CHAPTER 352

An Act concerning certain titles to land and surveys and boundary certificates relating thereto, and supplementing Title 46 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Any survey, made of lands within either the eastern or western division of the proprietors of the State of New Jersey, and inspected and approved by the general proprietors, or council of proprietors of such division, and, by their order or direction, entered upon the record in the office of the secretary of state or in the surveyor general’s office in such division, shall, from and after such record is made, preclude and forever bar such proprietors and their successors from any demand thereon, any plea of deficiency of right or otherwise, notwithstanding.
2. Because of the fact that many ancient surveys of land, fairly made, have not, by reason of the neglect of officers or because of some casualty, been put on record, or, if recorded, the record has been destroyed by fire or lost, by reason whereof, and because of the natural decay of marked lines and corners, the ancient metes and bounds cannot, except by testimony and reputation, be clearly ascertained, and it has been found, on running the lines of many of such surveys, that they include more land or extend farther than their strict length of chain, large measures having been formerly allowed, even by the proprietors, as an encouragement to locations, thus making it possible for persons other than the owners and possessors of the lands included in such surveys to take advantage of such owners and possessors (who, supposing their titles to be indefeasible, have not resurveyed, covered and secured the lands included in their surveys), by confining their holdings to the net length of chain, thereby making vacancies of valuable improved parts, upon some of which buildings have been erected, and such persons, on causing surveys to be made of such overplus, have procured or may procure such overplus surveys to pass the council of proprietors, without legal preference or due notice to the owners and possessors of the lands covered by the ancient surveys, no such newly-made partial survey, lying within the council of proprietors, or which may be returned to the council, or made on any lands, improved or unimproved, within what has been usually taken and deemed to be the ancient reputed boundary of such lands, shall be recorded or be of any avail to any person so surveying, unless it shall be made to appear, by the testimony of at least two good and sufficient witnesses, that the possessor, holding such lands by survey, deed or otherwise, has been duly notified, at least six months previous to the making of such survey, of the intention to make the same, and has refused or neglected to resurvey and cover such overplus lands.
3. If the council of proprietors shall refuse or neglect to give preference to any prior survey legally made, or to the possessor of any tract of land, enabling him to cover with rights, and secure the overplus lands which may be found within his ancient bounds, on his making a resurvey of his lands within six months after the notice given to him as required by section two of this act, such possessor, or any person legally authorized on his behalf, may cause a resurvey to be made, agreeably to the ancient reputed lines and boundaries, either by a deputy surveyor or by a person who understands the art of surveying, and appropriate so many rights thereon as will be sufficient to include the overplus.

When the surveyor or person making the survey herein provided for shall have satisfied a judge of the county district court in the county wherein the affected lands are situate that the survey so made by him is just, according to the best of his knowledge, such survey may be produced to the clerk of the county or counties wherein such lands are situate, who shall on the receipt thereof, record the same in the book directed to be kept in the respective counties by the act entitled "An act for the limitation of suits at law respecting titles to land," passed at Burlington the fifth day of June, one thousand seven hundred and eighty-seven. Thereupon the survey, so made and recorded, shall give to the owner and possessor of the lands covered thereby an absolute title in fee.

4. Nothing contained in either section two or section three of this act shall be construed or taken to authorize any person to make any survey within the certain or reputed bounds of any survey or resurvey made and entered on record pursuant to the provisions of the act mentioned in said section three, any large or overplus measure therein contained, notice given as required by said section two, deficiency of rights or other plea to the contrary notwithstanding.

C. 46:3A-4. Record of surveys as bar to acquisition of rights by new surveys.
5. A certificate, executed by the owners of adjoining lands, certifying that any line, corners and boundaries are allowed and acknowledged by them to be the true boundary between their lands, shall be as fully conclusive and binding as to the parties thereto, their heirs, successors and assigns as though such boundary had been fixed by them by deed or otherwise, and any such certificate, when duly acknowledged or proved, may be recorded in the office of the county clerk or register of deeds and mortgages, as the case may be, of the county in which such lands lie, and, when so recorded, the record thereof shall be receivable in evidence and shall be notice in the same manner and to the same effect as though their respective deeds had been so acknowledged or proved and recorded.

6. The provisions of this act shall be construed as a continuation of the prior similar statutory provisions.

7. This act shall take effect immediately but shall remain inoperative until the repeal of sections 2:25-4, 2:25-5, 2:25-6, 2:25-7 and 2:25-8 of the Revised Statutes.

Approved December 5, 1951.

CHAPTER 353

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The expenses incurred by the Senate upon any trial of an impeachment, or incurred under the direction of the Senate by any officer thereof, or by the managers appointed by the General
Assembly, to conduct the trial of such impeachment, the fees and expenses of witnesses for the State, the compensation of the official stenographer, and all other costs and expenses on behalf of the State, properly incurred or made in the preparation for, management or conduct of the trial, shall be paid by the State Treasurer, upon the warrant of the Director of the Division of Budget and Accounting in the Department of the Treasury, to the persons entitled thereto, upon the presentation of proper vouchers therefor approved by the President of the Senate.

2. For the purpose of providing funds for the payment of expenses enumerated in section one of this act, the Director of the Division of Budget and Accounting in the Department of the Treasury shall, upon the order of the President of the Senate, draw his warrant upon the State Treasurer in favor of the sergeant at arms of the Senate or other officer designated by the Senate to serve process, or in favor of the chairman of the board of managers appointed by the General Assembly, for such sum, not exceeding three hundred dollars ($300.00) at one time, as will suffice to meet such expenses; and such officer shall, at the end of the trial, account to the said director for his disbursement from the funds so provided, forthwith pay into the State Treasury any unexpended balance thereof and file with the said director vouchers for the money disbursed by him or under his direction.

3. Every person summoned to attend the Senate as a witness shall receive, from the party in whose behalf he is summoned, one dollar ($1.00) for each day's attendance and mileage at the rate of six cents ($0.06) for each mile required to be traveled in going from and returning to his residence by the most usual route of travel between Trenton and the place of residence.

No witness shall be required to attend upon the Senate until one day's fee and mileage for one way is paid or tendered.
4. The Senate may order the board and maintenance of any indigent person summoned as a witness on any trial, while in attendance upon the Senate, to be paid by the sergeant at arms or other officer charged with the service of process, out of the money of the State in his hands, in the same manner as witnesses' fees are paid.

5. All bills for the board and maintenance of indigent witnesses, and all payments to witnesses of fees and mileage, except those required to be made in advance, shall be paid only on the certificate of the Secretary of the Senate that the same are correct.

6. This act shall take effect January first, one thousand nine hundred and fifty-two.

Approved December 5, 1951.

CHAPTER 354

An Act concerning persons arrested or in custody, and repealing sections 30:8-3 and 30:8-4 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Sections 30:8-3 and 30:8-4 of the Revised Statutes are repealed.
2. This act shall take effect immediately.

Approved December 5, 1951.
CHAPTER 355

AN ACT to amend the "Temporary Disability Benefits Law" (P. L. 1948, c. 110).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section twenty-two of the act of which this act is amendatory is amended to read as follows:

22. State disability benefits fund. (a) The State disability benefits fund, hereinafter referred to as the fund, is hereby established. The fund shall remain in the custody of the State Treasurer, and to the extent of its cash requirements shall be deposited in authorized public depositories in the State of New Jersey. There shall be deposited in and credited to the fund the amount of worker and employer contributions provided under subsections (d) and (e) of section 43:21-7 of the Revised Statutes, less refunds authorized by the chapter (R. S. 43:21-1 et seq.) to which this act is a supplement, and the entire amount of interest and earnings from investments of the fund, and all assessments, fines and penalties collected under this act. The fund shall be held in trust for the payment of disability benefits pursuant to this act, for the payment of benefits pursuant to subsection (f) of section 43:21-4 of the Revised Statutes, and for the payment of any authorized refunds of contributions. All moneys withdrawn from the fund shall be upon warrant signed by the State Treasurer and countersigned by the director of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey. The Treasurer shall maintain books, records and accounts for the fund, appoint personnel and fix their compensation within the limits of available appropriations. The expenses of the Treasurer in administering the fund and its accounts shall be
charged against the administration account, as
hereinafter established. A separate account, to be
known as the administration account, shall be
maintained in the fund, and there shall be credited
to such account an amount determined to be suffi­
cient for proper administration, not to exceed,
however, eight one-hundredths of one per centum
\( \frac{8}{100} \) \% of the wages with respect to which
current contributions are payable into the fund,
and the entire amount of any assessments against
covered employers, as hereinafter provided, for
costs of administration prorated among approved
private plans. The costs of administration of this
act including section 43:21-4(f) of the Revised
Statutes shall be charged to the administration
account.

(b) A further separate account, to be known as
the unemployment disability account, shall be
maintained in the fund. Such account shall be
charged with all benefit payments under section
43:21-4(f) of the Revised Statutes.

Prior to July first of each calendar year, com­
mencing with the calendar year one thousand nine
hundred and forty-nine, the Division of Employ­
ment Security of the Department of Labor and
Industry of the State of New Jersey shall deter­
mine the average rate of interest and other earn­
ings on all investments of the State disability
benefits fund for the preceding calendar year. An
amount equal to the sum of the amounts withdrawn
from the unemployment trust fund pursuant to
section twenty-three hereof multiplied by such
average rate shall be determined by the division
and credited to the unemployment disability
account as of the end of the preceding calendar
year.

If the unemployment disability account shall
show an accumulated deficit in excess of two hun­
dred thousand dollars \( \$200,000.00 \) at the end of
any calendar year after interest and other earnings
have been credited as provided hereinabove, the
division shall determine the ratio of such deficit to
the total of all taxable wages paid during that year. Prior to July first of the calendar year following each calendar year when the unemployment disability account shows such a deficit, the division shall make an assessment against the respective employers in an amount equal to the taxable wages paid by them during such preceding calendar year to employees while covered under private plans, multiplied by such ratio, but in no event shall any such assessment exceed two one-hundredths of one per centum (2/100 of 1%) of such wages. Such amounts shall be collectible by the division in the same manner as provided for the collection of employer contributions under the chapter (R. S. 43:21-1 et seq.) to which this act is a supplement.

In making this assessment, the division shall furnish to each affected employer a brief summary of the determination thereof. The amounts of such assessments collected by the division shall be credited to the unemployment disability account.

At the same time as an assessment is made as hereinabove provided, the division shall determine an amount equal to the taxable wages paid during the preceding calendar year to employees while covered under the State plan, multiplied by the aforementioned ratio, but in no event shall such amount exceed two one-hundredths of one per centum (2/100 of 1%) of such wages. The amount so determined shall be credited to the unemployment disability account.

As used in this section, "taxable wages" shall mean wages with respect to which employer contributions have been paid or are payable pursuant to subsections (a), (b) and (c) of section 43:21-7 of the Revised Statutes.

(c) A board of trustees, consisting of the State Treasurer, the Secretary of State, the Commissioner of Labor and Industry, the director of the division, and the State Comptroller, is hereby created. The board shall invest and reinvest all moneys in the fund in excess of its cash requirements, and such investments shall be made in

Proviso. obligations legal for savings banks; provided, however, that the provisions of this subsection shall in all respects be subject to the provisions of chapter two hundred seventy of the laws of one thousand nine hundred and fifty.

(d) There is hereby appropriated, to be paid out of the fund, such amounts as may from time to time be required for the payment of disability benefits, and such amounts as may be required each year, as contained in the annual appropriation act, for the administration of this act including section 43:21-4 (f) of the Revised Statutes.

2. This act shall take effect immediately.

Approved December 5, 1951.

All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

No arrest shall be made in cases where weight limitations provided in this section are not exceeded by more than five per centum (5%).

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a measurement or weighing, or who fails or refuses when directed by an officer upon a measurement or weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be subject to a fine not exceeding one hundred dollars ($100.00).

The owner of any commercial motor vehicle, tractor, trailer or semitrailer, whose vehicle shall be found on a highway in violation of this act or which shall have a gross weight of vehicle and load in excess of the gross weight provided on the certificate of registration for the vehicle shall be fined not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00) for the first offense, and for any subsequent offense, not less than five hundred dollars ($500.00) nor more than seven hundred fifty dollars ($750.00); and the registration of the vehicle involved may be revoked by the Director of the Division of Motor Vehicles; and such vehicle, but not its contents, may be detained until the owner submits to the jurisdiction of the court and the fine is paid or

The public utility shall pay to the State, in the manner hereinafter provided, the reasonable compensation and expenses of such legal counsel, experts and assistants; provided, however, that the total amount which the public utility may be required to pay pursuant to this act with respect to such proceeding shall not

exceed one-tenth of one per centum (1/10 of 1%) of its revenues derived in the calendar year last preceding the institution of such proceeding from its intrastate sales of the product supplied or intrastate service rendered, the rates, tolls, fares, or charges for which are the subject matter of such proceeding. Any and all amounts paid by the public utility pursuant to this act shall be deemed to be operating expenses of the public utility.

2. (a) At the conclusion of any such proceeding, or, in the discretion of the Attorney-General, from time to time during the progress thereof, the Attorney-General shall send to the public utility, by registered mail addressed to its principal office in this State, an itemized statement setting forth the amount, as of the date of such statement, of the compensation and expenses of counsel, experts and assistants employed by the Attorney-General pursuant to section one hereof. The Attorney-General shall also send a copy of such statement to the State Treasurer. Except as hereinafter provided, the total amount set forth in each such statement shall be paid by the public utility to the State Treasurer within thirty days after the date of the receipt of such statement by the public utility.

(b) If the public utility shall desire to question the reasonableness of the amount of any item or portion thereof set forth in any such statement, then, within twenty days after its receipt of said statement, it shall file with the Board of Public Utility Commissioners a petition setting forth its objections to the payment of such item or portion thereof and shall serve a copy of such petition upon the Attorney-General. As a condition for filing such petition, the public utility shall pay to the State Treasurer that part, if any, of said item or portion thereof which is not in reasonable and substantial dispute. If the Attorney-General and the public utility cannot agree as to the part of said item or portion thereof which is not in reasonable and substantial dispute, said board shall summarily determine such question. Thereafter, said

board shall hold a hearing upon notice to the Attorney-General and to the public utility and shall make a determination with respect to the reasonableness of the amount of said item or portion thereof. If said board shall find that such amount is not reasonable, then it shall fix an amount which it shall determine to be reasonable. Said board shall furnish a copy of its determination to the Attorney-General, to the public utility and to the State Treasurer. Such determination shall be subject to review in the same manner as any final decision or action of any State administrative agency.

(c) If the public utility shall file a petition setting forth its objections to the payment of any item or portion thereof set forth in any such statement, pursuant to subsection (b) of this section, then, within thirty days after a determination by said board pursuant to said subsection, or if such determination shall be the subject of judicial review, then, within thirty days after final decision on review, the public utility shall pay to the State Treasurer either (1) the balance of the amount of such item or portion thereof as set forth in such statement if said board, or the court on review, as the case may be, shall have found such amount to be reasonable, or (2) if said board, or the court on review, as the case may be, shall have found such amount not to be reasonable, then, the difference, if any, between the amount determined by said board, or by the court on review, as the case may be, and the undisputed part of said item or portion thereof theretofore paid by the public utility as hereinabove provided.

3. The State Treasurer, upon receipt of any payment by the public utility pursuant to the provisions of this act, shall cause the same to be deposited in the General State Fund, and shall disburse the same only to the persons and in the respective amounts set forth in the copy of the itemized statement which he shall have received from the Attorney-General as hereinbefore pro-
vided, except that if the amount of any item or portion thereof contained in such statement shall have been the subject of a hearing before the Board of Public Utility Commissioners, or a review by the court, as hereinbefore provided, and shall have been changed by said board, or by the court on review, he shall disburse with respect to such item or portion thereof, the amount thereof as finally determined by said board, or by the court on review, as the case may be, in lieu of the amount thereof as set forth in such statement. Such disbursements shall be made on proper audit upon vouchers approved by the Attorney-General.

4. This act shall take effect immediately.

Approved December 5, 1951.
JOINT RESOLUTION
Joint Resolution

JOINT RESOLUTION NO. 16

A Joint Resolution concerning the anticipated effect of the 1950 Federal census on offices and employments and the compensation of officers and employees in the several counties and municipalities, and creating a legislative committee to make a study of existing provisions of law in which such offices and employments and such compensation are determined by the size of the population.

Whereas, By virtue of section 52:4-1 of the Revised Statutes the promulgation and taking effect of the Federal census in New Jersey is dependent upon the filing by the Governor with the Secretary of State of a copy of the bulletin to be issued by the Director of the National Census and showing the population of the State; and

Whereas, Population according to the latest Federal census effective within this State determines the constitution and existence of certain county and municipal offices and employments, as well as of the amount of compensation payable to certain county and municipal officers and employees; and

Whereas, In 1931 and 1940 the Legislature enacted statutes, commonly referred to as "freeze acts," the general purport of which was to give continued force to the 1920 Federal census for the purpose of county and municipal offices and employments and the compensation of county
and municipal officers and employees in instances where by law the size of the population was determinative of such offices and employments and such compensation; and

**Preamble.**

Whereas, The 1920 Federal census is still in force for such purpose, save insofar as the said "freeze acts" have been amended to except therefrom the compensation of certain officers, and save insofar as superseding provisions of law may have removed certain offices and employments and the compensation of certain officers and employees from the effect of said "freeze acts"; and

**Preamble.**

Whereas, Although at the regular session of the current (1951) Legislature no formal action was taken in anticipation of the effect of the 1950 census upon counties and municipalities in the manner aforesaid, there was considerable informal discussion among the members as to the advisability or inadvisability, in view of prevailing economic conditions, of enacting a further "freeze act"; and

**Preamble.**

Whereas, The Legislature will require information before taking action on the question; therefore

Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. There is hereby created a legislative committee, consisting of six members, whose duty it shall be to make a study of existing provisions of law affecting counties and municipalities in which offices and employments, or compensation of officers or employees, or both, are determined by the size of the population thereof, to the end that the Legislature may have before it sufficient information upon which to decide what legislation, if any, will be advisable in anticipation of the taking effect of the 1950 Federal census in this State.
JOINT RESOLUTION No. 16

2. Three members of said committee shall be appointed by the President of the Senate from the membership of the Senate, and three members shall be appointed by the Speaker of the General Assembly from the membership of the General Assembly. One of the members appointed from each House shall represent the minority political party. The committee shall elect one of its members as chairman.

3. The committee shall undertake the study with which it is charged as soon as possible after this joint resolution takes effect, and shall make a report of its findings and recommendations to the next Legislature on the day of its first meeting, or as soon thereafter as practicable.

4. This joint resolution shall take effect immediately.

Approved December 5, 1951.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The promulgation or taking effect of the Federal census for the year one thousand nine hundred and fifty, or the passage of an act for the reclassification of counties or municipalities of this State, shall not operate to increase or decrease the salary or compensation of any officer or employee of any county or municipality. All such officers and employees shall continue to receive salary or compensation as provided pursuant to law prior to the promulgation of said census.

2. The promulgation or taking effect of said census shall not operate to create or to fill, in the several counties and municipalities, any additional offices or employments, or grant any pension or increase any pension.
CHAPTERS 1 & 2, LAWS OF 1952

3. This act shall become inoperative on and after January first, one thousand nine hundred and fifty-three.

4. This act shall take effect immediately.

Approved February 11, 1952.

ALFRED E. DRISCOLL,
Governor.

CHAPTER 2

AN ACT concerning elections, and supplementing chapter twenty-five of Title 19 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Not less than one thousand voters of any political party may file a petition with the Secretary of State on or before the fortieth day before a primary election in any year in which a President of the United States is to be chosen, requesting that the name of the person indorsed therein as a candidate of such party for the office of President of the United States shall be printed upon the official primary ballot of that party for the then ensuing election for delegates and alternates to the national convention of such party.

The petition shall be prepared and filed in the form and manner herein required for the indorsement of candidates to be voted for at the primary election for the general election, except that the candidate shall not be permitted to have a designation or slogan following his name, and that it shall not be necessary to have the consent of such candidate for president indorsed on the petition.
2. The Secretary of State shall certify the names so indorsed to the county clerk of each county on or before the thirty-fourth day before such primary election; but if any person so indorsed shall on or before such date decline in writing, filed in the office of the Secretary of State, to have his name printed upon the primary election ballot as a candidate for President, the Secretary of State shall not so certify such name.

3. This act shall take effect immediately.

Approved February 11, 1952.

CHAPTER 3

An Act authorizing the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the sum of twenty-five million dollars ($25,000,000.00) for State mental, charitable, hospital, relief, training, correctional, reformatory and penal institutional buildings, their construction, reconstruction, development, extension, improvement, equipment, and facilities, for health and welfare uses; providing the ways and means to pay the interest of said debt and also to pay and discharge the principal thereof; and providing for the submission of this act to the people at a general election.

WHEREAS, The Legislature by the provisions of chapter three, of the laws of one thousand nine hundred and forty-nine, determined, among other things, that there existed in this State an acute shortage of necessary and proper State institutional buildings, equipment and facilities for the maintenance, care and treatment of our aged, infirm and mentally sick residents and that such situation was detrimental to the health and welfare of a large number of our citizens; and
WHEREAS, Said chapter three of the laws of one thousand nine hundred and forty-nine authorized the creation of a debt of the State by the issuance of bonds of the State in the sum of twenty-five million dollars ($25,000,000.00), for the purpose of improving the aforesaid conditions, and said legislation was approved by the voters of the State at a general election on November eighth, one thousand nine hundred and forty-nine; and

WHEREAS, The program of improving the safety and adequacy of our existing institutions by the reconstruction thereof and the building of additional facilities as contemplated in the aforesaid legislation has gone forward with substantial progress and success; and

WHEREAS, By reason of the forces of inflation and the constantly shrinking purchasing power of the dollar there has been a considerable increase in building costs, from which it is evident that the sum originally authorized for the modernization and expansion of State institutional facilities is grossly inadequate and, in addition, an emergency situation will arise requiring the State to provide building accommodations for six hundred fifty senile patients now hospitalized in property owned by the Federal Government and which the State is required to vacate on or before September first, one thousand nine hundred and fifty-two; and

WHEREAS, By reason thereof substantial additional funds are now required to carry to a successful conclusion this program of providing adequate institutional facilities in this State, and

WHEREAS, It is the declared public policy of this State that, whatever the circumstances, adequate facilities must be provided and maintained for the maintenance, welfare, care and treatment of our aged, infirm and mentally sick citizens; now, therefore,
CHAPTER 3, LAWS OF 1952

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. The Legislature hereby finds and determines as a fact: (a) that there still exists in this State an acute shortage of necessary and proper State institutional buildings, equipment and facilities for mental, charitable, hospital, relief, training, correctional, reformatory and penal institutional requirements; and (b) that this situation is detrimental to the health and welfare of a large number of citizens of this State and that the correction thereof necessitates the authorization of the bond issue provided for herein.

2. Bonds of the State of New Jersey in the sum of twenty-five million dollars ($25,000,000.00) are hereby authorized for State institutional buildings, their construction, reconstruction, development, extension, improvement, equipment and facilities, for health and welfare uses, as follows: for the construction, reconstruction, development, extension, improvement and equipment of State mental, charitable, hospital, relief, training, correctional, reformatory and penal institutions, and the appurtenances thereto, and for acquisition of land for said purposes, if necessary.

   Such construction, reconstruction, development, extension and improvement, and such acquisition of equipment and facilities, shall proceed pursuant to appropriations therefor in the manner provided in section thirteen hereof.

3. Said bonds shall be serial bonds and known as "State Institution Construction Bonds" and, as to each series, the last installment thereof (subject to redemption prior to maturity) shall mature and be paid not later than twenty years from the date of issuance of such series, but may be issued in whole or in part for a shorter term.

4. Said bonds shall be issued from time to time as money is required for the purpose aforesaid, as the issuing officials herein named shall determine.

5. The Governor, State Treasurer and Comptroller of the Treasury or any two of such officials...
Direct obligation of State.

Bond recital.

6. Bonds issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State is pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

7. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the great seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time of such issue or at the time of the delivery of such bonds to the purchaser.

8. (a) Such bonds shall recite that they are issued for the purpose set forth in section two of this act and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, one thousand nine hundred and fifty-two, and that it received the sanction of the majority of the votes cast for and against it at such election. Such recital in said bonds shall be
conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

(b) Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, as may be determined by the issuing officials.

(c) Whenever such bonds shall have been issued as coupon bonds, whether so issued originally or at the request of a holder thereof subsequent to the original issue, such bonds, or any of them, may be reissued by the issuing officials at the request of a holder as registered bonds, and all registered bonds, whether so issued originally or at the request of the holder subsequent to the original issue, may be reissued by the issuing officials, at the request of a holder, as coupon bonds.

9. When bonds are issued from time to time, the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest, not exceeding three per centum (3%) per annum, as may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

10. Said bonds shall be issued and sold at not less than par and accrued interest, under such terms, conditions and regulations as the issuing officials may prescribe, after notice of said sale, published at least three times (the first notice shall be at least seven days prior to the day of bidding) in at least three newspapers published in the State of New Jersey, and in a publication carrying municipal
Temporary bonds.

Disposition of proceeds.

11. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

12. The proceeds from the sale of the bonds, exclusive of accrued interest and premiums, and all interest on deposits received from depositories, shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the "State 1952 Institution Construction Fund." All accrued interest and premiums from the sale of bonds except as provided in section fifteen hereof, together with interest received from depositories of such funds, shall be held by the State Treasurer to the credit of the said State 1952 Institution Construction Fund.

13. The moneys in the said State 1952 Institution Construction Fund are hereby specifically dedicated to providing for State institutional buildings, their construction, reconstruction, development, extension, improvement, equipment and facilities,

for health and welfare uses, as follows: for the construction, reconstruction, development, extension, improvement and equipment of State mental, charitable, hospital, relief, training, correctional, reformatory and penal institutions, and the appurtenances thereto, and for the acquisition of land, and no moneys from the said State 1952 Institution Construction Fund shall be expended except in accordance with appropriations, from said fund, made by law.

At any time prior to the issuance and sale of bonds under this act the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of the State 1952 Institution Construction Fund such sum as may be deemed necessary for the purposes of this act by the State House Commission, which said sum so transferred shall be returned to the treasury of this State by the treasurer thereof from the proceeds of the sale of the first issue of bonds.

14. In case any coupon bonds and coupons thereunto appertaining or any registered bond shall become mutilated or destroyed, a new bond shall be executed and delivered of like tenor, in substitution for the mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such mutilation or destruction and also such security and indemnity as the issuing officials may require.

15. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from accrued interest and premiums from the sale of bonds or, if these funds be insufficient, from the proceeds of the sale of bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

16. Bonds of each series issued hereunder shall mature in installments commencing not later than the third year and ending not later than the twen-
tieth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, but the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power of election by resolution or resolutions of the issuing officials to call for redemption at par and accrued interest to date of redemption, and to redeem on any interest payment date beginning in a stated year, as a whole or in part in the inverse order of their numbers, bonds of that series prior to their maturity, upon notice by publication, at least once, at least sixty days prior to the date fixed for redemption, in a newspaper published in the city of Trenton and in a publication carrying municipal bond notices and devoted primarily to financial news, published in New York City or in New Jersey. On and after the date of redemptions so fixed, interest on bonds so called for redemption shall cease to accrue.

17. To provide funds to meet the interest and principal payment requirements for the bonds issued under this act and outstanding, there is hereby appropriated in the order following:

(a) Revenue derived from the tax collected under and by virtue of the provisions of the Alcoholic Beverage Tax Law (subtitle eight of Title 54 of the Revised Statutes, as amended and supplemented), or so much thereof as may be required.

(b) If in any year or at any time funds, as herebefore appropriated necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the
year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before the fifteenth day of December in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before the twentieth day of December in each year.

If on or before the thirty-first day of December in any year the issuing officials shall determine that there are moneys in the General State Fund, other than moneys derived from motor vehicle fees and motor fuel taxes, beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in that event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and the receipts for said year from alcoholic beverage taxes above referred to shall thereupon be considered as part of the General State Fund, available for general purposes.

18. Should the State Treasurer, by December thirty-first of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and col-
lected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before the first day of March following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

3. All class titles having or requiring salary ranges within the classified civil service of the State shall be allocated only to the ranges included in the compensation schedule referred to in section two, above, and to no other salary ranges not included in the compensation schedule; provided, that when any class title within the classified civil service of the State requires the allocation of a salary range or a rate which is in excess of ten thousand eight hundred and sixty dollars ($10,860.00), such a range or rate shall be determined on the basis of the exigencies of the State service by the Civil Service Commission with the approval of the Governor; provided further, that in cases of laborers, who are paid on an hourly basis, there shall be allocated ranges with minima and maxima and five included increment steps expressed in terms of hourly rates, the amount of the increment expressed in terms of an hourly rate representing a reasonable conversion of what the annual increment would be in accordance with the compensation schedule referred to in section two of this act.

4. All class titles having or requiring salary ranges within the unclassified civil service of the State shall, as far as practicable, and consistent with and not contrary to existing provisions of any law, be allocated to ranges included within the compensation schedule referred to in section two of this act.

5. The ranges allocated by the Civil Service Commission to all class titles within the classified civil service of the State as of July first, one thousand nine hundred and fifty-two, and the ranges allocated to new class titles added to the classification plan of the State service within the fiscal year one thousand nine hundred and fifty-two–one thousand nine hundred and fifty-three shall be the established ranges for these class titles for the fiscal year one thousand nine hundred and fifty-two–one thousand nine hundred and fifty-three.
6. The relative position within a salary range of the rate of each State employee in the classified and unclassified service whose class title, as of June thirtieth, one thousand nine hundred and fifty-two, is allocated to one of the ranges established by section two, chapter fifty, of the laws of one thousand nine hundred and fifty-one, shall be retained within the salary range, being one of the salary ranges within the compensation schedule for the New Jersey State Service established by section two of this act, allocated to his class title as of July first, one thousand nine hundred and fifty-two, by an adjustment, if required, effective July first, one thousand nine hundred and fifty-two, of his rate to the same increment step within the salary range allocated to his class title as of July first, one thousand nine hundred and fifty-two at which his rate was located within the salary range allocated to his class title as of June thirtieth, one thousand nine hundred and fifty-two; provided, that no reallocation, effective July first, one thousand nine hundred and fifty-two, of a salary range to a class title shall be made which will require an adjustment in the rate of any State employee, as herein provided, which will exceed twelve hundred dollars ($1,200.00).

7. Any adjustment in the rate of a State employee made in accordance with section six of this act shall not vitiate or prejudice whatever eligibility such an employee may have, as determined or qualified on the basis of his performance rating, for the normal annual increment on his increment anniversary date within the salary range allocated to his title July first, one thousand nine hundred and fifty-two.

8. Any war adjustment or bonus payment, or both, now being received by any State employee shall be continued for the fiscal year one thousand nine hundred and fifty-two—one thousand nine hundred and fifty-three; except, that an amount, not exceeding the amount equivalent to one increment applicable within the salary range effective July first, one thousand nine hundred and fifty-two,

sation schedules for such services for the fiscal year
one thousand nine hundred and fifty-two—one thou­

sent on the part of the Federal Government shall
not apply to those employees for whom appropi-
ations are made to the Commissioner of Education
or whose compensation is paid directly or indi-
rectly from State funds by contract with the State
Board of Education. If the Federal Government
gives such consent, such readjustment of rate shall

c. "Employ" includes to suffer or permit to work.

d. "Occupation" includes any industry, trade, business or branch thereof, or any employment or class of employment.

2. No employer shall discriminate in any way in the rate or method of payment of wages to any employee because of his or her sex. A differential in pay between employees based on a reasonable factor or factors other than sex shall not constitute discrimination within the meaning of this section.

3. The Commissioner of Labor and Industry shall have the power and it shall be his duty to carry out and enforce the provisions of this act.

4. The commissioner, or his authorized representative, shall have the power to enter the place of employment of any employer to inspect and copy payrolls and other employment records, to compare character of work and skills on which persons employed by the employer are engaged, to question such persons under subpoena, if necessary, and to obtain such other information as is reasonably necessary to the administration and enforcement of this act.

5. The commissioner shall have the power to issue such regulations, not inconsistent with the purpose and provisions of this act, as he deems necessary or appropriate for the efficient administration thereof.

6. Any employer who willfully violates any provision of this act, or who discharges or in any other manner discriminates against any employee because such employee has made any complaint to his or her employer, the commissioner, or any other person, or instituted, or caused to be instituted any proceeding under or related to this act, or has testified or is about to testify in any such proceedings, shall be guilty of a misdemeanor and, upon convic-

8. If any employee, because of his or her employer's violation of the provisions of section two of this act, is discriminated against in the payment of wages, such employee may recover in a civil action the full amount of the salary or wages due from the employer plus an additional equal amount as liquidated damages, together with costs and such reasonable attorney's fees as may be allowed by the court, and any agreement between such employee and employer to work for less than such salary or wages shall be no defense to the action. The court in such action shall, in addition to any judgment awarded to the plaintiff or plaintiffs, allow a reasonable attorney's fee to be paid by the defendant, and costs of the action. The alleged violator shall be given an opportunity, at his request, to be heard with regard to such alleged violation, under such rules and regulations as may be prescribed by the commissioner provided that the complaining party and all interested persons shall be notified of such hearing and given an opportunity to be present. CHAPTER 11

An Act to provide for the creation of a Legislative Commission on Statute Revision, and prescribing its powers and duties.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. There is hereby created a Legislative Commission on Statute Revision, which shall consist of nine members.

Six members of said commission shall be at all times members of the Legislature, three representing the Senate and three representing the General Assembly. The representatives of the Senate shall be appointed by the Senate President, and the representatives of the General Assembly shall be appointed by the Speaker thereof. Of the first representatives so appointed from each house, two shall be members of the majority political party and one shall be a member of the prevailing minority political party. Each of the six members of the commission representing the Legislature shall serve so long as he shall be a member of the Senate or of the General Assembly, as the case may be; and in the event he shall no longer be a member of the Senate or of the General Assembly, a vacancy shall occur in his membership on the commission.

The remaining three members of the commission shall be appointed by the Governor.
Any vacancy in the membership of the commission shall be filled in the same manner as the original appointment was made.

2. It shall be the duty of said commission to prepare and submit to the Legislature one or more proposed statutes revising, in the manner and for the purposes hereinafter stated, such of the statutes contained in the Revised Statutes, and such later statutes as have been or shall be compiled therewith by the Law Revision and Bill Drafting Commission, and such other statutes, as relate to the several principal departments in the executive branch of the State Government, which shall have been enacted prior to October first, one thousand nine hundred and fifty-two, and shall be in effect on, or shall take effect after, such date, as the commission shall determine to be necessary and desirable to revise in order to reconcile and make more consistent the respective provisions of said statutes with each other and with the administrative reorganization program under the Constitution of 1947, to correct errors, to cause to be omitted redundant provisions, and to aid the Legislature in making the same into a more compact and consistent body of law.

As one of its first tasks in the effectuation of its duties under this section the commission shall prepare and submit to the Legislature one or more proposed statutes completely revising and modernizing Title 48 of the Revised Statutes.

3. In preparing said proposed statutes, the commission shall follow the classification and general arrangement prescribed by the Law Revision and Bill Drafting Commission.

4. The commission may from time to time submit preliminary reports and drafts of proposed statutes to the Legislature or to any committee thereof or to the members thereof prior to the making of its final report and it shall submit to the Legislature or to the members thereof, drafts of such proposed statutes as it proposes to lay before the Legislature, in bill form, and shall lay the same be-
fore the Legislature for enactment, if the Legislature shall see fit to enact them, not later than the time at which the 1953 legislative year shall commence, or at such earlier time as may be fixed in a joint resolution of the Legislature.

5. For any or all services, facilities and assistance preparatory and prerequisite to the laying before the Legislature of any proposed statute or statutes, pursuant to section four of this act, the commission shall have authority to seek and accept the co-operation or collaboration of members of the bar, individually or by their respective bar associations, or by other groups thereof; of other persons, associations and groups; of publishing or printing houses, corporations and institutions; and of departments, agencies, boards, commissions and other instrumentalities of the State Government.

6. This act shall take effect immediately.
Approved April 8, 1952.

CHAPTER 12

An Act to provide disability, death and medical and hospital benefits for civil defense volunteers who may suffer injury as a result of participation in authorized civil defense service, and supplementing "An act concerning civilian defense during emergency," approved May twenty-third, one thousand nine hundred and forty-two (P. L. 1942, c. 251), as said title was amended by chapter eighty-six of the laws of one thousand nine hundred and forty-nine.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Unless otherwise clearly indicated in this act, the words and phrases listed hereafter shall have the following meanings:
“Director of Civil Defense,” “local defense council,” “local chairman,” “district or regional office,” are those agencies and their directors set up under the provisions of the act to which this act is a supplement.

“Civil defense volunteer” means any natural person who is registered with a local defense council or with a district or regional office of the Director of Civil Defense and holds an identification card issued by the local chairman or State director for the purpose of engaging in authorized civil defense service without pay or other consideration.

“Authorized civil defense service” means all activities authorized by the local defense council or by a district or regional office in accordance with regulations and orders of the Director of Civil Defense and shall include duties and services performed by an air-raid warden during training or practice periods, during attack, actual or imminent, and subsequent to attack; and duties and services performed by a civil defense volunteer other than an air-raid warden during training or practice periods and following attack, but not during attack, actual or imminent.

“Injury” means accidental injury (producing objective symptoms immediately) arising out of and in the course of authorized civil defense service and disease or infection that may be sustained or death incurred either as the natural and unavoidable result thereof or as the result of exposure to radiation or to noxious gases or to germ warfare in the course of such authorized service if such exposure did not produce objective symptoms immediately.

“The date of injury” in the case of injury arising from exposure to radiation or to noxious gases or to germ warfare, if such exposure did not produce objective symptoms immediately, means the date of the first treatment for disease or infection sustained as a result of such exposure in the course of authorized civil defense service.
2. Benefits, as provided in this act, shall be furnished to a civil defense volunteer for injury, as defined herein, arising either within or without this State, provided:

(a) The injury is proximately caused by authorized civil defense service, and

(b) The injury is not caused by the gross negligence or intoxication of the injured civil defense volunteer, and

(c) The injury is not intentionally self-inflicted and is not due to willful exposure to radiation or to noxious gases or to germ warfare, and

(d) Medical treatment or hospital care is undergone by the civil defense volunteer because of the injury within thirty days of the date of injury, where objective symptoms are immediate, or within five months after the date when the civil defense volunteer shall have ceased to be subject to exposure to radiation or to noxious gases or to germ warfare, if the treatment or hospital care is required because of such exposure which did not produce objective symptoms immediately. This subsection shall not apply if death occurs immediately.

3. The schedule of benefits for civil defense volunteers under this act is hereby established as follows:

(a) Total disability. If the injury sustained by the civil defense volunteer wholly and continuously disables him from the date of injury and prevents him from performing each and every duty pertaining to his usual and ordinary occupation, weekly benefits shall be payable during the continuance of such disability for a period of twenty-six weeks, at which time such payments shall cease unless the civil defense volunteer shall have submitted to such physical and other examination as shall be required to establish that because of such disability it is impossible for him to perform each and every duty of any occupation, in which case further weekly benefits shall be payable during the period of such total disability, up to a maximum period of disability of one hundred four weeks from the date
of injury. The weekly benefit is twenty-five dollars ($25.00) but not to exceed sixty-six and two-thirds per centum (66 2/3%) of the wages received from regular employment at the date of injury or, in the case of a civil defense volunteer who was self-employed at the date of injury, of an assumed wage which shall be deemed to be the entire net income from self-employment minus investment income for the last calendar year preceding the date of the injury. Where a civil defense volunteer is not employed at the date of injury, where he has had no income from self-employment for a period of one month prior to the date of injury, or where he refuses or is unable to furnish satisfactory proof of his net income from self-employment the weekly benefit is fifteen dollars ($15.00). No weekly benefits shall accrue and be payable until the civil defense volunteer has been disabled seven days, which period shall be termed the waiting period. The day that the civil defense volunteer is injured shall count as one whole day of the waiting period.

(b) Medical and hospital care. If the injury sustained by the civil defense volunteer requires medical or hospital care, payment shall be made for the expense of such medical, surgical and other treatment and hospital service as shall be necessary to cure and relieve the civil defense volunteer of the effects of the injury and to restore the functions of the injured member or organ where such restoration is possible; but the aggregate cost of all such attendance and treatment shall not exceed the sum of seven hundred fifty dollars ($750.00) for any one injury. All fees and other charges for such physicians’ and surgeons’ treatment and hospital treatment shall be reasonable and based on the usual fees and charges which prevail in the same community for similar physicians’, surgeons’ and hospital services.

(c) Death. If death results from the injury within ninety days following the date of injury the sum of fifteen hundred dollars ($1,500.00) shall be paid to the spouse of the civil defense volunteer, if
living, otherwise to the surviving child or children, share and share alike, if any, otherwise to the legal representative or representatives of the estate of the civil defense volunteer. Such payment shall be in addition to any weekly benefits to which the civil defense volunteer may have been entitled under subsection (a) of this section. If death occurs after ninety days following the date of the injury or within such ninety-day period and from a cause other than the injury but during the period of total disability for which weekly benefits are payable, an amount equal to four weekly benefit payments shall be payable to the beneficiary previously designated herein. No payment of a fractional weekly benefit shall be made for the week in which death occurs.

4. If any benefits due to a civil defense volunteer under this act are unpaid at the time of his death, such benefits shall be payable to the beneficiary designated in the preceding section for the payment of death benefits.

5. Civil defense volunteers who are minors shall be deemed to be sui juris for the purpose of receiving benefits under the provisions of this act. Work as a civil defense volunteer shall not be deemed as employment or in violation of any of the provisions of the labor law.

6. Benefits payable under this act shall not be assignable and shall be exempt from all claims of creditors and from levy, execution or attachment.

7. Benefits as provided in this act shall be the exclusive remedy of a civil defense volunteer, his or her spouse, dependents, or legal representative or representatives, for any injury, disease or death arising out of and in the course of civil defense volunteer service, as against the State, any political subdivision of this State, any civil defense agency or any person or other agency acting under governmental authority in furtherance of civil defense activities, with or without negligence. A member of a civil defense agency of the Federal Government or of another State, who may perform services within this State, whether pursuant to a mutual aid
8. No benefits for injury under the provisions of this act shall be payable to any civil defense volunteer or to the dependents of a deceased civil defense volunteer otherwise entitled to receive workmen’s compensation under the provisions of chapter fifteen of Title 34 of the Revised Statutes or under any Federal Workmen’s Compensation Law.

9. Written notice of claim for benefits under this act must be filed with the local defense council or with the district or regional office with which the injured civil defense volunteer is registered or with the Director of Civil Defense within thirty days after the date of injury or, if death results therefrom, within thirty days after death. Failure to give notice within the time hereinbefore set forth shall not invalidate any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

10. The notice of claim may be submitted personally or sent by registered mail. It shall contain the name and address of the civil defense volunteer and of the local defense council or district or regional office with which he is registered, and state the time, place, nature and cause of the injury. The notice shall be signed by the civil defense volunteer or someone authorized to act on his behalf or, in case of death, by any person having an interest in the claim or someone authorized to act on behalf of such person.

11. After an injury, the civil defense volunteer, if so requested by the local defense council or by such other agency or agencies as shall be charged, under the provisions of this act, with the responsibility of determining the benefits payable to such claimant, must submit himself for physical examination and X-ray at some reasonable time and place within this State, and as often as may be reasonably requested, to a physician or physicians authorized to practice under the laws of this State. If
the civil defense volunteer requests, he shall be entitled to have a physician or physicians of his own selection present to participate in such examination. The refusal of the civil defense volunteer to submit to such examination shall deprive him of the right to any benefits under this act during the continuance of such refusal. When a right to benefits is thus suspended no benefits shall be payable in respect to the period of suspension.

12. Whenever it shall appear to the local defense council, or to such other agency or agencies as shall be charged, under the provisions of this act, with the responsibility of determining the benefits payable, that recovery of an injured civil defense volunteer is being prejudiced by virtue of his refusal to accept proffered medical and surgical treatment deemed necessary by the physician selected by them or by his failure or neglect to comply with the instructions of the physician in charge of the case, such modification may be made in the benefits payable under this act as shall be justified by the facts.

13. Upon receipt of written notice of claim, forms will be furnished to the claimant for filing proof of claim. Written proof of claim must be submitted on these forms to the local defense council or district or regional office of the Director of Civil Defense within ninety days after the termination of the period for which weekly benefits are payable and in case of claim for any other benefits within ninety days after the date of such loss. If such forms are not furnished within thirty days after receipt of such notice, the claimant shall be deemed to have complied with the requirements of this section as to proof of loss upon submitting, within the time for filing proofs of claim, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

14. It shall be the responsibility of the local defense council or the district or regional office of the Director of Civil Defense, as the case may be, to process all claims for which notice is received pursuant to this act. Such claims must then be ap-
proved by the chairman of the local defense council before they are submitted for final approval to a Claim Committee consisting of the Director of Civil Defense, the Commissioner of Banking and Insurance, the Commissioner of Labor and Industry, the State Auditor and the State Treasurer, or their duly appointed representatives. This committee or its duly authorized representative may investigate any and all claims for benefits under this act and shall make a final determination of the benefits to be paid or allowed to any claimant. For the purposes of this act such committee shall have the power to make, amend, modify and repeal rules and regulations for the processing, review and determination of claims, and to select and employ such clerks and assistants as may be deemed necessary and to fix and determine their powers and duties; and the committee may also, in its discretion, arrange with any domestic carrier or carriers to investigate any or all such claims and to liquidate and pay such claims as are valid. The committee shall from time to time authorize the State Treasurer to pay from the special fund for civil defense volunteers any benefit or other amounts due hereunder and to reimburse such carrier or carriers for benefit payments so made together with reasonable allowance for the services so rendered.

15. There is hereby created a fund which shall be known as the special fund for civil defense volunteers to provide for the payment of weekly benefits for total disability, expenses of medical and hospital care and death benefits under this act and the expenses of administration. Such fund shall consist of any moneys appropriated therefor or credited thereto including any financial contributions received from the United States Government for such purposes. The State Treasurer shall be the custodian of this special fund. The State Treasurer may deposit any portion of the fund not needed for immediate use, in the manner and subject to all the provisions of law respecting the deposit of State funds by him. Interest earned by
such portion of the fund deposited by the State Treasurer shall be collected by him and placed to the credit of the fund.

16. Funds credited to the special fund for the purposes of this act may be used to effect insurance or reinsurance with the war damage corporation or with any other authority or instrumentality, public or private, or otherwise to distribute the liability for benefits payable to civil defense volunteers.

17. The special fund for civil defense volunteers created by this act shall be the sole and exclusive source for the payment of benefits provided by this act for civil defense volunteers.

18. Within five years after the direction by the Legislature by joint resolution to such effect, the Claim Committee shall determine the amount of outstanding liabilities of the special fund and shall establish reasonable reserves to pay to claimants weekly benefits for total disability, expenses of medical and hospital care and death benefits, and to meet the cost of administering any unpaid claims and the same shall become a charge against the fund. Any balance in the fund after the establishment of such reserves shall lapse into the State treasury.

19. The entire expense of administering this act shall be paid out of the special fund and charged thereto. Approval of the Director of the Division of Budget and Accounting shall be required for all such expenditures except those for claims approved by the Claim Committee under section fourteen hereof.

20. Should the United States Government or any agent thereof, in accordance with any Federal statute or rule or regulation, furnish monetary assistance, benefits or other temporary or permanent relief to civil defense volunteers or to civil defense volunteers and their dependents for injuries arising out of and in the course of authorized civil defense service, then the amount of benefits which the civil defense volunteer or his dependents are otherwise entitled to receive under this act shall be re-
duced by the amount of monetary assistance, benefits or other temporary or permanent relief the civil defense volunteer or his dependents have received or will receive from the United States or any agent thereof as a result of the injury.

21. If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States Government or any agent thereof furnishes medical, surgical or hospital treatment or any combination thereof to an injured civil defense volunteer or will reimburse such civil defense volunteer for the expense of such treatment, then the civil defense volunteer shall have no right to receive payment for or reimbursement of the expense of such medical, surgical or hospital care under the provisions of this act.

22. If the payment of benefits under the provisions of this act to a civil defense volunteer or his dependents prevents such civil defense volunteer or his dependents from receiving equivalent assistance, benefits or other temporary or permanent relief under the provisions of a Federal statute or rule or regulation, then the civil defense volunteer and his dependents shall have no right to and shall not receive any benefits under the provisions of this act for any injury for which the United States Government or any agent thereof will furnish equivalent assistance, benefits or other temporary or permanent relief in the absence of the payment of benefits under this act.

23. If for the purpose of obtaining any benefit or payment under the provisions of this act or for the purpose of influencing any determination regarding any benefit payment, either for himself or another, any person, including officials charged with the responsibility of approving all claims, shall willfully make a false statement or representation or fail to disclose a material fact of which he has knowledge, he shall be guilty of a misdemeanor. In addition to the other penalties provided by this act, any person who for the purpose of obtaining any benefit or payment under this act, or for the
purpose of influencing any determination regarding any benefit payment, knowingly makes a false statement with regard to a material fact, shall not be entitled to receive any benefits, cash or medical, for the disability claimed.

24. If any section, subsection, paragraph, sentence, or clause of this act is held invalid or unconstitutional, such decision shall not affect the remaining portions of this act.

25. This act shall take effect immediately. Approved April 10, 1952.

CHAPTER 16

An Act to facilitate vehicular traffic in the State of New Jersey by providing for the acquisition, construction, maintenance, repair and operation of highway projects; creating the New Jersey Highway Authority and defining its powers and duties; authorizing and establishing the location for a highway project; providing for the regulation of traffic on such projects and prescribing proceedings and penalties for violations thereof; providing for issuance of bonds or notes of the Authority and the terms and security thereof; and providing for the collection of tolls and other charges to pay the cost of acquisition, construction, maintenance, repair and operation of such projects and to pay such bonds and notes and the interest thereon.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act shall be known as, and may be cited as, "The New Jersey Highway Authority Act."
2. In order to facilitate vehicular traffic and remove the present handicaps and hazards on the congested highways in the State, and to provide for the construction of modern express highways embodying every known safety device including center divisions, ample shoulder widths, long-sight distances, multiple lanes in each direction and
grade separations at all intersections with other highways and railroads, the New Jersey Highway Authority (hereinafter created) is hereby authorized and empowered to acquire, construct, maintain, repair and operate highway projects (as hereinafter defined) at the locations hereinafter established and at such other locations as shall be established by law.

3. As used in this act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

(a) "Authority" means the New Jersey Highway Authority, created by section four of this act, or, if said Authority shall be abolished, the board, body or commission succeeding to the principal functions thereof or to whom the powers given by this act to the Authority shall be given by law.

(b) "Commissioner" means the State Highway Commissioner.

(c) "Department" means the State Highway Department.

(d) "Project" or "highway project" means any express highway, superhighway or motorway at such locations and between such termini as herein established or as may hereafter be established by law, and acquired or to be acquired or constructed or to be constructed under the provisions of this act by the Authority, over which abutters have no easement or right of light, air or direct access by reason of the fact that their properties abut thereon, together with such adjoining park or recreational areas and facilities as the Authority, with the concurrence of the Department of Conservation and Economic Development, shall find to be necessary and desirable to promote the public health and welfare and feasible for development pursuant to this act, and shall include but not be limited to all bridges, tunnels, overpasses, underpasses, interchanges, traffic circles, grade separations, entrance plazas, approaches, toll houses, service areas, service stations, service facilities, communications facilities, and adminis-

tration, storage and other buildings which the Authority may deem necessary for the operation of such project, together with all property, rights, easements and interests which may be acquired by the Authority for the construction or the operation of such project.

(e) "Bonds" or "revenue bonds" means bonds of the Authority authorized under the provisions of this act.

(f) "Public highway" means and shall include any public highway, road or street in the State, whether maintained by the State or by any county, city, borough, town, township, village, or other political subdivision.

(g) "Feeder road" means any road which in the opinion of the Authority is necessary to create or facilitate access to a project.

(h) "Owner" means and shall include all individuals, copartnerships, associations, private or municipal corporations and all political subdivisions of the State having any title or interest in any property, rights, easements and interests authorized to be acquired by this act.

4. There hereby established in the State Highway Department a body corporate and politic, with corporate succession, to be known as the "New Jersey Highway Authority." The Authority is hereby constituted an instrumentality exercising public and essential governmental functions, and the exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of projects shall be deemed and held to be an essential governmental function of the State.

The New Jersey Highway Authority shall consist of three members, each of whom shall be a resident of the State, who shall have been a qualified elector therein for a period of at least one year next preceding his appointment. Each member of the Authority shall be appointed by the Governor, with the advice and consent of the Senate, for a term of nine years and shall serve until
his successor is appointed and has qualified; except that of the first appointments hereunder, one shall be for a term of three years and one for a term of six years, and they shall serve until their respective successors are appointed and have qualified. The term of each of the first appointees hereunder shall be designated by the Governor. Each member of the Authority may be removed from office by the Governor, for cause, after a public hearing. Each member of the Authority before entering upon his duties shall take and subscribe an oath to perform the duties of his office faithfully, impartially and justly to the best of his ability. A record of such oaths shall be filed in the office of the Secretary of State.

Any vacancies in the membership of the Authority occurring other than by expiration of term shall be filled in the same manner as the original appointment, but for the unexpired term only.

The Governor shall designate one of the members of the Authority as chairman thereof and another member as vice-chairman thereof. The chairman and vice-chairman of the Authority so designated shall serve as such at the pleasure of the Governor and until their respective successors have been designated. The Authority shall elect a secretary and a treasurer who need not be members. At the option of the Authority the same person may be elected to serve both as secretary and treasurer. Two members of the Authority shall constitute a quorum and the vote of two members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

Before the issuance of any bonds or notes under the provisions of this act, each member of the Authority shall execute a surety bond in the penal sum of twenty-five thousand dollars ($25,000.00), and the treasurer shall execute a surety bond in the penal sum of fifty thousand dollars ($50,000.00),
each such surety bond to be conditioned upon the faithful performance of the duties of the office of such member or treasurer, as the case may be, to be executed by a surety company authorized to transact business in the State of New Jersey as surety and to be approved by the Attorney-General and filed in the office of the Secretary of State.

The members of the Authority shall not receive compensation for their services as members of the Authority. Each member shall be reimbursed by the Authority for his actual expenses necessarily incurred in the performance of his duties.

5. The Authority shall be a body corporate and politic and shall have perpetual succession and shall have the following powers:

(a) To adopt by-laws for the regulation of its affairs and the conduct of its business;
(b) To adopt an official seal and alter the same at pleasure;
(c) To maintain an office at such place or places within the State as it may designate;
(d) To sue and be sued in its own name;
(e) To acquire, construct, maintain, repair and operate projects;
(f) To acquire in co-operation with the Department of Conservation and Economic Development limited roadside areas adjoining said projects and transfer any or all of such areas to the Department of Conservation and Economic Development so that said department may maintain such areas as roadside parks;
(g) To issue bonds or notes of the Authority and to provide for the rights of the holders thereof as provided in this act;
(h) To fix and revise from time to time and charge and collect tolls or other charges for transit over or use of any project acquired or constructed by it;
(i) To establish rules and regulations for the use of any project;
(j) To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this act;
(k) To acquire in the name of the Authority by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain, any land and other property which it may determine is reasonably necessary for any project or for the relocation or reconstruction of any public highway by the Authority under the provisions of this act or for the construction of any feeder road which the Authority is or may be authorized to construct and any and all rights, title and interest in such land and other property, including public lands, parks, playgrounds, reservations, highways or parkways, owned by or in which any county, city, borough, town, township, village, or other political subdivision of the State of New Jersey has any right, title or interest, or parts thereof or rights therein and any fee simple absolute or any lesser interest in private property, and any fee simple absolute in, easements upon, or the benefit of restrictions upon abutting property to preserve and protect projects;

(l) To locate and designate, and to establish, limit and control such points of ingress to and egress from each project as may be necessary or desirable in the judgment of the Authority to insure the proper operation and maintenance of such project, and to prohibit entrance to such project from any point or points not so designated;

(m) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act;

(n) To construct, maintain, repair and operate any feeder road or any public highway connecting parts of a project or two or more projects which in the opinion of the Authority will increase the use of a project or projects, to take over for maintenance, repair and operation any existing public highway as a feeder road, and to realign any such existing public highway and build additional sections of road over new alignment in connection with such existing public highway;
(o) To appoint such additional officers (who need not be members of the Authority) and employ such consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and other employees and agents as the Authority deems advisable and as may be necessary in its judgment; to fix their compensation; and to promote and discharge such officers, employees and agents; all without regard to the provisions of Title 11 of the Revised Statutes;

(p) To receive and accept from any Federal agency, subject to the approval of the Governor, grants for or in aid of the acquisition or construction of any project, and to receive and accept aid or contributions, except appropriations by the Legislature, from any source, of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made; and

(q) To do all acts and things necessary or convenient to carry out the powers and duties expressly provided in this act.

Nothing contained in this act shall be construed to authorize or empower the Authority to acquire State property by the exercise of the power of eminent domain.

6. The Authority shall have power to construct and reconstruct traffic circles, interchanges and grade separations at intersections of any project with public highways and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of construction and any damage incurred in changing and adjusting the lines and grades of such highways shall be ascertained and paid by the Authority as a part of the cost of such project.

If the Authority shall find it necessary in connection with any project to change the location of any portion of any public highway, it shall cause the same to be reconstructed at such location as the Authority shall deem most favorable and of sub-
Right of entry. Public utilities, relocating.

substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the Authority as a part of the cost of such project.

Any public highway affected by the construction of any project may be vacated or relocated by the Authority in the manner now provided by law for the vacation or relocation of public roads and any damages awarded on account thereof shall be paid by the Authority as a part of the cost of such project.

In addition to the foregoing powers the Authority and its authorized agents and employees may enter upon any lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed a trespass, nor shall such entry for such purpose be deemed an entry under any condemnation proceedings which may be then pending. The Authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The Authority shall also have power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called "public utility facilities") of any public utility as defined in section 27:7-1 of the Revised Statutes, in, on, along, over or under any project. Whenever the Authority shall determine that it is necessary that any such public utility facilities which now are, or hereafter may be, located in, on, along, over or under any project should be relocated in such project, or should be removed from such project, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the
CHAPTER 16, LAWS OF 1952

order of the Authority; provided, however, that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights acquired to accomplish such relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of the public utility paid to the public utility in connection with the relocation or removal of such property, shall be ascertained and paid by the Authority as a part of the cost of such project. In case of any such relocation or removal of facilities, as aforesaid, the public utility owning or operating the same, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location or locations.

If the Authority, by resolution, determines that it is a reasonable public necessity to acquire, for any project, lands owned by or under the control or jurisdiction of any county park commission, it shall, within ten days after its adoption of said resolution, serve a copy of said resolution upon the said park commission. The park commission may within twenty days after said service upon it appeal from the said determination of the Authority to the Appellate Division of the Superior Court, which shall hear and determine the question of whether or not the taking of the land in question in preference to some other route, is a reasonable public necessity; and if said court shall determine that said taking is such a reasonable public necessity, the Authority may thereupon proceed therewith.

7. Upon the exercise of the power of eminent domain by the Authority, the compensation to be paid thereunder shall be ascertained and paid in the manner provided in chapter one of Title 20 of the Revised Statutes in so far as the provisions
thereof are applicable and not inconsistent with the provisions contained in this act. The Authority may join in separate subdivisions in one petition or complaint the descriptions of any number of tracts or parcels of land or property to be condemned, and the names of any number of owners and other parties who may have an interest therein and all such land or property included in said petition or complaint may be condemned in a single proceeding; provided, however, that separate awards be made for each tract or parcel of land or property; and provided, further, that each of said tracts or parcels of land or property lies wholly in or has a substantial part of its value lying wholly within the same county.

Upon the filing of such petition or complaint or at any time thereafter the Authority may file with the clerk of the county in which such property is located and also with the Clerk of the Superior Court a declaration of taking, signed by the Authority, declaring that possession of one or more of the tracts or parcels of land or property described in the petition or complaint is thereby being taken by and for the use of the Authority. The said declaration of taking shall be sufficient if it sets forth (1) a description of each tract or parcel of land or property to be so taken sufficient for the identification thereof to which there may or may not be attached a plan or map thereof; (2) a statement of the estate or interest in the said land or property being taken; (3) a statement of the sum of money estimated by the Authority by resolution to be just compensation for the taking of the estate or interest in each tract or parcel of land or property described in said declaration; and (4) that, in compliance with the provisions of this act, the Authority has established and is maintaining a trust fund as hereinafter provided.

Upon the filing of the said declaration, the Authority shall deposit with the Clerk of the Superior Court the amount of the estimated compensation stated in said declaration. In addition to the said
deposits with the Clerk of the Superior Court the Authority at all times shall maintain a special trust fund on deposit with a bank or trust company doing business in this State in an amount at least equal to twice the aggregate amount deposited with the Clerk of the Superior Court as estimated compensation for all property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court. Said trust fund shall consist of cash or securities readily convertible into cash constituting legal investments for trust funds under the laws of this State. Said trust fund shall be held solely to secure and may be applied to the payment of just compensation for the land or other property described in such declaration of taking. The Authority shall be entitled to withdraw from said trust fund from time to time so much as may then be in excess of twice the aggregate of the amount deposited with the Clerk of the Superior Court as estimated compensation for all property described in declarations of taking with respect to which the compensation has not been finally determined and paid to the persons entitled thereto or into court.

