

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Substantially amended section.

**7:25-14.5 Noncommercial licenses for crab pot/trot lines and crab dredges**

(a) No individual shall take or attempt to take crabs by means of crab pots, trot lines or crab dredges without having in his or her possession a valid license issued by the Division.

1. The Division will issue a noncommercial crab pot/trot line license for no more than two crab pots or two trot lines. Trot lines shall not exceed 150 feet in length with a maximum of 25 baits attached. Pots and trot lines shall be marked with the licenses number. There is no fee for this noncommercial license. All licenses shall expire on December 31 of the calendar year for which they were issued.

2. The Division shall issue a noncommercial crab dredge license subject to the following provisions:

NEW JERSEY STATE LIBRARY

- i. The number of dredges on any one vessel shall not exceed two;
- ii. The maximum weight of each dredge shall be 80 pounds;
- iii. The maximum length of the tooth bar shall be 38 inches;
- iv. The maximum length of teeth shall be three inches;
- v. The maximum space between teeth shall be three inches, measured at the base;
- vi. Mechanical dredge haulers are prohibited;
- vii. No person shall catch, take or attempt to catch or take crabs by means of a crab dredge except during the times and seasons set forth in N.J.A.C. 7:25-14.7(d) and (e);
- viii. All organisms other than crabs taken by crab dredge shall be immediately returned to the water; and
- ix. There is a fee of \$15.00 for this noncommercial license.

3. Crabs taken under provisions of a noncommercial license may not be sold or used for barter. The maximum harvest and/or possession of crabs for the noncommercial crabber is one bushel per day per person.

Amended by R.1994 d.152, effective March 21, 1994.  
 See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).  
 Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).  
 See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).  
 Applied section to crab dredges; recodified (a)2 as (a)3; and inserted new (a)2.

#### 7:25-14.6 Placement and marking of pots and trot lines

(a) Each crab pot shall be clearly and visibly marked with a buoy, stake or permanent identification tag bearing the license number of the owner. All crab pot buoys shall be marked with fluorescent or reflective paint, tape or other reflective material or reflectors. Floating line shall not be used on any crab pot or crab pot buoys.

(b) Each trot line shall be marked at both ends with a clearly visible stake or buoy. No trot line shall be set within 100 feet of another trot line.

(c) No pot shall be placed in a creek, ditch or tributary less than 50 feet wide at mean low water unless approved by the Division. No pot or trot line shall be placed in any man-made lagoon or in any marked or charted channel except noncommercially licensed pots fastened to a pier or other shore connected structure by a line no larger than twice the depth of the water at that point. Any pot placed in any body of water less than 150 feet wide from shoreline to shoreline at mean low water or in any man-made lagoon shall contain terrapin excluder devices pursuant to N.J.A.C. 7:25-14.1.

(d) No pot or trot line shall be placed in areas designated by the Division after consultation with the Shellfisheries Council and the Marine Fisheries Council, as off limits for the catching of crabs by means of pots or trot lines, except noncommercially licensed pots fastened to a pier or other shore connected structure by a line no longer than twice the depth of the water at that point.

(e) At no time shall any pot or trot line be placed to obstruct or impede navigation.

Amended by R.1985 d.560, effective November 4, 1985.

See: 17 N.J.R. 1830(a), 17 N.J.R. 2608(a).

"Stake" substituted for "state".

Amended by R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Petition for Rulemaking.

See: 27 N.J.R. 944(b), 27 N.J.R. 1478(c).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Recodified (a)2 as (a)3 and inserted new (a)2; and in (c), added provision relating to terrapin excluder devices.

#### 7:25-14.7 Use of crab dredges

(a) An individual shall not catch or take crabs by dredges without having his or her valid crab dredge license in his or her possession. A Delaware Bay commercial crab dredge licensee may authorize an agent to operate a crab dredge vessel if the agent is in possession of the said licensee's license and a letter of authorization from said licensee, issued and notarized by the Division, indicating the license number and vessel registration number of the vessel that the agent is authorized to operate.

1. No boat shall have more than four dredges working at the same time, except in Delaware Bay where no boat shall have more than two dredges working at the same time.

2. The maximum length of each tooth bar shall be 75 inches north of Route 36 (Highlands Bridge) and in the Atlantic Ocean, but if two or fewer dredges are in possession north of Route 36 (Highlands Bridge) or in the Atlantic Ocean then the maximum length of each tooth bar shall be 96 inches. The maximum length of each tooth bar shall be 54 inches in Delaware Bay, but if no more than one dredge is in possession in Delaware Bay then the maximum length of each tooth bar shall be 96 inches. The maximum length of the tooth bar in all other crab dredge areas shall be 38 inches.

3. The maximum weight of each dredge shall be 400 pounds north of Route 36 (Highlands Bridge) and in the Atlantic Ocean, but if two or fewer dredges are in possession north of Route 36 (Highlands Bridge) or in the Atlantic Ocean then the maximum weight of each dredge shall be 500 pounds. There is no weight limit for dredges used in Delaware Bay. The maximum weight of each dredge in all other crab dredge areas shall be 80 pounds. All weights refer to the weight of the dredge and collecting bag.

