CHAPTER 126

AN ACT concerning genetic testing and privacy and medical underwriting, amending N.J.S.17B:30-12, amending and supplementing P.L.1945, c.169 and supplementing Titles 17 and 26 of the Revised Statutes and Title 17B of the New Jersey Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

C.10:5-43 Short title.

1. Sections 1 through 10 of this act shall be known and may be cited as the "Genetic Privacy Act."

C.10:5-44 Findings, declarations relative to genetic information.

2. The Legislature finds and declares:

a. The DNA molecule contains information about an individual's probable medical future. This information is written in a code that is rapidly being broken.

b. Genetic information is personal information that should not be collected, retained or disclosed without the individual's authorization.

c. The improper collection, retention or disclosure of genetic information can lead to significant harm to the individual, including stigmatization and discrimination in areas such as employment, education, health care and insurance.

d. An analysis of an individual's DNA provides information not only about an individual, but also about the individual's parents, siblings and children, thereby impacting family privacy, including reproductive decisions.

e. Current legal protections for medical information, tissue samples and DNA samples are inadequate to protect genetic privacy.

f. Laws for the collection, storage and use of identifiable DNA samples and private genetic information obtained from those samples are needed both to protect individual privacy and to permit legitimate genetic research.

g. Progress in mapping the genes that cause breast cancer and other diseases has far outpaced the development of a legal and ethical context in which genetic information can be properly evaluated.

h. Effective tests to determine the presence of genes that cause breast cancer and other diseases carry with them the devastating potential for discrimination against carriers of these genes.

3. N.J.S.17B:30-12 is amended to read as follows:

Discrimination prohibited; terms defined.

a. No person shall discriminate against any person or group of persons because of race, creed, color, national origin or ancestry of such person or group of persons in the issuance, withholding, extension or renewal of any policy of life or health insurance or annuity or in the fixing of the rates, terms or conditions therefor, or in the issuance or acceptance of any application therefor.

b. No person shall use any form of policy of life or health insurance or contract of annuity which expresses, directly or indirectly, any limitation, or

discrimination as to race, creed, color, national origin or ancestry or any intent to make any such limitation or discrimination.

c. No person shall make or permit any unfair discrimination between individuals of the same class and equal expectation of life in the rates charged for any policy of life insurance or contract of annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of such policy of life insurance or contract of annuity.

d. No person shall make or permit any unfair discrimination between individuals of the same class and of essentially the same hazard in the amount of premium, policy fees, or rates charged for any policy or contract of health insurance or in the benefits payable thereunder, or in any of the terms or conditions of such policy or contract, or in any other manner whatever.

e. (1) No person shall discriminate against any individual on the basis of genetic information or the refusal to submit to a genetic test or make available the results of a genetic test to the person in the issuance, withholding, extension or renewal of any hospital confinement or other supplemental limited benefit insurance, as defined by regulation of the commissioner, or in the fixing of the rates, terms or conditions therefor, or in the issuance or acceptance of any application therefor.

(2) As used in this subsection and subsection f. of this section:

"Genetic characteristic" means any inherited gene or chromosome, or alteration thereof, that is scientifically or medically believed to predispose an individual to a disease, disorder or syndrome, or to be associated with a statistically significant increased risk of development of a disease, disorder or syndrome.

"Genetic information" means the information about genes, gene products or inherited characteristics that may derive from an individual or family member.

"Genetic test" means a test for determining the presence or absence of an inherited genetic characteristic in an individual, including tests of nucleic acids such as DNA, RNA and mitochondrial DNA, chromosomes or proteins in order to identify a predisposing genetic characteristic.

f. No person shall make or permit any unfair discrimination against an individual in the application of the results of a genetic test or genetic information in the issuance, withholding, extension or renewal of a policy of life insurance, including credit life insurance, an annuity, disability income insurance contract or credit accident insurance coverage. If the commissioner has reason to believe that such unfair discrimination has occurred, including that application of the results of a genetic test is not reasonably related to anticipated claim experience, and that a proceeding by the commissioner would be in the interest of the public, the commissioner shall,

in accordance with the provisions of N.J.S.17B:30-1 et seq., issue and serve upon the insurer a statement of the charges. Upon a determination that the practice or act of the insurer is in conflict with the provisions of this subsection, the commissioner shall issue an order requiring the insurer to cease and desist from engaging in the practice or act and may order payment of a penalty consistent with the provisions of N.J.S.17B:30-1 et seq.

If, in the issuance, withholding, extension or renewal of any policy of life insurance, including credit life insurance, an annuity, disability income insurance contract or credit accident insurance coverage, an insurer will use the results of a genetic test in compliance with this subsection, the insurer shall notify the individual who is the subject of the genetic test that such a test shall be required and shall obtain the individual's written informed consent for the test prior to the administration of the test, in accordance with the requirements of P.L.1985, c.179 (C.17:23A-1 et seq.). The insurer shall also provide that the physician or other health care professional designated by the individual shall promptly receive a copy of the results of the test and, if required, an interpretation of the test results by a qualified professional, and that the individual shall state in writing whether the individual elects to be informed of the results of the test.

g. Nothing contained in this section shall be construed to require any agent or company to take or receive the application for insurance or annuity of any person or to issue a policy of insurance or contract of annuity to any person.