Upon the filing of the said declaration as afore-said and depositing with the Clerk of the Superior Court the amount of the estimated compensation stated in said declaration, the Authority, without other process or proceedings, shall be entitled to the exclusive possession and use of each tract of land or property described in said declaration and may forthwith enter into and take possession of said land or property, it being the intent of this provision that the proceedings for compensation or any other proceedings relating to the taking of said land or interest therein or other property shall not delay the taking of possession thereof and the use thereof by the Authority for the purpose or purposes for which the Authority is authorized by law to acquire or condemn such land or other property or interest therein.

Entitled to exclusive possession.
The Authority shall cause notice of the filing of the declaration and the making of the deposit to be served upon each party in interest named in the petition residing in this State, either personally or by leaving a copy thereof at his residence, if known, and upon each party in interest residing out of the State, by mailing a copy thereof to him at his residence, if known. In the event that the residence of any such party or the name of such party is unknown, such notice shall be published at least once in a newspaper published or circulating in the county or counties in which the land is located. Such service, mailing or publication shall be made within ten days after filing such declaration. Upon the application of any party in interest and after notice to other parties in interest, including the Authority, any judge of the Superior Court assigned to sit for said county may order that the money deposited with the Clerk of the Superior Court or any part thereof be paid forthwith to the person or persons entitled thereto for or on account of the just compensation to be awarded in said proceeding; provided, that each person shall have filed with the Clerk of the Superior Court a consent in writing that, in the event the award in the condemnation proceeding shall be less than the amount deposited, the court, after notice as herein provided and hearing, may determine his liability, if any, for the return of such difference or any part thereof and enter judgment therefor. If the amount of the award as finally determined shall exceed the amount so deposited, the person or persons to whom the award is payable shall be entitled to recover from the Authority the difference between the amount of the deposit and the amount of the award, with interest at the rate of six per centum (6%) per annum thereon from the date of making the deposit. If the amount of the award shall be less than the amount so deposited, the Clerk of the Superior Court shall return the difference between the amount of the award and the deposit to the Authority unless the amount of the deposit or any part thereof shall have theretofore
been distributed, in which event the court, on petition of the Authority and notice to all persons interested in the award and affording them an opportunity to be heard, shall enter judgment in favor of the Authority for such difference against the party or parties liable for the return thereof. The Authority shall cause notice of the date fixed for such hearing to be served upon each party thereto residing in this State either personally or by leaving a copy thereof at his residence, if known, and upon each party residing out of the State by mailing a copy to him at his residence, if known.

In the event that the residence of any party or the name of such party is unknown, such notice shall be published at least once in a newspaper published or circulating in the county or counties in which the land is located. Such service, mailing or publication shall be made at least ten days before the date fixed for such hearing.

Whenever under chapter one of Title 20 of the Revised Statutes the amount of the award may be paid into court, payment may be made into the Superior Court and may be distributed according to law. The Authority shall not abandon any condemnation proceeding subsequent to the date upon which it has taken possession of the land or property as herein provided.

8. (a) The Authority shall have the power and is hereby authorized from time to time to issue its negotiable bonds or notes for any of its corporate purposes, including the payment, funding or refunding of principal of or interest or redemption premiums on any bonds or notes issued by it whether the bonds or notes to be funded or refunded have or have not matured.

(b) Except as may be otherwise expressly provided by the Authority, every issue of bonds or notes shall be general obligations payable out of any moneys or revenues of the Authority, subject only to any agreements with the holders of particular bonds or notes pledging any particular moneys or revenues.
(c) Whether or not bonds or notes issued by the Authority are of such form and character as to be negotiable instruments, such bonds and notes shall be fully negotiable within the meaning and for all the purposes of the Negotiable Instruments Law.

(d) The Authority may issue temporary or interim bonds, pending the preparation of definitive bonds, exchangeable for definitive bonds.

(e) Bonds and notes shall be authorized by resolution of the Authority and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates not exceeding six percentum (6%) per annum, be in such denominations, be in such form either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment and at such place or places, and be subject to such terms of redemption with or without premium as such resolution or resolutions may provide. Bonds or notes may be sold at public or private sale, for such price or prices as the Authority shall determine.

(f) Any resolution of the Authority authorizing the issuance of bonds or notes may appoint a trustee or trustees, a paying agent or paying agents, or such other fiduciaries as such resolution may provide. Any trustee, paying agent and other fiduciary so appointed may be any trust company or bank having the powers of a trust company within or without the State.

9. (a) In order to secure the payment of its bonds or notes, the Authority shall have power in the resolution authorizing the issuance thereof (which shall constitute a contract with the holders thereof):

(i) to pledge all or any part of its tolls or revenues to which its right then exists or may thereafter come into existence, and the moneys derived therefrom, and the proceeds of bonds or notes;

(ii) to covenant against pledging all or any part of its tolls or revenues, or against mort-
gaging all or any part of its real or personal property then owned or thereafter acquired, or against permitting or suffering any lien on such tolls, revenues or property; to covenant with respect to limitations on any right to sell, lease or otherwise dispose of any project or any part thereof, or any property of any kind;

(iii) to covenant as to the bonds and notes to be issued and the limitations thereon and the terms and conditions thereof and as to the custody, application and disposition of the proceeds thereof, and to covenant as to the issuance of additional bonds or notes or as to limitations on the issuance of additional bonds or notes and on the incurring of other debts by it;

(iv) to covenant as to the payment of the principal of or interest on the bonds or notes, or any other obligations, as to the sources and methods of such payment, as to the rank or priority of any such bonds, notes or obligations with respect to any lien or security or as to the acceleration of the maturity of any such bonds, notes or obligations;

(v) to provide for the replacement of lost, destroyed or mutilated bonds or notes;

(vi) to covenant against extending the time for the payment of bonds or notes or interest thereon;

(vii) to covenant as to the redemption of bonds or notes and privileges of exchange thereof for other bonds or notes of the Authority;

(viii) to covenant as to the rates of toll and other charges to be established and charged, the amount to be raised each year or other period of time by tolls or other revenues and as to the use and disposition to be made thereof; to create or authorize the creation of special funds or moneys to be held in pledge or otherwise for construction, operating expenses, payment or redemption of bonds or
notes, reserves or other purposes and to
covenant as to the use and disposition of the
moneys held in such funds;

(ix) to establish the procedure, if any, by
which the terms of any contract or covenant
with or for the benefit of the holders of bonds
or notes may be amended or abrogated, the
amount of bonds or notes the holders of which
must consent thereto, and the manner in which
such consent may be given;

(x) to covenant as to the maintenance of its
real and personal property, the replacement
thereof, the insurance to be carried thereon,
and the use and disposition of insurance
moneys;

(xi) to provide for the rights and liabilities,
powers and duties arising upon the breach of
any covenant, condition or obligation; to pre­
scribe the events of default and the terms and
conditions upon which any or all of the bonds
or notes shall become or may be declared due
and payable before maturity and the terms and
conditions upon which any such declaration
and its consequences may be waived;

(xii) to vest in a trustee or trustees such
property, rights, powers and duties in trust
for the holders of bonds or notes as the Au­
thority may determine; to limit or abrogate
the rights of the holders of such bonds or notes
to appoint such trustee, or to limit the rights,
duties and powers of such trustee;

(xiii) to limit the rights of the holders of
bonds or notes to enforce any pledge or
covenant securing the bonds or notes; and

(xiv) to make covenants other than and in
addition to the covenants herein expressly
authorized, of like or different character; and
to make such covenants to do or refrain from
doing such acts and things as may be neces­
sary or convenient or desirable in order to
better secure the bonds or notes or which, in
the absolute discretion of the Authority, will
tend to make the bonds or notes more marketable, notwithstanding that such covenants, acts or things may not be enumerated herein.

(b) Any pledge of tolls or other revenues or other moneys made by the Authority shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be filed or recorded except in the records of the Authority. Resolutions providing for the issuance of bonds or notes shall not convey or mortgage any project or any part thereof.

(c) Bonds or notes may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the State, and without any other proceeding or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

(d) The Authority shall not have power to mortgage real property.

(e) Moneys of the Authority or moneys held in pledge or otherwise for the payment of bonds or notes or in any way to secure bonds or notes and deposits of such moneys may be secured in such manner as the Authority may require and all banks and trust companies are authorized to give such security therefor.

(f) Neither the members of the Authority nor any person executing bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.
CHAPTER 16, LAWS OF 1952

(g) The Authority shall have the power to purchase bonds or notes out of any funds available therefor. The Authority may hold, cancel or resell such bonds or notes subject to and in accordance with agreements with holders of its bonds and notes.

10. Except as otherwise provided by or pursuant to any law or laws hereafter submitted to the people pursuant to Section II of Article VIII of the State Constitution and approved by a majority of the legally qualified voters of the State voting thereon, bonds or notes issued under the provisions of this act shall not constitute a debt or liability of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, and all such bonds or notes shall contain on the face thereof a statement to that effect.

11. The State of New Jersey does pledge to and agree with the holders of the bonds or notes issued pursuant to authority contained in this act, that the State will not limit or restrict the rights hereby vested in the Authority to maintain, acquire, construct, reconstruct and operate any project as defined in this act or to establish and collect such tolls or other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of maintenance and operation thereof and to fulfill the terms of any agreements made with the holders of bonds or notes authorized by this act or in any way impair the rights or remedies of the holders of such bonds or notes until the bonds and notes, together with interest thereon, are fully paid and discharged.

12. Bonds and notes issued by the Authority under the provisions of this act are hereby made securities in which the State and all political subdivisions of this State, their officers, boards, commissions, departments or other agencies, all banks, bankers, savings banks, trust companies, savings and loan associations, investment companies and other persons carrying on a banking business, all
insurance companies, insurance associations, and other persons carrying on an insurance business, and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons whatsoever who now are or may hereafter be authorized to invest in bonds or other obligations of the State, may properly and legally invest any funds, including capital belonging to them or within their control; and said bonds and notes are hereby made securities which may properly and legally be deposited with and received by any State or municipal officers or agency of the State for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized by law.

13. The Authority may by resolution determine to combine two or more projects described in such resolution, and the projects so described shall thereupon constitute and be deemed to be one project within the meaning and for all the purposes of this act.

14. The Authority is hereby authorized to fix, revise, charge and collect tolls and charges for the use of each project and the different parts or sections thereof, and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining a paved portion, for placing thereon telephone, telegraph, electric light or power lines, gas stations, garages, stores, hotels, and restaurants, or for any other purpose except for tracks for railroad or railway use, and to fix the terms, conditions, rents and rates of charges for such use; provided, that a sufficient number of gas stations may be authorized to be established in each service area along any project to permit reasonable competition by private business in the public interest; and provided, further, that no contract shall be required, and no rent, fee or other charge of any kind shall be imposed, for the use and occupation of the highway portion of any project for the installation, construction, use, operation, maintenance, repair, re-
newal, relocation or removal of tracks, pipes, mains, conduits, cables, wires, towers, poles or other equipment or appliances in, on, along, over or under any such project by any public utility as defined in section 27:7-1 of the Revised Statutes which is subject to taxation pursuant to either chapter four of the laws of nineteen hundred and forty, as amended (R. S. 54:31-15.14 et seq.), or chapter five of the laws of nineteen hundred and forty, as amended (R. S. 54:31-45 et seq.), or pursuant to any other law imposing a tax for the privilege of using the public streets, highways, roads or other public places in this State. Such tolls and charges shall be so fixed and adjusted as to effectuate the purposes of this act and in any event to carry out and perform the terms and provisions of any contract with or for the benefit of holders of bonds or notes. Such tolls and charges shall not be subject to supervision or regulation by any other commission, board, bureau or agency of the State. The use and disposition of tolls, charges and revenues shall be subject to the provisions of any resolution authorizing the issuance of such bonds or notes.

15. Before taking over any existing public highway as a feeder road, the Authority shall obtain the consent of any authorities then exercising jurisdiction over said highway, which are hereby authorized to give such consent by resolution. Each feeder road or section thereof acquired, constructed or taken over in connection with a project by the Authority shall for all purposes of this act be deemed to constitute part of the project, except that no toll shall be charged for transit between points on such feeder road and that the Authority may turn back to such authorities (a) any public highway taken over as a feeder road from such authorities or (b) any feeder road or section thereof constructed upon a new alignment in substitution for the previous alignment of a public highway so taken over unless eighty per centum (80%) or more of such feeder road is constructed upon a new alignment.
16. The exercise of the powers granted by this act will be in all respects for the benefit of the people of the State, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of projects by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon any project or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom, and every project and any property acquired or used by the Authority under the provisions of this act and the income therefrom, and the bonds or notes issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall be exempt from taxation.

17. (a) Each project when constructed and opened to traffic shall be maintained and kept in good condition and repair by the Authority. Each such project and any part thereof shall be policed and operated by such force of police, toll-takers, operating employees and other persons as the Authority may employ or authorize.

(b) Subject to the terms of any agreement by it with the holders of bonds or notes, if the Authority shall find that any part of a project is not suitable or sufficient as a highway to carry mixed traffic, the Authority shall have power to exclude from such part any traffic other than passenger motor vehicles.

18. (a) No vehicle shall be permitted to make use of any project except upon the payment of such tolls as may from time to time be prescribed by the Authority. It is hereby declared to be unlawful for any person to refuse to pay, or to evade or to attempt to evade the payment of such tolls.

(b) No vehicle shall be operated on any project carelessly or recklessly, or in disregard of the rights or safety of others, or without due caution or prudence, or in a manner so as to endanger
unreasonably or to be likely to endanger unreason­ably persons or property, or while the operator thereof is under the influence of intoxicating liquors or any narcotic or habit-forming drug, nor shall any vehicle be so constructed, equipped, lacking in equipment, loaded or operated in such a condition of disrepair as to endanger unreasonably or to be likely to endanger unreasonably persons or property.

(c) A person operating a vehicle on any project shall operate it at a careful and prudent speed, having due regard to the rights and safety of others and to the traffic, surface and width of the highway, and any other conditions then existing; and no person shall operate a vehicle on any project at such a speed as to endanger life, limb or property; provided, however, that it shall be prima facie lawful for a driver of a vehicle to operate it at a speed not exceeding a speed limit which is designated by the Authority as a reasonable and safe speed limit, when appropriate signs giving notice of such speed limit are erected at the roadside or otherwise posted for the information of operators of vehicles.

(d) No person shall operate a vehicle on any project at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation thereof.

(e) No person shall operate a vehicle on any project in violation of any speed limit designated by regulation adopted by the Authority as hereinafter provided.

(f) All persons operating vehicles upon any project must at all times comply with any lawful order, signal or direction by voice or hand of any police officer engaged in the direction of traffic upon such project. When traffic on a project is controlled by traffic lights, signs or by mechanical or electrical signals, such lights, signs and signals shall be obeyed unless a police officer directs otherwise.
(g) All persons operating vehicles upon any project, or seeking to do so, must at all times comply with regulations, not inconsistent with the other sections of this act, adopted by the Authority concerning types, weights and sizes of vehicles permitted to use such project, and with regulations adopted by the Authority for or prohibiting the parking of vehicles, concerning the making of turns and the use of particular traffic lanes, together with any and all other regulations adopted by the Authority to control traffic and prohibit acts hazardous in their nature or tending to impede or block the normal and reasonable flow of traffic upon such project; provided, however, that prior to the adoption of any regulation for the control of traffic on any such project, including the designation of any speed limits, the Authority shall investigate and consider the need for and desirability of such regulation for the safety of persons and property, including the Authority's property, and the contribution which any such regulation would make toward the efficient and safe handling of traffic and use of such project, and shall determine that such regulation is necessary or desirable to accomplish such purposes or one or some of them, and that upon or prior to the effective date of any such regulation and during its continuance, notice thereof shall be given to the drivers of vehicles by appropriate signs erected at the roadside or otherwise posted. The Authority is hereby authorized and empowered to make, adopt and promulgate regulations referred to in this section in accordance with the provisions hereof. Regulations adopted by the Authority pursuant to the provisions of this section shall insofar as practicable, having due regard to the features of the project and the characteristics of traffic thereon, be consistent with the provisions of Title 39 of the Revised Statutes applicable to similar subjects. The Authority shall have power to amend, supplement or repeal any regulation adopted by it under the provisions of this section. No regulation and no amendment or supplement thereto or repealer
thereof adopted by the Authority shall take effect until it is filed with the Secretary of State, by the filing of a copy thereof certified by the secretary of the Authority.

(h) The operator of any vehicle upon a project involved in an accident resulting in injury or death to any person or damage to any property shall immediately stop such vehicle at the scene of the accident, render such assistance as may be needed, and give his name, address, and operator’s license and registration number to the person injured and to any officer or witness of the injury and shall make a report of such accident in accordance with law.

(i) No person shall transport in or upon any project, any dynamite, nitroglycerin, black powder, fire works, blasting caps or other explosives, gasoline, alcohol, ether, liquid shellac, kerosene, turpentine, formaldehyde or other inflammable or combustible liquids, ammonium nitrate, sodium chlorate, wet hemp, powdered metallic magnesium, nitro-cellulose film, peroxides or other readily inflammable solids or oxidizing materials, hydrochloric acid, sulfuric acid, or other corrosive liquids, prussic acid, phosgene, arsenic, carbolic acid, potassium cyanide, tear gas, lewisite or any other poisonous substances, liquids or gases, or any compressed gas, or any radioactive article, substance or material, at such time or place or in such manner or condition as to endanger unreasonably or as to be likely to endanger unreasonably persons or property.

(j) If the violation of any provision of this section or the violation of any regulation adopted by the Authority under the provisions of this section, would have been a violation of law or ordinance if committed on any public road, street or highway in the municipality in which such violation occurred, it shall be tried and punished in the same manner as if it had been committed in such municipality.

(k) Notwithstanding the provisions of paragraph (j) of this section, if the violation within the State of the provisions of paragraph (i) of this
section shall result in injury or death to a person or persons or damage to property in excess of the value of five thousand dollars ($5,000.00), such violation shall constitute a high misdemeanor.

(1) Except as provided in paragraph (j) or (k) of this section, any violation of any of the provisions of this section, including but not limited to those regarding the payment of tolls, and any violation of any regulation adopted by the Authority under the provisions of this section shall be punishable by a fine not exceeding two hundred dollars ($200.00) or by imprisonment not exceeding thirty days or by both such fine and imprisonment. Such a violation shall be tried in a summary way and shall be within the jurisdiction of and may be brought in the county district court, or any criminal judicial district court, or municipal court in the county where the offense was committed. The rules of the Supreme Court shall govern the practice and procedure in such proceedings. Proceedings under this section may be instituted on any day of the week, and the institution of the proceedings on a Sunday or a holiday shall be no bar to the successful prosecution thereof. Any process served on a Sunday or a holiday shall be as valid as if served on any other day of the week. When imposing any penalty under the provisions of this paragraph the court having jurisdiction shall be guided by the appropriate provisions of any statute fixing uniform penalties for violation of provisions of the motor vehicle and traffic laws contained in Title 39 of the Revised Statutes.

(m) In any prosecution for violating a regulation of the Authority adopted pursuant to the provisions of this section copies of any such regulation when authenticated under the seal of the Authority by its secretary or assistant secretary shall be evidence in like manner and equal effect as the original.

(n) No resolution or ordinance heretofore or hereafter adopted by the governing body of any county or municipality for the control and regula-
(o) In addition to any punishment or penalty provided by other paragraphs of this section, every registration certificate and every license certificate to drive motor vehicles may be suspended or revoked and any person may be prohibited from obtaining a driver's license or a registration certificate and the reciprocity privileges of a nonresident may be suspended or revoked by the Director of the Division of Motor Vehicles for a violation of any of the provisions of this section, after due notice in writing of such proposed suspension, revocation or prohibition and the ground thereof, and otherwise in accordance with the powers, practice and procedure established by those provisions of Title 39 of the Revised Statutes applicable to such suspension, revocation or prohibition.

(p) Except as otherwise provided by this section or by any regulation of the Authority made in accordance with the provisions hereof, the requirements of Title 39 of the Revised Statutes applicable to persons using, driving or operating vehicles on the public highways of this State and to vehicles so used, driven or operated shall be applicable to persons using, driving or operating vehicles on any project and to vehicles so used, driven or operated.

19. On or before the thirtieth day of January in each year the Authority shall make an annual report of its activities for the preceding calendar year to the Governor and to the Legislature. Each such report shall set forth a complete operating and financial statement covering its operations during the year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and the cost thereof may be treated as a part of the cost of construction or of operation of a project or projects, and a copy thereof shall be filed with the State Treasurer.
Any member, agent or employee of the Authority who is interested, either directly or indirectly, in any contract of another with the Authority or in the sale of any property, either real or personal, to the Authority shall be guilty of a misdemeanor and punished by a fine of not more than one thousand dollars ($1,000.00) or by imprisonment for not more than one year, or both.

20. The Authority, pursuant to the provisions of this act, is hereby authorized to construct, maintain, repair and operate a project to be known as “The Garden State Parkway,” consisting of a highway at the following location or such part or parts thereof as the Authority may determine to be suitable for a project as contemplated by this act: Beginning at such points as the Authority may select as most feasible and practicable at Paterson and also at State Highway Route No. 17 in Paramus or Ridgewood and thence in a general southerly direction to a junction in Passaic county and thence generally along the State highway route referred to in section twenty-one hereof through Clifton, Passaic county, Essex county and Union county to Woodbridge and thence in a general southerly direction to the vicinity of the Edison bridge and thence over the Raritan river through Middlesex county and Monmouth county to Toms River and thence to a point at or near the city of Cape May; but, notwithstanding any of the prior provisions of this act, the Authority: (1) shall exclude from any part of such highway north of Ocean county all traffic except passenger motor vehicles, omnibuses and taxicabs, and may further regulate the use thereof pursuant to the provisions of section seventeen (b) hereof; and (2) shall not fix, prescribe, charge or collect tolls or other charges for transit over or use of any part or parts of said project acquired from the State pursuant to section twenty-one hereof which may be designated as toll-free by written certificate of the State Highway Department filed with the Secretary of State prior to October first, one thousand nine hundred
and fifty-two; and (3) shall, with respect to any part of said project located in Essex county, provide connections therewith by means of parallel or other feeder or service roads or otherwise, to and from existing county highways intersecting such part of said project between and including Springfield avenue, Irvington and Belleville avenue, Bloomfield, or such of said county highways as, prior to September fifteenth, one thousand nine hundred and fifty-two or such later date as may be fixed by the Authority, shall be designated by certificate of the county engineer of Essex county, approved by resolution of the Authority; and (4) shall not collect tolls on such project at Springfield avenue, Irvington or Belleville avenue, Bloomfield, or at any point between said avenues, except with respect to vehicles entering or leaving the project south of said Springfield avenue or north of said Belleville avenue. In the design, construction and operation of such project, it shall be the duty of the Authority, so far as may be deemed practicable by it and may be permitted by the terms of any agreement by it with the holders of its bonds or notes, to permit the largest possible toll-free use of the project by intracounty or short-haul traffic and provide the largest possible number of points of connection between public highways and the project consistent with safe and efficient use of such project and public highways and safe and economical construction and operation of the project on a self-supporting basis.

21. All counties, cities, boroughs, towns, townships, villages and other political subdivisions and all public departments, agencies and commissions of the State of New Jersey, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as the proper authorities of such counties, cities, boroughs, towns, townships, villages and political subdivisions and departments, agencies, or commissions of the State may deem reasonable and
fair and without the necessity for any advertisement, order of court or other action or formality, other than the authorizing resolution of the governing body of the county, city, borough, town, township or village concerned or the regular and formal action of any other authority concerned, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use and including any portion of the State highway route established by the act entitled "An act adding a new route to the State highway system and designating the same in part as a parkway and in part as a freeway," approved April twenty-second, one thousand nine hundred and forty-six (P. L. 1946, c. 117), as said title was amended by chapter one hundred ninety-eight of the laws of one thousand nine hundred and fifty. At such time as the Authority shall undertake to construct any part of the project described in section twenty hereof or shall acquire any portion of said State highway route as part of such project, the jurisdiction and authority of the Department over such part shall cease and section two of said chapter one hundred seventeen of the laws of one thousand nine hundred and forty-six, as amended, shall be inapplicable to such part. No property of the State shall be so granted, leased or conveyed to the Authority except upon payment to the State of such price therefor as may be fixed by the State House Commission.

22. Subject to the terms of any agreement by it with the holders of bonds or notes, the Authority shall have power to lend, lease, grant or convey to the Department of Conservation and Economic Development at its request upon such terms and conditions and with such reservations as the Authority shall deem reasonable and fair, any park or recreational areas or facilities owned by the Authority, and after such loan, lease, grant or conveyance the park or recreational areas or facilities so loaned, leased, granted or conveyed shall no longer constitute part of a project.
23. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds or notes.

24. This act, being necessary for the welfare of the State and its inhabitants, shall be liberally construed to effect the purposes thereof.

25. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application and to this end the provisions of this act are declared to be severable.

26. All other general or special laws, or parts thereof, inconsistent herewith are hereby declared to be inapplicable to the provisions of this act.

27. This act shall take effect immediately.

CHAPTER 17

An Act authorizing the creation of a liability of the State of New Jersey for the guaranty of bonds, not exceeding two hundred eighty-five million dollars ($285,000,000.00) in principal amount, of the New Jersey Highway Authority issued in connection with the construction, maintenance, repair or operation of all or any part of the Garden State Parkway from Bergen and Passaic counties to Cape May or to finance costs thereof or notes issued therefor; providing the ways and means to perform and discharge such guaranty and pay the interest of the debt upon such guaranty and also to pay and discharge the principal thereof; and providing for the submission of this law to the people at a general election.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. A liability of the State of New Jersey is hereby authorized for the guaranty of punctual payment of principal of and interest on bonds, not exceeding two hundred eighty-five million dollars ($285,000,000.00) in aggregate principal amount, of the New Jersey Highway Authority (hereinafter called the "Authority"), the body politic and corporate established in the State Highway Department by the act of the one hundred and seventy-sixth Legislature of the State of New Jersey, entitled "An act to facilitate vehicular traffic in the State of New Jersey by providing for the acquisition, construction, maintenance, repair and operation of highway projects; creating the New Jersey Highway Authority and defining its powers and duties; authorizing and establishing the location for a highway project; providing for the regulation
of traffic on such projects and prescribing proceed­ings and penalties for violations thereof; providing for issuance of bonds or notes of the Authority and the terms and security thereof; and providing for the collection of tolls and other charges to pay the cost of acquisition, construction, maintenance, re­pair and operation of such projects and to pay such bonds and notes and the interest thereon,” (hereinafter called the “Authority Act”)), issued by the Authority in connection with the construction, maintenance, repair or operation of all or any part of the Garden State Parkway from Bergen and Passaic counties to Cape May described in the Authority act or to finance costs thereof or notes issued therefor. All money to be raised by issuance of bonds guaranteed by the authority of this act shall be applied only to finance the Garden State Parkway in accordance with the Authority act.

2. No bonds of the Authority shall be guaranteed by the authority of this act except bonds which mature within thirty-five years from their respective dates and bear interest at a rate or rates not exceeding three per centum (3%) per annum. The aggregate principal amount of bonds of the Authority which shall be guaranteed by the authority of this act shall not exceed two hundred eighty-five million dollars ($285,000,000.00).

3. Upon presentation by the Authority to the State Treasurer of bonds of the Authority duly authorized or issued by it in connection with the construction, maintenance, repair or operation of all or any part of the Garden State Parkway or to finance costs thereof or notes issued therefor and conforming to the limitations expressed in section two of this act, together with certificate consenting to the issuance of such bonds signed by the Governor, State Treasurer and State Comptroller or any two of such officials, the State Treasurer shall file such certificate in the office of the Secretary of State together with a record of the amounts and other description of the terms of such bonds. Upon such filing of said certificate and record, the punc-
tual payment of the principal of and interest on such bonds shall be, and the same hereby is, unconditionally guaranteed by the State of New Jersey. Such guaranty shall be expressed or endorsed upon such bonds by the signature of the State Treasurer or of any person in the Department of the Treasury appointed by him for that purpose.

4. Guaranty made under this act of any bond of the Authority shall make the State unconditionally liable for the payment, when due, of the principal of and interest on the bond so guaranteed. In the event that the Authority shall fail to pay, when due, the principal of or interest on any bond so guaranteed, the State Treasurer shall pay the same to the holder thereof out of the funds provided pursuant to this act and thereupon the State shall be subrogated to the rights of the holder so paid.

5. To provide ways and means, exclusive of loans, to perform and discharge any guaranty made under this act and provide funds to pay the principal of and interest on bonds of the Authority so guaranteed and not otherwise paid:

(a) There is hereby appropriated from the receipts of the tax upon sale of motor fuels collected under and by virtue of chapter thirty-nine of Title 34, Taxation, of the Revised Statutes, as amended and supplemented, so much as may be required for such purposes, and the State Treasurer is hereby authorized and directed to retain from such receipts and pay into the separate fund referred to in section six of this act such amounts as will at all times maintain in said separate fund an amount which, together with the amount of the moneys of the Authority stated in the latest certificate of the State Treasurer previously made and filed pursuant to section six of this act, equals the interest becoming due prior to the end of the next ensuing year on all such bonds outstanding and the principal of all such bonds outstanding which mature prior to the end of such next ensuing year; and, if in any year or at any time the funds hereinbefore referred to be insufficient.
(b) There shall be assessed, levied and collected in each year in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest becoming due prior to the end of the next ensuing year on all such bonds outstanding and to pay all such bonds outstanding which mature prior to the end of such next ensuing year. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before the fifteenth day of December in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before the twentieth day of December in each year.

6. If on the thirty-first day of December in any year there are moneys of the Authority available and irrevocably pledged to meet interest becoming due in the two next ensuing years on any such bonds outstanding or to pay any such bonds outstanding which mature during such two next ensuing years, then and in that event the State Treasurer shall not later than January thirtieth next ensuing so find by certificate filed in his office stating the amount of such moneys. If on the thirty-first day of December in any year there are moneys in the General State Fund, beyond the needs of the State, available to meet the interest becoming due in the two next ensuing years on any such bonds outstanding or to pay any such bonds outstanding which mature during such two next ensuing years, then and in that event the Governor and State Treasurer shall not later than January thirtieth next ensuing so find by certificate filed in the office of the State Treasurer stating the amount of such moneys. Upon the filing of any such certificates in
January of any year, the State Treasurer shall forthwith transfer to a separate fund to be designated by him such part of the said moneys stated in said certificate of the Governor and State Treasurer as, together with any moneys then in said fund and the moneys of the Authority stated in said certificate of the State Treasurer, will equal the interest becoming due prior to the end of the next ensuing year on any such bonds outstanding and the principal of any such bonds outstanding which mature prior to the end of such next ensuing year. The State Treasurer shall hold and use all moneys in said separate fund solely to make the payments authorized and directed by section four of this act; provided, however, that there shall be withdrawn from said separate fund and repaid into the General State Fund any moneys in said separate fund in January of any year which, together with the moneys of the Authority stated in any certificate of the State Treasurer made and filed in such year pursuant to this section, exceed the amount of the interest becoming due prior to the end of the next ensuing year on any such bonds outstanding and the principal of any such bonds outstanding which mature prior to the end of such next ensuing year.

7. The State Treasurer, by January thirty-first of each year, shall compute the amount required to be raised in such year by taxation as provided by section five of this act. He shall thereupon reduce the amount so computed by (1) the amount of the moneys of the Authority stated in the certificate of the State Treasurer made and filed in such year pursuant to section six of this act and (2) the amount of the moneys then held in the separate fund referred to in section six of this act, and he shall certify the amount of the balance so ascertained to the State Comptroller, the same to be assessed, levied and collected for and in such calendar year. Thereafter, the State Comptroller shall, on or before the first day of March following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each
county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The State Comptroller shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

8. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, one thousand nine hundred and fifty-two, be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least fifteen days prior to the said election, to cause this act to be published in at least ten newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively shall cause to be printed on each of the said ballots, the following:

If you approve the act entitled below, make a cross (√), plus (+), or check (✓) mark in the square opposite the word "Yes."

If you disapprove the act entitled below, make a cross (√), plus (+), or check (✓) mark in the square opposite the word "No."
If voting machines are used, a vote of "Yes" or "No" shall be equivalent to such markings respectively.

| No. | |

The fact and date of the approval or passage of this act, as the case may be, shall be inserted in the appropriate place after the title in said ballot. No other requirement of law of any kind or character as to notice or procedure except as herein provided need be adhered to.

election officers and a canvass of such election had in the same manner as is now provided for by law in the case of the election of a Governor, and the approval or disapproval of this act so determined shall be declared in the same manner as the result of an election for a Governor, and if there shall be a majority of all the votes cast for and against it at such election in favor of the approval of this act, then all the provisions of this act shall take effect forthwith.

9. This section and section eight of this act shall take effect immediately, and the remainder of the act shall take effect as and when provided in the preceding section.

The members of the Authority shall not receive compensation for their services as members of the Authority. Each member shall be reimbursed by the Authority for his actual expenses necessarily incurred in the performance of his duties.

Proviso. inches; provided, however, that nothing herein shall be interpreted so as to prohibit the sale of such product by other units heretofore employed by industry and accepted by the trade and approved by the superintendent of the division of weights and measures of the Department of Law and Public Safety, if the scale or meter used to determine weight or measurement and the invoice rendered clearly indicate to the consumer the equivalent of such unit in avoirdupois pounds, United States standard gallons or cubic feet and fractions thereof.

3. When liquefied petroleum gas is sold or offered for sale by package weight, variations at the rate of one pound per one hundred pounds under the specified net weight of the container are permitted in individual containers, but the average weight of not less than twelve containers shall not be less than the marked net weight of the container.

4. Containers used where the gas content is sold by package weight must have the tare weight plainly and conspicuously marked on the container or on permanently attached appurtenances, and the net contents plainly and conspicuously marked on the container or on a tag or other type of label firmly attached thereto. Tare weight shall be construed to be the weight of the container, valve and other permanent attachments but does not include the valve-protecting cap.

5. When weighed on the cus-

6. Each delivery of liquefied petroleum gas sold on a package basis in cylinders or containers to consumers and each delivery of such gas from a vehicle tank or other vessel into tanks, cylinders or containers connected to consumer apparatus when sale is based on a quantity so delivered, shall be accompanied by a delivery ticket and duplicate thereof. On such ticket and duplicate thereof shall be distinctly expressed in ink or other indelible substance the date of delivery, the net weight or volume of such liquefied petroleum gas delivered together with the name and address of the seller and the name and address of the purchaser of such liquefied petroleum gas. Delivery tickets shall be serially numbered or the serial number of the cylinder or container shall be legibly marked on such delivery ticket. One of such tickets shall be delivered to the person receiving the liquefied petroleum gas, and the other ticket shall be retained by the seller of the liquefied petroleum gas for a period of one year and shall be subject to inspection by any weights and measures officer, within this time.

7. When liquefied petroleum gas is sold by liquid measure and measured by meter, the meter and pertinent equipment must be such as to assure accurate liquid measurement within plus or minus one per centum (1%).

8. The use of artificial heat for the purpose of expanding liquefied petroleum gas before or during the process of delivery, when the basis of settlement for such sale or delivery is liquid volume, is prohibited.

The superintendent of the division of weights and measures of the Department of Law and Public Safety shall prescribe regulations including specifications and tolerances governing the testing and sealing of such meters and method of determining the quantity of liquefied petroleum gas, and may authorize any manufacturer or distributor of liquefied petroleum gas to seal used meters upon written agreement to conform to said regulations. The superintendent of the division of weights and measures of the Department of Law and Public Safety may at any time for cause revoke the authority so given by him to any manufacturer or distributor of liquefied petroleum gas.

10. All scales and meters used for the weighing or measuring of liquefied petroleum gas shall be of types and designs approved by the superintendent of the division of weights and measures of the Department of Law and Public Safety.

Such rules, regulations, specifications and tolerances promulgated shall have the force and effect of the law.

12. (e) "corporation" includes the United States of America, all foreign countries or divisions thereof, the State of New Jersey, all other States, territories and possessions of the United States, all municipal corporations, all bodies politic, all boards and commissions, and all private corporations and associations issuing securities;

(g) "remainderman" means the person, corporation or association eventually entitled to all or part of an estate.

2. Scope of act; effect of trust instrument.

A. This act shall govern, to the extent herein provided, the ascertainment of principal and income in respect to securities held in an estate, only in those cases where the trust instrument makes no provision governing the ascertainment or allocation of principal and income in respect to any one or more of the particulars covered by this act, and where a fiduciary is required, pursuant to the trust instrument, to make allocation of such principal and income.

B. Where the trust instrument makes provision for the ascertainment of principal and income, or grants discretion to the fiduciary or other person to do so, such provision or such grant of discretion shall control, notwithstanding any provision of this act to the contrary.

C. This act shall not apply to any securities which the fiduciary is under a duty, arising either by law or by the terms of a trust instrument, to convert into another form of investment.

3. Scope of act; time of acquisition of securities; source of dividends.

A. No distinction shall be made, in applying the provisions of this act, between securities which come into the hands of the fiduciary from the person establishing the estate, and securities which
come into the hands of the fiduciary in any other manner.

B. Except as in this act otherwise provided, the ascertainment and allocation of principal and income in respect to dividends on shares of stock held in an estate shall be made in the manner in this act set forth, regardless of the source of, or the manner of, or the time of the creation or accumulation of the fund out of which such dividends are declared, and regardless of the time when such dividends are declared, are payable, or are paid.

4. Ascertainment of principal.

A. Except as in this act otherwise provided, the following shall be principal:

(a) all dividends on shares of stock of a corporation held in an estate payable in the stock of the corporation declaring such dividend, and all amounts paid in cash in lieu of the issuance by such corporation of fractional shares of its stock;

(b) all rights to subscribe to securities of a corporation held in an estate accruing by reason of the ownership of securities of the corporation creating such rights;

(c) the proceeds of the sale of all rights described in paragraph (b) of this section;

(d) all distributions of corporate assets to stockholders on the liquidation of a corporation whose stock is held in an estate;

(e) all distributions, whenever made, of corporate assets to stockholders of a corporation whose stock is held in an estate, which are designated by such corporation as a return or distribution of capital or a division of corporate property.

B. The provisions of paragraphs (d) and (e) of subsection A of this section shall apply regardless of the source of, or the manner of, or the time of the acquisition of the property distributed.
5. Ascertainment of income.

A. Except as in this act otherwise provided, the following shall be income:

(a) all dividends on shares of stock of a corporation held in an estate, payable otherwise than in the stock of the corporation declaring such dividends, including, by way of description and not by way of limitation, cash dividends, extraordinary and ordinary, and dividends payable in securities of a corporation other than the corporation declaring such dividends;

(b) all rights to subscribe to securities of a corporation accruing by reason of the ownership of securities of another corporation whose securities are held in an estate, and the proceeds of the sale of such rights;

(c) amounts paid upon shares of stock of a corporation held in an estate, in the course of the liquidation of such corporation, where such amounts are in payment of cash dividends declared before such liquidation commenced, or are in payment of arrears of preferred or guaranteed dividends.

6. Income; optional dividends.

When a corporation, shares of whose stock are held in an estate, declares a dividend, and gives its stockholders a choice of receiving payment of such dividend in cash or in stock of such corporation, such dividend shall be income, regardless of the choice made by the fiduciary.

7. Principal and income; profit or loss on sale or other disposition of securities; premium and discount; United States bonds and Treasury Bills.

A. Except as hereinafter in this section provided,

(a) any profit or loss arising from the sale, exchange, redemption, maturity or other disposition of securities held in an estate, shall enure to or fall upon principal, regardless
whether the cost of acquisition of such securities by the fiduciary is in excess of or less than the proceeds of such sale, exchange, redemption, maturity or other disposition; and regardless further, when such securities were acquired by the person establishing the estate, whether such proceeds are in excess of or less than the value, measured by any standard, of such securities at the time they became part of the estate;

(b) when the fiduciary acquires a security at a cost in excess of or less than the par, maturity, or redemption value of such security, or, when a security held in an estate was acquired by the person establishing the estate, and, at the time such estate was established, the value of such security, measured by any standard, was in excess of or less than the par, maturity or redemption value of such security, income shall not be subjected to any charge to amortize such excess, nor shall income be entitled to any credit by way of accumulation on account of such deficiency.

B. Nothing in this section shall affect the ascertainment of principal and income in respect to United States Savings Bonds and United States Savings Certificates as provided by section 3A:15-3 of the New Jersey Statutes.

C. Any increment or decrease in value arising on the sale or maturity of United States Treasury Bills shall enure to or fall upon income.

8. Principal and income; declaration of dividend; record date.

A. If a dividend of the nature described in section five of this act is declared by a corporation, after the estate is established, and such corporation designates no record date on or as of which the stockholders of such corporation entitled to such dividend are to be determined, such dividend shall be income to the person who is the tenant on the date when such dividend is declared, regardless
whether, at the time of the payment of such dividend, the period during which such person is entitled to income has terminated. There shall be no apportionment of such dividend between such person and a preceding or succeeding tenant, if any, or between such person and the remainderman. If, on the date of declaration of such dividend, there is no tenant, such dividend shall be principal, and there shall be no apportionment thereof between the remainderman and any former tenant.

B. If a dividend of the nature described in section five of this act is declared by a corporation, after the estate is established, and such corporation designates a record date on or as of which the stockholders of such corporation entitled to such dividend are to be determined, such dividend shall be income to the person who is the tenant on such record date, regardless whether, at the time of payment of such dividend, the period during which such person is entitled to income has terminated. There shall be no apportionment of such dividend between such person and a preceding or succeeding tenant, if any, or between such person and the remainderman. If, on the record date, there is no tenant, such dividend shall be principal, and there shall be no apportionment thereof between the remainderman and any former tenant.

C. If a dividend of the nature described in section five of this act is declared by a corporation before the estate is established, and such corporation designates no record date on or as of which the stockholders of such corporation entitled to such dividend are to be determined, and such dividend is paid after the estate is established, such dividend shall be principal.

D. If a dividend of the nature described in section five of this act is declared by a corporation before the estate is established, and such corporation designates a record date on or as of which the stockholders of such corporation entitled to such dividend are to be determined, and such record date falls after the estate is established, such divi-
dend shall be income to the person who is the tenant on such record date, and shall be subject to the provisions of subsection B of this section to the same extent as if such dividend had been declared after the estate was established.

9. Effective date; prospective effect.
This act shall take effect immediately, but shall apply only to trusts and estates created or established pursuant to (a) the will or codicil of a person dying on or after the effective date of this act; (b) court orders made on or after the effective date of this act; and (c) all other trust instruments executed on or after the effective date of this act.

2. Section forty-seven of the act of which this act is amendatory is amended to read as follows:

47. Minors. Minors may be members and shall be entitled to all of the rights and privileges and subject to all of the duties and liabilities of membership to the same extent as persons over the age of twenty-one years; provided, however, that no minor shall be entitled to vote until he shall have attained the age of sixteen years. 48. Fiduciaries. 4. Section forty-nine of the act of which this act is amendatory is amended to read as follows:

49. Joint membership. A single membership in an association may be held by two or more persons. In the absence of written instructions to the contrary, consented to by the association, the account value of such membership may be paid by such association to any one or more of such persons whether the others be living or not, and the receipt or acquittance of the person so paid shall fully exonerate and discharge the association from all liability to any person having any interest in such account and the last survivor of such persons may transfer such membership to himself or any other person. This section is intended to protect associations in their dealings with members holding such accounts. It is not intended to regulate the rights and liabilities of the parties having interests in such accounts, as among themselves. This section is not intended to relieve an association of its duty to conform with the provisions of the laws imposing transfer inheritance taxes with respect to decedents' estates. This section shall also apply to all Federal associations having their principal offices in this State.

L. 1931, c. 39), as amended by chapter two hundred one of the laws of one thousand nine hundred and forty-one.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

2. Upon the abolition of any such criminal judicial district court, in a county not having a judge especially appointed to be judge of the juvenile and domestic relations court of the county, the judge, if any, of such court, so abolished, in office at the time of such abolition, shall thereupon become the judge of the juvenile and domestic relations court of the county, with the same powers and duties as though he had been especially appointed to be the judge of the juvenile and domestic relations court of the county, by the Governor with the
advice and consent of the Senate, but his term of office, as such judge, shall be only for the unexpired period of his term as judge of the criminal judicial district court of the county and, upon the expiration of his said term or in the event of a vacancy occurring in such office prior to such expiration of such term, the Governor, with the advice and consent of the Senate, shall appoint in such county a judge of the juvenile and domestic relations court of the county, for the same term as in the case of other appointments of judges of the juvenile and domestic relations court of any county having such an especially appointed judge.

3. Whenever a judge of a criminal judicial district court of any county shall become the judge of the juvenile and domestic relations court of that county, under the provisions of this act, his annual salary, as judge of the juvenile and domestic relations court of the county shall be in the sum of ten thousand dollars ($10,000.00), which amount may be increased by resolution of the board of chosen freeholders and such salary shall be paid by the said board. The amount of the salary of any judge of the said juvenile and domestic relations court, who shall succeed to the office after the expiration of the term of the said former judge of the criminal judicial district court of the county, shall be paid by the board of chosen freeholders in the amount of ten thousand dollars ($10,000.00), annually, and the board of chosen freeholders may, by resolution, increase said amount from time to time.

The said clerks, court attend-
ants, and sergeants-at-arms shall retain all of their respective civil service, tenure, and pension rights, notwithstanding such transfer, and the board of chosen freeholders of the county shall make such certifications and take such action as may be required to effectuate the purposes of this section. The Civil Service Commission and the State and county pension boards, as the case may be, shall take similar action.

5. Upon the judge of the criminal judicial district court of any county becoming the judge of the juvenile and domestic relations court of that county, under this act, all of the provisions of law applicable to the juvenile and domestic relations courts having especially appointed judges, shall apply to the said juvenile and domestic relations court, in the same manner and to the same effect as though the Governor had, in the first instance, appointed the judge of the said juvenile and domestic relations court.

6. All causes and proceedings of whatever character, pending in the criminal judicial district court so abolished, shall be transferred to the County Court of the county, and the said County Court may refer any such proceedings or any such cause or such proceeding to the county district court. For the purposes of this section, a cause shall be deemed to be pending notwithstanding that an adjudication has been entered therein, providing the time for review has not expired, or the adjudication reserved to any party the right to apply for further relief, or to take further action in respect thereto, including the enforcement of any bond or other undertaking given in such criminal judicial district court.

7. The records, papers, documents and property of any such criminal judicial district court so abolished, shall be transferred and delivered to the County Court of the county, and the said records may be certified by the county clerk of the county and the judge of the County Court in the same
manner as though the proceedings had been commenced and maintained in the said County Court.

8. Upon the abolition of any criminal judicial district court, as provided in this act, all of the unexpended funds and appropriations for such court, for the calendar year in which the same shall be abolished, shall be transferred and become available to the juvenile and domestic relations court of the county.

9. "An act to incorporate the first criminal judicial district in the county of Passa'c," approved March thirtieth, one thousand nine hundred and thirty-one, as amended by chapter two hundred one of the laws of one thousand nine hundred and forty-one, is repealed.

10. This act shall take effect July first, one thousand nine hundred and fifty-two.

3. to such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bond; nor
4. to any person qualifying as a self-insurer under section thirty of this act, or to any person operating a motor vehicle for such self-insurer.

No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this State, except that if such motor vehicle was not registered in this State, or was a motor vehicle which was registered elsewhere than in this State at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this State shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in
any action upon such policy or bond arising out of such accident; provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than five thousand dollars ($5,000.00) because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than ten thousand dollars ($10,000.00) because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than one thousand dollars ($1,000.00) because of injury to or destruction of property of others in any one accident.

4. The requirements as to security and suspension in section three of this act shall not apply:
   (a) to the operator or the owner of a motor vehicle involved in an accident wherein no injury or damage was caused to the person or property of any one other than such operator or owner;
   (b) to the operator or the owner of a motor vehicle legally parked at the time of the accident;
   (c) to the owner of a motor vehicle if at the time of the accident the vehicle was being operated without his permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission; or to the operator if he was a chauffeur or operator employed by the owner of the motor vehicle and was operating with the permission of the owner.
   (d) if, prior to the date that the director would otherwise suspend license and registration or non-resident's operating privilege under section three of this act, there shall be filed with the director evidence satisfactory to him that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident.
5. The license and registration and nonresident’s operating privilege suspended as provided in section three of this act shall remain so suspended and shall not be renewed nor shall any such license or registration be issued to such person until:

(a) such person shall deposit or there shall be deposited on his behalf the security required under said section three of this act; or

(b) one year shall have elapsed following the date of such suspension and evidence satisfactory to the director has been filed with him that during such period no action for damages arising out of the accident has been instituted; or

(c) evidence satisfactory to the director has been filed with him of a release from liability, or a final adjudication of nonliability, or a duly acknowledged written agreement, in accordance with subdivision four of section four of this act; provided, however, in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until

(1) such person deposits and thereafter maintains security as required under said section three of this act in such amount as the director may then determine; or

(2) one year shall have elapsed following the date when such security was required and during such period no action upon such agreement has been instituted in a court in this State.

6. (a) In case the operator or the owner of a motor vehicle involved in an accident within this State has no license or registration, or is a nonresident he shall not be allowed a license or registration until he has complied with the requirements
of this act to the same extent that would be necessary if, at the time of the accident, he had held a license and registration.

(b) When a nonresident's operating privilege is suspended pursuant to section three or section five of this act, the director shall transmit a certified copy of the record of such action to the official in charge of the issuance of licenses and registration certificates in the State in which such nonresident resides, if the law of such other State provides for action in relation thereto similar to that provided for in subsection (c) of this section.

(c) Upon receipt of such certification that the operating privilege of a resident of this State has been suspended or revoked in any such other State pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the director to suspend a nonresident's operating privilege had the accident occurred in this State, the director shall suspend the license of such resident if he was the operator, and all of his registrations if he was the owner of a motor vehicle involved in such accident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other State relating to the deposit of such security.

7. The security under this act shall be in such form and in such amount as the director may require but in no case in excess of the limits specified in section three of this act in reference to the acceptable limits of a policy or bond. The person depositing security shall specify in writing the person or persons on whose behalf the deposit is made and, at any time while such deposit is in the custody of the director or State Treasurer, the person depositing it may, in writing, amend the specification of the person or persons on whose behalf the deposit is made to include an additional person or persons; provided, however, that a single deposit of security shall be applicable only on behalf of
persons required to furnish security because of the same accident.

The director may reduce the amount of security ordered in any case within six months after the date of the accident if, in his judgment, the amount ordered is excessive. In case the security originally ordered has been deposited the excess deposited over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith, notwithstanding the provisions of section eight of this act.

8. Security deposited in compliance with the requirements of this act shall be retained by the director in his custody and shall be applicable only to the payment of a judgment or judgments rendered against the person or persons on whose behalf the deposit was made, for damages arising out of the accident in question in a civil action, begun not later than one year after the date of such accident, or within one year after the date of deposit of any security under subparagraph (c) of section five of this act, or to the payment in settlement, agreed to by the depositor, of a claim or claims arising out of such accident. Such deposit or any balance thereof shall be returned to the depositor or his personal representative when evidence satisfactory to the director has been filed with him that there has been a release from liability, or a final adjudication of nonliability, or a duly acknowledged agreement, in accordance with subparagraph (d) of section four of this act, or whenever, after the expiration of one year (1) from the date of the accident, or (2) from the date of any security under subparagraph (c) of section five of this act, the director shall be given reasonable evidence that there is no such action pending and no judgment rendered in such action left unpaid.

9. The director shall require proof of financial responsibility to satisfy any claim for damages, by reason of bodily injury to, or the death of, any one person of at least five thousand dollars ($5,000.00), or by reason of bodily injury to, or
CHAPTER 173, LAWS OF 1952

the death of, more than one person on account of any such accident, of at least ten thousand dollars ($10,000.00), and for damage to property of at least one thousand dollars ($1,000.00), from any person whose license has been suspended or revoked because of a conviction or a forfeiture of any bail, for the violation of any of the following provisions of law:

(a) Operating or permitting another person to operate a motor vehicle while under the influence of intoxicating liquor or any narcotic or habit-producing drugs, as provided in section 39:4-50 of the Revised Statutes;

(b) Not stopping at once when involved in an accident, ascertaining injury, rendering assistance and disclosing identity, as provided in article 15 of chapter four of Title 39 of the Revised Statutes;

(c) Reckless driving, as provided in section 39:4-96 of the Revised Statutes, except in such cases where circumstances, in the judgment of the director, are such that requirements should be waived;

(d) Homicide or assault or assault and battery arising out of the operation of a motor vehicle;

(e) Such other violations as constitute cause for suspension or revocation of licenses in this State; or

(f) An offense in any other State which, if committed in this State, would be a violation of any of the aforesaid provisions of law of this State.

Whenever the director shall require proof of financial responsibility from the owner of any motor vehicle, he shall require proof in the amounts herein specified for each vehicle owned or registered by such person.

10. If a person fails to furnish proof of financial responsibility as required by section nine of this act, the director shall, until such proof shall be furnished, suspend or revoke the license of such person to operate a motor vehicle or refuse to return any license which shall have been suspended or revoked, or suspend or revoke the registration.
of any such motor vehicle or vehicles, or refuse thereafter to register any motor vehicle transferred by him, if it shall not appear to the director’s satisfaction that the transfer is a bona fide sale or, if any such person shall not be a resident of this State, withdraw from him the privilege of operating any motor vehicle in this State and the privilege of operation within this State of any motor vehicle owned by him.

No appeal taken from the judgment of a court shall act as a stay to any action of the director authorized by this act.

The director may likewise suspend or revoke the license of any person or the registration of any motor vehicle where such proof of financial responsibility shall not have been furnished, where such person’s license or registration may have been suspended or revoked in any other State.

The clerk of the court in which any conviction mentioned in said section nine or order is rendered or other action taken, or the court, where it has no clerk, shall immediately forward to the director a certified copy or transcript thereof. A certified copy or transcript of the conviction, order or record of other action of the court shall be prima facie evidence of the convictions therein stated.

11. A person subject to the requirements of this act, and not the owner of a motor vehicle, may operate a motor vehicle when the owner of such motor vehicle has furnished acceptable proof of financial responsibility to the director.

The operator’s license of such nonowner shall be restricted to operating the vehicle or vehicles for which the owner has filed said proof of financial responsibility, and he shall not operate any other motor vehicle.

In the event such a person is a nonresident, his operating privilege in this State shall be limited to motor vehicles for which the owner has furnished to the director acceptable proof of financial responsibility, and he shall not operate any other motor vehicle in this State.
A person who violates this section shall be subject to a fine not exceeding one hundred dollars ($100.00) and his license or driving privilege may be suspended or revoked by the director.

12. Whenever it appears that a period of three years has elapsed since the driving license or operating privilege was revoked or suspended, as provided in section nine, unless otherwise required by law, the director may restore such person's driving privilege provided no right of action or judgment arising out of the operation of a motor vehicle shall then be outstanding against such person.

13. If a person fails to pay and satisfy every judgment rendered against him for damages because of personal injury or death, or damage to property in excess of one hundred dollars ($100.00), resulting from the ownership, maintenance, use or operation of a motor vehicle and every judgment based on an agreement or contract made in settlement of damages arising out of a motor vehicle accident, within sixty days after its entry, or if an appeal is taken therefrom within that time, within sixty days after the judgment as entered or modified becomes final, the operator's license, and all registration certificates of any such person, other than a chauffeur or operator employed by the owner of a motor vehicle and so acting at the time of the damage, injuries or death resulting in the judgment, shall, upon receiving a certified copy of a transcript of the final judgment from the court in which it was rendered showing it to have been still unsatisfied more than sixty days after it became final, be forthwith suspended by the director.

If the director is satisfied that a judgment debtor or his insurance carrier was, within the said sixty-day period, ready, willing and able to pay the said judgment but was prevented from so doing by reason of the refusal or legal inability of the judgment creditor to accept payment, then the director may, in his discretion, extend the sixty-day limitation herein prescribed for any reasonable time necessary to complete the formality of
payment of the judgment and shall not suspend the judgment debtor's driver's license, operating privilege or certificate of registration.

The judgment herein mentioned shall be a judgment of a court of competent jurisdiction of this State or any other State or of a District Court of the United States.

The license and registration certificates shall remain so suspended and shall not be renewed, nor shall a motor vehicle be thereafter registered in the name of that person while the judgment remains unstayed, unsatisfied, subsisting and until every such judgment is satisfied or discharged, and until he gives proof of his ability to respond in damages, as required in this act, for future accidents.

A discharge in bankruptcy shall not relieve the judgment debtor from any of the requirements of this act.

The clerk of the court in which the judgment is rendered, or the court where it has no clerk, shall forward to the director, immediately after the expiration of the sixty days a certified copy of the judgment or a transcript thereof, as aforesaid.

Upon the filing with the court of proof of satisfaction or discharge of a judgment, the nonpayment of which has been previously certified to the director, the clerk of the court, or the court where it has no clerk shall immediately forward notice of such satisfaction or discharge to the director.

If the defendant is a nonresident the director shall transmit to the officer in charge of the issuance of operators' permits and registration certificates of the State of which the defendant is a resident a certified copy of the judgment.

If after proof is given, another such judgment is recovered against that person for an accident occurring before the proof was given, the license and certificate shall again be and remain suspended, and no other license or certificate shall be issued to him while the judgment so remains unsatisfied and subsisting.
14. While a final judgment against a nonresident motor vehicle owner or operator is so unstayed, unsatisfied and subsisting for more than sixty days, his privilege of operating a motor vehicle, whether owned by him or not, in this State, shall be withdrawn and shall not be renewed. No operator’s or chauffeur’s license shall be issued to him nor shall a motor vehicle be registered in his name until every such judgment is stayed, satisfied or discharged as hereinafter provided and until he has given proof of his ability to respond in damages for future accidents, as required in this act.

15. Whenever it appears to the satisfaction of the director that, at the time of a motor vehicle accident resulting in the death of or injury to any person, or damage to property to the extent of one hundred dollars ($100.00), the judgment debtor, against whom a judgment has been obtained as a result of such accident, was insured in an insurance company, authorized to do business in this State, against public liability for injuries or death to one person to the extent of five thousand dollars ($5,000.00) and for injuries or death to more than one person to the extent of ten thousand dollars ($10,000.00) and for damage to property to the extent of one thousand dollars ($1,000.00) arising out of a single motor vehicle accident and that the judgment has not been paid because, subsequent to the date of such accident, such insurance company has become insolvent or bankrupt, or the commissioner of banking and insurance has undertaken control thereof for the purpose of liquidation, he shall not suspend the operator’s license and the registration certificates of such judgment debtor, if such judgment debtor files proof of his ability to respond in damages for future accidents as required by this act.

16. For the purposes of sections nine to fourteen of this act when:
   (a) Five thousand dollars ($5,000.00) has been credited upon any judgment or judgments rendered in excess of that amount for bodily injury to or the death of one person as the result of one accident;
(b) Subject to the limit of five thousand dollars ($5,000.00) for one person so injured or killed, the sum of ten thousand dollars ($10,000.00) has been credited upon any judgment or judgments rendered in excess of that amount for bodily injury to or the death of more than one person as the result of one accident; or

(c) One thousand dollars ($1,000.00) has been credited upon any judgment or judgments rendered in excess of that amount for damage to property as the result of one accident—

Such payment or payments shall be deemed a satisfaction of the judgment or judgments.

17. A judgment debtor to whom this chapter applies may, for the sole purpose of giving authority to the director to authorize the judgment debtor to operate a motor vehicle thereafter, on due notice to the judgment creditor, apply to the court in which the trial judgment was obtained for the privilege of paying the judgment in installments. The court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order, fixing the amounts and times of payment of the installments. The director may, in his discretion, while the judgment debtor is not in default in paying the installments and upon his giving proof of ability to respond in damages for future accidents, as hereinafter provided, restore, or refrain from suspending his license or registration certificate or certificates, or either or both of them. The license or certificate or certificates, or either or both or all of them, shall be suspended as hereinbefore provided when the director is satisfied that the judgment debtor has failed to comply with the terms of the court order.

18. Such proof of financial responsibility shall be furnished as shall be satisfactory to the director.

The proof may be evidence of the insuring of the person against public liability and property damage in the foregoing amounts in the form of a certificate signed by a duly licensed agent of the company issuing the motor vehicle liability policy;
CHAPTER 173, LAWS OF 1952

provided, such policy shall be noncancelable, except after ten days' written notice to the director; provided, that when an agent of an insurance company certifies to evidence of the insuring of a person from whom proof of financial responsibility is required, by the company for which he is authorized to solicit, negotiate or effect contracts of insurance, the company shall notify the director of the expiration of the policy referred to in the certificate at least ten days before the effective date of the expiration and shall promptly notify the director of the renewal of the insurance policy.

The proof may also be a bond of a surety company or a bond with individual surety owning real estate, conditioned for the payment of the foregoing amounts and not cancelable except after ten days' written notice to the director. The bond shall constitute a lien in favor of the State upon the real estate of any surety, and this lien shall exist in favor of a holder of a judgment on account of damage, caused by the operation of the person's motor vehicle, upon the filing of a notice to that effect by the director in the office of the clerk of the county where the real estate is located.

The proof may also be a deposit by the person with the director of a sum of money or collateral in the amount of eleven thousand dollars ($11,000.00). Any collateral shall be determined by and shall be satisfactory to the director.

Additional evidence of financial responsibility shall be furnished the director at any time upon his request therefor.

19. The bond, money or collateral mentioned in section eighteen of this act shall be held by the director to satisfy any execution issued against the person in any cause arising out of damage caused by the operation of a motor vehicle owned or operated by him. Money or collateral so deposited shall not be subject to attachment or execution unless the attachment or execution arises out of an action for damages, including personal injury or death, as a result of the operation of a motor
vehicle. A person who furnishes proof of financial responsibility by a deposit of money or collateral shall, upon the service of a writ or summons arising out of an action for damages, including personal injury or death, caused by the operation of a motor vehicle, give written notice of the service to the director, who shall require that additional evidence of financial responsibility be furnished to satisfy a judgment in any other action. If a judgment rendered against the principal on a bond is not satisfied within thirty days after its rendition, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action in the name of the State against the company or person executing the bond.

