5. Upon the day fixed for the hearing upon said petition, on the filing in the office of the county clerk of evidence satisfactory to the justice before whom the hearing is held that notice has been served or published as required by this act, the said justice shall appoint under his hand three disinterested freeholders, residents of the county where the land or property to be taken lies, commissioners to examine and appraise the said land or property and to assess the damages on at least six days' notice, to be given to the persons interested in the property in such manner as shall be directed by said justice, who shall in the order of appointment fix the date on or before which the commissioners must file their report; the justice may by order for good cause extend the time, and the report shall be made on or before the day limited by said justice; the order of appointment shall be filed in the county clerk's office.

7. Upon the filing of the report of the commissioners, and upon payment or tender of payment of the amount awarded, as hereinafter provided, the petitioner is hereby empowered to enter upon and take possession of said land or other property for the purposes for which the same was authorized to be taken, and the said report, together with the petition and orders, or a copy of said report, petition and orders, certified by the clerk of the county, and proof of payment or tender of the amount awarded shall at all times be considered as plenary evidence of the right of the petitioner to have, hold, use, occupy, possess and enjoy the said land and other property; and the said report, together with the petition and orders, or a copy thereof certified by the clerk of the county, shall be plenary evidence of the right of the owner to recover the amount awarded, with interest and costs, in an action upon contract in any court of competent jurisdiction, in a suit to be instituted against the petitioner after neglect to pay the same for twenty days after the filing of the report, and shall from the time of filing the report be enforceable as a lien upon the property taken and any improvements thereon; and the said justice shall, upon application of either party on reasonable notice, tax and allow such costs, fees and expenses of the commissioners, clerks and other persons performing any of the duties prescribed in this section as he shall think equitable and right, which shall be paid by the petitioner.

8. In case the party entitled to receive the amount assessed by the commissioners shall refuse upon tender thereof to receive the same, or shall be out of the state or under any legal disability, or in case several parties being interested in the fund shall not agree as to the distribution thereof, or in case the lands or other property taken are incumbered by any mortgage, judgment or other lien, or in case for any other reason the petitioner cannot safely pay the amount awarded to any person, in all such cases, on petition to the chancellor, to which shall be annexed a copy of the petition in condemnation and of the report of commissioners, the amount awarded may be paid into the court of chancery by order of the chancellor, and shall there be distributed according to law, on the application of any person interested therein;
and written notice given to the owner or owners and to persons interested that such money has been so paid into court shall have the same effect as if the money so awarded had been actually tendered to the owner or persons entitled thereto, and where notice cannot be personally served, notice by advertisement, in such manner as the chancellor shall direct, shall have the same effect.

9. In those cases where an appeal has been or may be given by the statute conferring the power to take land or property for public use, the petitioner or the owner of any of the land or other property may appeal from the report of the commissioners to the circuit court of the county wherein the land or other property may be; the appeal shall be taken within ten days after the day limited by the order of the justice as the day on or before which said report shall be filed; the appeal shall be made by notice, filed with the clerk of said circuit court, which appeal and notice served as hereinbefore provided shall vest in the circuit court full right and power to hear and adjudge the same and to direct a proper issue for the trial to be framed between the parties and to order a jury struck and a view of the premises to be had.

10. The proceedings necessary in carrying out said appeal and for the trial and final disposition thereof, and in error or review, shall be sufficient and binding on all the owners and parties interested, known or unknown, named or designated in the petition for the appointment of commissioners if carried on only by or against the persons in possession of the property and against such others, if any of the persons designated in the petition as shall have appeared personally or by attorney before the commissioners, and all notices on the appeal or subsequent proceedings aforesaid shall be sufficient if served upon said persons in possession, and others, if any, who shall have appeared before the commissioners or their attorneys, but parties who have not so appeared may be admitted to participate therein on application to the court in which proceedings may be pending.

11. The notice of appeal shall be served by the party appealing within ten days after the filing thereof, or within such further time as the judge of the circuit court may for good cause grant, by giving a copy thereof to each person entitled to notice, or by leaving such copy at his residence if he resides in the state, or by service upon his attorney, if

any, who shall have appeared for him before the commissioners, or any other attorney authorized to appear for him, and in case of a corporation, service may be made on such attorney or on any officer or agent upon whom a summons in an action at law against the corporation may be served; where it shall appear by affidavit that any person or corporation, being a party to the proceedings and entitled to notice, is a non-resident of the state, or cannot be found therein to be served, or that his residence is unknown, in such case notice shall be given by publication in such manner as a judge of the court to which the appeal is taken may direct; the notice of appeal shall set forth that an appeal has been taken from the award of the commissioners, and shall specify the time and place when and where the appellant will apply to the circuit court, or a judge thereof, to frame the issue and to fix a day for striking a jury and a day for the trial of the appeal, which time named for said application shall be not less than five days from the date of service of the notice, and the court or judge may by order change the time or place on the application of either party and direct what notice of the change shall be given to the other party.

12. The said circuit court, or any judge thereof, at the hearing under said notice, and on application of either party, shall fix a day for the trial of the appeal, either in term or vacation, which day shall not be less than twenty nor more than forty days from the date of the order, and shall also, at the same time, by order, frame the issue between the parties and direct a jury to be struck and a view of the premises and property to be had, and shall fix a day and place for striking a jury for the trial, which day shall be at least ten days before the day fixed for the trial of the appeal, and the filing of the order shall be notice to all parties of the day and place fixed thereby for the striking of the jury and of the trial, and the jury having been struck and the jurors summoned, as required by law, the cause shall be tried upon the day and at the place fixed, unless, for good cause shown, the court shall adjourn the trial to another day which the court shall fix, in which case the court shall, in its discretion, either direct the same jurors to attend or order another jury to be struck and summoned in like manner, and all parties shall take notice of the day and place fixed for the adjourned trial.
13. The issue shall be tried in the same manner as other issues in said court are tried, and the jury shall assess the value of the said land or other property and the damages sustained; and if they shall find a greater sum than the commissioners awarded, then judgment, with costs, shall be entered against the petitioner and execution awarded therefor; but if said jury shall be applied for by the owner and shall find a less sum than the commissioners awarded, then costs shall be paid by said appellant and either deducted out of said sum found by the jury or execution awarded therefor, as the court shall direct.

14. The taking of an appeal by either party shall not prevent the petitioner from taking the land or other property upon filing the report of the commissioners and making tender and payment or payment into court, as above provided, of the award at any time before the verdict of the jury on appeal, and the party entitled to receive the award may receive the same without being barred thereby from his appeal; upon the finding by the jury, the amount so found or so much thereof as shall not have been paid, shall be tendered and paid or paid into court in like manner as above provided for the payment of the award, and if possession shall not have been taken before the finding by the jury, then the petitioner, upon payment as aforesaid or payment into the court of chancery of the amount due as found by the jury, may enter upon and take possession of the said lands or other property; the persons entitled to receive payment of the amount found by the jury may have execution therefore, and shall also be entitled to the same lien and remedies as are above provided for the collection of awards of commissioners.

15. Nothing in this act contained shall limit or restrict any right to enter upon and take property in advance of making compensation therefor, which has been or may hereafter be granted to any municipal corporation, or to the state, or to the authorities of the county, or to any other of the public agencies of the state; any proceeding to condemn taken under this act may be abandoned at any time within twenty days after the filing of the report of the commissioners, upon payment to the owners and other parties who have appeared before the commissioners of their reasonable costs and expenses to be determined by a justice of the
Order reviewable on writ of certiorari.

16. The order of the justice of the supreme court appointing commissioners may, on a proper case made therefor, be reviewed on writ of certiorari; the writ shall not of itself operate as a stay of proceedings, but the justice allowing the writ, or the court, may, by order on notice and hearing, stay the taking of possession of the land or other property after the award and payment, and, if possession is permitted, may limit and prescribe the uses to which the property may be applied, pending the suit on certiorari.

Certain amendments allowable.

17. The justice of the supreme court, upon any hearing before an appeal is filed, and the circuit court thereafter, shall make such further orders and direct such further proceedings and permit such amendments of the description, proceedings and plans as may appear reasonable or as may promote the public purposes for which the power to condemn was conferred, or the fair trial of the issue on the merits; and the practice prescribed by this act shall supersede the existing practice in all condemnation cases for the ascertaining of compensation, except in cases of the taking of land for a public improvement where payment of the award for land taken and damages is authorized by statute to be set off against or made wholly or partially in benefits to be assessed for the same improvement, in which cases the procedure prescribed by this act shall not be exclusive of the procedure authorized by such statutes, and the municipal corporation or other public body taking land for a public improvement may elect to proceed under such statute, and on such election the procedure prescribed by this act shall not apply to such taking.

When this act not to apply.

18. All acts or parts of acts, general, special, public and private, inconsistent with the provisions of this act shall be and are hereby repealed, but proceedings pending when this act takes effect shall not be affected by this repealer.

CHAPTER 72.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The act entitled "An act to prevent the pollution of the waters of this state by the establishment of a state sewerage commission, and authorizing the creation of sewerage districts and district sewerage boards, and prescribing, defining and regulating the powers and duties of such commission and such boards," approved March twenty-fourth, one thousand eight hundred and ninety-nine, be amended so as to read as follows:

1. It shall be the duty of the governor, within thirty days next succeeding the approval or passage of this act, to appoint, by and with the advice and consent of the senate, five citizens of this state, to compose and be known as "the state sewerage commission"; in the original nomination of the members of said commission to the senate, the governor shall designate one of them to serve for one year, and two for two years and two for three years; and, thereafter, the members of said commission shall be appointed by the governor, by and with the advice and consent of the senate, for the term of three years and until their successors are duly appointed, confirmed and qualified; any vacancy occurring in said commission when the legislature is not in session shall be filled by appointment of the governor, until the next regular session of the legislature, when such vacancy shall be filled in the manner hereinbefore pro-
vided; but any such last mentioned appointment and confirmation by the senate shall be for the unexpired term only; members of said commission, before entering upon the duties of their office, shall make and subscribe an oath or affirmation (before some person authorized by the laws of this state to administer the same) to truly, faithfully and impartially perform and discharge the duties of their office according to law and file the same with the secretary of state; the terms of office of the members of said commission (except those appointed by the governor to fill vacancies as aforesaid) shall commence on the first Monday of May next succeeding their appointment by the governor and confirmation by the senate; on the first Monday of May next succeeding the original appointment of said commission, the members thereof shall meet at the state-house in the city of Trenton, and organize by the election of one of their number to be chairman of said commission and one to be treasurer thereof, which officers shall hold office at the pleasure of the commission; after having so met and organized, subsequent meetings of the commission shall be held at such times and places as the commission may direct or as it may be called to meet by the chairman.

2. Said commission shall keep a record of all its proceedings and transactions, also full and accurate account of its receipts, disbursements, expenditures, assets and liabilities, and shall annually report to the legislature its operations, proceedings and transactions for the preceding year, with a statement or abstract of such receipts, disbursements, expenditures, assets and liabilities.

3. The members of said commission shall each receive an annual salary of fifteen hundred dollars, to be paid as other salaries of state officers are paid; said commission may have a secretary (not a member of the commission), to be appointed by the commission, or a majority thereof, who shall hold his office at the pleasure of the commission, or a majority thereof, and receive such salary as the commission, or a majority thereof, with the approval of the governor, may fix; said commission, or a majority thereof, may also from time to time employ or appoint such experts, engineers, officers, agents, employes, workmen and servants, as it may deem necessary or proper, to enable it to perform its duties and carry out the objects and purposes of this act; and said commission, or a majority thereof, may fix and determine
the duties and compensation of said experts, engineers, officers, agents, employes, workmen and servants, and remove or discharge the same or any of them at pleasure.

4. It shall be the duty of the secretary to keep a record of all the proceedings and transactions of the commission, to prepare the annual report to the legislature, and perform such other duties as the commission may require; it shall be the duty of the treasurer to take charge of the moneys received by the commission, to keep accurate accounts of the receipt and disbursement thereof, and to deposit and pay out said moneys as the commission may direct, and under such rules and regulations as it may from time to time establish; the treasurer may be required to give bond to the commission for the due and faithful performance of his duties as such treasurer, in such sum and with such sureties as the commission, or a majority thereof, may require and approve.

5. It shall be the duty of said commission to investigate the various methods of sewage disposal in order that it may be able to make proper recommendations in regard thereto; it shall investigate all complaints of pollution of the waters of this state which shall be brought to its notice, and if the said commission find that any of the waters of this state are being polluted, to the injury of any of the inhabitants of this state either in their health, comfort or property, it shall be the duty of said commission to notify in writing any person, corporation or municipality found to be polluting said waters; that prior to a time to be fixed by said commission, which time shall not be more than five years from the date of said notice, said person, corporation or municipality must cease to pollute said waters and make such disposition of their sewage or other polluting matter as shall be approved by the state sewerage commission; provided, however, that any person, corporation or municipality aggrieved by the said finding may appeal therefrom to the court of chancery at any time within six months after being notified thereof, and the said court is hereby authorized and empowered to hear and determine such appeal in a summary manner according to the course and practice of said court in other cases, and thereupon to affirm the finding of said commission or to reverse or modify such finding in whole or in part, as to the said court shall seem just and reasonable.

6. It shall be unlawful for any person, corporation or municipality to build any sewer, drain or sewerage system
from which it is designed that any sewage or other harmful and deleterious matter, solid or liquid, shall flow into any of the waters of this state so as to pollute or render impure said waters, except under such conditions as shall be approved by the state sewerage commission.

7. It shall be unlawful for any person, corporation or municipality to build, or cause to be built, or operate, any plant for the treatment of sewage or other polluting substance, from which the effluent is to flow into any of the waters of this state, except under such conditions as shall be approved by the state sewerage commission to whom any new plans shall be submitted before building.

8. It shall be unlawful for any person, corporation or municipality, after the date specified in the notice provided for by the fifth section of this act, to permit or allow any sewage, or other polluting matter, to flow into said waters from any sewer, drain or sewerage system, under the control of said person, corporation or municipality, except under such conditions as shall be approved by the state sewerage commission.

9. It shall be lawful for the commission to apply to the court of chancery of this state for a writ or writs of injunction to prevent the violation of the provisions of this act, and it shall be the duty of the said court, in a summary way, to hear and determine the merits of said application, and to restrain, in all such cases, any person, corporation or municipality from polluting any of the waters of this state, in violation of the provisions of this act.

10. On or before the first day of January, one thousand nine hundred, and thereafter whenever required by said commission, the mayor of every municipality, and the chairman of every township committee of every township now having, using, owning, leasing or controlling a sewerage plant or system, shall furnish to said commission, on blanks, to be provided by said commission, a statement showing the disposition made of the sewage of their respective municipalities or townships, and as near as possible the amount.
discharged each twenty-four hours, and such other information and data as may be called for by said blanks, to be provided as aforesaid by said commission.

11. To enable said commission to carry out and enforce the provisions of this act, the said commission may expend such sums of money as shall be duly appropriated.

12. And whereas, in order to prevent the pollution of the waters of this state, it is deemed necessary to establish a proper system or systems of sewerage and drainage wherein may or may not be included a system or systems of sewage disposal works for the scientific treatment and proper disposal of sewage and sewage matter and the effluent thereof, and the establishment of any such system or systems may render proper or necessary the formation or creation of sewerage districts embracing portions or the whole of the territory of two or more of the municipalities of this state within which districts such system may be constructed, maintained and operated, and such municipalities may be unable, through lack of power and authority, or otherwise, to agree upon the establishment of any such system or systems or upon the extent or limits of the territory of their respective municipalities to be included in any such district or districts, and devoted to the uses and purposes of any such system or systems as aforesaid; therefore, upon presentation to said the state sewerage commission of a petition in writing, setting forth that in order to prevent the pollution of the waters of this state, or any of them, it is proper or necessary that portions or the whole of the territory of two or more of the municipalities of this state should be erected into a sewerage district for the construction, maintaining and operation within such district of a system of sewerage and drainage or a system of sewage-disposal works, or of both of such systems, and naming each municipality, the whole or any portion of the territory whereof it is proposed shall be included in such district, and stating generally the boundaries and outlines of such proposed district with sufficient exactness to show approximately the quantity or extent of territory of each municipality to be embraced in such proposed district, and requesting said commission to create and establish such district for either or both of the purposes aforesaid; and if said petition be signed by the mayors or other chief executive officers of all of the municipalities named in said petition, any of whose territory is proposed to
be included in said district, said signatures being respectively affixed to said petition by authority or direction of the respective governing bodies of such municipalities (full power and authority to authorize and direct the signing of any such petition being hereby conferred upon and vested in all such governing bodies), and the signing of said petition by such authority or direction, being made to appear by affidavit or other due proof thereof, it shall be lawful for said the state sewerage commission to appoint a time and place when and where it will attend and give public hearing of the matters contained in said petition to all persons and parties interested therein; said commission shall cause at least twenty days' notice to be given of the time and place of any such hearing by publishing the same in a newspaper or newspapers, if any, published within said proposed district, and if none be published therein, then in a newspaper or newspapers published in the neighborhood of said proposed district and circulating therein; said notice may also, at the discretion of said commission, be published in the newspaper or newspapers published outside of said proposed district, whether or not any paper or papers be published within the same; said commission shall also, at least ten days prior to the day fixed for such hearing, cause notice of the time and place thereof to be mailed to or served upon the mayor or other chief executive officer of any and all municipalities named in said petition, any territory whereof is included in said proposed district; and said commission may, if it deem proper so to do, require a copy of said petition to be mailed to or served upon such mayors or other chief executive officers such number of days prior to said hearing as it may direct; said hearing may be adjourned from time to time as said commission may decide; the sessions of said commission on said hearing or any adjournment thereof, when sitting for the taking of testimony or hearing argument of counsel, shall be open and public and witnesses may be examined under oath or affirmation, which any member of said commission or the secretary thereof is hereby authorized and empowered to administer; the secretary of said commission shall attend at all such hearings and keep minutes of the proceedings thereof; said commission may, if it deem proper to do so, employ a stenographer to take and transcribe the testimony produced before it at any such hearing; and said commission may require the persons
or parties presenting to it any such petition as aforesaid to
pay in advance or assume or guarantee to pay all or such
part of the costs, charges and expenses to be made or in­
curred by reason of the filing of said petition and subsequent
proceedings to be had thereupon or thereunder, as said com­
mission may think proper.

13. If, after such hearing, said commission, or a majority
thereof, shall deem it advisable to comply with the request
of said petition, and that a district for the purpose or pur­
poses, or either of them therein stated, should be created
and established, said commission shall adopt a resolution to
that effect, defining the limits and boundaries of such dis­
trict with certainty and declaring the territory included
within such limits and boundaries to be a sewerage district,
within which a system of sewerage and drainage, or a system
of sewage-disposal works, or both, may be constructed,
maintained and operated under the provisions of this act;
the said districts shall be called and known as "sewerage
districts," and the boards to construct, maintain and oper­
ate the system or systems of sewerage or sewage-disposal
works within such districts shall be called and known as
"sewerage boards;" in and by said resolution, said commis­
sion shall assign to the district therein and thereby estab­
ish a name and number, thus, "sewerage district number
———," and shall also specify the name by which the
board thereafter to be elected in such district shall be called
and designated, thus, "sewerage board of district number
———," the number of any such district and that of the
sewerage board therein to be always the same; the first
sewerage district created and established under this act shall
be "sewerage district number one," the second, number
two, and so on in regular order as the same may be respect­
ively created; said commission shall also cause a map to be pre­
pared of said district so created and established, whereon and
whereby shall be shown with accuracy the limits and bound­
aries of such district, of what municipalities the lands included
in said district form a part and what extent or quantity of
territory of each municipality (whether the whole or a
portion thereof) is included in said district; the original of
said map shall be filed with said commission, and within
ten days after the adoption of said resolution, a copy thereof
and of said map shall be filed in the office of the secretary
of state and in the clerk's office of each county in which
any of the lands included in said district may be situate; and from and after the filing of such resolution and maps as aforesaid, the territory included in said district as stated and shown in and by said resolution and map shall be deemed to be and constitute a sewerage district by the name and number and for the purposes stated in said resolution.

