(2) A complete disclosure of all fees, if any, paid or agreed to be paid in the matter of chartering and organizing the trust company, whether payable in money or required by stock allotments, or any other form of compensation whatsoever, and every agreement or understanding relating thereto;

(3) That the incorporators are the true and only parties in interest. The submission of the certificate of incorporation and affidavit shall constitute the application for a charter under this act.

If the Commissioner of Banking and Insurance shall approve the form of said certificate and affidavit, he shall designate a time and place for a hearing upon said application, which time shall be not less than six weeks nor more than eight weeks after the date of such submission. Thereupon the incorporators shall cause to be published a notice of such application at least once a week for four weeks previous to the date so fixed for hearing in at least three newspapers published and circulating in the State—one circulating and published in the municipality where such trust company is proposed to be located, or if there be no newspaper published and circulating in such municipality then in one published and circulated in the nearest locality—the other two publications to be made in two other newspapers to be designated by the Commissioner of Banking and Insurance; which notice shall specify the names of the proposed incorporators, the name of the proposed trust company, the location of same, the amount of the capital stock and surplus to be paid in, and the time and place so fixed for hearing as aforesaid. national bank and trust company within two miles of the place where the proposed trust company is proposed to be located, and also upon the Federal Comptroller of the Currency and upon the Federal Reserve Board of the district embracing said location. The commissioner shall conduct a hearing at the time and place so fixed and afford an opportunity to be heard to all those desiring same. Nothing herein contained shall operate in anywise to prevent or relieve the commissioner from making or causing to be made an independent examination and investigation of the application and applicants as heretofore. If, as the result of the hearing and the examination and investigation independently conducted by him, it shall appear to the commissioner that the application should be granted and that the establishment of such trust company will be of public service, he shall endorse upon the certificate of incorporation or annex thereto his approval, and such certificate shall not be recorded or filed without his and such approval endorsed thereupon or annexed thereto; said certificate or a copy thereof, duly certified by the Commissioner of Banking and Insurance, shall be evidence in all courts and places. The commissioner within one month after the date of the aforesaid hearing shall decide either to approve as aforesaid or to decline the application and shall file forthwith a written memorandum stating the reasons for his decision.

Provided, however, that in any case where such application for charter shows that the place where the business is to be carried on is a location then occupied by any main or branch office of any bank, savings bank, trust company or national banking association, in liquidation or in contemplation of liquidation, the commissioner may act immediately thereon without the prior notice, publication and hearing above provided for, and if it shall appear to the commissioner that the establishment of such trust company will tend to continue an established
CHAPTER 186, LAWS OF 1937

banking business at said location, and that it is in the public interest that such established banking business should be so continued, the commissioner may approve such application, effective upon or after the discontinuance of such established banking business by the corporation theretofore occupying such location; provided, further, that, subject to the approval of the Commissioner of Banking and Insurance, any such trust company in liquidation or in contemplation of liquidation (hereinafter termed "liquidating company") may be an incorporator of, and may subscribe to and purchase or otherwise acquire shares of the capital stock of any such new trust company (hereinafter termed "successor company") about to be formed to carry on business at a location then occupied by any main or branch office of such liquidating company, and in the event such liquidating company shall be an incorporator of such successor company, the affidavit required by paragraph (1), (2), and (3) of this section shall be executed on behalf of such liquidating company by its president or vice-president; and provided further, that the successor company may accept from the liquidating company, assets of the liquidating company other than money as consideration for the subscription to or purchase of its capital stock, in which case the certificate of incorporation of such successor company shall state the amount or value of the consideration so received by it in lieu of money upon subscription to its shares. It shall be lawful for the successor company to contract with the liquidating company to liquidate the assets of the liquidating company upon such terms and conditions as the Commissioner of Banking and Insurance shall approve; provided, however, that nothing herein contained shall be construed as in anywise limiting the power of the liquidating company to dissolve voluntarily as by law provided; and provided, further, that nothing herein contained shall be construed as in anywise limiting or
restricting the powers of the Commissioner of Banking and Insurance to liquidate trust companies as provided by law.
Approved November 15, 1937.

Preamble.

WHEREAS, The franchise taxes assessed against such corporations are, in fact, excise taxes; and

Preamble.

WHEREAS, It is desirable that such excise taxes against such corporations should be fairly and equitably apportioned upon a uniform basis to the municipalities entitled thereto; therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Every person, copartnership, association or corporation using or occupying public streets, highways, roads or other public places by virtue of a franchise or authority or permission from the State or any municipality thereof, except consent, authority or permission for the operation of automobiles or autocabs commonly called taxicabs, and except street railway, traction, gas and electric light, heat and power corporations, municipal corporations and corporations taxable under chapters nineteen to twenty-nine, inclusive, of the Revised Statutes, shall annually pay for the franchise to use such public streets, highways, roads or other public places in this State an excise tax which shall be in lieu of any and all tax or taxes upon the franchise or franchises of such person, copartnership, association or corporation.

2. Definitions: As used in this act, unless the context clearly requires otherwise;

(a) The term "taxpayer" means any person, copartnership, association or corporation subject to taxation under the provisions of this act.

(b) The term "gross receipts" does not include any sum or sums of money received by any person, copartnership, association or corporation taxable
hereunder in payment for such portion of its products as may have been sold and furnished to another public utility which is also subject to the payment of a tax based upon gross receipts, nor receipts from the operation of autobuses.

(c) "Value" or "valuation" means a value or valuation fixed at a figure determined by the State Tax Commissioner for the purpose of providing a unit of measure for a fair and equitable apportionment of the excise taxes imposed by this act, to the end that the apportionment of the taxes imposed by this act shall be fairly and equitably apportioned upon a uniform basis among the municipalities entitled thereto.

3. (A) Every taxpayer shall on or before the first day of September in each year return to the State Tax Commissioner a statement in such form and detail as the State Tax Commissioner shall require, showing, as of the first day of July preceding;

(1) The property of the taxpayer located in, on or over any public street, highway, road or other public place in this State; and

(2) The length of the taxpayer’s lines or mains in, on, along or over any public street, highway, road or other public place in this State; and

(3) The whole length of the taxpayer’s lines or mains.

(B) Every taxpayer shall on or before February first in each year return to the State Tax Commissioner a statement showing the gross receipts as herein defined for the preceding calendar year from the business, over, on, in, through or from the whole of the taxpayer’s lines or mains.

(C) The statements herein provided for shall be subscribed and sworn to by the president, a vice-president, or chief officer of the corporation mak-

ing such return; any taxpayer refusing or neglecting to make the statements herein provided for shall forfeit and pay to the State of New Jersey the sum of one hundred dollars ($100.00) per day for each day of such refusal or neglect, to be recovered in an action at law in the name of the State and which, when recovered, shall be paid into the State treasury. It shall be the duty of the State Tax Commissioner to certify any such default to the Attorney-General of the State who, thereupon, shall prosecute an action at law for such penalty. Any person who shall knowingly or willfully falsely make any oath required to be made under this act shall be deemed guilty of perjury and on conviction thereof shall be liable to all penalties prescribed by law therefor.

4. The excise tax imposed on each taxpayer shall be a sum equal to five per centum (5%) of such portion of the taxpayer's gross receipts as herein defined of their business over, on, in, through or from the whole of the taxpayer's lines or mains as the length of the lines or mains of such taxpayer in this State along, in or over any public street, highway, road or other public place bears to the whole length of the taxpayer's lines or mains. In case the gross receipts of any such taxpayer for any calendar year shall not exceed the sum of fifty thousand dollars ($50,000.00) the tax on such taxpayer for such calendar year shall be computed at the rate of two per centum (2%), instead of at the rate of five per centum (5%), of the gross receipt.

5. For the purpose of securing a fair and equitable apportionment of the excise taxes imposed by this act upon a uniform basis among the several municipalities, the State Tax Commissioner shall annually prior to the first day of January in each year establish a valuation as herein defined as of the preceding July first of the property of each taxpayer located in, on or over any public street, highway, road or other public place in each municipality in this State. Prior to January first in each year the State Tax Commissioner shall certify
to the governing body of each of the several municipalities addressed to the clerk thereof, entitled to receive a portion of the excise taxes imposed by this act such valuation of such property located in such municipality and his valuation of such property located in each other municipality, to the end that the several municipalities may have a basis for estimating the amount of the tax imposed by this act to be apportioned to each such municipality. The State Board of Tax Appeals shall meet on the first Monday in March in each year to hear the appeal of any municipality aggrieved by any such valuation, after which date no appeal from such valuation shall be taken and the State Board of Tax Appeals shall give precedence thereto over any other appeals before the said board. No such valuation shall be set aside, changed, altered or modified unless it shall be made to appear that such valuation will result in an inequitable and unfair apportionment of the taxes imposed by this act among the several municipalities entitled thereto.

6. Before making the apportionment of the excise taxes imposed by this act to the several municipalities entitled thereto, the State Tax Commissioner shall deduct from the gross amount of such taxes the expenses of auditing and verifying the statements of each taxpayer and the expense of making the apportionment thereof including the expense of determining the respective valuations as herein defined in each of the several municipalities, apportioning such expenses between the several taxpayers in proportion to the relative expenses incurred in connection with the tax imposed on each of such taxpayers and apportioning any general expenses which cannot be allocated to any one taxpayer in proportion to the amounts of the several taxes payable by the respective taxpayers in order that the final apportionment to the municipalities may be subject to and less by an equitable share of such expenses, and the State Tax Commissioner
shall certify such expenses to the respective taxpayers who shall make payment thereof to the State Tax Commissioner within thirty days after such certification.

7. The State Tax Commissioner shall annually on or before May first in each year, ascertain and apportion the balance of the excise tax imposed by this act upon each taxpayer, to the various municipalities in the proportion that the value as herein defined as of the preceding July first of the property of such taxpayer located on public street, highway, road or other public place in each municipality bears to the total value as herein defined of such property of such taxpayer in this State. One-half of such tax shall be due and payable June first and the second half on December first. Should the State Tax Commissioner delay for any reason in making and delivering a certificate of the apportionment of the taxes hereby imposed on any taxpayer, then the first installment of said tax shall be due and payable thirty days from the date of certification of the apportionment by the State Tax Commissioner. If for any reason the making and delivery of such certificate of apportionment shall be delayed until after December first in any year, then in that case all of the taxes for such year imposed by this act shall become due and payable thirty days after the certification of the apportionment by the State Tax Commissioner.

8. Within five days after making the apportionments of the excise taxes as hereby imposed as hereinbefore provided, the State Tax Commissioner shall certify to the respective collectors of taxes or officers having like powers and duties to perform in each municipality the amount of such taxes apportioned to such municipality and the collectors of taxes or other officers having like powers and duties to perform in each municipality shall within five days after receipt of such certification deliver or cause to be delivered to each taxpayer named in such certificate a statement in writing showing the amount of such taxes payable to such
municipality; and the amount so apportioned to each municipality shall become payable at the place where other taxes are payable in such municipality in the following manner, to wit: One-third thereof within thirty days after the date of the certification of the apportionment by the State Tax Commissioner, and one-third thereof on the first day of September, and one-third thereof on the first day of December next thereafter; provided, that in case of an appeal from any valuation or apportionment or any review thereof in any court, the portion of any such tax not paid prior to such appeal or the commencement of any such proceedings for review, shall not become payable until thirty days after final determination of such appeal or review and certification, if required, and the tax shall be and remain a first lien on the property and assets of the corporation liable therefor on and after the date same becomes payable as herein provided until paid with interest thereon, and the same shall be collected in the same manner and subject to the same discounts, interest and penalties as other taxes, and the same proceedings now available for the collection of personal taxes against other corporations or individuals shall be applicable to the collection of the excise taxes hereby imposed and payable to any municipality.

9. When any taxpayer shall acquire the rights, property and franchises of using and occupying public streets, highways, roads or other public places in this State, other than the right and franchise to operate autobuses, of other persons, copartnerships, associations or corporations then taxable under this act, and shall retain such rights, property and franchises at the end of the calendar year in which such acquisition occurs, then and in such case on or before the first day of February of the succeeding year, such acquiring person, copartnership, association or corporation shall return to the State Tax Commissioner in the manner
and form required by this act and in addition to the statements of gross receipts, property and length of lines to be filed under this act, a statement showing the gross receipts from the business over, on, in, through or from the lines and mains of the persons, copartnerships, associations or corporations whose rights, property and franchises were so acquired as aforesaid, from January first of the year in which such property was acquired to the date of such acquisition, together with a statement showing the property and length of lines or mains as of July first of the year in which such acquisition took place, as hereinbefore required, unless such information has previously been supplied and filed with the State Tax Commissioner. The total of the gross receipts as shown in both of said statements to the State Tax Commissioner, or as otherwise ascertained by him, shall be used in ascertaining, fixing and apportioning the excise tax imposed by this act upon such acquiring person, copartnership, association or corporation.

10. All money now payable by any person, copartnership, association or corporation subject to the provisions of this act to any municipality for his, her or its exclusive use, pursuant to any contract, agreement, resolution or ordinance (except money expended for paving or repairing any street, highway, road or other public place) shall be paid, notwithstanding this act, and when paid shall be considered a payment on account of or in full, as the case may be, for the excise tax apportioned to such municipality, as hereinbefore provided; if the amount so paid is greater than the amount of the excise tax so apportioned, such payment shall be in lieu thereof; and, if less, the difference in amount shall be payable as herein provided.

11. The State Tax Commissioner, in making the apportionment of any taxes imposed upon any taxpayer by this act to any municipality for the year one thousand nine hundred thirty-eight, or in any subsequent year, shall deduct or add to such appor-

11. For the apportionment for such year the municipality's proper share of any deduction or addition to the extent and in the manner which may have been or may be ordered or decreed by any judgment of the State Board of Tax Appeals or any court by reason of any error or omission in connection with the valuation and/or apportionment for any prior year or years of any tax heretofore imposed upon such taxpayer under the provisions of chapter one hundred ninety-five of the laws of one thousand nine hundred (R. S. 54:31-1 to 15) or which may be imposed by this act.

12. None of the provisions of this act shall be construed as in anywise to alter, impair or repeal any of the provisions of chapters nineteen to twenty-nine, inclusive, of Title fifty-four, of the Revised Statutes, nor shall any corporation taxable under said chapters be taxable under this act; if any provision of this act shall, for any reason, be held to be unconstitutional or invalid it shall not affect any of the other provisions of this act or any of them.

13. All acts and parts of acts or any chapter or parts of chapters of the Revised Statutes inconsistent herewith are hereby repealed, but nothing in this act shall be construed to alter, modify or repeal chapter four, of Title forty-eight, of the Revised Statutes (R. S. 48:4).

14. For the apportionment of the excise taxes hereby imposed, payable in the year one thousand nine hundred and thirty-eight, the State Tax Commissioner shall make his valuation, as herein provided, as of October first, one thousand nine hundred and thirty-seven, and shall certify the same to the several municipalities not later than April first, one thousand nine hundred and thirty-eight. The State Board of Tax Appeals, for the purpose of hearing any municipality aggrieved by any such valuations shall meet on the first Monday in May, one thousand nine hundred and thirty-eight, after which date no appeal from such valuation shall be taken, and the apportionment and certification
of such excise taxes shall be made and certified by the State Tax Commissioner not later than September first, one thousand nine hundred and thirty-eight.

15. Sections 54:31–1 to 54:31–15 inclusive of the Revised Statutes are hereby repealed.

16. This act shall take effect immediately.

Whereas, There is great complaint and dissatisfaction among the several taxing districts in this State with respect to the apportionment of the franchise and gross receipts taxes assessed against street railway, traction, gas and electric light, heat and power corporations, because of the great difference in the basis upon which the taxes are apportioned to the several taxing districts; and

Whereas, The franchise and gross receipts taxes assessed against such corporations are, in fact, excise taxes imposed by different statutes; and
WHEREAS, It is desirable that such excise taxes against such corporations should be imposed pursuant to a single statute requiring that these taxes be fairly and equitably apportioned to the municipalities entitled thereto upon a uniform basis; therefore

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Street railway, traction, gas and electric light, heat and power corporations using or occupying public streets, highways, roads or other public places and their property and franchises shall be subject to taxation only as in this act provided.

   (d) The term “gross receipts” does not include any sum or sums of money received in payment for gas or electrical energy sold and furnished to another public utility which is also subject to the payment of a tax based upon its gross receipts, nor in
the case of a street railway or a traction corporation, the receipts from the operation of autobuses or vehicles of the character described in Title forty-eight, chapter fifteen, section forty-one to the end of the chapter, of the Revised Statutes (R. S. 48:15-41 et seq.).

5. The franchise and the property of any taxpayer shall not be subject to taxation of any kind or nature except as herein provided, and the shares of stock of any such taxpayer shall not be taxed in the hands of shareholders. The taxes imposed by this act shall be in lieu of all other taxes against any corporation subject to the provisions of this act, its property, franchises or its gross receipts.

6. Every street railway, traction, gas and electric light, heat and power corporation using or occupying the public streets, highways, roads or other public places in this State shall annually pay excise taxes for the privilege of exercising its franchises and using the public streets, highways, roads or other public places in this State, as follows:

In case the gross receipts of any such taxpayer for any calendar year shall not exceed fifty thousand dollars ($50,000.00) the tax on such taxpayer for such calendar year shall be computed at the rate of two per centum (2%) instead of at the rate of five per centum (5%) of the gross receipts.

Any person who shall knowingly or willfully falsely make any oath required to be made under this act shall be deemed guilty of perjury and on conviction thereof shall be liable to all penalties prescribed by law therefor.
8. For the purpose of securing a fair and equitable apportionment of the excise taxes imposed by this act upon a uniform basis among the several municipalities entitled thereto, the State Tax Commissioner shall annually, prior to the first day of January in each year, establish a valuation, as herein defined, as of the preceding July first of the personal property, as herein defined, of each taxpayer subject to taxation under this act, located in any municipality of this State, separating the value of such property located in, on or over public streets, highways, roads or other public places, and the value of such property not so located; prior to January first in each year the State Tax Commissioner shall certify to the governing body of each of the several municipalities, addressed to the clerk thereof, entitled to receive a portion of the excise taxes imposed by this act such valuation of such property located in such municipality and his valuation of such property located in each other municipality, to the end that the several municipalities may have a basis for estimating the amount of the tax imposed by this act to be apportioned to each such municipality. The State Board of Tax Appeals shall meet on the first Monday of March in each year to hear the appeal of any municipality aggrieved by any such valuation after which time no appeal from such valuation shall be taken and such appeals shall have precedence over any other appeals before said board. No such valuation shall be set aside, changed, altered or modified unless it shall be made to appear that such valuation will result in an unfair and inequitable apportionment of the taxes imposed by this act among the several municipalities entitled thereto.

9. Before making the apportionment of the excise taxes imposed by this act to the several municipalities entitled thereto, the State Tax Commissioner shall deduct from the gross amount of such taxes the expenses of auditing and verifying the statements of the taxpayers subject to such taxes
and the expense of making the apportionment thereof including the expense of determining the respective valuations as herein defined in each of the several municipalities, apportioning such expenses among the several taxpayers in proportion to the relative expenses incurred in connection with the tax imposed on each of such taxpayers and apportioning any general expenses which cannot be allocated to any one taxpayer in proportion to the amounts of the several taxes payable by the respective taxpayers, in order that the final apportionment to the municipalities may be subject to and less by an equitable share of such expenses, and the State Tax Commissioner shall certify such expenses to the respective taxpayers who shall make payment thereof to the State Tax Commissioner within thirty days after such certification.

10. The State Tax Commissioner shall annually on or before May first in each year ascertain and apportion the balance of the excise tax imposed by section six (a) of this act upon each taxpayer to the various municipalities in the proportion the value as herein defined as of the preceding July first of the personal property as herein defined of such taxpayer located in, on or over any public street, highway, road or other public place in each such municipality bears to the total value of such property of such taxpayer located in, on or over any public street, highway, road or other public place in this State. If for any reason the making and delivering of such certificate of apportionment shall be delayed until after December first of any year, then in that case all the taxes for such year imposed by section six (a) of this act shall become due and payable thirty days after the certification of the apportionment by the State Tax Commissioner.

11. The State Tax Commissioner shall annually on or before June first in each year, or within thirty days after the ascertainment of the average rate of taxation in this State as computed and fixed under the provisions of Title fifty-four, chapter
mons, copartnerships, associations or corporations whose rights, property and franchises were acquired as aforesaid, from January first of the year in which such property was acquired to the date of such acquisition, together with a statement showing the property and length of lines or mains as of July first of the year in which such acquisition took place, as hereinbefore required, unless such information has previously been supplied and filed with the State Tax Commissioner. The total of the gross receipts as shown in both of said statements to the State Tax Commissioner, or as otherwise ascertained by him, shall be used in ascertaining, fixing and apportioning the excise tax imposed by section six (a) of this act upon such acquiring corporation, and if said rights, property and franchises were acquired from a corporation subject to taxation under this act, then the total of the gross receipts as shown in both of said statements to the State Tax Commissioner, or as otherwise ascertained by him, shall be used in ascertaining, fixing and apportioning the excise tax imposed by section six (b) of this act upon such acquiring corporation.

14. All money now payable by any corporation subject to the provisions of this act to any municipality for its exclusive use, pursuant to any contract, agreement, resolution or ordinance (except money expended for paving or repairing any street, highway, road or other public place) shall be paid, notwithstanding this act, and when paid shall be considered a payment on account of or in full, as the case may be, for the excise tax hereby imposed and apportioned to such municipality, as hereinbefore provided; if the amount so paid is greater than the amount of the excise tax so apportioned, such payment shall be in lieu thereof; and, if less, the difference in amount shall be payable as herein provided.

15. The State Tax Commissioner, in making the apportionment of any taxes imposed on any tax-
payer by this act to any municipality for the year one thousand nine hundred and thirty-eight, or in any subsequent year, shall deduct or add to such apportionment for such year the municipality's proper share of any deduction or addition to the extent and in the manner which may have been or may be ordered or decreed by any judgment of the State Board of Tax Appeals or any court by reason of any error or omission in connection with the valuation and/or apportionment for any prior year or years of any tax heretofore imposed upon such taxpayer under the provisions of this law or any prior law imposing a like tax.

16. All acts and parts of acts or chapters and parts of chapters of the Revised Statutes inconsistent herewith are hereby repealed, but nothing in this act shall be construed to alter, modify or repeal Title forty-eight, chapter fifteen, section thirty-seven, of the Revised Statutes (R.S. 48:15-37), or Title forty-eight, chapter four, of the Revised Statutes (R.S. 48:4-1 et seq.), or Title forty-eight, chapter fifteen, sections forty-one to forty-three point three, inclusive, of the Revised Statutes (R.S. 48:15-41 to 43.3).

CHAPTER 10

AN Act authorizing and empowering the State Highway Commissioner to enter into contracts and make commitments necessary to receive the benefit of appropriations made available by the United States Government for the relief of unemployment.

WHEREAS, The United States Government is about to make available an additional two hundred fifty million dollars ($250,000,000.00) for expenditure by the Works Progress Administration in order to relieve the relief rolls; and

WHEREAS, The United States Government, upon application being made by the State, acting through its State Highway Commissioner, will furnish to the State Highway Commissioner for use upon the roads of this State certain labor, materials, supplies, and services; provided, that the State, acting through its said State Highway Commissioner, will act as sponsor for the work to be done and will provide certain other materials, supplies, equipment, engineering and services necessary to complete the work; and
WHEREAS, It is the desire of the State of New Jersey to co-operate with the United States Government to the greatest possible extent to the end that the persons on relief may receive employment and thereby reduce the relief rolls in New Jersey; now, therefore,

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The State Highway Commissioner, with the approval of the State House Commission, is authorized and empowered for and on behalf of the State of New Jersey to make all applications necessary in order for the said State to receive the benefits of any funds to be expended by the Works Progress Administration or of any other funds that may be provided by the United States Government for the employment of those on relief, where such funds are to be spent upon the roads and bridges of the State highway system or upon any county or municipal road.

2. The State Highway Commissioner, with the approval of the State House Commission, is further authorized and empowered for and on behalf of the State of New Jersey to enter into contracts with the United States Government, or any authorized official thereof, whereby the State agrees to act as sponsor for the aforementioned road and bridge projects and to furnish any materials, supplies, equipment, engineering or other services required by the United States Government as a condition precedent to the furnishing by the said United States Government of labor, materials, supplies, and services from the aforementioned unemployment relief funds.

3. When a project shall contemplate work to be done upon a State aid county or municipal road or bridge, then the State Highway Commissioner with the consent of the county or municipality shall enter into a contract setting forth the share to be borne by the United States Government, the share to be paid from State aid funds, and the share, if
any, to be borne by the county or municipality from its own funds. If it becomes necessary for a municipality to raise funds for the share to be borne by the said municipality, then the said municipality may raise such funds by resolution setting forth an emergency and all contracts and proceedings hereunder are declared to arise by reason of an emergency, all of which shall be subject to the approval and consent of the State Auditor.

4. Whenever a project contemplates work to be done upon a road or bridge within the State highway system, then any funds heretofore appropriated to the State Highway Commissioner or which may hereafter be appropriated, may be expended by the State Highway Commissioner in order to carry out the provisions of any contract with the United States Government, or its authorized official; provided, however, that funds shall be available within the appropriate budget item as provided in section 52:22-20 of the Revised Statutes. Where there are not sufficient funds available within an appropriate budget item, then the State Highway Commissioner may, with the approval of the State House Commission, transfer funds from one item to another. Where the best interests of the State require that a project, not heretofore included in a program as provided in the afore-mentioned section 52:22-20, shall be substituted for a project within a program, then the State Highway Commissioner is authorized, with the approval of the State House Commission, to make such substitution.

5. If any section of this act or any provision thereof shall be declared to be unconstitutional, invalid or inoperative in whole or in part, then the section or provision to the extent that it is not unconstitutional, invalid, or inoperative shall be enforced and effectuated and no such determination shall be deemed to invalidate or make ineffectual the remaining sections or provisions of this act.
Appoint ment from relief rolls.

5a. All appointments or assignments to employment on any projects authorized under this act shall be made from the relief rolls of the various municipalities subject to the joint approval of the State Financial Assistance Commission and the Works Progress Administration; provided, however, that engineering, supervisory and administrative employees not to exceed ten per centum (10%) of all employees on any such work may be selected by the State Highway Commissioner and the Works Progress Administration.

6. This act shall take effect immediately.

Approved February 25, 1938.

CHAPTER 12

A SUPPLEMENT to an act entitled "An act relating to the financing of schools," approved May tenth, one thousand nine hundred and thirty-three, being sections appendix A:4-47 to A:4-52 of the Revised Statutes of New Jersey.

WHEREAS, Heretofore, due to financial conditions of municipalities and their inability to pay in cash the State and county school taxes, it was necessary to devise a method by which payment could be made in some manner other than in cash; and

WHEREAS, On May tenth, one thousand nine hundred and thirty-three, an act entitled "An act relating to the financing of schools" was duly approved; and

WHEREAS, Said act provided that "Whenever any municipality and/or county is authorized by law to issue scrip, the governing body of such municipality shall pay in scrip of suitable denominations, if payment cannot be made in cash, the State and county school taxes which remained unpaid to the county treasurer on February first, one thousand nine hundred and thirty-two, and/or February first, one thousand nine hundred and thirty-three, with the exception of ten per centum (10%) of the State school tax which shall be paid in cash."; and

WHEREAS, Said act contained a further provision that "The county shall be relieved of that part of its obligation to the State for ninety per centum (90%) of the State school tax when the county treasurer shall have filed with the State Treasurer receipts from the custodians of the
several school districts, which receipts shall acknowledge the acceptance of county and/or municipal scrip as payment for amounts due such school districts from the county treasurer;" and

WHEREAS, Said act was amended in the years one thousand nine hundred and thirty-four, one thousand nine hundred and thirty-five and one thousand nine hundred and thirty-six to provide for the payment in similar manner of the State and county school taxes due on February first of each of those respective years; and

WHEREAS, In some instances, although scrip was delivered in payment of ninety per centum (90%) of the State school tax due from various municipalities, there was a failure to pay on the date due the ten per centum (10%) of said State school tax in cash to be retained by the State of New Jersey; and

WHEREAS, Ninety per centum (90%) of said State school tax was duly apportioned and distributed on warrants issued by the county superintendent of schools to various school districts entitled to receive the same, and the proper receipts from the custodians of the several school districts, acknowledging receipt of said scrip in payment of said apportionments, under said warrants were duly received by the county treasurer; and

WHEREAS, The State Treasurer refused to accept said receipts of the various custodians of the several school districts, when presented to him by the county treasurer, in payment of the county's obligation to the State for the ninety per centum (90%) of said State school tax; and

WHEREAS, There has now arisen a question as to whether or not the State of New Jersey shall receive interest on the full one hundred per
centum (100%) of said State school tax because of the failure to pay the ten per centum (10%) in cash due to the State; now, therefore,

**Be it enacted by the Senate and General Assembly of the State of New Jersey:**

1. In any case where municipalities and/or counties in this State have satisfied their State and/or county school taxes by issuing and delivering ninety per centum (90%) thereof in scrip under the provisions of an act entitled "An act relating to the financing of schools," approved May tenth, one thousand nine hundred and thirty-three, and the amendments thereof and supplements thereto, there shall not be charged by any State or county department, or officer thereof, interest on delinquencies except to the extent of interest on the ten per centum (10%) of the State school taxes to be retained by the State Treasurer, under the provisions of the State school law. The acceptance by the receiving school districts of the ninety per centum (90%) of said State school taxes in scrip in lieu of cash shall be considered a waiver of any interest which might be due from the municipality and/or the county on ninety per centum (90%) of said State school taxes so paid in scrip.

2. This act shall take effect immediately.

Approved February 25, 1938.

CHAPTER 19

AN ACT relating to the creation of local housing
authorities, including the definition of their func-
tions and powers, and to public housing projects
undertaken by public bodies, and adding a new
chapter to the Revised Statutes, to be known as
chapter fourteen A of Title 55.

BE IT ENACTED by the Senate and General Assem-
by of the State of New Jersey:

1. That there be added to the Revised Statutes a
new chapter to be known as chapter fourteen A of
Title 55, Public Housing, as herein provided.

2. 55:14A-1. Short Title. This chapter may be
referred to as the "Local Housing Authorities
Law."

3. 55:14A-2. Declaration of necessity of legisla-
tion. It is hereby declared: (a) that there exist in
the State insanitary or unsafe dwelling accom-
modations and that persons of low income are
forced to reside in such insanitary or unsafe ac-
accommodations; that within the State there is a
shortage of safe or sanitary dwelling accommoda-
tions available at rents which persons of low in-
come can afford and that such persons are forced
to occupy overcrowded and congested dwelling accommodations; that the aforesaid conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the residents of the State and impair economic values; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; (b) that these areas in the State cannot be cleared, nor can the shortage of safe and sanitary dwellings for persons of low income be relieved, through the operation of private enterprise, and that the construction of housing projects for persons of low income (as herein defined) would therefore not be competitive with private enterprise; (c) that the clearance, replanning and reconstruction of the areas in which insanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations by any public body for persons of low income are public uses and purposes for which public money may be spent and private property acquired and are governmental functions of State concern; (d) that it is in the public interest that work on projects for such purposes be commenced as soon as possible in order to relieve unemployment; and the necessity in the public interest for the provisions hereinafter enacted, is hereby declared as a matter of legislative determination.

4. 55:14A-3. Definitions. The following terms, wherever used or referred to in this chapter shall have the following respective meanings, unless a different meaning clearly appears from the context.

The term "housing project" also may be applied to the planning of the buildings and improvements, the acquisition of property, the demolition of existing structures, the construction, reconstruction, alteration and repair of the improvements and all other work in connection therewith; provided, nothing in this chapter shall authorize the construction of any public utility service or facility which would be competitive with any existing public utility as the same is defined by section 48:2-13 of the Title Public Utilities.
(j) "Persons of low income" shall mean persons or families who are in the lowest income group and who cannot afford to pay enough to cause private enterprise in their locality to build or furnish an adequate supply of decent, safe and sanitary dwellings so as to enable them, without financial assistance, to live in such dwellings, without overcrowding.

(k) "Bonds" shall mean any bonds, notes, interim certificates, debentures, or other obligations issued by an authority pursuant to this chapter.

5. 55:14A–4. Creation of housing authorities. Any governing body may, by resolution in the case of counties, or ordinance in the case of municipalities, create a body corporate and politic to be known as the "Housing Authority of ..........," inserting the name of the municipality or county creating such authority. Such authority shall constitute an agency and instrumentality of the municipality or county creating it. Thereupon the governing body shall appoint five persons as com-
missioners of the authority. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed as aforesaid for a term of five years, except that all vacancies shall be filled for the unexpired term. The governing body of two or more municipalities may by joint action or ordinances create a public body corporate and politic to be known as "[additional name] Regional Housing Authority," with such additional designation as may be provided in the joint ordinances. Such regional authority shall constitute an agency and instrumentality of the municipalities creating it. Upon the adoption of a joint ordinance as aforesaid, a copy thereof certified by the clerk of each of the municipalities shall be filed with the director. Thereupon the respective clerks shall promptly notify the respective governing bodies of such adoption. Upon receiving such notice, each governing body shall appoint two persons as commissioners of the regional authority for a term of five years except that all vacancies shall be filled for the unexpired term. The governing body of the municipality which has the greatest population of any of the municipalities creating the regional authority shall appoint one additional person as commissioner of the authority for a like term. The clerks of the governing bodies shall file with the director the names of persons appointed as commissioners of an authority. The director may appoint a person as a member ex-officio of each housing authority, who shall receive no compensation or expenses from such local housing authority. Said person shall not be entitled to vote in affairs of the authority, but shall be entitled to all other privileges of membership on such authority. The director may remove such person and designate a new one at any time or may fill the vacancy caused by the death or resignation of such person. No municipality which has created an authority pursuant to this section shall thereafter join in the crea-
tion of a regional authority. No municipality which has been included (with its consent) within the area of operation of a county housing authority shall thereafter create an authority or join in the creation of a regional authority.

6. 55:14A-5. Proof of existence of authority. In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract of an authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption by the governing body of the ordinance aforesaid or by the governing bodies of the joint resolutions or ordinances aforesaid. A copy of such resolution or ordinance or joint ordinances duly certified by the clerk or clerks respectively shall be admissible in evidence in any suit, action or proceeding.