A reasonable sum, not exceeding ten dollars ($10.00), shall be charged for an investigation of the title of a surety's real estate or of collaterals so deposited and of the value of the same and for the filing fee to be paid to the county clerk.

20. Upon the request of any insurance company, any person furnishing any financial responsibility or any surety on a bond herein provided for, the director shall furnish such company, person or surety a certified abstract of the operating record of any person subject to the provisions of this act. If there is no record of his conviction of a violation of a provision of law relating to the operation of motor vehicles or of an injury or damage caused by him as herein provided, the director shall so certify. The director shall collect one dollar ($1.00) for each certificate.

21. The director shall, upon written request, furnish a person who has been injured in person or property by a motor vehicle, with such information as has been furnished to him as evidence of the financial responsibility of an operator or owner of a motor vehicle.

22. Any operator or registrant whose operator's license or registration certificate, or either or both of them, has been suspended as herein provided, or whose policy of liability insurance or surety
bond has been canceled or who neglects to furnish additional evidence of financial responsibility upon the director's request, shall immediately return to the director his operator's license or registration certificate and the number plates issued thereunder. If any person fails to return the same as herein provided, the director shall forthwith direct any State policeman, motor vehicle inspector or other police officer to secure possession thereof and return the same to the director's office.

23. The director may consent to cancellation of the bond or the evidence of insurance or return the money or collateral to the person furnishing the same, if three years have elapsed since the date of revocation as provided in section nine of this act, during which period he shall not have again become subjected to the provision of this act as provided in section nine or thirteen of this act, and if no right of action or judgment arising out of the operation of a motor vehicle is then outstanding against him. The director may direct the return of any money or collateral to the person who furnished it, upon the acceptance and substitution of other evidence of financial responsibility, or at any time after one year from the expiration of a registration or license issued to the person, if no written notice has been filed with the director, stating that an action has been brought against the person by reason of the ownership, maintenance or operation of a motor vehicle and upon the filing by the person with the director of a certificate that he has abandoned his residence in this State or that he has made a bona fide sale of all motor vehicles owned by him and does not intend to own or operate a motor vehicle in this State for a period of one or more years.

24. A motor vehicle liability policy furnished as proof of financial responsibility as provided herein shall be a policy of liability insurance issued by an insurance carrier authorized to transact business in this State to the person therein named as insured, or in the case of a nonresident, by an insurance car-
riber authorized to transact business in any of the States or provinces hereinafter stated. The policy shall:

(a) Designate, by explicit description or appropriate reference, all motor vehicles with respect to which coverage is intended to be granted thereby, and insure the insured named therein and any other person using or responsible for the use of any such motor vehicle with the express or implied consent of the insured, against loss from the liability imposed upon the insured or other person by law, for injury to or the death of a person, other than a person who is covered, as respects the injury or death, by any workmen's compensation law, or damage to property, except property of others in charge of the insured or the insured's employees, growing out of the maintenance, use or operation of the motor vehicle in the United States of America; or,

(b) In the alternative, insure the person therein named as insured against loss from the liability imposed by law upon the insured for injury to or death of a person, other than a person who is covered as respects the injury or death by any workmen's compensation law, or damage to property, except property of others in charge of the insured or the insured's employees, growing out of the operation or use by the insured of a motor vehicle, except a motor vehicle registered in the name of the insured, and occurring while the insured is personally in control, as driver or occupant, of the motor vehicle within the United States of America.

The policy shall insure to the amount or limit of five thousand dollars ($5,000.00), exclusive of interest and costs, on account of injury to or death of one person, and, subject to the same limit with respect to injury to or death of one person, of ten thousand dollars ($10,000.00), exclusive of interest and costs, on account of one accident resulting in injury to or death of more than one person, and of one thousand dollars ($1,000.00) for damage to property of others, as herein provided, resulting
from one accident, or a binder pending the issuance of any such policy, or an indorsement to an existing policy as hereinafter provided.

This section shall not be construed as preventing the insurance carrier from granting any lawful coverage in excess of or in addition to the coverage herein provided for, nor from embodying in the policy any agreement, provision or stipulation not contrary to the provisions of this chapter and not otherwise contrary to law.

Separate concurrent policies covering respectively (a) bodily injury or death, as aforesaid, and (b) property damage, as aforesaid, shall be considered a "motor vehicle liability policy" within the meaning of this act.

25. In the case of a nonresident, a policy, as aforesaid, of an insurance carrier authorized to transact business in the State in which the motor vehicle described in the certificate is registered, or if none is described, then in the State in which the insured resides, shall be considered sufficient within the meaning of this chapter, if the carrier (a) executes a power of attorney authorizing the director to accept service of notice or process in an action arising out of a motor vehicle accident in this State, (b) its governing executive authority duly adopts a resolution providing that its policies shall be deemed to be varied to comply with the law of this State relating to the terms of motor vehicle liability policies issued therein, and (c) agrees to accept as final and binding any final judgment duly rendered in an action arising out of a motor vehicle accident in a court of competent jurisdiction in this State.

This section shall be operative as to such insurance carriers, organized and existing under the laws of such State and not licensed to transact business in this State, only to the extent and under the same terms and conditions that, under the laws of the State where the motor vehicle is registered or in which the insured resides, like recognition, if a law of like effect is in force, is granted to cer-
tificates of insurance carriers organized and existing under and by virtue of the laws of this State. If under the laws of the State in which a law of like effect is in force, certificates of insurance carriers organized and existing under or by virtue of the laws of this State are not accepted, the certificates of insurance carriers of that State shall not be accepted under this act.

26. No motor vehicle liability policy shall be issued or delivered in this State, as proof of financial responsibility, unless such policy discloses the name, address and business of the insured, the coverage afforded by the policy, the premium charged therefor, the policy period, the limit of liability and the agreement that the insurance thereunder is provided in accordance with the coverage defined in sections twenty-four and twenty-five of this act and in this section and is subject to all of the provisions of this act.

The motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

(a) The liability of a company under a motor vehicle liability policy shall become absolute when loss or damage covered by the policy occurs and the satisfaction by the insured of a final judgment of the loss or damage shall not be a condition precedent to the right or duty of the carrier to make payment on account of the loss or damage. No such policy shall be canceled or annulled as respects any loss or damage by any agreement between the carrier and the insured after the insured has become responsible for the loss or damage and any such cancellation or annulment shall be void. Upon the recovery of a final judgment against a person for the loss or damage if the judgment debtor was at the accrual of the cause of action insured against liability therefor under a motor vehicle liability policy, the judgment creditor shall be entitled to have the insurance money applied to the satisfaction of the judgment. The policy may provide that the insured or a person covered by the policy
shall reimburse the company for payments made on account of an accident, claim or suit involving a breach of the terms, provisions or conditions of the policy; and, if the policy provides for limits in excess of the limits designated in this section the insurance carrier may plead against the judgment creditor, with respect to the amount of the excess limits of liability any defenses which it may be entitled to plead against the insured. The policy may further provide for the prorating of the insurance thereunder with other applicable valid and collectible insurance.

(b) The policy, any written application therefor and any rider or indorsement which shall not conflict with the provisions of this act shall constitute the entire contract between the parties.

Effective as of the date such proof is furnished and to the extent of the coverage required by this act and to the extent of the limits of liability specified in section twenty-four of this act, any policy of motor vehicle liability insurance furnished as proof of financial responsibility pursuant to section eighteen of this act, either by the filing of a certificate signed by a duly licensed agent of the company issuing the policy as provided in the said section, or otherwise, shall be deemed amended to conform with and to contain all the provisions required by this act, any provision of the policy or certificate to the contrary notwithstanding.

An insurance carrier authorized to issue motor vehicle liability policies as provided for in this act may, pending the issuance of the policy, execute an agreement, to be known as a binder; or may, in lieu of the policy, issue an indorsement to an existing policy, each of which shall be construed to provide indemnity or protection in like manner and to the same extent as the policy. The provisions of said sections twenty-four and twenty-five and this section shall apply to the binders and indorsements.
27. (a) The owner’s registration of a vehicle involved in an accident to which this act applies shall not be transferred nor the vehicle, in respect to which such registration was issued, registered in any other name until the provisions of this act relating to the deposit of security are complied with, unless such provisions are inapplicable because of the exceptions stated in section three or because of other exceptions specified in this act, or until the director is satisfied that such transfer is proposed in good faith and not for the purpose or with the effect of defeating the purposes of this act.

(b) If an owner’s registration has been suspended hereunder, such registration shall not be transferred nor the vehicle, in respect to which such registration was issued, registered in any other name until the director is satisfied that such transfer of registration is proposed in good faith and not for the purpose or with the effect of defeating the purposes of this act.

(c) Nothing in this section shall in anywise affect the rights of any conditional vendor, chattel mortgagee or lessor of such a vehicle registered in the name of another as owner who becomes subject to the provisions of this act.

(d) The director shall suspend the registration of any vehicle transferred in violation of the provisions of this section.

28. (a) The director shall administer and enforce the provisions of this act and may make rules and regulations necessary for the administration thereof and shall provide for hearings upon request of persons aggrieved by orders or acts of the director under the provisions of this act.

(b) Any order or act of the director, under the provisions of this act, shall be subject to review by a proceeding in lieu of the prerogative writs.

29. The director shall, by means of any printed form he provides, inform every person to whom a driver’s license or registration certificate is issued of the contents of this act.
CHAPTER 173, LAWS OF 1952

30. (a) Any person in whose name more than twenty-five motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the director as provided in subsection (b) of this section.

(b) The director may, in his discretion, upon the application of such a person, issue a certificate of self-insurance when he is satisfied that such person is possessed and will continue to be possessed of ability to pay judgments obtained against such person.

(c) Upon not less than five days' notice and a hearing pursuant to such notice, the director may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance.

31. No action taken by the director pursuant to this act, the findings, if any, of the director upon which such action is based, nor the security filed, as provided by this act, shall be referred to in any way, nor be any evidence of the negligence or due care of either party, at the trial of any civil action to recover damages.

32. This act shall not apply with respect to any motor vehicle owned by the United States, this State or any political subdivision of this State or any municipality therein; nor with respect to any motor vehicle which is subject to the requirements of law requiring insurance or other security on certain types of vehicles.

33. (a) Any person who shall forge or, without authority, sign any evidence of proof of financial responsibility, or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be fined not more than one thousand dollars ($1,000.00) or imprisoned for not more than one year, or both.

(b) Any person willfully failing to return license or registration as required in section twenty-two
of this act shall be fined not more than five hundred dollars ($500.00) or imprisoned not to exceed thirty days, or both.

(c) Any person who shall violate any provision of this act for which no penalty is otherwise provided shall be fined not more than five hundred dollars ($500.00) or imprisoned not more than ninety days, or both.

34. Chapter six of Title 39 of the Revised Statutes is repealed so far as it relates to any motor vehicle accident within this State, or to any conviction or forfeiture of bail, occurring on or after the effective date of this act.

35. This act shall take effect April first, one thousand nine hundred and fifty-three.

Approved May 10, 1952.

CHAPTER 174

An Act providing for the establishment, maintenance and administration of an unsatisfied claim and judgment fund for the payment of damages for injury to or death of certain persons and for damages to property arising out of the ownership, maintenance or use of motor vehicles in this State in certain cases.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Title. This act shall be known and may be cited as the "Unsatisfied Claim and Judgment Fund Law."

2. Definitions. As used in this act; "Director" means the Director of the Division of Motor Vehicles in the Department of Law and Public Safety;
"Treasurer" means the State Treasurer of New Jersey acting as the custodian of the Unsatisfied Claim and Judgment Fund;

"Commissioner" means the Commissioner of Banking and Insurance;

"Unsatisfied Claim and Judgment Fund" or "Fund" means the fund derived from the sources specified in this act;

"Unsatisfied Claim and Judgment Fund Fee" means the additional fee to be collected under this act as a contribution to the fund from the owner of a motor vehicle upon the registration thereof in this State.

"Unsatisfied Claim and Judgment Fund Board" or "Board" means the Board created in section four of this act.

"Qualified person" means a resident of this State or the owner of a motor vehicle registered in this State or a resident of another State, territory or Federal district of the United States or Province of the Dominion of Canada, or foreign country, in which recourse is afforded, to residents of this State, of substantially similar character to that provided for by this act.

"Uninsured motor vehicle" means a motor vehicle as to which there is not in force an automobile liability policy meeting the requirements of section twenty-four of the Motor Vehicle Security-Responsibility Law of this State and which is not owned by a holder of a certificate of self-insurance under said law.

"Insurer" means any insurer authorized in this State to write the kinds of insurance specified in paragraphs d and e, section 17:17-1, of the Revised Statutes.

"Net direct written premiums" means direct gross premiums written on policies, insuring against legal liability for bodily injury or death and for damage to property arising out of the ownership, operation or maintenance of motor vehicles which are principally garaged in this State, less return premiums thereon and dividends paid to policyholders on such direct business.
3. Creation of fund. For the purpose of creating the fund

(a) Every person registering an uninsured motor vehicle in this State for the yearly period commencing April first, one thousand nine hundred and fifty-four, shall pay at the time of registering the same, in addition to any other fee prescribed by any other law, a fee of three dollars ($3.00);

(b) Every other person registering a motor vehicle in this State for the yearly period commencing April first, one thousand nine hundred and fifty-four, shall pay at the time of registering the same, in addition to any other fees prescribed by any other law, a fee of one dollar ($1.00);

(c) On or before March thirty-first, one thousand nine hundred and fifty-five, each insurer shall pay to the treasurer a sum equal to one-half of one per centum (.5%) of its net direct written premiums for the calendar year one thousand nine hundred and fifty-three as shown in its annual statement filed with the commissioner;

(d) On the first day of September in each year, beginning with one thousand nine hundred and fifty-five, the treasurer shall calculate the probable amount which will be needed to carry out the provisions of this act during the ensuing registration license year. If, in his judgment, the estimated balance of the fund at the beginning of the next registration license year will be insufficient to meet such needs, he shall

(1) Assess the estimated deficiency against insurers for such year's contribution to the fund. Such deficiency shall be apportioned among such insurers in the proportion that the net direct written premiums of each bears to the aggregate net direct written premiums of all insurers during the preceding calendar year as shown by the records of the commissioner. Such aggregate assessment, however, shall in no event exceed one-half of one per centum (.5%) of the aggregate net direct writ-
ten premiums for such preceding calendar year. Each insurer shall pay the sum so assessed to the treasurer on or before the thirty-first day of March next following.

(2) If such assessment against insurers be insufficient in the judgment of the treasurer to provide the estimated amount needed to carry out the provisions of this act for the ensuing registration license year, he shall determine the amount to be fixed as the Unsatisfied Claim and Judgment Fund Fee for such license year and shall certify the sum to the director. Such fee shall in no case exceed one dollar ($1.00), and shall be paid by each person registering a motor vehicle for such ensuing year at the time of registration in addition to any other fee prescribed by any other law; provided, however, that each owner of an uninsured motor vehicle at the time of payment of such fee shall also pay the sum of two dollars ($2.00) in addition thereto.

4. Unsatisfied Claim and Judgment Fund Board. There is hereby created an Unsatisfied Claim and Judgment Fund Board consisting of the treasurer and four representatives of insurers. Such representatives shall be designated annually by the commissioner. He shall designate one representative of each of the following classes of companies:

(a) Stock company rating organization members;
(b) Mutual company rating organization members;
(c) Independent stock companies; and
(d) Independent mutual and other companies.

A representative shall be an employee or officer of an insurer of the class which he represents. He shall not receive any compensation or remuneration from the fund. Such board shall maintain an office in this State, and shall have the power to employ such clerical and other help as may be necessary to the proper discharge of the duties of
CHAPTER 174, LAWS OF 1952

the board. Expenses so incurred by the board shall be assessed annually by it, against insurers pro rata in proportion to premium writings as provided in section 3(d) 1. Insurers shall be entitled to deduct any assessments so paid, from any assessments made by the treasurer under said section.

5. Notice of accident and intention to file claim.
Any qualified person, or the personal representative of such person, who suffers damages resulting from bodily injury or death or damage to property arising out of the ownership, maintenance or use of a motor vehicle in this State on or after the first day of April, one thousand nine hundred and fifty-five, and whose damages may be satisfied in whole or in part from the fund, shall, within thirty days after the accident, as a condition precedent to the right thereafter to apply for payment from the fund, give notice to the board, on a form prescribed by it, of his intention to make a claim thereon for such damages if otherwise uncollectible and otherwise comply with the provisions of this section; provided, any such qualified person may, in lieu of giving said notice within said time, make proof to the court on the hearing of the application for the payment of a judgment that he was physically incapable of giving said notice within said period and that he gave said notice within thirty days after he became physically capable to do so or in the event that he did not become so capable, that a notice was given on his behalf within a reasonable period. In said notice he shall specify the time and place of the accident, identify the operators and vehicles involved therein and such witnesses to said accident, as are then known to him and describe the injuries then known to him and the damage to property sustained. Said notice shall be accompanied by (a) a certification by a physician of the injuries sustained so far as they can then be anticipated and of the treatment afforded by him, (b) itemized estimates of two reputable automobile repairmen or certified itemized bill, of the cost of repairs if the damage is to
an automobile, (c) such information as is known to him with regard to liability insurance in effect with respect to the motor vehicles involved in the accident and (d) a copy of the complaint if an action has theretofore been brought for the enforcement of such claim. Such person shall also notify the board of any action thereafter instituted for the enforcement of such claim within fifteen days after the institution thereof and such notice shall be accompanied by a copy of the complaint.

The director shall furnish to the board upon request any information that he has with regard to whether any operator or owner of a motor vehicle involved in any accident had in effect at the time of such accident any motor vehicle liability insurance or had qualified as a self-insurer.

6. Investigation and defense of claims. (a) The board shall assign to insurers for investigation and defense, all default actions described in section fourteen and all actions against the treasurer brought under section eighteen.

(b) Any time after the receipt of notice of intention to make a claim as provided in section five, the board may also assign such of said claims as in the judgment of the board it is advisable to investigate, to insurers for the purpose of making such investigation. At any time after receipt of notice of the institution of an action against the operator or owner of a motor vehicle as provided in section five, the board may also assign such of said actions as in its judgment it is advisable to defend, to insurers for the purpose of conducting such defense.

(c) All assignments made under this section shall be made to insurers in proportion to their premium writings subject to assessment hereunder. Each insurer shall at its own expense (1) make such investigation as may be appropriate of any claim or action and (2) cause to be conducted on behalf of the fund the defense of any action assigned to it.
(d) After consultation with insurers the commissioner shall approve a reasonable plan for such equitable apportionment among such insurers of claims against operators and owners of motor vehicles, for investigation and defense, in accordance with this act. When any such plan has been so approved all insurers shall subscribe thereto and participate therein.

7. Defense of actions against motorists. The insurer to whom any action has been assigned may through counsel enter an appearance on behalf of the defendant, file a defense, appear at the trial or take such other steps as it may deem appropriate on the behalf and in the name of the defendant, and may thereupon, on the behalf and in the name of the defendant, conduct his defense, take recourse to any appropriate method of review on behalf of, and in the name of, the defendant, and all such acts shall be deemed to be the acts of such defendant; provided, however, that nothing contained herein shall deprive defendant of the right to also employ his own counsel and defend the action. All expenses incurred by such insurer in connection with any review prosecuted or defended by it from a judgment rendered in such action, shall be borne by the fund, and its attorneys’ fees in connection therewith shall be subject to approval by the court.

8. Co-operation of defendant. In any case in which an insurer has assumed under this act, the defense of any action, the defendant shall cooperate with such insurer in the defense of such action. In the event of his failure to do so, such insurer may apply to the court for an order directing such co-operation.

9. Application for payment of judgment. When any qualified person recovers a valid judgment for an amount in excess of two hundred dollars ($200.00), exclusive of interest and costs, in any court of competent jurisdiction in this State, against any other person, who was the operator or owner of a motor vehicle, for injury to, or death of,
any person or persons or for damages to property, except property of others in charge of such operator or owner or such operator’s or owner’s employees, arising out of the ownership, maintenance or use of the motor vehicle in this State on or after the first day of April, one thousand nine hundred and fifty-five, and any amount in excess of two hundred dollars ($200.00) remains unpaid thereon, such judgment creditor may, upon the termination of all proceedings, including reviews and appeals in connection with such judgment, file a verified claim in the court in which the judgment was entered and, upon ten days’ written notice to the board may apply to the court for an order directing payment out of the fund, of the amount unpaid upon such judgment, which exceeds the sum of two hundred dollars ($200.00) and does not exceed—

(a) The maximum amount or limit of five thousand dollars ($5,000.00), exclusive of interest and costs, on account of injury to, or death of, one person, in any one accident, and

(b) The maximum amount or limit, subject to such limit for any one person so injured or killed, of ten thousand dollars ($10,000.00), exclusive of interest and costs, on account of injury to, or death of, more than one person, in any one accident, and

(c) The maximum amount or limit of one thousand dollars ($1,000.00), exclusive of interest and costs, for damage to property in any one accident.

10. Hearing on application for payment of judgment. The court shall proceed upon such application, in a summary manner, and, upon the hearing thereof, the applicant shall be required to show

(a) He is not a person covered with respect to such injury or death by any workmen’s compensation law, or the personal representative of such a person,

(b) He is not a spouse, parent or child of the judgment debtor, or the personal representative of such spouse, parent or child,

(c) He was not at the time of the accident, a guest occupant riding in a motor vehicle owned or
operated by the judgment debtor and is not the personal representative of such a guest occupant,

(d) He was not at the time of the accident, operating or riding in an uninsured motor vehicle owned by him or his spouse, parent or child, and was not operating a motor vehicle in violation of an order of suspension or revocation,

(e) He has complied with all of the requirements of section five,

(f) The judgment debtor at the time of the accident was not insured under a policy of automobile liability insurance under the terms of which the insurer is liable to pay in whole or in part the amount of the judgment,

(g) He has obtained a judgment as set out in section nine of this act, stating the amount thereof and the amount owing thereon at the date of the application,

(h) He has caused to be issued a writ of execution upon said judgment and the sheriff or officer executing the same has made a return showing that no personal or real property of the judgment debtor, liable to be levied upon in satisfaction of the judgment, could be found or that the amount realized on the sale of them or of such of them as were found, under said execution, was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application thereon of the amount realized,

(i) He has caused the judgment debtor to make discovery under oath, pursuant to law, concerning his personal property and as to whether such judgment debtor was at the time of the accident insured under any policy or policies of insurance described in subparagraph (f) of this section,

(j) He has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of personal or real property or other assets, liable to be sold or applied in satisfaction of the judgment,
(k) By such search he has discovered no personal or real property or other assets, liable to be sold or applied or that he has discovered certain of them, describing them, owned by the judgment debtor and liable to be so sold and applied and that he has taken all necessary action and proceedings for the realization thereof and that the amount thereby realized was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application of the amount realized.

(l) The application is not made by or on behalf of, any insurer by reason of the existence of a policy of insurance, whereby the insurer is liable to pay, in whole or in part, the amount of the judgment and that no part of the amount to be paid out of the fund is sought in lieu of making a claim or receiving a payment which is payable by reason of the existence of such a policy of insurance and that no part of the amount so sought will be paid to an insurer to reimburse or otherwise indemnify the insurer in respect of any amount paid or payable by the insurer by reason of the existence of such a policy of insurance,

(m) Whether he has recovered a judgment in an action against any other person against whom he has a cause of action in respect of his damages for bodily injury or death or damage to property arising out of the accident and stating the amounts recovered upon such judgments or the amounts, if any, received for indemnity or other benefits for such injury or death or damage to property from any person other than the operator or owner of the motor vehicle causing such injury, death or damage.

Whenever the applicant satisfies the court that it is not possible to comply with one or more of the requirements enumerated in subparagraphs (h) and (i) of this section and that the applicant has taken all reasonable steps to collect the amount of the judgment or the unsatisfied part thereof and has been unable to collect the same, the court may dis-
pense with the necessity for complying with such requirements.

The board or any insurer to which the action has been assigned may appear and be heard on application and show cause why the order should not be made.

11. Order for payment of judgment. The court shall make an order directed to the treasurer requiring him to make payment from the fund of such sum, if any, as it shall find to be payable upon said claim, pursuant to the provisions of and in accordance with the limitations contained in this act, if the court is satisfied, upon the hearing:

(a) Of the truth of all matters required to be shown by the applicant by section ten,

(b) That the applicant has fully pursued and exhausted all remedies available to him for recovering compensation for the damages which are the subject of the action in respect to which the judgment is given by

(1) Commencing action against all persons against whom the applicant might reasonably be considered as having a cause of action in respect of such damages and prosecuting every such action in good faith to judgment and

(2) Taking all reasonable steps available to him to collect on every judgment so obtained and all other reasonable steps available to him to recover compensation for such damages and by applying the proceeds of any judgment or recovery so obtained towards satisfaction of the amount due upon the judgment for payment of which the claim is made.

Any amount for compensation or indemnity for damages or other benefits which the plaintiff has received or can collect from any person other than the judgment debtor shall be deducted, from the amount due upon the judgment for payment of which claim is made.
12. Settlement of actions against motorists. (a) In any action against an operator or owner of a motor vehicle for injury to or death of any person or for damage to property arising out of the ownership, maintenance or use of said vehicle in this State on or after the first day of April, one thousand nine hundred and fifty-five, pending in any court of competent jurisdiction in this State, the plaintiff may upon notice to the board file a verified petition with the court alleging

1. the matters set forth in subparagraphs (a), (b), (c), (d), (e) and (f) of section ten;
2. that the petition is not presented on behalf of an insurer under circumstances set forth in subparagraph (1) of section ten;
3. that he has entered into an agreement with the defendant to settle all claims set forth in the complaint in said action and the amount proposed to be paid to him pursuant thereto;
4. that said proposed settlement has been consented to by the board;
5. that the defendant has executed and delivered to the board a verified statement of his financial condition;
6. that a judgment against the defendant would be uncollectible;
7. that the defendant has undertaken in writing to repay to the treasurer the sum that he would be required to pay under such settlement, if approved by the court, and has executed a confession of judgment in connection therewith.

If the court be satisfied of the truth of the allegations in said petition and of the fairness of such proposed settlement, it may enter an order approving the same and directing the treasurer, upon receipt of the undertaking and confession of judgment mentioned in subparagraph (7) of this section, to make payment to the plaintiff of the amount agreed to be accepted.

(b) An insurer to whom a claim has been assigned may settle any claim involving the payment of less than one thousand dollars ($1,000.00) with
the approval of the treasurer and any other one member of the board, without court approval, if satisfied

(1) that the claimant is not a person of the character described in subparagraphs (a), (b), (c), (d), (e) and (f) of section ten;
(2) that the settlement is not made on the behalf of an insurer under circumstances set forth in subparagraph (l) of section ten; and
(3) that a judgment against the owner or operator of the motor vehicle involved in the accident would be uncollectible, and if such owner or operator has consented to such settlement, executed and delivered to the board a verified statement of his financial condition and undertaken in writing to repay to the treasurer the sum to be paid under the settlement, and executed a confession of judgment in connection therewith. Any settlement so made shall be certified by the board to the treasurer, who shall, upon receipt of said undertaking to repay and confession of judgment, make the required payment to claimant out of the fund.

13. Limitation on amounts payable from fund. No order shall be made for the payment, and the treasurer shall make no payment, out of the fund, of
(a) Any claim for less than two hundred dollars ($200.00).
(b) The first two hundred dollars ($200.00) of any judgment or of the unsatisfied portion thereof, or
(c) The unsatisfied portion of any judgment which, after deducting two hundred dollars ($200.00) therefrom, exceeds
(1) the maximum or limit of five thousand dollars ($5,000.00), exclusive of interest and costs, on account of injury to, or death of, one person in any one accident, and
CHAPTER 174, LAWS OF 1952

(2) the maximum amount or limit, subject to such limit for any one person so injured or killed, of ten thousand dollars ($10,000.00), exclusive of interest and costs, on account of injury to, or death of, more than one person, in any one accident, and

(3) the maximum amount or limit of one thousand dollars ($1,000.00) exclusive of interest and costs for damages to property in any one accident,

Provided, that such maximum amounts shall be reduced by any amount received or recovered as specified in subparagraph (m) of section ten.

(d) Any claim which includes any sum greater than the difference between said maximum amounts and the sum of two hundred dollars ($200.00), and any amount paid out of the fund in excess of the amount so authorized may be recovered by the treasurer in an action brought by him against the person receiving the same.

14. Default and consent judgments. No claim shall be allowed and ordered to be paid out of the fund if the court shall find, upon the hearing for the allowance of the claim, that it is founded upon a judgment which was entered by default unless (1) the claimant shall have complied with the requirements of section five, and (2) prior to the entry of such judgment the board shall have been given notice of intention to enter the judgment and file a claim thereon against the fund and shall have been afforded an opportunity to take such action as it shall deem advisable under section fifteen.

If the court, upon a hearing for the allowance of any claim against the fund, finds that it was a claim which was not assigned by the board to an insurer in accordance with section six, or that the action upon such claim was not fully and fairly defended, or that the judgment thereon was entered upon the consent or with the agreement of the defendant, the court shall allow such claim but shall order it to be paid only in such sum as the court shall
determine to be justly due and payable out of the fund, on the basis of the actual amount of damages for which the defendant was liable to the plaintiff under the cause of action, upon which the judgment was rendered and reduced by any amount received or recovered as set forth in subparagraph (m) of section ten, notwithstanding that the judgment is for a greater amount.

15. Defense of default actions. When the board receives notice, as provided in section fourteen, the insurer to which such action has been assigned may through counsel enter an appearance, file an answer, appear at the trial, defend the action or take such other action as it may deem appropriate on the behalf and in the name of the defendant, and take recourse to any appropriate method of review on behalf of, and in the name of, the defendant.

In event that the time allowed for filing an answer has expired or judgment has been entered by default in any such action, the insurer to which the action has been assigned shall be granted a reasonable time after the receipt of notice by the board to answer or to make application for relief against the judgment and leave to answer and defend such action.

16. Collusive judgments. No claim against the fund shall be allowed in any case in which the court shall find, upon the hearing for the allowance of the claim, that the judgment upon which the claim is founded was obtained by fraud, or by collusion of the plaintiff and of any defendant in the action, relating to any matter affecting the cause of action upon which such judgment is founded or the amount of damages assessed therein.

17. Assignments of judgments to treasurer. The treasurer shall not pay any sum from the fund, in compliance with an order made for that purpose, in any case in which the claim is founded upon a judgment, except a judgment obtained against the treasurer under this act, until the applicant assigns the judgment to the treasurer and, thereupon, the treasurer shall be deemed to have all the rights of
the judgment creditor under the judgment and shall be entitled to enforce the same for the full amount thereof with interest and costs and if more money is collected upon any such judgment than the amount paid out of the fund, the treasurer shall pay the balance, after reimbursing the fund, to the judgment creditor.

18. Application to sue treasurer—"Hit and Run" cases. When the death of, or personal injury to, any person arises out of the ownership, maintenance or use of a motor vehicle in this State on or after the first day of April, one thousand nine hundred and fifty-five, but the identity of the motor vehicle and of the operator and owner thereof cannot be ascertained or it is established that the motor vehicle was at the time said accident occurred, in the possession of some person other than the owner without the owner's consent and that the identity of such person cannot be ascertained, any qualified person who would have a cause of action against the operator or owner or both in respect to such death or personal injury for a sum in excess of two hundred dollars ($200.00) exclusive of interest and costs, may, upon notice to the treasurer and the board, apply to the Superior Court for an order permitting him to bring an action therefor against the treasurer in such court, and the court may proceed upon such application, in a summary manner, and may make an order permitting the applicant to bring such an action against the treasurer when the court is satisfied, upon the hearing of the application, that—

(a) The applicant has complied with the requirements of section five,

(b) The applicant is not a person covered with respect to such injury or death by any workmen's compensation law, or the personal representative of such a person,

(c) The applicant was not at the time of the accident operating or riding in an uninsured motor vehicle owned by him or his spouse, parent or child, and was not operating a motor vehicle in violation of an order of suspension or revocation.
(d) The applicant has a cause of action against the operator or owner of such motor vehicle or against the operator who was operating the motor vehicle without the consent of the owner of the motor vehicle,

(e) All reasonable efforts have been made to ascertain the identity of the motor vehicle and of the owner and operator thereof and either that the identity of the motor vehicle and the owner and operator thereof cannot be established, or that the identity of the operator, who was operating the motor vehicle without the owner’s consent, cannot be established,

(f) The application is not made by and on behalf of an insurer under circumstances set forth in paragraph (b) of section ten.

19. Other “Hit and Run” cases. When in an action for a sum in excess of two hundred dollars ($200.00) in respect to the death of, or personal injury to, any person, arising out of the ownership, maintenance or use of a motor vehicle in this State on or after the first day of April, one thousand nine hundred and fifty-five, judgment is rendered for the defendant on the sole ground that such death or personal injury was occasioned by a motor vehicle—

(a) The identity of which, and of the owner and operator of which, has not been established, or

(b) Which was in the possession of some person other than the owner or his agent without the consent of the owner and the identity of the operator has not been established, such cause shall be stated in the judgment and the plaintiff in such action may within three months from the date of the entry of such judgment make application for authority to bring an action upon said cause of action against the treasurer in the manner provided in section eighteen.

20. Impleading treasurer in “Hit and Run” cases. When an action has been commenced in respect of the death or injury of any person arising out of the ownership, maintenance or use of a
motor vehicle in this State on or after the first day of April, one thousand nine hundred and fifty-five, the plaintiff shall be entitled to make the treasurer a party thereto if the provisions of section eighteen or nineteen shall apply in any such case, and the plaintiff has made the application and the court has entered the order provided for in section eighteen.

21. Defense of such actions by treasurer. In any action brought under sections eighteen and nineteen of this act, the treasurer may appear by counsel for the insurer to whom such action has been assigned. He shall for all purposes of the action be deemed to be the defendant and he may generally deny the allegations of the complaint and shall not be required to set forth the facts upon which he relies and any defense shall be available to him in said action which would have been available in said action to said operator or owner or both if the action had been brought against such operator and owner or such operator, as the case may be, by their or his names or name and process in said action had been duly served within this State upon them or him.

22. Settlement of actions against the treasurer. In any action brought against the treasurer pursuant to an order by the court entered in accordance with the provisions of section eighteen, the plaintiff may file a verified petition alleging that he has entered into an agreement with the board to settle all claims set forth in the complaint in said action and the amount proposed to be paid to him pursuant thereto. If the court be satisfied of the fairness of such proposed settlement, it may enter an order approving such settlement and enter a judgment against the treasurer for the amount so agreed to be paid thereunder.

23. Credits against judgment. A judgment against the treasurer shall not include any amount for compensation or indemnity for damages or other benefits which the plaintiff has received, or can collect, from any person other than the operator or owner of the motor vehicle which occasioned
the personal injury or death, and the maximum amount which any such plaintiff can recover against the treasurer shall be reduced by any such amounts aforementioned which such plaintiff has received or can collect.

24. **Judgment against treasurer.** When judgment is obtained against the treasurer, in an action brought under this act, upon the determination of all proceedings including appeals and reviews, the court shall make an order directed to the treasurer directing him to pay out of the fund to the plaintiff in the action the amount thereof which exceeds two hundred dollars ($200.00) and does not exceed five thousand dollars ($5,000.00), exclusive of interest and costs, on account of injury to, or death of, one person and, subject to such limits for the death of, or injury to, any one person, does not exceed ten thousand dollars ($10,000.00), exclusive of interest and costs, on account of the injury to, or death of, more than one person, in any one accident, provided that such maximum amount shall be reduced by any amount received or recovered by the plaintiff as specified in subparagraph (m) of section ten.

25. **Subrogation.** When judgment has been obtained against the treasurer in an action brought under this act, the treasurer shall, upon payment from the fund of the amount of the judgment to the extent provided in this act, be subrogated to the cause of action of the judgment creditor against the operator and owner of the motor vehicle by which the accident was occasioned and shall be entitled to bring an action against either or both of such persons for the amount of the damage sustained by the judgment creditor when and in the event that the identity of either or both of such persons shall be established, and shall be entitled to recover the same out of any funds which would be payable in respect to the death or injury under any policy of insurance, which was in force, at the time of the accident and in event that more is recovered and collected in any such action than the
amount paid out of the fund by reason of the judgment, the treasurer shall pay the balance, after reimbursing the fund, to the judgment creditor.

26. Notice of judgments to director. The treasurer shall give notice to the director of the entry of any judgment obtained by him or any judgment upon which a claim is made against the fund under this act, and of the payment of any such judgment.

27. Registration, etc., not restored until fund is reimbursed. Where the license or privileges of any person, or the registration of a motor vehicle registered in his name, has been suspended or cancelled under the Motor Vehicle Security-Responsibility Law of this State, and the treasurer has paid from the fund any amount in settlement of a claim or towards satisfaction of a judgment against that person, the cancellation or suspension shall not be removed, nor the license, privileges, or registration, restored, nor shall any new license or privilege be issued or granted to, or registration be permitted to be made by, that person until he has

(a) Repaid in full to the treasurer the amount so paid by him together with interest thereon at four per centum (4%) per annum from the date of such payment; and

(b) Satisfied all requirements of said Motor Vehicle Security-Responsibility Law in respect of giving proof of ability to respond in damages for future accidents, provided, that the court in which such judgment was rendered may, upon ten days’ notice to the board, make an order permitting payment of the amount of such person’s indebtedness to the fund, to be made in installments, and in such case, such person’s driver’s license, or his driving privilege, or registration certificate, if the same have been suspended or revoked, or have expired, may be restored or renewed and shall remain in effect unless and until such person defaults in making any installment payment specified in such order. In the event of any such default, the director shall upon notice of such default suspend such
person's driver's license, or driving privileges or registration certificate until the amount of his indebtedness to the fund has been paid in full.

A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this act.

28. Fund to be held in trust. All sums paid to the director as Unsatisfied Claim and Judgment Fund Fees and as additional charges against owners of uninsured motor vehicles shall be remitted to the treasurer within thirty days after the receipt of the same. All sums received by the treasurer pursuant to any of the provisions of this act shall become part of the fund, and shall be held by the treasurer in trust for the carrying out of the purpose of this act and for the payment of the cost of administering this act. Said fund may be invested and reinvested in the same manner as other State funds and shall be disbursed according to the order of the treasurer, as custodian of the fund.

29. Reimbursement of General State Fund. The treasurer shall, on or before the thirtieth day of June in each year in which this act has been operative, determine what amount, if any, shall be paid into the General State Fund in repayment, in whole or in part, of the costs paid or incurred by the General State Fund for administering this act during the current fiscal year and such amount shall be transferred from the fund to the General State Fund of the treasury accordingly.

30. Penalty for false statements. CHAPTER 175

An Act to establish a fund to provide security for the payment of benefits in event of the insolvency of an insurer authorized to transact the business of motor vehicle liability insurance on motor vehicles principally garaged in this State and to provide for the administration thereof.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. This act may be cited as the "Motor Vehicle Liability Security Fund Act."

2. As used in this act, unless the context or subject matter otherwise requires:

   (a) "Commissioner" means Commissioner of Banking and Insurance of this State.

   (b) "Fund" means the Motor Vehicle Liability Security Fund created by this act.

   (c) "Insolvent insurer" means an insurer which has been declared insolvent or which is unable to meet its obligations under its policies of motor vehicle liability insurance.
(d) "Insurer" means any insurer, other than an insolvent insurer, authorized to transact the business of motor vehicle liability insurance on motor vehicles principally garaged in this State.

(e) "Motor vehicle" includes all land vehicles propelled otherwise than by muscular power including trailers and semitrailers, excepting such vehicles as run only upon rails or tracks.

(f) "Motor vehicle liability insurance" means insurance against the legal liability of the insured for injury to persons or damage to property of another arising out of the ownership, operation or maintenance of motor vehicles which are principally garaged in this State.

(g) "Net direct written premiums" means direct gross premiums written on policies of motor vehicle liability insurance, less return premiums thereon and dividends credited or paid to policyholders on such direct business.

(h) "Policy" means a policy of motor vehicle liability insurance issued by an insurer.

(i) "Treasurer" means the State Treasurer of this State.

3. There is hereby created a fund to be known as the "Motor Vehicle Liability Security Fund" for the purpose of securing the benefits under policies of motor vehicle liability insurance on account of claims from accidents occurring within or without this State. Such fund shall be applicable to the payments of claims remaining unpaid in whole or in part under said policies by reason of the default of an insurer which becomes insolvent after the effective date of this act. Such fund shall consist of all payments made to the fund by insurers, of securities acquired by and through the use of moneys belonging to the fund, moneys recovered by the treasurer as provided in section nine of this act, together with interest and accretions earned upon such payments or investments. The fund shall be administered by the commissioner and the treasurer in accordance with the provisions of this act.
4. For the privilege of issuing policies of motor vehicle liability insurance, and in addition to all other requirements of law, every insurer shall pay into the fund on or before the fifteenth day of October, one thousand nine hundred and fifty-two, a sum equal to one-half of one per centum (½ of 1%) of its net direct written premiums as reported by such insurer to the commissioner for the calendar year immediately preceding, and thereafter, on or before the fifteenth day of April and October of each year, each such insurer shall pay into the fund a sum equal to one-half of one per centum (½ of 1%) of its net direct written premiums as reported to the commissioner for the preceding calendar year.

5. The commissioner, on or before the first day of April, shall ascertain and determine the net value of the fund as of the next preceding December thirty-first. The net value of the fund shall be determined by deducting from the value of the assets of the fund, the aggregate actual and estimated liabilities of the fund as determined by the commissioner. When the net value of the fund, as thus determined, reaches an amount equal to five per centum (5%) of net direct written premiums of all insurers for that calendar year of the three years immediately preceding which is shown to have been the largest amount so written, no further payments to fund shall be required to be made; provided, however, that whenever, thereafter, the net value of said fund shall be reduced below the aforesaid amount, by reason of payments from and known and estimated liabilities of said fund, then such payments to said fund shall be resumed in the manner provided in section four of this act, and shall continue in such manner until said fund, over and above its known and estimated liabilities, shall reach the aforesaid defined amount.

6. In the event any insurer shall fail to make any payment required by this act, or in case the commissioner shall have cause to believe that any return or other statement is false or inaccurate in
any particular, or that any payment made is incorrect, he shall have full authority to examine all the books and records of the insurer for the purpose of ascertaining the facts, and shall determine the correct amount to be paid, and may proceed in any court of competent jurisdiction to recover for the benefit of the fund any sum shown to be due upon such examination and determination. Any insurer which fails to make any payment to the fund when due, shall thereby forfeit to said fund a penalty of five per centum (5%) of the amount determined to be due as provided by this act plus one per centum (1%) of such amount for each month of delay, or fraction thereof, after the expiration of the first month of such delay, but the commissioner, if satisfied that the delay was excusable, may remit all or any part of such penalty. The commissioner, in his discretion, may revoke the authority to do business in this State of any insurer which shall fail to comply with the provisions of this act or to pay any penalty imposed in accordance with this act.

7. The fund created by this act shall be separate and apart from any other fund and from all other State moneys. The treasurer shall be the custodian of said fund; and all disbursements from said fund shall be made by the treasurer upon vouchers signed by the commissioner, as in this act provided. The moneys of said fund may be invested by the treasurer only in bonds of the United States or of this State. The treasurer may sell any of the securities in which the fund is invested, if he deems advisable, for its proper administration or in the best interest of the fund.

8. When any insurer becomes insolvent, the commissioner shall have access to, and may take possession of, all claim records and data, concerning claims arising under policies of motor vehicle liability insurance outstanding against the said insolvent insurer, which remain unpaid in whole or in part. The commissioner shall thereupon notify by mail all known claimants of his interest in the matters on a form prescribed by him.
9. No claim in an amount of one hundred dollars ($100.00) or less shall be paid from the fund. Only that portion of any claim which is in excess of one hundred dollars ($100.00) may be paid from the fund. All claims for benefits under this act under a policy of motor vehicle liability insurance in excess of one hundred dollars ($100.00), but not in excess of the limit of liability provided for in a policy issued by an insolvent insurer, remaining unpaid in whole or in part under said policy by reason of the default of an insurer which becomes insolvent after the effective date of this act, where the insurer has made payments to the fund as herein required, shall be paid from the fund as in this act provided.

The commissioner shall not approve any claim against the fund when notice of such claim has not been given to him by the claimant within two years of the insurer becoming an insolvent insurer or within the same period after the happening of the accident, whichever period extends to a later date.

Any party in interest may file with the commissioner an application for payment from the fund on a form to be prescribed and furnished by the commissioner. The commissioner, after investigation, may settle or compromise a claim and shall obtain a proper release of the fund from any further liability to said claimant in respect to the particular claim. The commissioner, upon the settlement or compromise of a claim made or approved by him, shall thereupon certify to the treasurer the amount payable on said claim, whereupon payment from the fund shall be made by the treasurer of the amount so certified.

When a party in interest has reduced his claim to a final judgment rendered by a court of competent jurisdiction, such claimant shall file with the commissioner a certified or exemplified copy thereof. The commissioner shall thereupon certify to the treasurer the amount payable from the fund to the extent provided by this act on account of such judgment, whereupon payment shall be made
by the treasurer of the amount so certified. The commissioner shall not certify any such claim unless the claimant shall execute a proper release of the fund from any further liability to said claimant in respect to that particular judgment. In any action brought or pending in this State after the date of insolvency, any party to such action may bring in the commissioner as a party to the litigation, and if this shall not be done, the commissioner in his discretion, shall be under no liability to recognize the validity of any resulting judgment. The fact that the commissioner is made a party to any litigation shall not impose on him personally or on the fund any liability to pay more than the limitations provided by this act.

The treasurer as custodian of the fund shall be entitled to a valid claim against an insolvent insurer, or its liquidator, rehabilitator, conservator, receiver, or trustee in bankruptcy in an amount equal to the liabilities of such insolvent insurer paid from the fund, less the net payments paid into the fund by such insolvent insurer. All moneys recovered through the prosecution of said claims in the liquidation, rehabilitation or conservation proceedings shall be forthwith placed to the credit of the fund by the treasurer.

10. The Attorney-General on application of the commissioner may, in his discretion, designate or appoint a duly authorized representative or representatives to appear and defend before any court or other body or official having jurisdiction over any or all actions or proceedings against insured of an insolvent insurer. The commissioner shall have, as of the date when such insurer becomes an insolvent insurer the same rights and remedies, in respect to the settlement and defense of claims insofar as the fund may be involved, as such insolvent insurer. For the purposes of this act the commissioner shall have exclusive power to select and employ such clerks and assistants as he may deem necessary and to fix and determine their powers and duties; and he may also, in his discretion, ar-
range with any insurer or insurers to investigate, and defend through its attorneys, any or all such claims, and to settle or compromise, and pay to the extent provided in this act, such as are valid upon approval by the commissioner, and the treasurer shall from time to time, upon certification by the commissioner, reimburse from the fund such insurer or insurers for payments so made, together with reasonable allowance for the services so rendered.

11. The expenses of administering the fund shall be paid out of the fund. The commissioner shall serve as administrator of the fund without additional compensation, but may be allowed and paid from the fund expenses incurred in the performance of his duties in connection with the fund. The compensation of those persons employed by the commissioner or designated or appointed by the Attorney-General pursuant to the provisions of this act, shall be deemed administration expenses payable from the fund in the manner provided in section seven of this act. The commissioner shall include in his regular report to the Legislature a statement of the expense of administering the fund for the preceding year.

12. Neither the commissioner nor the treasurer nor any person acting on behalf of either of them shall be personally liable to any claimant against the fund because of any act or omission of such commissioner or treasurer or person acting on behalf of either of them resulting from any mistake or error of fact or law occurring in an endeavor to carry out the provisions of this act.

13. The commissioner and the treasurer may adopt, amend and enforce all reasonable rules and regulations necessary or desirable in connection with their respective functions in administering the fund.

14. This act shall take effect immediately.

Approved May 10, 1952.

CHAPTER 187

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-3 of the Revised Statutes is amended to read as follows:

43:21-3. (a) Payment of benefits. All benefits shall be paid from the fund through employment offices, or such other agencies as may be designated in accordance with such regulations as may be prescribed hereunder.

(b) Weekly benefits for unemployment.

(1) With respect to an individual’s benefit year commencing prior to January first, one thousand nine hundred and fifty-three, such individual, if eligible and unemployed (as defined in subsection (m) of section 43:21-19 of this Title) in any week, shall be paid with respect to such week (except as to final payment) an amount equal to his weekly benefit rate less any remuneration in excess of three dollars ($3.00) paid or payable to him for such week; provided, that such amount shall be computed to the next highest multiple of one dollar ($1.00), if not already a multiple thereof.

(2) With respect to an individual’s benefit year commencing on or after January first, one thousand nine hundred and fifty-three, such individual, if eligible and unemployed (as defined in subsection (m) of section 43:21-19 of this Title), shall be paid an amount (except as to final payment) equal to his weekly benefit rate with respect to any week in which he has earned no remuneration or remunera-
tion equal to less than one-half said rate, or shall be paid an amount equal to one-half his weekly benefit rate with respect to any week in which he has earned remuneration equal to or more than one-half said rate but less than said rate.

(c) Weekly benefit rate.

(1) With respect to an individual to whom benefits shall be payable as provided in paragraph (1) of subsection (b) of this section, the weekly benefit rate shall be one-twenty-second of his total wages in that calendar quarter in which said total wages were highest during his base year; provided, that such rate shall be computed to the next highest multiple of one dollar ($1.00) if not already a multiple thereof, and shall not be more than thirty dollars ($30.00) nor less than ten dollars ($10.00).

(2) With respect to an individual to whom benefits shall be payable as provided in paragraph (2) of subsection (b) of this section, his weekly benefit rate under each benefit determination shall be two-thirds of his average weekly wage; provided, that such rate shall be computed to the next highest multiple of one dollar ($1.00) if not already a multiple thereof, and shall not be more than thirty dollars ($30.00) nor less than ten dollars ($10.00).

(d) Maximum total benefits.

(1) With respect to an individual to whom weekly benefits for unemployment shall be payable as provided in paragraph (1) of subsection (b) of this section, the maximum total amount of benefits payable to any eligible individual under either of subsections (c) and (f) of section 43:21-4 of this Title during any benefit year shall be either one-third of his total wages during his base year, computed to the next highest multiple of one dollar ($1.00), if not already a multiple thereof, or twenty-six times his weekly benefit rate, whichever is the lesser; in no event, however, are such total benefits under either of said subsections (c) and (f) to be less than ten times his weekly benefit rate. In the event that an individual qualified for benefits under
both of said subsections during any benefit year, 
the maximum total amount of benefits payable 
under said subsections combined to such individual 
during the benefit year shall be one and one-half 
times the maximum amount of benefits payable 
under one of said subsections.

(2) With respect to an individual to whom bene­
fits shall be payable as provided in paragraph (2) 
of subsection (b) of this section:

(A) Such individual shall be entitled to re­
cieve, under each successive benefit determina­
tion relating to each of his base year employ­
ers, a total amount of benefits equal to three­
fourths of his base weeks from the employer 
in question multiplied by his weekly benefit 
rate; but the amount of benefits thus resulting 
under any determination made with respect to 
an employer shall be adjusted to the next 
higher multiple of one-half of said weekly 
benefit rate, if not already a multiple thereof.

(B) No such individual shall be entitled to 
receive benefits under this Title for more than 
twenty-six weeks in any benefit year under 
either of subsections (c) and (f) of section 
43:21-4 of this Title. In the event that any 
individual qualifies for benefits under both of 
said subsections during any benefit year, the 
maximum total amount of benefits payable 
under said subsections combined to such indi­
vidual during the benefit year shall be one and 
one-half times the maximum amount of benefits 
payable under one of said subsections. For 
the purposes of this paragraph, any week for 
which an individual receives a half-payment 
as provided in paragraph (2) of subsection (b) 
of this section shall be counted as one-half of 
a week.

(C) If the full weekly benefit rate cannot 
be paid to an individual who is otherwise en­
titled thereto because the amount of unused 
benefits remaining under the applicable benefit
determination is only one-half of said rate, he shall be paid that amount; but if such individual is entitled to additional benefits under a successive determination, he shall also be paid for the week in question an amount equal to one-half of his weekly benefit rate under said successive determination.

2. Section 43:21-4 of the Revised Statutes is amended to read as follows:

43:21-4. An unemployed individual shall be eligible to receive benefits with respect to any week only if it appears that:

(a) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the division may prescribe, except that the division may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs, and as to such other types of cases or situations with respect to which the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purpose of this act; provided, that no such regulation shall conflict with subsection (a) of section 43:21-3 of this Title.

(b) He has made a claim for benefits in accordance with the provisions of subsection (a) of section 43:21-6 of this Title.

(c) He is able to work, is available for work, and has demonstrated that he is actively seeking work, except as provided in subsection (f) of this section; provided, that the director may, in his discretion, modify the requirement of actively seeking work if, in his judgment, such modification of this requirement is warranted by economic conditions.

(d) He has been totally or partially unemployed for a waiting period of one week in the benefit year which includes that week. When benefits become payable with respect to the third consecutive week
next following the waiting period, he shall be eligible to receive benefits as appropriate with respect to the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection:

(1) if benefits have been paid, or are payable with respect thereto; provided, that the requirements of this paragraph shall be waived with respect to any benefits paid or payable for a waiting period as provided in this subsection;

(2) if it has constituted a waiting period week under the Temporary Disability Benefits Law;

(3) unless the individual fulfills the requirements of subsections (a) and (c) of this section.

(4) if it has constituted a week with respect to which it is found that his unemployment was due to a stoppage of work which exists because of a labor dispute, in accordance with the provisions of subsection (d) of section 43:21-5 of this Title.

(e) With respect to a base year as defined in paragraph (1) of subsection (c) of section 43:21-19 of this Title, his wages within such base year were not less than twenty-five times his weekly benefit amount. With respect to a base year as defined in paragraph (2) of subsection (c) of section 43:21-19 of this Title, he has established at least seventeen base weeks as defined in subsection (t) of section 43:21-19 of this Title.

(f) He has suffered any accident or sickness not compensable under the workmen's compensation law (Title 34 of the Revised Statutes) and resulting in his total disability to perform any work for remuneration, and would be eligible to receive benefits under this chapter (without regard to the maximum amount of benefits payable during any benefit year) except for his inability to work and has furnished notice and proof of claim to the division, in accordance with its rules and regulations, and payment is not precluded by the provisions of subsection (g) hereof or of section 43:21-3 (d) of this Title. Such benefit payments
shall be charged to and paid from the State disabil-
ity benefits fund established by the Temporary
Disability Benefits Law, and shall not be charged
to any employer account in computing any employ-
er's experience rate for contributions payable
under this chapter.

(g) No benefits shall be payable under subsection
(f) above to any individual:

(1) for any period during which such individual
is not under the care of a legally licensed physician,
dentist or chiropodist;

(2) for any period of disability due to preg-
nancy or resulting childbirth, miscarriage, or
abortion;

(3) for any period of disability due to willfully
or intentionally self-inflicted injury, or to injuries
sustained in the perpetration by the individual of
a high misdemeanor;

(4) for any week with respect to which or a part
of which he has received or is seeking benefits
under any unemployment compensation or dis-
ability benefit law of any other State or of the
United States; provided, that if the appropriate
agency of such other State or of the United States
finally determines that he is not entitled to such
benefits, this disqualification shall not apply;

(5) for the two weeks immediately following de-
tachment from any maritime services performed
under shipping articles;

(6) for any week with respect to which or part
of which he has received or is seeking disability
benefits under the Temporary Disability Benefits
Law;

(7) for any period of disability commencing
prior to January first, one thousand nine hundred
and forty-nine, or for any period of disability
commencing while such individual is a "covered
individual" as defined in subsection three (b) of
the Temporary Disability Benefits Law (chapter
110, P. L. 1948), or after the expiration of twenty-
six consecutive weeks during which the individual
has been unemployed.
(h) Notwithstanding any other provision of this chapter, the director may, to the extent that he deems efficient and economical, provide for consolidated administration by one or more representatives or deputies of claims made pursuant to subsection (f) of this section with those made pursuant to article III (State plan) of the Temporary Disability Benefits Law.

3. Section 43:21-6 of the Revised Statutes is amended to read as follows:

43:21-6. (a) Filing. Claims for benefits shall be made in accordance with such regulations as the Director of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey may approve. Each employer shall post and maintain on his premises printed notices of his subject status, of such design, in such numbers, and at such places as the director of the division may determine to be necessary to give notice thereof to persons in the employer’s service. Each employer shall give to each individual at the time he becomes unemployed a printed copy of benefit instructions. Both the aforesaid notices and instructions shall be supplied by the division to employers without cost to them.

(b) (1) Procedure for making determinations with respect to benefit years commencing prior to January first, one thousand nine hundred and fifty-three. (A) Initial determinations. The director of the division shall designate a representative or representatives to promptly examine the claims and to determine which claims do and which claims do not meet the requirements of section 4(e); and as to those claims meeting the requirements of section 4(e) to further determine the weekly benefit rates and the maximum total benefits payable. Each claimant shall promptly be notified of the determination of his claim.

(B) Weekly determinations. The director of the division shall assign a representative or representatives to each local claims office for the pur-
pose of making weekly determinations (except those under subsections 4 (f) and 5 (d)) in the course of the benefit year, in accordance with the initial determination of a valid claim. Whenever a determination of eligibility shall be made with respect to the first week of the benefit year for which benefits are claimed, the claimant, the last employing unit and all employers in the base year shall be promptly notified of such determination. Whenever a determination of ineligibility or disqualification shall be made with respect to any week of the benefit year, the claimant shall be promptly notified of such determination.

(C) Any claimant or any interested entity or person may file an appeal from any determination under paragraphs (1) and (2) of this subsection within five calendar days after the delivery of notification, or within seven calendar days after the mailing of notification, of such determination. Unless such an appeal is filed such determination shall be final and benefits shall be paid or denied in accordance therewith. If an appeal is duly filed, benefits with respect to the period covered by the appeal shall be payable only after a determination of entitlement by the appellate tribunal; benefits payable for periods pending an appeal and not in dispute shall be paid as such benefits accrue; provided, that insofar as any such appeal is or may be an appeal from a determination to the effect that the claimant is disqualified under the provisions of section 43:21-5 of the Revised Statutes or any amendments thereof or supplements thereto, benefits pending determination of the appeal shall be withheld only for the period of disqualification as provided for in said section, and notwithstanding such appeal the benefits otherwise provided by this act shall be paid for the period subsequent to such period of disqualification; and provided, also, that if there are two determinations of entitlement, benefits for the period covered by such determination shall be paid regardless of any appeal which may thereafter be taken, but no employer's ac-
count shall be charged with benefits so paid if the decision is finally reversed.

(2) Procedure for making initial determinations with respect to benefit years commencing on or after January first, one thousand nine hundred and fifty-three.

A representative or representatives designated by the director of the division and hereinafter referred to as a "deputy" shall promptly examine the claim, and shall notify the most recent employing unit and, successively as necessary, each employer in inverse chronological order during the base year. Such notification shall require said employing unit and employer to furnish such information to the deputy as may be necessary to determine the claimant's eligibility and his benefit rights with respect to the employer in question, and such notification shall also provide the most recent chargeable employer in the base year with the name and address of the most recent employing unit of the claimant.

In his discretion, the director may appoint special deputies to make initial or subsequent determinations under subsections 4(f) and 5(d) of this chapter.

If any employer or employing unit fails to respond to the request for information within seven days after the mailing of such request, the deputy shall rely entirely on information from other sources, including an affidavit to the best of the knowledge and belief of the claimant with respect to his wages and time worked. Except in the event of fraud, if it is determined that any information in such affidavit is erroneous, no penalty shall be imposed on the claimant.

The deputy shall promptly make an initial determination based upon the available information. The initial determination shall show the weekly benefit amount payable, the maximum duration of benefits with respect to the employer to whom the determination relates, and also shall show whether the claimant is ineligible or disqualified for benefits
under the initial determination. The claimant and the employer whose account may be charged for benefits payable pursuant to said determination shall be promptly notified thereof.

Whenever an initial determination is based upon information other than that supplied by an employer because such employer failed to respond to the deputy's request for information, such initial determination and any subsequent determination thereunder shall be incontestable by the noncomplying employer, as to any charges to his employer's account because of benefits paid prior to the close of the calendar week following the receipt of his reply. Such initial determination shall be altered if necessary upon receipt of information from the employer, and any benefits paid or payable with respect to weeks occurring subsequent to the close of the calendar week following the receipt of the employer's reply shall be paid in accordance with such altered initial determination.

The deputy shall issue a separate initial benefit determination with respect to each of the claimant's base year employers, starting with the most recent employer and continuing as necessary in the inverse chronological order of the claimant's last date of employment with each such employer. If an appeal is taken from an initial determination as hereinafter provided by any employer other than the first chargeable base-year employer, then such appeal shall be limited in scope to include only one or more of the following matters:

(A) the correctness of the benefit payments authorized to be made under the determination;
(B) fraud in connection with the claim pursuant to which the initial determination is issued; or
(C) the refusal of suitable work offered by the chargeable employer filing the appeal.
The amount of benefits payable under an initial determination may be reduced or canceled if necessary to avoid payment of benefits for a number of weeks in excess of the maximum specified in paragraph (2) of subsection (d) of section 43:21-3 of this Title.

