without any right to a refund or credit thereof, to any other State or jurisdiction within any other State but only when it is shown that such other State or jurisdiction allows a corresponding exemption with respect to the sale or use of tangible personal property or services upon which such a sales tax or compensating use tax was paid to this State. To the extent that the tax imposed by this act is at a higher rate than the rate of tax in the first taxing jurisdiction, this exemption shall be inapplicable and the tax imposed by section 6 of this act shall apply to the extent of the difference in such rates.

12. Collection of tax from customer.—(a) Every person required to collect the tax shall collect the tax from the customer when collecting the price, service charge, amusement charge or rent to which it applies. If the customer is given any sales slip, invoice, receipt or other statement or memorandum of the price, service charge, amusement charge or rent paid or payable, the tax shall be stated, charged and shown separately on the first of such documents given to him. The tax shall be paid to the person required to collect it as trustee for and on account of the State.
(b) For the purpose of the proper administration of this act and to prevent evasion of the tax hereby imposed, it shall be presumed that all receipts for property or services of any type mentioned in subsections (a), (b) and (c) of section 3, all rents for occupancy of the type mentioned in subsection (d) of said section, and all amusement charges of any type mentioned in subsection (e) of said section, are subject to tax until the contrary is established, and the burden of proving that any such receipt, amusement charge or rent is not taxable hereunder shall be upon the person required to collect tax or the customer. Unless a vendor shall have taken from the purchaser a certificate, signed by the purchaser and bearing his name and address and the number of his registration certificate, to the effect that the property or service was purchased for resale or the purchaser prior to taking delivery, furnishes to the vendor any affidavit, statement or additional evidence, documentary or otherwise, which the director may require demonstrating that the purchaser is an exempt organization described in section 9(b)(1), the sale shall be deemed a taxable sale at retail. Provided however, the director may authorize a purchaser, who acquires tangible personal property or services under circumstances which make it impossible at the time of acquisition to determine the manner in which the tangible personal property or services will be used, to pay the tax directly to the director and waive the collection of the tax by the vendor. No such authority shall be granted or exercised except upon application to the director, and the issuance by the director, in his discretion, of a direct payment permit. If a direct payment permit is granted, its use shall be subject to conditions specified by the director, and the payment of tax on all acquisitions pursuant to the permit shall be made directly to the director by the permit holder.

(c) The director may provide by regulation that the tax upon receipts from sales on the installment plan may be paid on the amount of each installment
and upon the date when such installment is due. He
may also provide by regulation for the exclusion
from taxable receipts, amusement charges or rents
of amounts representing sales where the contract
of sale has been canceled, the property returned or
the receipt, charge or rent has been ascertained to
be uncollectible or, in case the tax has been paid
upon such receipt, charge or rent, for refund or
credit of the tax so paid.

13. Tax payment prerequisite to registration.—
(a) The Director of the Division of Motor Vehicles
in the State Department of Law and Public Safety
shall not issue a registration certificate for any
motor vehicle, except in the case of a renewal of
registration by the same owner, except upon proof,
in a form approved by the Director of the Division
of Taxation and the Director of the Division of
Motor Vehicles, that any tax imposed by section 3
or section 6 of this act with respect to the sale of
the motor vehicle to the registrant or his use thereof
has been paid, or that no such tax is due.

(b) The Commissionor of the Department of
Conservation and Economic Development shall not
issue a registration certificate or an exempt certifi­
cate for any boat or vessel subject to registration
under the New Jersey Boat Act of 1962 (c. 73, laws
of 1962, and all amendments thereto) except in the
case of a renewal of registration by the same owner,
except upon proof, in a form approved by the Di­
rector of the Division of Taxation and the Commiss­
ionor of the Department of Conservation and Eco­
nomic Development, that any tax imposed by section
3 or section 6 of this act with respect to the sale of
the boat or vessel to the registrant or his use thereof
has been paid, or that no such tax is due.

14. Liability for the tax.—(a) Every person re-
quired to collect any tax imposed by this act shall
be personally liable for the tax imposed, collected
or required to be collected under this act. Any such
person shall have the same right in respect to col­
lecting the tax from his customer or in respect to
nonpayment of the tax by the customer as if the
tax were a part of the purchase price of the property or service, amusement charge or rent, as the case may be, and payable at the same time; provided, however, that the director shall be joined as a party in any action or proceeding brought to collect the tax.

(b) Where any customer has failed to pay a tax imposed by this act to the person required to collect the same, then in addition to all other rights, obligations and remedies provided, such tax shall be payable by the customer directly to the director and it shall be the duty of the customer to file a return with the director and to pay the tax to him within 20 days of the date the tax was required to be paid.

(c) The director may, whenever he deems it necessary for the proper enforcement of this act, provide by regulation that customers shall file returns and pay directly to the director any tax herein imposed, at such times as returns are required to be filed and payment over made by persons required to collect the tax.

(d) No person required to collect any tax imposed by this act shall advertise or hold out to the public in any manner, directly or indirectly, that the tax is not considered as an element in the price, amusement charge or rent payable by customers.

c. 54:32B-15. Registration.—(a) On or before June 20, 1966, or in the case of persons commencing business or opening new places of business after such date, within 3 days after such commencement or opening, every person required to collect any tax imposed by this act and every person purchasing tangible personal property for resale shall file with the director a certificate of registration in a form prescribed by him. The director shall within 5 days after such registration issue, without charge, to each registrant a certificate of authority empowering him to collect the tax and a duplicate thereof for each additional place of business of such registrant. Each certificate or duplicate shall state the place of business to which it is applicable. Such certificate of authority shall be prominently dis-
played in the place of business of the registrant. A registrant who has no regular place of doing business shall attach such certificate to his cart, stand, truck or other merchandising device. Such certificates shall be nonassignable and nontransferable and shall be surrendered to the director immediately upon the registrant’s ceasing to do business at the place named.

(b) Any person who is not otherwise required to collect any tax imposed by this act and who makes sales to persons within the State of tangible personal property or services, the use of which is subject to tax under this act, may if he so elects file a certificate of registration with the director who may, in his discretion and subject to such conditions as he may impose, issue to him a certificate of authority to collect the compensating use tax imposed by this act.

16. Records to be kept.—Every person required to collect any tax imposed by this act shall keep records of every sale or amusement charge or occupancy and of all amounts paid, charged or due thereon and of the tax payable thereon, in such form as the director may by regulation require. Such records shall include a true copy of each sales slip, invoice, receipt, statement or memorandum upon which subsection (a) of section 12 requires that the tax be stated separately. Such records shall be available for inspection and examination at any time upon demand by the director or his duly authorized agent or employee and shall be preserved for a period of 3 years, except that the director may consent to their destruction within that period or may require that they be kept longer.

17. Returns.—(a) Every person required to collect or pay tax under this act shall on or before August 20, 1966, and on or before the twentieth day of each month thereafter, make and file a return for the preceding month with the director. The return of a vendor of tangible personal property or services shall show his receipts from sales and also the aggregate value of tangible personal property and
services sold by him, the use of which is subject to tax under this act, and the amount of taxes required to be collected with respect to such sales and use. The return of a recipient of amusement charges shall show all such charges and the amount of tax thereon, and the return of a person required to collect tax on rents shall show all rents received or charged and the amount of tax thereon.

(b) The director may permit or require returns to be made covering other periods and upon such dates as he may specify. In prescribing such other periods, the director may take into account the dollar volume of tax involved as well as the need for insuring the prompt and orderly collection of the taxes imposed.

(c) The form of returns shall be prescribed by the director and shall contain such information as he may deem necessary for the proper administration of this act. The director may require amended returns to be filed within 20 days after notice and to contain the information specified in the notice.

18. Payment of tax.—Every person required to file a return under this act shall, at the time of filing such return, pay to the director the taxes imposed by this act as well as all other moneys collected by such person acting or purporting to act under the provisions of this act. All the taxes for the period for which a return is required to be filed shall be due and payable to the director on the date limited for the filing of the return for such period, without regard to whether a return is filed or whether the return which is filed correctly shows the amount of receipts, amusement charges or rents or the value of property or services sold or purchased or the taxes due thereon. Where the director, in his discretion, deems it necessary to protect the revenues to be obtained under this act, he may require any person required to collect the tax imposed by this act to file with him a bond, issued by a surety company authorized to transact business in this State and approved by the Commissioner of Insurance of this State as to solvency and responsibility, in such
amount as the director may fix, to secure the payment of any tax or penalties or interest due or which may become due from such person under this act. In the event that the director determines that a vendor is to file such bond, he shall give notice to him to that effect, specifying the amount of the bond required. Such person shall file such bond within 5 days after the giving of such notice unless within such 5 days he shall request in writing a hearing before the director at which the necessity, propriety and amount of the bond shall be determined by the director. Such determination shall be final and shall be complied with within 15 days after the giving of notice thereof. In lieu of such bond, securities approved by the director or cash in such amount as he may prescribe, may be deposited, which shall be kept in the custody of the director which may at any time without notice to the depositor apply them to any tax or interest or penalties due, and for that purpose the securities may be sold by him at public or private sale without notice to the depositor thereof.

19. Determination of tax.—If a return required by this act is not filed, or if a return when filed is incorrect or insufficient, the amount of tax due shall be determined by the director from such information as may be available. If necessary, the tax may be estimated on the basis of external indices, such as stock on hand, purchases, rental paid, number of rooms, location, scale of rents or charges, comparable rents or charges, type of accommodations and service, number of employees or other factors. Notice of such determination shall be given to the person liable for the collection or payment of the tax. Such determination shall finally and irrevocably fix the tax unless the person against whom it is assessed, within 90 days after giving of notice of such determination, shall apply to the director for a hearing, or unless the director of his own motion shall redetermine the same. After such hearing the director shall give notice of his determination to the person against whom the tax is assessed.
20. Refunds.—(a) In the manner provided in this section the director shall refund or credit any tax, penalty or interest erroneously, illegally or unconstitutionally collected or paid if application to the director for such refund shall be made within 2 years from the payment thereof. Such application may be made by a customer who has actually paid the tax. Such application may also be made by a person required to collect the tax, who has collected and paid over such tax to the director, provided that the application is made within 2 years of the payment to him by the customer, but no actual refund of moneys shall be made to such person until he shall first establish to the satisfaction of the director, under such regulations as he may prescribe, that he has repaid to the customer the amount for which the application for refund is made. The director may, in lieu of any refund, allow credit on payments due from the applicant.

(b) A person shall not be entitled to a revision, refund or credit under this section of a tax, interest or penalty which had been determined to be due pursuant to the provisions of section 19 where he has had a hearing or an opportunity for a hearing as provided in said section or has failed to avail himself of the remedies therein provided. No refund or credit shall be made of a tax, interest or penalty paid after a determination by the director made pursuant to section 19 unless it be found that such determination was erroneous, illegal or unconstitutional or otherwise improper, pursuant to law, in which event refund or credit shall be made of the tax, interest or penalty found to have been overpaid.

21. Review of director’s decision.—(a) Appeal to Division of Tax Appeals. Any aggrieved taxpayer may, within 3 months after any decision, order, finding, assessment or action of the Director of Taxation made pursuant to the provisions of this act, appeal therefrom to the Division of Tax Appeals, by filing a petition of appeal with said Division of Tax Appeals in the manner and form
prescribed by the said Division of Tax Appeals and on giving security, approved by the Director of Taxation, conditioned to pay the tax heretofore levied, if the same remains unpaid, with interest and costs, as set forth in subsection (e) hereof.

(b) Appeal exclusive remedy of taxpayer.—The appeal provided by this section shall be the exclusive remedy available to any taxpayer for review of a decision of the director in respect of the determination of the liability of the taxpayer for the taxes imposed by this act.

(c) Assessment pending review; review bond.—Irrespective of any restrictions on the assessment and collection of deficiencies, the director may assess a deficiency after the expiration of the period specified in subsection (a), notwithstanding that a petition of appeal in respect of such deficiency has been duly made by the taxpayer, unless the taxpayer, at or before the time his petition of appeal is made, has paid the deficiency, has deposited with the director the amount of the deficiency, or has filed with the director a bond (which may be a jeopardy bond) in the amount of the portion of the deficiency (including interest and other amounts) in respect of which the petition of appeal is made and all costs and charges which may accrue against him in the prosecution of the proceeding, including costs of all appeals, and with surety approved by the Division of Tax Appeals, conditioned upon the payment of the deficiency (including interest and other amounts) as finally determined and such costs and charges. If as a result of a waiver of the restrictions on the assessment and collection of a deficiency any part of the amount determined by the director is paid after the filing of the appeal bond, such bond shall, at the request of the taxpayer, be proportionately reduced.

22. Proceedings to recover tax.—(a) Whenever any person required to collect tax shall fail to collect or pay over any tax, penalty or interest imposed by this act as therein provided, or whenever any customer shall fail to pay any such tax, penalty or
interest, the Attorney General shall, upon the request of the director, bring or cause to be brought an action to enforce the payment of the same on behalf of the State of New Jersey in any court of the State of New Jersey or of any other State or of the United States.

(b) As an additional or alternate remedy, the director may issue a warrant, directed to the sheriff of any county commanding him to levy upon and sell the real and personal property of any person liable for the tax, which may be found within his county, for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant, and to return such warrant to the director and to pay to him the money collected by virtue thereof within 60 days after the receipt of such warrant. The sheriff shall within 5 days after the receipt of the warrant file with the county clerk a copy thereof, and thereupon such clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the tax, penalties and interest for which the warrant is issued and the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real and personal property of the person against whom the warrant is issued. The sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as that provided by law in respect to executions issued against property upon judgments of a court of record and for services in executing the warrant he shall be entitled to the same fees, which he may collect in the same manner. In the discretion of the director a warrant of like terms, force and effect may be issued and directed to any officer or employee of the Division of Taxation, and in the execution thereof such officer or employee shall have all the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. If a warrant is returned not satisfied in full, the director may from

time to time issue now warrants and shall also have
the same remedies to enforce the amount due there­
under as if the State had recovered judgment
therefor and execution thereon had been returned
unsatisfied.

(c) Whenever a person required to collect tax
shall make a sale, transfer, or assignment in bulk
of any part or the whole of his business assets,
otherwise than in the ordinary course of business,
the purchaser, transferee or assignee shall at least
10 days before taking possession of the subject of
said sale, transfer or assignment, or paying there­
for, notify the director by registered mail of the
proposed sale and of the price, terms and conditions
thereof whether or not the seller, transferrer or
assignor, has represented to, or informed the pur­
chaser, transferee or assignee that he owes any tax
pursuant to this act, and whether or not the pur­
chaser, transferee, or assignee has knowledge that
such taxes are owing, and whether any such taxes
are in fact owing.

Whenever the purchaser, transferee or assignee
shall fail to give notice to the director as required
by the preceding paragraph, or whenever the direc­
tor shall inform the purchaser, transferee or as­
signee that a possible claim for such tax or taxes
exists, any sums of money, property or choses in
action, or other consideration, which the purchaser,
transferee or assignee is required to transfer over
to the seller, transferrer or assignor shall be subject
to a first priority right and lien for any such taxes
theretofore or thereafter determined to be due from
the seller, transferrer or assignor to the State, and
the purchaser, transferee or assignee is forbidden
to transfer to the seller, transferrer or assignor
any such sums of money, property or choses in
action to the extent of the amount of the State’s
claim. For failure to comply with the provisions
of this section the purchaser, transferee or assignee,
in addition to being subject to the liabilities and
remedies imposed under the provisions of the
uniform commercial code, Title 12A of the Revised
Statutes of New Jersey, shall be personally liable for the payment to the State of any such taxes theretofore or thereafter determined to be due to the State from the seller, transferrer or assignor, and such liability may be assessed and enforced in the same manner as the liability for tax under this act.

23. Actions for collection of tax.—(a) At the request of the Division of Taxation, the Attorney General may bring suit, in the name of this State, in the appropriate court of any other State to collect any tax legally due this State under this act.

(b) The courts of this State shall recognize and enforce liabilities for taxes lawfully imposed by any other State, upon sales and use taxes, which extends a like comity to this State, and the duly authorized officer of any such State may sue for the collection of such a tax in the courts of this State. A certificate by the Secretary of State of such other State that an officer suing for the collection of such a tax is duly authorized to collect the same shall be conclusive proof of such authority.

(c) For the purposes of this section, the words "tax" and "taxes" shall include interest and penalties due under this act, and liability for such interest or penalties or both, due under a taxing statute of another State shall be recognized and enforced by the courts of this State to the same extent that the laws of such other State permit the enforcement in its courts of liability for such interest or penalties or both, due under this act.

24. General powers of the director.—In addition to the powers granted to the director in this act, he is hereby authorized and empowered:

1. To make, adopt and amend rules and regulations appropriate to the carrying out of this act and the purposes thereof;

2. To extend, for cause shown by general regulation or individual authorization, the time of filing any return for a period not exceeding 3 months on such terms and conditions as he may require; and
for cause shown, to remit penalties but not interest computed at the rate of 6% per annum;

3. To delegate his functions hereunder to any officer or employee of his division such of his powers as he may deem necessary to carry out efficiently the provisions of this act, and the person or persons to whom such power has been delegated shall possess and may exercise all of the power and perform all of the duties herein conferred and imposed upon the director;

4. To prescribe methods for determining the amount of receipts, amusement charges, or rents and for determining which of them are taxable and which are nontaxable;

5. To require any person required to collect tax to keep detailed records of all receipts, amusement charges, or rents received, charged or accrued, including those claimed to be nontaxable, and also of the nature, type, value and amount of all purchases, sales, services rendered, admissions, occupancies, names and addresses of customers, and other facts relevant in determining the amount of tax due and to furnish such information upon request to the director;

6. To assess, determine, revise and readjust the taxes imposed by this act;

7. To publish and maintain, as he deems necessary, lists of specific items of tangible personal property which are found to be foods and drugs exempt from tax under section 8.

25. Reference to tax.—Whenever reference is made in placards or advertisements or in any other publications to any tax imposed by this act, such reference shall be in substantially the following form: “sales and use tax”; except that in any bill, receipt, statement or other evidence or memorandum of sale, services rendered, amusement charges, rent or occupancy, issued or employed by a person required to collect tax, if the tax is required to be stated separately thereon as provided in subsection (a) of section 12, the word “tax” will suffice.
26. Penalties and interest.—(a) Any person failing to file a return or to pay or pay over any tax to the director within the time required by this act shall be subject to a penalty of 5% of the amount of tax due; plus interest at the rate of 1% of such tax for each month of delay excepting the first month after such return was required to be filed or such tax became due; but the director if satisfied that the delay was excusable, may remit all or any part of such penalty, but not interest at the rate of 6% per year. Unpaid penalties and interest may be determined, assessed, collected and enforced in the same manner as the tax imposed by this act.

(b) Any person failing to file a return required by this act, or filing or causing to be filed, or making or causing to be made, or giving or causing to be given any return, certificate, affidavit, representation, information, testimony or statement required or authorized by this act, which is willfully false, or willfully failing to file a bond required by this act, or failing to file a registration certificate and such data in connection therewith as the director by regulation or otherwise may require, or to display or surrender a certificate of authority as required by this act, or assigning or transferring such certificate of authority, or willfully failing to charge separately the tax herein imposed or to state such tax separately on any bill, statement, memorandum or receipt issued or employed by him upon which the tax is required to be stated separately as provided in subsection (a) of section 12 or willfully failing to collect the tax from a customer, who shall refer or cause reference to be made to this tax in a form or manner other than that required by this act, or failing to keep any records required by this act, shall, in addition to any other penalties herein or elsewhere prescribed, be guilty of a misdemeanor, punishment for which shall be a fine of not more than $1,000.00 or imprisonment for not more than 1 year, or both such fine and imprisonment.

(c) The certificate of the director to the effect that a tax has not been paid, that a return, bond or registration certificate has not been filed, or that
information has not been supplied pursuant to the provisions of this act shall be presumptive evidence thereof.

27. Notices and limitations of time.—(a) Any notice authorized or required under the provisions of this act may be given by mailing the same to the person for whom it is intended in a postpaid envelope addressed to such person at the address given in the last return filed by him pursuant to the provisions of this act or in any application made by him or, if no return has been filed or application made, then to such address as may be obtainable. The mailing of such notice shall be presumptive evidence of the receipt of the same by the person to whom addressed. Any period of time which is determined according to the provisions of this act by the giving of notice shall commence to run from the date of mailing of such notice.

(b) The provisions of law relative to limitations of time for the enforcement of a civil remedy shall not apply to any proceeding or action taken by the State or the director to levy, appraise, assess, determine or enforce the collection of any tax or penalty provided by this act. However, except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than 3 years from the date of the filing of a return; provided, however, that where no return has been filed as provided by law the tax may be assessed at any time.

(c) Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period be extended the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing made before the expiration of the extended period. If a taxpayer has consented in writing to the extension of the period for assessment, the period for filing an application for credit or refund
pursuant to section 20 shall not expire prior to 6 months after the expiration of the period within which an assessment may be made pursuant to the consent to extend the time for assessment of additional tax.

28. Uniform act.—The taxes imposed by this act shall be governed in all respects by the provisions of the State Tax Uniform Procedure Law (subtitle 9 of Title 54 of the Revised Statutes) except only to the extent that a specific provision of this act may be in conflict therewith.

29. Severability clause.—If any provision of this act, or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or other provisions of the act, which reasonably can be given effect despite the invalidity.

30. Appropriation.—There is hereby appropriated to the Division of Taxation in the Department of the Treasury the sum of $2,500,000.00 or so much thereof as shall be required to carry out the provisions of this act from the effective date hereof through the period ending June 30, 1967.

31. Effective date.—This act shall take effect immediately and, except as may be otherwise provided in this act, shall be applicable with respect to sales and services of tangible personal property and the use, storage or consumption of such property on and after July 1, 1966.

Approved April 27, 1966.

CHAPTER 31

An Act concerning State aid to education, amending and supplementing the “State School Aid Act of 1954,” approved June 20, 1954 (P. L. 1954, c. 85), and amending and supplementing the “School Building Aid Act,” approved March 20, 1956 (P. L. 1956, c. 8), and repealing section 9 thereof.
CHAPTER 31, LAWS OF 1966

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P. L. 1954, chapter 85 is amended to read as follows:

2. For the purposes of this act, unless the context clearly requires a different meaning:

"Resident enrollment" shall mean the number of full-time pupils who are residents of the district and are enrolled in day schools on the last day of September during the school year in which calculation of aid is made and are attending the public schools of the district or a school district or State teachers college demonstration school to which the district of residence pays tuition; provided, that no district shall count in its enrollment any pupil regularly attending on a full-time basis a county vocational school in the same county.

"Approved special class" shall mean a class for physically handicapped or mentally retarded children, and all other classes for atypical pupils approved by the Commissioner of Education.

"Atypical pupils" shall mean pupils who are physically handicapped or mentally retarded and who are not accommodated through the school facilities usually provided for normal pupils.

"Evening school pupils" shall mean pupils enrolled in evening schools, except in classes for foreign-born residents, or in vocational schools, or in schools known as adult schools.

"School district" shall mean a district organized or operating under chapters 6, 7 or 8 of Title 18 of the Revised Statutes.

"State aid" shall mean the sum of equalization aid, minimum aid, transportation reimbursement, and supplementary aid for special classes and atypical pupils, county aid and county vocational school aid, as determined pursuant to this act.

2. Section 3 of P. L. 1954, chapter 85 is amended to read as follows:

3. The foundation program for each school district in each school year shall be $400.00 per pupil in resident enrollment. For this purpose:
(a) Pupils shall be counted as in enrollment who are residents of the district and are regularly attending the public schools of the district or of a school district or State teachers college demonstration school to which the district of residence pays tuition;

(b) All atypical pupils shall be counted in the same manner as normal pupils;

(c) The enrollment of pupils in evening schools and part-time day schools shall be equated to a full-time day school enrollment pursuant to rules promulgated by the Commissioner of Education with the approval of the State Board of Education;

(d) Pupils in regional school districts and their respective component districts shall be counted according to the rule prescribed in subsection (a) hereof.

(e) Notwithstanding the foregoing, no district shall count in its enrollment any pupil regularly attending on a full-time basis a county vocational school in the same county, regardless of whether or not tuition is paid for such pupils, but such pupils shall be counted in the determination of State aid to the county vocational schools.

3. Section 4 of P. L. 1954, chapter 85 is amended to read as follows:

4. (a) The local fair share of the foundation school program shall be determined for each school district for each year as a sum equal to $10.2$ mills per dollar upon the equalized valuation of the taxing district or districts within the school district, as certified by the Director of the State Division of Taxation for the year in which the calculation is made.

(b) With respect to regional school districts and their component districts, however, the equalized valuations as certified by the Director of Taxation shall be allocated among the regional district and its component districts in proportion to the number of pupils in each of them as determined for the foundation program. That part of the local fair share of a regional district and of a consolidated
school district measured by property valuations shall be determined at the rate of 8½ mills per dollar of such allocated valuation during the first 5 years that the regional school or consolidated school district is in operation and at the rate of 9½ mills per dollar during the second 5 years that the regional school or consolidated school district is in operation, and thereafter at the full 10½ mills with respect to any regional school district or consolidated school district heretofore or hereafter established.

(c) In the event that the equalization table certified by the Director of the Division of Taxation shall be revised by the Division of Tax Appeals on or before January 15, the local fair share of any district affected thereby shall be recomputed accordingly and any determination or certification of State aid previously made pursuant to this act shall be amended to conform therewith.

(d) With respect to any school district in which there are pupils whose parents live and work on Federal property and for which the district has an entitlement under subsection 3 (a) of Title I of P. L. 874, as amended by Title I of P. L. 89-10, the commissioner shall adjust the equalized full valuation of the taxing district by adding thereto the equalized valuation per pupil for each such 3 (a) pupil. The equalized valuation per pupil shall be determined without such 3 (a) pupils.

4. Section 5 of P. L. 1954, chapter 85 is amended to read as follows:

5. Equalization aid shall be paid to each district in the amount of the excess of the foundation program over the local fair share; provided that each district shall be paid not less than $75.00 per pupil.

5. Section 6 of P. L. 1954, chapter 85 is amended to read as follows:

(a) In addition to all other aid, each school district or State college operating an approved special class or classes shall be paid $2,000.00 per class for such classes, and each school district sending atypical children to special classes outside the district of residence shall be paid ½ the amount by

which the tuition charged for such pupils exceeds $400.00.

(b) For every mentally retarded or physically handicapped pupil furnished individual instruction or training at home or in school, by reason of the fact that there are too few mentally retarded or physically handicapped pupils in the district to form a class or by reason of the impracticability of transporting such a pupil to a class maintained in another district, the school district shall be paid $2 the cost of such education as determined by the Commissioner of Education.

(c) In a municipality having a population of more than 100,000 inhabitants according to latest Federal Census, the school district shall receive in addition to all other aid an apportionment of $27.00 per resident pupil.

(d) In any district in which the Commissioner of Education shall adjust the equalized full valuation of the taxing district because of pupils living on Federal property, a calculation of the per pupil equalization or minimum aid shall be made separately for the Federally connected pupils and for all other pupils within the district. The district shall receive additional State aid for each pupil living on Federal property in the amount that the per pupil aid apportioned for the education of such Federally connected pupils from these State aid calculations plus the Federal apportionment is less than the per pupil aid available for the education of all other pupils in the district from State aid and local school taxes raised for current expenses. The commissioner in his determination of the additional per pupil aid shall use the latest official statistics then available concerning State and Federal apportionments and local school taxes.

6. Section 10 of P. L. 1954, chapter 85 is amended to read as follows:

10. (a) Wherever as shown by the annual financial report filed by any school district the amount expended for current expenses excluding transportation is less than $400.00 per pupil in resident
enrollment during the school year for which the State aid is payable, the foundation program for the year then under calculation shall be the per pupil expenditure for current expenses excluding transportation as shown by the annual financial report filed with the Commissioner of Education. For the purposes of this section the amount per pupil provided for current expense by a component district of a regional high school district shall be deemed to include the component's share of the regional school district's expenditures and pupils.

7. Section 13 of P. L. 1954, chapter 85 is amended to read as follows:

13. On or before November 15 in each year, the commissioner shall estimate the amount necessary to be appropriated to carry out the provisions of this act for the succeeding school year and shall determine for budget purposes the amounts estimated to be payable to each of the counties and districts under this act for such succeeding school year.

8. Section 14 of P. L. 1954, chapter 85 is amended to read as follows:

14. The sums payable as State aid to the school districts and county vocational schools shall be payable in each school year, $ on October 1, $ on December 1, $ on March 1, $ on May 1. Payments shall be made by the State Treasurer to each board of education upon certificate of the Commissioner of Education and warrant of the Director of the Division of Budget and Accounting.

9. Section 8 of P. L. 1954, chapter 85 is amended to read as follows:

8. Each county vocational school board operating a full-time day school program shall be paid the higher of either the sum of $100.00 per pupil or the average per pupil equalization aid payable to the districts within the county. The Commissioner of Education, with the approval of the State Board of Education shall promulgate rules for the counting of pupils in resident enrollment on a full-time day school basis in the county vocational schools.
10. Section 2 of P. L. 1956, chapter 8 is amended to read as follows:

2. For the purposes of this act, unless the context clearly requires a different meaning:

"Resident enrollment" shall mean the number of full-time pupils who are residents of the district and are enrolled in day schools on the last day of September during the school year in which calculation of aid is made and are attending the public schools of the district or a school district or State teachers college demonstration school to which the district of residence pays tuition; provided that no district shall count in its enrollment any pupil regularly attending on a full-time basis a county vocational school in the same county.

"Building aid allowance" shall mean a school district's annual building aid allowance as computed and determined pursuant to this act.

"Capital reserve fund" shall mean a fund by that designation established by the State Treasurer for each school district which elects to appropriate moneys into such fund pursuant to this act. The State Treasurer shall not be required to segregate the fund for each such school district, provided however that each district's share shall be shown separately in the records of the State Treasurer.

"Commissioner" shall mean the State Commissioner of Education.

"School district" shall mean a district organized or operating under chapters 6, 7 or 8, of Title 18 of the Revised Statutes.

11. Section 4 of P. L. 1956, chapter 8 is amended to read as follows:

4. The capital foundation program shall be computed annually for each school district as the sum of the amount appropriated by or for the school district in each school budget or in a municipal budget for purposes of (1) debt service, (2) capital outlay and (3) net addition to its capital reserve fund, but not exceeding $45.00 per pupil in resident enrollment.
12. Section 5 of P.L. 1956, chapter 8 is amended to read as follows:

5. (a) There shall be deducted from the amount of the capital foundation program of each district a local share equal to $0.075 per $100.00 (¾ mill per $1.00) upon the equalized full valuation of the taxing district or districts within the school district, as certified by the Director of the State Division of Taxation to the commissioner, pursuant to law, for the year in which the calculation is required to be made. The remainder shall constitute the district’s building aid allowance.

(b) With respect to regional school districts and their component districts, however, the equalized valuations as certified by the Director of Taxation as described above shall be allocated among the regional district and its component districts in proportion to the number of pupils in each of them as determined for the foundation program.

(c) With respect to any school district in which there are pupils whose parents live and work on Federal property and for which the district has an entitlement under subsection 3 (a) of Title I of P.L. 874, as amended by Title I of P.L. 89–10, the commissioner shall adjust the equalized full valuation of the taxing district by adding thereto the equalized valuation per pupil for each such 3 (a) pupil. The equalized valuation per pupil shall be determined without such 3 (a) pupils.

13. Section 7 of P.L. 1956, chapter 8 is amended to read as follows:

7. A school district may on November 1 or May 1 in any school year draw against its capital reserve fund, up to the amount of the balance therein, to the extent that such withdrawal is anticipated as a revenue in the school budget for the then current school year or may be applied to a capital purpose authorized by ordinance or by vote of the electors of the school district; provided, that such budget anticipation and withdrawal may not be greater than the amount by which capital outlay and debt service in such year exceeds State school building
aid applicable thereto. Such withdrawal shall be paid by the State Treasurer to the board of education upon application duly made to the commissioner and upon his certification and the warrant of the Director of the Division of Budget and Accounting.

14. Section 10 of P. L. 1956, chapter 8 is amended to read as follows:

10. On or before November 15 in each year, the commissioner shall determine the maximum building aid allowance available to each school district and estimate the amount necessary to be appropriated by the State to carry out the provisions of this act, for the succeeding school year. The commissioner shall make such determination and estimate upon the basis of resident enrollment of the district, and a local fair share determined for the current calendar year. He shall promptly certify to each school district the maximum building aid allowance so determined, and the school district may include the amount so certified in its next ensuing school budget subject to the provisions of section 11 hereof.

15. Section 11 of P. L. 1956, chapter 8 is amended to read as follows:

11. Each school district or municipality, as the case may be, may anticipate as a revenue separately stated in its budget as applicable to the capital foundation program defined in section 4 hereof, the lesser of the following sums:

(a) The sum of debt service, capital outlay and net addition to its capital reserve fund, appropriated by or for the school district in its budget or in a municipal budget, as the case may be, for such year, less the local fair share as certified by the commissioner; and

(b) The maximum building aid allowance available to the district as certified by the commissioner, less any amounts withheld by the State Treasurer pursuant to section 6 hereof.

The sum so anticipated, subject to audit by the commissioner, shall be payable as school building aid pursuant to this act and required to be set aside.
and reserved by the State Treasurer pursuant hereto respectively, and shall be paid and reserved, as the case may be, in each school year, \( \frac{1}{2} \) on November 1 and \( \frac{1}{2} \) on May 1. Payments shall be made, by the State Treasurer to each board of education, and reserve funds set aside, upon certification of the Commissioner of Education and warrant of the Director of the Division of Budget and Accounting. In the case of school districts operating under chapter 6 of Title 18 of the Revised Statutes any payment of building aid allowance or withdrawal from a reserve fund shall be remitted to the chief financial officer of the municipality in which such district is located or the custodian of school moneys.

All sums so received by or set aside for a board of education or municipality shall be applied as follows: first, to debt service on bonds issued by such board of education or municipality for school purposes; secondly, to capital outlay for school purposes; and lastly, to addition to the capital reserve fund of such school district.

17. (a) Each school district shall be paid State aid under this act for the school year 1966-67 using resident enrollments and equalized valuation of the taxing district or districts within the school district. The commissioner shall certify to each county board of taxation \( \frac{3}{4} \) of the amount by which the aid so determined for each school district in the county exceeds the aid actually anticipated in the budget for the school district adopted for the school year 1966-67. The county board of taxation shall reduce the amount required for school purposes previously certified to the said county board of taxation for the purposes of the 1966 county table of aggregates by the amount so certified by the commissioner. The county board of taxation will recalculate and reduce the respective municipal tax rates accordingly. Any additional amount of aid under this act which is not
used for tax reduction under this section shall be credited to the current expense fund of the school district.

(b) Each school district in which the amount of the local tax levy for school purposes is less than the amount of the additional aid provided for this act for the school year 1966-67 shall be paid the aid determined under the State School Aid Act of 1954 as amended (P. L. 1954, c. 85) and the State School Building Aid Act of 1956 as amended (P. L. 1956, c. 8).

18. This act shall take effect immediately.
Approved April 27, 1966.

CHAPTER 36

An Act concerning health services, providing a program of State aid to local health agencies and supplementing Title 26 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known as the State Health Aid Act of 1966.
2. It is hereby declared to be the public policy of this State to ensure that public health services are provided, protecting all citizens and visitors within this State, by making financial aid available to local health agencies and assisting such agencies to establish and maintain a program of recognized public health activities and to meet minimum standards of performance as prescribed by the Public Health Council in accordance with the provisions of chapter 177 of the laws of 1947.

3. For the purposes of this act unless the context clearly requires a different meaning:
   (a) “Local health agency” shall mean and include a county, district, regional, municipal or other local governmental agency organized for the purpose of providing health services.
   (b) “Commissioner” shall mean the State Commissioner of Health.
   (c) “Special projects and development fund” shall mean the fund established in section 7 of this act.
   (d) “Certified health services” shall mean and include those specific administrative activities and health services as planned and provided in a municipality or municipalities by a local health agency or by a person or agency under contract with a local health agency which are approved and certified by the commissioner as being recognized health services meeting personnel and program standards which the Public Health Council is hereby authorized to prescribe.
   (e) “State health aid” shall mean State aid for basic health services and State equalization aid for local health purposes but shall not include grants from the special projects and development fund.
   (f) “Annual expenditures for health purposes” shall mean the sum expended by a local health agency for certified health services excluding any sum paid to the local health agency as State health aid under the provisions of this act.
   (g) “Population” shall mean the number of inhabitants of a municipality or a group of municipalities making up a local health agency jurisdic-
tion as enumerated in the last Federal census, or by a special census made by the Federal Bureau of the Census, or as estimated annually by the Department of Conservation and Economic Development, whichever is most recent, except that military personnel living on military reservations, inmates of State and county institutions and boarding students of schools and colleges shall be excluded.

(h) "Full-time health officer" shall mean a licensed health officer employed by a local health agency to function as such during all the working hours of the regularly scheduled work week of the governmental unit to which the local health agency is attached and not regularly employed during the working hours of that scheduled work week in other activities for which he receives remuneration.

(i) The "foundation program" for each local health agency shall be an amount equal to a capitation for the population within the jurisdiction of the local health agency.

(j) The "distribution table" shall mean a series of percentages of the foundation program establishing the minimum amounts which should be budgeted by a local health agency for each functional activity. The distribution table shall be prescribed by the Public Health Council.

(k) "Criteria for participation" shall mean that a local health agency serving a minimum population of 25,000 is under the administrative direction of a full-time health officer, and all other employees are appropriately qualified and licensed as required by law. The minimum population of 25,000 may be waived at the discretion of the commissioner in the case of a local health agency which from the period beginning January 1, 1960, has carried on and continues to carry on a comprehensive public health program under the direction of a full-time health officer.

4. State aid for basic health services in the amount of $25,000.00 for each county in this State shall be appropriated annually and shall be made available for distribution by the State Department
of Health to the local health agencies which meet the criteria for participation in the county and render certified health services, provided that:

(a) Each municipality which maintains, or participates in, a local health agency eligible for State aid for basic health services shall be entitled to an equal share of the $25,000.00 allocated for each county.

(b) The maximum amount of State aid for basic health services available to each local health agency shall be the sum of the share or shares to which the municipality or municipalities maintaining or participating in it are entitled.

(c) In no case shall the amount of State aid for basic health services to a local health agency be greater than twice the annual expenditure for health purposes of that agency during the year for which such aid is distributed.

(d) State aid for basic health services shall be expended exclusively for certified health services in administration, environmental sanitation, and communicable disease control.

(e) State aid for basic health services shall not be provided for use in substitution for moneys expended for specific activities, positions or personnel derived from the annual expenditure of the agency for health purposes during either of the 2 years immediately preceding the year for which the State aid is requested.

5. The local fair share of the foundation program shall be determined for the local government jurisdiction included within a local health agency as a sum equal to 0.2 mills per dollar upon the equalized evaluation of the taxing district or districts of these same local governments as certified by the Director of the State Division of Taxation. In the event that the equalization table certified by the Director of the State Division of Taxation shall be revised by the Division of Tax Appeals on or before January 15, the local fair share of any taxing district affected thereby shall be recomputed accordingly and any determination or certification of
State aid made previously pursuant to this act shall be amended to conform therewith.

6. State equalization aid for local health purposes shall be an amount representing the excess of the foundation program over the local fair share but not less than $0.25 per capita of the population in the area of jurisdiction. Such aid shall be available as a grant for distribution by the State Department of Health to each local health agency which meets the criteria for participation provided that:

(a) State equalization aid for local health purposes shall be used exclusively for the support of certified health services provided by the local health agency;

(b) When the sum of the annual expenditure for health purposes and the State aid for basic health services is less than the local fair share, the State equalization aid for local health purposes shall be reduced by the difference;

(c) When the budgetary allocation for any of the functional activities is less than that prescribed by the program distribution table, the State equalization aid for local health purposes available as a grant shall be determined according to the following formula:

\[
\text{Grant} = \left\{ \frac{\text{State Equalization Aid}}{\text{Foundation Program}} \times \text{Sum of the amounts that the budgetary allocation for each functional activity is less than that prescribed in the Distribution Table.} \right\}
\]

(d) State equalization aid for local health purposes shall not be provided for use in substitution for moneys expended for specific activities, positions or personnel derived from the annual expenditure of the local health agency for health purposes during either of the 2 years immediately preceding the year for which the State aid is requested.

7. (a) There is hereby established a special projects and development fund which shall consist of all funds appropriated or otherwise made avail-
able for the purposes set forth in this section. The commissioner, with the approval of the Public Health Council, may make grants from the special projects and development fund to local health agencies, to hospitals, and to voluntary health agencies to provide State health assistance for new health services and for special health projects in order to stimulate continued development of health services and to assure the citizens of New Jersey the benefits of the most advanced health protection techniques.

(b) Grants from the special projects and development fund for specific purposes shall be made on an annual basis for a period not in excess of 5 years and such grants shall be in diminishing amounts during this period. The commissioner shall determine the conditions applicable to each such grant including the extent of local financial participation to be required. Grants from the special projects and development fund to voluntary health agencies shall not exceed 40% of said fund.

8. A local health agency may qualify for a grant under one or more of sections 4, 6 and 7.

9. On or before a date set by the commissioner but not later than October 15 in each year, the health officer of each local health agency, or in his absence another person designated by the official body under which the local health agency operates, may submit an application for State health aid for the succeeding year. The application shall include the budget of the agency, the plan of work, the short-term objectives, and such other information the commissioner may require, to be presented in a form prescribed by the commissioner. The application shall be certified, under the penalties of perjury, as true to the best knowledge of the person making it.

10. On or before November 15 in each year the commissioner shall determine in accordance with the provisions of this act the amount estimated to be payable during the succeeding year to each of the local health agencies which have submitted a proper and completed application for State health aid.
11. The sum payable as State health aid to each local health agency shall be payable \( \frac{1}{4} \) on January 1, \( \frac{1}{4} \) on April 1, \( \frac{1}{4} \) on July 1, and \( \frac{1}{4} \) on September 1, on the basis of planned expenditures, provided that subsequent payments shall be adjusted so that payment is made upon the basis of actual expenditures. Payments shall be made by the State Treasurer upon certificate of the commissioner and warrant of the Director of the Division of Budget and Accounting.

12. In order to ensure that the State health aid is expended in conformance with the provisions of this act, the commissioner shall, when he deem it in order, have an audit made of the expenditures of moneys and of services provided by the local health agency receiving State health aid and shall, when he shall deem it necessary, have examined all books, papers and vouchers of the agency and its fiscal agent and shall have free and unrestricted access thereto for that purpose.

13. When it has been determined that a local health agency fails to provide certified health services called for in its plan of work as stated in its application for State health aid or ceases to comply with the criteria for participation, State health aid may be reduced or discontinued by the commissioner when, in his judgment, such action serves to further the general purposes of this act.

14. Each local health agency receiving State health aid shall on or before February 15 in each year, following the year for which the State health aid was received, prepare and file with the commissioner an annual report for the preceding calendar year. Such report shall state the condition of the public health within the limits of its jurisdiction, noting therein any special cause for the deterioration of health or of hazard thereto, and shall contain answers to any questions which may have been addressed to the local health agency by the commissioner.

15. The capitation for the purposes of this act shall be specified for each calendar year in the immediately preceding General Appropriation Act.

16. This act shall become effective July 1, 1966

1. Section 6 of the act of which this act is amendatory is amended to read as follows:
6. Any person not now engaged in the insurance business in this State as agent or broker, and hereafter desiring to engage in said business as agent, broker, or solicitor, and any licensed agent or solicitor hereafter desiring to be licensed for an additional group or groups of insurance as may be provided by section 5 of this act, shall apply, in accordance with the provisions of this act, to the commissioner for a license authorizing him to engage in and transact such business, or such group or groups thereof respectively. Every applicant for a broker’s license shall be at least 21 years of age and if such applicant be a nonresident he shall show that he is the holder of an unexpired license as an insurance broker or agent in the State of his residence, or in which he maintains his principal office for the conduct of his insurance business, or that he has established a principal office in this State for the transaction of such business. If the application be for a solicitor’s license it shall be accompanied by a written request of a licensed agent or broker with whom such solicitor has established a solicitor relationship. All such applications shall be in writing on uniform forms and supplements prepared by the commissioner, and shall be accompanied by an examination fee of $10.00 (unless applicant be exempt from examination as set forth in section 10 of this act). The applicant shall make sworn answers to such interrogatories as the commissioner may require, and the application shall include a certificate by a resident representative of an insurance company lawfully authorized to transact business in this State, or by a licensed insurance agent or broker of this State, certifying:

(a) that the applicant is a resident of this State, or if a nonresident has his principal office for the conduct of such business in this State, or that he is an applicant for a nonresident broker’s or solicitor’s license;

(b) that the applicant is personally known to him;
(c) that the applicant has had experience or instruction in the general insurance business or (if seeking an agent or solicitor license) some group or groups of the kind or kinds of insurance for which he may desire to be specifically licensed;

(d) that the applicant is of good reputation and is worthy of a license.

(a) In the case of an applicant for a broker's, agent's or solicitor's license who has previously been licensed in New Jersey.

(b) In the case of an applicant for a broker's, agent's or solicitor's license who has previously been licensed as such in another State.

2. Section 9 of the act of which this act is amendatory is amended to read as follows:

(b) is actively to engage in the general insurance business, or a particular group or groups thereof with the general public, and

(c) is of good reputation, and

(e) is a resident of this State or has his principal office for the conduct of such business in this State (unless such application be for a nonresident broker's or solicitor's license), and

(f) is reasonably familiar with the insurance laws of this State, and with the provisions, terms and conditions of the policies or contracts he is proposing to solicit, negotiate or effect, and
(g) he is then engaged in or intends to engage in the business of writing or negotiating insurance as his principal business or occupation or as a substantial part thereof, separate and apart from any connection which he may have with any partnership or corporation whose principal business is lending of money, and

(h) is not seeking such license principally for the purpose of negotiating or writing insurance on property owned by him, or in which he has an insurable interest, or on property or insurable interests of a relative or his employer, and

(i) is worthy of a license, and

(j) has not been convicted of a crime involving moral turpitude, the commissioner shall issue to the applicant a license to transact business in this State as an insurance agent, broker or solicitor, as the case may be. Where the request is for license in the name of a corporation organized under the laws of a foreign State or jurisdiction and it shall appear in the application, by affidavit of the president or other officer of a foreign corporation, that the sole business sought to be transacted by it is that of a broker, as herein defined, the commissioner may grant such license, notwithstanding the corporation has not complied with the provisions of the general corporation act and obtained a license thereunder to transact business in this State, if with the first request for such license the corporation shall file with the commissioner a duly executed power of attorney as is required in section 7 of this

CHAPTER 53

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:
1. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. Imposition of sales tax.—On and after July 1, 1966 there is hereby imposed and there shall be paid a tax of 3% upon:

(a) The receipts from every retail sale of tangible personal property, except as otherwise provided in this act.

(b) The receipts from every sale, except for resale, of the following services:

(1) Producing, fabricating, processing, printing or imprinting tangible personal property, performed for a person who directly or indirectly furnishes the tangible personal property, not purchased by him for resale, upon which such services are performed.

(2) Installing tangible personal property, or maintaining, servicing, repairing tangible personal property not held for sale in the regular course of business, whether or not the services are performed directly or by means of coin-operated equipment or by any other means, and whether or not any tangible personal property is transferred in conjunction therewith, except such services rendered by an individual who is engaged directly by a private homeowner or lessee in or about his residence and who is not in a regular trade or business offering his services to the public, and except any receipts from laundering, dry cleaning, tailoring, weaving, pressing, shoe repairing and shoe shining, and except for installing property which, when installed, will constitute an addition or capital improvement to real property, property or land.

(3) Storing all tangible personal property not held for sale in the regular course of business and the rental of safe deposit boxes or similar space.

(4) Maintaining, servicing or repairing real property, property or land, whether the services are performed in or outside of a building, as distinguished from adding to or improving such real property, property or land, by a capital improvement, but excluding services rendered by an in-
dividual who is not in a regular trade or business offering his services to the public, and excluding interior cleaning and maintenance services performed on a regular contractual basis for a term of not less than 30 days, other than window cleaning, and rodent and pest control.

Wages, salaries and other compensation paid by an employer to an employee for performing as an employee the services described in this subsection are not receipts subject to the taxes imposed under this subsection (b).

(c) Receipts from the sale of food and drink except alcoholic beverages as defined in the Alcoholic Beverage Tax Law, in or by restaurants, taverns or other establishments in this State, or by caterers, including in the amount of such receipts any cover, minimum, entertainment or other charge made to patrons or customers:

(1) in all instances where the sale is for consumption on the premises where sold;

(2) in those instances where the vendor or any person whose services are arranged for by the vendor, after the delivery of the food or drink by or on behalf of the vendor for consumption off the premises of the vendor, serves or assists in serving, cooks, heats or provides other services with respect to the food or drink; and

(3) in those instances where the sale is for consumption off the premises of the vendor, and consists of a meal, or food prepared and ready to be eaten, of a kind obtainable in restaurants as the main course of a meal, including a sandwich, except where food other than sandwiches is sold in an unheated state and is of a type commonly sold in the same form and condition in food stores other than those which are principally engaged in selling prepared foods.

The tax imposed by this subsection (c) shall not apply to food or drink which is sold to an air line for consumption while in flight.

(d) The rent for every occupancy of a room or rooms in a hotel in this State, except that the tax
shall not be imposed upon (1) a permanent resident, or (2) where the rent is not more than at the rate of $2.00 per day.

(e) (1) Any admission charge where such admission charge is in excess of $0.75 to or for the use of any place of amusement in the State, including charges for admission to race tracks, baseball, football, basketball or exhibitions, dramatic or musical arts performances, motion picture theatres, except charges to a patron for admission to, or use of, facilities for sporting activities in which such patron is to be a participant, such as bowling alleys and swimming pools. For any person having the permanent use or possession of a box or seat or a lease or a license, other than a season ticket, for the use of a box or seat at a place of amusement, the tax shall be upon the amount for which a similar box or seat is sold for each performance or exhibition at which the box or seat is used or reserved by the holder, licensee or lessee, and shall be paid by the holder, licensee or lessee.

(2) The amount paid as charges of a roof garden, cabaret or other similar place in this State, to the extent that a tax upon such charges has not been paid pursuant to subsection (e) hereof.

2. Section 5 of the act of which this act is amendatory is amended to read as follows:

5. Transitional provisions.—(a) The taxes imposed under subsections (a), (b) and (c) of section 3 shall be paid upon receipts received on or after July 1, 1966 from all sales made and services rendered although made on or rendered under a contract entered into prior to said date, except that in the case of payment for a delivery or transfer of possession of tangible personal property made after July 1, 1966 pursuant to an agreement for the sale of said property made before May 9, 1966 such receipts shall not be subject to tax if; (1) such agreement for the sale of said property was made in writing, (2) the particular item or items of property so sold or agreed to be sold were segregated, before May 9, 1966, from any other similar
property in the possession of the vendor and identified as having been appropriated to such sale or agreement of sale, and (3) the purchaser, before July 1, 1966 shall have paid to the vendor not less than 10% of the sale price of said property. Upon written application, made in accordance with applicable rules and regulations, the director may waive the requirement for segregation where it is demonstrated to the satisfaction of the director that in view of the nature of the transaction such segregation would have been impossible.

(b) The tax imposed under subsection (d) of section 3 shall be paid upon any occupancy on and after July 1, 1966, although such occupancy is pursuant to a prior contract, lease or other arrangement. Where rent is paid on a weekly, monthly or other term basis, the rent shall be subject to the tax imposed under such subsection (d) to the extent that it covers any period on and after July 1, 1966 and such rent shall be apportioned on the basis of the ratio of the number of days falling within said period to the total number of days covered thereby.

(c) Except as otherwise hereinafter provided, the tax imposed under subsection (e) of section 3 shall be applicable to any admission to or the use of facilities of a place of amusement occurring on or after July 1, 1966, whether or not the admission charge has been paid prior to such date unless the tickets were actually sold and delivered (other than for resale) prior to July 1, 1966.

(d) Sales made to contractors, subcontractors or repairmen of materials, supplies, or services for use in erecting structures for others, or building on, or otherwise improving, altering or repairing real property of others shall be exempt from the taxes imposed by subsections (a) and (b) of section 3 and section 6 hereof, provided such structure, building, improvement, alteration or repair is the subject of a written bid or contract duly tendered or entered into by such contractor, subcontractor, or repairman before May 9, 1966, provided, further,
that the director shall be empowered to promulgate rules and regulations and procedures to be followed by persons seeking to qualify for this exemption.

(e) No tax shall be imposed under subsections (a), (b) and (c) of section 3 upon receipts received on or after July 1, 1966 in the case of sales made or services rendered, where delivery of the property which was the subject matter of the sale has been completed or such services have been entirely rendered, prior to July 1, 1966.

3. Section 6 of the act of which this act is amendatory is amended to read as follows:

6. Imposition of compensating use tax.—Unless property or services have already been or will be subject to the sales tax under this act, there is hereby imposed on every person a use tax for the use within this State on and after July 1, 1966, except as otherwise exempted under this act, (A) of any tangible personal property purchased at retail, (B) of any tangible personal property manufactured, processed or assembled by the user, if items of the same kind of tangible personal property are offered for sale by him in the regular course of business, and (C) of any tangible personal property, however, acquired, where not acquired for purposes of resale, upon which any taxable services described in subsections (b) (1) and (2) of section 3 have been performed. For purposes of clause (A) of this section, the tax shall be at the rate of 3% of the consideration given or contracted to be given for such property or for the use of such property, but excluding any credit for property of the same kind accepted in part payment and intended for resale, plus the cost of transportation except where such cost is separately stated in the written contract, if any, and on the bill rendered to the purchaser. For the purposes of clause (B) of this section, the tax shall be at the rate of 3% of the price at which items of the same kind of tangible personal property are offered for sale by the user, and the mere storage, keeping,
retention or withdrawal from storage of tangible personal property by the person who manufactured, processed or assembled such property shall not be deemed a taxable use by him. For purposes of clause (C) of this section, the tax shall be at the rate of 3% of the consideration given or contracted to be given for the service, including the consideration for any tangible personal property transferred in conjunction with the performance of the service, plus the cost of transportation except where such cost is separately stated in the written contract, if any, and on the bill rendered to the purchaser.

4. Section 8 of the act of which this act is amendatory is amended to read as follows:

6. Section 11 of the act of which this act is amendatory is amended to read as follows:

11. Exemptions from use tax.—The following uses of property shall not be subject to the compensating use tax imposed under this act:

(1) In respect to the use of property used by the purchaser in this State prior to July 1, 1966.

(2) In respect to the use of property purchased by the user while a nonresident of this State, except in the case of tangible personal property which the user, in the performance of a contract, incorporates into real property located in the State. A person while engaged in any manner in carrying on in this State any employment, trade, business or profession, shall not be deemed a nonresident with respect to the use in this State of property in such employment, trade, business or profession.

(3) In respect to the use of property or services upon the sale of which the purchaser would be
expressly exempt from the taxes imposed under subsection (a) or (b) of section 3.

(4) In respect to the use of property which is converted into or becomes a component part of a product produced for sale or for market sampling by the purchaser.

(5) In respect to the use of paper in the publication of newspapers and periodicals.

(6) In respect to the use of property or services to the extent that a retail sales or use tax was legally due and paid thereon, without any right to a refund or credit thereof, to any other State or jurisdiction within any other State but only when it is shown that such other State or jurisdiction allows a corresponding exemption with respect to the sale or use of tangible personal property or services upon which such a sales tax or compensating use tax was paid to this State. To the extent that the tax imposed by this act is at a higher rate than the rate of tax in the first taxing jurisdiction, this exemption shall be inapplicable and the tax imposed by section 6 of this act shall apply to the extent of the difference in such rates.

7. Section 14 of the act of which this act is amendatory is amended to read as follows:

14. Liability for the tax.—(a) Every person required to collect any tax imposed by this act shall be personally liable for the tax imposed, collected or required to be collected under this act. Any such person shall have the same right in respect to collecting the tax from his customer or in respect to nonpayment of the tax by the customer as if the tax were a part of the purchase price of the property or service, amusement charge or rent, as the case may be, and payable at the same time; provided, however, that the director shall be joined as a party in any action or proceeding brought to collect the tax.

(b) Where any customer has failed to pay a tax imposed by this act to the person required to collect the same, then in addition to all other rights, obligations and remedies provided, such tax shall be
payable by the customer directly to the director and it shall be the duty of the customer to file a return with the director and to pay the tax to him within 20 days of the date the tax was required to be paid.

(c) The director may, whenever he deems it necessary for the proper enforcement of this act, provide by regulation that customers shall file returns and pay directly to the director any tax herein imposed, at such times as returns are required to be filed and payment over made by persons required to collect the tax.

(d) No person required to collect any tax imposed by this act shall advertise or hold out to any person or to the public in general, in any manner, directly or indirectly, that the tax is not considered as an element in the price, amusement charge or rent payable by customer, or that he will pay the tax, that the tax will not be separately charged and stated to the customer or that the tax will be refunded to the customer. Upon written application duly made and proof duly presented to the satisfaction of the director showing that in his particular business it would be impractical for the vendor to separately charge the tax to the customer, the director may waive the application of the requirement herein as to such vendor.

8. Section 17 of the act of which this act is amendatory is amended to read as follows:

17. Returns.—(a) Every person required to collect or pay tax under this act shall on or before August 28, 1966, and on or before the twenty-eighth day of each month thereafter, make and file a return for the preceding month with the director. The return of a vendor of tangible personal property or services shall show his receipts from sales and also the aggregate value of tangible personal property and services sold by him, the use of which is subject to tax under this act, and the amount of taxes required to be collected with respect to such sales and use. The return of a recipient of amusement charges shall show all such charges and the
amount of tax thereon, and the return of a person required to collect tax on rents shall show all rents received or charged and the amount of tax thereon.

(b) The director may permit or require returns to be made covering other periods and upon such dates as he may specify. In prescribing such other periods, the director may take into account the dollar volume of tax involved as well as the need for insuring the prompt and orderly collection of the taxes imposed.

(c) The form of returns shall be prescribed by the director and shall contain such information as he may deem necessary for the proper administration of this act. The director may require amended returns to be filed within 20 days after notice and to contain the information specified in the notice.

9. Section 24 of the act of which this act is amendatory is amended to read as follows:

24. General powers of the director.—In addition to the powers granted to the director in this act, he is hereby authorized and empowered:

1. To make, adopt and amend rules and regulations appropriate to the carrying out of this act and the purposes thereof;

2. To extend, for cause shown by general regulation or individual authorization, the time of filing any return for a period not exceeding 3 months on such terms and conditions as he may require; and for cause shown, to remit penalties but not interest computed at the rate of 6% per annum;

3. To delegate his functions hereunder to any officer or employee of his division such of his powers as he may deem necessary to carry out efficiently the provisions of this act, and the person or persons to whom such power has been delegated shall possess and may exercise all of the power and perform all of the duties herein conferred and imposed upon the director;

4. To prescribe methods for determining the amount of receipt, amusement charges, or rents and for determining which of them are taxable and which are nontaxable;
5. To require any person required to collect tax to keep detailed records of all receipts, amusement charges, or rents received, charged or accrued, including those claimed to be nontaxable, and also of the nature, type, value and amount of all purchases, sales, services rendered, admissions, occupancies, names and addresses of customers, and other facts relevant in determining the amount of tax due and to furnish such information upon request to the director;

6. To assess, determine, revise and readjust the taxes imposed by this act;

7. To publish and maintain, as he deems necessary, lists of specific items of tangible personal property which are found to be foods and drugs exempt from tax under section 8.

8. To enter into agreements with other States and the District of Columbia, providing for the reciprocal enforcement of the sales and use tax laws imposed by the States entering into such an agreement. Such agreement may empower the duly authorized officer of any contracting State, which extends like authority to officers or employees of this State, to sue for the collection of that State’s sales and use taxes in the courts of this State.

10. This act shall take effect immediately.

Approved May 25, 1966.

Any permit may be revoked by a judge of the County Court of the county wherein the permit was issued, after hearing upon notice, and upon a finding that the holder thereof no longer qualifies for the issuance of such permit. The county prosecutor of any county, the chief police officer of any municipality or any citizen may apply to such judge at any time for the revocation of any such permit.

Such sum shall be paid by the Commissioner of Labor and Industry to the State Treasurer.

When the total amount of all such payments into the fund, together with the accumulated interest thereon, exceeds $1,250,000.00, an amount not to exceed $50,000.00 of such excess over $1,250,000.00 in any 1 fiscal year, may be applied toward the cost of administration of the Division of Workmen’s Compensation in the Department of Labor and Industry when authorized and appropriated by the Legislature.

CHAPTER 66

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 17 of chapter 37 of the laws of 1955 is amended to read as follows:

17. The expenses of administration of the retirement system shall be paid by the State of New Jersey. Each employing school district shall reimburse the State for a proportionate share of the amount paid by the State for administrative expense. This proportion shall be computed as the number of members under the jurisdiction of such employing school district bears to the total number
of members in the system. The pro rata share of
the cost of the administrative expense shall be
included with the certification by the board of
trustees to the Commissioner of Education, the
State Treasurer and to each employing school
district. The Commissioner of Education shall
deduct the amount so certified from the certifica-
tion, to the State Treasurer and the Director of
the Division of Budget and Accounting, of State
aid payable to such employing school district under
the provisions of chapter 85, P. L. 1954.

2. Section 39 of chapter 37 of the laws of 1955 is
amended to read as follows:

39. a. A member, under 60 years of age, who
has 10 or more years of credit for New Jersey
service, shall, upon the application of his employer
or upon his own application or the application of
one acting in his behalf, be retired for ordinary
disability by the board of trustees. The physician
or physicians designated by the board shall have
first made a medical examination of him at his
residence or at any other place mutually agreed
upon and shall have certified to the board that the
member is physically or mentally incapacitated
for the performance of duty and should be retired.

The service requirement provisions of subsection
a of this section as altered by this amendatory and
supplementary act shall not become effective for
5 years following the effective date of the act.

b. A member, under 65 years of age, shall, upon
the application of his employer or upon his own
application or the application of one acting in his
behalf, be retired by the board of trustees, if said
member is permanently and totally disabled as a
direct result of a traumatic event occurring during
and as a result of the performance of his regular
or assigned duties, on an accidental disability
allowance.

The application to accomplish such retirement
must be filed within 5 years of the original trau-
matic event, but the board of trustees may consider
an application filed after the 5-year period if it
can be factually demonstrated to the satisfaction of the board of trustees that the disability is due to the accident and the filing was not accomplished within the 5-year period due to a delayed manifestation of the disability or to circumstances beyond the control of the member.

Permanent and total disability resulting from a cardiovascular, pulmonary or musculo-skeletal condition which was not a direct result of a traumatic event occurring in the performance of duty shall be deemed an ordinary disability.

Before consideration of an application for accidental disability allowance by the board of trustees, the physician or physicians designated by the board shall have first made a medical examination of the member at his residence or at any other place mutually agreed upon and shall have certified to the board that he is physically or mentally incapacitated for the performance of duty, and should be retired, and the employer shall have certified to the board that the member is permanently and totally disabled as a direct result of a traumatic event occurring during and as a result of the performance of his regular and assigned duties, the time and place where the duty causing the disability was performed, that the disability was not the result of his willful negligence and that the member should be retired.

3. Section 40 of chapter 37 of the laws of 1955 is amended to read as follows:

40. a. Once each year the board of trustees may, and upon his application shall, require any disability beneficiary who is under the age of 60 years to undergo medical examination by a physician or physicians designated by the board. The examination shall be made by the beneficiary's personal physician or a physician designated by the board at the residence of the beneficiary or any other place mutually agreed upon. If the physician or physicians thereupon report and certify to the board that the disability beneficiary is not totally incapacitated either physically or mentally for the
performance of duty, or if he is engaged in an occupation, then the amount of his pension shall be reduced to an amount which, when added to the amount then earned by him, shall not exceed the amount of the salary now attributable to his former position. If his earnings have changed since the date of his last examination, then the amount of his pension may be further altered; but the new pension shall not exceed the amount of pension originally granted.

If a disability beneficiary, while under age of 60 years, refuses to submit to at least one medical examination in any year by a physician or physicians designated by the board, his pension shall be discontinued until withdrawal of his refusal. If the report of the medical board shall show that such beneficiary is able to perform either his former duty or other comparable duty which his former employer is willing to assign to him, the beneficiary shall report for duty. If the beneficiary fails to return to duty within 10 days after being ordered so to do, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default.

b. Upon application to the employer by whom he was employed at the time of his retirement, any beneficiary, while under the age of 60 years, may, in the discretion of the employer, be restored to active service. No disability beneficiary restored to service shall be compelled or permitted to become a member, or to receive any benefits other than those previously awarded to him, as long as his annual rate of compensation is less than his final compensation at the time of his retirement. Any beneficiary under the age of 60 years, who is restored to active service at an annual rate of compensation equal to or greater than his final compensation at the time of his retirement, or whose annual rate of compensation is increased at any time after his restoration to service, to a rate equal to or greater than his final compensation at
the time of his retirement, shall thereupon again become a member of the retirement system. His retirement allowance shall be canceled, and notwithstanding anything in this act to the contrary, the appropriate reserves shall be transferred as provided in section 23. Deductions shall be made from his compensation at the rate applicable to him prior to his retirement. Any service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and he shall be credited with all service as a member standing to his credit at the time of his retirement; except that such a beneficiary again becoming a member shall receive a retirement allowance on subsequent retirement based on all his service as a member since his last return to membership, and in addition he shall receive a retirement allowance equal to the retirement allowance on which he was retired at the time of his last retirement, but the total retirement allowance upon subsequent retirement shall not be a greater proportion of his final compensation than the proportion to which he would have been entitled had he remained in service during the period of his prior retirement.