7. 55:14A-6. Authority; commissioners; misconduct; removal. No commissioner of any authority may be an officer or employee of the municipality or county for which the authority is created. A commissioner shall hold office until his successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his services but he shall be entitled to the necessary expenses, including traveling expenses incurred in the discharge of his duties. The powers of each authority shall be vested in the commissioners thereof in office from time to time. A majority, excluding the ex-officio member, shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of the majority of the commissioners present, unless in any case the by-laws of the authority shall require a larger number. The
Organization.

Authority shall select a chairman and a vice-chairman from among its commissioners, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon any chief law officers of the municipality, municipalities or the county, as the case may be, or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers and duties as it may deem proper. No commissioner or employee of an authority shall acquire any interest direct or indirect in any housing project or in any property included or planned to be included in the project nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any housing project. If any commissioner or employee of an authority owns or controls an interest direct or indirect in any property included or planned to be included in a housing project he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure so to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner or employee shall not participate in any action by the authority affecting such property. For inefficiency or neglect of duty or misconduct in office, a commissioner of an authority may be removed by the governing body which made the original appointment, but a commissioner shall be removed only after he shall have been given a copy of the charges at least ten days prior to the hearing thereon and had an opportunity to be heard in person or by counsel. In the event of the removal of any commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk.
8. 55:14A-7. Powers of authority. An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(a) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the authority; and to make and from time to time amend and repeal by-laws, rules and regulations, not inconsistent with this chapter, to carry into effect the powers and purposes of the authority.

(b) Within its area of operation; to prepare, carry out, acquire, lease and operate housing projects; to provide for the construction, reconstruction, improvement, alteration or repair of any housing project or any part thereof.

(c) To arrange or contract, in the manner now prescribed by law concerning municipalities, except as otherwise provided by the rules or regulations of the United States Housing Authority, for the furnishing by any person or agency, public or private, of services, privileges, works or facilities for, or in connection with, a housing project or the occupants thereof; and (notwithstanding anything to the contrary contained in this chapter or in any other provision of law) to include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the Federal Government may have attached to its financial aid of the project.
(d) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own, hold and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise, any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain any real property; to sell, lease, exchange, transfer, assign, pledge or dispose of any real or personal property or any interest therein; to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards; to procure or agree to the procurement of insurance or guarantees from the Federal Government of the payment of any bonds or parts thereof issued by an authority, including the power to pay premiums on any such insurance.

(e) To invest any funds held in reserve or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be cancelled.

(f) Within its area of operation; to investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning and reconstructing of slum areas, and the problem of providing dwelling accommodations for per-
sons of low income, and to co-operate with any public body in action taken in connection with such problems; and to engage in research, studies and experimentation on the subject of housing.

(g) To exercise all or any part or combination of powers herein granted.

9. 55:14A-8. Rental policies of authority. It is hereby declared to be the policy of this State that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the municipality or the county. To this end an authority shall fix the rentals for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (a) to pay, as the same become due, the principal and interest on the bonds of the authority; (b) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (c) to create (during not less than the six years immediately succeeding its issuance of any bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. In the operation or management of housing projects an authority shall at all times observe the following duties with respect to rentals and tenant selection; (a) it may rent or lease the dwelling accommodations therein only to persons of low income and at rentals within the financial reach of such
persons of low income; (b) it may rent or lease to a tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; (c) it shall not accept any person as a tenant in any housing project if the person or persons who would occupy the dwelling accommodations have an aggregate annum income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in the case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking range and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental.

10. 55:14A–9. Default. Foreclosure. Nothing contained in this or the preceding section shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof or acquire title thereto through foreclosure proceedings, free from all the restrictions imposed by this or the preceding section; provided, however, that in the event of a default by the authority which results in possession or title passing to a private mortgagee, any tax exemption privilege or other special privilege accorded to such housing project because of its public nature, shall cease.

11. 55:14A–10. Right of eminent domain. An authority shall have the right to acquire by the exercise of the power of eminent domain any real property which it may deem necessary for its purposes under this chapter after the adoption by it or a resolution declaring that the acquisition of
the real property described therein is necessary for such purposes. Property already devoted to a public use may be acquired in like manner provided that no real property belonging to a public body or corporation itself possessing the power of eminent domain may be acquired without its consent.

12. 55:14A-11. Projects subject to local laws. All housing projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the housing project is situated. In the planning and location of any housing project, an authority shall take into consideration the relationship of the project to any larger plan or long range program for the development of the area in which the housing authority functions.

13. 55:14A-12. Bonds: power to issue. An authority shall have the power to issue bonds from time to time in its discretion, for any of its corporate purposes. An authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. An authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable; (a) exclusively from the income and revenues of the housing project financed with the proceeds of such bonds; (b) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds; or (c) from its revenues generally. Any such bonds may be additionally secured by a pledge of any grant or contributions from the Federal Government or other source, or a pledge of any income or revenues of the authority, or a mortgage of any housing project, projects or other property of the authority.

bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the State or any political subdivision thereof and neither the State nor any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of said authority. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities, and, together with interest thereon and income therefrom, shall be exempt from taxes.

15. 55:14A-14. Bonds: provisions. Bonds of an authority shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, not exceeding six per centum (6%) per annum, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide. The bonds may be sold at not less than par at public sale held after notice published once at least five days prior to such sale in a newspaper having a general circulation in the area of operation and in a financial newspaper published in the city of Philadelphia, Pennsylvania, or in the city of New York, New York; provided, however, that such bonds may be sold at not less than par to the Federal Government at private sale without any public advertisement.
CHAPTER 19, LAWS OF 1938

Bonds: validity. In case any of the commissioners or officers of the authority whose signatures appear on any bonds or coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such commissioners or officers had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this act shall be fully negotiable.

Bonds: suit. In any suit, action or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of this subtitle.

16. 55:14A-15. Bonds: powers of authority. In connection with the issuance of bonds or the incurring of obligations under leases and in order to secure the payment of such bonds or obligations, an authority, in addition to its other powers, shall have power:

(b) To mortgage all or any part of its real or personal property, then owned or thereafter acquired.

(d) To covenant as to the bonds to be issued and as to the issuance of such bonds in escrow or otherwise, and as to the use and disposition of the proceeds thereof; to provide for the replacement of lost, destroyed or mutilated bonds; to covenant against extending the time for the payment of its bonds or interest thereon; and to redeem the bonds, and to covenant for their redemption and to provide the terms and conditions thereof.

(e) To covenant (subject to the limitations contained in this chapter) as to the rents and fees to be charged in the operation of a housing project or projects, the amount to be raised each year or other period of time by rents, fees and other revenues, and as to the use and disposition to be made thereof; to create or to authorize the creation of special funds for moneys held for construction or operating costs, debt service, reserves, or other purposes, and to covenant as to the use and disposition of the moneys held in such funds.

(j) To exercise all or any part or combination of the powers herein granted; to make covenants other than and in addition to the covenants herein expressly authorized, of like or different character; to make such covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of said authority, as will tend to make the bonds more marketable notwithstanding that such covenants, acts or things may not be enumerated herein.
17. 55:14A-16. Rights of obligees. An obligee of an authority shall have the right in addition to all other rights which may be conferred on such obligee, subject only to any contractual restrictions binding upon such obligee:

(a) By mandamus, suit, action or proceeding at law or in equity to compel said authority and the commissioners, officers, agents or employees thereof to perform each and every term, provision and covenant contained in any contract of said authority with or for the benefit of such obligee, and to require the carrying out of any or all such covenants and agreements of said authority and the fulfillment of all duties imposed upon said authority by this chapter.

(b) By suit, action or proceedings in equity, to enjoin any acts or things which may be unlawful, or the violation of any of the rights of such obligee of said authority.

18. 55:14A-17. Powers of authority after default. rents, revenues, or other charges thereafter arising therefrom, and shall keep such moneys in a separate account or accounts and apply the same in accordance with the obligations of said authority as the court shall direct.

(c) To require said authority and the commissioners thereof to account as if it and they were the trustees of an express trust.

19. 55:14A-18. Real property exempt from levy. All real property of an authority shall be exempt from levy and sale by virtue of an execution, and no execution or other judicial process shall issue against the same nor shall any judgment against an authority be a charge or lien upon its real property; provided, however, that the provisions of this section shall not apply to or limit the right of obligees to foreclose or otherwise enforce any mortgage of any authority or the right of obligees to pursue any remedies for the enforcement of any pledge or lien given by an authority on its rents, fees or revenues.

20. 55:14A-19. Powers of authority pertaining to Federal Government. In addition to the powers conferred upon any authority by other provisions of this chapter, an authority is empowered to borrow money or accept contributions; grants or other financial assistance from the Federal Government for or in aid of any housing project within its area of operation, to take over or lease or manage any housing project or undertaking constructed or owned by the Federal Government, and to these ends, to comply with such conditions and enter into such mortgages, trust indentures, leases or agreements as may be necessary, convenient or desirable. It is the purpose and intent of this chapter to authorize every authority to do any and all things necessary or desirable to secure the financial aid or co-operation of the Federal Government in the undertaking, construction, maintenance or operation of any housing project by such authority.
21. 55:14A–20. Property exempt from taxes. All housing projects of housing authority, including all property of the public body or bodies or housing authority or authorities comprising such housing projects, are hereby declared to be public property devoted to an essential public and governmental purpose. All such public property devoted to such a public purpose shall be exempt from all taxes and special assessments of the State or any political subdivision thereof as long as such public property remains under exclusive control and jurisdiction of a housing authority or public body which owns or holds such property; provided, however, that in lieu of such taxes, the public body which owns or holds such property may agree to make payments to a political subdivision for the services, improvements or facilities furnished by it for the benefit of a housing project, but in no event shall such payments exceed the amount last levied as the annual tax of such political subdivision upon the property included in said project prior to the time of its acquisition by the aforesaid public body.

22. 55:14A–21. Bonds: legal investment for banks and trustees. The State and all public officers and public bodies, all banks, bankers, trust companies, saving banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries may legally invest funds belonging to them or within their control in any bonds of an authority when they are secured by a pledge of the revenues of a housing project, and when they are additionally secured by a pledge of annual contributions to be paid to an authority by the Federal Government; provided, that building and loan associations may only invest in such securities when they are additionally secured by a first mortgage
on such project, which mortgage, when made, shall not exceed eighty per centum (80%) of the appraised value of the property. The provisions of this section shall not be construed as limiting the powers granted by the housing co-operation law and the powers granted by any other law, but shall be supplemented thereto; provided, however, that nothing contained in this section may be construed as relieving any person, firm or corporation from any duty of exercising reasonable care in selecting securities.

23. 55:14A–22. Relationship between authority and director. Upon completion of an application of an authority for the financial assistance of any agency of the Federal Government in connection with a housing project, the authority shall present to the director the said application and supporting data. The application and data shall be transmitted by the director within twenty days from the receipt thereof to the Federal agency in question, with the recommendations of the director. Should the director fail, within the said twenty-day period, to forward said application and documents to the Federal Government, or its appropriate agency, the authority shall be permitted, anything in this chapter to the contrary notwithstanding, to present its application to the Federal Government, or its agency. During the pendency of an application to the Federal Government, or its agency, for its assistance as aforesaid, the authority shall file with the director copies of all correspondence agreements and documents that may be exchanged between the authority and representatives of the Federal Government in connection with the project. The authority, its members and personnel, shall co-operate with the director and its representatives in the performance of the director’s functions and in particular in the director’s capacity of serving as a central bureau through which statistical and other information, pertaining to slum clearance and low-cost housing, will be dis-

24. 55:14A–23. Criticism of project: changes. Any change proposed to be made in an approved project shall be filed with the director by the authority. Should the director at any time submit to an authority its suggestions with reference to any project or change in a project of the authority, said authority shall give consideration to such suggestions at a regular or special meeting of the authority.

25. 55:14A–24. Reports to director. At least once a year, an authority shall file with the clerk and with the director a report of its activities for the preceding year, and shall make recommendations with reference to such additional legislation or other action as it deems necessary in order to carry out the purposes of this chapter.

26. 55:14A–25. Validity of chapter. Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of this chapter, or the application thereof to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

27. 55:14A–26. Chapter paramount over inconsistent laws. Insofar as the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling.

CHAPTER 20

AN ACT authorizing counties, cities, towns, townships, boroughs, and villages to aid housing projects of housing authorities of the United States of America by furnishing funds, parks, play-grounds and other improvements and facilities, by exercising certain other powers and by making agreements relating to such aid, and adding a new chapter to Title 55 of the Revised Statutes to be known as chapter 55:14B.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. That a new chapter be added to the Revised Statutes to be known as chapter 55:14B.

2. 55:14B-1. Short title. This chapter may be referred to as the "Housing Co-operation Law."

3. 55:14B-2. Declaration of necessity. It has been found and declared in the local housing authorities law and in the State Housing Authority law that there exist in the State unsafe and unsanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remediing of these conditions. It is hereby found and declared that the assistance herein provided for the remediing of the conditions set forth in the local housing authorities law and in the State
Housing Authority law constitutes a public use and purpose and an essential governmental function for which public moneys may be spent, and other aid given; that it is a proper public purpose for any public body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the public body derives immediate benefits and advantages from such an authority or project; and that the provisions hereinafter enacted are necessary in the public interest.

4. 55:14B–3. Definitions. The following terms, whenever used or referred to in this chapter shall have the following respective meanings, unless a different meaning clearly appears from the context:

(j) Housing project acquired from Federal Government. With respect to any housing project which a housing authority has acquired or taken over from the Federal Government and which the housing authority by resolution has found and declared to have been constructed in a manner that will promote the public interest and afford necessary safety, sanitation and other protection, no public body shall require any changes to be made in the housing project or the manner of its construction or take any other action relating to such construction.

(k) Incurring expense. In connection with any public improvements made by a public body in exercising the powers herein granted, such public body may incur the entire expense thereof. No municipality having a population of less than fifty thousand (50,000) as of the last Federal census shall, without the express consent in writing of the director of the State Housing Authority, appropriate for, or on behalf of, any local housing authority any sum of money, unless the United States Housing Authority shall previous to such appropriation have ear-marked, loaned, or granted funds to such local housing authority for the development of a housing project. No municipality having a population in excess of fifty thousand (50,000) as of the last Federal census shall, without the express consent in writing of the director of the State Housing Authority, appropriate for, or on behalf of, any local housing authority, a sum of money in excess of twenty-five hundred dollars ($2,500.00), unless the United States Housing Authority shall previous to such appropriation have ear-marked, loaned, or granted funds to such local housing authority for the development of a housing project.
8. 55:14B-7. How powers exercised; procedure. 2. That a new section be added to the Revised Statutes to be known as section 20:1-36.

20:1-36. Condemnation by a housing authority. Filing declaration of taking. At any time on or after the filing of a petition by a housing authority, and before the entry of final judgment, such housing authority may file with the clerk of the court in which the petition is filed, a declaration of taking signed by the duly authorized officer or agent of the housing authority declaring that all or any part of the property described in the petition is being taken for the use of the housing authority. The said declaration of taking shall be sufficient if it sets forth: (1) a description of the property, sufficient for the identification thereof, to which there may be attached a plan or map thereof; (2) a statement of the estate or interest in said property being taken; (3) a statement of the sum of money estimated by the housing authority to be just compensation for the property taken; which sum shall be not less than the last assessed valuation for tax purposes of the estate or interest in the property to be taken.

The notice shall be served upon the chairman of the commission either personally or by leaving it at the office of the commission in Trenton. The evidence presented to the commission, together with the findings and the order issued thereon, shall be certified by the commission to the Supreme Court with its writ.

37. Setting aside orders. The Supreme Court is hereby given jurisdiction to review any order of the commission and to set aside such order in whole or in part when it clearly appears that there was no evidence before the commission to support the same reasonably, or that the same was without jurisdiction of the commission.

No order shall be set aside in whole or in part for any irregularity or informality in the proceedings of the commission unless the irregularity or informality tends to defeat or impair substantial right or interest of the prosecutor in certiorari.

38. Ordering rehearing by commission. If, with respect to any order brought under review by certiorari, it shall appear equitable and just that a rehearing should be had before the commission, the Supreme Court may order that a rehearing be had before the commission upon such terms and conditions as are reasonable. The commission shall thereupon proceed to a rehearing of the evidence upon which the order under review was based, and upon such additional evidence, if any, as may be produced.
CHAPTER 48, LAWS OF 1938

As a result of the rehearing the commission may readopt the order or alter, amend, modify or extend it.

The Court of Errors and Appeals on appeal from a judgment of the Supreme Court upon certiorari to review an order of the commission, may, whenever it shall deem it equitable and just that a rehearing should be had before the commission, remit the record and proceedings before it to the Supreme Court to the end that said court may order and such rehearing may be had before the commission upon such terms and conditions as are reasonable, as hereinbefore provided.

39. Commission proceedings to have preference. Any proceedings in any court of this State directly affecting an order of the commission or to which the commission is a party, shall have preference over all other civil proceedings pending in such court.

41. Constitutionality. If any provision of this chapter or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the other provisions or applications of this chapter, which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are declared to be severable.

42. Repealer. All acts or parts of acts inconsistent with the provisions of this chapter are hereby repealed.

43. When to take effect. This act shall take effect immediately.

CHAPTER 58

An Act concerning the establishment and administration of unemployment compensation, providing for the levy and collection of contributions therefor, providing penalties and making appropriations, and amending section 43:21-7 of the Revised Statutes.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-7 of the Revised Statutes is hereby amended to read as follows:

43:21-7. (a) Payment.

(1) On and after December first, one thousand nine hundred and thirty-six, contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this chapter, with respect to wages payable for employment (as defined in subsec-
(i) of section 43:21-19 of this Title) occurring during such calendar year, except that for the month of December, one thousand nine hundred and thirty-six, such contributions shall accrue and become payable with respect to wages payable for employment during the month of December, one thousand nine hundred and thirty-six. Such contributions shall become due and be paid by each employer to the commission for the fund in accordance with such regulations as may be prescribed, and shall not be deducted, in whole or in part, from the remuneration of individuals in his employ.

(2) In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent ($0.00½) or more, in which case it shall be increased to one cent ($0.01).

(b) Rate of contribution. Each employer shall pay contributions equal to the following percentages of wages payable by him with respect to employment:

(1) Ten and eight-tenths per centum (10 8/10%) with respect to employment during the month of December, one thousand nine hundred and thirty-six; provided, that if the total of such contributions at such ten and eight tenths per centum (10 8/10%) rate equals less than nine-tenths of one per centum (9/10 of 1%) of the annual pay roll of any employer for the calendar year one thousand nine hundred and thirty-six, such employer shall pay, not later than January twenty-fifth, one thousand nine hundred and thirty-seven, an additional lump-sum contribution with respect to employment for such one month's period beginning December first, one thousand nine hundred and thirty-six, equal to the difference between nine-tenths of one per centum (9/10 of 1%) of his annual pay roll for the

calendar year one thousand nine hundred and thirty-six and the total of his contributions at such ten and eight-tenths per centum (10 8/10%) for such one month’s period beginning December first, one thousand nine hundred and thirty-six; and provided, further, that the total of such contributions with respect to employment for such one month’s period beginning December first, one thousand nine hundred and thirty-six, shall not exceed nine-tenths of one per centum (9/10 of 1%) of such employer’s annual pay roll for the calendar year one thousand nine hundred and thirty-six; provided, further, that if the Federal social security act be amended or an extension thereunder be granted to permit payment of the tax on pay rolls provided in section nine hundred one (1), at a date later than January thirty-first, one thousand nine hundred and thirty-seven, the commission may, by regulation, postpone to a later date the required payment of contributions as provided in this subsection.

(2) One and eight-tenths per centum (1 8/10%) with respect to employment during the calendar year one thousand nine hundred and thirty-seven;

(3) Two and seven-tenths per centum (2 7/10%) with respect to employment during the calendar years one thousand nine hundred and thirty-eight, one thousand nine hundred and thirty-nine, one thousand nine hundred and forty and one thousand nine hundred and forty-one; and

(4) With respect to employment after December thirty-first, one thousand nine hundred and forty-one, the percentage determined pursuant to subsection (c) of this section.
(c) Future rates based on benefit experience:

(1) A separate account for each employer shall be maintained and this shall be credited with all the contributions which he has paid on his own behalf. But nothing in this chapter shall be construed to grant any employer or individuals in his service prior claims or rights to the amounts paid by him into the fund either on his own behalf or on behalf of such individuals. Benefits paid to an eligible individual shall be charged against the account of his most recent employers against whose accounts the maximum charges hereunder have not previously been made in the inverse chronological order in which the employment of such individual occurred, but the maximum amount so charged shall not exceed one-sixth of the wages payable to such individual by each such employer for employment on and after the first day of the nine completed calendar quarters immediately preceding such individual’s benefit year, or two hundred and forty dollars ($240.00), whichever is the lesser, but this provision shall not be construed to limit the duration of benefits payable pursuant to subsection (d) of section 43:21-3 of this Title. The commission shall by general rules prescribe the manner in which benefits shall be charged against the accounts of several employers for whom an individual performed employment during the same week.

(2) The commission may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer’s account.
(3) Each employer's rate shall be two and seven-tenths per centum (2 7/10%), except as otherwise provided in the following provisions.

No employer's rate shall be less than two and seven-tenths per centum (2 7/10%) unless and until there shall have been three calendar years throughout which any individual in his employ could have received benefits if eligible.

(4) Each employer's rate for the twelve months commencing January first of any calendar year shall be determined on the basis of his record up to the beginning of such calendar year. If, at the beginning of such calendar year, the total of all his contributions, paid on his own behalf, for all past years exceeds the total benefits charged to his account for all such years, his contribution rate shall be:

(A) One and eight-tenths centum (1 8/10%), if such excess equals or exceeds seven and one-half per centum (7 1/2%) but is less than ten per centum (10%) of his average annual pay roll (as defined in paragraph (2) subsection (a) of section 43:21-19 of this Title);

(B) Nine-tenths of one per centum (9/10 of 1%), if such excess equals or exceeds ten per centum (10%) of his average annual pay roll.

If the total of his contributions, paid on his own behalf for all past periods or for the past one hundred and twenty consecutive calendar months, whichever period is more advantageous to such employer for the purposes of this paragraph, is less than the total benefits charged against his account during the same period, his rate shall be three and six-tenths per centum (3 6/10%).

(5) No employer's rate for the period of twelve months commencing January first of any calendar year shall be less than two and
seven-tenths per centum (2 7/10%), unless the total assets of the fund, excluding contributions not yet paid at the beginning of such calendar year, exceed the total benefits paid from the fund within the last preceding calendar year; and no employer’s rate shall be less than one and eight-tenths per centum (1 8/10%) unless such assets at such time were at least twice the total benefits paid from the fund within such last preceding year.

(d) Contribution by workers.

(1) Each worker shall contribute to the fund one per centum (1%) of his wages paid by an employer with respect to his employment which occurs after December thirty-first, one thousand nine hundred and thirty-seven, and after such employer has satisfied the conditions set forth in subsection (h) of section 43:21-19 of this Title with respect to becoming an employer. Each employer shall, notwithstanding any provisions of law in this State to the contrary, withhold in trust the amount of his workers’ contributions from their wages at the time such wages are paid, shall show such deduction on his pay roll records, shall furnish such evidence thereof to his workers as the commission may prescribe, and shall transmit all such contributions, in addition to his own contributions, to the office of the commission in such manner and at such times as may be prescribed. If any employer fails to deduct the contributions of any of his workers at the time their wages are paid, or fails to make a deduction therefor at the time wages are paid, for the next succeeding pay-roll period, he alone shall thereafter be liable for such contributions, and for the purposes of section 43:21-14 of this Title, such contributions shall be treated as employer’s contributions required from him. As used in this chapter, except when the context clearly requires other-

wise, the term "contributions" shall include the contributions of workers pursuant to this section: the term wages as used in this subsection (d) means all remuneration for employment, except that such term shall not include that part of such remuneration in excess of the first three thousand dollars ($3,000.00) thereof paid by any employer to any employee with respect to employment during any calendar year.

(2) If an individual does not receive any wages from the employing unit which for the purposes of this chapter is treated as his employer, or receives his wages from some other employing unit, such employer shall nevertheless be liable for such individual's contributions in the first instance; and after payment thereof such employer may deduct the amount of such contributions from any sums payable by him to such employing unit, or may recover the amount of such contributions from such employing unit or in the absence of such an employing unit, from such individual, in a civil action for debt; provided, proceedings therefore are instituted within three months after the date on which such contributions are payable. General rules shall be prescribed whereby such an employing unit may recover the amount of such contributions from such individuals in the same manner as if it were the employer.

(3) Every employer who has elected to become an employer subject to this chapter or to cease to be an employer subject to this chapter, pursuant to the provisions of section 43:21-8 of this Title, shall post and maintain printed notices of such election on his premises, of such design, in such numbers, and at such places as the executive director may determine to be necessary to give notice thereof to persons in his service.
(4) Contributions by workers, payable to the commission as herein provided, shall be exempt from garnishment, attachment, execution, or any other remedy for the collection of debts.

2. This act shall take effect immediately.
Approved April 1, 1938.

CHAPTER 59

An Act to provide for the establishment and administration of unemployment compensation, providing for the levy and collection of contributions therefor, providing penalties and making appropriations, and amending section 43:21-14 of the Revised Statutes.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 43:21-14 of the Revised Statutes is hereby amended to read as follows:

43:21-14. (a) Report and payment of contributions. In addition to such reports as the executive director may require under the provisions of subsection (g) of section 43:21-11 of this Title, every employer shall file with the commission periodical contribution reports on such forms and at such times as the executive director; with the approval of the commission, shall prescribe, to disclose the employer’s liability for contributions under the provisions of this chapter, and at the time of filing each contribution report shall pay the contributions required by this chapter for the period covered by such report. The commission may require that such reports shall be under oath of the employer. Any employer who shall fail to file any report, re-
quiring the commission or the executive director, on or before the last day for the filing thereof shall pay a penalty of one dollar ($1.00) for each day of delinquency until and including the tenth day following such last day and, for any period of delinquency after such tenth day, a penalty of one dollar ($1.00) per day or twenty per centum (20%) of the amount of the contributions due and payable by the employer for the period covered by the report, whichever is the lesser. If there be no liability for contributions for the period covered by any contribution report or in the case of any report other than a contribution report, the employer or employing unit shall pay a penalty of one dollar ($1.00) per day for each day of delinquency in filing or fifteen dollars ($15.00), whichever is the lesser. Any employer who shall fail to pay the contributions due for any period on or before the date they are required by the commission to be paid, shall pay interest at the rate of one per centum (1%) a month on the amount thereof from such date until the date of payment thereof. Upon the written request of any employer or employing unit, filed with the commission on or before the due date of any report or contribution payment, the commission, for good cause shown, may grant, in writing, an extension of time for the filing of such report or the paying of such contribution with interest at the rate of one per centum (1%) a month on the amount thereof: provided, no such extension shall exceed thirty (30) days and that no such extension shall postpone payment of any contribution for any period beyond the day preceding the last day for filing tax returns under Title IX of the Federal Social Security Act for the year in which such period occurs.

(b) Tax a debt and lien; proceedings to recover; preference. The contributions, penalties, and interest due from any employer under the provisions of this chapter, from the time they shall be due, shall be a personal debt of the employer to the State of New Jersey, recoverable in any court of
competent jurisdiction in an action at law in the name of the State of New Jersey. Such debt, whether sued upon or not, shall be a lien on all the property of the debtor except as against an innocent purchaser for value in the usual course of business and without notice thereof, and shall have preference in any distribution of the assets of the employer, whether in bankruptcy, insolvency or otherwise.

(c) Arbitrary assessment. If any employer shall fail to make any report as required by the rules and regulations of the commission pursuant to the provisions of this chapter, the commission may make an estimate of the liability of such employer from any information it may obtain and, according to such estimate so made, assess such employer for the contributions, penalties, and interest due the State from him, give notice of such assessment to the employer, and make demand upon him for payment.

(d) Deficiency assessment. After a report is filed under the provisions of this chapter and the rules and regulations of the commission, the commission shall cause the report to be examined and shall make such further audit and investigation as it may deem necessary, and if therefrom there shall be determined that there is a deficiency with respect to the payment of the contributions due from such employer, the commission shall assess the additional contributions, penalties, and interest due the State from such employer, give notice of such assessment to the employer, and make demand upon him for payment.

(e) Certificates of debt; judgment; procedure thereon. As an additional or alternative remedy, the commission may issue a certificate to the clerk of the Supreme Court or the clerk of the court of common pleas of any county that any employer is indebted under this chapter in such an amount as shall be named in such certificate, and thereupon the clerk to whom such certificate shall have been issued shall immediately enter upon his record of
docketed judgments the name of such person, the name of the State, the amount of the debt so certified, a description of the liability under this chapter, and the date of making such entries. The making of such entries shall have the same force and effect as the entry of a docketed judgment in the office of such clerk, and the commission shall have all the remedies and may take all the proceedings for the collection thereof which may be had or taken upon the recovery of a judgment in an action at law upon contract, but without prejudice to the employer’s right of appeal.

(f) Priorities under legal dissolutions or distributions. In the event of any distribution of an employer’s assets pursuant to an order of any court under the laws of this State, including any receivership, assignment for benefit of creditors, adjudicated insolvency, composition, or similar proceeding, contributions then or thereafter due shall be paid in full prior to all other claims except taxes and claims for remuneration of not more than two hundred fifty dollars ($250.00) to each claimant, earned within six months of the commencement of the proceeding. In the event of an employer’s adjudication in bankruptcy, judicially confirmed extension proposal, or composition, under the Federal Bankruptcy Act of 1898, as amended, contributions then or thereafter due shall be entitled to such priority as is provided in section sixty-four (b) of that act (U. S. C., Title XI sec. 104 (b) as amended).

(g) Refunds. If not later than one year after the date on which any contributions or interest thereon became due, an employer who has paid such contributions or interest thereon shall make application for an adjustment thereof in connection with subsequent contribution payments, or for a refund thereof because such adjustment cannot be made, and the commission or executive director shall determine that such contributions or interest or any portion thereof was erroneously collected, such employer shall be allowed to make an adjust-
ment thereof, without interest, in connection with subsequent contribution payments by him, or if such adjustment cannot be made the said amount shall be refunded, without interest, from the fund. For like cause and within the same period, adjustment or refund may be so made on the initiative of the commission through the executive director.

(h) All interest and penalties collected pursuant to this section shall be paid into the unemployment compensation fund.

2. This act shall take effect immediately.

Approved April 1, 1938.

AN ACT concerning the supervision, by the State Department of Local Government, over certain municipalities in the State.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Purpose. The purpose of this act is to impose special restraints upon municipalities in, or in danger of falling into, unsound financial condition and in this way to forestall serious defaults upon local obligations and demoralized finances that burden local taxpayers and destroy the efficiency of local services.

2. Definitions. For the purposes of this act:

"State Board" or "board" means the Local Government Board of New Jersey.

"Commissioner" means the Commissioner of Local Government.

"Department" means the State Department of Local Government.
"Governing body" means the body exercising general legislative authority within the municipality.

"Municipality" includes a city, town, village, borough, township, special district, or other municipal corporation other than a school district or county.

"Fiscal year" or "year" means the calendar year beginning January first and ending December thirty-first.

"Subject to this act" means that the limitations and supervision provided for by this act are in operation in the municipality.

3. Application of act. The provisions of this act shall take effect in a municipality when, at the end of a fiscal year, any of the following conditions exist:

(1) A default exists in the payment of principal or interest upon bonded obligations or bond anticipation obligations, for which no funds or insufficient funds are on hand and available.

(2) Payments due and owing the State, county, school district or special district, or any of them, are unpaid for other than the year just closed and the year next preceding that year.

(3) An appropriation for "cash deficit of preceding year" in an amount in excess of five per centum (5%) of the total amount of taxes levied upon real and personal property for all purposes in such preceding year, was required to be included in the budget for both the year just closed and for the year next preceding that year.

(4) Less than fifty per centum (50%) of the total amount of taxes levied for all purposes upon real and personal property in the taxing district, in the year just closed and in the year next preceding that year, respectively, were collected during the year of levy. This subsection shall apply only if more than
twenty-five per centum (25%) of the amount of such taxes for such year next preceding remained outstanding at the end of the year just closed.

(5) The appropriation required to be included in the budget for the next year for the liquidation of floating debt in accordance with sections 40:2-21 (d), and 40:2-23 (b) of the Revised Statutes exceeds twenty-five per centum (25%) of the total amount of the local budget (except appropriations for schools and for floating debt) for the year just ended.

If subsections two or five are the only provisions of this section applying to a municipality, the governing body may, by resolution, elect to liquidate its floating debt in accordance with sections 40:2-21 (d), and 40:2-23 (b) of the Revised Statutes. If the governing body adopts a budget accordingly, the provisions of this act shall not apply.

4. Determination by the State Board: Notice and hearing. If the commissioner finds in the course of his annual examination of the approved budget, the statement of current liabilities, the annual financial statement, or any other report, regular or special, filed with the department by a governing body or a municipal officer, that any of the conditions listed in section three exist in a municipality not subject to supervision under sections 52:2-71 to 52:2-76, inclusive, of the Revised Statutes, he shall forthwith give notice to the governing body that the question of the application of this act to that municipality will be placed before the State Board for its determination at a time and place which shall be stated in the notice.

The State Board, at the time and place stated in the notice, shall give the local governing body and any other interested parties an opportunity to be heard. If the State Board finds, after hearing, that any of the conditions listed in section three exist in the municipality, it shall by resolution determine that the provisions of this act are in effect within that municipality.
The provisions of this act shall take effect with respect to such a municipality as of the first day of the fiscal year for which the annual budget is under consideration.

Notice shall be given by registered mail to the clerk of the municipality. Upon receipt of such notice the governing body and municipal officers shall observe the provisions of this act and shall comply with all orders of the commissioner issued under it while the municipality remains subject to its provisions.

5. Limitation on debt. Except as permitted by this section, a municipality subject to this act shall not issue or authorize the issuance of obligations, bonded or otherwise. This limitation shall apply with equal effect to the municipality, the school district, and any special district within the municipality.

This section shall not affect the power:

(1) To issue tax anticipation, tax revenue, emergency or any other obligations of a strictly current character.