14. After the creation and establishment of any sewerage district as aforesaid, an election shall be held therein at the same time as the next annual election for members of assembly shall be held throughout this state, which election in said sewerage district shall be held and conducted between the same hours, at the same place and by the same officers as said election for members of assembly shall be held and conducted; at such first election the legal voters resident in said district shall elect five persons, resident in said district, to be members of and compose the "sewerage board of district number ———", as the case may be; and annually thereafter, at an election to be held at the same time and place, and by the same officers as the election for members of assembly shall be held and conducted, the legal voters resident in said district shall elect one person, resident in said district, to be a member of said sewerage board, to serve for the term of five years, as hereinafter provided; any vacancy in any such board, occurring otherwise than by lapse of time, shall be filled by appointment of the governor (if he shall deem it necessary to fill such vacancy), such appointee to serve until the second Tuesday in December next succeeding his appointment, and his successor to be elected at the election for members of the assembly, held next preceding such second Tuesday in December, in the manner hereinafter provided.

15. Nominations for said offices, as members of said sewerage boards, may be made by district convention (that is to say, sewerage districts), or by petition signed by at least one hundred and fifty voters resident in the sewerage district, in the same manner as now provided by law for the nomination of state or county officers.

16. The election board of any election district, not wholly within a sewerage district, but which election district embraces territory included in any sewerage district, shall designate on their registry lists, so far forth as they may be able to do, in such manner as they may choose to adopt, the names of the voters of their election district who reside within
any sewerage district, which includes territory embraced in said election district; and the board of freeholders of the county in which such election district is situate shall furnish and provide such election boards with a ballot-box, in which box shall be deposited the votes voted for members of the sewerage board, and only such votes.

17. The ballots intended to be voted in any sewerage district under the next preceding section, besides the party name, shall have printed thereon only the name or names of the person or persons to be voted for as member or members of such sewerage board under a proper designation of the officers to be voted for thus, "for members (or member) of sewerage board of district number ______;" said ballots when voted shall be inclosed in an envelope, the ballots and envelopes to be provided and furnished by the county clerks in the same manner as ballots and envelopes are now provided and furnished in elections for members of assembly; the envelopes shall have indorsed or printed on the face thereof, "sewerage ballot district number ______," as the case may be; said ballots and envelopes shall be furnished by the election board to each voter entitled to vote in the sewerage district, in the same manner and at the same time as the ballots for member of assembly are furnished him; after the vote of any person shall have been deposited for member of assembly, such person, if he be entitled to do so, shall and may offer his ballot for member or members of the sewerage board to be voted for at that election; the chairman of the election board shall thereupon announce the name of the voter and that he offers a ballot for member or members of the district sewerage board, and if the name of such voter be found registered and designated as entitled to vote in such sewerage district, the ballot shall be deposited in the box provided for such ballots, unless the voter be challenged and the board of election reject the ballot offered for due and legal reasons; the clerks of election shall keep a separate list of all voters who shall vote in any sewerage district, and such list shall contain only the names of persons who have voted for member or members of the district sewerage board; if the name of any person offering a ballot for member or members of the district sewerage board shall be found registered as aforesaid, but not designated as entitled to vote in such sewerage district, the vote of such person shall not for that cause alone be rejected; provided, such

person shall, by affidavit or other proof, satisfy said board of election that he is a resident in the sewerage district and in all respects qualified and entitled to vote for member or members of the district sewerage board at that election.

18. In any election district included wholly within the limits of any sewerage district, the ballots for member of assembly shall have printed thereon, under a proper designation as aforesaid, the name or names of the persons to be voted for as members of the district sewerage board, and said ballots shall be voted at the same time and in the same manner and canvassed and returned in like manner as ballots for member of assembly.

19. In election districts having a separate ballot-box for members of a district sewerage board, after the votes for member of assembly shall have been counted, the board of election shall count the votes for member or members of district sewerage board, contained in said separate box, and said votes shall be counted, canvassed and returned in the same manner as the votes cast for member of assembly.

20. The county boards of canvassers in each county shall canvass the votes cast for members of any district sewerage board, in their respective counties, in the same manner and at the same time as the vote for members of assembly is canvassed, and make return thereof to the county clerks of their respective counties.

21. On the second Monday next following the meetings of the county boards of canvassers the clerk of each county, any part whereof is included within a sewerage district, shall meet at the clerk's office of that county which, according to the next preceding state or federal census, had the largest population, at the hour of twelve o'clock noon, and then and there canvass the votes cast in such sewerage district and prepare a certificate of the result and mail the same to the secretary of state within two days thereafter; a copy of said certificate shall also be prepared, and within said two days mailed to each person elected a member of such sewerage board, which copy of such certificate shall be the commission or warrant of such person as a member of such board.

22. The members of any district sewerage board first elected shall meet on the second Tuesday in December next following their election, at the office of the county clerk where the result of such election was canvassed, at the hour of twelve o'clock noon; each member of said board (and all
members thereof afterwards elected or appointed thereto) shall take and subscribe an oath or affirmation, before some person authorized to administer the same, to faithfully and truly perform his duty as member of such board to the best of his ability, and within two days after making thereof forward the same to the secretary of state; said board, when met as aforesaid (the members thereof having each made and subscribed said oaths or affirmation) shall organize by the election of one of their number as chairman, one as secretary and one as treasurer; immediately after such organization they shall proceed to determine by lot one of their number to serve for the term of one year, one for the term of two years, one for the term of three years, one for the term of four years and one for the term of five years; thereafter all persons elected to be a member of said board shall serve for the full term of five years, and the terms of all members thereof shall commence on the second Tuesday in December next following their election; the chairman, secretary and treasurer of said commission shall respectively serve for the period of one year and until their successors are elected; a certificate or statement of such meeting and organization of said board shall, on the day of such meeting, be prepared and mailed to the secretary of state, to be filed in his office; meetings of said board subsequent to such first meeting for organization shall be held at such times and places as the board may decide or as it may be called to meet by the chairman.

23. From and after such meeting and organization of said board and the filing of such certificate as aforesaid, said board shall be deemed to be and shall be a body politic and corporate, under the same name and title as that designated and specified in the resolution of the state sewerage commission creating and defining the said sewerage district, to wit, "sewerage board of district number——" and by such name and title said sewerage board shall have perpetual succession, with power to sue and be sued, and the right, power and authority to acquire, hold, use and dispose of all such property, real or personal, as may be proper or necessary for the objects, uses and purposes for which said sewerage board was created, and with all other powers necessary or incident to bodies politic and corporate or that may be necessary or proper to carry out and effectuate the objects and purposes.
24. Any such board incorporated as aforesaid shall have full power and authority within its respective district, under the supervision, direction and control of the state sewerage commission as hereinbefore or hereinafter provided, to construct, maintain and operate in said district a system of sewerage and drainage, or of sewage-disposal works, or both, with the necessary pipes, drains, conduits, fixtures, pumping-works, and other appliances, for the purpose of taking up sewage and all other offensive and deleterious matter, and convey the same to some proper place or places of deposit or disposal to be selected by said board, there to be deposited, treated, disinfected or disposed of as to the said board may seem proper, and as may be deemed most advantageous; and it shall be the duty of all persons and all corporate bodies and municipalities owning or controlling sewers or drains, or having charge thereof, within the limits of the district wherein intercepting or main sewers have been or may be constructed by the said board as herein provided, to cause the same to be connected therewith; and it shall be the duty of said board in constructing such main or intercepting sewers to have them so constructed that such connection can be made therewith at all necessary and proper points and places; all such connections shall be made in accordance with the rules and regulations from time to time adopted by the said board in relation thereto, and under the direction and supervision of its officers and agents.

25. The said board shall have power and authority to purchase and acquire all lands, rights or interests in lands, which may be deemed necessary for the construction of sewers, drains, disposal, pumping and other works authorized by this act; and if in any case the said board shall be unable to agree with the owner or owners of any lands, rights or interests in lands deemed necessary by the said board in the construction of the works herein authorized, or when, by reason of the legal incapacity or absence of such owner or owners, no agreement can be made for the purchase thereof, the lands or rights in lands so desired shall be acquired in the manner provided by the general laws of this state relating to the condemnation of lands for public use.
26. Before determining upon the final plan or route for the building or construction of any work authorized by this act, the said board may, by its officers, agents, servants and employees, enter at all times upon any lands or waters for the purpose of exploring, surveying, leveling and laying out the route of any drain or sewer, locating any disposal, pumping or other works, establishing grades and doing all necessary preliminary work, doing, however, no unnecessary damage or injury to private or other property.

27. The said board shall have power and authority to construct any sewer or drain, by it to be made or constructed under or over any water course, under, over or across or along any street, turnpike, road, railroad, highway, or other way, and in or upon private or public lands under water, in such way and manner, however, as not unnecessarily to obstruct or impede travel or navigation, and may enter upon and dig up any road, street, highway or private or public land, for the purpose of laying down sewers and drains upon or beneath the surface thereof, and for maintaining and repairing the same, and in general, may do all other acts and things necessary, convenient and proper for the purposes of this act; and whenever the said board shall dig up any road, street or way as aforesaid, it shall, as far as possible, restore the same to as good condition and order as the same was when such digging commenced; provided, however, that when such streets, roads or highways lie outside of such sewer district, the consent of the governing body of the municipality in which they lie shall be first obtained; and provided further, that no private lands shall be taken for the purposes of this act without compensation therefor shall have been first made or tendered.

28. The said board shall have power and authority also to alter or change the course or direction of any water-course, and with the consent of the board or body having control of the streets and highways in any city, town or municipality, to alter or change the location or grade of any highway, public street or way crossed by any sewer or drain constructed or to be constructed under the provisions of this act, or in which such sewers or drains may be located.

29. The said board shall at all times keep full and accurate accounts of its receipts, expenditures, disbursements, assets and liabilities, and shall annually make a report of its
30. To provide for the payment of the costs and expenses incurred or to be incurred by the said board in making the constructions and executing the work and performing the duties imposed upon it by this act, it shall have the power and authority from time to time to issue bonds in its corporate name, not to exceed the total cost and expense incurred in the work of constructing sewers, drains, disposal and other works, including the cost of lands, rights and interests in lands, of which a separate account is to be kept by said board, as hereinafter provided; such bonds shall be of the form and payable at such time, not exceeding thirty years from the date thereof, and at such place, either in currency or coin, as the said board may determine; they shall bear interest at a rate not exceeding five per centum per annum; in issuing such bonds the said board may, in its discretion, make the same, or any part thereof, fall due at stated periods, less than thirty years, or may reserve therein an option to redeem and pay the same or any part thereof at stated periods at any time between the date thereof and the date at which they would otherwise fall due, and all such bonds may be negotiated, sold or disposed of at not less than their par value, and the same or the proceeds thereof may be used by the said board for the purpose aforesaid.

31. The said board shall keep the costs and expenses of the construction of sewers, drains, disposal and other works, in which shall be included the cost of lands, rights and interests in lands, separate from the costs and expenses of maintenance, operation and repairs, and shall, after having prepared and adopted plans (which, however, the board or the state sewer commission shall have the power to change or modify, if such change or modification shall be found necessary or desirable), make a careful estimate of the cost and expense of such construction, and shall divide and apportion the same, according to their best judgment, to and between the several municipalities or parts thereof (if any) included within such sewerage districts ratably and proportionally to the benefits received or to be received by such municipalities or parts thereof from such construction, and shall furnish to the governing body of each and every municipality, the
whole or any part whereof is included in such sewerage district, a statement of such estimated cost and expense and of the division and apportionment thereof as aforesaid, and service of said statement upon the mayor or other chief executive officer or upon the clerk of any such municipality shall be deemed to be a service upon the municipality; if the governing body of any such municipality (whether a whole or only a part thereof is included in such sewerage district) shall be dissatisfied with such division and apportionment and shall within twenty days after service thereof as aforesaid express such dissatisfaction by a resolution adopted by a majority of such body, then it shall be lawful for such body, in the corporate name of such municipality, to make application to any justice of the supreme court of this state for the appointment of three disinterested persons residents of this state, commission to review such division and apportionment, and correct, amend, revise, alter or confirm the same, as they or a majority of them shall deem just and proper, and it shall be the duty of said justice to make such appointment; the commissioners so appointed (having respectively taken and subscribed an oath or affirmation before some person authorized to administer the same faithfully and impartially to perform the duties imposed upon them) shall forthwith, at such time and place as they, or a majority of them, may appoint, and upon such notice as the said justice in the order appointing said commissioners shall direct to be given, hear the parties interested in such matter and such proofs and witnesses as may be produced before them; said commissioners may adjourn said hearing from time to time as occasion may require; on any such hearing the parties, if they so choose, may be represented by counsel, and the witnesses may be examined under oath or affirmation, which any of said commissioners are hereby authorized to administer; said commissioners may designate one of their number to act as chairman and one to act as clerk or secretary; at the conclusion of such hearing, and within ten days thereafter, said commissioners, or a majority of them, shall correct, amend, revise, alter or confirm such division and apportionment as they, or a majority of them, shall deem just and proper under the evidence and proofs produced before them, and shall make and sign a statement or certificate thereof, which statement or certificate shall be final and conclusive and binding upon all parties; the ap-
application for the appointment of such commissioners, the 
order of the justice appointing them, the oath or affirmation 
of said commissioners and their said statement or certificate 
shall, within two days after the making of said statement or 
certificate, be filed with the secretary of the sewerage board 
which made the division or apportionment reviewed by said 
commissioners; and such sewerage board, within five days 
after the filing of such statement or certificate as aforesaid, 
shall cause a certified copy thereof to be served in manner 
afforeaid upon each of the municipalities that the original 
division and apportionment made by said sewerage board 
was served upon, which certified copy so served shall be in 
lieu and stead of that originally served, and (as aforesaid) 
be final and conclusive and binding upon all parties; if, 
in any case, where only a part of a municipality is 
cluded in a sewerage district, the governing body of 
such municipality shall not, within said twenty days after 
serice upon it of any such original statement as aforesaid, 
adopt a resolution expressing its dissatisfaction as aforesaid 
provided, then, and in every such case, it shall and 
may be lawful for one or more of the residents and tax-
ayers, or residents and non-resident taxpayers of said 
sewerage district, to join in such application as aforesaid to 
any justice of the supreme court for the appointment of 
commissioners to review, as aforesaid, the said division and 
apportionment, and thereupon the said justice may, in his 
discretion, appoint such commissioners, and if such appoint-
ment be made, said commissioners shall proceed in the same 
manner, and the proceedings before them had shall be 
similar to those hereinbefore provided, and the statement or 
certificate of said commissioners made upon any such last-
mentioned application shall be final and conclusive and 
binding upon all parties.

32. The said sewerage board shall also in the manner 
hereinbefore directed serve upon or furnish to each of said 
municipalities, after every issue and sale of bonds, a state-
ment of the amount of such bonds and the rate of interest 
thereon, and the proportion of interest thereof allotted to 
each municipality (where such municipality is entirely within 
the sewerage district) or (where only a part of the munici-
pality is included in the sewerage district) of the proportion 
of such division and apportionment allotted to the part of 
the municipality in said sewerage district; and it shall be
the duty of each of said municipalities and of its proper officers in the next annual tax levy made in such municipality and in each succeeding year thereafter, to include and raise by taxation the amount required to pay the interest on the proportion of such bonded indebtedness allotted to such municipality or part thereof, as the case may be, and if such municipality be entirely within such sewerage district, then it shall be the duty of such municipalities to cause to be levied and assessed therein a sum equal to the amount of interest so apportioned and allotted to such municipality, together with such additional sum to be divided and apportioned and allotted to and between said municipalities or parts thereof as aforesaid, as may be necessary to establish and maintain a sinking fund sufficient to pay the principal of the bonds issued by the said sewerage board under authority of this act, when the same fall due; if only a part of the municipality be included in the sewerage district, then it shall be the duty of such municipality and its proper officers, instead of levying and assessing the same upon the whole municipality, to cause in manner aforesaid the sum or sums that may as aforesaid be apportioned and allotted to such part of the municipality as is included in the sewerage district, to be levied and assessed in and upon such part of the municipality as is included in the sewerage district, in the same manner as other taxes may be levied and assessed therein; and it shall be the duty of all taxing officers and all collecting officers in the said municipalities to levy, assess and collect the said amount or sums so to be raised in such municipalities or parts thereof, as the case may be; and it shall also be the duty of the collector of taxes in each of the said municipalities, or other proper officer, to pay to the sewerage board thereunto entitled the money so levied, assessed and collected; after each census, state or national, a new allotment shall be made of the interest and sinking fund or redemption fund in the manner herein provided.

33. As soon as the work of construction by this act authorized (or the cost and expense of which a preliminary estimate shall have been made as herein provided) has been completed, the said board shall proceed at once to ascertain the actual cost and expense of such work, and shall furnish to each of the said municipalities or municipal divisions a statement of such cost and expense.
34. The cost of maintenance, operation and repairs, together with the cost of supervision, and all other expenses of every kind not included in the cost and expense of construction, shall be annually estimated by the said board and divided and apportioned between the said several municipalities or parts thereof upon the same basis as herein provided for the division of the cost and expense of construction; and the same, when so divided and apportioned, shall be levied, assessed, collected and paid annually in the same manner provided for the levying, assessment and collection of the cost and expense of construction; provided, however, that if at the end of any year when such cost and expense shall have been accurately ascertained, such estimate shall have been found to have been more or less than the proper proportion of any such municipality, then the surplus or deficiency, as the case may be, shall be deducted from or added to the sum to be levied, assessed and collected for the succeeding year.

35. The said board shall, immediately after receiving from the said municipalities, or either of them, or from the collector or treasurer of any such municipality, any moneys on account of the apportionment made, as hereinbefore provided, or as soon thereafter as practicable, cause the same to be invested in securities, the character of which shall be the same as required by law for savings banks of this state, except so much thereof as may be required to pay interest due or to fall due during the current year; and all such funds, and the securities in which the same or any part thereof shall be invested, and the interest received therefrom, shall be held, used and applied by the said board as a sinking fund to meet and pay the interest and principal on the bonds issued by the said board under the authority of this act, and for no other purpose whatever, until all such bonds and all arrears of interest thereon are fully paid; it shall be the duty of said sewerage board to include in its annual report the amount of money received by it for the purposes aforesaid, the sources from which such money was received, and the investment of the same; and the said board shall keep a record and account of all bonds issued by it, when the same fall due, the time and place of payment, and the rate of interest thereon, and of the amount received on the sale or disposition thereof, and shall also keep an account of all moneys invested, held and used as a sinking fund,
and of the securities in which the same may be invested; the books, records, accounts, papers and documents of the said board shall be open to the inspection of any person appointed by the governing body of any municipality within said district to inspect the same; provided, however, that in case the said board shall issue bonds which shall fall due and become payable at stated periods less than thirty years, or shall retain in any such issue the option to redeem bonds prior to the date at which they would otherwise fall due as hereinbefore provided, then it shall be lawful for the said board to make application of the moneys received by it from the several municipalities and of the funds temporarily invested by the said board so received, for the purpose of paying off and discharging the said obligations according to their tenor and effect.

36. During the year preceding the year in which the bonds issued under the authority of this act shall fall due the said board shall cause a careful computation to be made of the moneys that will be available for the payment of the same; and if it shall be found that any deficiency will exist in the fund that will be available therefor, after the application of moneys received and the use of all securities held, such deficiency shall be apportioned and allotted to the said municipalities in the same manner and upon the same basis as the original apportionment, and shall be added to the amount so levied, assessed, collected and paid by the said municipalities respectively, in the succeeding year; and if any excess shall be found to exist in such fund, the surplus shall be credited to each of the said municipalities in the same proportion and deducted from future estimates of the respective shares or proportions of such municipalities of the cost and expense of maintenance, operation and repairs.

37. In and about the performance and discharge of the duties imposed upon it by this act, any such sewerage board as aforesaid, or a majority thereof, may employ such experts, engineers, contractors, officers, agents, employees, clerks, workmen and servants as it may deem necessary or proper to enable it to perform its duties and carry out the objects and purposes of this act; and said board, or a majority thereof, may fix and determine the duties and compensation of such experts, engineers, contractors, officers, agents, employees, clerks, workmen and servants and remove or discharge the same or any of them at pleasure.
38. The secretary of any such sewerage board shall keep a record of all the proceedings and transactions of said board; under the direction of said boards he shall prepare the estimate, division and apportionment provided for in section twenty-six hereof; he shall prepare the annual report of said board and perform such other duties as the board may from time to time require; the secretary shall receive an annual salary, to be fixed by the board, or a majority thereof, but he shall not receive any per diem allowance.

39. The treasurer of any such sewerage board shall have charge and custody of all moneys and securities received or owned or held by said board; he shall keep accurate record and account of the receipt, disbursement and disposition of all such moneys and securities, and invest, deposit, dispose of, disburse and pay out the same at such times and in such manner as the board may direct, and under such rules and regulations as it may from time to time establish; the treasurer shall give bond to such board for the due and faithful performance of his duties as such treasurer in such sum and with such sureties as the board, by unanimous vote, may require; the treasurer shall receive an annual salary, to be fixed and determined by the board, or a majority thereof, but he shall not receive any per diem allowance.