The provisions of subsection b of this section pertaining to a beneficiary restored to service, as altered by this amendatory and supplementary act, shall not become effective for 5 years following the effective date of the act.

4. Section 41 of chapter 37 of the laws of 1955 is amended to read as follows:

41. A member upon retirement for ordinary disability shall receive a retirement allowance which shall consist of:

(a) an annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest after January 1, 1956 and

(b) a pension in the amount which, when added to the member's annuity, will provide a total retirement allowance of $1\frac{1}{2}\%$ of final compensation
multiplied by his number of years of creditable service; and provided further, that in no event shall the allowance be less than 40% of final compensation, except that in no case shall the rate of allowance exceed 1/10 of the rate of allowance which the member would have received had he remained in service to age 60.

Except as provided in section 69, upon the receipt of proper proofs of the death of a member who has retired on an ordinary disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member’s estate, an amount equal to 1½ times the compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to 5/6 of the compensation received by the member in the last year of creditable service. The death benefits provided in this section shall apply to any member who has retired or shall retire on or after January 1, 1956.

5. Section 42 of chapter 37 of the laws of 1955 is amended to read as follows:

42. A member under 65 years of age upon retirement for accidental disability shall receive a retirement allowance which shall consist of:

(a) an annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest after January 1, 1956; and

(b) a pension, in addition to the annuity, of 2/3 of his actual annual compensation for which contributions were being made at the time of the occurrence of the accident.

Except as provided in section 69, upon the receipt of proper proofs of the death of a member who has retired on an accidental disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written desig-
nation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to 1\(\frac{1}{2}\) times the compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to \(\frac{3}{4}\) of the compensation received by the member in the last year of creditable service. The death benefits provided in this section shall apply to any member who has retired or shall retire on or after January 1, 1956.

6. Section 43 of chapter 37 of the laws of 1955 is amended to read as follows:

43. Retirement for service shall be as follows:
   (a) A member who shall have reached 60 years of age may retire from service by filing with the board of trustees a written statement, duly attested, stating at which time subsequent to the execution and filing thereof he desires to be retired. The board of trustees shall retire him at the time specified or at such other time within 30 days after the date so specified as the board finds advisable.
   (b) Each and every member who shall have reached 70 years of age shall be retired by the board of trustees for service forthwith, or at such time within 1 year thereafter as it deems advisable.

7. Section 48 of chapter 37 of the laws of 1955 is amended to read as follows:

48. A pension, an annuity or a retirement allowance granted under the provisions of this act shall be effective only on the first day of a month, shall be paid in equal monthly installments, and shall not be decreased, increased, revoked, or repealed, except as otherwise provided in this act; provided, however, that at the time any benefit becomes payable, any unpaid balance of a loan or arrearage outstanding shall be deducted from any benefit otherwise payable.

Upon the death of a retirant, any unpaid benefits due him shall be paid in one lump sum to such person, if living, as he shall have nominated by
written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the retirant’s estate. No pension, annuity or retirement allowance shall be due to a retirant or a beneficiary unless it constitutes a payment for an entire month.

8. Section 56 of chapter 37 of the laws of 1955 is amended to read as follows:

56. Subject to the provisions of chapter 70 of the laws of 1955, the general responsibility for the proper operation of the Teachers’ Pension and Annuity Fund and for making effective the provisions of this act shall be vested in the board of trustees. Subject to the limitations of the law, the board shall, from time to time, establish rules and regulations for the administration and transaction of its business and for the control of the funds created by this act and shall perform any other functions required for the execution of this act. The membership of the board shall consist of the following:

(a) The State Treasurer or the Deputy State Treasurer, when designated for that purpose by the State Treasurer;

(b) One trustee appointed by the Governor for a term of 3 years;

(c) Three trustees from among the members of the retirement system, elected by the membership or by delegates elected for this purpose by the membership, one of whom shall be elected each year for a 3-year term commencing on January 1, following such election in such manner as the board of trustees may prescribe;

for regular appointment or election to the position where the vacancy exists.

Each member of the board shall, upon appointment or election, take an oath of office that, so far as it devolves upon him, he will diligently and honestly administer the board's affairs, and that he will not knowingly violate or willfully permit to be violated any provision of law applicable to this act. The oath shall be subscribed to by the member making it, certified by the officer before whom it is taken and filed immediately in the office of the Secretary of State.

Each trustee shall be entitled to one vote in the board and a majority of all the votes of the entire board shall be necessary for a decision by the board of trustees at a meeting of the board. The board shall keep a record of all its proceedings, which shall be open to public inspection.

The members of the board shall serve without compensation but shall be reimbursed for any necessary expenditures. No employee shall suffer loss of salary or wages through serving on the board.

On and after January 1, 1960, and prior to January 1, 1967, amounts equal to the social security contributions by each member upon compensation upon which such member's contributions to the retirement system are based shall be deducted from the contributions required to be paid to the retirement system by such member to the extent of the social security rate of contributions in effect on December 31, 1959. Effective January 1, 1967, and thereafter, an amount equal to 2% of the compensation subject
to social security, upon which such member's contributions to the retirement system are based, shall be deducted from the contributions required to be paid to the retirement system by such member as provided in sections 29 and 70 of this act. Contributions by members of the retirement system to the social security fund shall be made in the manner prescribed by the State agency for social security. Contributions to the social security fund shall not be subject to any provision of this act dealing with the withdrawal of contributions, loans, or the payment of any annuities, pension, disability or death benefits.

In the event a member of the retirement system is also a member of another retirement system, supported in whole or in part by the State or by an interstate instrumentality in which this State participates, which provides for a reduction in the amount of the retirement allowance by the amount of the member's social security benefit, the amount of the social security contribution to be deducted from the member's contribution to this retirement system shall be computed on the basis of the proportion that the member's compensation subject to this retirement system bears to the member's total compensation subject to such systems.

11. The following acts and parts of acts are repealed, effective July 1, 1966:

P. L. 1955, c. 37, s. 68;

P. L. 1964, c. 190.

The repeal of the aforesaid section and acts shall not be construed to provide for any retroactive effect. Where a member's retirement allowance was reduced by the amount of the old age insurance benefit under Title II of the Social Security Act,
paid or payable to him, whether received or not, or if such reduction is to be made upon the member's attainment of 65, on or after July 1, 1966 such reductions shall cease or no reduction shall be made.

12. The liabilities established pursuant to section 33(a) of the act to which this act is amendatory and supplementary on account of veteran members employed as teachers on January 1, 1955 shall be proportionately increased for each such school district to cover the additional liabilities created by section 11 of this act for all veterans who were employed as teachers on January 1, 1955 and who are employed as teachers on June 30, 1966. Such increased liabilities shall be paid annually in the manner prescribed by section 33(a) of the act to which this act is amendatory and supplementary over the remainder of the 30-year period established for the liquidation of the liabilities.

13. a. In addition to the amounts required of the State and other employers pursuant to sections 18 and 33 of the act to which this act is amendatory and supplementary, the additional liabilities created by the provisions of this amendatory and supplementary act, except for those provided for under section 12 of this act, shall be computed by the actuary and shall be paid by the State beginning July 1, 1967 through (1) an increase in the normal rate of contribution and (2) an accrued liability contribution, which, if paid in each fiscal year, for a period of 30 years, will provide for this accrued liability.

b. The liability created by P. L. 1962, chapter 108, shall be recomputed by the actuary and added to the additional liabilities created by the provisions of this amendatory and supplementary act. The recomputed liability shall be paid by the State as part of the payment established by subsection (a) of this section, allowing a credit for the payments already made by the State towards the funding of this liability.

14. This act shall take effect immediately.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 17 of chapter 84 of the laws of 1954 is amended to read as follows:

17. Subject to the provisions of chapter 70 of the laws of 1955, the general responsibility for the proper operation of the Public Employees' Retirement System and for making effective the provisions of this act shall be vested in the board of trustees. Subject to the limitations of the law, the board shall, from time to time, establish rules and regulations for the administration and transaction
of its business and for the control of the funds created by this subtitle and shall perform any other functions required for the execution of this act. The membership of the board shall consist of the following:

e. A vacancy occurring during a term shall be filled for the unexpired term by the appointment or election of a successor in the same manner as his predecessor.

Each member of the board shall, upon appointment or election, take an oath of office that, so far as it devolves upon him, he will diligently and honestly administer the board's affairs, and that he will not knowingly violate or willfully permit to be violated any provision of law applicable to this act. The oath shall be subscribed to by the member
making it, certified by the officer before whom it is
taken and filed immediately in the office of the
Secretary of State.
Each trustee shall be entitled to one vote in the
board and a majority of all the votes of the entire
board shall be necessary for a decision by the
trustees at a meeting of the board. The board shall
keep a record of all its proceedings, which shall be
open to public inspection.
The members of the board shall serve without
compensation but shall be reimbursed for any nec­
essary expenditures. No employee shall suffer loss
of salary or wages through the serving on the
board.
For the purpose of organizing the Public Em­
ployees’ Retirement System, the members of the
board of trustees of the former “State Employees’
Retirement System,” as of the effective date of
the repeal of that system, shall constitute the initial
membership of the board of trustees of the Public
Employees’ Retirement System, for the remainder
of the terms for which they were appointed or
elected as the case may be.
The board of trustees shall designate a medical
board to be composed of 3 physicians as the board
shall designate who are not eligible to participate
in the retirement system. The medical board shall
pass upon all medical examinations required under
the provisions of this act, shall investigate all
essential statements and certificates by or on behalf
of a member in connection with an application for
disability retirement, and shall report in writing
to the board of trustees its conclusions and recom­
mandations upon all matters referred to it.

2. Section 18 of chapter 84 of the laws of 1954 is
amended to read as follows:

18. The board shall elect annually from its mem­
bership a chairman and may also elect a vice-chair­
man, who shall have all the power and authority
of the chairman in the event of the death, absence
or disability of the chairman. It shall appoint an
actuary.
The actuary shall be the technical adviser of the board on matters regarding the operation of the funds created by the provisions of this act and shall perform such other duties as are required in connection therewith.

The Attorney General shall be the legal adviser of the retirement system.

The Chief or Assistant Chief of the Office of Secretarial Services of the Division of Pensions of the State Department of the Treasury, shall be the secretary of the board. The Chief and Assistant Chief of the Office of Secretarial Services shall be in the competitive division of the State classified service. The Secretary presently in office shall hold the position as Assistant Chief of the Office of Secretarial Services subject to all of the provisions of Title 11 of the Revised Statutes and shall not be removed from said office except in the manner provided under the provisions of said Title relating to permanent employees in the competitive division of the State classified service. The board of trustees shall select its secretary from among the eligible candidates.

3. Section 42 of chapter 84 of the laws of 1954 is amended to read as follows:

42. A member, under 60 years of age, who has 10 or more years of credit for New Jersey service, shall, upon the application of the head of the department in which he shall have been employed or upon his own application or the application of one acting in his behalf, be retired for ordinary disability by the board of trustees. The physician or physicians designated by the board shall have first made a medical examination of him at his residence or at any other place mutually agreed upon and shall have certified to the board that the member is physically or mentally incapacitated for the performance of duty and should be retired.

The service requirement provisions of this amendatory and supplementary act shall not become effective for 5 years following the effective date of the act.
4. Section 43 of chapter 84 of the laws of 1954 is amended to read as follows:

43. A member who has not attained age 65 shall, upon the application of the head of the department in which he is employed or upon his own application or the application of one acting in his behalf, be retired by the board of trustees, if said employee is permanently and totally disabled as a direct result of a traumatic event occurring during and as a result of the performance of his regular or assigned duties, on an accidental disability allowance.

The application to accomplish such retirement must be filed within 5 years of the original traumatic event, but the board of trustees may consider an application filed after the 5-year period if it can be factually demonstrated to the satisfaction of the board of trustees that the disability is due to the accident and the filing was not accomplished within the 5-year period due to a delayed manifestation of the disability or to circumstances beyond the control of the member.

Permanent and total disability resulting from a cardiovascular, pulmonary or musculo-skeletal condition which was not a direct result of a traumatic event occurring in the performance of duty shall be deemed an ordinary disability.

Before consideration of the application by the board of trustees, the physician or physicians designated by the board shall have first made a medical examination of the member at his residence or at any other place mutually agreed upon and shall have certified to the board that he is physically or mentally incapacitated for the performance of duty, and should be retired, and the appointing authority shall have certified to the board that the member is permanently and totally disabled as a direct result of a traumatic event occurring during and as a result of the performance of his regular or assigned duties, the time and place where the duty causing the disability was performed, that the disability was not the result of his willful negligence and that the member should be retired.
5. Section 44 of chapter 84 of the laws of 1954 is amended to read as follows:

44. a. Once each year the board of trustees may, and upon his application shall, require any disability beneficiary who is under the age of 60 years to undergo medical examination by a physician or physicians designated by the board. The examination shall be made by the beneficiary’s personal physician or a physician designated by the board at the residence of the beneficiary or any other place mutually agreed upon. If the physician or physicians thereupon report and certify to the board that the disability beneficiary is not totally incapacitated either physically or mentally for the performance of duty, or if he is engaged in an occupation, then the amount of his pension shall be reduced to an amount which, when added to the amount then earned by him, shall not exceed the amount of the salary now attributable to his former position. If his earnings have changed since the date of his last examination, then the amount of his pension may be further altered; but the new pension shall not exceed the amount of pension originally granted.

If a disability beneficiary, while under age of 60 years, refuses to submit to at least one medical examination in any year by a physician or physicians designated by the board, his pension shall be discontinued until withdrawal of his refusal. If the report of the medical board shall show that such beneficiary is able to perform either his former duty or other comparable duty which his former employer is willing to assign to him, the beneficiary shall report for duty. If the beneficiary fails to return to duty within 10 days after being ordered so to do, or within such further time as may be allowed by the board of trustees for valid reason, as the case may be, the pension shall be discontinued during such default.

b. Upon application to the head of the department in which he was employed at the time of his retirement, any beneficiary, while under the age of
60 years, may, in the discretion of the head of the department, be restored to active service as an employee. No disability beneficiary restored to service shall be compelled or permitted to become a member of the retirement system, or to receive any benefits other than those previously awarded to him, as long as his annual rate of compensation is less than his final compensation at the time of his retirement. Any beneficiary under the age of 60 years, who is restored to active service at an annual rate of compensation equal to or greater than his final compensation at the time of his retirement, or whose annual rate of compensation is increased at any time after his restoration to service, to a rate equal to or greater than his final compensation at the time of his retirement, shall thereupon again become a member of the retirement system. His retirement allowance shall be canceled, and notwithstanding anything in this act to the contrary, his annuity reserve shall be transferred from the retirement reserve fund to his individual account in the annuity savings fund. Deductions shall be made from his compensation at the rate applicable to him prior to his retirement. Any service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and he shall be credited with all service as a member standing to his credit at the time of his retirement; except that such a beneficiary again becoming a member shall receive a retirement allowance on subsequent retirement based on all his service as a member since his last return to membership, and in addition he shall receive a retirement allowance equal to the retirement allowance on which he was retired at the time of his last retirement, but the total retirement allowance upon subsequent retirement shall not be a greater proportion of his final compensation than the proportion to which he would have been entitled had he remained in service during the period of his prior retirement.
The provisions of subsection b of this section pertaining to a beneficiary restored to service, as altered by this amendatory and supplementary act, shall not become effective for 5 years following the effective date of the act.

6. Section 45 of chapter 84 of the laws of 1954 is amended to read as follows:

45. A member upon retirement for ordinary disability shall receive a retirement allowance, which shall consist of:
   a. An annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest and
   b. A pension in the amount which, when added to the member's annuity, will provide a total retirement allowance of 1½% of final compensation multiplied by his number of years of creditable service; provided, however, that in no event shall the allowance be less than 40% of final compensation, except that in no case shall the rate of allowance exceed 4% of the rate of the allowance which the member would have received had he remained in service to age 60.
   c. Upon the receipt of proper proofs of the death of a member who has retired on an ordinary disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member's estate, an amount equal to 1½ times the compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to 4% of the compensation received by the member in the last year of creditable service.

7. Section 46 of chapter 84 of the laws of 1954 is amended to read as follows:

46. A member under 65 years of age upon retirement for accidental disability shall receive a retirement allowance which shall consist of:
a. An annuity which shall be the actuarial equivalent of his accumulated deductions at the time of his retirement together with regular interest; and

b. A pension, in addition to the annuity, of \( \frac{2}{3} \) of his actual annual compensation for which contributions were being made at the time of the occurrence of the accident.

c. Upon the receipt of proper proofs of the death of a member who has retired on an accidental disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the member’s estate, an amount equal to \( 1\frac{1}{2} \) times the compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 60 years of age but if such death occurs thereafter an amount equal to \( \frac{3}{4} \) of the compensation received by the member in the last year of creditable service.

8. Section 51 of chapter 84 of the laws of 1954 is amended to read as follows:

51. A pension, an annuity or a retirement allowance granted under the provisions of this act shall be effective only on the first day of a month, shall be paid in equal monthly installments, and shall not be decreased, increased, revoked or repealed, except as otherwise provided in this act; provided, however, that at the time any benefit becomes payable any unpaid balance of a loan or arrearage outstanding shall be deducted from any benefit otherwise payable.

Upon the death of a retirant, any unpaid benefits due him shall be paid in one lump sum to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the retirant’s estate. No pension, annuity or retirement allowance shall be due to a retirant or beneficiary unless it constitutes a payment for an entire month.
9. Section 58 of chapter 84 of the laws of 1954 is amended to read as follows:

58. Prior to January 1, 1960, contributions to the social security fund by members of the retirement system shall be deducted from the contributions required to be paid to the retirement system by such members as provided in section 25 of this act. On and after January 1, 1960, and prior to January 1, 1967, amounts equal to the social security contributions by each member upon compensation upon which such member’s contributions to the retirement system are based shall be deducted from the contributions required to be paid to the retirement system by such member to the extent of the social security rate of contribution in effect on December 31, 1959. Effective January 1, 1967, and thereafter, an amount equal to 2% of the compensation subject to social security, upon which such member’s contributions to the retirement system are based, shall be deducted from the contributions required to be paid to the retirement system by such member as provided in sections 25 and 60 of this act.

Contributions by members of the retirement system to the social security fund shall be made in the manner prescribed by the State agency for social security. Contributions to the social security fund shall not be subject to any provisions of this act, dealing with the withdrawal of contributions, loans, or the payment of any annuities, pensions, disability or death benefits. Any change in the rate of contribution to the social security fund after December 31, 1959, shall result in a corresponding change in the amount of contributions payable by the members to social security.

In the event a member of the retirement system is also a member of another retirement system, supported in whole or in part by the State or by an interstate instrumentality in which the State participates, which provides for a reduction in the amount of the retirement allowance by the amount of the member’s social security benefit, the amount
of the social security contribution to be deducted from the member’s contribution to this retirement system shall be computed on the basis of the proportion that the member’s compensation subject to this retirement system bears to the member’s total compensation subject to such systems.

10. The following acts and parts of acts are repealed, effective July 1, 1966:

- P. L. 1954, c. 84, s. 59;
- P. L. 1956, c. 219;
- P. L. 1960, c. 124; and
- P. L. 1962, c. 171.

The repeal of the aforesaid section and acts shall not be construed to provide for any retroactive effect. Where a member’s retirement allowance was reduced by the amount of the old age insurance benefit under Title II of the Social Security Act, paid or payable to him, whether received or not, or if such a reduction is to be made upon the member’s attainment of age 65, on or after July 1, 1966 such reduction shall cease or no reduction shall be made.

11. Section 6 of chapter 257 of the laws of 1955 is amended to read as follows:

6. Any member who shall have been a law enforcement officer for 5 years immediately preceding his retirement shall have full rights to, and shall be subject to, the provisions governing ordinary disability retirement as set forth in sections 42, 44 and 45 of said act to which this act is amendatory and supplementary.

compensation, which, if paid in each fiscal year, for a period of 30 years, will provide for this accrued liability.

b. The liability created by P. L. 1962, c. 171, shall be recomputed by the actuary and added to the additional liabilities created by the provisions of this amendatory and supplementary act. The recomputed liability shall be paid by the State and other employers as part of the payment established by subsection (a) of this section, allowing a credit for the payments already made by the State and other employers towards the funding of this liability.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The Driver License Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

DRIVER LICENSE COMPACT

ARTICLE I

FINDINGS AND DECLARATION OF POLICY

(a) The party States find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with State laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party States to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance
with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party States.

**ARTICLE II**

**DEFINITIONS**

As used in this compact:

(a) "State" means a State, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home State" means the State which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by State law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

**ARTICLE III**

**REPORTS OF CONVICTION**

The licensing authority of a party State shall report each conviction of a person from another party State occurring within its jurisdiction to the licensing authority of the home State of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the for-
feiture of bail, bond or other security; and shall include any special findings made in connection therewith.

CHAPTER 73, LAWS OF 1966

ARTICLE IV

EFFECT OF CONVICTION

(a) The licensing authority in the home State, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home State, shall apply the penalties of the home State or of the State in which the violation occurred, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;
(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;
(3) Any felony in the commission of which a motor vehicle is used;
(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home State shall give such effect to the conduct as is provided by the laws of the home State.

(c) If the laws of a party State do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party State shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party State shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.
CHAPTER 73, LAWS OF 1966

ARTICLE V
APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party State shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party State. The licensing authority in the State where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of 1 year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party State and currently in force unless the applicant surrenders such license.

ARTICLE VI
APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party State to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party State and a nonparty State.

(a) This compact shall enter into force and become effective as to any State when it has enacted the same into law.

(b) Any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing State has given notice of the withdrawal to the executive heads of all other party States. No withdrawal shall affect the validity or applicability by the licensing authorities of States remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX

CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party State or of the United States or the applicability thereof to any government, agency,
person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. 6. If it is determined by the Director of Motor Vehicles of the State of New Jersey that the provisions of the compact, in full or in part, are not being implemented with respect to violations reported from the State of New Jersey by any other party State, the director with the approval of the
Governor of New Jersey, may suspend the enforcement of the provisions of this agreement as against such party State until such time as he shall determine that such implementation by the other party State is being had.

CHAPTER 75
AN ACT providing for an interstate compact for education between the State of New Jersey and other States.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Compact for Education is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

COMPACT FOR EDUCATION
PREAMBLE

WHEREAS, The proper education of all citizens is one of the most important responsibilities of the States to preserve a free and open society in the United States; and,

WHEREAS, The increasing demands of our whole national life for improving and expanding educational services require a broad exchange of research data and information concerning the problems and practices of education; and,

WHEREAS, There is a vital need for strengthening the voices of the States in the formulation of alternative nationwide educational policies,

The States affirm the need for close and continuing consultation among our several States on all matters of education, and do hereby establish this Compact for Education.

ARTICLE I. PURPOSE AND POLICY
A. It is the purpose of this compact to:
1. Establish and maintain close co-operation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.
2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

**ARTICLE II. STATE DEFINED**

As used in this compact, “State” means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
ARTICLE III. THE COMMISSION

A. The Education Commission of the States, hereinafter called "the commission," is hereby established. The commission shall consist of 7 members representing each party State. One of such members shall be the Governor; 2 shall be members of the State Legislature selected by its respective houses and serving in such manner as the Legislature may determine; and 4 shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. If the laws of a State prevent legislators from serving on the commission, 6 members shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party State shall be that the members representing such State shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the State education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a State agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party States, there may be not to exceed 10 nonvoting commissioners selected by the steering committee for terms of 1 year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless
taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(j).

C. The commission shall have a seal.

D. The commission shall elect annually, from among its members a chairman, who shall be a Governor, a vice-chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of 2 or more of the party jurisdictions or their subdivisions.
G. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

H. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

I. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.

J. The commission annually shall make to the Governor and Legislature of each party State a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV. POWERS

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the de-
sirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

Article V. Co-operation With Federal Government

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the commission by not to exceed 10 representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the commission.

B. The commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.
ARTICLE VI. COMMITTEES

A. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of 30 members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-third of the voting membership of the steering committee shall consist of Governors, and the remainder shall consist of other members of the commission. A Federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of 2 years, except that members elected to the first steering committee of the commission shall be elected as follows: 15 for 1 year and 15 for 2 years. The chairman, vice-chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than 2 terms as a member of the steering committee: provided that service for a partial term of 1 year or less shall not be counted toward the 2 term limitation.

B. The commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to 2 or more of the party States.
C. The commission may establish such additional committees as its bylaws may provide.

Article VII. Finance

A. The commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States.

B. The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.

C. The commission shall not pledge the credit of any party States. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III (g) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to Article III (g) thereof, the commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

D. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

E. The accounts of the commission shall be open at any reasonable time for inspection by duly con-
stipulated officers of the party States and by any persons authorized by the commission.

F. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII. ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL

A. This compact shall have as eligible parties all States, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor," as used in this compact, shall mean the closest equivalent official of such jurisdiction.

B. Any State or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least 10 eligible party jurisdictions shall be required.

C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31, 1967. During any period when a State is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his State, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 1 year after the Governor of the withdrawing State has given notice in writing of the withdrawal to
the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

ARTICLE IX. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any State or of the United States, or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any State participating therein, the compact shall remain in full force and effect as to the State affected as to all severable matters.

2. New Jersey shall be represented on the commission established by Article III of the compact by the Governor, 4 members appointed by the Governor from among the citizens of this State who will serve at the pleasure of the Governor, and one Senator to be named by the President of the Senate and one Assemblyman to be named by the Speaker of the General Assembly. Legislative members of the commission shall be appointed for terms coincident with the terms for which they were elected to the Senate or General Assembly. The New Jersey members will serve without compensation but shall be entitled to be reimbursed for all necessary expenses incurred in the performance of their duties. Vacancies in the membership shall be filled in the same manner as the original appointments were made.

3. Pursuant to Article III (I) of the compact, the commission shall file a copy of its bylaws and any amendments thereto with the Secretary of State.

4. This act shall take effect immediately.

CHAPTER 90

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 29 of the act of which this act is amendatory is amended to read as follows:

29. Agents of societies shall be licensed in accordance with the provisions of this section.

(1) Insurance Agent Defined. The term "insurance agent" as used in this section means any authorized or acknowledged agent of a society who acts as such in the solicitation, negotiation or procurement or making of a life insurance, accident and health insurance or annuity contract, except that the term "insurance agent" shall not include:
(a) any regular salaried officer or employee of a licensed society who devotes substantially all of his services to activities other than the solicitation of fraternal insurance contracts from the public, and who receives for the solicitation of such contracts no commission or other compensation directly dependent upon the amount of business obtained; or

(b) any agent or representative of a society who devotes, or intends to devote, less than 50% of his time to the solicitation and procurement of insurance contracts for such society. Any person who in the preceding calendar year has solicited and procured life insurance contracts on behalf of any society in an amount of insurance in excess of $50,000.00, or, in the case of any other kind or kinds of insurance which the society might write, on the persons of more than 25 individuals and who has received or will receive a commission or other compensation, therefor, shall be presumed to be devoting, or intending to devote, 50% of his time to the solicitation or procurement of insurance contracts for such society.

(2) License Required. No person shall act in this State as an insurance agent, as defined in subsection (1) hereof, for a society without having authority so to do by virtue of a license issued and in force pursuant to the provisions of this section.

(3) Payment of Commissions Forbidden. No society doing business in this State shall pay any commission or other compensation to any person for any services in obtaining in this State any new contract of life, accident or health insurance, or any new annuity contract, except to a licensed insurance agent of such society and except an agent exempted under subsection (1) (b) of this section.

(4) Prerequisites, Issuance and Renewal of Insurance Agent's Licenses.

(a) The commissioner may issue a license to any person who has complied with the requirements of this section, authorizing the licensee
to act as an insurance agent on behalf of any society named in such license which is authorized to do business in this State. The annual fee for each license issued shall be $2.00.

(b) Before any insurance agent’s license shall be issued there shall be on file in the office of the commissioner the following documents:

(1) a written application by the prospective licensee in such form or forms and supplements thereto, and containing such information, as the commissioner may prescribe; and

(2) a certificate by the society which is to be named in such license, stating that such society has satisfied itself that the named applicant is trustworthy and competent to act as such insurance agent and that the society will appoint such applicant to act as its agent if the license applied for is issued by the commissioner. Such certificates shall be executed and acknowledged by an officer or managing agent of such society.

(c) No written or other examination shall be required of any individual seeking to be named as a licensee to represent a fraternal benefit society as its agent.

(d) The commissioner may refuse to issue or renew any insurance agent’s license if in his judgment the proposed licensee is not trustworthy and competent to act as such agent, or has given cause for revocation or suspension of such license, or has failed to comply with any prerequisite for the issuance or renewal, as the case may be, of such license.

(e) Every license issued pursuant to this section, and every renewal thereof, shall expire on December 31 of each year.

(f) If the application for renewal license shall have been filed with the commissioner on or before December 31 of the year in which the existing license is to expire, such applicant
named in such existing license may continue to act as insurance agent under such existing license, unless same shall be revoked or suspended, until the issuance by the commissioner of the renewal license or until the expiration of 5 days after he shall have refused to renew such license and shall have served written notice of such refusal on the applicant. If the applicant shall, within 30 days after such notice is given, notify the commissioner in writing of his request for a hearing on such refusal, the commissioner shall, within a reasonable time after receipt of such notice, grant such hearing, and he may, in his discretion, reinstate such license.

(g) Any such renewal license of an insurance agent may be issued upon the application of a society named in the existing license. Such application shall be in the form or forms prescribed by the commissioner and shall contain such information as he may require. Such application shall contain a certificate executed by the president, or by a vice-president, a secretary, an assistant secretary, or corresponding officer by whatever name known, or by an employee expressly designated and authorized to execute such certificate of a domestic or foreign society or by the United States manager of an alien society, stating that the addresses therein given of the agents of such society for whom renewal licenses are requested therein have been verified in each instance immediately preceding the preparation of the application. Notwithstanding the filing of such application, the commissioner may, after reasonable notice to any such society, require that any or all agents of such society to be named as licensees in renewal licenses shall execute and file separate applications for the renewal of such licenses, as hereinbefore specified, and he may also require that each such application shall be accompanied by the certificate specified in paragraph (b) (2) of subsection (4) of this section.

Every society doing business in this State shall, upon the termination of the appointment of any insurance agent licensed to represent it in this State, forthwith file with the commissioner a statement, in such form as he may prescribe, of the facts relative to such termination and the cause thereof. Every statement made pursuant to this section shall be deemed a privileged communication.

(6) Revocation or Suspension of Insurance Agent’s License.

(a) The commissioner may revoke, or may suspend for such period as he may determine, any insurance agent’s license if, after notice and hearing as specified in this section, he determines that the licensee has:

1. violated any provision of, or any obligation imposed by, this section, or has violated any law in the course of his dealings as agent;
2. made a material misstatement in the application for such license;
3. been guilty of fraudulent or dishonest practices;
4. demonstrated his incompetency or untrustworthiness to act as an insurance agent; or
5. been guilty of rebating as defined by the laws of this State applicable to life insurance companies.

(6) The revocation or suspension of any insurance agent’s license shall terminate forthwith the license of such agent. No individual whose license has been revoked shall be entitled to obtain any individual agent’s license under the provisions of this section for a period of 1 year after such revocation or, if such revocation be judicially reviewed, for 1 year after the final
determination thereof affirming the action of the commissioner in revoking such license.

(c) Any member of the authority appointed by the Governor may be removed from office by the Governor for cause after a public hearing.

Each such bond shall be submitted to the Attorney General for his approval and upon his approval shall be filed in the office of the Secretary of State prior to the issuance of any bonds by the authority. At all times after the issuance of any bonds by the authority the officer of the authority charged with the handling of the authority’s moneys and each member shall maintain such surety bonds in full force and effect. All costs of such surety bonds shall be borne by the authority.

(h) Notwithstanding any other law to the contrary, it shall not be or constitute a conflict of interest for a trustee, director, officer or employee of a participating college to serve as a member of the authority; provided such trustee, director, officer or employee shall abstain from discussion, deliberation, action and vote by the authority under this act in specific respect to such participating college of which such member is a trustee, director, officer or employee.

(i) A true copy of the minutes of every meeting of the authority shall be forthwith delivered by and under the certification of the secretary thereof, to the Governor. No action taken at such meeting by the authority shall have force or effect until 10 days after such copy of the minutes shall have been so delivered. If, in said 10-day period, the Governor returns such copy of the minutes with veto of any action taken by the authority or any member thereof at such meeting, such action shall be null and of no effect. If the Governor shall not return the minutes within said 10-day period, any action therein recited shall have force and effect according to the wording thereof. At any time prior to the expiration of the said 10-day period, the Governor may sign a statement of approval of any such action of the authority, in which case the action so approved shall not thereafter be disapproved.
Notwithstanding the foregoing provisions of this paragraph (i), with regard to the sale and award of bonds of the authority, the authority shall furnish to the Governor a certified copy of the minutes of the meeting at which said bonds are sold and awarded forthwith upon the taking of such action and the Governor shall indicate his approval or disapproval of such action prior to the end of the business day upon which such action of the authority was taken.

The powers conferred in this paragraph (i) upon the Governor shall be exercised with due regard for the rights of the holders of bonds of the authority at any time outstanding, and nothing in, or done pursuant to, this paragraph (i) shall in any way limit, restrict or alter the obligation or powers of the authority or any representative or officer of the authority to carry out and perform in every detail each and every covenant, agreement or contract at any time made or entered into by or on behalf of the authority with respect to its bonds or for the benefit, protection or security of the holders thereof.

(g) to acquire in the name of the authority by purchase or otherwise, on such terms and conditions
and in such manner as it may deem proper, or by the exercise of the power of eminent domain, any land or interest therein and other property which it may determine is reasonably necessary for any project, including any lands held by any county, municipality or other governmental subdivision of the State; and to hold and use the same and to sell, convey, lease or otherwise dispose of property so acquired, no longer necessary for the authority's purposes;

(h) to receive and accept, from any Federal or other public agency or governmental entity, grants or loans for or in aid of the acquisition or construction of any project, and to receive and accept aid or contributions from any other source, of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants, loans and contributions may be made;

(i) to prepare or cause to be prepared plans, specifications, designs and estimates of costs for the construction and equipment of projects for participating colleges under the provisions of this act, and from time to time to modify such plans, specifications, designs or estimates;

(j) by contract or contracts or by its own employees to construct, acquire, reconstruct, rehabilitate and improve, and furnish and equip, projects for participating colleges; provided, however, that in any contract or contracts undertaken by the authority for the construction, reconstruction, rehabilitation or improvement of any public college project where the cost of such work will exceed $25,000.00, the person preparing the plans and specifications for such work shall prepare separate plans and specifications for (1) the plumbing and gas fitting, and all work and materials kindred thereto, (2) the steam and hot water heating and ventilating apparatus, steam power plants and all work and materials kindred thereto, (3) the electrical work, (4) structural steel and ornamental iron work and materials and (5) all other work and ma-

(l) to establish rules and regulations for the use of a project or any portion thereof and to designate a participating college as its agent to establish rules and regulations for the use of a project undertaken by such participating college;

(m) generally to fix and revise from time to time and to charge and collect rates, rents, fees and other charges for the use of and for the services furnished or to be furnished by a project or any portion thereof and to contract with holders of its bonds and with any other person, party, association, corporation or other body, public or private, in respect thereof;

(n) to enter into any and all agreements or contracts, execute any and all instruments, and do and perform any and all acts or things necessary, convenient or desirable for the purposes of the authority or to carry out any power expressly given in this act.

(o) to invest any moneys held in reserve or sinking funds, or any moneys not required for immediate use or disbursement, at the discretion of
6. All expenses incurred in carrying out the provisions of this act shall be payable from funds provided the authority therefor, and no liability or obligation shall be incurred by the authority hereunder beyond the extent to which moneys shall have been provided therefor.

7. The authority is authorized from time to time to issue its negotiable notes for any corporate purpose and renew from time to time any notes by the issuance of new notes, whether the notes to be renewed have or have not matured. The authority may issue notes partly to renew notes or to discharge other obligations then outstanding and partly for any other purpose. The notes may be authorized, sold, executed and delivered in the same manner as bonds. Any resolution or resolutions authorizing notes of the authority or any issue thereof may contain any provisions which the authority is authorized to include in any resolution or resolutions authorizing bonds of the authority or any issue thereof, and the authority may include in any notes any terms, covenants or conditions which it is authorized to include in any bonds. All such notes shall be payable from the revenues or other moneys of the authority, subject only to any contractual rights of the holders of any of its notes or other obligations then outstanding.

8. (a) The authority is authorized from time to time to issue its negotiable bonds for any corporate purpose. In anticipation of the sale of such bonds the authority may issue negotiable bond anticipation notes and may renew the same from time to time, but the maximum maturity of any such note, including renewals thereof, shall not exceed 5 years from the date of issue of the original note. Such notes shall be paid from any revenues or other moneys of the authority available therefor and not otherwise pledged, or from the proceeds of sale of the bonds of the authority in anticipation of
which they were issued. The notes shall be issued in the same manner as the bonds. Such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond resolution of the authority may contain.

(b) Except as may otherwise be expressly provided by the authority, every issue of its bonds or notes shall be general obligations of the authority payable from any revenues or moneys of the authority, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues or moneys. Notwithstanding that bonds and notes may be payable from a special fund, they shall be fully negotiable within the meaning of the Uniform Commercial Code, subject only to the provisions of the bonds and notes for registration.

(c) The bonds may be issued as serial bonds or as term bonds, or the authority, in its discretion, may issue bonds of both types. The bonds shall be authorized by resolution of the members of the authority and shall bear such date or dates, mature at such time or times, not exceeding 50 years from their respective dates, bear interest at such rate or rates, not exceeding 6% per annum, be payable at such time or times, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America at such place or places, and be subject to such terms of redemption, as such resolution or resolutions may provide. The bonds or notes may be sold at public or private sale for such price or prices as the authority shall determine, but which shall not at the time of sale yield more than 6% per annum computed according to standard tables of bond values. Pending preparation of the definitive bonds, the authority may issue interim receipts or certificates which shall be exchanged for such definitive bonds.
(d) Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized, as to:

(i) pledging all or any part of the revenues of a project or any revenue producing contract or contracts made by the authority with any individual, partnership, corporation or association or other body, public or private, to secure the payment of the bonds or of any particular issue of bonds, subject to such agreements with bondholders as may then exist;

(ii) the rentals, fees and other charges to be charged, and the amounts to be raised in each year thereby, and the use and disposition of the revenues;

(iii) the setting aside of reserves or sinking funds, and the regulation and disposition thereof;

(iv) limitations on the right of the authority or its agent to restrict and regulate the use of a project;

(v) limitations on the purpose to which the proceeds of sale of any issue of bonds then or thereafter to be issued may be applied and pledging such proceeds to secure the payment of the bonds or any issue of the bonds;

(vi) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds;

(vii) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(viii) limitations on the amount of moneys derived from a project to be expended for operating, administrative or other expenses of the authority; and
(ix) defining the acts or omissions to act which shall constitute a default in the duties of the authority to holders of its obligations and providing the rights and remedies of such holders in the event of a default.

(e) Neither the members of the authority nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

(f) The authority shall have power out of any funds available therefor to purchase its bonds or notes. The authority may hold, pledge, cancel or resell such bonds, subject to and in accordance with agreements with bondholders.

9. In the discretion of the authority, any bonds issued under the provisions of this act may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues or other moneys to be received or proceeds of any contract or contracts pledged. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly such provisions as have hereinabove been specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any bank or trust company incorporated under the laws of this State which may act as depositary of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right
of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of construction or operation of a project.

10. Bonds issued under the provisions of this act shall not be deemed to constitute a debt or liability of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided. All such bonds shall contain on the face thereof a statement to the effect that neither the State of New Jersey nor the authority shall be obligated to pay the same or the interest thereon except from revenues or other moneys of the authority and that neither the faith and credit nor the taxing power of the State of New Jersey or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds. The issuance of bonds under the provisions of this act shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever thereof.

11. The authority is authorized to fix, revise, charge and collect rates, rents, fees and charges for the use of and for the services furnished or to be furnished by each project and to contract with any person, partnership, association or corporation, or other body, public or private, in respect thereof. Such rates, rents, fees and charges shall be fixed and adjusted in respect of the aggregate of rents, rates, fees and charges from such project so as to provide funds sufficient with other revenues or moneys, if any:

(a) to pay the cost of maintaining, repairing and operating the project and each and every portion thereof, to the extent that the payment of such cost has not otherwise been adequately provided for;
(b) to pay the principal of and the interest on outstanding bonds of the authority issued in respect of such project as the same shall become due and payable; and

(c) to create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, such bonds of the authority. Such rates, rents, fees and charges shall not be subject to supervision or regulation by any department, commission, board, body, bureau or agency of this State other than the authority. A sufficient amount of the revenues derived in respect of a project, except such part of such revenues as may be necessary to pay the cost of maintenance, repair and operation and to provide reserves for renewals, replacements, extensions, enlargements and improvements as may be provided for in the resolution authorizing the issuance of any bonds of the authority or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or trust agreement in a sinking or other similar fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the rates, rents, fees and charges and other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of moneys to the credit of such sinking or other similar fund
shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking or other similar fund shall be a fund for all such bonds issued to finance projects at a participating college without distinction or priority of one over another; provided the authority in any such resolution or trust agreement may provide that such sinking or other similar fund shall be the fund for a particular project at a participating college and for the bonds issued to finance a particular project and may, additionally, permit and provide for the issuance of bonds having a subordinate lien in respect of the security herein authorized to other bonds of the authority and, in such case, the authority may create separate sinking or other similar funds in respect of such subordinate lien bonds.

12. All moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. Any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this act and the resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide.

13. Any holder of bonds issued under the provisions of this act or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any resolution authorizing the issuance of, or any such trust agreement securing such bonds, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such resolution or trust agreement, and may en-
force and compel the performance of all duties re-
quired by this act or by such resolution or trust
agreement to be performed by the authority or by
any officer, employee or agent thereof, including
the fixing, charging and collecting of the rates,
rents, fees and charges herein authorized and re-
quired by the provisions of such resolution or trust
agreement to be fixed, established and collected.

14. (a) The authority is hereby authorized to
provide for the issuance of bonds of the authority
for the purpose of refunding any bonds of the
authority then outstanding, including the payment
of any redemption premium thereon and any in-
terest accrued or to accrue to the earliest or sub-
sequent date of redemption, purchase or maturity
of such bonds, and, if deemed advisable by the
authority, for the additional purpose of paying all
or any part of the cost of constructing and acquir-
ing additions, improvements, extensions or enlarge-
ments of a project or any portion thereof.

(b) The proceeds of any such bonds issued for
the purpose of refunding outstanding bonds may,
in the discretion of the authority, be applied to the
purchase or retirement at maturity or redemption
of such outstanding bonds either on their earliest
or any subsequent redemption date or upon the

17. The authority shall not have power to mortgage any of its real property or projects.

ARTICLE 2

18. In addition to the foregoing powers, the authority with respect to private colleges, shall have power:

(a) upon application of the participating college to construct, acquire or otherwise provide projects for the use and benefit of the participating college and the students, faculty and staff of such participating college. The participating college for which such a project is undertaken by the authority shall approve the plans and specifications and location of such project;

(b) to operate and manage any project provided pursuant to this section, or the authority may lease any such project to the participating college for which such project is provided. At such time as the liabilities of the authority incurred for any such project have been met and the bonds of the authority issued therefor have been paid, or such liabilities and bonds have otherwise been discharged, the authority shall transfer title to all the real and personal property of such project vested in the
authority, to the participating college in connection with which such project is then being operated, or to which such project is then leased; provided, however, that if at any time prior thereto such participating college ceases to offer educational facilities, then such title shall vest in the State of New Jersey.

Any lease of a project authorized by this section shall be a general obligation of the lessee and may contain provisions, which shall be a part of the contract with the holders of the bonds of the authority issued for such project, as to:

(i) pledging all or any part of the moneys, earnings, income and revenues derived by the lessee from such project or any part or parts thereof, or other personal property of the lessee, to secure payments required under the terms of such lease;

(iii) the setting aside of reserves and the creation of special funds and the regulation and disposition thereof;

(iv) the procedure, if any, by which the terms of such lease may be amended, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(v) vesting in a trustee or trustees such specified properties, rights, powers and duties as shall be deemed necessary or desirable for the security of the holders of the bonds of the authority issued for such project;

(vi) the obligations of the lessee with respect to the replacement, reconstruction, maintenance, operation, repairs and insurance of such project;

for the rights and remedies of the authority and of its bondholders in the event of such default:

(viii) any other matters, of like or different character, which may be deemed necessary or desirable for the security or protection of the authority or the holders of its bonds.

19. The authority also shall have power:

(a) to make loans to any private college for the construction of projects in accordance with a loan agreement and plans and specifications approved by the authority. No such loan shall exceed the total cost of such project and the equipment therefor as determined by the authority. Each such loan shall be premised upon an agreement between the authority and the private college as to payment, security, maturity, redemption, interest and other appropriate matters;

(b) to make loans to any private college to refund existing bonds, mortgages or advances given or made by such private college for the construction of projects to the extent that this will enable such private college to offer greater security for loans for new project construction.

20. For the purpose of obtaining and securing loans under section 19 of this act every private college shall, notwithstanding the provisions of any other law, have power to mortgage and pledge any of its real or personal property, and to pledge any of its income from whatever source to repay the principal of and interest on any loan made to it by the authority or to pay the interest on and principal and redemption premium, if any, of any note, bond or other evidence of indebtedness evidencing the debt created by any such loan; provided that the foregoing shall not be construed to authorize actions in conflict with specific legislation, trusts, endowment, or other agreements relating to specific properties or funds.

21. Moneys of the authority received from any private college in payment of any sum due to the authority pursuant to the terms of any loan or
other agreement or any bond, note or other evidence of indebtedness, shall be deposited in an account in which only moneys received from private colleges shall be deposited and shall be kept separate and apart from and not commingled with any other moneys of the authority. Moneys deposited in such account shall be paid out on checks signed by the chairman of the authority or by such other person or persons as the authority may authorize.

22. (a) Whenever the authority under section 18 of this act undertakes to construct, acquire or otherwise provide and operate and manage a project, the authority shall be responsible for the direct operation and maintenance costs of such project, but each private college in connection with which such a project is provided and operated and managed shall be responsible at its own expense for the over-all supervision of each project, for the overhead and general administrative costs of the private college which are incurred because of such project and for the integration of each project operation into the institution’s educational program.

(b) Whenever the authority under section 18 of this act undertakes to construct, acquire or otherwise provide a project and to lease the same to a private college, the lessee shall be responsible for the direct operation and maintenance costs of such project and, in addition, shall be responsible for the over-all supervision of each project, for the overhead and general administrative costs of the lessee which are incurred because of such project and for the integration of each project operation into the lessee’s educational program.

(c) Whenever the authority under section 19 of this act makes loans for the construction of a project, the private college at which such project is located shall be responsible for the direct operation and maintenance costs of such project and, in addition, shall be responsible for the over-all supervision of each project, for the overhead and general administrative costs of the private college which
are incurred because of such project and for the integration of each project operation into the institution's educational program.

23. Any pledge of moneys, earnings, income or revenues authorized with respect to private colleges, pursuant to the provisions of this act, shall be valid and binding from the time when the pledge is made. The moneys, earnings, income or revenues so pledged and thereafter received by the pledgor shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the pledgor irrespective of whether such parties have notice thereof. No instrument by which such a pledge is created need be filed or recorded in any manner.

**ARTICLE 3**

24. The exercise of the powers granted by this act will be in all respects for the benefit of the people of this State, for the increase of their commerce, welfare and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of a project by the authority or its agent will constitute the performance of an essential public function, neither the authority nor its agents shall be required to pay any taxes or assessments upon or in respect of a project or any property acquired or used by the authority or its agent under the provisions of this act or upon the income therefrom, and any bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation of every kind by the State and by the municipalities and other political subdivisions in the State.

25. The State of New Jersey does pledge to and agree with the holders of the bonds, notes and other obligations issued pursuant to authority con-
tained in this act, and with those parties who may enter into contracts with the authority pursuant to
the provisions of this act, that the State will not
limit, alter or restrict the rights hereby vested in
the authority and the participating colleges to
maintain, construct, reconstruct and operate any
project as defined in this act or to establish and
collect such rents, fees, receipts or other charges
as may be convenient or necessary to produce suffi­
cient revenues to meet the expenses of maintenance
and operation thereof and to fulfill the terms of
any agreements made with the holders of bonds
authorized by this act, and with the parties who
may enter into contracts with the authority pur­
suant to the provisions of this act, or in any way
impair the rights or remedies of the holders of
such bonds or such parties until the bonds, together
with interest thereon, are fully paid and discharged
and such contracts are fully performed on the part
of the authority. The authority as a public body
corporate and politic shall have the right to in­
clude the pledge herein made in its bonds and
contracts.

26. On or before March 31 in each year, the au­
thority shall make an annual report of its activities
for the preceding calendar year to the Governor
and the Legislature. Each such report shall set
forth a complete operating and financial statement
covering the authority's operations during the
year. The authority shall cause an audit of its
books and accounts to be made at least once in each
year by certified public accountants.

27. Except as otherwise expressly provided in
this act, any member, officer, agent or employee of
the authority who is interested, either directly or
indirectly, in any contract of another with the au­
thority, or in the sale of any property, either real
or personal, to the authority, shall be guilty of a
misdemeanor.

28. The comptroller of the treasury and his
legally authorized representatives are hereby au­
thorized and empowered from time to time to
examine the accounts and books of the authority, including its receipts, disbursements, contracts, sinking funds, investments and any other matters relating to its financial standing.

29. The State Board of Education, or the Commissioner of Education, or their representatives, may visit, examine into and inspect, the authority as an institution under the educational supervision of the State, and may require, as often as desired, duly verified reports therefrom giving such information and in such form as the board or the Commissioner of Education shall prescribe.

30. The authority shall be entitled to call to its assistance and avail itself of the services of such employees of any State department or agency as it may require and as may be available to it for said purpose.

31. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds.

32. This act, being necessary for the welfare of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

33. If the provisions of any title, section or clause of this act or the application thereof to any person, party, corporation, public or private, shall be judged invalid by a court of competent jurisdiction, such order or judgment shall be confined in its operation to the controversy in which it was rendered, and shall not affect or invalidate the remainder of any provision of any title, section or clause of this act or the application of any part thereof to any other person, party, corporation or circumstance and, to this end, the provisions of
each title, section and clause of this act are hereby declared to be severable.

34. The powers granted to the authority by this act may be exercised without regard or reference to any department or agency of the State. All other general or special laws, or parts thereof, inconsistent with this act are hereby declared to be inapplicable to the provisions of this act.

35. In carrying out the provisions of this act the authority shall not be subject to the provisions of section 4 of P. L. 1945, chapter 51.

36. There is hereby appropriated to the New Jersey Educational Facilities Authority the sum of $250,000.00 to carry out the purposes of this act.

To the extent not otherwise expressly provided under existing law, all powers and duties conferred upon the college pursuant to this act shall be exercised and performed by resolution of the board of trustees. All conveyances, leases and subleases made pursuant to this act, when duly authorized, shall be made, executed and delivered in the name of the college and shall be signed by the president and sealed with the seal of the college.

5. The foregoing sections of this act shall be deemed to provide an additional and alternative method for doing the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws.

6. If the provisions of any section or clause of this act or the application thereof to any person, party, corporation, public or private, shall be judged invalid by a court of competent jurisdiction, such order or judgment shall be confined in its operation to the controversy in which it was rendered, and shall not affect or invalidate the remainder of any provision of any section or clause of this act or the application of any part thereof to any other person, party, corporation or circumstance and, to this end, the provisions of each section and clause of this act are hereby declared to be severable.

7. This act shall take effect immediately.

CHAPTER 111

AN ACT concerning higher education, providing for the creation, award and administration of State educational incentive grants for use by qualified students for undergraduate study in institutions of collegiate grade located in New Jersey, and supplementing the "State Competitive Scholarship Act," approved May 28, 1959, P. L. 1959, chapter 46.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds:
   (a) one of the most serious problems our country faces is the increasing demand for, and importance of, a college education. Contemporary society has become so complex that its progress demands an ever-increasing supply of highly-educated men and women. The amount and quality of his education often determines an individual's contribution to the economy;
   (b) simultaneously with the increase in demand for a college education has arisen a barrier to its attainment. Costs of attending college have been rising steadily for more than a decade and all signs indicate they will continue to do so. Many promising college prospects are finding it financially impossible to further their education; and
   (c) The existing State scholarship program does not provide a sufficient amount to cover the cost of tuition and fees at many of the institutions of higher education which customarily make provision for New Jersey students thereby tending to reduce the student's choice of college. The creation of State educational incentive grants will make it possible for many students, who might otherwise be limited in their selection of appropriate colleges for economic reasons, to attend the colleges of their choice.
2. There is hereby established a program for the award of State educational incentive grants for undergraduate study leading to a baccalaureate or associate degree to students at institutions of higher education located in New Jersey, and approved by the State Board of Education. This program shall be maintained by the State and administered by the State Scholarship Commission.

3. A State educational incentive grant may be awarded annually upon application to the State Scholarship Commission to any student who has received a State competitive scholarship and who will be or is attending an institution of collegiate grade located in New Jersey and approved for this purpose by the State Board of Education.

4. Any student applying for a State incentive scholarship grant shall demonstrate to the satisfaction of the State Scholarship Committee that he:
   (a) is and has been a resident of the State for at least 12 months prior to receiving the grant;
   (b) will be or is a full-time undergraduate student;
   (c) has demonstrated financial need for such grant, as determined by standards and procedures to be established by the State Scholarship Commission, in accordance with the provisions of this act;
   (d) has demonstrated high moral character, good citizenship, and dedication to American ideals;
   (e) has complied with all rules and regulations adopted pursuant to this act, by the State Scholarship Commission, for the award, regulation and administration of the State educational incentive grant.

5. Each State educational incentive grant shall be made in such amounts in each case as shall be determined by the State Scholarship Commission, in accordance with rules and regulations adopted pursuant to this act but in no event in excess of $500.00.

The commission shall take into consideration the financial resources available to the student to meet the cost of his college education and the tuition and
fees charged at the institution which the student is attending or to which he has been admitted. Payments under this act shall be made to the awardee by the State Treasurer, on the order of the chairman of the State Scholarship Commission in accordance with rules and regulations adopted by the commission.

6. Each State educational incentive grant is for a period of not more than 4 academic years unless the recipient is enrolled in an undergraduate program regularly requiring 5 academic years for completion, in which case the State Scholarship Commission may extend the grant to 5 years. The grant shall remain in effect only during such period as the holder thereof achieves satisfactory academic progress, and evidences continued eligibility under the terms of this act.

7. A State educational incentive grant may be used in any New Jersey institution of collegiate grade which offers a college curriculum leading to or accreditable toward an undergraduate degree and which is approved by the State Board of Education.

8. No State educational incentive grant shall, when combined with a State competitive scholarship and any other scholarship which is paid out of State funds, other than a work scholarship, exceed the amount of tuition and fees charged at the institution where the grant is used. In no case may a combination of outside scholarship aid, other scholarships received from State funds and a State educational incentive grant exceed the total cost of room, board, tuition, books and fees at the college to be attended.

9. State educational incentive grants shall be made by the State Scholarship Commission in such number and amount as shall be within the limits of funds appropriated or otherwise made available therefor from time to time.

10. The State Scholarship Commission may employ such persons, contract for such services, make such expenditures, and adopt such rules and regula-
tions as may be necessary or appropriate for effectuating the provisions of this act. It may expend for the administration of this act such parts, as may be necessary, of any sums heretofore appropriated, or heretofore or hereafter appropriated for purposes of providing a State scholarship program, and State educational incentive grants or either thereof, and the administrative costs shall be included in the annual budget request of the commission.

11. (a) An academic year for the purpose of this act means the period between the time the institution, which the student is attending opens after the general summer vacation until the beginning of the next succeeding summer vacation.

(b) In case a college operates on a full calendar-year program, the academic year shall be determined in accordance with rules adopted by the State Scholarship Commission, but in no case shall be less than 1/5 of the time required for the completion of a 5-year program, or 1/4 of the time required for the 4-year program in an institution operating on an academic year as defined in (a) above.

12. This act shall take effect immediately.
Approved June 18, 1966.

CHAPTER 112

An Act concerning sanitary facilities for employees of railroad companies, express companies, car-loading and freight-forwarding companies and airline companies, which are common carriers of passengers and freight, or either, or both, conferring certain powers and imposing certain duties in connection therewith upon the Commissioner of Labor and Industry and providing penalties for violations.

1. As used in this act, “company” and “companies” include corporations, associations, and any and all other legal entities.

2. As used in this section, “stations” shall include stations for passengers and freight, “offices” shall include yard offices as well as other offices, “depots” shall include passenger and freight depots, “shops” shall include locomotive shops, diesel shops and other shops and “platforms” shall include platforms for loading or unloading of freight and express, or for either, or both. And “shelter houses, section headquarters, assembly points” shall include tool houses, car houses or any location used as an assembly point.

3. The Commissioner of Labor and Industry shall have the authority to determine the adequacy of the said facilities and may order the furnishing and maintaining of adequate facilities of the kind prescribed by this act and fix the time, which shall not exceed 6 months, within which such facilities shall be provided. The Commissioner of Labor and In-
distry may prescribe rules and regulations to administer and effectuate the purposes of this act. Such rules and regulations shall have the force and effect of law and shall be enforced in the same manner.

4. The said companies shall comply with the provisions of this act within 6 months from the effective date of this act, except that in the case of any new constructions and installations, compliance with this act shall coincide with the commencement of the use of such constructions and installations.

5. Nothing herein contained shall be deemed to preclude investigations and inquiries by the State Department of Health pursuant to section 26:2-34 of the Revised Statutes.

6. Any company, the officers and agents thereof, and any other person who shall violate any of the provisions of this act or of any order made by the Commissioner of Labor and Industry pursuant to this act, shall be liable to a penalty of $50.00 for the first violation and $100.00 for each subsequent violation. In the case of a continuing violation, the violation on each day shall be deemed to be a separate violation. Any such penalty shall be enforced and collected in accordance with the “Penalty Enforcement Law” (N.J.S. 2A:58). Any such penalty may be collected or enforced by summary proceedings or in a summary manner. Any action to collect or enforce any such penalty shall be brought in the name of the Commissioner of Labor and Industry in the Superior Court or in any County Court or in any county district court of the county wherein the violation occurred or wherein process may be served upon the defendant. All penalties recovered under this act shall be paid into the treasury of this State.

7. This act shall take effect immediately.

Approved June 17, 1966.
CHAPTER 113

An Act concerning minimum wage standards; providing for the enforcement of such standards and the orders and regulations made with respect thereto; prescribing penalties for the violation thereof, and supplementing Title 34 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. It is declared to be the public policy of this State to establish a minimum wage level for workers in order to safeguard their health, efficiency, and general well-being and to protect them as well as their employers from the effects of serious and unfair competition resulting from wage levels detrimental to their health, efficiency and well-being.

2. As used in this act:
   (a) “Commissioner” means the Commissioner of Labor and Industry.
   (b) “Director” means the director in charge of the bureau referred to in section 3 of this act.
   (c) “Wage board” means a board created as provided in section 10 of this act.
   (d) “Wages” means any moneys due an employee from an employer for services rendered or made available by the employee to the employer as a result of their employment relationship including commissions, bonus and piecework compensation and including any gratuities received by an employee for services rendered for an employer or a customer of an employer and the fair value of any food or lodgings supplied by an employer to an employee. The commissioner may, by regulation, establish the average value of gratuities received by an employee in any occupation and the fair
value of food and lodging provided to employees in any occupation which average values shall be acceptable for the purposes of determining compliance with this act in the absence of evidence of the actual value of such items.

(e) “Regularly hourly wage” means the amount that an employee is regularly paid for each hour of work as determined by dividing the total hours of work during the week into the employee’s total earnings for the week, exclusive of overtime premium pay.

(f) “Employ” includes to suffer or to permit to work.

(g) “Employer” includes any individual, partnership, association, corporation or any person or group of persons acting directly or indirectly in the interest of an employer in relation to an employee.

(h) “Employee” includes any individual employed by an employer.

(i) “Occupation” means any occupation, service, trade, business, industry or branch or group of industries or employment or class of employment in which employees are gainfully employed.

(j) “Minimum fair wage order” means a wage order promulgated pursuant to this act.

(k) “Fair wage” means a wage fairly and reasonably commensurate with the value of the service or class of service rendered and sufficient to meet the minimum cost of living necessary for health.

(l) “Oppressive and unreasonable wage” means a wage which is both less than the fair and reasonable value of the service rendered and less than sufficient to meet the minimum cost of living necessary for health.

3. The commissioner shall maintain a bureau in the department to which the administration of this act, and of any minimum wage orders or regulations promulgated hereunder, shall be assigned, said bureau to consist of a director in charge and such assistants and employees as the commissioner may deem desirable.
4. The employment of an employee in any occupation in this State at an oppressive and unreasonable wage is hereby declared to be contrary to public policy and any contract, agreement or understanding for or in relation to such employment shall be void.

5. Every employer shall (a) on and after the expiration of 180 days following the date of enactment of this act pay to each of his employees wages at a rate of not less than $1.25 per hour, and (b) on and after January 1, 1968 at a rate of not less than $1.40 per hour, and (c) on and after January 1, 1969 at a rate of not less than $1.50 per hour for 40 hours of working time in any week and 1 and ½ times such employee’s regular hourly wage for each hour of working time in excess of 40 hours in any week, except this overtime rate shall not include any individual employed in a bona fide executive, administrative, or professional capacity or, if an applicable wage order has been issued by the commissioner under section 17 of this act, not less than the wages prescribed in said order. The wage rates fixed in this section shall not be applicable to employees engaged in domestic service in the home of the employer, to persons under the age of 18 or to persons employed as outside salesmen as such term shall be defined and delimited in regulations adopted by the commissioner.

The provisions of this section for the payment to an employee of not less than 1½ times such employee’s regular hourly rate for each hour of working time in excess of 40 hours in any week shall not apply to employees engaged to labor on a farm, or employed in a hotel or to an employee of a common carrier of passengers by motor bus or employees engaged in labor relative to the raising or care of livestock.

6. For any occupation for which no wage order issued pursuant to section 17 of this act is in effect, the commissioner shall, within 6 months after the rate provided in section 5 is in effect, make such administrative regulations as he shall deem appro-
appropriate to carry out the purposes of this act or necessary to prevent the circumvention or evasion thereof, and to safeguard the minimum wage rates hereby established. Such regulations may include regulations defining and governing outside salesmen; learners and apprentices, their number, proportion and length of service; part-time pay; bonuses, overtime pay; special pay for special or extra work; or permitted charges to employees or allowances for board, lodging, apparel or other facilities or services customarily furnished by employers to employees; or allowances for such other special conditions or circumstances.

The commissioner shall publish such regulations as he proposes to issue and such regulations may be issued pursuant to this section only after a public hearing, subsequent to publication of notice of the hearing, at which any person may be heard.

Such administrative regulations shall remain in effect only until such time as a wage order governing the occupation or occupations concerned, and to the extent inconsistent therewith, has been promulgated and becomes effective as provided in this act.

7. The commissioner, the director and their authorized representatives shall have the authority to:

(a) investigate and ascertain the wages of persons employed in any occupation in the State;

(b) enter and inspect the place of business or employment of any employer or employees in any occupation in the State, for the purpose of examining and inspecting any or all books, registers, payrolls and other records of any such employer that in any way relate to or have a bearing upon the question of wages, hours, and other conditions of employment of any such employees; copy any or all of such books, registers, payrolls, and other records as he or his authorized representative may deem necessary or appropriate; and question such employees for the purpose of ascertaining whether the
provisions of this act and the orders and regulations
issued hereunder have been and are being complied
with; and

(c) require from such employer full and correct
statements in writing, including sworn statements,
with respect to wages, hours, names, addresses and
such other information pertaining to his employees
and their employment as the commissioner, the
director or their authorized representatives may
decide necessary or appropriate.

8. The commissioner shall have the power, on his
own motion, and it shall be his duty upon the peti-
tion of 50 or more residents of the State, to cause
the director to investigate any occupation to as-
certain whether a substantial number of employees
are receiving less than a fair wage.

9. If the commissioner is of the opinion that a
substantial number of employees in any occupation
or occupations are receiving less than a fair wage,
he shall appoint a wage board as provided in section
10 of this act to report upon the establishment of
minimum fair wage rates for employees in such
occupation or occupations.

10. A wage board shall be composed of not more
than three representatives of the employers in any
occupation, an equal number of the representatives
of the employees in such occupations and not more
than three disinterested persons representing the
public, one of whom shall be designated by the com-
misssioner as chairman. The commissioner after
conferring with the director shall appoint the mem-
ers of the wage board, the representatives of the
employers and employees to be selected so far as
practicable from nominations submitted by the em-
ployers and employees. Two-thirds of the members
shall constitute a quorum and the recommendations
or report of the wage board shall require a vote of
not less than a majority of all its members. The
commissioner after conferring with the director
shall make and establish from time to time rules
and regulations governing the selection of a wage
board and its mode of procedure not inconsistent
with this act. The members of a wage board shall serve without pay but may be reimbursed for all necessary expenses.