(3) To issue obligations in order to comply with an order issued in accordance with law by a State Board, department or other agency.
(4) To issue obligations, with the prior written approval of the State Board, in accordance with any law authorizing borrowing to finance the relief of the poor, the operation of work relief projects, or other measures for the relief of unemployment.

6. Limitation upon appropriations. A municipality subject to this act shall not increase the amount to be raised by taxes on real and personal property for local purposes by more than five per centum (5%) in excess of such amount for the year
next preceding the year in which this act takes
effect in that municipality. This limitation shall
apply with equal effect to the amount to be raised
by taxation within the municipality, for municipal,
school district, and any special district purposes.

This section shall not be construed to authorize
an appropriation of less than the full amount re­
quired for the payment of debt service; or to au­
thorize the abrogation of any covenant entered into
with bondholders.

The limitation of this section may be exceeded,
with the written consent of the State Board, for the
purpose of meeting increased requirements for ap­
propriations made mandatory by law, judgments,
emergencies, debt service, and exceptional amounts
of deferred charges. The excess shall not be
greater than the extent that the requirements of the
total of such appropriations to be made for the
year, exceed the total of all such appropriations
made for the year next preceding the year that this
act takes effect in the municipality.

7. Compliance with requirements of law. The
commissioner may order the governing body or an
officer of a municipality subject to this act to per­
form any duty prescribed by law whether or not a
specific penalty or enforcement procedure is pro­
vided by such law. The orders may be enforced
as authorized by law.

8. Liquidation of floating debt. The State Board
may, under this section, authorize a municipality
subject to this act to liquidate its current debt other
than as required by sections 40:2-21 (d), and
40:2-23 (b) of the Revised Statutes.

The State Board may:

(1) Authorize liquidation at a different rate
or in different installments but in accordance
with a plan which will permit liquidation to
be completed on or before January first, one
thousand nine hundred forty-four.

(2) Authorize liquidation to continue for as
many years as may be necessary to avoid an
appropriaition for the liquidation of all current obligations in any one year, prior or subsequent to one thousand nine hundred and forty-four, of more than twenty-five per centum (25%) of the total amount of the local budget (except appropriations for schools and for floating debt) for the next preceding year.

(3) Authorize the payment of amounts due other jurisdictions in accordance with an agreement entered into between the governing body of the municipality and such other jurisdictions.

Liquidation under this section shall be in accordance with a plan of liquidation adopted by resolution of the governing body and approved by the State Board. A plan so adopted and approved shall be binding upon the municipality and annual appropriations as required by the plan shall be mandatory. A plan shall not be amended except with the prior written consent of the State Board.

The supervision of the State Board shall continue during the application of the plan of liquidation but the limitations of sections five and six shall not apply if the conditions listed in subsections one, three or four of section three do not exist in the municipality.

9. Analysis of financial conditions. The commissioner may at any time, and shall if the governing body so requests, make a special analysis of the financial conditions of a municipality subject to this act. The analysis shall extend to all factors and circumstances contributing to the financial conditions of the municipality and shall if possible, recommend definite steps to be taken to correct such conditions.

10. Consultation and assistance. The commissioner shall extend all possible consultation and assistance to municipalities subject to this act to assist in the improvement of local financial conditions.
11. Duration of supervision. A municipality shall remain subject to this act as long as any of the conditions listed in section three exist.

When the commissioner finds in his annual examination of the approved budget, the statement of current liabilities, the annual financial report, or any other report, regular or special, of financial condition filed in his office, that none of the conditions listed in section three exists in a municipality subject to this act, he shall give notice to the local governing body that the question of the application of this act to that municipality will be placed before the State Board for its determinations at a time and place which shall be stated in the notice.

The State Board, at the time and place stated in the notice shall, after giving the local governing body and other interested parties an opportunity to be heard, determine whether any of the conditions listed in section three of this act continue to exist in the municipality. If the board finds that none of such conditions exists, it shall by resolution determine that the provisions of this act are no longer in effect in the municipality.

The commissioner shall forthwith certify to the governing body that beginning with the year for which the next regular budget is to be adopted, the provisions of this act no longer affect that municipality.

Notice shall be given by registered mail to the clerk of the municipality.

12. Powers of the board. For the purpose of this act the State Board shall have authority to:

(1) Promulgate rules and regulations for the interpretation and administration of this act.

(2) Require, and prescribe the form of special reports to be made by a financial officer or governing body pertaining to the financial affairs of municipalities.

(3) Hold hearings.
13. Powers of the commissioner. For the purposes of this act the commissioner shall have authority to issue and enforce orders as authorized by law for other orders issued by him.

"Governing body" means, in the case of a county, the board of chosen freeholders, and, in the case of a municipality, the commission, council, board, or body, by whatever name it may be known, having charge of the finances of the municipality;

"Fiscal year" means the calendar year beginning on January first and ending on December thirty-first;
CHAPTER 128, LAWS OF 1938 271

The budget of the county or municipality shall be prefaced by an explanatory statement and shall be itemized according to the respective objects and purposes for which appropriations are made. Itemization shall be in the form, classification and detail prescribed by regulations of the State Board. Regulations may provide suitable variations to meet different requirements of various types or classes of counties and municipalities. The itemization, form and arrangement of the budget, as prescribed by the State Board, shall facilitate the exercise of the comptroller function within the county or municipality throughout the fiscal year. Separate items shall be included for, at least:

a. Administration, operation and maintenance of each office, department, institution or other agency of the county or municipality, as the case may be, and for each publicly owned or operated utility or enterprise;

As to initial operation.

g. Such reserves as may be required by this chapter, or deemed advisable by the governing body; and

h. Cash deficit of preceding year to extent provided by section 40:2–27 of this Title.

In parallel columns opposite the several items of appropriation shall be placed the amount appropriated for each such item in the budget of the next preceding fiscal year, as modified by all transfers of appropriations, and the several amounts expended during such year for each such item and any other items, including the actual or estimated amount of liabilities incurred for such items but not paid.

3. Section 40:2–22 of the Revised Statutes is hereby amended to read as follows:

40:2–22. Cash basis. A county or municipality shall be upon a full cash basis when all obligations and disbursements representing lawful expenditures under a budget for the current fiscal year, together with all current obligations and deficits remaining unpaid from all preceding fiscal years are paid or provided for in full from cash reserves and revenues actually collected during such current fiscal year.

A county or municipality shall begin operations upon a full cash basis as provided by sections 40:2–25 to 40:2–28, inclusive, in accordance with the provisions of this section.

Sections 40:2–25 to 40:2–28, inclusive, shall be in operation with respect to the budget of a county or municipality beginning with the first year, prior to one thousand nine hundred and forty-four, in which an appropriation is not required by subsection "d" of section 40:2–21 or subsection "b" of section 40:2–23, and, in any case beginning with the year one thousand nine hundred and forty-four.

If in any year prior to one thousand nine hundred and forty-four, the initial operation in a municipality of sections 40:2–25 to 40:2–28, inclu-
sive, would necessitate a burdensome increase in local taxation, the governing body may apply to the State Board for permission to postpone operation under such sections. If the State Board finds that such operation would be unduly burdensome, it may approve a plan providing for a more gradual transition to the cash basis extending over as many years, prior to one thousand nine hundred and forty-four, as may be necessary to avoid an undue burden. The plan may provide for the appropriation of a "reserve for uncollected taxes" of less than the full amount required by section 40:2-26 and such other methods of transition as the board may find sound and appropriate. Compliance with an approved plan shall be mandatory upon the municipality.

4. Section 40:2-31 of the Revised Statutes is hereby amended to read as follows:

40:2-31. Emergency appropriations. A county or municipality may, in accordance with this section, make emergency appropriations after the adoption of a budget for a fiscal year for a purpose which was not foreseen at the time of the adoption of the budget or for which adequate provision was not made in the budget. Such an appropriation shall be made only to meet a pressing need for public expenditure, for other than a regular or recurring requirement, to protect or promote the public health, safety, morals or welfare prior to the ensuing budget year. An emergency appropriation shall be made only in accordance with subdivisions (1) or (2) of this section, as the case may be. The total amount of all emergency appropriations shall be provided in full by the local governing body as a deferred charge in the budget of the next succeeding fiscal year.

(1) An emergency appropriation which together with all prior emergency appropriations made during the same year, does not exceed three per centum of the total of current operating appropriations made in the budget adopted
CHAPTER 128, LAWS OF 1938

for that year shall be made as follows: The governing body, shall, by resolution adopted by two-thirds vote of all the members, declare that an emergency exists requiring a supplementary appropriation. The resolution shall be in the form and content prescribed by the State Board, and shall set out the nature of the emergency in full. A copy of the resolution shall be filed forthwith with the commissioner.

(2) An emergency appropriation which together with all prior emergency appropriations made during the same year exceeds three per cent of the total current operating appropriations in the budget for that year shall be made as follows: The governing body shall, by resolution adopted by two-thirds vote of all the members, petition the commissioner for permission to exceed the limitation of three per cent. The petition shall be in the form and content prescribed by the State Board, and shall set out the nature of the emergency in full. The commissioner shall consider the petition and, if requested by local taxpayers or by the local governing body, hold a hearing. The commissioner shall, within five days after receipt of the petition, or if a hearing is held, after the hearing, determine whether an emergency exists which requires an excess appropriation, and the amount of expenditure reasonably required. If the commissioner approves an excess appropriation he shall fix the maximum amount for the emergency appropriation. The governing body shall not exceed the maximum amount fixed by the commissioner.

Any county or municipality may borrow money and issue its negotiable notes to meet any such emergency appropriation. Each such note shall be authorized by resolution of the governing body,
shall be designated an "emergency note," and may be renewed from time to time, but all such notes and any renewals thereof shall mature not later than the last day of the fiscal year next succeeding the fiscal year in which the emergency appropriation was made to meet which such notes were issued. The provisions of sections 40:2-40 and 40:2-41, and sections 40:2-43 to 40:2-46 of this Title shall apply to such notes as fully as though such notes were mentioned therein.

For the purposes of this section, an affidavit of a financial officer of the county or municipality shall be a conclusive determination of the total amount of any such emergency appropriations made in any fiscal year and of the amount of all budget appropriations for such year.

5. Capital budgets. The governing body of each municipality and each county shall prepare, approve and adopt a budget for the expenditure of public funds for capital purposes to give effect to general improvement programs. A capital budget shall be a plan for the expenditure of public funds for capital purposes, showing as income the revenues, special assessments, borrowings, receipts from the sale of capital assets, free surpluses, and down payment appropriations to be applied to the cost of a capital project or projects, expenses of issuance of obligations, engineering, supervision, contracts and any other related expenditures.

The budget shall be prepared in accordance with the regulations of and in the form and arrangement and detail prescribed by the State Board. After promulgation of regulations by the State Board, the governing body shall expend or incur obligations for capital purposes only after the adoption of a capital budget, and in accordance with such budget except for the preliminary expense of plans, specifications and estimates.

The State Board shall adopt, and from time to time may amend, reasonable rules and regulations for capital budgets. Regulations may classify the

6. Section 40:2-52 of the Revised Statutes is hereby amended to read as follows:

a. All estimates of revenue are reasonable, accurate, correctly stated and in accordance with the provisions of this chapter and the regulations of the board.

b. Specific items of appropriations enumerated in section 40:2-52 comply with the requirements of this chapter and the regulations of the board.
c. Items of appropriation are fully and correctly stated.

d. In itemization, form, arrangement and content, the budget will permit the exercise of the comptroller function within the municipality or county.

e. In all other respects the budget complies with the requirements of law and the regulations of the board.

The commissioner shall approve the budget if he finds that all requirements of law and of the regulations of the board have been met. The commissioner shall refuse to approve the budget if the requirements of law or of the regulations of the board have not been met. The commissioner in refusing to approve a budget shall not substitute his discretion with respect to the amount of an appropriation where such amount is not made mandatory because of the requirements of law.

The commissioner shall certify the result of his determination to the governing body immediately. If the budget is not approved, a full statement of reasons with instructions for correction of the budget shall be transmitted with notice of refusal to approve. A governing body shall not finally adopt a budget until a certification of approval by the commissioner has been received. If the budget is not approved, the certification of the commissioner shall be published at least once in a newspaper of general circulation within the municipality. Cost of publication shall be paid by the county or municipality as the case may be.

A governing body shall amend a disapproved budget in accordance with the instructions of the commissioner except that the governing body may petition the State Board for a hearing upon the budget. If a petition for hearing is filed with the State Board, the commissioner shall postpone the time for final adoption of the budget as required by section 40:2-10 to permit a reasonable oppor-
portunity for hearing and redetermination in accordance with this section.

If an aggrieved party applies for judicial review of a final determination made by the State Board, the local governing body shall, nevertheless, adopt the budget in accordance with the board’s determination, subject to such subsequent adjustment as may be consonant with the court’s decision.

If the final decision of the court is adverse to the board’s determination, the commissioner shall, forthwith, by written order, authorize the immediate amendment of the budget by resolution of the local governing body, in accordance with the court’s decision.

8. Section 40:2-54 of the Revised Statutes is hereby amended to read as follows:

40:2-54. Examination and certification of statement of current liabilities. The commissioner shall examine the statement of current liabilities filed pursuant to section 40:2-47, and shall determine whether such statement is in accordance with the requirements of law and the regulations of the board. The commissioner shall approve the statement if he finds that the statement is in accordance with requirements of law and the regulations of the board. The commissioner shall disapprove and reject the statement if he finds that the statement does not so comply.

The commissioner shall make his determination within eighteen days after the date of filing in his office, and shall forthwith certify the determination to the local governing body. If the commissioner disapproves the statement he shall also certify to the governing body the reasons for disapproval together with instruction for the correction of the statement. The commissioner, after a reasonable time has been allowed for correction, may order the local governing body to correct its statement and file it forthwith in his office.
Section amended. 9. Section 40:2-55 of the Revised Statutes is hereby amended to read as follows:

40:2-55. Investigation; enforcement of orders. For the purposes of this chapter the commissioner may hold hearings and make such investigation as may be appropriate to the exercise of his powers, in accordance with law.

A final order of the commissioner shall be binding upon the governing body and shall be complied with. The commissioner may apply for compulsory process to enforce an order in accordance with law.

If a governing body fails or refuses to comply with a final order of the commissioner, the members of a governing body who willfully fail or refuse to comply shall each be subject to a personal penalty of twenty-five dollars ($25.00) for each day after the date fixed for final action, that failure or refusal to comply continues. The board may classify municipalities and counties in accordance with different types of accounting requirements and may prescribe a suitable variation of the uniform system to apply to each class. The use of the system when prescribed, shall be mandatory in accordance with the regulations of the State Board. This section shall not be construed to prevent the commissioner, with the consent of the State Board, from approving the continued use of a system used by county or mu-

Reasonable notice of the decision of the commissioner to make the regular audit in a municipality or county shall be given to the governing body.

Such charges shall represent, as nearly as possible, the actual cost of the service but shall not exceed twenty-five dollars ($25.00) per diem for each person actually engaged.

The cost of services, as determined by the State Board, shall be paid by the political subdivision receiving them. The cost may be recovered, in the name of the State, by the commissioner as a con-
tractual debt in any court of competent jurisdiction. All costs received or collected shall be paid forthwith into the State treasury.

26. Form of reports and financial statements. The State Board shall prescribe the forms upon which financial statements and other reports pertaining to local financial affairs shall be made. An action to recover any penalty incurred under the provisions of this act may be brought in the name of the State of New Jersey by any duly appointed weights and measures officer by complaint in writing, duly verified by such weights and measures officer, which verification may be upon information and belief, or may be verified by the complaining witness to be filed with any magistrate of any municipality in this State alleging the violation in said municipality of any of the provisions of this act or acts supplementary thereto or amendatory thereof, who is hereby authorized to
issue a summons returnable in from one to ten days from the date thereof, same to be served not less than two days prior to the return thereof, or a warrant directed to any weights and measures officer, or to any constable or police officer, commanding him to cause the person or persons so complained of to be summoned or arrested and brought before such magistrate, who shall at the return of the said summons or warrant forthwith in a summary way hear and determine the guilt or innocence of such person or persons, and upon conviction shall impose upon such person or persons so convicted the penalty or penalties prescribed for such offense, together with the costs of prosecution of the proceedings before such magistrate, and if any person or persons shall fail to pay the penalty or penalties, so imposed, together with the costs of prosecution, execution shall be issued against his or their goods and chattels, body or bodies without any order of the court for that purpose first had and obtained. If the officer executing any such writ shall be unable to find sufficient goods and chattels of said defendant or defendants in his bailiwick to make the amount of said judgment and costs, he shall take the body of the defendant or defendants and deliver him or them to the keeper of the common jail of said county for a period not to exceed ten days, except as may be otherwise in this act in this respect provided; or until said penalty and costs are sooner paid; provided, however, that the defendant or defendants may be released upon order of the magistrate before the expiration of any imprisonment, prescribed in default of payment of any judgment, upon the written order of the committing magistrate or a justice of the Supreme Court, in the discretion of said judicial officer, after one day's notice of time and place of application for such order to the State Superintendent of Weights and Measures. It shall be the duty of the city attorney of any municipality wherein such violation shall take place to assist in the prosecution of the same, unless such

All fines and penalties collected from persons offending against the provisions of this act shall be paid by the magistrate receiving the same, when recovered by a State weights and measures officer, to the State Treasurer; when recovered by a county weights and measures officer, to the county collector of such county; and when recovered by a municipal weights and measures officer, to the municipality which such officer represents.

For violation of any of the provisions of this act, done within the view of any weights and measures officer, such weights and measures officer is authorized, without warrant, to arrest the offender or offenders and to conduct him or them before any magistrate having jurisdiction in such county wherein such arrest is made and offense committed, and such magistrate is hereby authorized and required on verified complaint in writing, setting forth the nature of the offense for which said arrest was made, to be filed then and there with such magistrate, before the commencement of the hearing, to hear and determine in a summary way the guilt or innocence of such person or persons, and inflict the penalties provided by law.

appeal shall be dismissed for want of jurisdiction
in the court appealed to, in which case the magis-

upon the remanding and dismissal of the appeal
papers to said magistrate with certified copy of the
order of dismissal as aforesaid.

Whenever an appeal shall be taken as aforesaid,
it shall be the duty of the magistrate, to send all
papers, together with a transcript of the proceed­

common pleas of the said county, if at least five
days shall intervene between the rendition of said
judgment and the commencement of said term of
court; but, if otherwise, then said proceeding shall
be brought on and heard at the next subsequent
term of said court which court shall hear and de­

as said case was heard and determined by such
magistrate, who shall render final judgment there­
in, upon which judgment in case of affirmance of
conviction, execution directed to the sheriff as
herein provided, may issue; provided, however,
that if the defendant shall be committed to jail
under any execution provided for in this act, on
failure to pay the amount due of penalty and costs,
such commitment shall be construed as a waiver
and release of any appeal bond previously given
in the proceeding.

Such boards are hereby created corporate entities with power to sue and be sued, to use a common seal, and to make by-laws. CHAPTER 195

An Act to regulate the production, processing, collection, storage, transportation, importation and sale of goats' milk.

WHEREAS, Legislation now existing, dealing with milk, its production, handling and sale, is specifically restricted to cow milk; and

WHEREAS, The production of goat milk in this State, although now small in volume, is increasing and is engaged in without uniform and necessary regulations; and

WHEREAS, It appears that the milk goat and its milk present problems different from those treated in legislation covering cows and their milk; and

WHEREAS, It appears that goat milk is consumed largely by persons of unsound health and by infants as a substitute for human milk, and that its food and medicinal uses require that goat milk should be standardized and regulated by a
State-wide code, to the end that the industry may be developed under proper supervision, avoiding conditions which might tend to introduce into this type of milk producing animal, presently healthy and generally immune, various types of animal diseases; and

Preamble. WHEREAS, It appears advisable for the purposes aforesaid to enact legislation here following for the purpose of furnishing a lawful background for the guidance of those interested in the development of this industry, and for the protection of the public health; therefore,

Any such sale, exchange, lease or other disposition may be authorized by resolution of the governing body and, subject to the consent of the commission as aforesaid, may be at public or private sale, through a broker, agent or otherwise, for cash or upon credit, for such consideration, and subject to such conditions and commissions, as the governing body in its discretion may determine. All moneys received by the municipality from any such sale, exchange, lease or other disposition shall, if the commission so provide, be paid only to the account of the reserve fund referred to in section 52:27-25 of this Title.

The governing body of any municipality in which the commission is or may be functioning may, upon the express consent in writing of the commission, adopt an ordinance providing for the establishment
of a board in the municipality to manage and effect the liquidation of assets theretofore acquired by the municipality (and accruals thereto) consisting of real estate or rights or interests therein acquired by virtue of the enforcement of taxes or special assessments and certificates of tax sale or tax titles standing in the name of the municipality. The function of said board shall be to exercise its powers and perform its duties in such fashion as to liquidate such assets as soon as reasonably possible by the realization of reasonable amounts thereon in cash. Without limitation of the foregoing, the powers and duties of said board to manage and effect such liquidation may include power to require the sale or other disposition of such assets or the compromise of sums due to the municipality in respect thereto, subject to such restrictions as such ordinance may provide. The ordinance shall set forth in particularity the powers and duties of said board and shall determine the size of the membership of the board, and shall fix the terms of office of the members of the board and their qualifications and compensation and the method of computing and paying their compensation and the expenses of the board. The ordinance may provide that the compensation of the members of the board shall be determined, in whole or in part, by the justice of the Supreme Court presiding in the courts of the county in which the municipality is located, and it shall be the duty of said justice of the Supreme Court from time to time to make such determination in accordance with the terms of the ordinance. The members of said board may or may not be residents of the municipality and their terms of office may extend for such period as the ordinance may provide. The ordinance may provide that for all the purposes of the local budget law (R. S. section 40:2-1 et seq.) said board shall constitute and be governed as a publicly owned or operated utility or enterprise, or may provide that the compensation of the members of the board and the expenses of the board may
be paid out of the proceeds of such liquidation without further budget or other appropriation or tax levy therefor. Upon the adoption of the ordinance, the clerk of the municipality shall file a certified copy thereof with the justice of the Supreme Court presiding in the courts of the county in which the municipality is located, and it shall thereupon and thereafter be the duty of said justice of the Supreme Court to appoint the members of said board, and their successors from time to time, in accordance with the terms of the ordinance. It shall be the duty of the governing body and all other officers of the municipality to do and perform all such acts and things as may be required by said board in order for said board to fulfill its function in accordance with the terms of the ordinance and of this section except when, with respect to any particular such act or thing, the governing body shall adopt a resolution questioning the necessity or advisability thereof in order for said board to fulfill its function in accordance with the terms of the ordinance and of this section. Such resolution shall become of no further force and effect ten days after the adoption thereof unless the clerk of the municipality shall have filed a certified copy thereof with the justice of the Supreme Court presiding in the courts of the county in which the municipality is located. Upon such filing it shall be the duty of said justice of the Supreme Court, upon such notice to the board and other interested parties as said justice may direct, to make a summary investigation into the facts and for that purpose he shall have the power to subpoena witnesses and call before him any officers or employees of the municipality or of the board. Said justice shall determine whether said particular act or thing required by the board is necessary or advisable in order for the board to fulfill its function in accordance with the terms of the ordinance and of this section. He shall embody his determination in an order and file the same, together with the said resolution, in the office of the clerk of the Supreme Court.
Court. Upon the filing of such order embodying an affirmative determination, the said resolution of the governing body shall be of no further force and effect, and the governing body and other officers of the municipality shall proceed to do and perform such act or thing. If his determination is in the negative the requirement of the board shall be without force or effect and neither the governing body nor any officer of the municipality shall be under any duty to do and perform such act or thing.

such termination during which period the death benefit provided by the group insurance policy shall remain in force, in any one of the level premium forms customarily issued by the company, except term insurance, in an amount equal to the amount of his protection under the group insurance policy at the time of such termination.

j. That in the case of insurance as provided in clause (b) of the first paragraph of section 17:34-31 of this Title the company will furnish to the policyholder for delivery to each member who is insured under the policy, a form which shall contain a statement that the life of the member is insured under the policy and that any death benefit received thereunder by reason of his death shall be applied by the policyholder to the discharge of the indebtedness.

k. That to the group or classes thereof eligible for insurance shall be added from time to time all new employees of the employer or members, in the group or classes.

l. That the policy shall participate in the surplus of the company and that the company shall determine annually the amount of the divisible surplus accruing on the policy and that the policyholder shall have the right to have the dividend arising from the participation paid in cash unless another dividend option contained in the policy has been elected and that any policy dividend may be applied to reduce the policyholder’s part of the cost of such insurance. This provision shall not be required in nonparticipating policies.

Any policy of group life insurance may be issued or delivered in this State which in the opinion of the commissioner contains provisions on any one or more of the several foregoing requirements more favorable to the employer and to the employee or member than hereinbefore required.

Such corporations may enter into and make an agreement of such merger or consolidation under their respective corporate seals, prescribing its terms and conditions, the amount of its capital and the number of shares into which such capital is to be divided. The agreement shall contain the
charter under which the business is to be conducted, which may conform to the provisions of either one or more of the charters of the merging or consolidating corporations or to the provisions of the laws of this State governing corporations transacting the kinds of insurance specified in such charter, and which shall be the charter of the corporation resulting from the merger without further amendment. Every such proposed agreement shall before the execution thereof be presented to the Commissioner of Banking and Insurance for his approval as to form, and such agreement shall, after the execution thereof, have the approval of the Commissioner of Banking and Insurance thereto indorsed thereon.

2. Section 17:27-2 of the Revised Statutes is hereby amended to read as follows:

17:27-2. The agreement must be assented to by vote of the majority of the number of directors of each corporation and must be approved by the votes of stockholders owning at least two-thirds of the stock of each corporation voted in person or by proxy at a meeting called separately for that purpose, upon notice stating the time, place and object of the meeting, served at least thirty days previously upon each stockholder personally or mailed to him at his last known address and also published at least once a week for four weeks successively in some newspaper printed in the county where such corporation has its principal office, and there shall be indorsed upon the agreement a certificate of the secretaries of the respective corporations under the seals thereof to the effect that the same has been assented to by such votes of the directors and approved by such votes of the stockholders.

17:27-3. Any one or more insurance corporation or corporations organized under the laws of this State is or are hereby authorized to merge or consolidate in the manner hereinabove provided with
a corporation or corporations organized under the laws of another State, or States, or territory or territories, of the United States, duly admitted to this State and authorized to transact therein the same kinds of insurance as transacted by such corporation, or corporations, organized under the laws of this State, if such merger or consolidation is authorized by the laws, or approved by the insurance supervising officials, of the State, or States, or territory, or territories, in which such foreign corporation, or corporations, is, or are, incorporated. Such domestic corporation or corporations shall comply with all of the requirements specified in the two preceding sections as to the terms and conditions of the merger or consolidation agreement and the steps to be taken and acts to be performed for the adoption, execution and approval thereof. Such foreign corporation or corporations shall comply with all of the requirements of the laws or the requirements of the supervising insurance official of the State or States, or territory or territories, under which it is, or they are, incorporated regulating the terms and conditions of such merger or consolidation agreement and the steps to be taken and acts to be performed for the execution, adoption, and approval thereof. If the domicile of the corporation formed by or resulting from such merger or consolidation between a domestic corporation or corporations, and a foreign corporation or corporations, shall by the agreement be fixed or located in a State other than this State, such merger or consolidation shall not take effect unless said agreement shall contain a provision appointing the Commissioner of Banking and Insurance of this State to be the true and lawful attorney of such corporation in and for this State, upon whom all lawful process in any action or proceeding against the corporations involved in such merger or consolidation may be served with the same force and effect as if the corporation formed by such merger or consolidation was a domestic corporation, but
such appointment of the Commissioner of Banking and Insurance of this State as such attorney to receive process shall not be deemed, in anywise, to authorize the corporation formed by or resulting from such merger or consolidation to transact business within this State unless such corporation shall otherwise comply with the law of this State as respects its admission to transact business in this State.

4. Section 17:27-4 of the Revised Statutes is hereby amended to read as follows:
   17:27-4. Upon filing such agreement of merger or consolidation with such certificate of the secretaries and approval of the Commissioner of Banking and Insurance indorsed thereon, in the office of the Commissioner of Banking and Insurance and the duplicate or certified copy thereof in the office of the clerk of the county or counties where the office or offices of the domestic contracting corporation or corporations is, or are, located, such agreement may be carried into effect as provided therein. The corporation so formed by or resulting from such merger or consolidation may require the return of the original certificates of stock held by each stockholder in each of the corporations involved in such merger or consolidation, and issue in lieu thereof new certificates for such number of shares of its own stock as such stockholders may be entitled to receive.

5. Section 17:27-5 of the Revised Statutes is hereby amended to read as follows:
   17:27-5. Rights of creditors and pending actions unaffected. Upon such merger or consolidation, all the rights, franchises, and interests of the corporations so merging or consolidating in and to every species of property and things in action belonging to them, or either of them, shall be deemed to be transferred to and vest in the corporation resulting from such merger or consolidation, without any other deed or transfer, and the merged or consolidated corporation shall hold and enjoy the same to the same extent as if the merging or con-
solidating corporations, or either of them, had continued to retain their titles and transact business. The merged or consolidated corporation shall succeed to all the obligations and liabilities of the merging or consolidating corporations, or either of them, and shall be held liable to pay and discharge all such debts and liabilities in the same manner as though they had been incurred or contracted by it. The stockholders of the merging or consolidating corporations shall continue subject to all the liabilities, claims and demands, existing against them, or either of them, before such merger or consolidation took place. Any action or proceeding pending at the time of the consummation of the merger or consolidation in which either or all of the merging or consolidating corporations may be a party, shall not abate or discontinue by reason of the merger or consolidation, but the same may be prosecuted to final judgment in the same manner as if the merger or consolidation had not taken place; or the merged or consolidated corporation may be substituted in place of any corporation involved in such merger or consolidation by order of the court in which the action or proceeding may be pending. So far as they may be applicable, the provisions of this section shall apply to all corporations heretofore merged or consolidated. If the domicile of the corporation formed by or resulting from such merger or consolidation between a domestic corporation or corporations and a foreign corporation or corporations shall by the agreement be fixed or located in this State, such resulting domestic corporation shall thereafter, in addition to all other taxes now or hereafter required to be paid by domestic insurance companies, pay a tax in the same amount and manner as required of foreign insurance companies by sections 17:32-7, 54:17-1 to 3, and 54:18-1 to 7.

17:27-5A. In case, for any reason, any section, part of section, clause or provision of this act shall be questioned in any court, and determined to be
unconstitutional or invalid, then in that event all the provisions of the entire sections 17:27–3–4 and 5, shall likewise become invalid and inoperative and of no force and effect, it being the intention that this act shall be effective in its entirety only and not otherwise.

b. After the expiration of the said first ten years and in lieu of the reserve required by the preceding paragraph "a," every such company shall, at the end of each month thereafter, set up and accumulate a similar reserve of two per centum (2%) of the total of said gross fees and premiums received or to be received on account of policies issued during the preceding calendar month and during the one hundred nineteen immediately preceding calendar months for title insurance, examinations or searches of title, and for abstracts of title, written, issued, or performed, as the case may be; and at the end of every such calendar month there-

9. Section 17:24-7 of the Revised Statutes is hereby amended to read as follows:
   17:24-7. A company organized under chapters seventeen to thirty-three of this Title (§17:17-1 et seq.), to transact the business authorized by paragraph “h” of section 17:17-1 of this Title, may also, with its capital and surplus, take, buy, sell and deal in first mortgages on real estate, and, also, may act as agent for investors in and the holders of mortgages and interests therein, in the purchase, sale, and servicing thereof; provided, that no contract of insurance or guaranty or other obligation to pay money be incurred in connection with such managing or servicing beyond the obligation of accounting for funds received.
   Companies incorporated and authorized to conduct the business of insuring titles under charters issued prior to the enactment of this amendment...
shall enjoy all of the powers given by this act as amended and all of the powers they enjoy under their existing certificates of incorporation; provided, however, that they shall not be permitted to write any new contracts guaranteeing payment of principal and interest of bonds and mortgages, or shares or parts of mortgages, or mortgage participation certificates, or shares or parts of bonds secured by mortgage, or bonds secured by trust mortgage, or participation certificates or coupon bonds entitling the holder to a proportionate share in a series or number of mortgages and bonds, or extensions or renewals thereof, or other obligations directly or indirectly secured by bonds and mortgages, except such contracts of guaranty as may be issued or made by way of extensions, substitutions, refunding issues of bonds or participations, or otherwise in performing existing contracts of that character.

d. Obtains from the commissioner a certificate that it has complied with all the requirements of this subtitle applicable to it, and is authorized to transact business in this State. This certificate shall expire on May first of the following year, and shall be renewed each year before the first day of May; provided, that all such certificates outstanding and in force at the date of the passage of this act shall continue in full force and effect until the first day of May next following the approval of this act, unless sooner revoked by the commissioner in accordance with section 17:32-14 of this Title; and provided, further, that no such certificate shall be issued by the commissioner if, in the judgment of the commissioner, the name of such company shall so closely resemble the name of any existing company authorized to transact business in this State as to be likely to mislead the public, unless such company shall agree to use, wherever its name shall appear or be used by it in connection with the transaction of business in this State, in type of equal size and prominence, the name of the State in which incorporated.