Unless the claimant or any interested party within seven calendar days after delivery of notification of an initial determination or within ten calendar days after such notification was mailed to his or their last-known address and addresses, files an appeal from such decision, such decision shall be final and benefits shall be paid or denied in accordance therewith, except for such determinations as may be altered in benefit amounts or duration as provided in this paragraph. If an appeal is duly filed, benefits with respect to the period covered by the appeal shall be payable only after a determination of entitlement by the appellate tribunal; benefits payable for periods pending an appeal and not in dispute shall be paid as such benefits accrue; provided, that insofar as any such appeal is or may be an appeal from a determination to the effect that the claimant is disqualified under the provisions of section 43:21-5 of the Revised Statutes or any amendments thereof or supplements thereto, benefits pending determination of the appeal shall be withheld only for the period of disqualification as provided for in said section, and notwithstanding such appeal the benefits otherwise provided by this act shall be paid for the period subsequent to such period of disqualification; and provided, also, that if there are two determinations of entitlement, benefits for the period covered by such determinations shall be paid regardless of any appeal which may thereafter be taken, but no employer’s account shall be charged with benefits so paid if the decision is finally reversed.

(3) Procedure for making initial determinations in certain cases of concurrent employment, with respect to benefit years commencing on or after January first, one thousand nine hundred and fifty-three.
Notwithstanding any other provisions of this Title, if an individual shows to the satisfaction of the deputy that there were at least thirteen weeks in his base period in each of which he earned wages from two or more employers totaling fifteen dollars ($15.00) or more but in each of which there was no single employer from whom he earned as much as fifteen dollars ($15.00), then such individual’s claim shall be determined in accordance with the special provisions of this paragraph. In such case, the deputy shall determine the individual’s eligibility for benefits, his average weekly wage, weekly benefit rate and maximum total benefits as if all his base year employers were a single employer. Such determination shall apportion the liability for benefit charges thereunder to the individual’s several base year employers so that each employer’s maximum liability for charges thereunder bears approximately the same relation to the maximum total benefits allowed as the wages earned by the individual from each employer during the base year bears to his total wages earned from all employers during the base year. Such initial determination shall also specify the individual’s last date of employment within the base year with respect to each base year employer, and such employers shall be charged for benefits paid under said initial determination in the inverse chronological order of such last dates of employment.

(4) Procedure for making subsequent determinations with respect to benefit years commencing on or after January first, one thousand nine hundred and fifty-three. The deputy shall make determinations with respect to claims for benefits thereafter in the course of the benefit year in accordance with any initial determination allowing benefits, and under which benefits have not been exhausted, and each notification of a benefit payment shall be a notification of an affirmative subsequent determination. The allowance of benefits by the deputy on any such determination, or the denial of benefits by the deputy on any such determination, shall be appeal-
able in the same manner and under the same limitations as is provided in the case of initial determinations.

(c) Appeals. Unless such appeal is withdrawn, an appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall affirm or modify the findings of fact and the determination. The parties shall be duly notified of such tribunal's decision, together with its reasons therefor, which shall be deemed to be the final decision of the board of review, unless within ten days after the date of notification or mailing of such decision, further appeal is initiated pursuant to subsection (e) of this section.

(d) Appeal tribunals. To hear and decide disputed benefit claims, including appeals from determinations with respect to demands for refunds of benefits under section 43:21-16 (d) of this chapter (R. S. 43:21-1 et seq.), the director with the approval of the Commissioner of Labor and Industry shall establish one or more impartial appeal tribunals consisting in each case of either a salaried examiner or a body, consisting of three members, one of whom shall be a salaried examiner, who shall serve as chairman, one of whom shall be a representative of employers and the other of whom shall be a representative of employees; each of the latter two members shall serve at the pleasure of the commissioner and be paid a fee of not more than twenty dollars ($20.00) per day of active service on such tribunal plus necessary expenses. No person shall participate on behalf of the division in any case in which he is an interested party. The director may designate alternates to serve in the absence or disqualification of any member of an appeal tribunal. The chairman shall act alone in the absence or disqualification of any other member and his alternates. In no case shall the hearings proceed unless the chairman of the appeal tribunal is present.

(e) Board of review. The board of review may on its own motion affirm, modify, or set aside any decision of an appeal tribunal on the basis of the
evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The board of review shall permit such further appeal by any of the parties interested in a decision of an appeal tribunal which is not unanimous and from any determination which has been overruled or modified by any appeal tribunal. The board of review may remove to itself or transfer to another appeal tribunal the proceedings on any claim pending before an appeal tribunal. Any proceeding so removed to the board of review shall be heard by a quorum thereof in accordance with the requirements of subsection (c) of this section. The board of review shall promptly notify the interested parties of its findings and decision.

(f) Procedure. The manner in which disputed benefit claims, and appeals from determinations with respect to (1) claims for benefits and (2) demands for refunds of benefits under section 43:21-16 (d) of this chapter (R. S. 43:21-1 et seq.) shall be presented, the reports thereon required from the claimant and from employers, and the conduct of hearings and appeals shall be in accordance with rules prescribed by the board of review for determining the rights of the parties, whether or not such rules conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded, but need not be transcribed unless the disputed claim is further appealed.

(g) Witness fees. Witnesses subpoenaed pursuant to this section shall be allowed fees at a rate fixed by the director. Such fees and all expenses of proceedings involving disputed claims shall be deemed a part of the expense of administering this chapter (R. S. 43:21-1 et seq.).
(h) Court review. Any decision of the board of review shall become final as to any party upon the mailing of a copy thereof to such party or to his attorney, or upon the mailing of a copy thereof to such party at his last-known address. The Division of Employment Security and any party to a proceeding before the board of review may secure judicial review of the final decision of the board of review. Any party not joining in the appeal shall be made a defendant; the board of review shall be deemed to be a party to any judicial action involving the review of, or appeal from, any of its decisions, and may be represented in any such judicial action by any qualified attorney who may be a regular salaried employee of the board of review or has been designated by it for that purpose, or, at the board of review's request, by the Attorney-General.

(i) Failure to give notice. The failure of any public officer or employee at any time heretofore or hereafter to give notice of determination or decision required in subsections (b), (c) and (e) of this section, as originally passed or amended, shall not relieve any employer's account of any charge by reason of any benefits paid unless and until that employer can show to the satisfaction of the director of the division that the said benefits, in whole or in part, would not have been charged or chargeable to his account had such notice been given. Any determination hereunder by the director shall be subject to court review.

4. Section 43:21-7 of the Revised Statutes is amended to read as follows:

43:21-7. (a) Payment.

(1) Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter, with respect to having individuals in his employ during such calendar year at the rates and on the basis hereinafter set forth. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the fund in accordance with
CHAPTER 187, LAWS OF 1952

such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent ($0.005) or more, in which case it shall be increased to one cent ($0.01).

(b) Rate of contributions. Each employer shall pay the following contributions:

(1) For the calendar year one thousand nine hundred and forty-seven, and each calendar year thereafter, two and seven-tenths per centum (2 7/10%) of wages paid by him during each such calendar year, except as otherwise prescribed by subsection (c) of this section.

(2) The "wages" of any individual, with respect to any one employer as the term is used in this subsection (b) and in subsections (c), (d) and (e) of this section, shall include the first three thousand dollars ($3,000.00) paid during the calendar year one thousand nine hundred and forty-seven and during each calendar year thereafter, for services either within or without this State; provided, that no contribution shall be required by this State with respect to services performed in another State if such other State imposes contribution liability with respect thereto. If an employer (hereinafter referred to as successor employer) during any calendar year acquires substantially all the property used in a trade or business of another employer (hereinafter referred to as a predecessor), or used in a separate unit of a trade or business of a predecessor, and immediately after the acquisition employs in his trade or business an individual who immediately prior to the acquisition was employed in the trade or business of such predecessor, then, for the purpose of determining whether the successor employer has paid wages with respect to employment equal to three thousand dollars ($3,000.00) to such individual during such calendar year, any wages paid to such individual by such predecessor during such calendar year and
prior to such acquisition shall be considered as hav­
ing been paid by such successor employer.

(c) Future rates based on benefit experience:
(1) A separate account for each employer shall be maintained and this shall be credited with all the contributions which he has paid on his own behalf on or before January thirty-first of any calendar year with respect to employment occurring in preceding calendar years. But nothing in this chapter shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him into the fund either on his own behalf or on behalf of such individuals. Benefits paid with respect to benefit years commencing prior to January first, one thousand nine hundred and fifty-three, to any individual on or before January thirty-first of any calendar year with respect to unemployment in preceding calendar years shall be charged against the account of each of the em­
ployers with whom such individual accrued the wage credits constituting the basis of such bene­
fits, in the same proportion as such wage credits with each such employer bear to such wage credits with all such employers. The Division of Employ­
ment Security shall furnish to each employer at such frequency as the division shall, by regulation, prescribe, but in no case less frequently than annu­
ally, a detailed statement of benefits charged to his account. Benefits paid with respect to benefit years commencing on and after January first, one thou­
sand nine hundred and fifty-three, to any individual on or before January thirty-first of any calen­
dar year with respect to unemployment in preceding calendar years shall be charged against the account or accounts of the employer or employers in whose employment such individual established base weeks constituting the basis of such benefits. Benefits paid under a given benefit determination shall be charged against the account of the employer to whom such determination relates. When each benefit payment is made the division shall promptly send either a copy of the benefit check or other
form of notification to the employer against whose account the benefits are to be charged. Such copy of notification shall identify the employer against whose account the amount of such payment is being charged, shall show at least the name and social security account number of the claimant and shall specify the period of unemployment to which said check applies. If the total amount of benefits paid to a claimant and charged to the account of the appropriate employer exceeds fifty per centum (50%) of the total base-year wages paid to the claimant by that employer, then such employer may apply to the division to have canceled from his account such excess benefit charges as specified above. Any such application for the cancellation of excess charges shall be submitted by the employer within six months from the date of the benefit check, payment of which creates such charges. In no event will the erasure of such charges affect a contribution rate already assigned to the employer with respect to any fiscal year commencing prior to the date the application is received by the division.

The division shall furnish to each employer an annual summary statement of benefits charged to his account.

(2) The Division of Employment Security may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(3) Each employer’s rate shall be two and seven-tenths per centum (2 7/10%), except as otherwise provided in the following provisions: No employer’s rate shall be other than two and seven-tenths per centum (2 7/10%) unless and until there shall have been three calendar years throughout which any individual in his employ could have received benefits if eligible. No em-
ployer's rate shall be lower than two and seven-tenths per centum \(2\frac{7}{10}\%) unless assignment of such lower rate is consistent with the conditions applicable to additional credit allowance for such year under section 1602 (a) (1) of the Internal Revenue Code (U. S. Code Title 26, section 1602 (a) (1)), any other provision of this section to the contrary notwithstanding.

(4) Each employer's rate for the twelve months commencing July first of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:

(A) Two and four-tenths per centum \(2\frac{4}{10}\%), if such excess equals or exceeds four per centum \(4\%\), but is less than five per centum \(5\%) of his average annual payroll (as defined in paragraph (2), subsection (a) of section 43:21–19 of this Title);

(B) Two and one-tenth per centum \(2\frac{1}{10}\%), if such excess equals or exceeds five per centum \(5\%) , but is less than six per centum \(6\%) of his average annual payroll;

(C) One and eight-tenths per centum \(1\frac{8}{10}\%), if such excess equals or exceeds six per centum \(6\%) , but is less than seven per centum \(7\%) of his average annual payroll;

(D) One and five-tenths per centum \(1\frac{5}{10}\%), if such excess equals or exceeds seven per centum \(7\%) , but is less than eight per centum \(8\%) of his average annual payroll;

(E) One and two-tenths per centum \(1\frac{2}{10}\%), if such excess equals or exceeds eight per centum \(8\%) , but is less than nine per centum \(9\%) of his average annual payroll.
(F) Nine-tenths of one per centum (9/10 of 1%), if such excess equals or exceeds nine per centum (9%), but is less than ten per centum (10%), of his average annual payroll;

(G) Six-tenths of one per centum (6/10 of 1%), if such excess equals or exceeds ten per centum (10%), but is less than eleven per centum (11%), of his average annual payroll;

(H) Three-tenths of one per centum (3/10 of 1%), if such excess equals or exceeds eleven per centum (11%) of his average annual payroll.

If the total of his contributions, paid on his own behalf, for all past periods, or for the past one hundred twenty consecutive calendar months, whichever period is more advantageous to such employer for the purposes of this paragraph, is less than the total benefits charged against his account during the same period, his rate shall be three per centum (3%).

(5) (A) If on March thirty-first of any calendar year the balance in the Unemployment Trust Fund equals or exceeds four per centum (4%) but is less than seven per centum (7%) of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July first following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be increased by three-tenths of one per centum (3/10 of 1%) over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection. If on March thirty-first of any calendar year the balance of the Unemployment Trust Fund is less than four per centum (4%) of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July first following, of each employer eligible for a contribution rate calculation based upon benefit ex-
perience, shall be increased by six-tenths of one per centum (6/10 of 1%) over the contribution rate otherwise established under the provisions of paragraphs (3) or (4) of this subsection; provided, that if on such March thirty-first, such balance is less than two and one-half per centum (2½%) of such total taxable wages, the contribution rate so effective, of any employer, shall be not less than two and seven-tenths per centum (2 7/10%); provided, further, that the contribution rate of any employer increased pursuant to the provisions of this subparagraph, when so increased, shall not exceed three and six-tenths per centum (3 6/10%).

(B) If on March thirty-first of any calendar year the balance in the Unemployment Trust Fund equals or exceeds ten per centum (10%) but is less than twelve and one-half per centum (12½%) of the total taxable wages reported to the Division of Employment Security as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July first following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by three-tenths of one per centum (3/10 of 1%) under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided, that in no event shall the contribution rate of any employer be reduced to less than three-tenths of one per centum (3/10 of 1%). If on March thirty-first of any calendar year the balance in the Unemployment Trust Fund equals or exceeds twelve and one-half per centum (12½%) of the total taxable wages reported to the division as of that date in respect to employment during the preceding calendar year, the contribution rate, effective July first following, of each employer eligible for a contribution rate calculation based upon benefit experience, shall be reduced by six-tenths of one per centum (6/10 of 1%) if his account reflects an excess of contributions paid over total benefits charged of three per centum (3%) or more of his average annual pay-
roll, otherwise by three-tenths of one percentum (3/10 of 1%) under the contribution rate otherwise established under the provisions of paragraphs (3) and (4) of this subsection; provided, that in no event shall the contribution rate of any employer be reduced to less than three-tenths of one percentum (3/10 of 1%).

(6) Additional contributions.
Notwithstanding any other provision of law, any employer who has been assigned a contribution rate pursuant to subsection (c) of this section for the year commencing July first, one thousand nine hundred and forty-eight, and for any year commencing July first thereafter, may voluntarily make payment of additional contributions, and upon such payment shall receive a recomputation of the experience rate applicable to such employer including in the calculation the additional contribution so made. Any such additional contribution shall be made during the thirty-day period following the date of the mailing to the employer of the notice of his contribution rate as prescribed in this section, unless, for good cause, the time for payment has been extended by the director for not to exceed an additional sixty days; provided, that in no event may such payments which are made later than one hundred twenty days after the beginning of the year for which such rates are effective be considered in determining the experience rate for the year in which the payment is made. Any employer receiving any extended period of time within which to make such additional payment and failing to make such payment timely shall pay, in addition to the required amount of additional payment, a penalty of five per centum (5%) thereof or five dollars ($5.00), whichever is greater, not to exceed fifty dollars ($50.00). Any adjustment under this subsection shall be made only in the form of credits against accrued or future contributions.

(7) Transfers.
An employer, who transfers his or its organization, trade, assets or business, in whole or in part,
to a successor in interest, whether by merger, consolidation, sale, transfer, descent or otherwise, may jointly make application with such successor in interest for transfer of the employment experience of the predecessor employer to the successor in interest, including credit for past years, contributions paid, annual payrolls, benefit charges, et cetera, applicable to such predecessor employer. The Division of Employment Security may allow such transfer of employment experience pursuant to regulations adopted by the division, only if it finds that the employment experience of the predecessor employer with respect to the organization, trade, assets or business, or part thereof, as the case may be, which has been transferred, may be considered indicative of the future employment experience of the successor in interest. In the event of a part transfer of an employer’s organization, trade, assets or business, only that portion of the employment experience relating to the portion of the organization, trade, assets or business transferred shall be transferred, and credit shall be given to the successor in interest only for the years during which contributions were paid by the predecessor employer with respect to that part of the organization, trade, assets or business transferred. A transfer of the employment experience in whole or in part having been applied for and approved by the Division of Employment Security, the predecessor employer thereafter shall not be entitled to consideration for an adjusted rate based upon his or its experience or the part thereof, as the case may be, which has thus been transferred. A successor in interest to whom employment experience or a part thereof is transferred pursuant to this subsection shall, as of the date of the transfer of the organization, trade, assets or business, or part thereof, immediately become an employer if not theretofore an employer subject to this chapter.

(d) (1) Contribution of workers; transfer to temporary disability benefit fund.
(A) Each worker shall contribute to the fund one per centum (1%) of his wages paid by an employer with respect to his employment which occurs after December thirty-first, one thousand nine hundred and thirty-seven, and prior to January first, one thousand nine hundred and fifty-three, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer; provided, however, that such contribution shall be at the rate of one-fourth of one per centum (¼ of 1%) of wages paid with respect to employment on and after January first, one thousand nine hundred and forty-nine, while the worker is covered by an approved private plan under the Temporary Disability Benefits Law or while the worker is exempt from the provisions of the Temporary Disability Benefits Law under section seven of that law. Each employer shall, notwithstanding any provisions of the law in this State to the contrary, withhold in trust the amount of his workers’ contributions from their wages at the time such wages are paid, shall show such deduction of his payroll records, shall furnish such evidence thereof to his workers as the division may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the Division of Employment Security in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purposes of section 43:21-14 of this Title, such contributions shall be treated as employer’s contributions required from him. As used in this chapter, except when the context clearly requires otherwise, the term “contributions” shall include the contributions of workers pursuant to this section.
(B) Each worker shall contribute to the fund three-fourths of one per centum (\(\frac{3}{4}\) of 1\%) of his wages paid by an employer with respect to his employment which occurs on and after January first, one thousand nine hundred and fifty-three, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer; provided, however, that such contribution shall be at the rate of one-fourth of one per centum (\(\frac{1}{4}\) of 1\%) of wages paid with respect to employment while the worker is covered by an approved private plan under the Temporary Disability Benefits Law or while the worker is exempt from the provisions of the Temporary Disability Benefits Law under section seven of that law. Each employer shall, notwithstanding any provisions of law in this State to the contrary, withhold in trust the amount of his workers' contributions from their wages at the time such wages are paid, shall show such deduction of his payroll records, shall furnish such evidence thereof to his workers as the division may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the Division of Employment Security in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid for the next succeeding payroll period, he alone shall thereafter be liable for such contributions, and for the purpose of section 43:21-14 of this Title, such contributions shall be treated as employer's contributions required from him. As used in this chapter, except when the context clearly requires otherwise, the term "contributions" shall include the contributions of workers pursuant to this section.

(2) (A) There shall be deposited in and credited to the State disability benefits fund, as the same shall be established by law, three-quarters of all worker contributions, received by the Division of
Employment Security pursuant to subparagraph (A) of paragraph (1) above on and after June first, one thousand nine hundred and forty-eight, with respect to wages upon which the rate of contributions is one per centum (1%) as provided in subparagraph (A) of paragraph (1) above.

(B) There shall be deposited in and credited to the State disability benefits fund, as the same shall be established by law, two-thirds of all worker contributions, received by the Division of Employment Security pursuant to subparagraph (B) of paragraph (1) above after December thirty-first, one thousand nine hundred and fifty-two, with respect to wages upon which the rate of contributions is three-fourths of one per centum (¾ of 1%) as provided in subparagraph (B) of paragraph (1) above.

(3) (A) If an employee receives wages from more than one employer during any calendar year after the calendar year one thousand nine hundred and fifty and prior to the calendar year one thousand nine hundred and fifty-three, and either the sum of his contributions deposited in and credited to the State disability benefits fund (in accordance with subparagraph (A) of paragraph (2) of this subsection) plus the amount of his contributions, if any, required towards the cost of benefits under one or more approved private plans under the provisions of section nine of the "Temporary Disability Benefits Law" and deducted from his wages, or the sum of such latter contributions if the employee is covered, during such calendar year, only by two or more private plans, exceeds twenty-two dollars and fifty cents ($22.50), the employee shall be entitled to a refund of the excess if he makes claim to the Division of Employment Security within two years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the Division of Employment Security from the State disability benefits fund. No in-
interest shall be allowed or paid with respect to any such refund. The division shall, in accordance with prescribed regulations, determine the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section nine of the "Temporary Disability Benefits Law," such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund as provided in subparagraph (A) of paragraph (1) of this subsection with respect to coverage under private plans to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund as provided in subparagraph (A) of paragraph (2) of this subsection. The division shall, in accordance with prescribed regulations, prorate the amount so determined among the applicable private plans in the proportion that the wages covered by each plan bears to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of Revised Statutes, section 43:21-14 with respect to collection of employer contributions shall apply to such assessments. The amounts so recovered by the division shall be paid into the State disability benefits fund.

(B) If an employee receives wages from more than one employer during any calendar year commencing with the calendar year one thousand nine hundred and fifty-three, and either the sum of his contributions deposited in and credited to the State disability benefits fund (in accordance with subparagraph (B) of paragraph (2) of this subsection) plus the amount of his contributions, if any, required towards the cost of benefits under one or more approved private plans under the provisions of section nine of the Temporary Disability Benefits Law and deducted from his wages, or the sum of such latter contributions if the employee is cov-
CHAPTER 187, LAWS OF 1952

Ceding, during such calendar year, only by two or more private plans, exceeds fifteen dollars ($15.00), the employee shall be entitled to a refund of the excess if he makes claim to the Division of Employment Security within two years after the end of the calendar year in which the wages are received with respect to which the refund is claimed and establishes his right to such refund. Such refund shall be made by the Division of Employment Security from the State disability benefits fund. No interest shall be allowed or paid with respect to any such refund. The division shall, in accordance with prescribed regulations, determine the portion of the aggregate amount of such refunds made during any calendar year which is applicable to private plans for which deductions were made under section nine of the “Temporary Disability Benefits Law,” such determination to be based upon the ratio of the amount of such wages exempt from contributions to such fund as provided in subparagraph (B) of paragraph (1) of this subsection with respect to coverage under private plans to the total wages so exempt plus the amount of such wages subject to contributions to the disability benefits fund as provided in subparagraph (B) of paragraph (2) of this subsection. The division shall, in accordance with prescribed regulations, prorate the amount so determined among the applicable private plans in the proportion that the wages covered by each plan bears to the total private plan wages involved in such refunds, and shall assess against and recover from the employer, or the insurer if the insurer has indemnified the employer with respect thereto, the amount so prorated. The provisions of Revised Statutes, section 43:21-14, with respect to collection of employer contributions shall apply to such assessments. The amounts so recovered by the division shall be paid into the State disability benefits fund.

(4) If an individual does not receive any wages from the employing unit which for the purposes of this chapter is treated as his employer, or receives
his wages from some other employing unit, such employer shall nevertheless be liable for such individual’s contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit, or may recover the amount of such contributions from such employing unit or, in the absence of such an employing unit, from such individual, in a civil action for debt; provided, proceedings therefor are instituted within three months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(5) Every employer who has elected to become an employer subject to this chapter or to cease to be an employer subject to this chapter, pursuant to the provisions of section 43:21-8 of this Title, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the director may determine to be necessary to give notice thereof to persons in his service.

(6) Contributions by workers, payable to the Division of Employment Security as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

(c) Contributions by employers to State disability benefits fund.

(1) Except as hereinafter provided, each employer shall, in addition to the contributions required by subsections (a), (b), and (c) of this section, contribute one-quarter of one per centum ($\frac{1}{4}$ of 1%) of the wages paid by such employer to workers with respect to employment after January first, one thousand nine hundred and forty-nine. Such contributions shall become due and be paid by each employer to the Division of Employment Security for the State disability benefits fund
as established by law, in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent ($0.005) or more, in which case it shall be increased to one cent ($0.01).

(2) During the continuance of coverage of a worker by an approved private plan of disability benefits under the Temporary Disability Benefits Law, the employer shall be exempt from the contribution required by subparagraph (1) above with respect to wages paid to such worker.

(3) (A) The rates of contribution as specified in subparagraph (1) above shall be subject to modification as provided herein with respect to employer contributions due on and after July first, one thousand nine hundred and fifty-one.

(B) A separate disability benefits account shall be maintained for each employer required to contribute to the State disability benefits fund and such account shall be credited with contributions deposited in and credited to such fund with respect to employment occurring on and after January first, one thousand nine hundred and forty-nine. Each employer’s account shall be credited with all contributions paid on or before January thirty-first of any calendar year on his own behalf and on behalf of individuals in his service with respect to employment occurring in preceding calendar years. But nothing in this act shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him to the fund either on his own behalf or on behalf of such individuals. Benefits paid to any covered individual in accordance with Article III of the Temporary Disability Benefits Law on or before January thirty-first of any calendar year with respect to disability in preceding calendar years shall be charged against the account of the employer by whom such individual was employed at
CHAPTER 187, LAWS OF 1952

the commencement of such disability or by whom he was last employed if out of employment.

(C) The division may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.

(D) Prior to July first of each calendar year, the Division of Employment Security shall make a preliminary determination of the rate of contribution for the twelve months commencing on such July first for each employer subject to the contribution requirements of this subsection (E).

(1) Such preliminary rate shall be one-quarter of one per centum (\(\frac{1}{4}\) of 1%) unless on the preceding January thirty-first of such year such employer shall have been a covered employer who has paid contributions to the State disability benefits fund with respect to employment in the three calendar years immediately preceding such year and his account shall have been credited with at least fifteen hundred dollars ($1,500.00) of employer and employee contributions.

(2) If the minimum requirements in (1) above have been fulfilled and the credited contributions exceed the benefits charged by more than five hundred dollars ($500.00), such preliminary rate shall be as follows:

(i) Two-tenths of one per centum (\(\frac{2}{10}\) of 1%) if such excess over five hundred dollars ($500.00) exceeds one per centum (1%) but is less than one and one-quarter per centum (\(1\frac{1}{4}\%\)) of his average annual payroll (as defined in this chapter);

(ii) Fifteen one hundredths of one per centum (\(\frac{15}{100}\) of 1%) if such excess over five hundred dollars ($500.00) equals or ex-
ceeds one and one-quarter per centum (1¼%) but is less than one and one-half per centum (1½%) of his average annual payroll.

(iii) One-tenth of one per centum (1/10 of 1%) if such excess over five hundred dollars ($500.00) equals or exceeds one and one-half per centum (1½%) of his average annual payroll.

(3) If the minimum requirements in (1) above have been fulfilled and the contributions credited exceed the benefits charged but by not more than five hundred dollars ($500.00) plus one per centum (1%) of his average annual payroll, or if the benefits charged exceed the contributions credited by not more than five hundred dollars ($500.00), the preliminary rate shall be one-quarter of one per centum (¼ of 1%).

(4) If the minimum requirements in (1) above have been fulfilled and the benefits charged exceed the contributions credited by more than five hundred dollars ($500.00), such preliminary rate shall be as follows:

(i) Thirty-five one hundredths of one per centum (35/100 of 1%) if such excess over five hundred dollars ($500.00) is less than one-quarter of one per centum (¼ of 1%) of his average annual payroll;

(ii) Forty-five one hundredths of one per centum (45/100 of 1%) if such excess over five hundred dollars ($500.00) equals or exceeds one-quarter of one per centum (¼ of 1%) but is less than one-half of one per centum (½ of 1%) of his average annual payroll;

(iii) Fifty-five one hundredths of one per centum (55/100 of 1%) if such excess over five hundred dollars ($500.00) equals or exceeds one-half of one per centum (½ of 1%) but is less than three-quarters of one per centum (¾ of 1%) of his average annual payroll;
(iv) Sixty-five one hundredths of one per centum (65/100 of 1%) if such excess over five hundred dollars ($500.00) equals or exceeds three-quarters of one per centum (¾ of 1%) but is less than one per centum (1%) of his average annual payroll;

(v) Seventy-five one hundredths of one per centum (75/100 of 1%) if such excess over five hundred dollars ($500.00) equals or exceeds one per centum (1%) of his average annual payroll.

(5) Determination of the preliminary rate as specified in (2), (3) and (4) above shall be subject, however, to the condition that it shall in no event be decreased by more than one-tenth of one per centum (1/10 of 1%) of wages or increased by more than two-tenths of one per centum (2/10 of 1%) of wages from the preliminary rate determined for the preceding year in accordance with (1), (2), (3) or (4), whichever shall have been applicable.

(E) (1) Prior to July first of each calendar year the Division of Employment Security shall determine the amount of the State disability benefits fund as of December thirty-first of the preceding calendar year increased by the contributions paid thereto during January of the current calendar year with respect to employment occurring in preceding calendar years and decreased by the benefits paid during January of the current calendar year with respect to disability in preceding calendar years. If such amount exceeds the total of the amounts withdrawn from the unemployment trust fund pursuant to section twenty-three of the Temporary Disability Benefits Law plus the amount at the end of such preceding calendar year of the unemployment disability account (as defined in section twenty-two of said law), such excess shall be expressed as a percentage of the wages on which contributions were paid to the State disability benefits fund on or before January thirty-
first with respect to employment in the preceding calendar year.

(2) The Division of Employment Security shall then make a final determination of the rates of contribution for the twelve months commencing July first of such year for employers whose preliminary rates are determined as provided in (D) hereof, as follows:

(i) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds one and one-quarter per centum (1\(\frac{1}{4}\)%) the final employer rates shall be the preliminary rates determined as provided in (D) hereof, except that if the employer’s preliminary rate is determined as provided in (D) (2) or (D) (3) hereof, the final employer rate shall be the preliminary employer rate decreased by such percentage of excess taken to the nearest five one hundredths of one per centum (5/100 of 1%), but in no case shall such final rate be less than one-tenth of one per centum (1/10 of 1%).

(ii) If the percentage determined in accordance with paragraph (1) of this subsection equals or exceeds three-quarters of one per centum (% of 1%) and is less than one and one-quarter of one per centum (1\(\frac{1}{4}\) of 1%), the final employer rates shall be the preliminary employer rates.

(iii) If the percentage determined in accordance with paragraph (1) of this subsection is less than three-quarters of one per centum (% of 1%), the final employer rates shall be the preliminary employer rates determined as provided in (D) hereof increased by the difference between three-quarters of one per centum (% of 1%) and such percentage taken to the nearest five one hundredths of one per centum (5/100 of 1%); provided, however, that no final rate shall be more than one-quarter of one per centum (¼ of 1%) in the case of an employer whose preliminary rate is deter-
minded as provided in (D) (2) hereof, more than one-half of one per centum ($\frac{1}{2}$ of 1%) in the case of an employer whose preliminary rate is determined as provided in (D) (1) and (D) (3) hereof, nor more than three-quarters of one per centum ($\frac{3}{4}$ of 1%) in the case of an employer whose preliminary rate is determined as provided in (D) (4) hereof.

(iv) If the amount of the State disability benefits fund determined as provided in paragraph (1) of this subsection is equal to or less than the total of the amounts withdrawn from the unemployment trust fund pursuant to section twenty-three of the Temporary Disability Benefits Law plus the amount at the end of the preceding calendar year of the unemployment disability account, then the final rate shall be three-quarters of one per centum ($\frac{3}{4}$ of 1%) for all employers.

5. Section 43:21-11 of the Revised Statutes is amended to read as follows:

43:21-11. (a) Duties and powers of the division. It shall be the duty of the division to determine all matters of policy; and it shall have power and authority to adopt, amend, or rescind such rules and regulations, require such reports, make such investigations, and take such other action as it deems necessary or suitable to that end or to administer this chapter; provided, that the division may delegate this chapter subject to their ultimate supervision and control. Such rules and regulations shall be effective upon publication in the manner, not inconsistent with the provisions of this chapter, which the division shall prescribe. The division shall determine its own organization and methods of procedure in accordance with the provisions of this chapter, and shall have an official seal which shall be judicially noticed. Not later than the first day of February of each year, the division shall submit to the Governor a report covering the administra-
tion and operation of this chapter during the pre-
ceding calendar year and shall make such recom-
mendations for amendments to this chapter as the
division deems proper. Such report shall include
a balance sheet of the moneys in the fund in which
there shall be provided, if possible, a reserve
against the liability in future years to pay benefits
in excess of the then current contributions, which
reserve shall be set up by the division in accord-
ance with accepted actuarial principles on the basis
of statistics of employment, business activity, and
other relevant factors for the longest possible
period. Whenever the division believes that a
change in contribution or benefit rates will become
necessary to protect the solvency of the fund, it
shall promptly so inform the Governor and the
Legislature, and make recommendations with
respect thereto. The division shall make a study
of the problem of paying partial benefits for partial
unemployment.

(b) Regulations and general and special rules.
General and special rules may be adopted,
amended, or rescinded by the division. General
rules shall become effective ten days after filing
with the Secretary of State and publication in one
or more newspapers of general circulation in this
State. Special rules shall become effective ten
days after notification to or mailing to the last
known address of the individuals or concerns
affected thereby. Regulations may be adopted,
amended, or rescinded by the division and shall
become effective in the manner and at the time
prescribed by the division.

(c) Publication. The division shall cause to be
printed for distribution to the public the text of
this chapter, the division's regulations and general
rules, its annual reports to the Governor, and any
other material the division deems relevant and
suitable and shall furnish the same to any person
upon application therefor.

(d) Personnel. Subject to other provisions of
this chapter, the division is authorized to appoint
(subject to the provisions of Title 11, Civil Service), fix the compensation, and prescribe the duties and powers of such officers, accountants, attorneys, experts, and other persons as may be necessary in the performance of its duties. All positions shall be filled by persons selected and appointed on a nonpartisan merit basis from lists of eligible persons prepared by the Civil Service Commission, in accordance with the provisions of Title 11, Civil Service, except that any attorney, now or hereafter in office or position of legal assistant for the division, shall be placed in the exempt class of the civil service and thereafter shall not be subject to removal except for cause and then only in accordance with the provisions of Title 11, Civil Service; provided, however, that nothing herein shall be construed to apply to any attorney designated as special counsel in accordance with the provisions of sections 43:21-6, subsection (h), and 43:21-17. The division shall not employ or pay any person who is an officer or committee member of any political party organization. The division may delegate to any such person so appointed such power and authority as it deems reasonable and proper for the effective administration of this chapter, and may in its discretion bond any person handling moneys or signing checks hereunder.

(e) Advisory councils. The division shall appoint a State advisory council of six members and local advisory councils of four members each, composed in each case of an equal number of employer representatives and employee representatives who may fairly be regarded as representative because of their vocation, employment, or affiliations, and of such members representing the general public as the division may designate. Such councils shall aid the division in formulating policies and discussing problems related to the administration of this chapter and in assuring impartiality and freedom from political influence in the solution of such problems. Such advisory councils shall serve without compensation, but shall be reimbursed for any necessary expenses.
(f) Employment stabilization. The division, with the advice and aid of its advisory councils, and through its appropriate divisions, shall take all appropriate steps to reduce and prevent unemployment; to encourage and assist in the adoption of practical methods of vocational training, retraining and vocational guidance; to investigate, recommend, advise, and assist in the establishment and operation, by municipalities, counties, school districts, and the State, of reserves for public works to be used in times of business depression and unemployment; to promote the re-employment of unemployed workers throughout the State in every other way that may be feasible, and to these ends to carry on and publish the results of investigations and research studies.

(g) Records and reports. Each employing unit shall keep true and accurate employment records, containing such information as may be prescribed. Such records shall be open to inspection and be subject to being copied by the director of the division or his authorized representatives at any reasonable time. The director may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which is deemed necessary for the effective administration of this chapter. Under such rules and regulations as may be adopted by the division reports relative to wages and separation from employment may be required from any employer or employing unit at the time such employer or employing unit suspends business operations in this State, or from any employer or employing unit which fails to co-operate in submitting promptly the wage and employment data which may be required under paragraph (2) of subsection (b) of section 43:21-6 of this Title. If the nature of such suspension is temporary or in the nature of a transfer, then the director may excuse the employer or employing unit from furnishing such a termination report upon assurances that proper arrangements have been made to supply any information which may be required under par-
agraph (2) of subsection (b) of section 43:21-6 of this Title. The director may, in his discretion, require from any employer or employing unit, reports relative to wages and separation in such manner and at such time as he may deem necessary for the effective administration of this chapter. Information thus obtained shall not be published or be open to public inspection (other than to public employees in the performance of their public duties) in any manner revealing the employing unit's identity, but any claimant at a hearing before an appeal tribunal, the division or the board of review, shall be supplied with information from such records to the extent necessary for the proper presentation of his claim. Any employee or member of the division who violates any provision of this section shall be liable to a fine of not less than twenty dollars ($20.00) nor more than two hundred dollars ($200.00), to be recovered in a civil action in the name of the division, said fine when recovered to be paid to the unemployment compensation fund for the use of said fund.

(h) Oaths and witnesses. In the discharge of the duties imposed by this chapter, the chairman of an appeal tribunal and any duly authorized representative or member of the division, the director or any deputy director thereof or member of the board of review shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpensas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records deemed necessary as evidence in connection with a disputed claim or the administration of this chapter. Witnesses subpenaed pursuant to this section shall in the discretion of the division be allowed fees at a rate to be fixed by it. Such fees shall be deemed a part of the expense of administering this chapter.

(i) Subpensas. In case of contumacy by or refusal to obey a subpoena issued to any person, any court of this State within the jurisdiction of which
the inquiry is carried on or within the jurisdiction of which said person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the division or its duly authorized representative, or the board of review, shall have jurisdiction to issue to such person an order requiring such person to appear before the board of review or a member thereof, the division, the director, or his duly authorized representative, there to produce evidence if so ordered or there to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who shall without just cause fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records, if it is in his power so to do, in obedience to a subpoena of the division or of the board of review shall be punished by a fine of not more than two hundred dollars ($200.00) or by imprisonment for not longer than sixty days, or by both such fine and imprisonment, and each day such violation continues shall be deemed to be a separate offense.

(j) Protection against self-incrimination. No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda and other records before the division or the board of review or in obedience to the subpoena of a member of the division or the director thereof, the board of review or a member thereof, or any duly authorized representative of the division in any cause or proceeding before the division, the board of review or a member thereof, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or
produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(k) State-Federal co-operation. In the administration of this chapter the division shall cooperate to the fullest extent consistent with the provisions of this chapter, with the Social Security Board, created by the social security act, approved August fourteenth, one thousand nine hundred and thirty-five as amended; shall make such reports, in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports, and shall comply with the regulations prescribed by the Social Security Board governing the expenditures of such sums as may be allotted and paid to this State under Title III of the social security act for the purpose of assisting in the administration of this chapter.

Upon request therefor the director shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment, the name, address, ordinary occupation and employment status of each recipient of benefits and such recipient’s rights to further benefits under this chapter.

The division may make the State’s records relating to the administration of this chapter available to the Railroad Retirement Board and may furnish the Railroad Retirement Board, at the expense of such board, such copies thereof as the Railroad Retirement Board deems necessary for its purposes.

The division may afford reasonable co-operation with every agency of the United States charged with the administration of any unemployment insurance law.
6. Section 43:21-14 of the Revised Statutes is amended to read as follows:

(a) In addition to such reports as the executive director may require under the provisions of subsection (g) of section 43:21-11 of this Title, every employer shall file with the division periodical contribution reports on such forms and at such times as the executive director, with the approval of the division, shall prescribe, to disclose the employer's liability for contributions under the provisions of this chapter, and at the time of filing each contribution report shall pay the contributions required by this chapter for the period covered by such report. The division may require that such reports shall be under oath of the employer. Any employer who shall fail to file any report, required by the division or the director, on or before the last day for the filing thereof shall pay a penalty of one dollar ($1.00) for each day of delinquency until and including the tenth day following such last day and, for any period of delinquency after such tenth day, a penalty of one dollar ($1.00) a day or twenty per centum (20%) of the amount of the contributions due and payable by the employer for the period covered by the report, whichever is the lesser. If there be no liability for contributions for the period covered by any contribution report or in the case of any report other than a contribution report, the employer or employing unit shall pay a penalty of one dollar ($1.00) a day for each day of delinquency in filing or fifteen dollars ($15.00), whichever is the lesser. Any employer who shall fail to pay the contributions due for any period on or before the date they are required by the division to be paid, shall pay interest at the rate of one per centum (1%) a month on the amount thereof from such date until the date of payment thereof. Upon the written request of any employer or employing unit, filed with the division on or before the due date of any report or contribution payment, the division,
for good cause shown, may grant, in writing, an extension of time for the filing of such report or the paying of such contribution with interest at the rate of one per centum (1%) a month on the amount thereof; provided, no such extension shall exceed thirty days and that no such extension shall postpone payment of any contribution for any period beyond the day preceding the last day for filing tax returns under Title IX of the Federal Social Security Act for the year in which such period occurs.

(b) The contributions, penalties, and interest due from any employer under the provisions of this chapter, from the time they shall be due, shall be a personal debt of the employer to the State of New Jersey, recoverable in any court of competent jurisdiction in an action at law in the name of the State of New Jersey; provided, however, that except in the event of fraud, no employer shall be liable for contributions, penalties, or interest unless assessed before four years have elapsed from the time when the contributions were due.

(c) If any employer shall fail to make any report as required by the rules and regulations of the division pursuant to the provisions of this chapter, the division may make an estimate of the liability of such employer from any information it may obtain and, according to such estimate so made, assess such employer for the contributions, penalties, and interest due the State from him, give notice of such assessment to the employer, and make demand upon him for payment.

(d) After a report is filed under the provisions of this chapter and the rules and regulations of the division, the division shall cause the report to be examined and shall make such further audit and investigation as it may deem necessary, and if therefrom there shall be determined that there is a deficiency with respect to the payment of the contributions due from such employer, the division shall assess the additional contributions, penalties,
and interest due the State from such employer, give
notice of such assessment to the employer, and
make demand upon him for payment.

(e) As an additional remedy, the division may
issue to the clerk of the Supreme Court of New Jer­
sy a certificate stating the amount of the em­
ployer's indebtedness under this chapter and de­
scribing the liability, and thereupon the clerk shall
immediately enter upon his record of docketed
judgments such certificates or an abstract thereof
and duly index the same. Such certificate or ab­
tract from the time of such docketing shall have
the same force and effect as a judgment obtained
in the Supreme Court of New Jersey, and the divi­
sion shall have all the remedies and may take all
the proceedings for the collection thereof which
may be had or taken upon the recovery of such a
judgment in an action at law upon contract in said
court. Such debt, from the time of the docketing
thereof, shall be a lien on and bind the lands, ten­
ements, and hereditaments of the debtor.

The clerk of the Supreme Court shall be entitled
to receive for docketing such certificate fifty cents
($0.50), and for a certified transcript of such docket
fifty cents ($0.50). If the amount set forth in said
certificate as a debt shall be modified or reversed
by any court, the clerk of the Supreme Court shall,
when an order of modification or reversal is filed,
enter in the margin of the docket opposite the entry
of the judgment the word "modified" or "re­
versed," as the case may be, and the date of such
modification or reversal.

The employer, or any other person having an in­
terest in the property upon which the debt is a lien,
may deposit the amount claimed in the certificate
with the clerk of the Supreme Court of New Jer­
sy, together with fifty dollars ($50.00) to cover in­
terest and the costs of court, or in lieu of depositing
the amount in cash, may give a bond to the State
of New Jersey in double the amount claimed in the
certificate, and file the same with the clerk of the
Supreme Court. Said bond shall have such surety and shall be approved in the manner now required by section 2:27-369 of the Revised Statutes.

After the deposit of said money or the filing of said bond, the employer or any other person having an interest in the said property may review the legality or validity of the indebtedness or the amount thereof by certiorari, and the said deposit of cash shall be as security for and the bond shall be conditioned to prosecute the certiorari with effect and to pay and satisfy, if the debt be sustained, the amount adjudged by the court and all interest and costs.

Upon the deposit of said money or the filing of the said bond with the clerk of the Supreme Court, all proceedings on such judgment shall be stayed until the final determination of the cause, and the moneys so deposited shall be subject to the lien of the indebtedness and costs and interest thereon, and the lands, tenements, and hereditaments of said debtor shall forthwith be discharged from the lien of the State of New Jersey and no execution shall issue against the same by virtue of said judgment.

(f) If not later than two years after the calendar year in which any moneys were erroneously paid to, or collected by the division, whether such payments were voluntarily or involuntarily made or made under mistake of law or of fact, an employer or an employee who has paid such moneys shall make application for an adjustment of his own contribution in connection with subsequent contribution payments, or for a refund of his own contribution because such adjustment cannot be made, and the division or director shall determine that such moneys or any portion thereof was so erroneously paid or collected, such employer or employee shall be allowed to make an adjustment thereof, without interest, in connection with subsequent contribution payments, or if such adjustments cannot be made the said amount shall be refunded, without interest, from the fund. For a
like cause and within the same period, adjustment or refund may be so made on the initiative of the division through the director.

(g) All interest and penalties collected pursuant to this section shall be paid into a special fund to be known as the unemployment compensation auxiliary fund; all moneys in this special fund shall be deposited, administered and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State treasury, and shall be expended, under legislative appropriation, solely for the purpose of aiding in defraying the cost of the administration of this chapter and for essential and necessary expenditures in connection herewith not provided in or by grants of the Federal Government. The Treasurer of the State shall be ex-officio the treasurer and custodian of this special fund and, subject to legislative appropriation, shall administer the fund in accordance with the directions of the division. Any balances in this fund shall not lapse at any time, but shall be continuously available, subject to legislative appropriation, to the division for expenditure. The State Treasurer shall give a separate and additional bond conditioned upon the faithful performance of his duties in connection with the unemployment compensation auxiliary fund in an amount to be fixed by the division, the premiums for such bond to be paid from the moneys in the said special fund.

7. Section 43:21-16 of the Revised Statutes is amended to read as follows:

43:21-16. (a) Whoever makes a false statement or representation knowing it to be false or knowingly fails to disclose a material fact, to obtain or increase any benefit or other payment under this chapter (R.S. 43:21-1 et seq.), or under an employment security law of any other State or of the Federal Government, either for himself or for any other person, shall be liable to a fine of twenty dollars ($20.00) for each offense, to be recovered in an action at law in the name of the Division of Em-
ployment Security of the Department of Labor and Industry of the State of New Jersey or as provided in subsection (e) of section 43:21-14, said fine when recovered to be paid to the unemployment compensation auxiliary fund for the use of said fund; and each such false statement or representation or failure to disclose a material fact shall constitute a separate offense. Any penalties imposed by this subsection shall be in addition to those otherwise prescribed in this chapter (R.S. 43:21-1 et seq.).

(b) (1) Any employing unit or any officer or agent of an employing unit or any other person who makes a false statement or representation knowing it to be false, or who knowingly fails to disclose a material fact, to prevent or reduce the payment of benefits to any individual entitled thereto, or to avoid becoming or remaining subject hereto or to avoid or reduce any contribution or other payment required from an employing unit under this chapter (R.S. 43:21-1 et seq.), or under an employment security law of any other State or of the Federal Government, or who willfully fails or refuses to furnish any reports required hereunder (except for such reports as may be required under paragraph 43:21-6 (b) (2) of this Title) or to produce or permit the inspection or copying of records as required hereunder, shall be liable to a fine of fifty dollars ($50.00), to be recovered in an action at law in the name of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey or as provided in subsection (e) of section 43:21-14, said fine when recovered to be paid to the unemployment compensation auxiliary fund for the use of said fund; and each such false statement or representation or failure to disclose a material fact, and each day of such failure or refusal shall constitute a separate offense. Any penalties imposed by this paragraph shall be in addition to those otherwise prescribed in this chapter (R.S. 43:21-1 et seq.).
(2) Any employing unit or any officer or agent of an employing unit or any other person who fails to submit any report required under paragraph 43:21-6 (b) (2) of this Title shall be subject to a penalty of five dollars ($5.00) for each such report not submitted within seven days after the mailing of a request for such report, and an additional five dollars ($5.00) penalty may be assessed for each seven-day period which may elapse after the end of the initial seven-day period and before the report is filed; provided, that when such report or reports are not filed within the prescribed time but it is shown to the satisfaction of the director that the failure was due to a reasonable cause, no such penalty shall be imposed. Any penalties imposed by this paragraph shall be recovered as provided in subsection (e) of section 43:21-14 of this Title, and when recovered shall be paid to the unemployment compensation auxiliary fund for the use of said fund.

(c) Any person who shall willfully violate any provision of this chapter (R. S. 43:21-1 et seq.) or any rule or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of this chapter (R. S. 43:21-1 et seq.), and for which a penalty is neither prescribed herein nor provided by any other applicable statute, shall be liable to a fine of fifty dollars ($50.00), to be recovered in an action at law in the name of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey or as provided in subsection (e) of section 43:21-14, said fine when recovered to be paid to the unemployment compensation auxiliary fund for the use of said fund; and each day such violation continues shall be deemed to be a separate offense.

(d) When it is determined by a representative or representatives designated by the director of the Division of Employment Security of the Department of Labor and Industry of the State of New
Jersey that any person, whether (i) by reason of the nondisclosure or misrepresentation by him or by another, of a material fact (whether or not such nondisclosure or misrepresentation was known or fraudulent), or (ii) for any other reason, has received any sum as benefits under this chapter (R.S. 43:21-1 et seq.) while any conditions for the receipt of benefits imposed by this chapter (R.S. 43:21-1 et seq.) were not fulfilled in his case, or while he was disqualified from receiving benefits, or while otherwise not entitled to receive such sum as benefits, such person shall be liable, if the director in his discretion directs recovery, either to have such sum deducted from any future benefits payable to him under this chapter (R.S. 43:21-1 et seq.) or to repay to the division for the unemployment compensation fund, a sum equal to the amount so received by him, and such sum shall be collectible in the manner provided in subsection (e) of section 43:21-14 of this chapter (R.S. 43:21-1 et seq.) for the collection of past-due contributions; provided, however, that, except in the event of fraud, no person shall be liable for any such refunds or deductions against future benefits unless so notified before four years have elapsed from the time the benefits in question were paid. Such person shall be promptly notified of the determination and the reasons therefor. Unless such person, within five calendar days after the delivery of such determination, or within seven calendar days after such notification was mailed to his last-known address, files an appeal for such determination, such determination shall be final.

(e) Any employing unit or any officer or agent of an employing unit, employer or person failing to remit, when payable, any employer contributions, or worker contributions (if withheld or deducted) or the amount of such worker contributions (if not withheld or deducted), or filing or causing to be filed with the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey, any false or

fraudulent report or statement, and any person who aids or abets an employing unit, employer, or any person in the preparation or filing of any false or fraudulent report or statement with the aforesaid division with intent to defraud the aforesaid division or the State of New Jersey or an employment security agency of any other State or of the Federal Government, or with intent to evade the payment of any contributions, interest or penalties, or any part thereof, which shall be due under the provisions of this chapter (R. S. 43:21-1 et seq.), shall be liable for each offense upon conviction before any County Court, county district court, criminal judicial district court, or magistrate’s court, to a fine not to exceed two hundred fifty dollars ($250.00) or by imprisonment for a term not to exceed ninety days, or both, at the discretion of the court. The fine upon conviction shall be payable to the unemployment compensation auxiliary fund of the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey. Any penalties imposed by this subsection shall be in addition to those otherwise prescribed in this chapter (R. S. 43:21-1 et seq.).

(f) There shall be created in the Division of Employment Security of the Department of Labor and Industry of the State of New Jersey an investigating staff for the purpose of investigating violations referred to in this section and enforcing the provisions thereof.

8. Section 43:21-19 of the Revised Statutes is amended to read as follows:

43:21-19. As used in this chapter, unless the context clearly requires otherwise:

(a) (1) “Annual payroll” means the total amount of wages paid during a calendar year (regardless of when earned) by an employer for employment.

(2) “Average annual payroll” means the average of the annual payrolls of any employer for the last three or five preceding calendar years, which-
ever average is higher, except that any year or years throughout which an employer has had no "annual payroll" because of military service shall be deleted from the reckoning; the "average annual payroll" in such case is to be determined on the basis of the prior three or five calendar years in each of which the employer had an "annual payroll" in the operation of his business, if the employer resumes his business within twelve months after separation, discharge or release from such service, under conditions other than dishonorable, and makes application to have his "average annual payroll" determined on the basis of such deletion within twelve months after he resumes his business; provided, however, that "average annual payroll" solely for the purposes of paragraph (3) of subsection (e) of section 43:21-7 of this Title means the average of the annual payrolls of any employer, on which he paid contributions to the State disability benefits fund, for the last three or five preceding calendar years, whichever average is higher; provided further, that only those wages be included on which employer contributions have been paid on or before January thirty-first immediately preceding the beginning of the twelve-months' period for which the employer's contribution rate is computed.

(b) "Benefits" means the money payments payable to an individual, as provided in this chapter, with respect to his unemployment.

(e) (1) The term "base year" with respect to benefit years commencing prior to January first, one thousand nine hundred and fifty-three, means the first four of the last five completed calendar quarters immediately preceding the first day of an individual's benefit year; provided, that no calendar quarter shall comprise a part of more than one base year.

(2) "Base year" with respect to benefit years commencing on or after January first, one thousand nine hundred and fifty-three, shall mean the fifty-
two calendar weeks ending with the second week immediately preceding an individual's benefit year.

(d) "Benefit year" with respect to any individual means the three hundred sixty-four consecutive calendar days beginning with the day on, or as of, which he first files a valid claim for benefits, and thereafter beginning with the day on, or as of, which the individual next files a valid claim for benefits after the termination of his last preceding benefit year. Any claim for benefits made in accordance with subsection (a) of section 43:21-6 of this Title shall be deemed to be a "valid claim" for the purpose of this subsection if the individual is, in fact, partially or totally unemployed and has fulfilled the conditions imposed by subsection (e) of section 43:21-4 of this Title.

(e) "Division" means the Division of Employment Security of the Department of Labor and Industry established by Chapter 446, P. L. 1948, and any transaction or exercise of authority by the director of the division thereunder, or under this chapter (R. S. 43:21-1 et seq.), shall be deemed to be performed by the division.

(f) "Contributions" means the money payments to the State unemployment compensation fund required by this chapter.

(g) "Employing unit" means any individual or type of organization, including any partnership, association, trust, estate, joint-stock company, insurance company or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trustee or successor thereof, or the legal representative of a deceased person, which has or subsequent to January first, one thousand nine hundred and thirty-six, had in its employ one or more individuals performing services for it within this State. All individuals performing services within this State for any employing unit which maintains two or more separate establishments within this State shall be deemed to be employed by a single employing unit for all the purposes of this chapter. Whenever any employing unit contracts with or has
under it any contractor or subcontractor for any employment which is part of its usual trade, occupation, profession, or business, unless the employing unit as well as each such contractor or subcontractor is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, the employing unit shall for all the purposes of this chapter be deemed to employ each individual in the employ of each such contractor or subcontractor for each day during which such individual is engaged in performing such employment; except that each such contractor or subcontractor who is an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, shall alone be liable for the contributions measured by wages payable to individuals in his employ, and except that any employing unit who shall become liable for and pay contributions with respect to individuals in the employ of any such contractor or subcontractor who is not an employer by reason of subsection (c) of section 43:21-8 of this Title or subsection (h) of this section, may recover the same from such contractor or subcontractor. Each individual employed to perform or to assist in performing the work of any agent or employee of an employing unit shall be deemed to be employed by such employing unit for all the purposes of this chapter, whether such individual was hired or paid directly by such employing unit or by such agent or employee; provided, the employing unit had actual or constructive knowledge of the work.

(h) "Employer" means:

(1) Any employing unit which for some portion of a day, but not necessarily simultaneously, in each of twenty different weeks, whether or not such weeks are or were consecutive, within either the current or the preceding calendar year, has or had in employment four or more individuals (irrespective of whether the same individuals are or were employed in each such day);
(2) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another which at the time of such acquisition was an employer subject to this chapter;

(3) Any employing unit which acquired the organization, trade or business, or substantially all the assets thereof, of another employing unit and which, if treated as a single unit with such other employing unit, would be an employer under paragraph (1) of this subsection;

(4) Any employing unit which together with one or more other employing units, is owned or controlled (by legally enforceable means or otherwise), directly or indirectly by the same interests, or which owns or controls one or more other employing units (by legally enforceable means or otherwise), and which, if treated as a single unit with such other employing unit or interest, would be an employer under paragraph (1) of this subsection;

(5) Any employing unit which, having become an employer under paragraphs (1), (2), (3) or (4), has not, under section 43:21-8 of this Title, ceased to be an employer subject to this chapter; or

(6) For the effective period of its election pursuant to subsection (c) of section 43:21-8 of this Title any other employing unit which has elected to become fully subject to this chapter.

(i) (1) "Employment" means service, including service in interstate commerce performed for remuneration or under any contract of hire, written or oral, express or implied.

(2) The term "employment" shall include an individual's entire service, performed within or both within and without this State if:

(A) The service is localized in this State; or

CHAPTER 188

An Act to amend the "Temporary Disability Benefits Law," approved June first, one thousand nine hundred and forty-eight (P. L. 1948, c. 110).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section three of the act of which this act is amendatory is amended to read as follows:

3. Definitions. As used in this act, unless the context clearly requires otherwise:

(a) "Covered employer" means any individual or type of organization, including any partnership, association, trust, estate, joint-stock company, insurance company or corporation, whether domestic or foreign, or the receiver, trustee in bankruptcy, trustee or successor thereof, or the legal representative of a deceased person, who is an employer subject to the chapter to which this act is a supplement, designated as the unemployment compensation law (chapter twenty-one of Title 43 of the Revised Statutes).

(b) "Covered individual" means any person who is in employment, as defined in the chapter to which this act is a supplement, for which he is entitled to remuneration from a covered employer, or who has been out of such employment for less than two weeks.

(c) "Division" or "commission" means the Division of Employment Security of the Department of Labor and Industry, and any transaction or exercise of authority by the director of the division shall be deemed to be performed by the division.

(d) "Day" shall mean a full calendar day beginning and ending at midnight.
(e) "Disability" shall mean such disability as is compensable under section five of this act.

(f) "Disability benefits" shall mean any cash payments which are payable to a covered individual pursuant to this act.

(g) "Period of disability" with respect to any individual shall mean the entire period of time, during which he is continuously and totally unable to perform the duties of his employment, except that two periods of disability due to the same or related cause or condition and separated by a period of not more than fourteen days shall be considered as one continuous period of disability; provided, the individual has earned wages during such fourteen-day period with the employer who was his last employer immediately preceding the first period of disability.

(h) "Wages" shall mean all compensation payable by covered employers to covered individuals for personal services, including commissions and bonuses and the cash value of all compensation payable in any medium other than cash.

(i) "Base week" means any calendar week during which an individual earned not less than fifteen dollars ($15.00) from a covered employer, in employment as defined in the chapter to which this act is a supplement.

(j) "Average weekly wage" means the amount derived by dividing a covered individual's total wages earned from his most recent covered employer during the base weeks in the eight calendar weeks immediately preceding the calendar week in which disability commenced, by the number of such base weeks. If this computation yields a result which does not truly represent the individual's current weekly rate of earnings with that most recent covered employer, then the average weekly wage shall be computed on the basis of earnings from all covered employers during the eight base weeks immediately preceding the week in which the disability commenced.
2. Section eleven of the act of which this act is amendatory is amended to read as follows:

(a) If the division is furnished satisfactory evidence that a majority of the employees covered by an approved private plan have made election in writing to discontinue such plan, the division shall withdraw its approval of such plan effective at the end of the calendar quarter next succeeding that in which such evidence is furnished. Upon receipt of a petition therefor signed by not less than ten per centum (10%) of the employees covered by an approved private plan, the division shall require the employer upon thirty days written notice to conduct an election by ballot in writing to determine whether or not a majority of the employees covered by such private plan favor discontinuance thereof; provided, that such election shall not be required more often than once in any twelve-month period.

(b) Unless sooner permitted, for cause, by the division, no approved private plan shall be terminated by an employer, in whole or in part, until at least thirty days after written notice of intention so to do has been given by the employer to the division and after notices are conspicuously posted so as reasonably to assure their being seen, or after individual notices are given to the employees concerned.

(c) The division may after notice and hearing withdraw its approval of any approved private plan if it finds that there is danger that the benefits accrued or to accrue will not be paid, that the security for such payment is insufficient, or for other good cause shown. No employer, and no union or association representing employees, shall so administer or apply the provisions of an approved private plan as to derive any profit therefrom. The division may withdraw its approval from any private plan which is administered or applied in violation of this provision.
(d) No termination of an approved private plan shall affect the payment of benefits, in accordance with the provisions of the plan, to disabled employees whose period of disability commenced prior to the date of termination. Employees who have ceased to be covered by an approved private plan because of its termination shall, subject to the limitations and restrictions of this act, become eligible forthwith for benefits from the State disability benefits fund for disability commencing after such cessation, and contributions with respect to their wages shall immediately become payable as otherwise provided by law. Any withdrawal of approval of a private plan pursuant to this section shall be reviewable by writ of certiorari or by such other procedure as may be provided by law.