11. A wage board shall have power to administer oaths and to require by subpoena the attendance and testimony of witnesses, the production of all books, records, and other evidence relative to matters under investigation. Such subpoena shall be signed and issued by the chairman of the wage board and shall be served and have the same effect as if issued out of the Superior Court. A wage board shall have power to cause depositions of witnesses residing within or without the State to be taken in the manner prescribed for like dispositions in civil actions in the Superior Court.

12. The commissioner or the director shall present to a wage board promptly upon its organization all the evidence and information in the possession of the commissioner or director relating to the wages of employees in the occupations for which the wage board was appointed and all other information which the commissioner or the director deems relevant to the establishment of a minimum fair wage, and shall cause to be brought before the committee any witnesses whom the commissioner or the director deems material. A wage board may summon other witnesses or call upon the commissioner or the director to furnish additional information to aid it in its deliberations.

13. The commissioner and the wage board in establishing a minimum fair wage, shall not be bound by technical rules of evidence or procedure, but may consider all relevant circumstances affecting the value of the service or class of service rendered; may consider the wages paid in the State for work of like or comparable character by employers who voluntarily maintain minimum fair wage standards; and may be guided by like considerations as would guide a court in a suit for the reasonable value of services rendered at the request of the employer without agreement as to amount of wages to be paid.
14. The report of the wage board shall recommend minimum fair wage rates, on an hourly, daily, or weekly basis for the employees in the occupation or occupations for which the wage board was appointed. The wage board may recommend establishment or modification of the number of hours per week after which the overtime rate established in section 5 shall apply and may recommend the establishment or modification of said overtime rate. The board may also recommend permitted charges to the employees or allowances for board, lodging, apparel, or other facilities or services customarily furnished by the employer to the employee; or allowances for such other special conditions or circumstances excluding gratuities which may be usual in a particular employer-employee relationship. A wage board may differentiate and classify employments in any occupation according to the nature of the service rendered and recommend appropriate minimum fair wage rates for different employments. It may recommend minimum fair wage rates varying with localities if in the judgment of the wage board conditions make such local differentiation proper.

A wage board may recommend a suitable scale of rates for learners and apprentices or students in any occupation which may be less than the regular minimum fair wage rates recommended for experienced employees.

15. Within 60 days of its organization a wage board shall submit to the commissioner a report including its recommendations as to minimum fair wage standards for the employees in the occupation or occupations the wage standards of which the wage board was appointed to investigate. If its report is not submitted within such time the commissioner may constitute a new wage board.

16. On submission of the report of a wage board the commissioner shall within 10 days confer with the director and accept or reject the report.

If he rejects the report, he shall resubmit the matter to the same wage board or to a new wage
board with a statement of his reasons for the rejection.

If he accepts the report, it shall be published within 30 days together with such proposed administrative regulations as the commissioner after conferring with the director may deem appropriate to supplement the report of the wage board and to safeguard the minimum fair wage standards to be established.

At the same time notice shall be given of a public hearing before the commissioner or the director, not sooner than 15 nor more than 30 days after such publication, at which all persons favoring or opposing the recommendations contained in the report or the proposed regulations may be heard.

17. Within 10 days after the hearing the commissioner shall confer with the director and approve or disapprove the report of the wage board. If the report is disapproved the commissioner may re-submit the matter to the same wage board or to a new wage board. If the report is approved, the commissioner shall make a wage order which shall define minimum fair wage rates in the occupation or occupations as recommended in the report of the wage board and which shall include such proposed administrative regulations as the commissioner may deem appropriate to supplement the report of the wage board and to safeguard the minimum fair wage standards established. Such administrative regulations may include among other things, regulations defining and governing learners and apprentices, their rates, number, proportion or length of service; piece rates or their relations to time rates; overtime or part-time rates, bonuses or special pay for special or extra work; deductions for board, lodging, apparel or other items or services supplied by the employer; and other special conditions or circumstances excluding gratuities; and in view of the diversities and complexities of different occupations and the dangers of evasion and nullification, the commissioner may provide in such regulations without departing from the basic minimum rates.
recommended by the wage board such modifications or reductions of or addition to such rates in or for such special cases or classes of cases as those herein enumerated as the commissioner may find appropriate to safeguard the basic minimum rates established. Said wage order shall take effect upon expiration of 180 days from the date of the issuance of the order.

18. (a) The commissioner, to the extent necessary in order to prevent curtailment of opportunities for employment, shall by regulation provide for the employment of learners, apprentices and students, under special certificates issued pursuant to regulations of the commissioner, at such wages lower than the minimum wage applicable under the provisions of this act and subject to such limitations as to time, number, proportion and length of service as the commissioner shall prescribe.

(b) For any occupation for which minimum fair wage order rates are established by or pursuant to this act the commissioner or the director may cause to be issued to an employee, including a learner, apprentice or student whose earning capacity is impaired by age or physical or mental deficiency or injury, a special license authorizing employment at such wages less than such minimum fair wage rates and for such period of time as shall be fixed by the commissioner or the director and stated in the license.

19. At any time after a minimum fair wage order has been in effect for 1 year or more, the commissioner may, on his own motion, after conferring with the director, and shall, on petition of 50 or more residents of the State, reconsider the minimum fair wage rates set therein and reconvene the same wage board or appoint a new board to recommend whether or not the rate, or rates, contained in such order, shall be modified. The report of such wage board shall be dealt with in the manner prescribed in sections 15, 16 and 17 of this act.

20. The commissioner may, from time to time after conference with the director and without re-
ference to a wage board, propose such modifications of or additions to any administrative regulations issued pursuant to sections 6 and 17 of this act as he may deem appropriate to effectuate the purposes of this article; provided, such proposed modifications or additions could legally have been included in the original regulation. Notice shall be given of a public hearing to be held by the commissioner or director not less than 15 days after such notice, at which all persons in favor of or opposed to the proposed modifications or additions may be heard. After the hearing the commissioner may make an order putting into effect the proposed modifications of or additions to the administrative regulations as he deems appropriate.

21. Every employer of employees subject to this act shall keep a true and accurate record of the hours worked by each and the wages paid by him to each and shall furnish to the commissioner or the director or their authorized representative upon demand a sworn statement of the same. Such records shall be open to inspection by the commissioner or the director or their authorized representative at any reasonable time. No employer shall be found guilty of violating this provision for failure to keep a true and accurate record of the hours worked by outside salesmen, buyers of poultry, eggs, cream or milk in their natural or raw state or homeworkers legally employed in accordance with the laws of this State.

22. Every employer subject to any provision of this act or of any regulations or orders issued under this act shall keep a summary of this act, approved by the commissioner, and copies of any applicable wage orders and regulations issued under this act, or a summary of such wage orders and regulations, posted in a conspicuous and accessible place in or about the premises wherein any person subject thereto is employed. Employers shall be furnished copies of such summaries, orders, and regulations by the State on request without charge.
23. Any employer who willfully hinders or delays the commissioner, the director or their authorized representatives in the performance of his duties in the enforcement of this act, or fails to make, keep, and preserve any records as required under the provisions of this act, or falsifies any such record, or refuses to make any such record accessible to the commissioner, the director or their authorized representatives upon demand, or refuses to furnish a sworn statement of such record or any other information required for the proper enforcement of this act to the commissioner, the director or their authorized representatives upon demand, or pays or agrees to pay wages at a rate less than the rate applicable under this act or any wage order issued pursuant thereto, or otherwise violates any provision of this act or of any regulation or order issued under this act shall be guilty of a misdemeanor and shall, upon conviction therefor, be fined not less than $100.00 nor more than $500.00 or by imprisonment of not less than 10 nor more than 90 days or by both such fine and imprisonment. Each week, in any day of which an employee is paid less than the rate applicable to him under this act or under a minimum fair wage order, and each employee so paid, shall constitute a separate offense.

24. As an alternative to any other sanctions, herein or otherwise provided by law for violation of this act or of any rule or regulations duly issued hereunder, the Commissioner of Labor and Industry is authorized to supervise the payment of amounts due to employees under this act, and the employer may be required to make these payments to the commissioner to be held in a special account in trust for the employee, and paid on order of the commissioner directly to the employee or employees affected.

25. Any employer who discharges or in any other manner discriminates against any employee because such employee has made any complaint to his employer, to the commissioner, the director or to their authorized representatives that he has
been paid wages in accordance with the provisions of this act, or because such employee has caused to be instituted or is about to cause to be instituted any proceeding under or related to this act, or because such employee has testified or is about to testify in any such proceeding, or because such employee has served or is about to serve on a wage board, shall be guilty of a misdemeanor and shall, upon conviction therefor, be fined not less than $50.00 nor more than $200.00. Such employer shall be required, as a condition of such judgment of conviction, to offer reinstatement in employment to any such discharged employee and to correct any such discriminatory action, and also to pay to any such employee in full, all wages lost as a result of such discharge or discriminatory action, under penalty of contempt proceedings for failure to comply with such requirement.

26. If any employee is paid by an employer less than the minimum fair wage to which such employee is entitled under the provisions of this act or by virtue of a minimum fair wage order such employee may recover in a civil action the full amount of such minimum wage less any amount actually paid to him or her by the employer together with costs and such reasonable attorney's fees as may be allowed by the court, and any agreement between such employee and the employer to work for less than such minimum fair wage shall be no defense to the action. An employee shall be entitled to maintain such action for and on behalf of himself or other employees similarly situated, and such employee and employees may designate an agent or representative to maintain such action for and on behalf of all employees similarly situated. At the request of any employee paid less than the minimum wage to which such employee was certified under the provisions of this act or under an order, the commissioner may take an assignment of the wage claim in trust for the assigning employee and may bring any legal action necessary to collect the
claim, and the employer shall be required to pay the costs and such reasonable attorney’s fees as may be allowed by the court.

27. Nothing in this act shall be deemed to interfere with, impede, or in any way diminish the right of employees to bargain collectively through representatives of their own choosing in order to establish wages in excess of the applicable minima under this act.

28. If any provision of this act, or the application thereof to any person or circumstance, is held invalid, the remainder of the act and the application thereof, to other persons or circumstances shall not be affected thereby.

29. This act shall supplement the provisions of article 2 of chapter 11 of Title 34 of the Revised Statutes. Nothing herein shall be deemed to supersede any of the provisions of said article 2 of chapter 11, of Title 34, except insofar as the wages entitled to be received by any employee under the provisions of this act and the regulations and wage orders issued thereunder exceed the wages such employee is entitled to receive under the provisions of said article 2, of chapter 11, of Title 34 of the Revised Statutes and the regulations and wage orders issued pursuant thereto.

30. This act shall be known as the “New Jersey State Wage and Hour Law.”

31. This act shall take effect immediately.

Approved June 17, 1966.

   (a) a percentage of the amount received by the employer for the furnishing of hotel, restaurant or catering facilities or services,
   (b) the number of persons receiving such facilities or services, or
   (c) the number of workers providing such services or facilities
   for the distribution among the workers in lieu of customary gratuities or tips from the persons who are to use or to receive the said facilities or services, the said payments to workers, when made, shall be deemed to be remuneration paid by the employer to the workers for all the purposes of the unemployment compensation law (R.S. 43:21-1 et seq.) as amended and supplemented.

(b) The commissioner is authorized to enter into arrangements with the appropriate agencies of other States or of the Federal Government, or both, (1) whereby remuneration, upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another State or of the Federal Government, shall be deemed to be wages for the purposes of this chapter (R.S. 43:21-1 et seq.), and (2) whereby wages, on the basis of which an individual may become entitled to benefits under this chapter (R.S. 43:21-1 et seq.) shall be deemed to be remuneration on the basis of which benefits are payable under the unemployment compensation law of another State or of the Federal Government. No such arrangement shall be entered into unless it contains provision for reimbursement to the fund for such portion of benefits paid under this chapter (R.S. 43:21-1 et seq.) on the basis of such remuneration, and provision for reimbursement from the fund for that portion of benefits paid under such other law on the basis of such wages, as the commissioner finds will be fair and reasonable as to all affected interests. Subsection (f) 43:21-5 of this chapter (R.S. 43:21-1 et seq.) shall be inapplicable to an individual who files a claim for benefits under any such arrangement. Reimbursements paid from the fund pursuant to such arrangements shall be deemed to be benefits for the purposes of this chapter (R.S. 43:21-1 et seq.). The commissioner is hereby authorized to make to other State or Federal agencies, and to receive from such other State or Federal agencies, reimbursements from or to the fund in accordance with arrangements pursuant to this section.
(c) The commissioner is authorized to enter into reciprocal agreements with the appropriate agencies of other States covering services on vessels engaged in interstate or foreign commerce whereby such services performed for a single employer, under any contract of hire, partly within and partly without this State, shall be deemed to be performed in their entirety either within or without this State.

(e) The commissioner is authorized to enter into reciprocal arrangements with appropriate and duly authorized agencies of other States or of the Federal Government, or both, whereby services performed by an individual for a single employing unit for which services are customarily performed by such individual in more than one State shall be deemed to be services performed entirely within any one of the States (i) in which any part of such individual's services is performed or (ii) in which such individual has his residence or (iii) in which the employing unit maintains a place of business; provided, there is in effect, as to such services, an election, approved by the agency charged with the administration of such State’s unemployment compensation law, pursuant to which all the services performed by such individual for such employing unit are deemed to be performed entirely within such State.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-4 of the Revised Statutes is amended to read as follows:

43:21-4. An unemployed individual shall be eligible to receive benefits with respect to any week only if it appears that:
(a) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the division may prescribe, except that the division may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided, that no such regulation shall conflict with subsection (a) of section 43:21-3 of the Revised Statutes.

(b) He has made a claim for benefits in accordance with the provisions of subsection (a) of section 43:21-6 of the Revised Statutes.

(c) He is able to work, is available for work, and has demonstrated that he is actively seeking work, except as hereinafter provided in this subsection or in subsection (f) of this section:

(1) No woman shall be deemed to be able or available for work during the 4 weeks immediately before the expected birth of her child or the 4 weeks immediately following the birth of her child, in either of which cases the division may require the production of a doctor’s certificate to establish such dates;

(2) The director may, in his discretion, modify the requirement of actively seeking work if, in his judgment, such modification of this requirement is warranted by economic conditions.

No individual, who is otherwise eligible, shall be deemed ineligible, or unavailable for work, because he is on vacation, without pay, during said week, if said vacation is not the result of his own action as distinguished from any collective action of a collective bargaining agent or other action beyond his individual control; nor subject to such limitations and conditions as the division may prescribe, shall any individual be deemed ineligible by reason of unavailability for work, failure to accept work,
CHAPTER 124, LAWS OF 1966

or refusal to accept work, when the unavailability, failure or refusal is because he is attending a training program, with the approval of the division, to enhance his employment opportunities.

(d) He has been totally or partially unemployed for a waiting period of 1 week in the benefit year which includes that week. When benefits become payable with respect to the third consecutive week next following the waiting period, he shall be eligible to receive benefits as appropriate with respect to the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) if benefits have been paid, or are payable with respect thereto; provided, that the requirements of this paragraph shall be waived with respect to any benefits paid or payable for a waiting period as provided in this subsection;

(2) if it has constituted a waiting period week under Temporary Disability Benefits Law;

(3) unless the individual fulfills the requirements of subsections (a) and (c) of this section;

(4) if it has constituted a week with respect to which it is found that his unemployment was due to a stoppage of work which exists because of a labor dispute, in accordance with the provisions of subsection (d) of section 43:21-5 of the Revised Statutes.

(e) With respect to a base year as defined in subsection (c) of section 43:21-19 of the Revised Statutes he has established at least 17 base weeks as defined in subsection (t) (1) of section 43:21-19 of the Revised Statutes.

(f) (1) He has suffered any accident or sickness not compensable under the Workmen’s Compensation Law (Title 34 of the Revised Statutes) and resulting in his total disability to perform any work for remuneration, and would be eligible to receive benefits under this chapter (R. S. 43:21-1
et seq.) (without regard to the maximum amount of benefits payable during any benefit year) except for his inability to work and has furnished notice and proof of claim to the division, in accordance with its rules and regulations, and payment is not precluded by the provisions of section 43:21-3(d) of the Revised Statutes; provided, however, that no benefits shall be payable under this subsection to any individual:

(A) for any period during which such individual is not under the care of a legally licensed physician, dentist or chiropodist;

(B) for any period of disability due to pregnancy or resulting child-birth, miscarriage, or abortion, except for disability existing during the 4 weeks immediately before the expected birth of child, and the 4 weeks following the termination of the pregnancy;

(C) for any period of disability due to willfully or intentionally self-inflicted injury, or to injuries sustained in the perpetration by the individual of a high misdemeanor;

(D) for any week with respect to which or a part of which he has received or is seeking benefits under any unemployment compensation or disability benefit law of any other State or of the United States; provided, that if the appropriate agency of such other State or of the United States finally determines that he is not entitled to such benefits, this disqualification shall not apply;

(E) for the 2 weeks immediately following detachment from any maritime services performed under shipping articles;

(F) for any week with respect to which or part of which he has received or is seeking disability benefits under the Temporary Disability Benefits Law;

(G) for any period of disability commencing while such individual is a "covered individual" as defined in subsection 3(b) of the Temporary Disability Benefits Law (chapter 110, P. L. 1948).
(2) Benefit payments under this subsection shall be charged to and paid from the State Disability Benefits Fund established by the Temporary Disability Benefits Law, and shall not be charged to any employer account in computing any employer’s experience rate for contributions payable under this chapter.

(g) Notwithstanding any other provision of this chapter, the director may, to the extent that he deems efficient and economical provide for consolidated administration by one or more representatives or deputies of claims made pursuant to subsection (f) of this section with those made pursuant to Article III (State plan) of the Temporary Disability Benefits Law.

2. This act shall take effect immediately.
Approved June 17, 1966.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. employees of an employer and which benefits have been agreed upon by such employer and a union, and which are approved for such inclusion by the Commissioner of Banking and Insurance. 2. This act shall take effect immediately.
Approved June 17, 1966.

CHAPTER 126

AN ACT concerning workmen’s compensation, supplementing chapter 15 of Title 34 of the Revised Statutes, and revising parts of the statutory law.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 34:15-12 of the Revised Statutes is amended to read as follows:

34:15-12. Following is a schedule of compensation:

a. For injury producing temporary disability, 66 2/3% of the weekly wages received at the time of the injury, subject to a maximum compensation of 66 2/3% of the average weekly wages earned by all employees covered by the Unemployment Compensation Law (R. S. 43:21-1 et seq.) and a minimum of $15.00 a week. This compensation shall be paid during the period of such disability, not, however, beyond 300 weeks. The amount of the
maximum compensation shall be computed, determined, rounded out to the nearest dollar, and promulgated by the Commissioner of Labor and Industry on or before September 1 in each year based on said average weekly wages as of the calendar year preceding, and shall be effective as to injuries occurring in the calendar year following, such promulgation. In any year in which the maximum benefit rate based upon said computations would not be increased or decreased beyond $1.00 in amount, the rate promulgated theretofore shall continue.

b. For disability total in character and permanent in quality, 66 2/3% of the weekly wages received at the time of injury, subject to a maximum compensation as stated in paragraph ‘‘a’’ hereof, and a minimum of $15.00 per week. This compensation shall be paid for a period of 450 weeks, at which time compensation payments shall cease unless the employee shall have submitted to such physical or educational rehabilitation as may have been ordered by the rehabilitation commission, and can show that because of such disability it is impossible for him to obtain wages or earnings equal to those earned at the time of the accident, in which case further weekly payments shall be made during the period of such disability, the amount thereof to be the previous weekly compensation payment diminished by that portion thereof that the wage, or earnings, he is then able to earn, bears to the wages received at the time of the accident. If his wages or earnings equal or exceed wages received at the time of the accident, then his compensation rate shall be reduced to $5.00. In calculating compensation for this extension beyond 450 weeks the minimum provision of $15.00 shall not apply. This extension of compensation payments beyond 450 weeks shall be subject to such periodic reconsiderations and extensions as the case may require, and shall apply only to disability total in character and permanent in quality, and shall not apply to any accident occurring prior to July 4, 1923.
c. For disability partial in character and permanent in quality, weekly compensation shall be paid based upon the weekly wages received at the time of the injury, subject to a maximum compensation of $40.00 per week and a minimum of $10.00 per week in accordance with the following "Wage and Compensation Schedule":

| 12. The loss of the first phalange of the thumb or of any finger shall be considered to be equal to the loss of \( \frac{1}{2} \) of such thumb or finger, and the compensation shall be \( \frac{1}{2} \) of the periods of time above specified. The loss of any portion of the thumb or any finger between the terminal joint and the end thereof shall be compensated for a like proportion of the period of time prescribed for the loss of the first phalange of such member.

13. The loss of the first phalange and any portion of the second shall be considered as the loss of the entire finger or thumb, but in no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand.

14. The loss of the first phalange of any toe shall be considered to be equal to the loss of \( \frac{1}{2} \) of such toe, and compensation shall be for \( \frac{1}{2} \) of the period of time above specified.
15. The loss of the first phalange and any portion of the second shall be considered as the loss of the entire toe.

16. For the loss of vision of an eye, 200 weeks.

17. For the enucleation of an eye, 25 weeks, in addition to such compensation, if any, as may be allowable under subparagraph 16.

18. For the loss of a natural tooth, 4 weeks for each tooth lost.

19. For the total loss of hearing in one ear, 60 weeks. For the total loss of hearing in both ears by one accident, 200 weeks.

20. The loss of both hands, or both arms, or both feet, or both legs, or both eyes, or any 2 thereof as the result of any one accident, shall constitute total and permanent disability to be compensated according to the provisions of paragraph “b.”

21. Amputation between the elbow and the wrist shall be considered as the equivalent of the loss of a hand and amputation at the elbow shall be considered equivalent to the loss of the arm. Amputation between the knee and ankle shall be considered as the equivalent of the loss of a foot, and amputation at the knee shall be considered equivalent to the loss of the leg.

22. In all lesser or other cases involving permanent loss, or where the usefulness of a member or any physical function is permanently impaired, the duration of compensation shall bear such relation to the specific periods of time stated in the above schedule as the disabilities bear to those produced by the injuries named in the schedule. In cases in which the disability is determined as a percentage of total and permanent disability the duration of the compensation shall be a corresponding portion of 550 weeks. Should the employer and employee be unable to agree upon the amount of compensation to be paid in cases not covered by the schedule, either party may appeal to the Division of Workmen’s Compensation for a settlement of the controversy.
23. Where there is a traumatic hernia compensation will be allowed if notice thereof is given by the claimant to the employer within 48 hours after the occurrence of the hernia but any Sunday, Saturday or holiday shall be excluded from this 48-hour period.

d. If previous loss of function to the body, head, a member or an organ, due to any previous compensable accident or accidents, is established by competent evidence, and subsequently an injury arising out of and in the course of an employment occurs to that part of the body, head, member or organ, where there was a previous loss, then and in such case, the employer or his insurance carrier at the time of the subsequent injury shall not be liable for any loss for which compensation has previously been paid or awarded. In either event, credit shall be given the employer or his insurance carrier the extent of the previous loss for which compensation has been paid.

e. In case of the death of the person from any cause other than the accident or occupational disease, during the period of payments for permanent injury, the remaining payments shall be paid to such of his or her dependents as are included in the provisions of said section 34:15–13 or, if no dependents, the remaining amount due, but not exceeding $750.00, shall be paid in a lump sum to the proper person for funeral expenses; but no compensation shall be due any other person than the injured employee on account of compensation being paid in excess of 450 weeks on account of disability total in character and permanent in quality as provided by paragraph "b" of this section.

2. Section 34:15–13 of the Revised Statutes is amended to read as follows:

34:15–13. Except as hereinafter provided, in case of death, compensation shall be computed, but not distributed, on the following basis:

a. For one dependent, 50% of wages.
b. For 2 dependents, 55% of wages.
c. For 3 dependents, 60% of wages.
d. For 4 dependents, 65% of wages.
e. For 5 or more dependents, 70% of wages.
f. The term "dependents" shall apply to and include any or all of the following who are dependent upon the deceased at the time of accident or the occurrence of occupational disease, or at the time of death, namely: Husband, wife, parent, step-parents, grandparents, children, stepchildren, grandchildren, child in esse, posthumous child, illegitimate children, brothers, sisters, half brothers, half sisters, niece, nephew. Legally adopted children shall, in every particular, be considered as natural children. Dependency shall be conclusively presumed as to the decedent’s widow and to the natural children under 18 years of age of a male or female decedent who were actually a part of the decedent’s household at the time of his death. Every provision of this article applying to one class shall be equally applicable to the other. Should any dependent of a deceased employee die during the period covered by such weekly payments the right of such dependent to compensation under this section shall cease but should the widow of a deceased employee remarry during such period and before the total compensation is paid, she shall be entitled to receive the remainder of the compensation which would have been due her had she not remarried, or $1,000.00 whichever is the lesser. The foregoing schedule applies only to persons wholly dependent, and in the case of persons only partially dependent, except in the case of the widow and children who were actually a part of the decedent’s household at the time of his death, the compensation shall be such proportion of the scheduled percentage as the amounts actually contributed to them by the deceased for their support constituted of his total wages and the provision as to a $15.00 minimum shall not apply to such compensation. In determining the number of dependents, where the deceased employee was a minor, the number of persons dependent upon the deceased employee shall be determined in the same way as if the
deceased employee were an adult, notwithstanding any rule of law as to the person entitled to a minor’s wages.

    g. Compensation shall be computed upon the foregoing basis. Distribution shall be made among dependents, if more than one, according to the order of the Division of Workmen’s Compensation, which shall, when applied to for that purpose determine, upon the facts being presented to it, the proportion to be paid to or on behalf of each dependent according to the relative dependency. Payment on behalf of infants shall be made to the surviving parent, if any, or to the statutory or testamentary guardian.

    h. If death results from the accident or occupational disease, whether there be dependents or not, expenses of the last sickness of the deceased employee shall be paid in accordance with the provisions for medical and hospital service as set forth in section 34:15-15 of this Title. Also the cost of burial, not to exceed $750.00, shall be paid to the dependent or other person having paid said costs of burial. In the event that the said dependent or other person has paid less than $750.00 the said dependent or other person shall be reimbursed in the amount paid and, if the costs of burial exceed the amount so paid, the difference between the said amount and $750.00 or so much thereof as may be necessary to pay the cost of burial, shall be paid to the undertaker or embalmer. In the event that no part of the costs of burial has been paid, the amount of such cost of burial, not to exceed $750.00, shall be paid to the undertaker or embalmer.

    i. In computing compensation to those named in this section, except husband, wife, parents and step-parents, only those under 18 or over 40 years of age shall be included and then only for that period in which they are under 18 or over 40; provided, however, that payments to such physically or mentally deficient persons as are for such reason dependent shall be made during the full compensation period of 450 weeks.
j. The maximum compensation in case of death shall be subject to the maximum compensation as stated in paragraph “a” of section 34:15-12 of this Title and a minimum of $15.00 per week, except in the case of partial dependency as provided in this section. This compensation shall be paid, in the case of a widow, during the entire period of widowhood except that any earnings from employment by the widow after 450 weeks of compensation have been paid shall be deducted from the compensation thereafter payable to the widow and, in the case of other dependents, during 450 weeks and if at the expiration of 450 weeks there shall be one or more dependents under 18 years of age compensation shall be continued for such dependents until they reach 18 years of age at the schedule provided under paragraphs “a” to “e” of this section.

3. Section 34:15-14 of the Revised Statutes is amended to read as follows:

34:15-14. No compensation other than medical aid shall accrue and be payable until the employee has been disabled 7 days, whether the days of disability immediately follow the accident, or whether they be consecutive or not. These days shall be termed the waiting period. The day that the employee is unable to continue at work by reason of his accident, whether it be the day of the accident or later, shall count as one whole day of the waiting period. Should the total period of disability extend beyond 7 days, additional compensation shall at once become payable covering the above prescribed waiting period.

4. Section 34:15-16 of the Revised Statutes is amended to read as follows:

34:15-16. Compensation for all classes of injuries shall run consecutively, and not concurrently, except as provided in this section and in section 34:15-15 of this Title, as follows: First, medical and hospital services and medicines as provided in said section 34:15-15. After the waiting period, compensation during temporary disability. If total
period of disability extends beyond 7 days, compensation to cover waiting period. Following both, either or none of the above, compensation consecutively for each permanent injury, except that permanent disability, total or partial, shall not be determined or awarded until after 26 weeks from the date of the employee’s final active medical treatment, or until after 26 weeks from the date of the employee’s return to work, whichever is earlier, or, if no time is lost or no treatment is rendered, then permanent disability, total or partial, shall not be determined or awarded until after 26 weeks from the date of the accident, except in cases of amputation or enucleation or death from other cause within that time and except when earlier determination of permanent disability is waived by the employer or his insurance carrier. Nothing herein contained shall prevent an employer or his insurance carrier from paying permanent disability compensation voluntarily prior to the expiration of the 26-week period. Following any or all or none of the above, if death results from the accident, expenses of last sickness and burial. Following which compensation to dependents, if any.

Where an employer or his insurance carrier desires to pay for or furnish compensation, medical, surgical, or hospital treatment, drugs, orthopedic or prosthetic appliances, after the date when payments under sections 34:15-12 and 34:15-13 of this Title have terminated, the employer or his insurance carrier may, in writing, reserve the defense of the jurisdictional limitations provided by sections 34:15-27, 34:15-34, 34:15-41 and 34:15-51 of this Title; provided, that the reservation is approved by a deputy director after advising the petitioner personally of his rights and of the effect of such reservation.

5. Section 34:15-34 of the Revised Statutes is amended to read as follows:

34:15-34. All claims for compensation for compensable occupational disease shall be barred unless a petition is filed in duplicate with the secretary of the division in Trenton, within 2 years after the
date on which the employee ceased to be exposed in the course of employment with the employer to such occupational disease as hereinabove defined, or within 1 year after the employee knew or ought to have known the nature of his disability and its relation to his employment, whichever period is later in duration. In case an agreement of compensation for compensable occupational disease has been made between such employer and such claimant, then an employee's claim for compensation shall be barred unless a petition for compensation is duly filed with such secretary within 2 years after the failure of the employer to make payment pursuant to the terms of such agreement; or in case a part of the compensation has been paid by such employer, then within 2 years after the last payment of compensation.

Notwithstanding any provision of this section hereinabove set forth, all claims for compensation for compensable occupational disease hereunder shall be forever barred unless a petition is filed in duplicate with the secretary of the Division of Workmen's Compensation, in Trenton, within 5 years after the date on which the employee ceased to be exposed in the course of employment with the employer to such occupational disease; provided, however, that in the event of death of an employee who has been paid compensation on account of a compensable occupational disease, a petition on behalf of dependents, as defined in section 34:15-13f of the Revised Statutes, shall be timely if filed within 2 years after the date of last payment to the employee notwithstanding such period of 2 years or any part thereof extends beyond the 5-year period hereinabove set forth.

A payment or agreement to pay by the insurance carrier shall, for the purpose of this section, be deemed a payment or agreement by the employer.

In any case wherein claim is made for radiation poisoning as an occupational disease more than 2 years after the date upon which the employee
ceased to be exposed in the course of employment with exposure to such occupational disease, the aforesaid 5-year limitation shall not apply, excepting, however, that the claim petition must be filed in duplicate with the Secretary of the Division of Workmen's Compensation within 1 year after the employee knew or ought to have known the nature of the claimed disability and its relation to his employment.

6. Section 34:15-37 of the Revised Statutes is amended to read as follows:

34:15-37. "Wages," when used in this chapter, shall be construed to mean the money rate at which the service rendered is recompensed under the contract of hiring in force at the time of the accident. Board and lodging when furnished by the employer as part of the wages shall be included and valued at $25.00 per week, unless the money value of such advantages shall have been otherwise fixed by the parties at the time of hiring. Where prior to the accident, the rate of wages is fixed by the output of the employee, the daily wages shall be calculated by dividing the number of days the workman was actually employed into the total amount the employee earned during the preceding 6 months, or so much thereof as shall refer to employment by the same employer. When the rate of wages is fixed by the hour, the daily wage shall be found by multiplying the hourly rate by the customary number of working hours constituting an ordinary day in the character of the work involved. In any case the weekly wage shall be found by multiplying the daily wage by 5, or if the employee worked a greater proportion of the week regularly, then by $5\frac{1}{2}, \, 6, \, 6\frac{1}{2}, \, 7, \, 8, \, 9, \, or \, 7$, according to the customary number of working hours constituting an ordinary week in the character of the work involved. Five days shall constitute a minimum week. Gratuities, received regularly in the course of employment from other than the employer, shall be included in determining the weekly wage only in those cases where the employer or employee has kept a regular
daily or weekly record of the amount of gratuities so received. In such cases the average weekly amount of gratuities over a period of 6 months, or for the entire time of employment, whichever period is less, shall be added to the fixed weekly wage to determine the employee's total weekly wage. If no such record has been kept, then the average amount of the weekly gratuities shall be fixed by the judge of compensation or the referee hearing the matter.

7. Section 34:15-38 of the Revised Statutes is amended to read as follows:

34:15-38. To calculate the number of weeks and fraction thereof that compensation is payable for temporary disability, determine the number of calendar days of disability from and including as a full day the day that the employee is first unable to continue at work by reason of the accident, including also Saturdays, Sundays and holidays, up to the first working day that the employee is able to resume work and continue permanently thereat; subtract from this number the waiting period and any days and fraction thereof the employee was able to work during this time, and divide the remainder by 7. If, however, the total period of disability extends beyond 7 days, the waiting period shall not be subtracted from the number indicated above. The resulting whole number and sevenths will be the required period for which compensation is payable on account of temporary disability.

8. Section 34:15-79 of the Revised Statutes is amended to read as follows:

34:15-79. An employer who shall fail to provide the protection prescribed in this article shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $1,000.00 or by imprisonment for not more than 60 days or by both such fine and imprisonment, and in cases where a workmen's compensation award in the Division of Workmen's Compensation of New Jersey against the defendant is not paid at the time of the sentence, the court may suspend sentence
upon such defendant and place him on probation for any period with an order to pay said compensation award to the claimant through the probation office of the county. Where the employer is a corporation, the president, secretary, and treasurer thereof who are actively engaged in the corporate business shall be liable for failure to secure the protection prescribed by this article. Any contractor placing work with a subcontractor shall, in the event of the subcontractor’s failing to carry workmen’s compensation insurance as required by this article, become liable for any compensation which may be due an employee or the dependents of a deceased employee of a subcontractor. The contractor shall then have a right of action against the subcontractor for reimbursement.

All fines collected under the terms of this clause shall be paid to the State Treasurer and credited on the records of the State Comptroller to the account of the Rehabilitation Commission for Physically Handicapped Persons, to be used in carrying out the provisions of chapter 16 of this Title 34:16-1, et seq.

The director or any officer or employee of the division designated by him, upon finding that an employer has failed for a period of not less than 10 consecutive days to make the provisions for payment of compensation required by sections 34:15-71 and 34:15-72 of this Title, may impose upon such employer, in addition to all other penalties, fines or assessments provided for in chapter 15 of Title 34 or in any supplement thereto, an assessment in the amount of $25.00 and when such period exceeds 20 days, an additional assessment of $25.00 for each period of 10 days thereafter, but no employer shall be assessed more than $100.00 at any one time. All assessments under this act shall be collectible in a court of competent jurisdiction in a summary civil proceeding and shall be paid into the uninsured employers fund.

9. Section 34:15-90 of the Revised Statutes is amended to read as follows:
CHAPTER 126, LAWS OF 1966

34:15-90. No mutual association or stock company shall be authorized to write compensation or liability insurance in the State unless it is a member of the compensation rating and inspection bureau.

Each member of the bureau writing such insurance shall be represented by one representative and shall be entitled to one vote in the administration of bureau affairs.

The bureau shall adopt such rules and regulations for its procedure and provide such income as may be necessary for its maintenance and operation.

The Commissioner of Banking and Insurance shall appoint a special deputy to be ex-officio chairman of the bureau. Such deputy shall serve with the bureau solely as a representative of the Commissioner of Banking and Insurance and of the Department of Banking and Insurance and shall hold no other office with the bureau nor shall he receive any compensation from the bureau. In the absence of the chairman or his inability to serve, the Commissioner of Banking and Insurance shall designate another person to serve in his stead.

All officers, members of committees and employees of the bureau shall be subject to the approval and ratification of the Commissioner of Banking and Insurance.

10. There is hereby created a fund which shall be known as the "uninsured employer's fund" to provide for the payment of awards against uninsured defaulting employers in accordance with the provisions of this act.

For the purpose of establishing and maintaining this fund, the director, upon rendering a decision with respect to any claim for compensation under chapter 15 of Title 34 of the Revised Statutes that the employer liable therefor has failed to secure the payment of compensation with respect thereto in accordance with section 34:15-71 or section 34:15-72 of the Revised Statutes, shall impose an assessment in the sum of $150.00 against the em-
ployer and direct its payment into the fund in connection with each such claim. The director shall also impose an additional assessment of 15% of the award or awards made in each such claim, such additional assessment not to exceed, however, the sum of $1,500.00 in any one claim, and shall direct that such additional assessment also be paid into the fund.

If the employer shall fail to pay these assessments into the fund within 10 days after date of mailing of notice thereof to him, such default shall constitute a default in payment of compensation due pursuant to the provisions of section 40 of this act and judgment therefor shall be entered in accordance therewith, all other provisions of said section to be deemed applicable with respect thereto, except to the extent that said provisions may be clearly inconsistent with the provisions of this section. All sums collected from an uninsured employer with respect to any claim for compensation referred to in this section but not payable from the fund, whether such collection is made prior or subsequent to entry of judgment against such employer, shall be deemed in payment of and applicable first in satisfaction of any compensation and benefits due from such employer with respect to such claim and security demand, if any, in connection therewith and only when such obligations are satisfied in full shall the balance of said sums collected, if any, be deemed payment in satisfaction of and applicable to the assessments above prescribed in this section.

All sums recovered from uninsured employers on judgments entered for failure to pay assessments as hereinafter provided and for failure to pay compensation and benefits which were paid from the fund herein created, shall upon such recovery be paid into said fund.

11. In any case in which a claim for compensation is filed pursuant to the provisions of chapter 15 of Title 34 of the Revised Statutes and the employer has failed to secure the payment of compensation
as required by section 34:15-71 or section 34:15-72 of the Revised Statutes and to make payment of compensation according to the terms of any award within 45 days thereafter and fails or refuses to deposit with the director within 10 days after demand the commuted or estimated value of the compensation payable under the award as security for prompt and convenient payment of such compensation periodically as it accrues, then and in such event, unless a notice of appeal has been timely filed, the award shall be payable out of the “uninsured employers’ fund,” but no extra compensation or death benefit pursuant to section 34:15-10 shall be payable from the fund.

12. In case of default by an uninsured employer in the payment of any compensation due under an award for a period of 45 days after payment is due and payable and the uninsured employer fails or refuses to deposit with the director within 10 days after demand the commuted or estimated value of the compensation payable under the award as security for prompt and convenient payment of such compensation periodically as it accrues, or in case of failure by an employer, within 20 days after it is due to pay any assessment imposed by the director pursuant to section 34:15-79 of the Revised Statutes or section 38 of this act, the director in any such case may file with the Clerk of the Superior Court, (1) a statement containing the findings of fact, conclusions of law, award and judgment of the officer making the award which is in default together with a certified copy of the demand for deposit of security, or (2) a certified copy of the director’s order imposing, and the demand for payment of, such assessment, and, thereupon, shall have the same effect and may be collected and docketed in the same manner as judgments rendered in causes tried in the Superior Court. The court shall vacate or modify such judgment to conform to any later award or decision by any authorized officer of the division upon presentation of a statement thereof as provided for above. The award may be
compromised by the Commissioner of Labor and Industry as in his discretion may best serve the interest of the persons entitled to receive the compensation or benefits.

13. Notwithstanding the provisions of any other section of this act, no payments shall be made from the uninsured employers' fund except upon application to and approval by the Commissioner of Labor and Industry. Review of any decision by the commissioner shall be in accordance with section 34:15-66 of the Revised Statutes. In no event, however, shall any payments be made from the fund until the total amount therein exceeds $100,000.00, and thereafter only to the extent of the amount in the fund exceeding $100,000.00, and, in any case, only for injuries and deaths resulting therefrom occurring after the fund reaches $100,000.00.

14. To the extent of the compensation and benefits paid or payable to an employee or his dependents from the uninsured employers' fund, the fund, by subrogation, shall be entitled to all the rights, powers and benefits of the employee or his dependents against the employer arising under the provisions of chapter 15 of Title 34 of the Revised Statutes; and in any case or situation contemplated by section 34:15-40 of the Revised Statutes, the fund, shall have the same rights as the employer.

15. The commissioner shall annually submit an accounting of the fund to the State Treasurer. Payments to applicants from said fund shall be made by the State Treasurer upon warrants of the Commissioner of Labor and Industry.

16. The commissioner may make all necessary rules and regulations necessary for the processing and payment of compensation out of the uninsured employers' fund.

17. The liability of the uninsured employers' fund and the State with respect to payment of any compensation, benefits, expenses, fees for disbursements properly chargeable against the fund shall be limited to the assets in the fund as exceed
$100,000.00 and the fund and the State shall not otherwise in any way or manner be liable for the making of any such payment.

18. There is hereby created a commission to study the workmen's compensation law.

a. Said commission shall consist of 15 members, 2 to be appointed from the membership of the Senate by the President thereof, no more than one of whom shall be of the same political party and 2 to be appointed from the membership of the General Assembly by the Speaker thereof, no more than one of whom shall be of the same political party, and 11 to be appointed by the Governor. Vacancies in the membership of the commission shall be filled in the same manner as the original appointments were made.

b. The commission shall organize as soon as may be after the appointment of its members and shall select a chairman from among its members and a secretary who need not be a member of the commission.

c. It shall be the duty of said commission to study the areas of permanent partial disability benefits, the second injury fund, administrative procedures and judicial review and such other aspects of the workmen's compensation law as it deems advisable, and to make recommendations to the end that employees be justly compensated for all injuries covered by the law, that the highest possible rate of employment of the handicapped be encouraged and that a speedy and efficient procedure for the disposition of claims be provided.

d. The commission shall be entitled to call to its assistance and avail itself of the services of such employees of any State, county or municipal department, board, bureau, commission or agency as it may require and as may be available to it for said purpose, and to employ such legal, technical, stenographic and clerical assistants and incur such traveling and other miscellaneous expenses as it may deem necessary, in order to perform its duties, and as may be within the limits of funds appropriated or otherwise made available to it for said purposes.
e. The commission may meet and hold hearings at such place or places as it shall designate and shall report its findings and recommendations to the Governor and the Legislature on or before the second Tuesday in January 1967.

f. There is hereby appropriated to the commission the sum of $25,000.00 to carry out the purposes of this act.

19. This act shall take effect March 1, 1967, provided, however, that such administrative action as is necessary to implement this act on March 1, 1967 may be taken prior thereto and provided further that section 18 of this act shall take effect immediately.

Approved June 17, 1966.

CHAPTER 127

AN ACT providing for the exemption from taxation of certain air pollution control equipment, facilities and devices and supplementing article 2 of chapter 4 of Title 54 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Any equipment, facility or device constructed or installed either prior to or subsequent to the effective date of this act and used primarily for the purpose of abating or preventing pollution of the atmosphere and which has been certified to be an air pollution abatement facility by the State Commissioner of Health, as hereinafter in this act provided, shall be exempt from taxation under the chapter to which this act is a supplement.

2. The State Commissioner of Health, when requested for any such certification, shall certify a facility as being an air pollution abatement facility whenever he finds the equipment, facility or device constructed or installed, or to be constructed or installed, was designed primarily for the control or abatement of pollution of air and is suitable and
reasonably adequate for such purpose. Said certificate shall contain information identifying the facilities and the cost thereof and shall be in such form and detail as the commissioner shall prescribe and, further, said certificate shall be submitted to the applicant therefor with a copy to the assessor of the taxing district in which such facilities are located and have been installed; and the exemption from taxation for such equipment, facility or device shall become effective for the tax year following the year in which certification has been granted and thereafter during its use primarily for such purposes.

3. The State Commissioner of Health, after giving notice to the holder of a pollution abatement certificate and giving said holder an opportunity for a hearing, may revoke such certificate whenever any of the following appears:

(a) The certificate was obtained by fraud or misrepresentation;

(b) The claimant for tax exemption has failed substantially to proceed with the construction, reconstruction, installation or acquisition of pollution control facilities;

(c) The structure or equipment or both to which the certificate relates has ceased to be used for the primary purpose of pollution control and is being used for a different primary purpose;

(d) The claimant for tax exemption hereunder has so departed from the equipment, design and construction previously certified by the State Commissioner of Health that, in the opinion of said commissioner, the primary purpose of such installation is no longer the prevention of pollution as above defined or the installation is not suitable and reasonably adequate for the purpose for which certified;

(e) Performance of the equipment as installed is not, in the opinion of said commissioner, suitable and reasonably adequate for the primary purpose for which certified; and in lieu of revocation, the commissioner may modify such certificate in accordance with the facts presented.
The commissioner shall forward a copy of the notice of revocation or modification of any such certificate to the assessor of the taxing district in which the equipment involved is located.

4. This act shall take effect immediately.

Approved June 17, 1966.

CHAPTER 128

An Act concerning assessment and taxation of tangible personal property used in business and amending section 54:4-9 of the Revised Statutes and section 2 of chapter 141 of the laws of 1964.

Be It Enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 54:4-9 of the Revised Statutes is amended to read as follows:

54:4-9. Tangible personal property used in business and subject to taxation in this State shall be assessed and taxed at its taxable value as defined by law, at the general tax rate of the taxing district wherein such property is found or for the tax years 1965, 1966 and 1967 at the “adjusted personalty tax rate for such district,” determined as hereinafter provided, whichever tax rate is higher, for the use of such taxing district, in the manner provided by this article. The person lawfully assessed shall be personally liable for the payment of the tax so computed and assessed.

2. Section 2 of chapter 141 of the laws of 1964 is amended to read as follows:

2. The adjusted personalty tax rate for each taxing district shall be determined as follows by the respective county boards of taxation:

a. First, for the tax year 1965, for each taxing district there shall be derived a fraction in which 1963 business personal property taxes in the district are the numerator and in which all 1963
property taxes in the district, real and personal, are the denominator. Second, the fraction so determined in each district shall be multiplied by the total property tax levy in the district for the tax year 1965. Third, the dollar figure so determined shall be divided by the 1965 total taxable value of business personal property in the district and the resulting dollar figure shall be the 1965 adjusted personal property tax rate expressed in mills per dollar of assessed value;

b. For the tax year 1966 first, there shall be derived a fraction calculated by multiplying the fraction derived in step first, above, by a fraction the numerator of which shall be the percentage of the fair value of all taxable property in the district which the fair value of taxable business personal property constitutes in the then current tax year, and the denominator of which shall be the percentage of the fair value of all taxable property in the district which the fair value of taxable business personal property constituted in the tax year 1965. Second, the fraction so determined shall be multiplied by the total property tax levy in the district for the then current tax year. Third, the dollar figure so determined shall be divided by the total taxable value of business personal property for the then current tax year, and the resulting dollar figure shall be the adjusted personal property tax rate expressed in mills per dollar of assessed value.

c. For the tax year 1967, first, there shall be derived a fraction calculated by multiplying the fraction derived in step first in paragraph b. above, by a fraction the numerator of which shall be the percentage of the fair value of all taxable property in the district which the fair value of taxable business personal property constitutes in the then current tax year, and the denominator of which shall be the percentage of the fair value of all taxable property in the district which the fair value of taxable business personal property constituted in the tax year 1966. Second, the fraction so determined shall be multiplied by the total property tax
levy in the district for the then current tax year. Third, the dollar figure so determined shall be divided by the total taxable value of business personal property for the then current tax year, and the resulting dollar figure shall be the adjusted personalty tax rate expressed in mills per dollar of assessed value.

d. For purposes of the calculation of the fraction in step first in paragraph b. or in step first in paragraph c. of this section, the fair value of all taxable property in the district shall be the aggregate true value of the real property, exclusive of class II railroad property, plus the aggregate fair value of machinery, implements and equipment, and all other personal property used in business, including farm machinery, farm livestock, crops, produce, and inventories (except inventories of raw materials, supplies and small tools) used in business.

e. If, in any taxing district, the “adjusted personalty tax rate for such district” shall be higher than the property tax rate calculated for all taxable property in the district for the tax years 1965, 1966 or 1967, the tax rate to be applied to the taxable property other than tangible personal property used in business and tangible household personal property and personal effects, for such year, shall be calculated as follows:

First, the amount of the property tax levy to be derived from tangible personal property used in business, computed in accordance with step “second” of subsections (a), (b) or (c) of section 2 above, shall be deducted from the total property tax levy in the district for the particular tax year involved. Second, the remainder so determined shall be divided by the total taxable value, for the particular tax year involved, of all taxable property other than tangible personal property used in business and tangible household personal property and personal effects. The resulting tax rate shall be deemed to be the general tax rate for the district for the particular tax rate involved.

3. This act shall take effect immediately.

Approved June 17, 1966.

If the contract is so canceled, as of the date of the cancellation, the cost of the survey shall be prorated between the State and the applicant and all information, material and other data assembled in connection with the survey shall become the exclusive property of the State.

To the extent that the tax imposed by this act is at a higher rate than the rate of tax in the first taxing jurisdiction, this exemption shall be inapplicable and the tax imposed by section 6 of this act shall apply to the extent of the difference in such rates.

4. This act shall take effect immediately.

CHAPTER 133

An Act imposing a gross receipts tax on retail store sales, providing for the registering of persons engaged in retail store sales, prescribing the methods of collecting the tax imposed, providing penalties for violations, and making an appropriation therefor.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
1. This act shall be known and may be cited as the "Retail Gross Receipts Tax Act."
2. For the purposes of this act, unless the context otherwise requires:
   a. "Director" shall mean the Director of the Division of Taxation in the Department of the Treasury.
   b. "Gross receipts" shall mean and include all receipts, of whatever kind and in whatever form, derived from retail store sales, without any deduction therefrom on account of any item of cost, expense or loss, except that gross receipts shall not include the sales price of merchandise returned by customers to the extent that the sales price thereof is refunded either in cash or by credit. In the case of installment sales, receipts therefrom shall be included as gross receipts only as and when payments are actually received by the seller.
   c. "Retail store sales" shall mean sales of tangible personal property made by retail stores to ultimate consumers and users of the property sold.
   d. "Retail store" shall mean any business, except a manufacturing business, carried on at a fixed location or locations in New Jersey, one purpose and activity of which is purchasing tangible personal property and selling such property to ultimate consumers and users. The term "retail store" shall include factory retail outlets where such retail outlets are located in New Jersey and are used primarily for the purpose of making sales of tangible personal property, on the premises of the business, to ultimate consumers and users and not for resale.
   e. "Tax year" or "taxable year" means the calendar year on the basis of which the taxpayer is required to report his gross receipts under this act.
   f. "Taxpayer" means any person subject to tax or required to file a return under this act.
   g. "Person" means an individual, partnership, society, association, joint stock company, corporation, estate, receiver, trustee, assignee, referee, and any other person acting in a fiduciary or represen-
tative capacity, whether appointed by a court or otherwise, and any combination of the foregoing.

3. An excise tax is hereby imposed upon every person engaged in the business of retail store sales at the rate of 1/20 of 1% of the gross receipts of such business after December 31, 1966, provided, however, that in computing the amount of the tax imposed under the provisions of this act for any year, there shall be deducted from the gross receipts of any taxpayer an amount of $150,000.00. Each taxpayer who is taxable hereunder upon gross receipts for any fractional part of the taxable year shall be entitled to a deduction of such proportion of $150,000.00 as the period of time during which the taxpayer is subject to tax bears to an entire year.

4. Every person engaged in the business of retail store sales in this State shall, on or before March 15, 1968, and on or before March 15 of each year thereafter, prepare and file a return for the preceding calendar year with the director in such form and containing such information as the director shall prescribe, provided, however, that no such person who derives gross receipts of less than $125,000.00 for any taxable year shall be required to file a return under this act for such taxable year. Every person required to file a return under this act shall, at the time of filing such return, pay to the director the taxes imposed by this act.

5. Every person subject to taxation under this act shall keep records of every sale and of all amounts paid, charged or due thereon in such form as the director may by regulation require. Such record shall be available for inspection and examination at any time upon demand by the director or his duly authorized agent or employee, and shall be preserved for a period of 3 years, except that the director may consent to their destruction within that period or may require that they be kept longer.

6. On or before December 20, 1966, or in the case of persons commencing or opening new places of business after such date, within 30 days after such
commencement or opening, every person subject to taxation under this act shall file with the director a certificate of registration in a form prescribed by him.

The director, shall, within 5 days of such registration, issue without charge to each registrant a certificate of authority and a duplicate thereof for each additional place of business of each registrant. Each certificate or duplicate shall state the place of business to which it is applicable. Such certificate of authority shall be prominently displayed in the place of business of the registrant. Such certificates shall be nonassignable and nontransferable and shall be surrendered to the director immediately upon the registrant’s ceasing to do business at the place named.

Any person who is registered under the sales and use tax act (P. L. 1966, c. 30) shall be excused from compliance from this section.

7. If a return required by this act is not filed, or if a return when filed is incorrect or insufficient, the amount of tax due shall be determined by the director from such information as may be available. Notice of such determination shall be given to the person liable for payment of the tax. Such determination shall finally and irrevocably fix the tax unless the person against whom it is assessed, within 90 days after giving of notice of such determination, shall apply to the director for a hearing, or unless the director of his own motion shall re- determine the same. After such hearing the director shall give notice of his determination to the person against whom the tax is assessed.

8. (a) Whenever any person subject to taxation under this act shall fail to pay any tax, penalty or interest imposed by this act as therein provided, the Attorney General shall, upon the request of the director, bring or cause to be brought an action to enforce the payment of the same on behalf of the State of New Jersey in any court of the State of New Jersey or of any other State or of the United States.
(b) As an additional or alternate remedy, the director may issue a warrant, directed to the sheriff of any county commanding him to levy upon and sell the real and personal property of any person liable for the tax, which may be found within his county, for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant and to return such warrant to the director and to pay to him the money collected by virtue thereof within 60 days after the receipt of such warrant. The sheriff shall within 5 days after the receipt of the warrant file with the county clerk a copy thereof, and thereupon such clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the tax, penalties and interest for which the warrant is issued and the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real and personal property of the person against whom the warrant is issued. The sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as that provided by law in respect to executions issued against property upon judgments of a court of record and for services in executing the warrant he shall be entitled to the same fees, which he may collect in the same manner. In the discretion of the director a warrant of like terms, force and effect may be issued and directed to any officer or employee of the Division of Taxation, and in the execution thereof such officer or employee shall have all the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. If a warrant is returned not satisfied in full, the director may from time to time issue new warrants and shall also have the same remedies to enforce the amount due thereunder as if the State had recovered judgment therefor and execution thereon had been returned unsatisfied.
(c) Whenever a person subject to taxation under this act shall make a sale, transfer, or assignment in bulk of any part or the whole of his business assets, otherwise than in the ordinary course of business, the purchaser, transferee or assignee shall at least 10 days before taking possession of the subject of said sale, transfer or assignment, or paying therefor, notify the director by registered mail of the proposed sale and of the price, terms and conditions thereof whether or not the seller, transferrer or assignor, has represented to, or informed the purchaser, transferee or assignee that he owes any tax pursuant to this act, and whether or not the purchaser, transferee, or assignee has knowledge that such taxes are owing, and whether any such taxes are in fact owing.

Whenever the purchaser, transferee or assignee shall fail to give notice to the director as required by the preceding paragraph, or whenever the director shall inform the purchaser, transferee or assignee that a possible claim for such tax or taxes exists, any sums of money, property or choses in action, or other consideration, which the purchaser, transferee or assignee is required to transfer over to the seller, transferrer or assignor shall be subject to a first priority right and lien for any such taxes theretofore or thereafter determined to be due from the seller, transferrer or assignor to the State, and the purchaser, transferee or assignee is forbidden to transfer to the seller, transferrer or assignor any such sums of money, property or choses in action to the extent of the amount of the State's claim. For failure to comply with the provisions of this section the purchaser, transferee or assignee, in addition to being subject to the liabilities and remedies imposed upon the provisions of the uniform commercial code, Title 12A of the Revised Statutes of New Jersey, shall be personally liable for the payment to the State of any such taxes theretofore or thereafter determined to be due to the State from the seller, transferrer or assignor, and such liability may be assessed and
enforced in the same manner as the liability for tax under this act.

9. (a) Any aggrieved taxpayer may, within 3 months after any decision, order, finding, assessment or action of the Director of Taxation made pursuant to the provisions of this act, appeal therefrom to the Division of Tax Appeals, by filing a petition of appeal with said Division of Tax Appeals in the manner and form prescribed by the said Division of Tax Appeals and on giving security, approved by the Director of Taxation, conditioned to pay the tax heretofore levied, if the same remains unpaid, with interest and costs, as set forth in subsection (c) hereof.

(b) Appeal exclusive remedy of taxpayer.—The appeal provided by this section shall be the exclusive remedy available to any taxpayer for review of a decision of the director in respect of the determination of the liability of the taxpayer for the taxes imposed by this act.

(c) Assessment pending review; review bond.—Irrespective of any restrictions on the assessment and collection of deficiencies, the director may assess a deficiency after the expiration of the period specified in subsection (a), notwithstanding that a petition of appeal in respect of such deficiency has been duly made by the taxpayer, unless the taxpayer, at or before the time his petition of appeal is made, has paid the deficiency, has deposited with the director the amount of the deficiency, or has filed with the director a bond (which may be a jeopardy bond) in the amount of the portion of the deficiency (including interest and other amounts) in respect of which the petition of appeal is made and all costs and charges which may accrue against him in the prosecution of the proceeding, including costs of all appeals, and with surety approved by the Division of Tax Appeals, conditioned upon the payment of the deficiency (including interest and other amounts) as finally determined and such costs and charges. If as a result of a waiver of the restrictions on the assessment and collection of a defi-
C. 54:11C-10. Additional powers.

10. In addition to the powers granted to the director in this act, he is hereby authorized and empowered:

1. To make, adopt and amend rules and regulations appropriate to the carrying out of this act and the purposes thereof;

2. To extend, for cause shown by general regulation or individual authorization, the time of filing any return for a period not exceeding 3 months on such terms and conditions as he may require; and for cause shown, to remit penalties but not interest computed at the rate of 6% per annum;

3. To delegate his functions hereunder to any officer or employee of his division such of his powers as he may deem necessary to carry out efficiently the provisions of this act, and the person or persons to whom such power has been delegated shall possess and may exercise all of the power and perform all of the duties herein conferred and imposed upon the director;

4. To audit, reaudit, revise and adjust the return of any taxpayer as the director may deem necessary.

11. (a) Any taxpayer failing to file a return or to pay any tax to the director within the time required by this act shall be subject to a penalty of 5% of the amount of tax due; plus interest at the rate of 1% of such tax for each month of delay excepting the first month after such return was required to be filed or such tax became due; but the director if satisfied that the delay was excusable, may remit all or any part of such penalty, but not interest at the rate of 6% per year. Unpaid penalties and interest may be determined, assessed, collected and enforced in the same manner as the tax imposed by this act.

(b) Any person failing to file a return required by this act, or filing or causing to be filed, or making
or causing to be made, or giving or causing to be given any return, certificate, affidavit, representation, information, testimony or statement required or authorized by this act, which is willfully false, or failing to file a registration certificate and such data in connection therewith as the director by regulation or otherwise may require, or to display or surrender a certificate of authority as required by this act, or assigning or transferring such certificate of authority, shall, in addition to any other penalties herein or elsewhere prescribed, be guilty of a misdemeanor, punishment for which shall be a fine of not more than $1,000.00 or imprisonment for not more than 1 year, or both such fine and imprisonment.

(c) The certificate of the director to the effect that a tax has not been paid, that a return or registration certificate has not been filed, or that information has not been supplied pursuant to the provisions of this act, shall be presumptive evidence thereof.

12. (a) Any notice authorized or required under the provisions of this act may be given by mailing the same to the person for whom it is intended in a postpaid envelope addressed to such person at the address given in the last return filed by him pursuant to the provisions of this act or in any application made by him or, if no return has been filed or application made, then to such address as may be obtainable. The mailing of such notice shall be presumptive evidence of the receipt of the same by the person to whom addressed. Any period of time which is determined according to the provisions of this act by the giving of notice shall commence to run from the date of mailing of such notice.

(b) The provisions of law relative to limitations of time for the enforcement of a civil remedy shall not apply to any proceeding or action taken by the State or the director to levy, appraise, assess, determine or enforce the collection of any tax or penalty provided by this act. However, except in the case of a willfully false or fraudulent return
with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than 3 years from the date of the filing of a return; provided, however, that where no return has been filed as provided by law the tax may be assessed at any time.

(c) Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period be extended the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing made before the expiration of the extended period.

13. The tax imposed by this act shall be governed in all respects by the provisions of the State Tax Uniform Procedure Law (subtitle 9 of Title 54 of the Revised Statutes) except only to the extent that a specific provision of this act may be in conflict therewith.

14. If any provision of this act, or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or other provisions of the act which reasonably can be given effect despite the invalidity.

15. There is hereby appropriated to the Division of Taxation in the Department of the Treasury the sum of $100,000.00 or so much thereof as shall be required to carry out the provisions of this act from the effective date hereof through the period ending June 30, 1967.

16. This act shall take effect immediately and shall be applicable with respect to gross receipts from retail sales received on and after January 1, 1967.

Approved June 17, 1966.

_Be it enacted by the Senate and General Assembly of the State of New Jersey:_

1. Section 5 of the act of which this act is amendatory is amended to read as follows:

5. (a) that portion of its entire net worth as may be allocable to this State as provided in section 6 multiplied by the rates set forth in subsection (b) of this section; or

(b) that proportion of its entire net worth as the average value of its total assets in this State during the period covered by its report is to the average value of its assets everywhere during such period (for the purpose of which there shall be included as within this State all intangible personal property of domestic corporations not having a business situs outside this State, and the entire amount of the intangible personal property of foreign corporations as would have a business situs within this State for the purpose of a property tax) multiplied by the following rates: 2 mills per dollar on the first $100,000,000.00 of allocated net worth; 1/10 of a mill per dollar on the second $100,000,000.00; 1/10 of a mill per dollar on the third $100,000,000.00; and 1/10 of a mill per dollar on all amounts of allocated net worth in excess of $300,000,000.00;
(c) 3¼% of its entire net income or such portion thereof as may be allocable to this State as provided in section 6.

(d) Provided, however, that the franchise tax to be annually assessed to and paid by any investment company or regulated investment company which has elected to report as such and has filed its return in the form and within the time provided in this act and the rules and regulations promulgated in connection therewith, shall, in the case of an investment company, be measured by 25% of its entire net income and 25% of its entire net worth, and, in the case of a regulated investment company, by 4% of its entire net income and 15% of its entire net worth, at the rates hereinbefore set forth for the computation of tax on net income and net worth, respectively, but in no case less than $250.00.

(e) The tax assessed to any taxpayer pursuant to subsections (a) and (b) of this section shall not be less than the greatest of (i) ½₀ of a mill per dollar on the first $100,000,000.00 and ⅔₀ of a mill per dollar on all amounts in excess of $100,000,000.00 of total assets allocated to this State in accordance with subsection (b) hereof; or (ii) in the case of a domestic corporation, an amount measured by the number of shares which the taxpayer is authorized to issue as follows: where authorized capital stock does not exceed 5,000 shares $25.00; where the authorized capital stock is in excess of 5,000 shares but does not exceed 10,000 shares $55.00; and where the authorized capital stock exceeds 10,000 shares, for the first 10,000 shares $55.00 and for each additional 10,000 shares or part thereof $27.50, but not over $100,000.00; or (iii) $25.00 in the case of a domestic corporation, or $50.00 in the case of a foreign corporation.

2. Section 6 of the act of which this act is amendatory is amended to read as follows:
6. In the case of a taxpayer which maintains a regular place of business outside this State other than a statutory office, the portion of its entire net worth to be used as a measure of the tax imposed by section 5(a) of this act, and the portion of its entire net income to be used as a measure of the tax imposed by section 5(c) of this act, shall be determined by multiplying such entire net worth and entire net income, respectively, by an allocation factor which shall be the average of the fractions computed in (A), (B) and (C) below, or of so many of them as may be applicable, that is:

(A) The average value of the taxpayer's real and tangible personal property within the State during the period covered by its report divided by the average value of all the taxpayer's real and tangible personal property wherever situated during such period;

(B) The receipts of the taxpayer, computed on the cash or accrual basis according to the method of accounting used in the computation of its net income for Federal tax purposes, arising during such period from:

(1) sales of its tangible personal property located within this State at the time of the receipt of or appropriation to the orders where shipments are made to points within this State,

(2) sales of tangible personal property located without the State at the time of the receipt of or appropriation to the orders where shipment is made to points within the State,

(3) sales of any such property not located at the time of the receipt of or appropriation to the orders at any permanent or continuous place of business maintained by the taxpayer without the State, where the orders were received or accepted within the State. For the purposes of this subsection (3), an order shall be deemed received or accepted within the State if it has been received or accepted by an employee, agent, agency or independent contractor chiefly situated at, connected with, by
contract or otherwise, or sent out from a permanent or continuous place of business of the taxpayer within the State,

(4) services performed within the State,

(5) rentals from property situated, and royalties from the use of patents or copyrights, within the State,

(6) all other business receipts earned within the State, divided by the total amount of the taxpayer’s receipts, similarly computed, arising during such period from all sales of its tangible personal property, services, rentals, royalties and all other business receipts, whether within or without the State;

(C) The total wages, salaries and other personal service compensation, similarly computed, during such period of officers and employees within the State divided by the total wages, salaries and other personal service compensation, similarly computed, during such period of all the taxpayer’s officers and employees within and without the State.