40. The members of any such board, except the secretary and treasurer thereof, when actually engaged in and about the business of said board shall receive a per diem compensation of five dollars; said per diem compensation, and the salaries to be paid the secretary and treasurer, shall be included in said estimate hereinbefore mentioned.

41. Any such sewerage board is authorized and empowered to rent an office or offices as may be required for the due transaction and carrying out of its work and duties, and to properly equip and furnish such office or offices, the expense thereof to be included in said estimate mentioned in section thirty-four hereof.

42. "Waters of this state" as used in this act shall not be held or construed to include the ocean, or any waters separating this state from any other, unless such waters are used for potable purposes.

43. This act shall take effect immediately.

Approved March 21, 1900.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The board of chosen freeholders of any county of this state wherein there is now no county board of equalization of taxes, may, in their discretion, by resolution adopted by a majority of all the members of the board, apply to the judge of the court of common pleas of such county for the appointment of a county board of equalization of taxes.

2. The judge of the court of common pleas shall, on or before the first day of July next after said application shall have been made to him by said board, appoint three commissioners, who shall constitute a county board of equalization of taxes; one of said commissioners shall be appointed for one year, one for two years and one for three years, from said first day of July; at the expiration of their respective terms their successors shall be appointed in like manner for a term of three years each; any vacancy that may occur in such board, by resignation, death or other cause shall be filled by said judge for the unexpired term only; if any ten residents or taxpayers of said county shall petition said judge for the removal of any commissioner for cause, it shall be the duty of such judge to summon said commissioner before him, and in summary manner to hear and adjudge said complaint, and to dismiss and remove said commissioner from office if a good cause shall be shown for such removal; each of said commissioners before performing any official act shall take an oath to perform the duties of his
office faithfully, honestly and fairly, according to the best of his skill and understanding, which oath shall be filed in the office of the clerk of said county; each of said commissioners shall receive an annual salary of not less than one hundred dollars and not more than five hundred dollars, as the board of freeholders of said county may from time to time determine, to be paid by the county collector, in equal quarterly payments.

3. The board of chosen freeholders shall furnish a suitable place for the transaction of the business of said board; said commissioners shall meet on the second Tuesday of July in each year, and organize by the election of one of their number as president and one as secretary; the member of the board acting as secretary shall receive an additional compensation for his services as secretary equal to one-third of the compensation of the individual members of said board; two members shall constitute a quorum, and any official act thereof shall be valid which has the sanction of two members; said board shall keep a full record of their proceedings, and shall have power to make such rules, orders and regulations as they may deem necessary to a proper discharge of their duties, in order to secure the equalization of taxes in their respective counties; the members of said board shall have power to administer oaths and examine witnesses, for the purpose of ascertaining facts proper for them to know, and to enable them properly to perform the duties of their office.

4. It shall be the duty of the county collector to certify and send to said board, before the first Tuesday of September in each year, the amount of money required to be raised in said county for state, state school tax, and county purposes.

5. Said board shall supersede the county board of assessors, and discharge the duties now imposed by law upon the said county board of assessors; the assessors of the several taxing districts in each county shall deliver to the county board of equalization, on the first Tuesday in September in each year, a transcript or duplicate of their assessment, containing the ratables and persons liable to taxation in their respective districts in the form and in the manner as heretofore observed, and as required by law to be produced before the county board of assessors; the several assessors shall attend said commissioners from day to day or on such days as the said commissioners shall designate after the first Tuesday of
September annually, to render such aid and assistance as they may be able to give for the purpose of arriving at a fair and equitable adjustment of the values throughout the whole county; said commissioners shall have power to examine any assessor upon oath as to his assessment, both as to the valuations as a whole and as to any particular piece of property assessed, and in any other manner as to the said commissioners shall seem equitable and just, and to inquire by the testimony of witnesses under oath or otherwise as to all assessments returned to them by each assessor, and if they deem proper they may make a personal examination of any property in any taxing district, for the purpose of equalizing assessments between the several taxing districts of said county; and if it shall appear to said commissioners that the value of the property contained in any duplicate is relatively less than the value of other property in the county, they may, for the purpose of fixing and adjusting the proportion or quota of tax to be levied in any taxing district and for that purpose only, after a careful, particular and thorough comparison of the respective duplicates, add thereto such sum as shall appear just and proper and warranted by such comparison, but not otherwise; or if it shall appear to said commissioners upon such examination that the value of the property contained in any duplicate is greater than the true value thereof, they may, for the purpose aforesaid, in order to equalize the valuations throughout their county, reduce said assessment to the amount of the true value of the property therein, and at the same time, if necessary, increase the valuation of any other duplicate as shall be warranted by such comparison, but no such increase or diminution shall be made except on careful examination, and by full investigation relative thereto.

6. before such hearing, or if mailed to such assessor, at his usual post-office address, for the same period, or by personal service upon him at least three days before such hearing.

7. Said commissioners of equalization shall, on or before the last day of September in each year, complete their work of equalization and shall compute and ascertain the whole value of the real and personal estate, after the deduction of debts and exemptions allowed by law, to be taxed according to the valuation thereof contained in the duplicates of the several assessors as finally adjusted or approved by said commissioners, and shall fix and adjust the proportion or quota of taxes to be levied and collected in each taxing district in proportion to said value, and shall make and sign at least three abstracts of the net value of the taxable real and personal property in each taxing district, one of which they shall retain in their possession and the others shall within three days be delivered to the county collector, who shall forthwith file one of them and transmit the other to the comptroller of the state for the use of the legislature.

8. After said apportionment is made, the commissioners of equalization shall return the assessor's abstracts to the several assessors, who shall proceed to make up their abstracts of ratables and make such copies thereof as they are now required by law to make, and to file them in accordance with the general laws of this state, or in accordance with any special law applicable to any taxing district, and deliver a true transcript or duplicate of the assessment of taxes to the collector as now required by law; the meeting of the county board of assessors on the first Monday in September, as now required by law, is hereby abolished.

9. If any assessor shall refuse or neglect to produce and deliver to said board his transcript or duplicate of his assessment, as herein required, he shall be liable to a fine of two hundred dollars, to be recovered in an action of contract in the name of said board, before any court of competent jurisdiction, for the use of the said county; provided, that said board may on good cause shown remit said penalty upon the delivery to them of said transcript; provided also, that in case of such refusal or neglect, the said board shall ascertain the quota or proportion of tax to be assessed and levied on the taxing district of such delinquent assessor, according to such knowledge and information as they may be able to
obtain, and certify the same to the assessor or collector of said district, to be collected as in other cases.

10. All acts repugnant to or inconsistent with this act, so far as affects any county in which the provisions of this act are accepted, are hereby repealed, and this act shall take effect immediately.

Approved March 22, 1900.

CHAPTER 76.

An Act to authorize cities in this state to provide means to purchase a new water-supply therefor by the issuance or assumption of bonds.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Where in any city a contract has been or shall be made for the purchase of water, water rights, property and works constructed or to be constructed for the purpose of providing a new supply of water for such city, it shall be lawful for the board having charge and control of the finances of such city, with the approval of the mayor, to issue in the name of the city and under its seal, the bonds of such city to pay the purchase money or contract price of such water rights, water supply, property and works, and to pledge the property of the city for the payment thereof; such bonds shall run for such periods, not exceeding fifty years, and bear interest not exceeding four per centum per annum payable semi-annually,
and shall be of such form, payable in such money or coin and at such place as may be determined on by such financial board; said bonds may be coupon or registered bonds, and the financial officers of the city may exchange registered for coupon bonds or vice versa, under such reasonable restrictions as they may impose; said bonds shall be sold at public or private sale, but for not less than par and accrued interest.

2. The board having charge and control of the finances of such city shall at the time of the issuance of such bonds establish a sinking fund for the redemption thereof; said sinking fund shall consist of such percentage of the principal of such bonds, to be set aside each year, as shall be determined on by such board, but the same shall average at least one and one-half per centum of the principal of said bonds per year for the life of said bonds; said financial board shall have the right, in its judgment, to defer the first payment into such sinking fund until the expiration of any period not exceeding ten years from the date of the issue of such bonds; the amount of said sinking fund shall be paid over annually to the commissioners of the sinking fund in such city for investment and the retirement of said bonds.

3. In lieu of the issuance of bonds in manner aforesaid, it shall be lawful for the city, acting through the board having charge and control of the finances thereof, with the approval of the mayor, upon the purchase of such water rights, water-supply, property and works, to contract and agree with the contractor therefor, provided the assent of said contractor can be obtained thereto, to pay the contract or option price therefor by the assumption, at par, of the principal and interest of any bonds (not exceeding the purchase price of such new water supply) issued by the contractor and secured by mortgage upon such water rights, water-supply, property and works; such bonds so assumed shall bear interest at a rate less than four per centum per annum, payable semi-annually, and shall run for not more than fifty years from the date thereof; upon the assumption of said bonds by the city it shall be the duty of the mayor and treasurer of said city, upon demand made by the holder of any such bond, to sign and endorse thereon on behalf of the city and under its seal a certificate of assumption in the form following:

The payment of the principal and interest of this bond is hereby assumed and guaranteed by (insert corporate title of

Witness the seal of the city and the hands of the Mayor and Treasurer thereof.

(Corporate title of city.)

Dated Mayor.

(Seal.) Treasurer.

City Clerk.

Said assumption, when executed as aforesaid, shall constitute a contract between said city and the holder of said bond and his assigns; but said city shall be bound to pay the principal and interest of all bonds assumed under its agreement with the contractor whether the same shall be so endorsed or not; notwithstanding such assumption the holder of each bond shall be entitled to retain his security under the mortgage issued to secure the same, by the contractor as aforesaid: such bonds, when endorsed as aforesaid, may be registered by the financial officers of the same in the same manner as bonds issued by the city are registered.

4. It shall be lawful for the city, acting through its board having charge and control of the finances thereof, with the approval of the mayor, at any time prior to the purchase of said water rights, water supply, property and works by the city, to agree with the contractor therefor as to form of the bond and the mortgage to be executed and issued thereon by him and to agree with such contractor in advance of such purchase, to assume in manner aforesaid the payment of the principal and interest of such bonds, not exceeding, however, the agreed purchase or option price, upon the consummation of the purchase of said water rights, water supply, property and works by the city, but nothing in this act contained shall be construed as authorizing a consummation of such purchase until said water rights, water supply, property and works shall have been accepted as completed in accordance with the contract therefor by the board having charge and control of the water department of such city.
5. In case the city shall pay the purchase price for such water rights, water-supply, property and works by the assumption of bonds in the manner aforesaid, and shall consummate such purchase, then the board having charge and control of the finances shall forthwith establish a sinking fund for the redemption of the bonds so assumed; said sinking fund shall consist of such percentage of the principal of such bonds, to be set aside each year, as shall be determined on by such board, but the same shall average at least one and one-half per centum of the principal of said bonds per year for the life of said bonds; said financial board shall have the right, in its judgment, to defer the first payment into such sinking fund until the expiration of any period not exceeding ten years from the date of the assumption of such bonds; the amount of said sinking fund shall be paid over annually to the commissioners of the sinking fund in such city for investment and the retirement of said bonds.

6. 11. The trustees shall make and submit a report to the governor at the expiration of every three months, dating from the first of each year, showing the average number of boys maintained in the home during such period, which said report shall be duly certified by the president and attested by the secretary of the board; and the funds appropriated by the state for the maintenance of said home shall be paid
to the treasurer of the trustees quarterly, in such sums as shall be considered necessary by the trustees and approved by the governor, such sum not to exceed for any quarter the maximum sum of forty dollars for each boy maintained in said home, based on the average number of inmates for the last preceding quarter.

POWERS AND DUTIES OF THE SUPERINTENDENT.

12. The superintendent, subject to the rules and orders of the trustees, with such subordinate officers as the trustees may appoint, shall have the charge and custody of the boys; he shall be a constant resident at the institution, and shall, under the direction of the trustees, discipline, govern, instruct, employ and use his best endeavors to reform the inmates in such manner as, while preserving their health, will secure the formation, as far as possible, of moral, religious and industrious habits, and qualify them for regular trades and employments.

13. He shall, before entering upon his duties, give a bond to the state, with sureties satisfactory to the trustees, in the sum of three thousand dollars, conditioned that he shall faithfully perform all his duties, and account for all money received by him and property under his control as superintendent, which bond shall be filed in the office of the treasurer of the state; he shall have charge of all the property of the institution, within the precincts thereof; he shall keep in suitable books complete accounts of all his receipts and expenditures, and of all property entrusted to him, showing the income and expenses of the institution; and he shall account, in such manner as the trustees may require, for all money received by him; his books and all documents relating to the home shall at all times be open to the inspection of the trustees, who shall, at least once in every six months, carefully examine the books and accounts, and the vouchers and documents connected therewith, and make a record thereof; he shall keep a register containing the name, age, and circumstances connected with the early history of each boy, and shall add such facts as come to his knowledge, relating to his history, while at the institution and after leaving it.
14. It shall be the duty of the superintendent to make out and send quarterly to each of the justices of the supreme court, and to the respective judges of the inferior courts of common pleas, a statement showing the capacity of the home, the number of inmates, and such other information as may direct the justices and judges in making commitments, so that the home may not be crowded beyond its means of accommodation.

15. The superintendent shall have the power to arrest, without warrant, in any place within the state, any boy committed to said home who shall leave the same without first obtaining a legal discharge therefrom, and convey said boy back to said home.

16. The superintendent may, whenever he shall deem it necessary, appoint in writing any of the subordinate officers or employees of said home, as special officers to seek after and to arrest boys who may have escaped from said home, which special officer shall have the same powers in that respect as are given in the preceding section to the superintendent.

17. It shall be the duty of every constable or police officer to assist said superintendent or other person designated by him for that purpose to arrest any boy who may escape from said home, and it shall be lawful for any constable, police officer or other person without warrant to arrest any boy who may escape from said home and to return him thereto.

COMMITMENTS AND DISCHARGES.

18. Every commitment to the said home shall be until the boy attains the age of twenty-one years, and no longer; but the trustees, in their discretion, may at any time discharge as reformed a boy from said home as a reward of good conduct upon satisfactory evidence of his reformation; or they may parole any boy in the custody of his parents, guardian, or any fit person designated by them, under such conditions as they may think proper; every boy so paroled shall be liable at any time to be taken back to said home if the conditions of his parole are violated, or if in the judgment of the trustees for any cause his welfare shall so require.
19. In case any boy under the age of sixteen years shall have been sentenced, after conviction in any court, to imprisonment in the jail, or in the state prison, it shall be lawful for any justice of the supreme court, or judge of the inferior court of common pleas, on complaint of any citizen, to institute a summary examination, and if he shall be satisfied that said boy is a suitable subject for said home to commit him thereto by warrant, as in other cases provided.

20. When a boy under the age of sixteen years shall, in the court of quarter sessions, or court of special sessions, be found guilty of any crime, except murder, it shall be lawful for the said court, instead of entering judgment and pronouncing sentence according to law, to cause an order to be entered in the minutes that said boy be committed to the said home, and thereupon the court may commit him thereto, by warrant, as in other cases provided.

21. Every warrant for the commitment of a boy to said home shall be in substance as follows viz:

"To A. B. (sheriff, constable or police officer, as the case may be).

You are hereby commanded to take C. D., a boy under the age of sixteen years, to wit: of the age — as near as can be ascertained, who at the time of his arrest resided in —, and who has been proved to me to be a fit subject for the care, discipline and instruction of the state home for boys, in that he — (stating cause of his commitment) and deliver said boy without delay to the superintendent of the said home, or other person in charge thereof, at the place where the same is established, and for so doing this shall be your sufficient warrant; dated this — day of —, 19—, in the county of — in the state of New Jersey," but no variance from said form shall be deemed material if it sufficiently appears upon the face thereof that the boy is committed in the exercise of powers given by this act, and every such warrant shall be executed within five days from the date thereof.

22. Every justice of the supreme court and every judge of the inferior court of common pleas who shall commit a boy to said home shall state in the warrant the place in which the boy resided at the time of his arrest, and his age as near as can be ascertained; and such statement, for the purpose of this act, shall be conclusive evidence of his residence and age; in the warrant the justice or judge shall also
state the nature of the complaint against the boy, together with such other particulars concerning the boy as the justice or judge is able to ascertain.

23. The trustees of said home may decline to receive a boy committed to said home by a warrant which does not state the place of residence of the boy at the time of his arrest, his age as near as can be ascertained, and the nature of the complaint against the boy.

24. When the trustees shall become satisfied that any boy committed to the home is unfitted by physical weakness or disease or mental imbecility for the instruction, discipline and care of the institution, they may release him under such conditions as they may deem necessary to promote his welfare.

25. Every boy committed to the said home shall be personally liable for his own maintenance and all necessary expenses incurred therein on his behalf; and the parent, guardian or relative, who would have been bound by law to provide for and support him if he had not been sent to the said home, shall be liable to pay for such maintenance and necessary expenses, and, if the trustees shall so order, the same may be sued for and recovered in the name of the superintendent of said home in any court having cognizance thereof; provided, the trustees may in their discretion remit such liability or any part thereof; provided, also, all moneys so received or collected shall be paid into the state treasury.

26. Every boy committed to said home shall be there kept and governed according to the provisions of this act until he arrives at the age of twenty-one, unless he is bound out, paroled or discharged as reformed, or otherwise legally discharged; the discharge of a boy as reformed, or his arriving at the age of twenty-one years, or his entering the land or naval forces of the United States, with the consent of the trustees, shall be a full release from all the liabilities, penalties and disabilities created or incurred by his commitment to said home, and no boy who has been discharged from said home as reformed, or by reason of his arriving at the age of twenty one years, or of his entering the land or naval forces of the United States with the consent of said trustees, shall thereafter be prosecuted or punished for the crime with which he was charged at the time of his commitment to said home.
27. When a boy under the age of sixteen years shall be arrested upon complaint of any crime (excepting murder or manslaughter), or of being a disorderly person, or being habitually vagrant, or habitually truant, it shall be lawful for the magistrate before whom he shall be taken, after examination, if in his judgment said boy is a fit subject for the said home, to commit him to the jail of the county or city where the charge shall be made, and forthwith to certify and send a copy of the complaint and commitment to a justice of the supreme court or a judge of the inferior court of common pleas; provided, that no boy under the age of eight years shall for any cause under any of the provisions of this act be committed to said home.

28. The said justice or judge, upon receiving said copies of the complaint and commitment, or upon his own information of such complaint or commitment, shall and may issue a warrant to a sheriff, constable or other officer to bring said boy before him, and also an order to the parent or guardian of said boy, or such person as may have him in charge, or with whom he has last resided, or one known to be nearly related to him, or if he be alone and friendless, then to such person as said justice or judge may appoint to act as guardian ad litem, requiring him or her to appear at a time and place stated in said order, to show cause why said boy should not be committed to the said home for reformation and instruction; pending such hearing the justice or judge may make such disposition of said boy as to him may seem best.

29. The said order shall be served by the sheriff, a constable or police officer, by delivering a copy thereof personally to the party to whom it is addressed, or leaving it with some person of full age at the place of residence or business of said party, and immediate return shall be made to said justice or judge under oath of the time and manner of such service.

30. At the time and place mentioned in said order, or the time and place to which the hearing may be adjourned, if the parent or guardian to whom said order may be addressed shall appear, then, in his or her presence, or if he or she shall fail to appear, then, in the presence of some suitable person whom the said justice or judge shall appoint as
guardian ad litem, it shall and may be lawful for said justice or judge to proceed to take the voluntary examination of said boy, and to hear the statements of the party appearing for him, and such testimony in relation to the case as may be produced, and if upon such examination and hearing the said justice or judge shall be satisfied that the boy has committed a crime, or is a disorderly person, or is habitually vagrant, or habitually truant, and is a fit subject for the said home, he may commit him to said home by warrant as herein provided.

31. If the justice or judge aforesaid is of the opinion the boy is not a fit subject for the home, he shall discharge him, unless he is charged with a crime, in which case he shall remand him to the custody of the keeper of the jail of the county or city, to be dealt with according to law; but in case said boy shall be subsequently convicted on said charge of crime, said justice or judge may in his discretion commit said boy to said home under the provisions of the twentieth section of this act.