   (c) To make loans to any other credit union operating under the provisions of this act or operating in this State under the provisions of the Federal Credit Union Act; provided, however, that the aggregate of all loans to other credit unions shall not exceed twenty per centum (20%) of its share liability and no credit union shall loan to any other credit union more than twenty per centum (20%) of the share liability of such other credit union;
(d) To invest in or purchase any security in which savings banks of this State are authorized by law to invest; provided, that no such credit union shall invest in real estate or bond and mortgage loans, nor shall any such credit union make any investment in securities not permitted under the terms of this act; and provided, that investments, other than in loans to members, shall be made only from funds not needed for loans to members except when the board of directors of any such credit union deems it advisable to invest in other securities for the purpose of maintaining the liquidity of such credit union or maintaining a proper balance in its investment portfolio;

(e) To charge, contract for and receive interest on loans at a rate not to exceed one per centum (1%) per month; and such interest shall not be payable in advance, or compounded, and shall be computed on unpaid balances; provided, that no further or other charge or amount whatsoever for examination, service, brokerage, commission or otherwise shall be directly or indirectly charged, contracted for or received on loans, in addition to the interest herein provided for, except the lawful fees, if any, actually and necessarily paid out on any such transaction to any public officer for filing or recording or releasing in any public office any instrument securing the loan, which fees may be collected when the loan is made, or at any time thereafter, and except on actual sale of the security in foreclosure proceedings or upon entry of judgment; and provided, further, that in addition to the foregoing attorneys fees not to exceed ten per centum (10%) or ten dollars ($10.00), whichever is highest, may be added to the principal amount of any loan of any such credit union resolved into judgment or placed in the hands of any attorney for collection after default thereon and such addition to the principal amount shall be collectible in any court of com-

4. Any credit union may amend its certificate of incorporation in the following manner: The board of directors shall pass a resolution declaring such amendment to be advisable and calling a meeting of members to take action thereon. The meeting shall be held upon not less than ten days' notice given personally or by mail. missioner of Banking and Insurance; and the com-
mis·sioner may, in his discretion, refuse to approve
any such amendment if it shall appear to him that
the best interests of the members of such credit
union and of the public will not be served thereby;
and provided, further, that it shall not be necessary
for any credit union to amend its certificate of in-
corporation in order to change the name of its
registered agent or the location of its office, but such
change of registered agent or location of office may
be accomplished by resolution of the board of direc-
tors of which a copy certified in the name of and un-
der the seal of such credit union by the president or
vice-president and attested by the secretary or as-
sistant secretary shall be filed in the office of the De-
partment of Banking and Insurance; and no such
resolution changing the location of the office of any
such credit union shall be adopted until the Com-
mis·sioner of Banking and Insurance shall have
first given his consent thereto in writing.

5. The membership of any such credit union shall
be limited to a group composed of:

(a) Persons employed within any one
county of this State by a common employer; or
(b) Members of a church parish or church
congregation or society consisting solely of
members of such church parish or of such
church congregation; or

strumentality created by agreement, treaty or
compact between the State of New Jersey and
any other State; or employees of the Federal
Government or any department, board, com-
mission, agency or instrumentality thereof
whose place or places of employment are
within a county of the State of New Jersey; or

defined rural area having not more than two
thousand five hundred population; or

provided, however, that any corporation, associa-
tion, or partnership, the stockholders or members
of which are eligible for membership in any credit
union, may become a member thereof but shall not
borrow therefrom; and provided, further, that no
corporation, association or firm shall be eligible
for membership in any credit union when the share
liability of such credit union exceeds the principal
amount due such credit union on notes and other
obligations of members by more than twenty-five
per centum (25%) of such principal amount; and
provided, further, that membership in any credit
union shall be limited to a group existing under
circumstances which will afford the officers, direc-
tors and committees of such credit union reasonable
opportunity to observe the character, financial re-
ponsibility and financial needs of the members
terof; and provided, further, that the Commissi-
oner of Banking and Insurance shall have power,
in his discretion, notwithstanding the provisions of
this act, to authorize, on terms, any credit union
existing at the time of the taking effect of this act
to continue to accept memberships from the group
to which its membership was limited by the provi-
sions of its charter and the applicable laws of this
State as said charter and said laws existed prior
to the taking effect of this act.

6. Every credit union shall, by majority vote of
its members and without regard to the number of
shares held by each, adopt a set of by-laws not in-
consistent with the laws of this State for the regu-
lation of its business as it deems proper and may alter and amend the same from time to time in the manner therein provided. A copy of said by-laws and all alterations thereof and amendments thereto, certified by the secretary, shall be filed in the Department of Banking and Insurance within thirty days after their adoption. No by-laws or alterations thereof shall become effective until the same shall have been approved in writing by the Commissioner of Banking and Insurance and filed in the Department of Banking and Insurance. The commissioner shall, within thirty days after application shall have been made for the approval of any such set of by-laws or amendment or alteration thereof, act upon the same by approving or rejecting the same in writing and shall, within such time, give written notice of his decision to the applicant and shall file a copy of his written approval or written rejection, as the case may be, of said by-laws or alteration or amendment thereof in the Department of Banking and Insurance. No writ of certiorari shall issue unless application therefor be made within sixty days after the giving of the notice as aforesaid; and in all cases of writs of certiorari brought to review any such decision of the commissioner, whether before the Supreme Court or any justice thereof, the court or justice thereof, as the case may be, shall determine all questions both of fact and of law touching the legality and reasonableness of the decision and if the court or justice thereof shall find that the decision is unlawful or unreasonable the court or justice thereof shall order that the decision be set aside and make such other orders touching thereon as to the court or justice thereof may seem proper. Thereupon the commissioner shall, in writing, enter an order rejecting or approving said by-laws or alteration or amendment thereof in accordance with the determination of the court or justice thereof, file said order in the department and give written notice thereof to the applicant.
7. The first meeting of the members of each credit union incorporated under the provisions of this act shall be called within ten days after the filing of the certificate of incorporation by a notice signed by a majority of the incorporators designating the time, place and purpose of the meeting, which notice shall be given personally or by mail to each of the members proposed in the certificate of incorporation at their respective addresses as shown by said certificate of incorporation. Such notice shall be given at least five days before the date on which the first meeting shall be held; provided, however, that any notice of any meeting held pursuant to the provisions of this act may be waived in writing by a waiver of notice signed by all of the persons entitled to receive the same and any meeting may be held at the time and place and for the purpose fixed in such waiver of notice. At such first meeting or any adjournment thereof the members present by majority vote and without regard to shares held by each shall elect from their number a board of directors, not less than seven in number, a majority of whom shall be residents of the State of New Jersey and shall transact such other business as may properly come before them. An annual meeting of the members of each such credit union shall be held in January of each year on a date to be fixed in the by-laws for the election of directors and the transaction of such other business as may properly come before such meeting. Notice of such meeting shall be given to the members of such credit union in the manner prescribed in the by-laws. The by-laws of each such credit union shall prescribe the number of members necessary to a quorum at any such meeting but less than a quorum shall have power to adjourn any such meeting from time to time. Regular and special meetings of members may be held in the manner prescribed in the by-laws. At all member meetings a member shall have but a single vote without regard to the number of shares such member may own. No member shall be entitled to cast his vote
by proxy at any regular or special meeting of
members; provided, however, that a member other
than a natural person shall have the right to cast
a single vote through a delegated agent.

8. The business and affairs of every credit union
shall be managed and directed by a board of not
less than seven directors, a majority of whom
shall be residents of this State, who shall be mem-
ers at the time of assuming their respective offices
and shall have the qualifications and be of the
number the by-laws provide. At least one-third
of the directors shall be elected by the members at
the annual meeting in each year. When the office
of any director, committee member or officer,
elected by the members, shall become vacant the
board of directors shall fill the same until the next
annual meeting of members. Each director and
each member of the credit committee of such credit
union shall before entering upon the duties of his
office take and subscribe, before an officer legally
qualified to administer oaths, an oath or affirmation
swearing or affirming, as the case may be, that he
is a member of such credit union, that he will accept
the position to which he has been elected or ap-
pointed, and that he will, so far as the duty de-
volves upon him, diligently and honestly administer
the affairs of such credit union and will not know-
ingly violate or knowingly permit to be violated any
of the provisions of this act. The written oaths of
office shall be filed with the secretary of each such
credit union and be a permanent record of such
credit union. If any such director or committee
member shall fail within a reasonable time after
his election to take and subscribe the oath pre-
scribed by this section the board of directors of
such credit union shall have power to declare his
position vacant. If any such director or committee
member shall violate the provisions of his oath the
board may, by a vote of two-thirds of the members
present at any meeting of the board of which notice
shall have been given to each director and to the
committee member, if any, affected, declare the
9. The members of each such credit union shall elect from the membership, for terms to be provided in the by-laws, a committee, not less than three nor more than five in number, which shall be known as the credit committee. It shall be the exclusive duty of the credit committee to receive written applications for loans from members of any such credit union, pass on the same and order the proper officers of such credit union, in writing, to disburse such loans out of available funds; provided, however, that this section shall not be construed to take away from the board of directors its control over the general loaning policy of any such credit union or its power to make general regulations pertaining to loans. At all meetings of any such credit committee a majority of the members thereof shall constitute a quorum; and no member loan shall be ordered to be disbursed by any such credit committee unless the application therefor shall have been approved, in writing, by all of the members of the credit committee present at the meeting at which such loan was considered. No member loans shall be approved except at meetings of the credit committee and the committee shall appoint a chairman and a secretary and such other officers as it deems necessary. It shall be the duty of the secretary of any such credit committee to keep permanent minutes of all of its meetings.

10. The members of each such credit union shall annually elect a committee of not less than three members who shall not be officers, directors or members of the credit committee of such credit union, which committee shall be designated the examining committee. It shall be the duty of such examining committee, annually, to make or cause to be made a thorough audit and examination of the condition of such credit union including a verification of member accounts as of December thirty-first of each year. The report of the examining committee shall be signed and sworn to by the
members of the committee and filed with the board of directors on or before the twenty-fifth day of January following. The examining committee of any such credit union shall also perform such other duties as may be provided in the by-laws of such credit union.

11. Every credit union organized under this act shall have a president, a vice-president, a secretary and a treasurer who shall be chosen either by the board of directors or by the members as the by-laws may direct, and shall hold their offices until others are chosen and qualified in their stead; the president shall be chosen from among the directors. The secretary shall be sworn to the faithful discharge of his duties and shall record all the votes of the credit union and of the directors in a book to be kept for that purpose. The board of directors of each such credit union shall require the treasurer and every other officer, director, employee or agent handling or having the custody or charge of money or securities belonging to the credit union, before entering upon his duties, to give bond in adequate amount and with good and sufficient surety, which shall be a surety company authorized to transact business in this State, and such bonds shall be approved by the board of directors of such credit union. The board shall examine annually all the bonds and pass on their sufficiency and if insufficient immediately require new or additional bonds. The failure of any person to comply at once shall be ground for his summary removal by the board. The commissioner may at any time order the bond of any such person to be increased. All officers shall perform such other duties as shall be assigned to them. Any such credit union may compensate its officers and committee members for their services in an amount to be provided by the by-laws of such credit union; provided, however, that the Commissioner of Banking and Insurance may, at any time, reduce the amount of such compensation if in his judgment it is excessive.
12. Any person may become a member of any such credit union upon payment of an entrance fee of twenty-five cents (25c), payment of an initial installment on a share or shares, acceptance of his membership by the proper authorities of such credit union in the manner prescribed in its by-laws and compliance with any other qualifications required by the by-laws; provided, however, that no person may become a member of such credit union who is not within the group to which membership shall have been limited by the terms of its charter. Minors over the age of sixteen years may become members and enjoy all of the rights and privileges and incur all of the obligations and liabilities of members; and, notwithstanding legal disabilities to which they might otherwise be subject, either by statute or otherwise, any minor may make any and all contracts, in exercising his membership privileges with the credit union of which he is a member, which any other of its members could make with it and any such contract of a member who is a minor shall be binding and enforceable against such member in the same manner as if he were of full age at the time of entering any such contract. Any nonmember who may, by assignment, as legal representative, trustee, or otherwise, acquire title to the shares of a member shall be entitled to withdraw such shares on the same basis as a member would be entitled to withdraw them but, unless he shall become a member, he shall have no other rights of membership. The pledging of shares in whole or in part by a member shall not terminate his rights as a member. Any member of any such credit union may be expelled at any meeting of the board of directors of which he shall have had notice by a two-thirds vote of the members of the board present at such meeting and a member who has been expelled may be reinstated under like conditions. Upon termination of membership in any such credit union in any manner the balance, if any, credited to the account of the member at the time of termination shall be paid to the person
or persons entitled to receive it in the same manner and subject to the same conditions as if the member had withdrawn from such credit union. Any member of any such credit union whose membership has been terminated by withdrawal, expulsion, retirement or otherwise, upon the payment of the balance credited to his account shall have no further rights against such credit union. No credit union shall, by reason of having issued shares to its members be construed to be a capital stock corporation or to have capital. The contract of membership in any such credit union shall be deemed to be expressed by its by-laws, its certificate of incorporation and the applicable laws governing such credit union; but such contract of membership may be changed insofar as such laws are concerned by the Legislature, insofar as its certificate of incorporation is concerned by an amendment thereof and insofar as its by-laws are concerned by an amendment of its by-laws or the adoption of new by-laws in whole or in part and no such change in its certificate of incorporation, in the laws governing it or in its by-laws shall be construed to be an impairment of the obligation of contract or a taking of property of any member; and membership in every such credit union shall be deemed to be subject to that hazard.

13. The shares of every credit union may be withdrawn by the member upon giving such written notice, not exceeding thirty days, as its constitution shall provide. Upon withdrawal from any such credit union, the amount credited upon such shares, less fines or other obligations of the withdrawing member to such credit union, shall be paid to the withdrawing member in the manner hereinbefore provided. This section shall not be construed to prevent a reduction of the share liability of any such credit union to its members for the purpose of providing for losses or anticipated losses or reserving against them. Withdrawals shall be paid in the order in which notices of withdrawal shall have
CHAPTER 293, LAWS OF 1938

Net receipts available. One-half of the net receipts of any such credit union in each fiscal month shall be made available so far as necessary for the payment of withdrawals and additional sums may be made available; and the words "net receipts" as used in this section shall be construed to mean the moneys, other than borrowed moneys, received by any such credit union less moneys used for operating expenses, moneys used to pay creditor obligations, moneys used for the conservation, preservation or protection of the property and assets of such credit union and moneys reserved for any of such purposes. If at the end of any fiscal month the funds of any such credit union required to be made available together with such other funds, if any, made available for such purpose by the board of directors shall be insufficient to pay all withdrawals then due and payable, the board of directors shall, so far as possible, pay out of such funds, on account of the sum due to each member who has filed notice of withdrawal, in the order in which the notices have been filed, a sum equivalent to the value of one share or the balance due, whichever is less, and if the available funds shall not thereby be exhausted or become inadequate, shall, so far as possible, again pay on account of the sum due to each withdrawing member, in said order, a sum equivalent to the value of one share or the balance due to such member, whichever is less, and shall repeat the process until the available funds shall become inadequate or exhausted; and subsequent available funds, when available, shall be applied to the payment of then existing withdrawal obligations in the same manner beginning with the withdrawal of the member next following the one on whose account the last such payment was made; and, in the event that any such member shall have filed more than one notice of withdrawal, his place in the order of payment shall be as of the date and time of the first notice filed by him and he shall not be entitled to receive any moneys on account of the subsequent withdrawals until the first one shall...
have been paid out. No member to whom any such credit union shall be obligated for the payment of a withdrawal shall have the right to bring suit against such credit union to recover the withdrawal value of his shares or any part thereof so long as the funds of such credit union shall be applied as required by this section.

14. The board of directors of any such credit union shall have authority to retire the shares of any member or group of members thereof in the manner provided in its by-laws and shares retired shall be paid in the same manner and subject to the same conditions as withdrawals.

15. The "share liability" of each such credit union to each member thereof shall be construed to mean its aggregate liability to such member for moneys paid in by such member and profits, if any, apportioned or declared as dividends and credited to the account of such member; and in the event that the losses or anticipated losses of any such credit union shall hereafter exceed the sum of its applicable reserves, current profits, undivided profits and other general funds, the share liability of such credit union to each member thereof, including the share liability on terminated member accounts, may be reduced on an equal percentage basis to an extent sufficient to provide for such losses or anticipated losses or to reserve against them or either of them.

16. At least annually the board of directors of each such credit union shall determine the net profits, if any, which are available for distribution to share accounts as apportioned profits or dividends and such available net profits shall either be paid in cash to the members or credited to the accounts of the members. The board shall credit or pay at each dividend or apportionment period to unpaid retired share accounts and to unpaid accounts of members expelled and to unpaid accounts which were originally member accounts but are presently held by nonmembers a dividend or profit at a rate equal to the highest dividend rate paid on

Notes; Evidencing loan to members; Paid on business day; Maximum of loan;

shares and such dividend or profits shall be computed upon the balance remaining in each such unpaid account at such dividend or apportionment period; and the board shall, at such time, apportion a reasonable dividend or profit to share accounts upon which notices of withdrawal shall have been filed, which dividend or profit shall not be at a greater rate but may be at a lesser rate than the dividend or profit apportioned to active shares and such dividend or profit shall be computed upon the balance remaining due on each such withdrawal at such dividend or apportionment period. No profit shall be apportioned or dividends declared until a written financial statement of the credit union shall have been submitted to and approved by the board showing such profits to have been earned since the last apportionment or declaration of profits or dividends or to have been transferred from undivided profits. Such dividends or profits shall be paid on full paid shares only except that shares paid in full during the period since the last apportionment of profits or declaration of dividends shall be entitled to a proportionate part of such profits or dividends calculated from the first day of the month following such payment in full. No profits shall be apportioned or dividends declared in excess of six per centum (6%) of the share value.

17. Loans to members of any such credit union shall be subject to the following conditions:

(a) All member loans shall be evidenced by note;
(b) No director, officer, or committee member shall endorse a note evidencing a member loan;
(c) Any note evidencing a member loan may be paid in whole or in part on any business day;
(d) No member loan to a director, officer or member of the credit committee shall exceed the amount credited on his shares unless the
loan shall have been approved by a majority vote at a joint meeting at which a majority of the members of the credit committee and a majority of the members of the board of directors shall be present;

(e) No nonmember of any such credit union, other than one who is eligible for membership therein shall be acceptable as an endorser on a member loan; provided, however, that any such credit union may loan to a member on the endorsement of a person employed by the same employer, notwithstanding that such person shall not be eligible for membership in such credit union;

(f) No credit union shall loan to a member on note secured by mortgage on real estate but this provision shall not be construed to bar any such credit union from accepting an assignment of a bona fide bond and mortgage on real estate or note and mortgage on real estate as a collateral;

(g) Any such credit union may accept an assignment of wages as collateral for a member loan; and the word "wages," as used in this act, shall include any salary, wages, commission or other compensation for services, earned or to be earned, and the words "assignment of wages," as used in this act, shall include an assignment or pledge of wages or an order upon an employer for the payment thereof, in whole or in part; and under any such assignment of future wages to any such credit union to secure a member loan a sum equivalent to not more than ten per centum (10%) of the future wages of the maker thereof shall be collectible, from time to time, as such future wages become due, from the employer of the maker by such credit union holding the same, from the time that a copy of such assignment of future wages, certified by the secretary or treasurer of such credit union, together with a certified statement of the amount unpaid...
upon the loan collateralized by such assignment of future wages shall be served upon the employer of the maker thereof and accepted by said employer in writing; and a municipality, school board or county may be an employer within the meaning of this section; and, if the employer be a corporation, association, partnership, firm, municipality, school board or county, acceptance of any such assignment of future wages may be made in the name of such employer by any authorized officer, official, agent or employee thereof; provided, that no employer shall pay in the aggregate on assignments of future wages of an employee hereunder more than ten per centum (10%) of said future wages, and, if an employee shall have already made an assignment of future wages, accepted by his employer, the acceptance of subsequent assignments of wages shall be limited accordingly; and provided, that no assignment of future wages in excess of three hundred dollars ($300.00) or ten per centum (10%) of the annual salary of the maker thereof, whichever is greater, shall be acceptable as collateral for a member loan; and provided, further, that this section shall not be construed to prevent the acceptance of any other collateral for member loans not mentioned herein;

(h) No member loan collateralized by bonds or securities shall exceed two-thirds of the value of such bonds or securities;

(i) No unsecured member loan in excess of one hundred dollars ($100.00) shall be granted by any such credit union;

(j) No member loan secured only by shares of any such credit union shall be granted in excess of one hundred dollars ($100.00) more than the value of the shares pledged to secure it;

(k) No member loan of any such credit union shall exceed two hundred and fifty dol-
lars ($250.00) or five per centum (5%) of its share liability, whichever is greatest, and no member loan of any such credit union shall be in excess of one thousand dollars;

(1) No person shall be liable in the aggregate, both as endorser and maker, to any such credit union for an amount greater than one thousand dollars.

18. A credit union may by resolution adopted by a majority of its full board of directors borrow, in the manner provided in its by-laws, from any source, a total amount equivalent to its investments in securities other than share loans or twenty per centum (20%) of its share loans, whichever is greater.

19. All entrance fees and fines collected by any such credit union together with at least fifteen per centum (15%) of the net earnings of each year, before the declaration or apportionment of any dividends or profits, shall be set aside, subject to terms and conditions specified in the by-laws, as a reserve. Any such credit union shall have the additional right, by transfer from undivided profits, to create specific reserves to provide against any contingency or loss anticipated by the board of directors.

20. The amount credited to the account of any member in any such credit union, less any obligation to it for the payment of which such amount shall have been pledged, may upon the death of such member be paid by such credit union to any person who shall have been designated by such member during his lifetime to receive the same at his death; and such designation shall be made by an instrument in writing filed by such member during his lifetime with such credit union and accepted by such credit union; and in the event of such payment the release or acquittance to such credit union of such person so designated or his heirs, executors, administrators or assigns shall operate to discharge such credit union of and from
any liability to the heirs, executors, administrators and assigns of such deceased member; but such member shall, during his lifetime, have full control of his membership account and may assign, pledge or withdraw the same or may change or withdraw any such designation.

21. The use by any person, except corporations formed under this act or the Federal Credit Union Act and trade associations of credit unions, of a name or title containing the words "credit union" shall be a misdemeanor and may be punished accordingly, and no corporation, except as permitted by this act, shall conduct a credit union business.

22. Any municipality, school board, county, or department, board, commission, agency or instrumentality of the State Government shall have authority to make available proper facilities and rooms for an office and meeting place for any credit union the membership group of which shall be limited to its employees.

23. Any credit union may be a member of and pay dues to any credit union trade association.

24. Each such credit union shall on or before the thirty-first day of January in each year submit to the Commissioner of Banking and Insurance a report in writing and in the form prescribed by him of its condition at the close of business on the thirty-first day of December preceding the report. Said report shall be verified by the oath of the president and treasurer of such credit union and the statement of assets and liabilities in said report shall be verified by the oaths of the examining committee who shall certify in said oaths that said statement of assets and liabilities is a true and correct statement of the condition of the credit union based on the audit and examination made or caused to be made by said examining committee as of December thirty-first last preceding; and such credit union shall furnish such other verified reports in such form and at such times as the said Commissioner of Banking and Insurance may require; and any false statement made in any affi-
davit or oath verifying any report made to the Commissioner of Banking and Insurance pursuant to this act shall be deemed to be perjury and shall be punished accordingly.

25. Every credit union shall be subject to the inspection and supervision of the Department of Banking and Insurance and the Commissioner of Banking and Insurance shall, either personally or by a person appointed by him, visit and examine every such credit union at least once in each two years, or more often if he shall deem it expedient. When deemed advisable the examiner shall verify the liabilities of such credit union to its members by an inspection and verification of their accounts. The commissioner shall promptly communicate the result of each examination to the president of the credit union examined, who shall present the same to its board of directors at the next regular meeting or a special meeting if the commissioner shall so direct. The action taken thereon by the board shall thereupon be promptly communicated by the president to the commissioner.

The officers, directors and employees of the credit union under examination shall exhibit its books, papers, records, documents and securities to the commissioner, or the person appointed by him to conduct the examination, and shall otherwise facilitate the same. The commissioner and every examiner may administer an oath to any person whose testimony is required on any examination and may compel the appearance of any person for the purpose of examination by subpoena ad testificandum or subpoena duces tecum. The subpoena may be served by any police officer or constable of the municipality in which such person resides.

If any person shall refuse to obey the subpoena, give testimony, answer questions or produce any books, papers, records, documents or securities, as required, any justice of the Supreme Court may, upon application and proof of the refusal, make an order awarding process of subpoena or subpoena ad testificandum or subpoena duces tecum.
duces tecum out of the Supreme Court for the witness to appear and testify before the commissioner or examiner and order that he give testimony, answer questions and produce papers, books, records, documents or securities as required. Upon filing the order in the office of the clerk of the Supreme Court the clerk shall, under the seal of the court, issue process of subpoena for the appearance of the person before the commissioner or examiner at a time and place named therein and thereafter from day to day until his examination is completed. The subpoena may contain a direction that the witness bring with him to the examination books, papers, records, documents or securities mentioned therein and the clerk shall issue, under the seal of the court, such other or further order in reference to the examination, appearance, production of books, papers, records, documents or securities before the commissioner or examiner as said justice shall direct.

If any person so summoned by subpoena issued by said clerk shall refuse to obey the subpoena or any direction therein, or shall refuse to give testimony, answer questions, produce any books, papers, records, documents or securities as required, or obey any order made by the justice, the commissioner or examiner may, upon affidavit proving the facts, apply to any justice of the Supreme Court for an attachment against the person as for a contempt. The justice shall hear the application and if he shall find that the person so summoned by subpoena issued by said clerk failed or refused to obey the subpoena or any direction therein, or failed or refused to give testimony, or failed or refused to answer questions, or failed or refused to produce any books, papers, records, documents or securities, or failed or refused to obey any order made by the justice, said justice shall issue an attachment directed to any constable or police officer for the arrest of the person, and upon his being brought before him shall hear the case. The justice

may enforce, by imprisonment in the county jail, obedience to the subpoena and the orders therein contained and the payment of the costs of the proceedings as taxed by the justice.

A person who shall willfully and corruptly testify falsely to a material matter upon oath administered by the commissioner or examiner upon such investigation or inquiry, or in regard to a report made to the commissioner, shall be guilty of perjury and punished accordingly.

26. Each such credit union shall pay one dollar annually on filing its annual report and shall pay the actual expenses of examinations conducted by the Commissioner of Banking and Insurance; and the Commissioner of Banking and Insurance may maintain an action against any such credit union to recover the fees and expenses herein provided for.

27. If it shall appear to the Commissioner of Banking and Insurance that any such credit union has violated its certificate of incorporation, by-laws or any law of this State binding upon it or is conducting its business in an illegal, unsafe or unauthorized manner he shall, by an order under his hand and official seal, direct a discontinuance of such illegal, unsafe or unauthorized conduct of business and conformity with the requirements of its certificate of incorporation and by-laws and with the laws of this State; and such order shall be sent to the president of any such credit union who shall present the same to the board of directors thereof at its next regular meeting or at a special meeting if deemed advisable or if so directed by the commissioner and the action taken thereon by the board shall thereupon be promptly communicated by said president to the commissioner.

28. Whenever it shall appear to the Commissioner of Banking and Insurance:

(a) That any such credit union has violated its charter or any law of this State; or
Improper method;

(b) That such credit union is conducting its business in an unsafe or unauthorized manner; or

Refusal to submit records;

(c) That such credit union has refused to submit its books, papers, records, documents, securities and concerns to the inspection of said commissioner or any examiner appointed by him; or

Refusal to testify;

(d) That any officer or director of such credit union has refused to be examined upon oath touching the concerns of such credit union or has refused to answer questions under oath or to produce any books, papers, records, documents or securities of such credit union in his possession, custody or control; or

Suspended payment;

(e) That such credit union has suspended payment of its obligations; or

Unsafe conditions;

(f) That an examination or report provided for by this act discloses facts from which the commissioner shall have reason to conclude that such credit union is in an unsound or unsafe condition to transact business or is insolvent or that it is unsafe or inexpedient for it to continue business; or

Failure to observe order

(g) That any such credit union has neglected or refused to observe an order of the commissioner issued pursuant to section 27 of this act;

he shall have authority to make application to the Chancellor as provided in section 29 hereof or forthwith to take possession of the property and business of such credit union.

29. The application made to the Chancellor, pursuant to section 28 of this act, shall be for an injunction restraining such credit union from the transaction of any further business or the transfer or disposal of its property in any manner whatsoever; and the Chancellor, being satisfied of the sufficiency of the application, may order an injunction and appoint a receiver with power to sue for, collect, receive and take into his possession all the

goods and chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes and property of every description belonging to such credit union and sell, convey and assign the same and hold and dispose of the proceeds thereof under the direction of the Chancellor; or the application of the commissioner may be for an injunction against excessive expenses of management or for the removal of one or more of the officers, directors, employees or agents of such credit union or for such other relief or correction as the particular facts demand and the Chancellor, after hearing, shall have power to grant such orders and, in his discretion, from time to time, to modify or revoke the same as the evidence in the case, the situation of the parties and the interests involved shall seem to require.

30. Whenever the Commissioner of Banking and Insurance shall take possession of the property and business of any such credit union pursuant to section 28 of this act he shall retain such possession until the property and business of such credit union shall be returned to the management of its board of directors on terms satisfactory to him; provided, however, that the commissioner shall have authority to make application to the Chancellor as provided in sections 28 and 29 of this act while in possession of the property and business of such credit union, in which case he shall retain the possession of the property and business of such credit union until otherwise ordered by the Chancellor; and provided, further, that the commissioner may, if he deems it advisable and for the best interests of the members of such credit union, permit the voluntary dissolution of such credit union and, to that end, surrender to its officers and directors such powers as may be necessary to effect such dissolution in the manner provided in this act, but in such case the trustees in dissolution to be appointed by the members shall be persons satisfactory to the commissioner and the bonds to be given by them shall be approved as to form, sufficiency and amount by the commissioner.
31. Upon taking possession of the property and business of any such credit union the commissioner may, pending the return of its property and business to the management of its board of directors, the decision of the Chancellor on an application under sections 28 and 29 of this act or its dissolution as herein provided, continue the operation of the business of such credit union and, for that purpose, the commissioner shall have and may exercise every authority and power theretofore conferred by law, by the provisions of its certificate of incorporation and by its by-laws upon its board of directors and committees and upon all and any of its officers, directors and committee members; provided, however, that this section shall not be construed to deprive any such credit union at any time of title to its property and all transfers and conveyances of property to said credit union during possession shall be made in its name and all transfers and conveyances of property from such credit union shall be made in the name of such credit union, under its seal or otherwise as the circumstances may require, by the Commissioner of Banking and Insurance; and any act or thing done by such credit union during possession over the signature of or by order of the Commissioner of Banking and Insurance shall be construed to be the act of such credit union and shall be valid and effectual in law if the statutes of this State, the certificate of incorporation of such credit union or its by-laws shall have authorized its board of directors, committees, any director thereof, any committee member thereof or any officer thereof to do or perform such act or thing; provided, further, that the commissioner shall not be obligated to carry on the business of such credit union in possession unless he deems it proper and expedient so to do but may, during possession, conserve its assets until such time as he shall determine it expedient and proper to continue the business or until otherwise ordered by the Chancellor after an application made pursuant to sections 28 and 29 hereof or until its dissolution as herein provided.
32. The commissioner may, under his hand and official seal appoint one or more special assistant deputy commissioners of banking and insurance as agent or agents to assist him in the operation of the business or conservation of the assets of any such credit union in possession; and the commissioner may, from time to time, delegate to any such special assistant deputy commissioner such of the powers conferred on him by this act with respect to the operation of the business or conservation of the assets of any such credit union in possession as to the commissioner shall seem proper; and the commissioner may employ such counsel or other expert assistance and advice and such other persons as shall in his opinion be needed for the continuation of the business or conservation of the assets of any such credit union, and the compensation and salaries of all such special assistant deputy commissioners, attorneys, expert assistants and other persons together with all other costs and expenses of such continuation of the business or conservation of the assets of such credit union shall be fixed by the commissioner and paid by said credit union and shall, until paid, constitute a prior claim against its assets. The commissioner shall require from such special assistant deputy commissioners and such other employees such security for the faithful performance of their respective duties as he may deem proper. Upon taking possession of any such credit union the commissioner shall have power to terminate the employment of any employee of such credit union and no officer or director shall thereafter and until notified by the commissioner resume the exercise of any power in the management of the business or conduct of the affairs of such credit union; and the commissioner shall have authority to call meetings of members for any purpose. The members present at any such meeting may by majority vote, and notwithstanding the provisions of the by-laws or certificate of incorporation of any such credit union, and without showing cause, declare vacant the office of any
director or committee member of such credit union and appoint a successor to fill the vacancy thus arising.

33. Upon taking possession of the property and business of any such credit union the commissioner shall forthwith give notice of such fact to any and all banks, trust companies, corporations, associations and individuals holding any assets of such credit union. No bank, trust company, corporation, association or individual knowing of such taking possession by the commissioner or notified as aforesaid shall have a lien or charge for any payment, advance or clearance thereafter made or liability thereafter incurred against any of the assets of such credit union in possession unless such payment, advance, clearance or liability shall have been authorized by the commissioner. Upon taking possession of the property and business of any such credit union by the commissioner all judgments, decrees, levies and executions against the property of such credit union shall be thereafter stayed until otherwise ordered by the Court of Chancery or until the property and business of such credit union shall have been returned to the management of its board of directors.

34. Whenever any such credit union of whose property and business the commissioner shall have taken possession as aforesaid or any member thereof deems itself or himself aggrieved by any act of the commissioner done pursuant to this section, such credit union or such member thereof may, at any time after such taking possession, apply to the Court of Chancery to enjoin further proceedings; and said court, after citing the commissioner to show cause why further proceedings should not be enjoined and hearing the allegations and proofs of the parties and determining the facts, may, upon the merits, dismiss such application or enjoin the commissioner from further proceedings or from the doing of any act which will not be in the best interests of the members or grant such other or further relief as may be equitable and just.
CHAPTER 293, LAWS OF 1938

35. Any such credit union may be dissolved and its business liquidated in the manner following: The board of directors shall pass a resolution declaring it advisable and for the best interests of the members that it be dissolved and calling a meeting of members to take action thereon. The meeting shall be held upon such notice as the by-laws provide and, in the absence of such provision, upon ten days' notice given by mail to the members at their addresses as shown on the records of said credit union. If three-fourths of the members present at such meeting, or any adjournment thereof, shall vote in favor of a resolution to dissolve such credit union a certificate setting forth the procedure had shall be filed in the Department of Banking and Insurance which certificate shall be acknowledged or proved as in the case of deeds to real estate and shall be signed in the name of such credit union by its president, vice-president and treasurer and attested by its secretary and shall have affixed thereto the seal of such credit union. The Commissioner of Banking and Insurance shall thereupon issue a certificate certifying that such certificate has been filed and that such credit union has been dissolved: provided, however, that the effective date of any such dissolution shall be set forth in the commissioner's certificate and the effective date shall be the date of issue of the commissioner's certificate unless the members in their resolution to dissolve shall have fixed a different effective date, in which case the commissioner's certificate shall set forth such different effective date and upon dissolution of said credit union in the manner aforesaid its business shall be liquidated as hereinafter set forth.