In the case of a taxpayer which does not maintain a regular place of business outside this State other than a statutory office, the allocation factor shall be 100%.

3. Section 15 of the act of which this act is amendatory is amended to read as follows:

15. The tax imposed by this act shall be due and payable annually hereafter, commencing with the calendar year 1959, in the manner provided under subsection (a), (b) or (c) of this section, whichever shall be applicable.

(a) Every taxpayer shall annually pay a franchise tax, with respect to all or any part of each of its fiscal or calendar accounting years beginning after January 1, 1959, to be computed as herein provided, for such fiscal or calendar accounting year or part thereof, on a report which shall be filed on or before April 15 next succeeding the close of each such accounting year, or, if any such fiscal year ends after the last day of December and prior to July 1, on or before the fifteenth day of the
fourth month after the close of such fiscal year, and the full amount of the tax hereunder shall be due and payable on or before the date prescribed herein for the filing of the return.

(b) Every taxpayer shall pay a like franchise tax with respect to all or any part of the period beginning January 1, 1959 and extending through any subsequent part of its first fiscal or calendar accounting year ending after said date. Such tax shall be computed as herein provided, for each and every fiscal or calendar accounting year or part thereof begun not earlier than July 2, 1957 and ending not later than December 31, 1959 on the basis of which a franchise tax has not accrued under this act prior to January 1, 1959. The tax imposed pursuant to this subsection shall be deemed a single tax for such period but shall be computed separately with respect to each such fiscal or calendar accounting year or part thereof on the basis of which a franchise tax has not previously accrued as aforesaid, on a report which shall be filed on or before April 15 next succeeding the close of each such accounting year, or, if any such fiscal year ends after the last day of December and prior to July 1, on or before the fifteenth day of the fourth month after the close of such fiscal year, and the full amount of the tax hereunder shall be due and payable on or before the date prescribed herein for the filing of the report.

(c) With respect to all or any part of each of its fiscal or calendar accounting years ending after June 30, 1967, every taxpayer shall annually pay a franchise tax on a report which shall be filed on or before the fifteenth day of the fourth month after the close of such fiscal or calendar accounting year, or part thereof, and the full amount of the tax hereunder shall be due and payable on or before the date prescribed herein for the filing of the return.

(d) For the purpose of this act, every taxpayer shall use the same calendar or fiscal year upon which it reports to the United States Treasury Department for Federal Income Tax purposes.
4. (a) Where the privilege period covered by a report includes any period prior to January 1, 1967, then (1) tentative taxes on taxable net income shall be separately computed by applying both the rate for the period before January 1, 1967 and the rate for the period on and after such date to the taxable income for the entire privilege period; and (2) the tax for such privilege period shall be the sum of that proportion of each tentative tax which the number of months in each period bears to the total number of months in the entire privilege period. For the purposes of this computation, more than \( \frac{1}{2} \) the number of days in a calendar month shall be deemed to be a full month.

(b) The provisions of this act with respect to the amendment of subsections (b) and (e) of section 5 and with respect to the amendment of section 6 of the act of which this act is amendatory shall take effect with respect to reports covering the privilege periods ending on or after July 1, 1967.

5. This act shall take effect immediately.

Approved June 17, 1966.

CHAPTER 135

An Act concerning the distribution of certain tax revenues to the municipalities of this State and supplementing Title 54 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The taxes received from the following:
   (a) An act imposing an unincorporated business tax;
   (b) An act imposing a State assessed tax on business personal property;
   (c) An act imposing a retail gross receipts tax; and
(d) An act amending the Corporation Business Tax Act (c. 162, L. 1945) but only with respect to the difference between that portion of the tax on allocated net income at the rate of 1.75% and on allocated net income at the rate of 3%, shall be for the benefit of the municipalities of this State in replacement of the revenues derived by such municipalities from the local taxation of personal property used in business.

2. The Director of the Division of Taxation shall determine the greatest amount received by each municipality from the local levy upon personal property used in business in 1964, 1965 or 1966, exclusive of the amount raised from the personal property tax on the personal property of persons, partnerships, associations or corporations subject to tax under chapter 4 of the laws of 1940, and shall, on or before February 15, 1968, certify to the State Treasurer the amounts so determined for each municipality and the total amount for all municipalities.

3. The Director of the Division of Taxation shall, on or before May 15, 1968 and on or before May 15 annually thereafter, determine from the information then available the total amount of revenue (1) that will be raised during the 12-months period ending on or before October 1 of that calendar year from the taxes set forth in section 1 of this act and (2) that will be available by way of appropriation for the purposes of this act, and shall certify this amount to the State Treasurer.

The director shall, on or before October 15, 1968 and on or before October 15 annually thereafter, certify to the State Treasurer any changes or adjustments in the certification filed earlier in the year.

4. If the amount determined by the director in section 3 hereof shall exceed the amount determined by the director in section 2 hereof, the director shall allocate such excess amount among the municipalities of this State in accordance with the following formula:
There shall be allocated to each municipality such amount as will be in the same ratio to such excess amount, as the local property tax levied in the municipality in the preceding calendar year upon commercial, industrial and farm real estate (excluding railroad property) is to the total taxes levied upon such property in all municipalities in the State in the same year.

The director shall total the amounts allocated to each municipality under the provisions of this section and shall certify this amount to the State Treasurer on or before October 15, 1968 and on or before October 15 annually thereafter.

5. The State Treasurer annually, on or before the date set forth in section 6 of this act, upon the certification of the Director of the Division of Taxation and upon the warrant of the State Comptroller, shall pay and distribute to each municipality the amount determined in accordance with the provisions of sections 2 and 4 of this act:

(a) from the moneys collected from the taxes described in section 1 of this act; and

(b) from such other funds as shall be appropriated by law for this purpose.

6. The distribution required to be made by the State Treasurer under this act shall be made as follows: The first installment shall be payable annually on June 1, commencing on June 1, 1968 and shall consist of ½ of the amount certified under section 2 hereof; and the second installment shall be payable on the succeeding November 1 of each year and shall consist of the balance of the amount certified under section 2 hereof plus the municipality’s distributive share of the excess, if any, allocated under section 4 hereof.

7. For the purpose of apportioning the amounts to be raised in the respective taxing districts of the county under Revised Statutes 54:4-49, the county board of taxation shall, for each taxing district, include in the equalization table for the county the assumed assessed value of the property represented by the money received by each taxing district pursuant to the provisions of this act.
Commencing with the tax year 1969 and thereafter the assumed assessed value of such property in each taxing district shall be determined by the county board of taxation in the following manner: (a) the amount of money received by each taxing district during the preceding tax year pursuant to the provisions of this act, shall be divided by the general tax rate of the taxing district for such preceding tax year to obtain an assumed assessed value of such property; (b) this assumed assessed value shall be divided by the fraction produced by dividing the aggregate assessed value by the aggregate true value of the real property, exclusive of Class II railroad property, in the taxing district; and (c) the resulting quotient shall be included in the net valuation of each taxing district on which county taxes are apportioned.

For the tax year 1968, there shall be included in the equalization table for the county (a) 65% of the aggregate fair value of machinery, implements, and equipment and all other personal property used in business, other than inventories, farm machinery, farm livestock, crops and produce and (b) 25% of the aggregate fair value of inventories (except inventories of raw materials, supplies and small tools) including 25% of the aggregate fair value of farm machinery, farm livestock, crops and produce, used in business, as determined for county apportionment purposes for the tax year 1967.

8. No appeal or review may be taken by any person or any municipality with respect to any of the provisions of this act except in the case of an arithmetical or typographical error in the calculation of the distribution hereunder.

9. (a) The Director of the Division of Taxation is authorized to make such rules and regulations, and to require such facts and information from local tax assessors, county boards of taxation and agencies of the State Government as he may deem necessary to carry out the provisions of this act.

(b) The director may delegate to any officer or employee of his division such of his powers as he
may deem necessary to carry out efficiently the provisions of this act, and the person or persons to whom such power has been delegated shall possess and may exercise all of the powers and perform all of the duties herein conferred and imposed upon the director.

10. This act shall take effect immediately.
Approved June 17, 1966.

CHAPTER 136

An Act imposing a tax on personal property used in business; prescribing the method of collecting the tax imposed; providing penalties for violations; and supplementing Title 54 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the "Business Personal Property Tax Act."

2. For the purposes of this act, unless the context otherwise requires:
   (a) "Director" shall mean the Director of the Division of Taxation in the Department of the Treasury.
   (b) "Personal property used in business" shall mean tangible goods and chattels used or held for use in any business, transaction, activity or occupation conducted for profit, but shall not include:
      (1) goods and chattels held as inventory, including raw materials, finished and partially finished products of manufacturers and processors, supplies and materials used or consumed in production, small tools, and goods and chattels held for sale, resale, leasing or to be furnished under contracts of service;
(2) goods and chattels so affixed to real property as to become part thereof and not to be severable or removable without material injury thereto;

(3) motor vehicles registered in this State pursuant to Title 39 of the Revised Statutes;

(4) vessels for which tax exemption certificates are or have been issued pursuant to the New Jersey Boat Act of 1962 (P. L. 1962, c. 73), as amended and supplemented;

(5) goods and chattels used or held for use in business by any person, partnership, association or corporation subject to taxation under chapter 4 of the laws of 1940, as amended;

(6) goods and chattels used or held for use in the business of farming; and

(7) goods and chattels used or held for use in business by any life insurance company, domestic or foreign, which is subject to a tax on life insurance premiums collected under the provisions of chapter 132, laws of 1945, as amended.

(c) "Original cost" with respect to any item of personal property shall mean:

(1) In the case of acquisition by purchase, the actual cost to the purchaser of acquiring the property;

(2) In the case of acquisition by an exchange of property, the fair market value of the property given in exchange or, if such property has no market value, the original cost of the property given in exchange;

(3) In the case of property acquired from a decedent's estate, the fair market value of the property at the time of the decedent's death;

(4) In the case of property acquired as a gift for no consideration, the original cost to the last owner of the property who acquired it for a consideration.

The original cost of any item of personal property also shall include the actual cost to the person
acquiring such property of any capital expenditures with respect thereto by way of additions or improvements;

(d) "Taxpayer" shall mean any person subject to taxation under this act.

(e) "Person" shall mean and include an individual, trust, estate, partnership, association, company, joint stock company or corporation.

3. All personal property used in business in this State, not expressly exempted from taxation or expressly excluded from the operation of this act, shall be subject to taxation annually under this act. Such property shall be valued and assessed by the director at the taxable value hereinafter prescribed. Property omitted from any assessment may be assessed by the director within such time and in such manner as shall be provided by this act.

4. The fair value of personal property used in business shall be the original cost thereof. The director may promulgate uniform rules and regulations for the determination and reporting of such costs. Where the books and records of the person assessed do not reflect the original cost of such property, the taxpayer shall from all information within his possession estimate the original cost thereof and shall annex to his return a statement which shall show the basis upon which he determined such estimate of original cost. Where a taxpayer has failed to report the original cost of any item of such property or has failed to make an estimate thereof, the director, from all information available to him, may estimate such cost and assess the tax for the tax year in question.

5. (a) The taxable value of personal property used in business shall be 50% of the fair value of such property.

(b) Personal property used in business and subject to taxation in this State shall be assessed and taxed at its taxable value for State use at the rate of $1.30 per $100.00 of taxable value.

(c) The person lawfully assessed shall be personally liable for the payment of the tax so computed and assessed.
6. The taxable values of personal property used in business shall be determined as of October 1, 1967, which shall be the assessment date with respect to taxes payable in the year 1968, and as of an assessment date of October 1 annually thereafter, which date shall be the date as of which the assessment is made. For purposes of this act the tax herein imposed shall be determined to be due on October 1 of each year, although payable in the manner and at the times hereinafter provided.

7. On or before February 15, 1968 and on or before February 15 in each year thereafter, each person owning personal property used in business in this State on the preceding October 1 and taxable under this act shall prepare and file with the director a return of such taxable personal property in such form and containing such information relating thereto as the director shall prescribe and shall pay the amount of taxes due thereon in the manner hereinafter set forth. The return shall list such property, owned as of the preceding assessing date, for taxation according to its original cost. All such returns shall be verified by the owner or his authorized agent under the penalties of perjury. The director shall review, audit and determine the taxable valuations of each taxpayer required to file a return with him.

8. (a) Taxes shall be payable in 2 equal installments. The first installment shall be payable at the time the annual return is required to be filed and the second installment shall be payable on September 15 following such filing date.

(b) From and after the respective dates hereinbefore provided for taxes to become delinquent, the person so assessed shall be subject to the penalties hereinafter prescribed.

9. (a) Whenever property subject to taxation under this act has or shall have been omitted from assessment by failure of the taxpayer to include it in a return, or otherwise, the director may, if he finds that such property has been omitted from his assessment, cause such property to be assessed for
any omitted years in accordance with the provisions of this act.

(b) The power of the director to assess omitted property under this act shall be limited to the period of 5 years next preceding the year in which the assessment of omitted property is made.

10. The director shall have power to examine under oath any person or officer of a corporation with regard to the taxable property of himself, the corporation or others, or the truth of the matters contained in a claim for exemption of any person or corporation, and may compel the attendance of such persons and other witnesses and the production of books and papers by his order therefor, designating the time and place for such attendance and production. The order shall be served on the person, witness or corporation at least 2 days before the time named, either personally or by leaving it at the residence of the person or witness or at the office of the corporation. In case of failure to comply with the order, the director may apply ex parte to the Superior Court or County Court to compel the person or witness so to do.

11. If any taxpayer shall refuse or neglect to file a return as required by this act, the director shall value the taxable personal property of such taxpayer at such amount as he may, from any information in his possession or available to him, reasonably determine to be the taxable value at which such property is assessable.

12. (a) After a final return in due form is filed, the director shall cause the same to be examined and may make such further audit or investigation or reaudit as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this act, he shall assess or reassess the additional taxes, penalties and interests due the State, give notice of such assessment or reassessment to the taxpayer, and make demand upon him for payment. There shall be added to the amount of any deficiency assessment or reassessment interest at the
rate of 1% for each month or fraction thereof to be calculated from the date the tax was originally due and payable until the date of actual payment. If the director is satisfied that the said deficiency was not due to fraud or evasion, he may remit or waive the payment of any interest charge in excess of the rate of \( \frac{1}{2} \) of 1% per month.

(b) Except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than 5 years from the date of the filing of a return; provided, that where no return has been filed as provided by law, the tax may be assessed at any time. Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period may be extended, the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing made before the expiration of the extended period.

13. The director may grant a reasonable extension of time for the filing of returns or the payment of tax, or both, under such rules and regulations as he shall prescribe, which rules and regulations may require the filing of a tentative return and the payment of an estimated tax. If the time for filing the return shall be extended, the payment of the portion of the tax remaining to be paid, if any, shall be postponed to the date fixed by the extension of the time for the filing of the return, but in every such case the taxpayer shall pay, in addition to the unpaid portion of the tax, interest thereon at the rate of 6% per annum from the time when the return originally was required to be filed to the date of actual payment under the extension; provided, that if such unpaid portion of the tax is not paid within the time fixed under the extension, the interest on such unpaid portion shall be computed at the rate of 1% per month or fraction thereof to be calculated from the date the tax was originally due to the date of actual payment.
14. (a) Any aggrieved taxpayer may, within 3 months after any decision, order, finding, assessment or action of the director made pursuant to the provisions of this act, appeal therefrom to the Division of Tax Appeals, by filing a petition of appeal with said Division of Tax Appeals in the manner and form prescribed by the said Division of Tax Appeals and on giving security, approved by the director, conditioned to pay the tax heretofore levied, if the same remains unpaid, with interest and costs.

(b) No such appeal shall stay the collection of any tax or the enforcement of the same by entry as a judgment, unless by order of the Division of Tax Appeals, and then only after security approved by the Director of the Division of Taxation has been furnished to him. The judgment or order of the Division of Tax Appeals respecting any matter arising under the provisions of this act may be reviewed by a proceeding in lieu of prerogative writ in the same manner as other judgments of said division.

15. Whenever a person subject to tax under this act shall make a sale, transfer, or assignment in bulk of any part or the whole of his business assets, otherwise than in the ordinary course of business, the purchaser, transferee or assignee shall at least 10 days before taking possession of the subject of said sale, transfer or assignment, or paying therefor, notify the director by registered mail of the proposed sale and of the price, terms and conditions thereof whether or not the seller, transferor or assignor, has represented to, or informed the purchaser, transferee or assignee that he owes any tax pursuant to this act, and whether or not the purchaser, transferee, or assignee has knowledge that such taxes are owing, and whether any such taxes are in fact owing.

Whenever the purchaser, transferee or assignee shall fail to give notice to the director as required by the preceding paragraph, or whenever the director shall inform the purchaser, transferee or
assignee that a possible claim for such tax or taxes exists, any sums of money, property or choses in action, or other consideration, which the purchaser, transferee or assignee is required to transfer over to the seller, transferor or assignor shall be subject to a first priority right and lien for any such taxes theretofore or thereafter determined to be due from the seller, transferor or assignor to the State, and the purchaser, transferee or assignee is forbidden to transfer to the seller, transferor or assignor any such sums of money, property or choses in action to the extent of the amount of the State's claim. For failure to comply with the provisions of this section the purchaser, transferee or assignee, in addition to being subject to the liabilities and remedies imposed upon the provisions of the uniform commercial code, Title 12A of the Revised Statutes of New Jersey, shall be personally liable for the payment to the State of any such taxes theretofore or thereafter determined to be due to the State from the seller, transferor or assignor, and such liability may be assessed and enforced in the same manner as the liability for tax under this act.

16. If any person liable under this act for the payment of any tax, addition to tax, penalty or interest neglects or refuses to pay the same the director may, as an additional or alternate remedy, issue a warrant, directed to the sheriff of any county commanding him to levy upon and sell the real and personal property of any person liable for the tax, which may be found within his county, for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant and to return such warrant to the director and to pay to him the money collected by virtue thereof within 60 days after the receipt of such warrant. The sheriff shall within 5 days after the receipt of the warrant file with the county clerk a copy thereof, and thereupon such clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the tax, penalties and interest for which the warrant is issued and
the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real and personal property of the person against whom the warrant is issued. The sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as that provided by law in respect to executions issued against property upon judgments of a court of record and for services in executing the warrant he shall be entitled to the same fees, which he may collect in the same manner. In the discretion of the director a warrant of like terms, force and effect may be issued and directed to any officer or employee of the Division of Taxation, and in the execution thereof such officer or employee shall have all the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. If a warrant is returned not satisfied in full, the director may from time to time issue new warrants and shall also have the same remedies to enforce the amount due thereunder as if the State had recovered judgment therefor and execution thereon had been returned unsatisfied.

17. (a) Any taxpayer who shall fail to file his return when due shall be liable to a penalty of $2.00 for each day of delinquency. If any tax be not paid when the same becomes due, as herein provided, there shall be added to the amount of the tax a sum equivalent to 5% thereof, as a penalty, and, in addition thereto, interest at the rate of 1% per month or fraction thereof from the date the tax becomes due until the same be paid. The director, if satisfied that the failure to comply with any provision of this act was excusable, may abate or remit the whole or part of any penalty. All penalties and interest shall be added to and become part of the tax and shall be enforceable and collectible in the same manner as the tax or pursuant to the penalty enforcement law (chapter 58 of Title 2A of the New Jersey Statutes) in a summary manner.
(b) The taxes, fees, interest and penalties imposed by this act, from the time the same shall be due, shall be a personal debt of the taxpayer to the State, recoverable in any court of competent jurisdiction in the name of the State. Such debt shall not be a lien on property of the taxpayer except upon entry of judgment or filing of a certificate of debt as provided by law.

18. The assessors and public officials of the municipalities of the State concerned with the application of the provisions of chapters 4 and 4a of Title 54 of the Revised Statutes shall co-operate with the director to the extent required by him and shall furnish to the director on or before February 15, 1967 and at such future times as he may require, a list of names and addresses of owners of tangible personal property used in business within their municipality, the location of any such property and any other pertinent information which he may require.

19. In addition to any other powers granted to the director, he is hereby authorized and empowered:

1. To make, adopt, amend and enforce uniform rules and regulations appropriate to the carrying out of this act and the purposes thereof, including uniform rules and regulations for ascertaining whether property is real or personal and for identifying and determining such property;

2. To extend, for cause shown, the time of filing any return for a period not exceeding 2 months; and for cause shown, to remit penalties but not interest computed at the rate of 6% per annum;

3. To delegate his functions hereunder in whole or in part, to any employee or employees of the Division of Taxation;

4. To require any owner of property subject to tax under this act, to keep detailed records of all such property and other facts relevant in determining the amount of tax due and to furnish such information upon request to the director;
5. To assess, determine, revise and readjust the taxes imposed by this act;
6. To make such provision as he deems necessary for the administration of the taxes imposed by this act including the reporting, assessment, collection, determination and refund of such taxes.
20. The taxes imposed by this act shall be governed in all respects by the provisions of the State Tax Uniform Procedure Law (subtitle 9 of Title 54 of the Revised Statutes) except only to the extent that a specific provision of this act may be in conflict therewith.
21. This act shall take effect immediately and shall be applicable to personal property taxes due and payable in the year 1968 and thereafter.
Approved June 17, 1966.

CHAPTER 137

An Act imposing an excise tax upon the gross receipts of unincorporated businesses; defining certain words for the purposes of the act; prescribing the method of collecting the tax imposed; providing penalties for violations; and making an appropriation therefor.

Be it enacted by the Senate and General Assembly of the State of New Jersey:
1. This act shall be known and may be cited as the “Unincorporated Business Tax Act.”
2. For the purposes of this act, unless the context otherwise requires:
(a) “Director” shall mean the Director of the Division of Taxation in the Department of the Treasury.
(b) “Gross receipts” shall mean and include all receipts, of whatever kind and in whatever form,
derived by an unincorporated business, without any deduction therefrom on account of any item of cost, expense or loss, except that gross receipts shall not include the sales price of property returned by customers to the extent that the sales price thereof is refunded either in cash or by credit.

(c) "Allocated gross receipts" shall mean gross receipts allocated to this State as provided by section 4 of this act or, if no allocation is made of gross receipts capable of being so allocated, "allocated gross receipts" shall mean total gross receipts as herein defined.

(d) "Total gross receipts" shall mean gross receipts derived from all sources without regard for allocation to this State as provided by section 4 of this act.

(e) "Unincorporated business" shall mean and include any trade, business, profession or occupation conducted or practiced for profit in whole or in part within this State by any individual or other unincorporated entity not subject to the Corporation Business Tax Act (1945) (P. L. 1945, c. 162) or the Financial Business Tax Law (1946) (P. L. 1946, c. 174), except that:

i. The performance of services by an individual as an employee, or as a fiduciary, or as an officer or director of a corporation or an unincorporated entity, shall not be deemed an unincorporated business, unless such services constitute part of a business regularly carried on by such individual as a principal;

ii. An individual or other unincorporated entity, except a dealer holding property primarily for sale to customers in the ordinary course of his or its trade or business, shall not be deemed engaged in an unincorporated business solely by reason of the purchase, sale or exchange of property for his or its own account, but this subparagraph shall not apply if the unincorporated entity is taxable as a corporation for Federal Income Tax purposes.
If an individual or other unincorporated entity carries on 2 or more unincorporated businesses, all such businesses shall be treated as one unincorporated business for the purpose of this act.

(f) "Taxpayer" shall mean any individual or unincorporated entity subject to taxation under this act.

(g) "Taxable year" shall mean the same accounting period as the taxpayer's taxable year for Federal Income Tax purposes.

3. There is hereby imposed upon every individual or other unincorporated entity engaged in an unincorporated business an annual excise tax, measured by the gross receipts of such unincorporated business, and allocated to the State as hereinafter provided at the rate of 1/4 of 1%; provided, however, that:

(a) Any individual or other unincorporated entity whose total gross receipts for a taxable year do not exceed $5,000.00 shall be exempt from the tax imposed by this act, and from the requirements of reporting and filing a tax return under this act, for such taxable year.

(b) Any individual or other unincorporated entity whose total gross receipts for a taxable year exceed $5,000.00, but whose allocated gross receipts for such taxable year do not exceed $5,000.00, shall be subject to the requirements of reporting and filing a tax return under this act, but shall be exempt from the tax imposed by this act, for such taxable year.

(c) Any individual or other unincorporated entity whose total gross receipts for a taxable year exceed $5,000.00, and whose allocated gross receipts for such taxable year also exceed $5,000.00, shall be subject to the requirements of reporting and filing a tax return under this act with respect to his or its total gross receipts, but shall be subject to the tax imposed by this act only with respect to his or its allocated gross receipts, for such taxable year.
4. In the case of a taxpayer maintaining a regular place of business outside this State other than a statutory office, the portion of the total gross receipts to be used as a measure of the tax imposed by section 3 of this act shall be that portion of the total gross receipts, computed on the cash or accrual basis according to the method of accounting used in the computation of the taxpayer's net income for Federal tax purposes, arising from:
   (a) sales of its tangible personal property located within this State at the time of the receipt of or appropriation to the orders where shipments are made to points within this State;
   (b) sales of tangible personal property located within this State at the time of the receipt of or appropriation to the orders where shipment is made to points outside of the State and sales of tangible personal property located without the State at the time of the receipt of or appropriation to the orders where shipment is made to points within the State; but only to the extent of 50% of the receipts from the sales referred to in this subsection (b);
   (c) sales of any such property not located at the time of the receipt of or appropriation to the orders at any permanent or continuous place of business maintained by the taxpayer without the State, where the orders were received or accepted within the State, but only to the extent of 50% of the receipts from the sales referred to in this subsection (c). For the purposes of this subsection (c), an order shall be deemed received or accepted within the State if it has been received or accepted by an employee, agent, agency or independent contractor chiefly situated at, connected with, by contract or otherwise, or sent out from a permanent or continuous place of business of the taxpayer within the State;
   (d) services performed within the State;
   (e) rentals from property situated, and royalties from the use of patents or copyrights, within the State; and
(f) all other business receipts earned within the State; divided by the total amount of the taxpayer’s receipts, similarly computed, arising during such period from all sales of its tangible personal property, services, rentals, royalties and all other business receipts, whether within or without the State.

5. If it appears to the director that an allocation of gross receipts determined as provided by section 4 of this act does not properly reflect the activity, business, transactions and receipts of a taxpayer constitutionally and reasonably attributable to this State, he may adjust it by applying any other similar or different method calculated to effect a reasonable and constitutional apportionment of gross receipts to be used as a measure of the tax imposed by this act.

6. Any receiver, referee, trustee, assignee or other fiduciary, or any officer or agent appointed by any court to conduct the business or conserve the assets of any taxpayer, shall be subject to the tax imposed by this act in the same manner and to the same extent as a taxpayer hereunder.

7. The tax imposed by this act shall be measured by gross receipts received by each taxpayer during the period commencing January 1, 1967 and ending at the close of the taxpayer’s first accounting year ending thereafter, and during each calendar or fiscal year thereafter. For this purpose, gross receipts shall be reported upon the same basis, cash or accrual, used in the taxpayer’s Federal Income Tax return and every taxpayer shall use the same calendar or fiscal accounting year upon which it reports to the United States Treasury Department for Federal Income Tax purposes. If a taxpayer’s taxable year or method of accounting is changed for Federal Income Tax purposes, the taxable year or method of accounting for purposes of this act shall be similarly changed and adjusted for.

8. On or before April 15, following the close of each calendar year, in the case of taxpayers report-
CHAPTER 137, LAWS OF 1966

ing on the basis of a calendar year, and on or before the fifteenth day of the fourth month following the close of a fiscal year, in the case of taxpayers reporting on the basis of a fiscal year, each taxpayer shall duly execute and file a tax return with the director, in such form and containing such information as he may prescribe, which return shall truly and accurately set forth its liability under this act; and the full amount of the tax hereunder shall be due and payable to the director on or before the date prescribed herein for the filing of the return.

9. Any taxpayer failing to file its return when due shall be liable to a penalty of $2.00 for each day of delinquency, which penalty shall be payable to, and recoverable by, the director as a part of the tax herein imposed. If any tax be not paid when the same becomes due, as herein provided, there shall be added to the amount of the tax a sum equivalent to 5% thereof, as a penalty, and, in addition thereto, interest at the rate of 1% per month or fraction thereof from the date the tax became due until the same be paid. The director, if satisfied that the failure to comply with any provision of this section was excusable, may abate or remit the whole or part of any penalty.

10. (a) The director may by general rule or by special notice require any taxpayer to submit copies or pertinent extracts of his Federal Income Tax returns, or of any other tax return made to any agency of the Federal Government, or of this or any other State, or of any statement or registration made pursuant to any State or Federal law pertaining to securities or securities exchange regulation.

(b) The director may require all taxpayers to keep such records as he may prescribe, and he may require the production of books, papers, documents and other data, to provide or secure information pertinent to the determination of the tax hereunder and the enforcement and collection thereof.

(c) Notwithstanding any other provision herein, the director may by general rule or by special
notice require any taxpayer to make and file information returns, under oath, of facts pertinent to the determination of the tax or liability for tax hereunder, pursuant to such regulations, at such times and in such form and manner and to such extent as he may prescribe, pursuant to law.

11. The taxes, fees, interest and penalties imposed by this act, from the time the same shall be due, shall be a personal debt of the taxpayer to the State, recoverable in any court of competent jurisdiction in the name of the State. Such debt shall not be a lien on property of the taxpayer except upon entry of judgment or filing of a certificate of debt as provided by law.

12. Whenever it shall appear to the director that any taxpayer conducts its business or maintains its records in such manner as either directly or indirectly to distort its true gross receipts under this act or the proportion thereof properly allocable to this State, or that any taxpayer maintains a place of business outside this State, or that any agreement, understanding or arrangement exists between a taxpayer and any other person, firm or corporation, for the purpose of evading tax under this act, or whereby the activity, transactions, business receipts or other pertinent records of the taxpayer are improperly or inaccurately reflected, the director is authorized and empowered in his discretion and in such manner as he may determine to adjust and redetermine gross receipts and to adjust items of allocation within and without the State and the allocation of gross receipts, or to make such other adjustments in any tax report or tax returns as may be necessary for a true and correct determination of the tax. The director may require any person, firm, association, copartnership or corporation to submit such information under oath, or to permit such examination of its books, papers and documents, as may be necessary to enable him to ascertain any fact pertinent to the determination of the tax or liability for the tax hereunder, or the existence, nature or extent of an
agreement, understanding or arrangement to which this section relates, whether or not such person, firm or corporation is subject to the tax imposed by this act.

13. No taxpayer shall liquidate or distribute any assets in dissolution or liquidation, without having first duly filed his return under this act and paid or secured the tax, interest and penalties due thereon for the preceding taxable year and for the period subsequent thereto to the last day of doing business in this State, as well as all delinquent taxes, interest, and penalties then due.

14. The director is authorized to enter into a written agreement with any taxpayer relating to the liability of such taxpayer in respect of any tax, fee, penalty or interest imposed by this act, which agreement shall be final and conclusive, and except upon a showing of fraud, malfeasance, or misrepresentation of a material fact:

(a) the case shall not be reopened as to the matters agreed upon or the agreement modified, by any officer, employee, or agent of this State, and

(b) in any suit, action, or proceeding, such agreement, or any determination, assessment, collection, payment, cancellation, refund or credit made in accordance therewith, shall not be annulled, modified, set aside or disregarded.

15. The director shall design a form of return and forms for such additional statements or schedules as he may require to be filed therewith. Such forms shall provide for the setting forth of such facts as the director may deem necessary for the proper enforcement of this act. He shall cause a supply thereof to be printed and shall furnish appropriate blank forms to each taxpayer upon application or otherwise as he may deem necessary. Failure to receive a form shall not relieve any taxpayer from the obligation to file a return under the provisions of this act. Each such return shall be made upon the oath or affirmation of the taxpayers, and in the case of a taxpayer in liquidation or in the hands of a receiver or trustee, shall be made
on the oath or affirmation of the person responsible for the conduct of the affairs of such taxpayer.

16. The director may grant a reasonable extension of time for the filing of returns or the payment of tax, or both, under such rules and regulations as he shall prescribe, which rules and regulations may require the filing of a tentative return and the payment of an estimated tax, but no such extension shall be granted beyond December 1 of the year in which the tax is due and payable. If the time of filing the return shall be extended, the payment of the portion of the tax remaining to be paid, if any, shall be postponed to the date fixed by the extension of the time for the filing of the return, but in every such case the taxpayer shall pay, in addition to the unpaid portion of the tax, interest thereon at the rate of 6% per annum from the time when the return originally was required to be filed to the date of actual payment under the extension; provided, that if such unpaid portion of the tax is not paid within the time fixed under the extension, the interest on such unpaid portion shall be computed at the rate of 1% per month or fraction thereof to be calculated from the date the tax was originally due to the date of actual payment.

17. (a) After a final return in due form is filed, the director shall cause the same to be examined and may make such further audit or investigation or reaudit as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this act, he shall assess or reassess the additional taxes, penalties and interest due the State, give notice of such assessment or reassessment to the taxpayer, and make demand upon him for payment. There shall be added to the amount of any deficiency assessment or reassessment interest at the rate of 1% for each month or fraction thereof to be calculated from the date the tax was originally due and payable until the date of actual payment. If the director is satisfied that the said deficiency was not due to fraud or evasion, he may remit or
waive the payment of any interest charge in excess of the rate of $ \frac{3}{2} \%$ per month.

(b) Except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than 5 years from the date of the filing of a return; provided, that where no return has been filed as provided by law, the tax may be assessed at any time. Where, before the expiration of the period prescribed herein for the assessment of an additional tax, a taxpayer has consented in writing that such period may be extended, the amount of such additional tax due may be determined at any time within such extended period. The period so extended may be further extended by subsequent consents in writing before the expiration of the extended period.

(a) Any aggrieved taxpayer may, within 3 months after any decision, order, finding, assessment or action of the director made pursuant to the provisions of this act, appeal therefrom to the Division of Tax Appeals, by filing a petition of appeal with said Division of Tax Appeals in the manner and form prescribed by the said Division of Tax Appeals and on giving security, approved by the director, conditioned to pay the tax heretofore levied, if, the same remains unpaid, with interest and costs.

(b) No such appeal shall stay the collection of any tax or the enforcement of the same by entry as a judgment, unless by order of the Division of Tax Appeals, and then only after security approved by the Director of the Division of Taxation, has been furnished to him. The judgment or order of the division of tax appeals respecting any matter arising under the provisions of this act may be reviewed by a proceeding in lieu of prerogative writ in the same manner as other judgments of said division.
19. The administration, collection and enforcement of the tax imposed by this act shall be subject to the provisions of the State Tax Uniform Procedure Law (chapter 48 through 52 of Title 54 of the Revised Statutes, as supplemented) to the extent that the provisions of such law are not inconsistent with any provision of this act.

20. The director is hereby authorized and empowered:
   (a) To make, adopt and amend rules and regulations appropriate to the carrying out of this act and the purposes thereof;
   (b) To extend, for cause shown by general regulation or individual authorization, the time of filing any return for a period not exceeding 3 months on such terms and conditions as he may require; and for cause shown, to remit penalties but not interest computed at the rate of 6% per annum;
   (c) To delegate his functions hereunder to any officer or employee of his division such of his powers as he may deem necessary to carry out efficiently the provisions of this act, and the person or persons to whom such power has been delegated shall possess and may exercise all of the power and perform all of the duties herein conferred and imposed upon the director.

21. Any taxpayer willfully failing to file a return required by this act, or filing or causing to be filed or making or causing to be made, or giving or causing to be given any return, representation, information, testimony or statement required or authorized by this act, which is willfully false, or willfully violating any other requirement imposed by this act or by any rule or regulation of the director adopted hereunder, shall, in addition to any other penalties herein or elsewhere prescribed, be guilty of a misdemeanor, punishment for which shall be a fine of not more than $1,000.00 or imprisonment for not more than 1 year or both such fine or imprisonment.

22. If any provision of this act or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or
other provisions of the act, which reasonably can be given effect despite the invalidity.

23. There is hereby appropriated to the Division of Taxation in the Department of the Treasury the sum of $100,000.00 or so much thereof as shall be required to carry out the provisions of this act from the effective date hereof through the period ending June 30, 1967.

24. This act shall take effect immediately.
Approved June 17, 1966.

CHAPTER 138

AN ACT concerning assessment and taxation of tangible personal property, amending, revising and repealing parts of the statutory law, and supplementing chapter 4 of Title 54 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 54:4–1 of the Revised Statutes is amended to read as follows:

54:4–1. All property real and personal within the jurisdiction of this State not expressly exempted from taxation or expressly excluded from the operation of this chapter shall be subject to taxation annually under this chapter. Such property shall be valued and assessed at the taxable value prescribed by law. Land in agricultural or horticultural use which is being taxed under the Farmland Assessment Act of 1964, chapter 48, laws of 1964, shall be valued and assessed as provided by said act. An executory contract for the sale of land, under which the vendee is entitled to or does take possession thereof, shall be deemed, for the purpose of this act, a mortgage of said land for the unpaid balance of purchase price. Personal property tax-
able under this chapter shall include, however, only tangible goods and chattels, exclusive of inventories, used in business of telephone, telegraph and messenger systems, companies, corporations or associations subject to tax under chapter 4, laws of 1940, as amended, and shall not include any intangible personal property whatsoever whether or not such personality is evidenced by a tangible or intangible chose in action, except as otherwise provided by section 54:4-20 hereof. Property omitted from any assessment may be assessed by the county board of taxation, or otherwise, within such time and in such manner as shall be provided by law.

2. The standard of value according to which tangible personal property used in business subject to taxation shall be assessed shall be the true value thereof. Such assessment shall be expressed in terms of the taxable value of the property.

3. The true value of taxable tangible personal property used in business owned by a taxpayer shall be presumed to be the original cost of such property less depreciation as of the assessment date, as shown by the books and records of the person assessed, provided that the true value of depreciable property shall, so long as such property remains in use or is held for use, be presumed to be not less than 20% of its original cost. Where it is impracticable with respect to items of like property, held by the taxpayer in more than one taxing district, to maintain cost records which account separately for each such item of such depreciable property or to assess each item separately, the taxpayer may maintain its cost, value and depreciation records relative to such property by averaging in group or composite accounts. The Director of the Division of Taxation may promulgate uniform rules and regulations for the determination and reporting of costs, depreciation and values of subject property as he may find necessary to provide for fair and equal assessments.

4. The true value of tangible personal property used in business subject to taxation shall be determined as of January 1, 1967, which shall be the
CHAPTER 138, LAWS OF 1966

assessments date with respect to taxes payable in the year 1968, and as of January 1 annually thereafter, which date shall be the date as of which the assessment is made with respect to the taxes payable in the succeeding calendar year.

5. (a) The taxable value of tangible personal property used in business subject to taxation in each taxing district shall be at that percentage of true value as shall correspond to the average ratio of assessed to true value of real property promulgated by the Director of the Division of Taxation on October 1 of the pretax year, pursuant to chapter 86, laws of 1954, for State school aid purposes, as the same may have been modified by the Division of Tax Appeals; provided, nevertheless, that such average ratio shall not exceed the percentage level, in effect in the tax year, for expressing the taxable value of real property in the county. In the year in which a taxing district shall have completed and put into operation a district-wide adjustment of real property taxable valuations to conform to the percentage level established for expressing the taxable value of real property in the county, and if a statement to such effect has been included by the assessor in the affidavit prescribed by section 54:4-36 of the Revised Statutes, the average ratio shall be presumed, subject to rebuttal, to be the same level as is established for the taxable value of real property in the county.

(b) The taxable value determined pursuant to subsection (a) of this section shall be taxed at the general real property tax rate of the taxing district wherein such property is found, for the use of such taxing district, in the manner provided by law. The person assessed for personal property shall be personally liable for the taxes thereon.

6. On or before September 1, 1967, and on or before September 1 in each year thereafter, any person owning tangible personal property used in business subject to taxation on the preceding assessment date shall prepare and file with the assessor of the taxing district where the property is
located a return of such taxable personal property
in such form and containing such information relat­
ing thereto as the Director of the Division of Taxa­tion shall prescribe. The return shall list such
property for taxation according to its true value
as of the preceding assessment date, and a separate
return shall be required for personal property sit­uated in each taxing district. All such returns shall
be verified by the owner or his authorized agent
under the penalty of perjury. The assessors of the
respective taxing district shall review and audit
the returns and determine the taxable valuations
of each taxpayer. On or before January 10 in each
year, the respective assessors shall complete such
review, audit and determination. The assessor of
each taxing district shall include in his tax list and
duplicate the taxable valuations of tangible per­
sonal property determined by him.

7. If any taxpayer shall refuse or neglect to file
a return as required by the preceding section, the
assessor shall value the taxable personal property
of such taxpayer at such amount as he may, from
any information in his possession or available to
him, reasonably determine to be the taxable value
at which such property is assessable. Any taxpayer
who fails or neglects to file a return within the time
required shall be assessed a penalty of $100.00 for
each day of such delinquency, but not in excess of
the greater of $100.00 or 25% of the tax. All penal­ties shall be added to and become part of the tax
and shall be enforceable and collectible in the same
manner as the tax or pursuant to the penalty en­
forcement law (chapter 58 of Title 2A of the New
Jersey Statutes) in a summary manner. Such
penalties shall be assessed by the assessor and be
payable to and recoverable by the tax collector of
the taxing district. The assessor, upon request
made on or before the last date for filing any re­
turn as fixed by law, may extend the time to file
such return to a date not later than the end of a
2-month period next following such last date for
filing, for good cause shown.
Section amended.

CHAPTER 138, LAWS OF 1966

8. Section 54:3-17 of the Revised Statutes is amended to read as follows:

54:3-17. Each county board of taxation shall annually ascertain and determine, according to its best knowledge and information, the general ratio or percentage of true value at which the real property of each taxing district is in fact assessed according to the tax lists laid before the board. It shall prepare an equalization table showing, for each district, the following items:

(a) the percentage level established pursuant to law for expressing the taxable value of real property in the county;

(b) the aggregate assessed value of the real property, exclusive of class II railroad property;

(c) the ratio of aggregate assessed to aggregate true value of the real property, exclusive of class II railroad property;

(d) the aggregate true value of the real property, exclusive of class II railroad property;

(e) the amount by which the valuation in item (b) should be increased or decreased in order to correspond to item (d);

(f) the aggregate assessed value of machinery, implements and equipment and all other personal property used in business;

(g) the aggregate true value of machinery, implements and equipment and all other personal property used in business;

(h) the aggregate equalized valuation of machinery, implements and equipment and all other personal property used in business, computed by multiplying the aggregate true value thereof by the lower of (1) that percentage level established pursuant to law for expressing the taxable value of real property in the county, or (2) the average ratio of assessed to true value of real property as promulgated by the director on October 1 of the pretax year, pursuant to chapter 86, laws of 1954, for State school aid purposes, as the same may have been modified by the Division of Tax Appeals;
(i) the amount by which the valuation in item (f) should be increased or decreased in order to correspond to item (h).

A copy of the table shall be mailed to the assessor of each district, and to the Division of Taxation, and be posted at the courthouse, at least 1 week before the hearings provided for in section 54:3-18 of this Title.

9. Section 54:4-35 of the Revised Statutes is amended to read as follows:

54:4-35. The assessor shall determine his taxable valuations of real property as of October 1 in each year and shall complete the preparation of his assessment list by January 10 following, on which date he shall attend before the county board of taxation and file with the board his complete assessment list, and a true copy thereof, to be called the assessor's duplicate. Such list and duplicate shall include the assessments of personal property reported or determined pursuant to this chapter. They shall be properly made up in such manner and form required by the Director of the Division of Taxation pursuant to section 54:4-26 of this chapter, to be examined, revised and corrected by the board as provided by law.

10. The director shall make, promulgate and enforce uniform rules and regulations for the administration of this act.

11. If any provision of this act, or any application of any provision, is held invalid, the invalidity shall not affect other applications of the provision, or other provisions of the act, which reasonably can be given effect despite the invalidity.

12. The following statutes are hereby repealed but only with respect to tangible personal property used in business for the year 1968 and thereafter.

a. Sections 4, 5, 6, 12 and 13 of chapter 51 of the laws of 1960 and all amendments of such sections;

b. Sections 54:4-9 and 54:4-11 of the Revised Statutes and all amendments of such sections;

c. Chapter 141 of the laws of 1964 and all amendments and supplements thereto.
13. This act shall apply to real and personal property taxes due and payable in the year 1968 and thereafter and shall not affect the obligation, lien or duty to pay any taxes, interest or penalties which have accrued or may accrue by virtue of any assessment made or which may be made with respect to taxes levied for any year prior to the year 1968, nor shall this act affect the legal authority to assess and collect taxes which may be or have been due and payable prior to January 1, 1968, together with such interest and penalties as would have accrued thereon under any provision of law amended or repealed hereby; nor shall this act invalidate any assessments or affect any proceeding for the enforcement thereof pending upon the effective date of this act or upon January 1, 1968, or during the period between said dates.

14. This act shall take effect immediately.

Approved June 17, 1966.

CHAPTER 139

AN ACT to amend and supplement the "Railroad Tax Law of 1948" approved July 22, 1941 (P. L. 1941, c. 291), as said short title was amended by chapter 40 of the laws of 1948; repealing sections 18, 19 and 24 of said act; amending section 1 of chapter 343 of the laws of 1950; providing for State aid to certain municipalities in which railroad property is located and providing an appropriation therefor.

“Railroad” means any common carrier by railroad engaged in, owning or constructing facilities for, the transportation of persons or property in or through this State, other than a street railway or traction company using or occupying the public streets, highways, roads or other public places, the taxation of which is otherwise provided by law.

"Commissioner" or "State Tax Commissioner" means the Director of the Division of Taxation in the State Department of the Treasury.

2. Section 7 of P. L. 1941, chapter 291 is amended to read as follows:

7. There is hereby levied an annual property tax upon all property used for railroad purposes, other than (a) main stem, (b) tangible personal property and (c) facilities used in passenger service, which tax shall be assessed by the commissioner, in the manner hereinafter provided and at the rate of $4.75 for each $100.00 of the true value of such property for the year 1967 and each year thereafter.

3. Section 11 of P. L. 1941, chapter 291 is amended to read as follows:

11. Taxes assessed pursuant to this act shall be in lieu of all other State or local taxation of or measured by property used for railroad purposes, including the main stem, tangible personal property and facilities used in passenger service, other than assessments for benefits.

4. Section 17 of P. L. 1941, chapter 291 is amended to read as follows:

17. On or before November 1 in each year the commissioner shall determine and classify all real property used for railroad purposes in this State, into the following classes:

I. The length of the main stem of each railroad, and the length of such main stem in each taxing district;

II. The other real estate used for railroad purposes in each taxing district in this State, including
the roadbed (other than main stem and facilities used in passenger service), tracks, buildings, water tanks, riparian rights, docks, wharves and piers, and all other real estate, except lands not used for railroad purposes;

III. Facilities used in passenger service.

In the event any railroad property is used for both freight and passenger service, the commissioner shall apportion such property between Class II and Class III, under such rules and regulations as he shall promulgate.

On or before November 1 in each year the commissioner shall determine the true value, as of the preceding January 1, of all Class II property used for railroad purposes in this State. There shall be excluded, however, any Class II property of a railroad which passed out of railroad ownership subsequent to January 1 and before October 1 and not used for railroad purposes on October 1.

Upon completion of his classification of Class I and Class III property and his classification and valuation of Class II property, but not later than November 10 in each year, the commissioner shall deliver a detailed statement thereof to each taxpayer.

5. Sections 18 and 19 of P. L. 1941, chapter 291 are repealed.

6. Any taxpayer may, prior to December 1 in each year, inspect the commissioner's classifications and valuations and confer informally with the commissioner as to the correctness of such classifications and valuations so that any errors may be corrected prior to the commissioner's assessment of Class II property.

Following any such informal conference with the taxpayer and not later than December 15 in each year the commissioner shall deliver to the taxpayer a detailed statement of the taxpayer's Class II property together with the assessment of such property for the following tax year at the rate hereinabove established.

7. Section 21 of P. L. 1941, chapter 291 is amended to read as follows:
21. Within 10 days after completion of his assessment of franchise tax, the commissioner shall serve upon each taxpayer a statement of the total amount of franchise tax payable and the manner of computation thereof.

The failure of any taxpayer to receive a statement of assessment as herein required shall not invalidate any such assessment or the lien thereof, nor shall it relieve the taxpayer of the obligation of payment of the assessment as required by this act.

8. Section 22 of P. L. 1941, chapter 291 is amended to read as follows:

22. Certification to Comptroller. After completion of his assessments, the commissioner shall report and certify all assessments and the statements thereof to the State Comptroller. The several statements shall be recorded in books kept in the office of the State Comptroller, to be provided by him for that purpose, and shall be public records open to public inspection.

9. Section 23 of P. L. 1941, chapter 291 is amended to read as follows:

23. All receipts from taxation of Class II railroad property together with the receipts from the franchise tax imposed hereunder shall be applied to the uses of the State according to law.

10. Section 24 of P. L. 1941, chapter 291 is repealed.

11. Section 27 of P. L. 1941, chapter 291 is amended to read as follows:

27. Period of limitations. The power of the commissioner to make reassessments or to assess omitted property under this act shall be limited to the period of 5 years next preceding the year in which the reassessment or assessment of omitted property is made; provided, however, that assessments of omitted property by the commissioner for any year prior to 1967 shall be assessed in the manner provided by law for the year for which the same is made.
12. Section 30 of P. L. 1941, chapter 291 is amended to read as follows:

30. Disposition of receipts. Any taxes collected upon assessments for omitted property or reassessments made by the commissioner shall be apportioned by the comptroller for the uses of the State and for local uses in the same manner as provided by the law for taxes levied upon property of the same class for any year prior to 1967, and to the State thereafter.

13. Section 31 of P. L. 1941, chapter 291 is amended to read as follows:

31. Appeal to State Board of Tax Appeals. Any taxpayer desiring to contest the validity or amount of any assessment or reassessment of property or franchise tax made by the commissioner under this act, may, as to the assessment or reassessment of property tax, on or before the third Monday of May following the assessment or reassessment thereof, and, as to the assessment or reassessment of franchise tax, on or before the first Tuesday of September following the assessment or reassessment thereof, file a written complaint with the Division of Tax Appeals, specifying the grounds of complaint and the relief sought, which shall be in such form and contain such further information as may be from time to time prescribed by the rules of the Division of Tax Appeals for the better understanding and determination of the complaint.

14. Section 32 of P. L. 1941, chapter 291 is amended to read as follows:

32. Complaint and notice. A copy of the complaint and notice of application for hearing thereon shall be served upon the Attorney General 5 days before the filing of the complaint by having a copy of the complaint and notice at his office.

15. Section 36 of P. L. 1941, chapter 291 is amended to read as follows:

36. If a taxpayer or the Attorney General on behalf of the State shall desire to contest the final determination of the Division of Tax Appeals, such contest shall be made by a proceeding in lieu of prerogative writ.
16. Section 38 of P. L. 1941, chapter 291 is amended to read as follows:

38. If a proceeding in lieu of prerogative writ is brought by a taxpayer, such taxpayer shall pay to the State Treasurer, as a condition for prosecuting the proceeding, the amount of the taxes then not in substantial controversy. If the taxpayer and the Attorney General are unable to agree on the amount of taxes then not in substantial controversy, such amount shall be determined by the Superior Court. Upon the payment of the amount of taxes then not in substantial controversy, the payment or collection of the remainder of the taxes shall be stayed until the final determination by the Superior Court on the proceeding in lieu of prerogative writ, notwithstanding any law to the contrary.

17. Section 1 of chapter 343 of the laws of 1950 is amended to read as follows:

1. If property of a taxpayer has or shall have been, in any year, assessed by the local authorities of the taxing district, and also has or shall have been classified as Class I or Class III property or classified and assessed by the Director of the Division of Taxation of the State Department of the Treasury as Class II property, the State Division of Tax Appeals shall determine, in a summary manner, the character of the property and whether used for railroad purposes and by whom it has lawfully been assessed. This determination shall be made whether the taxes in question have been paid or not and whether an appeal to review either assessment has been made or not.

18. Section 46 of P. L. 1941, chapter 291 is amended to read as follows:

46. Payments; due dates. The full amount of franchise tax assessed by the commissioner for each year shall be due and delinquent on June 15.

On December 1 in each year, the full amount of the Class II property tax payable under this act shall be due and delinquent.

All payments shall be made to the State Treasurer.
19. In order to provide replacement revenue to municipalities in which railroad property is located as a result of the imposition of a State tax on railroad property pursuant to this act, and the elimination of the allotment and payment to taxing districts of the taxes assessed upon Class II railroad property under the Railroad Tax Law of 1948, State aid shall be appropriated and paid annually to each municipality in the manner and in an amount to be determined as hereinafter set forth. Each such municipality shall receive an amount which shall not be less than the revenues the municipality derived from such property in the tax year 1966. The amount payable to each municipality shall be adjusted for additions and withdrawals as hereinafter provided.

20. As hereinafter used in this act, the following words and terms shall have the following meanings, unless the text indicates or requires another or different meaning or intent:

"Base year" means the year 1966.

"Base value" means the value assessed by the commissioner for Class II railroad property in each municipality for the base year. For the purpose of determining base value, "Class II" means the classification established by the act of which this act is amendatory and supplementary.

"Base tax rate" means the general real property tax rate in each municipality for the base year.

"Base tax revenue" means the amount determined for each municipality by applying the base tax rate to the base value.

21. State aid shall be appropriated and paid annually to each municipality in which railroad property is located in an amount equal to base tax revenue, subject to the following adjustments, except that no State aid shall be appropriated or paid to any municipality where the base tax revenue, as adjusted, is less than $1,000.00:

(a) If additional Class II property, as defined in this act, in a municipality is placed in railroad use after the base year, the base tax revenue shall
be increased by an amount equal to the product of the assessed value of such additional property as of the base year times the base tax rate.

(b) If any real property in a municipality is withdrawn from railroad use after the base year, the base tax revenue shall be reduced by an amount equal to the product of the assessed value of such property in the base year times the base tax rate.

(c) For the year 1967 the amount of State aid payable to each municipality shall be increased by an amount equal to the difference between the railroad tax revenue derived by such municipality for the year 1965 and the base tax revenue for such municipality. For each year thereafter, such increase shall be reduced by 10% until such time as the aforesaid difference is eliminated; provided, however, if any real property in a municipality is placed in or withdrawn from railroad use after 1967, the annual increase provided in this subsection (e) shall be adjusted to reflect any such additions or withdrawals.

(d) The authorities of any taxing district desiring to contest the validity or amount of the assessment on any such additions or withdrawals may appeal to the Division of Tax Appeals in the manner provided in sections 31 and 32 of the act of which this act is amendatory and supplementary.

22. The sums payable as State aid pursuant to this act shall be paid to the collector or other proper officer of each municipality entitled thereto on or before December 10 in each year by the State Treasurer on warrant of the Director of the Division of Budget and Accounting.

23. Not later than December 15 of each year, the commissioner shall deliver to each municipality entitled to State aid under this act a statement of the State aid payable to such municipality for the following year.

24. Notwithstanding any other provision of this act the valuation of Class II railroad property in each municipality used in the tax year 1966 for the purpose of determining equalized valuation for ap-
portionment of the costs of county government, State school aid, and State school building aid and in establishing county debt limits shall continue to be used for such purposes with appropriate annual adjustment to reflect adjustments in base value as determined under section 21 of this act. The commissioner shall certify any such adjustments to the several county boards of taxation on or before December 10 for use by the county boards in determining equalized valuation for the foregoing purposes in the succeeding tax year.

25. For the year 1966 only, the amount of State aid payable to each municipality under this act shall be equal to the difference between the railroad tax revenue derived by such municipality for the year 1965 and the base tax revenue for such municipality.

26. There is hereby appropriated the sum of $4,250,000.00, or so much thereof as may be necessary, to effectuate the purposes of this act for the year 1966.

27. This act shall take effect immediately except that section 10 of this act shall take effect December 16, 1966.

Approved June 17, 1966.

CHAPTER 141

AN ACT concerning motor vehicles, amending section 39:4-50 and supplementing chapter 4 of Title 39 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 39:4-50 of the Revised Statutes is amended to read as follows:

39:4-50. (a) A person who operates a motor vehicle while under the influence of intoxicating liquor or a narcotic or habit-producing drug, or permits another person who is under the influence of intoxicating liquor or a narcotic or habit-producing drug to operate a motor vehicle owned by him or in his custody or control, shall be subject, for the first offense, to a fine of not less than $200.00 nor more than $500.00, or imprisonment for a term of not less
than 30 days nor more than 3 months or both, in
the discretion of the magistrate, and shall forthwith
forfeit his right to operate a motor vehicle over the
highways of this State for a period of 2 years from
the date of his conviction or until he reaches the age
of 21 years, whichever is the greater period of time,
in the case of a person who at the time of his con-
viction is under the age of 21 years. Except as
hereinafter provided, for a subsequent violation,
he shall be imprisoned for a term of 3 months and
shall forfeit his right to operate a motor vehicle
over the highways of this State for a period of 10
years from the date of his conviction, and, after
the expiration of said period, he may make applica-
tion to the Director of the Division of Motor Ve-
hicles for a license to operate a motor vehicle, which
application may be granted at the discretion of the
director. A magistrate who imposes a term of im-
prisonment under this section may sentence the
person so convicted either to the county jail or to
the workhouse of the county wherein the offense
was committed.

A person who has been convicted of a previous
violation of this section need not be charged as a
second offender in the complaint made against him
in order to render him liable to the punishment
imposed by this section on a second offender, but if
the second offense occurs 10 or more years after the
previous conviction the court may, in its discretion,
suspend the sentence of imprisonment, impose a fine
of not less than $300.00 nor more than $1,000.00 and
place the person on probation.

(b) A person who operates a motor vehicle while
his ability to operate such motor vehicle is impaired
by the consumption of alcohol shall be subject, for
a first offense, to a fine of not less than $50.00 nor
more than $100.00 and shall forthwith forfeit his
right to operate a motor vehicle over the highways
of this State for a period of 6 months from the date
of his conviction. For a subsequent violation, he
shall be fined not less than $100.00 nor more than
$300.00 and shall forthwith forfeit his right to
operate a motor vehicle over the highways of this State for a period of 2 years from the date of his conviction. After the expiration of said period of forfeiture, he may make application to the Director of the Division of Motor Vehicles for a license to operate a motor vehicle which application may be granted at the discretion of the director.

2. (a) In any prosecution for a violation of section 39:4-50 of the Revised Statutes relating to operating a motor vehicle while the ability to operate such motor vehicle is impaired by the consumption of alcohol, the amount of alcohol in the defendant's blood at the time alleged as shown by chemical analysis of the defendant's blood, urine, breath or other bodily substance shall give rise to the following presumptions:

(1) If there was at that time 0.05% or less by weight of alcohol in the defendant’s blood, it shall be presumed that the defendant’s ability to operate a motor vehicle was not impaired by the consumption of alcohol.

(2) If there was at that time the existence of 0.05% but less than 0.10% by weight of alcohol in the defendant’s blood, such fact shall not give rise to any presumption that the defendant’s ability to operate a motor vehicle was or was not impaired by the consumption of alcohol, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant;

(3) If there was at that time 0.10% or more by weight of alcohol in the defendant’s blood, it shall be presumed that the defendant’s ability to operate a motor vehicle was impaired by the consumption of alcohol.

(b) The foregoing provisions of this section shall not be construed as requiring that evidence of the amount of alcohol in the defendant’s blood must be presented, nor shall they be construed as limiting the introduction of any other competent evidence bearing upon the question whether or not the defendant’s ability to operate a motor vehicle was impaired by the consumption of alcohol.
3. No person shall be convicted of violating both the provisions of section 39:4-50(a) of the Revised Statutes and the provisions of section 39:4-50(b) of the Revised Statutes as a result of the same incident or occurrence; provided, however, that nothing herein shall be deemed to prohibit the prosecution and conviction of any person for a violation of the provisions of section 39:4-50(b) notwithstanding that such a person may have been previously found not guilty of violating the provisions of section 39:4-50(a) of the Revised Statutes.

4. This act shall take effect on the ninety-first day following the date of enactment. Approved June 18, 1966.

CHAPTER 142

AN ACT concerning motor vehicles and to amend and supplement "An act concerning traffic regulation, and amending and supplementing chapter 4 of Title 39 of the Revised Statutes and certain other statutes relating thereto," approved April 15, 1951 (P. L. 1951, c. 23).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 30 of the act of which this act is amendatory is amended to read as follows:

30. In any prosecution for a violation of section 39:4-50 of the Revised Statutes relating to driving a vehicle while under the influence of intoxicating liquor, the amount of alcohol in the defendant's blood at the time alleged as shown by chemical analysis of the defendant's blood, urine, breath, or other bodily substance shall give rise to the following presumptions:
CHAPTER 142, LAWS OF 1966

(1) If there was at that time 0.05% or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was not under the influence of intoxicating liquor;

(2) If there was at that time in excess of 0.05% but less than 0.15% by weight of alcohol in the defendant's blood, such fact shall not give rise to any presumption that the defendant was or was not under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant;

(3) If there was at that time 0.15% or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor.

The foregoing provisions of this section shall not be construed as requiring that evidence of the amount of alcohol in the defendant's blood must be presented, nor shall they be construed as limiting the introduction of any other competent evidence bearing upon the question whether or not the defendant was under the influence of intoxicating liquor.

2. (a) Any person who operates a motor vehicle on any public road, street or highway or quasi-public area in this State shall be deemed to have given his consent to the taking of samples of his breath for the purpose of making chemical tests to determine the content of alcohol in his blood; provided, however, that the taking of samples is made in accordance with the provisions of this act and at the request of a police officer who has reasonable grounds to believe that such person has been operating a motor vehicle in violation of the provisions of section 39:4-50 of the Revised Statutes.

(b) A record of the taking of any such sample, disclosing the date and time thereof, as well as the result of any chemical test, shall be made and a copy thereof, upon his request, shall be furnished or made available to the person so tested.
(c) In addition to the samples taken and tests made at the direction of a police officer hereunder, the person tested shall be permitted to have such samples taken and chemical tests of his breath, urine or blood made by a person or physician of his own selection.

(d) The police officer shall inform the person tested of his rights under subsections (b) and (c) of this section.

(e) No chemical test, as provided in this section, or specimen necessary thereto, may be made or taken forcibly and against physical resistance thereto by the defendant.

3. Chemical analyses of the arrested person's breath, to be considered valid under the provisions of this act, shall have been performed according to methods approved by the Attorney General, and by a person certified for this purpose by the Attorney General. The Attorney General is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct such analyses, and to make certifications of such individuals, which certifications shall be subject to termination or revocation at the discretion of the Attorney General.

4. If an operator of a motor vehicle, after being arrested for a violation of section 39:4-50 of the Revised Statutes, shall refuse to submit to the chemical test provided for in section 2 of this act when requested to do so, the arresting officer shall cause to be delivered to the Director of Motor Vehicles his sworn report of such refusal in which report he shall specify the circumstances surrounding the arrest and the grounds upon which his belief was based that the person was driving or operating a motor vehicle in violation of the provisions of section 39:4-50 of the Revised Statutes. Upon receipt of such a report, if the director shall find that the arresting officer acted in accordance with the provisions of this act, he shall, upon written notice, suspend the person's license or permit to drive or operate a motor vehicle, or if such person
is a nonresident, the privilege to drive or operate a motor vehicle within this State, unless such person, within 10 days of the date of such notice, shall have requested, in writing, a hearing before the director. Upon such request, the director shall hold a hearing on the issues of whether the arresting officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle on the public highways or quasi-public areas of this State while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether he refused to submit to the test upon request of the officer. If no such hearing is requested within the time allowed, or if after a hearing the director shall find against the person on such issues, he shall revoke such person's license or permit to drive or operate a motor vehicle, or the privilege to drive or operate a motor vehicle within this State if such person is a non-resident for a period of 6 months from the date of the director's determination, or if such person is a resident without a license or permit to drive or operate a motor vehicle in this State, the director shall deny to such person the issuance of any such license or permit within 6 months from the date of the director's determination. Such revocation shall be independent of any revocation imposed by virtue of a conviction under the provisions of section 39:4-50 of the Revised Statutes.

5. If any provision of this act, or any particular application thereof, be found invalid, the same shall be deemed severable to the end that such invalidity shall not affect other provisions or applications hereof.

6. This act shall take effect on the ninety-first day following the date of enactment.

Approved June 18, 1966.
CHAPTER 143

An Act to amend and supplement "An act to protect the public health by regulating the installation or erection of potable water supply and sewerage services upon certain realty improvements within this State and providing for the enforcement thereof," approved July 21, 1954 (P. L. 1954, c. 199).