(e) Anything in this act to the contrary notwithstanding a covered employer who, under an approved private plan, is providing benefits at least equal to those required by the State plan on July first, one thousand nine hundred and fifty-two, may modify the benefits under the private plan so as to provide, beginning January first, one thousand nine hundred and fifty-three, benefits not less than the benefits required by the State plan on January first, one thousand nine hundred and fifty-three; provided, that effective January first, one thousand nine hundred and fifty-three, individuals covered under such plan shall not be required to contribute to such plan at a rate exceeding one-half of one per centum (½ of 1%) of the first three thousand dollars ($3,000.00) of wages paid to each covered individual in any calendar year. Notification of such proposed modification shall be given by the employer to the division and to the individuals covered under such plan, on or before November first, one thousand nine hundred and fifty-two.
3. Section fourteen of the act of which this act is amendatory is amended to read as follows:

(a) With respect to periods of disability commencing prior to January first, one thousand nine hundred and fifty-three, disability benefits shall be payable with respect to disability which commences while a person is a covered individual under this act, and shall be payable with respect to the eighth consecutive day of such disability and each day thereafter that such disability continues, but not in excess of the individual’s maximum benefits. The maximum total benefits payable to any eligible individual in any twelve-month period shall be either twenty-six times his weekly benefit amount or one-third of his total wages in the first four of the last five completed calendar quarters immediately preceding the commencement of the current period of disability, computed to the next highest multiple of one dollar ($1.00), if not already a multiple thereof, whichever produces the lesser maximum payment; provided, that in no event shall such maximum total benefits be less than ten times his weekly benefit amount.

(b) With respect to periods of disability commencing on or after January first, one thousand nine hundred and fifty-three, disability benefits shall be payable with respect to disability which commences while a person is a covered individual under this act, and shall be payable with respect to the eighth consecutive day of such disability and each day thereafter that such disability continues, but not in excess of the individual’s maximum benefits. The maximum total benefits payable to any eligible individual in any twelve-month period shall be either twenty-six times his weekly benefit amount or an amount equal to three-fourths of the individual’s base weeks occurring in the fifty-two consecutive calendar weeks immediately preceding the calendar week in which the period of disability commenced, multiplied by the individual’s weekly benefit amount, whichever is the lesser; provided,
that such maximum amount shall be computed in the next higher multiple of one dollar ($1.00) if not already a multiple thereof.

4. Section sixteen of the act of which this act is amendatory is amended to read as follows:

16. Weekly and daily benefit amounts.

(a) With respect to periods of disability commencing prior to January first, one thousand nine hundred and fifty-three, the weekly benefit amount shall be determined as one-twenty-second of the covered individual’s total wages in that calendar quarter in which said total wages were highest of the first four of the last five completed calendar quarters immediately preceding the commencement of the period of disability; provided, that such amount shall be computed in the next higher multiple of one dollar ($1.00) if not already a multiple thereof, and shall not be more than thirty dollars ($30.00) nor less than ten dollars ($10.00). The amount of the benefits for each day of the disability for which benefits are payable shall be one-seventh of the corresponding weekly benefit amount; provided, that the total benefits for a fractional part of a week shall be computed in the next higher multiple of one dollar ($1.00) if not already a multiple thereof.

(b) With respect to periods of disability commencing on or after January first, one thousand nine hundred and fifty-three, the weekly benefit amount shall be determined as two-thirds of an individual’s average weekly wage; provided, that such amount shall be computed in the next higher multiple of one dollar ($1.00) if not already a multiple thereof, and shall not be more than thirty dollars ($30.00) nor less than ten dollars ($10.00). The amount of the benefits for each day of the disability for which benefits are payable shall be one-seventh of the corresponding weekly benefit amount; provided, that the total benefits for a fractional part of a week shall be computed in the next higher multiple of one dollar ($1.00) if not already a multiple thereof.
5. Section seventeen of the act of which this act is amendatory is amended to read as follows:

17. Requirements for entitlement.
   (a) With respect to periods of disability commencing prior to January first, one thousand nine hundred and fifty-three, no individual shall be entitled to benefits under this article unless his wages in the first four of the last five completed calendar quarters immediately preceding the commencement of the period of disability are at least twenty-five times his weekly benefit amount, nor unless he shall duly file notice and proof of claim, and submit to such reasonable examinations as are required by this act and the rules and regulations of the division.
   (b) With respect to periods of disability commencing on or after January first, one thousand nine hundred and fifty-three, no individual shall be entitled to benefits under this article unless he has established at least seventeen base weeks within the fifty-two calendar weeks preceding the week in which his period of disability commenced, nor unless he shall duly file notice and proof of claim, and submit to such reasonable examinations as are required by this act and the rules and regulations of the division.

6. This act shall take effect July first, one thousand nine hundred and fifty-two, and shall apply only with respect to periods of disability commencing on and after July first, one thousand nine hundred and fifty-two.

Approved May 16, 1952.

(b) The commissioner is also authorized to enter into arrangements with the appropriate agencies of other States or of the Federal Government (1) whereby wages or services, upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another State or of the Federal Government, shall be deemed to be wages for employment by employers for the purposes of this chapter; provided, such other State agency or agency of the Federal Government has agreed to reimburse the fund for such portion of benefits paid under this chapter, upon the basis of such wages or services as the commissioner finds will be fair and reasonable as to all affected interests; and (2) whereby the commissioner will reimburse other State or Federal agencies charged with the administration of un-

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Purposes. The purposes of this act are to improve and extend by reciprocal legislation the enforcement of duties of support and to make uniform the law with respect thereto.

2. Definitions. As used in this act unless the context requires otherwise,

(a) “State” includes any State, territory or possession of the United States and the District of Columbia in which this or a substantially similar reciprocal law has been enacted.

(b) “Initiating State” means any State in which a proceeding pursuant to this or a substantially similar reciprocal law is commenced.
(c) "Responding State" means any State in which any proceeding pursuant to the proceeding in the initiating State is or may be commenced.

(d) "Court" means the Juvenile and Domestic Relations Court of any county of this State and when the context requires, means the court of any other State as defined in a substantially similar reciprocal law.

(e) "Law" includes both common and statute law.

(f) "Duty of support" includes any duty of support imposed or imposable by law, or by any court order, decree or judgment, whether interlocutory or final, whether incidental to a proceeding for divorce, legal separation, separate maintenance or otherwise.

(g) "Obligor" means any person owing a duty of support.

(h) "Obligee" means any person to whom a duty of support is owed.

3. Remedies additional to those now existing. The remedies herein provided are in addition to and not in substitution for any other remedies.

4. Extent of duties of support. The duty of support imposed by the laws of this State or by the laws of the State where the obligee was present when the failure to support commenced as provided in section 7 and the remedies provided for enforcement thereof, including any penalty imposed thereby, bind the obligor regardless of the presence or residence of the obligee.

5. Interstate rendition. The Governor of this State (a) may demand from the Governor of any other State the surrender of any person found in such other State who is charged in this State with the crime of failing to provide for the support of any person found in this State and (b) may surrender on demand by the Governor of any other State any person found in this State who is charged in such other State with the crime of failing to provide for the support of a person in such other State. The provisions for extradition of criminals not in-
consistent herewith shall apply to any such demand although the person whose surrender is demanded was not in the demanding State at the time of the commission of the crime and although he had not fled therefrom. Neither the demand, the oath nor any proceedings for extradition pursuant to this section need state or show that the person whose surrender is demanded has fled from justice, or at the time of the commission of the crime was in the demanding or the other State.

6. Relief from the above provisions. Any obligor contemplated by section 5, who submits to the jurisdiction of the court of such other State and complies with the court’s order of support, shall be relieved of extradition for desertion or non-support entered in the courts of this State during the period of such compliance.

7. What duties are enforceable. Duties of support enforceable under this act are those imposed or imposable under the laws of any State where the alleged obligor was present during the period for which support is sought or where the obligee was present when the failure to support commenced, at the election of the obligee.

8. Remedies of a State or political subdivision thereof furnishing support. Whenever the State or a political subdivision thereof has furnished support to an obligee it shall have the same right to invoke the provisions hereof as the obligee to whom the support was furnished for the purpose of securing reimbursement of expenditures so made.

9. How duties of support are enforced. All duties of support are enforceable by complaint irrespective of relationship between the obligor and obligee. Jurisdiction of all proceedings hereunder shall be vested in the Juvenile and Domestic Relations Court of any county of this State.

10. Contents of complaint for support. The complaint shall be verified and shall state the name and, so far as known to the plaintiff, the address and circumstances of the defendant and his dependents for whom support is sought and all other pertinent information.
11. Duty of court of this State as initiating State. If the court of this State acting as an initiating State finds that the complaint sets forth facts from which it may be determined that the defendant owes a duty of support and that a court of the responding State may obtain jurisdiction of the defendant or his property, he shall so certify and shall cause certified copies of the complaint, the certificate and an authenticated copy of this act to be transmitted to the court of the responding State.

12. Duty of the court of this State as responding State. When the court of this State, acting as a responding State, receives from the court of an initiating State the aforesaid copies, it shall (a) docket the cause, (b) notify the county adjuster, who is hereby charged with the duty of carrying on the proceedings, (c) set a time and place for a hearing, and (d) take such action as is necessary in accordance with the laws of this State to obtain jurisdiction.

13. Order of support. If the court of the responding State finds a duty of support, it may order the defendant to furnish support or reimbursement therefor and subject the property of the defendant to such order.

14. Responding State to transmit copies to initiating State. The court of this State when acting as a responding State shall cause to be transmitted to the court of the initiating State a copy of all orders of support or orders for reimbursement therefor.

15. Additional powers of court. In addition to the foregoing powers, the court of this State when acting as the responding State has the power to subject the defendant to such terms and conditions as the court may deem proper to assure compliance with its orders and in particular:

(a) To require the defendant to furnish recognizance in the form of a cash deposit or bond of such character and in such amount as the court may deem proper to assure payment of any amount required to be paid by the defendant.
(b) To require the defendant to make payments at specified intervals to the probation department of the court or the obligee and to report personally to such probation department at such times as may be deemed necessary.

(c) To punish the defendant who shall violate any order of the court to the same extent as is provided by law for contempt of the court in any other suit or proceeding cognizable by the court.

16. Additional duties of the court of this State when acting as a responding State. The court of this State when acting as a responding State shall have the following duties which may be carried out through the probation department of the court:

(a) Upon the receipt of a payment made by the defendant pursuant to any order of the court or otherwise, to transmit the same forthwith to the court of the initiating State, and

CHAPTERS 197 & 198, LAWS OF 1952

20. Severability. If any provision hereof or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

21. Article four of chapter four of Title 2A of the New Jersey Statutes (sections 2A:4-22 through 2A:4-30) is hereby repealed, but any action taken or order issued under the provisions thereof shall not abate and shall continue in full force and effect as if originally taken or issued under the provisions of this act.

22. This act shall take effect July first, one thousand nine hundred and fifty-two.

(d) Notice of such service and a copy of the summons and complaint may be served on the defendant, personally, by an official or private individual, wherever such service may be made, and, upon service being so made, an affidavit shall be taken by the person effecting such service, showing the person served and the time and place of such service, which affidavit shall be appended, to the
original summons and one copy of the complaint, and returned to the Secretary of State, and be thereafter filed in the office of the clerk of the court wherein the action may be pending in this State;

(e) Notice of such service and a copy of the summons and complaint may be served on the defendant in any other manner which the court wherein the case is pending shall deem sufficient and expedient.

If, by direction of plaintiff, notice of service is given as provided by paragraph “c” of this section, plaintiff shall, in addition to the fee of two dollars ($2.00) required by the first paragraph of this section, deposit with the Secretary of State sufficient money to effectuate the same.

If notice of service is given as provided by paragraph “d” of this section, plaintiff shall pay the cost thereof.

5. The court in which an action, against an operator, pilot or owner mentioned in section three of this act, is pending may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action.

7. The Secretary of State shall keep a record of processes served pursuant to the provisions of this act, which shall show the day and hour of such service.

8. Whenever any collision or accident shall occur on or over the land or waters or in the air spaces of this State and the operator or pilot of any aircraft involved therein shall be a nonresident and not licensed under the laws of this State to operate, pilot or navigate an aircraft, or an aircraft involved in any such collision or accident shall not be registered or licensed under the laws of this State, notwithstanding that such aircraft may be validly

A. amount equal to three per centum (3%) of its capital.

(3) Subject to the other limitations of this subsection, an association may establish and maintain one or more branch offices in the municipality in which it maintains its principal office or may establish and maintain a branch office or offices in any other municipality in the same county in which it maintains its principal office; provided, however, that no such branch office shall be established in such other municipality in the same county, if there is in operation therein, the principal office or branch office of any other association or Federal association at the time it is proposed to establish such branch office.

(4) Before any branch office shall be established, the association shall file written application with the commissioner for his approval. Before approving such application, the commissioner shall determine that the maintenance of such branch office is in the public interest and will be of benefit to the area served by such branch office, and that it may be established without undue injury to any other association or Federal association in the area in which it is proposed to locate such branch office and that conditions in the area to be served, afford reasonable promise of successful operation.

Within ten days after the submission of any such application to the commissioner, the applying association shall give notice by mail of such application to all associations and Federal associations, having offices within the municipality in which it is proposed to locate the branch office and outside of such municipality if within five miles of the place where it is proposed to locate such branch office. 2. Section 30:11-1 of the Revised Statutes is amended to read as follows:

30:11-1. It is declared to be the public policy of this State to provide for the development, establishment and enforcement of basic standards for the care and treatment of individuals in convalescent homes, private nursing homes and private hospitals and for the construction, maintenance and operation of such hospitals in such a manner as to insure safe and adequate treatment of all such individuals in said convalescent homes, private nursing homes and private hospitals. No private nursing home, convalescent home or private hospital for the care, treatment, or nursing of persons acutely or chronically ill, or who are crippled, convalescent, infirm or in any way afflicted, shall operate within this State except upon license first had and obtained for that purpose from the department, upon application made therefor as hereinafter provided. No such license shall be granted by the department, unless the commissioner shall be satisfied that the institution in question is adequately prepared to furnish the care and service to be provided by it. Nothing herein contained shall
be so construed as to interfere with the powers of the State Board of Medical Examiners to license medical practitioners in New Jersey.

Application for the license required by this section shall be made upon forms furnished by the department, shall set forth the location of the home or hospital, the person in charge thereof, and the facilities for caring for persons who may seek treatment therein. The applicant shall be required to furnish evidence of its ability to comply with minimum standards of nursing and hospital care, financial ability to successfully operate the institution for which the license is sought, and of the good moral character of the person in charge thereof.

Upon receipt of an application for license and the license fee, the Department of Institutions and Agencies shall cause an investigation to be made of the applicant and the hospital facilities and shall issue a license if it is found that said applicant is of good moral character and facilities comply with the provisions of this act, the regulations of the department and the minimum standards established for the operation of a convalescent home, private nursing home or private hospital. The license shall not be transferable or assignable except with the written approval of the department and shall be posted in a conspicuous place on the licensed premises as prescribed by the regulations of the department. The State Board of Control of the Department of Institutions and Agencies, with the advice of the hospital licensing board, shall adopt, amend, promulgate and enforce such rules, regulations and minimum standards of nursing and hospital care with respect to the different types of hospitals, convalescent homes and nursing homes to be licensed hereunder as may be reasonably necessary to accomplish the purposes of this chapter. Such rules, regulations and minimum standards when adopted shall be binding upon all licensees and applicants for license under this chapter.
Any private hospital, convalescent home, or private nursing home which is in operation at the time of promulgation of any applicable rules or regulations or minimum standards under this act shall be given a reasonable time, not to exceed six months from the date of such promulgation, within which to comply with such rules and regulations and minimum standards, or subsequent amendments or supplements thereto.

3. Section 30:11-4 of the Revised Statutes is amended to read as follows:

30:11-4. Any person, firm, corporation or association who shall operate or conduct a convalescent home, private nursing home or private hospital without first obtaining the license required by this chapter, or who shall operate such private nursing home, convalescent home or private hospital after revocation or suspension of license shall be liable to a penalty of twenty-five dollars for each day of operation in violation hereof for the first offense and for any subsequent offense shall be liable to a penalty of fifty dollars for each day of operation in violation hereof.

The penalties authorized by this section shall be recovered in a civil action, brought in the name of the State of New Jersey in the County Court of any county, which court shall have jurisdiction of all actions to recover such penalties. Money penalties, when recovered, shall be payable to the Department of Institutions and Agencies for its use in connection with the administration of this chapter.

The department may, in the manner provided by law, maintain an action in the name of the State of New Jersey for injunction against any person, firm, association or corporation continuing to conduct, manage or operate a private nursing home, convalescent home or private hospital without a license, or after suspension or revocation of license.

The practice and procedure in actions instituted under authority of this section shall conform to the practice and procedure in the court in which the action is instituted.
Whenever a boarding house or rest home or facility or institution of like character, not licensed hereunder, by public or private advertising or by other means holds out to the public that it is equipped to provide post-operative or convalescent care for persons suffering or recovering from illness or injury, or who are chronically ill or require any form of personal attention, then, and in such case, the department shall be permitted reasonable inspection of such premises for the purpose of ascertaining whether there is any violation of the provisions hereof.

If any such boarding house, rest home or other facility or institution shall operate as a convalescent home, private nursing home or private hospital in violation hereof then same shall be liable to the penalties prescribed herein.

4. Section two of the act of which this act is amendatory is amended to read as follows:

2. A private nursing home, convalescent home or private hospital, for the purpose of this chapter, is defined as any institution, whether operated for profit or not, which is not maintained, supervised or controlled by an agency of the Government of the State or of any county or municipality, and which maintains and operates facilities for the diagnosis, treatment or care of two or more nonrelated individuals, who are patients as defined herein, and who are suffering from acute or chronic illness, injury or deformity, or where obstetrical, convalescent or other medical or nursing care is rendered.

The word "hospital" as used herein shall not be deemed to include first aid stations for emergency medical or surgical treatment where no continuous bed care or protracted treatment is contemplated or performed.

As used in this chapter a "patient" is a person who is suffering from an acute or chronic illness or injury, or who is crippled, convalescent or infirm, or who is in need of obstetrical or other medical or nursing care. Infirn is construed to mean that the
individual is in need of assistance in bathing, dressing or some type of supervision.

As used herein, a "boarding house" shall be construed to be a family home or larger structural unit in which, for compensation, persons are given room and board including or not including, as the case may be, heat, light, toilet and bathroom facilities; and in which there is no agreement between operator and boarder to give personal care or special attention.

Any private nursing home, convalescent home or private hospital, as well as institutions operated and maintained by any agency of the government of any county or municipality which shall apply for and receive Federal funds under the provisions of Public Law 725 of the 79th Congress, Chapter 958, 2d Session, shall be required to comply, as a condition precedent to receiving such funds, with the rules and regulations and the minimum standards of nursing and hospital care provided for in section 30:11-1 of the Revised Statutes.

5. This act shall take effect September first, one thousand nine hundred and fifty-two.
Approved May 16, 1952.

New entrants who enroll on or after July first, one thousand nine hundred and forty-six, shall be given one year from the date of enrollment to file such statement and to agree to purchase credit for the prior service evidenced therein. New entrants who were enrolled in the retirement system prior to July first, one thousand nine hundred and forty-six, shall be given one year from that date to file such statement, except that any new entrant in service on July first, one thousand nine hundred and fifty-two, who has rendered service prior to September first, one thousand nine hundred and nineteen, as a teacher in the public schools of the State, for which no credit is allowed, may within one year after July first, one thousand nine hundred and fifty-two, file a statement showing the period of service as a teacher in the public schools of the State not now creditable for which he is willing to contribute. Credit may be obtained for such service by making a lump sum payment, or by contributing at an additional percentage rate of deduction. The amount of the lump sum pay-

18:13-47. In his prior service certificate, a new entrant shall be credited in full up to the nearest number of years and months, but not exceeding ten years, with all service rendered by him as a teacher in public schools in or outside of the State prior to becoming a member, for which he desires credit and on account of which he desires to contribute, except that the limit of ten years shall not apply to new-entrant members who are in service on July first, one thousand nine hundred and fifty-two, who rendered service in the State prior to September first, one thousand nine hundred and nineteen, and who elect to contribute for prior service in the State prior to July first, one thousand nine hundred and fifty-three.

21. Any person serving as assistant superintendent or superintendent of any school district, on July first, one thousand nine hundred and fifty-two, shall be continued in said office or position after said date, with the same tenure of service and tenure of service rights, and any person serving as supervising principal of any school district or school districts as of said date, shall continue in said office or position under the name or title of superintendent of schools of said district or districts after said date, with the same tenure of service and the same tenure of service rights as though the name or title of said office or position had not been so changed, as he was entitled to on said date under sections 18:13–16 to 18:13–19 of the Revised Statutes or under any other law and any time during which any such person shall have served as supervising principal, assistant superintendent or superintendent, in said district or districts, prior to said date, shall be counted in calculating the period or periods of his employment in such district or districts and in determining his tenure of service or tenure of service rights and pension rights in said offices or positions under

In the absence of the filing with the director of satisfactory proof of a lesser or higher cost of doing business by the wholesaler making the sale, the "cost of doing business by the wholesaler" shall be presumed to be three and one-half per centum (3½%) of the "basic cost of cigarettes" to the wholesaler, plus cartage to the retail outlet, if performed or paid for by the wholesaler, which cartage cost, in the absence of the filing with the director of satisfactory proof of a lesser or higher cost, shall be deemed to be three-fourths of one per centum (¾ of 1%) of the "basic cost of cigarettes" to the wholesaler.

6. In all advertisements, offers for sale or sales involving two or more items, at least one of which items is cigarettes, at a combined price, and in all advertisements, offers for sale, or sales, involving the giving of any gift or concession of any kind whatsoever (whether it be coupons or otherwise), the retailer's or wholesaler's combined selling price shall not be below the "cost to the retailer" or the
“cost to the wholesaler,” respectively, of the total costs of all articles, products, commodities, gifts and concessions included in such transactions.

7. When one wholesaler sells cigarettes to any other wholesaler, the former shall not be required to include in his selling price to the latter, “cost to the wholesaler,” as provided by section five of this act, except that no such sale shall be made at a price less than the “basic cost of cigarettes” as defined in said section two of this act, but the latter wholesaler, upon resale to a retailer, shall be deemed to be the wholesaler governed by the provisions of said section five of this act.

8. The provisions of this act shall not apply to sales at retail or sales at wholesale made (a) as an isolated transaction and not in the usual course of business; (b) where cigarettes are advertised, offered for sale, or sold in bona fide clearance sales for the purpose of discontinuing trade in such cigarettes and said advertising, offer to sell, or sale shall state the reason thereof and the quantity of such cigarettes advertised, offered for sale, or to be sold; (c) where cigarettes are advertised, offered for sale, or sold as imperfect or damaged, and said advertising, offer to sell, or sale shall state the reason therefore and the quantity of such cigarettes advertised, offered for sale, or to be sold; (d) where cigarettes are sold upon the final liquidation of a business; or (e) where cigarettes are advertised, offered for sale, or sold by any fiduciary or other officer acting under the order or direction of any court.

9. a. Any retailer may advertise, offer to sell, or sell cigarettes at a price made in good faith to meet the price of a competitor who is selling the same article at cost to him as a retailer as prescribed in this act. Any wholesaler may advertise, offer to sell, or sell cigarettes at a price made in good faith to meet the price of a competitor who is rendering the same type of service and is selling the same article at cost to him as a wholesaler as prescribed in this act. The price of cigarettes advertised,
offered for sale, or sold under the exceptions specified in section eight shall not be considered the price of a competitor and shall not be used as a basis for establishing prices below cost, nor shall the price established at a bankrupt sale be considered the price of a competitor within the purview of this section.

b. In the absence of proof of the "price of a competitor," under this section, the "lowest cost to the retailer," or the "lowest cost to the wholesaler," as the case may be, determined by any "cost survey," made pursuant to section thirteen of this act, may be deemed the "price of a competitor," within the meaning of this section.

10. Any contract, expressed or implied, made by any person in violation of any of the provisions of this act, is declared to be an illegal and void contract and no recovery thereon shall be had.

11. a. In determining "cost to the retailer" and "cost to the wholesaler" the Director or a court shall receive and consider as bearing on the bona fides of such cost, evidence tending to show that any person complained against under any of the provisions of this act purchased cigarettes, with respect to the sale of which complaint is made, at a fictitious price, or upon terms, or in such a manner, or under such invoices, as to conceal the true cost, discounts or terms of purchase, and shall also receive and consider as bearing on the bona fides of such cost, evidence of the normal, customary and prevailing terms and discounts in connection with other sales of a similar nature in the trade area or State.

b. Merchandise given gratis or payment made to a retailer or wholesaler by the manufacturer thereof for display, or advertising, or promotion purposes, or otherwise, shall not be considered in determining the cost of cigarettes to the retailer or wholesaler.

12. In establishing the cost of cigarettes to the retailer or wholesaler, the invoice cost of said cigarettes purchased at a forced, bankrupt, or
close-out sale, or other sale outside of the ordinary channels of trade, may not be used as a basis for justifying a price lower than one based upon the replacement cost of the cigarettes to the retailer or wholesaler in the quantity last purchased, through the ordinary channels of trade.

13. Where a cost survey, pursuant to recognized statistical and cost accounting practices, has been made for the trading area in which the offense is committed, to establish the lowest "cost to the retailer" and the lowest "cost to the wholesaler," said cost survey shall be deemed competent evidence to be used in proving the cost to the person complained against within the provisions of this act.

14. The director may adopt rules and regulations for the enforcement of this act and he is empowered to and may undertake a "cost survey" as provided for in section thirteen of this act.

15. a. An action may be maintained in any court of equitable jurisdiction to prevent, restrain or enjoin a violation, or threatened violation, of any of the provisions of this act. Such an action may be instituted by any person injured by any violation or threatened violation of this act or by the Attorney-General, upon the request of the director. If in such action a violation or threatened violation of this act shall be established, the court shall enjoin and restrain, or otherwise prohibit, such violation or threatened violation. In such action it shall not be necessary that actual damages to the plaintiff be alleged or proved, but where alleged and proved, the plaintiff in said action, in addition to such injunctive relief and costs of suit, including reasonable attorney's fees, shall be entitled to recover from the defendant the actual damages sustained by such plaintiff.

b. In the event that no injunctive relief is sought or required, any person injured by a violation of this act may maintain an action for damages and costs of suit in any court of competent jurisdiction.
16. a. In addition to the provisions of section three and section fifteen of this act, the director is empowered to suspend or revoke the license or any licenses of any person, licensed under the provisions of the “Cigarette Tax Act.” No such license or licenses shall be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by said director. The said director, upon a finding by him that the licensee has failed to comply with any provision of this act or any rule or regulation promulgated thereunder, shall, in the case of the first offender, suspend the license or licenses of the said licensee for a period of not less than five nor more than twenty consecutive business days, and, in the case of a second or plural offender, shall suspend said license or licenses for a period of not less than twenty consecutive business days nor more than twelve months, and, in the event said director finds the offender has been guilty of willful and persistent violations, he may revoke said person’s license or licenses.

b. Any person whose license or licenses have been so revoked may apply to the director at the expiration of one year for a reinstatement of his license or licenses. Such license or licenses may be reinstated by the director if it shall appear to the satisfaction of said director that the licensee will comply with the provisions of this act and the rules and regulations promulgated thereunder.

17. No person whose license has been suspended or revoked shall sell cigarettes or permit cigarettes to be sold during the period of such suspension or revocation on the premises occupied, by him or upon other premises controlled by him or others or in any other manner or form whatever. Nor shall any disciplinary proceedings or action be barred or abated by the expiration, transfer, surrender, continuance, renewal or extension of any license issued under the provisions of the “Cigarette Tax Act.”
18. Any determination by the director and any order of suspension or revocation of a license or licenses thereunder or refusal to reinstate a license or licenses after revocation shall be reviewable by the Superior Court by proceedings in lieu of the prerogative writs.

19. In order to effectuate the purposes of this act it shall be the duty of the director to carry out the enforcement provisions of this act. In accordance with the provisions of Title 11, Civil Service, of the Revised Statutes, the director may, within the limits of available appropriations, employ and fix the duties and compensation of such inspectors and other personnel necessary to carry out the provisions of this act.

20. All of the powers vested in the Director of the Division of Taxation by the provisions of the “Cigarette Tax Act,” aforesaid, shall be available to the said Director in the enforcement of this Unfair Cigarette Sales Act.

21. The provisions of this act shall be deemed to be severable and if for any reason any provision shall be determined to be unconstitutional or invalid, such determination shall not be held to affect any other provision hereof. And no such determination shall be deemed to invalidate or render ineffectual any of the provisions of the “Cigarette Tax Act.”

22. This act shall take effect immediately.

Approved May 19, 1952.

“N” represents the difference between the quantity “D” and the total of all the cardinal numbers ascribed to the payment-periods which have elapsed, in whole or in part, from the making of the loan, to the day upon which such repayment is made.

B. The commissioner may prepare and distribute to such banks as shall make a request therefor, a schedule or schedules based upon the formula specified in subsection A of this section, for use in determining the credit to be allowed pursuant to such subsection, and allowances of interest made as provided in such schedule shall constitute a complete compliance with such subsection. 18:5-84. Except as otherwise provided in section 18:5-85 or section 18:5-86 of this article:

a. No local school district other than a certified local school district shall authorize the issuance of bonds the principal amount of which, added to the net school debt of such school district at the date of such authorization, shall exceed six per centum (6%) of the average assessed valuation of property in such school district; and

b. No certified local school district shall authorize the issuance of bonds the principal amount of which, added to the net school debt of such school district at the date of such authorization, shall exceed eight per centum (8%) of the average as-

c. No regional school district shall authorize the issuance of bonds the principal amount of which, added to the net school debt of such school district at the date of such authorization, shall exceed four per centum (4%) of the average assessed valuation of property in such school district.

Nothing contained in this article shall apply to or affect or limit the issuance of bonds by any board of education or school district or municipality for the purpose of funding or refunding any bonds, notes or other indebtedness heretofore or hereafter issued or incurred by such board of education or school district or municipality.

2. Section 18:5-85 of the Revised Statutes is amended to read as follows:

18:5-85. (a) Any school district, within the limitations and upon compliance with the provisions of this section, may authorize the issuance of bonds notwithstanding the provisions of section 18:5-84 of this article. The issuance of any such bonds shall be authorized (1) in the case of a chapter six school district, (a) upon the final adoption by the governing body of the municipality comprised within such school district, by the recorded affirmative vote of at least two-thirds of all the members thereof, of an ordinance of the municipality authorizing the issuance of such bonds, which ordinance shall be in form and substance as stated in this section, or (b) upon the final adoption by the governing body of the municipality comprised within such school district, by the recorded affirmative vote of at least a majority of all the members thereof, of an ordinance of the municipality authorizing the issuance of such bonds, which ordinance shall be in form and substance as stated in this section, and the subsequent adoption by the qualified voters of such municipality, by a majority of the legal ballots cast thereon, of a proposition confirming such ordinance, which proposition shall be in form and substance as
stated in this section, (2) in the case of a school
district which has a board of school estimate and
is not a chapter six school district, upon the making
of the certificate of said board upon delivery of
which the board of education, but for the provi­
sions of section 18:5-84 of this article, would be
authorized to issue such bonds and the subsequent
adoption by the legal voters of such school district,
by a majority of the legal ballots cast thereon, of
a proposal authorizing the board of education
to issue such bonds, which proposal shall be in
form and substance as stated in this section, or
(3) in the case of a school district which has no
board of school estimate, upon the adoption by the
legal voters of such school district, by a majority
of the legal ballots cast thereon, of a proposal au­
thorizing the board of education to issue such
bonds, which proposal shall be in form and sub­
stance as stated in this section.

(b) No proposal for authorizing, or ordinance
authorizing, the issuance of bonds of a school dis­
trict pursuant to this section shall be adopted if
the percentage of net debt as stated in any supple­

be filed prior to such authorization shall exceed
seven per centum (7%).

(c) Every proposal for authorizing, and every
ordinance authorizing, and every proposition con­
firming an ordinance authorizing, the issuance of
bonds of a school district pursuant to this section,
after stating any other matters or things author­
ized or required by law, shall disclose the effect of
such proposal or ordinance on the borrowing mar­
gin of every municipality comprised within such
school district. Such disclosure shall include show­
ing the amount of such borrowing margin before
adoption of the proposal or ordinance and showing
the amount of such borrowing margin used up by
adoption of the proposal or ordinance. Such dis­
closure in any such proposal shall be sufficient if
set forth in substantially the following form with
appropriate figures inserted:
Resolved that the board of education is hereby authorized:
To ** **; and
To issue bonds of the school district for said purpose (or purposes) in the principal amount of $ (insert amount of bonds to be issued), thus using up $ (insert amount of borrowing margin to be used) of the $ (insert amount of borrowing margin before adoption of proposal) borrowing margin of the (insert name of municipality) previously available for other improvements, and (if there be other municipality or municipalities comprised within such school district) $ (insert amount of borrowing margin to be used) of the $ (insert amount of borrowing margin before adoption of proposal) borrowing margin of the (insert name of municipality), et cetera, et cetera.

Such disclosure in any such ordinance shall be sufficient if set forth in substantially the following form with appropriate figures inserted:

The authorization of the $ (insert amount of bonds to be issued) bonds (or promissory notes or temporary loan bonds) provided for by this ordinance uses up $ (insert amount of borrowing margin to be used) of the $ (insert amount of borrowing margin before adoption of ordinance) borrowing margin of the (insert name of municipality) previously available for other improvements.

Such disclosure in any such proposition confirming an ordinance shall be sufficient if set forth in substantially the following form with appropriate figures inserted:

Shall the ordinance of the (insert name of municipality) adopted on (insert date of adoption) authorizing the issuance of $ (insert amount of bonds to be issued) bonds (or prom-
issory notes or temporary loan bonds) for school purposes and using up $ (insert amount of borrowing margin to be used) of the $ (insert amount of borrowing margin before adoption of proposition) borrowing margin of the (insert name of municipality) previously available for other improvements, be confirmed.

3. Section 18:5-86 of the Revised Statutes is amended to read as follows:

18:5-86. (a) Any school district, upon compliance with the provisions of this section, may authorize the issuance of bonds notwithstanding the provisions of section 18:5-84 of this article. The issuance of any such bonds shall be authorized (1) in the case of a chapter six school district, upon the final adoption by the governing body of the municipality comprised within such school district, by the recorded affirmative vote of at least a majority of all the members thereof, of an ordinance of the municipality authorizing the issuance of such bonds, which ordinance shall be in form and substance as stated in this section and upon a copy of which ordinance shall have been endorsed, prior to its adoption by said governing body, the consents of the State Commissioner of Education and of the Local Government Board hereinafter in this section provided for, and the subsequent adoption by the qualified voters of such municipality, by a majority of the legal ballots cast thereon, of a proposition confirming such ordinance, which proposition shall be in form and substance as stated in this section, (2) in the case of a school district which has a board of school estimate and is not a chapter six school district, upon the making of the certificate of said board upon delivery of which the board of education, but for the provisions of section 18:5-84 of this article, would be authorized to issue such bonds and the subsequent adoption by the legal voters of such school district, by a majority of the legal ballots cast thereon, of a proposal authorizing...
the board of education to issue such bonds, which
proposal shall be in form and substance as stated
in this section and upon a copy of which proposal
shall have been endorsed, prior to its adoption by
said legal voters, the consents of the State Com-
missioner of Education and of the Local Govern-
ment Board hereinafter in this section provided
for, or (3) in the case of a school district which has
no board of school estimate, upon the adoption by
the legal voters of such school district, by a ma-
jority of the legal ballots cast thereon, of a pro-
posal authorizing the board of education to issue
such bonds, which proposal, in the case of a local
school district, shall be in form and substance as
stated in this section and upon a copy of which
proposal shall have been endorsed, prior to its
adoption by said legal voters, the consents of the
State Commissioner of Education and of the Local
Government Board hereinafter in this section
provided for.

(b) A copy of any proposal for authorizing, or
ordinance authorizing, the issuance of bonds of a
school district may, before its adoption by the legal
voters of such school district or governing body of
the municipality comprised within such school dis-
trict, be submitted for consideration by the State
Commissioner of Education under subsection (c),
and by the Local Government Board under sub-
section (d), of this section. As a part of such
consideration and before endorsing any approval
on such copy, the commissioner or board may
require the board of education of such school dis-
trict or governing body of such municipality to
adopt resolutions restricting or limiting any future
proceedings therein or other matters or things
deemed by the commissioner or board to affect any
estimate made or to be made under said sub-
sections, and every such resolution so adopted
shall constitute a valid and binding obligation of
the school district or municipality, as the case may
be, running to and enforceable or releasable by the
commissioner or board, as the case may be.
(c) Within sixty days after submission to the State Commissioner of Education of any copy of a proposal or ordinance pursuant to subsection (b) of this section, he shall endorse his consent thereon if he shall be satisfied and shall record in writing his estimates that existing educational facilities in such school district are or within five years will be less than eighty per centum (80%) adequate, that the new educational facilities to be financed pursuant to such proposal or ordinance will within ten years be fully utilized, and that under existing statutes there is no alternative method of providing such new educational facilities which would be more economical. If the State Commissioner of Education shall not be so satisfied within said period of sixty days, he shall endorse his disapproval on such copy.

(d) Within sixty days after the submission to the Local Government Board of any copy of a proposal or ordinance pursuant to subsection (b) of this section, it shall cause its consent to be endorsed thereon if it shall be satisfied and shall record by resolution its estimates that the amounts to be expended for the new educational facilities to be financed pursuant to such proposal or ordinance are not unreasonable or exorbitant, and that issuance of the bonds mentioned and described in such proposal or ordinance will not materially impair the credit of any municipality comprised within such school district or substantially reduce its ability during the ensuing ten years to pay punctually the principal and interest of its debts and supply essential public improvements and services, and that authorization of such bonds would not be possible under the provisions of either section 18:5-84 or section 18:5-85 of this article, and that, taking into consideration trends in population and in values and uses of property and in needs for educational facilities, the net school debt of such school district will at some date within fifteen years be less, in the case of a certified local school district, than eight per centum (8%), or in
the case of a regional school district, than four per centum (4%), or in the case of any other school district, than six per centum (6%) of the average assessed valuation of property in such school district as stated in supplemental debt statements, which might be filed on such date. If the Local Government Board shall not be so satisfied within said period of sixty days, it shall cause its disapproval to be endorsed on such copy.

(e) Except proposals for authorizing the issuance of bonds of a regional school district, every proposal for authorizing, and every ordinance authorizing, and every proposition confirming an ordinance authorizing, the issuance of bonds of a school district pursuant to this section, after stating any other matters or things authorized or required by law, shall disclose the effect of such proposal or ordinance on the borrowing margin of every municipality comprised within such school district. Such disclosures shall include showing the amount, if any, of such borrowing margin before adoption of the proposal or ordinance and showing the amount of such borrowing margin, if any, used up by adoption of the proposal or ordinance and showing the amount, if any, of net debt in excess of the measure of such borrowing margin resulting after adoption of the proposal or ordinance. Such disclosure in any such proposal shall be sufficient if set forth in substantially the following form with appropriate figures inserted:

Resolved that the board of education is hereby authorized:
To * * *
To issue bonds of the school district for said purpose (or purposes) in the principal amount of $ (insert amount of bonds to be issued), thus using up all of the $ (insert amount of borrowing margin before adoption of proposal), or, in an appropriate case, increasing the existing deficit in the, borrowing margin of the (insert name of municipality) previ-

The board shall adopt a seal, of which the secretary shall have the care and custody, and all courts of this State shall take judicial notice of said seal. Said secretary shall keep a record of all the proceedings of the board, which shall be open to public examination. The board shall hold, at

n. The continuance of an optometrist in the employ of, or acting as an assistant to any person, firm or corporation, either directly or indirectly, after he has knowledge that such person, firm or corporation is violating the laws of New Jersey concerning the practice of optometry.

CHAPTER 292

AN ACT concerning elections, and amending Title 19:31–15 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 19:31–15 of the Revised Statutes is amended to read as follows:

19:31–15. For the purpose of preventing fraudulent voting and of eliminating names improperly registered, the commissioner in counties having a superintendent of elections, and the county board in all other counties, may within ninety days after each general election preceding the general election at which members of the House of Representatives are elected send by government reply postal card to each registrant who failed to vote at such election, at his registered address, a notice substantially as follows:

"Please answer the question as to residence and removal as indicated on attached reply card.

Commissioner of Registration"

The reply card shall be addressed to the commissioner and shall bear substantially the following questions with appropriate spaces for answers:

"(1) Do you still reside at the address to which this notice has been mailed?
(2) If not, where do you now reside? (stating street address and city or town to which you have moved.)
Signed ......................."

The county board in counties not having a superintendent of elections may also, and in addition to the method hereinbefore provided, direct
at any time an authorized clerk or clerks to make any personal investigation which the commissioner or county board may deem necessary to establish the fact of continued residence or of removal of any registrant.

The commissioner in counties having a superintendent of elections, and the county board in all other counties, shall, in addition to the method hereinbefore provided, at least once during every four years and as often as the commissioner in counties having a superintendent of elections or the county board in all other counties may deem necessary, cause the entire registry list to be investigated by house-to-house canvass to establish the fact of continued residence, removal, death, disqualification or improper registration.

In case of registrants who have been found to the satisfaction of the commissioner in counties having a superintendent of elections and to the county board in all other counties, to have moved from one address to another within the same county, the commissioner in counties having a superintendent of elections, and the county board in all other counties, shall cause the permanent registration forms of said registrants to be transferred to the proper registers, upon receipt of a change of residence notice duly executed by such registrants, as provided by law.

In case of registrants so found to have moved to any place outside the county or State, the commissioner in counties having a superintendent of elections, and the county board in all other counties, shall cause the permanent registration forms of such persons to be transferred to the inactive file. Such persons upon return to any municipality within the county shall be required to reregister before being allowed to vote.

In case of registrants so found to have died, been disqualified or improperly registered, the county board in counties not having a superintendent of elections shall cause the permanent registration forms of such persons to be transferred to the inactive or death file as the case may be.
The county board in counties not having a superintendent of elections before removing, for any reason whatsoever, the permanent registration forms of any registrant from the signature copy registers, or before transferring such forms to the inactive file shall cause to be published a notice setting forth the proposed action of the county board. This notice shall contain the list of the names and registered addresses of all registrants to be affected by the proposed action. Such notice and list shall be published at least two entire days prior to the removal of such names and shall be published in two or more newspapers published within the county, one of which newspapers, at least, shall be published in the municipality affected. At least one of such newspapers shall be a daily newspaper, but if there be no daily newspapers published in the county then such notices shall be published as above provided in weekly papers. The notice and list shall in addition specify the reason or reasons for the contemplated removal or transfer of the permanent registration forms of the registrants affected. Any person affected by any action of the county board in counties not having a superintendent of elections shall, during the two weeks immediately preceding any election and on election day, have the right to make application to any judge of the County Court of that county, for the purpose of obtaining an order entitling him to vote in the district in which he actually resides. The burden of proof shall be upon the applicant. The judge of the County Court if satisfied that the applicant is entitled, under the law, to vote at such election, and after determining the election district in which such person actually resides, may issue an order directing the district board of that district to permit such person to vote. Such person must re-register before voting at any subsequent election.
by court order or otherwise. If the applicant shall be refused the right to vote, due to inability of the district board or of the commissioner or of the county board to find the permanent registration forms of such applicant, then in addition such applicant shall establish by reference to the registry lists of former elections, that he was previously registered. Such evidence shall be deemed sufficient to establish the fact that the applicant was formerly registered. If the order is directed to a district board, the district board shall certify and return the order at the close of the election to the commissioner.

In counties having a superintendent of elections, any registrant so found to have died, or been disqualified by conviction of a crime which would disfranchise a person under the laws of this State, or never has resided at the place of registry or is registered from some place other than his actual residence, or does not possess the qualifications to vote required by the Constitution of this State, or is otherwise not entitled to vote, the commissioner shall cause the permanent registration forms of such registrant to be transferred to the inactive or death file as the case may be.

The commissioner in counties having a superintendent of elections, before transferring such forms to the inactive file or death file, shall serve an order in writing, signed by him, upon the proper district board, ordering it to refuse to allow such person to vote at the next election.

The commissioner in counties having a superintendent of elections, before signing such order in writing to any district board, shall give notice of his proposed action to such registered person (1) personally, or (2) by leaving the same at the person’s registered place of residence with a person above the age of fourteen years, if any such person can be found, and if not, by affixing the same to the outer door of such place of residence or to any other portion of such premises if no building be found thereon, or (3) by sending the same by mail.
addressed to the person at his registered place of residence at least two entire days before the issuance of the order; and the commissioner shall cause a list of the names of such persons, with their registry addresses, to be published at least two entire days before the issuance of the order in two or more newspapers published within the county, at least one of which shall be a daily newspaper. Such published notice, in addition to containing the names and addresses of such persons, shall give notice to them of the proposed action of the commissioner. No such order in writing shall be signed by the commissioner subsequent to the Tuesday preceding an election.

In all counties when the transfer of any person's permanent registration form is to be made to the death file or is to be made to the inactive file because such person did not vote at any election during four consecutive years, or because the name of such person has been ordered stricken from the register by the court, or because such person has changed his or her name by decree of court, or because such person is a woman who changed her name due to marriage or divorce and neglected to reregister in accordance with law, or because the information which forms the basis of such proposed action in making such transfer was received from such person directly, no notice of such proposed action need be given to such registered person and such person's name and registry address need not be published as required in this section.

The commissioner in counties having a superintendent of elections shall cause such order to be delivered to the district board at the same time as the challenge lists are delivered, which order shall be receipted for by the judge of the district board, who shall use the order in conjunction with the registry list, so that no person whose name appears upon the order shall be allowed to vote. Such order shall be signed and certified to by each member of the district board to the effect that no person
whose name appears therein has been allowed to vote. The order shall be returned to the commissioner at the same time and together with the challenge lists. Upon receipt of such order the commissioner shall thereupon transfer the permanent registration forms of the person named in such order to the inactive, death or conviction file, as the case may be, and he shall not be permitted to vote at any subsequent election, by court order or otherwise, unless he has reregistered.

Any person affected by the action of the commissioner in counties having a superintendent of elections shall, during the week immediately preceding the election and on the election day, have the right to make application to a judge of the County Court of the county for the purpose of obtaining an order entitling him to vote in the district in which he actually resides. The burden of proof shall be upon the applicant. The judge of the County Court if satisfied that the applicant is entitled under the law to vote at such election and after determining the election district in which the person actually resides may issue an order directing the district board of that district to permit such person to vote. If the applicant shall refuse the right to vote, due to the inability of the district board or of the commissioner or of the county board to find the permanent registration forms of such applicant, then in addition such applicant shall establish by reference to the registry lists of former elections that he was previously registered. Such evidence shall be deemed sufficient to establish the fact that the applicant was formerly registered. The district board shall certify and return the order to the commissioner at the close of the election, who thereupon shall restore the permanent registration forms of such person to the active file. Before the issuance of such order, the commissioner shall be heard personally, or by his chief deputy or assistants, as to the reasons why he has issued an order denying such person the right to vote. The commissioner or any one representing him shall
have full power to cross-examine any witness. The judge of the County Court making such order shall cause a full record of the proceedings of the application to be taken stenographically, transcribed and filed in the office of the county clerk of the county, which record shall be open and public record. All costs and expenses of such proceedings shall be paid by the county.

In no event shall the permanent registration forms or voting record of any registrant be removed or transferred to the inactive file subsequent to the second Tuesday preceding any election, until after such election; nor shall the permanent registration forms or voting record of any registrant in counties not having a superintendent of elections be removed or transferred to the inactive file if the name of such registrant is not first published in the manner above described, except as herein otherwise provided.

Any commissioner who, after ascertaining that a person has died, been disqualified, moved out of the permanent registration area or has been improperly registered, and who willfully or fraudulently refuses to cause to transfer the permanent registration forms of such persons to the proper file shall be guilty of a misdemeanor.

2. This act shall take effect July first, one thousand nine hundred and fifty-two.

Approved May 23, 1952.

CHAPTER 297

AN ACT to amend "An act for the creation of sewerage districts in townships of this State, and to provide for the construction of sewers and sewage disposal plant or plants, and the cost, maintenance and operation thereof," approved April twenty-first, one thousand nine hundred and nine, as the title of said act was amended by chapter one hundred sixty-one of the laws of one thousand nine hundred and fifteen.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section three of chapter two hundred and sixty-nine of the laws of one thousand nine hundred and nine is amended to read as follows:

3. It shall be the duty of the sewerage commissioners, when elected, to take and file with the clerk of the township an oath faithfully and impartially to perform their duties as such commissioners, and thereupon to organize by the election of one of their board as chairman, and by the appointment of a clerk, who need not be one of the commissioners. They shall then cause detailed maps, plans and specifications of such sewer, sewers or system of sewerage with the appurtenances, including a dis-
posal plant, if deemed necessary, for such district, to be prepared, and shall appoint a time and place at which they will meet to consider the detailed maps, plans and specifications and to hear the taxpayers of such districts concerning same, giving notice thereof by advertisement in a newspaper published or circulating in the township wherein such district may be, at least two weeks prior to such time, said advertisement to be inserted at least once in each week and by the posting of said notice in five of the most public places in said district.

After such hearing held at the time and place specified in said notice of meeting the sewerage commissioners shall fully consider such detailed maps, plans and specifications and may, by a majority vote, reject or adopt or modify said detailed maps, plans and specifications which adoption or modification shall not become effective until after submission of such detailed maps, plans and specifications to the Commissioner of Health of the State of New Jersey and their approval thereof.

In order to temporarily finance the cost of the preparation of such detailed maps, plans and specifications of such sewer, sewers or system of sewerage with the appurtenances, including any disposal plant, if deemed necessary, for such district and for the cost of holding any elections, provided for in this act, and any other incidental expenses in connection with the preparation of such detailed maps, plans and specifications, or the holding of any such elections, the district may issue in anticipation of the issuance of permanent bonds, as provided in this act, temporary improvement notes of the district in the amount necessary to finance the cost of such detailed maps, plans and specifications and the expenses of holding any election pursuant to this act and any other incidental expenses in connection therewith. Such temporary improvement notes of the district, as may be issued in order to temporarily finance the cost as herein stated shall be limited to one per centum
(1%) of the assessed valuation of the property of the district as taken from the rolls of the tax assessor of the township. Such notes shall be issued by the sewerage commissioners in the corporate name of the district; shall be signed by each of the commissioners and shall have the corporate seal of the district affixed thereto, attested by the clerk; shall bear interest at a rate not exceeding six per centum (6%) per annum; shall be payable within three years from their respective dates.

The sewerage commissioners, after approval of the detailed maps, plans, and specifications by the Commissioner of Health of the State of New Jersey, shall then cause an estimate of the cost of construction of said approved sewerage system to be made and shall thereafter, not less than four months from the date of the hearing held by them, set a time, which shall be a Saturday between the hours of one o'clock in the afternoon and nine o'clock in the evening prevailing time, and a place, which time and place shall be advertised for at least two weeks prior to the time fixed by advertising same in a newspaper published or circulating in the township within which said district is situated, by at least two insertions to be made therein once in each week, and by posting said advertisement in five of the most public places within such district, stating when and where the legal voters of the district shall determine by ballot by not less than thirty-five per centum (35%) of such legal voters, whether or not there shall be constructed within such district a sewer, sewers or system of sewerage in accordance with the submitted and approved detailed maps, plans and specifications, at a cost not in excess of the maximum amount of the received cost estimate which amount is to be stated in the notice of advertisement published and posted and whether or not bonds in an aggregate amount not exceeding the said cost estimate which shall include engineering, legal, advertising and such incidental expenses as may be necessary, and also all cost of the preparation of detailed maps, plans
and specifications of such sewer, sewers or system of sewerage with the appurtenances, including a disposal plant and all cost of holding elections pursuant to this act and all cost incidental thereto, shall be issued by said district to finance the cost thereof. Such election shall be conducted by the respective district boards of registry and election and the township clerk shall notify and convene such boards.

Should a majority of the legal voters vote in favor of the construction of a sewer or sewers or system of sewerage in accordance with the submitted and approved detailed maps, plans and specifications at a cost not to exceed the estimated cost and in favor of issuing bonds therefor by said district and said majority shall constitute at least thirty-five per centum (35%) of the eligible legal voters, then it shall be deemed that said vote shall have been in the affirmative; otherwise it shall be deemed in the negative and the sewerage commissioners shall then be without power to proceed with said construction or bond issuance and shall be further deemed to have vacated their office except as hereinafter provided and said sewerage district shall be deemed to be incomplete and have failed of creation except for the purpose of the payment of any temporary improvement notes issued or other indebtedness incurred for the cost of the preparation of detailed maps, plans and specifications of such sewer, sewers or system of sewerage and expenses in connection with any elections held and other incidental preliminary expenses. Such sewer districts, after the election of sewerage commissioners as provided in section two of this act, shall be fully incorporated for the purpose only of the payment of any such temporary improvement notes or indebtedness incurred for such detailed maps, plans and specifications and election expenses and other incidental preliminary expenses but for no other purpose. Such sewerage districts shall continue as corporate bodies until all such preliminary costs and any temporary improvement
notes theretofore issued have been fully paid, and such sewerage district shall be unconditionally obligated to levy ad valorem taxes on all taxable property therein without limit as to rate or amount for the payment of such temporary improvement notes or indebtedness thereto in accordance with this act incurred or issued. No new district may thereafter be formed or created without full compliance with the provisions of this act as amended and supplemented.

In the event the vote shall be in the affirmative, it shall be the duty of the clerk of the board of sewerage commissioners to prepare and mail a notice thereof to the known taxpayers of all real property within the district, as shown by the tax duplicate. The notice shall state in general terms the boundaries of the district, the nature and estimated maximum cost of the improvement, the method of financing such cost to the extent that it may then be known, and the results of the election as aforesaid. The notice shall state that any taxpayer may file objections to the proposed sewer improvement in writing which must be received by the township collector of taxes within twenty days of the date of mailing of the notice. The township collector of taxes shall provide the clerk of the board of sewerage commissioners with an accurate list of all names and addresses of the taxpayers in the district as shown by the tax duplicate, and the said clerk shall make and file an affidavit of mailing with the township collector of taxes, stating the date upon which the notices required by this section were mailed. After twenty days from the date so stated in the affidavit, the township collector shall forthwith make and file his certificate stating the value of real property, as shown by the tax duplicate, represented by objections received by him in accordance with the foregoing notice. If the township collector shall certify that taxpayers representing less than fifty-one per centum (51%) of the taxable real property of the district, as shown by the tax duplicate, have filed objections, the or-
ganization of the district shall be deemed complete and it shall have full power to proceed as otherwise provided in this act. If the collector shall certify that taxpayers representing fifty-one per centum (51%) or more of the value of real property in the district, as shown by the tax duplicate, have filed objections as herein provided, the said sewerage district shall be deemed to have failed of creation, except for the purpose of paying any temporary improvement notes or indebtedness issued or incurred for detailed maps, plans and specifications of such sewer, sewers or system of sewerage, election expenses or incidental preliminary expenses as provided above. No new district may thereafter be formed or created without full compliance with the provisions of this act as amended and supplemented.

The sewerage commissioners shall have power, notwithstanding the foregoing provisions, to adopt, with the approval of the State Commissioner of Health, any modifications, amendments or additions to the detailed maps, plans and specifications which the commissioners subsequently determine to be necessary to meet unforeseen conditions; provided, that such action shall not increase the maximum estimated cost which has been authorized by the voters at such election except as may be otherwise provided by this act or any amendments or supplements thereto.

In the event the sewerage district shall fail of creation by the vote of the legal voters or due to objection by eligible taxpayers in accordance with the proceedings hereinabove outlined, then it shall be the duty of the sewerage commissioners before their office shall be deemed to have been vacated, to certify the cost of the proceedings had to the date of the determination of the failure to create such sewerage district, including the amount of any temporary improvement notes theretofore issued for such costs as provided herein, to the board of tax assessors of the township who shall assess such cost upon the property situate within the sewerage
district attempted to be created, which assessment shall be certified to the tax collector by the board of assessors and shall be a lien upon the real and personal property within the alleged sewerage district and be payable the same as other taxes are paid and which sum, so collected, shall be dedicated to the payment of the bills incurred by the sewerage commissioners before their office shall have been deemed to have been vacated as hereinabove set forth, and to the payment of any temporary improvement notes theretofore issued for such purposes as provided herein. The full faith and credit of said district shall be pledged for the payment of any such cost and including any such temporary improvement notes theretofore issued and the holders of said temporary improvement notes theretofore issued and any other persons to whom any of such costs are payable or to whom the district is indebted for such cost shall have full power to enforce the levy of taxes for the payment of and the collection of such taxes, any of such temporary improvement notes theretofore issued and of any such cost heretofore referred to.

If the sewerage district organization shall have been completed as hereinabove provided and the said sewerage commissioners shall deem it necessary for the efficient sewerage of such district, or any part thereof, to construct an outlet sewer or sewers to tide or other waters, or to an outlet or disposal works, either within or outside of such sewerage district, or to connect any such outlet sewer or sewers with the sewerage system of any sewerage district or municipality, it shall be lawful for them to do so under the provisions of this section.

In case it shall be necessary to take and occupy lands either within or without the bounds of such sewerage district, it shall be lawful for the commissioners thereof to take and appropriate and use for this purpose, so far as may be necessary, any land, or interest in land, within or without the limits of said district, and to acquire by purchase
or condemnation any land, or interest in land, in such district, or any other municipality needed for that purpose. And the said commissioners shall have power to contract with any other sewerage district or municipality in the State for the right to use the sewerage system, or disposal works of such sewerage district or municipality on such terms and conditions and at such cost to such sewerage district as may be agreed upon, and to the making and performance of such agreement or contract the said sewerage district or municipal corporations are hereby fully empowered; provided, however, that no disposal works of any kind shall be located beyond the territorial limits of such sewerage district without the consent of the governing body of the municipality in which the same is located, evidenced by a resolution duly entered on the minutes of such governing body.

The sewerage commissioners elected as herein provided shall, prior to the issuance of any bonds or the levy of any taxes or special assessments for benefits pursuant to said acts, appoint a time and place at which the commissioners will meet and hear any complaint which may be made by any resident or person owning or having an interest in any property included in the district. A notice stating the time, place and purpose of such hearing shall be published once in a newspaper published or circulating in the township and posted in five of the most conspicuous public places in the district not less than twenty days prior to the date of the hearing. The commissioners shall hear all evidence offered in support of any such complaint and shall, after giving due consideration thereto, change or alter the boundaries of the district so as to exclude therefrom all property which may receive no substantial benefit from the sewer, or sewers, or system of sewerage, with the appurtenances, proposed to be constructed therein.
2. Section five of chapter two hundred sixty-nine of the laws of one thousand nine hundred and nine is amended to read as follows:

5. Within twelve months after the final completion of any sewer, sewers or system of sewerage built under the provisions of this act the sewerage commissioners for such district shall appoint a time and place for a meeting of the legal voters of such district, called and held in the manner provided in section two of this act, for the purpose of determining by a vote of the majority of those present and voting whether the entire cost of such improvement shall be paid by taxing the taxable ratables within said district therefor in so far as the rentals or other charges and revenues, if any, derived from the operation of such sewer, sewers or system of sewerage, over and above the annual amounts necessary for the operation and maintenance thereof, shall be insufficient to pay the principal of and interest on bonds or notes issued to finance the cost of such sewer, sewers or system of sewerage, or whether there shall be levied upon the lands and real estate specially benefited by said improvement such part of the cost thereof as may represent the special benefits conferred upon such lands and real estate by such improvement and the remainder of such cost paid by taxing the taxable ratables within said district therefor as provided above; provided, however, that in any event the full faith and credit of such districts shall be pledged for the payment of the principal of and interest on any temporary improvement notes or permanent bonds issued to finance the cost of construction of such sewer, sewers or system of sewerage, and all the taxable property within such districts shall be liable for the payment of such temporary improvement notes or permanent bonds, and the interest thereon, without regard to the levy of special assessments, as provided in this section, or the failure of the district to collect such special assessments or to make proper application of such special assessments when collected to the payment of such
temporary improvement notes or permanent bonds. It is the express intention of this section that such districts shall have power to issue bonds payable from ad valorem taxes only, or from such ad valorem taxes and special assessments, or such ad valorem taxes and such rentals or other charges and revenues, or ad valorem taxes and any combination of such special assessments and such rentals or other charges or revenues.

In case it shall be determined by such vote that an assessment shall be levied upon the lands specially benefited by such improvement, the sewerage commissioners shall forthwith make application by petition to the Superior Court in the county in which said district shall be located for the appointment of three commissioners of assessment, who shall be resident freeholders of the county, but shall not be interested in any land within said sewerage district, or otherwise interested in said improvement. They shall, before entering upon their duties, take and subscribe before some officer by law empowered to administer oaths, an oath in which they shall swear that they are not interested in any land within the sewerage district, and not otherwise interested in said improvement, and that they are resident freeholders of the county, and that they will faithfully execute the duties of their office. They shall then ascertain the cost of said improvement, including all damages and awards for the taking of property, the cost of any outlet obtained by purchase, if any, and all lawful expenses, and shall then assess such part of said cost and expenses so ascertained as shall represent the special benefits conferred upon the land and real estate specially benefited by such improvement, and in proportion to the benefit thereby received, and no lot or parcel of land shall be assessed more than is specially benefited, and the excess, or any of such cost and expenses, over and above the amount so assessed upon such land, shall be assessed upon the district at large wherein such improvement shall lie, which assessment shall be
manifested by a report in writing, signed by the
said commissioners, or any two of them, accom­
panied by a map showing the lands assessed and
the amount assessed upon each lot or parcel of
land, the name of the owner or owners of such lots
of land, so far as they have become known to said
assessment commissioners, and the excess of such
cost and expense, if any, assessed upon the district
at large, but no assessment shall be deemed defec­
tive by reason of any mistake in the names of any
of said owners, or by reason of the omission of the
names of any of such owners.