32. If any parent or guardian shall make complaint to a justice of the supreme court or to a judge of the inferior court of common pleas that any boy, under the age of sixteen years, the son or ward of such parent or guardian, is habitually truant or habitually vagrant or disorderly or incorrigible, it shall and may be lawful for said justice or judge to issue a warrant to the sheriff, a constable or police officer, to cause said boy to be brought before him at such time and place as he may appoint, when and where said justice or judge shall examine the parties, and if in his judgment the boy is habitually truant or habitually vagrant or disorderly or incorrigible, and is a fit subject for the said home, he may issue a warrant with the consent of the said parent or guardian endorsed thereon, to be executed by the sheriff, a constable or police officer, committing said boy to the said home; provided, security for the payment of the expenses of said complaint and commitment and of carrying said boy to the home, at the rates herein prescribed in other cases, and the expenses of board at such home may, in the discretion of the said justice or judge, be required of the said parent or guardian.

33. Whenever a boy shall be committed to said home under the provisions of the last preceding section it shall be the duty of the justice or judge at the time of the examination, to make inquiry as to the ability of the parent or guar-
dian to pay the expenses of said commitment proceedings and the board of said boy at said home, and to endorse on the warrant of commitment a statement of his finding in that regard.

34. Whenever a complaint charging a boy under the age of sixteen years with crime shall come before the grand jury of any county, or an allegation of crime shall be made against such a boy in the court of special sessions, it shall be the duty of the prosecutor of the pleas of such county to examine into the condition and circumstances of such boy, and if in his judgment such boy is a fit subject for said home, he shall, before an indictment is found or a trial had in said court of special sessions, certify the facts to the justice of the supreme court, or the judge of the inferior court of common pleas, with such recommendation as to him shall seem proper, and thereupon said justice or judge may, in his discretion, upon like procedure as in cases where a copy of a complaint and commitment is sent him by a magistrate, if in his judgment said boy is a fit subject for said home, commit him thereto by warrant as in other cases, and in such case no indictment shall be found or other proceedings taken against said boy, except as herein otherwise provided.

FEES AND COSTS.

35. For making copies of a complaint and commitment under section twenty-nine every magistrate shall be entitled to the same fees as are allowed by law for the original complaint and commitment; all officers serving process under this act shall be entitled to the same fees, which shall be paid in the same manner as for like services in criminal cases; the sheriff, constable or officer executing a warrant committing a boy to the said home shall be entitled to a fee of five dollars, besides the necessary traveling expenses for himself and boy, to be taxed by said justice or judge; and other fees shall be the same as are allowed for similar services in the court of quarter sessions, all of which fees shall be paid as in criminal causes in the county where such services are rendered.
36. The said home and the premises connected therewith shall be deemed and held to be a public place, and a public school within the intent and meaning of an act entitled "An act concerning disorderly persons" (Revision of 1898), approved June fourteenth, one thousand eight hundred and ninety-eight, and the supplements thereto, and any person, not an inmate of said home, who shall while at said home or on the premises connected therewith violate any of the provisions of said act as to public places or public schools, or shall wilfully act in opposition to the rules and discipline of said home, shall be deemed and adjudged a disorderly person and be punished accordingly; and the superintendent of said home and such employees thereof as the trustees shall by resolution designate for that purpose shall have full power and authority to arrest without warrant any person violating the provisions of this section, and to proceed against such person according to law.

37. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed; and no proceeding for the commitment of any boy to said school shall abate by reason of the passage of this act, but every such proceeding shall proceed under the provisions of this act.

38. This act shall take effect immediately.

The State Superintendent of Public Instruction shall prepare and distribute blanks for contracts between boards of education and teachers.

108. In case the dismissal of any teacher before the expiration of any contract entered into between such teacher and a board of education shall, upon appeal, be decided to have been without good cause, such teacher shall be entitled to compensation for the full term for which said contract shall have been made; but it shall be optional with the board of education whether such teacher shall or shall not teach for the unexpired term.

109. 110. Every teacher in a public school shall keep a school register in the manner provided therefor, and no order or warrant for salary shall be delivered to such teacher until the district clerk or other officer authorized to deliver such
order or warrant shall ascertain that said register has been properly kept for the time for which salary is demanded, and shall enter upon said register a certificate to that effect. 111. No teacher shall be required to teach school on any day declared by law to be a public holiday, and no deduction from a teacher's salary shall be made by reason of the fact that a school day happens to be a day declared by law to be a public holiday. Any contract made in violation of this section shall have no force or effect as against a teacher.

112. A teacher shall hold every pupil accountable in school for disorderly conduct on the way to or from school, or on the play-grounds of the school, or during recess, and shall suspend from school any pupil for good cause; provided, that such suspension shall be reported forthwith by the teacher to the board of education; provided further, that in any school in which more than one teacher shall be employed the principal alone shall have the power to suspend a pupil.

113. No principal, teacher or other person employed or engaged in any capacity in any school or educational institution, whether public or private, shall inflict or cause to be inflicted corporal punishment upon any pupil attending such school or institution, and every resolution, by law, rule, ordinance or other act or authority heretofore or hereafter passed, adopted, approved, made or given by any person or persons whomsoever, natural or artificial, permitting or authorizing corporal punishment to be inflicted upon any pupil attending or that may attend any school or educational institution shall be henceforth void and of no force or effect.

118. Whenever in any district there shall be children living remote from the school-house, the board of education of such district may make rules and contracts for the transportation of such children to and from school. The custodian of the school moneys of a school district from which a child shall have been transferred as aforesaid shall pay, on the order of the County Superintendent of Schools, to the custodian of the school moneys of the school district to which said child shall have been transferred, such amount for the education of said child as the respective boards of education may agree upon, which amount shall be certified to the County Superintendent of Schools by said boards; but if said boards of education shall be unable to agree, on or before the first day of February, upon the amount so to be paid, then, and in that case, each of said boards shall appoint a suitable person, and the two persons so appointed shall appoint a third, and the three persons so appointed shall constitute a board of arbitration. Said board of arbitration shall decide what amount is equitably and justly due to the district to which such child shall have been transferred, and shall notify the County Superintendent of Schools in writing of its decision, and said County Superintendent of Schools shall thereupon issue his order on the custodian of school moneys of the school district from which such child shall have been transferred, and in favor of the custodian of school moneys of the school district to which such child shall have been transferred, for the amount certified to him by said boards of education, or by said board of arbitration. The orders issued by the County Superintendent of Schools pursuant to the provisions of this section may be paid out of any moneys available for current expenses to the credit of the district from which said child shall have been transferred; provided, that the amount awarded by said board of arbitration for each child transferred as aforesaid shall not exceed the average per capita cost of education in the district to which said child shall have been transferred for the year preceding that for which the award shall be made, and in determining said average per capita cost, the amount expended for the purchase of land, the building, repairing or furnishing of school houses, and the payment of the principal or interest of any debt incurred therefor shall not be included.

122. A board of education may exclude from school any child who shall not have been duly vaccinated, unless such child shall present a certificate signed by a regularly licensed physician, that such child is an unfit subject for vaccination. No teacher or child who shall be a member of a household in which a person shall be sick with small-pox, diphtheria, scarlet fever, whooping cough or measles, or of a household exposed to contagion as aforesaid, shall attend any public school during such sickness, nor until the board of education shall have been furnished with a certificate from the board of health, or from the physician attending such sick person, certifying that all danger of communicating such disease by such teacher or child has passed.

In case of a corporation, service may be made on its attorney or any officer or agent upon whom a summons in an action at law against the company may be lawfully served. Whenever it shall appear by affidavit that any person or corporation being a party to the proceedings is a non-resident of the state, or cannot be found therein to be served, notice shall be given in such manner as a judge of the court to which appeal shall be taken may direct. Said notice of appeal shall set forth that an appeal has been taken from the award of the commissioners, and shall specify the time and place where and when the appellant will apply to the court to which such appeal shall be taken, or any judge thereof, to frame the issues and to fix a day for the trial of the appeal, which time named for said application shall be not less than five nor more than ten days from the date of service of the notice, but the court or judge may by order change the time or place on the application of either party, and direct what notice of such change shall be given to the other party.

177. After an appeal to any court from the award of commissioners appointed to assess the damages for the taking of lands or other property for the use of a school district by condemnation shall have been filed, and notice thereof shall have been given as above provided, the court to which such appeal shall be taken, or any judge thereof, on application of either party shall fix a day for the trial of the appeal, either during the term or vacation when such appeal shall be filed, or during the following term or vacation, which day so fixed shall be not less than twenty nor more
than forty days from the date of the order, and the court or judge shall at the same time make an order framing the issue between the parties, and directing a jury to be struck and a view of the premises and property to be had, and fixing a day and place for the striking of the jury for the trial of the appeal, which day shall be at least ten days before the day fixed for said trial. The filing of the order shall be notice to all parties of the day and place fixed thereby for the striking of the jury and for the trial, and the jury having been struck, and the jurors summoned as required by law, the cause shall be tried upon the day and at the place fixed unless, for good cause shown, the court shall adjourn the trial to another day which the court shall fix, in which case the court shall, in its discretion, either direct the same jurors to attend, or order another jury to be struck and summoned in like manner, and all parties shall take notice of the day and place fixed for the adjourned trial.

178. The court shall make such further orders and take such further proceedings as may be requisite according to the practice of the court and the several statutes regulating appeals and the trials thereof in condemnation cases, and may permit such amendments of the proceedings and pleas as may be reasonable and proper for the fair trial of the case, or for the promotion of the public purposes for which the power to condemn was conferred.

180. The Secretary of State shall be the Secretary of said board. He shall record in a book to be kept for that purpose the proceedings of said board and the accounts to be furnished by the State Treasurer as hereinafter directed.
250

LAWS, SESSION OF 1900.

181. All lands belonging to this state now or formerly lying under water are appropriated for the support of public schools, and all moneys hereafter received from the sales of such lands shall be paid to "The Trustees for the Support of Public Schools," and shall be invested by said board, and shall constitute a part of the permanent school fund of the state.

182. All leases which have been heretofore made, or which shall be hereafter made of such lands, shall be held by "The Trustees for the Support of Public Schools" as a part of the principal of the school fund, and the income arising from said leases shall be a part of the income of said school fund.

183. Moneys belonging to the school fund shall be invested by said board in the bonds of the several school districts of this state, or in the bonds of the United States, or of this state, or in the bonds of any county, city, town, township or borough of this state the total indebtedness of which shall not exceed in the aggregate fifteen per centum of the total assessable valuation of all taxable property therein, and the interest thereof shall be a part of the income of said school fund. The income of said school fund shall be used for the support of public schools, the payment of the salaries of the County Superintendents of Schools, the payment of premiums and accrued interest on bonds purchased by the "Board of Trustees of the Fund for the Support of the Public Schools," and for no other use or purpose whatsoever. An account of the management of said fund shall be laid before the Legislature with the annual statement of the State Treasurer's accounts. No compensation shall be paid to said trustees or treasurer for any services performed in pursuance of this article.

184. Said board shall not invest any part of the principal or interest of said fund in bonds secured by mortgage on lands except as hereinafter provided.

185. Said board shall cause foreclosure proceedings to be commenced without delay whenever the interest on bonds secured by mortgage held by said board as part of the school fund shall remain unpaid for the space of six months; provided, that whenever foreclosure proceedings shall have been commenced, said board may, in its discretion, discontinue the same upon the payment of accrued interest and the cost of such proceedings.
186. Said board may bid for and purchase any lands and premises exposed to sale under the order and decree of any court for the payment and satisfaction of any mortgage incumbrance thereon held by said board, and may take and hold title to the lands and premises so purchased in and by its official name as a part of the principal of the school fund; provided, that said board shall not bid a higher price for such lands and premises than shall be sufficient to produce the amount due upon said mortgage incumbrance and costs. The taxed costs attending such proceedings and sale, if any, shall be paid by the State Treasurer on the warrant of the State Comptroller.

187. All real estate now held by “The Trustees for the Support of Public Schools,” and all real estate that may be hereafter acquired by them under foreclosure proceedings shall be sold, either at private or public sale, at such times and at such prices as will, in the judgment of said board, be for the best interest of the state. Said board may advertise such properties, either at private or public sale, in such manner as to it shall seem judicious, and the proceeds of such sale shall be paid into the school fund, and shall be invested by said board as other moneys of said fund shall be invested. Said board may loan to the purchaser of any said real estate, one-half of the amount of purchase money, the same to be secured by bond and mortgage on the premises so purchased.

188. The State Treasurer shall make annually to said board on the first day of the annual meeting of the Legislature, and at such other times as said board shall require, a statement of the school fund, containing an account of the securities belonging thereto with the dates of investment, their values, and the interest arising from each class of securities, together with an account of the moneys in the treasury belonging to said fund.

189. There shall be annually apportioned and paid from the income of the school fund for the support of public schools two hundred thousand dollars. If the income of said fund shall not have been received in full, or shall be insufficient for such appropriation, the sum necessary to make up the deficiency shall be drawn from the State Treasury on the warrant of the State Comptroller, which sum so drawn as aforesaid shall be replaced from the income of said school fund as soon as the same shall have been received.
ARTICLE XVIII.

STATE SCHOOL TAX.

190. For the purpose of maintaining free public schools there shall be appropriated each year from any moneys in the State Treasury not otherwise appropriated such sum, not less than one hundred thousand dollars, as may be determined by the Legislature in the annual appropriation act; which sum shall be apportioned among and paid to the several counties in the proportion that the ratables of each of said counties shall bear to the total ratables of the state as exhibited by the latest abstract of ratables filed in the office of the State Comptroller. In addition to the amount so determined and appropriated, a state school tax shall be annually assessed, levied and collected upon the taxable real and personal property in the state, as exhibited by the latest abstract of ratables from the several counties made out by the several boards of assessors and filed in the office of the State Comptroller. Said tax shall be such an amount as will make, when added to the amount determined and appropriated as aforesaid, a sum equal to five dollars for each child in this state between the ages of five and eighteen years, as determined by the last published school census, which tax shall be assessed, levied and collected at the same time and in the same manner as other taxes shall be assessed, levied and collected. The State Comptroller shall apportion said tax among the several counties in proportion to the amount of taxable real and personal estate of said counties respectively as shown by the abstract of ratables aforesaid, and he shall transmit to the State Board of Education and to the County Collector of each county, on or before the first day of February in each year, a statement of the amount of said tax apportioned to and payable by said county, and said County Collector shall lay said statement before the board of assessors of the townships, cities, boroughs and wards within his county at their next annual meeting, and said board of assessors shall thereupon apportion said school tax as other taxes are apportioned, and the same shall be assessed, levied and collected according to law.

191. Every County Collector shall pay to the State Treasurer the quota of the state school tax from his county within
twenty-five days after the same shall be due and payable to him by the several township, borough and city collectors and other officers authorized by law to collect said tax. In case any township, borough or city collector or other officer shall fail or neglect to pay to the County Collector the full amount of state school tax due from his taxing district within fifteen days after said tax shall have become due and payable to said County Collector, said County Collector shall give to the County Superintendent of Schools written notice of such failure or neglect, and said County Superintendent of Schools shall withhold from every school district in said taxing district, the full amount apportioned to it out of the reserve fund for the support of the school or schools situate within said taxing district, and said County Superintendent of Schools in making the next apportionment of school moneys, shall re-apportion the amount of the reserve fund so withheld among the several school districts in his county. Said County Superintendent of Schools shall also withhold from the custodian of the school moneys of any school district the order for the amount of money apportioned out of the state school tax to said district, until the township, borough or city collector or other officer authorized to collect taxes in the taxing district in which said school district shall be situate shall have paid to the County Collector the full amount of the state school tax due from said taxing district, and the township committee, common council or other body having the control of the finances of any township, city, incorporated town, borough or other municipality from which shall have been withheld as hereinbefore provided, the amount apportioned out of the reserve fund for the support of schools in any school district situate in such township, city, incorporated town, borough or other municipality, shall forthwith appropriate to said school district, out of any funds under its control, a sum equal to the amount so withheld, and in case there shall be no funds available for such purpose, such township committee, common council or other body having control of the finances of such municipality shall borrow and appropriate a sum sufficient for such purpose, and shall place the amount so borrowed in the next annual tax levy.

192. Ten per centum of the full amount of the state school tax annually raised shall be known as a reserve fund, and shall, on or before the fifteenth day of February in each
year, be apportioned among the several counties by the State Board of Education equitably and justly according to its discretion. The State Superintendent of Public Instruction shall, on or before the fifteenth day of January next ensuing said apportionment, draw an order on the State Comptroller in favor of each County Collector for ninety per cent of the amount of state school tax paid by said County Collector to the State Treasurer, and said County Collector shall apply for and be entitled to receive the amount of said order as soon as said order shall be received by him. The State Superintendent of Public Instruction shall also draw his order in favor of each County Collector for such portion of the reserve fund as shall have been apportioned to his county as aforesaid, which order shall be payable when the total amount of said reserve fund shall have been received by the State Treasurer.

193. The State Comptroller shall draw his warrant on the State Treasurer in favor of the County Collector of each county for the portion of the income of the State School Fund of the state appropriation and state school tax to which said county shall be entitled, whenever such County Collector shall present orders for the same drawn by the State Superintendent of Public Instruction.

194. The County Collector of each county shall receive and hold in trust that part of the state appropriation and state school tax apportioned to his county, and shall pay the same to the custodians of the school moneys of the several school districts of his county on the orders of the County Superintendent of Schools.

195. The board of education of each school district shall, on or before the fifteenth day of March in each year, certify to the County Superintendent of Schools for the county in which such school district shall be situate, and on blanks furnished for that purpose by the State Superintendent of Public Instruction, the number of teachers who shall have been employed in the schools of such district for the full time the schools therein shall have been kept open during the then current school year, and the number of teachers who shall have been employed in said schools for a portion only of said year, but for a period of not less than four months, and said County Superintendent of Schools shall, on or before the first day of April in each year, apportion to the several school districts of said county the state school
moneys and the interest of the surplus revenue in the following manner:

1. He shall apportion to each district the sum of two hundred dollars for each teacher that shall have been employed in said district for the full time the schools therein shall have been kept open during the school year preceding that for which the apportionment shall be made; the sum of eighty dollars for each teacher that shall have been employed therein for a portion only of said year, but for a period of not less than four months; the sum of six hundred dollars to each district in which there shall have been employed a supervising principal who shall have devoted his entire time to the supervision of the schools in such district, but if two or more districts shall have united in employing a supervising principal as aforesaid the six hundred dollars apportioned for such principal shall be apportioned among said districts in the proportion that the number of teachers employed in each of said districts shall bear to the total number of teachers employed in all of the districts uniting in employing said supervising principal; provided, that in making such apportionment teachers employed in evening schools shall be regarded as employed for a portion of the year only, but no apportionment shall be made for teachers employed in an evening school unless the board of education of the school district in which such evening school shall have been maintained shall certify that said evening school has been maintained at least four months during the school year preceding that for which the apportionment shall be made, but if such teachers shall have been also employed in the day schools of the same district, the apportionment aforesaid shall be made for them in addition to any amount apportioned for them as teachers in such day schools; provided further, that if any board of education of any school district shall provide proper means for the transportation of pupils in accordance with the provisions contained in this act, the County Superintendent of Schools, in making his next apportionment and every apportionment thereafter shall apportion to such district the sum of two hundred dollars for each teacher whose services shall have been dispensed with by reason of substituting transportation for the services of such teacher as long as proper transportation shall be provided;
II. He shall apportion to each school district the remainder of the school moneys belonging to said county on the basis of the last published school census.

196. On or before the fifteenth day of September in each year the custodian of the school moneys of each school district shall pay to the County Collector the balance of moneys apportioned to said district by the County Superintendent of Schools, which may then be in his hands to the credit of said district, and shall report forthwith to the County Superintendent of Schools the amount thus paid over, and the County Collector shall, on or before the first day of October in each year, report to the County Superintendent of Schools of his county the amount of money received by him by virtue of the provisions of this section, and said County Superintendent of Schools shall thereupon re-apportion such amount among all the school districts in said county. The sum thus re-apportioned shall be paid immediately by the County Collector to the several custodians of the school moneys of said districts on the orders of the County Superintendent of Schools, and shall be available for the then current school year. The sum thus re-apportioned to any district shall be in addition to the sum apportioned to such district by the County Superintendent of Schools for said school year; provided, that the County Superintendent of Schools may, for good cause shown, allow any such balance to remain in the hands of the custodian of the school moneys of such district to the credit of such district, and such balance may thereafter be used and expended by the board of education of such school district for the purpose of paying teachers' salaries and fuel bills, or, by and with the written consent of the County Superintendent of Schools, for the improvement of school-houses and grounds, the purchase of school furniture, or for any other purpose connected with the schools of such district.