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The State department shall study the various geographical areas of the State, from time to time, to determine whether any such areas should be restricted as to the types of sewerage facilities which may be thereafter constructed in such areas. In conducting such a study, the State department shall give consideration to factors such as soil conditions, ground-water table levels, population densities and projected growth trends and such other factors which could affect the safe and proper operation of sewerage facilities in the area under study.

2. Upon the filing of a written and duly executed application with the retirement system, setting forth at what time, not less than 30 days, subsequent to

(2) A pension in the amount which when added to the member’s annuity will provide a total retirement allowance of 50% of his final compensation plus 1% of his final compensation multiplied by his number of years of creditable service which exceed 25 years of such service.

Any member of the retirement system who was a member of the former “State Police Retirement and Benevolent Fund” on the effective date of this act, who has completed at least 25 years of creditable service and who has reached the age of 55 years shall be retired forthwith or on the first day of the next calendar month.

b. Any member of the retirement system who was not a member of the former “State Police Retirement and Benevolent Fund” on the effective date of this act who has reached the age of 55 years shall be retired forthwith or on the first day of the next calendar month provided, however, such member, at his option, may continue in the employment of the Division of State Police upon the request of the superintendent, and with the concurrence of the Attorney General, for an additional year beyond the date upon which he would otherwise be required to retire hereunder, and such member may thereafter in each succeeding year continue in the employment of the Division of State Police upon the request of the superintendent, with the concurrence of the Attorney General, until he has reached the age of 65 years, whereupon he shall be retired forthwith or on the first day of the next calendar month. Any such member retiring for service hereunder shall receive a service retirement allowance which shall consist of:

Upon the receipt of proper proofs of the death of a member who has retired on a service retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member's estate, an amount equal to \( \frac{3}{4} \) of the final compensation received by the member.

2. Section 9 of the act of which this act is amendatory is amended to read as follows:

9. a. Upon the written application by a member in service or by the State, any member who has had 4 or more years of creditable service may be retired, but not less than 30 days next following the date of filing such application with the retirement system, on an ordinary disability retirement allowance; provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the performance of his usual duty and of any other available duty in the Division of State Police which the Superintendent of State Police is willing to assign to him and that such incapacity is likely to be permanent and of such an extent that he should be retired.

b. Upon application for ordinary disability, a member shall receive a service retirement allowance if he meets the requirements therefor, otherwise ordinary disability retirement allowance which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his aggregate contributions at the time of retirement; and
(2) A pension in the amount which when added to the member’s annuity will provide a total retirement allowance of \(1\frac{1}{2}\%\) of final compensation multiplied by his number of years of creditable service but in no event shall the total allowance be less than 40% of final compensation.

c. Upon the receipt of proper proofs of the death of a member who has retired on an ordinary disability retirement allowance, there shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member’s estate, an amount equal to \(3\frac{1}{2}\) times the final compensation received by the member in the last year of creditable service if such death occurs before the member shall have reached 55 years of age but if such death occurs thereafter, an amount equal to \(\frac{3}{8}\) of the final compensation received by the member.

The application to accomplish such retirement must be filed within 5 years of the original traumatic event, but the board of trustees may consider an application filed after the 5-year period if it can be factually demonstrated to the satisfaction of the board of trustees that the
disability is due to the accident and the filing was not accomplished within the 5-year period due to a delayed manifestation of the disability or to the member's continued employment in a restricted capacity consistent with the nature of his disability in the Division of the State Police upon and at the written request of the superintendent, with the concurrence of the Attorney General, or other circumstances beyond the control of the member.

b. Upon retirement for accidental disability, a member shall receive an accidental disability retirement allowance which shall consist of:

7. Section 15 of the act of which this act is amendatory is amended to read as follows:

15. a. In the case of any officer, noncommissioned officer or trooper of the Division of State Police of the Department of Law and Public Safety of the State of New Jersey becoming a member of the retirement system who was covered on the day immediately prior to the effective date of this act under the then existing group life insurance program of the New Jersey State Police, the State Treasurer shall provide for death benefit coverage, in the amounts described in this subsection for such member after he retires and receives a retirement allowance pursuant to the provisions of this act, subject to the conditions hereinafter stated.

(1) In order to obtain the coverage during retirement as herein provided, the member must make written request therefor to the board within 90 days of the effective date of this act and must agree to make, after retirement, the contributions required for such coverage as described by subsection c. of this section, except that if any such officer, noncommissioned officer or trooper was disabled on the effective date of this act but subsequently recovers from such disability and becomes a member of the retirement system, such request may be made within 90 days after the date he becomes a member of the retirement system.

(2) Each such officer, noncommissioned officer and trooper may cancel his request for
the death benefit coverage described herein, either before or after retirement, by giving written notice to the retirement system.

The amounts of death benefits provided for under this subsection while the former member is receiving a retirement allowance pursuant to this act shall be the same amount or amounts as would have been continued for such former member after his retirement under the group life insurance program, hereinabove referred to, had such program remained in effect and unchanged and such former member had remained covered thereunder, less an amount equal to \( \frac{3}{4} \) of the member's final compensation. The Superintendent of the State Police shall, upon request, certify to the board of trustees the names of the officers, noncommissioned officers and troopers to whom this subsection could have application and such other information as may be necessary in order for the board to determine the amounts of death benefit under this subsection.

b. The State Treasurer shall provide on and after the effective date of this act for death benefit coverage in the amounts described in this subsection for each former officer, noncommissioned officer and trooper who was covered on the day immediately prior to the effective date of this act under the then existing group life insurance program of the New Jersey State Police and was then retired and receiving retirement benefits under the provisions of the former State Police Retirement and Benevolent Fund, subject to the conditions hereinafter stated:

(1) In order to obtain the death benefit coverage as herein provided, such former officer, noncommissioned officer or trooper must make the contributions required for such coverage as described in subsection c. of this section.

(2) If coverage or benefits are afforded a former officer, noncommissioned officer or trooper under the aforesaid group life insurance program of the New Jersey State Police
after the effective date of this act by reason of his disability, the death benefits provided by this subsection shall in no event apply to him unless such coverage and benefits shall cease by reason of his recovery from disability. In such event the foregoing provisions of this subsection shall apply from the date of such cessation.

The amounts of death benefit continued under this subsection shall be the same amount or amounts as would have been continued for such former officer, noncommissioned officer or trooper after his retirement under the group life insurance program, hereinafore referred to, had such program remained in effect and unchanged during his retirement and he had remained covered thereunder. The Superintendent of the State Police shall, upon request, certify to the board of trustees the names of the former officers, noncommissioned officers and troopers to whom this subsection applies and such information as may be necessary in order for the board to determine the amounts of death benefit under this subsection.

c. The contributions required during retirement for the death benefit coverage provided for by this section shall be determined from the schedules of contributions established by the board of trustees. Such schedules shall be subject to adjustment by the board from time to time. Such contributions shall be deducted from the former officer's, noncommissioned officer's or trooper's retirement allowance or benefits but if there be no retirement allowance or benefits available from which such contributions may be deducted, it shall be the obligation of such former officer, noncommissioned officer or trooper to make such contribution directly to the retirement system, as required by the system.

d. Upon receipt of proper proofs of the death of any former officer, noncommissioned officer or trooper of the New Jersey State Police while covered for death benefit coverage pursuant to the provisions of this section, there shall be paid to
such person, if living, as the former officer, non-commissioned officer or trooper shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the former officer's, non-commissioned officer's or trooper's estate, the amount for which he is covered at the time of his death pursuant to said subsection a. or said subsection b., as the case may be.

e. Any other provisions of this act notwithstanding, the contributions of any person for death benefit coverage under this section shall not be returnable to such person or his beneficiary or death benefit payee in any manner, or for any reason whatsoever, nor shall such contributions be included in any annuity payable to any such person or his beneficiary.

8. Section 16 of the act of which this act is amendatory is amended to read as follows:

16. The State Treasurer is hereby authorized and permitted to purchase from one or more life insurance companies, as determined by him, group life insurance coverage to provide for the death benefit specified in sections 8c, 9c, 10c, 12d, 13d, 14c, 15, 27b and 28b. Such group life insurance coverage may be provided under one or more policies issued to the State Treasurer specifically for this purpose, in the discretion of the State Treasurer, under one or more policies issued to the State Treasurer which provide group life insurance coverage for members of one or more other retirement systems of the State of New Jersey. Whenever such policy or policies of group insurance shall be in effect, the benefits payable thereunder shall be in lieu of the above mentioned death benefits provided by said sections. Any dividend or retrospective rate credit allowed by an insurance company shall be credited in an equitable manner to the special insurance funds from which premiums are paid.

9. Section 18 of the act of which this act is amendatory is amended to read as follows:
18. The State Treasurer may, in his discretion, determine to purchase group insurance coverage for the death benefit provisions as provided in sections 8c, 9c, 10c, 12d, 13d, 14e, 15, 27b and 28b, or may determine not to purchase any group insurance coverage for the death benefit provisions heretofore mentioned.

10. Section 19 of the act of which this act is amendatory is amended to read as follows:

19. In the event the State Treasurer shall determine to purchase group insurance coverage for the death benefits, premiums for the same shall be paid from a special fund, hereby created, called the "Group Insurance Premium Fund." The State Treasurer shall estimate annually the amount which will be required for premiums for such benefits for the ensuing fiscal year. The State shall pay over to the State Treasurer the amount so required who shall deposit it in the Group Insurance Premium Fund. During the period such group insurance policy or policies are in effect the State Treasurer shall in no way commingle moneys in this fund with any pension fund established by this act.

11. Section 20 of the act of which this act is amendatory is amended to read as follows:

20. Upon the death of a retirant, any unpaid pension benefits due him shall be paid in one lump sum to such person, if living, as he shall have nominated by written designation duly executed and filed with the board of trustees, otherwise to the executor or administrator of the retirant's estate. No pension, annuity, or retirement allowance shall be due to a retirant or a beneficiary unless it constitutes a payment for an entire month.

12. Section 21 of the act of which this act is amendatory is amended to read as follows:

21. Any such group policy or policies shall include, with respect to any insurance terminating because an insured person has ceased to be in service or has retired, the conversion privilege available upon termination of employment as prescribed by the law relating to group life insurance; and
shall also include, with respect to insurance terminating because of termination of the group policy resulting from a termination of all death benefits established under sections 8c, 9c, 10c, 12d, 13d, 14e, 15, 27b and 28b, the conversion privilege available upon termination of the group policy as prescribed by such law. Any such group policy or policies shall also provide that if an insured person dies during the 31-day period during which he would be entitled to exercise the conversion privilege, the amount of insurance with respect to which he could have exercised the conversion privilege shall be paid as a claim under the group policy.

If any member who has exercised the conversion privilege under the group policy or policies again becomes a member of the retirement system, and the individual policy obtained pursuant to the conversion privilege is still in force, he shall not again be eligible for any of the death benefits provided by sections 8c, 9c, 10c, 12d, 13d, 14e, 15, 27b and 28b, unless he furnishes satisfactory evidence of insurability.

When benefits payable upon the death of a member following retirement are determined as though he were an active member at the time of his death, the death benefit payable under the group policy or policies together with the amount of insurance paid under any individual policy obtained under the conversion privilege, shall in no event exceed the amount of insurance for which the member was insured under the group policy or policies immediately prior to the date the right of conversion arose.

13. Section 22 of the act of which this act is amendatory is amended to read as follows:

22. Benefits under such group policy or policies shall be paid by the insurance company to such person, if living, as the insured person shall have nominated by written designation duly executed and filed with the insurance company through the policyholder, otherwise to the executors or administrators of the insured person's estate. An in-

14. Section 23 of the act of which this act is amendatory is amended to read as follows:

23. Any such group policy or policies shall provide that payment of any death benefits which are payable by the insurance company may be made in one sum directly to the beneficiary as hereinafter provided, in equal annual installments over a period of years or as a life annuity or in such other manner as may be made available by the insurance company. An insured person may make such arrangements for settlement, and may alter from time to time during his lifetime any arrangement previously made, by making written request to the insurance company through the policyholder. Upon the death of an insured person, a beneficiary to whom a benefit is payable in one sum by the insurance company may likewise arrange for a settlement as described above. If an insured person’s or beneficiary’s request for settlement of any death benefit in equal annual installments over a period of years or as a life annuity pursuant to the foregoing is approved by the policyholder, the amount of such annual installments or such life annuity, as the case may be, shall be determined on the basis of such applicable mortality tables and rates of interest as shall have been adopted by the retirement system and are in effect at the death of the insured person. Any arrangement for payment under the group policy to a beneficiary shall be in lieu of that provided by sections 8c, 9c, 10c, 12d, 13d, 14e, 15, 27b and 28b.

15. Section 27 of the act of which this act is amendatory is amended to read as follows:

Upon the institution of an action to fix the compensation to be paid, or at any time thereafter, the department may file with the Clerk of the Superior Court a declaration of taking, signed by the commissioner, or such employees of the highway department as may be designated by him, declaring that the possession of one or more of the tracts or parcels of property described in the petition is thereby being taken by and for the use of the department. Upon the filing of the declaration and the depositing with the Clerk of the Superior Court the amount of the estimated compensation as stated
in the declaration, the department, without other process or proceedings shall be entitled to the exclusive possession and use of each tract or parcel of property described in the declaration and may forthwith enter into and take possession of said property, it being the intent of this provision that the action to fix the compensation to be paid or any other proceeding relating to the taking of such property or entering therein shall not delay the taking of possession and the use thereof by the department for purposes authorized by this act. CHAPTER 166

AN ACT to amend “An act concerning the State Highway Department,” approved March 16, 1942 (P. L. 1942, c. 22).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of the act of which this act is amendatory is amended to read as follows:

1. Whenever the construction of a State highway shall result in the destruction of a well used for potable water supply upon private property, which well gave an adequate and satisfactory supply of water prior to the construction of the said State highway, and whenever the State Highway Engineer shall determine that the construction of the said State highway was the sole cause of the de-
struction of the well and that it is necessary to construct a new well and shall evidence such determination by a proper certificate so stating, the State Highway Commissioner, in order to relieve the owner of a serious hardship, is authorized to pay such part of the cost of constructing a new well as, in the opinion of the State Highway Commissioner, the principles of right and justice may require. The State Highway Commissioner is authorized to make such payment only in the event that a new well is actually constructed and under no circumstance shall he authorize any payment in excess of the actual cost of constructing the new well.

If municipal or private water companies have water facilities and water mains within a reasonable distance from the property affected by reason of the destruction of the potable water supply so that the cost of extending the water mains to the property so affected would be less or substantially equal to the cost of constructing a new well or wells, the State Highway Commissioner, in lieu of constructing a new well, may pay the cost of extending such water main to the property so affected.

Any funds heretofore or hereafter appropriated to the State Highway Department for the purpose of acquiring right of way may be used to make payments under this act. When several wells have been destroyed by the same State highway construction and the State Highway Commissioner deems it to be in the best interests of the State, the State Highway Commissioner is authorized to enter into a contract or contracts for the purpose of actually constructing new wells or for the purpose of extending the water facilities or laterals for the property or properties affected. Chapter 34 of Title 52 of the Revised Statutes shall apply to any contracts which may be let for the construction of any well or the cost of extending the water mains together with the lateral under this act. The judgment of the State Highway Commissioner on the question of whether or not any compensation shall be made under this act shall be final.
2. Section 2 of the act of which this act is amendatory is amended to read as follows:

2. Nothing contained in this act shall be construed to apply to any case where a part of the lands of a property owner upon which a well is located has been taken for the construction of the State highway which is claimed to be responsible for the damage. Nothing contained in this act shall be construed to apply to any well that does not go dry within 3 months from the date of the excavation alleged to have caused the damage, or to any well located more than 450 feet from the right of way line of the State highway in question, or to any well that was not in existence at the time that the contract was let for the construction of the State highway in question. The State Highway Commissioner is not empowered to make payment on any claim that is predicated upon the destruction or any well or wells prior to January 1, 1941.

3. This act shall take effect immediately.

Approved June 18, 1966.

CHAPTER 168

An Act authorizing the regulation of rents and possession of housing space in substandard multiple dwellings by municipalities.
BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds:
   (a) Many citizens of the State of New Jersey are required to reside in multiple dwelling units which fail to meet minimum standards of safety and sanitation and are compelled to pay rents disproportionate to the value of the facilities and services received;
   (b) It is essential to the health, safety and general welfare of the people of the State that owners of substandard multiple dwelling units be encouraged to provide safe and sanitary housing accommodations for the public to whom such accommodations are offered;
   (c) It is necessary, in order to insure the improvement of substandard multiple dwelling units, to authorize the governing bodies of municipalities to enact and impose rent controls on substandard multiple dwelling units until such dwelling units satisfy minimum standards of safety and sanitation.

2. The following terms whenever used or referred to in this act shall have the following respective meanings for the purposes of this act, unless a different meaning clearly appears from the context.
   (a) "Public officer" shall mean the officer, officers, board or body who is or are authorized by ordinances adopted hereunder to exercise the powers prescribed by such ordinances and by this act.
   (b) "Owner" shall mean the holder or holders of the title in fee simple.
   (c) "Parties in interest" shall mean all individuals, associations and corporations who have interests of record in a multiple dwelling, and who are in actual possession thereof and any person authorized to receive rents payable for housing space in a multiple dwelling.
   (d) "Multiple dwelling" means and includes any building or structure and land appurtenant.
thereto containing 3 or more apartments or rented or offered for rent to 3 or more tenants or family units.

(e) "Housing space" means that portion of a multiple dwelling rented or offered for rent for living or dwelling purposes in which cooking equipment is supplied, and includes all privileges, services, furnishings, furniture, equipment, facilities, and improvements connected with the use or occupancy of such portion of the property. The term shall not mean or include public housing or dwelling space in any hotel, motel or established guest house, commonly regarded as a hotel, motel or established guest house, as the case may be, in the community in which it is located.

(f) "Bureau of Housing" means the Bureau of Housing in the State Department of Conservation and Economic Development.

(g) "Substandard multiple dwelling" means any multiple dwelling determined to be substandard by the public officer.

3. Within 60 days following the effective date of this act the Bureau of Housing shall promulgate a State Housing Code which shall be effective in any municipality adopting an ordinance under this act. Said code shall set standards consistent with minimum health and safety requirements and covering, but not limited to, matters such as water supply, plumbing, garbage storage, lighting, ventilation, heating, egress, maintenance and use and occupancy.

4. Whenever the governing body of a municipality finds that the health and safety of residents of that municipality are impaired or threatened by the existence of substandard multiple dwellings, it may adopt an ordinance setting forth such a finding and providing for the regulation of rents and the possession of rental space in substandard multiple dwellings. Such ordinance shall include in its provisions that:

(a) A public officer be designated or appointed to exercise the powers prescribed by the ordinance.
(b) Whenever it appears by preliminary investigation that a multiple dwelling is substandard the public officer shall cause a complaint to be served upon the owner of and parties in interest in such multiple dwelling, stating the reasons why said multiple dwelling is deemed to be substandard and setting a time and place for hearing before the public officer. The owners and parties in interest shall be given the right to file an answer and to appear and give testimony. The rules of evidence shall not be controlling in hearings before the public officer.

(c) If, after notice and hearing, the public officer determines the multiple dwelling under consideration is substandard he shall state his findings in writing and shall issue and cause to be served upon the owner or other person entitled to receive said rents an order requiring that such repairs, alterations or improvements necessary to bring such property up to minimum standards be made within a reasonable time.

(d) Failure to complete such repairs, alterations or improvements within a reasonable time as fixed by the public officer shall be cause to impose rent control on the substandard multiple dwelling.

(e) In establishing maximum rents which may be charged for housing space in a multiple dwelling subject to rent control, the permissible rents shall be sufficient to provide the owner or other person entitled to receive said rents with a fair net operating income from the multiple dwelling. The net operating income shall not be considered less than fair if it is 20% or more of the annual income in the case of a multiple dwelling containing less than 5 dwelling units or is 15% or more in the case of a multiple dwelling containing 5 or more dwelling units. In determining the fair net operating income, the public officer shall consider the following items of expense: heating fuel, utilities, payroll, janitorial materials, real estate taxes, insurance, interior painting and decorating, depreciation, and repairs and replacements and additions to furni-
ture and furnishings which expenses shall be deducted from the annual income derived from the multiple dwelling. All items of expense and the amount of annual income shall be certified by the owner or other person entitled to receive said rents on forms provided by the public officer.

(f) The imposition of rent control on any substandard multiple dwelling shall not operate to impair leases existing at the time of the adoption of an ordinance under this act, but shall take effect at the expiration of the term of any such lease and shall remain in effect thereafter so long as the multiple dwelling is subject to rent control.

(g) It shall be unlawful for any person to demand or receive any rent in excess of the maximum rent established for housing space in multiple dwelling subject to rent control or to demand possession of the space or evict a tenant for refusal to pay rent in excess of the established maximum rent. The owner or other person entitled to receive said rents shall not be prevented, however, from exercising his rights to obtain possession of housing space from a tenant as a result of the tenant’s violation of law or contract and the owner or other person entitled to receive said rents shall be provided reasonable grounds to obtain possession of premises for his own personal use and occupancy and for purposes of substantially altering, remodeling or demolishing the multiple dwelling.

(h) Whenever the public officer finds that a multiple dwelling subject to rent control is no longer substandard, he shall so inform the governing body and rent control on said multiple dwelling shall be removed.

5. Any ordinance adopted under this act may provide for the registration of the owners and management of every multiple dwelling in the municipality. Such registration shall be with the clerk of the municipality upon forms prescribed by and furnished by the municipality. Every such registration form shall include the name and address of the owner and the name and address of an agent in charge of the premises residing in the municipality.
6. Any ordinance adopted under this act may provide that in the event the owner of a substandard multiple dwelling fails to comply with an order for repair, alteration or improvement after notice and reasonable opportunity to do so and where such failure to comply results in the continuation of a condition or conditions harmful to the health and safety of the occupants of the multiple dwelling or to the general public, the public officer may, by and with the approval of the governing body of the municipality, bring an action in the Superior Court to be appointed receiver ex officio of the rents and income from such property and expend the same for the purpose of making such repairs, alterations or improvements as are necessary to correct said harmful condition or conditions. The said rents and income so collected by the said receiver shall also be available for the payment of such costs and expenses of the receivership, as may be adjudged by the court, and for the payment to the municipality of any fines or penalties which may have been imposed on the owner for violations of the ordinance and which have not been paid by the person liable therefor. The court may proceed in the action in a summary manner or otherwise. Such receiver shall not be required to give bond and shall be appointed only for the said purposes.

7. Upon his appointment, the receiver, by and with the approval of the governing body of such municipality, in all cases where the real property in question is encumbered by a first mortgage shall appoint such first mortgagee, if such mortgagee is a proper person and is willing to accept such appointment, as the receiver’s agent to collect the rents and income from such real property and manage the same and in all other cases the receiver, by and with the approval of the governing body of such municipality may designate the person in charge or management of such real property or some other competent person as the receiver’s agent to collect the rents and income from such real property and manage the same, which mortgagee
or other person shall account promptly to the receiver for the rents and income so collected; provided, however, that if the mortgagee or other persons so designated is derelict in collecting or accounting for such rents and income or in the management of such real property, the receiver shall apply to the court for the removal of such designated mortgagee or other person, upon notice in writing to him, and the court upon removing such designated mortgagee or other person, in its discretion, may designate another person to collect the rents and income from such real property and manage the same and account to the receiver for the rents and income of such real property as aforesaid.

8. In any such receivership no fees shall be allowed the receiver or his counsel for action as such receiver or counsel.

9. Except as otherwise provided herein, the procedure in respect to any such receivership shall be as in the case of receiverships to secure the payment of delinquent taxes, penalties, interest, costs and expenses wherein a collector of taxes of a municipality or other officer of the municipality is such receiver. In any receivership proceeding under this act, the court shall have jurisdiction to make such orders and directions to the receiver as may be necessary to effectuate the purposes of this act and to conserve the real property during the pendency of the receivership.

10. Any person aggrieved by an order issued by a public officer under this act may, within 60 days after the posting and service of such order, bring an action for injunctive relief to restrain the public officer from carrying out the provisions of the order and for any other appropriate relief. The court may proceed in the action in a summary manner or otherwise. The remedy herein provided shall be exclusive, and no person affected by an order of the public officer shall be entitled to recover any damages for action taken pursuant thereto, or because of noncompliance by any person with any order of the public officer.
11. Nothing in this act shall be construed to abrogate or impair the powers of the courts or of any department of any municipality to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this act shall be in addition and supplemental to the powers conferred by any other law.

12. This act shall take effect immediately.
Approved June 18, 1966.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

Whenever the State Highway Commissioner shall determine that it is necessary that any such facilities which now are, or hereafter may be, located in, on, along, over or
under any such freeway or parkway should be re-

the public utility owning or operating the same,
its successors or assigns, may maintain and operate
such facilities, with the necessary appurtenances,
in the new location or new locations for as long a
period, and upon the same terms and conditions,
as it had the right to maintain and operate such
facilities in their former location. No order of the
State Highway Commissioner for the removal of
such facilities from such freeway or parkway or
the relocation thereof outside of such freeway or
parkway shall be effective except as such order is
approved by the Board of Public Utility Commis-

The provisions of subsections (a), (b) and (c) to the extent that they relate to the unemployment trust fund shall be operative only so long as such unemployment trust fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State’s proportionate share of the earnings of such unemployment trust fund, from which no other State is permitted to make withdrawals. If and when such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the unemployment compensation fund of this State shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit and release such moneys, properties or securities in a manner approved by the division, in accordance with the provisions of this chapter; provided, that such moneys shall be invested in the following readily marketable classes of securities: Bonds or other interest-bearing obligations of the United States of America and of the State of New Jersey; and provided, further, that such investment shall at all times be so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. CHAPTER 185

An Act concerning the classification of prospective bidders on State Highway Department projects and supplementing chapter 7 of Title 27 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. As used in this chapter:
   "Person" means and includes any individual, copartnership, association, corporation or joint stock company, their lessees, trustees, assignees or receivers appointed by any court whatsoever.
   "Official" and "officer" mean and include the designated officer or officers of the State Highway Department.

2. Officials shall require that all persons proposing to submit bids on highway work shall first be classified by the department as to the character and amount of work on which they shall be qualified to submit bids. Bids shall be accepted only from persons qualified in accordance with such classification.

3. Any person desiring such classification shall file with the department a statement under oath in response to a questionnaire, prepared and standardized for like classes of work, by the department. The statement shall develop fully the financial ability, adequacy of plant and equipment, organization and prior experience of the prospective bidder, and also such other pertinent and material facts as may be deemed desirable.

4. The officials shall classify all such prospective bidders as to the character and amount of work on which they shall be qualified to submit bids. The classification shall be made and an immediate notice thereof shall be sent to the prospective bidder by first-class mail within a period of 15 days after the date of receipt of the statement in re-
spouse to the questionnaire; provided, however, that if the official shall require additional information from the prospective bidder, the classification shall be made and the notice sent within 15 days after receipt of such additional information.

5. The classification of the prospective bidder shall be effective 15 days after the receipt of the information specified in section 4 of this act and shall expire 15 months after the date of the financial information provided. No person shall be qualified to bid on any contract who does not have a valid classification as to type and amount of work required by the contract, on the date set for the opening of bids for such contract.

6. Any person, after being notified of his classification, being dissatisfied therewith or with the classification of another person or persons, may request in writing a hearing before the prequalification committee, and may present such further evidence with respect to his financial ability, plant and equipment or prior experience, or that of the other person or persons, as might tend to justify a different classification.

Where the request for a hearing is related to the classification of another person, the applicant for the hearing shall notify such other person, by registered mail, of the time and place of hearing and at the hearing shall present to the committee satisfactory evidence that such notice was given before any matters pertaining to the classification of such other person shall be taken up.

After the hearing, the committee may change or affirm the classification or classifications, the subject of the hearing.

7. The prequalification committee, to be appointed by the State Highway Commissioner, shall consist of the State Highway Engineer; a deputy Attorney General; the Director, Division of Construction; the Director of Accounting and Auditing and the supervising officer, contracts, highway or such other officials as the commissioner may deem appropriate for the performance of these duties.
8. Nothing contained in this act shall be construed as depriving the State Highway Commissioner of the right to reject a bidder at any time prior to the actual award of a contract, where there have been developments subsequent to the classification of such bidder, which in the opinion of the commissioner would affect the responsibility of the bidder. Before taking final action on any such bid, the commissioner shall notify the bidder and give him an opportunity to present any additional information which might tend to substantiate the existing classification.

9. Any person who makes, or causes to be made, a false, deceptive or fraudulent statement in the questionnaire required to be submitted, or in the course of any hearing under this act shall be guilty of a misdemeanor, and upon conviction shall be sentenced to pay a fine of not less than $100.00 nor more than $1,000.00; or, in the case of an individual or the officer or employee charged with the duty of making such questionnaire for a person, firm, copartnership, association or corporation, to pay such fine or undergo imprisonment, not exceeding 6 months, or both. All such persons and any copartnership, association, corporation or joint stock company of which any such person is a partner or officer or director, and any corporation of which he owns more than 25% of the stock, shall for 5 years from the date of such conviction be disqualified from bidding on all public work in this State.

10. The commissioner shall cause the forfeiture as liquidated damages to the State of any certified check or certificate of deposit deposited by any person who makes or causes to be made any false, deceptive or fraudulent statement in the questionnaire or bid information required to be submitted, or in the course of any hearing under this act.

11. The commissioner may establish such reasonable regulations as he may deem appropriate for controlling the qualifications of prospective bidders. The regulations may fix the qualification re-
requirements for bidders according to available capital and equipment, and with due regard to experience and records of past performance and all other pertinent and material facts. The qualification rating of any bidder shall not be influenced by his nationality or place of residence. No regulations of the commissioner for controlling the qualifications of bidders shall become effective until at least 30 days after the regulation shall have been formally adopted and published in not less than 10 newspapers of this State.

12. No action for damages out of any court of competent jurisdiction shall lie against the commissioner or any State official because of any action taken by virtue of the provisions of this act.

13. This act shall take effect immediately.

Approved June 30, 1966.

CHAPTER 191

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of chapter 49 of the laws of 1961 is amended to read as follows:

2. As used in this act

(a) The term “State” means the State of New Jersey.

(b) The term “commission” means the State Health Benefits Commission, created by section 3 of this act.

(c) The term “employee” means an appointive or elective officer or full-time employee of the State of New Jersey. For the purposes of this act an employee of Rutgers, The State University of New Jersey, shall be deemed to be an employee of the State. For the purposes of this act the term “employee” shall not include persons employed on a
short-term, seasonal, intermittent or emergency basis, persons compensated on a fee basis, persons having less than 3 months of continuous service or persons whose compensation from the State is limited to reimbursement of necessary expenses actually incurred in the discharge of their official duties. The term "employee" shall also not include persons, active or retired, who are otherwise eligible for benefits under this act but who, although they meet the age eligibility requirement of the Federal Medicare program, are not covered by the complete Federal program. A determination by the commission that a person is an eligible employee within the meaning of this act shall be final and shall be binding on all parties.

(d) The term "dependents" means an employee's spouse and the employee's unmarried children under the age of 23 years who live with the employee in a regular parent-child relationship. "Children" shall include stepchildren, legally adopted children and foster children provided they are reported for coverage and are wholly dependent upon the employee for support and maintenance. A spouse or child enlisting or inducted into military service shall not be considered a dependent during such military service. The term "dependents" shall not include spouses of persons, active or retired, who are otherwise eligible for the benefits under this act but who, although they meet the age eligibility requirement of the Federal Medicare program, are not covered by the complete Federal program.

(e) The term "carrier" means a voluntary association, corporation or other organization which is lawfully engaged in providing or paying for or reimbursing the cost of, personal health services, including hospitalization, medical and surgical services, under insurance policies or contracts, membership or subscription contracts, or the like, in consideration of premiums or other periodic charges payable to the carrier.

2. Section 3 of chapter 49 of the laws of 1961 is amended to read as follows:
3. There is hereby created a State Health Benefits Commission, consisting of the State Treasurer, the Commissioner of Banking and Insurance and the President of the Civil Service Commission. The treasurer shall be chairman of the commission and the health benefits program authorized by this act shall be administered in the Treasury Department. The Director of the Division of Pensions shall be the secretary of the commission. The commission shall establish a health benefits program for the employees of the State, the cost of which shall be paid as specified in section 6 of this act. The program shall commence at the earliest date in the fiscal year ending June 30, 1962, consistent with available appropriations. The commission shall establish rules and regulations as may be deemed reasonable and necessary for the administration of this act.

The Attorney General shall be the legal advisor of the commission.

3. Section 5 of chapter 49 of the laws of 1961 is amended to read as follows:

5. (A) The contract or contracts purchased by the commission pursuant to section 4 shall as a minimum provide 2 separate coverages or policies as follows:

(1) Basic benefits which shall include
   (a) Hospital benefits, including out-patient,
   (b) Surgical benefits,
   (c) In-patient medical benefits, and
   (d) Obstetrical benefits, in the case of family contracts.

   Basic benefits shall be substantially equivalent to those available on a group remittance basis to employees of the State and their dependents under the subscription contracts of the New Jersey "Blue Cross" and "Blue Shield" Plans in effect on the effective date of this act; and

(2) Major medical expense benefits which shall provide benefit payments for reasonable and necessary eligible medical expenses for hospitalization, surgery, medical treatment and other related services and supplies to the extent they are not covered...
by basic benefits. The commission may, by regulation, determine what types of services and supplies shall be included as "eligible medical services" under the major medical expense benefits coverage as well as those which shall be excluded from or limited under such coverage. Benefit payments for major medical expense benefits shall be equal to a percentage of the reasonable charges for eligible medical services incurred by a covered employee or an employee's covered dependent, during a calendar year as exceed a deductible for such calendar year of $100.00 subject to the maximums hereinafter provided and to the other terms and conditions authorized by this act. The percentage shall be 80%, except that it shall be 50% in the case of charges for eligible medical services for the treatment of mental or nervous disorders in the out-patient department of a hospital or on an out-of-hospital basis. There shall be a separate deductible for each calendar year for (a) each enrolled employee and (b) all enrolled dependents of such employee. Not more than $10,000.00 shall be paid for major medical expense benefits with respect to any one person for any 1 calendar year and not more than $20,000.00 shall be paid for such benefits with respect to any one person for the entire period of such person's coverage under the plan, whether continuous or interrupted, except that the maximums of $10,000.00 and $20,000.00 may be reapplied to a covered person. Under the conditions agreed upon by the commission and the carriers as set forth in the contract, the deductible for a calendar year may be satisfied in whole or in part by eligible charges incurred during the last 3 months of the prior calendar year.

(B) Benefits under the contract or contracts purchased as authorized by this act may be subject to such limitations, exclusions, or waiting periods as the commission finds to be necessary or desirable to avoid inequity, unnecessary utilization, duplication of services or benefits otherwise available, including coverage afforded under the laws of the United States, such as the Federal Medicare program, or for other reasons.
(C) The rates charged for any contract purchased under the authority of this act shall reasonably and equitably reflect the cost of the benefits provided based on principles which in the judgment of the commission are actuarially sound. The rates charged shall be determined by the carrier on accepted group rating principles with due regard to the experience, both past and contemplated, under the contract. The commission shall have the right to particularize subgroups for experience purposes and rates. No increase in rates shall be retroactive.

(D) The initial term of any contract purchased by the commission under the authority of this act shall be for such period, not extending beyond June 30, 1962 to which the commission and the carrier may agree, but permission may be made for automatic renewal in the absence of notice of termination by the State. Subsequent terms for which any contract may be renewed as herein provided shall each be limited to a period not to exceed 1 year.

(E) The contract shall contain a provision that if basic benefits of an employee or of an eligible dependent under the contract, after having been in effect for at least 1 month, is terminated, other than by voluntary cancellation of enrollment, there shall be a 31-day period following the effective date of termination during which such employee or dependent may exercise the option to convert, without evidence of good health, to left-group conversion coverage issued by the carrier on a direct payment basis. Such conversion coverage shall include benefits of the type classified as "basic benefits" in subsection A hereof. The provision shall further stipulate that the employee or dependent exercising the option to convert shall pay the full periodic charges for the left-group coverage which shall be subject to such terms and conditions as are normally prescribed by the carrier for this type of coverage.

4. Section 6 of chapter 49 of the laws of 1961 is amended to read as follows:
6. (A) For each active covered employee the State, from funds appropriated therefor, shall pay the premium or periodic charges for the benefits provided under the contract in amounts equal to the premium or periodic charges for the benefits provided under such a contract covering the employee alone and shall reimburse the active employee for his premium charges under Part B of the Federal Medicare program covering the employee alone.

(B) An employee may, on an optional basis, enroll his dependents for coverage under the contract subject to such regulations and conditions as the commission and the carrier may prescribe. The amount of the total premium or periodic charge for such contract in excess of the amount paid by the State under subsection (A) of this section shall be the sole responsibility of the employee who, at the time of such enrollment, shall authorize the State to withhold the amount of such excess, on an advance basis, from his wages or salary. There is hereby created a health benefits fund consisting of all such withholdings from wages or salaries of employees. All such withholdings shall be remitted to such fund. Said fund shall be used to pay the portions of the premiums or periodic charges for which the employee is responsible under this act. Whenever any dividend or retrospective rate credit is declared or allowed by a carrier under a contract, the commission shall determine, in an equitable manner, the amount thereof attributable to the dependents coverage and shall credit said fund with such amount.

5. Section 7 of chapter 49 of the laws of 1961 is amended to read as follows:

7. The coverage provided solely for employees shall, subject to the provisions below, automatically become effective for all eligible employees from the first day on or after the effective date of the program on which they satisfy the definition of "employee" contained in this act.

The commission shall establish such rules and regulations governing the enrollment and effective
dates of coverage of dependents of employees as it deems are necessary or desirable. Under the rules and regulations established by the commission, each employee shall be given the opportunity to enroll for coverage for his dependents as of the earliest date he becomes eligible for such enrollment. An employee may elect to enroll his dependents for basic coverage and major medical expense coverage, but may not enroll for major medical expense coverage alone.

If, on the date coverage for an employee would become effective, he is not actively at work on full time at his customary place of employment or other location to which his employment requires him to travel, he shall not be covered until he is so actively at work.

Each employee shall furnish the commission, in such form as is prescribed, such information as is necessary on account of his own coverage and as is necessary to enroll his dependents. Any employee not desiring coverage at the time he first becomes eligible, shall give the commission written notice of that fact in such form as the commission may prescribe. Such employee may not enroll thereafter except at such times and under such conditions as the commission may prescribe.

If an employee eligible for coverage has a spouse who is also an employee eligible for coverage, the spouse may elect to forego coverage as an employee and to enroll for both basic benefits and the major medical expense benefits as a dependent, in which event no coverage shall be provided for such spouse as an employee while covered as a dependent. The employee, who has enrolled such spouse, may receive a refund from the State equivalent in amount to the State's cost for an employee's coverage. When both husband and wife are covered as employees, only one may enroll for their children as dependents.

6. Section 8 of chapter 49 of the laws of 1961 is amended to read as follows:

8. The basic coverage and the major medical coverage of any employee, and of his dependents,
if any, shall cease upon the discontinuance of his term of office or employment or upon cessation of active full-time employment subject to such regulations as may be prescribed by the commission for limited continuance of basic coverage and major medical coverage during disability, part-time employment, leave of absence or lay off, and for continuance of basic coverage and major medical coverage after retirement, any such continuance after retirement to be provided at such rates and under such conditions as shall be prescribed by the commission subject, however, to the requirements hereinafter set forth in this section. The commission may also establish regulations prescribing an extension of coverage when an employee or dependent is totally disabled at termination of coverage.

Rates payable by retired employees for themselves and their dependents, by active employees for dependents covered by Medicare benefits, and by the State or other employer for an active employee alone covered by Medicare benefits, shall be determined on the basis of utilization experienced according to classifications determined by the commission, provided, however, that the total rate payable by such retired employee for himself and his dependents, or by such active employee for his dependents and the State or other employer for such active employee alone, for coverage hereunder and for Part B of Medicare, shall not exceed by more than 25%, as determined by the commission, the total amount which would have been required to have been paid by him and by the State or other employer for the coverage maintained had he continued in office or active employment and he and his dependents were not eligible for Medicare benefits. "Medicare" as used in this act means the coverage provided under Title XVIII of the Social Security Act as amended in 1965, or its successor plan or plans.

7. Section 7 of chapter 125 of the laws of 1964 is amended to read as follows:
7. The commission shall certify to the certifying agent of each employer electing participation under the program the premium rates and periodic charges applicable to the coverage provided for employees and dependents. The participating employer shall remit to the State Treasury all contributions to premiums and periodic charges in advance of their due dates, subject to the rules and regulations of the commission.

The employer shall reimburse the active employee for his premium charges under Part B of the Federal Medicare program covering the employee alone.

8. This act shall take effect immediately.
Approved June 30, 1966.

   (b) Any book, publication, picture, writing, record or other mechanical or electronic audio or visual reproduction or other material shall be obscene within the meaning of subsection (a) hereof if it is established that:

       (1) The dominant theme of the material taken as a whole appeals to a prurient interest;

       (2) The material is patently offensive because it affronts contemporary community standards relating to the description or representation of sexual matters; and

       (3) The material is utterly without redeeming social value.

2. In any prosecution under the provisions of the chapter to which this act is a supplement, evidence of pandering or evidence that the sale or distribution of the material in question was exploited on the basis of its appeal to prurient interests, may be considered in determining whether the material is utterly without redeeming social value.

3. Any person who knowingly sells, lends or gives away to a person under the age of 18 years or in...
duces or seeks to induce a person under the age of 18 years to buy, borrow, or receive

a. Any book, publication, picture, writing, record or other mechanical or electronic audio or visual reproduction or other material of any person or person of age of puberty or older, posed or presented in such a manner as to exploit lust for commercial gain and which would appeal to the lust of persons under the age of 18 years and which shows, depicts or reveals such person or persons in acts of sexual stimulation, deviation or perversion with one's self or with another or others.

b. Any collection, series or combination of photographs, drawings or other similar representations, whether or not contained in books, publications, pictures, writings, records or other mechanical or electronic audio or visual reproductions, of any person or persons of the age of puberty or older, posed or presented in such a manner as to exploit lust for commercial gain, and depicted or shown in such a posture or way that the viewer's attention or concentration is primarily focused on that person or those persons in acts of sexual stimulation, deviation or perversion which would appeal to the lust of persons under the age of 18 years, or

c. Any book, publication, picture, writing, record or other mechanical or electronic audio or visual reproduction or other material, containing details, descriptions or narrative accounts of acts of sexual stimulation, deviation or perversion with one's self or with another or others, which details, descriptions or narrative accounts are written or presented in such a manner as to exploit lust for commercial gain and which would appeal to the lust of persons under the age of 18 years and which are to be distinguished from flat and factual statements of the facts, causes, functions or purposes of the subject of the writing or presentation, such as would be found in bonafide medical or biological text books, shall be guilty of a misdemeanor.

For the purposes of this section, "knowingly" shall mean having knowledge of the character and content of any item described in this section, or
failure to exercise reasonable inspection which would disclose the character and content of the item.

4. The establishment of all of the following facts by a defendant in a prosecution hereunder shall constitute a defense to the prosecution; (a) that the person under the age of 18 years falsely represented in writing that he or she was 18 years of age or over, and (b) that the appearance of the person was such that an ordinary prudent individual would believe him or her to be 18 years of age or over, and (c) that the sale or distribution to the person was made in good faith relying upon such written representation and appearance and in the reasonable belief that the person was actually 18 years of age or over.

5. CHAPTER 205

An Act concerning the construction or acquisition of sewerage disposal facilities and sanitary sewerage facilities by counties separately or jointly with municipalities located therein and supplementing chapter 23 of Title 40 of the Revised Statutes.
Preamble. Whereas, It has been found and determined that many counties in the State of New Jersey contain areas and municipalities which do not have adequate regional or comprehensive sanitary sewage disposal facilities or sanitary sewer facilities or which have such limited or local facilities which are presently inadequate and insufficient to meet the needs of such counties and areas and municipalities therein; and

Preamble. Whereas, It is the objective of both the Federal Government and the State Department of Health of New Jersey to initiate and encourage regional sewerage facilities for the purpose of collection, treatment and disposal of domestic and industrial wastes; and

Preamble. Whereas, It is essential for the health, safety and welfare of the inhabitants of such counties and the areas and municipalities therein that improved, enlarged or new sewage disposal facilities and sanitary sewer facilities be constructed or acquired in such areas or municipalities not now being served by such facilities or that existing facilities which may be inadequate be improved and extended where required; and

Preamble. Whereas, Stream flow regulation may be required to assist and provide for proper sewerage disposal facilities by providing necessary retention basins, impoundment facilities and other recognized means of stream flow regulation; and

Preamble. Whereas, Natural stream flows must be preserved, from the standpoint of both quality and quantity, by providing ultra methods of waste treatment, waste water re-use through ground-water recharge, retention in basins, impoundments and reservoirs, and other means of total water management; and

Preamble. Whereas, The cost of such construction of sewage disposal facilities and sanitary sewer facilities or the construction of additions, extensions or
improvements to existing facilities in many of such areas or municipalities would, if financed by such areas, regions or municipalities on an individual basis, be prohibitive and exorbitant; and

Whereas, There is a pressing need for counties to aid the inhabitants of such areas, regions and municipalities therein by constructing or acquiring new or improved sewage disposal facilities and sanitary sewerage facilities, or parts thereof, where required, or by constructing or acquiring additions, extensions and improvements to existing sewerage disposal facilities and sanitary sewerage facilities, or parts thereof, where required, and to finance the cost of any such construction or acquisition either alone or jointly with any municipality or municipalities, joint meetings or sewerage authorities therein by the issuance of bonds of such counties; now, therefore,

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the "County Sewerage Financing Law."

2. As used in this act the following words and terms shall have the following meanings unless some other meaning is plainly indicated:

(4) The term “sanitary sewerage facilities” shall include all sanitary sewer facilities, other than treatment or disposal facilities, but including such collection or lateral mains, trunks, force or intercepting mains or pumping stations as may be necessary for the collection of sewerage from premises, including industrial premises, and for carrying such sewage to sewage disposal or treatment facilities, and all necessary appurtenances and equipment and shall include all property, rights, easements, franchises relating to any such sanitary sewer facilities necessary or convenient for operation thereof.

(5) The word “facilities” when used alone, shall mean both such sewerage disposal facilities and sanitary sewer facilities, or either of them as the context shall require and shall include such stream flow regulation or impoundment reservoirs for stream flow control, waste water re-use and total water management within a watershed.

struction and for 1 year after completion of construction, cost of plans and specifications, surveys of estimates of costs and of revenues, cost of engineering and legal services, and all other expenses necessary or incident to determining the feasibility or practicability of such construction, reconstruction or improvement, administrative expense and such other expense as may be necessary or incident to the construction or acquisition of such facilities, and the financing herein authorized. 3. Any county in the State which may hereafter come under the provisions of this act as hereinafter provided is hereby authorized and empowered:

(1) To purchase, construct, improve, extend, enlarge or reconstruct sewerage disposal facilities or sanitary sewer facilities within such county either alone or jointly with any municipality, joint meeting or sewerage authority located within such county, and to operate, manage and control all or part of such sewerage disposal facilities and sanitary sewer facilities so purchased or constructed and all properties pertaining thereto, and to furnish and supply the services of its sewerage disposal facilities to any municipalities within such county; provided, however, that none of the facilities pro-
vided by this act may be constructed, owned, operated or maintained by the county on property located within the corporate limits of any municipality without the consent of the council or governing body having general legislative authority in the government of such municipality unless such facilities were owned by the county on such property prior to the time such property was included within the corporate limits of such municipality. No county shall furnish any of the facilities provided by this article to any property already being furnished like facilities by any municipality, joint meeting or sewerage authority, without the express consent of the council or governing body, joint meeting or sewerage authority, having general legislative authority in the government of such municipality;

(2) To issue general obligation bonds of the county to pay all or part of the cost of such purchase, construction, improvement, extension, enlargement or reconstruction of such facilities;

(5) To acquire in the name of the county by gift, purchase as hereinafter provided, or by the exercise of the right of eminent domain, such lands and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property, as it may deem necessary for the purchase, construction, improvement, extension, enlargement or reconstruction, or for the efficient operation of any facilities purchased or constructed
under the provisions of this act and to hold and dispose of all real and personal property under its control.

(6) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act and to employ such consulting and other engineers, superintendents, managers, attorneys, financial or other consultants or experts and such other employees and agents as it may deem necessary in its judgment and to fix their compensation;

(7) Subject to the provisions and restrictions as may be set forth in the ordinance hereinafter mentioned authorizing or securing any bonds issued under the provisions of this act, to enter into contracts with the government of the United States or any agency or instrumentality thereof or with any other county or with any municipality, private corporation, copartnership, association, or individual providing for or relating to the collection, treatment and disposal of sewage, including industrial wastes, which contracts may provide for the furnishing of sewer services either by or to the county, or the joint construction or operation of sewerage facilities.

(8) To acquire by gift or purchase at a price to be mutually agreed upon, any of the facilities or portions thereof, provided for by this act, which shall, prior to such acquisition, have been owned by any private person, group, firm, partnership, association or corporation; provided, however, if the price for same cannot be agreed upon, the price shall be determined by an arbitration board consisting of 3 persons, one of whom shall be selected by the board of chosen freeholders, one shall be appointed by the private company or corporation, and the 2 persons so selected shall select a third member of said board; and provided, further, that in the event said board cannot agree as to the price to be paid by the said board of chosen freeholders,
then the board of chosen freeholders shall exercise the right of eminent domain in the manner provided by law;

(9) To enter into agreements and contracts with building contractors erecting improvements within any duly platted subdivision within the county, the terms of which said agreements or contracts may provide that such building contractors shall install within such subdivision sewer mains and lines, to be approved by the county, said mains and lines to run to a point or location to be agreed upon, at which said point or location said mains and lines shall be connected to the sewerage disposal facilities of the county. In the event such agreements or contracts are entered into they shall provide that upon the connection of the mains or lines within the subdivision to the sewer facilities of the county said mains, lines and equipment running to the various privately owned parcels of land within such subdivision shall become the property of the county and shall become a part of the county sewerage disposal facilities.

4. Whenever the board of chosen freeholders of any of the several counties of the State by resolution chooses to exercise the powers granted by this act it shall make or cause to be made such surveys, investigations, studies, borings, maps, plans, drawings and estimates of costs and of revenues as it may deem necessary relating to the type of disposal and treatment and estimate of cost of such sewerage disposal facilities, the purchase or construction of which shall be deemed by the board to be desirable and also relating to the sanitary sewerage facilities, if any, or part thereof it deems necessary to purchase or construct, to protect the health of the inhabitants of the county.

The obtaining of such surveys, investigations, studies, borings, maps, plans, drawings and estimates is hereby declared to be a county purpose and the costs thereof may be paid out of the general funds of the county, but which shall be reimbursed to the county from the proceeds of any bonds issued pursuant to this act.
All public or private property damaged or destroyed in carrying out the powers granted by this act shall be restored or repaired and placed in its original condition as nearly as practicable or adequate compensation made therefor out of the funds provided by this act.

5. The board of chosen freeholders is hereby authorized to provide by ordinance at one time or from time to time for the issuance of general obligation bonds of the county for the purpose of paying all or any part of the cost of any sewerage disposal facilities constructed, acquired, improved, extended, enlarged or reconstructed pursuant to this act. The bonds of each issue shall be issued pursuant to the provisions of the Local Bond Law, constituting chapter 2 of Title 40A of the New Jersey Statutes. The proceeds of such bonds shall be used solely for the payment of costs of the sewerage disposal facilities for the purchase, construction, reconstruction, enlargement or improvement of which such bonds shall have been authorized.

The board of chosen freeholders may also pledge to the payment of any or all of such bonds so issued all or any part of the revenues derived by the county from the operation or rental of its sewerage disposal facilities.

6. A county may negotiate and enter into contracts, with municipalities within or adjoining its boundaries, joint meetings, sewerage authorities and with private sewer companies operating therein and adjoining the county and may negotiate and enter into like contracts with any other municipality or any private sewer company which may be discharging sewage directly or indirectly into any river or its tributaries and which might advantageously use the sewerage disposal facilities of the county, and may negotiate and enter into like contracts with persons or corporations engaged in public or private industry (herein called “industry” or “industries”) within its boundaries who or which shall be discharging into any river or its tributaries any sewage, waste which cannot con-
veniently be disposed of through the sewerage system of any municipality or private sewer company.

7. After the commencement of operation of sewerage disposal facilities, the county may prescribe and change from time to time rates or rentals to be charged for the use of the services of such facilities. Such rates or rentals being in the nature of use or service charges or annual rental charges, shall be uniform and equitable for the same type and class of use or service of such facilities. Such rates or rentals and types and classes of use and service may be based on such factors which the board of chosen freeholders of the county shall deem proper and equitable within each regional facility.

8. If a county, pursuant to agreement with a municipality or municipalities therein, joint meetings or sewerage authorities, shall construct or acquire sewerage disposal facilities which will benefit such municipality or municipalities, joint meetings or sewerage authorities, such county may either (1) bear the entire cost of the construction or acquisition of such facilities by itself, or (2) share the cost of the construction or acquisition of such improvements with the municipality or municipalities, joint meetings or sewerage authorities. The county may issue its bonds for all or part of the cost of the construction or acquisition of such facilities. If the cost thereof is to be shared by such municipality or municipalities, joint meetings or sewerage authorities, the county may issue its bonds for its share of such cost and such municipality or municipalities, joint meetings or sewerage authorities, may issue their bonds for their share of such cost, or the county may issue its bonds for all of the cost of such facilities, and the share of such cost to be borne by such municipality or municipalities, joint meetings or sewerage authorities shall be repaid to the county by such municipality or municipalities, joint meeting or sewerage authority in annual installments over a period not exceeding 40 years as shall be agreed upon between the county
and such municipality or municipalities, joint meeting or sewerage authority. The amount of said annual installments shall include interest at such rate or rates as the county and such municipality or municipalities, joint meeting or sewerage authority shall agree upon, and the county and such municipality or municipalities, joint meeting or sewerage authority are hereby authorized to enter into agreements relating to such facilities which agreements shall have such terms and conditions as shall be deemed necessary and proper by such county and such participating municipality or municipalities, joint meeting or sewerage authority. Such agreements shall be authorized by a resolution duly adopted by the board of chosen freeholders of the county and by an ordinance duly adopted by the governing body of such municipality, municipalities, joint meeting or sewerage authority. Such annual payments received by a county from such municipality, municipalities, joint meeting or sewerage authority may also include an additional annual amount as shall be agreed upon for the payment of the agreed share of the cost of operation and maintenance and improvement or enlargement of such facilities. Notwithstanding any provisions of any other law or laws now existing or hereafter enacted, none of such annual payments to be made by such municipality, municipalities, joint meeting or sewerage authority to such county shall be included in any computation of gross or net indebtedness required under any such other law or laws.

Notwithstanding any provisions of any other law or laws now existing or hereafter enacted, the amount of any bonds issued by a county to finance the share of any municipality, municipalities, joint meeting or sewerage authority of the cost of the construction of acquisition of such facilities shall not be included in any computation of gross or net indebtedness under any such other law or laws as long as such county and such municipality, municipalities, joint meeting or sewerage authority have entered into an agreement pursuant to this section.
under which the share of such municipality, municipalities, joint meeting or sewerage authority shall be repaid to such county as provided in this section.

9. Any municipality, joint meeting or sewerage authority with which a county is authorized to contract under the terms and provisions of this act shall have power, by ordinance duly adopted by its governing body to authorize its proper officials to enter into and execute for it a contract, for such periods of time and under such terms as are deemed proper and necessary, with a county, for the collection, treatment and disposal of all or any specified part of the sewage arising or collected in or by such municipality, joint meeting or sewerage authority, by the sewerage disposal facilities of such county and such contract shall be valid and binding upon the municipality, joint meeting or sewerage authority notwithstanding that no appropriation was made or provided to cover the estimated cost of such contract, and the governing body of the municipality, joint meeting or sewerage authority shall have full power and authority to do and perform all acts and things on the part of the municipality, joint meeting or sewerage authority to be done and performed under the terms and provisions of such contract. Any private sewer company or industry shall likewise have power to enter into a contract with a county for the collection, treatment and disposal of the sewage or the waste collected or discharged by it by the sewerage disposal facilities of a county.

10. Notwithstanding any restriction contained in any other law, the State and all public officers, municipalities, counties, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries, may legally invest any sinking fund moneys or other
funds belonging to them or within their control in any bonds of a county authorized pursuant to this act, and such bonds are hereby made and shall be authorized security for any and all public deposits. Any such bonds and the interest thereon shall be exempt from taxation except for transfer and inheritance taxes.

11. The chief fiscal officer of each municipality, joint meeting or sewerage authority which shall have entered into a contract pursuant to this act, shall cause to be paid to the county, at such times to be agreed upon, the amount of money certified to the municipality, joint meeting or sewerage authority by the county pursuant to this act. The power and obligation of such municipality, joint meeting or sewerage authority to provide for and make all such payments shall be unlimited and the sums necessary for such payment shall be included in each annual budget of such municipality, joint meeting or sewerage authority and such municipality, joint meeting or sewerage authority shall be irrevocably and unconditionally obligated to levy ad valorem taxes on all taxable property therein or service charges for users, as the case may be, without limit as to rate or amount to the full extent necessary to make all such payments in full as the same become due. If any part of the amount certified to a municipality, joint meeting or sewerage authority by a county, pursuant to this act, shall remain unpaid for 30 days following the date fixed for payment by the contract, the municipality, joint meeting or sewerage authority thus in default shall be charged with and liable for, and the chief fiscal officer thereof shall pay to such county interest upon the amount unpaid at the rate of 8% per annum.

12. Each private sewer company or industry which shall have entered into a contract with a county pursuant to this act, shall pay at such times as shall be provided in such contract to the contracting county, the sum of money certified to it by such county pursuant to this act, on or before the date provided for such payment in such contract. Any such sum of money so certified by a county

shall be a lien in favor of such county on and against the property of such private sewer company or industry. If such sum of money or any part thereof is not paid to the contracting county on or before such contract payment date, the unpaid amount shall bear interest at the rate of 8% therefrom until payment is complete and, such county shall make and record, in the same manner as conveyances of interest in real property are recorded, a certificate setting forth the facts and giving notice of the existence and amount of such lien remaining unsatisfied. So far as permitted by law, such lien shall have priority over all other liens theretofore or thereafter attaching except those of Federal, State and local taxes.

13. The object and design of this act being the protection and preservation of public health, safety and welfare, this act shall be liberally construed and the powers granted and the duties imposed by this act shall be construed to be independent and severable. If any one or more sections, clauses, sentences or parts of this act shall for any reason be questioned in any court, and shall be adjudged unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provisions so held unconstitutional or invalid.

14. In the event a county sewerage or municipal utilities authority has been established in a county pursuant to the provisions of chapter 123 of the laws of 1946 (c. 40:36A-1 et seq.) or chapter 138 of the laws of 1946, the ‘‘sewerage authorities law,’’ (c. 40:14A-1 et seq.), no county shall establish any competitive sewerage disposal system within such county under the provisions of this act without the consent of such existing authority.

Except for the foregoing, insofar as the provisions of this act are inconsistent with the provisions of any other act, general or special, the provisions of this act shall be controlling.

15. This act shall take effect immediately.

Approved July 21, 1966.

An applicant for registration for trailers and semitrailers shall pay to the director a fee of $15.00 for each such vehicle.

In addition to the registrations authorized to be issued pursuant to the aforesaid provisions of this section, the director shall issue registrations for automobile commercial vehicles, trailers, semitrailers, and tractors providing for the gross weight of vehicle and load over 40,000 pounds but not exceeding 70,000 pounds, upon application therefor and proof to the satisfaction of the director that
the applicant is actually engaged in construction work or in the business of supplying material, transporting material, or using such registered vehicle for construction work. The license plate so issued shall be marked "constructor" and shall be placed upon the vehicle or vehicles registered under this section. In no event shall a vehicle or combination of vehicles, operating as a unit, registered under this section and using "constructor" registration plates exceed a maximum gross weight, inclusive of load, of 70,000 pounds.

The applicant for "constructor" registration plates authorized herein shall pay therefor on each vehicle at the rate of $15.00 per thousand pounds of gross weight of vehicle and load.

Vehicles registered and using "constructor" registration plates may not be operated at a distance greater than 30 miles from the point established as a headquarters for the particular construction operation and such vehicles, except as hereafter provided, must comply with the speed limitations of Title 39 of the Revised Statutes. Such vehicles when carrying a gross weight of vehicle and load less than 50% of the certificate of registration shall comply with applicable speed laws and shall not move along a highway at a speed greater than 40 miles per hour. When carrying a gross weight of vehicle and load in excess of 50% of the certificate of registration, such vehicle shall comply with applicable speed laws and shall not move along a highway at a speed greater than 30 miles per hour.

It shall be unlawful for any vehicle registered under this act having gross weight of load and vehicle including the gross weight of all vehicles and load in any combination of vehicles in excess of the gross weight provided on the registration certificate to be operated on the highways of this State.

In the event that a truck, road tractor or truck tractor registered under this act is found on a highway in combination with a trailer or semi-
trailer duly registered in any other State or Federal district which imposes registration weight fees on such trailers or semitrailers, the drawing vehicle of the combination registered under this act shall have a gross weight registration equal to at least $\frac{1}{2}$ of the combined gross weight of all the vehicles and load in the combination of vehicles. If it does not, the operation of said combination of vehicles on the highways of this State shall be unlawful.

The 5% allowance provided by section 5 of P. L. 1950, chapter 142 shall be applicable as heretofore to all registered weight limitations provided in this section, except that in no event shall the gross weight of any vehicle or combination of vehicles, including load, exceed the Federal maximum of 73,280 pounds or as such may be amended from time to time. In the case of a truck, road tractor or truck tractor registered under this act in combination with a trailer or semitrailer duly registered in any other State or Federal district which imposes registration weight fees on such trailers or semitrailers, known as a mixed combination, the 5% allowance shall be applied by adding to the registered weight of the drawing vehicle registered under this act 5% of said registered weight. If the resulting sum is equal at least to $\frac{1}{2}$ of the combined gross weight of the mixed combination, then the mixed combination shall be in compliance with the registration requirements of this section.

Moneys realized from the increase of the fees for registrations issued pursuant to the provisions of this act shall be paid into the State treasury and credited to the General State Fund and available for general State purposes.

This section shall not be construed to supersede or repeal the provisions of either sections 39:3-84 or 39:4-75 of this Title.

3. Section 5 of chapter 142 of the laws of 1950 is amended to read as follows:

5. Any State Police officer or motor vehicle inspector having reason to believe that the size or weight of a vehicle and load is unlawful is author-
ized to require the driver to stop and submit to a measurement or weighing of the same by means of either portable or stationary scales and may require that such vehicle be driven to the nearest public scales in the event such scales are within 2 miles.

Whenever an officer or inspector upon measuring or weighing a vehicle and load, as above provided, determines that the size or weight is unlawful, such officer shall require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the size or gross weight of such vehicle to such limit as permitted under this act, or permitted by the certificate of registration for the vehicle, whichever may be lower. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

No vehicle shall be deemed to be in violation of the overweight provision of this act when, upon examination by an officer or inspector, the vehicle’s dispatch papers show it is proceeding from its last preceding freight pickup point within the State of New Jersey by a reasonably expeditious route to the nearest available scales or to the first available scales in the general direction towards which the vehicle has been dispatched, or is returning from such scales after weighing-in to the last preceding pickup point.

When an officer or inspector determines that a vehicle is in violation of the axle weight limitations of this act but is within the legal gross maximum weight, the driver shall be permitted before proceeding to redistribute the weight of the vehicle’s contents so that no axle is overweight, in which event there is no violation.

No arrest shall be made in cases where weight limitations provided in this section are not exceeded by more than 5%, except that arrests may be made where the gross weight of any vehicle or combination of vehicles, including load, exceeds
the Federal maximum of 73,280 pounds, or as such may be amended from time to time.

Any person who prepares, presents to an officer or has in his possession false dispatch papers, that is to say, dispatch papers which do not correspond to the cargo carried, shall be subject to a fine not exceeding $100.00.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a measurement or weighing, or who fails or refuses when directed by an officer upon a measurement or weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be subject to a fine not exceeding $100.00.

The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway in violation of the dimensional restrictions of Revised Statutes 39:3-84 shall be fined not less than $200.00 nor more than $500.00. The owner, lessee and bailee of any commercial motor vehicle, tractor, trailer or semitrailer found on a highway with a gross weight of vehicle and load in excess of the weight limitation permitted by the certificate of registration for the vehicle or in excess of the gross weight limitations imposed by this Title for vehicle and load or an axle weight in excess of the axle weight limitations imposed by this Title, shall be fined an amount equal to $0.02 per pound for each pound of excess weight if the excess does not exceed 10,000 pounds, and $0.03 per pound for each pound of excess weight if the excess weight exceeds 10,000 pounds, but in no event less than $50.00.

The owner, lessee and bailee of a truck, road tractor or truck tractor registered under this act and found on a highway in combination with a trailer or semitrailer duly registered in any other State or Federal district which imposes registration weight fees on such trailers or semitrailers and in violation of the weight limitations of Revised Statutes 39:3-20 shall be fined an amount equal to $0.02 for each pound by which ½ of the
combined gross weight of all vehicles in the combination, including load, shall exceed the gross weight registration of the drawing vehicle registered under this act, if the excess is not greater than 10,000 pounds, and $0.03 for each pound of the excess if it is greater than 10,000 pounds, but in no event less than $50.00. Whenever it is found that there is a weight in excess of any 2 or more of said weight limitations, the fine shall be levied only for the violation involving the greater or greatest excess weight.