It is the express intention of this act that, if
approved by the legal voters at the election hereto­
fore referred to, any proportion of the cost of such
sewer, sewers or system of sewerage may be
specially assessed against the lands and real estate
specially benefited thereby, but not in any event
in excess of the special benefits conferred upon
such land and real estate by such improvement and
that, in the event of the pledge to the payment of
the bonds issued to finance the cost of the con­
struction of such sewer, sewers or system of sewer­
age of the rentals or other charges and revenues
to be derived from the operation of such sewer,
sewers or system of sewerage, then in the discre­
tion of the sewerage commissioners no assessment
need to be made upon the district at large; pro­
vided, however, that the district shall at all times
be irrevocably and unconditionally obligated to
levy ad valorem taxes for the payment of the
principal of and interest on any bonds or tem­
porary improvement notes issued pursuant to this
act to the full extent that any proceeds or special
assessments or rentals or other charges or revenues
from such sewer, sewers or system of sewerage are
insufficient therefor, and the full faith and credit
of said district shall be pledged for all bonds, tem­
porary improvement notes or other obligations
issued pursuant to this act.

3. This act shall take effect immediately.

Approved May 24, 1952.

6. The Department of Agriculture shall not be financially responsible for debts incurred by, damage inflicted by, or contracts broken by co-operating organizations, persons, firms, associations or corporations conducting seed certification work.

8. The board shall empower any member to conduct any proceeding, hearing or investigation necessary to its purposes. Three members of the board shall be a quorum.

3. The board shall hold at least two meetings each year and may hold such other meetings as it may deem advisable. The time and place of all such meetings shall be determined by the board.

The board shall elect a president, a secretary and a treasurer from its membership and shall have a common seal, of which all courts of this State shall take judicial notice. Its president, or secretary, may issue subpoenas to compel attendance of witnesses to testify before the board and administer oaths in taking testimony in any matter pertaining to its duties, which subpoenas shall issue under the seal of the board and shall be served in the same manner as subpoenas issued out of the County Courts of this State, and every person who refuses or neglects to obey the command of such subpoena, or who, after appearing, refuses to be sworn and testify, shall, in either event, be liable to a penalty of fifty dollars ($50.00) to be sued for in the name of the board in any court of competent jurisdiction, which penalty when collected shall be paid to the treasurer of said board.
The board may appoint an agent, subject to the approval of the Attorney General, whose title shall be "inspector of the State Board of Examiners of Ophthalmic Dispensers and Ophthalmic Technicians," who shall hold office during the pleasure of the board and who may be removed by the board subject to the approval of the Attorney General, and shall, during his continuance in office, be authorized to serve and execute any process issued by any court of record under the provisions of this act. Such agent shall not be subject to the provisions of the Civil Service law.

4. The secretary and the inspector of the State Board of Examiners of Ophthalmic Dispensers and Ophthalmic Technicians shall receive such compensation as shall be fixed by the board, subject to the approval of the Attorney General, within the limits of available appropriations therefor.

5. A person practices ophthalmic dispensing within the meaning of the provisions of this act relating to ophthalmic dispensing who prepares and dispenses lenses, spectacles, eyeglasses or appurtenances thereto to the intended wearers thereof on written prescriptions from physicians or optometrists duly licensed to practice their profession, and in accordance with such prescriptions, interprets, measures, adapts, fits and adjusts such lenses, spectacles, eyeglasses or appurtenances thereto to the human face for the aid or correction of visual or ocular anomalies of the human eyes. The services and appliances relating to ophthalmic dispensing shall be dispensed, furnished or supplied to the intended wearer or user thereof only upon prescription issued by a physician or optometrist; but duplications, replacements, reproductions or repetitions may be done without prescription, and such act shall likewise be construed to constitute the practice of ophthalmic dispensing the same as if performed on the basis of an original written prescription. No person shall sell, dispense, supply or offer ophthalmic lenses, spectacles or eyeglasses to intended wearers or users thereof.
without prescriptions, properly authorized, by physicians or optometrists duly licensed to practice their professions in the State of New Jersey; provided, however, nothing in this act shall be construed to apply to the sale of toy glasses or goggles consisting of plano-white, plano-colored lenses, magnifiers, loupes, binoculars or ordinary colored glasses or the sale of ready-made glasses or spectacles, with simple magnification only, when sold as merchandise at established places of business.

An ophthalmic technician, for the purposes of this act, shall be defined as follows:

One having a knowledge of optics and skilled in the technique of producing and reproducing ophthalmic lenses and kindred products, and mounting same to supporting materials.

Any person from out of the State of New Jersey with appropriate ophthalmic dispensing qualifications or ophthalmic technician qualifications who can prove such qualifications may apply to the board for a temporary permit to secure employment in the State of New Jersey as an ophthalmic dispenser or ophthalmic technician, and said permit shall automatically expire after the publication of the grades of the next succeeding examination; and the board shall be limited to the issuance of only two temporary permits to each applicant, and a fee of five dollars ($5.00) shall accompany such application.

Any person entering into employment in an ophthalmic dispensing establishment for the purpose of obtaining practical experience and skill as a licensed ophthalmic dispenser or ophthalmic technician shall register as an apprentice with the board and the computation of any period of apprenticeship under the provisions of this act shall commence at the date of such registration. Such application for registration shall be certified under oath, by the employer and by such applicant; and a fee of five dollars ($5.00) shall accompany such application, and the board may issue to such ap-
applicant an apprentice’s certificate. Any person who may have served part of his apprenticeship in any other State or country, not requiring such registration, shall be obliged to give proof of such service satisfactory to the board.

Nothing in the provisions of this act relating to ophthalmic dispensing shall be construed to limit or restrict, in any respect, the practice of medicine by physicians duly licensed to practice in this State, or the practice of optometry by optometrists duly licensed to practice optometry in this State.

6. The board shall examine for competence in matters pertaining to ophthalmic dispensing and allied and practical subjects.

To every applicant who shall pass such examination, the board shall issue a certificate of registration which shall constitute a license hereunder, and shall be issued for a period of one year and may be renewed annually as herein provided. Any license issued hereunder shall be subject to all of the provisions of this act and the rules and regulations promulgated hereunder.

7. Any person who has received a certificate of registration as a qualified ophthalmic dispenser or qualified ophthalmic technician as provided for herein shall be permitted and authorized to practice as an ophthalmic dispenser or ophthalmic technician, as defined in section five of this act.

8. Every holder of a certificate of registration shall conspicuously display the same in his establishment.

9. The board shall meet at least twice annually, at which time candidates applying for certification shall be examined and their qualifications determined; and the board may meet at such other times and places as the board may prescribe. A candidate, in order to qualify for examination and certification as an ophthalmic dispenser, must furnish proof that he:

(b) Is of good moral character.

(d) Has served as a registered apprentice of not less than four calendar years' full-time employment under the supervision of an ophthalmic dispenser in an optical establishment, office, department store, shop or laboratory where prescriptions for optical glasses from given formulae have been filled, and has acquired experience in the producing and reproducing of ophthalmic lenses, and mounting the same to supporting materials, of which the last year in the State of New Jersey, at least, shall have been acquired within the five years last preceding the date of such application.

A candidate, in order to qualify for examination and certification as an ophthalmic technician, must furnish proof that he:

The board shall grade the examinations returned by the candidates and shall keep them for at least one year if said applicant obtained a grade of less than seventy-five per centum (75%). Any unsuccessful candidate may, upon written request to the board, see his graded paper.

10. Every candidate prior to being admitted to an examination shall be required to pay an examination fee as follows: An ophthalmic dispenser, twenty-five dollars ($25.00); and an ophthalmic technician, fifteen dollars ($15.00), which shall be in addition to the annual license fee for the issuance of a certificate under the provisions of this act.

11. All applicants who have been principally engaged in ophthalmic dispensing and in the prepara-
tion and processing of ophthalmic lenses and frames to prescriptions in the State of New Jersey for a period of two years prior to the effective day of this enactment, and whose applications, accompanied by a fee of twenty-five dollars ($25.00), have been properly filed prior to such day or within six months after said day, shall be issued a license.

All applicants who have been principally engaged as an ophthalmic technician in the preparation and processing of ophthalmic lenses and frames in the State of New Jersey for a period of two years prior to the effective day of this enactment, and whose applications, accompanied by a fee of ten dollars ($10.00), have been properly filed prior to such day or within six months after said day, shall be issued a license.

12. A license issued under the provisions of this act shall be evidenced by a certificate issued by the board. A fee shall be paid to the board, at the date of application for license, as follows: For licensed ophthalmic dispensers, twenty-five dollars ($25.00), and fifteen dollars ($15.00) for annual renewal of any such license. For licensed ophthalmic technicians, fifteen dollars ($15.00), and ten dollars ($10.00) for annual renewal of any such license. Any person licensed by said board who shall fail to renew his license within six months after the date of its expiration and shall, thereafter, desire to renew such license, shall pay to the board fifteen dollars ($15.00) for such renewal; provided, before granting a license to any applicant who has not held a license issued by said board within five years of the date of application, said board shall require such applicant to pass a standard examination satisfactory to said board and to pay to the board the fee required of original applicants.

13. The board shall prescribe and prepare the necessary forms for application and examination of candidates for certification hereunder and shall by its formally adopted rules and regulations establish the method and manner in which such application shall be filed and the examination held.
The board shall be authorized and empowered to promulgate such reasonable rules and regulations which shall be necessary to give full force and effect to the provisions of this act and to regulate the practice of ophthalmic dispensers and ophthalmic technicians in this State within the meaning hereof; provided, however, such rules and regulations are not inconsistent with the provisions of this act.

14. (a) All license, certificate, permit, registration and renewal fees prescribed by this act shall be paid into the State treasury through the Attorney General; and

(b) All fines, penalties and other moneys derived from the operation of, or payable pursuant to law to, the board shall be paid into the State treasury through the Attorney General.

Such fees, fines, penalties and other moneys so paid into the State treasury shall be placed to the credit of the board, and no part thereof may be disbursed or expended by the board for any purpose except in accordance with appropriations made by law, and then only upon warrant of the Director of the Division of Budget and Accounting in the Department of the Treasury on vouchers certified or approved by the president of the board.

15. On or before the fifteenth day of September in each year, the board shall prepare and submit to the Attorney General a budget request for appropriations for the board for the ensuing fiscal year. The budget request so prepared shall, upon approval of the Attorney General, be submitted to the State Treasurer.

16. Any surplus remaining in any year to the credit of the board, after annual appropriations made as provided herein, shall be paid into and become part of the General Fund of the State.

17. It shall be lawful for an ophthalmic dispenser or ophthalmic technician to advertise; provided, that no mention shall be made, either directly or indirectly by any means whatsoever, of a discount,
any definite or indefinite price or credit terms on corrective ophthalmic lenses, frames, complete prescription or corrective glasses; and provided, that such ophthalmic dispenser or ophthalmic technician does not advertise in any manner that would tend to mislead or deceive the public or that would in any manner discredit others in the eye care field. An ophthalmic dispenser or ophthalmic technician shall have the right with each individual patient to recommend an ophthalmologist or optometrist.

It shall be unlawful to advertise or employ displays in such a manner as to suggest, infer or indicate that persons licensed under this act are qualified to give professional advice concerning eye care.

It shall be unlawful for any ophthalmic dispenser or ophthalmic technician to use the word "licensed" or any of its synonyms.

It shall be unlawful for any ophthalmic dispenser or ophthalmic technician or employee or agent thereof or any other person on their behalf to offer to pay a rebate or commission in any form whatsoever to any ophthalmologist, refractionist, or optometrist in return for referring patients to anyone licensed under this act.

18. Any person who, after this act becomes operative, shall practice as a licensed ophthalmic dispenser or ophthalmic technician as defined in section five of this act, or hold himself out to be a qualified or licensed ophthalmic dispenser or ophthalmic technician, or designate himself by any other term or title which implies that he is an ophthalmic dispenser or ophthalmic technician without having been licensed as a qualified ophthalmic dispenser or ophthalmic technician by the board, shall be liable to a penalty of two hundred dollars ($200.00), which penalty shall be recovered in a summary manner in any county or district court in the manner prescribed by the rules of procedure for those courts.
19. If judgment be rendered for the plaintiff, the court shall cause any defendant who refuses or neglects to forthwith pay the amount of the judgment rendered against him and all the costs and charges incident thereto, to be committed to the county jail for a period of not less than ten days and not exceeding one hundred days.

20. In case a person shall, after conviction of any violation of this act, be again convicted of another violation thereof or of continuing the violation for which such offender was previously convicted, such offender shall be liable to a penalty of five hundred dollars ($500.00) for each such violation or continuation, to be sued for and recovered in the manner set forth above. In case any defendant against whom judgment has been recovered for a penalty of five hundred dollars ($500.00) shall fail or neglect to forthwith pay the amount of said penalty, the court shall commit him to jail in the manner above set forth, for a period of not less than thirty days and not exceeding two hundred days. A penalty recovered for any violation of this act shall be paid to the State Board of Examiners of Ophthalmic Dispensers and Ophthalmic Technicians.

21. The clerk of any district court or of any County Court may sign and seal any process required to be issued under this act, except a warrant of commitment. The costs recoverable in any such proceeding shall be the same as costs taxed in actions in said courts, and shall be recovered by the board in the event of the conviction of the defendant. A judgment recovered for a penalty under the provisions of this act in any district court may be docketed in the same manner as other judgments in said court are docketed. Execution may issue for the collection of any judgment obtained under this act against the personal property and body of the defendant without an order first obtained for that purpose.
The board may refuse to grant or may suspend or revoke a license to practice as an ophthalmic dispenser or ophthalmic technician upon proof to the satisfaction of the board that the holder of such license:

(a) Has been adjudicated insane, or
(b) Habitually uses drugs or intoxicants, or
(c) Has been convicted of crime involving moral turpitude, or
(d) Has advertised fraudulently, or
(e) Shall have presented to the board any diploma, license, or certificate that shall have been signed or issued unlawfully or under fraudulent representations, or obtains or shall have obtained a license to practice in this State through fraud of any kind, or
(f) Has been convicted of a violation of any Federal or State law relating to narcotic drugs, or
(g) Solicits in person or through an agent or agents for the purpose of selling ophthalmic materials; or employs what are known as: "chaser," "chasers," "steerer," "steerers," "solicitor," or "solicitors" to obtain business; provided, however, nothing herein contained shall prohibit the ophthalmic dispenser or ophthalmic technician from engaging in lawful pursuits or professional relations with an ophthalmologist or an optometrist, or
(h) Has violated any of its rules or regulations.

The board at any time after the date of revocation may consider an application for reinstatement; and, after such consideration, it may grant such reinstatement.

Before any license to practice as an ophthalmic dispenser or ophthalmic technician in this State
shall be suspended or revoked, except in the case of convictions of a crime involving moral turpitude or convictions of violations of any Federal or State law relating to narcotic drugs, the accused persons shall be furnished with a copy of the complaint and be given a hearing before said board in person or by attorney, and any person whose license shall be suspended or revoked in accordance with this section shall be deemed an unlicensed person during the period of such suspension or revocation, and as such, shall be subject to the penalties hereinbefore prescribed for persons who practice as ophthalmic dispensers or ophthalmic technicians without first having obtained a license to do so.

23. If any clause, sentence, paragraph or part of this act be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this act, and it is hereby declared to be the legislative intent that this act would have been adopted had such invalid provision not been included herein.

24. This act shall become operative ninety days after its enactment.

CHAPTER 337

An Act concerning unemployment compensation, and amending section 43:21-14 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-14 of the Revised Statutes is amended to read as follows:

(a) In addition to such reports as the Director of the Division of Employment Security may re-
quire under the provisions of subsection (g) of section 43:21-11 of this chapter (R. S. 43:21-1 et seq.), every employer shall file with the division periodical contribution reports on such forms and at such times as the director shall prescribe, to disclose the employer’s liability for contributions under the provisions of this chapter (R. S. 43:21-1 et seq.), and at the time of filing each contribution report shall pay the contributions required by this chapter (R. S. 43:21-1 et seq.) for the period covered by such report. The director may require that such reports shall be under oath of the employer. Any employer who shall fail to file any report, required by the director, on or before the last day for the filing thereof shall pay a penalty of one dollar ($1.00) for each day of delinquency until and including the tenth day following such last day, and, for any period of delinquency after such tenth day, a penalty of one dollar ($1.00) a day or twenty per centum (20%) of the amount of the contributions due and payable by the employer for the period covered by the report, whichever is the lesser. If there be no liability for contributions for the period covered by any contribution report or in the case of any report other than a contribution report, the employer or employing unit shall pay a penalty of one dollar ($1.00) a day for each day of delinquency in filing or fifteen dollars ($15.00), whichever is the lesser. Any employer who shall fail to pay the contributions due for any period on or before the date they are required by the division to be paid, shall pay interest at the rate of one per centum (1%) a month on the amount thereof from such date until the date of payment thereof. Upon the written request of any employer or employing unit, filed with the division on or before the due date of any report or contribution payment, the director, for good cause shown, may grant, in writing, an extension of time for the filing of such report or the paying of such contribution with interest at the rate of one per centum (1%) a month on the amount thereof; provided, no such
extension shall exceed thirty (30) days and that no such extension shall postpone payment of any contribution for any period beyond the day preceding the last day for filing tax returns under Title IX of the Federal Social Security Act for the year in which such period occurs.

(b) The contributions, penalties, and interest due from any employer under the provisions of this chapter (R. S. 43:21–1 et seq.), from the time they shall be due, shall be a personal debt of the employer to the State of New Jersey, recoverable in any court of competent jurisdiction in an action at law in the name of the State of New Jersey; provided, however, that except in the event of fraud, no employer shall be liable for contributions, penalties or interest unless assessed before four years have elapsed from the time when the contributions were due. Upon application therefor, the division shall furnish interested persons and entities certificates of indebtedness covering employers, employing units and others for contributions, penalties and interest, for each of which certificates the division shall charge and collect a fee of twenty-five cents ($0.25) per name, no such certificate to be issued, however, for a fee of less than one dollar ($1.00). All fees so collected shall be paid into the unemployment compensation auxiliary fund.

(c) If any employer shall fail to make any report as required by the rules and regulations of the division pursuant to the provisions of this chapter (R. S. 43:21–1 et seq.), the division may make an estimate of the liability of such employer from any information it may obtain and, according to such estimate so made, assess such employer for the contributions, penalties, and interest due the State from him, give notice of such assessment to the employer, and make demand upon him for payment.

(d) After a report is filed under the provisions of this chapter (R. S. 43:21–1 et seq.) and the rules and regulations of the division, the division shall cause the report to be examined and shall make such further audit and investigation as it may
deem necessary, and if therefrom there shall be determined that there is a deficiency with respect to the payment of the contributions due from such employer, the division shall assess the additional contributions, penalties, and interest due the State from such employer, give notice of such assessment to the employer, and make demand upon him for payment.

(e) As an additional remedy, the division may issue to the clerk of the Superior Court of New Jersey a certificate stating the amount of the employer’s indebtedness under this chapter (R.S. 43:21-1 et seq.) and describing the liability, and thereupon the clerk shall immediately enter upon his record of docketed judgments such certificates or an abstract thereof and duly index the same. Such certificate or abstract from the time of such docketing shall have the same force and effect as a judgment obtained in the Superior Court of New Jersey, and the division shall have all the remedies and may take all the proceedings for the collection thereof which may be had or taken upon the recovery of such a judgment in an action at law upon contract in said court. Such debt, from the time of the docketing thereof, shall be a lien on and bind the lands, tenements, and hereditaments of the debtor.

The clerk of the Superior Court shall be entitled to receive for docketing such certificate fifty cents ($0.50), and for a certified transcript of such docket fifty cents ($0.50). If the amount set forth in said certificate as a debt shall be modified or reversed by any court, the clerk of the Superior Court shall, when an order of modification or reversal is filed, enter in the margin of the docket opposite the entry of the judgment the word “modified” or “reversed,” as the case may be, and the date of such modification or reversal.

The employer, or any other person having an interest in the property upon which the debt is a lien, may deposit the amount claimed in the certificate with the clerk of the Superior Court of New
Jersey, together with fifty dollars ($50.00) to cover interest and the costs of court, or in lieu of depositing the amount in cash, may give a bond to the State of New Jersey in double the amount claimed in the certificate, and file the same with the clerk of the Superior Court. Said bond shall have such surety and shall be approved in the manner required by the rules of the Supreme Court.

After the deposit of said money or the filing of said bond, the employer or any other person having an interest in the said property, may review the legality or validity of the indebtedness or the amount thereof by civil action in lieu of prerogative writs, and the said deposit of cash shall be as security for and the bond shall be conditioned to prosecute the action with effect and to pay and satisfy, if the debt be sustained, the amount adjudged by the court and all interest and costs.

Upon the deposit of said money or the filing of the said bond with the clerk of the Superior Court, all proceedings on such judgment shall be stayed until the final determination of the cause, and the moneys so deposited shall be subject to the lien of the indebtedness and costs and interest thereon, and the lands, tenements, and hereditaments of said debtor shall forthwith be discharged from the lien of the State of New Jersey and no execution shall issue against the same by virtue of said judgment.

(f) If not later than two years after the calendar year in which any moneys were erroneously paid to, or collected by the division, whether such payments were voluntarily or involuntarily made or made under mistake of law or of fact, an employer or an employee who has paid such moneys shall make application for an adjustment of his own contribution in connection with subsequent contribution payments, or for a refund of his own contribution because such adjustment cannot be made, and the director of the division shall determine that such moneys or any portion thereof was so erroneously paid or collected, such employer or employee shall be allowed to make an adjustment
thereof, without interest, in connection with subsequent contribution payments, or if such adjustment cannot be made the said amount shall be refunded, without interest, from the appropriate fund. For like cause and within the same period, adjustment or refund may be so made on the initiative of the director.

(g) All interest and penalties collected pursuant to this section shall be paid into a special fund to be known as the unemployment compensation auxiliary fund; all moneys in this special fund shall be deposited, administered and disbursed, in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State treasury, and shall be expended, under legislative appropriation, solely for the purpose of aiding in defraying the cost of the administration of this chapter (R. S. 43:21-1 et seq.) and for essential and necessary expenditures in connection herewith not provided in or by grants of the Federal Government. The Treasurer of the State shall be ex officio the treasurer and custodian of this special fund and, subject to legislative appropriation, shall administer the fund in accordance with the directions of the division. Any balances in this fund shall not lapse at any time, but shall be continuously available, subject to legislative appropriation, to the division for expenditure. The State Treasurer shall give a separate and additional bond conditioned upon the faithful performance of his duties in connection with the unemployment compensation auxiliary fund in an amount to be fixed by the division, the premiums for such bond to be paid from the moneys in the said special fund.

Note: 2. This act shall take effect the second day of July, one thousand nine hundred and fifty-two.

Approved June 18, 1952.

The Board of Embalmers and Funeral Directors of the State of New Jersey is hereby abolished and all of its functions, powers and duties, except as may be inconsistent with the provisions of this act, are hereby transferred to and vested in the State Board of Mortuary Science of New Jersey established hereunder. The State Board of Mortuary Science of New Jersey established hereunder and its functions, powers and duties shall in all respects be subject to the provisions of sections thirty, thirty-two, thirty-three, thirty-five, thirty-seven, thirty-nine and forty of chapter four hundred thirty-nine of the laws of one thousand nine hundred and forty-eight.

5. The files, books, papers, records, equipment and other property of the present Board of Embalmers and Funeral Directors of the State of New Jersey shall, on the effective date of this act, be delivered to the State Board of Mortuary Science of New Jersey created under this act.

6. Each member of the board, before entering upon his duties and within thirty days after receiving notice of his appointment, shall take and subscribe an oath of office such as is provided for other State officials. Upon the failure of a member of the board to take the oath of office as provided herein, a vacancy in the membership of the board shall then exist which shall be filled by the Governor as provided in section four. The board shall annually select from its membership a president and secretary, who shall serve until their successors shall be elected and qualified. The board is authorized and empowered to adopt and promulgate such rules and regulations, not inconsistent with this act, as it may deem expedient for the transaction of its business and for the purpose of efficiently enforcing the provisions of this act.

7. The board is authorized and empowered to adopt such rules and regulations, not inconsistent with this act, as shall be reasonably proper and advisable for the promotion or improvement of the standards of service, protection and practice to be
followed in the profession of mortuary science, embalming and funeral directing in the State of New Jersey and for and in the interest, preservation and improvement of the public health, morals, safety and welfare.

8. The board shall adopt a seal, of which the secretary shall have the care and custody, and all courts of this State shall take judicial notice of such seal.

9. The president of the board shall preside at all meetings and he shall exercise and perform all duties and functions incidental to the office of president of the board.

10. The secretary shall keep a record of all proceedings of the board, shall exercise and perform all duties and functions incidental to his office and such other duties and functions as may be assigned by the board. He shall receive such compensation for his services, within the limits of available appropriations therefor, and shall give such bond for the faithful performance of his duties as the board may, with the approval of the Attorney-General, determine.

The secretary of the board shall keep a record in which shall be registered the name and professional address of every person to whom licenses have been granted in accordance with the provisions of this act or in accordance with the provisions of prior laws of this State, the number and date of such license and the date of each renewal thereof.

The secretary shall, whenever requested so to do, certify over the seal of the board, whether the records kept by the board show or fail to show a license to carry on the practice of mortuary science or of embalming or funeral directing, or both, or the issuance of any renewal of any such licenses or whether any person has or has not a license in full force and effect. The fee for any such certificate shall be one dollar ($1.00). Any such certificate, whether made by the secretary upon such request or for use in proceedings before the board or in
which the board may be a party, shall be prima facie evidence of the facts therein stated.

In the month of January of each and every year the secretary of said board shall supply to each licensed practitioner of mortuary science, to each licensed embalmer and to each licensed funeral director a list of all practitioners of mortuary science, embalmers, and funeral directors holding a license under this act or under prior laws of this State, giving the names of such persons, their professional address and the number and nature of their licenses.

11. The board may, subject to the approval of the Attorney-General, appoint and at any time remove an agent whose title shall be "inspector of the State Board of Mortuary Science of the State of New Jersey." Such agent shall, during his continuance in office, be authorized to serve and execute any process issued by any court of record under the provisions of this act and shall also have power to serve any papers or process issued by the board or any officer or member thereof under authority of this act and shall also have power to enter the mortuary, office or establishment, or place of practice of any practitioner of mortuary science, embalmer, or funeral director or any mortuary office or establishment, or place where embalming or undertaking is carried on, for the purpose of inspecting the premises and the license and registration of practitioners of mortuary science, embalmers, and funeral directors operating therein. The appointment of such agent shall not be subject to the provisions of Title 11 of the Revised Statutes of this State and he shall be paid such compensation as the board may determine, within the limits of available appropriations therefor.

12. The board may, subject to the approval of the Attorney-General, appoint, employ or remove such assistants and employees as may be necessary to carry out the provisions of this act. Such assistants and employees shall not be subject to the pro-
visions of Title 11 of the Revised Statutes of this State and the board shall fix the compensation of its assistants and employees, within the limits of available appropriations therefor.

13. A quorum of the board shall consist of a majority of the members thereof and the board may act in all cases by a vote of the majority of those present except that no license shall be revoked or suspended unless a majority of the whole board vote in favor of such revocation or suspension. In the absence or in case of the incapacity of any officer of the board, the board may designate any other member of the board to fulfill the duties of the absent or incapacitated officer for the time being.

14. The members of the board shall receive twenty-five dollars per diem for time spent in discharge of their duties and in addition shall be entitled to have and receive their necessary traveling expenses.

15. All fines, fees, penalties and other moneys derived from the operation of this act, or payable pursuant to the provisions of this act or any other law to the board shall be collected by the secretary of the board and shall be paid into the State treasury, through the Attorney-General.

16. No person shall engage in the practice of mortuary science, embalming or funeral directing, unless he shall have been duly licensed so to do, by the board, under the provisions of this act or under the provisions of any prior law of this State and unless such license is unrevoked and in full force and effect; provided, that this shall not apply to a registered trainee working under the direct supervision of a practitioner of mortuary science.

17. Except as provided in section twenty-one of this act, from and after July first, one thousand nine hundred and fifty-two, the board shall grant only a single license as practitioner of mortuary science to any applicant, and any person shall hold a license as a practitioner of mortuary science issued under the provisions of this act before being
permitted to practice mortuary science or embalming or funeral directing in this State.

C. 45:7-49.
Qualifications
to be licensed.

18. (a) Except as hereinafter provided in section twenty-one of this act, every person desiring to enter into the practice of mortuary science on and after July first, one thousand nine hundred and fifty-two, before being licensed by the board so to do:

(1) Shall have passed an examination to be conducted by the board to determine his qualifications and fitness therefor. Such examination, the scope, character and content of which shall be determined by the board, shall be the same for all candidates at each examination, and shall include the following subjects: anatomy; physiology; pathology; chemistry; disinfection; hygiene; sanitary science; bacteriology; dissection; the care, preservation, embalming, transportation, burial or disposal of dead human bodies, including those dead as a result of contagious and infectious diseases; the signs of death and the manner in which death may be determined; laws and rules governing vital statistics and the preparation and transportation for burial of dead human bodies; the provisions of this act and of the rules and regulations adopted by the board; professional ethics; mortuary accounting; and such other subjects as the board may determine, by rule or regulation, to be necessary, proper or reasonably calculated to establish the qualifications and fitness of the applicant. Such examination shall be in writing and shall be held at least once in each year, and oftener if the board shall so determine by rule or regulation, at such times and places as may be fixed by the board. In addition to the written examination herein provided for, the examination of each applicant shall include, wherever possible, an actual demonstration on a cadaver of the embalming proficiency and qualifications of the applicant.
(2) Shall have completed three years of practical training and experience as a registered trainee in regular, steady, bona fide fulltime service of a grade and character satisfactory to the board, in the State of New Jersey, with a person duly licensed as a practitioner of mortuary science under this act or as both an embalmer and funeral director under any prior law of this State and whose annual case volume shall be equal to at least fifty cases for each registered trainee in his service; except that a person who has satisfactorily completed one academic year of instruction in a college or university approved by the board or who has satisfactorily completed two academic years of instruction in a school of mortuary science approved by the board need only have completed two years of practical training and experience as a registered trainee. Not more than two registered trainees shall be registered concurrently under any licensed person. The board is authorized and empowered to prescribe rules and regulations to insure that each trainee receives satisfactory and efficient training and experience which may provide for the periods that may be credited toward the required year of training and experience, the nature, character and extent of the services to be performed by the trainee, for such practical and actual experience in mortuary science and assisting in the same as it shall determine and for the making of such reports by the trainee and by the licensee with whom he is registered as may be advisable and for such other qualifications in the applicant as may be reasonably calculated to insure and protect the public health, morals, safety and welfare;

(3) Shall have, upon commencing his period of training and experience as provided in subdivision (a) (2) of this action registered as a trainee with the board, upon a form to be pro-
vided by the board, and has paid to the board a registration fee of fifty dollars ($50.00), and has received from the board a certificate as a registered trainee;

(4) Shall have been a resident of the State of New Jersey continuously during the period of his training and experience; and,

(5) Shall have passed his twenty-first birthday.

(b) An applicant who meets the requirements of section nineteen of this act shall be admitted to the examinations prescribed in subdivision (a) (1) of this section but a license to enter into the practice of mortuary science shall not be issued or granted to any such applicant by the board unless and until such applicant has completed the period of practical training and experience as a registered trainee required by subdivision (a) (2) of this section.

19. The board shall admit to examination or re-examination any applicant who pays a fee of fifty dollars ($50.00) for the initial examination and a fee of ten dollars ($10.00) for each re-examination. Each applicant, before being admitted to an examination, shall first submit to the board evidence verified by oath and satisfactory to the board that:

(a) He is a citizen of the United States and has been a resident of the State of New Jersey for a period of at least six months prior to the date of the examination;

(b) He is of good moral character;

(c) He has satisfactorily completed a regular four-year high school course, or its equivalent, as determined by the State Board of Education and at least one academic year of instruction in a school of mortuary science approved by the board.

20. If an applicant fails on the first examination, he may have one or more but not exceeding three additional examinations, which shall be taken within a period of five years immediately following the completion of his instruction in a school of
mortuary science but not thereafter. If an applicant fails to pass four examinations, he shall not thereafter be permitted to apply for a license under this act. The board may, by rule or regulation, extend the period of time within which an applicant to examination shall take his examination as provided in this section; provided, however, that such extension of time may be granted only to applicants whose period of training and experience as registered trainees or whose period of instruction in an approved school of mortuary science is interrupted by active duty in the military service of the United States.

21. (a) Until July first, one thousand nine hundred and fifty-seven, the board shall also hold examinations for licenses as embalmers and for licenses as funeral directors in the manner provided by chapter seven of Title 45 of the Revised Statutes, as amended or supplemented, and the rules and regulations promulgated thereunder and such re-examinations as may be necessary thereafter, but no applicant shall be admitted to any examination after failing to pass four examinations. The board shall admit to any such examination any person, who at the time this act shall take effect shall be duly registered as an apprentice for license as embalmer or as an apprentice for license as a funeral director, as the case may be, and shall otherwise be qualified in accordance with chapter seven of Title 45 of the Revised Statutes, as amended or supplemented, and the rules and regulations promulgated thereunder. The board shall issue a license as embalmer or a license as funeral director to those who shall so qualify and pass such an examination and the board shall issue a license as embalmer and funeral director to those who shall so qualify. Any such license shall entitle the licensee to practice as an embalmer, a funeral director, or as an embalmer and funeral director, as the case may be, in accordance with the provisions and limitations of chapter seven of Title 45 of the Revised Statutes, as amended or supple-
mented, and under the provisions and limitations of this act.

(b) The board may, by rule or regulation, extend the date for the holding of examinations for licenses as embalmers and for licenses as funeral directors as provided in paragraph (a) of this section; provided, however, that an extension of such date may be granted only to applicants whose period of apprenticeship as a registered apprentice or whose course in an approved school of embalming and funeral management is interrupted by active duty in the military service of the United States.

22. All licenses and renewals thereof issued pursuant to the provisions of this act shall be signed by the members of the board and shall have the seal of the board affixed thereto, and shall expire and terminate on the first day of September next following the date of their issue, unless sooner revoked and cancelled.

23. Any person holding a license or licenses under this act or under any prior law of this State may have the same renewed upon making and filing with the board an application therefor upon forms provided by the board and upon payment of a renewal fee of ten dollars ($10.00); provided, that any person neglecting or failing to have his license renewed, as above, may have the same renewed by making application therefor during the six months following the expiration date upon payment of a revival and renewal fee of fifty dollars ($50.00).

24. Every individual, partnership, or corporation which operates or maintains within this State a mortuary or which in the usual and regular course of his or its practice makes use of a mortuary owned, operated, or maintained by another shall annually apply to the board for a certificate of registration for each mortuary operated, maintained, or used by the applicant and shall report under oath any facts requested by the board, and such individual, partnership, or corporation shall pay an annual registration fee of twenty dollars
(§20.00) for each such mortuary. Upon verification of the statements thus reported and the receipt of the requisite fee, the board shall issue a certificate of registration which shall bear date of January first for the year of issue and shall expire on December thirty-first of such year. No mortuary shall be operated, maintained, or used at any location by any person, firm or corporation at any location not specified in a certificate of registration issued under this section.

25. Any person now entitled to practice embalming or funeral directing or both under the provisions of any prior law of the State of New Jersey shall continue to be entitled to practice or engage in the same notwithstanding the enactment of this act, and the validity of any license, or renewals thereof, to practice embalming or funeral directing, or both, under any such prior law, shall not be affected by the enactment of this act, but all such persons shall in all other respects be subject to the provisions of this act.

26. (a) No corporation shall carry on, or continue to carry on, or be authorized to carry on or to continue to carry on or hold itself out, or to continue to hold itself out as carrying on, the practice of mortuary science, embalming, or funeral directing; except that any corporation which was on March twenty-eighth, nineteen hundred twenty-nine, authorized under earlier laws of this State to carry on the practice of embalming or funeral directing in such a way that, under the law, its right to do so could not have been entirely forbidden on March twenty-eighth, nineteen hundred twenty-nine, may continue such practice under such reasonable rules and regulations as the board may determine with respect to the management and control of the actual practice of mortuary science, embalming or funeral directing by persons holding licenses granted by the board and with respect to such other matters as the board may determine.

(b) No corporation permitted under the laws of this State to carry on the practice of embalming or
funeral directing shall change its corporate name except to that of a person or persons duly licensed to practice mortuary science, embalming, or funeral directing under the provisions of this act or under the provisions of any prior law of this State.

27. No partnership shall carry on or continue to carry on, or be authorized to carry on or continue to carry on or hold itself out, or continue to hold itself out, as carrying on the practice of mortuary science, embalming or funeral directing unless the practice is carried on under a firm name which shall consist of the surnames of one or more members of the partnership, and unless all members of the partnership are duly licensed as practitioners of mortuary science, embalmers or funeral directors; provided, however, that any partnership for the practice of embalming or funeral directing, or both, in existence and actually engaged in practice on July first, one thousand nine hundred and fifty-two, in accordance with the provisions of chapter seven of Title 45 of the Revised Statutes, as amended or supplemented, each of the members of which are duly licensed as either an embalmer or funeral director under any prior law of this State, may continue such practice under the firm name in use on that date until the death or retirement or withdrawal from the partnership, whichever shall first occur, of any member thereof.

Nothing herein contained shall prohibit a licensed practitioner of mortuary science, embalmer or funeral director from acting as an employee of a partnership complying with the provisions of this section, provided the name of such employee does not appear as part of the firm name.

28. The license of any practitioner of mortuary science or of any embalmer and funeral director, or either, shall terminate upon his decease; but upon application to the board the practice of a deceased licensee who, at the time of his death, was practicing under his own name and not as a member of a partnership or as an officer, agent or employee of a corporation or as an employee of a partnership or
of another licensee, may be continued for liquidation purposes and for the benefit of the widow or persons interested in the estate of the deceased and the name of the deceased licensee may be used for a period of not more than five years from the date of death of the licensee or from the date this act becomes effective where such licensee has died prior to such effective date; provided, the practice is carried on under the supervision of a duly licensed practitioner of mortuary science or a duly licensed embalmer and funeral director in such manner as the board shall determine by rules and regulations.

29. Except as otherwise provided in this act, no licensed person shall carry on, or be authorized to carry on or continue to carry on or hold himself out, or continue to hold himself out, as carrying on the practice of mortuary science, embalming or funeral directing as an officer, agent or employee of a corporation or under the name of a corporation, or under a firm or partnership name, or under an assumed name, or otherwise than under his own name.

30. No person shall operate, maintain or use a mortuary within this State unless:

(a) He, they or it shall annually register with the board in accordance with the provisions of section twenty-four of this act;

(b) The certificate of registration issued by the board shall be conspicuously displayed within the establishment;

(c) The licenses of the individual owner, of all partners, or of the manager of the establishment in all cases where the establishment is not managed by a licensed individual owner or licensed partners, shall be conspicuously displayed within the establishment;

(d) It shall be under the immediate and personal supervision, direction, management, and control of a person duly licensed as a practitioner of mortuary science, under the provisions of this act, or of a person duly licensed as a funeral director under the
provisions of this act or of any prior law of this State; and all funeral directing shall be under the immediate and personal supervision, direction, management, and control of a person duly licensed as a practitioner of mortuary science, under the provisions of this act, or of a person duly licensed as a funeral director under the provisions of this act or of any prior law of this State;

(c) Its construction, maintenance and operation shall conform to the rules and regulations of the board promulgated to safeguard and promote the public health, safety, morals and welfare.

31. After notice and hearing as hereinafter provided, the board may refuse to grant, or may suspend or revoke any license to practice mortuary science or to practice embalming and funeral directing, or either of them, in this State, if it determines that the holder of any such license has been guilty of any of the following acts or omissions:

(a) The employment of fraud and deception in applying for a license or a renewal of a license or in the passing of an examination provided for in this act or in any rule or regulation of the board;

(b) The violation of any provision of this act;

(c) The violation of any rule or regulation of the board adopted pursuant to the provisions of this act;

(d) Violation of any State law or municipal or county ordinance or regulation affecting the handling, custody, care or transportation of dead human bodies;

(h) Conviction of a crime involving moral turpitude; or where any licensee or applicant for a license has pleaded nolo contendere or non vult to any indictment, allegation or complaint, alleging
the commission of a crime involving moral turpitude. The record of conviction or the entry of such a plea in any court of this State or any other State, or in any of the courts of the United States shall be sufficient warrant for the revocation or suspension of a license;

(i) Conviction in a court of competent jurisdiction of a high misdemeanor;

(j) Unethical or unprofessional conduct or engaging in the practice of mortuary science or the practice of embalming and funeral directing, or either of them, in a manner which is prejudicial to the public health, safety, morals and welfare;

(k) False, fraudulent, or misleading advertising;

(m) The performance of any fraudulent act in the conduct of his practice.

32. No person shall inject any fluid or substance into any cavity or artery of the body of any person who has come to a sudden, violent or untimely death, or of any person found dead, the manner of whose death is not known, until permission is obtained from the medical examiner, county physician, or the coroner of the county in which the dead body lies. No person shall employ, for the purpose of the practice of mortuary science, funeral directing or embalming, any arsenical or other poisonous agent which may by its presence in the viscera prevent the detection of criminal usage of the poisonous agent before the death of the individual occurred; but this provision shall not prohibit the use by any association incorporated under article four of chapter nine of Title 45 of the Revised Statutes, of any substance for the preservation of dead bodies which have legally come into its possession.

33. The sale or use for embalming purposes within the State of New Jersey of any fluid containing arsenic, zinc, mercury, copper, lead, silver, antimony, chloral, or cyanogen, or any compound
containing any of said substances, or any poisonous alkaloid is prohibited. The board shall have power, by rules and regulations, to provide for appropriate tests to be made of all brands of embalming compounds sold or used within this State or intended for sale or use within this State, and shall disapprove for such sale or use any such compounds that, upon such tests, are determined to contain any substance herein prohibited. The board shall have power to publish a list of such compounds that, upon such tests, are determined to comply with the provisions of this section. 34. Every practitioner of mortuary science, embalmer or funeral director shall report to the local health officer all contagious cases in which he may be called, within twelve hours after death or as soon as may be after being called.

35. Whenever the board shall have reason to believe that any person to whom a license has been issued is guilty of any of the acts or omissions specified in sections thirty-one to thirty-four, inclusive, of this act, or whenever written complaint is filed with the board charging a person licensed as an embalmer, funeral director, or practitioner of mortuary science with any of said acts or omissions, it shall be the duty of the said board to conduct an investigation and if from such investigation it shall appear to the board that there is reasonable ground for belief that the accused may be guilty of the violations charged, a time and place shall be set by the board for a hearing to determine whether or not the license of the accused shall be revoked. Complaints may be preferred by any person or the board may on its own motion direct its secretary to prefer a complaint.
CHAPTER 340, LAWS OF 1952

36. No hearing shall be held by the board until the accused has been furnished with a statement of the complaint and charges against him and a notice of the time and place of hearing thereof, the furnishing of said notice and the charges to be given said accused at least fifteen days prior to the date of hearing. The accused may be present at such hearing in person or by counsel or both to disprove the charges made against him. If upon such hearing the board finds the charges are true, it may revoke or suspend the license of the accused. A stenographic report of each proceeding to revoke or suspend a license shall be made at the expense of the board, and a transcript thereof kept in its files.

37. Any person who has been denied a license renewal, or whose license has been suspended or revoked, or is otherwise aggrieved by any ruling or decision of the board, may appeal therefrom to the Appellate Division of the Superior Court.

38. The president or any member of the board may administer oaths and shall have power to issue subpoenas, to compel the attendance of licensees, applicants for licenses, and witnesses and the production of books, papers and records before the board in any inquiry or proceedings which may be instituted by it or be pending before it under this act, and such subpoenas may be served by any person eighteen or more years of age, and the same witness fees shall be paid as in the cases of subpoenas issued out of the Superior Court. Service of a subpoena shall be made by delivering a copy thereof to the person named and by tendering to him the fee for one day’s attendance and such mileage as may be allowed by law.

39. If any person who, having been personally served with a subpoena issued by the board and given or tendered the fees prescribed herein, shall, without legal excuse, fail to appear before the board, or fail to produce records or documents required to be produced by the subpoena, or fail or refuse to testify or to answer any proper question,
the board may apply to the Superior Court, or to a judge thereof, who shall have the power of the court for that purpose, upon proof by affidavits of the facts, for an order returnable in not less than two or more than ten days directing such person to show cause before the court or the judge thereof who made the order, or to any other judge of the court, why he or she should not comply with the subpoena or order of the board, and upon the return of such order the court or judge before whom the matter may come on for hearing shall examine under oath the person whose testimony may be relevant and such person shall be given an opportunity to be heard, and if the court or judge determines that such person refused, without legal excuse, to obey the command of such subpoena to be examined or to answer a proper question or to produce a record or documents which he or she was ordered to produce, said court or judge may order said person to comply forthwith with the subpoena or order of the board, and any failure to obey such order of the court or judge may be punished by the court or judge as a contempt of such Superior Court.

40. (a) Any person, firm or corporation who shall violate any of the provisions of this act, or any rule or regulation of the State Board of Mortuary Science of New Jersey except where a penalty is otherwise herein specifically provided, shall be subject to a penalty of two hundred dollars ($200.00) for the first offense and to a penalty of five hundred dollars ($500.00) for a second and each subsequent offense to be sued for and recovered in the name of the State Board of Mortuary Science of New Jersey.

(b) Jurisdiction of suits and proceedings to collect and enforce such penalties is hereby conferred upon every County Court and every county district court, and the practice and procedure in such suits and proceedings shall be such as is and shall be provided for by rules promulgated by the Supreme Court of New Jersey in respect of such suits and
proceedings and the provisions of chapter fifty-eight of Title 2A of the New Jersey Statutes. If judgment be rendered against the defendant, the plaintiff shall recover its costs which shall be those as are taxed in other actions of a civil nature in the court in which the judgment is rendered. If judgment be rendered against the defendant in any suit or proceeding brought under this section and the defendant refuses or fails to pay forthwith the amount of the judgment rendered against him, the court in which the suit or proceeding was brought shall cause the defendant to be committed to the county jail for a period of not less than thirty days nor more than ninety days in case of a first conviction, and for a period of not less than sixty days nor more than one hundred and sixty days for each subsequent conviction.

The president and secretary of the board and the president and secretary of the New Jersey State Funeral Directors' Association shall constitute a committee for the selection of lecturers and demonstrators. The proper holder of such a card shall have the same right to carry on the practice of mortuary science, or of funeral directing or embalming as those whose names appear on file in the office of the registrar of vital statistics in each municipality.

43. The rules and regulations adopted by the board pursuant to this act shall be printed and copies thereof shall be sent by the board to any person licensed under this act or under any prior law, who makes application therefor, and, upon payment of a fee of one dollar ($1.00) to any other person who makes application therefor, and shall also be open for inspection at the office of the board. Every license and renewal granted under this act shall contain a statement to the effect that the practice licensed must be conducted in accordance with the law and with the rules and regulations of the board adopted in pursuance thereto, and that a copy of such rules and regulations may be obtained upon request at the office of the board.

44. CHAPTER 358

An Act to consolidate and place under the control of a State commission all pension funds heretofore created pursuant to chapter one hundred sixty of the laws of one thousand nine hundred and twenty, as amended and supplemented, for policemen and firemen; creating a State commission for the control and administration of such consolidated fund; providing for the achievement and maintenance of the actuarial solvency of such fund; amending sections 43:16–1, 43:16–2, 43:16–5 and 43:16–7, providing for repeal of section 43:16–6, and supplementing chapter sixteen of Title 43 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 43:16–1 of the Revised Statutes is amended to read as follows:

43:16–1. In all municipalities any active member of a police department or of a paid or part paid fire department or of a county police department for age and service.
including active members of the paid or part paid fire departments of any fire district located in any township which has adopted the provisions of an act entitled "An act providing for the retirement of policemen and firemen of the police and fire departments in municipalities of this State, including all police officers having supervision or regulation of traffic upon county roads, and providing a pension for such retired policemen and firemen and members of the police and fire departments, and the widows, children and sole dependent parents of deceased members of said departments," approved April fifteenth, one thousand nine hundred and twenty (P. L. 1920, c. 160) or of chapter sixteen of Title 43 of the Revised Statutes, who shall have served honorably in the police or fire department for a period of twenty-five years and reached the age of fifty-one years, or any employee member of any such department who shall have served honorably in such department for a period of twenty-five years and who has reached the age of sixty years shall, on his own application, be retired on a service retirement pension equal to one-half of his average salary. Any active member of the police or paid or part paid fire department including active members of the paid or part paid fire department of any fire district as aforesaid who shall have served honorably for a period of twenty-five years and reached the age of sixty-five years and any employee member of any such department who shall have served honorably in such departments for a period of twenty-five years and reached the age of seventy years shall be retired on a service retirement pension equal to one-half of his average salary.

2. Section 43:16-2 of the Revised Statutes is amended to read as follows:

43:16-2. Any member of such police or paid or part paid fire department who shall have received permanent disability while on duty shall be retired upon a service disability pension equal to one-half of his average salary.
A member of any such department who shall have served honorably, desiring to retire because of permanent disability not sustained while on duty, shall upon approval of his application or the application of his employer be retired on a nonservice disability pension equal to one-half of his average salary.

A member of any such department seeking to retire on a service disability or nonservice disability pension shall make application to the commission in writing; or the commission may, upon application of the employer, cite any such member of any such department before it to examine such member concerning his alleged disability and in either case the commission shall call to its assistance the aid of a surgeon or physician, and the member may likewise call to his aid a regularly licensed and practicing physician or surgeon; but no member shall be so retired unless the official physician of the local police or fire department, as the case may be, with which the person to be retired is connected, shall certify to the commission that such member has the disability by reason of which the retirement is sought. The chairman of the commission is authorized to administer oaths to such physicians or surgeons or any other person called with respect to the matter before the commission. If the two physicians or surgeons so called fail to agree upon the physical or mental condition of the member, the commission may call a third and disinterested, licensed and practicing physician or surgeon, and the determination of a majority of such surgeons or physicians, after they shall have been duly sworn in the case, shall be reduced to writing and signed by them. The determination shall specify whether or not such member is permanently disabled from performing his usual duty and any other available duty in the department which his employer is willing to assign to him and whether or not his permanent disability occurred while on duty. The commission shall determine by resolution whether the member is fit for the per-
formance of his usual duty or such other duty in his department which his employer is willing to assign to him and if it is determined that he is unfit for such duty or there is no available duty which he could perform then he shall be entitled to the benefits of this subtitle. In determining whether the member should be retired on a disability pension, the commission shall consider the physicians' and surgeons' determination in arriving at its decision.

The commission shall require any member who is less than fifty-one years of age and who shall have been retired on a service disability or non-service disability pension to submit to a physical examination twice a year for a period of three years and once a year thereafter in order to determine whether or not the disability which existed at the time that he was retired still exists. Such examination shall be made in accordance with the same procedure in the instance of the examination made by virtue of a member's application for retirement for disability. If the physicians or surgeons or a majority of them report that the member is able to perform either his former usual duties, if such be available, or such other available duties in the department which his employer shall assign to him, the pensioner shall report for such duty within ten days after receipt of notice of the commission's determination thereon, and be reinstated to duty at the salary prevailing for the position at the time of his reinstatement and thereupon his pension payments shall cease. If the pensioner fails to submit to a medical examination or fails to return to duty within ten days after receiving either request or within such further time as may be allowed by the commission for valid reason, his pension payments shall be discontinued during such default. Any pensioner who may be of the opinion that he has recovered from the disability which existed at the time of his retirement may request and be granted an examination by the commission at any time and if
it be found by the physicians or surgeons or a majority of them that he be fit for his usual duty or any other available duty in the department which his employer is willing to assign to him and the commission concurs therein then he shall be reinstated thereto, if such be available, at the salary prevailing for the position at the time of his reinstatement and thereupon his pension payments shall cease.

3. Section 43:16-5 of the Revised Statutes is amended to read as follows:

43:16-5. For the purpose of paying the pensions provided by this chapter, all pension funds heretofore created and in existence pursuant to the provisions of an act entitled “An act providing for the retirement of policemen and firemen of the police and fire departments in municipalities of this State, including all police officers having supervision or regulation of traffic upon county roads, and providing a pension for such retired policemen and firemen and members of the police and fire departments, and the widows, children and sole dependent parents of deceased members of said departments,” approved April fifteenth, one thousand nine hundred and twenty (P. L. 1920, c. 160), and chapter sixteen of Title 43 of the Revised Statutes, shall, from and after July first, one thousand nine hundred and fifty-three, be consolidated, and, as so consolidated, shall be transferred to and placed under the control and jurisdiction of the Consolidated Police and Firemen’s Pension Fund Commission created by the provisions of this chapter. All rights and privileges created and extended to members of a municipal police department or of a paid or part-paid fire department or of a county police department, including members of the paid or part-paid fire department of any fire district located in any township which has adopted said act or said chapter of the Revised Statutes are hereby expressly preserved, continued and transferred from said pension funds to said consolidated fund. Nothing herein contained shall be deemed to
affect or impair the right of any beneficiary of any of the funds so created, but all rights of such beneficiaries which have accrued or may accrue in or against any such pension fund shall be deemed to have accrued or to accrue against the funds so consolidated under the jurisdiction of the commission hereby created. Said consolidated fund shall be maintained as follows:

(a) There shall be deducted from every payment of salary to each member, as defined in the supplement to this chapter enacted by laws of one thousand nine hundred and forty-four, chapter two hundred fifty-three, section twelve, as amended and supplemented, and paid into said consolidated fund five per centum (5%) of the amount thereof if he entered the service on or before attaining the age of thirty-five years, and if he entered the service after attaining the age of thirty-five years the percentage shall be increased to such an amount as shall be determined by the commission to correspond to the risk arising by his additional age. There shall be deducted from every pension payment to each retired or pensioned member, and paid into said consolidated fund, two and one-half per centum (2½%) of the amount thereof instead of five per centum (5%).

(b) All employers, as defined in the supplement to this chapter enacted by laws of one thousand nine hundred and forty-four, chapter two hundred fifty-three, section twelve, as amended and supplemented, shall contribute to the said consolidated fund in the following manner and amounts:

(1) An amount equal to five per centum (5%) of the total of salaries annually paid to the members of the consolidated fund under said employer’s jurisdiction, which shall be known as the employer’s normal contribution, and which shall be paid into said fund on July first of each year, commencing July first, one thousand nine hundred and fifty-three.
(2) An additional amount annually for a period of thirty years, commencing July first, one thousand nine hundred and fifty-three, equal to sixty-six and two-thirds per centum (66 2/3%) of the share of the particular employer of the annual amortization payment determined by the actuary of the commission to be required to bring the fund to a state of actuarial solvency at the end of said thirty-year period. In determining an employer’s share of said annual amortization payment, the actuary shall determine separately, and give due credit to the value of the assets transferred by such employer to said consolidated fund. The amount of each of such annual payments shall be certified by the commission to the treasurer of each employer prior to the first day of the year in which such payment is required to be made, and said amount shall be appropriated in said employer’s budget for that year. Commencing January first, one thousand nine hundred and fifty-four, said annual payment shall be made in two equal portions; the first on the first day of each year, and the second on July first of each year.

(3) A fee, payable on July first of each year commencing with the year one thousand nine hundred and fifty-three, and consisting of such proportion of the administrative expense of the consolidated fund, as determined by the commission, as the number of members under the jurisdiction of such employer then bears to the total number of members in the consolidated fund.

(c) The State of New Jersey shall contribute annually, throughout a period of thirty years, commencing July first, one thousand nine hundred and fifty-three, such amount as may be necessary to make up the balance of each annual payment required by subdivision (b) (2) of this section, so as to bring to actuarial solvency at the expiration
of said thirty-year period the consolidated fund hereby created. The amount of such annual contributions by the State shall be certified to the State Treasurer by the actuary of the commission at the time required for other State departmental budgetary certifications. All funds necessary to meet the State's share of said annual payments shall be included in the annual State budget and appropriated by the Legislature.

4. Section 43:16-6 of the Revised Statutes is hereby repealed.

5. There is hereby established in the Division of Investments in the Department of the Treasury a commission of this State, which shall be known as the Consolidated Police and Firemen's Pension Fund Commission, and shall consist of nine members; two of whom shall be elected by the policemen, and two of whom shall be elected by the firemen, who are members of the municipal pension funds consolidated in accordance with the provisions of this chapter, four of which members shall be appointed by the Governor, with the advice and consent of the Senate, and the remaining member whereof shall be the State Treasurer, ex officio, or, when so designated by him, the Deputy State Treasurer. The term of office of members of the commission other than the State Treasurer shall be four years, except as hereinafter provided with respect to the first elected members, and except that of those first appointed by the Governor one shall be appointed to serve for one year, one for two years, one for three years, and one for four years. The term of office of members first appointed or elected hereunder shall commence July first, one thousand nine hundred and fifty-two. The term of office of one of the members of the commission first to be elected by the policemen, and one of the members of the commission first to be elected by the firemen shall be two years, beginning on July first, one thousand nine hundred and fifty-two. Any vacancy occurring in said commission shall be filled for the unexpired term as the office was originally filled. In each municipality and
county in which a pension fund consolidated by the 
provisions of this act existed, elections shall be 
held on the second Wednesday of June in each 
year in which a member of said commission is to 
be elected by the policemen or firemen hereunder, 
including the year one thousand nine hundred and 
fifty-two. At every such election each policeman 
and fireman who was a member of any pension 
fund consolidated and a member of the pension 
fund created by this act shall be eligible to vote 
for any of such candidates who shall have been 
nominated for the office of elective member of said 
commission. The elections shall be held according 
to such rules and regulations as the commission 
shall adopt, subject to the provisions of this act, 
to govern the holding of such elections and the 
method of nominating candidates for the office to 
be voted for thereat, except that such rules relating 
to the election to be held in the year one thousand 
nine hundred and fifty-two, shall be made by the 
State Treasurer and the members of the commis­sion appointed by the Governor.

Each member of the commission shall, within 
ten days after his appointment or election, take 
and subscribe an oath that, so far as it devolves 
upon him, he will diligently and honestly admin­
ister the affairs of the commission and of the 
pension fund in its charge, and that he will not 
knowingly violate nor willingly permit to be 
violated any of the provisions of law applicable 
to the retirement or pensioning of beneficiaries of 
such fund. Each of such oaths, when certified by 
the officer before whom it is taken, shall be filed in 
the office of the Secretary of State. The members 
of the commission shall serve without compensa­
tion, but shall be reimbursed from funds appro­priated for such purpose for all necessary expenses 
incurred in discharging their duties as members 
of said commission.
6. Section 43:16–7 of the Revised Statutes is amended to read as follows:

**43:16–7.** The commission shall have sole control and management of said consolidated fund and of the retirement of members, and control of the granting of pensions, and may make all necessary rules and regulations with regard thereto, provided the same be not inconsistent with this subtitle. All moneys and assets of and belonging to the funds consolidated and required by this chapter to be consolidated and transferred to the commission, together with all increments and contributions thereto shall be received and paid over to the State Treasurer, whose official bond shall cover the same. No moneys shall be paid out of the consolidated fund except upon the warrant of the commission, signed by its chairman and secretary. All pensions granted under this chapter shall be exempt from execution, garnishment, attachment, sequestration or other legal process. All moneys not needed for the immediate payment of pensions under this chapter shall be invested for the commission by the Director of the Division of Investment established pursuant to the provisions of chapter two hundred seventy of the laws of one thousand nine hundred and fifty, subject to the limitations contained in section eleven of said chapter. A member of the commission hereby created, to be designated by a majority vote thereof, shall serve on the State Investment Council as a representative of said commission.

7. On July first, one thousand nine hundred and fifty-two, and in each succeeding year, or, when July first is a legal holiday, upon the first business day thereafter, the members of the commission shall meet in annual meeting at which a chairman shall be elected from the membership thereof, and a suitable person, who need not be a member of said commission, shall be appointed by a majority vote of said members as secretary thereof. The commission shall employ such actuarial and other services, including medical, as may be required
for the transaction of its business in the administration of the pension fund committed to its charge. The compensation of all persons employed by the commission and all other expenses thereof necessary for the operation of the pension system and the administration of the funds consolidated by this chapter, shall be paid at such rates and in such amounts as the commission shall approve. The commission shall keep, in convenient form, such data as may be necessary for the actuarial evaluation of the fund committed to its charge and to serve as a record of its experience in the administration of the pension system dependent upon such fund. A record shall be kept of all proceedings of the commission, which shall be open to public inspection. The Attorney-General shall act as the legal adviser of the commission. The commission shall select and appoint an actuary, who shall be the technical adviser of the commission on all matters regarding the operation of the pension fund not otherwise prescribed by law.