36. At the meeting of members held to consider any resolution to dissolve any such credit union or any adjournment thereof the members present, by majority vote, shall appoint three or more trustees to wind up and liquidate the affairs of such credit union; and the trustees so appointed shall have
full power to demand, sue for, collect and receive, and take into their possession, all the goods, chattels, rights and credits, moneys and effects, lands and tenements, books, papers, choses in action, bills, notes, bonds and mortgages, securities and any other property of any and every description belonging to such credit union and to sell, convey or assign all the said real or personal estate and to compromise and settle with the borrowers of said credit union and to do any and all other things and acts which they think necessary for winding up the affairs of such credit union; and, after paying all allowances, expenses and costs and satisfying all debts presented to them, the said trustees shall divide the moneys and other property remaining among the holders of the shares of such credit union proportionately and according to the share liabilities of such credit union to such holders as of the effective date of dissolution; and balances due on unpaid retired shares, unpaid withdrawals, shares held by nonmembers and on terminated member accounts shall be included as share liabilities for the purposes of said division and the persons entitled to such balances shall be deemed to be shareholders for said purpose; and the trustees shall before entering upon their duties each give bond to such credit union, which bond shall be conditioned for the faithful performance of their duties as such trustees and shall be approved as to form, sufficiency and amount by a majority vote of the members present at such meeting or adjournment thereof and shall be filed in the office of the Commissioner of Banking and Insurance.

37. The trustees of any such credit union in dissolution shall have power to meet and act under the by-laws of such credit union in the same manner as its board of directors and with the same powers so far as such powers shall be necessary and, under regulations to be made by a majority of said trustees, to prescribe the terms and conditions of sale of any assets or property which may come into their hands and may sell all or any part

thereof for cash, or partly on credit, or may take mortgages and bonds for part of the purchase price for all or any part thereof; and said trustees shall also have all the powers conferred on the trustees in dissolution of general corporations so far as such powers are not inconsistent with the provisions of this act.

38. The Commissioner of Banking and Insurance shall supervise any such credit union in dissolution and shall continue to inspect and examine the affairs of such credit union in dissolution in the same manner as if such credit union had not dissolved and such supervision and such inspection and examination shall be continued until the business of such credit union shall be finally liquidated.

39. The trustees of any such credit union in dissolution may bring suits and actions at law or in chancery and commence such proceedings as they may think necessary and proper in the name of such credit union and said trustees shall be liable in the same manner or in their own names or individual capacities for the debts owing by such credit union and shall be jointly and severally responsible for such debts to the amount of the moneys and property of such credit union which shall come to their hands or possession as such trustees; and any action or proceeding now pending or to be hereafter begun against such credit union shall not abate by reason of such dissolution, but no judgment, order or decree shall be entered therein except upon notice to said trustees; and said trustees shall, as soon after their appointment as convenient, give public notice to all persons having debts, demands or claims against such credit union to bring in their debts, demands or claims against such credit union, under oath, within three months from the date of such notice, which notice shall be set up in five of the most public places in the county in which such credit union maintains its principal office and which notice shall be advertised at least twice in each month during said three months' pe-

40. Any deed for the conveyance of real property of any such credit union in dissolution shall be good and sufficient in law to pass title to the property therein conveyed if such deed shall be executed in the name of such credit union, under its corporate seal and shall be signed by its trustees in dissolution or the survivors of them.

41. The trustees of any such credit union in dissolution shall have authority to employ such agents, auditors, attorneys or other persons they shall deem proper or necessary to facilitate the liquidation of the business of such credit union and may in their discretion pay reasonable and proper salaries or compensations for their services.

42. Every matter and thing by this act required or authorized to be done by the trustees of any such credit union in dissolution shall be good and effectual in law to all intents and purposes if performed by a majority of them.
43. The trustees of any such credit union in dissolution shall be entitled to be compensated for the administration of their respective trusts and the amount of the compensation to be paid them shall be approved by the Commissioner of Banking and Insurance.

44. The Court of Chancery may upon application by petition of said commissioner remove any or all of the trustees of any such credit union in dissolution and appoint another or others in his or their place and, in case of any vacancy among the trustees, may fill such vacancy.

45. If any provision or section of this act shall be held to be unconstitutional the said provision or section thereof shall be excised and the remainder of the sections and provisions of this act shall be and remain valid with the same effect as if said section or provision so held to be unconstitutional had never been a part of this act.

46. The provisions of chapter six (17:6-1 et seq.) and chapter ten (17:10-1 et seq.) of the Title "Corporations and Institutions for Finance and Insurance" of the Revised Statutes and the provisions of chapters thirty-three to thirty-seven of the Title "Taxation" (54:33-1 et seq.) of the Revised Statutes shall not apply to any credit union governed by this act; and the provisions of chapter four of the Title "Taxation" (54:4-1 et seq.) shall not apply to any notes, investment securities or cash owned by any such credit union.

47. Sections 17:13-1 to section 17:13-25 inclusive of the Revised Statutes are hereby repealed and all laws and parts of laws inconsistent with or repugnant to the provisions of this act are hereby repealed.

48. This act shall take effect immediately.

CHAPTER 294

An Act to make uniform the law with reference to trust receipts and pledges of personal property unaccompanied by possession in the pledgee.

Be it enacted by the Senate and General Assembly of the State of New Jersey:

Definitions: 1. Definitions. In this act, unless the context or subject matter otherwise requires:

Buyer: "Buyer in the ordinary course of trade" means a person to whom goods are sold and delivered for new value and who acts in good faith and without actual knowledge of any limitation on the trustee's liberty of sale, including one who takes by conditional sale or under a pre-existing mercantile contract with the trustee to buy the goods delivered, or like goods, for cash or on credit. "Buyer in the ordinary course of trade" does not include a pledgee, a mortgagee, a lienor, or a transferee in bulk.

Entruster: "Entruster" means the person who has or directly or by agent takes a security interest in goods, documents or instruments under a trust receipt transaction, and any successor in interest of such person. A person in the business of selling goods or instruments for profit, who at the outset of the transaction has, as against the buyer, general property in such goods or instruments, and who sells the same to the buyer on credit, retaining title or other security interest under a purchase money mortgage or conditional sales contract otherwise, is excluded.

Goods: "Goods" means any chattels personal other than money, things in action, or things so affixed to land as to become a part thereof.
"Instrument" means

(a) any negotiable instrument as defined in the Uniform Negotiable Instruments Law and amendments thereto, or
(b) any certificate of stock, or bond or debenture for the payment of money issued by a public or private corporation as part of a series, or
(c) any interim, deposit, or participation certificate or receipt, or other credit or investment instrument of a sort marketed in the ordinary course of business or finance, of which the trustee, after the trust receipt transaction, appears by virtue of possession and the face of the instrument to be the owner. "Instrument" does not include any document of title to goods.

"Lien Creditor" means any creditor who has acquired a specific lien on the goods, documents or instruments by attachment, levy, or by any other similar operation of law or judicial process, including a distraining landlord.

"New value" includes new advances or loans made, or new obligations incurred, or the release or surrender of a valid and existing security interest, or the release of a claim to proceeds under section ten; but "new value" shall not be construed to include extensions or renewals of existing obligations of the trustee, nor obligations substituted for such existing obligations.

"Person" means, as the case may be, an individual, trustee, receiver or other fiduciary, partnership, corporation, business trust, or other association, and two or more persons having a joint or common interest.

"Possession," as used in this act with reference to possession taken or retained by the entruster, means actual possession of goods, documents or instruments, or, in the case of goods, such constructive possession as, by means of tags or signs or other outward marks placed and remaining in conspicuous places, may reasonably be expected in
fact to indicate to the third party in question that the entruster has control over or interest in the goods.

 "Purchase" means taking by sale, conditional sale, lease, mortgage, or pledge, legal or equitable.

 "Purchaser" means any person taking by purchase. A pledgee, mortgagee or other claimant of a security interest created by contract is, insofar as concerns his specific security, a purchaser and not a creditor.

 "Security interest" means a property interest in goods, documents or instruments, limited in extent to securing performance of some obligation of the trustee or of some third person to the entruster, and includes the interest of a pledgee, and title, whether or not expressed to be absolute, whenever such title is in substance taken or retained for security only.

 "Transferee in bulk" means a mortgagee or a pledgee or a buyer of the trustee's business substantially as a whole.

 "Trustee" means the person having or taking possession of goods, documents or instruments under a trust receipt transaction, and any successor in interest of such person. The use of the word "trustee" herein shall not be interpreted or construed to imply the existence of a trust or any right or duty of a trustee in the sense of equity jurisprudence other than as provided by this act.

 "Value" means any consideration sufficient to support a simple contract. An antecedent or pre-existing claim, whether for money or not, and whether against the transferor or against another person, constitutes value where goods, documents or instruments are taken either in satisfaction thereof or as security therefor.

 2. What constitutes trust receipt transaction and trust receipt.

 (1) A trust receipt transaction within the meaning of this act is any transaction to which an entruster and a trustee are parties, for one of the purposes set forth in subsection 3, whereby
(a) the entruster or any third person delivers to the trustee goods, documents or instruments in which the entruster (i) prior to the transaction has, or for new value (ii) by the transaction acquires or (iii) as the result thereof is to acquire promptly, a security interest; or
(b) the entruster gives new value in reliance upon the transfer by the trustee to such entruster of a security interest in instruments or documents which are actually exhibited to such entruster, or to his agent in that behalf, at a place of business of either entruster or agent, but possession of which is required by the trustee;

provided, that the delivery under paragraph (a) or the giving of new value under paragraph (b) either

(i) be against the signing and delivery by the trustee of a writing designating the goods, documents or instruments concerned, and reciting that a security interest therein remains in or will remain in, or has passed to or will pass to, the entruster, or
(ii) be pursuant to a prior or concurrent written and signed agreement of the trustee to give such a writing.

The security interest of the entruster may be derived from the trustee or from any other person, and by pledge or by transfer of title or otherwise. If the trustee’s rights in the goods, documents or instruments are subject to a prior trust receipt transaction, or to a prior equitable pledge, section nine and section three, respectively, of this act, determine the priorities.

(2) A writing such as is described in subsection one, paragraph (i), signed by the trustee, and given in or pursuant to such a transaction, is designated in this act as a “trust receipt.” No further formality of execution or authentication shall be necessary to the validity of a trust receipt.
(3) A transaction shall not be deemed a trust receipt transaction unless the possession of the trustee thereunder is for a purpose substantially equivalent to any one of the following:

(a) in the case of goods, documents or instruments, for the purpose of selling or exchanging them, or of procuring their sale or exchange; or

(b) in the case of goods or documents, for the purpose of manufacturing or processing the goods delivered or covered by the documents, with the purpose of ultimate sale, or for the purpose of loading, unloading, storing, shipping, transshipping or otherwise dealing with them in a manner preliminary to or necessary to their sale; or

(c) in the case of instruments, for the purpose of delivering them to a principal, under whom the trustee is holding them, or for consumption of some transaction involving delivery to a depositary or registrar, or for their presentation, collection, or renewal.

3. Attempted creation or continuance of pledge without delivery or retention of possession.

(1) An attempted pledge or agreement to pledge not accompanied by delivery of possession, which does not fulfill the requirements of a trust receipt transaction, shall be valid as against creditors of the pledgor only as follows:

(a) to the extent that new value is given by the pledgee in reliance thereon, such pledge or agreement to pledge shall be valid as against all creditors with or without notice, for ten days from the time the new value is given;

(b) to the extent that the value given by the pledgee is not new value, and in the case of new value after the lapse of ten days from the giving thereof, the pledge shall have validity as against lien creditors without notice, who be-
come such as prescribed in section eight, only
as of the time the pledgee takes possession,
and without relation back.

(2) Purchasers (including entrusters) for value
and without notice of the pledgee’s interest shall
take free of any such pledge or agreement to pledge
unless, prior to the purchase, it has been perfected
by possession taken.

(3) Where, under circumstances not constituting
a trust receipt transaction, a person, for a tem­
porary and limited purpose, delivers goods, docu­
ments, or instruments, in which he holds a
pledgee’s or other security interest, to the person
holding the beneficial interest therein, the transac­
tion has like effect with a purported pledge for new
value under this section.

4. Contract to give trust receipt.
   (1) A contract to give a trust receipt, if in writ­
ing and signed by the trustee, shall, with reference
to goods, documents or instruments thereafter de­
livered by the entruster to the trustee in reliance
on such contract, be equivalent in all respects to a
trust receipt.

   (2) Such a contract shall as to such goods, docu­
ments, or instruments be specifically
enforceable against the trustee; but this subsection shall not
enlarge the scope of the entruster’s rights against
creditors of the trustee as limited by this act.

5. Validity between the parties.
   Between the entruster and the trustee the terms
of the trust receipt shall, save as otherwise pro­
vided by this act, be valid and enforceable. But
no provision for forfeiture of the trustee’s interest
shall be valid except as provided in subsection five
of section six.

6. Repossession, and entruster’s rights on de­
fault.
   (1) The entruster shall be entitled as against
the trustee to possession of the goods, documents
or instruments on default, and as may be otherwise
specified in the trust receipt.
(2) An entruster entitled to possession under the terms of the trust receipt or of subsection one may take such possession without legal process, whenever that is possible without breach of the peace.

(3) (a) After possession taken, the entruster shall, subject to subdivision (b) and subdivision five, hold such goods, documents or instruments with the rights and duties of a pledgee.

(b) An entruster in possession may, on or after default, give notice to the trustee of intention to sell, and may, not less than five days after the serving or sending of such notice, sell the goods, documents or instruments for the trustee's account, at public or private sale, and may at a public sale himself become a purchaser. The proceeds of any such sale, whether public or private, shall be applied (i) to the payment of the expenses thereof, (ii) to the payment of the expenses of retaking, keeping and storing the goods, documents, or instruments, (iii) to the satisfaction of the trustee's indebtedness. The trustee shall receive any surplus and shall be liable to the entruster for any deficiency. Notice of sale shall be deemed sufficiently given if in writing, and either (i) personally served on the trustee, or (ii) sent by post-paid ordinary mail to the trustee's last known business address.

(c) A purchaser in good faith and for value from an entruster in possession takes free of the trustee's interest, even in a case in which the entruster is liable to the trustee for conversion.

(4) Surrender of the trustee's interest to the entruster shall be valid, on any terms upon which the trustee and the entruster may, after default, agree.
(5) As to articles manufactured by style or model, the terms of the trust receipt may provide for forfeiture of the trustee’s interest, at the election of the entruster, in the event of the trustee’s default, against cancellation of the trustee’s then remaining indebtedness; provided, that in the case of the original maturity of such an indebtedness there must be canceled not less than eighty per centum (80%) of the purchase price to the trustee, or of the original indebtedness, whichever is greater; or, in the case of a first renewal, not less than seventy per centum (70%), or, in the case of a second or further renewal, not less than sixty per centum (60%).

7. General effect of entruster’s filing or taking possession.

(1) (a) If the entruster within the period of thirty days specified in subsection one of section eight files as in this act provided, such filing shall be effective to preserve his security interest in documents or goods against all persons, save as otherwise provided by sections eight, nine, ten, eleven, fourteen and fifteen of this act.

(b) Filing after the lapse of the said period shall be valid; but in such event, save as provided in subdivision three (b) of section eight, the entruster’s security interest shall be deemed to be created by the trustee as of the time of such filing, without relation back, as against all persons not having notice of such interest.

(2) The taking of possession by the entruster shall, so long as such possession is retained, have the effect of filing, in the case of goods or documents; and of notice of the entruster’s security interest to all persons, in the case of instruments.

8. Validity against creditors.

(1) The entruster’s security interest in goods, documents or instruments under the written terms

of a trust receipt transaction, shall without any filing be valid as against all creditors of the trustee, with or without notice, for thirty days after delivery of the goods, documents or instruments to the trustee, and thereafter except as in this act otherwise provided.

But where the trustee at the time of the trust receipt transaction has and retains instruments or documents, the thirty days shall be reckoned from the time such instruments are actually shown to the entruster, or from the time that the entruster gives new value under the transaction, whichever is prior.

(2) Save as provided in subsection one, the entruster's security interest shall be void as against lien creditors who become such after such thirty day period and without notice of such interest and before filing.

(a) Where a creditor secures the issuance of process which within a reasonable time after such issuance results in attachment of or levy on the goods, he is deemed to have become a lien creditor as of the date of the issuance of the process.

(b) Unless prior to the acquisition of notice by all creditors filing has occurred or possession has been taken by the entruster, (i) an assignee for the benefit of creditors, from the time of assignment, or (ii) a receiver in equity from the time of his appointment, or (iii) a trustee in bankruptcy or judicial insolvency proceedings from the time of filing of the petition in bankruptcy or judicial insolvency by or against the trustee, shall, on behalf of all creditors, stand in the position of a lien creditor without notice, without reference to whether he personally has or has not, in fact, notice of the entruster's interest.
9. Limitations on entruster’s protection against purchasers.

(1) Purchasers of negotiable documents or instruments.

(a) Nothing in this act shall limit the rights of purchasers in good faith and for value from the trustee of negotiable instruments or negotiable documents, and purchasers taking from the trustee for value, in good faith and by transfer in the customary manner instruments in such form as are by common practice purchased and sold as if negotiable, shall hold such instruments free of the entruster’s interest; and filing under this act shall not be deemed to constitute notice of the entruster’s interest to purchasers in good faith and for value of such documents or instruments, other than transferees in bulk.

(b) The entrusting (directly, by agent, or through the intervention of a third person) of goods, documents or instruments by an entruster to a trustee, under a trust receipt transaction or a transaction falling within section three of this act, shall be equivalent to the like entrusting of any documents or instruments which the trustee may procure in substitution, or which represent the same goods or instruments or the proceeds thereof, and which the trustee negotiates to a purchaser in good faith and for value.

(2) Where a buyer from the trustee is not protected under subsection one hereof, the following rules shall govern:

(a) Sales by trustee in the ordinary course of trade.

(i) Where the trustee, under the trust receipt transaction, has liberty of sale and sells to a buyer in the ordinary course of trade, whether before or after the expiration of the thirty day period specified in subsection one
of section eight of this act, and whether or
not filing has taken place, such buyer takes
free of the entruster's security interest in
the goods so sold, and no filing shall consti-
tute notice of the entruster's security inter-
est to such a buyer.

(ii) No limitation placed by the entruster
on the liberty of sale granted to the trustee
shall affect a buyer in the ordinary course
of trade, unless the limitation is actually
known to the latter.

(b) Purchasers other than buyers in the
ordinary course of trade.
In the absence of filing, the entruster's se-
curity interest in goods shall be valid, as
against purchasers, save as provided in this
section; but any purchaser, not a buyer in the
ordinary course of trade, who, in good faith
and without notice of the entruster's security
interest and before filing, either (i) gives new
value before the expiration of the thirty day
period specified in subsection one of section
eight, or (ii) gives value after said period, and
who in either event before filing also obtains
delivery of goods from a trustee shall hold the
subject matter of his purchase free of the en-
trustor's security interest; but a transferee in
bulk can take only under (ii) of this subdivi-
sion (b).

(c) Liberty of sale.
If the entruster consents to the placing of
goods subject to a trust receipt transaction in
the trustee's stock in trade or in his sales or
exhibition rooms, or allows such goods to be
so placed or kept, such consent or allowance
shall have like effect as granting the trustee
liberty of sale.

(3) As to all cases covered by this section the
purchaser of goods, documents or instruments on
credit shall constitute a purchase for new value,
but the entruster shall be entitled to any debt owing to the trustee and any security therefor, by reason of such purchase; except that the entruster’s right shall be subject to any set-off or defence valid against the trustee and accruing before the purchaser has actual notice of the entruster’s interest.

10. Entruster’s right to proceeds.

Where, under the terms of the trust receipt transaction, the trustee has no liberty of sale or other disposition, or, having liberty of sale or other disposition, is to account to the entruster for the proceeds of any disposition of the goods, documents or instruments, the entruster shall be entitled, to the extent to which and as against all classes of persons as to whom his security interest was valid at the time of disposition by the trustee, as follows:

(a) to the debts described in section nine (3); and also
(b) to any proceeds or the value of any proceeds (whether such proceeds are identifiable or not) of the goods, documents or instruments, if said proceeds were received by the trustee within ten days prior to either application for appointment of a receiver of the trustee, or the filing of a petition in bankruptcy or judicial insolvency proceedings by or against the trustee, or demand made by the entruster for prompt accounting; and to a priority to the amount of such proceeds or value; and also
(c) to any other proceeds of the goods, documents or instruments which are identifiable, unless the provision for accounting has been waived by the entruster by words or conduct; and knowledge by the entruster of the existence of proceeds, without demand for accounting made within ten days from such knowledge, shall be deemed such a waiver.
11. Liens in course of business good against entruster.

Specific liens arising out of contractual acts of the entruster with reference to the processing, warehousing, shipping or otherwise dealing with specific goods in the usual course of the trustee’s business preparatory to their sale shall attach against the interest of the entruster in said goods as well as against the interest of the trustee, whether or not filing has occurred under this act; but this section shall not obligate the entruster personally for any debt secured by such lien; nor shall it be construed to include the lien of a landlord.

12. Entruster not responsible on sale by trustee.

An entruster holding a security interest shall not, merely by virtue of such interest or of his having the trustee liberty of sale or other disposition, be responsible as principal or as vendor under any sale or contract to sell made by the trustee.

13. Filing and refiling concerning trust receipt transactions covering documents or goods.

(1) Any entruster undertaking or contemplating trust receipt transactions with reference to documents or goods is entitled to file with the Secretary of State a statement, signed by the entruster and the trustee, containing:

(a) a designation of the entruster and the trustee, and of the chief place of business of each within this State, if any; and if the entruster has no place of business within the State, a designation of his chief place of business outside the State; and

(b) a statement that the entruster is engaged, or expects to be engaged, in financing under trust receipt transactions the acquisition of goods by the trustee; and

(c) a description of the kind or kinds of goods covered or to be covered by such financing.
(2) The following form of statement (or any other form of statement containing substantially the same information) shall suffice for the purposes of this act.

"Statement of Trust Receipt Financing

"The entruster, .................. whose chief place of business within this State is at .................., (or who has no place of business within this State and whose chief place of business outside this State is at ..................) is or expects to be engaged in financing under trust receipt transactions the acquisition by the trustee, .................. whose chief place of business within this State is at .................. of goods of the following description: (coffee, silk, automobiles, or the like.)

(3) It shall be the duty of the filing officer to mark each statement filed with a consecutive file number, and with the date and hour of filing, and to keep such statement in a separate file; and to note and index the filing in a suitable index, indexed according to the name of the trustee and containing a notation of the trustee’s chief place of business as given in the statement. The fee for such filing shall be one dollar.

(4) Presentation for filing of the statement described in subsection one, and payment of the filing fee, shall constitute filing under this act, in favor of the entruster, as to any documents or goods falling within the description in the statement which are within one year from the date of such filing, or have been, within thirty days previous to such filing, the subject-matter of a trust receipt transaction between the entruster and the trustee.

Any filing of such further statement or affidavit shall be valid in like manner and for like period as an original filing, and shall also continue the rank of the entruster's existing security interest as against all junior interests. It shall be the duty of the filing officer to mark, file and index the further statement or affidavit in like manner as the original.

As against purchasers and creditors, the entruster's security interest may extend to any obligation for which the goods, documents or instruments were security before the trust receipt transaction, and to any new value given or agreed to be given as a part of such transaction; but not, otherwise, to secure past indebtedness of the trustee; nor shall the obligation secured under any trust receipt transaction extend to obligations of the trustee to be subsequently created.

15. Act not applicable to certain transactions.

This act shall not apply to single transactions of legal or equitable pledge, not constituting a course of business, whether such transactions be unaccompanied by delivery of possession, or involve constructive delivery, or delivery and redelivery, actual or constructive, so far as such transactions involve only an entruster who is an individual natural person, and a trustee entrusted as a fiduciary with handling investments or finances of the entruster; nor shall it apply to transactions of bailment or consignment in which the title of the bailor or consignor is not retained to secure an indebtedness to him of the bailee or consignee.

As to any transaction falling within the provisions both of this act and of any other act requiring filing or recording, the entruster shall not be required to comply with both, but by complying with the provisions of either at his election may have the protection given by the act complied with;
except that buyers in the ordinary course of trade
as described in subsection two of section nine, and
lienors as described in section eleven, shall be pro­
tected as therein provided, although the compliance
of the entruster be with the filing or recording re­
quirements of another act.

17. Cases not provided for.
In any case not provided for in this act the rules
of law and equity, including the law merchant, shall
continue to apply to trust receipt transactions and
purported pledge transactions not accompanied by

No retail license of any class shall be issued to any holder of manufacturer's or wholesaler's license, and no manufacturer's or wholesaler's license shall be issued to the holder of a retail license of any class. Any person who shall exercise or attempt to exercise, or hold himself out as authorized to exercise, the rights and privileges of a license except the licensee and then only with respect to the licensed premises, shall be guilty of a misdemeanor.

In case of death, bankruptcy, receivership or incompetency of the licensee, or if for any other reason whatsoever the operation of the business covered by the license shall devolve by operation of law upon a person other than the licensee, the commissioner or other issuing authority may, in his or its discretion, extend said license for a limited time, not exceeding its term, to the executor, administrator, trustee, receiver or other person upon whom the same has devolved by operation of law as aforesaid. Under no circumstances, however, shall a license, or rights thereunder, be deemed property, subject to inheritance, sale, pledge, lien, levy, attachment, execution, seizure for debts, or any other transfer or disposition whatsoever, except to the extent expressly provided by this chapter.

On application made therefor setting forth the same matters and things with reference to the premises to which a transfer of license is sought as are required to be set forth in connection with an original application for license, as to said premises, and after publication of notice of intention to apply for transfer, in the same manner as is required in case of an application for license as to said premises, the commissioner or other issuing authority may transfer, upon payment of a fee of five dollars, any license issued by him or it respectively to a different place of business than that
specified therein, by indorsing permission upon such license.

Such application and the applicant shall comply with all requirements of this chapter pertaining to an original application for license and shall be accompanied, in lieu of the license fee required on the original application, by a fee of ten per centum (10%) of the annual license fee for the license sought to be transferred, which ten per centum (10%) shall be retained by the commissioner or other issuing authority, as the case may be, whether the transfer be granted or not, and accounted for as other license fees.

The action of the other issuing authority in granting or refusing to grant any application for a transfer of license to a different place of business or person shall be subject to appeal to the commissioner within thirty days from the date such action was taken.

No person who would fail to qualify as a licensee under this chapter shall be knowingly employed by or connected in any business capacity whatsoever with the licensee; but specialized technical workers, required in any business may, with the approval of the commissioner, and subject to rules and regulations, be employed although failing to
qualify as to residence or citizenship. Persons failing to qualify as to age, residence or citizenship may, with the approval of the commissioner, and subject to rules and regulations, be employed by any licensee, but such employee, if disqualified by age or citizenship, shall not, in any manner whatsoever, sell or solicit the sale or participate in the manufacture, rectification, blending, treating, fortification, mixing, processing or bottling of any alcoholic beverage; and further provided, that no permit shall be necessary for the employment in a bona fide hotel or restaurant of any person failing to qualify as to residence so long as such person shall not in any manner whatsoever serve, sell or solicit the sale of any alcoholic beverage, or participate in the mixing, processing or preparation thereof.

2. This act shall take effect immediately.

No tax imposed by this subtitle shall be payable on any sale of alcoholic beverages by any licensed manufacturer or by any licensed export wholesaler for resale and consumption outside of this State, or directly for consumption outside of this State, when said sale is accompanied by the actual transportation of such beverages out of this State and by the delivery of such beverages in full compliance with the laws of the place or places of delivery. If any such beverages shall thereafter be brought back into this State the licensed manufacturer or the licensed export wholesaler who shall have sold such beverages and transported or caused the same to be transported out of this State shall then pay such tax unless the same has been paid by some other person.

No tax imposed by this subtitle shall be payable by the holder of a special or temporary permit issued by the State Commissioner of Alcoholic Beverage Control to dispose of alcoholic beverages theretofore acquired by the permittee while engaged as a licensed manufacturer or as a licensed export wholesaler, on any sale heretofore or hereafter made of such beverages, for resale and consumption outside of this State, or directly for consumption outside of this State, when the sale shall
have been accompanied by the actual transportation of the beverages out of this State and by the delivery of such beverages in full compliance with the laws of the place or places of delivery. If any such beverages shall thereafter be brought back into this State the holder of said special or temporary permit shall then pay such tax unless the same has been paid or secured by some other person.

No tax imposed by this subtitle shall be payable by the holder of a transportation license issued by the State Commissioner of Alcoholic Beverage Control, provided, such licensee shall have complied with all of the rules and regulations of the State Tax Commissioner relating to said licensee and made pursuant to the provisions of this subtitle.

No tax imposed by this subtitle shall be payable on any sale or delivery of alcoholic beverages or alcohol intended for use and actually used in the manufacture or sale of the following products or for the following purposes, but subject to the regulations of the commissioner:

a. Denatured alcohol produced and used pursuant to Acts of Congress and regulations promulgated thereunder.

b. Patent, proprietary, medicinal, pharmaceutical, antiseptic and toilet preparations.

c. Flavoring extracts, syrups and food products.

d. Scientific, chemical, mechanical and industrial products and purposes.

e. Use for medical and dental purposes.

The delivery of alcoholic beverages from without this State into a licensed public warehouse in this State for temporary storage by any person other than the holder of a license issued pursuant to the provisions of Title 33 of the Revised Statutes, shall be exempt from the tax imposed by this law, provided, such alcoholic beverages, when released from storage are actually transported outside of this State by a licensed transporter. If any such licensed transporter shall fail to consummate the
delivery of any such beverages to a point outside of this State such licensed transporter and the person to whom he shall deliver such beverages shall be liable for the tax due by reason of the delivery of such alcoholic beverages.

The importation into this State of alcoholic beverages by the individual owner thereof for personal consumption and not for sale or delivery to any other person, in quantities not exceeding one-quarter barrel or one case containing not in excess of twelve quarts in all of beer, and one gallon of wine, and one gallon of other alcoholic beverages, within any consecutive period of twenty-four hours shall be exempt from the tax imposed by this law.

The delivery into this State of alcoholic beverages which are not intended for sale or delivery herein and which pass through this State in continuous transportation and are delivered to a point outside of this State shall be exempt from the tax imposed by this law.

8. Section 54:43-4 of the Revised Statutes is hereby amended to read as follows:

54:43-4. For the purposes of this subtitle, sales of warehouse receipts, given upon the storage of alcoholic beverages in United States Customs or United States Internal Revenue warehouses under Federal bond, shall not be construed as sales of the beverages represented by the receipts, but the tax herein imposed upon the sale or delivery of such beverages, if not paid or the payment thereof secured prior thereto, shall be paid upon the removal of the same from the warehouse, if that shall occur in this State, if not, then upon the first subsequent sale or delivery of said beverages in this State.

8a. Section 54:43-5 of the Revised Statutes is hereby amended to read as follows:

54:43-5. Where a sale has been rescinded or canceled and the alcoholic beverages if delivered have been returned, or where alcoholic beverages have been destroyed under the supervision of the commissioner, as unfit for consumption, the taxpayer shall be entitled to a credit for the amount of the
tax which would have accrued had the alcoholic beverages not been destroyed or the sale not been rescinded or canceled. If the tax has already been paid to the commissioner, the credit shall be applied against any present or future liability of the taxpayer, under this subtitle, and if there be no such liability the taxpayer shall be entitled to a refund of the tax so paid, unless the taxpayer is indebted to the State of New Jersey for taxes, penalties or interest which have accrued under any statute imposing a tax payable to or collectible by the commissioner.

9. Section 54:44-1 of the Revised Statutes is hereby amended to read as follows:

54:44-1. The taxes imposed by this subtitle shall be due and payable at the time of the first sale or delivery, as the case may be, in this State. In case the tax so imposed has not been paid or secured by the person making the sale or delivery, or causing the delivery to be made, the purchaser or the person accepting delivery shall also be liable to the tax and the payment thereof. The commissioner, upon such terms and conditions as he may prescribe, may permit a postponement of payment until a subsequent resale thereof and in any case may permit a postponement to a date not later than the fifteenth day of the month next following the month in which the sales or resales or deliveries so taxed were made. If any tax be not paid when the same becomes payable as herein provided, there shall be added to the amount of the tax a sum equivalent to five per centum thereof, and, in addition thereto, interest on the tax at the rate of one per centum a month or fraction of a month, from the date the tax became payable until the same be paid. Nothing herein contained shall be construed to relieve any subsequent seller of liability to pay the tax upon any sale or delivery should payment thereof not have been made. When alcoholic beverages are delivered into a United States Customs or United States Internal Revenue warehouse under Federal bond the commissioner may further
postpone and by rule and regulation fix the time
and method of payment of the tax. The commis-
section, if satisfied that the failure to comply with
any provisions of this section was excusable, may
remit the whole or part of any penalty or of any
interest herein imposed.

10. Section 54:44-2 of the Revised Statutes is
hereby amended to read as follows:

54:44–2. The taxes imposed by this subtitle and
interest and penalties thereon from the time the
same shall be due and payable until the same be
paid shall be a personal debt due from the tax-
payer to the State, recoverable in any court of
competent jurisdiction in an action at law to be
commenced by the Attorney-General, at the request
of the commissioner, in the name of the State. Such
debt, whether sued upon or not, shall be a lien on
all the property of the debtor except as against an
innocent purchaser for value in the usual course
of business and without notice thereof, and shall be
preferred in any distribution of the assets of the
taxpayer whether in bankruptcy, insolvency or
otherwise. The proceeds of any judgment obtained
hereunder shall be paid to the commissioner.