4. This act shall take effect April 1, 1967.

Approved July 21, 1966.

The pension commission shall recommend and the board of freeholders shall appoint independent investment counsel to service the investment needs of the fund.

2. Section 6 of P. L. 1948, chapter 310 is amended to read as follows:

6. The members and certain conditions of membership in the retirement system created by this act shall be as follows:

(a) All persons who shall hereafter become employees before they become 40 years of age, shall, after they complete 3 months of service, and be
found physically and mentally fit to the satisfaction of the pension commission herein provided for, become members of the county employees’ retirement system created under this act, and shall receive no pension or retirement allowance from any other pension or retirement system supported wholly or in part by the county, nor shall they be required to make contributions to any other pension or retirement system of said county, anything to the contrary notwithstanding.

Such persons shall not be given credit for pension purposes hereunder for any prior service; provided, however, that where any such employee has had prior service as an employee in any State, county or municipal position, such employees shall be given credit for pension purposes hereunder for such prior service upon written application therefor to the pension commission within 1 year after becoming a member of this retirement system and upon payment into the retirement system herein provided, for a period of time equal to the length of prior service for which credit is allowed, of a sum of money equal in amount to 6% of salary, said 6% of salary being based upon the salary received by such employee at the time of the making of said application. Said sum of money may be paid in one lump sum or by semimonthly deductions from salary, whichever method the applicant may elect, together with the regular deductions provided by this act, until completed; provided, however, that such prior service shall be credited only as paid for. All payments aforesaid by the employee shall be made together with interest thereon at a rate to be determined by the pension commission.

(b) All employees at the time of the adoption of this act, who were under the age of 40 years at the time of their appointment or election to public office in the county government, and were not members of any retirement system supported wholly or in part by the county, and who did not become members of the retirement system created under this act before January 1, 1949, may now become members
of the retirement system created under this act upon written application made to the pension commission within 90 days from the adoption of this amendatory act, under Plan (B1) and Plan (B2) as defined in said act and upon payment for prior service as provided under either of said plans.

(B1) To receive credit for service rendered to the county prior to joining this retirement system such employee shall pay into this retirement system a sum of money equal to 3% of salary received either since June 1, 1937, or since August 1, 1938, depending upon which of the said 2 dates such employee first became eligible to membership in the county employees’ retirement system of such county established under “An act to provide for the maintenance of old faithful servants of the several counties of the State of New Jersey” (P. L. 1918, c. 164); or article 1 of chapter 10 and chapter 9 of Title 43 of the Revised Statutes of 1937; or since the date of his entrance into county service; if he became an employee after June 1, 1937. Such payment may be made either (1) in one sum, or (2) by equal semimonthly installments to be deducted together with each regular deduction from his salary, whichever method the applicant may elect, for the retirement system provided for under this act; provided, however, that in case an employee chooses to pay for such prior county service by method (2) aforesaid, that is by equal semimonthly installments, such employees shall receive credit for so much of such prior county service as is thus paid for, and no more. Upon such payment or payments being made, the county shall annually pay into the retirement system herein provided a sum of money equal in amount to the employee’s principal payment. All payments aforesaid by the employee shall be made together with interest thereon at a rate to be determined by the pension commission. Any such employee who elects to become a member of this retirement system under the aforesaid plan shall, upon his application to the pension commission prior to January 1, 1949, be given credit for
pension purposes hereunder for any prior service or services rendered as an employee of the State, and of any municipalities or other political subdivisions of the State, upon payment into the retirement system herein provided, for a period of time equal to the length of prior service for which credit is allowed, of a sum of money equal in amount to 3% of salary, said 3% of salary being based upon the salary received by such employee at the time of the making of said application. Said sum of money may be paid in one lump sum or by semimonthly deductions from salary, whichever method the applicant may elect, together with the regular deductions provided by this act, until completed; provided, however, that such prior service shall be credited only as paid for. All payments aforesaid by the employee shall be made together with interest thereon at a rate to be determined by the pension commission.

(B2) The regular deductions from the salary of any employee electing to become a member under this plan (B2) shall commence upon the filing of such written application and such employee shall not receive credit for any service rendered theretofore in any State, county, or municipal office or position.

(c) All employees who, at the time of the adoption and approval of this act, are members of any of the following retirement systems in effect in said county:

Said sum of money may be paid in one lump sum or by semimonthly deductions from salary, whichever method the applicant may elect, together with the regular deductions provided by this act, until completed; provided, however, that such prior service
shall be credited only as paid for. All payments aforesaid by the employee shall be made together with interest thereon at a rate to be determined by the pension commission.

(d) Any person who at the time of the adoption of this act was a county employee and not a member of this retirement system and who became a county employee or held elective office in the county government prior to such employee reaching the age of 45 years and prior to January 1, 1949, may become a member of this retirement system upon written application made to the pension commission within 90 days after the adoption of this act upon such employee complying with all of the following conditions:

(D1) Submit to a medical examination and be found mentally and physically fit to the satisfaction of the pension commission.

(D2) Pay into this retirement system, in addition to the regular deductions provided by this act, a sum of money equal to 5% of salary received by such employee for the period of time elapsing since such person first became a county employee or assumed elective office in the county, said 5% of salary being based upon the salary received by such employee at the time of the making of application for membership in this system. Said sum of money must be paid in one lump sum, together with interest thereon at a rate to be determined by the pension commission. Upon making the aforesaid payment, such employee shall be given credit for pension purposes for such period of prior service rendered to the county.

3. Section 8 of P. L. 1948, chapter 310 is amended to read as follows:

8. All claims for pensions or other benefits from such other county retirement systems which are pending or ungranted on January 1, 1949, shall be allowed or disallowed by the pension commission herein provided for according to the provisions of the statutes governing such other retirement sys-

4. Section 12 of P. L. 1948, chapter 310 is amended to read as follows:

12. Once each year the pension commission may, and upon his application, shall, require any member retired for disability who is under the age of 55 years to undergo medical examination by a physician or physicians designated by the commission. The examination shall be made at the residence of the beneficiary or any other place mutually agreed
upon. If the physician or physicians thereupon report and certify to the commission that the disability beneficiary is not permanently and totally incapacitated either physically or mentally for the performance of duty and that he is engaged in a gainful occupation, and if the commission concurs in the report, then the amount of his pension shall be reduced to an amount which, when added to the amount then being earned by him, shall not exceed the amount of the compensation now attributable to his former position. If subsequent medical examination of such a beneficiary shows that his earnings have changed since the date of his last examination, then the amount of his pension may be further altered but the new pension shall not exceed the amount of the pension originally granted nor shall the new pension when added to the amount then being earned by the beneficiary exceed the salary or compensation then attributable to his former position.

No pension or compensation received by any person honorably discharged from any branch of the armed services of the United States shall be considered or construed as earnings.

(a) The county treasurer shall deduct from every payment of salary to any county employee who is or becomes a member of this retirement system and pay to the fund, 6% of the amount of said salary. Such deductions shall be continued to be made during the entire period of employment of the member and until the death or retirement, including disability retirement, of said member.

The deductions provided herein for pension purposes shall not be construed as reduction in the salary or compensation of any member of this retirement system.

Every employee to whom this act applies who shall continue in the service after the adoption and
approval of this act, as well as every person to whom
this act applies who may hereafter be appointed to
a position or place, shall be deemed to consent and
agree to the deductions made and provided for
herein and payment with such deductions, for
service, shall be a full and complete discharge
and acquittance of all claims and demands whatso-
ever for all services rendered by such person during
the period covered by such payment except his or
her claim to the benefits to which he or she may be
entitled under the provisions of this act.

(b) The board of chosen freeholders shall an-
nually raise in the county budget and contribute
annually to the fund an amount equal to 10% of all

county budget by the board of chosen freeholders
and if at any time there is not sufficient money to
meet these requirements and pay the pensions, the
board of chosen freeholders shall, from time to
time, include in any tax levy a sum sufficient to
meet the requirements of the retirement system.

(e) The commission shall, once prior to the end
of the year 1966 and once during every third year
thereafter, cause the actuary, recommended by the
pension commission and appointed by the board of
freeholders who must be an actuary of recognized
standing and a member of the Society of Actuaries,
to make an investigation into the conduct and
operation of the retirement system and into the
mortality, service and compensation experience of
the members and beneficiaries of the retirement
system and to make a valuation of the assets and liabilities of the system. The actuary shall report thereon to the commission. Based upon said report the commission shall (1) establish for the retirement system such mortality service and other tables as shall be deemed necessary, and (2) adjust and certify the rates of contribution to be paid by the county on the basis of the said investigation, valuation and report of the actuary, to the ends that, so far as possible, the value of future contributions of members and the county, when taken with present assets, shall not be less than the value of prospective benefit payments based upon membership service to be rendered after the effective date of this amendatory act.

6. Section 18 of P. L. 1948, chapter 310 is amended to read as follows:

18. From and after January 1, 1949, any employee who is or becomes a member of this retirement system may not withdraw therefrom and shall not be entitled to a refund of any moneys theretofore and thereafter deducted from his salary hereunder; provided, however, that any employee who separates from the county service through his discharge, resignation, or for any reasons other than retirement, shall be entitled to a refund of all moneys theretofore deducted from his salary for the retirement system established hereunder; and further, that where the service of an employee is terminated by death of the employee, if such employee leaves no widow, widower, or children under 18 years of age, all moneys theretofore deducted from his salary for the retirement system established hereunder shall be paid to the person designated by the employee or in the absence of any designation, to the estate of the deceased employee.

7. Section 19 of P. L. 1948, chapter 310 is amended to read as follows:

19. (A) Whenever a member of this retirement system becomes separated from the county service because of a lay-off or leave of absence without pay for a cause other than sickness or disability

(B) Whenever a member of this retirement system becomes separated from the county service because of (a) a lay-off or leave of absence for a period of time not in excess of 2 months, (b) a leave of absence with pay, or (c) a leave of absence because of sickness or disability, all the rights and benefits of such member hereunder shall continue, except that such employee’s pension benefits hereunder shall be computed by excluding the period of time of such separation period unless he shall pay into this retirement system, in the manner in subsection (C) hereof provided, a sum of money equal in amount to all accrued deductions from his salary which would have been made during the period of time of such separation.

(C) Such payment may be made either (1) in one sum, or (2) by equal semimonthly installments over a period of not more than 5 years, whichever method the member may elect, but in no event to extend beyond the date upon which such employee attains the age of 55 years, such installments to be deducted in addition to other regular deductions

Such payment shall be made either by lump sum or by deductions from salary, at the election of the employee, in which event interest at the rate of 3% per annum shall be charged on the unpaid balances, but in no case shall such payments be spread over a period of more than 5 years.

9. (a) Should a member resign after having completed 30 years of service for which credit has been established in the pension fund, before reaching age 55, he may elect to receive, in lieu of the payment provided in section 9 of the act to which this act is amendatory and supplementary, or the benefit provided by subsection (b) of this section, a pension in the amount of ½ of the salary he is receiving at the time of his retirement; provided, however, that such pension shall be reduced in accordance with a table of actuarial equivalents from his salary for this retirement system; provided, however, that only so much of the said period will be credited as the employee has paid for.

(b) Should a member, after having completed 20 years of service for which credit has been established in the pension fund, be separated voluntarily or involuntarily from the service, before reaching age 55, he may elect to receive the payments provided for in section 9 of the act to which this act is amendatory and supplementary, or the benefit provided by subsection (a) of this section, or a deferred pension beginning at age 55, in the amount based on his years of service credited in the fund bear to the total number of years of service that he could have achieved had he continued to age 55 and qualified for the pension of ½ of the salary he was receiving at the time he elected the deferred pension.

Upon and after the death of any employee or pensioner receiving a retirement pension under this subsection 9 (b), the retirement pension being paid to said deceased employee or pensioner shall be paid to the surviving widow, so long as she remains unmarried, surviving widower, so long as he remains unmarried, or minor children up to 18 years of age, as the case may be, subject, however, to any other limitations of the act to which this act is amendatory and supplementary.

(2) If the retired member shall have established less than 20 years of service credit prior to retirement and shall not have been retired for service-connected disability, the first $480.00 of the pension shall be increased in accordance with the "ratio of increase" formula, except that this increase shall be in the same proportion to the increase provided under the "ratio of increase" formula as to the number of years.

The determination as to those who retired for service-connected disability as distinguished from those who retired for nonservice-connected disability will be made by the pension commission established under the act to which this act is amendatory and supplementary.

Nothing in this act shall be construed as providing for an increase in the pension or other benefits payable to the beneficiaries of any retired member.

(b) The "ratio of increase" which shall apply to the pension being received by a retired member shall be calculated in accordance with the following percentages as determined by the calendar year in which the retirement became effective.

(c) The pension commission shall certify annually to the county the amount necessary to provide for the cost of the increases in pensions provided by this section.

(d) The increase in pensions provided for under this section shall commence with pension payments for the month of July, 1966 provided that there is appropriated the amount certified by the pension commission to the county as set forth in subsection (e) of this section. The increase in pension shall continue to be paid as long as there shall be appropriated the amounts so certified. In the event that the necessary funds are not so appropriated the increase in pensions will cease.

(e) Any retired member who is eligible to receive the increased pension under the provisions of this section may, at any time, waive his right thereto by filing a written notice of waiver with the pension commission. Such waiver may be withdrawn at any time and upon such withdrawal the increase in the pension shall commence with the pension payment for the next following month.

11. In addition to the contributions of the county prescribed in the act to which this act is amendatory and supplementary, in fiscal year 1967 the county shall increase its contributions by 1% of the amount of the salaries paid to all members of the pension fund in 1966 and in each fiscal year thereafter the contribution of the county required by the provisions of this act shall be increased over the previous percentage by an additional 1% of the salaries paid to all members of the pension fund in the immediately preceding year until the actuary shall certify to the county that the total of the contributions made by the county, together with
the contributions of the members and all earnings, is sufficient to meet the liabilities of the fund on a fully funded, reserve basis.

The actuary of the fund shall then certify the rate of contribution, expressed as a proportion of the compensation of the members, which shall be made by the county to the fund in order to continue the fund on a fully funded, reserve basis once the fund has achieved a fully funded status on the basis of increased contributions by the county and the members.

12. All members of the pension fund shall be required to retire upon the attainment of age 70 or 2 years following the effective date of this act, whichever is later.

13. Notwithstanding any other provision of this act, when a member takes an approved leave of absence to accept an appointive, administrative or elective position with the county, which is not covered by another retirement system, he shall be deemed to be in service covered by this fund and shall continue to contribute to the fund on the basis of the salary attributable to the position he held just prior to the leave of absence.

14. Any person employed by or elected or re-elected as a public official of a county having a population of 400,000 to 425,000 inhabitants which heretofore adopted the provisions of chapter 310 of the laws of 1948 (C. 43:10-18.50, etc.), after the effective date of this act, shall become a member of the Public Employees' Retirement System of New Jersey as a condition of employment and shall be entitled to all the rights and benefits and subject to all obligations of other members of said system, provided that the board of chosen freeholders of such county has adopted and submitted to the Public Employees' Retirement System a resolution providing for such membership and agreeing that said county shall be subject to the same liabilities with respect to such members as all other counties participating in the Public Employees' Retirement System. Such employees shall not be eligible to be
members of any pension fund maintained by said county for persons employed by the county prior to the effective date of the resolution adopted by said county.

15. This act shall take effect immediately but shall not be operative in any county unless and until the board of chosen freeholders shall adopt a resolution pursuant to section 14 of this act which resolution shall incorporate the requirements of said section.

Approved July 22, 1966.

Such purchase may be made in regular installments, equal to at least ½ the full normal contribution to the retirement system, over a maximum period of 10 years. 9. Any person other than a veteran who was in the employ of the State prior to January 2, 1955, and who did not join the former “State Employees’ Retirement System,” may join the retirement system at any time. factor, supplied by the actuary, as being applicable to his age at the time of the purchase, to his salary at that time. Such purchase may be made in regular installments, equal to at least \( \frac{1}{2} \) the full normal contribution to the retirement system, over a maximum period of 10 years.

In the case of any person coming under the provisions of this section, full pension credit for the period of employment for which arrears are being paid shall be given upon the payment of at least \( \frac{1}{2} \) of the total arrearage obligation and the completion of 1 year of membership and the making of such arrears payments, except that in the case of retirement pursuant to sections 38, 41(b), 48 and 61 the total membership credit for such service shall be in direct proportion as the amount paid bears to the total amount of the arrearage obligation.

The amount so borrowed, together with interest at the rate of 4% per annum on any unpaid balance thereof, shall be repaid to the retirement system in equal installments by deduction from the compensation of the member at the time the compensation is paid or in some other manner but such installments shall be at least equal to the member’s full rate of contribution to the retirement system and at least sufficient to repay the amount borrowed with interest thereon by the time the member attains age 60. Not more than 2 loans
may be granted to any member in any calendar year. Notwithstanding any other law affecting the salary or compensation of any person or persons to whom this act applies or shall apply, the additional deductions required to repay the loan shall be made. Any unpaid balance of a loan at the time any benefit may become payable, shall be deducted from the benefit otherwise payable.

Loans may be made to a member from his accumulated deductions. In addition the board of trustees is hereby authorized to set aside moneys within the contingent reserve fund from which loans to members may be made. If such moneys are used for the purpose of making loans, the interest earned on such loans shall be treated in the same manner as interest earned from investments of the retirement system.

6. Section 38 of the act of which this act is amendatory is amended to read as follows:

38. Should a member of the Public Employees’ Retirement System, after having completed 15 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for cause on charges of misconduct or delinquency, such person may elect to receive:

(a) The payments provided for in section 41 b of this act, if he so qualifies under said section, or;

(b) A deferred retirement allowance, beginning at the retirement age, which shall be made up of an annuity derived from the accumulated deductions standing to the credit of the individual member’s account in the annuity savings fund at the time of his severance from the service together with regular interest, and a pension which when added to the annuity will produce a total retirement allowance of 1/70 of his final compensation for each year of service credited as Class A service and 1/60 of his final compensation for each year of service credited as Class B service, calculated in accordance with section 48 of this act, with optional privileges provided for in section 50 of
this act if he exercises such optional privilege at least 30 days before his attainment of the normal retirement age; provided, that such election is communicated by such member to the retirement system in writing stating at what time subsequent to the execution and filing thereof he desires to be retired; and provided further, that such member, as referred to in this subsection may later elect: (1) to receive the payments provided for in section 41 b of this act, if he had qualified under that section at the time of leaving service, except that in order to avail himself of the optional privileges pursuant to section 50, he must exercise such optional privilege at least 30 days before the effective date of his retirement or; (2) to withdraw his accumulated deductions with interest as provided in section 41a. If such member shall die before attaining service retirement age then his accumulated deductions, plus regular interest, shall be paid in accordance with section 41c; or if such member shall die after attaining service retirement age and has not withdrawn his accumulated deductions, an amount equal to 3/16 of the compensation received by the member in the last year of creditable service shall be paid to such person, if living, as he shall have nominated by written designation duly executed and filed with the retirement system otherwise to the executor or administrator of the member's estate.

7. Section 39 of the act of which this act is amendatory is amended to read as follows:

39. In computing for retirement purposes the total service as a member about to be retired, the retirement system shall credit him with the time of all service rendered by him since he last became a member, and in addition with all the service to which he is entitled and with no other service. Except as otherwise provided in this act, such service credit shall be final and conclusive for retirement purposes unless the member shall discontinue his service for more than 2 consecutive years.
For the purpose of computing service for retirement purposes, the board shall fix and determine by appropriate rules and regulations how much service in any year shall equal a year of service and a part of a year of service. Not more than 1 year shall be credited for all service in a calendar year. In computing the service or in computing final compensation, no time during which a member was absent on leave without pay shall be credited, unless such absence was for a period of less than 3 months or unless the period of leave is allowed for retirement purposes within 1 year following his return to service after the termination of such leave, both by the employer and by the board of trustees, or unless the period of leave was specifically allowed for retirement purposes by the provisions of any law of this State. Any such member shall be required to contribute, either in a lump sum or by installment payments, an amount calculated, in accordance with the rules and regulations of the board of trustees, to cover the period of such official leave of absence without pay. In computing the service or in computing final compensation no time during which a member was in employment, office, or position, for which the annual salary or remuneration was fixed at less than $500.00 shall be credited, except that in the case of a veteran member credit shall be given for service rendered prior to January 2, 1955, in an employment, office or position if the annual salary or remuneration therefor was fixed at not less than $300.00 and such service consisted of the performance of the full duties of such employment, office or position.

8. Section 41 of the act of which this act is amendatory is amended to read as follows:

41. a. A member who withdraws from service or ceases to be an employee for any cause other than death or retirement shall receive all of the accumulated deductions standing to the credit of his individual account in the annuity savings fund, plus regular interest, less any outstanding loan,
except that for any period after June 30, 1944, the interest payable shall be such proportion of the interest determined at the regular rate of 2% per annum bears to the regular rate of interest, and except that no interest shall be payable on members’ contributions made after December 30, 1954, in the case of a member who has less than 3 years of membership credit for which he has made contributions. Except as provided for in sections 8 and 38 of this act, he shall cease to be a member 2 years from the date he discontinued service as an employee, or, if prior thereto, upon payment to him of his accumulated deductions. No member shall be entitled to withdraw the amounts contributed by his employer covering his military leave unless he shall have returned to the payroll and contributed to the retirement system for a period of 90 days.

b. Should a member resign after having established 25 years of creditable service before reaching age 60, he may elect to receive, in lieu of the payment provided for above but subject to the provisions of section 59 of this act, an annuity which is the actuarial equivalent of his accumulated deductions together with regular interest, and in addition a pension which when added to the annuity will produce a total retirement allowance of 1/70 of his final compensation for each year of service credited as Class A service and 1/60 of his final compensation for each year of service credited as Class B service, reduced by 0 of 1% for each month that the member lacks of being age 60, except that in the case of a member who has not attained age 53 the reduction is equal to 42% plus 1/6 of 1% for each month the member lacks of being age 53, and with the optional privileges provided for in section 50 of this act; provided, however, that upon the receipt of proper proofs of the death of such a member after he shall have reached 60 years of age there shall be paid to his beneficiary an amount equal to 3/16 of the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service.
c. Upon the receipt of proper proofs of the death of a member in service on account of which no accidental death benefit is payable under section 49 there shall be paid to such member’s beneficiary:

(1) The member’s accumulated deductions at the time of death together with regular interest; and

(2) An amount equal to $10 times the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service; provided, however, that if such death shall occur after the member shall have attained age 70, the amount payable shall equal $3/16 of such compensation instead of $10 times such compensation.

9. Section 49 of the act of which this act is amendatory is amended to read as follows:

49. Upon the death of a member in active service as a result of an accident arising out of and in the course of his employment and not as the result of his willful negligence, an accident death benefit shall be payable, if a report of the accident is filed in the office of the retirement system within 60 days next following the accident, but the board of trustees may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action. Evidence must be submitted to the board of trustees proving that the natural and proximate cause of his death was an accident arising out of and in the course of employment at some definite time and place.

Upon application by or on behalf of the dependents of such deceased member, in addition to the payment of his accumulated deductions with regular interest, an allowance of $10 of the final compensation of such employee, if the member was a male employee, shall be payable as a pension to his widow, to continue during her widowhood; or, if no widow, or in case the widow dies or remarries before the youngest child of such deceased member attains age 18, or if the member was a married female employee, then to the child or children of such member under age 18, to continue until the

If there be no widow or child under age 18 surviving such member, or if the member was never married, then there shall be paid a cash sum equal to the amount stipulated under section 41(c) (2) of this act to his or her beneficiary. In no case shall the accident death benefit under this section be less than that provided for ordinary death benefit under the provisions of section 41(c) (2).

No such application shall be valid or acted upon unless it is filed in the office of the retirement system within 2 years of the date of the accident; but the board may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action.

10. Section 50 of chapter 84 of the laws of 1954 is amended to read as follows:

50. Subject to the provisions of section 59 of this act, at the time of his retirement a member shall receive his benefits in a retirement allowance payable throughout life, or he may, on retirement, elect to receive the actuarial equivalent of his retirement allowance, in a lesser retirement allowance payable throughout life, with the provision that:

Option 1. If he dies before he has received in payments the present value of his retirement allowance as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation acknowledged and filed with the retirement system, either in a lump sum or by equal payments over a period of years at the option of the payee. If the member shall have designated a natural person as the payee, said payee may elect to receive such payments in the form of a life annuity.

Except in the case of members who have elected to receive (1) a deferred retirement allowance pursuant to section 38 or (2) early retirement allowances pursuant to section 41b after separation from service pursuant to section 38, if a member dies within 30 days after the date of retirement or the date of board approval, whichever is later, his retirement allowance shall not become effective and he shall be considered an active member at the time of death.

11. Section 61 of chapter 84 of the laws of 1954 is amended to read as follows:

The initial actuarial expense incident to the determination of the accrued liability contribution, payable by the employer, shall be paid by the employer. The amount certified by the system as payable by such employer to the Contingent Reserve Fund shall be included in the next budget subsequent to the certification by the system. The treasurer or corresponding officer shall pay on July 1 in each year to the State

20. Section 75 of the act of which this act is amendatory is amended to read as follows:

75. (a) If this act is so adopted it shall become effective in the county or municipality adopting it on June 30 of the following year. Membership in the Public Employees' Retirement System shall be

(b) Notwithstanding the provisions of section 74 of this act and subsection (a) of this section, every person, other than a nonveteran elected official, becoming an employee of a county, municipality or school district after June 30, 1966 who is not eligible to become a member of another retirement system, shall be required to become a member of the Public Employees' Retirement System. Notwithstanding the provisions of section 74 of this act and subsection (a) of this section, membership in the retirement system shall be optional with any elected official who is not a veteran, regardless of the date he assumes office, and with any other person in the employ of any county, municipality or school district on June 30, 1966, provided such elected official or other person is not then a mem-

The provisions of this subsection shall not apply to any person whose position is temporary or seasonal, nor to any person in office, position or employment for which the annual salary or remuneration is fixed at less than $500.00, nor to any person whose position is not covered by the old age and survivors' insurance provisions of the Federal Social Security Act. No credit shall be allowed to any person becoming a member of the retirement system pursuant to this subsection for service rendered to the employer prior to July 1, 1966, until the provisions of section 74 of this act have been complied with, in which event such credit shall be allowed in accordance with the provisions of subsection (a) of this section.

21. Section 76 of the act of which this act is amendatory is amended to read as follows:

76. Any employee of any county, municipality or public agency which has adopted or shall hereafter adopt the retirement system as provided in this act, who has entered or shall hereafter enter into the active air, military or naval service of the United States before making application for enrollment in the retirement system, shall be accepted as a member upon his filing application, provided that, if an employee enters such service after January 1, 1955 and after the date upon which this act becomes effective with regard to his employer, such application is made within 3 months after entering such service or within 3 months after the date this act becomes effective with regard to his employer, whichever is later. His regular salary deductions as determined by the retirement system shall be paid to the system by his employer, as provided by chapter 252 of the laws of 1942, as amended by chapter 326 of the laws of 1942. If he entered such service prior to January 2, 1955, and was a contributing member of the State Employees' Retire-
ment System at that time, upon establishing his status as a veteran and contributing to the retirement system for a period of 90 days after his discharge from such service, he shall receive free prior service credit for all public employment prior to January 2, 1955. This provision shall not apply to any employee whose appointment is temporary or seasonal.

In addition to any prior service credit authorized in this act, such member shall be entitled to prior service credit from the date of his induction to the effective date of this section.

22. Section 77 of the act of which this act is amendatory is amended to read as follows:

77. Every employee of any school district including school districts in counties of the first class the boundaries of which are coterminous with those of a municipality, or more than one municipality, in which chapter 15 of Title 43 of the Revised Statutes has been adopted, or in which this act is adopted, who is not a member of or eligible to join the Teachers' Pension and Annuity Fund, except an employee required upon employment or appointment to become a member of some other pension fund, shall be entitled to receive the same benefits as employees of such municipality or municipalities are entitled to receive and the school district shall have the same obligations with respect to such employees as the municipality has to its own employees under this act; provided, such employee has been admitted to receive the benefits of the fund established under chapter 15 of Title 43 of the Revised Statutes, or small make application to be admitted to such benefits within 6 months from January 2, 1955, or within 1 year from the effective date of said chapter 15 of Title 43 of the Revised Statutes in such municipality or municipalities, whichever is later.

Any school district which is comprised of 2 or more municipalities may be deemed a municipality for the purposes of this act if all municipalities comprising such school district have not either
adopted the provisions of chapter 15 of Title 43 of the Revised Statutes or complied with the provisions of section 74 of this act. In any such case the board of education of such school district may direct that the question of adopting the retirement system shall be submitted to the qualified voters of the school district at a school election.

23. Section 80 of the act of which this act is amendatory is amended to read as follows:

80. The chief fiscal officer of the county or municipality or the secretary of the board of education of the school district shall submit to the Public Employees’ Retirement System such information and shall cause to be performed in respect to each of the employees of the county, municipality or school district such duties as would be performed in the State service by the head of a department of the State employing members of the retirement system.

24. Section 81 of the act of which this act is amendatory is amended to read as follows:

81. The Public Employees’ Retirement System shall certify to each employer the rates of contributions payable by members who are county, municipal or school district employees, as if they were State employees. The system shall further certify the contributions, including the accrued liability contribution similar to the State accrued liability contribution, payable by the county, municipality or school district to the contingent reserve fund on behalf of these members, as if they were State employees, and a pro rata share of the cost of the administration of the retirement system, based upon the payroll of the members who are employees of the county, municipality or school district. The initial actuarial expense incident to the determination of the accrued liability contribution, payable by the county, municipality or school district, shall be paid by the county, municipality or school district. The amount certified by the system as payable by the county, municipality or school district to the contingent reserve fund shall
be included in the next budget subsequent to the certification by the system and levied and collected as any other taxes are levied and collected. The treasurer or corresponding officer of any county, municipality or school district shall pay on or before July 1 in each year to the State Treasurer the amount of the county, municipal or school district charges so certified. If payment of the full amount of such obligation is not made within 30 days after July 1, interest at the rate of 4% per annum shall commence to run against the unpaid balance thereof on the first day after such thirtieth day. The treasurer or corresponding officer shall also pay to the State Treasurer the amount of deductions from the compensation of the members who are employees of the county, municipality or school district in accordance with the rules and regulations established by the board of trustees. The State Treasurer shall credit these amounts to the appropriate fund or account.

25. The designation of beneficiary by a member or retirant shall be made in writing on a form satisfactory to the retirement system, and filed with the retirement system. The member or retirant may, from time to time and without the consent of his death benefit designee, change the beneficiary by filing written notice of the change with the system on a form satisfactory to it. The new nomination will be effective on the date the notice, in proper form, is received by the system, and any prior nomination shall thereupon become void.

If more than one beneficiary is nominated and in such nomination the member or retirant has failed to specify their respective interests, the beneficiaries shall share equally. If any beneficiary predeceases the member or retirant, the interest of such beneficiary shall terminate and shall be shared equally by such of the beneficiaries as survive the member or retirant, unless the member or retirant has made written request to the contrary in his beneficiary nomination.
CHAPTER 217, LAWS OF 1966

Any amounts due for which there is no beneficiary at the death of a member, retirant or beneficiary shall be payable to the estate of such member, retirant or beneficiary.

Except with regard to the payment of the member’s accumulated deductions with regular interest and the payment, upon the death of a retirant after attaining the age of 60 years, of the death benefits provided in sections 41, 45, 46, 48, and 57 of the act to which this section is a supplement, a member may elect, by making written request to the retirement system, that the whole or any part of his death benefits be made payable in accordance with rules and regulations of the board of trustees to his beneficiary either as a life annuity or in equal annual installments over a period of years specified in such election, and may alter such election from time to time during his lifetime by again making such written request. In the event of a change of beneficiary, any previous arrangement by the member or retirant under this paragraph shall be void. The election set forth in this paragraph shall not apply or be available when the beneficiary is an estate, or a corporation, partnership, association, institution, trustee, or any fiduciary.

If, at the member’s or retirant’s death, an amount of death benefit would be payable to the beneficiary in a single sum, any election with regard to such amount which was available to the member or retirant immediately prior to his death in accordance with the provisions of the immediately preceding paragraph shall then be available to such beneficiary for the benefit of such beneficiary.

The provisions of this section shall be construed separately with respect to each of the death benefits for which a beneficiary is designated by the member or retirant.

26. a. Any veteran who was in the employ of the State, or of a county, municipality, public agency, school district or board of education of this State on January 2, 1955 and who elected not C. 43:15A-129. Membership in retirement system for employees in service prior to Jan. 2, 1955.
to become a member of the retirement system by notifying the system in writing of his desire not to become a member, may join the retirement system at any time during the continuation of such employment by filing an application for membership and agreeing to purchase membership credit for all service rendered after January 1, 1955. If such veteran becomes a member pursuant to this section, service rendered by him prior to January 2, 1955 shall be credited to him in accordance with the provisions of paragraph a of section 60 of the act to which this section is a supplement. The employer of such public employee veteran on the date of his becoming a member shall pay the accrued liability on behalf of such prior service and such accrued liability shall be paid in such a manner that the total obligation will be met within the period of time fixed for the liquidation of all veteran accrued liabilities of the employer.

b. Any person other than a veteran who was in the employ of the State, or of a county, municipality, public agency, school district or board of education of this State on January 2, 1955 and who elected not to become a member of the retirement system by claiming a refund of his accumulated deductions may join the retirement system at any time during the continuation of such employment by filing an application for membership and agreeing to purchase membership credit for all service rendered subsequent to January 1, 1955. Any such member may also be permitted to purchase credit pursuant to any other applicable provision of the act to which this section is a supplement and to purchase credit for service previously established in the former "State Employees' Retirement System" in order to give such person the same credit for such service as he had at the time of withdrawing his membership.

c. The purchase of credit pursuant to this section shall be made by a member's paying into the retirement system the amount required by applying the factor supplied by the actuary as being
applicable to the member's age at the time of his election to make the purchase to his salary at the time of such election. Such purchases may be made in regular installments equal to at least \( \frac{1}{2} \) of the full normal contribution to the retirement system over a maximum period of 10 years. In the event that such member retires before he completes the payment for all service for which he agreed to purchase credit, credit for such service shall be given in direct proportion as the amount paid bears to the total amount of the arrearage obligation, except that if any such veteran retires before he completes the purchase of credit for all service rendered by him subsequent to January 1, 1955, no credit for service rendered by him prior to January 2, 1955 shall be considered for retirement purposes.

d. Notwithstanding any other provision of the act of which this section is a supplement, any person becoming a member of the retirement system pursuant to the provisions of this section shall not be allowed any of the death benefits established by sections 41, 45, 46, 48 and 57 of the act to which this section is a supplement unless he shall have furnished satisfactory evidence of insurability.

27. If a former member of the State Employees' Retirement System or the retirement system, who has been granted a retirement allowance for any cause other than disability, becomes employed again in a position which makes him eligible to be a member of the retirement system, the pension portion of his retirement allowance, together with any optional selection pursuant to section 50 of the act to which this section is a supplement and the right to any death benefit as a result of his former membership, shall be suspended until he again retires.

Such person shall be re-enrolled in the retirement system and shall contribute thereto at a rate based on his age at the time of re-enrollment. Such person shall be treated as an active member for determining disability or death benefits while in service and no benefits pursuant to an optional
selection with respect to his former membership shall be paid if his death shall occur during the period of such re-enrollment.

Upon subsequent retirement of such member, the pension portion of his former retirement allowance shall, subject to the provisions of section 59 of the act to which this section is a supplement, be reinstated together with any optional selection, pursuant to section 50, based on his former membership. In addition, such member shall receive an additional retirement allowance, computed in accordance with applicable provisions of the act to which this section is a supplement including the reduction provided by section 59 and the optional privileges of section 50, provided, however, that his total retirement allowance upon such subsequent retirement shall not be a greater proportion of his final compensation than the proportion to which he would have been entitled had he remained in service during the period of his prior retirement. Any death benefit to which such member shall be eligible shall be based on his latest retirement, but shall not be less than the death benefit that was applicable to his former retirement.

28. a. If any member of the retirement system receives periodic benefits payable under the Workmen's Compensation Law during the course of his active service, in lieu of his normal compensation, his regular salary deductions shall be paid to the retirement system by his employer. Such payments shall be computed at the full rate of contribution on the base salary subject to the retirement system, just prior to the receipt of the workmen's compensation benefits. The moneys paid by the employer shall be credited to the member's account in the annuity savings fund and shall be treated as employee contributions for all purposes. The employer will terminate the payment of these moneys when the periodic benefits payable under the Workmen's Compensation Law are terminated.

The member for whom the employer is making such payments, will be considered as if he were in
the active service and shall be permitted to continue to make contributions to purchase the additional death benefit coverage provided by section 57 of the act to which this section is a supplement.

b. No application for retirement benefits may be approved by the board of trustees while the member, applying for such benefits, is in receipt of periodic benefits under the Workmen’s Compensation Law.

29. Any member who held multiple positions in public employment covered by the retirement system, and who retired from one of these positions prior to the enactment of chapter 229, P. L. 1964, shall (a) not be required to enroll from any position covered by the retirement system, or (b) if enrolled, be permitted to withdraw from the retirement system upon waiver of his rights as an active member in the system.

30. a. Sections 12 and 78 of P. L. 1954, chapter 84 are repealed.

b. P. L. 1955, chapter 166 is repealed.

c. P. L. 1959, chapter 196 is repealed.

d. P. L. 1965, chapter 234 is repealed.

31. This act shall take effect immediately.
Approved August 1, 1966.

same conditions and with the same rights and privileges as other members, except as hereinafter
provided.
3. Section 7 of the act of which this act is amendatory is amended to read as follows:

7. Membership of any person shall cease:
(a) if, except as provided in section 8, he shall discontinue his service for more than 2 consecutive years;
(b) upon the withdrawal by a member of his accumulated deductions as provided in this act;
(c) upon resignation and election to receive, in lieu of the return of his accumulated deductions, the benefits provided in sections 36 and 37 of this act;
(d) upon retirement;
(e) at death;
but not otherwise except as provided in this act.

The pension fund shall send written notice in care of the last employer of a member at least 60 days in advance of the date on which his inactive membership shall expire as provided in paragraph "a" of this section.

4. Section 8 of the act of which this act is amendatory is amended to read as follows:

8. If a teacher is dismissed by his employer by reason of reduction in number of superintendents of schools, assistant superintendents, principals or teachers employed in the school district when in the judgment of the board of education it is advisable to abolish any office, position or employment for reasons of a reduction in the number of pupils, economy, a change in the administrative or supervisory organization of the district, or other good cause; or if a teacher becomes unemployed by reason of the creation of a regional school district or a consolidated school district; or if a teacher has been discontinued for service through no fault of his own or through leave of absence granted by his employer or permitted by any law of this State; and if such teacher has not withdrawn his accumulated contributions, his membership may continue in the retirement system notwithstanding any provisions of this act, if such member returns to service within a period of 5 years from the date of such
dismissal, or the beginning of such unemployment or leave of absence, and no credit for retirement purposes shall be allowed except as provided hereinafter in this section. In computing the service or in computing final compensation no time after September 1, 1919, during which a member was employed as a teacher at an annual salary or remuneration fixed at less than $500.00 shall be credited, except that in the case of a veteran member credit shall be given for service rendered prior to January 1, 1955, in an employment, office or position if the annual salary or remuneration therefor was fixed at not less than $300.00 and such service consisted of the performance of the full duties of such employment, office or position. In computing service for retirement purposes or in computing final compensation no time during which such teacher was absent on such leave shall be credited unless such absence was for a period of less than 3 months or unless the service was allowed for retirement purposes within 1 year following his return to service after completion of such leave, both by his employer and by the board of trustees, or unless the period of leave was specifically allowed for retirement purposes by the provisions of any law of this State. Any such member shall be required to contribute, either in a lump sum or by installment payments, an amount calculated, in accordance with the rules and regulations of the board of trustees, to cover the period of such official leave of absence without pay.

5. Section 9 of the act of which this act is amendatory is amended to read as follows:

If a teacher who has withdrawn his accumulated deductions from the retirement system as provided in section 34 of this act is re-enrolled as a member, he may purchase credit for all of his previous membership service by paying into the annuity savings fund the amount required by applying the factor, supplied by the actuary, as being applicable to his age at the time of the purchase, to his salary at that time. Such purchase may be
made in regular installments, equal to at least \( \frac{1}{2} \) the full normal contribution to the retirement system, over a maximum period of 10 years. In order to give to such person the same credit for such services as he had at the time of withdrawal, his pension credit shall be restored as it was at the time of his withdrawal upon the completion of 1 year of membership after his election to make the purchase and the payment of at least \( \frac{1}{2} \) the total amount due, except that in the case of retirement pursuant to sections 36, 37, 44 and 71 the credit granted for the service being purchased shall be in direct proportion as the amount paid bears to the total amount of the arrearage obligation.

6. Section 10 of the act of which this act is amendatory is amended to read as follows:

10. Any person who was employed as a teacher prior to January 2, 1955, and who did not join the Teachers’ Pension and Annuity Fund, may join at any time. Such person shall have the option of joining the retirement system as a new member upon proper application with no credit for previous service, or he may purchase membership credit for his previous service by paying into the annuity savings fund the amount required by applying the factor, supplied by the actuary, as being applicable to his age at the time of the purchase, to his salary at that time. Such purchase may be made in regular installments, equal to at least \( \frac{1}{2} \) the full normal contribution to the retirement system, over a maximum period of 10 years.

In the case of any person coming under the provisions of this section, full pension credit for the period of employment for which arrears are being paid shall be given upon the payment of at least \( \frac{1}{2} \) of the total arrearage obligation and the completion of 1 year of membership and the making of such arrears payments, except that in the case of retirement pursuant to sections 36, 37, 44 and 71 the total membership credit for such service shall be in direct proportion as the amount paid bears to the total amount of the arrearage obligation.
Any person coming under the provisions of this section shall not be allowed any of the death benefits established by sections 38, 41, 42, 44, 46 and 53 of this act unless he becomes a member within 12 months after the effective date of this act, or furnishes satisfactory evidence of insurability.

7. Section 13 of the act of which this act is amendatory is amended to read as follows:

13. A member may file a detailed statement of school service and service in a similar capacity in other States rendered by him prior to becoming a member for which he desires credit and on account of which he desires to contribute, and of such other facts as the retirement system may require. He shall have the right to purchase credit for the prior service evidenced therein, up to the nearest number of years and months, but not exceeding 10 years. No application shall be accepted after the effective date of this act for the purchase of credit for such prior service, however, if, at the time of application, the member has a vested right to retirement benefits in another retirement system based in whole or in part upon that service.

He may purchase credit for such service by paying into the annuity savings fund the amount required by applying the factor, supplied by the actuary, as being applicable to his age at the time of the purchase to his salary at that time. Such purchase may be made in regular installments, equal to at least \( \frac{3}{4} \) the full normal contribution to the retirement system, over a maximum period of 10 years.

Any member electing to contribute toward such service, who retires prior to completing payments as agreed with the retirement system for the purchase of such service will receive pro rata credit for service purchased prior to the date of retirement, subject to provisions of section 68 of this act, but if he so elects at the time of retirement, he may make such additional lump sum payment at that time as will be necessary to provide full credit.
8. Section 15 of the act of which this act is amendatory is amended to read as follows:

15. In computing for retirement or for purposes of resignation or separation from service under sections 36 and 37 of this act the total service of a member about to be retired, the retirement system shall credit him with all service rendered by him since he last became a member and in addition, with all the service to which he is entitled and with no other service. Except as otherwise provided in this act, such service credit shall be final and conclusive for retirement purposes, or for purposes of resignation under sections 36 and 37 of this act, unless the member shall discontinue his service for more than 2 consecutive years.

For the purpose of computing service for retirement purposes, the board of trustees shall fix and determine by appropriate rules and regulations how much service in any year shall equal a year of service and part of a year of service. Not more than 1 year shall be credited for all service in a calendar year.

9. Section 31 of the act of which this act is amendatory is amended to read as follows:

31. The retirement system shall certify to each employer the proportion of each member’s compensation to be deducted in accordance with rules and regulations established by the board of trustees, and to facilitate the making of deductions the retirement system may modify the deduction required by a member of such amount as shall not exceed 1/10 of 1% of the compensation upon the basis of which the deduction is to be made.

Except as provided in sections 26 and 27 there shall be credited in the annuity savings fund to the individual account of each member any amounts so deducted or contributed by him.

10. Section 32 of the act of which this act is amendatory is amended to read as follows:

32. Upon the employment of a person to whom this act may apply, his employer shall inform him of his duties and obligations under this act as a
condition of his employment; the employer shall notify the retirement system of such appointment within 10 days thereafter; it shall keep such records and from time to time furnish such information as the retirement system may require; deduct the proportion of salary and extra salary deductions as certified by the retirement system; transfer each of the amounts so deducted to the retirement system; and shall transmit to the retirement system monthly or at such intervals as the system designates a detailed statement of all amounts so paid. Where there is a delay of more than 30 days in the transmittal of such amounts, there shall be an interest charge of 6% per annum. Any failure on the part of the employer to comply with the provisions of this section shall constitute a default, and the State Department of Education may withhold school moneys from the district until the default is made good.

Where an employer fails to notify the retirement system of a teacher's employment and more than 1 year has elapsed from the compulsory enrollment date of such teacher, the employer shall be liable for the payment, with interest of 6% per annum, to the Contingent Reserve Fund which would otherwise have been required of, and timely paid, by the State.

11. Section 34 of the act of which this act is amendatory is amended to read as follows:

Section amended.
C. 18:33-112.36.
Withdrawal.

34. A member who withdraws from service or ceases to be a teacher for any cause other than death or retirement shall receive all of the accumulated deductions standing to the credit of his individual account in the annuity savings fund, plus regular interest on contributions made after January 1, 1956, less any loan outstanding, and except that for any period after June 30, 1944, the interest payable shall be such proportion of the interest determined at the regular rate as 2% per annum bears to the regular rate of interest; provided, however, that no interest shall be payable if such a member does not have 3 years of member-
ship service at the time of withdrawal from service or cessation of employment.

Except as provided for in sections 7 and 8 of this act, he shall cease to be a member 2 years from the date he discontinued service as a teacher, or, if prior thereto, upon payment to him of his accumulated deductions. No member shall be entitled to withdraw the amounts contributed by his employer covering his military leave unless he shall have returned to the payroll and contributed to the retirement system for a period of 90 days.

12. Section 35 of the act of which this act is amendatory is amended to read as follows:

35. After January 1, 1959, any member who has at least 3 years of service to his credit as a member may borrow from the retirement system, an amount equal to not more than 50% of the amount of his accumulated deductions, but not less than $50.00; provided, that the amount so borrowed, together with interest thereon, can be repaid by additional deductions from compensation, not in excess of 25% of the member’s compensation, made at the same time compensation is paid to the member, but not after the attainment of age 60. The amount so borrowed, together with interest at the rate of 4% per annum on any unpaid balance thereof, shall be repaid to the retirement system in equal installments by deduction from the compensation of the member at the time the compensation is paid or in some other manner but such installments shall be at least equal to the member’s full rate of contribution to the retirement system and at least sufficient to repay the amount borrowed with interest thereon by the time the member attains age 60. Not more than 2 loans may be granted to any member in any calendar year. Notwithstanding any other law affecting the salary or compensation of any person or persons to whom his act applies or shall apply, the additional deductions required to repay the loan shall be made. Any unpaid balance of a loan at the time any benefit may become payable, shall be deducted from the benefit otherwise payable.
Loans may be made to a member from his accumulated deductions. In addition the board of trustees is hereby authorized to set aside moneys within the contingent reserve fund from which loans to members may be made. If such moneys are used for the purpose of making loans, the interest earned on such loans shall be treated in the same manner as interest earned from investments of the retirement system.

13. Section 36 of the act of which this act is amendatory is amended to read as follows:

36. Should a member, after having completed 15 years of service, be separated voluntarily or involuntarily from the service, before reaching service retirement age, and not by removal for conduct unbecoming a teacher or other just cause under the provisions of sections 18:13-16 to 18:13-19 of the Revised Statutes, inclusive, such person may elect to receive, in lieu of the payment provided in section 34:

a. the payments provided for in section 37 of this act, if he so qualified under said section; or

b. a deferred retirement allowance, beginning at age 60, which shall be \( \frac{1}{70} \) of his final compensation for each year of service credited as Class A service and \( \frac{1}{60} \) of his final compensation for each year of service credited as Class B service, calculated in accordance with section 44 of this act, with optional privileges provided for in section 47 of this act if he exercises such optional privilege at least 30 days before his attainment of the normal retirement age; provided, that such election is communicated by such member to the retirement system in writing stating at what time subsequent to the execution and filing thereof he desires to be retired; and provided, further, that such member may later elect: (1) to receive the payments provided for in section 37 of this act, if he had qualified under that section at the time of leaving service, except that in order to avail himself of the optional privileges pursuant to section 47, he must exercise such optional privilege at least 30 days.
before the effective date of his retirement; or (2) to withdraw his accumulated deductions with interest as provided in section 34. If such member shall die before attaining service retirement age, then his accumulated deductions, plus regular interest after January 1, 1956, shall be paid, in accordance with section 38, or if such member shall die after attaining service retirement age and has not withdrawn his accumulated deductions, there shall be paid an amount equal to 3/16 of the compensation received by the member in the last year of creditable service to such person, if living, as he shall have nominated by written designation duly executed and filed with the retirement system, otherwise to the executor or administrator of the member’s estate.

14. Section 37 of the act of which this act is amendatory is amended to read as follows:

37. Should a member resign after having established 25 years of creditable service before reaching age 60, he may elect “early retirement,” on which he shall receive, in lieu of the payment provided in section 34 of this act, a total retirement allowance of 1/70 of his final compensation for each year of service credited as Class A service and 1/60 of his final compensation for each year of service credited as Class B service, calculated in accordance with section 44 of this act, reduced by ½ of 1% for each month that the member lacks of being age 60, except that in the case of a member who has not attained age 53, the reduction is equal to 42% plus 1/6 of 1% for each month the member lacks of being age 53, and with the optional privileges provided for in section 47 of this act, provided, however, that upon the receipt of proper proofs of the death of such a member after he shall have reached 60 years of age there shall be paid to his beneficiary an amount equal to 3/16 of the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service.
15. Section 38 of the act of which this act is amendatory is amended to read as follows:

38. Except as provided in section 69, upon the receipt of proper proofs of the death of a member in service on account of which no accidental death benefit is payable under section 46, there shall be paid to such member's beneficiary:

(a) The member’s accumulated deductions at the time of death together with regular interest after January 1, 1956; and

(b) An amount equal to $10\times$ the compensation upon which contributions by the member to the annuity savings fund were based in the last year of creditable service; provided, however, that if such death shall occur after the member shall have attained age 70, the amount payable shall equal $\frac{3}{16}$ of such compensation instead of $1\frac{1}{2}$ times such compensation.

For the purposes of this section and section 53 of this act, a member shall be deemed to be in service for a period of no more than 2 years while on official leave of absence without pay, provided, that satisfactory evidence is presented to the retirement system that such leave of absence without pay is due to illness. For the purposes of this section and section 53 of this act, a member shall be deemed to be in service for a period of not more than 93 days while on official leave of absence without pay when such leave of absence is due to any reason other than illness. In order for a member to be covered for the optional death benefits provided by section 53 of this act, he shall continue to make contributions for same during the period such member is on official leave of absence without pay, except that when such official leave of absence without pay is due to illness, no contribution shall be required of the member during the period he is deemed to be in service while on such leave of absence.

16. Section 46 of the act of which this act is amendatory is amended to read as follows:
46. Upon the death of a member in active service as a result of an accident arising out of and in the course of his employment and not as the result of his willful negligence, an accident death benefit shall be payable, if a report of the accident is filed in the office of the retirement system within 60 days next following the accident, but the board of trustees may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action. Evidence must be submitted to the board of trustees proving that the natural and proximate cause of his death was an accident arising out of and in the course of employment at some definite time and place.

Upon application by or on behalf of the dependents of such deceased member, in addition to the payment of his accumulated deductions with regular interest, an allowance of \( \frac{1}{2} \) of the final compensation of such member, if the member was a male teacher, shall be payable as a pension to his widow, to continue during her widowhood; or, if no widow, or in case the widow dies or remarries before the youngest child of such deceased member attains age 18, or if the member was a married female employee, then to the child or children of such member under age 18, to continue until the youngest surviving child dies or attains age 18. If there be no widow or child under 18 surviving such member, then there shall be paid a cash sum equal to 1\( \frac{1}{2} \) times the amount of his or her final compensation to his or her beneficiary. In no case shall the accident death benefit under this section be less than that provided for ordinary death benefit under the provisions of section 38.

No such application shall be valid or acted upon unless it is filed in the office of the retirement system within 2 years of the date of the accident; but the board of trustees may waive such time limit, for a reasonable period, if in the judgment of the board the circumstances warrant such action.

17. Section 47 of the act of which this act is amendatory is amended to read as follows:
47. Subject to the provisions of section 68 of this act, at the time of his retirement a member shall receive his benefits in a retirement allowance payable throughout life, or he may on retirement elect to receive the actuarial equivalent of his retirement allowance, in a lesser retirement allowance payable throughout life, with the provision that:

Option 1. If he dies before he has received in payments the present value of his retirement allowance as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation acknowledged and filed with the retirement system, either in a lump sum or by equal payments over a period of years at the option of the payee. If the member shall have designated a natural person as the payee, said payee may elect to receive such payments in the form of a life annuity.

Option 2. Upon his death, his retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the retirement system at the time of his retirement.

Option 3. Upon his death, 1/2 of his retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the retirement system at the time of his retirement.

Option 4. Some other benefit or benefits shall be paid either to the member or to whomever he nominates, if such other benefit or benefits, together with the lesser retirement allowance, shall be certified by the actuary to be of equivalent actuarial value. In no case, however, shall the lesser retirement allowance be smaller than that provided under Option 2.

Except in the case of members who have elected to receive (1) a deferred retirement allowance pursuant to section 36 or (2) early retirement allowances pursuant to section 37 after separation from
service pursuant to section 36, if a member dies within 30 days after the date of retirement or the date of board approval, whichever is later, his retirement allowance shall not become effective and he shall be considered an active member at the time of death.

18. Section 69 of the act of which this act is amendatory is amended to read as follows:

69. Any other provision of this act notwithstanding, any member who is not covered under the old-age and survivors insurance provisions of Title II of the Federal Social Security Act as a teacher shall not be eligible for the death benefit provisions of sections 36, 37, 38, 41, 42, 44 and 53, except for the payment of accumulated deductions together with regular interest.

19. Section 71 of the act of which this act is amendatory is amended to read as follows:

71. a. Any veteran member in office, position or employment of this State or of a county, municipality, or school district, board of education or other employer on January 1, 1955, who remains in such service thereafter and who has or shall have attained the age of 60 years and who has or shall have been for 20 years in the aggregate in office, position or employment of this State or of a county, municipality or school district, board of education or other employer, shall have the privilege of retiring for service and of receiving, instead of the retirement allowance provided under section 44 of this act, a retirement allowance of ½ of the compensation received during the last year of employment upon which contributions to the annuity savings fund or contingent reserve fund are made with the optional privileges provided for in section 47 of this act.

b. Any veteran becoming a member after January 1, 1955, who shall be in office, position, or employment of this State or of a county, municipality or school district, board of education or other employer, and who shall have attained 62 years of age and who has 20 years of aggregate service credit
in such office, position, or employment shall have the privilege of retiring for service and of receiving, instead of the retirement allowance provided under section 44 of this act, a retirement allowance of $ of the compensation received during the last year of employment upon which contributions to the annuity savings fund or contingent reserve fund are made with the optional privileges provided for in section 47 of this act. The provisions of this subsection shall also apply to any veteran who was a member on January 1, 1955, but whose service was not continuous thereafter.

c. Any veteran member who has been for 20 years in the aggregate in office, position, or employment of this State or of a county, municipality or school district, board of education or other employer as of January 1, 1955, shall have the privilege of retiring for ordinary disability and of receiving, instead of the retirement allowance provided under section 41 of this act, a retirement allowance of $ of the compensation received during the last year of employment upon which contributions to the annuity savings fund or contingent reserve fund are made with the optional privileges provided for in section 47 of this act. Such retirement shall be subject to the provisions governing ordinary disability retirement in sections 39 and 40 of this act.

d. The death benefit provided in section 44 shall apply in the case of any member retiring under the provisions of subsections a and b of this section. The death benefit provided in section 41 shall apply in the case of any member retiring under the provisions of subsection c of this section.

20. The designation of beneficiary by a member or retirant shall be made in writing on a form satisfactory to the retirement system, and filed with the retirement system. The member or retirant may, from time to time and without the consent of his death benefit designee, change the beneficiary by filing written notice of the change with the system on a form satisfactory to it. The
new nomination will be effective on the date the notice, in proper form, is received by the system, and any prior nomination shall thereupon become void.

If more than one beneficiary is nominated and in such nomination the member or retirant has failed to specify their respective interests, the beneficiaries shall share equally. If any beneficiary predeceases the member or retirant, the interest of such beneficiary shall terminate and shall be shared equally by such of the beneficiaries as survive the member or retirant, unless the member or retirant has made written request to the contrary in his beneficiary nomination.

Any amounts due for which there is no beneficiary at the death of a member, retirant or beneficiary shall be payable to the estate of such member, retirant or beneficiary.

Except with regard to the payment of the member's accumulated deductions with regular interest and the payment, upon the death of a retirant after attaining the age of 60 years, of the death benefits provided in sections 36, 37, 38, 41, 42, 44 and 53 of the act to which this section is a supplement, a member may elect, by making written request to the retirement system, that the whole or any part of his death benefits be made payable in accordance with rules and regulations of the board of trustees to his beneficiary either as a life annuity or in equal annual installments over a period of years specified in such election, and may alter such election from time to time during his lifetime by again making such written request. In the event of a change of beneficiary, any previous arrangement by the member or retirant under this paragraph shall be void. The election set forth in this paragraph shall not apply or be available when the beneficiary is an estate, or a corporation, partnership, association, institution, trustee, or any fiduciary.

If, at the member's or retirant's death, an amount of death benefit would be payable to the
beneficiary in a single sum, any election with regard to such amount which was available to the member or retirant immediately prior to his death in accordance with the provisions of the immediately preceding paragraph shall then be available to such beneficiary for the benefit of such beneficiary.

The provisions of this section shall be construed separately with respect to each of the death benefits for which a beneficiary is designated by the member or retirant.

21. If a former member of the retirement system who has been granted a retirement allowance for any cause other than disability, becomes employed again in a position which makes him eligible to be a member of the retirement system, the pension portion of his retirement allowance, together with any optional selection pursuant to section 47 of the act to which this section is a supplement and the right to any death benefit as a result of his former membership, shall be suspended until he again retires.

Such person shall be re-enrolled in the retirement system and shall contribute thereto at a rate based on his age at the time of re-enrollment. Such person shall be treated as an active member for determining disability or death benefits while in service and no benefits pursuant to an optional selection with respect to his former membership shall be paid if his death shall occur during the period of such re-enrollment.

Upon subsequent retirement of such member, the pension portion of his former retirement allowance shall, subject to the provisions of section 68 of the act to which this section is a supplement, be reinstated together with any optional selection, pursuant to section 47, based on his former membership. In addition, such member shall receive an additional retirement allowance, computed in accordance with applicable provisions of the act to which this section is a supplement including the reduction provided by section 68 and the optional
privileges of section 47, provided, however, that his total retirement allowance upon such subsequent retirement shall not be a greater proportion of his final compensation than the proportion to which he would have been entitled had he remained in service during the period of his prior retirement. Any death benefit to which such member shall be eligible shall be based on his latest retirement, but shall not be less than the death benefit that was applicable to his former retirement.

22. a. If any member of the retirement system receives periodic benefits payable under the workmen's compensation law during the course of his active service, in lieu of his normal compensation, his regular salary deductions shall be paid to the retirement system by his employer. Such payments shall be computed at the full rate of contribution on the base salary subject to the retirement system, just prior to the receipt of the workmen's compensation benefits. The moneys paid by the employer shall be credited to the member's account in the annuity savings fund and shall be treated as employee contributions for all purposes. The employer will terminate the payment of these moneys when the periodic benefits payable under the workmen's compensation law are terminated.

The member for whom the employer is making such payments, will be considered as if he were in the active service and shall be permitted to continue to make contributions to purchase the additional death benefit coverage provided by section 53 of the act to which this section is a supplement.

b. No application for retirement benefits may be approved by the board of trustees while the member, applying for such benefits, is in receipt of periodic benefits under the workmen's compensation law.

23. a. Sections 12, 23, 50 and 72 of P. L. 1955, chapter 37 are repealed.

b. Sections 14 and 15 of P. L. 1946, chapter 145 are repealed.

24. This act shall take effect immediately.

Approved August 1, 1966.

CHAPTER 235

AN ACT concerning health and accident insurance, and amending section 2 of P. L. 1951, chapter 237 and section 2 of P. L. 1939, chapter 305.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 2 of P. L. 1951, chapter 237 is amended to read as follows:
2. (A) No such policy of insurance shall be delivered or issued for delivery to any person in this State unless:
   (1) the entire money and other considerations therefor are expressed therein; and
   (2) the time at which the insurance takes effect and terminates is expressed therein; and
   (3) it purports to insure only one person, except that a policy may insure, originally or
by subsequent amendment, upon the application of an adult member of a family who shall be deemed the policyholder, any 2 or more eligible members of that family, including husband, wife, dependent children or any children under a specified age which shall not exceed 19 years and any other person dependent upon the policyholder; and

(4) the style, arrangement and over-all appearance of the policy give no undue prominence to any portion of the text, and unless every printed portion of the text of the policy and of any endorsements or attached papers is plainly printed in light-faced type of a style in general use, the size of which shall be uniform and not less than 10-point with a lowercase unspaced alphabet length not less than 120-point (the "text" shall include all printed matter except the name and address of the insurer, name or title of the policy, the brief description if any, and captions and subcaptions); and

(5) the exceptions and reductions of indemnity are set forth in the policy and, except those which are set forth in section 3 of this act, are printed, at the insurer's option, either included with the benefit provision to which they apply, or under an appropriate caption such as "exceptions," or "exceptions and reductions," provided that if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of such exception or reduction shall be included with the benefit provision to which it applies; and

(6) each such form, including riders and endorsements, shall be identified by a form number in the lower left-hand corner of the first page thereof; and

(7) it contains no provision purporting to make any portion of the charter, rules, constitution, or by-laws of the insurer a part of the policy unless such portion is set forth in
full in the policy, except in the case of the incorporation of, or reference to, a statement of rates or classification of risks, or short-rate table filed with the commissioner.

(8) A policy under which coverage of a dependent of the policyholder terminates at a specified age shall, with respect to an unmarried child covered by the policy prior to the attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such policyholder for support and maintenance, not so terminate while the policy remains in force and the dependent remains in such condition, if the policyholder has within 31 days of such dependent’s attainment of the limiting age submitted proof of such dependent’s incapacity as described herein. The foregoing provisions of this paragraph shall not require an insurer to insure a dependent who is a mentally retarded or physically handicapped child where the policy is underwritten on evidence of insurability based on health factors set forth in the application or where such dependent does not satisfy the conditions of the policy as to any requirement for evidence of insurability or other provisions of the policy, satisfaction of which is required for coverage thereunder to take effect. In any such case the terms of the policy shall apply with regard to the coverage or exclusion from coverage of such dependent.

(B) If any policy is issued by an insurer domiciled in this State for delivery to a person residing in another State, and if the official having responsibility for the administration of the insurance laws of such other State shall have advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy
meet the standards set forth in subsection (A) of this section and in section 3.

2. Eligible groups. (1) No policy of group accident, group health or group accident and health insurance may be delivered in this State except as follows:

(b) A policy issued to insure any other group which, in the opinion of the commissioner, may be insured for group accident, group health, or group accident and health insurance in accordance with sound underwriting principles.

(2) Benefits of group accident, group health, or group accident and health insurance, except benefits for loss of time on account of disability, may be provided for one or more members of the families or one or more dependents of persons who may be insured under a group policy referred to in (a) or (b) above.

A policy under which coverage of a dependent of an employee or other member of the insured group terminates at a specified age shall, with respect to an unmarried child covered by the policy prior to the attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such employee or member for support and maintenance, not so terminate while the insurance of the employee or member remains in force and the dependent remains in such condi-
tion, if the insured employee or member has within 31 days of such dependent's attainment of the termination age submitted proof of such dependent's incapacity as described herein. The foregoing provision of this paragraph shall not require an insurer to insure a dependent who is a mentally retarded or physically handicapped child of an employee or other member of the insured group where such dependent does not satisfy the conditions of the group policy as to any requirements for evidence of insurability or other provisions as may be stated in the group policy required for coverage thereunder to take effect. In any such case the terms of the policy shall apply with regard to the coverage or exclusion from coverage of such dependent.

