TO: Honorable Members of the New Jersey State Legislature

FROM: Robert A. Briant, Jr., Vice Chairman of the Board, New Jersey Infrastructure Bank

SUBJECT: State Fiscal Year 2020 Third Amended Interim Environmental Financing Program Project Priority List for Short-Term Funding in the New Jersey Environmental Infrastructure Financing Program

Overview – The New Jersey Infrastructure Bank (the “I-Bank”) is pleased to present to the New Jersey State Legislature, an amended Project Priority List (“PPL”) for the New Jersey Environmental Infrastructure Financing Program (“NJEIFP” or “NJ Water Bank”). The I-Bank’s Enabling Act, P.L. 1985, C. 334, as amended (“Enabling Act”) authorizes the I-Bank to amend the Priority List four times during the fiscal year. The PPL for State Fiscal Year (“SFY”) 2020 was originally submitted to the Legislature in January 2019. The First and Second Amended Project Priority Lists were submitted to the Legislature on July 26, 2019 and October 11, 2019 respectively. This submission serves as the third such amendment.

This third amended PPL consists of 484 projects at a total estimated cost of \$4.90 billion. This list includes twenty-two (22) additional projects for which applications were received since the previously amended PPL in October 2019.

Background – Since issuing the first loan in 1987, the I-Bank has partnered with the Department of Environmental Protection (“DEP”) to jointly fund and manage the New Jersey Water Bank, which provides efficient, low-cost financing for environmental infrastructure projects. The Water Bank leverages Federal and State Revolving Funds (“SRF”), offered at a zero-percent interest, with funds provided by the I-Bank, sourced through publicly issued AAA rated bonds. This structure enables the Program to provide the lowest possible interest rate loans to constituent water systems for the construction and long-term funding of environmental infrastructure projects.

Short-Term Loan Priority List – As a partner in the NJEIFP, the I-Bank issues short-term loans to facilitate the engineering design and construction processes. The I-Bank’s Enabling Act requires that any project receiving short-term financing must be included on the interim financing PPL submitted to the Legislature and must be sponsored by an eligible borrower.

Project List – As is customary, the SFY2020 Priority List is presented as two project lists:

- Appendix A - Clean Water projects, and
- Appendix B - Drinking Water projects.

The Appendices present the list of projects both in alphabetical order and in prioritization rank order pursuant to the Water Bank's project prioritization methodology (the prioritization methodology established by the DEP Commissioner is the means by which limited financing program funds are distributed among eligible projects).

The detailed ranking methodologies for Clean Water and Drinking Water Projects were set forth in the NJEIFP's Federal FY2019 CW/DW Intended Use Plan and the SFY2020 January Report submitted by the DEP. It is available at:

<https://www.njib.gov/nj/Water+Bank+Program+Publications.26>.