11. Section 54:44-3 of the Revised Statutes is
hereby amended to read as follows:

54:44–3. As an additional or alternative remedy,
the commissioner may issue a certificate to the
Clerk of the Supreme Court or to the clerk of the
court of common pleas of any county, that any
person is indebted under this subtitle in an amount
named in the certificate and thereupon the clerk
to whom the certificate shall have been issued shall
immediately enter upon his record of docketed
judgments the name of such person as defendant,
and of the State as plaintiff, the amount of the
debt so certified, a short name of the tax, and the
date of making the entries. The making of the
entries shall have the same force and effect as the
entry of a docketed judgment in the office of such
clerk, and the commissioner shall have all of the
remedies and may take all of the proceedings for
the collection thereof which may be had or taken
upon the recovery of a judgment in an action at
law upon contract but without prejudice to the
taxpayer's right of appeal. Every person who
shall be licensed to manufacture, distribute, trans­
port, store, warehouse, import, offer for sale or
sell alcoholic beverages, or to sell warehouse re­
cceipts, receipts, certificates, contracts or other doc­
uments given upon the storage of alcoholic bever­
geases, under any law of this State shall, by the ac­
cptance of such license, be deemed to have con­
sented to the procedure set forth in this section.

12. Section 54:44-4 of the Revised Statutes is
hereby amended to read as follows:

54:44-4. The commissioner, upon application
made to him and upon the payment of a fee of one
dollar may release any property from the lien of
any certificate, judgment or levy procured by him
provided payment be made to him of such sum as
he shall deem adequate consideration for such re­
lease, or, a deposit be made with him of such bond
or other security as he shall deem adequate to se­
cure the payment of any debt evidenced by any such
certificate, judgment, or levy, the lien of which is
sought to be released. Such release shall be given
under his seal, and may be recorded in any office in
which conveyances of real estate may be recorded.

13. Section 54:44-5 of the Revised Statutes is
hereby amended to read as follows:

54:44-5. The commissioner may, with the ap­
proval of the Attorney-General, compromise any
claim for taxes which shall be alleged to be due
pursuant to the provisions of this or any other law
of this State imposing taxes upon the sale or de­
livery of alcoholic beverages.

14. Chapter forty-four of Title 54 of the Revised
Statutes is hereby supplemented by adding thereto
a new section numbered 54:44-2.1 and reading as
follows:

54:44-2.1. To enforce the lien created by section
54:44-2 of the Revised Statutes and as an addi­
tional remedy, or an alternative to the remedy pro­
vided in section 54:44-3 of the Revised Statutes, the commissioner, if any taxes, penalties or interest imposed by this subtitle shall remain unpaid after the same shall become due, may issue a warrant under his official seal directed to the sheriff of any county of this State commanding him to levy upon and sell the real and personal property of the taxpayer from whom such taxes, penalties and interest are due and owing, found within his county, for the payment of the said taxes, penalties and interest, and the cost of executing the warrant, and to return such warrant to the commissioner and pay to him the money collected by virtue thereof by a time to be therein specified, and not less than sixty days from the date of such warrant. Before delivering the warrant to the sheriff, the commissioner shall file a copy thereof with the clerk of the county in which the sheriff holds office, and thereupon the clerk shall enter in his judgment docket the name of the State of New Jersey as creditor, the name of the taxpayer as debtor, a short name of the tax, the amount of such taxes, penalties and interest as specified in such warrant, and the date when the copy of the warrant is filed in his office, and if requested shall record the same in the book of executions. The filing of the warrant shall operate as notice to all other persons of the existence of the lien of the State but shall not operate in any respect as a judgment. Upon filing the copy of the warrant the clerk shall endorse upon the original warrant the fact and the time of the filing of the copy and whether so recorded. Thereafter the sheriff shall proceed upon the warrant in all respects, with like effect, and in the manner prescribed by law in respect to executions issued upon judgments of a court of record, and he shall be entitled to the same fees for his services in executing the warrant, to be collected in the same manner. Nothing contained in this section shall be construed to prejudice the right of any taxpayer to appeal from the assessment upon which any proceedings under this section are taken, and if any
appeal shall be taken from any such assessment, any
court of competent jurisdiction may stay the
proceeding instituted under this section, pending
the determination of the appeal, provided the tax-
payer shall have first paid into the court from
which the stay is sought, a deposit in such sum as
the court shall consider adequate to secure the pay-
ment of the full amount claimed by the State.

15. Section 54:45-1 of the Revised Statutes is
hereby amended to read as follows:

54:45-1. Every person, who, within this State,
shall manufacture, distribute, transport, store,
warehouse, import, offer for sale or sell any alco-
holic beverages or who shall purchase, transfer, sell
or agree to sell warehouse receipts, receipts, cer-
tificates, contracts or other documents given upon
the storage of alcoholic beverages, or who is the
holder of a license permitting the doing of any
such acts, shall file with the commissioner on or be-
fore the fifteenth day of each month a report under
oath, on such form as the commissioner shall pre-
scribe, which report shall disclose the amount of
alcoholic beverages manufactured, distributed,
transported, stored, warehoused, withdrawn from
storage, imported, purchased and sold and the num-
ber and kind of warehouse receipts, receipts, cer-
tificates, contracts or other documents given upon
the storage of alcoholic beverages purchased, trans-
ferred, sold and agreed to be sold, by such person
during the preceding month, and such other infor-
mation as the commissioner may require, but the
commissioner may, in his discretion, allow the
holders of permits, issued pursuant to the provi-
sions of Title 33 of the Revised Statutes, author-
izing the manufacture of wine for personal con-
sumption only, to file quarterly reports. Every
such person shall pay to the commissioner upon
the filing of such report the amount of tax which
shall be due from such person by reason of sales
or deliveries of alcoholic beverages, unless previ-
ously paid.
Any such person who shall fail to file any such report on the day when it shall be due, shall forfeit as a penalty for each day thereafter until the report is filed the sum of five dollars to be collected as herein above provided. Such penalty shall not continue to accrue after the suspension or revocation of the license of any such person. Any such person who shall fail to pay any such tax on the day when it shall be due shall forfeit as a penalty an amount equivalent to five per centum of the tax to be collected as herein above provided. The commissioner, if satisfied that the failure to comply with any provision of this section was excusable, may remit the whole or any part of any penalty herein imposed.

16. Section 54:45-2 of the Revised Statutes is hereby amended to read as follows:

54:45-2. Every person, who, within this State, shall manufacture, import, distribute, transport, store, warehouse, sell or offer for sale alcoholic beverages, or who shall engage in purchasing, transferring, agreeing to sell or selling warehouse receipts, receipts, certificates, contracts or other documents given upon the storage of alcoholic beverages, or who is the holder of a license permitting the doing of any such acts, shall keep complete and accurate records of all alcoholic beverages purchased, sold, manufactured, improved, brewed, fermented, distilled, produced, stored, warehoused, withdrawn from storage, imported or transported and of all warehouse receipts, receipts, certificates, contracts or other documents given upon the storage of alcoholic beverages. Such records shall be of a kind and in the form prescribed by the commissioner and shall be safely preserved for five years in such a manner as to insure permanency and accessibility for inspection by the commissioner or any duly authorized employee of said commissioner. All such records shall be kept and maintained in this State, but the commissioner may, in his discretion, permit the records of any such person to be kept and maintained at a place outside of this State to be designated by him.
17. Section 54:45-4 of the Revised Statutes is hereby amended to read as follows:

54:45-4. All reports filed with the commissioner pursuant hereto shall be preserved for five years and thereafter may be destroyed by order of the commissioner.

18. Section 54:45-5 of the Revised Statutes is hereby amended to read as follows:

54:45-5. a. If any taxpayer shall fail to make a report as herein required, the commissioner may make an estimate of the taxable liability of such taxpayer from any information he may obtain and, according to such estimate so made by him, assess the taxes, penalties and interest due the State from such taxpayer, give notice of such assessment to the taxpayer, and make demand upon him for payment.

b. After a report is filed under the provisions of this subtitle, the commissioner shall cause the same to be examined and may make such further audit or investigation as he may deem necessary, and if therefrom he shall determine that there is a deficiency with respect to the payment of any tax due under this subtitle, he shall assess the additional taxes, penalties and interest due the State from such taxpayer, give notice of such assessment to the taxpayer, and make demand upon him for payment.

c. All taxes, penalties and interest assessed by the commissioner pursuant to the provisions of paragraphs “a” and “b” of this section shall be paid within fifteen days after notice and demand shall have been mailed to the taxpayer by the commissioner. If such taxes, penalties and interest, so assessed, shall not be paid within the fifteen days, there shall be added to the amount of the assessment a sum equivalent to five per centum of the tax assessed as a penalty, which penalty shall be in addition to the penalties provided for in sections 54:44-1 and 54:45-1 of the Revised Statutes. All such additional penalties shall be payable to and recoverable by the commissioner in the same man-
Arbitrary assessment where licensee attempts to remove property.

Taxes payable immediately.

CHAPTER 319, LAWS OF 1938

ner as if the penalties were taxes imposed by this subtitle. If the failure to pay the taxes, penalties and interest so assessed when required to be paid is explained to the satisfaction of the commissioner, he may remit or waive the payment of the whole or any part of any such additional penalty.

d. If the commissioner finds that a taxpayer designs quickly to depart from this State or to remove his property therefrom, or to conceal himself or his property, or to discontinue business, or to do any other act tending to prejudice or render wholly or partly ineffectual proceedings to assess or collect such tax, unless such proceedings be brought without delay, the commissioner may immediately make an arbitrary assessment as hereinbefore provided in paragraph "a" of this section, whether or not any report is then due by law, and may proceed under such arbitrary assessment to collect the tax, or compel the posting of security for the payment of the same, and thereafter he shall cause notice of such finding to be given to such taxpayer, together with a demand for an immediate report and immediate payment of such tax. All taxes, assessed pursuant to the provisions of this paragraph "d," shall be payable forthwith after notice and demand shall have been mailed to the taxpayer by the commissioner. If such payment be not made within fifteen days thereafter, there shall be added to the amount of the tax so assessed a sum equivalent to five per centum thereof, and in addition thereto interest thereon at the rate of one per centum a month for each month or fraction thereof from the date demand was made for payment of said tax until the same shall be paid. All such penalties and interest shall be payable to, and recoverable by, the commissioner in the same manner as if the penalty or interest were a tax imposed by this subtitle. If failure to pay the taxes, penalties and interest so assessed when required to be paid is explained to the satisfaction of the commissioner, he may remit or waive the payment of the whole or any part of any penalty or of any interest herein imposed.
e. If any taxpayer shall be aggrieved by any finding or assessment of the commissioner, he may, within thirty days of receipt of the notice of assessment or finding, file a protest in writing signed by himself or his duly authorized agent, which shall be under oath, and shall set forth the reason therefor, and may request a hearing. Thereafter the commissioner shall grant a hearing to the taxpayer, if the same shall be requested. He may make an order confirming, modifying or vacating any such finding or assessment. The filing of any such protest shall not abate penalties for nonpayment, nor shall it stay the right of the commissioner to collect the tax in any manner herein provided, unless the taxpayer shall furnish security of the kind and in the amount satisfactory to the commissioner.

19. Chapter forty-five of Title 54 of the Revised Statutes is hereby supplemented by adding thereto a new section numbered 54:45-7 and reading as follows:

54:45-7. Any notice required to be given by the commissioner pursuant to this subtitle may be served personally or by mailing the same to the person for whom it is intended, addressed to such person at the address given in the last report filed by him pursuant to the provisions of this subtitle, or if no report has been filed, then to such address as may be obtainable. The mailing of such notice shall be presumptive evidence of the receipt of the same by the person to whom it was addressed.

20. Section 54:46-1 of the Revised Statutes is hereby amended to read as follows:

54:46-1. Any person who shall be aggrieved by any decision of the commissioner denying any hearing requested hereunder, or by any order, finding or assessment having the effect of fixing, correcting, amending or modifying the amount of any tax to be paid by such person, or by any decision declining so to do, or by any certification of debt to the clerk of a court, may appeal from the action of the commissioner in making any such decision,
assessment, finding, or order, or issuing any such certificate, to the State Board of Tax Appeals by filing a petition of appeal with that board in the manner and form and within the time and subject to such terms and conditions as the board shall by reasonable rules and regulations prescribe, but no such appeal shall stay the collection of any such tax or the enforcement of the same by entry as a judgment, unless as provided by order of such board, after giving security approved by the commissioner or the board. The judgment or order of the State Board of Tax Appeals respecting any matter arising under the provisions of this subtitle may be reviewed by certiorari in the same manner as other judgments of said board.

21. Section 54:46-2 of the Revised Statutes is hereby amended to read as follows:

54:46-2. If by the decision or order of the State Board of Tax Appeals, or of any court of competent jurisdiction, the taxpayer shall be adjudged to be entitled to a refund, it shall be paid by the treasurer, upon presentation to him by the taxpayer of a certified copy of such decision or order, out of the tax moneys paid to him pursuant to the provisions of this subtitle.

22. Section 54:47-7 of the Revised Statutes is hereby amended to read as follows:

54:47-7. In case any person having a license to manufacture, distribute, transport, store, warehouse, import or sell alcoholic beverages, or warehouse receipts, receipts, certificates, contracts or other documents given upon the storage of alcoholic beverages, issued pursuant to any law of this State shall fail to pay any tax, penalty or interest which he is required to pay under the provisions of this subtitle, or fails to comply with any provision of this subtitle, or with any rule or regulation made by the commissioner pursuant to this subtitle, notice whereof has been given to such licensee, the commissioner may forward a statement of the facts showing such default to the authority which issued such license and request the suspension or the rev-
ocation of the license on account of such default, whereupon the license may be suspended or revoked and no new, restored or reissued license may thereafter be given or issued to such licensee without the consent of the commissioner.

2. This act shall take effect July first, one thousand nine hundred and thirty-eight.

Approved June 14, 1938.

...agree that any original process against it which may be served upon said commissioner shall be of the same force and validity as if served on the company, and that the authority thereof shall continue in force irrevocable so long as any liability of the company remains outstanding in this State;

d. It shall deposit with the commissioner securities amounting to at least thirty thousand dollars ($30,000.00) which securities shall be of such kinds and value as are prescribed for deposit by domestic companies by the provisions of section three of this chapter. The securities shall be held in trust for the benefit of the creditors of the company in this State. If any such company shall have and keep a deposit of at least one hundred thousand dollars ($100,000.00) in cash or such securities with any department or office of the State where the company is organized and the cash or securities so deposited are held in trust for all the creditors of the company, the commissioner shall not require the deposit of securities as herein provided;

e. It shall obtain from the commissioner a certificate that it has complied with all the requirements of this chapter applicable to it, and is authorized to transact business in this State. The certificates shall expire on May first next after their issue, and shall be renewed each year before May first. All certificates issued to investment companies by the commissioner under any other law and outstanding and in force at the effective date of this chapter shall continue in full force and effect until May first, one thousand nine hundred and thirty-nine unless sooner revoked in the manner in this chapter provided.

5. Agents. No officer or agent of any foreign investment corporation shall make, issue, sell, offer for sale, negotiate or guarantee any investment contract or transact any business or act, or aid in any way, in the transaction of any business authorized by a certificate of authority issued to such foreign corporation until he shall have procured...
from the commissioner a certificate of authority to do so. The certificate shall state in substance that the corporation is authorized to transact business in this State and that the person named therein is an agent of the company for the transaction of such business. Upon receipt of a certificate from such corporation of its appointment of a suitable person to act as its agent in this State, the commissioner shall, if the facts warrant it, grant such certificate which shall continue in force until May first after its issue, and by renewal thereof before May first of each year until revoked by the commissioner for noncompliance with the laws, or until the appointment of such agent is revoked by written notice from the corporation to that effect. All certificates outstanding and in force on the effective date of this chapter shall continue in full force and effect until May first, one thousand nine hundred thirty-nine, unless sooner revoked in the manner above provided.

6. Service of process. When any original process is served upon the commissioner as attorney for an investment company of another State, and a service fee of two dollars ($2.00) paid to him, he shall forthwith notify the company of such service by letter directed to its secretary, or resident manager in the case of a company of a foreign country; and shall within two days after such service forward by letter a copy of the process served on him to such secretary or manager, or to such other person as may have been previously designated by the company by written notice filed in the department. The commissioner shall keep a record of all such process, which shall show the day and hour of service. The serving of such process shall be made by leaving a copy of the same in the office of the commissioner with a service fee of two dollars. Service upon the commissioner as herein provided shall be deemed sufficient service upon the company. The plaintiff in the action shall be entitled to recover the amount of the service fee so paid as part of the taxable costs if he prevails in the action.
7. Incorporation. When an investment company of another State shall hold the certificate of the commissioner authorizing it to transact business in this State, in any action at law or in equity in which such company is plaintiff or defendant, or in any criminal proceeding brought under the laws of this State, a copy of such certificate of authority, certified under the hand and official seal of the commissioner, shall be prima facie evidence of the incorporation of such company.

8. Deposits. 

a. The commissioner may order a change of any of the securities deposited by any investment company incorporated under the laws of any other State or country as hereinabove provided, or any part of them, at any time during the continuance of the certificate of authority issued to the company, and during the same period the company may change the securities or any part thereof with the consent of the commissioner. The company so depositing securities shall be entitled to receive the dividends or interest thereon, and upon the termination of its authority to transact business in this State it shall be entitled to withdraw any part of or all of the securities. The amount of such deposit shall not be reduced by any withdrawal to less than the total outstanding liability of the company to its creditors in this State.

b. As to investment companies other than those affected by paragraph (a) of this section, the commissioner shall hold the securities deposited for the benefit and security of all the creditors of the company depositing them, but shall, so long as the company shall continue solvent and comply with all the requisites of the laws of this State applicable to it, permit the company to collect the interest or dividends on the securities so deposited, and, from time to time, with his assent, to withdraw any of such securities, on depositing with him other like securities, the par value of which shall be equal to the par value of such as may be withdrawn.

c. Whenever any investment company incorporated under the laws of this State shall voluntarily
dissolve or a receiver thereof shall be appointed by the Court of Chancery or other court of competent jurisdiction, or shall have heretofore or hereafter become legally merged into another corporation, the commissioner shall thereupon deliver to such receiver or to the directors or trustees on dissolution, or to the corporation into which merged, the securities deposited as aforesaid, and upon such delivery the commissioner shall be relieved of all further responsibility or obligation in regard to the securities so deposited; provided, that said deposited securities shall not be delivered to the directors or trustees on dissolution until all proceedings in such voluntary dissolution shall have been first approved by the commissioner.

d. The securities deposited by any individual or partnership shall not be returned to such individual or partnership until after cancellation of its outstanding certificate of authority and the commissioner is satisfied, on the basis of such reasonable evidence and security as he may require, that all liabilities under its investment contracts have been fully discharged. In the event of death or insolvency of the individual or insolvency of the partnership, the commissioner may deliver such securities to the executor, administrator, receiver, trustee in bankruptcy or such other legal representative as may be authorized by a court of competent jurisdiction to administer the estate of the deceased person or insolvent debtor. The commissioner shall not be liable for the surrender of securities pursuant to this subdivision.

9. Investments. An investment company incorporated under the laws of this State, for the purpose of investing its capital, surplus or other funds, or any part thereof, may purchase or hold as collateral security or invest in any and all the kinds of property and securities, to the same extent and subject to the same limitations, which are legally permitted to be acquired by life insurance companies for the purpose of investing their funds. An investment company may lend to the holder of any
investment contract, at an interest rate not exceeding six per centum (6%) annually, any sum or sums which shall not exceed the company's liability thereon at the time the loan is made, and which shall be a lien upon such contract and all additions or credits thereon.

10. Contracts. Except as herein otherwise provided, no investment contract shall be issued by any investment company of this State or be made, issued, solicited, sold or delivered in this State by any investment company of another State or country until after the expiration of at least thirty days after the form thereof shall have been filed with the commissioner. After the expiration of such period, or if prior to the expiration of such period the commissioner shall acknowledge such filing, investment contracts in the form so filed, or so filed and acknowledged, as the case may be, may thereafter be made, issued, solicited, sold and delivered in this State by the company filing the same while the company is authorized to transact an investment business in this State. If the commissioner shall at any time notify the company filing such form of his disapproval thereof, as containing provisions which are unfair, unjust, inequitable, contrary to law or to the public policy of this State, the company shall not thereafter make, issue, solicit, sell or deliver in this State any investment contract in the form so disapproved unless and until such disapproval is canceled or withdrawn by him. The disapproval of the commissioner may be reviewed by a writ of certiorari and the procedure shall be the same as is provided for by section eighteen of this chapter.

11. Reserves. Every investment company authorized to transact business in this State shall maintain on all its outstanding investment contracts the reserves specified in this section. The reserve on any investment contract at any time shall not be less than the amount which the issuer, under the terms of such contract, is liable as of such time to pay in cash or its equivalent as a sur-
render value or otherwise to the holder of such contract. If the commissioner shall not be satisfied of the sufficiency of such minimum reserves as affording reasonable assurance of the company's ability to meet all such liabilities, including all deferred maturities under its outstanding investment contracts as they fall due, he may require the company to increase such reserves to such amount as shall be deemed by him sufficient for such purposes. The reserve on any investment contract shall not be required to be increased to an amount exceeding the net value of such investment contract as determined by the commissioner. The net value of an investment contract shall be based upon such assumed annual net payments as may bear reasonable relationship to the incidence of reasonable expenses of procurement, issue and maintenance of such contract, the net payments to be exactly sufficient to provide for the maturity payments provided for in such contract when due, at such rate of interest as may be determined by the commissioner in the exercise of reasonable discretion and based on the company's experience and on the rate of interest earned or earnable by the company on its investments.

12. Surrender values. Every investment contract issued or delivered in this State to any resident of this State by any investment company, providing for payments, dues or deposits by the holder to the company on an installment plan over a period of years, shall contain a provision that after the payment by the holder of the contract of all deposits, payments, dues or assessments due thereon for at least one year, and after such contract shall have been maintained in force by such payments for the period for which the same have been made, the holder thereof shall be entitled to a surrender value payable in cash or its equivalent. The surrender value shall, if so required by the commissioner, be equal to the amount of the net value of the contract, as defined in section eleven of this chapter, less such reasonable surrender
charge or charges as may be imposed thereon by
the company subject to the right of the commis-
sioner to approve or disapprove the same. If an
investment contract filed pursuant to the provi-
sions of this chapter shall contain a provision
which stipulates the amounts of the surrender
values available to the holder, at intervals not
greater than the period covered by one year's pay-
ment or payments by the holder under the terms
of the contract, during its entire duration prior
to maturity, the surrender charge as determined
thereby shall be deemed to have been imposed with
the consent of the commissioner, and such sur-
render values are hereby authorized with respect
to all such investment contracts legally issued prior
to any disapproval of the form of such contract by
the commissioner pursuant to this chapter.

Annual report. Every investment company
transacting business in this State shall annually on
or before March first file in the department a state-
ment, subscribed and sworn to by its president and
secretary, or, in their absence, by two of its princi-
pal officers, showing its financial condition at the
close of business on December thirty-first of the
year last preceding, and its business for that year.
The statement shall be in the form and contain the
matters the commissioner prescribes. The com-
missioner may also address any inquiries to the
company or its officers in relation to its condi-
tion or affairs, or any matter connected with its
transactions and the officer of the company shall
promptly reply in writing to all such inquiries. For
good cause shown the commissioner may extend the
time within which any such statement may be filed.

Any such company that neglects to make and file
its annual statement in the form and within the
time provided by this section shall forfeit one
hundred dollars ($100.00) for each day's neglect,
and upon notice by the commissioner to that effect,
its authority to do new business in this State shall
cease while such default continues.
14. Examinations. The commissioner may, whenever he deems the same expedient, make or cause to be made, an examination of the assets and liabilities, method of conducting business and all other affairs of every investment company authorized to transact business in this State. For the purpose of the examination the commissioner may commission and employ such persons to conduct the same or to assist therein as he may deem advisable. The examination may be conducted in any State or country in which the company examined is incorporated or has an office, agent or place of business. The reasonable expenses of such examination shall be fixed and determined by the commissioner, and he shall collect them from the company examined, which shall pay them on presentation of a detailed account of the expenses. If any company, after the examination, shall be declared by the court of chancery to be insolvent, the expense of the examination, if unpaid, shall be taxed in the costs of the proceedings in the court of chancery and paid out of the assets of the company. No company shall, either directly or indirectly, pay, by way of gift, credit or otherwise, any other or further sum to the commissioner or to any person in the employ of the department for extra service or for purposes of legislation, or for any other purpose. It shall be the duty of the officers, agents and employees of any such company to exhibit all its books, records and accounts for the purpose of the examination, and otherwise to facilitate it so far as it may be in their power to do, and for that purpose the commissioner, his deputy, assistants and employees may examine, under oath, the officers, agents and employees of any such company relative to its business and affairs.

15. Fees. The commissioner shall charge and collect for his services under the provisions of this charter and pay into the State treasury the following fees: for issue of certificate of authority annually, two hundred fifty dollars ($250.00); for filing the certified copy of the charter, deed of set-

Revocation of certificate of organization of an investment company. When the commissioner shall find that the affairs of any investment company incorporated under the laws of another State or country are in an unsound condition because of illegal or unsafe investments, or that its assets do not exceed its liabilities including reserves and exclusive of capital stock, by at least one hundred thousand dollars ($100,000.00), or that the transaction of business in this State by the company has resulted in the establishing of a contract or contracts between the purchaser or purchasers and the company which are unlawful, unfair, unjust, oppressive, inequitable, or against the public policy of this State, or if the commissioner finds that the solicitation or selling plan, soliciting or selling representations, or methods of solicitation or selling used by the company or by its agents, in conducting solicitation or sales of investment contracts or securities within this State are unfair, unjust, oppressive, inequitable, or against the public policy of this State, or are calculated to mislead the purchaser thereof, the commissioner may cancel and revoke the certificate of

CHAPTER 322, LAWS OF 1938

Revocation of certificate of organization of an investment company. When the commissioner shall find that the affairs of any investment company incorporated under the laws of another State or country are in an unsound condition because of illegal or unsafe investments, or that its assets do not exceed its liabilities including reserves and exclusive of capital stock, by at least one hundred thousand dollars ($100,000.00), or that the transaction of business in this State by the company has resulted in the establishing of a contract or contracts between the purchaser or purchasers and the company which are unlawful, unfair, unjust, oppressive, inequitable, or against the public policy of this State, or if the commissioner finds that the solicitation or selling plan, soliciting or selling representations, or methods of solicitation or selling used by the company or by its agents, in conducting solicitation or sales of investment contracts or securities within this State are unfair, unjust, oppressive, inequitable, or against the public policy of this State, or are calculated to mislead the purchaser thereof, the commissioner may cancel and revoke the certificate of
authority issued to the company pursuant to the provisions of this chapter.

17. Procedure on revocation. Before any such certificate of authority shall be canceled or revoked as provided in section sixteen of this chapter, the commissioner shall give at least twenty days' notice by mail to the company whose certificate of authority is sought to be canceled or revoked. The notice shall be directed to the address of the said company as shown on the records of the department, shall notify the company of the time and place of a hearing before the commissioner at which it will be required to show cause why its certificate of authority should not be canceled or revoked, and shall contain a statement of the acts or conditions upon which the proceedings for revocation are based.

18. Review of commissioner's revocation, cancellation or refusal to issue certificate. In any case where the commissioner shall fail or neglect to act within a reasonable time upon an application for a certificate of authority or renewal thereof, made pursuant to the provisions of this chapter, the applicant for such certificate of authority or renewal thereof may apply to the Supreme Court for a writ of mandamus, and the practice in any proceedings which may ensue shall be according to the practice and procedure obtaining in this State with respect to the prosecution of writs of mandamus. The judgment of the Supreme Court in any such writ of mandamus shall be subject to review by the Court of Errors and Appeals in the manner prescribed by law.

The refusal of the commissioner to issue or renew a certificate of authority, or the cancellation or revocation of a certificate of authority by the commissioner may be reviewed by the Supreme Court on a writ of certiorari. No writ of certiorari to review a refusal to issue or renew a certificate of authority, or to review a cancellation or revocation of any certificate of authority, shall be allowed unless application therefor be made within
sixty days from the date on which the applicant shall have received notice of the refusal to issue or renew the certificate of authority or within sixty days from the date on which a cancellation or revocation of the certificate of authority shall become effective, nor unless notice in writing of the application shall be given to the commissioner together with a copy of the affidavits and proof upon which the application for a writ is based.

Notice of the application for a writ shall be served upon the commissioner personally or by leaving it at his office in the city of Trenton. In every case where the commissioner shall refuse to issue or renew, or shall cancel or revoke a certificate of authority, the Supreme Court shall have jurisdiction to review the entire proceedings resulting in the refusal, or the cancellation or revocation, including the facts and evidence upon which such refusal, cancellation, or revocation is based. The court shall determine the matter on its merits, and may set aside, modify, or revise any finding of the commissioner which shall have resulted in any such refusal, cancellation or revocation of any order in relation thereto.

The Supreme Court in its proceedings shall not be limited to the facts or evidence presented to or considered by the commissioner, but shall have authority to take and consider such further evidence as it may deem proper and just. If the finding of the commissioner resulting in any such refusal, cancellation or revocation or any order in relation thereto shall be set aside, modified or revised, the Supreme Court may, by its order, direct the commissioner, in the case of a refusal, to issue or renew a certificate of authority and, in case of cancellation or revocation, to reinstate the certificate of authority so canceled or revoked. All of the evidence presented to the commissioner together with his findings and such orders as he may have issued respecting the application for a certificate of authority, the refusal to issue or renew or the cancellation or revocation, shall be certified by the com-
missioner to the Supreme Court as his return. No findings or order of the commissioner shall be set aside, revised or modified for any irregularity or informality in the proceedings before him unless such irregularity or informality tends to defeat or impair the substantial right of the prosecutor in certiorari. If with respect to any finding or order of the commissioner it shall appear equitable and just that a rehearing shall be had before him, the Supreme Court may order that such a hearing be had upon such terms and conditions as are reasonable, and the said commissioner shall thereupon proceed to such hearing upon the testimony theretofore taken and upon which the finding or order under review was based and upon such additional testimony, if any, as may be produced. After rehearing, the commissioner may revise, alter, modify or amend such finding and any order made pursuant thereto. The findings and orders of the commissioner made as a result of a rehearing shall also be subject to review by the Supreme Court in the same manner as herein prescribed with respect to the original findings and orders. In any proceedings brought hereunder to review the action of the commissioner in refusing to issue or renew a certificate of authority, or in canceling or revoking it, the practice and procedure thereon shall be according to the practice and procedure obtaining in this State with respect to the prosecution of writs of certiorari, except as the same may be expressly changed hereby. The judgment of the Supreme Court on any writ of certiorari prosecuted hereunder shall be subject to review by the Court of Errors and Appeals in the manner prescribed by law.

Whenever a judgment in the Supreme Court upon a writ of certiorari prosecuted hereunder shall be appealed to the Court of Errors and Appeals and the said Court of Errors and Appeals shall deem it equitable and just that a rehearing shall be had before the commissioner, the court shall remit the record and proceedings before it to
the Supreme Court to the end that that court shall order that such rehearing be had before the commissioner upon such terms and conditions as are reasonable and as are hereinbefore provided. The findings and orders of the commissioner made as a result of any such rehearing shall also be subject to review in the same manner as herein prescribed with respect to the original hearing.

19. Receiver. When any investment company of this State shall become insolvent or shall suspend its ordinary business for want of funds to carry on the same, or when the commissioner shall ascertain, as a result of examination as authorized by this chapter, or in any other manner, that any company is exceeding its powers, or violating the law, or that its condition or methods of business are such as to render the continuance of its operations hazardous to the public or its creditors, or that the assets of the company are less than its liabilities including capital and all reserve funds required by the provisions of this chapter, the commissioner may apply to the Court of Chancery for an injunction restraining such company from the transaction of any further business, or the transfer or disposal of its property in any manner whatsoever, and the court, being satisfied of the sufficiency of the application, may order an injunction and appoint a receiver, with power to sue for, collect, receive and take into his possession all the goods and chattels, rights, and credits, moneys and effects, lands and tenement, books, papers, choses in action, bills, notes and property of every description belonging to such company, and sell and convey and assign the same, and hold and dispose of the proceeds thereof under the directions of the Court of Chancery.

20. Penalty. If any investment company itself or by its agents, attorneys, solicitors, surveyors, canvassers, collectors or other representatives of whatsoever designation shall solicit, negotiate, or in anywise transact any business in this State except in the enforcement of contracts by legal
process, without having complied with the requirements of this chapter, the investment company so offending shall be liable to a penalty of one thousand dollars ($1,000.00) and costs of suit, to be sued for and collected by the commissioner in the name and for the benefit of the State.

Any officer, agent, employee or other representative of any investment company doing business in this State who shall have failed or neglected to procure a certificate of authority as agent for such company as required by this chapter; or who shall issue, circulate or cause or permit to be circulated any estimate, illustration or circular misrepresenting the terms of any investment contract or security issued by such company; and any such representative of any company who shall solicit, negotiate or effect the sale of any investment contract or otherwise transact business on behalf of any company which shall have neglected, failed or refused to procure a certificate of authority as provided for by the provisions of this chapter; or who shall accept any deposit, dues, premiums or other contributions or things of value on behalf of such unauthorized company shall be adjudged guilty of a misdemeanor.

21. Effective date. This act shall become effective October first, one thousand nine hundred and thirty-eight.

Approved June 14, 1938.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. In order to safeguard life, health and property any person practicing or offering to practice professional engineering or land surveying in this State, shall hereafter be required to submit evidence that he or she is qualified so to practice and shall be licensed as hereinafter provided and from and after the date upon which this chapter becomes
CHAPTER 342, LAWS OF 1938

Effective, it shall be unlawful for any person to practice or to offer to practice professional engineering or land surveying in this State, or to use the title engineer or surveyor or any other title, sign card or device in such manner as to tend to convey the impression that such person is practicing professional engineering or land surveying or is a professional engineer or land surveyor, unless such person is duly licensed under the provisions of this chapter. Every holder of a license shall display it in a conspicuous place in his principal office, place of business or employment.

Nothing in this act shall be construed as requiring licensing for the purpose of practicing professional engineering or land surveying by any person, firm or corporation upon property owned or leased by such person, firm or corporation, unless the same involves the public safety or health.

2. Definitions. (a) The term "professional engineer" as used in this chapter shall mean a person who by reason of his or her knowledge of mathematics, the physical sciences, and the principles of engineering, acquired by professional education and practical experience, is qualified to engage in engineering practice as hereinafter defined.