(3) The policy may provide that the term “employees” shall include as employees of a single employer the employees of one or more subsidiary corporations and the employees, individual proprietors and partners of affiliated corporations, proprietorships and partnerships if the business of the employer and such corporations, proprietorships or partnerships is under common control through stock ownership, contract or otherwise. CHAPTER 236

An Act to amend "An act concerning hospital service corporations and regulating the establishment, maintenance and operation of hospital service plans, and supplementing Title 17 of the Revised Statutes by adding thereto a new chapter entitled 'Hospital Service Corporations,'" approved June 14, 1938 (P. L. 1938, c. 366) and chapter 104 of the laws of 1964 amendatory and supplementary thereof.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 6 of the act of which this act is amendatory is amended to read as follows:

6. Every individual contract made by a corporation subject to the provisions of this chapter to furnish services to a subscriber shall provide for the furnishing of services for a period of 12 months, and no contract shall be made providing for the inception of such services at a date later than 1 year after the actual date of the making of such contract. Any such contract may provide that it shall be automatically renewed from year to year unless there shall have been at least 90 days prior written notice of termination by either the subscriber or the corporation.

No contract between any such corporation and a subscriber shall entitle more than one person to services, except that a contract issued as a family contract may provide that services will be furnished to a husband and wife, or husband, wife and their dependent child or children, or the subscriber and his (or her) dependent child or children. Adult dependents (s) of a subscriber may also be included for coverage under the contract of such subscriber.

A contract under which coverage of a dependent of a subscriber terminates at a specified age shall,
with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such subscriber for support and maintenance, not so terminate while the contract remains in force and the dependent remains in such condition, if the subscriber has within 31 days of such dependent’s attainment of the termination age submitted proof of such dependent’s incapacity as described herein. The foregoing provisions of this paragraph shall not apply retrospectively or prospectively to require a hospital service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract heretofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

Every individual contract entered into by any such corporation with any subscriber thereto shall be in writing and a certificate stating the terms and conditions thereof shall be furnished to the subscriber to be kept by him. L. 1940, c. 74) and chapter 105 of the laws of 1964 amendatory thereof and supplementary thereto.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 5 of chapter 74 of the laws of 1940 is amended to read as follows:

5. Every subscription contract made by any corporation subject to the provisions of this chapter to provide payment for medical services shall provide for the payment of medical services for a period of 12 months from the date of issue of the subscription certificate. Any such contract may provide that it shall be automatically renewed from year to year unless there shall have been one month's prior written notice of termination by either the subscriber or the corporation. No contract between such corporation and subscriber shall
allow for the payment for medical services for more than one person, except that a family contract may provide that payment will be made for medical services rendered to a subscriber and any of those dependents defined in section 1 of this act.

A contract under which coverage of a dependent of a subscriber terminates at a specified age shall, with respect to an unmarried child, covered by the contract prior to attainment of age 19, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap and who became so incapable prior to attainment of age 19 and who is chiefly dependent upon such subscriber for support and maintenance, not so terminate while the contract remains in force and the dependent remains in such condition, if the subscriber has within 31 days of such dependent’s attainment of the termination age submitted proof of such dependent’s incapacity as described herein. The foregoing provisions of this paragraph shall not apply retrospectively or prospectively to require a medical service corporation to insure as a covered dependent any mentally retarded or physically handicapped child of the applicant where the contract is underwritten on evidence of insurability based on health factors required to be set forth in the application. In such cases any contract here­tofore or hereafter issued may specifically exclude such mentally retarded or physically handicapped child from coverage.

2. Section 1 of chapter 105 of the laws of 1964 is amended to read as follows:

1. A medical service corporation may issue to a policyholder a group contract, covering at least 10 employees or members at the date of issue, if it conforms to the following description:

persons who may be covered under a group con-
tact referred to in (a) or (b) above.

A contract under which coverage of such a de-

respect to an unmarried child, covered by the con-

of self-sustaining employment by reason of mental

so incapable prior to attainment of age 19 and who
is chiefly dependent upon the covered employee or
member for support and maintenance, not so termi-

remains in force and the dependent remains in
such condition, if the employee or member has
within 31 days of such dependent’s attainment of
the termination age submitted proof of such de-
pendent’s incapacity as described herein. The
foregoing provisions of this paragraph shall not
apply retrospectively or prospectively to require
a medical service corporation to insure as a covered
dependent any mentally retarded or physically
handicapped child of the applicant where the con-
tact is underwritten on evidence of insurability
based on health factors required to be set forth in
the application. In such cases any contract here-
tofo1re or hereafter issued may specifically exclude
such mentally retarded or physically handicapped
child from coverage.

The contract may provide that the term “em-
ployees” shall include as employees of a single
employer the employees of one or more subsidiary
corporations and the employees, individual pro-
prietors and partners of affiliated corporations, proprietorships and partnerships if the business of the employer and such corporations, proprietorships or partnerships is under common control through stock ownership, contract or otherwise. The contract may provide that the term “employees” shall include the individual proprietor or partners of an individual proprietorship or a partnership. The contract may provide that the term “employees” shall include retired employees. A contract issued to trustees may provide that the term “employees” shall include the trustees or their employees, or both, if their duties are principally connected with such trusteeship. AN ACT to amend "An act to provide for the creation, setting apart, maintenance and administration of a county employees' pension fund in counties having a population exceeding 800,000 inhabitants," approved April 8, 1943 (P. L. 1943, c. 160) and to amend "An act to amend 'An act to provide for the creation, setting apart, maintenance and administration of a county employees' pension fund in counties having a population exceeding 800,000 inhabitants,' approved April 8, 1943 (P. L. 1943, c. 160) and supplementing the 'Public Employees' Retirement-Social Security Integration Act,' approved July 30, 1954 (P. L. 1954, c. 84)," approved February 14, 1961 (P. L. 1960, c. 191).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 1 of chapter 160 of the laws of 1943 is amended to read as follows:

   1. As used in this act:

   "Service" shall always, unless otherwise stated, be considered as continuous or in the aggregate.

   "Salary" or "compensation" when used solely for the purpose of fixing benefits under this act means the average annual salary or compensation earned by a member during his or her 5 years of service, or during his or her entire length of service if such service totaled less than 5 years, as a county employee immediately preceding death or retirement provided, however, that no benefit paid upon the death of any member under this act shall exceed $2,500.00 provided further however, that as to any employee who, at the time of the adoption of this act, is a member of any retirement system in operation in the county under and by virtue of arti-
cles 1, 2, 5, 6 and 7 of chapter 10 of Title 43 of the Revised Statutes and of sections 40:37-157 to 40:37-174, inclusive, of the Revised Statutes and of "An act providing for the retirement of persons employed in the department of weights and measures of any county in this State, and providing a pension for such persons so retired," filed June 21, 1938 (P. L. 1938, c. 397), the total annual salary received by such employee during the year immediately prior to his death or retirement shall be considered for pension or other purposes under this act.

"Pension fund" or "fund" means the fund referred to in section 16 of this act, and is the fund from which pensions provided for in this act shall be paid.

"State" shall, unless otherwise stated, mean the State of New Jersey.

"His" shall be construed to mean both sexes.

"County employee" or "employee" means and includes all employees and officers in service in any county of this State having a population of more than 800,000 inhabitants and shall mean and include all employees and officers of any county board, body or commission, maintained out of county funds in any such county, including the official stenographic reporter and proxies of such official stenographic reporter of such county, and shall also mean and include employees and officers appointed by such county to employment on intercounty bridges, but the same term "county employee" or "employee" does not include members of the judiciary, or any laborers, unless the labor work is paid on an hourly, daily, monthly, or annual salary basis for a continuous employment thereof and recognized as permanent appointees, it being the intent to exclude transient labor from the operation of this act. The pension commission shall determine whether or not the employment of an employee is permanent within the meaning of this act. "County employee" or "employee" shall also mean and include all elected and appointed officials of such county.
"Population" of a county shall mean the population of a county according to the Federal Census of 1940.

"Widow" or "widower" means the surviving unremarried spouse of a county employee who married such employee prior to the retirement of such employee and prior to the time when such employee reached the age of 50 years. No such surviving spouse shall be eligible for any benefit hereunder who was or shall be more than 15 years younger than the employee at the time of their marriage, if such marriage occurs hereafter while the employee is a member of this retirement system.

By that name all of its business shall be transacted, its funds invested, warrants for money drawn and payments made and all of its cash and securities and other property held.

2. Section 6 of chapter 160 of the laws of 1943 is amended to read as follows:

6. The members and certain conditions of membership in the retirement system created by this act shall be as follows:

(a) All persons, employed by the county prior to March 26, 1961, who may be found physically and mentally fit to the satisfaction of the pension commission herein provided for, may become members of the county employees' retirement system created under this act, and shall receive no pension or retirement allowance from any other pension or retirement system supported wholly or in part by the county, nor shall they be required to make contributions to any other pension or retirement system of said county.
Such persons shall not be given credit for pension purposes hereunder for any prior service; provided, however, that where any such employee has had service prior to March 26, 1961 as an employee in any State, county or municipal position, such employee shall be given credit for pension purposes hereunder for such service upon written application therefor to the pension commission within 1 year after becoming a member of this retirement system and upon payment into the retirement system herein provided. Such member shall receive credit for all of his service in the employ of the county or for any part of his service in any other compensated, public position in the State of New Jersey, elected or appointed, provided that payments are made by such member in an amount or amounts calculated in accordance with the rules of the commission as may be necessary to provide \( \frac{3}{4} \) of the actuarial cost of such service credit. In the event that such member retires before he completes the payment for the service credit that he is purchasing, credit for such service shall be given in direct proportion as the amount paid bears to the total amount of the obligation. Said sum of money may be paid in one lump sum or by semimonthly deductions from salary, together with the regular deductions provided by this act, until completed. All payments aforesaid by the employee shall be made together with interest thereon at a rate to be determined by the pension commission.

(b) All employees at the time of the adoption of this act who are under 45 years of age and are not members of any retirement system supported wholly or in part by the county; and any official stenographic reporter and proxies of such official stenographic reporter who are serving as such at the time of the adoption of this act, may become members of the retirement system created under this act upon written application made to the pension commission before July 1, 1943, under one of the following 2 plans (B1) and (B2):
(B1) To receive credit for service rendered to the county prior to joining this retirement system such employee shall pay into this retirement system a sum of money equal to 3% of salary received either since June 1, 1929, or since August 1, 1932, depending upon which of the said 2 dates such employee first became eligible to membership in the county employees’ retirement system of such county established under “An act providing for the retirement of certain county employees in counties of the first class of this State and providing a pension for such retired county employees and their dependents,” approved April 22, 1929 (P. Upon and after the death of such pensioner, said pension shall be paid to the surviving widow, so long as she remains unmarried, surviving widower, so long as he remains unmarried, or minor children up to 18 years of age, as the case may be.

(c) Should a member, after having completed 15 years of service for which credit has been established in the pension fund, be separated voluntarily or involuntarily from the service, before reaching age 60, and not by removal for cause or charges of misconduct or delinquency, he may elect to receive the payments provided for in section 18 of the act to which this act is amendatory and supplementary,
or the benefit provided by subsection (b) of this section, or a deferred pension beginning at age 60, in the amount based on his years of service credited in the fund bear to the total number of years of service that he could have achieved had he continued to age 60 and qualified for the pension of \( \frac{1}{2} \) of average annual salary.

The examination shall be made at the residence of the beneficiary or any other place mutually agreed upon. If the physician or physicians thereupon report and certify to the commission that the disability beneficiary is not permanently and totally incapacitated either physically or mentally for the performance of duty and that he is engaged in a gainful occupation, and if the commission concurs in the report, then the amount of his pension shall be reduced to an amount which, when added to the amount then being earned by him shall not exceed the amount of the compensation now attributable to his former position. If subsequent medical examination of such a beneficiary shows that his earnings have changed since the date of his last examination, then the amount of his pension may be further altered but the new pension shall not exceed the amount of the pension originally granted nor shall the new pension when added to the amount then being earned by the beneficiary exceed the salary or compensation then attributable to his former position.

Such deductions shall be continued to be made during the entire period of employment of the member and until the death or retirement of said member.

The deductions provided herein for pension purposes shall not be construed as reduction in the salary or compensation of any member of this retirement system.

Every employee to whom this act applies who shall continue in the service after the adoption and approval of this act, as well as every person to whom this act applies who may hereafter be appointed to a position or place, shall be deemed to consent and agree to the deductions made and provided for herein and payment with such deductions, for service, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all services rendered by such person during the period covered by such payment except his or her claim to the benefits to which he or she may be entitled under the provisions of this act.

In the fiscal year next following the effective date of this amendatory and supplementary act, the county shall increase its contribution by 1% of all such county employees’ salaries and in each fiscal year thereafter the contribution of the county required by the provisions of this act shall be increased over the previous percentage by an additional 1% of all such county employees’ salaries until the actuary

All moneys donated for the purpose of the funds shall be deposited in the fund.

(c) All interest earned on investments of moneys of this retirement system shall be credited to this pension fund.

(d) All moneys required to meet the county contributions provided for in this and all other sections of this act shall be raised annually in the county budget by the board of chosen freeholders and if at any time there is not sufficient money to meet these requirements and pay the pensions, the board of chosen freeholders shall, from time to time, include in any tax levy a sum sufficient to meet the requirements of the retirement system.

(e) If in any 1 year the expenditures required to be made from the fund created under this act are in excess of the moneys received by said fund during that year under the provisions of subsections (a), (b) and (c) of this section, the board of chosen freeholders of the county shall appropriate, raise by taxation and pay over to said fund a sum or sums of money sufficient to wholly reimburse said fund for the amount so expended in excess of moneys received for that year.

6. Section 18 of chapter 160 of the laws of 1943 is amended to read as follows:

system established hereunder who retires on pension under the provisions of any other act, shall be entitled, upon written application made therefor to the pension commission within 3 months after such retirement on pension, to a refund of the moneys theretofor deducted from his salary for the retirement system, less a sum equal to \(2\frac{1}{2}\%\) of the total of said deductions for each year for which said deductions were made; and provided, further, that where the service of an employee is terminated by death of the employee, if such employee leaves no widow, dependent widower, or dependent children under 18 years of age, all moneys theretofore deducted from his salary for the retirement system established hereunder shall be paid to the person designated by said employee as his or her beneficiary and if no such designation has been made or if the beneficiary has predeceased said employee, all moneys deducted from his or her salary for the retirement system shall be paid to the estate of the deceased employee.

7. Section 6 of chapter 191 of the laws of 1960 is amended to read as follows:

6. The actuary appointed by the commission shall recommend and the board shall keep in convenient form, such data as shall be necessary for actuarial valuation of the fund every year. Once in every 3-year period the actuary shall make an actuarial investigation into the mortality, service and compensation or salary experience of the members and beneficiaries of the fund and shall make a valuation of the assets and liabilities of the fund. Upon the basis of such investigation and valuation the commission shall:

a. Adopt for the fund such mortality, service and other tables as shall be deemed necessary;

b. Recommend changes in the rates of contributions; and

c. Certify the rate of contribution, expressed as a proportion of the compensation of the members which shall be made by the county to the fund in order to continue the fund on a fully funded, re-
serve basis once the fund has achieved a fully funded status on the basis of increased contributions by the county and the members.

For the purpose of the valuation the commission shall classify the members in such group or groups as it deems necessary.

8. This act shall take effect immediately.

An Act to amend ""An act concerning the issuance by insurance companies of contracts on a variable basis and the regulation thereof, and amending section 17:34-19 of the Revised Statutes,"" approved June 18, 1959 (P. L. 1959, c. 122) and to amend ""An act providing for the establishment and operation by any life insurance corporation of a variable contract account, and the regulation thereof,"" approved June 18, 1959 (P. L. 1959, c. 123).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

No such form shall be issued or used until the commissioner shall give his prior written
acknowledgment of the filing of such form. The
commissioner shall disapprove or withdraw ap­
proval of any such contract form, application or
certificate if:

(i) such contract or application or certifi­
cate contains provisions which are unjust, un­
fair, inequitable, ambiguous, misleading, likely
to result in misrepresentation, or contrary to
law, or

(ii) sales of such contracts are being solic­
ted by any means of advertising, communica­
tion or dissemination of information which
involves misleading or inadequate description
of the provisions of the contract, or

(iii) such contracts are being issued in
disregard of reasonable regulations which
shall be promulgated by the Commissioner of
Banking and Insurance relating to the condi­
tions which must be met at time of issue of an
individual contract on a variable basis for
balance whereby (A) provision made for in­
come from contracts on a variable basis shall
not exceed (B) provision made for income pay­
able in predetermined dollar amount (in what­
ever form such provision is made, including,
but without limitation to, annuities, pensions,
social security or other contracts or plans pro­
viding for the payment of income over a period
of time).

He shall notify the company, specifying particu­
lars, of his disapproval. It shall be unlawful for
such company thereafter to issue any contract or
certificate thereunder or use any application in the
form so disapproved. Such disapproval of the
commissioner shall be subject to review by the
Superior Court in a proceeding in lieu of preroga­
tive writ.

(b) Illustrations of benefits payable under any
contract on a variable basis shall not involve pro­
jections of past investment experience into the
future and shall conform with reasonable regula­
tions promulgated by the Commissioner of Banking
and Insurance.
(c) No individual annuity contract on a variable basis shall be delivered or issued for delivery in this State unless it contains in substance the following provisions:

(i) that, in the event of default in the payment of any consideration beyond the period of grace allowed by the contract for the payment thereof, the insurance company will, subject to subsection (d) of this section, make payment of the value of the contract, in accordance with a plan provided by the contract, commencing not later than the date contractual payments by the company were otherwise to have commenced in accordance with the contract;

(ii) that, upon request of the contract holder received by the insurance company at least 4 months prior to the date contractual payments by the company were otherwise to have commenced, the company will, subject to subsection (d) of this section, make payment of the value of the contract, in accordance with a plan provided by the contract and selected by the contract holder, commencing as of the first day of the first month which is at least 4 months after the date of receipt of such request, unless another date of commencement is requested by the contract holder and agreed to by the company;

(iii) that the insurance company will mail to the holder of the contract at least once in each contract year after the first, at his last address known to the company, a report in a form approved by the Commissioner of Banking and Insurance, which shall include a statement of the number of units credited to such contract and the dollar value of a unit as of a date not more than 2 months previous to the date of mailing and a statement in a form and of a date approved by the commissioner of the investments held in the variable contract account designated in such contract.
(d) The insurance company shall not make payment of the value of an individual annuity contract on a variable basis by surrender, loan, advance or otherwise, except on a plan providing for contractual payments, on a variable basis, for life or for at least 3 years; provided, however, that this provision shall not be applicable (i) if the value of the units credited under the contract is less than $1,000.00 (A) on the date of default, in the case of default in payment of considerations beyond the period of grace allowed therefor by the contract or (B) in any other case, on the date as of which the dollar amount of the first contractual payment to be made by the company is determined or (ii) after the death of the annuitant.

(e) Any individual contract on a variable basis delivered or issued for delivery in this State shall stipulate the expense, mortality, and investment increment factors to be used in computing the dollar amount of variable benefits or other contractual payments or values thereunder, and shall guarantee that expense and mortality results shall not adversely affect such dollar amounts. The mortality and investment increment factors used in computing the dollar amount of variable benefits or other contractual payments or values under an individual contract on a variable basis shall not produce a larger initial payment than would be produced by the use of the 1937 Standard Annuity Mortality Table and an annual investment increment assumption of 3%.

Any group contract on a variable basis delivered or issued for delivery in this State shall stipulate the expense, mortality and investment increment factors to be used in computing the dollar amount payable with respect to a unit of variable benefits purchased thereunder and shall guarantee that expense and mortality results shall not adversely affect such dollar amounts.

variable basis shall submit annually to the Commissioner of Banking and Insurance a separate annual statement for the business of its variable contract accounts. This statement shall be on the same form as that prescribed by the commissioner for insurance companies doing business in New Jersey which do not operate variable contract accounts, and shall include details as to all of the income, disbursements, assets and liability items associated with the variable contract accounts.

The commissioner shall make a separate valuation of the assets of the variable contract accounts and a copy of such valuation shall be filed in the commissioner's office as a public document.

Such valuation shall be on the same basis required of a life insurance company doing business in New Jersey but which has not established a variable contract account.

The commissioner shall further prescribe by regulation the steps to be taken by the company in disposing of those holdings which at any time subsequent to purchase fail to meet the standards and regulations for new investments.

2. Section 1 of chapter 123 of the laws of 1959 is amended to read as follows:

Any life insurance corporation heretofore or hereafter incorporated pursuant to the provisions of any general or special law of this State shall have authority to establish and operate a separate account known as the variable contract account. Any life insurance corporation may establish more than one such separate account with the approval of the Commissioner of Banking and Insurance.

3. Section 2 of chapter 123 of the laws of 1959 is amended to read as follows:

2. Except as may be otherwise specifically provided by the contract, all amounts received in connection with any contract on a variable basis shall be placed in the variable contract account designated in such contract, and all liabilities on any such contract shall be set up in said account.

4. This act shall take effect immediately.

(c) The governing bodies of any 2 or more municipalities or any 2 or more counties, the areas of which together comprise an integral body of territory, may, by parallel ordinances or in the case of counties by parallel resolutions, duly adopted by each of such governing bodies within any single calendar year, create a public body corporate and politic under the name and style of "the sewerage authority," with all or any significant part of the name of each such municipality or county or some identifying geographical phrase inserted. Said body shall consist of the members thereof, in an aggregate number determined as hereinafter in this subsection provided, who shall be appointed by resolutions of the several governing bodies as hereinafter in this section provided, and it shall constitute the sewerage authority contemplated and provided for in this act and an agency and instrumentality of the said municipalities or counties. The number of members of the sewerage authority to be appointed at any time for full terms of office by the governing body of any

After the taking effect of the said ordinances or resolutions of all such municipalities or counties and after the filing of certified copies thereof as in subsection (d) of this section provided, the appropriate number of persons shall be appointed as members of the sewerage authority by the governing body of each municipality or county. The members first appointed or to be first appointed shall serve for terms expiring on the first day of the fifth February next ensuing after the date of the first appointment of any member. On or after January 1 in the year in which expire the terms of the said members first appointed and in every fifth year thereafter, the appropriate number of persons shall be appointed as members of the sewerage authority by the governing body of each municipality or county, to serve for terms commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. (d) A copy of each resolution or ordinance for the creation of a sewerage authority adopted pursuant to this section, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. Upon proof of such filing of a certified copy of the resolution or ordinance or of certified copies of the parallel ordinances for the creation of a sewerage authority as aforesaid, the sewerage authority therein referred to shall, in any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract or obligation or act of the sewerage authority, be conclusively deemed to have been lawfully and properly created and established and
authorized to transact business and exercise its powers under this act. A copy of any such certified resolution or ordinance, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding.

(e) A copy of each resolution appointing any member of a sewerage authority adopted pursuant to this section, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. A copy of such certified resolution, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding and, except in a suit, action or proceeding directly questioning such appointment, shall be conclusive evidence of the due and proper appointment of the member or members named therein.

(f) The governing body of a county which may create or join in the creation of any sewerage authority pursuant to this section shall not thereafter create or join in the creation of any other sewerage authority. No governing body of any municipality constituting the whole or any part of a district shall create or join in the creation of any sewerage authority except upon the written consent of the sewerage authority and in accordance with the terms and conditions of such consent, and in the event such consent be given and a sewerage authority be created pursuant thereto, the terms and conditions of such consent shall thereafter be in all respects binding upon such municipality and the sewerage authority so created and any system of sewers or sewage disposal plants constructed or maintained in conformity with the terms and conditions of such consent by the sewerage authority so created shall be deemed not to be competitive with the sewerage systems of the sewerage authority giving such consent. In the event that prior to the creation of a sewerage authority of a county the governing body of any municipality located in said county shall have created or joined in the creation of a sewerage authority, the area within the
territorial limits of such municipality shall not be part of the district of the sewerage authority of said county.

(g) Within 10 days after the filing in the office of the Secretary of State of a certified copy of a resolution for the creation of a sewerage authority adopted by the governing body of any county pursuant to this section, a copy of such resolution, duly certified by the appropriate officer of the county, shall be filed in the office of the clerk of each municipality within the county. In the event that the governing body of any such municipality shall, within 60 days after such filing in the office of the Secretary of State, adopt a resolution determining that such municipality shall not be a part of the district of such sewerage authority and file a copy thereof duly certified by its clerk, in the office of the Secretary of State, the area within the territorial limits of such municipality shall not thereafter be part of such district, but at any time after the adoption of such resolution, the governing body of such municipality may, by ordinance duly adopted, determine that such area shall again be a part of such district and if thereafter a copy of such ordinance duly certified by the appropriate officer of such municipality, together with a certified copy of a resolution of such sewerage authority approving such ordinance, shall be filed in the office of the Secretary of State, then from and after such filing the area within the territorial limits of such municipality shall forever be part of such district.

(h) The governing body of any local unit which has created a sewerage authority pursuant to subsection (a) of subsection (b) of this section may, in the case of a county by resolution duly adopted or in the case of a municipality by ordinance duly adopted, dissolve such sewerage authority on the conditions set forth in this subsection. The governing bodies of 2 or more local units which have created a sewerage authority pursuant to subsection (c) of this section may, by parallel ordinances duly adopted by each of such governing bodies within
any single calendar year, dissolve such sewerage authority on the conditions set forth in this subsection. Such a sewerage authority may be dissolved on condition that (1) either the members of such authority have not been appointed or the sewerage authority, by resolution duly adopted, consents to such dissolution, and (2) the sewerage authority has no debts or obligations outstanding. Upon the dissolution of any sewerage authority in the manner provided in this subsection, the governing body or bodies dissolving such sewerage authority shall be deemed never to have created or joined in the creation of a sewerage authority. A copy of each resolution or ordinance for the dissolution of a sewerage authority adopted pursuant to this subsection, duly certified by the appropriate officer of the local unit, shall be filed in the office of the Secretary of State. Upon proof of such filing of a certified copy of the resolution or ordinance or of certified copies of the parallel ordinances for the dissolution of a sewerage authority as aforesaid and upon proof that such sewerage authority had no debts or obligations outstanding at the time of the adoption of such resolution, ordinance or ordinances, the sewerage authority therein referred to shall be conclusively deemed to have been lawfully and properly dissolved and the property of the sewerage authority shall be vested in the local unit or units. A copy of any such certified resolution or ordinance, duly certified by or on behalf of the Secretary of State, shall be admissible in evidence in any suit, action or proceeding.

(i) Whenever the sewerage authority of any county shall certify to the governing body of any county that it has entered into a contract pursuant to section 23 of this act with one or more municipalities situate within any other county, one additional member of the sewerage authority for each such other county shall be appointed by resolution of the governing body of such other county as in this section provided. The additional member so appointed for any such other county, and his suc-
cessors shall be a resident of one of said municipalities situate within such other county. The additional member first appointed or to be first appointed for any such other county shall serve for a term expiring on the first day of the fifth February next ensuing after the date of such appointment, and on or after January 1 in the year in which expires the term of the said additional member first appointed and in every fifth year thereafter, one person shall be appointed by said governing body as a member of the sewerage authority as successor to said additional member, to serve for a term commencing on February 1 in such year and expiring on February 1 in the fifth year after such year. If after such appointment of an additional member for any such other county the sewerage authority shall certify to said governing body of such other county that it is no longer a party to a contract entered into pursuant to section 23 of this act with any municipality situate within such other county, the term of office of such additional member shall thereupon cease and expire and no additional member for such other county shall thereafter be appointed.

(j) If a municipality, the governing body of which has created a sewerage authority pursuant to subsection (b) of this section, has been or shall be consolidated with another municipality, the governing body of the new consolidated municipality may, by ordinance duly adopted, provide that the members of the sewerage authority shall thereafter be appointed by the governing body of such new consolidated municipality, which shall make appointment of members of the sewerage authority by resolution as hereinafter in this subsection provided. On or after the taking effect of such ordinance, one person shall be appointed as a member of the sewerage authority for a term commencing on February 1 in each year, if any, after the date of consolidation, in which has or shall have expired the term of a member of the sewerage authority theretofore appointed by the governing body of the
municipality which has been or shall be so consolidated, and expiring on February 1 in the fifth year after such year. Thereafter, on or after January 1 in each year, one person shall be appointed as a member of the sewerage authority to serve for a term commencing on February 1 in such year and expiring February 1 in the fifth year after such year. In the event of a vacancy in the membership of the sewerage authority occurring during an unexpired term of office, a person shall be appointed as a member of the sewerage authority to serve for such unexpired term. Each member of the sewerage authority appointed by the governing body of a municipality which has been or shall be so consolidated shall continue in office until his successor has been appointed as in this subsection provided and has qualified.

(k) If a municipality, the governing body of which has created a sewerage authority pursuant to subsection (b) of this section, has been or shall be consolidated with another municipality, the governing body of the new consolidated municipality, subject to the rights of the holders, if any, of bonds issued by the sewerage authority, and upon receipt of the sewerage authority's written consent thereto, may provide, by ordinance duly adopted, that the area within the territorial boundaries of the new consolidated municipality shall constitute the district of the sewerage authority, and upon the taking effect of such ordinance, such area shall constitute the district of the sewerage authority. Until the taking effect of such ordinance, the district of the sewerage authority shall be the area within the territorial boundaries, as they existed at the date of the consolidation, of the municipality the governing body of which created the sewerage authority.

   2. Any substances which, by regulation issued after public hearing, are deemed to meet the requirements of subparagraph 1 of this section.

   (e) The term "toxic" means any substance which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

   (f) The term "highly toxic" means and substance which falls within any of the following categories: (1) produces death within 14 days in half or more than half a group of 10 or more laboratory white rats each weighing between 200 and 300 grams, at a single dose of 50 milligrams or less per kilogram of body weight, when orally administered; or (2) produces death within 14 days in half or more than half a group of 10 or more laboratory white rats each weighing between 200 and 300 grams, when inhaled continuously for a period of 1 hour or less at an atmosphere concentration of
200 parts per million by volume or less of gas or vapor or 2 milligrams per liter by volume or less of mist or dust, provided such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or
(3) produces death within 14 days in half or more than half of a group of 10 or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for 24 hours or less; provided, that, if the commissioner finds that available data on human experience with any substance indicate results different from those obtained on animals in the above named dosages or concentrations, the human data shall take precedence.

(g) The term "corrosive" means any substance which in contact with living tissue will cause destruction of tissue by chemical action; but shall not refer to action on inanimate surfaces.

(h) The term "irritant" means any substance not corrosive within the meaning of subparagraph (g) which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(j) The term "extremely flammable" shall apply to any substance which has a flash point at or below 20 degrees Fahrenheit as determined by the Tagliabue Open Cup Tester, and the term "flammable" shall apply to any substance which has a flash point of above 20 degrees to and including 80 degrees Fahrenheit, as determined by the Tagliabue Open Cup Tester. The flammability of solids and of the contents of self-pressurized containers may be determined by methods found by the commissioner to be generally applicable to such materials or containers, respectively, and established by regulations issued by him, which regulations shall also define
the terms "flammable" and "extremely flammable" in accord with such methods.

(k) The term "label" means a display of written, printed or graphic matter upon the immediate container of any substance; and a requirement made by or under authority of this act that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement or other information also appears (1) on the outside container or wrapper, if any there be, unless it is legible through the outside container or wrapper and (2) on all accompanying literature where there are directions for use, written or otherwise.

or storage and; the statement "Keep out of the
reach of children," or its practical equivalent, and,

layout, or color with other printed matter on the
label.

3. The term "hazardous substance" shall not apply

and regulations promulgated hereunder.

5. (a) The commissioner is hereby empowered
to promulgate such regulations as may be necessary
for the efficient enforcement of this act after public
hearing to be held after 30 days prior notice thereof
by public advertisement of the date, time and place
of such hearing.

(b) Whenever in the judgment of the commis-
sioner such action will promote the objectives of
this act by avoiding or resolving uncertainty as to
its application, the commissioner may by regulation
declare to be a hazardous substance, for the pur-
poses of this act, any substance or mixture of sub-
stances which he finds meets the requirements of
section 2 (d).
(c) If the commissioner finds that the requirements of section 2 (m) are not adequate for the protection of the public health and safety in view of special hazard presented by any particular hazardous substance, he may by regulation establish such reasonable variations or additional label requirements as he finds necessary for the protection of the public health and safety; and any container of such hazardous substance intended or suitable for household use which fails to bear a label in accordance with such regulations shall be deemed to be a misbranded package of a hazardous substance.

(d) If the commissioner finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this act is impracticable or is not necessary for the adequate protection of the public health and safety, the commissioner shall promulgate regulations exempting such substances from these requirements to the extent he determines to be consistent with adequate protection of the public health and safety.

(e) The commissioner may exempt from the requirements established by or pursuant to this act any container of a hazardous substance with respect to which he finds adequate requirements satisfying the purposes of this act have been established by or pursuant to and in compliance with any other Federal or State law.

(f) In the preparation of regulations for promulgation under this act, the commissioner shall take into consideration the requirements of regulations promulgated under the Federal Hazardous Substances Labeling Act and consult with the Commissioner of the Department of Labor and Industry.

(b) The alteration, mutilation, destruction, obliteration or removal of the whole or any part of the labeling of, or the doing of any other act with respect to, a hazardous substance being held for sale if such act results in the hazardous substance being in a misbranded package.

(c) The selling, offering for sale or keeping for sale of a hazardous substance in a reused food, drug or cosmetic container or in a container which though not a reused container is identifiable as a food, drug or cosmetic container by its labeling or by other identification.

(b) Public officials of this State and of the Federal Government engaged in the performance of their official duties.

(c) The manufacturer or shipper of a hazardous substance for experimental use only:

8. (a) The department shall execute and enforce the provisions of this act and in that enforcement is hereby vested with all powers relating to inspection, sampling, condemnation and embargoing of hazardous substances granted to it with respect to food and drugs under subtitle 1, Title 24 of the Revised Statutes.

Such order shall be complied with in the time specified.

(c) Any person violating any of the provisions of this act or orders or regulations promulgated thereunder shall be liable to a penalty of not less than $50.00 nor more than $500.00 and for the second and each succeeding violation, to a penalty of not less than $100.00 nor more than $1,000.00, to be collected in a civil action by summary proceeding under the Penalty Enforcement Law (N. J. S. A. 2A:58-1). Where the violation is of a continuing nature, each day during which it continues, after the date given by which the violation must be eliminated in the order by the commissioner, shall constitute an additional, separate and distinct offense, except during the time an appeal from said order may be taken or is pending.

The commissioner is hereby authorized and empowered to compromise and settle any claim for a penalty under this section in such amount in the discretion of the commissioner as may appear appropriate and equitable under all of the circumstances.

(d) Payment of a penalty for any violation of this act or regulations promulgated thereunder either before or after the institution of proceedings
for the collection thereof shall be deemed equivalent to a conviction of the violation for which such penalty was claimed.

9. The department either before or after the institution of a proceeding for the collection of a penalty for violation of any provision of this act or regulations promulgated thereunder may institute an action in the Superior Court in the name of the State at the relation of the department to restrain such violation and for such other or further relief as the court shall deem proper.

1. Definitions.

(A) The term "trademark" as used herein means any word, name, symbol, or device or any combination thereof adopted and used by a person to identify goods made or sold by him and to distinguish them from goods made or sold by others.

(B) The term "service mark" as used herein means a mark used in the sale or advertising of services to identify the services of one person and distinguish them from the services of others.
(C) The term “mark” as used herein includes any trademark or service mark entitled to registration under this act whether registered or not.

(G) For the purposes of this act, a trademark shall be deemed to be “used” in this State (a) on goods when it is placed in any manner on the goods or their containers or the displays associated therewith or on the tags or labels affixed thereto and such goods are sold or otherwise distributed in the State, and (b) on services when it is used or displayed in the sale or advertising of services and the services are rendered in this State.

2. Registrability.

A mark by which the goods or services of any applicant for registration may be distinguished from the goods or services of others shall not be registered if it

(a) consists of or comprises immoral, deceptive or scandalous matter; or

(b) consists of or comprises matter which may disparage or falsely suggest a connection with persons, living or dead, institutions, beliefs, or national symbols, or bring them into contempt, or disrepute; or

(c) consists of or comprises the flag or coat of arms or other insignia of the United States, or of any State or municipality, or of any foreign nation, or any simulation thereof; or

The Secretary of State may accept as evidence that the mark has become distinctive, as applied to the applicant’s goods or services, proof of continuous use thereof as a mark by the applicant in this State or elsewhere for the 5 years next preceding the date of the filing of the application for registration; or

(f) consists of or comprises a mark which so resembles a mark registered in this State or a mark or trade name previously used in this State by another and not abandoned, as to be likely, when applied to the goods or services of the applicant, to cause confusion or mistake or to deceive.

3. Application for Registration.
Subject to the limitations set forth in this act, any person who adopts and uses a mark in this State may file in the office of the Secretary of State, on a form to be furnished by the Secretary of State, an application for registration of that mark setting forth, but not limited to, the following information:

The application shall be signed and verified by the applicant or by a member of the firm or an officer of the corporation or association applying.

The application shall be accompanied by a specimen or facsimile of such mark in triplicate.

The application for registration shall be accompanied by a filing fee of $5.00 payable to the Secretary of State.

Any certificate of registration issued by the Secretary of State under the provisions hereof or a copy thereof duly certified by the Secretary of State shall be admissible in evidence as competent and sufficient proof of the registration of such mark in any action or judicial proceedings in any court of this State.

5. Duration and Renewal.

Registration of a mark hereunder shall be effective for a term of 10 years from the date of registration and, upon application filed within 6 months prior to the expiration of such term, on a form to be furnished by the Secretary of State, which in-
cludes a statement that the mark is still in use in this State, the registration may be renewed for a like term. A renewal fee of $5.00, payable to the Secretary of State, shall accompany the application for renewal of the registration.

A mark registration may be renewed for successive periods of 10 years in like manner.

The Secretary of State shall notify registrants of marks hereunder of the necessity of renewal within the year next preceding the expiration of the 10 years from the date of registration, by writing to the last known address of the registrants.

Any registration in force on the date on which this act shall become effective shall expire 10 years from the date of the registration or of the last renewal thereof or 1 year after the effective date of this act, whichever is later, and may be renewed by filing an application with the Secretary of State on a form furnished by him and paying the aforementioned renewal fee therefor within 6 months prior to the expiration of the registration.

The Secretary of State shall within 6 months after the effective date of this act notify all registrants of marks under previous acts of the date of expiration of such registrations unless renewed in accordance with the provisions of this act, by writing to the last known address of the registrants.

6. Assignment.

Any mark and its registration hereunder shall be assignable with the good will of the business in which the mark is used, or with that part of the good will of the business connected with the use of and symbolized by the mark. Assignment shall be by instruments in writing duly executed and may be recorded with the Secretary of State upon the payment of a fee of $5.00 payable to the Secretary of State who, upon recording of the assignment, shall issue in the name of the assignee a new certificate for the remainder of the term of the registration or of the last renewal thereof. An assignment of any registration under this act shall be void as against any subsequent purchaser for valuable con-

for cancellation thereof from the registrant or the
assignee of record;

(1) that the registered mark has been aban­
doned,
(2) that the registrant is not the owner of
the mark,
(3) that the registration was granted im­
properly,
(4) that the registration was obtained fraud­
ulently,
(5) that the registered mark is so similar,
as to be likely to cause confusion or mistake
or to deceive, to a mark registered by another
person in the United States Patent Office, prior
to the date of the filing of the application for
registration by the registrant hereunder, and
not abandoned; provided, however, that should
the registrant prove that he is the owner of a
concurrent registration of his mark in the
United States Patent Office covering an area
including this State, the registration hereunder
shall not be canceled.
(e) when the Superior Court shall order cancellation of a registration on any ground.

gations of the school district issued or to be issued in pursuance of a proposal adopted by the legal voters at such meeting or election, are hereby rati­fied, validated and confirmed notwithstanding that the proposal contained in the notice of election or meeting did not correctly show the increase in the net debt of the municipality comprising the school district after the issuance of the bonds; provided, however, that prior to said meeting or election the school district did cause to be published and posted corrected notices of said election or meeting and the ballots used at the polling districts in such election or meeting in such school district did show the correct increase in the net debt of such municipality comprising such school district; and provided further, that all other proceedings, actions and other things required to be done, had or taken in connection with such school district meeting or election were duly had and taken in accordance with law; and provided further, that no action, suit or proceeding to contest the validity of such meeting or election has heretofore been instituted prior to the date on which this act takes effect and within the time fixed therefor by or pursuant to law.

CHAPTER 271

AN ACt to amend ‘‘An act to supplement ‘An act concerning banking and banking institutions (Revision of 1948),’ approved April 29, 1948 (P. L. 1948, c. 67),’’ approved April 9, 1953 (P. L. 1953, c. 78).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 3 of the act of which this act is amendatory is amended to read as follows:

3. No savings bank shall make an investment pursuant to this act at any time when the total of all such investments exceeds, or if the making of such investment would cause such total to exceed 75% of its surplus (as hereinafter defined).

2. This act shall take effect immediately.
Approved September 6, 1966.
CHAPTER 272

An Act to provide for the issuance by banks of convertible and nonconvertible capital notes and debentures, and supplementing "An act concerning banking and banking institutions (Revision of 1948), approved April 29, 1948 (P. L. 1948, c. 67)."

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. As used herein, (a) "capital notes" means notes, debentures and other like writings having maturities of more than 1 year, issued by a bank to evidence its obligation to repay money borrowed by it; (b) "Commissioner" means the Commissioner of Banking and Insurance; (c) "bank" means those corporations defined as banks in section 1 of the act to which this act is a supplement and does not include savings banks; and (d) "capital funds" means the aggregate of the unimpaired capital stock, surplus, undivided profits and contingent reserves of a bank.

2. A bank may, from time to time, issue convertible or nonconvertible capital notes, or both, in series or otherwise.

3. Capital notes may be issued only for cash. Convertible capital notes issued by a bank may be converted only into common stock of the issuing bank.

4. The indebtedness evidenced by capital notes shall be unsecured and shall be subordinate to the claims of depositors and other creditors of the bank, regardless whether such claims predate or postdate the issuance of such notes. Upon the liquidation of the bank, depositors and other creditors shall be entitled to payment in full before any payment on account of principal or interest is made on such capital notes.
5. Nonconvertible capital notes may be issued pursuant to a resolution of a bank’s board of directors without action by the bank’s stockholders.

6. Convertible capital notes may not be issued except pursuant to an amendment of the issuing bank’s certificate of incorporation made as provided in article 19 of the act to which this act is a supplement. Such amendment shall also make provision for authorized but unissued shares of the bank’s capital stock in an aggregate par value sufficient to effect the conversion of such capital notes into shares of capital stock according to the provisions of such capital notes.

7. No bank shall issue its convertible capital notes to others than the holders of its common stock until after it has offered such notes to such holders for purchase by each of them in an amount sufficient to give effect to such stockholder’s right to participate ratably in an increase in the bank’s common stock as provided by section 99 of the act to which this act is a supplement. Capital notes not purchased by stockholders in the exercise of the right conferred by this section may be sold by the bank to such persons, who may but need not be stockholders, as shall be determined by the board of directors, at a price not less than that paid by stockholders of the bank in the exercise of their rights under this section.

8. Within 90 days after any capital notes are converted, a certificate made by 2 officers of the bank which issued such capital notes, one of whom shall be the president or a vice president, shall be filed in the Department of Banking and Insurance, stating the amount of the capital notes so converted, and the number and the par value of the shares into which they were converted.

9. No capital notes shall be issued unless they and any agreement to which they are subject are approved by the commissioner. Such capital notes and such agreements may contain such provisions, not inconsistent with the provisions of this act, as are customarily made in connection with similar
evidences of indebtedness issued by corporations other than banks, including, but not limited to, provisions respecting maturities, interest rates, conversion ratios, rates of amortization of principal, prepayment privileges, reserves, sinking funds, and the like, except that no capital notes shall be issued which provide for interest at a rate higher than 6% per annum or provide for conversion at a rate per share less than the par value of the shares issued on such conversion. Unless special cause is shown to the satisfaction of the commissioner, (a) no capital notes shall be issued by a bank at a time when the principal amount owing on all outstanding capital notes of the bank exceeds 50% of the bank’s capital funds, or if such issue would cause such amount to exceed 50% of the bank’s capital funds; (b) no payment shall be made on account of the principal of any such note otherwise than as provided in such note or in any agreement to which such note is subject; and (c) no capital notes shall mature in more than 25 years from their dates. The commissioner may withhold his approval of any capital notes containing provisions which, in his opinion, are prejudicial to the interests of the bank’s depositors or other creditors, or are inconsistent with sound financing or with the maintenance by the bank of a sound capital structure.

10. The principal amount owing on all capital notes of a bank at any time outstanding, whether issued by the bank pursuant to this act, or issued as capital notes or debentures before the effective date of this act with the approval of the commissioner, shall be included with the amount of the bank’s capital funds for the purposes of determining the limitations on liability to a bank pursuant to article 13 of the act to which this act is a supplement.

11. No bank shall hereafter issue capital notes or debentures except pursuant to this act.

12. This act shall not apply to any borrowing by a bank, however evidenced, which is payable in one year or less from the date of such borrowing.
13. A determination made by the commissioner pursuant to this act shall be subject to review, hearing and relief in the Superior Court in a proceeding in lieu of prerogative writ.

14. P. L. 1953, chapter 215, is hereby repealed insofar as it provides for the original issuance of capital notes or debentures after the effective date of this act.

15. This act shall take effect immediately.
Approved September 6, 1966.

CHAPTER 274

An Act to amend the “Banking Act of 1948,”
approved April 29, 1948 (P. L. 1948, c. 67).

Be it enacted by the Senate and General Assem­
by of the State of New Jersey:
1. Section 181 of the act of which this act is
amendatory is amended to read as follows:
181. Mortgage loans.
A–1. A savings bank may make or invest in mort­
gage loans in the manner and subject to the limita­
tions prescribed by this section. For the purposes
of this section, “mortgage loan” shall include every
indebtedness secured by mortgage on real property, or on a lease of the fee of real property (in any case in which such lease is lawful security for such mortgage loan), except as otherwise provided by subsection Q of this section, and a savings bank shall be deemed to have made a mortgage loan when

(a) it lends or participates in lending money to a borrower upon the security of real property; or

(b) it acquires, by purchase or otherwise, a mortgage loan or any share or part of or interest in a mortgage loan which is not subordinate to any share or part thereof or interest therein held by any other person.

A savings bank may sell, assign or otherwise dispose of a share or part of or interest in a mortgage loan held by it to any other person.

A-2. For all purposes of compliance with the applicable provisions and restrictions of subsections D, E, F and G of this section as to the percentage of the mortgage loan to the appraised value of the mortgaged property, and the term of and rate of amortization of such loan, the date of the acquisition by a savings bank of a mortgage loan or a share or part thereof or interest therein shall, as respects such savings bank, be deemed to be the date as of which the mortgage loan was made and the unpaid amount of the principal then due shall be deemed to be the amount of such mortgage loan.

B. No savings bank shall make a mortgage loan at any time when the total cost of acquisition by the savings bank of all real property owned by it, other than real property held for the purposes specified in subparagraph (a) of paragraph (5) of section 24, and the total of all principal balances owing to the savings bank on mortgage loans, less all write-offs and reserves with respect to such real property and mortgage loans, together exceeds, or by the making of such loan will exceed, 80% of its deposits. For the purposes of this subsection, principal balances owing on mortgage loans made pursuant to subsection Q(1) of this section shall, only to the extent of the unguaranteed portion of such balances, and
loans made pursuant to subsection Q(2) of this section shall, only to the extent of 50% of such balances, be included in the total of all principal balances owing to the savings bank on mortgage loans.

C. Every mortgage loan shall be evidenced by a note or bond, and shall be secured by a mortgage on the fee of real property located within this State, or, if outside this State, upon the fee of real property located within 50 miles of the border of this State. Every mortgage shall be certified to be a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be a first lien by a corporation authorized to guarantee titles to land in such State. For the purposes of this section, a mortgage shall be deemed to be a first lien, notwithstanding the existence of a prior mortgage or mortgages held by the savings bank, or a lien for current taxes or assessments not due or payable at the time the loan is made, and notwithstanding the existence of leases, building restrictions, easements, encroachments, or covenants which, in the opinion of an officer of the savings bank designated for that purpose by the board of managers, do not materially lessen the value of the real property to be mortgaged.

D. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is one or more one-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling, or dwellings, garages or outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed (a) 75% of the appraised value of the real property, or $35,000.00 whichever is lesser; or (b) 80% of the appraised value of the real property, or $25,000.00, whichever is lesser; or (c) 90% of the appraised value of the real property, or $25,000.00 whichever is lesser, provided that the dwelling or dwellings are not more than 10 years old.
E. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is one or more 2-, 3-, or 4-family dwellings including appropriate garages or other outbuildings, if any, or upon which such a dwelling or dwellings and appropriate garages or other outbuildings are in the course of construction or are to be constructed, the amount of the mortgage loan shall not exceed 80% of the first $30,000.00 of the appraised value of the real property, plus 50% of the excess, if any, of such appraised value over $30,000.00.

F. The instrument evidencing a mortgage loan made pursuant to either subsection D or subsection E of this section shall require that

(1) interest shall be paid on such loan monthly, and that equal monthly payments be made in reduction of such loan of an annual rate equal to at least 3½% of the original amount of such loan; or

(2) that a constant sum be paid monthly in an amount sufficient for current interest and for the payment of the loan in full in not more than 30 years and 1 month from the making of such loan.

G. When the real property offered as security for a mortgage loan consists of a lot of land upon which there is a building or buildings other than dwellings of the nature described in subsections D and E of this section, or upon which such other buildings are in the course of construction or are to be constructed, or when such land is paved for parking lot purposes, the amount of the mortgage loan shall not exceed 75% of appraised value of such real property. The instrument evidencing a mortgage loan made pursuant to this subsection shall require that the loan be repaid in full in not more than 10 years and 1 month from the date it is made, except that in the case of dwellings consisting of 5 or more dwelling units, the instrument shall require that the loan be repaid in full in not more than 25 years and 1 month from the date it is made; and (a) if the amount of such loan, when made, exceeds 50% of the appraised value of the real property, that pay-
ments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 2% of the original amount of such loan; or (b) if the amount of such loan, when made, does not exceed 50% of the appraised value of the real property, that payments shall be made in reduction thereof at least semiannually, at an annual rate equal to at least 1% of the original amount of such loan. When, however, the amount of such loan does not, when made, exceed 50% of the appraised value of such real property, and the instrument evidencing such loan requires that it be paid in full in not more than 5 years and 1 month from the date it is made, the instrument need not require that any payment be made in reduction of such loan prior to its maturity date. Notwithstanding the limitations prescribed by subsections D and E and hereinabove in this section, a savings bank may make a mortgage loan secured by a lot of land or 2 or more lots of land, contiguous or not, upon each of which there is a building or buildings, or upon each of which a building or buildings are in the course of construction or are to be constructed. The limitations of this section governing the term of the loan, rate of amortization, and the percentage of the mortgage loan to the appraised value of each type of building, including land, shall apply. No loan shall be made under subsections D, E, F or G hereof to any one person or on any one property if the loan shall exceed 15% of the surplus and reserves of the savings bank, or $50,000.00, whichever is greater.

H. When the real property offered as security for a mortgage loan is of the nature described in subsection D or E of this section, and the amount of the loan does not exceed 66⅔% of the appraised value of such real property, the instrument evidencing such loan shall be sufficient if it conforms to the requirements of either subsection F or subsection G of this section.

I. A mortgage loan may be made for the purpose of enabling a borrower to construct a building or buildings upon real property owned by him, and,
in such a case, the appraised value of the real property shall include the value of the building or buildings to be constructed, but at no time shall a greater sum be advanced on account of such loan than, in the opinion of (1) the appraisers hereinafter provided for, or (2) one of such appraisers and an officer of the savings bank designated for that purpose by the board of managers, is warranted by the state of completion of the buildings in process of construction. For the purposes of compliance with the applicable requirements of subsection F or G of this section as to the term of and the rate of amortization of a loan made pursuant to this section, such loan shall be deemed to have been made when the final advance shall be made to the borrower on such loan, or 18 months from the date of the mortgage securing such loan, whichever is earlier.

J. When the real property offered as security for a mortgage loan consists of unimproved land, and the proceeds of such loan are not to be used to construct a building on such land, the amount of such loan shall not exceed 40% of the appraised value of such real property. The instrument evidencing a loan made pursuant to this subsection shall require that such loan be paid in full in not more than 10 years and 1 month from the date it is made. No loan made pursuant to this subsection shall exceed $10,000.00, or \( \frac{3}{4} \) of 1% of the deposits of the savings bank, whichever is greater; nor shall any loan be made at any time when the total of all such loans exceeds, or if the making of such loan would cause such total to exceed 1% of the deposits of the savings bank.

K. No mortgage loan shall be made except upon a written certification signed by at least 2 persons, each of whom shall be either a manager of the bank or an appraiser appointed by its board of managers. In the case of a mortgage loan secured by a mortgage upon real property, such certification shall state the opinion of such persons as to the value of the land and the improvements thereon or to be
erected thereon and the character of such improvements. In the case of a mortgage loan secured by a mortgage upon a lease of the fee of real property, such certification shall state the opinion of such persons as to the value of the leasehold interest to be subject to the mortgage, including the leasehold interest in the improvements erected or to be erected upon the leased property and the character of such improvements. Such certification shall be filed with the records of the bank, and shall be preserved until the savings bank has no interest, as mortgagee or otherwise, in the real property.

L. Purchase money mortgage loans made by a savings bank on the sale of real property owned by it shall not be subject to the preceding subsections or to subsection P of this section, except that such loans shall be included in determining whether the total amount of mortgage loans held by a savings bank exceeds 80% of its deposits.

M. No savings bank shall make a mortgage loan secured by a mortgage upon a lease of the fee of real property unless

(1) the leased property is located within this State or, if outside this State, the leased property is located within 50 miles of the border of this State;

(2) the leased property shall consist of improved real property, including farm lands, or unimproved real property if the proceeds of such loan shall be used for the purpose of erecting improvements thereon;

(3) the mortgage securing such loan shall constitute a first lien on a lease of the fee of real property, which fee is not subject to any prior lien; the fee shall be deemed not subject to any prior lien notwithstanding the existence of liens of taxes which are not delinquent, building restrictions or other restrictive covenants or conditions, joint driveways, sewer rights, rights in walls, rights of way or other easements, or encroachments, which the persons signing the certificate provided for in subsection K of this section report in their opinion do not materially affect the security for the mort-
gage loan. Every mortgage shall be certified to be such a first lien by an attorney-at-law of the State in which the real property is located, or certified or guaranteed to be such a first lien by a corporation authorized to guarantee titles to land in such State;

(4) such loan shall not exceed 66% of the appraised value of the leasehold interest subject to the mortgage, including the leasehold interest in the improvements erected upon the mortgaged property, or to be erected thereon wholly or partly with the proceeds of the mortgage loan; and

(5) the instrument evidencing the loan shall require that payment be made on account of the principal amount of such loan at an annual rate sufficient to repay such loan not later than 1 year prior to the expiration of the lease.

N. The instrument evidencing a mortgage loan may be in such form, and may contain such provisions, not inconsistent with law, as the savings bank may choose to insert for the protection of its lien and the preservation of its interest in the real property mortgaged to it.

O. Notwithstanding the limitations prescribed by the preceding subsections or by subsection P of this section, a savings bank may

(1) for the purposes of preventing or mitigating loss, or of preserving the lien of its mortgage, or of conserving the value of the real property affected by its mortgage, (a) extend the time for the payment of principal or interest, (b) modify or waive any of the terms or conditions of the instrument evidencing a mortgage loan, (c) settle or compromise all or part of the amount due or to grow due on a mortgage loan, (d) sell or assign the mortgage loan, or a share or part thereof or interest therein, for such consideration as it shall deem proper, and (e) advance funds for the payment of any tax, lien, charge or claim whatsoever; and

(2) make a loan in addition to an existing mortgage loan or loans held by it, upon the security of the same real property and secured by the existing mortgage or mortgages, in an amount not to exceed
the difference between the balance due on the existing mortgage or mortgages and the original amount thereof, or the sum of $10,000.00, whichever is less; provided, however, that no such additional loan shall be made which shall increase the total amount due upon such mortgages over the amount which could be loaned upon the security of such real property. Such additional loan shall be repaid in equal monthly installments, beginning within 1 year from the date of such loan, with the payments adjusted so that the additional loan shall be repaid in full either before or at the maturity of the existing mortgage. If the unexpired term of such mortgage or mortgages shall have been reduced to 10 years or less such term may be extended for an additional period of not more than 10 years. Adjustment of payments and extension of mortgage terms pursuant to this section shall comply with the provisions of subsection F, G or H of this section. If so provided in the original mortgage or a supplement or amendment thereto, persons who acquire any rights in or liens upon the mortgaged real property subsequent to the recording of the original mortgage or such supplement or amendment, as the case may be, shall hold such rights and liens subject to the prior lien of the original mortgage and such supplement or amendment, if any, as security for such additional loan; and in such case, no title certificate or insurance under subsection C of this section shall be required with respect to such additional loan.

P. Except as otherwise provided by this section, no savings bank shall make a mortgage loan if the making of such loan would cause the total of all unpaid balances of such loans held by the savings bank upon the security of the same real property or leasehold, to exceed the limitations imposed by this section upon the amount of a mortgage loan which may be made upon the security of such real property or such leasehold.
Q. A savings bank may invest in
   (1) (a) veterans’ loans, wherever located, made
   pursuant to Title III of the Act of Congress of June
   22, 1944, known as the “Servicemen’s Readjustment

   and in the manner provided in said act or the

   an insurer or guarantor named or described in
   paragraph (2) of this subsection of this section.
   (c) the provisions and restrictions contained in
   this section, except those relating to the percentage
   of the mortgage loan to the appraised value of the
   real property, the location of the real property, the
   term of the loan and the rate of amortization, shall
   apply to investments made pursuant to paragraph
   (1) of this subsection of this section.
   (2) (a) mortgages or deeds of trust or other
   securities of the character of mortgages which are
   first liens on the fee of real property or a lease of
   the fee of real property, wherever located, which
   (i) the United States, or (ii) the Federal Housing
   Commissioner under the Act of Congress of June
   27, 1934, known as the “National Housing Act,”
   as amended, supplemented, revised or recodified
   from time to time, or other officer or agency which
   succeeds to his powers and functions, or (iii) the
   State of New Jersey or an officer or agency thereof,
   or (iv) any other officer or agency of the United
   States or of this State which the commissioner shall
   have approved for the purposes of this section as
   an insurer or guarantor, has fully insured or
   guaranteed or made a commitment to fully insure
   or guarantee.
(b) mortgages or deeds of trust or other securities made pursuant to paragraph 2(a) of this subsection of this section shall not be subject to the provisions and restrictions of this section, except that they shall be included in determining whether total mortgage investments are within the limitation prescribed by subsection B of this section.

R. The commissioner may, from time to time, with the concurrence of the banking advisory board, make, alter and rescind regulations:

(1) authorizing savings banks to make mortgage loans or specified types or classes of mortgage loans (a) which exceed the specified percentages of the appraised value of the mortgaged property; (b) which mature later than the specified periods from their date; (c) which require smaller annual payments on account of the principal amounts thereof than those specified in this section; and (d) which provide for equal monthly payments each applicable to principal and interest in amounts sufficient to pay current interest on and to repay the amount of the loan in such number of years more than 25, but not more than 30, as the regulation may specify;

(2) increasing the percentage of deposits of savings banks which savings banks may invest in mortgage loans;

(3) increasing the percentage of principal balances owing on mortgage loans referred to in subsection Q, which shall not be included in the total of all principal balances owing on mortgage loans for the purpose of subsection B, or eliminating entirely the principal balances owing on such mortgage loans from such total of all principal balances.

2. This act shall take effect immediately.

Approved September 6, 1966.

CHAPTER 276

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 130 of the act of which this act is amendatory is amended to read as follows:

130. Dividend participation exceptions.

(a) At least annually and after determination of the net income for the accounting period and the establishment of reserves required or permitted by this act, the board of each State association shall determine by resolution, the rate or rates of dividend, if any, which shall be declared for each class of account. Such dividends shall be taken only from the net income or from the undivided profits account. Dividends shall be apportioned to members' accounts upon a compound interest plan. Dividends shall be made available to members by adding the same to their accounts, except where otherwise provided by this act, but in no event shall dividends be made available to the members earlier than the eighth calendar day prior to the closing of the period for which said dividends are paid.

Notwithstanding any other provision of this act, the board of any State association, may by resolution, authorize the payment of dividends on amounts withdrawn from savings accounts between the dates as of which such association regularly distributes earnings on savings accounts; provided that, the savings account from which an amount is withdrawn upon which such earnings are to be distributed, shall have been outstanding for a period of not less than 6 months; and provided further, that dividends paid on any amount so withdrawn, shall not be paid for any greater portion of the dividend period than that during which such amount remains in such association, nor at a rate in excess of the rate at which
earnings, exclusive of any reward profit, are distributed on savings accounts for the dividend period in which such amount is so withdrawn.

(b) State associations issuing installment share accounts may declare dividends to accounts of other classes at a rate less than, but no more than, the rate declared to installment share accounts for the same period, unless the board has adopted a reward profit plan in which event all dividends, except those provided for under the reward profit plan, shall be declared at the same rate. Notwithstanding any other provisions of this act, a State association may apportion dividends to installment share accounts at other than a regular dividend period for the purpose of maturing such accounts; provided, however, that the amount of dividends so apportioned shall be no greater than the pro rata share of income for the current period applicable for dividend purposes to such accounts.

(c) Notwithstanding any other provisions of this act, a State association may, if its by-laws so provide, exclude from dividends, either or both of the following classes of accounts:

(1) Those having a participation value of less than $50.00. Such accounts may be placed in, or transferred to, an account designated as a “non dividend account;” provided, however, that the State association shall maintain a list of the names of the savings members and the amounts credited to such savings members in such “non dividend account.”

(2) Those which are issued under a plan whereby they will be withdrawn within 24 months from the date upon which they are issued, or it may credit dividends to such accounts according to a schedule which it may establish, provided that such schedule shall not result in the crediting of dividends to any of such accounts at a rate greater than that applicable to any class of accounts, other than those described in subsection (c) of this section.

2. This act shall take effect immediately.
Approved September 6, 1966.
CHAPTER 277

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 152 of the act of which this act is amendatory is amended to read as follows:

   152. The commissioner may adopt, amend, alter or rescind regulations permitting insured associations, in addition to the powers to make mortgage loans hereinabove set forth, to make first mortgage loans to a greater percentage of appraised value or for a longer term of years, or both, than is otherwise limited by this act and to make any other loan or investment for a purpose not specifically authorized by this act, but nothing herein shall authorize the commissioner to adopt a regulation which would permit such associations to make any kind of loan or investment which Federal associations are not specifically authorized to make. Any loans or investments legally made under the provisions of regulations adopted under the authority granted by this section shall be legal loans or investments if they conform with the regulations in effect at the date of closing or purchase, notwithstanding the subsequent amendments, alterations, rescissions or repeals of the regulations in effect at the date of such closing or purchase.

2. Section 153 of the act of which this act is amendatory is amended to read as follows:

   153. The commissioner shall have power, in relation to loans or investments described in section 152, to set forth in such regulations the requirements which in his judgment are necessary to establish appropriate safeguards. The commissioner may also establish a requirement that an insured associa-
tion shall meet minimum reserve requirements which may be set forth in such regulations, in order to be eligible to make loans or investments under the provisions of section 152 of this act. The commissioner, when issuing such regulations, shall to the extent feasible and after giving consideration to the financial and economic circumstances and the public welfare, endeavor to promulgate such rules and regulations in substantial conformity with similar rules and regulations of the Federal Home Loan Bank Board as applied to Federal associations. In no event shall an insured association make any loan or investment under the provisions of section 152 of this act when the total of all loans or investments held, under the provisions of such section, exceeds an amount equal to 20% of its total assets.

3. This act shall take effect immediately.

Approved September 6, 1966.

An Act to require licensing of certain individuals who carry on the practice of psychology in New Jersey for a fee monetary or otherwise; to create in the Division of Professional Boards in the Department of Law and Public Safety, a board to be known as the State Board of Psychological Examiners; to prescribe the duties and powers of said board; to fix penalties for the violation of this act; and to make an appropriation.
CHAPTER 282, LAWS OF 1966

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known and may be cited as the "Practicing Psychology Licensing Act."

2. As used in this act, unless the context clearly requires otherwise and except as in this act expressly otherwise provided:
   (a) "Licensed practicing psychologist" means an individual to whom a license has been issued pursuant to the provisions of this act, which license is in force and not suspended or revoked as of the particular time in question.
   (b) The "practice of psychology" means the rendering of professional psychological services to individuals, singly or in groups, whether in the general public or in organizations, either public or private, for a fee, monetary or otherwise. "Professional psychological services" means the application of psychological principles and procedures in the assessment, counseling or psychotherapy of individuals for the purposes of promoting the optimal development of their potential or ameliorating their personality disturbances and maladjustments as manifested in personal and interpersonal situations. Within the meaning of this act, professional psychological services does not include the application for a fee, monetary or otherwise, of psychological principles and procedures for purposes other than those described in this section.
   (c) "Board" means the State Board of Psychological Examiners acting as such under the provisions of this act.
   (d) "Recognized educational institution" means any educational institution which is a 2-year junior college or one which grants the Bachelor's, Master's, and Doctor's degrees, or any one or more thereof, and which is recognized by the New Jersey State Board of Education or by any accrediting body acceptable to the State Board of Psychological Examiners.