ARTICLE XIX.

by special district tax such sum or sums as a majority of said legal voters present at such meeting may agree upon for any or all of the following purposes: to enable the board of education to purchase land for school purposes; to build, enlarge, repair or furnish a school-house, or to pay a debt incurred therefor; for industrial schools, for manual training, and for the current expenses of the schools, in which term shall be included principals', teachers', janitors', and medical inspectors' salaries, fuel, text-books, school supplies, flags, transportation of pupils, tuition of pupils attending schools in other districts with the consent of the board of education, school libraries, compensation of the district clerk, or the custodian of the school moneys and of truant officers; truant schools, insurance and the incidental expenses of the schools. Said assessor shall assess on the inhabitants of the school district and their estates, and the taxable property therein, in the same manner as other taxes shall be assessed, and the collector of such taxing district shall levy and collect such sum of money as shall have been ordered to be raised by the legal voters in the manner aforesaid, and shall pay the same to the custodian of the school moneys of the school district as is in this act provided, and for collecting said tax, said collector, except such as receive a salary in lieu of fees, shall receive three-fourths of one per centum of the amount of said tax collected by him, said compensation to be paid by the township committee or other governing body of the municipality wherein said tax is collected. In case the full amount of the district school tax shall not have been collected, said collector shall pay to said custodian the full amount of said tax out of any moneys in his hands, except moneys received from the County Collector on the order of the County Superintendent of Schools, and any amount advanced as aforesaid shall be paid to said collector out of said district school tax when collected; provided, that when there shall be no funds in the hands of said collector available for such purpose, the township committee, common
council or other body having control of the finances of the
municipality in which such school district shall be situate,
shall borrow and appropriate a sum sufficient for such pur­
pose; provided further, that when any meeting shall be held
as aforesaid it shall not be lawful for such meeting to order
a greater sum of money raised by special tax than shall have
been mentioned and designated in the notices calling such
meeting.

198. At any annual or special meeting when money shall
be ordered raised for school purposes by special district tax
or by the issue of bonds the legal voters shall vote by ballot.
The chairman of the meeting shall appoint two tellers who
shall receive and count the ballots in his presence. The
secretary of the meeting shall keep a poll list and shall re­

keep a tally-sheet of the votes as counted. The tally-sheet
shall be signed by the chairman and tellers, and said tally­

in a sealed package, indorsed with the name of the district,
the name of the county in which the district shall be situate,
and the date on which said election shall have been held,
and said package, together with a statement of the results
of such election, signed by the chairman and secretary, shall
within five days after the date of said meeting be forwarded
by said secretary to the County Superintendent of Schools,
and the same shall be preserved by him for one year.

ARTICLE XX.

CUSTODIAN OF SCHOOL MONEYS.

199. In each school district there shall be a custodian of
school moneys who shall receive and hold in trust all school
moneys belonging to such school district, whether received
from the state appropriation, state school tax, district tax,
appropriation, or from other sources, and shall pay out the
same only on orders signed by the president and district
clerk or secretary of the board of education. Each order
shall specify the object for which it shall be given, and shall
be made payable to the order of and shall be indorsed by
the person entitled to receive the amount named therein.
Said custodian shall pay over the balance of school funds
remaining in his hands to his successor in office. He shall keep in the book provided for that purpose a record of the sums received and paid out by him. At the close of the school year he shall transmit to the board of education of the district a report showing the amounts received and disbursed by him for school purposes during said year, and shall file a duplicate of such report with the County Superintendent of Schools.

200. A board of education may appoint a suitable person, who may be a member of said board, as custodian of school moneys of said district, and may fix his salary and term of office. Such custodian shall give bonds for the faithful discharge of his duties, in such amounts and with such sureties as said board shall direct, but said bonds shall be for a sum not less than twice the amount apportioned to said district by the County Superintendent of Schools.

201. In any school district in which the board of education shall not have appointed a custodian of school moneys, the township collector, borough collector, city treasurer or other person designated by law as the custodian of the moneys belonging to the municipality in which such school district shall be situate, shall be the custodian of the school moneys of such district, and shall receive such compensation as the township committee, common council or other governing body of such municipality shall determine, which compensation shall be paid by said township committee, common council, or other governing body from the funds of the township, borough, city or other municipality, and the bonds given by said collector, treasurer or other person for the faithful performance of his duty as such officer, shall be held to cover and secure the faithful performance of his duty as custodian of school moneys and the bondsmen thereon shall be liable therefor. In case the term of office of any such township collector, borough collector, city treasurer or other person shall expire before the close of the school year, he shall remain and continue to be the custodian of school moneys until the close of the then current school year, and his bondsmen shall remain and be legally bound for the faithful performance of his duties as such custodian until the final settlement of his accounts. Nothing in this article shall be construed as giving to the township committee, common council or other governing body of any municipality any control over moneys belonging to the school district.
Moneys held in trust.

202. Whenever in any school district there shall be no custodian of school moneys appointed by the board of education, and there shall be two or more collectors, treasurers or other persons entitled to be custodians of school moneys in such district, the collector, treasurer or other person residing in the municipality situate in such school district having the largest amount of taxable property shall be custodian of the school moneys of such school district.

203. The collector or treasurer of each municipality in which a school district shall be situate, shall pay to the custodian of the school moneys of such school district the amount ordered to be assessed, levied and collected in such municipality for the use of the public schools therein exclusive of the state school tax, on or before the fifth day of January next succeeding the assessment thereof.

204. Whenever there shall have been established a sinking fund for the payment of school bonds the custodian of the moneys of the corporation which shall have issued such bonds shall be the custodian of the securities and moneys belonging to such fund, and the bondsmen on his bonds as such custodian shall be liable for the safe keeping of said fund.

205. Whenever any order for payment of the current expenses of a public school shall be drawn and issued by any board of education on the custodian of the school moneys of such district, and there shall be no funds in the hands of such custodian to pay the same, such order shall bear legal interest until such time as said custodian shall have funds to pay the same, of which fact he shall give public notice, whereupon said interest shall cease.
206. If any custodian of the school moneys of any school district shall fail to make his report to the County Superintendent of Schools on or before the first day of August in any year, he shall forfeit to said school district the sum of ten dollars for each day thereafter until his report shall be made. Said sum shall be sued for and collected by the district clerk or secretary of the board of education of said school district in any court of competent jurisdiction.

207. Upon the appointment in any school district of a custodian of school moneys under the provisions of this article, the township collector, city treasurer or other person then having the custody of the school moneys of such district, shall forthwith pay over to the custodian so appointed all moneys in his hands to the credit of such school district, and upon the receipt of such moneys the custodian of school moneys appointed as aforesaid shall give a receipt therefor to such township collector, city treasurer or other person, and such receipt shall be a full acquittance for the moneys so received.

ARTICLE XXI.

SCHOOL DISTRICT BONDS.

208. The legal voters of any school district situate in a municipality not divided into wards, may, either at the annual meeting of said district or at a special meeting thereof called for that purpose, by the vote of a majority of those present authorize the board of education to issue bonds of the district for the purpose of purchasing land for school purposes, or building a school-house or school-houses, or making additions, alterations, repairs or improvements in or upon any school-house and the lands upon which the same shall be located, and of purchasing school furniture and other necessary equipment. Such bonds shall be issued in the corporate name of the district, for such sums and in such amounts and payable at such times as the legal voters so met shall direct, with interest at a rate not exceeding six per centum per annum payable half-yearly. Such bonds shall be in the general form of the bonds theretofore issued by said district, shall be signed by the president of the board of education and attested by the district clerk, shall bear the seal of the district, shall bear interest at a rate not exceeding six per centum per annum, and shall be issued for such sums and in such amounts and payable at such times as the legal voters at such meeting shall direct. Such bonds shall have coupons attached for current payment of interest, which coupons shall be signed by the district clerk and shall be numbered to correspond to the several bonds to which they shall be severally attached. Bonds so issued shall be numbered and a proper registry thereof kept by said district clerk. They may be sold at public or private sale for the best obtainable price, but not less than par, and the money realized from such sale shall be applied to the taking up and cancellation of such outstanding bonds; or said renewal bonds may be exchanged for such outstanding bonds on an equal basis of principal and interest, and the bonds so redeemed shall be forthwith canceled by the board of education of said district.

210. Bonds of any school district legally issued under the provisions of this article shall be a lien upon the real and personal estates of the inhabitants of the said district, as well as the property of said district, and said estates and property shall be liable for the payment of the same. Whenever bonds shall be authorized to be issued by any school district as aforesaid the district clerk shall transmit certified copies
of the record of the proceedings authorizing the issuing of such bonds to the Attorney-General for his approval of the legality of said proceedings, and duplicate copies of such record shall be filed with the State Superintendent of Public Instruction.

211. Whenever a school district situate in a municipality not divided into wards shall have ordered and authorized the issue of bonds and the same shall have been issued, the district clerk shall, each and every year, issue to the assessor of the taxing district in which such school district shall be situate an order directing him to assess upon the inhabitants of said taxing district and their estates, and the taxable property therein, an amount sufficient to pay the bond or bonds maturing in such year, together with the interest accruing upon all the unpaid bonds of such district, which order so issued as aforesaid shall be duly executed by said assessor. The moneys so assessed shall be levied and collected by the collector of said taxing district who shall, on or before the fifth day of January next thereafter, pay the full amount so ordered to be assessed, levied and collected to the custodian of the school moneys of said school district, who shall, upon the receipt of the orders of the board of education, signed by the president and attested by the district clerk (which orders shall state at what bank the said principal and interest shall be payable), deposit in such bank the sum of money necessary to pay the principal and interest as they shall become due and payable.

212. On the taking up of outstanding bonds, or on the payment of bonds of any school district, the board of education of such district shall forthwith cancel the same, and when so canceled they shall be deposited in the office of the State Superintendent of Public Instruction.

213. The district clerk or secretary of a board of education in any district in which there shall be any interest-bearing school debt shall, on or before the first day of August in each year, report to the State Superintendent of Public Instruction the amount of such debt then remaining unpaid, together with the rate of interest, the date or dates on which the bonds, notes or other evidences of indebtedness were issued, and the date or dates on which they will fall due.

The State Comptroller shall, upon the certificate of said board, draw warrants upon the State Treasurer for the payment of the costs thereof.

In case any county shall not have the full number of pupils to which it shall be entitled, pupils may be admitted from other counties. Pupils when admitted shall sign a declaration that they intend to teach in the public schools of this state for at least two years immediately after being graduated, unless excused temporarily by the State Board of Education, and that if they do not so teach they will refund to the state the cost of their education.

The State Board of Education shall invite proposals twice in each year, at intervals of six months, for supplying said school with dry goods, wearing apparel, groceries, provisions, vegetables, fuel, illuminating material and all other articles the necessity of which it shall be practicable to determine as being needed for the then ensuing six months. The standard quality of such articles shall be determined by the board, and standard samples of non-perishable articles shall be kept in the office of the superintendent for the inspection of bidders. The inviting of proposals shall be advertised for ten consecutive days in two daily newspapers published in the city of Trenton, which advertisement shall classify the articles which shall be grouped in each bid, and shall also state, as nearly as practicable, the quantity needed, and that said goods are to be delivered during the next ensuing six months as ordered by said superintendent. Said board shall award the contract to the lowest responsible bidder on each class or group of articles advertised for, and shall require contractors to enter into
suitable bonds for the faithful performance of said contracts; but said board shall have the right to reject any and all bids not considered by it to be in the interest of said school.

223. Whenever said board shall be satisfied that the resources of any person applying for admission to such school or being a pupil thereat, or those of his or her parent or guardian shall be sufficient to defray either the whole or a part of the expense of maintaining such pupil, said board may require such parent or guardian to pay either the whole or such portion of the annual expense of maintaining such pupil as it shall deem just and equitable.

224. The State Board of Education shall appoint some suitable person treasurer of said school and shall fix his salary. All bills and charges for the maintenance of said school shall be paid by said treasurer upon the certificate of said board.

binding by its terms. Said last-mentioned three members shall be selected at the annual meeting of the New Jersey State Teachers' Association by those members of said association eligible to election hereunder. The terms of office of the members so chosen by the State Board of Education shall be co-extensive with their respective terms as members of such Board of Education, and the terms of office of those members elected by the members of the New Jersey State Teachers' Association hereinabove designated, shall be for three years and until their successors shall be elected. The members and officers of the Board of Trustees of the Teachers' Retirement Fund as now constituted shall continue in office for the full terms for which they have been severally elected.

238. Said board of trustees shall elect one of its members president and one secretary, who shall hold office respectively until the next annual meeting of the board and until their successors shall be elected; provided, that the term of office of such president or secretary shall not extend beyond his term of office as member of said board of trustees. The annual meeting for the election of officers shall be held on the second Monday of September. Said board shall administer the fund hereinafter mentioned and order all payments therefrom according to the provisions of this article. Such portion of said fund as the board of trustees may, from time to time determine, may be invested either on bond and mortgage upon real estate situate within this state worth at least double the amount loaned thereon, or in any bonds of this state, or bonds of any of the counties or school districts of this state, or in any of the bonds of any city or other municipality of this state whose aggregate bonded indebtedness shall not exceed fifteen per centum of the amount of its taxable ratables. All moneys invested in any of the securities mentioned in this section shall be deemed to be part of the permanent principal of said fund, and the income arising from said moneys so invested, together with all moneys received as percentages of the salaries of teachers, and all moneys received by donation, legacy, gift, bequest, devise or otherwise, and which shall not be specifically directed to be made a part of the permanent principal of said fund, shall be available for the payment of annuities and the expenses connected with the management of said fund. All moneys received in payment of principal of bonds or other securities
held by said fund shall be re-invested and shall remain a part of said principal. 239. The State Treasurer shall be ex-officio treasurer of the fund hereinafter mentioned. He shall receive all moneys payable to said fund, and shall pay out the same only on warrants or orders of the board of trustees of said fund, which warrants or orders shall be signed by the president and secretary of said board, and all warrants or orders when so signed shall be full authority for and the acquittance of said treasurer for all payments from said fund. age annual salary for the five years immediately preceding the time of such retirement. The decision of the board of trustees of said fund upon any application for such annuity shall conclusively determine the right of the applicant thereto, and the payment of any such annuity shall be suspended whenever it shall appear to said board upon sufficient proof, that the annuitant is able to earn and has the opportunity to earn a sufficient livelihood, but such payment may be resumed whenever said board shall deem it proper so to do.

241. All annuities payable under the provisions of this article shall be paid in quarterly installments on the last days of September, December, March and June, and all annuities granted shall date from the first day of the quarter next succeeding the dates of the granting of such annuities; but if the funds available for the payment of any installment shall not be sufficient to pay the aggregate of annuities payable under this article in any quarter, such annuities shall abate pro rata.

242. Any teacher upon whom the provisions of this article shall have become binding, who shall have contributed to the fund hereinafter mentioned for five years or more, and who shall resign his or her position as teacher or shall be otherwise honorably retired from such position, except as hereinbefore provided, shall, upon application within three months after the date of such resignation or retirement be entitled to receive and shall receive one-half of the total amount paid by him or her into said fund without interest.

243. The retirement fund herein provided for shall be made up as follows:

The said per centum shall be reserved or deducted from each warrant or order for salary given to such teacher by the board of education or other officers as shall be required by law to give such warrants or orders to such teachers, and the said board of education or other officer shall, between the first and tenth days of each and every calendar month, draw their warrants for the amount so reserved and deducted during the preceding calendar month in favor of the township collector, city treasurer, or other custodian of the school moneys of the district or school in which such teachers shall be employed, and the said township collector, city treasurer or other custodian shall, immediately upon the receipt of such warrant or order, forward to the State Treasurer the amount of money named in such warrant or order, together with a list of the names of the said teachers;

II. One per centum of all annuities paid under the provisions of this article, which shall be deducted and withheld from each payment made to any annuitant;

IV. By the name of "The Board of Trustees of the Teachers' Retirement Fund" to sue and be sued, complain and defend in any court of law or equity;

V. To have, hold, purchase, sell, assign and transfer any of the securities in which any part of the said retirement fund may be invested.

245. The provisions of this article shall be binding upon any teacher employed at the time of the passage of this act in any of the schools hereinabove mentioned, only in case he or she shall sign and deliver to the board of education, board of trustees or other body by whom he or she shall be employed, a notice in substantially the following form:

ARTICLE XXIX.

SCHOOL CENSUS.

250. There shall be taken in each school district during the month of May in each year on the blanks and in the manner prescribed by the State Superintendent of Public Instruction an exact census of all the children between the ages of five and eighteen years who shall be legal residents of such district, including children who shall be inmates of children's homes or other charitable institutions. All children who may be absent from home attending colleges, boarding-schools and private seminaries of learning shall be included in the census list of the district in which their parents or guardians shall reside, and shall not be included in the census list of the district where they may be attending such institutions of learning.
251. Each board of education shall appoint, on or before the first day of May in each year, suitable persons to act as school census enumerators, but not more than one enumerator shall be appointed for each election district or precinct in the city, town, township or borough in which the school district shall be situated; provided, however, that in case any election district or precinct shall not lie wholly within the boundaries of a school district, the enumerator appointed for an election district or precinct lying wholly within said school district and adjoining the fractional portion of an election district or precinct lying within said school district, shall be appointed to make, in addition to making an enumeration of the children residing within the election district or precinct for which he shall have been appointed, an enumeration of the children residing in said fractional portion of the adjoining election district or precinct.

252. Each enumerator so appointed shall personally canvass the school district, or the portion thereof for which he shall have been appointed, and shall report to the State Superintendent of Public Instruction, on the blanks furnished for that purpose by said superintendent, on or before the tenth day of June next succeeding such enumeration. Said report shall be verified by the oath or affirmation of the enumerator that the same is correct and true to the best of his knowledge and belief. Said enumerator shall file a copy of said report with the board of education. For taking such census and making such reports the enumerator shall be entitled to such compensation, not exceeding five cents for the name of each child reported by him, as the board of education may allow, which compensation shall be paid by the custodian of the school moneys of the school district, on an order signed by the president and district clerk or secretary of the board of education, but such order shall not be issued in favor of any enumerator until he shall have presented a certificate from the State Superintendent of Public Instruction, stating the number of names for which said enumerator is entitled to compensation.

253. When satisfactory evidence shall be presented to the State Superintendent of Public Instruction that the census of any district or of any portion thereof has been incorrectly taken or reported, or when he shall have reason to believe that said census is incorrect, he shall return the report to the enumerator for correction. Said enumerator shall within
fifteen days after the return to him of such report, correct or verify the same, and within such period return said report to the State Superintendent of Public Instruction. If any enumerator shall neglect or refuse to make such correction as shall be necessary to secure an accurate census, the State Superintendent of Public Instruction shall designate a suitable person to act as enumerator in the place of the enumerator whose report shall have been found to be incorrect. The person so appointed shall within fifteen days after his appointment retake said census, and the said census so retaken, if approved by said State Superintendent of Public Instruction shall be deemed the census of such district, and shall be accepted in place and stead of the census so found to be incorrect. The person or persons appointed by the State Superintendent of Public Instruction shall receive such compensation as said state superintendent may deem proper, not exceeding five cents for the name of each child, which compensation, if the census taken by the enumerator or enumerators appointed by the board of education was incorrect, shall be paid by the custodian of the school moneys of the school district on an order signed by the president and district clerk, or secretary of the board of education, upon the presentation of a certificate from said State Superintendent of Public Instruction, stating the number of names for which said person is entitled to compensation; but if the census first taken shall be found to be correct, then and in that case the compensation for retaking the census shall be paid by the state treasurer on warrant of the state comptroller, on bills duly certified to him by the state superintendent of public instruction.

ARTICLE XXX.

MISCELLANEOUS.

254. If the board of education of any school district shall use any of the school money received by it, except such as shall have been raised within the district, for any purpose other than the payment of teachers' salaries, fuel bills, the transportation of pupils and the tuition of pupils attending schools in adjoining districts, there shall be deducted by the County Superintendent of Schools from the next annual
apportionment to such district a sum equal to twice the amount thus used, and said County Superintendent of Schools shall apportion the money thus deducted among the other districts of the county; provided, that the State Superintendent of Public Instruction may remit such penalty.