8. Promptly after it has organized, the commission shall give notice in writing not later than September first, one thousand nine hundred and fifty-two, to the pension commission of each municipality and county in this State maintaining a pension fund, pursuant to an act entitled "An act providing for the retirement of policemen and firemen of the police and fire departments in municipalities of this State, including all police officers having supervision or regulation of traffic upon county roads, and providing a pension for such retired policemen and firemen and members of the police and fire departments, and the widows, children, and sole dependent parents of deceased members of said departments," approved April fifteenth, one thousand nine hundred and twenty, as amended and supplemented, or to chapter sixteen of Title 43 of the Revised Statutes, requiring that such local commission file with the secretary of the commission hereby created, on or before October first, one thousand nine hundred and fifty-
two, an inventory and report of all moneys and assets in and constituting the pension fund being administered by said local commission and further requiring the custodian of the investment securities and moneys of such local pension fund and the treasurer of the municipality or county in which said local commission exists, to turn over to the State Treasurer, on July first, one thousand nine hundred and fifty-three, all of such assets for the use of the commission created by this chapter together with a statement of the moneys and securities which it is estimated it will be required to apply in discharge of pension obligations chargeable against the fund prior to July first, one thousand nine hundred and fifty-three. Every such local custodian and treasurer shall promptly comply with the request aforesaid, and the State Treasurer or his deputy is hereby authorized and directed to deliver a written receipt for all moneys and securities turned over pursuant to such request. Such receipt shall be signed in behalf of the commission created by this chapter, in the name of the State Treasurer, shall be addressed and delivered to the local pension commission to which such moneys and other assets previously belonged and upon such delivery shall be filed in the office of the clerk of the municipality or county in which such local pension commission exists. Upon the filing of such receipt in said clerk's office, the term of office of every member of said local commission shall end and the existence of said local commission shall terminate. Before any such local commission shall comply with the request of the commission created by this chapter to turn over moneys and assets of such local commission, there shall be segregated from such money and other assets and reserved by the treasurer of the municipality or county in which such local commission exists, sufficient moneys and securities to provide for the payment of all pension obligations of said local commission which accrued or matured prior to July first, one thousand nine hundred and fifty-three,
and in making such turn over, the local commission, over the signatures of the chairman or president and the secretary thereof and of the local treasurer, shall certify to the commission created by this chapter the amount or amounts withheld for the purpose of meeting such pension obligations during the period aforesaid and the names and addresses of the beneficiaries thereof and the respective amounts withheld for the account of each. Such withheld moneys shall be applied in discharge of all pension obligations chargeable against the fund from which they are reserved and accruing prior to July first, one thousand nine hundred and fifty-three.

9. This section and section five of this act shall take effect immediately. Sections one, seven and eight shall take effect July first, one thousand nine hundred and fifty-two. Sections two, three, four and six shall take effect July first, one thousand nine hundred and fifty-three; provided, that the distributions of tax moneys authorized by subsection (d) of section 43:16-5 of the Revised Statutes, shall not apply to any tax revenues collected after June thirtieth, one thousand nine hundred and fifty-two.

Approved June 19, 1952.

A Joint Resolution memorializing the Congress of the United States to amend the Internal Revenue Code to permit a dependent exemption even though the gross income of the dependent is six hundred dollars ($600.00) or more, if the dependent is in full attendance at an approved school, college or university, and further, to provide an additional exemption or a deduction for a taxpayer who is in full attendance at an approved school, college or university.

Whereas, Thousands of young men and women seek higher education in the schools, colleges and universities of this country each year; and

Whereas, The costs of tuition, books, materials and sustenance have advanced rapidly in the past few years thereby making it more difficult for families of limited means to provide their children with the advantages of higher education; and

Whereas, In many cases, students are required to extend their earning power to the maximum to assist their parents in providing the funds to meet the costs of higher education; and

Whereas, Under existing inflationary conditions, a student is often capable of earning, by part-time employment, sums in excess of six hundred dollars ($600.00) annually, resulting, under present law, in the loss of his status as a dependent; and

Whereas, The loss of this dependent exemption results in a tax increase of at least one hundred

thirty-three dollars and twenty cents ($133.20) annually, coming at a time when the family is hard pressed for every dollar to continue the child’s education; and

Whereas, Thousands of self-supporting students, in earning necessary funds to meet the costs of higher education, earn sums in excess of six hundred dollars ($600.00) annually, resulting in a substantial tax on the excess; and

Whereas, Higher education is one of the pillars of our democracy and it is therefore desirable that all seeking to obtain the benefits thereof should be encouraged and assisted in every way possible to attain that end; therefore

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. The Congress of the United States is hereby memorialized to amend the Internal Revenue Code by providing:
   (a) That a taxpayer shall not lose his right to claim an exemption for a dependent even though the gross income of the dependent is six hundred dollars ($600.00) or more; provided, the dependent is in full attendance upon a regular full-time program leading to a degree or diploma at an approved school, college or university which meets the educational requirements of the State in which it is located; and
   (b) That a taxpayer who is a student enrolled on a full-time basis in an approved school, college or university, shall be entitled to an additional six hundred dollars ($600.00) exemption or entitled to claim a deduction from gross income of the amount actually expended by him from his earnings for tuition, books and materials, not exceeding, however, the sum of six hundred dollars ($600.00).

2. The Secretary of State is hereby directed forthwith to transmit a copy of this joint resolution, properly authenticated, to the President of
the United States, to the respective presiding officers of the United States Senate and the House of Representatives, and to all of the Senators and Representatives from New Jersey in the Congress.

3. This joint resolution shall take effect immediately.

Approved April 23, 1952.

JOINT RESOLUTION No. 7

A Joint Resolution memorializing the Congress of the United States to return to the State of New Jersey and other States sufficient moneys from taxes raised in the various States for the administration of employment security and to provide adequately for administration of the employment security program in the State of New Jersey and the other States.

WHEREAS, The Federal Government under the provisions of the Unemployment Tax Act has collected by taxation in the State of New Jersey from one thousand nine hundred and thirty-eight to one thousand nine hundred and fifty-two approximately fifty-four million dollars ($54,000,000.00) in excess of amounts actually appropriated and expended for the administration of the Unemployment Compensation Law in this State; and

WHEREAS, The funds appropriated by the Congress of the United States from taxes raised in New Jersey under the Federal Unemployment Tax Act have been insufficient for adequate administration of the Unemployment Compensation Law of New Jersey and the employment security program, resulting in the handicapping of the State of New Jersey in the administration of its unemployment insurance and State employment service programs; therefore
BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. That the Congress of the United States be requested to enact legislation such as H. R. 4133, "Employment Security Administrative Financing Act of 1951," by which moneys sufficient for the adequate administration of the employment security program will be returned to the State of New Jersey and to other States from the sums raised by the Federal Government by taxation of employers of New Jersey and other States under the provisions of the Federal Unemployment Tax Act.

2. That the Congress of the United States be requested to enact basic amendments assuring all State employment security agencies of adequate annual amounts for proper administration of their laws, the sums to be payable from the taxes raised by the Federal Government under the Federal Unemployment Tax Act.

3. That the Congress of the United States be requested to earmark Federal Unemployment Tax Act collections for employment security purposes, instead of permitting the Federal Government to retain a substantial portion of such taxes while larger industrial States, such as New Jersey, experience annually reductions by the Federal administrative agencies of the amount of funds deemed necessary for the proper administration of the State employment security programs.

4. BE IT FURTHER RESOLVED, That the Secretary of State is directed forthwith to forward copies of this resolution to the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Chairmen of the Senate and House of Representatives Committees on Appropriations, the Chairman of the Senate Committee on Finance and to the members of the Congress from the State of New Jersey.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The eleventh of October, 1951, marks the 203rd anniversary of the birth of General Casimir Pulaski. A native of Poland, General Pulaski sailed for this country in 1777 in the midst of our struggle for independence. He arrived with a letter of introduction from Benjamin Franklin to General George Washington and brought with him a reputation as a fine cavalry officer. He came to fight for American independence, for freedom and liberty. In 1777 he led cavalry units in Trenton and in Flemington. In 1778 he was commissioned by the Continental Congress to organize an independent cavalry corps. In 1779 he gave his life at the siege of Savannah for the principles and ideals to which he had so resolutely dedicated his life.

General Pulaski is owed a great debt by the American people. His career graphically symbolizes the American tradition of peoples of all nations gathering together to fight for freedom and liberty of the individual. Today, when the free peoples of the world are again banding together in
defense of their cherished heritage of liberty; General Pulaski’s life serves once more to encourage and inspire.

For his life-long dedication to the goals of freedom and liberty; for his relentless efforts to secure for the individual independence of thought and action; for his willingness to fight and to die to make America free,

Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

THURSDAY, OCTOBER 11th, 1951,

as

PULASKI DAY,

and I urge the citizens of New Jersey to pay tribute on this day to the memory of General Pulaski, and to take renewed inspiration for the future from his gallant and heroic career.

Given under my hand and the Great Seal of the State of New Jersey, this fifth day of October, in the year of Our Lord one thousand nine hundred and fifty-one, and in the Independence of the United States, the one hundred and seventy-sixth.

PROCLAMATION

STATE OF NEW JERSEY, EXECUTIVE DEPARTMENT.

The United Nations is man's latest and finest effort in his never-ending quest for a peaceful and stable environment in which to live and work. In its short life, the United Nations has already faced critical tests and made difficult decisions.

These tests and others still to come are proving grounds for the United Nations, testing the resoluteness and sincerity of purpose of each member nation. If the United Nations is to accomplish its purpose and provide a peaceful world, in fact, if it is to survive, each crisis must be successfully surmounted. Failure in one could be the undoing of all.

The future success of the United Nations will be in large part determined by the support which the organization receives from the United States and its people. Because of our great strength, we are regarded by other nations of the world as a leader. If we firmly support the United Nations, its policies and objectives, so also will most of the member nations. Accordingly, because the eventual triumph of the United Nations depends upon the American people;
Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

OCTOBER 24th, 1951,

as

UNITED NATIONS DAY,

and I urge New Jersey's nearly five million citizens, on this day to pledge once again their wholehearted support of the United Nations Organization.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this eighteenth day of October, in the year of Our Lord one thousand nine hundred and fifty-one, and in the Independence of the United States, the one hundred and seventy-sixth.

And I further proclaim that on that day these heroes shall be honored by a grateful State with appropriate ceremonies, and call upon the people of New Jersey to pay them due homage by word and prayer.

Hail, ye heroes! heaven-born band!

Who fought and bled in Freedom's cause,
And when the storm of war was gone,
Enjoyed the peace your valor won.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The freedoms enunciated in our Federal Bill of Rights are the firm foundation both of our personal liberties and of our republican form of government. At a time when freedom is threatened throughout the world, when in countries oppressed by totalitarian dictatorship it is totally denied, freedom-loving peoples everywhere turn to us for leadership in the maintenance of human dignity.

On December 15th, 1951, the one hundred sixty-sixtieth anniversary of the adoption of the Bill of Rights, the first ten amendments to the Federal Constitution, it is altogether fitting that we pause to review the significance and fortify our abiding appreciation of the sound principles and guarantees embodied therein.

Citizens of New Jersey in particular may recall with pride that ours was the first State to ratify that great historic document of freedom—and re-dedicate themselves to maintenance and application of its principles.

Now, THEREFORE, I, ALFRED E. DRISCOLL, Governor of the State of New Jersey, do hereby proclaim

DECEMBER 15th, 1951,

as

BILL OF RIGHTS DAY

in New Jersey, and I urge all the people of the State, in their homes, educational and religious institutions, and civic and other organizations to observe that day in an appropriate manner and to foster maintenance and reinforcement of the Bill of Rights—the bedrock of our Republic.
Given under my hand and the Great Seal of the State of New Jersey, this tenth day of December, in the year of Our Lord one thousand nine hundred and fifty-one, and in the Independence of the United States, the one hundred and seventy-sixth.

Governor.

WHEREAS, The protection of persons in public buildings is an essential phase of Civil Defense; and

WHEREAS, Adequate measures to safeguard the lives and welfare of persons in public buildings require the integration of such activity with that of local civil defense organization;

NOW, THEREFORE, I, ALFRED E. DRISCOLL, Governor of the State of New Jersey, in order to provide further safeguards for the public security, health and welfare, and pursuant to the authority vested
in me by the State Constitution and by the provisions of Chapter 251 of the Laws of 1942, as amended by Chapter 86 of the Laws of 1949, do hereby promulgate and proclaim, effective January 1, 1952, the annexed "Rules and Regulations for the Protection of Persons in Public Buildings," in addition to the requirements, rules and regulations prescribed in the New Jersey Civil Defense Plan.

BUILDING CIVIL DEFENSE PLAN

SECTION I

GENERAL REQUIREMENTS AND PROCEDURES

In order to provide adequate protective measures for the occupants of buildings where people congregate in numbers, it is the responsibility of the owner and/or operator to survey the building, select shelter areas, develop a Building Control Plan and train the building occupants.

The information is directed toward creating, in each building where size or number of occupants warrant, an operating unit that, in the event of an emergency, will function independently.

The number of casualties, the amount of property damage, and the degree of panic reaction, in the event of an attack, can be greatly reduced by adopting prescribed safety procedures and taking precautionary steps ahead of time. Planning and training directed toward the control of panic and hysteria, prompt attention to incipient fires and provision of first aid and rescue services is of primary importance and is covered in detail in Section II under the duties of the personnel assigned to the Building Control Organization.

The measures suggested herein will, in most cases, make use of existing or easily obtained facilities. The precautionary steps will include the training of building service personnel in Civil Defense duties and, in most buildings, the setting up and training of a Building Control Unit, staffed in part by the tenants and their employees.

Building Control is that part of Civil Defense designed to protect the lives of people in occupied buildings. It involves the training of the building service personnel, and the tenants or occupants, in the various duties and responsibilities that they must assume in case of an air attack or other emergency.

A Building or Area Control Director or Co-ordinator shall be designated by each building owner or operator wherever people in numbers occupy a building as either tenants or transients. The Control Director should generally be the Building Superintendent or someone in authority within the building and who is normally present in the building during the open hours. A Deputy Control Director should be designated to insure someone always being present to act in this capacity. In this connection consideration must be given to those buildings open during the evening hours. The Control Director is responsible for, and in charge of, the Building Control Unit, its training and its operation.

The Control Director and his Deputy (s) shall register with the Municipal Defense Council for the buildings they represent.
The Duties of the Above Personnel Are Covered in Detail in Section II.
BUILDING CIVIL DEFENSE PLAN

SECTION II

requirements and procedures for buildings

Note: This section applies to all buildings occupied by a number of people—Section III supplements this section where large or multi-storied buildings are involved.

1. CONTROL CENTER

A control center shall be established in a relatively safe area within the building. It should contain all the facilities and information required for the direction of the Building Control Unit and should be the center of the Communication System (messenger, radio (preferably AC and battery powered), telephone, public address, etc.). Such information as floor plans, utility control valves and switch locations, fire fighting apparatus and other pertinent data should also be available. A list of the names, addresses and telephone numbers of employees kept up to date should be recorded here. Other telephone numbers for emergency use (Police, Fire, Hospital, Doctor, etc.) should also be available here in an emergency bulletin.

2. BUILDING DEFENSE CONTROL PLAN

A Building Control Plan shall be formulated for each building where people gather in numbers. A copy of the Plan shall always be left in the Control Center and one copy forwarded to the Local Defense organization for their file. Exhibit "C" should be used in recording details of the building plan.

Floor Wardens, Stair Wardens, Shelter Wardens, Messengers, First Aid Teams and Fire Watchers as required shall be selected from tenant volunteers.

Rescue, Fire Fighting and Utility Maintenance Teams as required shall be organized from the Building Service Personnel. Tenant Volunteers may be used to add to the usefulness and abilities of these units.

All members of the Building Control Unit should be provided with standard arm bands and hats where required (N. J. Civil Defense Info. Bulletin 17). This is necessary to establish their identity and authority and in some cases, to permit them to move to their stations within the building.

Shelter Areas and routes by which occupants are to reach them shall be selected and clearly marked with signs.

Supplies required by Fire Fighting, First Aid, Utility and Rescue Teams shall be provided in each building.

Training shall be conducted to insure that members of the Control Units know and understand their duties thoroughly. Training shall also be given to the tenants within the building to insure their understanding of the Control Plan.

A review shall be made periodically of the Control Plan and the personnel assigned duties therein to make sure that any building changes or changes in personnel have been cared for at the time the change occurred.
3. ALARMS

Interior alarm systems should be established using existing announcer, signal, fire alarm, watch box, P.A., etc., systems where possible. Wardens should be equipped with whistles to aid in spreading the alarms. The interior alarm system must be capable of reaching all personnel within the building at any time. Secondary manually operated systems should be included in the event of commercial power failure and the addition of strikers at gongs for manual operation should be considered.

The standard “Red” Air Raid Warning signal (three minute fluctuating siren signal) should be used in preference to all others. Where this is not available the standard interior warning signal shall be the continuous operation of gong, Klaxon, whistle, horn or other sound producing devices repeated until all occupants of the area are evacuated.

On receipt of the municipal “All Clear” Signal, the Building Control Director will authorize the release of the Shelter occupants.

When the assigned duties will permit, Control Unit personnel should be in safe areas where they may be easily reached by the Control Director for assignment to their stations as required.

The control of panic and hysteria, the stimulation of quick, orderly movement of personnel and the allaying of fear and discomfort should be basic objectives of every member of the Building Control Unit.

Experience has indicated that, the more people assigned duties to keep them busy, the less the possibility of hysteria and panic.

It is highly desirable that all members of the Control Unit be capable of applying first aid. Arrangements can be made for such instruction through the municipal defense authorities or the American Red Cross. Present American Red Cross card holders should have the 4 hour Civil Defense supplementary instruction.

5. SHELTERS AND SHELTER AREAS

In many cases the selection of safe shelter areas will depend on a final inspection by qualified individuals to determine whether the selected area possesses the required structural design and strength to provide acceptable protection. The municipalities will shortly have made available to them, through the Area Civil Defense Director, the services of consultants for this purpose. There is much that may be done, however, through a preliminary survey of the building and the selection of proposed safe areas for use by the tenants or visitors within the building in the event of an air raid or other catastrophe.

In general, the preliminary surveys conducted by Building or Area Control Directors are a matter of considering those factors that do not require any particular technical knowledge and which have been established through experience. This together with the exercise of judgment and common sense will result in the selection of the safest available area. Final approval, however, will be required following inspection for structural strength and acceptability as above.

The importance of the time factor in moving people to a safe area is a basic consideration and in developing the Control Plan and in selecting the shelter areas, the travel time should be reduced to a minimum so that protection is afforded as quickly as conditions permit.

It is intended that, pending the development of technical information and the availability of structural consultants, there shall be an immediate survey of buildings or areas by the owner/operator and the basic planning completed to insure early protection for the occupants of present buildings, utilizing the facilities that are now, or are readily available.

It is thought that the following material will establish some of the more important considerations and may be used as a guide in the preliminary surveys and permit the selection of reasonably safe shelter areas pending the result of technical inspection.

a. Size

(1) Shelter areas should provide a minimum of five square feet of normal ceiling height floor space per expected occupant.

(2) All other factors being equal, two or more smaller areas are to be preferred to one large area. This affords maximum protection and permits better supervision. For supervision, areas accommodating between 25 and 50 people are best.

(3) Temporary barriers (Rope, etc.) within large areas will assist in separation of large groups for control purposes. The division of large
areas by more substantial partitions will reduce the possibility of casualty within the shelter.

b. **Physical Characteristics**

1. In general, below ground level areas provide greater protection. Structural characteristics, width of building, wall thicknesses, etc., may permit the use of above ground level areas with equal safety.
2. Above ground level areas may be made usable by strengthening wall and supporting structure.
3. Shelter areas should be free of steam, gas, refrigeration, chemical and water pipes or these systems controllable from within or nearby the shelter area. Protection from flooding of below ground areas is an important consideration.
4. Relation of location of the area to the center of population within the building is an important consideration. The travel time to shelter areas should be reduced to a minimum.
5. Well supported walls and ceilings—Drop ceilings securely suspended or supported.
6. More than one entrance or exit is desirable.
7. Proximity to lavatory and water facilities desirable.
8. As required by some fire regulations, doors leading into shelter area should swing outward from the occupied area. This will minimize danger from both blast without and hysteria within. Double swing hinges (not doors) and panic bars on shelter areas are further safeguards. Rubber or rope knob to knob slings should be provided for self-locking doors.
9. Avoid locating personnel in floor space located between openings in the building walls.
10. Area free from inflammable materials.
11. Remove glass panels in doors and windows leading into shelter areas and replace with steel or wood.
12. Wire mesh, heavy canvas curtains or other means should be provided to furnish protection from flying glass, concrete or plaster spalls, etc.
13. Areas should be free of furniture, loose fixtures, storage, etc., to reduce the possibility of casualty from moving or falling objects following blast.
14. Use of distinctive, standard color (Yellow Letters on Black) for designation of shelter areas and signs. Doors should be properly lettered "SHELTER" and in open areas the limits of the Safe Area should be marked on wall or floor and the area lettered "SHELTER ZONE".
15. In larger buildings, where the public is involved, or where the Shelter area is difficult to find, directional signs shall be placed on the walls at 6'6" from the floor to assist in locating the shelter area.
   For Details of Standard Sign See Section III.
16. It is suggested that a copy of the Building Plan showing the location of the Shelter Area be posted on each floor to inform the personnel of their designated Shelter Area and the route to be used.
17. Consideration should be given to Bilingual Signs where large foreign populations warrant so doing.
c. Miscellaneous

(1) Shelter areas and the route to the area should be well illuminated and lights should be controllable from within the area. The important part played by light in allaying fear, panic and hysteria cannot be overemphasized.

(2) Emergency lighting facilities shall be established within the area. (Battery lights, flash lights, candles, lanterns)

(3) Communication from the shelter areas to the Control Center shall be established. Telephone, Messenger or other agency. A recommended solution to the communication system is an intercommunication line terminating in a loud speaker with switching facilities to radio or public address system. Consideration may be given to modification of fire alarm or watchbox system to provide communication facilities. Messenger service should always be established in addition to other means.

(4) First Aid and Rescue Squads should be stationed in shelter areas under control of the Control Director.

(5) Fire extinguishers should be located at or near the shelter area.

(6) Ventilating systems in shelter areas should be controllable from nearby to avoid drawing radiologically contaminated air into the building and shelter.

(7) Public shelter facilities are covered in Section III.

6. Fire Fighting and Control

It is probable that fire would cause more loss of life and property than all other sources of destruction together under aerial attack of any kind. Losses can therefore be cut more by a basic knowledge of fire fighting than by training in any other one department. No fire fighting would be possible in the area immediately surrounding the spot where a bomb had exploded. However, there are outer areas, much larger in extent, through which the effect of an explosion shades off. In most of this area effective fire fighting would spell the difference between total loss and a considerable saving of both property and life. The fire control effort exercised in individual buildings would contribute immeasurably in the reduction of the total loss area and restrict fires to a minimum area.

The following principles are basic whatever the source of the fire:

a. Take precautions beforehand which will reduce the risk of fire starting and spreading.

(1) Clear out all unnecessary inflammable materials.

(2) Make certain that you have ready access to any spaces in which necessary inflammable materials are stored.

(3) Make any new alteration or construction job as fire-retarding as possible.

(4) Arrange to make periodic inspection and test of fire apparatus.

b. Obtain an additional supply of simple fire-fighting appliances to whatever extent your building volume and available personnel warrant. See list of typical auxiliary fire-fighting and rescue equipment in Exhibit "A". The following appliances are basic for all structures:

(1) Additional extinguishers in such quantity as to be readily available and of type suitable for area in which stored.

(2) Sand and shovels
PROCLAMATIONS

(3) Hose and connections to fit outlets.
(4) Stirrup pumps.
(5) A reserve of water. Fill buckets, slop sinks, tanks, etc., at time of red alarm.
c. Train employees in use of the above appliances and in the conduct of fire fighting and fire control.
(1) A few seconds spent in looking the situation over at the fire before plunging in with the appliance is never wasted.
(2) The closer your jet of water or chemical gets to the heart of the fire, the more effective it will be.
(3) Check the supply of oxygen to the fire; in other words, doors, windows and other openings should be kept closed.
(4) Any combustible material in the vicinity of the fire which is not already burning should be removed as quickly as the opportunity offers.
(5) Do not hesitate to call for help if it appears that the fire is too large for you to handle.
(6) When the fire is out, all debris must still be thoroughly drenched with water and a check made to insure that there are no hot spots left.
(7) Training in the provision and selection of the proper type extinguisher. The potential or actual fire may require specific type extinguisher, i.e., Tetrachloride type (Soda Ash, etc.) for electrical switchboards or panels.
(8) The municipal authorities will assist in the training of fire fighting teams on request.
d. Train employees in personal protection while close to a fire, and in the basic rescue work.
e. Train employees in method of escape from fire from any part of structure in which they work or to which they would be assigned during an emergency.
f. Fire fighting teams in larger buildings will be covered in further detail in Section III.

7. TRAINING AND PARTICIPATION

It is a primary responsibility of the Building or Area Control Director to stimulate interest and participation in the Building Defense program and in the training required to make it function properly. In the initial stages a comprehensive and interesting training program will do much to accomplish all three. Later, however, it will generally be necessary to keep the interest active through drills, discussions, critiques and suggestions; all of which are a form of follow-up training. Drills, where the occupants engage in a rehearsal under simulated conditions, are recommended in developing a smooth operating plan for, in addition to providing practice for the occupants, it also furnishes the Control Director with an opportunity to study the operation of the Plan and effect improvements. Learning by doing is most effective.

The use of films in the training of large groups is also recommended. Several good films are available through your local Defense Council from the Area Director for this purpose.

Questions in connection with any portion of the plan should be directed to your local Civil Defense Organization and they will gladly assist you with your problems.
BUILDING CIVIL DEFENSE PLAN

SECTION III

REQUIREMENTS AND PROCEDURES FOR LARGE BUILDINGS

The material in this section is directed toward providing additional information for the owners and operators of larger buildings. The information in Section II establishes the basic practices and applies to the larger buildings as well.

1. ORGANIZATION

In the larger buildings, it is recommended that the Utility, Fire and Maintenance teams be grouped under the control of the building maintenance supervisor who, in order to relieve the Control Director, will supervise this activity from the Control Center.

Emergency tools (see Exhibit “A”), preferably in a mobile storage unit (dolly, truck or barrow), should be stored in the vicinity of a shelter area. Where these tools are normally carried in a building storeroom in a safe area, the utility and maintenance teams should report to this location, mobilize the tools, and wait for instructions from the maintenance supervisor. Where building maintenance shops are available, considerable augmentation of the tool list given in Exhibit “A” will be possible.

It is suggested that the standard arm band be provided members of the Control Unit so that they may be carried in the wallet or handbag and available at all times. Under certain circumstances identification cards may be required in order to permit the worker to reach his station in the event of an alert.

2. ELEVATORS

The building elevators should not be depended upon as a primary method of conveying persons to shelter areas as power failure, blast, or other causes might place them out of service. Furthermore, the elevator operators will be needed for other emergency duties involved in the protection of the building. Therefore, it is suggested that all cars be ordered immediately to the first floor and left there. Certain cars may be assigned while still operative, to convey the physically handicapped or incapacitated to shelter areas. During the emergency, other cars should be placed at set floors to convey emergency services such as rescue, fire, police or other emergency units to points where they are needed. Elevators ascending at the time the alert signal is sounded should return to the first floor. The operator should direct the passengers to shelter area and then return to his designated location as covered in the building plan. Consideration should be given to assignment of specific elevators to the Utility, Fire and Maintenance Teams for their use in reaching upper portions of the building.

Attention is directed to the need for considering individual elevator characteristics as follows:

a. Overload Safety Devices
b. Capacity (Cubage)
c. Operating Machinery at Top of Shaft
d. Top of Shaft Vulnerable to Blast
e. Door Operation—Electrical vs. Mechanical
f. Self-Service Elevators
3. SHELTER AREAS

The modern substantially constructed buildings with heavy steel frames, reinforced concrete floors and well bonded brick walls should withstand the blast effects of an A-bomb if outside the critical area of the burst.

The selection of shelter areas within the larger building requires consideration of those factors covered in Section II and also the following:

a. Interior walls of suitable design and strength make the building core below the top five floors acceptable shelter areas.

b. The top five floors should not be used for shelters unless unusual construction makes them structurally acceptable.

c. Areas adjacent to open shafts should be avoided due to the pressures exerted within these shafts.

d. The basements of large buildings will require careful survey to insure their acceptability. The protection from flooding of these areas and the control of utilities (gas, steam, water, etc.) are a primary consideration. Basements constructed flush with sidewalk levels are generally not desirable as the increase of pressures at the first floor level may cause that floor to collapse into the basement.

e. In an area that structurally is acceptable, the major considerations are, as covered in Section II, protection of the occupants from flying glass and missiles, falling plaster and fixtures and from heat and gamma radiation.

f. Practically any material of reasonable thickness such as interior walls will act as a shield from thermal radiation (heat) and, if outside the critical area of the blast will provide protection from nuclear radiation.

g. Administrative Considerations in Larger Shelters

(1) Chief Shelter Wardens and Assistant Wardens as required should be designated for each installation so that a warden for each 50 people will be available for administrative and control purposes.

(2) Individual identification cards should be prepared by each individual on taking his place in the shelter and turned in to warden.

(3) Smoking in confined areas must necessarily be controlled due to ventilation. Use of "No Smoking" signs and allocation of time in nearby designated areas will assist in controlling this.

(4) A copy of the floor plan and the route to and the location of the assigned shelter areas shall be posted on each floor where the occupants may be transients or that is open to the public. Consideration should be given to bilingual signs where large foreign populations warrant this consideration.

h. Auditorium Type Structures

In the auditorium type structures (theatres, churches, stadiums, terminals, gymnasiums, libraries, etc.) or where large ceiling or roof areas are without columnar support, structural design provides sufficient strength, to carry the normal weather loads. This type structure, however, possesses insufficient strength to withstand the pressures created by atomic bomb blast and consequently presents a very difficult problem in the provision of acceptable shelter area for the large number of people involved. The number of people adds to and emphasizes the importance of the special considerations and organization required in providing the maximum protection available in these buildings.
The area under satisfactorily supported balconies, the lounges, foyers, wash and rest rooms and other lower level floor space present the best protection available. Consideration may be given to adjacent structures, particularly where they are attached such as parish houses, public buildings, etc., to care for a portion of the people. Every effort should be made to utilize the maximum capacity of the available shelter space within the structure before consideration is given to moving the people to adjacent shelters. Shelter space per person should be reduced to an absolute minimum to do this. Time will permit the movement of people only very short distances.

The basic protection from flying missiles, glass, etc., as covered in Section II, must be considered for these structures as well.

The importance of developing a comprehensive control plan for these structures and the training of the attendants, ushers, etc., to perform their duties with perfection in the event of an emergency is emphasized. The ability to control people in such large numbers and to allay fear, panic and hysteria may only be acquired through a realistic training program based on a well designed control plan. The use of the theatre screen and sound facilities to inform the occupants of routes, areas, etc., is, of course, recommended as is also the Public Address system in other buildings.

Bus, train and other conveyance operators should be instructed as to the location of shelter areas in terminals and, where practicable, along their routes. Their duties, in the event of an emergency, will be the same as that of a floor warden, to move the occupants of their vehicles to the nearest shelter area.

4. SIGNS

The following standard specifications and markings shall be adhered to:

a. Signs shall be in yellow letters, preferably six inches high, on a black background, with yellow arrow either underneath or above the letters, indicating route to be followed.

b. Thickness of lines composing 6" letters and arrow shaft should be preferably one inch.

c. Signs shall be distributed throughout the premises to designate the route to the shelter in sufficient number to avoid any possibility of misunderstanding or confusion on the part of building occupants or visitors.

d. Signs shall be mounted 6'6" above the floor line for visibility.

Yellow letters

and

SHELTER

Black Background

In tall buildings temporary shelters should be established and designated as shelter zones. As it requires time to evacuate the upper floors of these buildings, the shelter zones should be located in the central portions of the upper floors of
the buildings away from windows and with the maximum available protection by exterior walls and interior partitions.

The designated area itself must be clearly marked by signs reading "SHELTER ZONE" or "SHELTER" without an arrow.

Doors leading into Shelters shall be lettered "SHELTER". An all purpose sign adaptable to any condition by cutting off right or left hand arrows is suggested. Decalcomania signs for wall use are acceptable if covered with clear varnish to insure durability. The use of fluorescent or luminous paints may have application to some specific condition.

5. AUXILIARY LIGHTING

A system of auxiliary lighting shall be provided for the shelter areas, first-aid rooms and control room, passageways and stairwells. This could be accomplished by the use of local or auxiliary power plants where available, electric lanterns, kerosene lamps, or other means of temporary illumination. The use of fluorescent tape or paints for marking passageways, stairs and doorways may be considered. Passageways and stairwells must be kept free from obstruction at all times.

6. PUBLIC SHELTERS

Shelter areas must be provided for the thousands of people on the streets. Building owners, will be solicited to give permission for the use of any space, suitable for shelter areas, in excess of that needed for their own building population, for use as a public shelter.
Information in connection with the construction of public shelters and the inclusion of satisfactory shelter provisions in future construction will be issued in a separate bulletin.

7. First Aid and Aid Stations

All members of the Building Control Unit should be instructed in the standard first-aid course. Arrangements can be made for such instruction by the Police Emergency Division or by the Red Cross. Holders of Red Cross First-Aid Cards are considered good prospects for Team Captains and Instructors but will require instruction in the American Red Cross 4-Hour Civil Defense Supplement.

First-Aid Stations should be located in protected areas. They should be staffed with qualified first-aid workers, should have cots and blankets, and should be equipped with sufficient medical supplies for the treatment of lacerations, fractures, and burns, until the removal of the injured can be arranged. Closed containers to contain a supply of fresh water should be provided at each aid station and filled at the time the alarm is sounded. (See suggested list of First-Aid Supplies, Exhibit "B").

Where hospital facilities are within the buildings, surveys should be made to insure these areas being safe and action taken to either safeguard the area or plan for the removal of its facilities to a safe area in the event of an emergency.

8. Fire Fighting and Control

In all buildings having standpipe lines and sprinkler systems, these appliances should be inspected for possible defects and placed in good operating condition at once. All other fire-fighting appliances, as required by law, should be examined and tested. This includes fire detection and automatic alarm devices. Good housekeeping conditions should prevail in order to reduce the fire hazard. Fire extinguishers, axes, and hooks, should be placed at convenient locations throughout the building for control of incipient fires in case of power failure or ruptured pipes. The wet chemical type (soda-acid) extinguisher and the vaporizing liquid types have general usage. The tetrachloride type should always be supplied in the vicinity of power panels and switchboards. The so-called "Gas" types are desirable where damage would result from the use of "Wet" type extinguishers.

Fire trucks (capable of carrying a load of approximately 400 lbs.) should be constructed in larger buildings. They should be on rubber wheels, of a size that will go through existing doors, and should be equipped with fire extinguishers, hose, rope, lanterns, wrecking bars, axes, wrenches, and similar equipment that would be needed in an emergency to put out fires. See Exhibit "A".

The Municipal Fire Department will be glad to co-operate in the inspection and in the recommendation of facilities required within the individual buildings.

9. Training

Training of the personnel of the Control Unit and the occupants of the larger buildings becomes increasingly more difficult in proportion to the size of the building. This is particularly so in the larger industrial buildings where a number of tenants are involved or where the public uses the buildings.

As the provision of this type protection is of vital interest to everyone, the degree of co-operation given the Control Director will generally be in direct proportion to how much interest he can create in the plan and in the simplification of the operating features of the plan.
It will be better to err in the direction of assigning too many people to duties in connection with the Control Plan than too few—participation is probably one of the best means of creating interest.

The Municipal Defense Organization will gladly assist in any of the training problems encountered. Special material will be made available, on request, for training in connection with Fire Fighting, First Aid, Rescue Work, and other Defense Activities.

### REMARKS

Attach a copy of procedures developed for the detailed operation of the plan. Copy to be filed with the Municipal Defense Organization.
To the Tenants of

The Director of Civil Defense of the State of New Jersey has requested that a Building Control Unit (Organization) be set up for the protection of this Building and its occupants in case of an air attack or other emergency.

The Superintendent of this building is Mr. ..............................................

His Office is located at ..................................................

The Superintendent has registered with the Municipal Civil Defense Council as the Building Control Director for the building. He has already begun to set up a Building Defense Plan for your protection. Shelter Areas are being selected. An Evacuation Plan must be worked out. First Aid Stations must be set up and staffed.

The superintendent of this building is forming a Building Control Organization. That organization will be staffed in part by the Building Service Employees. It must be staffed in part by volunteers from among the tenants and their employees. Volunteers are needed at once, as

Floor Wardens  Shelter Wardens  Fire Brigade
Stair Wardens  First Aid Workers  Fire Watchers

Arrangements will be made by the Police Department and Fire Department and with the American Red Cross, to train the Building Control Unit when it has been formed.

Please indicate below the capacity in which you will serve, and return it to the Superintendent at once. Thank you for your help.

Re Civil Defense

A Building Control Unit has been set up for the protection of this building and its occupants during an air raid alarm or other emergency. The Building Control Organization consists of Volunteers from among the Tenants and their employees and the Personnel of the regular building staff. The Superintendent of the building has registered with the Municipal Civil Defense Council as the Building Control Director.

In case of emergency, you must recognize the authority of the members of the Building Control Unit, and obey their orders so that the general welfare of all occupants may be served.

Your Floor Warden is Mr. (Mrs.-Miss) ...........................................
The Shelter Area Assigned to you and your employees is: ...........................................
You will reach your assigned Shelter Area by means of ...........................

In the event of an air raid alarm, the elevators will discharge their passengers at the nearest shelter floor and then proceed to the ground floor and be shut down. Elevators will not be used during an air raid alarm except as needed by the personnel of the Building Control Unit for emergency services. Elevator Operators will be assigned other duties as members of Fire Brigades, Rescue Teams, Utility Control Squad, Messengers, etc.

Upon receipt of an air raid alarm, all tenants and their employees will evacuate their space (offices, apartments, rooms) immediately and proceed by means of designated stairways to their assigned Shelter Area or Air Raid Stations as quickly as possible as directed by the floor warden.

Tenants who are not part of the Building Control Unit should remain in their assigned Shelter Area until notified by the Shelter Warden that the emergency is over. The building elevators will be put back into regular service as soon as the elevator operators can be released from their emergency duties.

For your information, the Official Building Air Raid WARNING Signal is a warbling (rising and falling) siren signal continuing for a period of three (3) minutes, or the continuous operations of Horn, Gong, Klaxon, Whistle, etc., repeated until area is cleared.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The life and achievements of Thomas Alva Edison are a bright page in the wonderful story of America's scientific and industrial growth. He was possessed of that rare combination of imagination and productivity which marks the truly inventive genius.

Edison's creative mind, persistence and skill gave to his Nation and to the world a stream of inventions which have improved the general welfare, created new industries and opportunities everywhere, and provided many new comforts for millions of people.

In this world of on-rushing events and continuing crisis it is particularly fitting that we recall this great American, the strength of his character and his dedication to work that has served humanity everywhere so well.

NOW, THEREFORE, I, ALFRED E. DRISCOLL, GOVERNOR of the State of New Jersey do hereby proclaim Monday, February 11th, 1952, the 105th anniversary of the inventor's birth as

THOMAS ALVA EDISON DAY

in New Jersey, in fitting tribute to the memory of a great American. I urge the people of New Jersey to appropriately observe this anniversary by considering and giving recognition to the significant part which the genius and skill of Thomas A. Edison have played in making their lives richer and more pleasant.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this seventh day of February, in the year of Our Lord one thousand nine hundred
and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, The week including Washington's Birthday, February 17th-24th, will be nationally observed as Brotherhood Week, under the sponsorship of The National Conference of Christians and Jews; and

WHEREAS, George Washington was among the first to recognize that the goal of a "more perfect union" could be achieved only if our Nation would "give to bigotry no sanction, to persecution no assistance," and our government was accordingly founded on the principles of freedom of thought and worship regardless of race, creed or color; and

WHEREAS, In the State of New Jersey through legislation and the expanded Bill of Rights of our State Constitution of 1947, our State stands in the forefront of the States in its guarantee of the fundamental rights and privileges of its citizens, which in the final analysis means "Brotherhood in Action";
Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim the period of

FEBRUARY 17th-24th, 1952,

as

BROTHERHOOD WEEK

within this State. I urge our people to give special thought during these days to those basic principles which make it possible for all free men regardless of race, creed, color, or national origin, to work and live together in harmony. I call upon all of the people of our State to rededicate ourselves during Brotherhood Week so that during the entire year ahead and the years thereafter, the unity of our people will be an example and an inspiration to those others who look to us in hope.

Given under my hand and the Great Seal of the State of New Jersey, this eleventh day of February, in the year of Our Lord one thousand nine hundred and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

ALFRED E. DRISCOLL,
Governor.

By the Governor:

Lloyd B. Marsh,
Secretary of State.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-sixth day of February, in the year of Our Lord one thousand nine hundred and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.
The world today is in need of prayer. Nations that pray find themselves bound in spirit and purpose, and united in action, like families that pray together.

It is a good thing for us to take time to pause and give thanks for our many blessings in America, and to call upon the one God of all people for guidance and wisdom in these troublous days, beset with known and unknown dangers within and without our own country, but full of hope for a new day of peace and good will.

As our country’s leaders in generations past turned to Almighty God in prayer, and as the founders of our nation expressed with certainty their faith and dependence upon a Divine Power, so we in this hour respond to the call for a World Day of Prayer.

Nations and people who use prayer receive strength and wisdom to meet the tasks and challenges of the hour. Selfish purposes, soul destroying cynicism and narrow prejudices are lost when we bow our heads in prayer. Our sights are raised to new horizons and world-wide brotherhood.

In this spirit, Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim

FRIDAY, FEBRUARY 29, 1952,

as

WORLD DAY OF PRAYER

in New Jersey, and request that we, the people of this great State, join in prayer on this day in our
homes, our churches and our places of public meeting.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-sixth day of February, in the year of Our Lord one thousand nine hundred and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.

CHAPTER I
INTRODUCTION

General

1.1 The information contained herein is presented as the basic state plan and guide in the preparation of local plans for emergency medical and health services. This basic plan will be supplemented by technical bulletins and training manuals.

1.2 This basic plan and guide and the terminology herein used supersede all previous references thereto and these shall be used henceforth.

Statement of the Problem

1.3 The effective energy released in one nominal atomic bomb is roughly equivalent to that produced by 20,000 tons of TNT. The initial explosion temperature is estimated at 1,000,000 degrees C. The initial pressure is of the order of hundreds of thousands of atmospheres. Initial radiation is very intense within one-half mile. The luminosity as observed 10,000 yards away is about 100 times usual daylight. The light, radiation, pressure and heat diminish rapidly with time and distance.

1.4 The rising ball of fire carries fissionable and other particles upward. With high air bursts no significant residual radioactive particles remain on the ground.

1.5 Low air bursts, ground, underground or underwater bursts produce varying degrees of residual radioactivity, but such bursts produce less damage from heat and pressure. Immediately after such low bursts the total area of physical damage and down wind therefrom must be considered contaminated until monitored and declared safe.

1.6 Pressure variations and wind velocities, hence the degree of physical destruction and casualties from flying debris, vary with distance from bomb center. Winds of gale force may occur at two miles. Winds of 200 miles per hour occur at one mile and velocities of 800 miles per hour occur at 1,000 feet from ground zero. At first the wind travels away from ground zero. Wind direction is reversed in about 20 minutes, reaches 30 to 40 mph about 2 to 3 hours after burst and decreases to about sixth hour.

Shielding

1.7 Shielding greatly alters results. Adequate distance is an effective shield. Thickness and type or combination of shielding necessary for protection varies with the item against which one seeks protection.
1.8 Exposed skin may burn up to 10,000 feet from ground zero, but clothing, especially white or light colored, is a good shield in the outer zone. Wood, brick, concrete, metal or earth will protect at closer ranges.

1.9 Flash burns or scorching have occurred on wooden poles at 11,000 feet. Tile has bubbled and blistered at 4,000 feet (temperature estimated at 1,800 degrees C. for 4 seconds). Fires also result as buildings collapse or burn from overturned gas, oil or coal stoves. Fires spread away from ground zero for about the first twenty minutes and toward ground zero for the next 4 to 5 hours because of strong winds.

1.10 A distance of 7,000 feet will protect from initial radiation from gamma rays or neutrons. Unshielded at 4,200 feet the dosage would be 400 r (roentgens) and at 2,100 feet would be 10,000 r. To reduce this radiation at 2,100' to 400 r, at which dosage half of those exposed would die, would require about thirty inches of packed soil, or twenty inches of concrete, or three inches of lead.

1.11 Alpha particles are readily stopped by thin paper or outer layers of skin. Beta particles are stopped by thin metal foil or 1 cm. of water or a thin layer of tissue. Alpha or beta emitting substances are hazardous when inhaled or ingested.

**Casualties**

1.12 The atom bomb produces no new or mysterious illness. X-ray specialists have been familiar for many years with the effects of ionizing radiation on the body. The main problem is one of sheer volume—of providing personnel, supplies and facilities to treat simultaneously the thousands of living casualties resulting from each attack. Mass treatment of casualties constitutes the largest single civil defense health problem, but there are other extremely important health services which must also be supplied. These include detection and recognition of radiological, chemical and biological hazards, various preventive measures and maintenance of adequate sanitation.

1.13 In planning for defense against atomic warfare, one of the first steps is to estimate the potential numbers and types of civilian casualties. Variations occur not only in population totals but also in population densities between individual areas of single cities and at different times of day or season. Results would also vary as between a surprise attack and one with adequate warning, by weather conditions, by topography, prevailing types of building construction and by type and amount of clothing being worn at time of an A-bomb burst.

1.14 A surprise daylight attack in clear weather with a nominal bomb, exploded at 2,000 feet over an "average" metropolitan area might produce a total of about 120,000 casualties—killed and injured. Of this total 40,000 (33.3%) would either be killed outright or would die the first day. An additional 20,000 (17%) would die in the following five or six weeks. Thus, probably 80,000 (66.7%) casualties would survive the first 24 hours. Of these 80,000 it is estimated that:

- 48,000 (60%) would be suffering from burns
- 40,000 (50%) would be suffering from mechanical injuries
- 16,000 (20%) would be suffering chiefly from radiation injuries

The total of over 100% arises from the fact that a number of casualties would be suffering from two or more types of injuries. This hypothetical result of bombing is used for purposes of illustration. The percentages, of course, may be directly applied by any city for making its own estimates. The number of casualties will be increased if the size of the bomb is greater. There would be a reduction in the number of dead and injured if the bomb is exploded on the ground.

**General Objectives**

1.15 The total mission is to preserve life and health—both mental and physical.

1.16 The mission of the emergency medical services is to relieve suffering, reduce disability and prevent death.

1.17 The mission of the health services is to safeguard the environment, reduce disease, enhance health through better nutrition and hygiene, and to render supportive services.
Basic Principles (3, revised)

1.18 The destructiveness of an A-bomb burst or other large scale emergency can be reduced by planned cooperative effort. The reduction is proportionate to the degree of coordinated cooperation of all persons and groups involved; of accurate detailed integrated planning; of effective use of all local resources and of mobile support.

1.19 Though there are many factors which may operate to reduce the dangers or the number of casualties, optimism is not permissible in planning for major emergencies.

1.20 The possibility of extremely high casualty rates among medical personnel in the downtown area of a city by a surprise daytime burst must be considered. Regardless of the proportion of personnel lost, no New Jersey community can be totally self-sufficient when an A-bomb strikes. Mobile support from other and distant communities is, therefore, essential. In order for such support to be effective, uniformity of essential supplies, equipment and procedures must be established and adhered to firmly.

1.21 Any plan must include provision for central control so that the course of action can quickly be modified as required by developments.

1.22 Plans must be detailed and provide for uniform operations, minimizing the necessity for spot decisions and top level supervision in time of emergency to avoid loss of time and waste of manpower. However, plans must be sufficiently flexible to permit new technological developments and lessons learned from test exercises to be quickly incorporated.

1.23 Local initiative in the adaptation of these plans is of the highest importance. The state, district and area civil defense personnel stand ready to render every possible assistance, but it is the responsibility of the local civil defense director to plan, carry out and control civil defense activities in his community, as set forth in this statewide plan.

1.24 Personnel must be assigned with due regard for their technical proficiencies, emotional stability, physical stamina, and availability. Individuals should be assigned to related tasks requiring them to be in only one place at one time during active operation of the plan.

1.25 The accomplishment of the objectives described above depends in large measure on the prompt and coordinated provision of all necessary services. For this reason effective communications and controlled transport of necessary health personnel, supplies, equipment and of the injured must be facilitated. Roads leading to and from the disaster area will, at the earliest possible time after attack, be cleared and kept cleared for the controlled movement of such personnel and facilities and of the injured.

1.26 Once the local communications; transportation; medical and health defense plans have been completed, mobile support programs can be effectively completed on an area, district and statewide basis. Mobile support will include those personnel and supplies that will be placed at the disposal of an attacked area after an attack is reported. Whenever an attacked city, area or district is unable to cope with a disaster on the basis of its own personnel and supplies, it shall call upon the next higher echelon of civil defense jurisdiction for specific mobile support.

CHAPTER II
ORGANIZATION AND FUNCTIONS

General

2.1 In New Jersey the State Civil Defense Agency is an integral part of the Department of Defense. Under State Civil Defense law, New Jersey has been organized into 4 districts and these in turn are organized into a total of 13 areas. No county or municipal boundary lines have been traversed. A Director of Civil Defense has been appointed for the State, for each District and for each Area by appropriate State authority.

2.2 Under Civil Defense law each municipality was made responsible by Executive Order number 22 on March 3, 1950, to establish a local Civil Defense Council and to prepare for its own protection.

2.3 Each municipality, each area, each district and the State shall have its own headquarters or Control Center and appointed personnel to perform its proper medical and health functions.

Organization

State

2.4 The State Director of Civil Defense has on his staff personnel in charge of Police, Fire, Communications, Transportation and other activities, including a State Director of Medical and Health Services. Similarly the District and Area Directors of Civil Defense shall have on their respective staffs necessary personnel including a District or Area Director of Medical and Health Services. Each of the latter in turn shall have appropriate, specifically designated, Chiefs and Assistant Chiefs of special services as noted on Charts Nos. 2.9A and 2.9B.

2.5 The State Director, Medical and Health Services, is a member of the State Civil Defense Council and of the Executive Committee thereof and is also a member of the Staff of the State Director of Civil Defense.

2.6 A "Supplemental Bulletin on Medical and Health Personnel," listing appointees at the state level and recommending appointees for each position for Districts and Areas, will be provided through the State Office of Civil Defense, to each District and Area Director of Civil Defense respectively. The authority and responsibility to make such appointments rests with the Directors of Civil Defense in each jurisdiction.

2.7 The State, District, Area or Local Director of Transportation Services shall assign a competent liaison transportation officer to the respective State, District, Area or Local Director of Medical and Health Services.

2.8 The State, District, Area or Local Director of Communication Services shall assign a competent liaison communication officer to the respective State, District, Area or Local Director of Medical and Health Services.
District and Area

2.9 The organizational pattern as shown in Charts 2.9A and 2.9B for districts and areas respectively is very similar to that at the State level. In effect the District and Area units are decentralized portions of the State organization and of necessity are organizationally and functionally closely interrelated.

Local

2.10 New Jersey municipalities vary greatly in size and density of population and in relative proximity to probable A-bomb targets. However, any community may have a major emergency and be faced with the care of the hundreds of injured, or be called upon for personnel or supplies as mobile support to help others.

2.11 Some local adaptation of organization is necessary depending upon size of municipality, available personnel, etc. Organization as shown on Chart No. 2.11 is suggested for all municipalities above 20,000 population. Consolidation of activity and responsibility is necessary and desirable in smaller communities. As indicated Radchem, First-Aid and Emergency Hospitalization Services may be combined with medical services. Furthermore, sanitation services may be combined satisfactorily with other health services especially in smaller communities. It is imperative, however, that no functional responsibilities be omitted or less effectively attended to as a result of such consolidations. Such decisions and evaluations are the joint responsibility of the Local Director of Medical and Health Services and the Local Director of Civil Defense.

Functions

State, District and Area

2.12 The State, District and Area Directors of Medical and Health Services and their respective staffs are charged with continued planning and evaluation; stimulating and coordinating training programs; stockpiling State mobile support health supplies; handling Federal mobile support health supplies allocated to the State; coordinating Federal-State, interstate, interdistrict, interarea and intraarea civil defense activities in the medical and health field. In addition, teams of specially trained personnel will be made available to provide supplemental epidemiological, Radchem monitoring and sanitation services.

Local

2.13 The Local Director of Civil Defense and the Local Director of Medical and Health Services are responsible for the adequacy of (1) local organization (2) local planning (3) local integration with other civil defense activities and (4) assignment of facilities, supplies and personnel including training of local medical and health personnel as functional teams.

   k. In designated first-aid medical posts provide continued care of ambulatory patients as necessary.

Process for Locating First-Aid Medical Posts (FAMP) in Municipalities With Populations of 10,000 or More

4.29 Use detailed map showing streets and principal landmarks, including territory of adjacent municipalities.

4.30 Overlay transparent grid with squares one-half mile equivalent on each side of each square or draw such a pattern on the map.

4.31 Overlay transparent film (X-ray or other) marked with set of circles having radii increment equivalents of ½ mile each from zero to 3 miles.
4.32 Shift center of circles to most probable target on map and study probable damage. Assume complete destruction within first half mile of ground zero; very severe damage within second half mile; severe damage within one to one and one-half miles; moderate damage including many fires within one and one-half to two miles; and lesser damage beyond.

4.33 Consider locations of needed FAMP* in one and one-half to three mile zone and needed supply depots, for at least five miles in each direction.

4.34 Assume bombing error of one and also of two miles from location 4.33 above, and shift transparent film with circles to north, to east, to south, to west and study effect of damage in each instance and of damage to originally selected FAMP and supply depots. Give special consideration to need for FAMP and supply depots in each new set of peripheral areas or zones.

4.35 Consider possible effect of ground zero being located in neighboring municipality.

4.36 An A-bomb explosion over a municipality will destroy much property, equipment and supplies and produce thousands of casualties. Stockpiling of first-aid supplies for immediate post raid use is imperative and is a local responsibility. However, a single stockpile or a few poorly located stockpiles might be utterly destroyed.

4.37 Ground zero cannot be foretold. The enemy may have incomplete or inaccurate information and select a different target. A bombardier’s error may shift ground zero a mile or more.

4.38 The size of the area of destruction around ground zero cannot be foretold. It will vary with the weather, the height at which the A-bomb bursts and with the energy equivalent of the bomb used.

4.39 It is imperative and possible to reduce loss of radchem and first-aid equipment and supplies to a minimum.

4.40 It is imperative and possible to guarantee availability of radchem and first-aid equipment and supplies at perimeter of destroyed area by proper dispersion into stockpiles on a grid pattern three miles apart.

4.41 It is imperative and possible to guarantee availability of FAMP at and near to the perimeter of any destroyed area for immediate use to care for the thousands of casualties.

4.42 Mathematically symmetrical dispersion (grid pattern) varied only to take advantage of very unusual protection afforded by terrain, use of reinforced concrete structure or underground storage is the safest method.

4.43 Consult with civil defense authorities in adjacent municipalities and at Area Civil Defense Headquarters and agree on some fixed position of grid for locating FAMP over combined territory.

4.44, 4.45, 4.46 Establish FAMP as close as practicable at each grid intersection throughout prime target city and adjacent municipalities and cover entire territory, including six miles radius from any probable target.

4.47 Select additional FAMP on all main highways at sites where the 2 mile, 2.5 mile and 3 mile circles from most probable target cross each highway. If two or more presumed target centers exist within four miles of each other, comply with 4.47 only along outer arcs of 2.5 and 3 mile circles.

* FAMP—First-aid medical post(s).
4.48 Municipalities between 5,000 and 10,000 population not adjacent to municipalities with population of 10,000 or more and not within ten miles of any probable target area, shall designate at least one FAMP per 2,000 population at locations deemed of greatest value in natural disasters and for use on a mobile support basis.

**Non-Mobile First-Aid Medical Posts**

4.49 Chart 4.49 presents a grid pattern. Each edge of each square is to be considered as one-half mile equivalent on a local map. Theoretical ground zero is shown as a spot in the center of a circle with a one and one-half mile radius. Total, very severe, or severe damage will occur within the circled area. It was estimated in Japan that vehicles could not approach within one and one-half miles of ground zero until after the streets were cleared of debris. The litter cases must be carried as short a distance as is feasible. Hence, FAMP must be located all around the one and one-half circle of ground zero. On the grid pattern (see Chart 4.49) one notes that about ninety previously selected non-mobile FAMP will exist within the one and one-half to three mile zone where they are most needed (see places marked “x” on the grid). It has been estimated that 97 such first-aid medical posts should be available around the perimeter of each nominal A-bomb burst and within the four-mile zone. A total of over 120 FAMP sites can be found within four-mile zone on Chart 4.49. Additional FAMP are available at greater distances or may be made available closer-in by utilizing mobile FAMP to concentrate more assistance.

**Criteria for First-Aid Medical Posts**

4.50 As nearly as practicable FAMP should be located in:

b. Ample available or quickly convertible space (at least 1,000 square feet; preferably 2,000 to 5,000 square feet. Two or more adjacent structures may be used if each has 400 or more square feet.)

c. Ground floor space only—preferably with no steps.

d. Structure with adequate light, water and sewage facilities.

e. Structures with wide doorways. Two doorways are essential—preferably entrance and exit on different streets.

**Mobile First-Aid Medical Post**

4.51 Large tractor-trailer units or moving vans could transport personnel and first-aid supplies to the perimeter of the disaster area, and could be used as supplemental FAMP in areas of greatest need. Very large moving vans and trailers lack maneuverability and probably could not get as close to the heavily damaged area as could lighter trucks. Because of reduced size the smaller trucks usually are not practicable as FAMP but can be used to quickly transport non-ambulatory but less severely injured casualties from the perimeter of the heavily damaged area to FAMP's further distance or directly to the more distant emergency hospitals.
NOTE: ½” equals ½ mile. One preselected but unequipped FAMP at each grid intersection. One medical supply depot and medical sector control center at each heavy lined 3-mile grid intersection. Circle shows area of severe and moderately damaged area from nominal A-bomb burst.
Marking of Non-Mobile First-Aid Medical Posts

4.52 All FAMP's shall be clearly marked after selection. Each shall have a definite and individual designation. All persons should become familiar with all FAMP within one mile of their residence and of their places of employment. All FAMP teams must become very familiar with their own primary and alternate FAMP assignments and with their collection points for mobile mutual aid elsewhere.

Mobilization of First-Aid Medical Post Services

4.53 Detailed local plans adaptable to any situation for mobilization of FAMP team personnel, first-aid supplies and necessary vehicles to transport personnel, supplies and casualties shall be made and all local first-aid medical post personnel must be thoroughly familiar with the detailed plan.

General Mobilization Principles

4.54 a. Arrangements must be made with civil defense transportation services for vehicles to be used to transport first-aid supplies, personnel and casualties.

b. Arrangements must be made with civil defense communication services for necessary communications—radio, telephone, messenger and others.

c. Personnel collection points are at the designated FAMP or Medical Supply Depot with necessary alternates if highest priority sites are destroyed.

d. Several alternate routes of travel for each team member, from his residence or place of employment to his primary and alternate personnel collection points, and for other necessary travel to transport personnel, supplies or casualties, must be preplanned against possibility of loss of a collecting point or blocking of a route. Mobile support personnel must go to predetermined personnel collection points to obtain from appropriate authority, orders concerning their assigned positions in the first-aid medical post pattern.

e. Mobile support material must be delivered to predetermined sites on carefully selected highways and then receive specific orders from Chief of Radchem, First-Aid and Hospitalization in command concerning exact locations for delivery and routes to be used in approaching the destroyed area.

Staffing First-Aid Medical Posts

4.55 The round-the-clock operation of a first-aid medical post requires the following minimum staff:

4.56 A physician should be in charge of the first-aid medical post, but there should also be a lay administrative officer. The physician should screen casualties, supervise the care of patients, and personally care for the exceptionally severe problem case.

4.57 To provide for necessary supervision of each FAMP in the absence of any designated medical officer, due to death, illness or otherwise, there shall be designated a specific order of command in each FAMP team, including not less than four additional persons.

4.58 Dentists and veterinarians should serve as professional assistants for such duties as supervising and performing first-aid work and in giving emergency treatment. Pharmacists should be assigned in charge of all supply activities and perform any other functions which might be delegated to them by the medical officer in charge.

4.59 Litter bearing is extremely strenuous and exhausting work which demands a considerable amount of muscular power and physical stamina. It is a task for men in good physical condition. Because of manpower shortages, teams of litter bearers probably would have to be limited to two, three or four men, depending on the distances patients would have to be carried and the availability of manpower.

4.60 Rest periods are a necessity for all workers in first-aid medical posts, even during the first day of the emergency. Relief substitutes should be planned for and provided to the extent possible at intervals of four to six hours. Mobile support groups could furnish this relief. The sector control officer should make arrangements to furnish relief first to the first-aid medical post with the heaviest loads.

Equipment for Members of First-Aid Medical Post Teams

4.61 Each worker on the staff of a first-aid medical post should have and should bring to his duty station the following equipment:

a. Flashlight with extra batteries.
b. Bandage scissors, 6 or 7" in length for cutting clothing, etc.
c. Pencils, one ordinary or indelible and one skin marking.
d. Civil defense insignia.
e. Litter bearers should also be provided with hard hats and gloves or mittens of denim or cotton material.

Local Stockpiling

4.62 Adequate stockpiling at the local level is imperative and is a local responsibility. Many first-aid and emergency hospital supplies will be needed immediately after an A-bomb burst. This is extremely important if all possible lives are to be saved and suffering reduced. Each municipality shall provide prescribed radiologic, first-aid and emergency hospital supplies in quantities which it deems necessary for immediate post-emergency use.

Supplies and Equipment for First-Aid Medical Posts

4.63 The items listed in Table 4.63 are vital and should be accumulated in each municipality for any emergency which might arise. These items are needed in a ratio of one complete set per 5,000 population. These items would be required immediately after an emergency and should be delivered promptly from local medical supply depots to each first-aid medical post or emergency hospital for or
with the appropriate personnel as described in "Training Manual for FAMP Teams." It is recognized that the amounts suggested in Tables 4.63, 4.64 and 4.66 are inadequate in terms of ideal medical care, but these lists are based on quick evacuation of casualties to emergency or general hospitals and a quick delivery of replacement supplies. Some of the supplies listed are utilized in first-aid training programs and uniformity should be maintained to prevent confusion among first-aid workers when replenishment items are received.