3. No educational institution shall be denied recognition as a recognized educational institution
solely because its program is not accredited by any professional organization of psychologists and nothing in this act or in the administration of this act shall require the registration with the board by educational institutions of Departments of Psychology or doctoral programs in psychology.

4. Nothing in this act shall authorize the practice of medicine and surgery by any person not licensed so to do pursuant to chapter 9 of Title 45 of the Revised Statutes.

5. Commencing January 1, 1968, no person who is not licensed under this act shall represent himself to be a licensed practicing psychologist, use a title or description, including the term "psychology," any of its derivatives, such as "psychologist" or "psychological" or modifiers such as "practicing" or "certified," in a manner which would imply that he is licensed under this act, or offer to practice or practice psychology as defined in this act, except as otherwise permitted in sections 6 and 8. The use by a person who is not licensed under this act of such terms, whether in titles or descriptions or otherwise, is not prohibited by this act except when in connection with the offer to practice or the practice of psychology as defined in section 2 (b) of this act. Use of such terms in connection with professional activities other than the rendering of professional psychological services to individuals for a fee, monetary or otherwise, shall not be construed as implying that a person is licensed under this act or as an offer to practice or as the practice of psychology.

6. Any individual who is not a licensed practicing psychologist shall not be limited in his activities:
   (a) As part of his duties as an employee of:
       (1) an accredited academic institution, a Federal, State, county or local governmental institution or agency, or a research facility while performing those duties for which he was employed by such an institution, agency or facility;
(2) a business organization, while performing those duties for which he was employed by such an organization, and providing the purposes of such an organization do not include the offer to practice, or the practice of, psychology as defined in section 2 (b) of this act;

(3) an organization which is nonprofit and which is, in the opinion of the board, a bona fide community agency, while performing those duties for which he was employed by such an agency under the direct supervision of a licensed practicing psychologist. For the purposes of this subsection a "community agency" means a nonprofit organization supported wholly or in a major part by public funds.

(b) As required by his employer to the pupils, students or other normal clientele within the scope of his employment but not to the general public, provided he is employed by a private elementary or secondary school that requires its psychologists to be certified as school psychologists by the New Jersey State Department of Education.

c) As a student of psychology, psychological interne or person preparing for the practice of psychology under qualified supervision in a training institution or facility recognized by the board provided he is designated by such titles as "psychological interne," "psychological trainee" or others, clearly indicating such training status.

d) As a practicing psychologist for a period not to exceed 10 consecutive business days or 15 business days in any 90-day period, if he resides outside, and his major practice is outside, of the State of New Jersey and gives the board a summary of his qualifications and a minimum of 10 days' written notice of his intention to practice in the State of New Jersey under this section 6 (d), provided he (1) is certified or licensed in another State under requirements the board considers to be the equivalent of requirements for licensing under this act or (2) resides in a State which does not certify or license psychologists and the board
considers his professional qualifications to be the equivalent of requirements for licensing under this act; and is not adjudged and notified by the board that he is ineligible for licensing under this act.

(e) As a practicing psychologist for a period not exceeding 1 year, if he has a temporary permit therefor which the board may issue upon his filing of an application for licensing under this act.

(f) As a practicing psychologist for a period not exceeding 3 years under the supervision of a licensed practicing psychologist or a person designated by the board as an eligible supervisor, if he has a temporary permit therefor which the board may issue upon his completion of all the requirements for licensing under this act except the supervised experience requirement.

7. The exceptions specified in section 6 (d), (e) and (f) shall not be available to any person who has been found by a court of this or any State of the United States to have been guilty of and who fails to present satisfactory evidence of recovery from or correction of gross immorality, habitual intoxication, drug addiction, criminality involving felonious action or moral turpitude, or dishonorable or unprofessional conduct. An action to determine whether any person asserting an exemption under section 6 (d), (e) or (f) has committed one or more of the acts listed in this section may be brought by the Attorney General on behalf of the board.

8. Nothing in this act shall be construed to prevent qualified members of other professional groups such as physicians, osteopaths, optometrists, chiropractors, members of the clergy, authorized practitioners, attorneys at law, social workers or guidance counselors from doing work of a psychological nature consistent with the accepted standards of their respective professions, provided, however, that they do not hold themselves out to the public by any title or description stating or implying that they are psychologists or are licensed to practice psychology.
9. There is hereby created, in the Division of Professional Boards of the Department of Law and Public Safety, the State Board of Psychological Examiners, which shall consist of 7 members to be appointed by the Governor. The board shall at all times, except for vacancies, be composed of members who represent equitably the diverse fields of psychology, a majority of whom shall be licensed practicing psychologists. All members shall have the qualifications hereinafter set forth in section 10 of this act.

10. Each member of the board shall have the following qualifications:
(a) He shall be a resident of this State and a citizen of the United States.
(b) He shall either be a member of or have professional standing equivalent to that required for classification as a member of the New Jersey Psychological Association and the American Psychological Association.
(c) He shall be at the time of his appointment, and shall have been for at least 5 years prior thereto, actively engaged as a psychologist in one or more phases or branches of psychology or in the education and training of doctoral or postdoctoral students of psychology or in psychological research, and shall have spent the major portion of the time devoted by him to such activity, during the 2 years preceding his appointment, in this State.
(d) He shall hold the doctoral degree in psychology or in a closely allied field from a recognized educational institution.

(c) Is not engaged in any practice or conduct which would be a ground for refusing to issue, suspending or revoking a license issued pursuant to this act;
(d) Qualifies for licensing by an examination of credentials or for admission to an assembled examination to be conducted by the board.

15. Any person who applies on or before January 1, 1968, may obtain a license to be issued by the board by an examination of credentials if he meets the qualifications set forth in section 14 (a), (b) and (c) and provides evidence satisfactory to the board that he:

(b) Has received from a recognized educational institution a Master's degree in psychology or in a closely allied field, if it is the opinion of the board that the training required therefor is substantially similar, and in addition, has had the equivalent of at least 8 years of full-time professional experience in psychology, of which the equivalent of 4 years of full-time experience has been accumulated in the practice of psychology and of which the equivalent of 4 years of full-time experience may have been accumulated in the teaching of psychology at a
recognized educational institution or in psychological research; or

17. Any person applying to the board, after January 1, 1968, may be admitted to an assembled examination if he meets the qualifications set forth in section 14 (a), (b) and (c) and provides evidence satisfactory to the board that he:

(a) Has received the degree of Doctor of Philosophy in psychology from a recognized educational institution, or in lieu of such degree, a doctoral degree in a closely allied field if it is the opinion of the board that the training required therefor is substantially similar, or has otherwise had training in psychology deemed equivalent by the board;

(b) Has engaged for the equivalent of at least 2 years full time, at least 1 year of which was subsequent to his receiving the doctoral degree, in professional employment in the practice of psychology under the supervision of a licensed psychologist or of one clearly eligible for licensure in the opinion of the board, which employment the board deems sufficient to warrant its opinion that the applicant is competent to engage in the practice of psychology
as a licensed psychologist, subject to his satisfying the other requirements for such license specified in this act.

18. The board shall conduct assembled examinations at least once a year at a time and place to be designated by it. Assembled examinations shall be written and, if the board deems advisable, oral. In any written examination each applicant shall be designated by a number so that his name shall not be disclosed to the board until examinations have been graded. Examinations shall include questions in such theoretical and applied fields as the board deems most suitable to test an applicant’s knowledge and competence to engage in the practice of psychology. An applicant shall be held to have passed an examination upon the affirmative vote of at least 4 members of the board.

19. Any person who shall have failed an examination conducted by the board may not be admitted to a subsequent examination for a period of at least 6 months.

20. The board may issue a license by an examination of credentials to any applicant who presents evidence that he (a) is licensed or certified as a psychologist in another State with requirements for said license or certificate such that the board is of the opinion that said applicant is competent to engage in the practice of psychology in this State or (b) holds a diploma from a nationally recognized psychological board or agency.

21. The following fees shall be assessed and collected by the board:
   (a) Application fee, $20.00, which shall not be subject to refund;
   (b) Examination and initial license fee, $30.00, which shall be subject to refund if the applicant is determined to be ineligible for examination, withdraws his application for examination, or fails to appear for examination;
   (c) License fee, examination of credentials, $25.00.
   (d) License renewal fee, $25.00;
22. Licenses will be valid for 1 year and must be renewed annually.

23. On or before April 15 in each year the secretary of the board shall forward to the holder a form of application for renewal thereof. Upon the receipt of the completed form and the renewal fee on or before June 30 the secretary shall issue a new license for the year commencing July 1. Any application for renewal of a license which has expired shall in addition require the payment of a reregistration fee, or in such cases as the board may by rule prescribe, by a new application fee.

24. The board may refuse to grant or renew or may revoke or suspend a license on any of the following grounds:
   (a) Use of fraud or deception in applying for a certificate or in passing the examination therefor required by this act.
   (b) Practice of psychology under a false or assumed name or impersonation of a licensed practicing psychologist of like or different name, or permitting an unlicensed person to practice psychology in the name of a licensee and to use his license for that purpose.
   (c) Conviction of a crime involving moral turpitude.
   (d) Habitual intemperance in the use of intoxicants, narcotics or stimulants to such an extent as to incapacitate him for the performance of his professional duties as a licensed practicing psychologist or conviction of or has pleaded nolo contendere, non vult contendere or non vult to an indictment, information or complaint alleging a violation of any Federal or State law relating to narcotic drugs.

   (f) Negligence or misconduct in the performance of his professional duties as a licensed practicing psychologist.
The board shall not refuse to grant and shall not revoke or suspend the license of any person for any of the foregoing reasons, until after a hearing of the charges against the accused (which shall be public, unless the accused requests a private hearing thereon), and at least 20 days prior written notice to the accused of the charges against him and of the date fixed for such hearing. Such written notice shall be mailed by the United States certified or registered mail to the accused’s last known address, but the accused’s failure to appear shall not prevent or invalidate such hearing or any action taken by the board thereat.

Every action of the board in refusing to issue a license or in suspending or revoking a license pursuant to this section shall be subject to review by appeal to the Superior Court by a proceeding in lieu of prerogative writ.

25. Application may be made to the board for reinstatement, at any time after the expiration of 1 year from the date of revocation of a license. Such application shall be in writing and shall be accompanied by the reinstatement fee. The board shall not reinstate any applicant, unless satisfied that he is competent to engage in the practice of psychology, and, if it deems same necessary for such determination, may require the applicant to pass an examination.

26. (a) Any person, not a licensed practicing psychologist under this act, who on or after January 1, 1968, represents himself to be a licensed practicing psychologist or offers to practice or practices psychology in violation of this act shall be liable to a penalty of $200.00 for the first offense and of $500.00 for each subsequent offense.

Penalties shall be sued for and recovered by and in the name of the board and
shall be collected and enforced by summary proceedings pursuant to the Penalty Enforcement Law (chapter 58 of Title 2A of the New Jersey Statutes). Process shall issue at the suit of the board as plaintiff and shall be in the nature of a summons and warrant. In any action to recover such a penalty, the certification of any member of the board under the seal of the board that at the time of the offense charged the defendant was not a licensed practicing psychologist or that the defendant's license had been suspended or revoked, shall be received in evidence and shall be prima facie proof of the facts so stated.

27. The Superior Court may prevent or restrain, through an action at the suit of the Attorney General or of the board, or of any citizen of the same county, any person from representing himself as a licensed practicing psychologist or from practicing psychology in New Jersey who is not licensed under this act or excluded from its application by sections 6 or 8. Through the same means the Superior Court may prevent or restrain any person from violation of any provision of this act.

28. The confidential relations and communications between a licensed practicing psychologist and the individuals with whom he engages in the practice of psychology are placed on the same basis as those provided between attorney and client, and nothing in this act shall be construed to require any such privileged communications to be disclosed.

29. All fees, fines, penalties and other moneys derived from the operation of this act shall be paid to the board and by it remitted to the State Treasurer.

30. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect any other provisions or applications of the act which can be given effect without such invalid provision or application, and to this end the provisions of this act are declared to be severable.
31. There is hereby appropriated to the Department of Law and Public Safety for the purpose of administering this act all fees and revenue received by the board from the effective date of this act until June 30, 1967. The expenditure of such appropriation shall be authorized by the Attorney General with the approval of the Director of the Division of Budget and Accounting.

32. This act shall take effect July 1, 1966. Approved September 12, 1966.

9. The commission shall collect the assessment imposed by this act through its authorized agents and enforce the provisions of the act.

10. All moneys received from the assessment imposed by this act, including any fines and forfeitures collected under the provisions of this act, shall be forthwith deposited as received with the State Treasurer and maintained by him as a special account entitled “Sweet Potato Assessment Account.” Moneys credited to such special accounts shall be appropriated and used only for the following purposes:

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 20 of the act of which this act is amendatory is amended to read as follows:

20. The authority, pursuant to the provisions of this act, is hereby authorized to construct, maintain, improve, repair and operate a project to be known as "The Garden State Parkway," consisting of a highway at the following location or such part or parts thereof as the authority may from time to time determine to be suitable for a project as contemplated by this act: Beginning at such points
as the authority may select as most feasible and practicable at Paterson and also at State Highway Route No. 17 in Paramus or Ridgewood and thence in a general southerly direction to a junction in Passaic county and thence generally along the State highway route referred to in section 21 hereof through Clifton, Passaic county, Essex county and Union county to Woodbridge and thence in a general southerly direction to the vicinity of the Edison bridge and thence over the Raritan river through Middlesex county and Monmouth county to Toms River and thence to a point at or near the city of Cape May; but, notwithstanding any of the prior provisions of this act, the authority: (1) shall exclude from any part of such highway situate more than 5 miles north of its intersection with northern line of Ocean county all traffic except passenger motor vehicles, hearses, funeral flower and service vehicles of types for which issuance of passenger car plates is authorized, campers, omnibusses and taxicabs, and may further regulate the use thereof pursuant to the provisions of section 17 (b) hereof; and (2) shall not fix, prescribe, charge or collect tolls or other charges for transit over or use of any part of said project which is or was a portion of a State highway route if such part was designated as toll-free by written certificate of the State Highway Department filed with the Secretary of State prior to October 1, 1952, unless and until such part has been acquired from the State pursuant to section 21 hereof; and (3) shall, with respect to any part of said project located in Essex county, provide connections therewith by means of parallel, marginal, connecting or other service roads or otherwise, to and from existing county highways intersecting such part of said project between and including Springfield avenue, Irvington, and Belleville avenue, Bloomfield, or such of said county highways as, prior to September 15, 1952 or such later date as may be fixed by the authority, shall be designated by certificate of the county engineer of Essex county, approved by resolution of the au-
authority; and (4) unless and until the authority, pursuant to an agreement with the commissioner, shall have set aside in a special reserve fund to be held by it the sum of $13,000,000.00 to be expended and used as hereinafter provided, shall not collect tolls on such project at Springfield avenue, Irvington, or Belleville avenue, Bloomfield, or at any point between said avenues, except with respect to vehicles entering or leaving the project south of said Springfield avenue or north of said Belleville avenue. The moneys in said special reserve fund may be expended and used by the authority to make payments to the commissioner, pursuant to and as required by the aforementioned agreement, of the excess of the net cost to the State of the construction (generally as a depressed highway and underpassing intersecting roads, streets, highways and the Garden State Parkway, unless subsurface soil conditions are found to be unstable or drainage conditions of such a nature that underpassing the Parkway becomes unfeasible, as determined from engineering studies and reports, then the Freeway shall go over the Parkway) of the part of the public highway approved and designated by the commissioner as Highway Route I-280 and known as the East-West Freeway situate in Essex county between a point easterly of Prospect avenue, West Orange, and a point in Newark between First street and Sixth street, over the net cost to the State, as estimated by the commissioner, of the construction of said part of said public highway as an elevated highway, and no moneys in said fund shall be applied to any purpose except (1) payments to the commissioner as aforesaid, (2) temporary investment pending other authorized use in accordance herewith, or (3) use by the authority for any of its corporate purposes of any balance thereof remaining after payments therefrom to the commissioner aggregating the lesser of (a) $13,000,000.00 or (b) such sum as the commissioner may certify to the authority as the total amount of the aforesaid excess cost of construction, provided, however, that
at any time when the amount in said fund, valuing any temporary investments therein at cost or market value whichever is lower, together with the amount of all payments theretofore made therefrom to the commissioner shall exceed $13,000,000.00, the amount of such excess may be withdrawn from said fund by the authority and deposited in the series one construction fund created under section 502 of the resolution of the authority entitled: "First Supplemental Junior Bond Resolution Authorizing $40,000,000.00 Junior Bonds," adopted by the authority on July 7, 1962, and held or applied as other moneys in said construction fund. In the design, construction and operation of such parkway project, it shall be the duty of the authority, so far as may be deemed practicable by it and may be permitted by the terms of any agreement by it with the holders of its bonds or notes, to permit the largest possible toll-free use of the project by intracounty or short-haul traffic and provide the largest possible number of points of connection between public highways and the project consistent with safe and efficient use of such project and public highways and safe and economical construction and operation of the project on a self-supporting basis.

2. With regard to any funds received from the authority by the State Highway Department for the following sections of the Garden State Parkway now under the jurisdiction of the State Highway Department:

   b. That section of the Parkway from north of Dover road along the Parkway ¾ miles south of the interchange at Route N. J. 166—2.50 center line miles;

   c. That section of the Parkway from Route U. S. 9 to Union county line—6.37 center line miles;
That section of the Parkway from Union county line to Route U. S. 22—7.29 center line miles;
the State Highway Department shall devote at least 50% of the proceeds thereof to the construction of additional highway facilities to accommodate additional local highway traffic generated by the acquisition of the State Highway property by the authority. The proceeds so devoted to highway construction shall be devoted among the affected counties as follows:

a. Union County—45% of the total funds available;
b. Middlesex county—45% of the total funds available;
c. Ocean county—7% of the total funds available;
d. Cape May county—3% of the total funds available.

3. This act shall take effect immediately.
Approved September 21, 1966.

erty.

ARTICLE II. DEFINITIONS

As used in this compact, the term:
(a) "Unclaimed property" means any property
which under the laws of the appropriate State is
subject to delivery to that State for its use or
custody by reason of its having been unclaimed or
abandoned for such period as the laws of that
State may provide.
(b) "Holder" means any obligor or any indi­
vidual, business association, government or sub­
division thereof, public corporation, public author­
ity, estate, trust, 2 or more persons having a joint
or common interest, or any other legal or com­
mmercial entity having possession, custody or control
of unclaimed property.
(c) "State" means a State of the United States,
the District of Columbia, the Commonwealth of
Puerto Rico, or a territory or possession of the
United States.

ARTICLE III. DETERMINATION OF
ENTITLEMENT TO UNCLAIMED PROPERTY

(a) Only the State in which unclaimed real prop­
erty or unclaimed tangible personal property is
located shall be entitled to receive, hold and dispose of such property in accordance with its laws.

(b) In the case of unclaimed property the disposition of which is not determined by the application of paragraph (a) of this article, and the holder of which property is subject to the jurisdiction of only one State, that State and no other shall be entitled to receive, hold and dispose of such unclaimed property in accordance with its laws.

(c) In respect of all unclaimed property the disposition of which is not determined by the applications of paragraphs (a) or (b) of this article, entitlement shall be determined as follows:

1. The State in which is located the last known address of the person entitled to the property shall be entitled to receive, hold and dispose of the same in accordance with its laws. The last known address shall be presumed to be that shown by the records of the holder.

2. If the identity of the person entitled is unknown; if no address for the person sufficient to meet the requirements of subparagraph 1 of this paragraph is known; or if the laws of the State of last known address do not subject the property in question to taking, and if the holder is a corporation or other entity, the State under whose laws the holder is incorporated or organized shall be entitled to receive, hold and dispose of the same in accordance with its laws. If the holder is incorporated or organized under the laws of more than one party State, such party States shall be entitled to take equal shares of the property covered by this paragraph. In such event, each shall bear a proportionate share of the costs of the taking.

3. If the disposition of any unclaimed property is not determined by application of any preceding provision of this article, the State in which is located the office of the holder making the largest total disbursements within
its immediately preceding fiscal year shall be entitled to receive, hold and dispose of the property in accordance with its laws.

(4) Whenever unclaimed property has been taken by a party State in accordance with this paragraph, within 1 year from the taking of such property, or within 1 year from the earliest time at which another party State would have been entitled to take the property in question pursuant to its unclaimed property laws, whichever date is later, any party State shall be entitled to establish the identity and last known address of an entitled person previously thought to be unknown, or to establish a later known address for an entitled person. Upon such establishment, and on the basis thereof a party State shall upon demand be entitled to receive the property from the State initially taking the same and to hold and dispose of it in accordance with its laws. This subparagraph shall not apply to a claim made by a State under a statute enacted subsequent to the time when the initial State took the property.

ARTICLE IV. CO-OPERATION

The party States pledge to each other faithful co-operation in the administration of their respective unclaimed property laws. To this end, a party State shall, upon the request of any other party State, make available to any such State any information which it may have in its possession by reason of its administration of its own unclaimed property laws, unless disclosure thereof is expressly prohibited by the laws of the party State of which the request is made. Unless the party States concerned otherwise agree, the party State making a request for information pursuant to this article shall be entitled to receive it only by bearing such costs as may be involved in furnishing the information requested.
CHAPTER 285, LAWS OF 1966

ARTICLE V. STATE LAWS UNAFFECTED IN CERTAIN RESPECTS

Each party State may enact and continue in force any statute not in conflict with this compact and may employ the escheat, custodial, or any other principle in respect of unclaimed property.

ARTICLE VI. FINALITY

Except as provided in Article III (c) (4):

(1) No unclaimed property escheated or received into the custody of a party State, prior to February 1, 1965, pursuant to its laws shall be subject to the subsequent claim of any other party State, and the enactment of this compact shall constitute a waiver by the enacting State of any such claim.

(2) No unclaimed property escheated or received into the custody of a party State on or after February 1, 1965 shall be subject to the subsequent claim of any other party State, and the enactment of this compact shall constitute a waiver by the enacting State of any such claim: provided that such taking was consistent with the provisions of this compact.

ARTICLE VII. EXTENT OF RIGHTS DETERMINED

The only rights determined by this compact shall be those of the party States. With respect to any nonparty State, an assertion of jurisdiction to receive, hold or dispose of any unclaimed property made by a party State shall be determined in the same manner and on the same basis as in the absence of this compact. In any situation involving multiple claims by States, both party and nonparty, the standards contained in this compact shall be used to determine entitlement only as among the party States. With respect to the claims of any nonparty State any controversy shall be determined in accordance with the law as it may be in the absence of this compact. The enactment of this compact shall not constitute a waiver of any claim by a party State as against an nonparty State.
CHAPTER 285, LAWS OF 1966

ARTICLE VIII. ENTRY INTO FORCE AND WITHDRAWAL

This compact shall enter into force and become binding as to any State when it has enacted the same into law. Any party State may withdraw from the compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 2 years after the executive head of the withdrawing State has given notice in writing of the withdrawal to the executive head of each other party State. Any unclaimed property which a State shall have received, or which it shall have become entitled to receive by operation of this compact during the period when such State was party hereto shall not be affected by such withdrawal.

ARTICLE IX. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any party State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any State party thereto, the compact shall remain in full force and effect as to the remaining States and in full force and effect as to the State affected as to all severable matters.

2. This act shall take effect upon the enactment into law of legislation of like substance and effect by the States of New York, Pennsylvania and Illinois but if the States of New York, Pennsylvania and Illinois have already enacted such legislation, this act shall take effect immediately.

Approved September 29, 1966.

4:13–19. The board of directors of an association shall consist of not less than 3 persons and the directors shall be members of the association or individual representatives of corporate members thereof.
The directors shall be chosen annually by the members or delegates and shall hold office for 1 year, except that an association, by so providing in its by-laws, may elect several classes of directors for different terms, classifying them according to their tenure. In such case no class shall be elected for a shorter period than 1 year or a longer period than 3 years and the term of office of at least one class shall expire in each year.

Directors shall hold office until their successors have been elected and qualified and have entered upon the discharge of their duties.

Vacancies shall be filled as provided in the by-laws.

No director, during his term of office, shall be a party to a contract for profit with the association differing from the business relations accorded other members, except as the director may be employed by the association.

The board shall manage the affairs of the association and perform other duties specifically imposed upon it by this chapter except that if provided in the by-laws the board may appoint an executive committee of not less than 3 members from among the board of which the president shall be one to act for the board of directors between meetings.

18. Section 4:13-22 of the Revised Statutes is amended to read as follows:

The person against whom charges are to be presented shall be given at least 20 days’ written notice of the time, place and object of any such meeting, and of the charges against him and at the meeting shall have an opportunity to be heard in person or by counsel and by witnesses in regard thereto.

19. Section 4:13-23 of the Revised Statutes is amended to read as follows:
4:13-23. Every association without capital stock shall issue a certificate of membership to each member. Every association with capital stock shall issue a certificate of common stock to each member, certifying the number of such shares of stock held by him. Such certificates shall not be transferable, and no person who may acquire the same by operation of law, or otherwise than as prescribed in this chapter and the certificate of incorporation and by-laws of the association, shall be entitled to become a member by virtue thereof. Notice of such limitations shall be printed on the face thereof.

No association shall issue a certificate of membership, or certificate of common stock until the membership fee, or stock subscription, has been paid in full. The promissory notes of the members may be accepted by the association as full or partial payment.

20. Section 4:13-24 of the Revised Statutes is amended to read as follows:

4:13-24. No member shall be entitled to more than one vote. No vote by proxy shall be received. Absent members may, under rules prescribed in the by-laws, be permitted to vote on specific questions by ballots deposited with the secretary, or other proper officer of the association, by mail, which ballots shall be counted only at the meeting at which such specific questions are voted upon.

If so provided in the by-laws, the holders of preferred stock that is limited to producers or associations of producers may have voting power.

21. An association incorporated under this chapter may provide in its certificate of incorporation or by-laws for proportionate or unequal voting rights of all its members based upon the patronage of said members, which shall be exercised when and as provided in said by-laws, except that no member shall be entitled to more than one vote in any case in which a statute requires the affirmative vote of a majority or more of the members. The method by which such proportionate voting rights shall be as determined and fixed in the certificate of incorporation or by-laws as the case may be.
22. An association may, by by-law, provide for a method of voting for the election of a delegate or delegates from each of its designated districts or locals, and for voting by such delegates. As provided in the by-laws, each delegate may have one vote in the affairs of the association; or one vote for each member in his designated district or local; or one vote for each member who was present and voted in person at meetings in the respective districts or locals; or the number of votes may be apportioned according to patronage.

23. Section 4:13-25 of the Revised Statutes is amended to read as follows:

4:13-25. No member shall be personally liable for the debts of the association.

24. Section 4:13-27 of the Revised Statutes is amended to read as follows:

4:13-27. The by-laws or contracts may require members to sell all or any part of their specifically enumerated agricultural products, and buy all or any part of their specifically enumerated agricultural supplies, exclusively through the association, but in such case shall specify a reasonable period in each year during which a member, by giving the notice prescribed in the by-laws or contract, may withdraw and be released from his obligation to employ the services of the association in respect to such products and supplies.

25. Section 4:13-28 of the Revised Statutes is amended to read as follows:

4:13-28. The by-laws or contract may fix specific liquidated sums, in amounts fairly related to the actual damages ordinarily suffered in like circumstances, to be paid to the association as liquidated damages by a member who shall fail to perform any obligation to the association imposed upon him by the certificate of incorporation, the by-laws or a contract between him and the association. Such provision shall be valid and enforceable in an action brought by the association against a member.

26. Section 4:13-29 of the Revised Statutes is amended to read as follows:
4:13–29. Any contract between an association and any of its members, which is authorized by this chapter, shall be valid and enforceable in any action brought by the association against a member. In the event of any breach or threatened breach of such contract by a member, the association shall be entitled to an injunction to prevent further breach of the contract, and to a decree of specific performance thereof. Pending the adjudication of such an action, and upon filing a verified complaint showing the breach or threatened breach, and upon filing a sufficient bond, the association shall be entitled to a temporary restraining order and preliminary injunction against the member.

27. Section 4:13–30 of the Revised Statutes is amended to read as follows:

4:13–30. The association may market agricultural products and purchase equipment and supplies for nonmembers, but not to an amount greater in value than the amount purchased and sold for members. The value of purchases made for nonmembers who are not producers, shall not exceed 15% of the value of all purchases. As a condition of its contract with a nonmember, the association may impose upon him any liability for the contracts, debts and engagements of the association which does not exceed the liability of a member. In no case shall the association charge a nonmember for services more than a member is charged for similar services.

An association not exempt under the provisions of the Federal Internal Revenue Code shall not be restricted in its purchases for nonmembers or non-member nonproducers and shall not be required to make refunds to nonmembers or nonmember nonproducers as required under sections 4:13–32 and 4:13–33 of the Revised Statutes, if so provided in the by-laws.

28. Section 4:13–31 of the Revised Statutes is amended to read as follows:

4:13–31. The directors may establish reserve funds for working capital and for contingencies and patrons’ revolving funds and transfer thereto, from time to time in their discretion, such sums as
they may deem expedient. The association may provide for the payment of expenses necessary in the performance of its services for members, and accumulation of the said funds, through fees, dues, assessments, charges, retains or deductions from patrons’ refunds, and earnings or savings to be fixed and collected as prescribed by the board of directors.

Shares in such patrons’ revolving funds may be evidenced by certificates or notices, which may be issued upon such terms and shall be redeemable and payable at such times, as shall, from time to time, be determined by the board of directors.

29. Section 4:13-32 of the Revised Statutes is amended to read as follows:

4:13-32. In the case of associations without capital stock after payment of expenses and the establishment of the funds, as authorized in section 4:13-31 of this Title, and as soon after the end of the fiscal year as possible, the whole balance remaining shall be divided among those patrons, members, and nonmember producers and may include nonproducers on the basis of patronage in the proportion that the volume of business done for such patrons by the association during the fiscal years bears to the total volume of business transacted by the association during the fiscal year; provided, however, that the association instead of paying patronage dividends to member and nonmember producers in cash may keep a permanent record from which the proportionate shares of the patronage dividends due to member and nonmember producers can be determined, as part of a reserve or patrons’ revolving fund, which may be evidenced by certificates or notices, and in the case of nonmember producers, such shares may be made applicable toward the cost of membership in the association.

In calculating the amount to be paid to a nonmember upon whom liability for the debts of the association has not been imposed as authorized by
section 4:13–30 of this Title, such sum shall be deducted as in the opinion of the directors is a reasonable charge, in lieu of such liability.

30. Section 4:13–33 of the Revised Statutes is amended to read as follows:

4:13–33. In the case of associations with capital stock, after payment of expenses and the establishment of the funds, as authorized in section 4:13–31 of this Title, and as near or as soon after the end of the fiscal year as possible there shall be paid to the members out of the income of the association an interest dividend not exceeding 8% of the par value of the stock held by them at the end of the fiscal year. The whole balance then remaining after the payment of interest dividend shall be divided among those patrons, members and nonmember producers and may include nonproducers on the basis of patronage, in the proportion that the volume of business done for such patrons by the association during the fiscal year bears to the total volume of business transacted by the association during the fiscal year; provided, however, that the association, instead of making such division among the member and nonmember producers in cash, may keep a permanent record from which the proportionate shares due to members and nonmember producers can be determined, as part of a reserve for patrons’ revolving fund, which may be evidenced by certificates or notices and, in the case of nonmember producer patrons, such shares may be made applicable toward the purchase price of a share or shares of stock of a membership in the association.

In calculating the amount to be paid to nonstockholders, upon whom liability for the debts of the association has not been imposed as authorized by section 4:13–30 of this Title, such sum shall be deducted as in the opinion of the directors is a reasonable charge in lieu of such liability.

31. Section 4:13–34 of the Revised Statutes is amended to read as follows:
An association shall appoint, annually, an auditing committee of 3 persons, who shall not be directors, officers, agents or employees of the association but who may or may not be members thereof; or have a certified public accountant conduct such audit.

At the close of each fiscal year a complete audit of the operations of the association shall be made, a written report of which shall include a general statement of its business operations, the balance sheet, the operating statement, the total number of members thereof, and other proper information, and shall be submitted to the members or delegates at the next regular meeting or meetings.

No person shall, without consent of the association, except in obedience to judicial process, make or permit any disclosure whereby any information contained in the report may be identified as having been furnished by the association.

Any association coming under the provisions of this chapter shall, within 4 months after the expiration of its fiscal year, file an annual report with the Secretary of Agriculture, which shall include, but not be limited to a copy of the annual audit, any changes in the articles of incorporation or by-laws, a list of the current officers and directors, date of the preceding annual meeting of members or delegates, and such other information as shall be prescribed on a form provided by the secretary.

The Secretary of Agriculture shall have the authority to have an accountant of the department examine the books and accounts of any co-operative association that fails to comply with the provisions of 4:13-34 and notify the membership as to the findings.

34. Section 9 of chapter 303 of the laws of 1951 is amended to read as follows:

9. The Secretary of State shall, upon receipt of such a list, cause the names so certified to be compared with his records, and if error is discovered he shall cause necessary corrections therein to be made by the Department of Agriculture. He shall then make a proclamation under his hand and seal of office as to the co-operative associations whose names are included in such list as finally corrected, declaring such co-operative associations dissolved and their charters forfeited, or their authority to transact business in this State terminated pursuant to the provisions of this act. He shall file the original proclamation in his office, mail a copy to each co-operative association named in such proclamation, addressed to the principal office of the association as shown on the records in the office of the Secretary of State and shall publish a copy thereof in the issue of the pamphlet laws next following the making of said proclamation.

35. Section 10 of chapter 303 of the laws of 1951 is amended to read as follows:

10. Upon issuance of such proclamation and the mailing of a copy thereof, in the manner aforesaid, each domestic association named therein shall be deemed dissolved without further legal proceedings; and the authority of foreign associations to transact business in this State terminated.
36. Section 12 of chapter 303 of the laws of 1951 is amended to read as follows:

12. 37. Section 13 of chapter 303 of the laws of 1951 is amended to read as follows:

13. If any such association so dissolved or whose authority has been terminated shall file with the Secretary of State before the expiration of 3 months a certificate of compliance issued by the Department of Agriculture that all required reports of the co-operative association have been filed with that department, it shall have the effect of annulling all of the proceedings theretofore taken for the dissolution or termination of such co-operative association under the provisions of this act, and such association shall thereupon have such corporate powers, rights, duties and obligations as it had on the date of the mailing of a copy of the proclamation with the same force and effect as if such proclamation had not been made. The fee of the Secretary of State for filing such certificate shall be $5.00, and of the Department of Agriculture for issuance of the certificate of compliance, $5.00.

State and between such points and adjacent metropolitan areas in other States, for public use;

(b) "Agency" shall mean the Commuter Operating Agency;

(c) "Passenger service" shall mean the operation of railroad trains to carry commuter and suburban passengers between points in this State and between such points and adjacent metropolitan areas in other States, or the operation of motor buses to transport passengers to and from railroad stations or in lieu of railroad passenger service.

(d) "Improvements to capital facilities" shall mean in connection with passenger service the acquisition, construction, reconstruction, relocation, removal, establishment or rehabilitation of passenger stations and terminals, automobile parking facilities, track connections, signal systems, power systems, roadbeds, equipment storage and servicing facilities, bridges, grade crossings, railroad passenger cars, locomotives and motor buses.

16. (a) There is hereby established in the Department of Transportation the Commuter Operating Agency.

(b) The agency shall consist of 4 members who shall be the Commissioner of Transportation, the Assistant Commissioner for Public Transportation, the State Treasurer and the President of the Board of Public Utility Commissioners, or their respective designees.

(c) The Commissioner and the Assistant Commissioner for Public Transportation shall be the chairman and secretary, respectively, of the agency. The executive director of the agency shall be an officer of the department so designated by the commissioner in writing, which designation shall be filed with the Secretary of State. Such designation shall continue in effect until the commissioner shall, in the manner herein provided, designate another officer in the department as such executive director. The executive director shall have such powers and duties as are delegated to him by the agency from time to time.
(d) The commissioner shall assign to the agency such employees of the department as may be necessary for the efficient operation of the work of the agency. The agency may also appoint, retain and employ, to serve at its pleasure, a director of operations and a deputy director of operations, and it shall determine their qualifications, duties, services and compensation.

(e) The powers of the agency shall be vested in the members thereof and 3 members of the agency or their designees shall constitute a quorum at any meeting thereof. Action may be taken and motions and resolutions adopted by the agency at any meeting thereof by the affirmative vote of at least 3 members or their designees. No vacancy in the membership of the agency shall impair the right of a quorum to exercise all the rights and perform all the duties of the agency.

(f) A true copy of the minutes of every meeting of the agency shall be delivered forthwith by and under the certification of the secretary thereof, to the Governor. No action taken at such meeting by the agency shall have force or effect until 10 days after such copy of the minutes shall have been so delivered. If, in said 10-day period, the Governor returns such copy of the minutes with veto of any action taken by the agency or any member thereof at such meeting, such action shall be null and of no effect.

17. The agency annually shall investigate and determine the financial results to each rail carrier from providing passenger service during the previous calendar year and determine what action is required for each carrier to offset all or part of any loss shown. Such determination may include but shall not be limited to (a) changes in service, fares, operating procedures and routings (b) improvements to capital facilities and (c) compensation by the State for service to be rendered under a contract. The determination shall list the passenger service to be operated by a carrier under a contract and shall specify the fares to be collected for such
passenger service; it shall also contain a list of projects to carry out the objectives of this act for which the commissioner recommends the use of public funds. Prior to making any such determination the agency may hold public hearings where it shall make known its proposed action to interested parties and the general public and receive from them any facts, material or recommendations that would be of assistance under the circumstances. All determinations shall be made public and filed with the Secretary of State not later than June 15 in each year. Amendments to any determination may be made at any time and filed with the original determination.

18. In order to conserve and improve passenger service necessary for public use now and in future years in this State, but subject to the limitations of this act, the State of New Jersey, acting by and through the agency, may enter into contracts with any rail carrier, providing for acceptance by such carrier of all or any part of the agency's determination. Prior to entering into any such contract, the agency shall hold public hearings where it shall make known the terms and conditions of the proposed contract to interested parties and the general public. Every contract entered into pursuant to this section shall be subject to the following terms and conditions:

(a) Contracts involving expenditure of public funds for improvements to capital facilities shall require continuance of specified passenger service by the carrier for stated periods not limited to a fiscal year, and shall further require that title to such improvements shall be vested with the State, except that where public funds are expended to repair or rehabilitate existing facilities, such title to or other interest in such facilities as the carrier may have shall be the subject of negotiation between the agency and the carrier.

(b) No such contract with respect to any fiscal year shall provide for payments by the State for service rendered in excess of the loss from com-
CHAPTER 301, LAWS OF 1966

mutter and suburban passenger service during the previous calendar year as shown in the determination for that fiscal year. If during any contract period a carrier shall realize a profit from its passenger service, which profit exceeds a return on investment of 6%, ½ of the excess shall be paid to the agency. The accounting procedures to be employed to determine the extent of any profit or loss, as the case may be, shall be a subject of negotiation between the parties to the contract.

(c) Every such contract shall describe the passenger service which the carrier shall be required to operate. Such description shall set forth the operation of the contracted service which shall include timetables, train consists and fare tariffs applicable to the service and any other provisions that the agency may deem reasonable.

19. The agency may enter into contracts with any motor bus carrier to operate passenger service (a) in lieu of railroad passenger service whenever the latter is terminated subsequent to the effective date of this act, or (b) from and to railroad stations as part of an integrated service. Payment by the agency for such passenger service shall be based on the actual cost of such service to the motor bus carrier plus a 6% return on investment.

The agency may also enter into contracts with any motor bus carrier pursuant to which the agency may acquire, purchase or rehabilitate motor buses for lease to such carrier to be operated in specified passenger service, provided that any State funds expended for such programs are at least equally matched by Federal funds.

20. Each contract entered into in accordance with this act shall obligate the carrier:

(a) To operate passenger service on its lines or over tracks of other railroads in accordance with said contract, and to collect fares from persons (other than those employees of railroads or other persons allowed free passage or reduced fares in such passenger service under statutes heretofore enacted or under agreements heretofore made and
now in effect) at the rates set forth in the fare tariffs included in such contract;

(b) To secure, keep in effect and abide by all approvals, orders or other proceedings of any State or Federal agency or court with respect to the contracted service;

(c) During the term of the contract and such further period as the contract may provide, unless otherwise approved in writing by the agency, not to initiate, take or prosecute and to actively resist, any proceedings before any State or Federal agency or court for any order, approval, judgment, decree or other action impairing or limiting the rights, powers and capacity of the carrier to operate the contracted service and carry out and perform its obligations under said contract with respect to the contracted service;

(d) To maintain and operate passenger service required by virtue of the contract, equipment and all facilities incidental thereto in a safe, sanitary and proper manner and condition with a minimum of delays or cancellations and with maintenance of arrival and departure times for all stations and station stops; and

(e) To take all necessary action to initiate, expedite and complete within the stated time the improvements to capital facilities required by virtue of the contract.

21. Each contract entered into in accordance with this act shall obligate the State to pay to the carrier the amount agreed upon in the contract as compensation for service satisfactorily rendered provided the carrier has complied with the contract in all other respects to the satisfaction of the agency.

22. Each contract shall contain conditions, terms and provisions as the agency may require including, but not limited to, provisions permitting or relating to (a) determination of contracted service satisfactorily operated, (b) deductions or penalties with respect to unsatisfactory service, (c) auditing and settlement of payments, (d) termination, waivers,
release, modification or other effect in event of non-performances, or of strikes, riots, disasters, acts of God or condition not caused or permitted by the carrier or within its control, (e) additional obligations of the carrier, and (f) any such other matters as the agency deems to be in the public interest.

23. Any contract may, from time to time upon mutual agreement of the parties, be amended to make changes in service or fares as permitted in section 24, in the manner in which the service required by the contract is to be operated by the carrier, or in the methods and procedures used to effectuate improvements to capital facilities required by the contract.

24. Every carrier entering into a contract shall be obligated to continue during the term of the contract all existing passenger service and fares applicable thereto, except that the contract shall afford the carrier the right to petition the agency for changes in passenger service and applicable fares during the term of the contract. If such a petition includes an application to decrease the number of trains, a substantial change in schedules or an increase in fares, the agency, prior to making any determination with respect thereto, shall hold a public hearing on notice. In acting on any such petition the agency shall give due consideration to the following factors:

(a) The availability of alternative means of public transportation.
(b) The potential cost of continuing the service sought to be curtailed or discontinued.
(c) The cost to the State of providing alternative transportation facilities either by common carriers or highway improvement.
(d) The resulting effect on State and local population trends, economic values and tax revenues.

The authority hereby given the agency with respect to the discontinuance, curtailment, abandonment or change in passenger service shall be exercised during the contract period without regard
or reference to the jurisdiction vested in the Board of Public Utility Commissioners by section 48:2-24 of the Revised Statutes. At the conclusion of the contract period the Board of Public Utility Commissioners shall resume such jurisdiction but no carrier shall be required to restore any service discontinued as aforesaid.

25. In order to carry out the objectives of this act, the agency may:

(a) Make whatever reasonable rules and regulations it may deem necessary which shall have the force and effect of law;

(b) Investigate any matters concerning any carrier under contract to the agency and in aid of such investigation the agency shall have access to and the carrier shall make available its property, books, records, or documents;

(c) Call to its assistance and avail itself of the services of such employees of any Federal or State department or agency as it may require and as may be available to it for said purpose.

(d) Have the power to receive and expend money from any Federal or State agency or instrumentality and from any private sources, in addition to the money appropriated by the Legislature; and as may be necessary for that purpose to enter into agreements with any person whatever, including but not limited to railroads, motor bus companies, governmental agencies or political entities;

(e) Designate assistants to conduct hearings;

(f) Acquire in the name of the State by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, any land or interest therein and other property which it may determine is reasonably necessary for any project, including any lands held by any county, municipality or other governmental subdivision of the State; and to hold and use the same and to sell, convey, lease or otherwise dispose of property so acquired, no longer necessary for the agency's purposes;
(g) Acquire, lease as lessee, hold and dispose of real and personal property or any interest therein, in the exercise of its powers and the performance of its duties under this act;
(h) Enter into any and all agreements or contracts, execute any and all instruments, and do and perform any and all acts or things necessary, convenient or desirable for the purposes of the agency or to carry out any power expressly given in this act.

26. This article is intended to protect and promote the public health, safety and welfare and shall be liberally construed to obtain the objective and effect the purposes thereof.

27. The time requirement of section 17 is hereby modified to permit the agency to issue its determination with respect to the fiscal year ending June 30, 1967 not more than 60 days following the effective date of this act.

28. Chapter 88 of the laws of 1964 is hereby repealed.

This repealer shall not in any way affect any contracts, agreements, determinations, order, rules or regulations heretofore made or promulgated, as the case may be, by the Highway Commissioner pursuant to any authority heretofore granted but such contracts, agreements, determinations, orders, rules and regulations shall continue with full force and effect until otherwise amended, repealed or terminated in accordance with the terms thereof or pursuant to the provisions of this act.

In addition, an agreement between the Highway Commissioner and the Delaware River Port Authority dated January 11, 1965, pursuant to which the New Jersey Highway Department is required to make an annual financial contribution for the maintenance and operation of ferry service between Chester, Pennsylvania and Bridgeport, New Jersey, shall remain in effect until such time as the proposed bridge between these points is completed and operating.
ARTICLE IV

29. There is hereby established in the Department of Transportation a Commuter Advisory Committee. Such committee shall consist of the Assistant Commissioner for Public Transportation as chairman, and 10 other members appointed by the Governor as follows: 2 citizens of the State who are commuters; 2 mayors of municipalities served by railroads under contract to the State; 2 officials of unions representing employees of railroads under contract to the State; 2 officials of railroads under contract to the State; and 2 public members who shall be citizens of the State.

Vacancies shall be filled in the same manner as the original appointment for the remainder of the unexpired term. Members shall serve without compensation but shall be entitled to be reimbursed for all reasonable and necessary expenses.

31. The committee shall consult with and advise the commissioner with respect to the affairs and problems of commuter railroads, and shall conduct such studies of specific commuter problems as the commissioner may from time to time direct.

32. The committee shall meet at the call of the commissioner, the time and place of such meetings to be fixed by the commissioner.

For the purposes of verification of such records and of enforcement
of this section, such officers or employees, upon presenting appropriate credentials and a written notice to the owner, operator or agent in charge, may enter, at reasonable times, any factory, warehouse, establishment, or vehicle in which any depressant or stimulant drug is (or in which such officer or employee has reasonable grounds to believe that it is) manufactured, compounded, processed, held, sold, delivered or otherwise disposed of, and to inspect, within reasonable limits and in a reasonable manner, such factory, warehouse, establishment, or vehicle, and all pertinent equipment, finished and unfinished material, containers and labeling therein, and all things therein (including records, files, papers, processes, controls and facilities) bearing on violation of this chapter; and to inventory any stock of any such drug therein and obtain samples of any such drug. (h) (1) The commissioner may, by regulation, exempt any depressant or stimulant drug from the application of all or part of this section when he finds that regulation of its manufacture, compounding, processing, possession, and disposition as provided in this section, or in such part thereof, is not necessary for the protection of the public health.

(A) such drug may, under the laws of this State, be sold over the counter without a prescription; or

In a prosecution under this act, it shall not be necessary for the State to prove that the accused did use or was under the influence of any specific drug or drugs, but it shall be sufficient for a conviction under this act for the State to prove that the accused did use or was under the influence of some drug or drugs as aforesaid by proving that the accused did manifest physical and physiological symptoms or reactions caused by the use of any such drug.

6. Section 2 of P. L. 1962, chapter 113 (C. 2A:170-77.9) is amended to read as follows:

2. Except as hereinafter provided, any person who sells, dispenses or gives away, in any form, any depressant or stimulant drug as defined pursuant to law or any other prescription legend drug which is not a narcotic within the meaning of chapter 18 of Title 24 of the Revised Statutes, is a disorderly person.

8. Section 24:5-18 of the Revised Statutes is amended to read as follows:

24:5-18. For the purposes of this subtitle a drug or device shall also be deemed to be misbranded:

a. If its labeling is false or misleading in any particular.

b. If in package form unless it bears a label containing the name and place of business of the manufacturer, packer, or distributor.

c. If any word, statement or other information required by or under authority of this subtitle to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements or designs in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

d. If it is for use by man and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, cocoa, cocaine, codeine, heroin, marihuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such substance, which derivative has been by the Department of Health of the State of New Jersey after investigation found to be, and by regulations under this subtitle designated as, habit forming; unless its label bears the name and quantity or proportion of such substance, or derivative and in juxtaposition therewith, the statement "Warning—May be habit forming."
e. If it is a drug and is not designated solely by a name recognized in an official compendium, unless its label bears (1) the common or usual name of the drug, if such there be; and (2) in case it is fabricated from 2 or more ingredients, the common or usual name of each active ingredient, including the kind and quantity or proportion of any alcohol, and also including, whether active or not, the name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein; provided, that to the extent that compliance with the requirements of clause (2) of this paragraph is impracticable, exemptions may be established by regulations promulgated by the State department.

f. Unless its labeling bears (1) adequate directions for use; and (2) such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users; provided, that where any requirement of clause (1) of this paragraph, as applied to any drug or device, is not necessary for the protection of the public health, the Department of Health of the State of New Jersey may promulgate regulations exempting such drug or device from such requirement.

g. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed therein; provided, that the method of packing may be modified with the consent of the State department. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States it shall be subject to the requirements of the United States Pharmacopoeia unless it is labeled and offered for sale as a homeo-

h. If it has been found by the Department of Health of the State of New Jersey to be a drug liable to deterioration, unless it is packaged in such form and manner, and its label bears a statement of such precautions, as the Department of Health of the State of New Jersey may by regulations require as necessary for the protection of the public health. No such regulation shall be established for any drug recognized in an official compendium until the State department shall have informed the appropriate body charged with the revision of such compendium of the need for such packaging or labeling requirements and such body shall have failed within a reasonable time to prescribe such requirements.

i. (1) If it is a drug and its container is so made, formed or filled as to be misleading; or (2) if it is an imitation of another drug; or (3) if it is offered for sale under the name of another drug.

j. If it is dangerous to health when used in the dosage, or with the frequency or duration prescribed, recommended, or suggested in the labeling thereof.

k. If it is a depressant or stimulant drug as defined pursuant to law and not in the possession or control of a person specified by law as entitled to possession or control of such depressant or stimulant drug. Any depressant or stimulant drug misbranded under the preceding sentence shall be deemed dangerous or fraudulent for purposes of marking and detaining under the provisions of section 24:4-12 of this Title.

9. Section 24:17-1 of the Revised Statutes is amended to read as follows:

JOINT RESOLUTION No. 10

A Joint Resolution relating to the twenty-fifth anniversary of the enrichment of bakery products by the addition of vitamins and minerals thereto.

Whereas, 1966 marks the twenty-fifth anniversary of the start of significant efforts to improve the health of the people of the United States through enrichment of certain staple foods, notably bread, rolls and other baked products, with vitamins and minerals vital to the public health; and

Whereas, The value of the enrichment program has been dramatically demonstrated over the past quarter of a century by sharp reductions in the incidence of vitamin deficiency diseases in the United States and other areas of the world where the enrichment benefits have been applied; and

Whereas, Enrichment was made possible and effective because of the untiring and unselfish efforts of a New Jersey resident, the late Dr. Robert R. Williams, of Union county, through his isolation and successful synthesis of Thiamine (Vitamin B₁) after 26 years of devoted research; and
JOINT RESOLUTION No. 10

WHEREAS, Foresighted New Jersey legislators during the middle forties caused the enactment of enrichment legislation to support the already effective and at the outset voluntary efforts of the bakers and millers of this State to bring these nutritional benefits to their fellow New Jerseyans; and

WHEREAS, The New Jersey Bakers’ Board of Trade, embracing some 400 retail bakery owners throughout the Garden State, will observe the twenty-fifth anniversary of enrichment and note the contribution made by Dr. Williams and others with a suitable program of anniversary events culminating in a luncheon May 23, 1966, on the campus of Rutgers University; now, therefore,

JOINT RESOLUTION No. 11

A Joint Resolution creating a commission to study and review the authority of certain financial institutions to engage in second mortgage loan transactions, and to report thereon to the Governor and to the Legislature.

Whereas, A recent investigation by the New Jersey Real Estate Commission has revealed the presence of certain abuses in the area of secondary financing commonly referred to as the "second mortgage" field; and

Whereas, Pursuant to the recommendation of the Governor, legislation has been introduced to establish a comprehensive system of licensing, supervision and regulation of second mortgage loans; and

Whereas, Banks, savings banks, associations subject to chapter 144 of the laws of 1963, and other financial institutions currently are subject to laws which closely regulate and limit the power of such institutions to engage in the transaction of second mortgage loans;

Whereas, It is necessary and desirable that the Governor and the Legislature have the benefit of a comprehensive study to determine whether, and the extent to which, the aforesaid financial institutions should be permitted to engage in second mortgage transactions; now, therefore,

Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. There is hereby created a commission to be known as the Second Mortgage Loan Study Commission consisting of 9 members to be appointed as
JOINT RESOLUTION No. 11

3. It shall be the duty of the commission to develop and prepare a comprehensive program for the defense at governmental expense of indigent persons who are accused of crime. In formulating such a program, the commission shall consider, but is not limited to, the following factors:
(a) Whether (i) a system of court assignment of compensated counsel in individual cases or (ii) the creation of an office of public defender or (iii) a system of representation by counsel furnished pursuant to contracts between private organizations and the State or counties, or some combination of these systems, will best meet the obligation of the State to provide compensated counsel for indigent persons accused of crime;

(b) Whether, if a public defender system is established, such system should function on a uniform and centralized basis under the supervision of a State office of public defender, or whether each county should be authorized to establish a county office of public defender;

(c) Whether the cost of a program to provide for defense of the indigent should be borne entirely by the State, entirely by the counties, or by both under a designated formula for apportionment of such cost; and

(d) The estimated cost of the program, and available sources of revenue to meet such cost.

It shall be the duty of the commission to receive, consider and evaluate all proposals for the establishment of a program for the defense of the indigent which may be submitted to it by any individual or organization.

JOINT RESOLUTION No. 13

A JOINT RESOLUTION providing for the reconstitu-
tion and continuation of the Commission on

attack or similar disaster.

BE IT RESOLVED by the Senate and General Assem-
by of the State of New Jersey:
1. The Commission on Emergency Civil Govern-
ment, created pursuant to Joint Resolution No. 7,
approved April 14, 1959, and reconstituted under
Joint Resolution No. 12, approved June 11, 1962,
and Joint Resolution No. 10, approved May 21,
1964, is hereby reconstituted and continued with

and duties as heretofore provided. Vacancies in
the membership of the commission occasioned by
any cause shall be filled in the same manner as the
original appointments were made.
2. The commission, as reconstituted, shall make

JOINT RESOLUTION No. 14

A Joint Resolution creating a commission to investigate the feasibility of acquiring a suitable tract of land in the pine barrens of southern New Jersey to be maintained as a nature preserve by the State or turned over to the Federal Government for the establishment of a New Jersey Pine Barrens National Monument.

Whereas, The New Jersey Audubon Society has proposed the establishment of a nature preserve or national monument in the pine barrens of southern New Jersey based on the following enumerated facts and considerations:

(a) Curly Grass Fern, Schizaea pusilla, was discovered at Quaker Bridge, New Jersey, in 1850 and is indigenous to the New Jersey pine barrens. Curly grass fern is found only in the New Jersey pine barrens and nowhere else in the United States. There are only 2 other small disjunct stations of this tiny fern in Nova Scotia and Newfoundland, Canada. The habitat of this plant is chiefly at the base of white cedar, Chamaecyparis thyoides, trees in damp hummocks, bogs and moist sandy flats on the edge of white cedar swamps.

(b) The Pine Barrens Treefrog, Hyla andersoni, is an abundant resident of the swamps, bogs and brown, acid waters of the New Jersey pine barrens. The New Jersey pine barrens is the only large breeding habitat of the pine barrens treefrog in the United States. Other than in the New Jersey pine barrens there are only a few small isolated colonies of this species of treefrog in North Carolina and Georgia. This tiny, (1/2 to 1¾ of an inch in length), brilliant green treefrog with lavender stripes, bordered with white, is North America’s most beautiful member of the Family Hylidae.
JOINT RESOLUTION No. 14

(c) Inasmuch as the curly grass fern and pine barrens treefrog habitats are in and along the immediate edge of the New Jersey pine barrens wetlands, a nature preserve or a New Jersey Pine Barrens National Monument would serve a dual purpose, by providing species of wildlife unique to New Jersey with protection of habitat and by preventing pollution of the precious fresh water resources within the area of the preserve or national monument.

(d) In addition, there are many other species of plants and animals that are restricted or virtually restricted to the pine barrens of our coastal plain and found nowhere else in the State of New Jersey. These also would be protected in the proposed preserve or national monument. Time is of the essence in the New Jersey pine barrens and, unless action is taken quickly, this irreplaceable ancient fresh water resource and unique wildlife habitat may be destroyed forever; and

WHEREAS, There appears to be merit to such proposal and it is deemed advisable to have a commission investigate the matter and report back to the Governor and the Legislature as to the feasibility of the suggested project; now, therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. There is hereby created a commission to consist of 6 members, 2 to be appointed from the members of the Senate or at large by the President of the Senate, 2 to be appointed from the members of the General Assembly or at large by the Speaker thereof, and 2 to be appointed by the Governor. Vacancies in the membership of the commission shall be filled in the same manner as the original appointments were made.

2. The commission shall organize as soon as may be after the appointment of its members and
shall select a chairman from among its members and a secretary who need not be a member of the commission.

3. It shall be the duty of said commission to investigate the feasibility of proceeding with the establishment of a nature preserve in the pine barrens of southern New Jersey and the possibilities of its eventual acceptance by the Federal Government for the creation and establishment of a national monument to be known as the New Jersey Pine Barrens National Monument. The commission shall give consideration to the cost involved and to the existence of available and properly located tracts of land for the purpose. The commission shall confer with the Federal Department of Parks or such other Federal body having jurisdiction of the general subject matter of national parks and monuments and their location and maintenance.

4. The commission shall be entitled to call to its assistance and avail itself of the services of such employees of the State as it may require and as may be available to it for said purpose and, in particular, the personnel of the Department of Conservation and Economic Development assigned to the Bureau of Parks and Recreation. The commission may employ such stenographic and clerical assistants and incur such traveling and other miscellaneous expenses as it may deem necessary in order to perform its duties and as may be within the limits of the funds appropriated or otherwise made available to it for said purposes.

5. The commission may meet and hold hearings at such place or places as it shall designate during the sessions or recesses of the Legislature and shall report its findings and recommendations to the Governor and the Legislature during the present or next session of the Legislature.

6. This joint resolution shall take effect immediately.

Approved October 6, 1966.

Secretary of State.
AMENDMENTS TO THE
1947 CONSTITUTION
Amendments to the 1947 Constitution

PROPOSED AMENDMENTS ADOPTED

Amend Article IV, Section I, Paragraph 2 of the State Constitution to read as follows:

2. No person shall be a member of the Senate who shall not have attained the age of thirty years, and have been a citizen and resident of the State for four years, and of the district for which he shall be elected one year, next before his election. No person shall be a member of the General Assembly who shall not have attained the age of twenty-one years and have been a citizen and resident of the State for two years, and of the district for which he shall be elected one year, next before his election. No person shall be eligible for membership in the Legislature unless he be entitled to the right of suffrage.

Amend Article IV, Sections II and III of the State Constitution to read as follows:

SECTION II.

1. The Senate shall be composed of forty senators apportioned among Senate districts as nearly as may be according to the number of their inhabitants as reported in the last preceding decennial census of the United States and according to the method of equal proportions. Each Senate district shall be composed, wherever practicable, of one single county, and, if not so practicable, of two or more contiguous whole counties.

2. Each senator shall be elected by the legally qualified voters of the Senate district, except that if the Senate district is composed of two or more

(1597)
counties and two senators are apportioned to the
district, one senator shall be elected by the legally
qualified voters of each Assembly district. Each
senator shall be elected for a term beginning at
noon of the second Tuesday in January next follow­
ing his election and ending at noon of the second
Tuesday in January four years thereafter, except
that each senator, to be elected for a term beginning
in January of the second year following the year
in which a decennial census of the United States is
taken, shall be elected for a term of two years.

3. The General Assembly shall be composed of
eighty members. Each Senate district to which
only one senator is apportioned shall constitute an
Assembly district. Each of the remaining Senate
districts shall be divided into Assembly districts
equal in number to the number of senators appor­
tioned to the Senate district. The Assembly dis­
tricts shall be composed of contiguous territory,
as nearly compact and equal in the number of their
inhabitants as possible, and in no event shall each
such district contain less than eighty per cent nor
more than one hundred twenty per cent of one­fortieth of the total number of inhabitants of the
state as reported in the last preceding decennial
census of the United States. Unless necessary to
meet the foregoing requirements, no county or 'mu­
nicipality shall be divided among Assembly
districts unless it shall contain more than one-fortieth
of the total number of inhabitants of the state, and
no county or municipality shall be divided among a
number of Assembly districts larger than one plus
the whole number obtained by dividing the number
of inhabitants in the county or municipality by one­fortieth of the total number of inhabitants of the
state.

4. Two members of the General Assembly shall
be elected by the legally qualified voters of each
Assembly district for terms beginning at noon of
the second Tuesday in January next following their
election and ending at noon of the second Tuesday
in January two years thereafter.
SECTION III.

1. After the next and every subsequent decennial census of the United States, the Senate districts and Assembly districts shall be established, and the senators and members of the General Assembly shall be apportioned among them, by an Apportionment Commission consisting of ten members, five to be appointed by the chairman of the state committee of each of the two political parties whose candidates for governor receive the larger number of votes at the most recent gubernatorial election. Each state chairman, in making such appointments, shall give due consideration to the representation of the various geographical areas of the state. Appointments to the Commission shall be made on or before November 15 of the year in which such census is taken and shall be certified by the Secretary of State on or before December 1 of that year. The Commission, by a majority of the whole number of its members, shall certify the establishment of Senate and Assembly districts and the apportionment of senators and members of the General Assembly to the Secretary of State within one month of the receipt by the Governor of the official decennial census of the United States for New Jersey, or on or before February 1 of the year following the year in which the census is taken, whichever date is later.

2. If the Apportionment Commission fails so to certify such establishment and apportionment to the Secretary of State on or before the date fixed or if prior thereto it determines that it will be unable so to do, it shall so certify to the Chief Justice of the Supreme Court of New Jersey and he shall appoint an eleventh member of the Commission. The Commission so constituted, by a majority of the whole number of its members, shall, within one month after the appointment of such eleventh member, certify to the Secretary of State the establish-
ment of Senate and Assembly districts and the apportionment of senators and members of the General Assembly.

3. Such establishment and apportionment shall be used thereafter for the election of members of the Legislature and shall remain unaltered until the following decennial census of the United States for New Jersey shall have been received by the Governor.

Amend Article XI by adding thereto Section V as follows:

SECTION V.

1. For the purpose of electing senators in 1967 and until the 1970 decennial census of the United States for New Jersey shall have been received by the Governor, the forty senators are hereby allocated among fifteen Senate districts, as follows:

First District—the counties of Gloucester, Atlantic and Cape May, two senators;

Second District—the counties of Salem and Cumberland, one senator;

Third District—the county of Camden, three senators;

Fourth District—the counties of Burlington and Ocean, two senators;

Fifth District—the county of Monmouth, two senators;

Sixth District—the county of Mercer, two senators;

Seventh District—the county of Middlesex, three senators;

Eighth District—the county of Somerset, one senator.

Ninth District—the county of Union, three senators;
Tenth District—the county of Morris, two senators;
Eleventh District—the county of Essex, six senators;
Twelfth District—the county of Hudson, four senators;
Thirteenth District—the county of Bergen, five senators;
Fourteenth District—the county of Passaic, three senators; and
Fifteenth District—the counties of Sussex, Warren and Hunterdon, one senator.

2. For the purpose of electing members of the General Assembly and the senators from Assembly districts where so required in 1967 and until the 1970 census of the United States for New Jersey shall have been received by the Governor, the Assembly districts shall be established by an Apportionment Commission consisting of ten members, five to be appointed by the chairman of the state committee of each of the two political parties whose candidates for governor receive the largest number of votes at the most recent gubernatorial election. Each state chairman, in making such appointments, shall give due consideration to the representation of the various geographical areas of the state. Such Apportionment Commission shall be appointed no earlier than November 10 nor later than November 15, 1966, and their appointments shall be certified by the Secretary of State on or before December 1, 1966. The Commission, by a majority of the whole number of its members, shall certify the establishment of Assembly districts to the Secretary of State on or before February 1, 1967.

3. If such Apportionment Commission fails so to certify the establishment of Assembly districts to the Secretary of State on or before the date fixed or if prior thereto it determines that it will be
unable so to do, it shall so certify to the Chief 
Justice of the Supreme Court of New Jersey, and 
he shall appoint an eleventh member of the Com­
mission. Such Commission, by a majority of the 
whole number of its members, shall within one 
month after the appointment of such eleventh 
member certify to the Secretary of State the estab­
lishment of Assembly districts.

4. The Assembly districts so established shall be 
used thereafter for the election of members of the 
General Assembly and shall remain unaltered until 
the following decennial census of the United States 
for New Jersey shall have been received by the 
Governor.