4. The maximum length of teeth shall be six inches north of Route 36 (Highlands Bridge), the Delaware Bay and in the Atlantic Ocean and three inches in all other crab dredge areas.

5. Shellfish harvested from Delaware Bay Areas 2 and 3 may be retained as provided under N.J.S.A. 50:3-16.13 and N.J.S.A. 50:3-16.20. Simultaneous possession of shellfish and a dredge larger than specified in N.J.S.A. 50:3-16.20 shall be prima facie evidence of a violation of this section.

6. The minimum space between teeth shall be three inches in all crab dredge areas, measured at the base.

7. A toothless bar shall be allowed in place of a tooth bar in all waters, provided each toothless bar is no greater in length than the tooth bar lengths, specified at (a)2 above.

8. Chains shall be allowed in place of a tooth bar or toothless bar in all waters provided that the width of each dredge opening or mouth and the distance between the chain attachment points on the dredge are no greater in width than the tooth bar lengths specified at (a)2 above.

9. The collecting bag of a dredge, if material, shall have mesh not less than two inches bar measure or four inches stretched measure; if wire, shall not be less than two inches bar mesh (inside measurement) or two and one-half inches inside diameter if circular; if metal, the O-rings shall not be less than two inches in diameter and shall be connected with no more than six "S" hooks that measure not less than two inches in length as measured to the inside of the "S" configuration.

10. Each dredge shall be independently and separately attached to a vessel by a single cable or tow line; except that two dredges can be towed by a single line in the Atlantic Ocean, Delaware Bay and north of Route 36 (Highlands Bridge) provided that the dredges are not solidly attached to each other in any way and are fastened to the tow line by a bridle that allows the dredges to act independently of each other.

(b) No person shall catch, take, or attempt to take crabs by dredge from any area except the "crab dredge area" as defined in the definitions section. No person shall dredge or attempt to dredge crabs on any marked leased shellfish grounds, except for a lessee on his or her leased shellfish grounds in Delaware Bay. A lessee may authorize an agent to dredge crabs on his or her leased shellfish grounds in Delaware Bay if the agent is in possession of the said lessee's license(s) and a letter of authorization from said lessee issued and notarized by the Division, indicating the license number(s) and vessel registration number of the vessel that the agent is authorized to operate. No person shall dredge or attempt to dredge crabs within 50 yards of any marked leased shellfish grounds.

(c) Any clams, oysters, scallops, mussels, other bivalve mollusks, or finfish, which may be caught incidentally to the catching of crabs by dredge, shall be redeposited immediately in the water from which such clams, oysters, scallops, mussels, other bivalve mollusks, or finfish are caught. No person, while engaged in the catching and taking of crabs by dredge, shall have in his or her boat or possession any clams, oysters, scallops, mussels, other bivalve mollusks, or finfish obtained from any source, except as provided under N.J.S.A. 50:3-16.13. Conchs may be retained in the crab dredge fishery as a by-catch only. The possession of bivalve mollusks or finfish, dredges and crabs simultaneously in the boat of any person shall constitute prima facie evidence of the violation of this section.

(d) No person shall catch, take or attempt to catch or take crabs by means of a crab dredge except from one-half hour after sunrise to one-half hour before sunset from November 15 through April 15 in Delaware Bay; and from December 1 through March 31 in all other waters.

(e) No person shall catch, take or attempt to catch or take crabs by means of a crab dredge at any time on Sunday except north of Route 36 (Highlands Bridge), in Delaware Bay, or in the Atlantic Ocean.

New Rule, R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

Amended by R.1996 d.587, effective December 16, 1996 (operative January 1, 1997).

See: 28 N.J.R. 3998(a), 28 N.J.R. 5231(a).

Inserted references to Delaware Bay; inserted (a)5; and recodified former (a)5 through (a)8 as (a)6 through (a)9.

Amended by R.1998 d.40, effective January 5, 1998.

See: 29 N.J.R. 4595(a), 30 N.J.R. 226(a).

Inserted (a)8 and recodified (a)8 and 9 as 9 and 10.

#### 7:25-14.8 Landing crabs

All crabs harvested commercially in State waters shall be landed in this State.

New Rule, R.1994 d.152, effective March 21, 1994.

See: 25 N.J.R. 4831(a), 26 N.J.R. 1337(b).

#### 7:25-14.9 Female crabs with eggs attached

No person shall take from any of the waters of this State, or have in his possession any female crustacean, commonly known as crab, with eggs or spawn attached thereto, or from which the egg pouch or bunion has been removed.

#### 7:25-14.10 Size of crabs taken

(a) No person shall take from any tidal waters of this State or have in his or her possession any peeler or shedder blue crab measuring less than three inches across the back from the tip of the longest lateral spine to the other or a soft blue crab measuring less than three and one-half inches across the back from the tip of the longest lateral spine to the other, or hard blue crab measuring less than four and one-half inches across the back from tip to tip of spike.