The local chief of radiobiology, first-aid and hospitalization is responsible for locating and managing medical supply depots and medical sector control centers. Supply depots for FAMP and for emergency hospital supplies should preferably be located as nearly as practicable on a grid pattern at three mile intervals as shown on Chart No. 4.49 unless very special terrain, highway or storage and shipping facilities dictate otherwise. Underground or one-story reinforced concrete structures are best for storage of these vitally important supply and equipment items. These medical supply depots should be so located as to be suitable receiving depots for mobile support emergency medical supplies. (See Chapter V.) Ideally the same structure, or one close by, should be designated and used as medical sector control center.

The medical sector control center shall administratively control the First-Aid Medical Posts in the area and shall assign mobile support FAMP teams arriving in the area during emergency operation. The medical sector control center shall, through communications with the municipal or area civil defense control center, coordinate assignment of medical personnel and supplies within the medical sector as prescribed in "Training Manual for Sector Control Personnel."

Emergency Hospitals

Selection of sites for emergency hospitals is a responsibility of the local chief of radiobiology, first-aid and hospitalization and he is also responsible for operation of such units as emergency hospitals. This includes staffing excepting for physicians and allied professional personnel and includes all services excepting medical and nursing services to casualties, which shall be provided by the chief of emergency medical services, and excepting operation of the cafeteria and provision of necessary food supply, which shall be the responsibility of the chief of welfare services.

Emergency hospitals must have ready access by truck or cars; broad stairways which are not too steep; very wide doors throughout with two or more points of entry and exit; broad corridors; adequate food preparation facilities
within or close by; ample light and heat; very ample water, sewage and refuse
disposal facilities; large open floor spaces readily converted into large ward-like
spaces for care of casualties so that children, adult females and adult males may
be sheltered and cared for separately. Further subdivision by type of injury is
desirable, for example, adult males with burns in one area or room, adult males
with fractures or shock, etc., in other areas or rooms. In very large structures
this can readily be achieved. In smaller structures the patient intake may be pre­planned and limited to one sex or to one type of injury.

4.71 University or college gymnasia or classrooms and basements of other
college buildings, high (secondary) schools and grammar (primary) schools are
exceptionally good in most instances. Large country club buildings, large hall­rooms or foyers of hotels; church, theatre or club auditoria; or camp facilities,
vacant stores or vacant factories may be useful and be selected.

4.72 Hotels might be thought to be excellent as emergency hospitals. They
do have good food preparation equipment, supplies and personnel and good laundry
supplies and equipment, all of which may be utilized to very excellent advantage.
However, most hotel elevators are too small for litter cases and their stairways
are usually narrow and steep and designed for use by healthy employees only.
Seriously ill patients placed in individual rooms would have no suitable way of
signaling a floor nurse under conditions usually found in hotels. Furthermore,
medical teams would lose a large percentage of their time and energy (none of
which can be spared in this type of emergency), going into and out of small indi­
vidual rooms to see hundreds of patients. Finally, water supply may be lacking
on upper floors and power supply may be absent near the damaged area. Hospital
tentage is considered impracticable because of original cost, storage cost, high
maintenance cost and difficulty and danger of setting up same by inexperienced
volunteers.

4.73 Selected emergency hospital and all general hospital
immediately for many mile; around an A-bomb burst to hospitalize thousands of
non-ambulatory casualties.

4.74 Self-help is imperative but mobile support is equally imperative in an
emergency such as after an A-bomb burst. Selected transportable casualties must
be moved quickly for considerable distances for emergency hospitalization and
care. Equally prompt must be the controlled movement of selected personnel and
supplies to the periphery of the damaged area.

**Individual Casualty Tag**

4.75 It is imperative that a legible and correctly filled out individual casualty
tag be securely fastened to each litter casualty encountered; to each ambulatory
casualty treated with any medication, those coming from radiation hazard areas
(unshielded and within one mile of ground zero at time of A-bomb burst) and
those with radioactive contamination.

4.76 An individual casualty tag shall also be attached promptly to any
casualty found dead.

4.77 Standardized, prescribed civil defense medical tags for casualties shall be used. For details see “Training Manual for FAMP Teams.”

Transport of Casualties

Ambulatory

4.78 Ambulatory casualties should be given only emergency first-aid care. If medication is given an Individual Casualty Tag should be prepared and attached to the individual, who should be carefully instructed to wear it for at least 48 hours and keep it for at least three weeks to be used as part of the medical history in case of relapse, development of new disorder or radiation sickness. Ambulatory casualties should be directed to proceed to a WAMP or Emergency Hospital located one or more miles from periphery of damaged area and all remaining time and energy of WAMP team personnel and supplies should be strictly conserved for litter cases.

Non-Ambulatory

4.79 Litter cases should be given only emergency first-aid care and quickly transported to an Emergency Hospital or General Hospital.

4.80 Only operable cases needing major surgery of the abdomen, thorax, head and neck, cerebral-spinal system or in need of body casts should be sent to any General Hospital. All such cases that can stand greater travel should be sent to General Hospitals in more distant cities.

4.81 Other litter cases should be promptly sent to appropriate Emergency Hospitals, depending on predetermined capacity, type of casualty, age, sex, etc. All such cases that can stand greater travel should be sent to Emergency Hospitals in more distant zones.

4.82 Non-operable casualties too serious to be transported should be treated by the Medical Officer in charge of WAMP or one of his assistants in any suitable structure close by.

General Hospitals

4.83 Surviving general hospitals within a radius of 50 miles of ground zero shall evacuate most of their hospitalized patients to private or nursing homes or to more distant general or emergency hospitals promptly after an A-bomb burst. More distant surviving general hospitals shall be prepared to do likewise on short notice. General hospitals in accord with predesignated team assignments will be rapidly filled with very serious casualties requiring emergency major surgery of the abdomen, thorax, head and neck or central nervous system, or those who need body casts. All serviceable operating rooms will be needed on a continuous round-the-clock basis throughout the emergency. Only surgical teams will have primary assignment to general hospitals immediately after an A-bomb burst. Such hospitals must anticipate a great influx of serious casualties in need of emergency operations. All operating rooms must be ready for successive operations quickly and be used for 24 to 48 hours continuously. Such hospitals will quickly be filled with serious post-operative cases. Supply needs must be anticipated on the basis of the above.

Transport of Non-Ambulatory Casualties

4.84 Non-ambulatory casualties may be found most anywhere, for example, in collapsed or intact buildings, in vehicles, in the streets, under debris, etc. Casualties in burning buildings are primarily the responsibility of firemen, who will place such removed patients on the sidewalk or ground, out of immediate danger from fire or collapsing structures. Casualties in collapsed buildings, under heavy girders or covered with heavy debris are primarily the responsibility of engineers.
and public works rescue workers. Such rescue workers will place such removed patients on the sidewalk or ground, out of immediate danger from fire or collapsing buildings. All casualties removed by firemen or by public works rescue workers and all other more quickly retrieved casualties will be given emergency care for hemorrhage, shock, fractures, burns or severe pain, and tagged by first-aid workers. Next these casualties will be carried by stretcher bearers to the nearest FAMP where such casualties will be classified, further treated, if necessary, and promptly moved by vehicle to a suitable emergency or general hospital. Some persons will be found dead or will die enroute to or at FAMP, emergency hospitals or general hospitals. These will be moved as quickly as feasible to emergency or routine mortuaries for necessary identification, classification and burial. Diagram No. 4.84 graphically illustrates the general process and type of casualty transfer.

**Diagram No. 4.84**

**TRANSPORT OF NON-AMBULATORY CASUALTIES**

General Plan of Operation

4.85 Immediately after all-clear signal the following personnel will proceed to predesignated posts, as follows:

A. To medical supply depots:
   a. Depot receiving and dispatching personnel.
   b. Sector control personnel.
   c. Personnel and vehicles to move supplies and personnel.

B. To FAMP:
   a. Radchem teams.
   b. FAMP teams.
   c. Loaded vehicles with first-aid supplies.
C. To Emergency Hospitals:
   a. Hospital management teams.
   b. Loaded vehicles with supplies.
   c. Medical teams.

D. To General Hospitals:
   a. Surgical teams.
   b. Hospital management personnel.

E. To alternate sites if the first priority site were destroyed.

F. To predesignated collecting points (usually medical supply depot or sector control center) if the initial and alternate predesignated posts were destroyed, or if the bomb blast were too far away for local assignment post to be effectively used. Such personnel become mobile support personnel and will be reassigned as needed. Supplies at such depots become mobile support supplies and will be transported as needed.

4.86 Theoretically a given FAMP may be at ground zero or any distance therefrom. If it were at ground zero or within one and one-half miles therefrom, the given FAMP may be considered to be destroyed and the surviving radchem and FAMP team members would proceed to alternate FAMP or their collecting points. If the FAMP were one and one-half (1.5) to three (3) or three and one-half (3.5) miles from ground zero, said FAMP will become a very busy post. The ground zero may be to the north, east, south or west. This can be determined from the original source of light or from the mushroom type column of smoke which rises over ground zero. During the first twenty minutes after the A-bomb burst it would be up-wind, and from thirty minutes to five or six hours after it would be down-wind. If ground zero were more than five miles away, said FAMP site would probably not be useful as such and the preassigned FAMP and radchem teams would proceed to their collecting point and be reassigned as mobile support personnel as soon as needed.

4.87 The theoretical considerations in 4.85 above, apply equally to a medical supply depot, sector control center or an emergency or general hospital and their preassigned personnel, excepting that such service units would be very active if ground zero were anywhere from one and one-half miles to fifty or more miles away.

4.89 All persons who perform or assist in performing services associated with radchem, FAMP teams, medical supply depot operations, emergency hospital management and medical sector control operations shall strictly observe all pertinent instructions in this chapter and in the training manuals referred to in paragraph 4.88.
CHAPTER V
EMERGENCY MEDICAL SERVICES

Objectives

5.1 Perform major surgery and render post-operative and other necessary medical care in general hospitals during the emergency.

5.2 Perform necessary surgery and all medical care at emergency hospitals.

Functions

State, District and Area

5.3 Train team instructors and mobile teams.

5.4 Assist in training local teams.

5.5 Determine cumulative resources of abdominal, thoracic, maxillo-facial, orthopedic, neurosurgical and shock teams for general hospitals and burn, trauma, shock, pediatric, obstetric, blood and laboratory technician teams for emergency hospitals, by units, in each civil defense jurisdiction—municipality, area, district and State.

5.6 Determine cumulative resources of medical equipment and supplies for general hospitals and for emergency hospitals in each civil defense jurisdiction—municipality, area, district and State.

5.7 Mobilize and coordinate intraarea, intradistrict, intrastate and interstate personnel teams for general hospitals and for emergency hospitals.

5.8 In cooperation with the Chief of Radchem, First-Aid and Hospitalization in the same civil defense jurisdiction, mobilize and coordinate intraarea, intradistrict and intrastate general hospital and emergency hospital medical supplies and equipment.

5.9 Assign general hospital teams created at each local hospital to Ist and 2nd alternate general hospitals located at least two (2) and five (5) miles distant respectively.

Local

5.10 Facilitate purchase of and be responsible for proper storage of medical equipment and supplies needed in general hospitals to carry on round-the-clock major surgical operations in every available operating room.

5.11 In cooperation with Chief of Radchem, First-Aid and Hospitalization in the same civil defense jurisdiction, facilitate purchase of and proper storage of medical equipment and supplies needed in emergency hospitals.

5.12 In municipalities containing one or more hospitals:

a. Appoint, with consent of persons concerned and in cooperation with the medical staff of each hospital, necessary surgical teams for major surgery to be performed at said hospital if it survives the blast. See 483 regarding problems of general hospitals after A-bomb burst.

b. Appoint, with consent of persons concerned, all physician, dental and nursing hospital staff not unquestionably needed for major surgery at said general hospital to appropriate teams for assignment to emergency hospitals.
5.13 Train or arrange for training of all surgical teams, as units, for general hospital service for emergency conditions.

5.14 Train or arrange for training of all other medical teams, as units, for emergency hospital service.

5.15 Assist Area Chief of Emergency Medical Services to provide assignments of surgical teams to alternate general hospitals as provided for in paragraph 5.9 above.

5.16 Assign other medical service teams to initial and three alternate emergency hospitals: the third alternate to be at least two miles distant from the initial emergency hospital. If any alternate assignments need be in another municipality, arrange through Area Chief.

5.17 Provide information to Area Chief upon request and whenever indicated.

General Hospital Medical Services

State, District, Area and Local

5.18 Each civil defense jurisdiction shall assign personnel by title as indicated under Medical Services in Chapter II. In addition, each district with a population of over 1,000,000 and each area with a population of over 200,000 and each municipality with a population of over 100,000 shall assign at least two deputies for Emergency Medical Services, one of whom shall be assigned to General Hospital Medical Services and the other to Emergency Hospital Medical Services.

5.19 Cumulative records shall be kept to indicate available resources of supplies and of personnel by team units for general hospital mobile support purposes within each civil defense jurisdiction in a manner to facilitate prompt mobilization.

Local

5.20 Each municipality containing one or more hospitals shall have appropriate general and emergency hospital teams assigned and trained as units.

5.21 Each general hospital in any municipality shall be evaluated for operating capacity in terms of both facilities and specialized personnel and shall be predesignated as to number and types of surgical teams it shall have. This information plus usual and emergency bed capacities shall be made known promptly in writing to both the Area Chief of Emergency Medical Services and to the local Chief of Radchem, First-Aid and Hospitalization. This is imperative for proper planning in sending classified casualties to the correct destinations.

5.22 Each emergency hospital in each municipality shall be evaluated by number and types of medical service teams assigned and its emergency bed capacity by each type of team service to be available for children under twelve years, for males twelve years and over, and for females twelve years and over. This information shall be made known promptly in writing to both the Area Chief of Emergency Medical Services and to the local Chief of Radchem, First-Aid and Hospitalization. This is imperative for proper planning in sending classified casualties to the correct destinations. Large high (secondary) schools can be used for all types of emergency hospital care. Very small grammar (primary) schools may be practical for use only for burn or trauma cases, or only for males or children, for example.
PROCLAMATIONS 1363

General Hospital Evacuation

5.23 It is estimated that one nominal A-bomb exploded without warning over a large city in New Jersey would create three times as many casualties as there are general hospital beds in this State. Accordingly, every general hospital shall have a definite plan to evacuate existing patients to their homes, to the homes of their relatives or friends or to other places. Patients about to go home by routine schedule would be rushed out first. Patients scheduled to go home the following day or expected to go home two days later would be speedily removed as the second group to be evacuated. Others would of necessity be moved to nursing or convalescent homes or to distant emergency or general hospitals as the influx of casualties needing major surgery mounted. Provision shall be made to evacuate selected treated, including post-operative, A-bomb casualties to more distant general hospitals. A file for quick reference must be kept to indicate accurately where all such patients were sent or brought.

Emergency Hospital Medical Services

State, District, Area and Local

5.24 Each civil defense jurisdiction shall assign personnel by title as indicated under Medical Services in Chapter II. and as supplemented in paragraph 5.18 above.

5.25 Cumulative records shall be kept to indicate available resources of supplies and of personnel by team units for emergency hospital mobile support purposes within each civil defense jurisdiction in a manner to facilitate prompt mobilization.

Local

5.26 Each municipality shall designate every suitable school building and other acceptable building as an emergency hospital to be used as such if needed. Such facilities shall not be used for other civil defense purposes, unless not needed as emergency hospitals. All undamaged emergency hospitals within at least ten miles of an atomic bomb explosion will probably be needed as quickly as patients can be sorted and delivered. High school and some larger grammar school emergency hospitals will be needed at much greater distances.

5.27 Each municipality shall prepare detailed plans for the very prompt conversion of each such facility. Such conversion shall proceed at once if the building is intact or usable after an A-bomb blast and is within ten miles of ground zero. At greater distances, conversion shall proceed upon direction of area civil defense headquarters.

5.28 Each municipality shall designate every emergency hospital as suitable for one or more types of casualty according to size of building, types of facilities, and types of medical teams specifically assigned.

5.29 Perhaps three-fourths of all casualties must, for lack of space in general hospitals, be cared for in emergency hospitals. Accordingly, all suitable structures shall be predesignated and shall be promptly readied for use if within ten miles of an A-bomb burst.

Burn Casualties

5.30 First, second and/or third degree burns caused by radiant heat or by flame will be freed of clothing or other debris by FAMP team personnel.

5.31 Appropriate outline of burned areas will be indicated on casualty tag and each such demarcated area shall be marked with a (1), (2) or (3) to indicate first, second or third degree burn.
PROCLAMATIONS

5.32 Each burned area other than face, hands and feet will be suitably covered with a sterilized, thick cellulose dressing with gauze facing and secured with a pressure bandage as provided and according to instructions. Burns of the face, hands and feet will be left uncovered at least until patient reaches an emergency hospital. It is recommended that these pressure bandages be left untouched for ten to fourteen days unless they become loose or medical judgment dictates removal. Secondary infection is prevented by use of antibiotic with first dose given within 24 hours. Saline-citrate solution by mouth should be started promptly, given in large amounts and continued for at least one week to prevent shock, dehydration and imbalance of blood chemistry. Available whole blood, plasma or derivatives or substitutes should be given to casualties with second and third degree burns covering significant percentage of total body surface. (See 5.42.)

5.33 Patients with third degree burns involving twenty or more per cent of body surface should, if possible, be forwarded to general hospitals at a great distance from ground zero where more laboratory facilities and nursing care will be available.

Radiation Sickness

5.34 Nausea and vomiting within one or two hours of A-bomb burst is suggestive but not proof of total body radiation of 400 r or more.

5.35 Distance from ground zero at time of blast is very significant. Beyond 7,000 feet from ground zero no initial radiation problem will be encountered from a nominal A-bomb burst. Unshielded at 4,200 feet the dose would have been about 400 r. Casualty tag will include data about where patient was found. Ambulatory patients without tags should be promptly asked about their own location at moment of bomb blast and the facts recorded.

5.36 Packed soil, concrete or metal are valuable shields to reduce dosage from gamma radiation. Persons lying in a corner against foundation wall in basement of home on side facing atomic explosion have very significant protection from gamma radiation unless they were within 2,500 feet of ground zero.

5.37 If diarrhea, vomiting and inflammation of mouth and throat occur within one week, consideration must be given in differential diagnosis to radiation sickness as the cause. If the patient were close to ground zero at time of bomb burst and the etiology is intense radiation with gamma rays, the patient had a lethal dose of 600 r or more.

5.38 If the latent period continues into the second week and epilation is the first sign followed by loss of appetite, general malaise and fever, the patient had about 400 r and may recover. Persons who had nausea and vomiting within the first hour or two after bomb burst, who were within one mile of ground zero at moment of bomb burst and who have a latent period of seven days should be tested for decreasing white blood cell count. Bed rest, whole blood transfusions and antibiotics will save many borderline cases among those who were exposed to about 400 r.

5.39 Those who did not have nausea or vomiting during the first hour or two after bomb burst and who were one mile or more from ground zero at time of bomb burst can await further consideration unless and until epilation occurs. (See 5.42.)

Trauma Casualties

5.40 Contusions, lacerations, and fractures will be treated as nearly as usual within limits of time and facilities. FAMP team personnel will alleviate severe pain, control hemorrhage and try to immobilize fractures. All necessary
treatment for transportable patients will be given at emergency hospitals. (See 5.42.)

Casualties Requiring Major Surgery

5.41 FAMP team personnel will alleviate severe pain, control hemorrhage, try to keep patients warm and rush them to appropriate general hospitals pre-designated for special types of major surgery in accordance with the classified needs of the casualty. (See 5.42.)

5.42 Greater detail is to be found in “Manual on Medical Services.”

Nursing Services

State, District and Area

5.43 Each civil defense jurisdiction shall have its Assistant Chief and Deputy Assistant Chief of Nursing Services. They will be responsible to assist with arranging for teaching of civilians in Home Nursing and as Nurse’s Aides and similarly for teaching of Registered Nurses in Civil Defense Aspects of Nursing. (See Training Manual for Nurses.) They will also assist to determine cumulative resources of nursing personnel specifically assigned to FAMP teams, Emergency Hospital Medical teams and General Hospital Surgery teams within their civil defense jurisdiction.

Local

5.44 Each municipality shall be responsible to recruit and train necessary registered nurses and nurse’s aides as individuals and as teams as indicated herein and to keep the civil defense area headquarters fully informed of all related facts.

5.45 The usual designation of nursing areas for medical, surgical, pediatric, etc., should be changed for emergency hospital purposes, to nursing areas for each classification of casualty to be served, such as shock, burn, trauma, etc.

5.46 The reorientation of the nursing staff organization should be guided by the following:

a. Reassignment of graduate nurses to provide wider service.
b. Preparation of graduate nurses to perform during emergencies certain functions normally performed by physicians.
c. Emphasis on responsibility for supervision of increased numbers of nurse’s aides and volunteers.
d. Sharp reduction in routine procedures.

5.47 For greater detail of plan of operation see 4.86, 4.87, 5.42 and 5.43.

Emergency Hospital Supplies

5.48 Estimated requirements for emergency and general hospitals for medical care of 1,000 casualties is presented in Table 7.71, Page 110, of Civil Defense—Health Services and Special Weapons Defense. It is anticipated that these supplies will be available from Federal stockpiles several hours after an atomic bomb burst. Municipalities which are possible targets cannot afford to be without any such supplies to care for casualties during the first several hours. It is a local responsibility to review this list and to provide and store in medical supply depots reasonable quantities of items with long shelf life in proportion to size of population. Municipalities of 20,000 population, or more, should provide locally the estimated requirements for 1,000 casualties for each 20,000 population.

5.49 All persons who perform or assist in performing services associated with Emergency Medical Services shall strictly observe all pertinent instructions in this chapter and in the Manual on Medical Services.

6.24 Provide information to area chief upon request and whenever indicated.

Biological Defense

Human

6.25 Local boards of health and licensed health officers are responsible for all routine community measures to control communicable diseases. Plans for special measures for biological defense are well advanced and several new features are already in operation. Most of this special activity will be conducted as a State service. Details of plans or operations for biological defense will not be recorded or divulged unless or until necessary for successful control to avoid giving aid or comfort to a potential saboteur or enemy. District, area and local health personnel shall participate as indicated under “Functions” above upon request of State Health Personnel.

6.26 Prompt detection and early accurate identification of disease is essential. Differential therapeutic effectiveness of the several antibiotics can be used to help identify or exclude specific or group etiologies. Providing or obtaining consultation and prompt reporting of all reportable or unusual or serious unknown diseases or conditions in humans to proper usual authorities will aid greatly to detect potential epidemics early and to permit more effective control with resulting savings of life, health, morale and defense productivity. All physicians and hospital authorities are urged to do so promptly, despite heavy work loads.

6.27 Infants should be properly immunized against whooping cough, diphtheria, tetanus and small pox before one year of age. Each child should have a booster dose or reimmunization for all of the above at age five, before going to school.

6.28 Germany and Japan experienced a rise in tetanus incidence after the bombing raids. The burn cases particularly had a tendency to develop tetanus. Recommended burn therapy includes penicillin to control infection. Penicillin is experimentally reported to be a better prophylactic against tetanus than tetanus antitoxin. It is recommended that no immediate Statewide program be carried out at this time for the mass immunization of our population against tetanus. (See paragraphs 6.27 and 6.30.)

6.29 Known typhoid carriers shall henceforth be under stricter surveillance, especially during and after a flood or disruption of facilities, or during emergency crowding.

6.30 Mass immunization of our population is not presently indicated. Such shall be prescribed subsequently for portions of our population in selected areas as may be necessary.

6.31 Effective immediately, local authorities in municipalities with tuberculosis death rates above the State average shall utilize constructively all available resources to discover, isolate and properly treat all infectious cases of pulmonary tuberculosis to the end that needless spread of this great disease shall be stopped and its devastating effects during an emergency be minimized.

6.32 Effective immediately, local authorities in municipalities with syphilis and/or gonorrhea case rates above the State average shall utilize constructively all available resources to prevent, to discover and properly treat all cases of these
diseases to the end that their needless spread shall be stopped and their rapid spread during an emergency be prevented.

6.33 Whenever feasible post-emergency, displaced or homeless persons, cared for through civil defense services, should, unless seriously exposed to radiation during the emergency, be chest X-rayed before release. All, whenever feasible, should be tested for hemoglobin, blood group, Rh type, serology and, of those in good health, solicit one unit of blood to assist others.

6.34 Every possible assistance should be given by all responsible professional persons and agencies to further improve the health of pregnant mothers, infants, children and adults. Greater attention must be given to this problem as families become mobile or are disrupted by military service and aswomen increasingly go into industry. Proper nutrition and correct hygiene for everyone and early immunization of infants and preschool children give maximum protection.

Animal

6.35 Cooperative integrated plans and programs are rapidly developing to detect and control animal diseases which might result in economic loss, reduced food supply or direct or indirect transmission of disease to humans.

6.36 Prompt detection and early accurate identification of disease is essential. Obtaining consultation and prompt reporting of all reportable or unusual or serious unknown diseases or conditions in animals to usual sources will aid greatly. All veterinarians are urged to cooperate.

Plant

6.37 Cooperative programs are developing to detect and control animal diseases which might result in economic loss, reduced food supply or direct or indirect toxicity in humans.

6.38 Detection and accurate identification of plant disease or injury are essential. Obtaining consultation from usual sources whenever unusual or serious conditions are encountered will be of assistance. All florists and farmers are asked to cooperate.

 Psychological Defense

6.39 Atomic bombarding can be expected to produce two types of untoward mass response, namely purposeless hyperactivity and apathy. Purposeless hyperactivity might result in the abandonment of essential industries and services, the glutting of roads, and the injury of many persons in the stampede to escape. Should apathy be a prevailing response, we might see large numbers of individuals wandering about aimlessly, unable to help themselves or others, adding to the confusion and impeding rescue efforts. Fear, with its attendant panic, might preclude the resumption of organized, constructive activity for weeks and perhaps months. With proper preparation, both physical and psychological, such disastrous results may be averted. The surviving population would immediately evacuate contaminated areas in an orderly fashion and would begin to restore public health facilities, communications, essential industries, and services.4

6.40 One factor in panic prevention must be to provide information so that (1) groundless fear does not develop, (2) when well-grounded fear does develop it may be less extreme, and (3) there will be no excuse for unreasonable activity as a result of the absence of basic facts. To counteract possible unrealistic attitudes of fear and futility, individuals need to be given positive information concerning the effect and particularly the limitations of new weapons. The
mere acquisition of knowledge is no guarantee that attitudes involved will be realistic or enlightened. Emotional and psychological involvement with facts and plans is as essential as intellectual understanding.  

6.41 Emotional health and physical health are inseparable and interrelated in their effects upon the individual. Accordingly, it is essential that members of local boards of health, licensed health officers, physicians, nurses, teachers and other personnel become familiar with those factors which may give rise to anxiety, apathy, rumor, hysteria, and panic.  

6.42 The availability of authentic information for all individuals in the community is an important function of all local civil defense councils as a deterrent against insecurity, fear and rumor. Such information should be factually presented in non-emotional language, free from exaggeration, and inference should be clearly labeled as such. Public relations counselors and press where available should be urged to cooperate and participate.  

6.43 The nature, content, and sources of current rumors should be traced and efforts made to counteract with authentic information.  

6.44 It is recognized that subversive enemy groups are actively attempting to destroy the civil defense program by smear campaigns, starting rumors, and by attempting to increase public apathy and disagreement. The attitudes of the population concerning the defense program should be known, and local councils prepared to take appropriate educational and publicity measures.  

6.45 The degree of compliance with the directives of civil defense authorities and the reasons for noncompliance should be familiar to local civil defense authorities.  

6.46 One of the most effective ways to reduce apathy, anxiety, and panic reactions is for each person in the community to have a specific task to perform in civil defense, either as a part of the organization or in connection with his or her family's personal protection. This point merits special emphasis.  

6.47 Planning for special measures for psychological defense is continuing at the State level. Additional local participation will be made possible through subsequent communications.  

**Medical and Health Responsibilities of the Block Warden**  

6.48 Block Wardens should be carefully selected. A Block Warden should know his particular territory well and be familiar with the persons living within his area. He should be in a key position to render effective assistance in both the pre- and post-disaster periods in regard to health, both physical and emotional. He would have many opportunities for leadership responsibilities.  

6.49 The following are some of the duties and functions of a block warden:  

- He should be able to provide authentic information, instructions, and assist in directing defense against atomic attack or biological warfare.  
- He should review and inspect preparations in his block.  
- He should investigate and evaluate the nature, content, and sources of current rumors, and make appropriate reports to his local Civil Defense Council.  
- He should check on the degree of compliance with directives of civil defense authorities.  
- He should check on the attitude of people concerning the civil defense program.  
- He should know of the expectant and nursing mothers and children within his block and should assist in possible evacuation or other defense preparations for these individuals.
He should check on the preparation for personal safety of those within his area. Should an attack occur, he should be able to lessen panic and hysteria, by means of supplying authentic information, provide leadership in carrying out orders to evacuate or orders to stay inside homes as the case may be. He should be able to render first-aid and assist in directing the necessary first-aid or rescue workers to key points within his area.

**Mobile Support Health Supplies**

6.50 These include whole blood, plasma, plasma derivatives and substitutes, drugs, antibiotics and other biologicals, dressings, other medical supplies and a minimum of instruments.

**Federal Stockpiling**

6.51 Federal regional stockpiling of certain items of medical supplies as listed in United States Civil Defense Health Services and Special Weapons Defense is contemplated. These, when available, will be called for and dispensed as a State function utilizing district and area personnel to assist in estimating needs and in the distribution thereof.

**Blood Supply**

6.52 District, area and local health personnel will cooperate with local Red Cross Chapters and other approved local blood banks or approved blood collecting units to intensify blood collection generally and especially OD* and of O group blood during and after actual emergencies in districts not a part of the actual emergency zone.

6.53 For purposes of laboratory records, reports to individual citizens, for records on citizen registration cards and on individual metal tags, blood data shall be recorded as follows:

Blood groups are to be recorded as "O", "A", "B", or "AB".

Low-titer "O" group, acceptable as universal donors, when so tested and known, to be recorded as "O,UD". It is very important that potential donors with blood group "O" be titered. Those with serum titer less than 1:200 are to be recorded as "O,UD"—"universal donor" for recipients of any blood group. Rh type to be recorded as "Pos." or "Neg.".

6.54 In early hours of extreme civil defense emergency only "O,UD" or "O" donor blood should be used. Females under 40 years of age and of unknown blood group to receive only "O,UD" blood except on advice of physician. Females under 40 years of age and of unknown Rh type to receive only "Rh" Neg. blood except on advice of physician. Final cross-matching to be done routinely in peacetime and whenever feasible in extreme emergency. Type specific blood, when available, will be used for recipients of known blood group and known Rh type.

6.55 Potential donors, healthy adults, aged 18 through 59 years to be blood grouped and Rh typed first and as soon as practicable; children, as recipients, second; and the aged, as recipients, last.

6.56 Every potential donor should be blood grouped and Rh typed as soon as feasible and should carry a record of same, preferably on metal tag, on his person at all times. Insofar as possible, potential donors should be immediate and repeated donors of whole blood to meet increasing needs and to permit vitally necessary

processing and storage of plasma for an emergency. At this time random blood grouping and Rh typing of the entire population of New Jersey are not advisable.

6.57 Blood grouping and Rh typing should be done only by approved techniques (see Technical Supplement on Blood) and only by properly trained, careful and conscientious persons.

Donor Records

6.58 In mass blood grouping, errors are a great hazard. In view of past experience in which the percentage of incorrect blood typings in mass programs has been very high and in consideration of the fact that clerical mistakes have probably caused as many if not more errors than technical failures, it is most important that in this problem in which lives are at stake, no effort should be spared to insure accuracy of recording.

6.59 For purposes of identification, it is recommended that in all instances full middle names of individuals be included. In the case of married women it is suggested that their own first name be used, rather than their husband’s first name.

6.60 Physicians, Red Cross units, laboratories or other recognized facilities, which undertake to perform blood grouping and Rh typing of individuals for civil defense purposes, shall use acceptable methods. (See paragraph 6.84) and for registration, metal tag and future donor purposes, shall keep a proper record and give a report to the individual (See paragraphs 6.61 and 6.62).

Donor Standards

6.63 For necessary protection of blood donors, as well as the recipients of blood or plasma in any blood collection program, certain standards and qualifications must be required. Experience has indicated that the following requirements are both practical and efficient.

6.64 Donors should be not less than eighteen years of age and not over fifty-nine years of age. Donors eighteen to twenty-one should be accepted only with signed and witnessed release of male parent (if living) or guardian. Donor weight should be at least one hundred and ten pounds.

6.65 No donors for whole blood are acceptable who have had a history of malaria, jaundice or serious illness, except as approved by the physician in charge. In questionable instances the certificate of the potential donor’s physician is required.

6.66 Donors are deferred for: acute upper respiratory infection; skin infection; recent tooth extraction or other dental surgery; active allergy; exposure to communicable disease or jaundice within possible incubation period; recent surgical procedures; or pregnancy.

6.67 Donors are acceptable: immediately after tetanus toxoid or typhoid vaccine (last dose) or after other toxoids or killed bacterial vaccines; usually about two weeks after vaccination for smallpox but five years after rabies vaccine treatment. Certain donors may have to be deferred during the menstrual period.

6.68 No donor shall, under normal circumstances, donate more frequently than every ten weeks.
6.69 Donors should be checked for temperature, pulse, blood pressure, hemoglobin and be seen by the physician in charge. The temperature should not be over 99.5 degrees F., pulse between 50 and 110, blood pressure not over 180 systolic, nor 110 diastolic. Very low blood pressure disqualifies a donor at the discretion of the physician in charge. The hemoglobin should be not less than 13 grams (copper sulphate method recommended). Information concerning inspection and examination by the physician in charge is contained in the “Technical Supplement on Blood.”

6.70 In blood collection programs, whether for whole blood or plasma production, it is deemed advisable to have the physician in charge certify that the donor has met the established requirements. In blood banks licensed by the National Institute of Health, the following form is used:

“I certify that the above-named donor appears to be free of diseases transmissible by blood transfusion on this date, which is also the day of removing the blood from the donor. Date ............ Name of Physician ...................”

6.71 Donors should not take alcohol nor medication before blood donation. Donors should not partake of heavy meals within four hours of donation. However, it is imperative that donors are not hungry, therefore, it is strongly recommended that they take easily digested carbohydrates before donation. Fats must be avoided.

6.72 Further information concerning instructions for donors, care of donors, blood collection and legal release, are contained in the “Technical Supplement on Blood.”

Blood and Plasma Needs and Present Values

6.73 In view of the life-saving importance of the early adequate treatment of shock in any severe injury, whole blood, blood plasma, blood products, and/or blood substitutes must be readily available for civil defense.

6.74 Study of the various estimates of the need for blood and plasma following an atomic bombardment has varied. The publication “Medical Aspects of Atomic Warfare” indicates that for “ideal care” about 1,400,000 units of plasma might be required for burn casualties occurring after one explosion. Other estimates have been even higher. The present civilian needs in New Jersey are greater than current supply. More blood programs and a greater volume of available blood and plasma are pressing needs and all agencies and persons associated with blood programs are urged rapidly to expand facilities and services.

6.75 There is, of course, no substitute for human blood or plasma in many instances, and, therefore, the processing of plasma to the dry state is a necessity. As a first goal 100,000 blood donations should be solicited and collected for conversion to dry plasma. If New Jersey were to follow the proportion as mentioned for the United States (7,000,000 units) we should collect about 260,000 units.

6.76 This plasma program will fit ideally with the State’s whole blood needs, both for current use and for civil defense.

Each donor for plasma stockpiling shall be blood grouped and Rh typed at the time of laboratory processing of his or her blood. A walking blood bank of known Group O and O,UD potential donors would be created.

At any time that such stocks of plasma approach their expiration date said plasma can be used for civilian needs and replaced by further donations. Portions of such plasma can be further processed to other blood derivatives at time of collection or at a later date.
Dry plasma can be stockpiled at dispersal points with minimal requirements for refrigeration, temperature controls, etc. Experience obtained in the solicitation of donors, in the collection of blood and in laboratory procedures, can all be used to amplify the program as it progresses. The donors will form a valuable experienced group who can be recalled in time of need. Such donors could supply about five donations per year, or somewhat more if necessary.

6.77 In any arrangement set up for plasma and/or blood products collection and stockpiling, consideration must be given to the red cell content of the blood donated. Toward the end of the successful Red Cross plasma program of World War II, in several areas close to plasma processing plants, the red cell sediment was returned for civilian hospital use. There are many patients for whom red cells alone are as good as, if not better therapy than, whole blood. The red cells could and increasingly should be returned as needed to the area of civilian donation and effectively made available for the ever-increasing civilian needs.

6.78 The most economical and satisfactory means of blood collection whether for whole blood, plasma, or blood fractions, is by collection from large groups. This has been proven by experience during the last war and by large peacetime civilian blood bank programs, and thus, if in so doing, carefully treated red cell sediments were returned to the population, the civil defense program would at one time accomplish:

Collection of blood for plasma and/or other blood fractions for stockpiling.
Availability to our hospitals of large numbers of units of fresh therapeutically valuable red cell suspensions.
The careful blood grouping and Rh typing of large numbers of experienced donors.
The assembly of lists of experienced low-titer group O donors of known Rh type whose blood could be safely and most efficiently used in time of great emergency.

Storage and Transportation of Blood

6.79 Blood shall be stored in carefully controlled refrigerators at 40°-45° F. (5°-8° C.). Such refrigeration should have continuous temperature recording and high and low temperature warning systems in case of mechanical failure or derangement.

6.80 Preserved blood in any anti-coagulant, or sedimented red cells, shall be placed at a temperature of 5°-8° C. immediately after collection and this temperature must be carefully maintained during transportation. Freezing or close to freezing temperatures or close contact with surfaces of such low temperatures shall be avoided.

6.81 Frozen plasma shall be maintained at minus 18° C. or lower.

6.82 Dry Plasma may be stored at room temperatures but not exceeding 37° C. (98.6° F.).

6.83 For other technical information see “Technical Supplement on Blood.”

Blood Grouping and Rh Typing

6.84 Blood grouping and Rh typing shall be performed in accordance with procedures contained in “Technical Supplement on Blood.”
Plasma Substitutes

6.85 Plasma substitutes, except saline-citrate solution for oral use, will be provided as a State function when these are available.

State Stockpiling

6.86 State stockpiling of certain mobile support health supplies will be a State function. Such items will be dispensed as a State function utilizing district and area health personnel to assist in estimating the needs and in the distribution thereof. Such supplies will be intended to supplement, not replace, Federal supplies or local first-aid and emergency hospital supplies.

Registration for Identification

Registration

6.87 Local civil defense authorities shall register all their residents.

6.88 Registration may be accomplished by a house-to-house canvass as the 1950 Census was done; may be performed at designated places such as at schools as ration books were assigned in World War II; or at voting booths.

6.89 Registration facts shall be recorded on the Civil Defense Registration Form. It is necessary for all municipalities to use the Civil Defense Registration Form to assure required comparability of items registered, uniformity of quality and size of form for microfilming purposes, as well as for economy.

(e) Give usual occupation in specific terms, like welder, carpenter, file clerk, radio mechanic, truck driver.

(f) Also indicate practical nurse, nurse's aid, first aider, etc.

(g) To be signed by person supplying the information on the card, normally the head of the household.
6.90 The Civil Defense Registration Form is an IBM card, having overall dimensions of 7 3/8" by 3 1/2". There shall be a uniform arrangement and content as per Form No. 6.89. In printing the cards a blank space 1 3/8" by 3 1/2" shall be allowed at the right end of the card and a space 7 3/8" by 3/16" shall be left at the top of the form.

The design of the card and the necessity for it being an IBM card are related to the need for later insertion of the year, county and municipality numbers assigned by the New Jersey State Department of Health, and consecutive serial numbers of six digits for each resident. The use of this card will allow automatic machine numbering of the cards by those larger municipalities having IBM installations locally available. It will also give remaining municipalities having no access to IBM equipment the opportunity to buy this numbering service from one of the IBM Service Units. The approximate price of this numbering service is $3.50 per 1,000 cards. Details on both procedures are contained in the "Technical Supplement on Registration for Identification."

6.91 Citizens shall be registered in their municipality of residence.

6.92 Civil Defense Registration Forms shall be filled out by printing or by typing. They are useless and not acceptable for microfilming purposes unless they are very legible, completed in black ink and arranged as prescribed herein.

6.93 These Registration Forms shall be grouped by residents of a single municipality only.

6.94 Following local registration of residents on Civil Defense Registration Forms, said forms shall first be arranged alphabetically by last name first and second shall be serially numbered exactly as prescribed in the "Technical Supplement on Registration for Identification," and third, they shall be forwarded upon request to the State Registrar, State Department of Health, Trenton, New Jersey, in a manner similar to that used by local registrars in forwarding birth and death certificates.

6.95 It is imperative that forms be alphabetized in groups, including all residents of a single municipality and not including any form or forms relating to residents of any other municipality.

6.96 Civil Defense Registration Forms will be preprinted numerically to indicate year, State, county and municipality of residence in municipalities of 30,000 or more population.

6.97 The properly arranged and numbered forms will be microfilmed by the State. The negative will be filed by the State and a positive copy thereof will be placed on file with the appropriate Civil Defense District.

6.98 The original forms will eventually be filed in the local municipality of origin and can be useful for several civil defense purposes as described in the "Technical Supplement on Registration for Identification."

6.99 Local Directors of Civil Defense shall order and purchase necessary quantities (population plus five (5) per cent) of Civil Defense Registration Form from the International Business Machine Corp., 106 West State St., Trenton, N. J. Present minimum quoted cost for Registration Forms as per specification is $2.25 per thousand.

*Individual Metal Identification Tag*

6.100 The properly alphabetized and serially numbered Civil Defense Registration Forms should be used for the preparation of the individual metal identification tag.
1378 PROCLAMATIONS

6.101 This individual metal identification tag should contain the name, address and serial number and should contain the blood group and Rh type, religion (C-Catholic, H-Hebrew, P-Protestant), and a D to designate the known presence of diabetes. The exact location of each item on the metal tag should be in accord with instructions in “Technical Supplement on Registration for Identification.”

6.102 This metal tag may be a rectangular piece of stainless steel with rounded corners, size approximately 1 3/4" x 2" with 3/8" round hole on right center for chain attachment and comparable half-circle notch on left side just above center to hold tag in Graphotype Model 6340 imprinting machine. Present quoted cost of blank stainless steel tags is $38.25 per thousand F.O.B. Cleveland.

6.103 Metal tags should be imprinted with No. 28 type—11 to inch or with Numbers 4, 81, 85, 86 or 93 type—12 to inch. Present quoted cost of imprinting is $5.75 per hundred. Larger municipalities and some industries have a Graphotype Model 6340 and can imprint the metal tags locally (see “Technical Supplement on Registration for Identification.”)

6.104 Municipalities should order and purchase necessary prescribed metal tags and if necessary, imprinting services as per instructions in “Technical Supplement on Registration for Identification.”

Identification Process

6.105 The relatively non-destructible stainless steel identification tag properly worn about the neck at all times will not only identify a critically injured and unconscious individual but would indicate his address, his blood group, and Rh type and religion. In case of a deceased person all necessary data to obtain burial permit for the individual concerned can be obtained from the filed Civil Defense Registration Form. If the latter were destroyed in the same emergency, the necessary data would be obtainable from the microfilm copy kept by the State in a safe place at a more distant point.

Mortuary, Certifying and Cemetery Services

Mortuary Services

6.106 Each municipality shall be responsible through its local civil defense council, in consultation with the Local Director of Medical and Health Services and with local funeral directors, for the proper care of the deceased and for preplanning for adequate emergency mortuary services. (See 6.110.)

Certifying Services

6.107 Each County Medical Examiner, County Physician, Coroner and Board of Chosen Freeholders in each county, in accordance with law, shall appoint adequate numbers of deputies or certifying officials whose duty will be to certify the essential cause(s) of death(s) occurring in any future emergency resulting from enemy action, sabotage or from natural causes. (See 6.110.)

6.108 The local registrar of each municipality shall assist funeral directors and certifying officials by providing death certificates, and shall receive the properly completed certificates and shall forward such certificates immediately to the State Registrar, State Department of Health, Trenton, New Jersey.

Cemetery Services

6.109 Each municipality shall be responsible through its local civil defense council, in consultation with the Local Director of Medical and Health Services
and with cemetery associations, for the proper care of the deceased and for pre-planning for providing available space for mass burials and for temporary burials. (See 6.110.)

6.110 For details and procedures see "Technical Supplement on Mortuary, Certifying and Cemetery Services."

6.111 All persons who perform or assist in performing any Health Services, including biological defense; psychological defense; mobile support health supplies; registration for identification; mortuary, certifying and cemetery services, shall strictly observe all pertinent instructions contained in this chapter and in the "Technical Supplement on Registration for Identification" and the "Technical Supplement on Mortuary, Certifying and Cemetery Services."

7.18 To provide information and recommend procedures relating to sanitation problems.
Local

7.19 Make and maintain current inventories of sanitation personnel and equipment to facilitate related mutual aid and mobile support.
7.20 Prepare up-to-date maps of water and sewage systems made in accordance with established standards.
7.21 Study the water supply system and where necessary and practicable strengthen their defense against sabotage and warfare.
7.22 Prepare spot maps showing location of food warehouses and food processing or manufacturing plants.
7.23 Utilize prescribed standards.
7.24 Enforce necessary control measures.
7.25 Provide information to area chief upon request and when indicated.

Food and Milk

7.26 Owners and operators of milk pasteurization plants and of food processing and storage plants shall take all necessary precautions to prevent and to withstand emergencies and to prevent and overcome sabotage. Efforts should be made at each milk and cold storage plant to provide or arrange for stand-by power units for use in case of overall power failure.
7.27 Plans shall be made for emergency routing of raw milk intended for damaged plants to undamaged pasteurization plants for bottling and shipment to the emergency area. The capacity of such plants for pasteurizing and bottling as well as refrigeration must be considered. If there is doubt as to adequate pasteurization of milk, consumers shall be warned to heat the milk to the boiling point. Prior planning may obviate this need.
7.28 All milk, food and drug plant operators shall give consideration to the problem of loyalty among their employees. Steps shall be taken to prevent transients and other unauthorized persons from gaining access to pasteurization plants, food or drug processing or storage plants.
7.29 Precautions shall be taken to prevent contamination of the milk, particularly following pasteurization. The hazard of radioactive contamination of fluid milk is slight. Fluid milk contaminated with war gases shall be disposed of by burial or in some other manner that will not contaminate drinking water or other foods.
7.30 Spot maps showing the location and capacity of all major food production, processing and storage facilities including milk pasteurization plants, canning plants, freezing and cold storage warehouses and other food plants are essential and shall be prepared for planning for action following an alert or emergency. Provision must be made for essential information such as ownership of such plants, and types of food handled or stored. Such maps and data shall be so handled that saboteurs or unauthorized persons have no access thereto.
7.31 Remaining foods, particularly packaged items, within areas subjected to a high A-bomb burst should be considered safe from radioactive contamination. Foods located within areas found by monitors to be contaminated shall be embargoed until found free of contamination. All food within areas subject to contamination by ground or water burst or chemical agent shall be embargoed and not released for use unless or until shown by the monitoring teams to be uncontaminated.
7.32 Provision should be made for recruiting and training persons for food inspection work in time of emergency. Food inspectors will be required at large
mass feeding centers, at places where foodstuffs may have been damaged from flooding or lack of refrigeration and in connection with the supervision of foodstuffs shipped into emergency areas.

Water and Sewage

7.33 Owners and operators of water supply systems shall take all necessary precautions to prevent and to withstand emergencies so that maximum use can be made of the undamaged parts of the system and its rehabilitation can be expedited. Alternate sources of water shall be selected in advance and provided for wherever possible. Possible interconnections with other supplies shall be investigated and made where feasible. Standby auxiliary power units for operating treatment plants and distribution systems should be available in case of overall power failure.

7.34 An inventory of all industrial and semi-public water supplies shall be made. These shall be officially examined and approved where feasible for use as safe drinking water supplies and for interconnection with the public supply. Many such supplies using wells are in use at hotels, industrial plants, swimming pools, and other institutions requiring the use of large quantities of water.

7.35 An up-to-date map of the water supply system is essential and shall be prepared. Said map shall show not only the pipelines and sizes but all valves, cross-connections, interconnections, pumping stations with power and pumping equipment, storage units, surface and underground sources and dam sites. All parts of the system that might be important in case of emergency shall be shown. The main grid system shall be made to stand out in the drawings to facilitate use by substitute personnel and for quick planning during the emergency. Such maps and data shall be so handled that saboteurs or unauthorized persons have no access thereto.

7.36 Because of the joint use of the distribution system for drinking water and fire fighting, it is important that a sound working relationship be established between water works and fire fighting personnel. Each should appreciate the requirements of the other. They shall work together to provide water for fire fighting without causing disease outbreaks. It may be necessary to order the boiling of all water or to isolate a part of the system for the use of an unsupervised source of water for fire fighting or to provide special treatment to the water under emergency conditions.

7.37 Consideration must also be given to the possibility of a complete breakdown of the system and the need for transporting potable water in tank trucks. Plans shall be worked out for the use of trucks and/or tank cars for the proper cleaning and disinfection of such equipment before use. Specific cleaning methods are required for different types of solutions ordinarily transported in such tanks. Milk trucks are easier to clean than tank trucks carrying chemicals.

7.38 Plans shall be made to increase the chlorine residual immediately in an emergency which may have damaged the water supply system and maintain the higher concentration until the system has returned to normal. Consideration shall be given to establishing necessary additional chlorination stations on large distribution systems. An inventory of emergency disinfection equipment shall be readily available.

7.39 The present water sampling station program of the State Department of Health, in cooperation with local health and water works officials, shall be continued and intensified to provide under present conditions more adequate data as to the quality of the water throughout the distribution system at all times.
7.40 Rapid colorimetric tests for chemical poisons of various types are available and should be understood by laboratory and sampling personnel. It is recommended that they be used regularly on samples taken for bacteriological examination. Such rapid colorimetric test will be described in the Technical Manual on Sanitation Services.

7.41 It is advisable for each water department to develop local stockpiles of certain strategic materials whenever possible. Such materials as selected types of valves, fittings, pipes, purification chemicals, and parts for disinfection equipment should be considered.

7.42 Steps shall be taken to screen all employees as to loyalty and to prevent transients and other unauthorized persons from gaining access to the water treatment plant, storage units, dam sites and other strategic facilities including the detailed maps.

7.43 Each sewerage system shall be studied so as to strengthen its ability to withstand an emergency. Many of the problems facing the water supply systems are also important to sewerage systems. Provision shall be made for by-passing inoperative plants without causing disease. Water supply sources, shellfish beds and bathing beaches shall be protected. It may be necessary to use natural drainage courses with make-shift settling and/or disinfection where feasible and preplanning shall be done immediately.

7.44 Stand-by auxiliary power for pumping stations and treatment plants should be provided.

7.45 An up-to-date map is essential and shall be prepared showing location of sewers, size of mains, direction of flow, location of manholes, treatment plant, outfall line, pumping stations and emergency by-passes.

7.46 Local stockpiles of certain strategic materials should be provided. Such materials might include gate valves, fittings, and certain pipes. Emergency equipment for disinfecting by-passed sewage shall be available.

General Sanitation

Rodents and Insects

7.47 The control of domestic rodents and certain insects is particularly important before and during emergencies because of the increased hazard of disease transmission and economic losses. The pest control operators are cooperating with health officials in a State-wide program of control.

7.48 Consideration shall be given to the potential danger that infestations of rodents and insects may be used to spread disease as a vehicle for sabotage. Effective control programs shall be conducted in local communities to prevent such possibilities.

7.49 Local Boards of Health, licensed health officers and licensed sanitarians shall be responsible for conducting environmental sanitation activities. Such programs can best cope with unusual conditions caused by emergencies. Local programs to be most effective must include the active cooperation of other departments such as: Building, Police, Fire, and Health, together with that of the Pest Control Industry. Health officials shall initiate such cooperative action including the making and analysis of surveys, education of personnel, joint planning and enforcement.

7.50 The maintenance of sanitary conditions in local communities is basic to a successful program. Food supplies must be protected, garbage and refuse shall be removed from premises, and garbage should be kept in metal containers. If
garbage and trash are to be disposed of on land, the sanitary landfill method shall be used, effective immediately, to eliminate the breeding and maintenance of rodents and insects.

7.51 Local authorities shall take all necessary measures immediately to deprive and to continue to deprive rodents and insects access to food and breeding places. Traps, poisons and dusting may be used as adjuncts to sanitation, especially in emergencies.

7.53 Preplanning and serious consideration shall be given to the problem of maintaining sanitary conditions during emergencies. Local authorities shall maintain sanitary conditions at emergency shelters and feeding centers and the proper collection and disposal of garbage and refuse therefrom.

7.54 All persons who perform or assist in performing services associated with milk, food, drug or water supplies, or with sewage disposal, or with general sanitation, shall strictly observe all pertinent instructions in this Chapter and in the Technical Manual on Sanitation Services.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The conservation of our natural resources is of vital importance to every citizen of New Jersey. The growth of our population, industry and agriculture is placing an ever-increasing strain upon these resources. If our State is to continue to prosper, we must use wisely our soils, waters, forests, fish and game. Sound conservation policies may also contribute greatly to the facilities for public recreation and relaxation under the tensions of current world conditions.

The conservation aims of a State cannot be brought to successful fruition without the co-operation of all the citizens.

Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim the WEEK OF MARCH 16th to MARCH 22nd, 1952, as NATIONAL WILDLIFE WEEK

in New Jersey, and I earnestly appeal to all the citizens of our State to co-operate with our governmental agencies, the National Wildlife Federation and the New Jersey Federation of Sportsmen's Clubs in the preservation of our natural resources. I also urge the people of our State to enjoy the healthful recreation of our seashore, lakes, streams, mountains and woodlands keeping in mind that these blessings have been entrusted to us not only for our own pleasure but to pass on unimpaired to future generations.

Given under my hand and the Great Seal of the State of New Jersey, this thirteenth day of March, in the year of
Our Lord one thousand nine hundred and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

"BUILDING THE CITIZENS OF TOMORROW" is the theme of Boys' Clubs of America as they join together in observing National Boys' Club Week, March 31 to April 6, by participating in programs of every type to demonstrate the vital part Boys' Clubs of America play in American life.

For more than ninety years this nation-wide organization of 350 Boys' Clubs with 350,000 members has demonstrated what understanding, trained leadership and informal guidance in constructive and wholesome activities has effectively contributed in building healthy, self-reliant citizens who respect honesty; who have a respect for property and individual rights; and who have a deep and abiding faith in America and the fundamental principles upon which our strength and prosperity as a nation have been built.

The Boys' Clubs of America have also played an important part in combating juvenile delinquency, and I urge all to continue their interest and support of Boys' Clubs in their communities.

Each year the professional engineers of our State can look back with genuine satisfaction upon their contribution to the comfort, safety and prosperity of the citizens of New Jersey. It is their skill and devotion to professional standards which make it possible to sustain the tremendous defense effort, the development of new, better and cheaper products for civilian use, and the execution of vital public works and improvements which stagger the imagination. The citizens of our State and nation have indeed benefited greatly as a result of the constantly rising standards of the engineering profession and the judgment, skill and professional devotion which these men have brought to their work. In honor thereof,

Now, Therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim the

WEEK OF APRIL 21, 1952,

Given under my hand and the Great [SEAL] Seal of the State of New Jersey, this seventeenth day of April, in the year of Our Lord one thousand nine hundred and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

ALFRED E. DRISCOLL,
Governor.

By the Governor:
LLOYD B. MARSH,
Secretary of State.
These times demand wisdom to solve the trying problems of our day, courage to carry forward in the face of temporary reverses, and faith to sustain our moral values in a turbulent world. These are qualities which everyone may have in some measure, either great or small. They are qualities which a youngster learns best at his Mother's side and, once learned, they remain the rock-bed upon which an adult can build a good life.

The new emphasis upon the family in current social ideas is, thus, much more than a passing fashion in public thinking. Nor is it a concession to sentimentalism to honor an American Mother or a State Mother each year. In times of stress, more than ever before, we can appreciate the effect of a happy and constructive childhood, under a Mother's influence, in the development of a generation of adults competent to meet their responsibilities.

While each family certainly can and does honor Mother in its own way, and throughout the year, it is still important that there be an appropriate public expression of the values that are implied in Motherhood and family life as part of our daily life as a Nation.

To this end, the American Mothers' Committee of the Golden Rule Foundation, has undertaken to select international, national and state Mothers each year. In our own State, as well as elsewhere, this tradition has served to emphasize the part played by truly great women in shaping the course of current history, and in inspiring other Mothers by the far-reaching effect of their family development.
Now, therefore, I, Alfred E. Driscoll, Governor of the State of New Jersey, do hereby proclaim the

WEEK OF APRIL 20, 1952,

as

AMERICAN MOTHERS' WEEK

in and for the State of New Jersey. I urge the people of our State to use that week to develop the real spiritual significance of Mother's Day, and to emphasize the unique place of the home in developing character and safeguarding the very foundations of our Nation. In this way we may help to build a better way of life for ourselves and for posterity.

Given under my hand and the Great
[seal] Seal of the State of New Jersey, this seventeenth day of April, in the year of Our Lord one thousand nine hundred and fifty-two, and in the Independence of the United States, the one hundred and seventy-sixth.

ALFRED E. DRISCOLL,
Governor.

Lloyd B. Marsh,
Secretary of State.

PROCLAMATIONS

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The 44th annual Mother’s Day will be celebrated this year. In families throughout the Nation, young and old will enjoy the warm and comforting experience of setting aside this day as a very special occasion in honor of mother. The idea reaches to the fundamentals of our life as a State and Nation.

Under our principles of liberty and freedom, the idea of a wholesome family life stands as the one most important influence upon the individual. The deep-seated desire of every mother that her child should have good health and a reasonable opportunity to make the most of his abilities is one of the most enduring qualities of living in a democracy such as ours. It can be realized to its fullest extent only where the people and their governments alike place liberty and freedom above any other purpose of organized government.

In these times when most families are called upon to make sacrifices in the interest of National security, to part with the company and even the lives of loved ones, it is good to know that our principles are worth the fight. Mothers can have the assurance that their patience, toil and devotion will help to build character and a sense of values in the youth of America, which is the heart and strength of our Nation.

Now, Therefore, I, ALFRED E. DRISCOLL, Governor of the State of New Jersey, do hereby proclaim

SUNDAY, MAY 11, 1952,
as

MOTHER’S DAY

and urge all the families of our State to put everything else aside on that day to enjoy the company
of each other and to honor the mothers who are with us and the memory of those whose worldly work has come to an end.

FOREWORD

The following Table of Contents with its accompanying Schedules is prepared pursuant to P. L. 1939, Chapter 379 to indicate the changes made in the statute law since the enactment of the Revised Statutes, except those made in the revision of Titles 2 and 3 by Chapters 344 and 345 of the Laws of 1951, known as the New Jersey Statutes.

The Table itself indicates the changes made in the general and permanent statute law by amendment or repeal of pre-existing legislation or by enactment of additional legislation.

The classification and arrangement used is that of the Revised Statutes and the New Jersey Statutes, amplified so as to include material for which no adequate classification units appear in those works. New chapters or other new subdivision headings are set up under the designation “added” when they are set up by statute and under the designation “new” when they are set up for convenience in classification merely.

An amendment of a section of a pre-existing statute is indicated by reference to the number of the statute amended, as found in the Revised Statutes, the New Jersey Statutes or the Pamphlet Laws.

Additional legislation, supplementary or otherwise, is classified under the same classification system, with the compilation numbers used in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements preceded by the letter “C.” added in parenthesis after the Pamphlet Law references, thus “(C. 1:1-2.5)” except where, as occurs in some instances, material is differently classified in the compilations of statutes, in which case both classification numbers so used are indicated, thus “(NJSA 40:2-17.1; RSCS 40:3-3.1).” A Schedule of these divergent numbers is appended to the Table.
Amendments to additional legislation enacted during the period covered are carried under the numbers assigned to the sections amended.

Under this system the Table serves as a Table of Contents of the material covered, as it appears in the New Jersey Statutes Annotated and the Revised Statutes Cumulative Supplements, as well as of the Pamphlet Laws, but citation cannot be made to the Pamphlet Laws by these compilation numbers unless the year and chapter number of the Pamphlet Law volume is added.

Cross-reference notes are to the section or Title and Chapter numbers under which the legislation referred to will be found, thus, "(N. J. S. 2A:83-2)" or "(N. J. S. 2A: Chapter 6)" or to the Title and Chapter numbers in which reference thereto will be found in the Table, thus, "(T. 40, c. 2)".

Statutes of general and permanent character enacted and repealed, and statutes not of this character enacted, within the period covered, are not referred to in the Table but reference to them will be found in Schedules 3, 5, 6 and 7 annexed to the Table.

The repealers contained in P. L. 1951, chapter 344 and 345 include only Titles 2 and 3 and the subsequent legislation amendatory and supplemental thereto. References to the statutes enacted during the period covered, which are not amendments of or supplements to Titles 2 or 3 but which were classified under those Title numbers, are still retained in the Table under their original classification.

Acknowledgment is made to John W. Ockford, Counsel, and to H. Arthur Smith, Jr., William M. Lanning, George H. Barlow and Harold K. Smith, Assistants to Counsel, to the Commission, and to the Commission’s clerical staff, for their valuable assistance in the preparation of this work.