(b) The practice of professional engineering within the meaning of this chapter includes any professional service such as consultation, investigation, evaluation, planning, design, or responsible supervision of construction or operation in connection with any public or private engineering or industrial project. The practice of professional engineering shall not include the work ordinarily performed by persons who operate or maintain machinery or equipment. The provisions of this chapter shall not be construed to prevent or affect the employment of architects in connection with engineering projects within the scope of the act to regulate the practice of architecture and all the amendments and supplements thereto.
(c) The term "land surveyor" as used in this chapter shall mean a person who engages in the practice of land surveying as hereinafter defined.

(d) The practice of land surveying within the meaning and intent of this chapter includes surveying of areas for their correct determination and description and for conveyancing, or for the establishment or re-establishment of land boundaries and the plotting of lands and subdivisions thereof.

(e) The term "board" as used in this chapter shall mean the State Board of Professional Engineers and Land Surveyors.

3. To carry out the provisions of this chapter, there is hereby created an examining board for the licensing of professional engineers and land surveyors, which board shall consist of five (5) members who shall be appointed by the Governor of the State of New Jersey, with the advice and consent of the Senate, within sixty days after the passage of this chapter, or as soon as practicable thereafter. The members of said board shall be appointed to serve for the term of five (5) years. Each member shall hold office after the expiration of his term until his successor shall be duly appointed or qualified. The term of office of the members of said board shall commence on the first day of May. Vacancies in the membership of the board, however created, shall be filled by appointment of the Governor from nominees recommended by the representative professional engineering societies of this State, with the advice and consent of the Senate, for the unexpired term. Notwithstanding anything herein contained, the present members of the State Board shall continue in office as members of said board until their present respective terms expire.

4. Said board, when so appointed, shall be designated and known as the "State Board of Professional Engineers and Land Surveyors."

No person shall be appointed upon said board who is not a citizen of the United States and a resident of this State at the time of his appoint-
ment, and who has not been engaged in the practice of professional engineering at least ten (10) years, and who shall not have been in responsible charge of professional engineering or land surveying for at least five (5) years.

After the passage of this chapter appointments to the board to fill expired terms shall be made by the Governor from nominees recommended by the representative professional engineering societies of the State, with the advice and consent of the Senate.

The Governor may remove any member of the board after hearing, for misconduct, incompetency, neglect of duty or for any other sufficient cause.

At least one member of said examining board qualified as set forth in section four, paragraph one, of this chapter, shall also be a licensed land surveyor.

After this chapter becomes effective, no person shall be appointed as a member of said examining board who shall not be a licensed professional engineer under the provisions of this chapter.

The members of said examining board shall receive no compensation for their services, but shall be reimbursed for all necessary traveling, hotel, incidental and clerical expenses, incurred in carrying out the provisions of this chapter; provided, however, that the total of such expenses shall not exceed the total receipts from fees during any fiscal year.

5. Each member of the examining board before entering upon the duties of his office, shall subscribe to an official oath of office as provided by section 41:1-3 of the Title Oaths and Affidavits, which oath shall be filed in the office of the Secretary of State.

The examining board shall be entitled to the services of the Attorney-General in connection with the affairs of the board and the board shall have power to compel the attendance of witnesses, and any member thereof may administer oaths and the board may take testimony and proofs concerning any matters within its jurisdiction.
The board shall have the power to make all by-
laws and rules, not inconsistent with the Constit-
tution and laws of the State, which may be reason-
ably necessary for the proper performance of its
duties and the regulations of the proceedings be-
fore it. The board shall adopt and have an official

seal.

In carrying into effect the provisions of this
chapter, the board may, under the hand of its pres-
ident and the seal of the board, subpœna witnesses
and compel their attendance, and also may require
the production of books, papers, documents, etc.,
in a case involving the revocation of license or
practicing or offering to practice without license.
If any person shall refuse to obey any subpœna so
issued, or shall refuse to testify or produce any
books, papers or documents, the board may present
its petition to any justice of the State Supreme
Court setting forth the facts, and thereupon such
court shall, in proper case, issue a subpœna to such
person, requiring attendance before such court and
there to testify or to produce such books, papers
and documents as may be deemed necessary and
pertinent to the board. Any person failing or re-
fusing to obey the subpœna or order of said court
may be proceeded against in the same manner as
for refusal to obey any other subpœna or order of
the said court.

6. Said examining board shall at its annual meet-
ing to be held in April meet and organize by elect-
ing a president, vice-president, treasurer and sec-
retary, and appoint one or more investigators and
such other assistants as may be required, who shall
hold their respective offices for not more than one
(1) year or until their successors have been elected
or appointed and have qualified.

The secretary and treasurer shall give bond for
the faithful performance of their duties in such
sum as the board shall determine.

The secretary and investigators shall not be
members of the board and shall receive such sal-
aries as the board shall determine; provided, how-
ever, that the total of such salaries and expenses incident thereto together with all other expenses shall not exceed the total receipts from fees during any fiscal year.

Said board shall meet at least semiannually and special meetings may be held at such times as the by-laws of the board may provide.

Notice of all meetings shall be given in the manner provided by the by-laws.

A quorum of the examining board shall consist of three (3) members.

7. The secretary of the board shall receive and account for all moneys derived from the operation of this chapter and shall pay therefrom, upon resolution of the board, all expenses incurred by the said board, including salaries, in carrying out the provisions of this chapter.

An itemized account of all receipts and expenditures of the board shall be kept by the said secretary and a detailed report thereof, verified by the affidavit of said secretary, shall be filed with the Secretary of State within twenty days after the close of the fiscal year.

The Secretary of State shall be paid such fees for filing the report as are now paid for filing similar reports in his office. All surplus in the hands of the board at the end of the fiscal year shall be paid to the State Treasurer.

8. The examining board shall keep a record of its proceedings and a roster of all applicants for license, showing for each the date of application, name, age, education and other qualifications, place of business and place of residence, whether or not an examination was required and whether the applicant was rejected or a certificate of license granted, and the date of such action.

The books and register of the examining board shall be prima facie evidence of all matters recorded therein. The roster showing the names and places of business and residence of all licensed professional engineers and land surveyors shall be prepared by the secretary of the board during the
month of June of each year; such roster shall be printed and a copy mailed to each licensee and a copy mailed to the clerk of each city, town, township, village, borough, county and other municipal corporation of this State, which roster shall be placed on file in the office of said clerk.

9. Applications for license shall be on forms prescribed and furnished by the board, shall contain statements under oath, showing the applicant's education and detailed summary of his or her technical work, and shall contain not less than five references, of whom three or more shall be licensed engineers having personal knowledge of his or her engineering experience.

The license fee for professional engineers shall be twenty-five dollars ($25.00) or when the applicant applies for license to practice engineering and land surveying, when the fee shall be thirty-five dollars ($35.00), and in either case ten dollars ($10.00) shall accompany the application, the remainder to be paid upon notification that application has been approved subject to such final payment, when license certificate will be issued.

The license fee for land surveyors shall be twenty-five dollars ($25.00) of which ten dollars ($10.00) shall accompany the application, the remainder to be paid upon notification that application has been approved subject to such final payment, when license certificate will be issued.

Should the board deny the issuance of a license certificate to any applicant for professional engineer's license or for land surveyor's license, the initial fee of ten dollars ($10.00) shall be retained.

When a certificate of qualification issued by the National Bureau of Engineering Registration is accepted as evidence of qualification, the total fee for license as professional engineer shall be fifteen dollars ($15.00) and shall accompany the application.

The following shall be considered as minimum evidence satisfactory to the board that the appli-
cant is qualified for license as a professional engineer, or land surveyor, respectively, to wit:

(1) As a professional engineer:
   a. Graduation from an approved course in engineering of four years or more in a school or college approved by the board of satisfactory standing; and a specific record of an additional four years or more of active practice in engineering work of a character satisfactory to the board, and indicating that the applicant is competent to be placed in responsible charge of such work; or
   b. Successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation from an approved four-year engineering course; and a specific record of eight years or more of active practice in engineering work of a character satisfactory to the board and indicating that the applicant is competent to be placed in responsible charge of such work; or
   c. A specific record of twelve years or more of lawful practice in professional engineering work of a character satisfactory to the board and indicating that the applicant is qualified to design or to supervise construction of engineering works and provided applicant is not less than thirty-five years of age; or
   d. A certificate of qualification issued by the National Bureau of Engineering Registration may, in the discretion of the board, be accepted as minimum evidence satisfactory to the board that the applicant is qualified for license as a professional engineer.

(2) As a land surveyor:
   a. Graduation from an approved course in surveying in a school or college approved by the board as satisfactory standing; and an additional two years or more of actual practice in land surveying work of a character satis-
factory to the board and indicating that the applicant is competent to be placed in responsible charge of such work, or

b. Successfully passing a written, or written and oral, examination in surveying prescribed by the board; and a specific record of four years or more of active practice in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to be placed in responsible charge of such work, or

c. A specific record of twelve years or more of lawful practice in land surveying work of a character satisfactory to the board and provided applicant is not less than thirty-three years of age.

No person shall be eligible for license as a professional engineer or land surveyor who is under twenty-one years of age and who is not a citizen of the United States or who has not made declaration of his or her intention to become a citizen of the United States, or who does not speak and write the English language, or who is not of good character and reputation.

The satisfactory completion of each year of an approved course in engineering in a school or college approved by the board as of satisfactory standing, without graduation, shall be considered as equivalent to one-half years of active practice.

Graduation in a course of four years or more, other than engineering, from a college or university of recognized standing shall be considered as equivalent to two years of active practice.

In considering the qualifications of applicants, engineering teaching may be construed as engineering experience.

The mere execution, as a contractor, of work designed by a professional engineer, or the supervision of construction of such work as a foreman or superintendent shall not be deemed to be active practice of engineering work.
Any person having the necessary qualification prescribed in this chapter to entitle him or her to license shall be eligible for such license though he or she may not be practicing his or her profession at the time of making the application.

Applicants for license, in cases where the evidence originally presented in the application does not appear to the board to be conclusive, or to warrant the issuance of a certificate, may present further evidence for the consideration of the board which may include the results of a required examination.

In determining the qualifications of applicants for license as professional engineers or land surveyors, character shall be given predominant weight and a majority of vote of the members of the board shall be required to pass upon the issuance of a license to any applicant.

The scope of the examination and methods of procedure shall be prescribed by the board with special reference to the applicant's ability to design and supervise engineering works so as to insure the safety of life, health and property. Examinations shall be given for the purpose of determining the qualifications of applicants for license separately in professional engineering and in land surveying. A candidate failing on examination may apply for re-examination at or after the expiration of six months and will be re-examined without payment of additional fee. Subsequent examinations will be granted upon the payment of a fee to be determined by the board and not to exceed ten dollars ($10.00).

10. Certificates. The board shall issue a license certificate upon payment of the license fee as provided in this chapter, to any applicant who, in the opinion of the board has satisfactorily met all the requirements of this chapter. In the case of a licensed engineer the certificate shall authorize the practice of the applicant as a “professional engineer” solely under that title and in the case of a licensed land surveyor as a “land surveyor” solely...
CHAPTER 342, LAWS OF 1938

under that title, or as "professional engineer and land surveyor" when the applicant qualifies in both respects. Certificates of license shall show the full name of the licensee, shall have a serial number and shall be signed by the president and the secretary of the board under the seal of the board. The issuance of a license certificate by this board shall be evidence that the person named therein is entitled to all the rights and privileges of a licensed engineer or a licensed land surveyor, or as both as the case may be, while said certificate remains unrevoked or unexpired.

Each licensed "professional engineer" or "land surveyor" shall upon receipt of license, obtain a seal of design authorized by the board, bearing his or her name, license number and the legend "Licensed Professional Engineer and Land Surveyor" if so licensed. Plans, specifications, plats, and reports issued by the licensee shall be stamped with the said seal when filed with public authorities, during the life of the licensee's certificate, but it shall be unlawful for anyone to stamp or seal any documents with said seal after the certificate of the licensee named thereon has expired or has been revoked, unless said certificate shall have been renewed or re-issued. The exact method of fulfilling the requirement as to the stamping of documents shall be regulated by the board.

All professional engineers licensed by this board prior to the passage of this chapter, shall continue to practice under the various classifications heretofore granted and within the branches of engineering indicated or may, upon application therefor, and the payment of a fee of five dollars ($5.00) receive a new certificate under the title "professional engineer"; provided, said professional engineer presents evidence satisfactory to the board of his qualifications to practice in the field of general engineering comprehended in the title "professional engineer."

All licenses granted by the board shall be recorded by the board in the office of the Secretary
of State, in a book kept for that purpose and any recording fee as may be provided by law shall be paid by the applicant before the license is delivered.

11. Expirations and renewals. License certificates shall expire on the thirtieth day of April following issuance or renewal and shall become invalid on that day unless renewed. Licensees shall apply for renewal on or before the thirtieth day of April of each year. It shall be the duty of the secretary of the board to notify all persons licensed under this chapter of the date of the expiration of their certificates and the amount of the fee that shall be required for their renewal for one year; such notice shall be mailed at least one month in advance of the date of expiration of said certificate. Renewal may be effected at any time during the month of April by the payment of the following fees, to wit:

- As professional engineer, five dollars ($5);
- As professional engineer and land surveyor, five dollars ($5);
- As licensee under one or more of the special titles in professional engineering and land surveying designated by the board prior to the passage of this chapter, five dollars ($5);
- As land surveyor, five dollars ($5).

The failure on the part of the licensee to renew his or her certificate annually in the month of April as required shall not deprive such person of the right of renewal during the ensuing year but the fee to be paid for the renewal of a certificate after the thirtieth day of April shall be increased two dollars ($2) for every three months or fraction thereof that payment of renewal is delinquent; provided, however, that the maximum fee for delinquent renewal shall not exceed twice the normal renewal fee. One notice to the licensee, by registered mail, on or before April fifteenth, addressed to his or her last place of residence known to the board, informing him or her of his or her failure to have applied for renewal of his or her license,
shall constitute legal notification of such delinquency by the board.

The failure on the part of the licensee to renew his or her certificate within one year from the date of the expiration of said license will automatically revoke such license and the right of the person to practice thereafter shall be restored only by a new application for license in the regular manner and the favorable action of the board. Continuing to practice as a "professional engineer" or as a "land surveyor" after the expiration of his or her license shall render the person so doing liable to all the penalties prescribed for practicing without a license.

12. 1. Section 9:3-2 of the Revised Statutes is hereby amended to read as follows:

9:3-2. The adopting parent shall be at least ten years older than the adopted child, but this provision shall not affect adoptions properly granted
prior to July fourth, one thousand nine hundred and two. The said adopting parent must have attained the age of twenty-one years, must be a citizen of the United States or have officially declared his or her intention of becoming a citizen, and these facts shall be set forth in the petition; provided, however, that no adoption heretofore granted shall be deemed void or voidable because the adopting parent was not of the age or status of citizenship required by this chapter.

2. Section 9:3-3 of the Revised Statutes is hereby amended to read as follows:

9:3-3. The petition for adoption shall be presented in duplicate, except when the consent for adoption is given by the Department of Institutions and Agencies or any agency thereof, or by an orphanage, children's home or society incorporated under the laws of this State for the care of children. The petition for adoption shall be verified by the petitioner and shall state the name, age and residence of the petitioner and of the child; the name by which the child shall be known; a verification, by dates, of the period of time that the child has been under constant care in the home of the petitioner; whether the child possesses property and the full description of such property; whether either or both the parents of the child are living; and the names and residences of the living parents of the child unless proven to be unknown to the petitioner.

If a written consent is not presented to the court with the petition for adoption, as required by section 9:3-4 of this chapter, this fact, and the reasons therefor, shall be stated in the petition.

When an orphanage, children's home or society has the custody and control of the child, the name, location of the principal office, the year of incorporation, and State where incorporated shall be set forth in the petition; provided, however, that if the principal office of such orphanage, children's home or society is not within this State, legal proof of the fact of incorporation shall be annexed to the petition.
3. Section 9:3-4 of the Revised Statutes is hereby amended to read as follows:

9:3-4. A written consent, acknowledged or proved in the manner required by law for deeds to real estate, shall be presented to the court with the petition for adoption, such consent to be obtained from:

b. The parents of the child; or

c. One parent if the other is dead, unknown or mentally incompetent, or has forsaken parental obligations or been divorced from the father or mother of the child because of his or her adultery or desertion or extreme cruelty; provided, however, that when the consent of one parent is not presented with the petition by reason of divorce, if the court granting the divorce has made an award of the custody of the child, consent of such court to the adoption must be presented with the petition; or

d. The legal guardian of the child where both parents are dead, unknown, or mentally incompetent, or have forsaken parental obligations; provided, however, that evidence of guardianship shall be presented to the court with the petition; or

e. The Department of Institutions and Agencies, or any orphanage, children’s home or society incorporated under the laws of this State for the care of children, appointed by the court as next friend if there is no guardian in the circumstances described in paragraph “d,” such appointment to be made forthwith upon presentation of the petition; or

f. Any orphanage or children’s home or society incorporated under the laws of this State to care for children, or the New Jersey State Board of Children’s Guardians, which has acquired the custody and control of the child, by grant of the parents for the full term of minority or by other legal means. A consent under this paragraph shall be
under the common seal of the orphanage, children's
home or society, or the New Jersey State Board of
Children's Guardians, and signed by the president
and secretary thereof.

g. A parent shall be deemed to be mentally in­
competent within the meaning of this chapter when
by reason of mental disease, feebleness of mind, or
habitual intemperance, he or she is unable to
understand and discharge the natural and regular
obligations of care and support of the child.

h. A person shall be deemed to have forsaken
parental obligations within the meaning of this
chapter when he or she shall have willfully and con­

i. When an orphanage, children's home, society
or agency outside of this State has custody and
control of the child, such agency shall furnish its
consent to the adoption and submit a verified copy
of the release or other legal document by which
they obtained such custody and control. Such con­
sent is to be under the common seal of that orphan­
age, children's home, society or agency and signed
by the responsible official thereof.

j. Whenever the consent of either or both of the
parents of the child is not presented with the peti­
tion, the court shall require that proof, by docu­
mentary evidence or oral testimony, of the reason
for the failure to present such consent shall be
given at the hearing.

4. Section 9:3-5 of the Revised Statutes is hereby
amended to read as follows:

9:3-5. A decree of adoption shall not be granted
unless the child has been living continuously in the
home of the petitioner or petitioners for not less
than one year previous to the hearing of the peti­
tion; provided, however, that the court, if it finds
that the best interests of the child so require, may
in its discretion grant a decree of adoption after
the child has so lived in the home for a minimum
period of six months.
At the time of the hearing the court shall require at least one witness, other than the petitioner, to attest to the fact that the child has resided in the home of the petitioner for the required time. When the child has been under the custody and control of an orphanage, children’s home or society incorporated under the laws of this State for the care of children, or the New Jersey State Board of Children’s Guardians, the testimony of such agency to this fact shall also be required.

5. Section 9:3-6 of the Revised Statutes is hereby amended to read as follows:

9:3-6. Upon presentation of the petition for adoption to the court the same shall be filed with the clerk thereof, and thereupon, or, if a next friend is appointed, as provided by section 9:3-4 ‘e’ of this chapter, upon such appointment, the court shall fix a day for hearing the petition and examining interested parties under oath; provided, however, that the court shall order an investigation of all petitions for adoption except when consent to adoption is given by the Department of Institutions and Agencies or any agency thereof, or an orphanage, children’s home or society incorporated under the laws of this State for the care of children.

Such investigation as required by this section shall be made by the Department of Institutions and Agencies or by an orphanage, children’s home or society incorporated under the laws of this State for the care of children and having the facilities for such investigation, as the court may direct, having due regard for the religious background of the child. The agency directed to make such investigation shall receive the duplicate copy of the petition, as required to be filed by this chapter, and shall be represented at the hearing. The nature of the investigation shall be such as to verify the allegations of the petition and reveal such facts as may be necessary to determine the condition and antecedents of the child and of the adopting parents, in order that it may be ascertained
whether the said child is a proper subject for adoption, and whether the petitioner or petitioners and their home are suitable for the proper rearing of the child.

The report of such investigation shall be made in writing and returned to the court on the day fixed by the court for the hearing, which shall be not less than thirty days nor more than sixty days after the filing of the petition, subject to adjournment as hereinafter provided. No decree of adoption shall be granted until such report be returned but, if such report is not returned on the day ordered, without fault of the petitioner or petitioners, the court may grant a decree of adoption upon a later day to be fixed, with due notice thereof being given to the agency directed to make such report.

When consent to the adoption is given by the Department of Institutions and Agencies or any agency thereof, or an orphanage, children’s home or society incorporated under the laws of this State for the care of children, the day fixed for the hearing shall be not less than ten nor more than thirty days from the time of filing the petition or appointment of a next friend as the case may be, on which day such agency shall file with the court a written summary of the case, and the court may adjourn the hearing and examination from time to time as the case may require.

At the time of the hearing the court shall require at least one witness, other than the petitioner, to testify to the character of the petitioner, the residence of the petitioner or the child, and any other facts which the court may require with respect to the welfare of the interested parties.

The entry of a decree of adoption shall be conclusive evidence of the sufficiency of the consent or consents annexed to the petition for such adoption and of the rights, duties and obligations established by such decree, pursuant to the provisions of this chapter, in any suit, action or proceeding not commenced within five years from the date of entry of such decree.

9:3-8. a. The petition, proceedings, testimony and decree, except the report of investigation made pursuant to the order of the court, shall be recorded at length in a book kept for that purpose and properly indexed, but testimony taken orally or without subscription by witnesses need not be recorded. The book shall become part of the records of the surrogate’s office of the county wherein the court is located, and for such recording the surrogate shall receive the same fees as for recording a will.

b. All reports of the investigation submitted hereunder shall be filed separately and apart from all other papers in the case, and shall not at any time be opened to inspection, except by the parties to the adoption and their attorneys, unless the court, for good cause shown, shall otherwise order.

c. Upon application of the adopting parent or parents, the clerk of the court where the decree of adoption was entered shall certify to the Bureau of Vital Statistics of this State the date of entrance of the decree, the names of the natural parent or parents of the child, if the same appear in the decree of adoption, the names of the adopting parent or parents, the prior name of the child, and the new name of the child as changed by the decree of adoption.

7. Section 44:7-11 of the Revised Statutes is hereby amended to read as follows:

44:7-11. The county welfare board shall appoint a director of welfare, who shall have the qualifications herein provided. The county adjuster, when qualified, may be appointed to this office, but when so appointed shall not serve as an ex-officio member of the county welfare board.
The director of welfare shall hold office for the term of five years or until appointment of his successor, unless sooner removed for cause, after due notice and hearing; except, that a person, who shall have qualifications necessary to the appointment of director of welfare, may be appointed by the county welfare board for a probationary period not exceeding six months to the position of acting director of welfare, and be vested, during this period, with the same powers as the director of welfare. This probationary period shall not be subject to extension, and upon expiration thereof, there having been meanwhile no adverse action by the county welfare board, in connection therewith, said probationary appointment shall become permanent as director of welfare for the remainder of the five-year term prescribed herein.

He shall be the clerk of the county welfare board and shall serve as such without additional compensation. He shall be the chief executive and approval officer of the county welfare board, and shall exercise all the powers pertaining thereto.

He shall be a citizen of the State and of the United States, be capable of making and keeping such records and reports as are lawfully required, shall have adequate knowledge of the laws concerning old age assistance and shall be a trained and qualified expert in the field of welfare service, with administrative experience therein.

The county welfare board may appoint a deputy director of welfare, who shall have qualifications necessary to the appointment of directors of welfare and be under the supervision of such director of welfare, and be vested, on approval of the county welfare board, with the same powers as the director of welfare. The director of welfare of counties of the first class shall be entitled to appoint, with the consent of the welfare board, a deputy director and a secretary, who shall be classified in the exempt class.
8. Section 44:7-12 of the Revised Statutes is hereby amended to read as follows:

44:7-12. The county welfare board, as the bureau of old age assistance, shall receive and act upon applications filed pursuant to this chapter, and shall extend to those persons found to be eligible under the provisions of this chapter assistance adequate to provide for their reasonable maintenance and well-being. Old age assistance shall be granted in the form of cash or a check. The amount and nature of assistance which any person shall receive, the manner of providing it, and the conditions upon which it is granted, shall be determined by the county welfare board as the bureau of old age assistance with due regard to the conditions existing in each case, in accordance with the rules and regulations of the State division; but in no case shall such assistance exceed thirty dollars per month. Such assistance shall be provided for the recipient only while living in his own or some other suitable family home within this State, except that upon special resolution by the county welfare board, after hearing, and upon written approval from the State division such assistance may be granted outside his own or other suitable family home; and with the further exception that upon special resolution by the county welfare board, assistance may be continued for such periods as the State division may by regulation prescribe for any individual already receiving same who moves outside the State of New Jersey, in any case where the State division finds that the State to which such individual has moved is willing to provide such supervision and to make such reports as the State division may require.

9. Section 44:7-13 of the Revised Statutes is hereby amended to read as follows:

44:7-13. If, on the death of the recipient of old age assistance, it shall appear to the satisfaction of the county welfare board that there are insufficient funds to pay his funeral expenses, and that there are no relatives responsible to pay such ex-
penses or other persons willing to pay them, the county welfare board may order the payment of such sum as may be necessary, not exceeding the total sum of one hundred dollars, to such person as the county welfare board may direct for the funeral expenses of the deceased aged needy person.

10. Section 44:7-14 of the Revised Statutes is hereby amended to read as follows:

44:7-14. Every county welfare board shall require, as a condition to granting assistance in any case, that all or any part of the property, either real or personal, of a person applying for old age assistance be pledged to said county as a guaranty for the reimbursement of the funds so granted as old age assistance pursuant to the provisions of this chapter, and the total amount of the assistance so granted shall become a lien upon any lands in the ownership of such person, which lien shall have priority over all unrecorded encumbrances. The county welfare board shall take from each applicant a properly acknowledged agreement to reimburse for all advances granted, and pursuant to such agreement said applicant shall assign to the welfare board, as collateral security for said advances, all or any part of his personal property as the board shall specify.

The agreement to reimburse shall contain therein a release of dower or curtesy, as the case may be, of the spouse of the recipient of old age assistance, and such release shall be as valid and effectual as if the spouse had joined the recipient in a conveyance of the property to a third person; the grant of old age assistance being contingent upon such release shall be good and valuable consideration therefor. Old age assistance shall not be granted to any applicant without joinder by the spouse in the agreement to reimburse except upon the showing of good and sufficient cause as the State division shall by regulation define.
11. Section 44:7-15 of the Revised Statutes is hereby amended to read as follows:

44:7-15. At any time the county welfare board may execute and file with the clerk of the court of common pleas or register of deeds and mortgages, as the case may be, a certificate, in form to be prescribed by the State division, showing the amount of assistance advanced to said person, and when so filed each certificate shall be a legal claim against both the person and his estate and shall have the same force and effect as a judgment at law, with priority over all unsecured claims except funeral expenses not to exceed one hundred and fifty dollars. No levy shall be made upon the real estate while it is occupied by the widow or widower, as the case may be. If the proceeds of sale of any personalty or real estate, as herein provided, exceeds the total amount paid as assistance under this chapter, such excess shall be returned to said person, and in the event of his death such excess shall be considered as the property of the deceased for proper administration proceedings. All funds reclaimed under these provisions shall be reimbursed to the county, State and Federal Government, in the same proportion as it was contributed.

12. Section 44:7-18 of the Revised Statutes is hereby amended to read as follows:

44:7-18. When the county welfare board receives an application for old age assistance, an investigation and record shall promptly be made of the circumstances of the applicant. The object of such investigation shall be to ascertain the facts supporting the application made under this chapter and such other information as may be required by the rules of the State division. Upon the completion of such investigation the county welfare board shall decide whether the applicant is eligible for and should receive old age assistance under this chapter, the amount of assistance, the manner of paying or providing it, and the date on which the assistance shall begin. It shall notify the applicant of its decision in writing.
The county welfare board shall at once report to the State division its decision in each case together with copies of the application and record of investigation. Such decision shall be final, except that where an application is not acted upon, by the county welfare board within thirty days after the filing of the application, or the application is denied, or the grant is deemed inadequate, either by the State division or by the applicant, the State division may review the case in its discretion or the applicant may appeal to the State division by filing a petition with the division setting forth the facts in full as to the necessity of such assistance. Such petition shall be indorsed by five reputable citizens of the county, whereupon a representative of the State division shall hold a fair hearing on the appeal, and if the appeal is sustained by the State division the payments of assistance in the amount determined by the State division must be paid by said county welfare board as herein provided.

13. Section 44:7-19 of the Revised Statutes is hereby amended to read as follows:

44:7-19. The director of welfare in cases of application for old age assistance shall ascertain, if possible, the relatives and other persons chargeable by law for the support of such applicant, and proceed to obtain their assistance for such applicant or to compel them to render such assistance as is provided by law in such cases, or if such relatives or other persons are not chargeable by law with the support of such applicant but able and willing to do so, in whole or in part, the director of welfare may contract, in writing, with such persons for the support of such applicant.

Should any relative or other person responsible for the support of an applicant for old age assistance fail to perform the order or direction of the director of welfare with regard to the support of such applicant, the court of common pleas of the county wherein such applicant has applied or is receiving old age assistance, may, upon certifica-
tion in writing of the director of welfare or of two residents of the municipality or county, subpœna or otherwise direct the appearance of the persons chargeable before it and subpœna witnesses, and compel the production of books, records, and other documents as may be pertinent, and shall, in a summary way, inquire into the cause of such failure to perform the order or direction of the director of welfare, and may order, adjudge and decree the able relatives or other persons responsible for the support of such applicant to pay such sum or to deliver to the court or to the director of welfare such other pledge or guaranty as the circumstances may require in the discretion of the court for each such applicant. Violation of any such order of the court of common pleas shall be a contempt of said court and the person so violating shall be subject to all the pains and penalties which by law may be imposed for other contempts of such court.

The jurisdiction of the court of common pleas in matters coming within the purview of sections 44:7-19 and 44:7-20 shall not be limited to the territorial confines of the county wherein said court is established, but said court shall exercise jurisdiction for such purposes in each of the several counties of this State and is empowered to compel the attendance of responsible relatives and other witnesses residing without the county and to make such orders, with respect to such persons, as are consistent with this Title.

The county welfare board may also bring appropriate action at law in any court of competent jurisdiction to recover any sum of money due for assistance given any person under this chapter against such person or against any other persons chargeable by law for the support of such person.

14. Section 44:7-20 of the Revised Statutes is hereby amended to read as follows:

44:7-20. For the purpose of ascertaining and determining the facts and circumstances concerning any application for assistance made under this chapter the director of welfare shall have power,
in his discretion, to compel the attendance of the applicant and other persons in this State and the production of books, records and other documents in this State pertinent to such examination. The director of welfare may administer oaths or affirmations for the purpose of such examination. Upon any disobedience to or neglect of any subpoena issued to an applicant by the director, or any refusal to testify by the applicant, the director may, in his discretion, subject to the approval of the county welfare board, reject the application for assistance. Any disobedience to, or neglect of, any subpoena issued to any other person by the director or any refusal to testify by any such other person, shall be certified in writing by the director to the judge of the court of common pleas of the county in which such disobedience, neglect, or refusal occurred, who shall thereupon, by a warrant issued to the sheriff of the county wherein the person resides or may be found, direct the production of the body of the person so disobeying, neglecting, or refusing, and upon the production of the body of such person, shall, in a summary way, inquire into the cause of such disobedience, neglect, or refusal, and if no sufficient cause be shown therefor shall by a commitment issued under his hand, directed to the keeper of the common jail of said county, order the detention in such common jail of such person for such a period of time, not exceeding ninety days, as the judge, in said commitment, shall designate, or until such person shall purge himself of such disobedience, neglect, or refusal.

Any applicant or other person who shall knowingly give false testimony before the director shall be guilty of a misdemeanor.

15. Section 44:7-24 of the Revised Statutes is hereby amended to read as follows:

44:7-24. Subject to payment of the State’s share, each county welfare board shall furnish old age assistance as provided in this chapter to the persons eligible therefor in its jurisdiction. The
county welfare board, by and with the advice and consent of the State division, shall annually fix and determine and report to its board of chosen freeholders a sum sufficient to pay the estimated amount of the county's proportionate share needed for old age assistance. Each board of chosen freeholders shall appropriate and make available such amount to the order of the respective county welfare boards, together with a sufficient sum to defray administrative expenses to be incurred in connection therewith, and shall include such sums in the taxes to be levied in the territory responsible for such old age assistance. Should the sum so appropriated, however, be expended or exhausted, during the year and for the purpose for which it was appropriated, additional sums shall be appropriated by such boards of chosen freeholders as occasion demands to carry out the provisions of this chapter, from funds in the county treasury available therefor. Where such county funds are not available or adequate, or should there be no such county funds, such additional sums shall be raised by temporary loans or notes, certificates of indebtedness or temporary loan bonds, to be issued as otherwise provided and limited by law for counties of this State, and the amounts necessary to pay such obligations shall be placed in the budget for the next ensuing fiscal year.

Payments of county funds needed for assistance under this chapter and for the administration thereof by the county welfare board shall be made monthly by the treasurer of the county upon the requisition of and to the secretary-treasurer of the county welfare board.

16. Section 44:7-27 of the Revised Statutes is hereby amended to read as follows:

44:7-27. Any funds received by the State from the Federal Government for administrative costs of old age assistance shall be ratably shared by the State division and the several county welfare boards in proportion to their respective annual approved expenditures for administration of old age assist-

(b) Removal from the county of customary abode for the purpose of entering a public institution or private custodial or curative establishment, whether licensed or otherwise, shall not be considered to constitute a change of county residence regardless of the length of confinement in such institution or establishment;

(c) Absence from or visitation outside the State of New Jersey shall not be considered to constitute a change of county residence unless continued for more than one year, but no payments of old age assistance shall be issued to any approved recipient during such absence except as may be specially approved by the county welfare board and the State division pursuant to sections 44:7-6 or 44:7-12 of this chapter.

The provisions of this chapter, together with rules and regulations of the State division issued pursuant thereto, shall constitute the sole basis of determining residence requirements insofar as eligibility for old age assistance and the fixing of county responsibility for paying old age assistance is concerned, but nothing in this chapter shall be construed to alter or affect the length of time required to gain legal settlement under the provisions of any other law of this State.