255. Every board of education may employ a competent physician to be known as the Medical Inspector, fix his salary and define his duties. Said Medical Inspector shall visit the schools in the district in which he shall be employed at stated times to be determined by the board of education, and during such visits shall examine every pupil referred to him by a teacher. He shall at least once during each school year examine every pupil to learn whether any physical defect exists, and keep a record from year to year of the growth and development of such pupil, which record shall be the property of the board of education and shall be delivered by said Medical Inspector to his successor in office. Said Inspector shall lecture before the teachers at such times as may be designated by the board of education, instructing them concerning the methods employed to detect the first signs of communicable disease and the recognized measures for the promotion of health and prevention of disease. The board of education may appoint more than one Medical Inspector.

256. Every board of education shall procure a United States flag, flag-staff and the appliances therefor for each school in the district, and shall display said flag upon or near the public school building during school hours and at such other times as said board may deem proper.

257. The several counties in this state shall appropriate the interest of the surplus revenue to the support of the public schools.

258. The State Superintendent of Public Instruction shall procure instructors and lecturers for teachers' institutes. To defray the expenses incurred in holding said institutes there shall be paid to him annually by the State Treasurer, upon the warrant of the State Comptroller, a sum not exceeding four thousand dollars. Said State Superintendent of Public Instruction shall make annually to the State Board of Education an itemized report of the expenses incurred in holding said teachers' institutes during the year for which said report shall be made.
259. The nature of alcoholic drinks and narcotics and their effects upon the human system shall be taught in all schools supported wholly or in part by public moneys as thoroughly and in the same manner as other like branches shall be taught, by the use of graded text-books in the hands of the pupils when other branches shall be thus taught and orally only in the case of pupils unable to read. In the text-books on physiology and hygiene the space devoted to the consideration of the nature of alcoholic drinks and narcotics and their effects upon the human system shall be sufficient for a full and adequate treatment of the subject. The failure or refusal of any district to comply with the provisions of this section shall be sufficient cause for withholding from such district the state appropriation.

260. No certificate shall be granted to any person to teach in the public schools, except to persons applying for special certificates to teach music, drawing, manual training or other subjects not included in the usual school curriculum, who shall not have passed a satisfactory examination in physiology and hygiene with special reference to the nature of alcoholic drinks and narcotics and their effects upon the human system.

261. The day in each year known as Arbor Day shall be suitably observed in the public schools. The State Superintendent of Public Instruction shall from time to time prepare and issue to schools such circulars of information, advice and instruction with reference to the day as he may deem necessary.

262. In all public schools there shall be held on the last school day preceding the following holidays; namely, Lincoln's birthday, Washington's birthday, Decoration or Memorial Day and Thanksgiving day and on such other patriotic holidays as shall be established by law, appropriate exercises for the development of a higher spirit of patriotism.

263. Whenever an execution shall be issued against the board of education of a school district or of a union graded school by any court authorized to issue the same, upon a judgment recovered either before or subsequent to the passage of this act, and there shall be found no property belonging to said school district or union-graded school sufficient to satisfy the same liable to be levied on, then the officer authorized to execute such process shall serve a certified copy of said execution upon the assessor or assessors of the taxing district.
or districts in which said school district or union-graded school shall be situate, and also upon the collector or collectors of such taxing district or districts. Upon receipt of such copy or copies such assessor or assessors shall, at the time of the next regular assessment of school taxes, assess upon the inhabitants of said school district and their estates, and upon the taxable property therein, in addition to the regular school taxes, the amount due upon said execution, with interest thereon to the time when the same shall be paid to the officer serving such process and the collector or collectors shall levy and collect the same, and said amount, when collected, shall be a separate fund, and shall be paid over by said collector to the officer who shall have served said process.

264. The school year shall begin on the first day of July and end on the thirtieth day of June.

265. No money shall be paid from the state treasury for any purpose named in this act unless an appropriation therefor shall have been made by the Legislature in the annual appropriation act.

266. In any school district which is not situate wholly in a municipality divided into wards nor wholly in a municipality not divided into wards, members of the board of education shall be selected in the same manner in all respects as they are selected in said district at the time of the passage of this act, and moneys for the maintenance of public schools therein shall be ordered, assessed, levied and collected in the same manner as they are ordered, assessed, levied and collected therein at the time of the passage of this act.

267. Whenever in this act the word "article" is used, it shall be construed as referring to the caption under which it is used.

268. All acts and parts of acts, general, special and local, so far as they are inconsistent with the provisions of this act are hereby repealed, and all school districts shall hereafter be governed solely by the provisions of this act.

269. This act shall take effect immediately.

8. The transcript of any will or testament registered or recorded in the prerogative office, duly certified by the register of the said office to be a true transcript, shall be received in evidence in any court of this state, and shall be as good and effectual in law as if the books in which the same are registered or recorded were then and there produced and proved.

CHAPTER 149.

An Act relative to the supreme and circuit courts (Revision of 1900).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The supreme court shall consist of a chief justice and eight associate justices, and the justices now in office shall continue in office until the expiration of their respective terms.

2. The supreme court may, from time to time, fix and change the times for holding the stated terms of the supreme court, the several circuit courts, courts of oyer and terminer, courts of common pleas, courts of quarter sessions and orphans' court; provided, at least three such terms of each court shall be held annually.

3. No change in the time for holding said courts shall become operative until the order therefor shall have been entered upon the minutes of the supreme court, and publicly announced in the court whose terms are to be changed, at a regular term, prior to the change going into effect.

4. A schedule, showing the times and places for holding said courts, may be printed annually, in the volume of the public laws.

5. All proceedings in the said several courts shall commence and be continued in conformity to the terms and times so established.
6. The justices of the supreme court shall assign one of their number to hold the courts in each of the judicial districts mentioned in this act.

7. The supreme court may be held by the chief justice or any one of the said justices; and every day of each stated term, except Sunday, shall be a return day.

8. It shall be lawful for the justices of the supreme court, at every term thereof, to designate in such way as to them may seem proper, one or more of their number to sit during term time in a separate apartment from that in which the regular term is held, for the purpose of hearing and deciding all such matters as by the rules of said court are or may be denominated common business, whose decisions and judgments shall be as good and effectual as if they had been rendered at the bar of said court.

9. The chief justice or one of the justices of the supreme court, before whom the circuit court in the respective counties shall be held, shall try all issues which have been or shall be joined in the supreme court or in any other court and brought into the supreme court to be tried, and which are or may be triable in the said county.

10. The chief justice and every justice of the supreme court is authorized and required, at the said circuit court, to try such issues and take such inquests by default or otherwise as are or ought to be tried or taken in the said court, to record nonsuits and defaults, to take assizes and to do and execute all other matters and things which by law may or ought to be done respecting the premises.

11. The supreme court in term time, or any two justices thereof in vacation, whenever in their opinion the ends of justice and the public interest require it, may order a special circuit court to be held in any county for the trial of any indictment or indictments for murder or manslaughter, which have been or may be removed into the supreme court, and which may require to be tried in the circuit court of such county; but such order shall designate the indictment or indictments to be tried at such special court, and whether to be tried by a jury or juries of the county in which such special court is to be held, or by a foreign jury or juries; and upon the service of a copy of such order upon the sheriff of said county, at least twenty five days before the time appointed for holding such special circuit, it shall be his duty to cause to be selected and to summon in the manner directed by law a
sufficient number of petit jurors to serve at such court, unless
the indictment or indictments to be tried at such special court
is or are to be tried by a foreign jury or juries; and all pro-
cess of venire or subpoena made returnable thereat shall be
as good and effectual as if the same were made returnable to
a stated term of said court.

12. In cases arising under the last preceding section, foreign
juries shall be obtained and special circuit courts held upon
such terms and subject to such rules and regulations as the
supreme court shall from time to time order and direct.

Bergen; the seventh, the county of Essex; the eighth, the
county of Hudson, and the ninth, the counties of Union and
Ocean.

14. The circuit court in each of the counties of the several
judicial districts shall be held by the justice to whom such
district has been or shall hereafter be assigned by the justices
of the supreme court; provided, that if from sickness or any
other cause he shall be prevented from holding any of said
courts in his district, the same may be held by any other of
said justices; and provided further, that a new assignment
may be made whenever the business of the courts may render
it necessary.

15. The justices of the supreme court are hereby author-
ized to appoint two suitable persons as serjeants-at-arms and
criers of said court, to hold their offices during the pleasure
of said court, whose duty it shall be to attend said court
during the several terms thereof, for which service they shall
severally receive a salary of six hundred and fifty dollars
per annum, to be paid by the treasurer on the warrant of
the comptroller in equal monthly payments in full compen-
sation for all services rendered, and said compensation shall
be in lieu of all fees now provided for or allowed by law.

17. The justice of the supreme court to whom a judicial district has been or may be assigned embracing counties other than counties of the first class is authorized to appoint a suitable person as sergeant-at-arms of the courts within any such county having a population exceeding seventy thousand, who shall receive and be paid an annual salary of nine hundred dollars in lieu of any per diem compensation, such annual salary to be paid monthly by the county collector; provided, the said justice may order and fix, in lieu of the annual salary herein provided for, for said sergeant-at-arms and crier, such per diem allowance, not exceeding five dollars per day, as shall appear to said justice to be fair and reasonable, which per diem allowance shall be made and taken in lieu of all fees, perquisites and allowances whatever.

18. The chief justice, with the assent of two of the associate justices, whenever in their opinion the ends of justice and the public interest require it, may, at any time, in vacation, order the supreme court to be convoked and held, upon a notice of the time fixed for the meeting of the court, served not less than two days prior thereto, on each member of the court.

19. The circuit courts in and for the several counties of this state shall be held by one or more justices of the supreme court, at the times and places fixed by the supreme court for holding the same.

20. The justices of the supreme court shall be judges of said circuit courts, and all writs and process issuing out of said circuit courts shall be tested in the name of one of the judges of said court, and be returnable therein; and the judgments entered in such circuit courts shall have the same
force and effect, when properly entered and recorded, as the judgments of the courts of common pleas of the respective counties.

21. The said circuit courts, in all personal actions and causes originally commenced therein shall be regulated and governed in their proceedings by the same laws as the courts of common pleas now are; and in all real and mixed actions originally commenced, or personal actions removed therein, shall be regulated and governed in their proceedings, as near as may be, by the same laws as the supreme court now is.

22. The sheriffs, coroners and constables of the several counties in this state, for the time being, shall be the ministerial officers of said circuit courts held within their respective counties, and shall execute all writs, precepts and process issuing out of said courts, and to them directed and delivered, and make true returns thereof, according to the command in the same.

23. The clerks of the several courts of common pleas shall be the clerks of said circuit courts in their respective counties, and shall be entitled to the same fees and subject to the same pains and penalties as are by law prescribed in relation to the clerks of the courts of common pleas, except in real or mixed actions, and personal actions removed into said circuit courts, by certiorari; in which the said clerks shall perform the same duties and be entitled to the same fees as are by law prescribed and allowed to the clerk of the supreme court.

24. If any justice of the supreme court, by whom any circuit court or court of oyer and terminer is to be held, shall be prevented from attending on the day and at the place, when and where any such court is to be commenced and held, or on any day in the term, no process returnable to, nor any recognizance entered into for the appearance of any person at such courts, respectively, nor any indictment, suit or other proceeding depending therein, shall be thereby abated, discontinued or avoided, but the same shall remain and be in full force, as if such justice had opened and attended such courts; and it shall be the duty of the clerk of the said courts to cause the same to be opened by proclamation, in the usual form; and in case one of the justices of the supreme court shall not attend during the day, then the clerk shall in like manner adjourn the said courts to the next day, and so from day to day, until one of the said justices shall be present, or until such courts shall be adjourned for the term, as here-

LAWS, SESSION OF 1900.

25. If the justice of the supreme court by whom any circuit court, or court of oyer and terminer is to be held, shall be prevented from attending on the day and at the place when and where any such court is commenced, or on any day during the term, the court of common pleas then and there held may order the clerk, instead of proceeding as is required by the preceding section, to adjourn said circuit court, and court of oyer and terminer, by proclamation, to any subsequent day that shall be requested by any justice of the supreme court in writing or otherwise, and to enter said adjournment in the minutes of said circuit court, and court of oyer and terminer; and all suits, indictments, processes, orders, rules, recognizances, returns of jurors and other proceedings pending in such courts shall be continued to the time to which such adjournment shall be made, without prejudice to any parties therein, and may then be proceeded in according to law in the same manner as if such courts had been regularly adjourned from day to day.

26. If no justice of the supreme court shall attend before twelve o'clock on the third day of the term as fixed by law, or at the time to which the court may have been adjourned, then the clerk of the said court of oyer and terminer, and circuit court, shall cause the same, by proclamation in the usual manner, to be adjourned to meet according to law; and in such cases all suits, actions, indictments, rules and other proceedings pending in the said courts respectively, except such as may be tried in the court of quarter sessions, shall be continued and stand over to the next ensuing term of the said courts without prejudice to any of the parties.

27. The circuit court, or court of oyer and terminer, when sitting in and for any county in this state may be adjourned over from any one day in term to any subsequent day in the same term whenever the public convenience and that of the members of the court may require or justify such adjournment; and in case of such adjournment, all suits, indictments, processes, orders, rules, recognizances, and other proceedings pending in such courts, shall be continued to the time to which said adjournment shall be made, without prejudice to any of the parties therein, and may then be proceeded in according to law, in the same manner as might
have been done if such court or courts had been adjourned from day to day.

28. In case the justice of the supreme court holding any circuit court, or court of oyer and terminer, shall be prevented from continuing to preside at such court until the business thereof shall be finished, then it shall and may be lawful for any other justice of the supreme court to take his place and to proceed with the business of the said courts, in the same manner as he might have done if he had been present and presiding at the commencement of the term.

29. If at any time during the session of any circuit court or court of oyer and terminer, the justice of the supreme court holding and presiding at such court or courts shall be prevented from continuing to hold such court or courts, and no other justice of the supreme court shall be at hand to proceed with the business pending in such court or courts, it shall be the duty of the clerk of such court or courts to enter an adjournment for the term, or to any subsequent day in the same term; and all suits, indictments and proceedings remaining undisposed of, in such court or courts, shall be continued and stand over to be tried and disposed of at the next succeeding term of such court or courts, or at the time to which said adjournment shall be made, without prejudice, except such indictments as may be triable in the court of quarter sessions, and which that court may thereupon proceed to try, if they think proper so to do, in the same manner as they might have done if a rule had been ordered by the court of oyer and terminer that the same should be handed down to the court of quarter sessions.

30. The chief justice or any justice of the supreme court who shall hold any circuit court, or court of oyer and terminer in a county, whenever in his opinion the ends of justice and the public interest require it, may in term time of the courts in said county order a special term of said courts, or either of them, to be held therein for the trial of any causes or indictments then triable and remaining untried, which may require to be tried in either of said courts, before the next regular term thereof; and all suits, indictments, processes, orders, rules, recognizances and other proceedings pending in any of such courts shall be continued over to such special term, without prejudice to any of the parties therein, and may then be proceeded in according to law.
31. The petit jurors summoned to attend at the regular term of such courts shall attend and serve at the special courts, unless another panel shall be ordered by the court to be drawn and summoned for that purpose, which may be done by the sheriff by an order of the court so directing, and filed at least ten days before the opening of such special term; and notice of such special term shall be published in one or more of the newspapers printed and circulated in the county, at least once a week, from the date of the order to the opening of the special term.

32. The sheriff or other officer of the county in which the said circuit court is to be held, shall make return to the said court of all writs and juries, with the panels and other matters relative to the same, legally arrayed and executed.

33. The justices of the supreme court shall be ex-officio judges of the inferior court of common pleas and orphans' court and court of quarter sessions, of the several counties; and the justice holding the circuit court in any county shall preside when present in the court of common pleas and court of quarter sessions and orphans' court of said county.

34. The justices of the supreme court shall and may adopt and settle uniform rules of practice in all matters not regulated by law for the government of said circuit courts, and the same from time to time, alter, repeal and modify as occasion may require; provided, such rules are not contrary to the provisions of this act, the laws and constitution of this state or of the United States.

35. At least ten days before the commencement of each regular term of the circuit court to be held in any county of the state, the sheriff of said county shall make out a list of constables, not exceeding ten in number, who shall attend as constables at the said next term of court in said county, and the said sheriff shall thereupon notify, by mail, each of said constables so selected, that he has been so selected to attend at said term; and if upon the first day of said term, or any day thereafter, any of said constables so selected fail for any reason fail to attend at said term, the judge of the court of common pleas shall, if the necessities of the business of the court require it, or the justice of the supreme court holding the circuit shall so request, direct, by writing under his hand, and filed with said clerk, that other constables of said county duly elected and qualified to act as such, of a number designated by said judge in said writing, shall serve at said term instead.
of the constables originally selected and absent; and no con-
stable of said county, except those selected and summoned,
or selected to fill such vacancies, shall receive any compensa-
tion whatever for his attendance as a constable upon said
court or at said term; provided, that in counties containing
a population of at least one hundred and fifty thousand per-
sons, it may be lawful to thus select and summon not
exceeding fifteen constables, and in counties of a greater
population one additional constable for each twenty thousand
population may be summoned; and provided further, that
if at any time the said judge shall deem the attendance of
an additional number of constables desirable, or necessary
for the proper transaction of the public business, he may by
writing authorize the said sheriff to summon such additional
constables.

36. If at any time during the said term it shall appear to
said judge that the attendance of any of said constables so
attending at said term may be dispensed with without detri-
ment to the public business of said term, the said judge may
forthwith discharge from further attendance such and so
many of said constables as he may by order in writing direct.

37. The judge of any of the courts of common pleas is
hereby required and empowered to hold any county circuit
court when thereunto requested by the justice of the supreme
court within whose district the said circuit court shall be, and
while exercising such jurisdiction the said judge of the court
of common pleas shall have and possess all the powers and
authority with which in that respect the said justice of the
supreme court is by the laws of this state invested.

38. Whenever a justice of the supreme court shall desire
to make the requisition mentioned in the foregoing section,
he shall cause a rule to that effect to be entered in the min-
utes of the appropriate circuit court; and the judge of the
said court of common pleas called in shall, in addition to his
regular salary, be entitled to the sum of twenty dollars per
diem while so sitting in said circuit court, to be paid by the
county to which the latter court appertains.

39. There shall be appointed by the governor, by and
with the advice and consent of the senate, three judges, each
of whom shall be empowered to hold, in the absence of a jus-
tice of the supreme court, the circuit courts in the respective
counties; provided, that the circuit court judges now in office
shall continue in office until the expiration of their respective
terms; and in like manner there shall be appointed successors to said judges respectively, when said offices or any of them shall become vacant by death, expiration of the official term of the incumbents, or otherwise; each of said judges shall hold his office for the term of seven years from the date of his commission and shall receive an annual salary of seven thousand five hundred dollars, payable monthly, in equal installments, by the treasurer of the state.

40. The said judges so appointed, and each of them, shall have the same authority, power and jurisdiction, by virtue of their said office, as is now vested by the common and statute law in the several justices of the supreme court by reason of their being judges of said circuit courts, and each of said judges is authorized to appoint a suitable person as sergeant-at-arms of the circuit court in any county of the first class, to hold office during the pleasure of said judge, whose duty it shall be to attend daily upon the said circuit court during the several terms thereof, for which services the said judge is authorized to order and fix a per diem allowance, not exceeding five dollars per day, as shall appear to said judge to be fair and reasonable; such per diem allowance shall be in lieu of all fees, perquisites and allowances whatever, and shall be paid monthly by the county collector upon the certificate of the clerk of said court, after the claim for the services so rendered, verified by the oath of the claimant, shall have been presented to such clerk; provided, where in any county of the first class there now is a duly designated sergeant-at-arms, selected by the justice of the supreme court, who sits in the circuit court of such county, no further or other appointments shall be made.

41. The issues of the supreme court, when sent down for trial, may be disposed of by consent of the parties in the manner following, to wit: a jury being waived, the justice of the supreme court may refer the matter for trial to the judge holding the county circuit court, who shall thereupon proceed to try the cause, either with or without a jury, as the said parties may agree; and the result of said trial having been reported to the said justice, the same shall be received as conclusive evidence in the trial before him; and the supreme court shall be authorized to grant new trials in such procedures as in other cases.
42. The supreme court may from time to time assign and appoint any of said circuit court judges to hold such of the circuit courts as may be deemed expedient.

43. If it should happen that any of said circuit court judges shall be prevented from attending any of said courts at any time or times, or from continuing the business therein pending, the same proceedings and the same results shall ensue as now obtain by law in case of a like default on the part of a justice of the supreme court.

44. Each of said judges shall, before he shall enter upon the duties of his said office, take and subscribe the following oath: I do solemnly promise and swear (or affirm) that I will administer justice without respect to persons, and faithfully and impartially perform all the duties incumbent on me as a judge of the circuit courts of the counties of this state according to the best of my ability and understanding, agreeably to the constitution and laws of the state of New Jersey, so help me God.