19. Section 44:7-31 of the Revised Statutes is hereby amended to read as follows:

44:7-31. Any person who has knowledge that old age assistance is being improperly granted or administered under this chapter may file a complaint in writing with the State division setting forth the particulars of such violation. Upon receipt of such complaint, the director of old age assistance, or his representative, shall make an investiga-
tion of the allegations set forth in such complaint, or, if at any time the State division has reason to believe that assistance to aged needy persons has been improperly granted, the director, or his representative, shall cause an investigation to be made. The director of old age assistance may suspend payment of any installment pending an investigation. He shall notify the county welfare board of any proposed investigation. If it appears, as a result of any such investigation, that old age assistance was improperly granted, such assistance shall be canceled by the State division which shall immediately notify the county welfare board that it will not approve any payment made after such suspension, but if it appears, as a result of such investigation that assistance was obtained properly, the suspended payments of assistance may be payable as the State division may find is required by the circumstances.

CHAPTER 366

An Act concerning hospital service corporations and regulating the establishment, maintenance and operation of hospital service plans, and supplementing Title 17 of the Revised Statutes by adding thereto a new chapter entitled "Hospital Service Corporations."

Be it enacted by the Senate and General Assembly of the State of New Jersey:

1. A hospital service corporation is hereby declared to be any corporation organized, without capital stock and not for profit, for the purpose of establishing, maintaining and operating a nonprofit hospital service plan. A hospital service plan is hereby defined as a plan whereby hospital service is provided by a hospital service corporation or by a hospital with which the corporation has a contract for such hospital service to persons who become subscribers under contracts with the corporation. Hospital service provided by a hospital service corporation shall consist of hospital care provided through a hospital which is maintained by the State or any of its political subdivisions, or maintained by a nonprofit corporation organized for hospital purposes under the laws of this State, or such other nonprofit hospitals as shall be designated by the Department of Institutions and Agencies and nonprofit hospitals of other States subject to the supervision of such other States, except in cases of emergency, in which such cases the hospital service corporation may make payment to a hospital operated for profit.

2. No hospital service corporation shall be converted into a corporation organized for pecuniary profit. Every such corporation shall be operated for the benefit of the subscribers with whom it has
contracted to provide hospital service. No person, firm, association or corporation, other than a hospital service corporation, or an insurance company authorized to transact the kinds of insurance specified in subdivisions c or d of section 17:17–1 of the Revised Statutes shall establish, maintain or operate a hospital service plan or otherwise contract in this State with persons to furnish hospital service. No hospital service corporation shall solicit subscribers or enter into any contract with any subscriber until it has received from the Commissioner of Banking and Insurance a certificate of authority to do so.

3. The Commissioner of Banking and Insurance may issue such certificate of authority to any such hospital service corporation of this State when it shall have filed in the Department of Banking and Insurance a certified copy of its charter or certificate of incorporation, a copy of its constitution or by-laws, a statement of its financial condition in such form and detail as the Commissioner of Banking and Insurance shall require, signed and sworn to by its president and secretary or other proper officers, and the Commissioner of Banking and Insurance is satisfied, on the basis of examination or otherwise, that the corporation has complied with the requirements of this chapter and that its condition or methods of operation are not such as would render its operations hazardous to the public or to its subscribers. No change in, amendment to, alteration in, addition to, or substitution for any document, instrument or other paper so filed shall become operative or effective until the same shall also have been filed in a similar manner. No such certificate of authority shall be issued to any hospital service corporation not incorporated under the laws of this State.

4. No certificate of authority shall be issued to any hospital service corporation except on receipt of evidence by the Commissioner of Banking and Insurance that the corporation is in receipt of not less than five hundred dollars ($500.00) on bona

fide applications for hospital service contracts from not less than two hundred persons, which applications shall contain provisions to the effect that any amounts collected with such applications will be returned to such persons if the certificate of authority applied for is not received by the corporation within one year from the date of the first of such applications. The commissioner may refuse to issue any certificate of authority applied for if, in his judgment, the issue thereof is contrary to the public interest.

5. A copy of a certificate of incorporation of a hospital service corporation may be filed in the Department of Banking and Insurance as aforesaid only when there shall be endorsed on or appended to the original thereof the approval of the Commissioner of Institutions and Agencies, who is hereby authorized to grant such approval if, in his judgment, the operation of a nonprofit hospital service plan by such corporation is in the public interest. No certificate of authority shall be issued to any such corporation unless the by-laws provide that at least a majority of the directors of such corporation must be at all times directors or trustees of hospitals designated in section one hereof. Any outstanding certificate of authority shall immediately become void if such by-law provision be removed or if there is any failure of compliance therewith.

6. Every contract made by a corporation subject to the provisions of this chapter to furnish services to a subscriber shall provide for the furnishing of services for a period of twelve months, and no contract shall be made providing for the inception of such services at a date later than one year after the actual date of the making of such contract. Any such contract may provide that it shall be automatically renewed from year to year unless there shall have been one month's prior written notice of termination by either the subscriber or the corporation.
No contract between any such corporation and a subscriber shall entitle more than one person to services, except that a contract issued and marked as a "family contract" may provide that services will be furnished to a husband and wife, or husband, wife and their dependent child or children not over nineteen years of age, and adult dependents living in the same house under the age of seventy years.

Every contract entered into by any such corporation with any subscriber thereto shall be in writing and a certificate stating the terms and conditions thereof shall be furnished to the subscriber to be kept by him. No such certificate form shall be made, issued or delivered in this State unless it contains the following provisions:

(a) A statement of the amount payable to the corporation by the subscriber and the times at which and manner in which such amount is to be paid;
(b) A statement of the nature of the services to be furnished and the period during which they will be furnished; and if there are any services to be excepted, a detailed statement of such exceptions printed as hereinafter specified;
(c) A statement of the terms and conditions, if any, upon which the contract may be canceled or otherwise terminated at the option of either party;
(d) A statement that the contract includes the endorsements thereon and attached papers, if any, and contains the entire contract for services;
(e) A statement that no statement by the subscriber in his application for a contract shall avoid the contract or be used in any legal proceeding thereunder, unless such application or an exact copy thereof is included in or attached to such contract, and that no agent or representative of such corporation, other than an officer or officers designated therein,
is authorized to change the contract or waive any of its provisions;

(f) A statement that if the subscriber defaults in making any payment under the contract, the subsequent acceptance of a payment by the corporation or by one of its duly authorized agents shall reinstate the contract, but with respect to sickness and injury may cover such sickness as may be first manifested more than ten days after the date of such acceptance;

(g) A statement of the period of grace which will be allowed the subscriber for making any payment due under the contract. Such period shall be not less than ten days.

In every such contract made, issued or delivered in this State:

(a) All printed portions shall be plainly printed in type of which the face is not smaller than ten point;

(b) There shall be a brief description of the contract on its first page and on its filing back in type of which the face is not smaller than fourteen point;

(c) The exceptions of the contract shall appear with the same prominence as the benefits to which they apply; and

(d) If the contract contains any provision purporting to make any portion of the articles, constitution or by-laws of the corporation a part of the contract, such portion shall be set forth in full.

7. Any hospital service corporation may enter into contracts for the rendering of hospital service to any of its subscribers only with hospitals maintained by the State or any of its political subdivisions, or maintained by a corporation organized for hospital purposes, or with such other hospitals as shall have been approved by the Department of Institutions and Agencies for such pur-
pose, or subject to the approval of the Commissioner of Banking and Insurance, with hospital service plans of other States and nonprofit hospitals of other States subject to the supervision of such other States, and shall have the right to reimburse any other nonprofit hospital for service rendered to the subscriber at the per diem rate paid to hospitals under contract.

All rates of payments to hospitals made by such corporation pursuant to such contracts shall prior to payment be approved by the Department of Institutions and Agencies.

8. No hospital service corporation shall enter into any contract with a subscriber unless and until it shall have filed with the Commissioner of Banking and Insurance a copy of the contract or certificate and of all applications, riders and endorsements for use in connection with the issuance or renewal thereof. If the commissioner shall at any time notify the corporation filing the same of his disapproval of any such form, as contrary to law, or as being oppressive or calculated to mislead the public, specifying particulars, it shall be unlawful for such corporation thereafter to issue such form so disapproved. Such disapproval of the commissioner may be reviewed by a writ of certiorari.

9. No corporation subject to the provisions of this chapter shall enter into any contract with a subscriber unless and until it shall have filed with the Commissioner of Banking and Insurance a full schedule of the rates to be paid by the subscribers to such contracts. The commissioner may disapprove such schedule at any time if he finds that such rates are excessive, inadequate or discriminatory. It shall be unlawful for any corporation to effect any contract according to such rates thereafter. Such disapproval of the commissioner may be reviewed by a writ of certiorari.

10. No corporation subject to the provisions of this chapter shall during any one year disburse more than ten per centum (10%) of the aggregate amount of the payments received from sub-
scribers during that year as expenditures for the soliciting of subscribers, except that during the first year after the issuance of a certificate of authority such corporation may so disburse not more than twenty per centum (20%) of such amount and during the second year not more than fifteen per centum (15%).

No such corporation shall, during any one year, disburse a sum greater than twenty per centum (20%) of the payments received from subscribers during that year as administrative expenses. The term, "administrative expenses," as used in this section, shall include all expenditures for non-professional services and in general all expenses not directly connected with the furnishing of hospital services, but not including expenses of soliciting subscribers.

The funds of any hospital service corporation may be invested only in accordance with the requirements now or hereafter provided by law for the investment of funds of life insurance companies. Every hospital service corporation after the first full calendar year of doing business after the effective date of this chapter, shall accumulate and maintain a special contingent surplus over and above its reserves and liabilities at the rate of two per centum (2%) annually of its net premium income until such surplus shall be not less than one hundred thousand dollars ($100,000.00) except that no such corporation shall be required to maintain a special contingent surplus exceeding fifty-five per centum (55%) of its average annual premiums for the previous five years.

11. Every hospital service corporation transacting business in this State shall annually on or before the first day of March file in the Department of Banking and Insurance a statement, subscribed and sworn to by its president and secretary, or in their absence, by two of its principal officers, showing its financial condition at the close of business on the thirty-first day of December of the year last preceding, and its business for that year, which
statement shall be in such form and contain such matters as the Commissioner of Banking and Insurance shall prescribe; said commissioner may also address inquiries to any such corporation or its officers in relation to its condition or affairs, or any matter connected with its transactions, and it shall be the duty of the officers of such corporation to promptly reply in writing to all such inquiries; for good cause shown the commissioner may extend the time within which any such statement may be filed.

Any hospital service corporation that neglects to make and file its annual statement in the form and within the time provided by the last preceding section or neglects to reply in writing to inquiries of the Commissioner of Banking and Insurance within such reasonable time as may be specified by him shall forfeit twenty-five dollars ($25.00) for each day's neglect, and upon notice by the Commissioner of Banking and Insurance to that effect its authority to do new business in this State shall cease while such default continues.

12. The Commissioner of Banking and Insurance shall have the power, whenever he deems the same expedient, to make or cause to be made an examination of the assets and liabilities, method of conducting business and all other affairs of every hospital service corporation authorized or which has made application for authority to transact business under the provisions of this chapter. For the purpose of such examination the commissioner may commission and employ such persons to conduct the same or to assist therein as he may deem advisable, which examination may be conducted in any State in which the corporation examined has an office, agent or place of business.

The reasonable expense of such examination shall be fixed and determined by the Commissioner of Banking and Insurance, and he shall collect the same from the corporation examined, which shall pay same on presentation of a detailed account of such expense. In case any corporation, after such
examination, shall be declared by the Court of Chancery to be insolvent, the expense of such examination, if unpaid, shall be taxed in the costs of the proceedings in the Court of Chancery and paid out of the assets of the corporation. No corporation shall, either directly or indirectly, pay, by way of gift, credit or otherwise, any other or further sum to the commissioner or to any person in the employ of the Department of Banking and Insurance, for extra service or for purposes of legislation, or for any other purpose whatsoever.

It shall be the duty of the officers, agents and employees of any such corporation to exhibit all its books, records and accounts for the purpose of such examination, and otherwise to facilitate the same so far as it may be in their power to do so, and for that purpose the Commissioner of Banking and Insurance, and his deputies, assistants and employees shall have the power to examine, under oath, the officers, agents and employees of any such corporation relative to its business and affairs.

13. Whenever any hospital service corporation shall become insolvent or shall suspend its ordinary business for want of funds to carry on the same, or whenever the Commissioner of Banking and Insurance shall ascertain, as a result of examination as authorized by this chapter, or in any other manner, that any such association is exceeding its powers or violating the law or that its condition or methods of business are such as to render the continuance of its operations hazardous to the public or its members or that the assets of such corporation are less than its liabilities or that the number of subscribers to its service has decreased to less than one hundred persons, said commissioner shall have authority to apply to the Court of Chancery for an injunction restraining such corporation from the transaction of any further business, or the transfer or disposal of its property in any manner whatsoever, and the court, being satisfied of the sufficiency of the application, may order an injunction and appoint a receiver, with power
to sue for, collect, receive and take into his possession all the goods and chattels, rights, and credits, moneys and effects, lands and tenement, books, papers, choses in action, bills, notes and property of every description belonging to such corporation and sell and convey and assign the same, and hold and dispose of the proceeds thereof under the directions of the Court of Chancery. Any such corporation may be deemed insolvent whenever it is presently or prospectively unable to fulfill its outstanding contracts and to maintain the reserves required pursuant to this chapter.

14. Every corporation to which this chapter shall be applicable shall pay the following fees to the Commissioner of Banking and Insurance for enforcement of the provisions of this chapter, viz.: for filing its application and charter, ten dollars ($10.00); for filing each annual statement, five dollars ($5.00); for each copy of any paper filed in the Department of Banking and Insurance, twenty cents ($.20) a sheet or folio of one hundred words and one dollar ($1.00) for certifying the same.

15. Any hospital service corporation of this or any other State, country or province which shall have violated any of the provisions of or shall have neglected, failed or refused to comply with any of the requirements of this chapter, except the failure to file an annual statement, shall be liable to a penalty of five hundred dollars ($500.00), such penalty to be sued for and collected by the Commissioner of Banking and Insurance in an action upon contract in the nature of an action for debt in the name of the State; such penalty when recovered shall be paid by the Commissioner of Banking and Insurance into the State treasury for the use of the State. Any officer, agent, employee or member of any such corporation doing business in this State who shall issue, circulate or cause or permit to be circulated, any estimate, illustration, circular of any sort misrepresenting the terms of any contract issued by such corporation, or any other such corporation authorized to transact business under
this chapter, or misrepresent the benefits or advantages promised thereby, or use any name or title of any contract or class of contracts misrepresenting the true nature thereof, or who shall solicit, negotiate or effect the issue of any contract of any hospital service corporation which shall have neglected, failed or refused to procure a certificate of authority as provided for by the provisions of this chapter or who shall accept any premiums, dues, deposits, contributions, fees, assessments or thing of value of any kind in consideration for such contract or certificate on behalf of such corporation, shall be adjudged guilty of a misdemeanor.

16. Any dispute arising between a corporation subject to the provisions of this chapter and any hospital with which such corporation has a contract for hospital service may be submitted to the Commissioner of Institutions and Agencies for his decision with respect thereto. All decisions and findings of the Commissioner of Banking and Insurance made under the provisions of this chapter may be reviewed by proper proceedings in a court of competent jurisdiction.

17. The provisions of this chapter shall not apply to any corporation carrying on the business of life, health or accident insurance, for profit or gain, nor to fraternal beneficiary associations as defined in section 17:39–1 of the Revised Statutes. Any hospital service corporation authorized to transact business pursuant to this chapter shall be exempt from all other provisions of Title 17 of the Revised Statutes except as herein specified.

18. Every corporation subject to the provisions of this chapter is hereby declared to be a charitable and benevolent institution and all of its funds shall be exempt from every State, county, district, municipal and school tax other than taxes on real estate and equipment.

WHEREAS, The State Legislature in one thousand nine hundred and thirty created a commission to investigate county and municipal taxation and expenditures; and

WHEREAS, This commission in filing its report on "The Revenue System of New Jersey" made the following statement: "New Jersey has been as liberal as most of the States in her tax exemption policy. The States generally have begun to recognize the evils of an unwise and over-liberal system of tax exemptions, and sentiment is developing in many quarters for the curtailment of this privilege, a privilege which grows in value as the tax burden mounts. It is coming to be realized that every tax exemption must be justified by public policy. That is, there must be a clear and strong case for the public advantage in every exemption. 3. The State Tax Commissioner shall also present a report to the Governor, State Senate and House of Assembly not later than November first, one thousand nine hundred and thirty-eight, setting forth what has been accomplished by him in connection with such tax evasions. JOINT RESOLUTION No. 9

JOINT RESOLUTION requesting the Secretary of Agriculture of the United States to reconsider matter of exacting penalty against the State of New Jersey.

Preamble. Whereas, The Secretary of Agriculture of the United States has held that the State of New Jersey has diverted certain funds for emergency relief purposes, which diversion made the State of New Jersey liable to a penalty under the terms of the Hayden-Cartwright Act; and

Preamble. Whereas, The said Secretary of Agriculture has imposed a partial penalty in an amount of two hundred and fifty thousand dollars and has advised that any further penalties would be for the full one-third of the State's apportionment; and

Preamble. Whereas, The use of State highway funds was only a temporary expedient, as evidenced by chapter two hundred and nine of the laws of one thousand nine hundred and thirty-six, by the terms of which four million, five hundred and thirty thousand dollars was repaid into the State highway fund, showing that the policy of the State of New Jersey is to repay amounts diverted for emergency relief; and

Preamble. Whereas, It is still the policy of the State of New Jersey to repay into the State highway fund moneys used from said fund for emergency relief purposes, which repayment will be made as soon as circumstances will permit; now, therefore,
Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. That, inasmuch as it is the policy of the State of New Jersey to repay into the State highway fund all sums that have been used for emergency relief purposes from said fund, the Secretary of Agriculture of the United States be requested to reconsider the matter of exacting a penalty against the State of New Jersey by reason of the use of said State highway funds for emergency relief purposes and that such penalty be not exacted.

2. That copies of this joint resolution be transmitted to the Secretary of Agriculture of the United States and to the Chief of Bureau, United States Bureau of Public Roads.

3. This joint resolution shall take effect immediately.

Approved May 25, 1938.

JOINT RESOLUTION No. 10

A Joint Resolution to create a commission to investigate the ways and means of establishing a State public park at or near Sea Bright, having both river and ocean frontage.

Whereas, This Legislature has recognized and advocated the need for public parks and free access along water front; and

Whereas, The public demand for such facilities is becoming more insistent and the acquisition of water front is becoming difficult of solution; and

Whereas, By reason of the close proximity of ocean and river at or near Sea Bright, it appears possible to create and utilize in that section the maximum water frontage on both ocean and
river, thereby making available to the public from both local, metropolitan and other State areas unusual opportunities for access to the water for all public purposes; therefore,

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. There shall be appointed a committee of seven members who shall be citizens of the State. One to be appointed by the Governor, three to be appointed by the President of the Senate and three members to be appointed by the Speaker of the House.

2. Such commission shall organize as soon as possible after appointment and shall make all proper and necessary investigations to determine what steps are necessary and on what terms the State of New Jersey can acquire such property, or the use of such property, as will give the maximum ocean and river frontage at or near Sea Bright for public park purposes.

3. The commission shall embody its findings and recommendations as soon as practicable in a report to be submitted at this or at the next session of the Legislature.

4. This joint resolution shall take effect immediately.

Approved June 4, 1938.
JOINT RESOLUTION No. 11

An Act creating a commission to foster racial and religious understanding and good will and for the designation of a good-will or brotherhood holiday.

Whereas, The State of New Jersey is a great industrial and agricultural State composed of various racial and religious groups; and

Whereas, One of the first requisites of a harmonious, contented and prosperous State or nation depends upon racial and religious tolerance and understanding; and

Whereas, The world is rent asunder by strife and wars and great injustice is being perpetrated upon minority peoples because of race, religion or creed; and

Whereas, The State of New Jersey was among the first to enact laws for the punishment of the incitement to harm a resident thereof because of his race or religion; and

Whereas, It is clear that prevention through education and enlightenment is essential to thwart evil acts, and hence it is better to prevent than punish same; and

Whereas, The State of New Jersey has ever gloried in the great traditional and constitutional guarantees of the bill of rights; now therefore,

Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. The Governor of this State is hereby authorized to appoint a commission of not more than
JOINT RESOLUTION No. 11

The members of such commission shall hold office for terms of three years each and until their successors shall be appointed by the Governor.

The commission shall be known as the Good-Will Commission of the State of New Jersey. It shall organize by the selection of a chairman and secretary from among its members and all of the members of the commission shall serve without compensation. The commission is empowered to adopt rules and regulations for its administration.

The Governor shall, upon the request of the commission, establish each year by proclamation a certain day on which the residents of the State of New Jersey shall be requested to join in private and public functions for the celebration of such day, which shall be designated as Brotherhood and Good-Will Day.

2. This act shall take effect immediately.

Approved June 4, 1938.

WHEREAS, It is fitting and appropriate that legislative recognition be accorded the services and sacrifices of New Jersey soldiers, sailors and marines so valiantly rendered; therefore

BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey:

1. That State Highway Route No. 9 shall be designated as the "Veterans of Foreign Wars of the United States Memorial Highway" as a memorial and in commemoration of the services of the members of the Veterans of Foreign Wars of the United States.

2. That the State Highway Commissioner shall cause to be erected on said State highway route suitable tablets and ornamentations to effectuate this resolution.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The Bible is a catalogue of human wisdom, instructing to the atheist, inspiring to the believer in its divine origin.

Its pages contain the constitution and by-laws of all Christian faiths, the moral code of the Christian world and more inspiration, comfort and literature than any other book ever published.

This is a confused world, with too many claims on the attention of the men and women who live in it. I hope that Universal Bible Sunday will help to teach all of us that the Great Book is a sure refuge from the distraction of less worthy interests and that in it we will all find enrichment of mind and soul.

Now, therefore, I, Harold G. Hoffman, Governor of the State of New Jersey, proclaim that

SUNDAY, DECEMBER TWELFTH,
NINETEEN HUNDRED AND THIRTY-SEVEN

shall be observed in the said State as

UNIVERSAL BIBLE SUNDAY,

and I urge upon all the people of the State that they form the habit of reading the Bible regularly and that they seek in it the answers to all personal and public problems that confuse or distress them.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-ninth day of October, in the year of Our Lord one thousand nine hundred
and thirty-seven, and in the Independence of the United States the one hundred and sixty-second.

PROCLAMATION

STATE OF NEW JERSEY,  
EXECUTIVE DEPARTMENT.

For peace in a world of conflict, for freedom in a world of tyranny, for firm institutions in a world of doubt, for opportunity in a world of hope denied, we should give thanks.

We should each of us give thanks to God as we see God, to America as we all see America, to the firm foundation that underlies our feet and to our wise fathers who laid that foundation with an abundant factor of safety against the stresses and strains of time and a changing world.

We should eat and drink of the fruits of the fullness of the earth so that we may appreciate their presence. We should firmly resolve that each of us shall do all that lies within his or her power to maintain and expand the opportunities and privileges under which we live and that we should not yield to any persuasion to abandon the values we know to fly to evils that we know not.
NOW, THEREFORE, I, HAROLD G. HOFFMAN, Governor of the State of New Jersey, do hereby proclaim

THURSDAY, NOVEMBER THE TWENTY-FIFTH,

as

THANKSGIVING DAY.

I request that in all places of worship suitable exercises be conducted on this day, and I would further request that the American Flag be displayed from all public buildings, places of business and private homes, that we may be reminded by this emblem of the freedom and opportunities of our nation.

FOR SAFE AND SANE CHRISTMAS

WHEREAS, The National Safety Council is con­
ducting a campaign to reduce the annual Christmas
traffic toll which last December reached the alarm­

WHEREAS, A situation that claims more lives in
one month than were forfeited by American

for immediate and concerted action, and

WHEREAS, This State recognizes keenly its re­
sponsibility of assuming leadership in such action,

 THEREFORE, I, as Governor of this State, do here­
by, on behalf of the citizenry of this State, declare
enthusiastic participation in this campaign and call
upon every citizen of the State to join in this united
effort to reduce the toll of human tragedy and
suffering at a time we are peculiarly sensitive to
peace and joy and contentment. I therefore urge
every citizen to be especially thoughtful of the
rights of his neighbor on streets and highways, to drive carefully and cautiously, not to drive after drinking and to support law enforcement agencies in the strict application of all traffic laws.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

No problem confronting the people of America today is graver than that of adequate conservation of national resources. From a nation which for a long time practically ignored the fact that our resources were not inexhaustible, we have been forced by drought and flood to realize that our fertile lands are suffering from erosion and waste, our abundant forests denuded, and increasing areas in our country are becoming arid and desolate.

The problem of combating the forces of destruction is not entirely the responsibility of the scientists, soil conservation experts, foresters, and governmental agencies. It is important that every citizen of this country should realize the menace to life, property, health, and national wealth that is inherent in failure to conserve national resources.
Since the destruction of forests brings such a train of evils in its wake, no phase of conservation is more important than that of forest conservation, and no program which comprehends reforestation, rehabilitation of our wasted areas, and conservation of our resources, can be carried out without the co-operation of a citizenry alive to the gravity of the problem and the necessity for effective action.

And so, we look to our schools to supply the country with enlightened and patriotic citizens who will build up where others have laid waste, and who will conserve where others have squandered.

Therefore, I, A. Harry Moore, Governor of the State of New Jersey, do hereby proclaim the period from

APRIL 4TH to APRIL 8TH

as

CONSERVATION WEEK,

Secretary of State.
PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

A three-day festival of American music, centering around Washington’s Birthday, will be conducted by the Federal Music Project of the Works Progress Administration.

During this Festival, the works of American composers, exclusively, will be presented.

The music organizations financed by the Works Progress Administration are doing a splendid work in encouraging and fostering native talent, as well as providing regular employment for professional musicians.

They are enriching the communities in which they work by affording opportunities, which often did not previously exist, of hearing good music, and they deserve recognition and enthusiastic support.

In connection with this Festival public concerts have already been arranged under the sponsorship of local governing bodies and other committees, in Newark, Jersey City, Passaic, Hackensack, Morris-town, Elizabeth, Perth Amboy, Asbury Park, Trenton, Princeton, New Brunswick, Camden, Gloucester and Atlantic City.

For the purpose of directing public attention to this Festival, I, A. HAURY MOORE, Governor of the State of New Jersey, do hereby proclaim the time from

FEBRUARY 21ST to FEBRUARY 23D,
INCLUSIVE,

as

THE FESTIVAL OF AMERICAN MUSIC,

and I ask that the people of New Jersey, by their attendance at these concerts, encourage the Federal

authorities in their efforts to discover and foster creative native talent in music.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this eighth day of February, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Nothing can exceed in importance the education of the children of our State. Such duty, however, is not entirely the function of the school. It is essential that the home co-operate with the school in such fashion as to produce the best results, and no more effective means of co-operation can be imagined than that supplied by the Parent-Teacher Associations.

These splendid groups have demonstrated their value to our educational system so forcibly, since their organization in this State in 1900, that it seems to me most fitting that a day be set aside for the purpose of showing our appreciation of their efforts and of calling attention to the progress and ideals of the Parent-Teacher Associations throughout the State.
Therefore, I, A. Harry Moore, Governor of the State of New Jersey, do hereby proclaim

FEBRUARY 17TH

as

PARENT-TEACHER DAY,

and I urge the presentation by the various Parent-Teacher Associations of suitable programs commemorating their work and outlining their plans for the future.

Given under my hand and the Great Seal of the State of New Jersey, this ninth day of February, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

The baked products produced by the retail baker are widely recognized as outstanding foods, and are considered important to a well-balanced, enjoyable diet.

In order that the people of New Jersey may receive the full benefit of this celebration,

From the alarming increase in major crimes among narcotic users in this country, and the fact that so many of them are very young people, it is painfully evident that the use of such drugs is growing by leaps and bounds, and that strenuous efforts are necessary in order to combat it.

Murder and robbery, moral and physical degradation and despair follow in the wake of the use of these drugs. There is much to learn about this evil. We need instruction concerning the dangers of habit-forming drugs; we need effective narcotic law enforcement.

In order that the campaign against this terrible menace shall receive all possible support,
I, A. Harry Moore, Governor of the State of New Jersey, do hereby proclaim the period from FEBRUARY 21ST TO FEBRUARY 28TH as NARCOTIC EDUCATION WEEK and I ask that schools, churches, civic organizations and all interested in ridding the country of this evil, co-operate in the observance of this week.

Given under my hand and the Great Seal of the State of New Jersey, this fourteenth day of February, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

vene the Senate of this State to meet in special session in the Senate Chamber, State House, Trenton, on Wednesday, the second day of March, one thousand nine hundred and thirty-eight, at eight o'clock P. M. of the said day.

Given under my hand and the Great Seal of the State of New Jersey, this first day of March, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

Since the President of the United States has invited the Governors of the various States to issue an Army Day Proclamation, it is incumbent upon me, as Governor of New Jersey, to direct the attention of the people of the State to the observance of this day.

The world-shaking events of today in Europe and Asia bring home to us forcibly the blessings of peace and security, and the necessity for safeguarding these blessings. Army Day will afford an opportunity for the people to learn what provision has been made for our national defense.
THEREFORE, I, A. HARRY MORE, Governor of the State of New Jersey, do hereby proclaim

WEDNESDAY, APRIL 6TH

as

ARMY DAY

and I request that civic bodies and patriotic organizations throughout the State observe the day by appropriate exercises.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-eighth day of March, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

Secretary of State.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The American cotton crop in 1937 was the largest on record, totaling more than eighteen and three-quarter million bales. Due to declining consumption, the prospective carrying over for the new crop year is nearly thirteen million bales, or the equal of an average crop. Such a condition is disastrous to the South, where cotton is the chief money crop, and it is of vital importance, not only to the South but to the entire nation, that this tremendous surplus be reduced.
This season of the year, with warm weather approaching, is an opportune time to lay in a stock of cotton goods. Cotton products are so reasonable in price as to be within reach of the great majority of our people.

Therefore, I, A. Harry Moore, Governor of New Jersey, do hereby urge the merchants, householders, and individuals, to help reduce this great surplus by buying cotton.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this first day of April, in the year of our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

A. Harry Moore,
Governor.

By the Governor:

Thomas A. Mathis,
Secretary of State.

PROCLAMATION
STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

For years past, May 18th has been widely observed as Good Will Day, because it commemorates the anniversary of the meeting of the first Peace Conference at the Hague. It is desired to dedicate the whole month of May to the cause of Good Will. Such observance is wise and timely.

It is imperative that we give heed to the ancient truth that peace comes only to men of good will. Equality may be questioned and fraternity may be delayed, but good will is possible and desirable at all times, toward all people. With peculiar fervor it should be extended to the weak and helpless, to
the poor and downtrodden. Even to the wayward and the criminal, who must be restrained, society can extend good will. If good will obtained, human welfare and happiness would well-nigh be established. Good will is the highest motive of individual conduct and the basic structural principle of society. Good will is the meeting of minds and hearts on points of agreement, thereby creating harmony. The possibilities inherent in good will have hardly yet been tapped.

Now, therefore, I, A. Harry Moore, Governor of the State of New Jersey, do hereby proclaim the

MONTH OF MAY, 1938

as

GOOD WILL MONTH

and do proclaim May 18th as Good Will Day and urge the people of this State to observe it by appropriate programs in churches, schools, fraternal societies, homes and other institutions, to the end that we may develop a sense of unity and common humanity among all people, and thus prepare the way for the establishment of permanent world peace through mutual good will and understanding.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this nineteenth day of April, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

A. Harry Moore,
Governor.

By the Governor:

Thomas A. Mathis,
Secretary of State.
PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

WHEREAS, The Post Office Department at Washington is sponsoring National Air Mail Week from May 15th to 21st, inclusive, and
WHEREAS, This is the twentieth anniversary of regular Air Mail Service in the United States, and
WHEREAS, I believe the citizenry of New Jersey have a lively interest in the development of Air Mail in our Nation,

Now, THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby designate
the week of

MAY 15TH to 21ST

as

AIR MAIL WEEK,

and do call upon our people to make proper observance of this week by liberally patronizing the air mail and otherwise evidencing their appreciation of the efforts of the Post Office Department to provide this necessary service for our State.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-fifth day of April, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

EXECUTIVE DEPARTMENT.

WHEREAS, The Congress of the United States by enactment set aside May 1st as Child Health Day; and

WHEREAS, The President of the United States by proclamation has set aside this day for earnest consideration of the needs of children in their communities and their homes,

Now, THEREFORE, I, A. HARRY MOORE, Governor of the State of New Jersey, do hereby proclaim

MAY 1ST, 1938,
as

CHILD HEALTH DAY,

and call the people of this State to the task of considering whether the children in their families and in each community are receiving the full benefit of our knowledge of how to promote the health of mothers and babies at the time of birth, and of children throughout the period of growth and development, and ask them to plan how the child-health work of our public and private agencies can be extended and made more effective.

Given under my hand and the Great [seal] Seal of the State of New Jersey, this twenty-eighth day of April, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

PROCLAMATION

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT.

The year 1938 marks the fifteenth anniversary of National Music Week—May 1st-8th.

This is an event of such cultural significance as to command very enthusiastic observance. Music is something more than an agency for contributing to our pleasure. It is an elevating influence, an instrument for spiritual and artistic development, and a means of producing genuine happiness and serenity.

I urge the observance of National Music Week throughout the State, and I hope that through the various programs local talent will be given an opportunity to express itself and will receive needed encouragement.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-eighth day of April, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.

A. HARRY MOORE,
Governor.

By the Governor:
THOMAS A. MATHIS,
Secretary of State.
PROCLAMATION

State of New Jersey,
Executive Department.

The custom of observing the second Sunday in May as "Mother's Day" is now well established.

Custom, however, should not stale the enthusiasm with which we greet the opportunity of acknowledging the debt we owe our mothers, nor dim the lustre of an observance which should grow brighter with each passing year.

In order that everyone may be reminded of the opportunity to pay fitting tribute to Mothers, I, A. Harry Moore, Governor of the State of New Jersey, do hereby proclaim

SUNDAY, MAY 8th

as

MOTHER'S DAY.

Given under my hand and the Great Seal of the State of New Jersey, this twenty-eighth day of April, in the year of Our Lord one thousand nine hundred and thirty-eight, and in the Independence of the United States the one hundred and sixty-second.