45. In all suits in the supreme court where issues have been or shall be referred by a justice of the supreme court for trial to the judge holding the circuit court of any county, and such issues have been or shall be tried before such circuit court, the judge of such circuit court shall settle and seal every bill of exceptions taken at such trial in the same manner as a justice of the supreme court would have done if such issues had been tried before him, and every such bill of exceptions when so sealed shall have the same force and effect as if sealed by a justice of the supreme court on the trial of issues before such justice.

46. Every such bill of exceptions shall be returned and filed with the writ of error and the record as in other cases, and errors may be assigned thereon, and the same practice shall be observed in the taking, settling and sealing every bill of exceptions on the trial of issues in the supreme court so referred to the judge of the circuit court as now prevails on the trial of issues in the supreme court before a justice of the supreme court.

47. Whenever the justice holding the circuit court in any county shall deem it proper and necessary that the list of causes noticed for trial at any of the regular terms of the said circuit courts and courts of common pleas shall be printed and published for the use of the said courts, he may order and direct the same to be done by the clerk of
the said courts and prescribe the form in which the same
shall be printed, and direct the said clerk to advertise for
one week in two newspapers of different political parties in
the county for bids for said work for one year, and give said
printing to the lowest bidder; and the expenses of the print-
ing and publishing thereof shall be paid by the board of
chosen freeholders of the county, upon the certificate of the
justice holding said circuit that such printing has been done.

48. When any suit is pending in the circuit court of any
county, it shall be lawful for any justice of the supreme
court presiding in that district, or for a circuit court judge
holding such circuit court, to order the process, pleadings
and other papers pertaining thereto to be delivered to
the clerk of the court of common pleas of such county, who
is hereby directed to file the same in his office, and to make
an entry thereof in the minutes of said last named court;
and thereupon said court of common pleas shall have
authority to hear and decide said suit and to proceed therein,
in like manner as if the same had been originally brought
in said court; provided, that said justice of the supreme
court or circuit judge may at any time by his order remand
said suit into the circuit court from which it shall have been
removed; and thereupon said process, pleadings, minute
entries and other proceedings shall be returned to and filed
in said circuit court, and said suit shall therein be proceeded
with according to law.

49. Every judge of the court of common pleas who shall
preside at the trial of any of said suits so removed shall be
entitled to receive, for each day so employed, the sum of
twenty dollars, which shall be paid by the state treasurer
upon the warrant of the comptroller and the certificate of
the justice or judge so transferring said suit for trial in said
court of common pleas.

50. In any suit transferred from the circuit court to the
court of common pleas by virtue of this act, the judge of
said court of common pleas may, at his discretion, and upon
such terms as he may think reasonable, direct any case of
doubt or difficulty to be made and stated and certified by
him to be argued at the bar of the supreme court, which
court shall hear the same, and, after opinion given therein,
shall certify the same to the said court of common pleas,
which court shall render judgment thereon in conformity
with such opinion.
51. In such cases so certified the same proceedings and practice shall be had thereon as is now had in cases certified from the circuit courts of this state to the supreme court.

52. Whenever an item of expense has been incurred by order of the supreme court in the execution of its duties, the payment of which is not otherwise provided for by law, the same shall, when so directed by the order of said court, be paid by the state treasurer, which order shall be countersigned by the comptroller when attested by the justice of said court presiding therein at the time said order is made.

STENOGRAPHERS.

53. The justice of the supreme court holding the circuit court in any county, whenever in his discretion it shall seem proper, may appoint for his circuit a competent stenographic reporter, whose duty it shall be to attend in person or by proxy the sessions of the circuit court, court of oyer and terminer, court of quarter sessions and court of special sessions, when requested by said justice or by the judge of such courts to do so, and exactly and truly take notes and record verbatim all the evidence and proceedings under the direction of said justice, or of the judge of the court in which such trial or proceeding may be had, except the arguments of counsel, and when requested so to do, to make and furnish true reports or transcripts thereof to said justice or judge, and to each party in the cause.

54. The compensation of such reporter for attending said courts shall be fixed by the justice appointing him, and shall not exceed ten dollars per day; provided, that when such reporter shall furnish, by request, a transcript of evidence and other proceedings, to a party in a cause, he shall be paid therefor by said party at a rate not to exceed ten cents for one hundred words; and for a transcript of the evidence and other proceedings furnished to the court by order of the court, said reporter shall be paid such sum as the said justice shall fix, which sum shall be paid by the county collector upon the certificate of said justice.

55. Said reporter shall be duly sworn in open court, faithfully to perform all the duties imposed upon him by law, and the justice holding said circuit may at any time remove any such reporter and appoint another reporter in his place.
56. Nothing in this act contained shall be construed to repeal any act which authorizes a judge of the court of common pleas in any county, sitting alone, in the absence of a justice of the supreme court, to constitute and hold the court of oyer and terminer in any county.

57. All acts and parts of acts inconsistent with the provisions of this act be and the same are hereby repealed.

CHAPTER 150.

An Act concerning evidence (Revision of 1900).

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

I. WITNESSES.

I. COMPETENCY AND EXAMINATION OF.

1. No person offered as a witness in any action or proceeding of a civil or criminal nature shall be excluded by reason of his having been convicted of crime, but such conviction may be shown on the cross examination of the witness, or, by the production of the record thereof, for the purpose of affecting his credit.

2. In all civil actions in any court of record, the parties thereto shall be admitted to be sworn and give evidence therein, when called as witnesses by the adverse party in such action; and when any party is called as a witness by the opposite party, he shall be subject to the same rules as to examination and cross-examination as other witnesses; provided, no party to a suit shall be compelled to be sworn or give evidence in any action brought to recover a penalty or to enforce a forfeiture; and provided also, this section shall not apply to suits for divorce.

3. No person shall be disqualified as a witness in any suit or proceedings at law or in equity by reason of his in-
terest in the event of the same as a party or otherwise, but such interest may be shown for the purpose of affecting his credit; provided, no party shall be sworn in any case when the opposite party is prohibited by any legal disability from being sworn as a witness.

4. In all civil actions any party thereto may be sworn and examined as a witness, notwithstanding any party thereto may sue or be sued in a representative capacity; provided, this section shall not extend to permit testimony to be given by any party to the action as to any transaction with or statement by any testator or intestate represented in said action, unless the representative offers himself as a witness on his own behalf, and testifies to any transaction with or statement by his testator or intestate, in which event the other party may be a witness on his own behalf as to all transactions with or statements by such testator or intestate, which are pertinent to the issue.

5. In any trial or inquiry in any suit, action or proceeding in any court, or before any person or committee having by law or consent of parties authority to examine witnesses or hear evidence, the husband or wife of any person interested therein as a party or otherwise shall be competent and compellable to give evidence the same as other witnesses, on behalf of any party to such suit, action or proceeding; provided, that nothing herein shall render any husband or wife competent or compellable to give evidence for or against the other in any action for criminal conversation, except to prove the fact of marriage, or to render any husband or wife competent or compellable to give evidence against the other in any criminal action or proceeding, except to prove the fact of marriage, and except as now otherwise provided by statute, or compellable in any action or proceeding for divorce on account of adultery to give evidence for the other, except to prove the fact of marriage, nor shall any husband or wife be compellable to disclose any confidential communication made by one to the other during the marriage.

6. The complainant or petitioner, in any action or proceeding of an equitable nature in any court, shall be a competent witness to disprove so much of the defendant's answer as may be responsive to the allegations contained in the bill of complaint or petition, and any defendant in any such
action or proceeding shall be a competent witness for or against any other defendant not jointly interested with him in the matter in controversy.

7. The interest of a witness in the event of the action or proceeding, or his conviction of a crime, may be proved by an examination of such witness or otherwise, and his answers upon such examination may be contradicted by other evidence.

8. A witness shall not be excused from answering any questions relevant and material to the issue; provided, the answers will not expose him to a criminal prosecution or penalty, or to a forfeiture of his estate.

9. When a party to any civil action in any court of record shall be entitled by law to be examined as a witness in his own behalf, or to examine as a witness any adverse party therein, it shall be lawful to obtain such testimony by commission or examination de bene esse, or in any other way that other witnesses may be examined in such suits, and the attendance of such party may be compelled by the same process as is authorized in the case of other witnesses; provided, nothing in this section shall compel any party to be examined as a witness in any case where he can not now be compelled by law to be so examined.

10. In case of a new trial of any civil action wherein the parties have been examined as witnesses, if either party shall have died since the former trial, and the action shall have been duly revived and proceeded with at the suit of or against the legal representatives of such deceased party, the surviving party and also such legal representative shall be competent witnesses on such new trial, and the testimony of such deceased party on the former trial of said action may also be proved and admitted on the new trial thereof.

11. In case of a new trial in any civil action wherein the testimony of any witness was taken stenographically by the official stenographer of the court in which the former trial was had, it shall be lawful on the new trial, if any witness who gave evidence on the former trial has since died, to prove and admit on the new trial the testimony given on the former trial by such deceased witness.
2. PROCESS FOR. PRIVILEGE.

12. If any person on whom lawful process shall have been duly served to testify, depose or give evidence concerning any cause or matter pending in any court, and to whom shall have been paid or tendered at the time of such service, fifty cents, if he is to attend in the county, and one dollar, if he is to attend out of the county, shall not appear according to the command of said process, having no lawful or reasonable excuse for such default, he shall, for every such offense, forfeit to the party aggrieved any sum not exceeding fifty dollars, to be ascertained and adjudged by the court in which he may be subpoenaed to attend, and shall also pay to the said party damages equivalent to the loss sustained by the want of his evidence, to be recovered by action of trespass on the case, with costs, and shall, in addition thereto, be punishable as for a contempt of the court out of which such process shall issue.

13. Every circuit court, court of oyer and terminer, court of common pleas, court of quarter sessions, court of special sessions and orphans' court is authorized to issue process of subpoena requiring the attendance of a witness who resides in any part of this state, out of the jurisdiction of the said court, to give evidence in any case or matter pending in the said court; and every person who shall be duly served with such subpoena shall attend at the time and place therein mentioned under the same penalties, and shall be liable to the same action which he would have incurred or have been liable to in case of non-attendance, if he had been within the jurisdiction of the said court at the time of the service of the said subpoena.

14. Every witness shall be privileged from arrest in all civil actions, and no other, during his necessary attendance at any court or other place where his attendance shall have been required by subpoena previously and duly served, and in going to and returning from the same, allowing one day for every thirty miles from his place of residence; any arrest made in violation of the privilege in this section shall be a contempt of the court out of which the subpoena issued, and the said court, or any judge thereof, may by an order forthwith discharge such witness from arrest.
II. EVIDENCE IN PARTICULAR CASES.

15. In every action upon a sealed instrument, and where a set-off is founded upon a sealed instrument, any party may plead and set up as a defence thereto fraud in the consideration of the contract upon which recovery is sought, or the want or failure of consideration, the same as if such instrument were not sealed.

16. In any suit upon a foreign judgment, or a judgment of any court out of this state, the defendant, or person sought to be affected by such judgment, may show that the defendant therein was not summoned, did not appear, or was not within the jurisdiction of such foreign court, notwithstanding it may be recited in the record of such proceedings that he was summoned or did appear, or was within the jurisdiction of such court; and such recital shall not conclude said defendant, or estop him from proving that the same is not true.

17. The omission to plead plene administravit or plene administravit prreter by executors or administrators in actions brought against them in their representative capacity, shall not be held to be conclusive evidence of a devastavit; and in any action brought against them upon any judgment suggesting a devastavit, where such judgment was to be made and levied of the goods and chattels of the testator or intestate, executors or administrators may show that they have not eligned, wasted and converted, and disposed of to their own use, said goods and chattels, and that they duly administered the estate of their testator or intestate, notwithstanding the omission by them to plead either of said pleas in the original action against them; provided, notice of their intention to offer such evidence be given to the plaintiff twenty days before the trial of the action upon such judgment.

18. In any suit to reform a deed of conveyance of land whether absolute or by way of mortgage, heretofore made or that may hereafter be made, if in such deed the estate be limited to the grantee, his successors and assigns forever, or to the grantee, his legal representatives and assigns forever, such limitation shall, in the absence of other words in the deed clearly indicating an intention to limit the estate to the life of the grantee, be considered as presumptive evidence that the grantor or grantors intended thereby to convey an
estate in fee simple in said lands, notwithstanding the omission of the word "heirs" from such deed.

19. On or before the trial of any action brought to recover damages for injury to the person, the court before whom such action is pending may from time to time on the application of any party therein, order and direct an examination of the person injured as to the injury complained of by a competent physician or physicians, surgeon or surgeons, in order to qualify the person or persons making such examination to testify in the said cause as to the nature, extent and probable duration of the injury complained of; and the court may in such order direct and determine the time and place of such examination; provided, this section shall not be construed to prevent any other person or physician from being called and examined as a witness as heretofore.

20. In all cases where the genuineness of any signature or writing is in dispute, comparison of the disputed signature or writing with any writing proved to the satisfaction of the court to be genuine shall be permitted to be made by witnesses; and such writings and the testimony of witnesses respecting the same may be submitted to the court or jury as evidence of the genuineness or otherwise of the signature or writing in dispute; provided, nevertheless, that where the handwriting of any person is sought to be disproved by comparison with other writings made by him, not admissible in evidence in the cause for any other purpose, such writings, before they can be compared with the signature or writing in dispute, must, if sought to be used before the court or jury by the party in whose handwriting they are, be proved to have been written before any dispute arose as to the genuineness of the signature or writing in controversy.

21. The certificate of a notary public of this state, or of any other state or territory of the United States, under his hand and official seal accompanying any bill of exchange or promissory note which has been protested by such notary for non-acceptance or non-payment, shall be received in all the courts of this state as competent and conclusive evidence of the official character of said notary, and also of the facts therein certified as to the presentment and dishonor of such bill or note and of the time and manner of giving or sending notice of dishonor to the parties to such bill or note; provided, that the party offering the same shall have annexed a copy of such certificate to his declaration, demand or other
pleading; provided, nevertheless, that if the opposite party shall give notice with his plea or other pleading or when the action is brought in the court for the trial of small causes, by filing a notice of the return day of the summons or the day after, that he intends to dispute the fact of due presentment or notice of dishonor, then such certificate shall not be made evidence by this section, but the facts necessary to fix the liability of such party shall be established by proof as heretofore.

22. Whenever the register or other book of any notary public appointed and qualified under the laws of any state or territory of the United States containing a record of the official acts of such notary public by him done in pursuance of his office shall have been, or shall hereafter be, in pursuance of the law of such state or territory, by reason of the death, removal or other disability of such notary public, deposited in the office of the clerk, prothonotary or recorder of deeds of the city, town or county in which the said notary public resided at the time of his acting as such notary public, a copy of such record or of any part thereof respecting the protesting of any note or bill of exchange protested by such notary public, and the time when, place where and upon whom demand of acceptance or payment was made, with a copy of the notice of non-acceptance or non-payment (if a copy of such notice shall appear on said record), how the notice of non-acceptance or non-payment was served, and the time when, and to whom, duly certified under the hand and seal of such clerk, prothonotary or recorder of deeds, or otherwise proved to be truly taken from said record, shall be held and received in all the courts of this state as conclusive evidence of the facts therein recited, and also of the official character of said notary public; and whenever it shall appear from such record that the said note or bill of exchange had been protested for want of acceptance or payment thereof, and that the said notary public making such protest had duly notified the drawer or indorsers, by mail, of the demand of payment or acceptance and refusal thereof, without specifying the names or the post-office address of such drawer or indorsers, the copy of such record certified or proved as aforesaid, shall be held and received in all the courts of this state as conclusive evidence that the drawer and indorsers of such note or bill of exchange were duly notified of such demand.
and refusal; provided, that the party offering the same shall have annexed a copy of such record to his declaration or other pleading, or shall, at least twenty days before the trial of any cause where such record is to be offered in evidence, serve upon the opposite party or his attorney a notice that he intends to offer in evidence upon said trial such record or a copy thereof, setting forth the same; and provided further, that any party may contradict by other evidence any of the matters appearing upon the said record in all cases where such party shall give notice of his intention so to do within ten days after a service of the notice mentioned in the first proviso of this section.

23. In any prosecution for libel, it shall be lawful for the defendant, upon the trial of the cause, to give in evidence in his defense, the truth of the matter charged in the indictment, any law, usage or custom to the contrary notwithstanding.

24. The printed statute-books and pamphlet session laws of any of the United States or the territories thereof, printed and published by the direction or authority of such state or territory, shall be received as evidence of the public laws of such state or territory, in any court of this state; and the court may determine whether any book or pamphlet, offered as such, was so printed and published, either from inspection, or the knowledge of the judge or judges, or from testimony; and no error shall be assigned for the rejection of any book or pamphlet offered as such, unless it be proved on error that such book or pamphlet is received as a statute book or pamphlet containing the session laws of said state or territory, in the courts thereof; nor shall any error assigned for the admission of such book or pamphlet be sustained, unless it be shown in support thereof that the statute offered in evidence or some material part thereof was not in force in such state or territory at the time of the transaction or matter to which it was offered as pertinent or material.

25. The printed statute-books and pamphlet session laws or other laws of any foreign country or of any province or subdivision thereof, printed and published by the direction or authority of such foreign country, province or subdivision thereof, shall be received as evidence of the public statutes or laws of such foreign country, province or subdivision thereof in any and all courts of this state, and the court may determine whether any
such book or pamphlet offered in evidence was so printed or published, either from the inspection of such book, or the knowledge of the court, or from testimony in support thereof, and no error shall be assigned for the rejection of any such book or pamphlet so offered, unless it be proven on error that such book or pamphlet offered as such in evidence is what it purports to be; nor shall any error assigned for the admission of such book or pamphlet be sustained unless it be shown in support thereof that the statute or law offered in evidence or some material part thereof was not in force in such foreign country, province or subdivision thereof at the time of the transaction or matter to which it was offered as pertinent or material.

26. The reports of the judicial decisions of other states and countries may be judicially noticed by the courts of this state, as evidence of the common law of such states or countries and the judicial construction of the statutes, or laws thereof, and the usual printed books of such reports shall be plenary evidence of such decisions.

27. Any public record of any foreign state or territory, province, county or city, or of any court therein, or any copy thereof, which is admissible in such state, territory, province, county or city, or in any court therein, to prove the facts therein contained, shall be admitted in evidence in the courts of this state, and shall be evidence of the facts therein contained to the same extent as though the original papers, of which the record thereof is a copy, had been produced and proved; provided, that whenever a copy of such record shall be offered in evidence, the same shall not be admitted, unless the same shall have been first exemplified according to the acts of congress of the United States.

28. All transcripts of returns of deaths, marriages and births made by any physician, clergyman or other person, according to law, to any county board of health or local board of health or officer of any municipality in this state, empowered by law to receive such returns, or transcripts of the record of such return recorded by such board or officer, and made as hereinafter directed, shall be received as legal evidence in any court in this state.

29. Such transcript shall be a copy of the return as originally made or a copy of the record thereof as recorded by the clerk or registrar of said board or other officer and shall be signed by said clerk or registrar or other officer and by
him certified to be a true copy of said return or record, and thereupon such certified transcript shall be received as prima facie evidence of the matters and facts therein stated.

III. Inspection of Property.

30. In any case in which it shall appear to the court or a judge, that an inspection or examination of any premises or chattels or other property in the possession or under the control of either party, in respect of which, or some right in, or injury from or to which the action shall be brought, would aid in ascertaining the truth of any matter in dispute between the parties in the action, it shall be lawful for the court or a judge to order that the party in whose possession, or under whose control such property shall be, shall permit an inspection and examination of the said premises or chattels, by the jury or by the opposite party, or by such persons as he shall name as witnesses, at such times and under such regulations as the court or judge may prescribe; which said inspection or examination may be ordered by the court or judge, either before or during the progress of the trial.

IV. Depositions.

I. Of Witnesses within the State.

31. If any material witness in an action or suit of a civil nature, or any material witness for any defendant in any indictment pending in any of the courts of this state, be in this state, but is ancient or very infirm, or is sick, or is about to go out of this state, then the deposition of such witness may, at the option of either party, in such civil suit, or at the option of the defendant in such indictment, be taken de bene esse before any justice of the supreme court, or judge of the court of common pleas, or supreme court commissioner, or master in chancery; provided, that the officer before whom the deposition is to be taken shall cause notice to be given to the adverse party immediately, or at such short day as the case in the opinion of the said officer may require, to attend and be present at the taking thereof, and to put questions and cross-examine, if he shall think fit.
32. Any material witness of the description aforesaid, being in this state, may be compelled to appear and be examined before any of the said officers, in the same manner and under the same penalties as if subpoenaed to appear and testify in the court wherein the said action or indictment is pending; and shall be allowed compensation for his time and attendance at the same rate as if he had personally appeared and given testimony in the cause before the court in which it is pending.

33. Every person deposing as aforesaid shall be sworn or affirmed to testify the whole truth, and shall subscribe the testimony by him given, after the same shall be reduced to writing, which shall be done only by the officer taking the deposition, or by the deponent in his presence; and the deposition so taken shall be retained by such officer until he deliver the same, together with a certificate of the reasons of its being taken, and of the notice, if any was given, to the adverse party, with his own hand to a judge or the clerk of the court for which it is taken, or the said deposition and certificate shall be by the said officer sealed up, directed and transmitted either by mail or private messenger, to such judge or clerk, who shall open and immediately file the same, in the office of the said clerk, there to remain as of record.

34. The person by whom such deposition shall be transmitted to the judge or clerk, as authorized in the preceding section, shall make oath or affirmation that he received the same, sealed up, from the hands of the officer by whom it was taken, designating the time and place when and where received, and that the same has not been opened or altered since he so received it.

35. No party to any civil cause shall be examined in his own behalf de bene esse under the provisions of this act, except upon the written consent of the attorneys of all the parties thereto, unless the court in which the action shall be pending or any judge thereof at chambers, shall upon the petition of the party applying therefor, upon notice to the other side, order in his discretion the examination of such party, nor shall any testimony of such party taken or to be taken de bene esse be used or read at the trial of said cause unless taken upon such order, except as hereinafter provided.
2. OF WITNESSES RESIDING OUT OF THE STATE.

36. If a material witness in any action or proceeding of a civil nature, or a material witness for any defendant in any indictment pending in any of the courts of this state reside out of this state, it shall be lawful for the court in which such action or proceeding or indictment is pending, or for any judge thereof, in term or vacation, on affidavit or proof thereof to the satisfaction of the said court or judge, and on such terms as the court or judge may direct, to award and issue, under the seal of the court, a commission to such person or persons, as the court or judge may think fit, authorizing such person or persons, or any two or more of such persons, to examine de bene esse the said witness on oath or affirmation.

37. The name of every witness to be examined by virtue of such commission shall be inserted in the said commission; and the interrogatories for the examination of such witness shall be drawn and signed by the parties or their attorneys or counsel in the cause in which the testimony is to be used, or such of them as shall request the said commission, and be approved of by the court or one of the judges thereof, and shall be annexed to the commission; and each party shall be at liberty, with the approbation of the said court or judge, to insert in the said interrogatories such questions as he may think proper or necessary.

38. A party intending to apply for a commission to examine a witness or witnesses in any cause shall give eight days' notice of such application, and of the name or names of the witness or witnesses to be examined, and of the place of his or their residence, and also of the name or names of the person or persons whom the party applying intends to nominate as commissioner or commissioners, and shall serve therewith a copy of the interrogatories intended to be annexed to the said commission, in order that the adverse party may examine the same and submit cross-interrogatories if he think proper; the notice mentioned in this section shall be served on the attorney or solicitor, when the party appears by attorney or solicitor.

39. The issuing of the commission may be ordered and the interrogatories may be approved upon shorter notice than is directed by the foregoing section, by consent of parties, or
Oath of commissioner.

40. The commissioner or commissioners appointed under this act, or under the general power or authority of the court of chancery, or such of them as shall act, shall, before they enter upon their duties, take an oath or affirmation faithfully, fairly and impartially to execute the said commission, which oath or affirmation may be taken before any person lawfully authorized to administer an oath or affirmation in the state, territory or kingdom, where the said commissioner or commissioners reside or may be at the time.

Upon what examined.

41. The said commissioner or commissioners shall and may examine every witness named in the said commission, or such as can be met with, upon the interrogatories annexed to the said commission, on oath or affirmation, to be administered to each and every witness by the said commissioner or commissioners, and cause the examination of each witness to be reduced to writing and signed by such witness; and the said commissioner or commissioners shall also sign the same.

Evidence signed.

42. The said commissioner or commissioners shall annex such examination to the said commission, and close the same up under the hand and seal of the said commissioner, or under the hands and seals of the said commissioners, or any two of them, and direct the same to the chancellor or judges of the court out of which the same issued, at the place of holding the said court; and may place the same in any post office, certifying thereon the time when, and the post office in which the same may be so placed; and the chancellor, or any one of the judges of the court out of which the said commission issued, or the clerk of the said court, may take the same out of the post office in which it may be found in this state, and open the same, and indorse thereon when and how he received it; and the said chancellor, judge or clerk shall immediately file the said commission and return in the office of the clerk of the court out of which the said commission issued, there to remain as a record.

Forwarding of such examination.

43. If it shall be more convenient for the party in the said commission, his attorney or agent to receive the said commission and return closed up and directed as aforesaid, from the hands of the said commissioner or commissioners, it shall be lawful for him so to do, and he shall thereupon
deliver the same to the chancellor, or one of the judges or the clerk of the court, out of which the same issued, making oath or affirmation that he received the same sealed up from the hands of the said commissioner or commissioners, designating the time and place when and where received, and that the same has not been opened or altered since he received it; and the said chancellor, judge or clerk shall thereupon indorse and file the said commission and return, and the said affidavit, as directed in the preceding section of this act.

44. Where a commission issued by virtue of this act shall be executed in any foreign state, nation or kingdom, such commission and the return thereto, closed up and directed as aforesaid, may be transmitted to the party on whose application such commission issued, his agent or attorney in the United States; and the person to whom the packet containing the said commission and return shall be transmitted as aforesaid, may deliver the same to the chancellor, or one of the judges, or the clerk of the court out of which the commission issued, making oath or affirmation when and how he received it, and that the same has not been opened or altered since he received it, and that he verily believes that it has not been opened or altered since it was closed up and sealed as aforesaid; and the said chancellor, judge or clerk, being satisfied that it has not been opened or altered since it was closed up and sealed as aforesaid, shall open the same, and indorse thereon when and how he received it, and shall immediately file the said commission and return and the said affidavit in the office of the clerk of the court out of which the said commission issued, there to remain as a record.

45. Any party in a civil cause or any defendant in any indictment desiring the testimony of any witness who resides out of this state may, instead of taking his testimony by commission, take the testimony of such witness de bene esse before any judge of any supreme, circuit or district court, or court of common pleas, of the state where such witness is, or before any commissioner of deeds appointed by the governor of this state, resident in the state where such witness is, or before a commissioner specially appointed for that purpose by the court in which such action is pending, or any judge thereof, or before a master in chancery of this state; provided, that notice in writing of the time and place of such examination and of the names of the witnesses to be examined shall be given to the adverse party, his attorney or solicitor, that he
may be present and put interrogatories if he shall see fit, which notice shall be served, allowing time for attendance after service not less than at the rate of one day (Sundays excluded) for every fifty miles of travel; provided also, that in all cases at least ten days' notice, exclusive of Sundays, shall be given; and provided further, that in cases where such testimony is desired to be taken of witnesses residing in any foreign state or kingdom, or in any state or territory of the United States, situate west of the Mississippi river, so many days' notice shall be given as shall be directed by the court in which said cause shall be pending, or any judge thereof, at chambers; the officer taking such testimony shall first take an oath or affirmation fairly and impartially to take the same, before some person authorized to administer an oath in the state, territory or kingdom where he shall reside; the testimony of such witness shall be taken on oath or affirmation, administered according to the law of this state, upon interrogatories to be then and there put by the parties, or any of them, or any person authorized in their behalf, and such interrogatories and the answers thereto shall be reduced to writing by the officer taking such testimony, and shall be subscribed in his presence by the deponent; and thereupon the same shall be certified, sealed up, indorsed, directed and forwarded, as is required in case of depositions taken under the thirty-sixth section of this act, or if the testimony of such witness be taken before a master in chancery, such testimony may be certified and delivered by the master taking the same to the clerk of the court in which such action is pending, or to any judge thereof.

46. The deposition of any party to any action in any of the courts of this state, who resides out of the state while such action is pending, may be taken by a commission or upon notice in the same manner and upon the same terms as provided in case of witnesses residing out of the state; and such deposition may be read and used upon the trial of such cause; it being the intention of this section to give the parties to actions who reside out of the state the same privilege to have their depositions taken out of the state as to other witnesses in such actions residing out of the state.

47. The provisions of this act in relation to the examination of witnesses by depositions shall apply to any proceeding in the court of chancery, supreme court, circuit court, court of common pleas, or orphans' court, wherein the testimony of
witnessee may be required as the basis of judicial action by virtue of any statute or other law of this state.

48. In all cases where the testimony of a witness de bene esse is taken upon notice, pursuant to the forty-fifth section of this act, it shall be lawful for the same to be taken by a stenographer, in the presence of the judge or commissioner named in the notice; provided, that before the taking of the same the stenographer shall be sworn by the said judge or commissioner to carefully, faithfully and impartially take said evidence and to make a true and correct transcript thereof, which oath shall be in writing and shall be attached to and be a part of the return of the judge or commissioner.

49. Documentary evidence exhibited before any officer, commissioner or commissioners taking any deposition, or exhibits proved by any witness, may be annexed to and returned with the depositions of the witnesses so taken; or the said officer, commissioner or commissioners shall, if requested by the party exhibiting such documentary evidence or producing such exhibit, mark it as an exhibit in the suit, and return it to the party offering the same, and the same shall be received in evidence in all respects as if annexed to and returned with the said depositions.

50. Depositions taken by virtue of this act, in any cause in the supreme court, may be transmitted to the judge holding the circuit court of the county in which the venue is laid, or to the clerk of such circuit court, to be by him filed, instead of being filed in the office of the clerk of the supreme court.

51. The examination of any witness by commission or deposition taken, returned and filed, as provided for in this act, or a duly certified copy thereof, shall be as competent evidence in the cause in which it shall be taken as if such witness had been examined in open court, on the hearing or trial thereof, proof being first made to the satisfaction of the court that such witness resides, or is out of this state, or is dead, or by reason of age, sickness, or bodily infirmity is unable to attend the said court, and if the testimony be taken under the forty-fifth section of this act, proof being made that notice of the taking thereof was given as therein prescribed.

52. Any deposition or examination taken under this act shall be subject to be excluded or overruled, wholly or in part, according to the opinion of the court, upon any objec-
tion taken to the competency of the witness, the materiality or competency of the evidence given, or the regularity of the questions put; but shall not be excluded for any irregularity or informality in taking or returning the same, if the court in which the same is offered shall be satisfied that the testimony of the witness has been fairly and truly taken and returned; and if such deposition or examination shall be admitted in evidence by the court, no exception shall be taken to the admission thereof, on the ground of any irregularity or informality in taking or returning the same.

53. The party requiring such examination or deposition shall be at the sole expense thereof, and shall not have any allowance for the same in the taxation of costs.

54. The parties to the action shall, at their respective costs and charges, be entitled to copies of such deposition, as soon as the same is filed in the clerk's office.

55. The taking out of a commission for the examination of witnesses shall not be a stay of proceedings in the action.

56. Wherever it is provided in this act that a transcript of testimony taken de bene esse or by consent shall be made, such transcript may be made upon a typewriter.

DEPOSITIONS BY CONSENT.

57. 22. Every justice of the supreme court and every judge of the inferior court of common pleas who shall commit a girl to said home shall state in the warrant the place in which the girl resided at the time of her arrest, and her age as near as can be ascertained; and such statement, for the purpose of this act shall be conclusive evidence of her residence and age; in the warrant the justice or judge shall also state the nature of the complaint against the girl, together with such other particulars concerning the girl as the justice or judge is able to ascertain.

23. The trustees of said home may decline to receive a girl committed to said home by a warrant which does not state the place of residence of the girl at the time of her arrest, her age as near as can be ascertained, and the nature of the complaint against her.

24. When the trustees shall become satisfied that any girl committed to the home is unfitted by physical weakness or disease or mental imbecility for the instruction, discipline and care of the institution, they may release her under such conditions as they may deem necessary to promote her welfare.

25. Every girl committed to the said home shall be personally liable for her own maintenance and all necessary expenses incurred therein on her behalf; and the parent, guardian or relative, who would have been bound by law to
provide for and support her if she had not been sent to the said home, shall be liable to pay for such maintenance and necessary expenses, and, if the trustees shall so order, the same may be sued for and recovered in the name of the superintendent of said home in any court having cognizance thereof; provided, the trustees may in their discretion remit such liability or any part thereof; provided, also, all moneys so received or collected shall be paid into the state treasury.

26. Every girl committed to said home shall be there kept and governed according to the provisions of this act until she arrives at the age of twenty-one, unless she is bound out, paroled or discharged as reformed, or otherwise legally discharged; the discharge of a girl as reformed, or her arriving at the age of twenty-one years, shall be a full release from all the penalties, liabilities and disabilities created or incurred by her commitment to said home, and no girl who has been discharged from said home as reformed, or by reason of her arriving at the age of twenty-one years, shall thereafter be prosecuted or punished for any crime with which she was charged at the time of her commitment to said home.

27. When a girl under the age of sixteen years shall be arrested upon complaint of any crime (excepting murder or manslaughter), or of being habitually vagrant, or habitually truant, it shall be lawful for the magistrate before whom she shall be taken, after examination, if in his judgment said girl is a fit subject for the said home, to commit her to the jail of the county or city where the charge shall be made, and forthwith to certify and send a copy of the complaint and commitment to a justice of the supreme court or a judge of the inferior court of common pleas; provided, that no girl under the age of ten years shall for any cause under any of the provisions of this act be committed to said home.

28. The said justice or judge, upon receiving said copies of the complaint and commitment, or upon his own information of such complaint or commitment, shall and may issue a warrant to a sheriff, constable or other officer to bring said girl before him, and also an order to the parent or guardian of said girl, or such person as may have her in
charge, or with whom she has last resided, or one known to be nearly related to her, or if she be alone and friendless, then to such person as said justice or judge may appoint to act as guardian ad litem, requiring him or her to appear at a time and place stated in said order, to show cause why said girl should not be committed to the said home for reformation and instruction, and in the meantime such justice or judge shall make such disposition of said girl as to him shall seem best.

29. The said order shall be served by the sheriff, a constable or police officer, by delivering a copy thereof personally to the party to whom it is addressed, or leaving it with some person of full age at the place of residence or business of said party, and immediate return shall be made to said justice or judge under oath of the time and manner of such service.

30. At the time and place mentioned in said order, or the time and place to which the hearing may be adjourned, if the parent or guardian to whom said order may be addressed shall appear, then, in his or her presence, or if he or she shall fail to appear, then, in the presence of some suitable person whom the said justice or judge shall appoint as guardian ad litem, it shall and may be lawful for said justice or judge to proceed to take the voluntary examination of said girl, and to hear the statements of the party appearing for her, and such testimony in relation to the case as may be produced, and if upon such examination and hearing the said justice or judge shall be satisfied that the girl has committed a crime, or is habitually vagrant, or habitually truant, and is a fit subject for the said home, he may commit her to said home by warrant as herein provided.

31. If the justice or judge aforesaid is of the opinion the girl is not a fit subject for the home he shall discharge her, unless she is charged with a crime, in which case he shall remand her to the custody of the keeper of the jail of the county or city, to be dealt with according to law; but in case said girl shall be subsequently convicted on said charge of crime, said justice or judge may in his discretion commit said girl to said home under the provisions of the twentieth section of this act.

33. Whenever a complaint charging a girl under the age of sixteen years with crime shall come before the grand jury of any county, or an allegation of crime shall be made against such a girl in the court of special sessions, it shall be the duty of the prosecutor of the pleas of such county to examine into the condition and circumstances of such girl, and if in his judgment she is a fit subject for said home, he shall, before an indictment is found or a trial had in said court of special sessions, certify the facts to the justice of the supreme court, or the judge of the inferior court of common pleas, with such recommendation as to him shall seem proper, and thereupon said justice or judge may, in his discretion, upon like procedure as in cases where a copy of a complaint and commitment is sent him by a magistrate, if in his judgment said girl is a fit subject for said home, commit her thereto by warrant as in other cases, and in such case no indictment shall be found or other proceedings taken against said girl, except as herein otherwise provided.

For making copies of a complaint and commitment under section thirty-two every magistrate shall be entitled to the same fees as are allowed by law for the original complaint and commitment; all officers serving process under this act shall be entitled to the same fees, which shall be paid in the same manner as for like services in criminal cases; the sheriff, constable or officer executing a warrant committing a girl to the said home shall be entitled to a fee of five dollars, besides the necessary traveling expenses for himself and girl, to be taxed by said justice or judge; and other fees shall be the same as are allowed for similar services in the court of quarter sessions, all of which fees shall be paid as in criminal causes in the county where such services are rendered.

THANKSGIVING PROCLAMATION.

STATE OF NEW JERSEY,

EXECUTIVE DEPARTMENT.

The practice of setting aside one day for public thanksgiving and praise has long been observed, ever bringing with it memories of home and of the friends who from year to year have gathered there. Once more sufficient warrant is found for following the time-honored custom.

Through the varying changes of the closing year, Divine favor has still attended us. As individuals, and as a nation, we have renewed cause for rejoicing and thanksgiving. We have been free from pestilence. Few have known the ills and stress of pinching poverty. We have been secure in our liberty, in our rights, civil and religious, and in the enjoyment of the fruits of our toil. From no one has opportunity been withheld. Honest industry has found fruitful reward. Creature comforts are widely shared. Peace and concord reign, and, as never before, prosperity and plenty prevail.

For these, and innumerable other blessings, we should, as a grateful people, give praise to God, the Ruler of Nations and the Giver of every perfect gift. In recognition of that duty and in accordance with established usage and law, I, FOSTER M. VOORHEES, Governor of the State of New Jersey, do therefore and hereby designate Thursday, the thirtieth day of November, instant, as a day for public thanksgiving.
and praise, and do recommend to the people of this State that they then abstain as far as possible from their usual labor and assemble in their homes and places of religious worship, there to acknowledge and return thanks to Almighty God for His goodness and mercy, and to invoke His continued favor in behalf of our Nation, our State and its people.

Given under my hand and privy seal, at the Executive Chambers in the city of Trenton, on the sixth day of November, in the year of our Lord one thousand eight hundred and ninety-nine, and of the independence of the United States the one hundred and twenty-fourth.

FOSTER M. VOORHEES,
Governor.

Attest:
HOBART TUTTLE,
Private Secretary.

PROCLAMATION.

STATE OF NEW JERSEY,}
EXECUTIVE DEPARTMENT.}

WHEREAS, The Legislature of the State of New Jersey, by joint resolution approved February 25th, 1884, did authorize the Governor to designate a day in the month of April in each year for the planting of forest trees;

Now, therefore, I, FOSTER M. VOORHEES, Governor of the State of New Jersey, do hereby set apart Friday, the 27th day of April, 1900, as Arbor Day, and do recommend that that day be devoted by the people to the planting of forest trees and to appropriate exercises in the schools of the State.

In testimony whereof I have hereunto set my hand and caused the seal of the State to be affixed, at Trenton, this 6th day of April, 1900.

FOSTER M. VOORHEES,
Governor.

By the Governor:
GEORGE WURTS,
Secretary of State.

New Jersey State Library
PROCLAMATION.

WHEREAS, the Comptroller did, on the second day of May, one thousand nine hundred, under the provisions of an act entitled "A further supplement to an act entitled 'An act to provide for the imposition of state taxes upon certain corporations and for the collection thereof, approved April eighteenth, one thousand eight hundred and ninety-four,' which supplement was approved April twenty-first, one thousand eight hundred and ninety-six," report to the Governor a list of all corporations coming within said act; and,

WHEREAS, the following-named corporations reported have for two years next preceding such report, failed neglected or refused to pay the State taxes which have been assessed against them for the year one thousand eight hundred and ninety-seven, under the laws of the State of New Jersey and made payable into the State Treasury; and,

WHEREAS, under the provisions of said act the charters of said corporations are made void and all powers conferred by law upon such corporations declared inoperative and void unless the Governor gives further time for payment; and,

WHEREAS, the Governor has not given further time to the corporations so reported and hereinafter named for the payment of such taxes, and the same are still unpaid;

Therefore, I, Foster M. Voorhees, Governor of the State of New Jersey, in pursuance of said act of the legislature, do hereby issue this proclamation under said act, that the charters of the following-named corporations so reported and in default, to wit:
